DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Outline of Field Survey

Community Chest

1st, Aim:

(1) Survey on the use status of community chest sums distributed for the fiscal year 1948-49.

(2) Survey on the application for the amounts of community chest sums distributed for the fiscal year 1949-50.

(3) Observation for the actual status of organizations desiring the allocation.

(4) Other gvidance.

2nd, Outline of Survey:

1. Entry on Survey Card;

a. Following the order entrying on the survey card the survey shall be carried out, the mistake shall be corrected, and the necessary matters and the reference matters shall be also written in.

b. The matters regarding with the community chest sums distributed at first, shall be entried on the survey card in details and the other matters are not necessarily needed to be written minutely.

2. Survey on the use status of community chest sums distributed for the fiscal year 1948-49;

(1) Whether the sums distributed is correctly sumed up to the budget for the fiscal year 1949-50, the ordinary expenses, the temporary expenses, and the expenses for lunch are not appropriated except the designation items or not.

(2) Whether the sums distributed is spent within the fiscal year 1948-49 or not.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

As for the use of temporary expenses it may be conserted with the use within the fiscal year 1948-49. In this case the document authorized by the Committee must be in existence.

(3) The money left over of community chest sums distributed as of the day on which the survey is carried out and its way of custody.

3. Survey on the application for the amounts of community chest sums distributed for the fiscal year 1949-50;

The survey shall be mainly carried out as to the estimate budget for the fiscal year 1950-51, and the unproper items and other reference matters shall be noted.

The individual opinion of investigator shall be stated in the blank space or the attached sheet and be must not correct the sums.

(1) Whether the application for the Community Chest sums distributed is corresponded with the estimate amounts of community chest sums distributed in the income and the disbursement or not.

(2) Survey on the nature of donation or subsidies.

(3) Whether the income in compliance with the law is correctly sumed up or not.

(4) Whether there is the budget estimated in excess or in less, or not.

(5) Whether there is the imcreasing in the budget overestimated the raising of commodity price or not. It is estimated that such a budget shall not be approved by the Committee.

(6) Both the number of officials and the number of persons accomodated shall be based on the present number, and it is prearranged that the extension program overestimating the community chest sums distributed shall not be considered,

SUGGESTIONS FOR THE COMMUNITY CHEST AND RED CROSS ORGANIZATION

24 July '48

Deciding the Goal

The amount to be raised for the Community Chest and for the Japanese Red Cross Society will respectively be carefully assessed, and to these will be added the expense necessary for the campaign management. The total of these three will be considered as the goal of the campaign. The total and the amount to be raised for each party will be indicated to the people.

As an example, if the amount to be raised is: for the Community Chest ¥7,000,000, for the Red Cross ¥3,000,000 and for management ¥1,000,000 the total of ¥11,000,000 will be the goal.

Publicity

When a goal is decided the basis of calculation of the goal will be clearly indicated and publicized so that the people will trust in the cause and support the campaign.

For publicity purposes the names Community Chest and Red Cross as well as the purposes of both will appear on the same poster in so far as is possible, while separate publicity is not forbidden covering routine activities. The same method should be employed, double showing of the names, on all collection boxes.

Method of distribution of the fund raised.

In the first place, the management expense will be subtracted from the total amount collected. A careful study should be made to obtain an accurate budget of expenses. Only the most necessary items should be included as expenses. The remainder will be divided for the Community Chest and the Red Cross through the fund raising secretariats according to the ratio of the respective goals.

Taking the aforementioned case where the goal was ¥11,000,000, let us assume that a total of ¥12,000,000 was raised. Subtracting management expense, the remainder will be:

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

"TIME should appeal to every man and woman who has the slightest interest in the world and its affairs." So wrote the two young editors of TIME a quarter of a century ago.

Today TIME's original 12,000 readers have grown to more than 3,000,000; its editors from two to 54; its news-service from nothing to 28 News Bureaus, correspondents in every major news-center, plus the world network of the Associated Press. Its researchers have grown from two to 48, its reference files from a few clippings to over 250,000 folders, its cost per printed word from 2¢ to more than $1.

Yet TIME's editors still work nights at their desks, fitting the news together, sifting out rumors and guesses -- trying to tell the really important and interesting news of the week just as accurately, clearly, briefly and memorably as it is possible for experienced, knowledgeable journalists to tell it.

* * *

I hope you will be reading TIME 25 years from now -- and that you will still be finding its service invaluable in helping you think and understand and talk about the news with confidence.

But your subscription is up for renewal now.

So I hope you will tell me to keep TIME on its weekly way to you, without interruption -- by signing the enclosed card and mailing it back to me, please, today.

Cordially,

F D Pratt

CIRCULATION DIRECTOR

FP-F

P.S. I can still offer you the special Military Rate that brings you 52 full weeks of TIME for only $8.50 -- saves you up to $6.50 on your subscription -- for civilians overseas now pay as much as $15 a year for TIME's special International Editions.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

¥12,000,000 - ¥1,000,000 = ¥11,000,000

Pro rata division of this amount will be respectively:

Community Chest ¥11,000,000 x $\frac{7}{10}$ = ¥7,700,000

Red Cross ¥11,000,000 x $\frac{3}{10}$ = ¥3,300,000

The same pro rata division will apply in all cases when the amount collected goes over the goal or when it falls short of the goal.

A careful investigation and survey should be made of all institutions to be included in the list of Community Chest recipients.

A permanent Committee should be chosen from a list of prominent people by a representation of the public and should not be connected with the government in any way.

Members of the Community Chest or Red Cross should not undertake any drive of their own. Association with these two agencies precludes other separate campaigns.

Accounting for the funds should be handled by an experienced person and expenses should be approved by a committee, rather than an individual.

July 6, 1948

Dear Subscriber:

This year, TIME, The Weekly Newsmagazine, is celebrating its 25th birthday.

And so -- harking back to the way we first launched TIME 25 years ago -- I thought you might like to take a quick look with us at some of our correspondence of the last quarter century.

* * *

When TIME was born, way back in 1923, its two young editors wrote a letter to Mr. Newton D. Baker, Mr. Dwight Morrow, Mr. Bernard Baruch, Mr. Franklin D. Roosevelt and about 3,996 others ...

Just as I am writing to you.

They were quick to hear praise of TIME from these charter subscribers. Newton D. Baker wrote that he "read every issue." F.D.R., then just the Squire of Hyde Park, wrote: "I feel certain TIME will grow in popularity. It is interesting all the way through."

Since then, TIME has continued to receive plaudits (and occasional criticism) from men and women all over America.

Columnist Walter Lippmann says: "I always read TIME. It contains more information on more subjects than any other publication." Pulitzer Prize Winner Marjorie Kinnan Rawlings writes: "TIME is so well-written much of it becomes literature." (But a reader in Topeka recently complained that TIME uses too many uncommon or newly-coined words.)

Today, more than 1,500,000 copies of TIME are helping to keep Americans confidently well-informed.

* * *

"Because it presents the facts busy, intelligent Americans need to know ... because it organizes the news to get these facts off its pages and into the heads of its readers ... because its style is brief, clear, interesting ...

H E A D Q U A R T E R S
IWATE MILITARY GOVERNMENT TEAM
APO 468 Unit 3

29 October 1948

SUBJECT: Report on Disposition of Accused

TO : Commanding General
IX Corps
APO 309
(Attn: Judge Advocate General)

1. On or about the 24th day of September 1948, Mr. Walker, James R., Water Tender, (British-Australian Nationality) and Mr. Stanberry, Edward S., Messman, (English Nationality), faild to regain their ship, the S.S. William Coddington before it sailed from Kamaishi Port, Honshu, Japan.

2. They were apprehended by an officer of Iwate Military Government Team and subsequently turned over to the Provost Marshal, 511th Parachute Infantry Regiment, Hachinohe, Honshu, Japan. They remained in protective custody until the 24th of October 1948, when they were brought to Iwate Military Government Team Headquarters at Morioka, Honshu, Japan, for trial by Special Provost Court.

3. Charges were served on the accused on the 20th of October 1948. They were charged with violation of GHQ-SCAP Cir. #19, dated 23 June 1948. The specification was: In that (name of the accused in each case) did, on or about 24 October 1948, at Kamaishi, Japan, remain illegally in Japan by negligently and willfully failing to regain his ship, the S.S. William Coddington, prior to its departure from that port.

4. The trial at Morioka was set for 25 October 1948. The morning of the 25th, it was discovered that the nationality of one of the accused was British and the other was not clear, due to the filing of citizenship papers.

5. Arrangements were made to send the accused to the Provost Marshal, BCOF, Tokyo. No restraint was placed upon the accused other than they were accompanied by an armed guard.

6. The accused were turned over to the BCOF Provost Marshal on the 26 October 1948, together with the available documents. A receipt for the accused and documents was obtained, a certified, true copy of which is enclosed.

RUSSELL G. REHKOP
Lt Col., CAC
Local Occupation Force Court Authority

HEADQUARTERS
IWATE MILITARY GOVERNMENT TEAM
APO 468 Unit 3

29 October 1948

SUBJECT: Report on Disposition of Accused

TO : Commanding General
IX Corps
APO 309
(Attn: Judge Advocate General)

1. On or about the 24th day of September 1948, Mr. Walker, James R., Water Tender, (British-Australian Nationality) and Mr, Stanberry, Edward S., Messman, (English Nationality), failed to regain their ship, the S.S. William Coddington before it sailed from Kamaishi Port, Honshu, Japan.

2. They were apprehended by an officer of Iwate Military Government Team and subsequently turned over to the Provost Marshal, 511th Parachute Infantry Regiment, Hachinohe, Honshu, Japan. They remained in protective custody until the 24th of October 1948, when they were brought to Iwate Military Government Team Headquarters at Morioka, Honshu, Japan, for trial by Special Provost Court.

3. Charges were served on the accused on the 20th of October 1948. They were charged with violation of GHQ-SCAP Cir. #19, dated 23 June 1948. The specification was: In that (name of the accused in each case) did, on or about 24 October 1948, at Kamaishi, Japan, remain illegally in Japan by negligently and willfully failing to regain his ship, the S.S. William Coddington, prior to its departure from that port.

4. The trial at Morioka was set for 25 October 1948. The morning of the 25th, it was discovered that the nationality of one of the accused was British and the other was not clear, due to the filing of citizenship papers.

5. Arrangements were made to send the accused to the Provost Marshal, BCOF, Tokyo. No restraint was placed upon the accused other than they were accompanied by an armed guard.

6. The accused were turned over to the BCOF Provost Marshal on the 26 October 1948, together with the available documents. A receipt for the accused and documents was obtained, a certified, true copy of which is enclosed.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Petition on community chest campaign by Japanese Red Cross

The goal of money collection - - - - - Y.17,000,000

The sum of money collected by 25 Oct. - - - Y.3,200,000
(19% of the goal)

The community chest campaign will come to a close by the end of October, though. The result in this prefecture is so poor as above-mentioned. It's worse than other prefectures.

How about the bad result? The campaign is one to build up a bright society. But the result is so bad. Is it all right?

People of this prefecture, please co-operate us in filling the goal within the fixed term. Those who could not get money to contribute will still be welcomed by 14 November. We ask every household to contribute money soon as possible.

Iwate Ken Social Enterprise Community Chest Commission.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

BROADCASTING AND NEWSPAPER

27 October 1948

Community Chest must pay in full end of October,but it was only collect 3,200,000 yen (19%) for goal 17,000,000 yen, and it is under record in all Japan.

All of Iwate prefecture people! Please help and must pay in full end of October. Now, under of Prefecture record is following.

JUNE 25, 1948

Agreement between
The Central Committee, Community Chest
and
the Japanese Red Cross Society

WE agree that in the fiscal year 1948-49, the Community Chest and Japanese Red Cross will conduct a joint campaign for fund raising with harmony and cooperation while the intrinsic characteristics of the two will be mutually respected.

THE outline of the joint campaign is described separately and attached herewith. It is under stood that both the Community Chest and the Japanese Red Cross Society reserve the right of conducting a separate campaign from the next fiscal year on.

FOR the above agreement and understanding to be put into effect under the said outline, we hereby affix our signatures.

SIGNED THIS FIRST DAY OF JUNE, 1948.

Tadatsugu Shimazu,
President,
Japanese Red Cross Society.

tely and attached herewith. It is under stood that both the

tely and attached herewith. It is under stood that both the Community Chest and the Japanese Red Cross Society reserve the right of conducting a separate campaign from the next fiscal year on.

FOR the above agreement and understanding to be put into effect under the said outline, we hereby affix our signatures.

SIGNED THIS FIRST DAY OF JUNE, 1948.

Tadatsugu Shimazu,
President,
Japanese Red Cross Society.

Nozomu Nakagawa,
President,
Central Committee,
Community Ghest.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDS NO. 775013

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Outline of the Joint Campaign of the Community Chest and the Japanese Red Cross Fund Driva

(For the Fall 1948 only)

1. Principle.

(1) In principle, the Community Chest and the Japanese Red Cross fund raising should be conducted separately, However, for the year 1948 only, a joint fund raising will be undertaken in consideration of the pressing time element in preparations, adequate timing of the campaign date, etc. (It is understood that from the year 1949 onwards this agreement will not be binding.)

(2) In undertaking the campaign, which is to be conducted under a special circumstance, each will understand & respect the special characteristics of the other.

(3) In the advertisement of the campaign, the idea underlying the Community Chest and spirit of the Red Cross will be propagated side by side, in mutual respect of each other on the part of the Community Chest Committee and the Japanese Red Cross Society.

(4) The general public will be appealed to understand the purposes of the campaign, and to willingly contribute to the Community Chest and to the Japanese Red Cross.

2. The Campaign for this year will be caled.

Joint Fund Drive for

in consideration of the pressing time element in preparations,

Joint Fund Drive for

in consideration of the pressing time element in preparations, adequate timing of the campaign date, etc. (It is understood that from the year 1949 onwards this agreement will not be binding.)

(2) In undertaking the campaign, which is to be conducted under a special circumstance, each will understand & respect the special characteristics of the other.

(3) In the advertisement of the campaign, the idea underlying the Community Chest and spirit of the Red Cross will be propagated side by side, in mutual respect of each other on the part of the Community Chest Committee and the Japanese Red Cross Society.

(4) The general public will be appealed to understand the purposes of the campaign, and to willingly contribute to the Community Chest and to the Japanese Red Cross.

2. The Campaign for this year will be called.

Joint Fund Drive for
the Community Chest and
the Red Cross Operation.

3. The campaign date will be from 1 October, 1948, to 31 Octover, 1948, (one month).

4. Organization.

Local Community Chest Committees as well as the Chapters of the Japanese Red Cross Society will establish separate fund raising secretariates, and these secretariats will closely cooperate with each other through the form of a joint fund raising committee or a liaison conference, etc., depending on local circumstances.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDC 80. 775013

5. Deciding the goal.

Amount to be raised for the Community Chest and for the Japanese Red Cross Society will respectively be carefully assessed, and to these will be added the expense necessary for the campaign management. The total of these three will be considered as the goal of the campaign. The total and the amount to be raised for each party will be indicated to the people.

As an example if the amount to be raised are: for the Community Chest 7,000,000 yen, for Red Cross 3,000,000 yen and for management 1,000,000 yen, the total 11,000,000 yen will be the goal.

6. Campaign Method.

(1) Publicizing the goal.

When a goal is decided the basis of calculation of the goal will be clearly indicated and publicized so that the people will trust in the cause and support the campaign.

(2) While the Community Chest and the Red Cross will cosely cooperate with each other, the special characteristics of each will be mutually respected as it relates to the conduct of their normal routine business and activities.

7. Publicity and collection.

For publicity purposes the names Community Chest and Red Cross as well as the purposes of both will appear on the same poster in so far as possible, while separate publicity is not forbidden covering routine activities.

(1) The token of contribution will be a red feather.

(2) Red Cross buttons will be given to those persons whose contributions to the Red Cross amont to its membership fee. (see paragraph 9 below).

(3) On the collection boxes already prepared by the Community Chest, the emblem of Red Cross will be added by the side of the mark for Community Chest. When Red Cross boxes are used, they will also carry Community Chest marks.

(4) Immunity certificate and the receipt will be in the name of both parties.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NND 775013

8. Method of distribution of the fund raised.

In the first place the management expense will be subtracted from the total amount collected. The remainder will be divided for the Community Chest and the Red Cross through the fund raising secretariats according to the ratio of the respective goals.

In the example shown above, let us assume a total of 12,000,000 yen was raised. Subtracting management expense, the remainder will be:

¥ 12,000,000 - ¥ 1,000,000 = 11,000,000 yen

Pro rata divisions of this amount will be respectively:

C.C. ¥ 11,000,000 7/10 = 7,700,000 yen

R.C. ¥ 11,000,000 3/10 = 3,300,000 yen

The same pro rata division will apply in all cases, when the amount collected goes over the goal or when it falls short of the goal.

9. Treatment of the donors for membership in the Red Cross.

All the donors will be considered as having understood both the idea underlying the Community chest and the spirit of the Red Cross and have made donations in sympathy of and to support these objectives. Accordingly all donors will become supporting members of the Japanese Red Cross Society.

The persons donating an amount which is equal to or is over the regular and the special Red Cross membership fees after the pro rata division is computed will be considered as such members.

Using the same ratio as in the above stated example, that is 3/10 for Red Cross, we get the following two equations:

¥ 100 × 3/10 = 30 yen

¥ 1,670 × 3/10 = 501 yen

The person donating 100 yen will be regular Red Cross members; and persons donating 1,670 yen will be special Red Cross members.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

10. Collection fee (Commission) or retrrning of the fund to the locality where such a fund was collected is strictly forbidden. The allocation of the fund for the paricipating members of the present campaign, namely the beneficiaries, in the cities, towns and villages does not fall under this rule.

11. Expenses.

(1) The campaign expenses in the center (for the joint efforts) will be borne by the two parties at the ratio of the total goals for the entire country for the community chest and the Red Cross respectively.

(2) Local Expenses.

a. In the same manner as in the above stated example the management expense amounting to 1,000,000 yen will be bone by the two parties as follows:

C.C. ¥ 1,000,000 X 7/10 = 700,000 yen

R.C. ¥ 1,000,000 X 3/10 = 300,000 yen

b. While the expenses will be borne pro rata by the two parties as shown above for the Joint Expenses, Independent expenditure for undertakings carried out separately, each will pay his own.

12. The details of the present agreement will be worked out by the fund raising secretaiats through the Joint Committee or the Liaison Conference, etc.

Outline of Greeting To Be Spoken By
Director of Prefectural Welfare
Bureau at Inaugural Meeting of
Social work Community Chest Committee

I request today the assembly of the representative persons in the various directions within Iwate Prefecture with the purpose of Organizing the Social work Community Chest Committee in order to operate the work satisfactorily. I express my gratitude for your assembly here in spite you are very busy.

This social work community chest movement has been developed throughout Japan since the last year and obtained the great effect imitating the example of that carried out in America.

In Iwate Prefecture we had the calamity experience of flood that have ever been last year and had a serious loss from the flood so that we could not help to stop this movement.

We project the organization of this Committee in order to achieve the purport of Nation Mutual aid improving this movement by all means this year. I think it is no exaggeration to say that after the end of war Japan is in the melting pot of the confusion and the waste such as the increase of inflation, the uneaseness of living, the decay of moral, and the extreme increase of crimes committed by the youth.

It is happy for us that the wandering of tramps or the abandaned children have not been found so many in Iwate Prefecture. However there live about 50,000 needy people here. Moreover of course there are the considerable number of people whose living should be naturallily protected such as the war sufferers, the remaining family of prisoners in the foreign land, the sick persons, or the wounded persons. The Government takes the complete measures of the relief and aid for these people, but it is difficult to execute the perfect result as there exists the limits, and the cramped direction in the Government social work.

Therefore these defects in the Government social work can not help to be supported by the fulfilment of the private social work.

The expectation for the development of the private social work will be grow greater and greater, and the accomplishment and the improvement of these facilities is the urgent necessary problem which can never be neglected even only a day. However the private social work facilities, in general, fall in with the serious difficulties of the management due to the raising of the commodity prices, the hard receipt of the materials, and the increase of the personnel expenses, etc, since the close of the war.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

It is in the difficult conditions neither the improvement nor the maintainance.

Still more in spite the private social work facilities obtained the considerable sum of state subsidies formerly in accordance With Social work La. it is difficult to gain such the subsidies at present.

If the matters were left as they are the serious situations would happen, I fear.

I believe the purpose of the community chest movement is the fulfilment of our responsibity as one membership of the joint society by means of protecting the troubled needy people distributing the funds obtained by the community chest movement to the scarce private social work facilities and assisting their maintainance and development. To-day I desire heartily to accomplish the effectiveness of this movement organizing Social work Community Chest Committee nd appealing to the sublime benevolence and Corperative spirit of Prefectural Citizens.

I ask you that you undestand the import of this movement, take part in the movement as the commissioners, express your opinions freely regarding the constitution of the regulations, the project of the work, and the selection of the officials.

I think we must resolve that the community chest movement will be enconntered with the serious difficulties as it is said that the movement of the financil circle shows the under-tone more or less this year compared with last year.

As for this point your particular corperation is asked.
I address you the short greeting as one of the sponsors.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

43 people - Morioka City Office
Construction of C/C in Jun+

15 July 1946

I have been asked to speak to you today on the subject of the Community Chest and the Japanese Red Cross.

In this brief period, I would like to tell you something of the history of these two organizations and how the program has been carried on before.

The birth of both of these Associations sprang from the need for help on a huge scale.

It is based on just what the name implies: Community help.

The Red Cross has become world wide in its scope and the Community Chest appers headed in the same direction.

Under the direction of the National Committee, the Red Cross has the following general aims:

Disaster Preparedness and Relief
Health and Educational Services
Water Safety and Accident Prevention Programs
Nursing and First Aid Services
Nutrition Services for the needy.

The Community Chest, under a Central Sponsorship, leans more toward these ideals:

Sponsorship of institutions for the Needy, Crippled or Handicapped, and Health Centers.
Support for large scale disease control programs such as Infantile Paralysis, Tuberculosus, cancer, etc.
Distribution of food, clothing and general care to the needy. THRU CHAR. ORGAN.

It is apparent already, after looking at these programs, that the support must come from every individual.

Just as the contributions come from all walks of life and types of people, help from these Organizations comes to all those who are in need, regardless of their affiliations or beliefs.

The first aim of the present drive is to make the general public aware of the programs to be undertaken by these Associations.

Let the people know what we are trying to do and show them how vital their support is.

When the ideas behind this drive ae explained thoroughly to the people, their wholehearted support will be given more freely.

Goalsare set and they must be met if the good work planned is to be carried out properly.

Posters, newspapers, radios, information programs must all be used to inform the public of the intent behind these drives.

In America, annual drives are conducted to raise the necessary money to continue the work.

Everyone is eager to help because they have been informed of the intended purposes of the Organization and because the splendid results have been widely witnessed.

All the peoples of the world know of the good work done in Fukui by these units because they were told about it via the radio and newspapers.

It is a certainty that the people of Fukui will be more eager than ever to contribute after seeing the help that was given them.

Now all of this relief of suffering and hardships did not just happen.

It took a great deal of hard work and intelligent planning to operate successfully

The work is best done By forming committees to take over specialized programs and have them aid communities carry out these programs.

Remember this however, no Committee is any better than the leader.

When a Committee Chief is chosen, he must be picked for his or her, ability, interest, and initiative in the handling of Committee affairs.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

I said either man or woman because we need just as many women for this work as we do men. All must share the responsibilities.

Once the work of the committee has been started, the Chairman must coordinate with other Committees and report on the progress made.

Every committee member must do his or her share if the program is to be a success.

While the work is going on, let the public know of the problems and successes. They are the ones who are giving the funds to carry on the work.

They have a right to know just what is being done with their money.

When is becomes apparent that the needs of the community are being answered by you, then they will be more willing to help the next time they are asked.

There is no end to the good that can be accomplished by the Community Chest and Red Cross.

This year they are working together in the program and cooperation must be given to each if the drive is to be a success.

Keep in mind that you are giving help to people that otherwise would not get it.

Remember also, that someday you too may be a recipient of this same program you are engaged in.

If you keep your hearts and minds open and willing to do good to others your efforts will bring you success.

Public Welfare Section
Iwate Prefecture

Nov. 14th, 1948

Subject: Report of Campain Trip of Community Chest
To : Public Welfare Officer, I.M.G.T.

Shimoheii-gun:-

Shimoheii-gun will accomplish the goal during today. Especially at Iwaizumi-town, the mayor, at first, did not think this campain so important, but hearing my explanation, he finaly understood about this very well, and immediately he went around the whole town visiting businessmen, and this town reached the goal.

Miyako-city:-

As you know, this city was damaged worst and however do they make an effort, it is said that seventy-five(75) per cent of the goal will be XXX the best of their power. But as I told the importance of this campain, most officials understood the idea of XXX community chest and they promised that they would try to do their best to reach the goal.

Kamaishi-city:-

I went to Kamaishi-city and found that in this city it was too late to start this movement, and by this reason the result is quite bad as you know. I think that for this city there should be one more forcement or two, and then Mamaishi-city can hardly approach to the goal. However in this city there are a lot of business man and also the Kamaishi Steal Mill. I think Kamaishi city should reach the goal, anyway.

Generally speaking, I can say that my trip was not vain, but I believe I got a great deal of good effect for the campain in this trip. Shimoheii-gun will collect one hundred per cent of the goal, even though this gun could not reach the goal, they said.

Miyako city people rather thought it not so imprtant because of suffering from the flood disaster, but now they changed their mind.

Hamada

Chief of Public Welfare Section

October 23, 1948

Subject: Community Chest Campaign

To : Mayors of cities
Directors of Sub-provincial Offices

Needless to say, the development of the social work undertakings of this prefecture hinges on the results of the Community Chest Campaign being now in progress throughout the nation. And I believe that the very attainment of the funds goal for the prefecture within the decration set for the said drive should be a concentrated manifestation of the popula-tion of the prefecture, thereby affecting in great measure a wide pariety of social welfare policies.

In particular, with the vigorous encouragement and exhortation received from the agencies concerned, it is desired that all of you make every possible effort toward the achievement of your goal.
