Transportation Charges Prepaid.**

**Plants that Have been Grown, Dug and Packed Right.
No Substitution, Misrepresentation or
Exaggeration.**

UNIVERSITY OF MISSOURI AGRICULTURAL EXPERIMENT STATION.

Certificate No. 70. Columbia, Mo., Sept. 27, 1921

CERTIFICATE OF NURSERY INSPECTION.

This is to certify that in accordance with the Nursery Inspector Act, enacted by the Forty-Seventh General Assembly and approved March 27, 1913, the Nursery Stock of H. W. JENKINS NURSERY, grown at Boonville, Cooper County, Missouri, was inspected on August 17, 1921 by a duly authorized inspector and found apparently free from dangerously injurious insects or plant diseases. Valid until July 1, 1922, unless sooner revoked.

L. HASEMAN,

Entomologist and Chief Inspector.

**TO MY PROSPECTIVE CUSTOMERS
GREETINGS:**

The plants offered for sale in this list are good plants, grown right, and will be dug and packed right, and after you examine the prices made and the terms of sale, I believe you will admit they are being sold right. Not as cheap as some growers are offering their plants; no, they are not that kind of plants. Some plants would be dear as a gift. To back up the statement made that the plants are A No. 1, and will give satisfaction, this offer is made:—**ANY CUSTOMER AFTER RECEIVING AND EXAMINING THEIR PURCHASE IF DISSATISFIED AND THINK IT NOT AS REPRESENTED MAY REPACK AND RETURN YOUR ORDER AND YOUR MONEY WILL BE REFUNDED.** No fairer offer can be made. Thanking all for past favors and ready to serve you in the future,

H. W. JENKINS, Boonville, Mo.

TERMS OF SALE

I assume all risks and costs till plants are delivered, guaranteeing them to be in good, live planting condition when received, or money refunded on return of plants. Also guarantee them true to name. Should any errors or mistakes be made, on proof of same will replace free of charge with plants that are true. But my responsibility ends when plants are delivered and accepted and am not to be held responsible for failures over which I have no control nor held liable for any damages greater than the amount originally paid for said plants. **Cash or good bank references must be received before shipment.** Fifty plants sold at the 100 rate; 500 at the 1000 rate.

Do you know, Solomon said a good name is rather to be chosen than great riches?

Do you know, that to have a good name you must do things **right**?
Do you know, this is our policy in growing and selling plants and has been for 35 years? **DO IT RIGHT.**

STRAWBERRIES

They are the first and best berries to ripen. The list of varieties is not a long one but are the tested and tried ones that will produce the berries. That is **THE GOAL**. Varieties marked (P) are pistillate, or female plants. Those marked (S) are staminate, or male plants. All pistillates require staminate varieties planted near to pollenize the bloom. The staminate varieties do not require any fertilization of their blossoms. At least one-third of every bed or field should be planted with staminate varieties. We tie all berry plants in bunches of 25 each and won't break bunches. **ALL ARE NEW PLANTS FROM NEW BEDS THAT HAVE NEVER FRUITED.**

Description of Spring Varieties As I Find Them.

	Price per 25	100	1000
BUBACH (P) —Plant stocky and vigorous; makes a large plant but rather a shy plant maker. Reasonably productive of very large berries, a little rough in shape, but well colored. Too soft to ship far, but a good home berry -----	.30	\$1.00	
WARFIELD (P) —Plant medium sized, a fast grower that produces lots of new plants; is very productive of medium sized berries, smooth, conical dark red berries of fine flavor. Ripens early and picks a long time -----	.25	.75	\$5.00
HAVERLAND (P) —Plant stocky and healthy but requires good soil and good care; is wonderfully productive. Sets so many berries the fruit stalks cannot hold them up off the ground. For this reason wet seasons it rots badly. Berries are long pointed well colored and smooth—a fine all-round variety that requires good care. It won't stand abuse --	.30	\$1.00	\$6.00
SENATOR DUNLAP (S) —A strong vigorous grower; makes lots of plants and will stand more drought and hard knocks than any other variety. Is a strong staminate and a good fertilizer; is very productive of large, well shaped, highly colored berries. A very popular variety; sell more plants of Dunlap than any other two varieties combined. -----	.25	.75	5.00
AROMA (S) —Plant stocky and healthy—a fine plant. Berries are large, smooth and conical in shape, well colored and ripen late. This is the great shipping berry of south Missouri. With me only moderately productive. Have only a few plants for sale. ----	.30	\$1.00	
GANDY (S) —Plant healthy and a vigorous grower; makes lots of plants but not as well rooted as some others; has large strong fruit stalks that hold the berries up off the ground. Berries are large, firm and, when fully ripe, highly colored. They are of most excellent flavor and one of the handsomest berries grown. Only moderately productive—it's only weak point. Ripens late, after others are gone. -----	.25	.75	6.00

FALL OR EVERBEARERS

	Price per 25	100	1000
These ripen a crop in the spring the same as the others, then they remain dormant a few weeks and commence bearing again and continue till cold weather. Plants set in April will bear in September or October. Good for home use, but for a market berry my experience shows they are not profitable.			
PROGRESSIVE (S) —Plant is a good grower, productive of highly colored berries of medium size and very fine flavor. -----	.50	\$1.50	\$10.00

Do You Know that all our orders are packed in moss and wrapped in a special safe pack paper?

Do You Know this pays both you and me? Why? Because it keeps plants in perfect condition. **THEY GROW AND GIVE SATISFACTION.**

RASPBERRIES

	Price per 25	100	1000
The raspberry follows the strawberry in close succession in ripening and is a berry of high quality.			
CUMBERLAND —This was called the "Business Black Cap" by the Introducer and makes good the claims made for it. Good tip plants, price -----	.75	\$2.00	\$15.00
ST. REGIS —A red variety which is hardy and productive of medium sized berries. Sold as an ever-bearing variety; with me the second crop is of little value. Sucker plants, price -----	.75	2.50	

BLACKBERRIES

	25	100	1000
SNYDER —Canes are hardly ever winter killed. Not much affected by red rust. Is productive of medium sized berries. Price -----	1.00	3.00	
EARLY HARVEST —Canes are small and bunchy, hardy and very productive of medium sized berries. Always ripe at wheat harvest. -----	1.00	3.00	
MERSEREAU —A strong, vigorous grower. Berries are large and juicy; crop ripens later than Snyder. Price -----	.75	2.50	

GOOSEBERRIES

	Each	10	
DOWNING —A stocky growing variety moderately productive of large berries. Price, one year plants--	.20	1.50	
HOUGHTON —A fast vigorous growing variety, very productive, seldom fails to produce a crop. Medium sized berries. Price, 2 year plants -----	.20	1.50	
Price, 1 year plants -----	.15	1.25	

CURRANTS

	Each	10	100
The finest of all berries for jellies and also make excellent pies when green.			
WILDER —A fine vigorous grower; a large red variety. Price per 2 year No. 1 -----	.20	1.50	12.50
Price per 1 year No. 2 -----	.15	1.00	8.00
Price per 1 year No. 1 -----	.15	1.25	10.00
PERFECTION —Claimed to be the largest and best red variety grown. Price per 1 year -----	.20	1.50	

GARDEN ROOTS

	Each	10	100
A bed of asparagus and rhubarb will furnish your table with appetizing dishes of food early in the spring before the berries ripen.			
LINNEUS —Rhubarb, 2 year roots -----	.15	1.00	
CONOVER'S —Asparagus, 2 year roots -----	.25	\$1.50	

Do you know, that I am the oldest exhibitor in the Horticultural Dept., Mo. State Fair. Have placed 19 exhibits of Cooper county fruit and never failed to bring home a few ribbons.

GRAPE VINES

We are making a specialty on grape vines grown from cuttings taken from our own vineyard. Have won first premium on best collection of grapes two years in succession at Missouri State Fair, 1920 and 1921. I advise the planting of one year vines. They handle better and grow better than older vines.. Our vines are graded into two grades, Nos. 1 and 2.

MOORE'S EARLY—A large black grape; canes hardy and moderately productive. Ripens ten days ahead of the Concord.

	Each	10	100
Price per 2 year -----	.20	1.50	
Price per 1 year No. 1 -----	.15	1.25	
Price per 1 year No. 2 -----	.15	1.00	

WORDEN—A vigorous growing vine, very productive of large well shouldered bunches of most excellent flavor. Ripens ahead of the Concord. Is one of the finest and best black grapes grown.

Price per 1 year No. 1 -----	.20	1.50	10.00
Price per 1 year No. 2 -----	.15	1.00	8.00

BRIGHTON—A fast grower; moderately productive of large bunches. The sweetest and best red table grape grown.

Price per 2 year No. 1 -----	.20	1.50	
Price per 1 year No. 1 -----	.15	1.25	10.00
Price per 1 year No. 2 -----	.15	1.00	8.00

NIAGRA—A vigorous grower, productive of large bunches of cream colored grapes. The best white variety.

Price per 1 year No. 1 -----	.20	1.50	10.00
Price per 1 year No. 2 -----	.15	1.00	

GOETHE—A rampant grower; moderately productive of large wine colored grapes that ripen after others are gone. This last year the Goethe and Niagra both produced nearly a full crop from the second bloom that sold for 10 cents per pound.

Price per 2 year No. 1 -----	.20	1.50	10.00
Price per 1 year No. 1 -----	.15	1.25	10.00
Price per 1 year No. 2 -----	.15	1.00	8.00

EATON—A vigorous growing vine moderately productive of very large black grapes. Only a few two year vines. Price -----

	.20	1.50	
--	-----	------	--

CONCORD—This is the old reliable black so well known that it needs no description. More Concord vines sold and planted than all others combined.

Price per 2 year No. 1 -----	.15	1.25	10.00
Price per 1 year No. 1 -----	.15	1.25	10.00
Price per 1 year No. 2 -----	.10	1.00	8.00

SPECIAL OFFER—Your choice of mixed lot, not over 50 per cent to be Concord.

Price No. 1, 50 vines for -----	\$4.00
Price No. 2, 50 vines for -----	\$3.00

Do you know, one live plant is worth more than 1000 dead ones?
Do you know, failing to plant in spring means the loss of a year's growth?

ROSES

	Each	10
<p>"The Queen of flowers." The roses offered were grown in California near Los Angeles. They are desert climate field grown plants on their own roots (not budded) and are vigorous plants that will bloom this year. The very best plants that you can buy. Try them and see. Price (Except as noted) -----</p>	.60	\$5.00
<hr style="width: 10%; margin-left: 0;"/>		
<p>MME. CAROLINE TESTOUT (H. T.)—Clear bright satiny pink. A free bloomer. The rose that made Portland, Oregon, famous as the Rose City.</p>		
<p>HENRIETTA (H. T.)—One of the finest for cut flowers. Color, fiery orange crimson changing to soft coral salmon. Long stems and long pointed buds; very hardy.</p>		
<p>FRAU KARL DRUSCH (H. P.)—A vigorous grower, long pointed buds; pure snow white, blooms large. One of the largest and best white roses.</p>		
<p>HUGH DICKSON (H. T.)—Intense crimson shaded scarlet. Large and magnificent; very fragrant.</p>		
<p>KILLARNEY DOUBLE WHITE (H. T.)—A pure white sport from White Killarney but much larger buds and petals. A fine rose.</p>		
<p>GEN. McARTHUR (H. T.)—A bright scarlet red rose. A fine bloomer and very fragrant.</p>		
<p>SUNBURST (H. T.)—Deep yellow with orange yellow center. Large, full and beautiful -----</p>		
	.75	

CLIMBING ROSES

<p>CLIMBING AMERICAN BEAUTY—Heavy strong grower; hardy everywhere. Color rich red passing to orange -----</p>	.75	
<p>CRIMSON RAMBLER—A popular well known rose. Needs no description. -----</p>	.50	
<p>CLIMBING SUNBURST—A strong vigorous grower. The flower same as on the bush form -----</p>	.75	
<p>These three climbing roses are good ones.</p>		

Do you know, the way to find out whether our plants and packing is right is to buy a small order and see for yourself?

FLOWER BULBS

PEONIES

	Each	10	100
FESTIVA MAXIMA—The finest white variety. Flowers are large and beautiful. Pure white with occasionally a small spot of red in center. Strong roots -----	.75	5.00	

DAHLIAS

WM. AGNEW—A deep red extra fine, profuse bloomer. Clump of tubers -----	.25	2.00	
KRIEMHILDE—A pink cactus variety that blooms late. Is a peculiar shaped flower and a pretty one. Attracts attention wherever shown. Price-----	.25	2.00	
C. W. BURTON—A strong growing variety with large yellow flowers. A late bloomer.-----	.25	2.00	

GLADIOLUS

This is an easy flower to grow and a beautiful one—nothing finer for cut flowers.

AMERICA—The finest of all gladiolus. Large white and pink flowers. -----	.10	.75	
BRENCHLEYENSIS—Bright scarlet red. -----	.10	.60	
Gladiolus Mixed, all colors -----	.10	.50	\$4.00

(Note: Won first premium on vase of 25 spikes of America at Missouri State Fair 1921 over exhibits by florists from St. Louis, Kansas City and other places.)

CANNAS

Brighten up your home grounds this year with a bed of cannas. They are growing in popularity each year. To get best effect do not mix varieties; plant each color to itself. All dormant buds. Varieties offered are the very best in their class.

KING HUMBERT—Bronze foilage grows three to four feet high. Is a free bloomer and produces large red flowers. -----	.10	.75	
YELLOW HUMBERT—A sport from King Humbert but has green foilage; is a continual bloomer of the finest of yellow flowers. When you have this variety you need no other yellow for it is the whole show. -----	.15	1.00	
LOUISIANA—Has greenfoilage; grows 4 to 6 feet high. Is a continual bloomer till frost of very large bright red flowers that make a fine display.-----	.10	.75	
SPECIAL ASSORTMENT—12 bulbs for \$1.00.			

Do you know, that we cannot prove these statements true to you whether we have a **good name** or **good plants** unless you give us a trial order.

TESTIMONIALS

Columbia, Mo., 1-12-22

H. W. Jenkins:

Kind Sir:

Had fine luck with my plants set last year. Did not lose a plant. Never saw a nicer bed of strawberries than I have now.

W. R. ASHCRAFT.

Washington Park, Ill., 3-14-21.

Mr. Jenkins:

I received those plants and they are fine. I ordered plants from four different nurseries and yours are much better than any of them. The **FINEST I EVER SAW**. Am sending you another order today.

L. R. FLANAGIN.

Napton, Mo., 4-11-21.

Mr. Jenkins:

Received the grape vines and strawberry plants in fine shape. They would have gone to Europe in good condition so well packed.

Respectfully,

C. T. JONES.

Macon, Mo. 4-14-21.

H. W. Jenkins:

Dear Sir:

Received the strawberries and gooseberries in perfect condition. They certainly were nice plants.

Yours,

QUINCY GLASS.

R. F. D. No. 6.

Eldred, Ill., 1-23-22.

Mr. H. W. Jenkins,

Dear Sir:—Berries I got from you I can say are fine. Picked and sold all summer off of the Everbearing. You will get my future orders for plants.

WM. GIBSON.

(Mr. Gibson now has bought plants for two years.)

Lexington, Mo., 4-2-1921.

H. W. Jenkins,

Dear Friend:—Received the grapes and was so well pleased am sending for more.

Yours,

JOHN JENKINS.

(Note: Not a kinsman.)

DuQuoin, Ill., 1-12-22.

H. W. Jenkins:

Dear Sir:

The order of grape vines bought from you last spring I am proud to tell you, all grew and are sure looking fine. If I ever need more you will be the one to get the order.

Yours

ALFRED BATTAGLIA.

Box 42.

(Mr. Battaglia bought 300 Concord vines spring of 1921.)

Boonville, Mo., Jan. 23, 1922.

To Whom It May Concern:

Having had business relations with Mr. W. H. Jenkins for many years, we consider him responsible for any contracts that he may enter into.

Very truly,

B. M. LESTER, Pres.,
Boonville National Bank.

Lancaster, Mo., 4-23-21.

H. W. Jenkins:

Dear Sir:

Plants and vines came in good condition and am well pleased. Better quality than I expected to get anywhere at that price. Thank you for promptness.

Yours,

LEW STARRETT.

Tuscumbia, Mo., 4-4-21.

H. W. Jenkins,

Dear Sir:—Strawberry plants and grapes received in good condition. I am sending for a second order.

Yours truly,

C. W. UMSTEAD.

Montrose, Mo., 3-24-21.

H. W. Jenkins,

Dear Sir:—Grape vines received. Were o. k.; please send me 40 more.

JAS. W. KEENEY.

Warrensburg, Mo., 3-16-21.

210 E. North St.

H. W. Jenkins,

Dear Sir:—Received the plants and bulbs today and was very much pleased with them. They were in such fine condition.

E. T. HUTSON.
