Smith, Henry S. Lee, C. L. Covell, Josiah Hooker, Rev. F. Tiffany, James Kirkham, Henry Smith, O. H. Greenleaf; Auditors, Henry S. Lee, R. F. Hawkins. Number of volumes, June, 1863, about 14,000, exclusive of unbound pamphlets. The additions during the past year exceed 4,000 volumes, nearly one-third being donations, and "still they come." The Library Committee intend to purchase all the new works of popular interest as rapidly as they appear. The various works have been classified and arranged in departments, and there are 1000 paying subscribers. For the six months ending May 1st, 31,000 volumes were drawn from the Library for perusal. The Library is open for drawing books on Tuesdays, Thursdays and Saturdays, from 9.30 A. M. till 12.30 P. M., and from 3 to 5 P. M.; also on Wednesday and Saturday evenings, from 7 to 9 P. M. Subscriptions \$1.00 per annum, for which two volumes can be drawn at once, and exchanged every Library day.

SPRINGFIELD MUSEUM OF NATURAL HISTORY.—This institution originated in 1860 with the Library Association, and two rooms were assigned to it in the City Hall, which have been fitted up with appro-

appropriate shelves and cases, and now contain about 1258 species and upwards of 3000 specimens of shells, classified by Dr. George A. Otis, now Surgeon of the 27th Massachusetts Regiment; also 130 species and over 300 specimens of stuffed birds; 25 stuffed quadrupeds, including two enormous wildcats, killed in this County; 80 species of fish and reptiles; small cabinets of insects, coral and crustacea; an extensive mineralogical cabinet; a large and very curious collection of fossils; numerous Indian and foreign antiquities, and several flags and other trophies captured from the Southern rebels by our home troops. Additions are frequently made by the generosity of our citizens, and the Museum is in quite a flourishing state for so young an institution. The Museum is open and admission free to the public on Wednesday afternoons and Saturday evenings. At other times a permit from one of the trustees or curators is requisite for admission. The Trustees of the Museum are: D. L. Harris, President; Dr. George A. Otis, Judge R. A. Chapman, John L. King, Samuel Bowles, T. N. Dale, Rev. Francis Tiffany, D. A. Wells, James Parker, R. B. Hildreth.

SPRINGFIELD CEMETERY ASSOCIATION—George Bliss, President; Lewis Gorham, Clerk and Treasurer. The Cemetery grounds cover an extent of nearly forty acres, and from their opening in June, 1841, to January 1863, 5494 interments have been made in them, 202 of that number being from January, 1862, to January, 1863. The whole amount received for lots from May, 1862, to May, 1863, was \$2,169,10.

PRINCIPAL PUBLIC HALLS IN SPRINGFIELD—City Hall, having seats for 2,700 persons. Application for the Hall to be made to the City Clerk. Music Hall, corner of Main and Pynchon streets, owned by Tilly Haynes, will seat 1,200 persons, is rented for lectures and first class entertainments only. Union Hall, adjacent to the Union House, South Main street; Rice's Hall, State street; and Central Hall, in the new Union Block, are all commodious and pleasant places for assemblies, meetings, etc. The two latter are occupied for Sunday meetings.

PLACES WORTHY OF NOTICE FROM STRANGERS.

THE CITY HALL, fronting Court Square, erected at an expense of \$100,000, ranks among the finest buildings in New England. It has an audience room, capable of holding 3,000 persons, and accommodations for all city officers, Police Court, City Library, and City Museum.

THE CEMETERY—In the south-easterly part of the city, has its main entrance from Maple street, near its junction with Central street, with an entrance for carriages also from Pine street, and for people on foot from Mulberry and from Union streets. It has great natural advantages of location and scenery, combining a fine variety of hill and dale, and is constantly being beautified and adorned by the hand of art.

THE UNITED STATES ARMORY—Has undergone much improvement and its working capacity been pushed to the utmost, during the past year, it being the only Government Armory in the country since the

destruction of that at Harper's Ferry by the rebels. The rules of admission are now quite stringent, as is necessary in war time, and visitors are not admitted to the workshops without a pass from the Superintendent. The magnificent view from the tower of the Arsenal can, however, be enjoyed by respectable persons without such formality. The following comparative statistics will show the vast increase in the business of the armory: In the month of April, 1861, there were 504 men employed; in April, 1862, there were 1912; and in April, 1863, 2635. The number of muskets fabricated in April, 1861, was 1202; in May, 2000; in June, 3000; and the increase has been rapid and steady up to May, 1862, when 12,700 muskets were fabricated, and the production is now about 1000 muskets daily.

HAMPDEN PARK—Inaugurated September 29, 1857. Purchased and improved by the Hampden County Agricultural Society at a cost of \$31,600, for an exhibition ground; "the finest and most convenient location the Society could have fixed upon, and unsurpassed for beauty and fitness by any lot devoted to a similar purpose, in the world." These grounds, sixty acres in extent, enclosed on the river side by a costly levee, on the other side by a substantial fence, contains a splendid barn, with stalls for cattle and horses, and extensive sheds in addition, devoted to a like purpose; a mile and also a half-mile track, graded and kept in good condition; a range of seats three hundred feet long; and a judges' stand, tasteful in appearance and permanent in construction. Here are held the far-famed Springfield Horse Shows, and the annual Cattle Shows of the County Society. Its use as a public park is strikingly appropriate, for it was the first lot of land granted by the early settlers, within the first month after their arrival in 1636.

GREAT FRESHETS—*Highest Rise of Water in Connecticut River*—1801, twenty-one feet six inches; 1843, April 18, twenty feet eight inches; 1854, May 1, twenty-two feet four inches; 1856, August 21, eighteen feet nine inches, (Camp Thompson inundated); 1859, March 20, twenty feet six inches; 1862, April 20, twenty-two feet two inches (Hampden Park flooded). The four last are taken from Mr. Butler's record at the Bridge.

POPULATION OF SPRINGFIELD—Census of 1860, 15,200, since which it has rapidly increased, and the number is now (summer of 1863) about 24,000.

L'année dernière, nous avons vu que le mouvement de la population française, en ce qui concerne la natalité, a été en baisse. Cette baisse est due à plusieurs causes : d'abord, à la diminution de la fécondité naturelle, qui est le résultat de l'augmentation de l'âge au mariage et de l'usage de la contraception. Ensuite, à la mortalité infantile, qui a diminué de façon spectaculaire. Enfin, à la mortalité des adultes, qui a également diminué.

Ces trois facteurs ont conduit à une diminution de la croissance démographique. Cependant, la mortalité infantile a diminué de façon spectaculaire, ce qui a permis de maintenir un certain niveau de population. La mortalité des adultes a également diminué, ce qui a permis de maintenir un certain niveau de population.

LE MOUVEMENT DE LA POPULATION

Le mouvement de la population française, en ce qui concerne la natalité, a été en baisse. Cette baisse est due à plusieurs causes : d'abord, à la diminution de la fécondité naturelle, qui est le résultat de l'augmentation de l'âge au mariage et de l'usage de la contraception. Ensuite, à la mortalité infantile, qui a diminué de façon spectaculaire. Enfin, à la mortalité des adultes, qui a également diminué.

MAPLEWOOD

Young Ladies Institute.

PITTSFIELD, MASS.

Rev. C. V. SPEAR, Principal.

THIS long established School numbers among its former and more recent patrons, many prominent families in the Valley of the Connecticut. It has a corps of

Twelve Professors and Teachers,

Most of whom have occupied their respective positions several years. Its Cabinets and Apparatus are amply sufficient, and its Course of Study embraces a period of Four Years.

Its Grounds rival those of the Colleges most favored in this respect covering an area of Nine Acres, intersected by Gravel Walks and Avenues profusely shaded with Maples, Elms, and other Forest and Ornamental Trees, with Arbors, Fountains and Flowers, and all secluded from public gaze by a dense border of Shrubs and Trees.

ITS GYMNASIUM

The first of its kind in the country, is still unsurpassed in size and character, being ninety feet by fifty-five, and fitted up with the most complete arrangements for Calisthenic and Gymnastic exercises. The rings, wands and light dumb-bells of Dr. Lewis' system are in daily use, and afford an important aid for arranging a Course of exercises in which the pupils take the deepest interest, and which are most admirably fitted to give development and grace to the proportions and movements of the physical system.

Capacious and commodious vehicles are also furnished without charge for frequent excursions in the surrounding country.

FOR CATALOGUES, ADDRESS THE PRINCIPAL.
