MANY DIE, DAMAGE MILLIONS, FROM TEXAS FLOODS

San Antonio Water Swept and Much Property Destroyed; Military in Control

SAN ANTONIO, Tex., Sept. 10.—With estimates of heavy casualties here, south central Texas today staggered under floods resulting from the most terrific storms in the history of the state.

Reports of heavy casualties in San Antonio, where water from the San Antonio river and Olmos creek swept through the southern residence district and the heart of the downtown district, leaving ruin and wreckage, flew thick and fast. Estimates of 1000 dead and many other reports were unverifiable because of the demoralized telephone communication and inability to get about the city because of wreckage and closely drawn lines of regular soldiers and police. The soldiers were first called when looting began and remained for rescue and guard duty.

Property Damage Millions

Police Commissioner Wright has asked that strict military control be granted from the commander of the eighth army corps area.

Property damage will run into the millions, it was estimated by city officials, an estimate at 9 o'clock placing the losses of the city and residents at \$10,000,000. Other (Continued on Page 4)

Henry Nicolaus Dies Suddenly While Upon Visit In Yellowstone

Word just received from Gardner, in Yellowstone Park, brings the sad intelligence of the sudden death of one of Glendale's best known citizens, Henry Nicolaus, 357 West Doran street. The telegram which brought the message to the stricken home was so meagre as not to give any of the details, simply stating that he died suddenly.

Because of his long residence in this valley and because of his active interest in the development of this entire section Mr. Nicolaus' death will bring sorrow to many hearts.

Mr. Nicolaus came to Los Angeles in 1871 and soon thereafter came to the great San Fernando valley and farmed 2500 acres of land, a part of which is now the city of Burbank. He has been a resident of Glendale the last four and one-half years.

Mr. Nicolaus was a great lover of Southern California and especially of Glendale. He was one who appreciated to the full the glories of nature. It was this love that sent him on his last journey into the Yellowstone.

[Word has been sent for the returning of his body to Glendale and announcement in reference to the funeral services will be made later.

Mr. Nicolaus leaves a widow and two sons, Fred A. and Roy J. Nicolaus.

The body will be brought to Glendale for burial. Funeral arrangements, which will be in charge of the Jewel City Undertaking company, will be announced later.

SUIT OF CLOTHES STOLEN

Thomas Mullin reported this morning that a suit of clothes had been stolen from his room at the Central hotel.

NEW GARAGE WILL BE DEDICATED BY OLD TIME DANCE

Mr. and Mrs. P. A. Pollock Are Planning Novel Event for Next Saturday Night

While Mayor Spencer Robinson, City Manager William H. Reeves and other Glendale officials are "dusting off the old stove pipe hat and patent leather shoes," P. A. Pollock of 110 South Pacific avenue is speeding up the work on his garage building at the corner of Broadway and Pacific avenue, in order to have it "spick and span" for the old-fashioned barn dance and entertainment which will dedicate the building next Saturday night, September 17.

About sixty couples have been invited by Mr. and Mrs. Pollock, who recently came to Glendale from Tonopah, Nev., and a "big time" is assured those who take part in the novel and gay affair.

Following is a copy of the invitations that were sent to each of the city fathers, fire department and friends of Mr. and Mrs. Pollock: "Yourself and lady are hereby demanded to appear in person at the opening dance of our new garage dedication, on Saturday, September 17, at 8 p. m.—BY ORDER OF THE COURT!"

Jazz Orchestra Engaged

A local four-piece jazz orchestra has been engaged for the festivity, which will be conducted similarly to the old-fashioned country barn dances that were popular several decades ago. Various unique surprise "stunts" will be "pulled off," according to Mr. Pollock.

The garage building, which is being erected at an approximate cost of \$6,000, has been under construction about four weeks. It is of the latest architecture, being built in "Granolithic" style, and is being designed and constructed by A. de Cicliani.

The front of the building, which is set ten feet back from Broadway, will be highly decorated with artistic designs when completed. It extends fifty feet on Broadway and eighty feet on Pacific avenue.

GLENDALE BUILDING PERMITS EXCEED THREE MILLIONS

Last Year's Great Record Will Be Exceeded; Many New Homes Being Erected

With eight permits issued yesterday afternoon for a valuation of approximately \$12,000 Glendale's 1921 building mark went over the top, passing the three million mark with a total of \$3,006,469. With only \$135,000 more needed to equal the 1920 record it is probable that the mark will be exceeded before October 1. The total to date for September is now an even \$111,000.

Following is a list of the permits issued Friday afternoon and this morning:

Albert T. Gray, six-room residence, 355 W. Park	\$ 4,000
Frank Roosevelt, six-room residence, 521 W. Elk	2,500
E. Davis, four-room residence, 1044 Winchester	2,000
Joseph A. Dunklin, four-rooms and garage, 447 West Elk avenue	2,000
R. F. Bancroft, garage, 121 West Eulalia	300
J. W. McFadden, garage, 540 W. California	300
M. T. McFadden and Lake, fruit stand, 595 E. Colorado	250
Mrs. Ethelyn A. Kenner, double garage, 1127 Raymond avenue	150

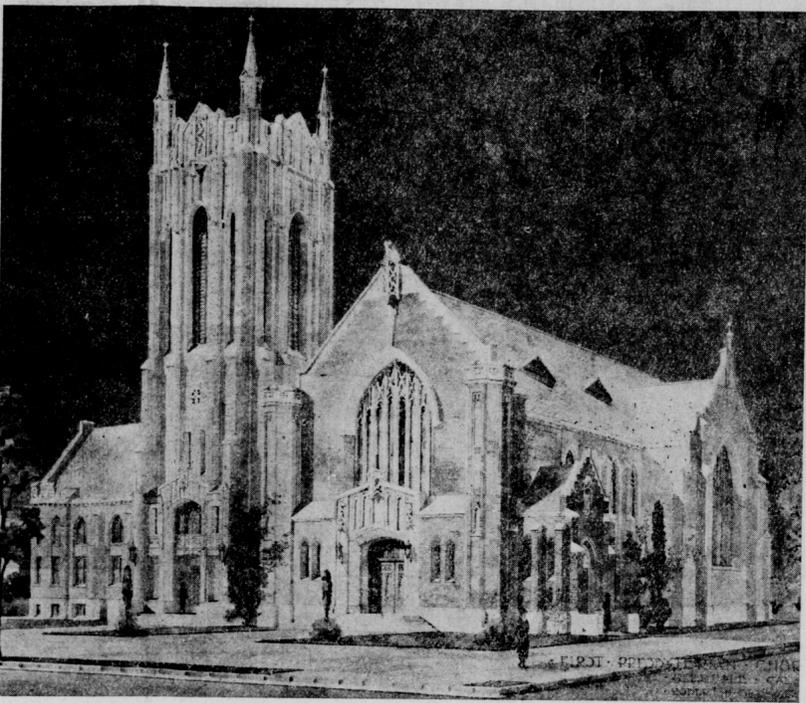

O. D. KEESE HAS RETURNED

O. D. Keese, former resident of Glendale and employee in the local city engineer's office, returned to this city Friday after an absence of more than a year, which time he has spent in Mexico. During his sojourn in the southern country Mr. Keese, who is a civil engineer, was engaged in several large engineering projects. At present he is living in Los Angeles, although he is planning on making his permanent home in Glendale in the near future.

BABY BOY HAS ARRIVED

Mr. and Mrs. W. M. Fox of 436 East Acacia street are the proud parents of an 8-pound baby boy born Friday night, September 9, 1921, at the Glendale Sanitarium and Hospital. Mother and son are doing well.

S. C. PACKER TELLS OF MONTH'S TRIP IN NORTHWEST

Party Covers 3700 Miles In Big Six Studebaker; Prosperity Best In California

Mr. and Mrs. S. C. Packer and daughter, Doris, of 362 Riverdale drive and their guest, Lawrence P. Simpson of Chicago, a nephew, arrived home Thursday from a month's trip to the Pacific northwest in which they covered 3700 miles in a Studebaker Big Six.

Mr. Packer was at his desk again this morning at the Packer Auto company, Studebaker representatives in the San Fernando valley, and he told of the wonderful performance of the car which he drove.

"We left here August 8 by the coast route for San Francisco," he said, "and along the way we found the road lined with campers who were answering the call of the open road. Most auto tourists stop in the municipal camp grounds which are well kept by practically every town, large or small.

It Refused to Boil

"After getting through the Bay Cities without any difficulty, a landslide caused us to detour this side of Eureka, over 110 miles of mountain trail. During eleven hours driving mostly in first and second gear, the Studebaker refused to boil while other cars were stalled along the precarious route with overheated engines.

"When we got into Oregon we were surprised to find beautiful wide roads through the state, permitting the motorist to pass through dairy and cattle country, orchards and big timber. At Glendale, Oregon, I left some local Chamber of Commerce literature.

"From Medford we run over to Crater Lake and there we could look down 1000 feet into the bottomless expanse of seven miles of water. Then we headed for our old home state of Washington.

Visits Points of Interest

"Good roads continue through the lumber camps and wheat fields to Seattle where we rested a week. Mt. Rainier national park was visited and Doris and Mr. Simpson went with a party to one of the glaciers on the snow capped peak.

"Vancouver was visited and we ferried to Victoria. Having gone as far northwest as practical, we turned the Studebaker Glendaleward and came back by the way of Hood's canal through Oregon and the San Joaquin valley of California. In the latter place we found the fruit season at its height with hundreds of refrigerator cars being dispatched daily. California looks mighty good to the traveler from the standpoint of prosperity."

Congregation Will Meet on Wednesday, September 21, for Final Decision

With a tower 102 feet high rising from its Gothic walls, the proposed First Presbyterian church to be built at the corner of Harvard and Louise streets on a lot 150 by 150 feet presents a most imposing sight in the accompanying picture. It will be a brick structure with separate church auditorium and Sunday school units, according to the plans made by Architect Robert H. Orr.

The edifice will occupy almost the entire lot and the seating capacity of the church proper will be 1400 while 1000 will be accommodated in the Sunday school departments. It will have three floors, the junior department, dining hall and kitchen being among those on the ground floor with the main floor occupied by auditoriums and adult classrooms. The top floor of the Sunday school section will be for the intermediate classes.

Up to Congregation

H. L. Finlay, secretary of the building committee, states that the joint boards of the church—trustees, deacons and elders—have met and passed the matter up to a meeting of the congregation which will be held Wednesday night, September 21. Final decision on the building plans will be made then and it is hoped by the officials that work may be started at an early date.

The membership of the First Presbyterian church here now totals 1000 and the average attendance at the Sunday school is 500, with 750 enrolled. The Rev. W. E. Edmonds is pastor and the Rev. Louis Tinning his assistant.

Glen Eyrie Chapter, Order Eastern Star, Enjoys Social Time

A very pleasant evening at cards was enjoyed last night after the regular meeting of Glen Eyrie Chapter, Order of the Eastern Star, which was attended by about eighty members and at which time three new members were balloted upon and elected to join the chapter.

Announcement was made by Worthy Patron W. W. Worley of the social dance to be given by the Patrons' Association of Southern California the evening of September 20 at Masonic Temple, Los Angeles.

The Glen Eyrie Social club will be entertained at the home of Mrs. H. A. McPherson, 607 North Central avenue, September 21.

MRS. A. E. LAAS IS HOSTESS

The sisterhood class of the First Methodist Sunday school was pleasantly entertained Thursday afternoon at the new home of Mrs. A. E. Laas, 317 West Lomita avenue. It was the regular "class party" day, as the second Thursday of each month is set aside for a social good time. This has proved a very successful means for helping new members to feel acquainted and at home in the class. The next social afternoon will be held at the home of Mrs. B. F. Geiger of 428 North Kenwood street.

LOCAL LEGION AND POMONA POST TO HOLD CONTEST

Membership Campaign Will Be Staged; Boxing Bouts to Be Resumed Very Soon

The largest crowd of the summer attended last night's regular weekly meeting of Glendale Post, No. 127, American Legion, at the Legion hall on East Broadway, a number of out of town members of the organization being in attendance.

The principal business transacted at the gathering was the unanimous decision of the legionnaires to enter into a membership and attendance contest with the Pomona Post, which is practically the same size as the local organization. The exact nature of the contest was not definitely decided upon last night, due to the fact that there were no representatives of Pomona present.

The contest will begin within the next few weeks and will last until the 1922 state convention, which will probably take place in July. The losing post will be penalized by having to entertain the winners at a big social affair, the nature of which will be decided at a later date.

Monthly Boxing Matches

James F. McBryde acted as temporary adjutant of the meeting, taking the place of Harry Bracken, whose resignation as post adjutant was recently accepted by the executive committee.

Announcement was made by Clarence Edwards, who is a member of the athletic committee, reported that a series of monthly boxing matches will soon be resumed by the legion. It was also announced that a number of exhibition wrestling matches will be staged at the post hall in the near future.

H. H. Harris, member of Los Angeles Post No. 8 and recent delegate to the state convention at Yosemite, made a brief talk, giving a report of various happenings of interest at the convention. He also gave a short resume of the growth and work of the American Legion since its organization two years ago.

Nation's Fire Department

In speaking of the numerous bushfires and I. W. W. outbreaks that have occurred in the United States during the past few years, Mr. Harris said that "the American Legion is and has been literally the 'fire department' of the nation—ready to put out radicalism and other undesirable factions at a moment's notice."

By a unanimous vote the treasurer of the post was instructed to subscribe \$10 to the Southern California Children's Welfare Committee. Before adjourning it was decided that the Glendale post will conduct an automobile raffle at the coming San Fernando Valley Fair.

TEACHERS' MEETINGS BEING HELD FOR SCHOOL OPENING

Record Attendance Will Be Registered Monday; Night Classes Will Open

Glendale schools will open Monday morning at 9 o'clock with a record enrollment. Today teachers' meetings are being held both in the city school system and the Union high school and final preparations are being made for the reception of the host of pupils.

Already complete information about enrollment in the city schools has been given in these columns by Superintendent Richardson D. White while George U. Moyle, principal of the high school, today announces that all pupils who are to attend that institution this year should be present at 9 o'clock Monday morning.

Notices to Direct Them

Notices in the halls will direct all to their respective roll rooms where sufficient time will be given them to register from printed programs of the various courses. After registration is completed the gongs will ring and the periods of the day will be taken up so that the pupils may get acquainted with the teachers.

This year there will be lunch hours from 11:45 to 1:00 o'clock, and only those who go home for their midday meal will be permitted to leave the grounds, according to Principal Moyle. Classes will begin at 8:15 a. m., regularly.

Night School to Open

The school law says that students up to the age of 16 must attend regularly and those between 16 and 18 must attend regularly or enter part time classes which requires them to attend four hours during the regular school week. Of course, those who graduate are exempted.

Night school will be opened Monday, September 19, and all who are interested are requested to report Thursday and Friday evenings of next week in order that courses may be arranged. This new innovation affords additional educational facilities for part time students along practical lines.

POSTAL STATION IN L. A. ROBBED AND MAN WOUNDED

Four Bandits Escape With Thousands In Loot Amid Shower of Bullets

LOS ANGELES, Sept. 10.—Four bandits held up and robbed postoffice station "C," Fifth and Los Angeles streets, of thousands of dollars worth of registered mail and escaped in a shower of bullets in an automobile at 5:20 a. m. today.

Henry D. Hileman, a bystander, was shot through the neck as the bandit car turned into Sixth street and disappeared.

Eight clerks and letter carriers were held at bay by revolvers, while two of the bandits slashed open the mail sacks and seized great bunches of registered letters.

One of the bandits fired at Russell Cook, a clerk, when he attempted to run for a revolver.

Exact Amount Unknown

J. F. Bourne, superintendent of the sub-station, declared the amount of the loot would not be known until a thorough check was made, but estimated it would run into the thousands.

The robbers drew up to the post-office just a few seconds after the registered mail sacks had been brought in.

While one bandit kept the postal employees covered, two others trundled the mail truck to the door, where they slashed three of the sacks and piled the contents into the tonneau of the waiting automobile. The fourth bandit sat at the wheel of the machine, with the motor running.

Police Are Outdistanced

Within five minutes after the robbery two automobiles filled with policemen were in pursuit of the bandits, but were outdistanced and lost the trail.

After the bandit car had started south on Los Angeles street, Clerk Cook fired at the retreating car, sparks flying as his bullets struck the fenders and body of the machine.

In returning this fire, the bandits struck Hileman, who had hurried out of a restaurant when he heard the shooting. Although badly wounded he is expected to recover.

Responsibility

When a man marries a wife he assumes the responsibility of providing for her needs in the matter of food, housing and clothing; he contracts to nourish and cherish her in sickness and in health, he plans to give her a fair share of this world's pleasures and enjoyments compatible with their social position.

These obligations begin when he marries her and DO NOT END UNTIL HER DEATH. Then, every child that is born to them will increase the extent of his responsibility, IN RESPECT OF HIS WIFE as well as of them.

In only one way can the average man have the assurance that this obligation is fully met, whether he lives or dies. You know what that one way is—I needn't mention it. I just want you to THINK about it, for if you really think it over I know you will want to increase your insurance. See phone book for L. A. office address

Mothers' Club Has Meeting and Outlines Plans, Year's Work

The first official meeting since the summer vacation of the Mothers' club of the Acacia street school was held yesterday afternoon at the home of the president, Mrs. William Alexander, 1003 East Palmer avenue, when the various chairmen of departments met to discuss plans for the coming year's work.

Those present were Mrs. F. Bennett, chairman of finance; Mrs. F. G. Hartman, chairman of membership; Miss Mae Cornwell, treasurer; Mrs. O. W. Esselman, parliamentarian; Mrs. Windass, chairman of education; Mrs. Townsend Clark, vice-president; Mrs. E. W. Evans, secretary; Mrs. Wilson, historian and chairman of programs; Mrs. Wesley Bullis, auditor.

At the close of the afternoon the hostess served refreshments of ice-cream and cake. The next regular meeting of the Mothers' club will be held at the school building next Friday afternoon.

Maurine Burke Is Birthday Hostess to Number of Friends

Little Maurine Burke, daughter of Mr. and Mrs. C. Maurine Burke of 615 South Glendale avenue, celebrated her fifth birthday Wednesday afternoon at the home of her grandmother, Mrs. J. J. Reynolds of 1625 Maltman street, Hollywood.

The decorations and favors were of pink crepe paper, a large chocolate cake with five candles forming the centerpiece. Ice-cream, cake and candy were served during the afternoon and games played. Little Maurine received many beautiful gifts.

The guests included Irene Hobbs, Goldie Otters, Onalie Blackwell, Florence Rodden, Mary Rodden, Billie Rodden, Billie Thompson, Barbara Ness, Dickie Doosie, James Flathers, Lillian Flathers, Marquis Flathers, Maurine Burke, Mrs. William Ness, Mrs. Robert Thompson, Mrs. Ralph Doosie, Mrs. James Flathers, Mrs. Ray Rodden, Mrs. Maurice Burke and Mrs. John Reynolds.

Chevrolet Is Again Winner; Word Comes Twice to Glendale

Chevrolet wins again! That word was received twice this week by O. W. Tarr of the local Chevrolet agency. From Reno, Nev., comes the following message on September 4:

"In the first annual Virginia City Labor Day hill climb, Silver City to Virginia City, first place was won by a Baby Grand Chevrolet driven by Arthur Murphy and entered by the Nevada Sales company. Second place won by Four-Ninety Chevrolet entered and driven by Jack Clark of Virginia City. The race was for automobiles listed for less than \$1000 at factory."

On September 6 the following message was sent out: "Baby Grand's time of 5 minutes and 25 seconds September 4 was better by 11 seconds than time of Cole Eight, winner of heavy car hillclimb, September 5. Baby Grand Chevrolet beat two Cole eights, Dorris, Stutz, Hudson, Ford, Oakland and Dodge over three-mile climb hill that most cars make in low."

BUY HOMES IN GLENDALE

W. T. Watts and C. M. Jones, both of Paragould, Arkansas, came to southern California recently and have chosen Glendale as their home. They have purchased houses at 125 South Louise street and 742 East Wilson and are getting nicely settled in their new homes.

These men have been builders and architects in Paragould for the past ten years and plan to enter the business world in Glendale as contractors. They have taken note of the rapid growth of Glendale and feel that it is going to be among the most flourishing cities of southern California and will offer splendid opportunities for their special line of work.

Virginia Endicott's Birthday Is Observed With Pleasing Party

Miss Virginia Endicott celebrated her ninth birthday Friday, September 9, and in honor of the event her mother, Mrs. James A. Endicott entertained with a very pretty party at her home, 308 North Central avenue. Yellow and pink were the colors used in decorating and favors were gay balloons. Prizes were awarded the winners of various exciting games and the boys and girls agreed that the party lacked nothing to make it one of the happiest events of the summer.

The guests were Martha McCourt, Geraldine Keleher, Virginia Keleher, Margaret, Alice and Dorothy Brennan and Jane Brennan, Gabriel Bonduax, Margaret Clark, Virginia Rudder, Betty Clark, Lavinia Humans, Netta Fuesz, Virginia Rowley, Sonny Clark, John Brennan, George Rudder and Bernice Endicott.

While the boys and girls played their games Mrs. Endicott entertained a few of the mothers, her guests being her mother and sister, Mrs. J. Krachey and Miss Agnes Krachey, Mrs. M. J. Brennan, Mrs. T. J. Keleher, Mrs. Ed Bolten and Mrs. Rudder.

Mr. and Mrs. Swisher Entertain Old Time Friends Calling Here

Mr. and Mrs. C. F. Drake of Modesto, who have just returned from a three months' trip in Dakota and Missouri, stopped off in this city for a few days' visit with their old-time friends, Mr. and Mrs. J. F. Swisher of 336 North Orange street. Thursday, Mr. and Mrs. Swisher, accompanied by their guests, motored to Santa Monica, where they viewed the Pacific Palisades and yesterday a trip to Long Beach was enjoyed, after which Mr. and Mrs. Drake left for their home, via the Southern Pacific.

Electric Signal Is Put at Los Feliz Road and Brand Boulevard

An electric wigwag bell signal has been installed at Los Feliz Road and Brand boulevard by the Pacific Electric railway, the Southern Glendale Improvement club having requested that greater protection be afforded motorists at this crossing.

Firemen at station No. 2 declare that the signal will keep them awake until after midnight as they always are on the alert for alarms.

Chautauqua Candidates Are Being Selected

On October 20 next, a meeting of utmost importance to hundreds of communities in the west will be held at the Portland offices of the Ellison-White Lyceum and Chautauqua association. This meeting is the first annual meeting of the board of trustees and at that time all questions of policy and organization will be taken up. Of paramount interest to the general public will be the nomination of candidates to replace the trustees whose terms of office will close in September, 1922. The districts in question for the first election are District No. 1, comprised of the states of Louisiana, Texas, New Mexico and Arizona, and District No. 2, the state of California. Already a great many letters have been received from these two districts suggesting names for consideration by the board and from the names so suggested the board will nominate three candidates from each district. As soon as the candidates have been selected ballots will be made up and sent out to all Chautauqua, Lyceum and Festival season ticket holders in the two districts, who will be allowed to cast their ballot before the final count is taken in September of next year.

The interest and enthusiasm being shown in the meeting and the subsequent election are such as to convince Mr. Ellison and Mr. White that the people are really ready and eager for this forward step which places these entertainment and educational assemblies on the plane of the school, college and church.

Pleasant Program Is Given by Young Folk

The cradle roll call of the First Methodist church, of which Mrs. S. A. Davis is superintendent, met yesterday afternoon with over thirty mothers and babies present. A very delightful short program was given by the children, as well as readings by Mrs. Payne, an interesting talk by Mrs. C. M. Crist and others. During the afternoon refreshments of pink and white ice-cream and cake were served. Baskets of blue flowers tied with pink ribbons formed the centerpiece of the table.

LADIES CORDIALLY INVITED

The women of Glendale and vicinity are cordially invited to the fall opening of the Adams Hat Shop, 213 N. Brand Blvd., between Wilson and California, Aves., Monday, Sept. 12. The hats on display will include the newest styles in "Mildy's" Chapeaux," many models being from the well known houses of Gage, Moorhead and Jardine of New York City. —Advertisement.

Business Meeting of Glendale Music Club Changes Year's Plans

The business meeting of the board of directors of the Glendale Music Club, held Friday at Hermosa Beach at the summer cottage of Mrs. Mattison B. Jones, resulted in several important changes in the year's schedule.

Heretofore the members of the club have been divided into two divisions, the "active members" and the "associate members." Feeling that this division failed to classify the members correctly, the board decided to add a third division to be called "affiliate," in which group all the talented members, who are not teachers or professionals, but capable of taking part in the club programs, will be listed. The club members for the coming year will be divided as follows:

Active members, including professional musicians, teachers or persons holding certificates from music schools; affiliate members, or persons of talent who are capable of taking part in the programs; subscription members, or music lovers who join the club in order to enjoy the programs.

The board completed plans for the opening program, which will be held October 7, at the high school. This will be an "All-American" program with Charles Wakefield Cadman at the piano, Miss Lesser, a soloist, and Sol Cohen, a violinist. The members in good standing will be admitted free of charge and will receive their year book at that time, on payment of their semi-annual dues. A charge will be made for all non-members who wish to attend.

The second program of the year, in November, will present the Philharmonic Trio, the pianist, violinist and cellist from the Philharmonic orchestra.

Mrs. Mattison B. Jones, president of the club and her assistants, are working very hard on the year-book and are planning some splendid programs for the winter months. The members of the board who spent the day at Hermosa with Mrs. Jones included Mrs. Spencer Robinson, Mrs. Warren Roberts, Mrs. L. N. Hazood, Mrs. Dora Gibson, Mrs. Vivian Webb and Mrs. Calvin Whiting.

GIRL SCOUTS ARRIVE HOME

Troop No. 1, Glendale Girl Scouts, arrived at home Friday night after three strenuous days at Camp Baldy. Twenty members of the troop, accompanied by Miss Gladys Sharpe, the captain, made the trip, and all are tired, and sunburned, but report a very good time and no casualties. The most interesting thing accomplished by the girls was a mastering of the semaphore alphabet, and the night evening was spent at Camp Estelle Thursday when they hiked up and built a great bonfire in regular scout style.

COUNCIL LETS SEWER WORK

At an adjourned session of the City Council the Glendale councilmen yesterday afternoon awarded the contract for sewer work in Municipal Improvement District No. 3 to P. S. Tomich of Los Angeles. Mr. Tomich submitted a bid for \$29,808.10. The sewer is to be made of vitrified soft glazed clay pipe, which is manufactured by the Tropico Tile Works.

FIRST BAPTIST

The pastor, Ernest E. Ford, is back from his vacation and will preach at both services tomorrow. The Sunday school under the leadership of Roy L. Kent will open at 9:30. There is a hearty welcome for old and young. At the 11 o'clock service the pastor will preach from the theme, "United We Stand." At the close of the service the Lord's supper will be celebrated. The B. Y. P. U. will meet at 6:45 with Miss Sigrid Berg as leader, and will discuss the topic, "How to Make the Most of Our Bibles." The evening church service will commence at 7:45 with a song service, after which the pastor will speak from the theme, "Sample Christians." The pastor will be away from Monday until Wednesday at a "Pastor's Retreat," held by the pastors of the Baptist churches of southern California. He will be back for the Wednesday evening meeting, and will bring messages from the "retreat."

CENTRAL CHRISTIAN

Corner Louise and Colorado Sts. Clifford A. Cole, minister. Mr. Cole has returned from the east and will make a report of the national convention of the disciples of Christ at the morning hour of worship. At night, Willard F. Learned will preach the sermon. Following the sermon he will be ordained to the Christian ministry. All are invited to both services. Bible school at 9:30; worship at 10:30 and 7:45; young people's meetings at 6:30.

CENTRAL AVENUE METHODIST

Epworth League, 6:30 p. m. Harold Williams, leader. Everyone both young and old welcome. Rev. Brink will occupy the pulpit in the evening. Special music by Dr. Joseph Marple. Wednesday evening prayer meeting, 7:30 p. m.

MANY DIE, DAMAGE MILLIONS, FROM TEXAS FLOODS

San Antonio Water Swept and Much Property Destroyed; Military in Control

(Continued From Page 1) sources of information, however, declared this estimate excessive.

The exact number of deaths and amount of the loss here probably will not be definitely determined for several days. First efforts of the military was directed at rescue work and an effort to check the thousand and one rumors of casualties when the wall of water swept through the streets during the night with little advance warning.

Relief work for survivors began today. Citizens, soldiers and police started work of caring for women, children and men who barely had time to escape in their night clothes when the water came.

Plans for feeding, clothing and housing the victims were being drawn rapidly and city officials met to discuss relief measures at 11 o'clock today.

Search for Loved Ones. With relatives searching for loved ones from whom they were separated during the storm, soldiers today held crowds of curious back from many ruined districts. The military was almost in supreme control.

With organization of relief under way efforts shortly were turned toward getting word from other sections of south central Texas hit by the deluge of water. The cotton crop suffered heavily.

Rising to a height of five feet from a cloudburst over Olmos creek, water swept through the business district of the city into store rooms and through the residence parts, driving hundreds from their homes as a deluge of rain totalling more than ten inches was falling.

Abated precipitation today found the streets a mass of mud and water, and telephone service within the city so badly demoralized that communication with different parts of the town to check rumors of casualties that flew thick and fast was impossible. Police Captain Stevens was trying to check one rumor that fifty lives were lost which, with other reports, was unverifiable and doubted in many quarters.

Under Military Control

Although the city today was not under martial law it was under military control. Regular soldiers from the first infantry and twelfth cavalry were ordered out and placed in charge of the city at 2 o'clock this morning. Looting in the inundated districts was rife, according to the police reports.

Police were unable to get within three blocks of Baylor Hospital, but they were informed that no one was injured there, despite the fact residences for blocks around it were wrecked.

Women and children walked the streets in rain and mud soaked night clothing, moaning and weeping about their wrecked homes.

A United Press correspondent today, with the police, toured the northern section of the city where the flood hit first. It was a mass of wreckage, trees uprooted and merchandise of all kinds strewn about. Street cars were standing where they were abandoned by crews and passengers when the wall of water came. Stores were wrecked and automobiles were scattered through the thoroughfares.

Many Daring Rescues

San Antonio was thrilled today as the skies began to clear, by stories of daring rescues, narrow escapes and other deeds of heroism. Soldiers, in an effort to rescue a woman, swam two blocks through swirling currents and wreckage. One was hurled up against an apartment house and another wrapped around a telephone pole. They were rescued by residents of the third floor of the apartment house, who used bed sheets for life lines.

In the wrecked residence district the scenes were pitiful. In one instance a man and woman were forced to flee without their small baby. Its fate is unknown.

Bridges were washed out all over the city today. Travel on foot was impossible in some parts.

Food was the first need of victims of the stricken districts today. In Travis Park 200 citizens caught a milk wagon going by and confiscated the milk.

Report Good Progress In C. of C. Campaign

Good progress is reported by committees conducting the membership campaign of the Glendale Chamber of Commerce which is expected to bring the roll over 1000 by the first of October. Dr. Jessie A. Russell, one of the chairmen, is entertaining her committee tonight at her home.

E. F. Sanders, assistant secretary, reports that C. J. Hatz, proprietor of Hatz Specialty Shop, 132 South Brand boulevard, was so pleased with the results of the exposition that he has become a member of the Chamber of Commerce. This Glendale booster is another decided acquisition.

Old Map of Glendale Put on Display Here

An old map, recently unearthed from the early files of a Los Angeles office, is on display in the window of the Valley Real Estate company at 520 East Broadway.

The map was compiled from a survey of the Childs, Crow & Thom tract, completed in January, 1887, nearly thirty-five years ago, by W. F. McClure. The extreme limits of the survey were: First street (Lexington Drive), on the north; A street (Adams), on the east; Crow street (Lomita avenue), on the south; and Central avenue on the west, comprising in all fifty-seven blocks, thirty-six of which close to Glendale avenue were subdivided into lots.

Brand boulevard was then called N street, a sixty-foot imaginary belt in a barley field and orange orchard. The reading on the map is not unlike the present day subdividers' "dope," and runs as follows:

One of the finest locations in southern California, only six and one-half miles from courthouse. Pure mountain water in abundance will be piped through the streets and avenues of this beautiful tract.

"The Los Angeles and Glendale railway (now the Salt Lake line on Glendale avenue), will be completed, and running to the heart of this property inside of six months. A fine hotel will be erected near the center a prospectus of the hotel and grounds—now Glendale Sanitarium—are shown on the map and many private residences, stores, etc., are at present in the course of construction and many are completed. (About ten completed as shown by the map).

"Line of stages (horse drawn, of course) will make two trips daily from the office of Ben E. Ward, 4 Court street, Los Angeles.

"Terms of sale: Fifty dollars down when lot is selected; balance one-third within ten days after purchase; one-third in six months; and one-third in twelve months with interest and deferred payments at 8 per cent per annum at maturity.

"BEN E. WARD, General Agent, 4 Court St., Los Angeles.

"E. T. BYRUM, Local Agent, "Glendale."

GIVES LONGER LIFE TO MOTOR PLACED IN OLDSMOBILE

Finished Cylinder Bore Made Perfectly Round From End to End by New Method

It has long been recognized that in motor building some means should be devised which could insure a finished cylinder bore being perfectly round from end to end, and which would have a surface harder than that obtained by open machining or grinding, the processes used heretofore. It remained for Oldsmobile engineers to obtain the desired results by the ingenious method of "rolling" the cylinder bores. This is as follows:

A central spindle is surrounded by rolls which somewhat resemble roller bearings. Each roll is carefully measured with micrometers so that the whole forms a true circle. This is made to the true size of the desired cylinder bore and a previous machining operation on the cylinder wall allows from one-half to three-quarters of a thousandths metal on the diameter to be compressed by rolling.

Official Price List

The result is that the roll, which works in oil against the cylinder wall compresses the metal by crowding it back under expansion and gives it a hardness and a polished smoothness which is unobtainable by any other means or method. The result is much longer life to the cylinder walls, and insures a true bore.

The official price list announced by Peurrung & Pollock since the latest reduction on the Oldsmobile line follows:

Four, touring, \$1365; coupe, \$1895; sedan, \$2095.
Twin four, touring, \$1865; coupe, \$2440; sedan, \$2695.
Eight, touring, \$1985; coupe, \$2930; sedan, \$2930.
Six, touring, \$1720; roadster, \$1720; coupe, \$1895; sedan, \$1995.

Edsel B. Ford Tells About Re-adjustments and States Demand Shows Increase

Edsel B. Ford, president of the Ford Motor company, makes the following announcement: "We are making another reduction in the prices of Ford cars and the Ford truck, effective September 2. The new prices average \$70 under former prices, and are the lowest at which Ford cars and trucks have ever been sold. List prices, f. o. b. Detroit, are now as follows:

	New Price	Old Price	Amt. of Reduct'n
Chassis	\$295	\$345	\$ 50
Runabout	325	370	45
Touring car.	355	415	60
Truck	445	495	50
Coupe	595	695	100
Sedan	660	760	100

"This is the third price cut during the past twelve months. On September 22, 1920, the price of the Ford touring car was reduced from \$575 to \$440; June 7 to \$415, and now to \$355, making total reductions in this type of \$220, or 38 per cent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford sedan was \$975; today it lists at \$660 with the same equipment.

Buy at Right Price

"We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times. People are interested in prices, and are buying when prices are right.

"The production of Ford cars and trucks for August again broke all previous records with the total reaching 117,696. This is the fourth consecutive month in which our output has gone over the hundred thousand mark, the total for the four months being 463,074, which has gone a long way in making possible the present reductions. June this year, with an output of 117,247 was the previous record month.

"One noteworthy feature of our sales is the increased demand for Ford trucks and cars for salesmen. This class of commercial business has been gradually increasing the past six months and we interpret it as a very good sign of improvement in general business.

"No reduction has been made in the price of the Fordson tractor, and none is contemplated."

William S. Hart In 'The Whistle' Given Last Time Tonight

Today offers the last opportunity for film fans to see William S. Hart in "The Whistle" at the Palace Grand in conjunction with Miracles of the Jungle and other numbers. Hart displays a new line of dramatic action in the feature.

What makes a successful wife? This is the question that Maurice Tourneur will answer in his newest photoplay to be presented at the Palace Grand tomorrow and Monday. The photoplay is an elaborate picturization of Don Byrnes' novel, "The Foolish Matrons," which has been made into a screen play under the direction of Maurice Tourneur and Clarence L. Brown.

There are many thrills in "The Idol of the North," a Paramount picture starring Dorothy Dalton, which also will be shown on the same bill for those who appreciate virile screen plays. The author, J. Clarkson Miller, spins a fabric of life in the Canadian Northwest with its rough and ready atmosphere of the days when gold seekers crowded the "trail" to Alaska.

Henri Monnett, who plays the Warlitzer organ, is another worthwhile attraction on all programs.

Lee Thomas Reports Several Home Sales During Past Week

Lee Thomas reports several sales for the past week.

Mr. and Mrs. Fred Root of 401 West Elk avenue have sold their home to Mr. and Mrs. Ralph Reese of Los Angeles, who will take possession of the property next week.

Mr. and Mrs. G. F. Herms of 115 West Elk avenue have sold their property at that address to Mrs. Ruby Wayne of Phoenix, Arizona. Mrs. Wayne is the proprietor of a large sanitarium in Phoenix, but she is planning to build an apartment house in Glendale and make this her home.

Other Phoenix people who are coming to Glendale are Mr. and Mrs. Albert Gafford, who have purchased a house here and will arrive to take possession in the next few weeks.

MRS. C. G. WOODS HOSTESS

Mrs. C. G. Woods of Grand View avenue has been entertaining a great deal of late in honor of her daughter, Mrs. W. W. Simpson of Pittsburg, who has been her summer guest. Thursday Mrs. Woods served a very dainty luncheon in her honor, the guests being Mr. and Mrs. Samuel Wilson of Santa Monica, W. W. Bush of Santa Monica, Mrs. Lou McKelvy of Los Angeles, all these people being former residents of Pittsburg. Charles Woods, Addison McKelvy, Mrs. Lenore Miller and the guest of honor, Mrs. Simpson. Pink carnations were used to center the table and pink and white were used as the leading colors in the favors.

VISIT AT CHAPTER MEETING

Following the regular meeting of Glen Eyrle chapter, Order of the Eastern Star, which met last night in the Masonic Temple, a party of officers and members, including Mr. and Mrs. W. W. Worley, Miss Blanche Davenport, Miss Mae Cornell, Mrs. Mae Warrick, Mrs. Beckett, Mrs. Lamb, Mrs. Townsend Clark, Mr. and Mrs. F. H. Vesper and Mr. and Mrs. E. R. Naudain, motored to Burbank to attend the matrons' and patrons' night given by that chapter.

KILLS WIFE AND HIMSELF

Wearing a false beard as a disguise, Edmund Routt, aged 72, shot his 36-year old bride at Long Beach last night and then committed suicide. The woman, Mrs. Carrie Routt, a trained nurse, will live. Five children are living with their mother. Since separating from his family last spring Routt had followed the trade of carpenter in Pasadena, Glendale and Universal City, it is reported. He is practically unknown here.

LEAVES FOR WILCOX, ARIZ.

Miss D'Estel Tremaine, who has been the guest of her sister, Mrs. Edgar Smith of 504 Fairmont drive, left Friday for Wilcox, Ariz., to take up her work as a teacher in the high school there. Miss Stella Tremaine, another sister, sailed August 31, on the Golden State, for China, where she will be stationed in the Christian Church Mission at Nanking for the next five years.

ELECTRICALLY LIGHTED

Two electrically lighted lobby display racks have been installed at the T. D. & L. Palace Grand theatre here by Manager N. J. Fleming. These will add atmosphere of the metropolis to the popular photoplay house.

Do You Ever Stop and Think
What Does Your Battery
Do For You?

It cranks your engine, saving your strength, your disposition, and perhaps a broken arm.

When your engine starts it provides the spark so necessary to make it run.

It lights your road, making night driving as safe and comfortable as by day.

It sounds your horn, keeping your road clear, and is ready and waiting to do many other things for your comfort, even to warming your hands or lighting your cigar.

And all that it asks in return for all this is a drink—not the half-dollar kind, but just plain, pure water that costs you nothing—and yet so many of us forget and neglect this one little thing.

This is our job—not only to provide for your battery's needs free of charge, but to keep you from forgetting, and is but one of the new ideas of Westinghouse Service. Our other ideas are just as good.

HEAVY FALL MOTOR TRAVEL TO SOUTH IS PREDICTED

Inspection Work Completed by
Auto Club In Anticipation
of Influx of Tourists

In preparation for what is believed will be the heaviest fall motor travel southern California has ever experienced, the touring bureau of the Auto Club of Southern California has just dispatched an inspection car to Salt Lake city to secure the latest road dope on all way points.

Yesterday marked the completion of inspection tours covering the San Jacinto mountains, San Diego, Riverside, San Bernardino, Orange, Los Angeles, Ventura, Santa Barbara, San Luis Obispo and Monterey counties.

Conditions Excellent

According to the club's report, touring conditions for the fall rush are excellent in the majority of instances on the county highways. Conveniences for securing gasoline, oil and service were never better en route, it is also pointed out.

The north wall of the Grand Canyon and Zion and Brice's canyons will be included in the Salt Lake inspection tour over which the car left this part of the state yesterday. It will cover 3700 miles in securing road information to be used by local motorists.

Interest also centers in what will be discovered regarding the route conditions through Westgard Pass and Tonopah. Montgomery pass will likewise be inspected.

Cover Many Miles

To date this year, auto club cars have covered 89,000 miles in securing road information which has been used by southern California auto owners in making vacation and trans-continental tours, thus establishing a record for service among the automobile clubs of the United States.

There have been 142 cars passing toward California daily over the Santa Fe Trail since May 1, according to a check kept at the Topeck bridge over the Colorado river at the California-Arizona boundary line. Recent storms, however, have caused a slight falling off in this number, says the club.

A bat cannot rise from a perfectly level surface.

Son of President of Edison Company Fined for Speeding

Proof that Police Judge F. H. Lowe "takes 'em as they come," was shown when he fined Morris B. Miller of Los Angeles, son of John B. Miller, president of the Southern California Edison company, \$15 for speeding through Glendale at a thirty-five mile clip. Miller paid the fine.

E. W. Avery of Los Angeles was fined \$20 for driving along Verdugo road at forty-five miles an hour. Twenty-four other traffic violators were fined at the same session.

At a special hearing Wednesday, Leo Brasher of Los Angeles, accused of attempting to drive an automobile while under the influence of intoxicating liquor, was bound over to the superior court where he will be held to answer. He was released on a cash bail of \$250.

Offers Some Good Buys In Motorcars, Used, Various Makes

The Glendale Nash Sales, 207 North Brand boulevard, is offering some classy "buys" this week-end in the way of used motorcars of many makes. There also are a few cheap machines in the lot which have been taken in on trades for the Nash cars at new prices, according to E. B. Sutton, who reports "business is good."

New Auto Service and Washing Station

F. E. Litzenberg has just opened a business under the name of the Glendale Auto Park and Service station at the corner of East Wilson and Brand boulevard, and will specialize in the storage, washing, polishing and greasing of cars.

A night and day service will be inaugurated, whereby a business man or car owner who uses his car during the day can leave his car at night and have it washed, polished and all ready for use in the morning.

FIRE EXTINGUISHER NEEDED

By all means carry a small fire extinguisher in your car, and keep it in some place where it is easily accessible. Besides lowering the insurance rate it gives you a feeling of confidence. In case a fire starts around the carburetor begin at the bottom and work up. If there is burning gasoline on the ground under the car put that out first, otherwise it will set fire to the gasoline above as fast as you extinguish it.

CHAFFEE'S ANNIVERSARY SALE, Sept. 10-30

ANNOUNCING THE APPOINTMENT OF The MONARCH COMPANY as Distributors for Glendale and Vicinity for R. S. P. VALVES

for all makes of motor cars. This is the first complete stock of valves ever put in Glendale—and the Rich Steel Products Company is the largest valve and tappet manufacturer in the world and its products are known and accepted as standard.

The valve is the heart of the motor. Lack of power, loss of compression, overheating, missing and kindred engine troubles are all traceable to worn valves, valve stems and guides. The intense heat of the internal combustion engine and poor lubrication make the valve stem wear quickly. New valves, usually with oversize stems, afford the only remedy for these troubles.

RSP Valves are forged of special alloy steel, heat treated and ground to precision. They withstand the heat and give the maximum of service.

LOCAL AUTO RACERS MAKE READY FOR SPEED CONTEST

Eddie Winfield, Sam Durand
Making Preparations for
Big Race at Hanford

Eddie Winfield and Sam Durand, local garage men and automobile racing enthusiasts, are spending much time preparing their "Wonder Ford" racer for the speed classic to be held at Hanford on September 24. The race, which will be a fifty-mile race-for-all, is being staged by the Kings County Fair association and will mark the last big event of the county fair, which will last throughout the week preceding September 24.

Between five and ten thousand racing fans are expected to be present at the speed contest, which will be run under the official sanction of the American Automobile association, the only recognized automobile racing organization in the country. No limit has been placed on the size of the competing machines, and it is understood that some of the fastest four-wheeled creations in the west will start in the race. Several professional racing drivers have already sent in their entry blanks, therefore assuring the success of the event.

Cash Prizes Hung Up

Fourteen hundred dollars is the purse that has been set on the race by the officers of the Kings County association, this being one of the largest cash totals that has ever been offered the winners of races in Hanford. That amount will be divided between the first three drivers, as follows: First, \$750; second, \$400; third, \$250.

The "river" which the local racers are planning to drive in the

W. C. Wyckoff and Party Return From Long Motor Journey

W. C. Wyckoff and party of 600 North Adams street have returned this week from a long motor journey which took them to Portland, Crater Lake country and other northwestern points of interest.

Mr. Wyckoff drove his 1920 Studebaker Big Six and besides accommodating seven and eight people with their baggage, the sturdy machine towed a trailer with a complete camping outfit. He reported to the Packer Auto company yesterday that his trip throughout was without mishap and that he had spent nothing for the mechanical upkeep of the car other than oil, gas and tires.

In the matter of gasoline consumption, Mr. Wyckoff states that the Studebaker made twelve and fourteen miles to the gallon and when one considers the load it was pulling, the Packer Auto company has a right to boast about the trip.

coming contest is the same one that caused so much comment in Hanford automobile circles on July 4, when it finished second in the Independence Day Sweepstakes, among a field of twelve starters. Its average speed of over sixty-three miles per hour in that race enabled the local men to nose out several well-known drivers before they were stopped by the checkered flag. It is being "laid for" in the coming race.

LOOK AT YOUR AMMETER!

If you have not yet got into the habit of watching the ammeter, do so without delay. It is the watchdog of the battery and tells the observant motorist nearly everything that is taking place. At ordinary speeds the ammeter should show charge, and even with all the lights going there should still be an ampere or two of current passing into the battery. When the engine is stopped and the lights out the ammeter should stand at zero. If it indicates a discharge there is a short circuit.

Waterpipes of lead were first made in 1236.

Blames Exposition for Taking All of His Popular Models

"The only fault I have to find with the Greater Glendale exposition of last week," said Ray L. Galvin representing Tanner & Hall, Ltd., of the Buick agency, "is the fact that we have sold out of the popular models of cars. Here we have orders at hand which we can't deliver for a few days."

All of which would indicate that Buick bats like Babe Ruth insofar as local motorists are concerned.

An electric storage battery reconvertive, almost automatic in operation, is giving excellent results in a coal mine in Europe.

TOUR TWO MONTHS WITH FORD SEDAN; EXPENSE LIGHT

S. L. Gillan Arrives Here and
Gives Some Facts, Figures
on Remarkable Journey

S. L. Gillan of 203 West Maple street, Glendale, has recently completed a transcontinental tour with his family, according to Jesse E. Smith, Glendale authorized Ford dealer, that will be of interest to all Ford owners.

The trip took exactly two months from the time the party left their home in Washington, D. C., until they reached their new home in Glendale.

Mr. Gillan, his wife and four children made the trip in a Ford sedan, camping thirty-seven nights on the way. The four children slept in the car and he and his wife slept in a tent on an army cot. They did not stop at hotels at all.

The family of six came out to California via the Old National road, which is the first road ever constructed into the interior. The Old Cumberland trail was followed from Baltimore to Indianapolis. They stopped for ten days in Chicago and two weeks in Minneapolis.

Five Days in Yellowstone
From Minneapolis to Fargo, N. D., they travelled over the Reid trail, through North Dakota by Yellowstone trail to eastern Montana and Yellowstone National park and spent five days there.

From there they drove to Boulder county, to Helena, through Preist Pass and to Missoula, then over Bitter Root mountain to the Cover De Leve section of Idaho.

From there their trail led to Spokane and through Oregon and via the Columbia river highway to Portland, then from Portland down the coast to Los Angeles and Glendale.

The party was only delayed eight hours for repairs during the entire 5693 miles. Once for rear axle trouble for three and a half hours, another time for bearing connecting rod an hour and a half and for a broken spring three hours.

Some Figures Are Given
Firestone and Fisk tires were used and blowouts were few and far between. Only \$3.45 was spent on tires during the entire trip. The total weight of the car with six passengers and luggage was 3100 pounds and from their weight it was remarkable that only 286 gallons of gas and 102 quarts of oil were used. Twenty miles to the gallon of gas being the average and fifty-five miles to the quart of oil.

The cost of all repairs, that is the three broken parts mentioned, was \$59.90.

In the east camping sites were rare and around Chicago an actual novelty. However, farther west better and better camping grounds were found, California providing the best of all.

"If you want to drive your family back east, do it cheaply and enjoy the trip immensely, buy a Ford sedan," says Mr. Gillan.

HERE'S A TIP ON CLEANING
Never use a cloth to wipe dust off the fine finish of the car. This dust is a fine grit, and the cloth grinds it into the surface so that it soon becomes dull. Use a fine hair duster if you are in a hurry, but the best way to remove dust is to flow water over it. The first flow softens the dust and mud, and the second flow of a high-grade linseed oil soap is used to finish the cleaning, the whole surface being thoroughly rinsed before drying with a chamois cloth.

INDIANAPOLIS, Ind., Sept. 10.—Four motor bandits, three white men and a negro, held up the Beech Grove State bank near here and escaped with between \$25,000 and \$30,000.

—that's because of its remarkable motor and the smooth power that it unfailingly delivers.
And the car is as graceful as it is powerful—it speeds over the hills, on the boulevards or through the city traffic with equal ease—speed from 5 to 70 miles.
And price—say, at the new price it's a wonder—just the car you have been looking for—only

Pure White Canines Will Be
Shown; Other Good Acts
on Vaudeville Bill

Jack Roshier and his personally trained pure white canines, one of the cleverest animal acts that has ever toured the Keith, Orpheum and Pantages circuits, comes to the Glendale Theatre here tonight heading another unsurpassable Meiklejohn & Dunn vaudeville road show.

That "kill-care couple," George and Marie Browne, who are known the country-wide for the clean comedy and happy singing, will divide honors with three other acts. Williams and Burns, blackface bearcats when it comes to singing and dancing, offer a spasm lasting fifteen minutes entitled "You Tell 'Em First." Bob Mathews will add novelty with his juggling and tricks while "Vaudeville Moments," a clever number, concludes the big bill except for the feature picture which is thrown in for good measure at the regular prices which is bound to bring out a record crowd.

Appears in "Short Skirts"
Gladys Walton will appear today only in "Short Skirts," a photoplay in which kittenish grandmothers and sophisticated granddaughters are cleverly "kidded" in the prologue while in the act of the piece this Universal pippin knocks a brittle old man out from under his hat. The problems of a mother with a modern girl are treated in an amusing way that combine with the vaudeville to give both old and young an undoubtable evening of pleasure.

Tomorrow and Monday Shirley Mason in "The Lamplighter" is the featured attraction on the film program.

Holy Family Parish Fair to Be
Held October 6, 7, 8;
Many Unique Ideas

On Thursday, Friday and Saturday, October 6, 7, 8, the Holy Family parish of Glendale will put on a pre-holiday bazaar. Rev. James S. O'Neill, who has been the faithful leader of this parish for fifteen years, is wrapped up heart and soul in the success of this venture.

The new church building at the corner of Elk avenue and Louise street, Glendale, will be used for the bazaar. This is an opportunity to get acquainted with the new church of Glendale, as well as to get an idea of what a wonderful edifice Glendale has erected to the honor and glory of God. As yet the building has not been consecrated as a church, therefore the reason for its use for the bazaar.

Elaborate arrangements are under way and nothing is being left undone to make this a grand social and financial success. Mrs. J. O'Neill Farrell is executive chairman.

Booths Are Assigned

The following booths have been decided upon and assigned to the following persons:

- Candy booth, ladies of Y. L. I. Fancy table, Mrs. Zimmer.
- Country store, Mr. McLaughlin.
- Ladies' contest, Mrs. Clark.
- Men's contest, Miss McCouvey.
- Entertainment, Miss Vogel, Mr. Touhey, Mr. Albricht.
- Children's booth, Mrs. Blummel.
- Cooked food, Mrs. Reed Heustis.
- Ice-cream, coffee and sandwiches, Mrs. Bishop.

There are many wonderful ideas to be put over at this fair, the details of which have not been worked out. Handsome, valuable and useful prizes will be given away to the subscribers to the church fund. In return for the subscriptions will be given tickets with numbers on them. These prizes will go free to the person fortunate enough to hold the lucky ticket. Suggestions, ideas and fun-producing amusements without number are being worked out in detail.

It Will Be Big Affair

The committee in charge of the event says:

"The Holy Family Church bazaar is going to be a gala affair, you cannot afford to miss it. With the thought ever in mind that for every dime you spend you are contributing to the greatest and most charity of all; a monumental testimony to the greatest sufferer in history.

"Remember the dates, Thursday, Friday and Saturday, October 6, 7, 8, at the new Holy Family church building.

"Admittance is free—no one is barred—everyone welcome—meet at the bazaar."

RETURNS FROM TRIP NORTH

Mrs. S. B. Stuart, accompanied by her thirteen-year-old son, Charles, has just returned to her home at 817 North Louise street after a ten weeks' business visit at Chehalis, Washington. Mrs. Stewart made the trip by motor and unaccompanied by anyone beside her son. She made the return trip from Tacoma to Glendale in eight days.

**Resolution of Intention
NO. 1234**

RESOLUTION OF THE COUNCIL OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE MILFORD STREET AND CERTAIN STREETS AND ALLEYS INTERSECTING THEREWITH IN THE CITY OF GLENDALE AND DESCRIBING THE DISTRICT TO BE ASSESSED TO PAY THE COSTS AND EXPENSES OF SAID IMPROVEMENT AND PROVIDING BONDS FOR THE PAYMENT OF SAME.

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1—That the public interest and convenience require and it is the intention of the Council of the City of Glendale to order the following work and improvement to be done, to-wit:

First—That Milford Street between the most westerly line of Brand Boulevard and the easterly line of Central Avenue, including all intersections of streets and alleys, except those portions as are already graded to the official line and grade, be graded to the official grade herebefore established therefor, the same to be done in accordance with Plans and Cross-sections No. 419, Profile No. 782, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Second—That a cement sidewalk of the width of five (5) feet be constructed along each side of Milford Street from the most westerly line of Brand Boulevard to the easterly line of Central Avenue, except where sidewalk is already constructed to the official line and grade. Said work to be done in accordance with Plans and Cross-sections No. 419, Profile No. 782, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

**Officers Are Chosen
by Intermediates of
Presbyterian Church**

The Intermediate Society of the Glendale Presbyterian church held its last business meeting at the home of Miss Inez Harrison on North Maryland avenue, Friday night. The semi-annual election of officers was the most important business of the evening, those selected to carry on the work of the society for the coming year being:

Mildred Elliott, president; Mary Simpson, vice-president; Mary Stanley, recording secretary; Olive Rapp, corresponding secretary; Graham Tinning, treasurer; Emile Bullue, quiet hour; Paul Edmonds, tenth legion; Percy Jewell, lookout; Louise Hoyt, prayer meeting; Gertrude Heidemann, missionary; Mildred Thompson, social; E. L. Cooper, whatsoever.

At the close of the business session the social committee took charge of the meeting and the thirty-three members present were given a most delightful entertainment which included a luscious watermelon feed.

Third—That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications, be constructed along each side of the roadway of Milford Street from the most westerly line of Brand Boulevard to the easterly line of Central Avenue, including all returns at all intersecting streets or alleys, except where said curbs have already been constructed to the official line and grade. Said curbs shall be constructed in accordance with plans and cross-sections No. 419 and Profile No. 782, and in accordance with Specifications for said work adopted by a Resolution of the Council of the City of Glendale and known as Specifications No. 31.

Fourth—That all of the roadway of Milford Street between the curb lines from the most westerly line of Brand Boulevard to the easterly line of Central Avenue, including all intersections of streets and alleys be paved with an oil macadam pavement five (5) inches in thickness in accordance with Plans and Cross-sections No. 419, Profile No. 782, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

SECTION 2—That said contemplated work or improvement in the opinion of said Council is of more than local or ordinary public benefit and will affect and benefit the lands and district hereafter described and said Council hereby declares that the district in said City of Glendale benefited by said work or improvement and to be assessed to pay the costs and expenses thereof is all that portion of said City included within the following exterior boundary lines, to-wit:
