GOVERNMENT OWNERSHIP

Will Be Included in the Next Democratic National Platform According to Mayor Dunne.

(Associated Press.)

Cleveland, O., June 12.—Mayor Edward F. Dunne, of Chicago, and Clarence S. Darrow, his legal adviser in street car municipal ownership matters, left here last night for Chicago after a two days' conference with Mayor Tom L. Johnson. Several street railway experts were present at the conference at the request of Mayor Dunne, who hopes to launch successfully the first municipally-owned street railway in the country.

To-day Mayor Dunne made the statement without qualification that the next Democratic national platform would

have a plank calling for the government ownership of railroads. The conference of Saturday and yesterday were partly along these lines.

Mayor Dunne, supported by Mayor Johnson, will go into the next national convention to make a fight for the government ownership plan.

It is believed that they will have the support of Wm. Jennings Bryan, Mr. Bryan having already emphatically declared for government ownership of railroads.

ENTERTAINING LUMBER DEALERS.

(Associated Press.)
Bellingham, June 12.—The excursion of Nebraska lumber dealers reached here late last night and is being entertained to-day with excursions among the islands of the Sound and elaborate salmon bake for dinner.

THE PROGRESS OF NEGOTIATIONS

RUSSIA WILLING TO APPOINT REPRESENTATIVE

No Foundation for Rumor of Hitch M. Witte May Take Part in Proceedings

(Associated Press.)
St. Petersburg, June 12.—4.30 p.m.—Russia's official reply is now on its way to Washington. Foreign Minister Lamsdorff transmitted it to Ambassador Meyer, and later the ambassador had an interview with the foreign minister at the foreign office.

THERE IS NO HITCH IN NEGOTIATIONS.

St. Petersburg, June 12.—All the attempts to create an impression that there is the slightest hitch in the preliminary negotiations are absolutely without the shadow of a foundation.

Foreign Minister Lamsdorff has formally notified several of the plenipotentiaries to see whether it is possible to agree to terms of peace is assured.

Now that Russia has received formal notification that Japan has sent an official and favorable reply to President Roosevelt's message, the Russian official press feels that it is in a position to state positively that it will fully respond to the President's message.

There does not seem to be the slightest warrant for the gratuitous idea that some correspondents are putting out that Russia is only desirous of ascertaining the Japanese conditions, and at the same time gain a better position for her army in Manchuria.

AMBASSADOR'S VISIT TO PRESIDENT ROOSEVELT.

Washington, D. C., June 12.—Count Cassini, the Russian ambassador, had a half hour's conference with the President to-day. At its conclusion Count Cassini returned to his embassy, declining to discuss in any way the object of his visit.

Later it became known officially that Ambassador Cassini called to express the Russian government's consent to the President's proposition and to state that Russia would appoint plenipotentiaries to meet the plenipotentiaries of Japan to discuss the question of peace. The place of meeting at present is being discussed.

WILL M. WITTE REPRESENT RUSSIA?

St. Petersburg, June 12.—M. Witte, president of the committee of ministers, is leaving St. Petersburg for abroad in two weeks. This very significant announcement is coupled with the statement that he is going "on public business." His visit was instantly associated with the peace negotiations, and it is possible that Emperor Nicholas has decided if a reasonable basis for negotiations is offered by Japan to make use of the service of the ablest and strongest personality in the empire.

It being Monday, the papers print only telegrams to-day; but the Vremya makes room for a remarkable editorial which may be inspired depreciating optimism among the diplomatists at the present moment, "unless Japan under the slogan of 'Asia for the Asiatics' should recognize that Russia in her origin, history and destiny, is an Asiatic as well as an European power and be ready to conclude not peace but an alliance." The Vremya writes that it has always preached the doctrine that Russia is the bulwark of Europe against the Yellow Peril.

The editorial attracted instant attention. The paper dwelt on the idea that Russia barred from the West, and following inexorable laws must spread eastward to reach her natural boundary warm water. It refers to her conquests on her right flank over the tribes of Turkestan and Central Asia, and concludes: "If Japan can only recognize that Russia must remain an Asiatic power as well as herself a durable and permanent peace is possible."

The reformers breathed a sigh of relief over the announcement in the Gazette that M. Pobonostoff, procurator general of the Holy Synod, has sufficiently recovered his health to go abroad and try a course of treatment.

DISPATCH RECEIVED FROM AMBASSADOR.

Washington, D. C., June 12.—Assurance is given here by the highest officials that there is no hitch in the peace negotiations and that reports to that effect are entirely without foundation.

A long cablegram was received from Ambassador Meyer at St. Petersburg late Saturday night which was not deciphered at that time. The contents have not been made public, but it is believed that Mr. Meyer indicated the responsive form which he expected Russia's answer would take.

RUSSIANS CONFIDENT OF ABILITY TO BEST JAPS.

St. Petersburg, June 11.—11.30 p. m.—Evidently the idea that the Zemsky Zabor is to be called to decide the question of peace or war has spread.

that the army is in fine condition, well provisioned and confident of its ability to beat the Japanese. As an evidence of the excellent sanitary conditions prevailing, the correspondent says that 280 officers and 7,300 men have been sent to the rear for sickness during the month of May. General Linevitch, the correspondent says, is 67 years of age, is in the best of health, and is able to spend whole days on horseback. His confidence and enthusiasm of the indefatigable general, who devotes much time to personal inspection, is inspiring the soldiers with fighting spirit.

BINDER TWINE.

Increase of Bounty as Protection Against Operations of American Combine.

(Special to the Times.)
Ottawa, June 12.—It is expected an increase of bounty for binder twine will be announced in the budget. The International Harvester Company is reported to be quoting prices to crush Canadian and domestic consumption. It is anticipated some duty may be imposed on cream separators, which are now on the free list.

Nova Scotia Bench.

Attorney-General Longley of Nova Scotia has been appointed to the Supreme court of Nova Scotia.

Medals and diplomas have been conferred on Canadian officials who took part in the Louisiana purchase exposition, as well as upon several Canadians of note.

THE WAGES OF THE MINERS AT NANAIMO

Manager Stockett Denies Company Have Made Reductions—Objects to Meeting With Alien Organization.

(Special to the Times.)
Nanaimo, June 12.—Manager Stockett, of the Western Fuel Company, is to-day with another statement on behalf of the company, denying the contention that the company has cut down the wages of workers, and says that figures show that to-day the average earnings per shift of all contract miners in No. 1 mine were greater in March, April and May this year than at any time since the Western Fuel Company took hold. During 1903 the average was \$3.51 per shift, while in March this year it was \$3.75, in April \$3.79 and in May \$3.78. The average daily earnings compared favorably with any mine in the country. The company would have been content to have continued under the old system from the foot of the shaft to the foot of the shaft, but under the changed conditions felt it not unreasonable to ask the men to bear part of the handicap for the time consumed in travelling to and from work. It is evident from his remarks that the United Mine Workers will not be able to treat with the company, for he says:

"The officers of the company are always ready and willing to discuss matters of mutual interest with the employees, either individually or as a committee when the latter represent the workers, but its policy is unalterably opposed to discussing with or treating through an alien organization which seeks to dominate the employees and interposes itself between the company and its employees so as to prevent its meeting and treating directly with its employees with the utmost freedom."

The local management, he maintained, had hope when it secured the consent of the company to the scheme for taking the men down Protection Island shaft that it had bridged the difficulty and had showed a willingness to meet the men equitably. The proposition, however, had been rejected, and nothing accepted to remain but to suspend operations completely until conditions are more favorable for resumption.

D. Livingstone, delegate to the Western Federation, has returned, and to-day will see Mr. Stockett in the hopes of being able to come to some settlement. The United Mine Workers have been unable to effect anything with the company or to secure recognition. The company had hitherto, however, recognized the Western Federation.

In the meantime Nanaimo is utterly dead since the closing of No. 1 mine, and the pay day last Saturday was the dustiest of the kind seen here for many a long day.

Proposal to Government.

Nanaimo, June 12.—J. H. Hawthornthwaite has submitted a proposal to the government to the effect that the mines be opened forthwith, and that the government appoint a commission to inquire into the operation of the act. If the Western Fuel Company is at a disadvantage compared with mines operated by a tunnel that the government rebate a percentage of the royalty, not exceeding twenty per cent., to cover the loss. It is believed the government is considering the proposal in executive to-day.

CHALLENGE ACCEPTED.

Washington Infantrymen Will Meet Teams From Vancouver Regiment in Rifle Match.

(Associated Press.)
Olympia, June 12.—Capt. McHarg, on behalf of the Sixth Regiment, Duke of Cornwall's Own Rifles, has sent a challenge to the Adjutant General of the National Guards of Washington for a friendly rifle contest between teams of ten men of the Canadian regiment and the same number from the Second Infantry Regiment, Washington. The challenge is accepted for the contest to occur on July 20th at Vancouver.

RAILWAY OFFICIALS RELEASED ON BOND

PENDING JUDGMENT IN DEPORTATION CASE

Interesting Reports on Church Affairs Submitted to the Presbyterian General Assembly

(Associated Press.)
Toronto, June 12.—Argument in the Pere Marquette railway alien labor immigration case was concluded here this afternoon. Justice Anglin making a couple of days for consideration. For the government, Mr. Shepley, K. C., contended the Dominion authorities had power to pass legislation restricting immigration. The two officials under detention have been released on the bond of Col. Sherwood that he will produce them when called upon to do so.

Man Drowned.

Medicine Hat, June 12.—A. W. Green, a well-known business man, was drowned in the Saskatchewan river yesterday. His horse backed off the ferry boat while crossing the stream. His two-year-old boy was in the rig with him. He tossed the child to a bystander, and went into the water with the buggy. When a considerable distance from shore he jumped out and was swept away by the current, and, being unable to swim, was drowned. The sports scheduled to take place at the C. M. R. camp, to which Green was going, were postponed.

Champions Won.

Galt, Ont., June 12.—The Ontario association football team, Olympic champions, played the Westmount team, local champions, here on Saturday, defeating the latter in a fine, closely-contested game by a score of 2 to 1. The return game will be played in Galt on July 1st.

Sudden Death.

Winnipeg, June 12.—Jacob Knittel, proprietor of the Carlyle hotel, Carlyle, Manitoba, was found dead this morning. Apoplexy was the cause of death.

General Assembly.

Kingston, Ont., June 12.—The general assembly resumed this morning. It was announced delegates from the Church of Scotland would likely be present, and address the assembly at four this afternoon. The report of the finance committee of the eastern section shows receipts of \$95,228.42, a decrease of over \$8,000. The report of the committee on Sabbath school publications showed that the Canadian Presbyterian publications are gradually displacing American publications.

The request of the Prince Albert Presbytery to be divided with power to grant the request. Like requests from the Presbyteries of Minnedosa and Melita were granted, as the requests had been supported by the synod of Manitoba. The report of the committee on Sabbath observance and legislation recommended the work of the Lord's Day Alliance to all members and adherents of the church. A recommendation was added calling upon parliament and legislatures to pass effective Sunday legislation as soon as possible. The report of the committee on statistics showed an increase of four hundred and fifty self-sustained congregations during the past year; the total number of families 125,780, an increase of 3,604, or a total of Presbyterian population of 232,734. Dr. Torrance made reference to the difference between the assembly and the government's statistics as to the Presbyterian population in Canada. The latter returns showed nearly 200,000 more Presbyterians in the Dominion than the assembly has record of. It was said not much reliability was to be put upon government statistics, but Dr. Torrance said there were no doubt thousands of Presbyterians, of whom no record was kept, in various villages, towns and cities of the Dominion.

May Lose Eyesight.

Toronto, June 12.—Alfred Bromley, lithographer, is threatened with the loss of eyesight as the result of an explosion of dynamite in his workshop on Saturday. His 7-year-old son, who was standing near by, was also blinded, but has since been able to see, and will recover, but the doctors are doubtful of the father's condition.

Will Hold Postmortem.

Peterboro, Ont., June 12.—Frederick J. Hudson, proprietor of the Royal hotel, died on Saturday night. On the evening of June 1st Hudson was assaulted and struck on the head, it is alleged, by an elderly farmer named Patrick Macmillan. This is supposed to have caused death. A postmortem examination is being held.

SHOT HIMSELF.

Former Lawyer of Buda Pest Committee Suicide at Niagara Falls.

(Associated Press.)
New York, June 12.—Mr. Szentlmy Ebeiner, who committed suicide at Niagara Falls yesterday, was a practicing lawyer in Buda Pest, Hungary, up to a short-time ago. He was sent to this country by his parents, it was learned to-day, to prevent his marriage to a widow. He came here accompanied by a young woman cousin, and both obtained employment in a Broadway restaurant. Yesterday he asked the girl to accompany him to Buffalo, but she refused to do so. The young man went alone and last night his body was found lying on Inspiration Point at Niagara Falls, where he had shot himself.

THE TEAMSTERS' STRIKE.

No Peace Negotiations in Prospect—Convention in Chicago.

(Associated Press.)
Chicago, June 12.—The third annual convention of teamsters of the United States opened here to-day. More than 100 delegates, representing associations of employees in New York, Boston, Grand Rapids and Philadelphia, have arrived to participate in the sessions. The teamsters' strike will probably be discussed. With the possibility of extension of the strike out of the way for the present at least, there was nothing in sight to-day to warrant the belief in any change in the situation. No peace negotiations were in prospect, and it looked as though the strike would be allowed to drag along.

FAST RUNNING.

Engineer Says His Train Covered a Mile in Thirty-Five Seconds.

(Associated Press.)
Chicago, June 12.—On its initial run from New York the Pennsylvania railroad 18-hour flyer, the fastest long distance train in the world, arrived in this city at 8.52 o'clock this morning, three minutes ahead of schedule time. Miles were frequently reeled off in from 44 to 50 seconds. Already the Pennsylvania railroad officials are discussing the possibility of reducing the running time between Chicago and New York to sixteen hours.

Eastbound Run.

New York, June 12.—The first eastbound train of the Pennsylvania railroad's new 18-hour service between New York and Chicago, arrived in Jersey City at 9.22 a. m. to-day, three minutes ahead of scheduled time. The running time of the train from Chicago to Jersey City was 17 hours 37 minutes. Twenty minutes is allowed for ferriage from Jersey City to Manhattan. The engineer of the train on arriving said that a short distance east of Hobart, Ind., the train covered a mile in 35 seconds.

FRENCH CABINET CHANGES.

Premier Rouvier May Relinquish Portfolio of Foreign Affairs—The Moroccan Question.

(Associated Press.)
Paris, June 12.—It is expected that several diplomatic and ministerial changes resulting from the resignation of M. Delcasse, until recently foreign minister, will be settled at to-morrow's meeting of the cabinet. Leon Bourgeois will probably succeed M. Blouard as ambassador at Berlin, thus inaugurating a new conciliatory policy concerning Morocco. Premier Rouvier is still undecided about retaining the portfolio of foreign affairs with the expectation that M. De Freycinet or M. Constant, ambassador to Turkey, will enter the foreign office if M. Rouvier concludes to retain the finance portfolio.

There is reason to believe that the conference between Prince Von Radolin, the German ambassador to France, and Premier Rouvier, have shown that Germany does not make international conference on Morocco a sine qua non. This permits of the consideration of other direct means for an adjustment between France and Germany.

SUBWAY FLOODED.

Train Service Interrupted—Many Passengers Had Narrow Escapes.

(Associated Press.)
New York, June 12.—Train service in the subway is crippled to-day and has been suspended throughout the night, as the result of the bursting of a 48 water main at Park avenue and 41st street. To-day there was no express service in the subway, and local trains were operated only from the Grand Central station north, and from the 14th street station south. It is estimated that the loss to the subway alone will be \$100,000. Hundreds of persons were caught in the blocked trains and almost smothered before they were able to reach the street by wading through 18 inches of water to the nearest station.

In addition to the damaged roadway in the tunnel, burned out motors and the failure of hundreds of electric contrivances added greatly to the loss. Private property along Park avenue also suffered.

Still Obstructed.

New York, June 12.—Up to noon the flooded section had not been cleared despite the united efforts of special steamer pumps. It was impossible for an observation car to get through the affected districts, and it is feared extensive repairs will be necessary before regular service can be resumed, as the water may have weakened the wall of the tunnel. The train service on either side of the flood was scantily patronized to-day.

JAP DROWNED.

(Special to the Times.)
Nanaimo, June 12.—Sadao Ohoi, a Japanese partner in a fishery business at Departure Bay, was drowned late on Saturday night. While awaiting some men to move a large scow the others heard a splash in the darkness and then saw Ohoi's head only once. He was wealthy and belonged to Vancouver. The body is being taken there to-day on the tug Eagle.

BASEBALL AT BELLINGHAM.

The Terminal City Team Won Match by Four Runs to Three.

(Associated Press.)
Bellingham, June 12.—In an exceptionally good game of baseball here yesterday, the Vancouver team defeated the Bellingham team by 4 to 3.

TACOMA'S POPULATION.

(Associated Press.)
Tacoma, June 12.—The population of this city, based on the new directory just issued, is estimated at 74,700.

GOVERNOR M'INNES IS IN THE CITY

HE WILL LEAVE FOR NORTH VERY SHORTLY

An Interesting Point Raised in Connection With His Seat in Alberta.

W. W. B. McInnes arrived from Ottawa on Saturday night. He has not yet decided upon the exact date of leaving for the northern capital, but it will be within two weeks' time as he is to reach Dawson before July 1st.

Mr. McInnes exemplifies his fitness for the new office by refusing to outline any set policy which he will pursue. He goes in open to pursue a policy which he believes will be for the benefit of all in the Yukon and untrammelled by any promises.

In certain quarters it has been announced that ex-Commissioner Congdon by his appointment to the position of legal adviser to the council will exercise practical control of the policy. As a further evidence that Mr. Congdon will have an important place in the affairs of the Yukon it is pointed out that as the defeated candidate in the last general election that the patronage will be in his hands.

The patronage question has been disposed of in consequence of Mr. Congdon taking the position of legal adviser, and thus really entering the civil service. He will no longer, in consequence of this have the patronage.

Those who are acquainted with W. W. B. McInnes will have no hesitation in saying that he will not transfer his responsibilities to any other official. Mr. Congdon will not be a member of the Yukon council. As legal adviser he will be in no position to dictate to Mr. McInnes, and his influence will not be materially felt in Yukon affairs. In other words Mr. McInnes goes in free to act on his own best judgment.

The new commissioner does not anticipate any trouble or any friction. The rumors respecting warring factions do not disturb him. He is satisfied that even if these do exist to any extent he will have no difficulty as he will deal out even justice to all, and be controlled by no faction.

Mr. McInnes has accepted an invitation to a banquet which has been arranged to be tendered him upon his arrival in Dawson.

In connection with the Albertan constituency Mr. McInnes says that he is not, according to statute, obliged to resign his position in the local legislature in consequence of his accepting the commission. Up to the present he has not sent in his resignation. It may be that Mr. McInnes is awaiting the government's announcement as to whether or not a summer session will be held. Should Premier McBride decide to bring it on it is possible that the services of Mr. McInnes may be available in solving the question of a railway policy. It is even possible that the commissioner might spend his winter holidays in his familiar place in the local legislature.

It appears that the number for Alberta, for Mr. McInnes still holds that position, can to some extent regulate the date of the bye-election. He can, if he wishes, postpone the election proclamation indefinitely so to consult with the commissioner of the Yukon with reference to fixing the date of the election. One effect, therefore, of the appointment of Mr. McInnes to the Yukon commissionership is apparently the drawing closer together of this province and the northern territories.

STEAMER AGROUND.

Leyland Line Went Ashore Shortly After Leaving Montreal.

(Associated Press.)
Montreal, June 12.—The Leyland liner Tampa, bound for London, went ashore shortly after leaving the harbor this morning. The vessel has a general cargo and nearly five hundred head of cattle on board. The cattle have been taken off, but the vessel will have to be lightened before she can continue her voyage. The vessel is not thought to be seriously damaged.

LIVELY FIGHT.

Several Chinamen Injured During a Riot on Gambing House in Nanaimo.

(Special to the Times.)
Nanaimo, June 12.—The police had a desperate fight last night raiding a Chinese gambling house. They captured seven Chinese and one Jap. Several prisoners, in resisting the police, had their heads badly cut; a doctor being called in to sew up the wounds.

BRIEF TELEGRAMS.

The police at Naples have arrested Giuseppe Campiti, who arrived there by steamer from New York. He was charged with the theft of two bars of gold valued at \$12,000, which were found in his baggage. Campiti on being interrogated said that he found the bars on the ground at the hall of a train near Philadelphia.

A dispatch to a London news agency on Saturday to assassinate Lieutenant Spiridovich, of the secret service police. The colonel was walking in the middle of the city when an unknown man stepped twice at him with a revolver. Spiridovich was effective and Spiridovich was slightly wounded. His assailant escaped.

We Handle All Good Family Remedies

No matter what medicine, or drug, or sick room necessity, or toilet requisite, or drug store article of any kind you may desire, we invite you to come here and get it. You will receive courteous attention. You will find us exceedingly anxious to please. You are in every respect. We are proud of our drug store, and feel that it deserves all the trade which it receives. We invite you to come here to do all your drug store buying, and recommend us to your friends. Prescriptions and household recipes carefully and accurately compounded. Only pure drugs used.

JAPAN SENDS REPLY TO ROOSEVELT

REGARDING MEETING TO DISCUSS PEACE

Russia Will Appoint Representatives When the Mikado's Selection Has Been Made.

Tokio, June 10, 8 a.m.—After acknowledging the receipt of President Roosevelt's letter, Minister of Foreign Affairs Komura, in a note to Mr. Griegson, the American minister, says that the imperial government has given the suggestion of President Roosevelt the serious consideration to which, coming from that important source, it is justly entitled.

The note says that Japan, in the interests of the world, as well as that of Japan, is willing to re-establish peace with Russian terms and conditions that will fully guarantee the stability of the imperial government. Therefore Japan will, in response to the suggestions of President Roosevelt, appoint plenipotentiaries to meet the plenipotentiaries of Russia at the time and place as may be found equally agreeable and convenient for the purpose of negotiating and concluding terms of peace directly and conclusively between the two belligerent powers.

READY TO SELECT REPRESENTATIVES

St. Petersburg, June 11.—It was stated at the foreign office this afternoon that Russia is ready to appoint representatives to hear the Japanese proposals on being informed that Japan is nominating plenipotentiaries for this purpose.

Practically, although not formally, an armistice can now be said to exist. Russia awaits Japan's notification of the name of her plenipotentiary and the place of meeting, as upon the place will depend the appointment of Russia's representative. The naming of the plenipotentiaries will cause a suspension of hostilities.

"We cannot select our plenipotentiaries," said an official of the foreign office, "until Japan has indicated the place of the negotiations. In order to avoid delay in Washington is selected, Count Cassini, or possibly Baron Rosen, if he could arrive in time, may act for Russia. If Manchuria is selected, Gen. Linevitch may be the representative of Russia. But it does not necessarily follow that either of them would conduct the negotiations to the end, as the first

Wood's Phosphatine

The Great English Remedy. Wood's Phosphatine is a pure and reliable preparation. It has been prescribed and used for over 30 years. It is the only medicine of its kind in the world. It is the only medicine that is not only a powerful tonic, but also a powerful purgative. It is the only medicine that is not only a powerful tonic, but also a powerful purgative. It is the only medicine that is not only a powerful tonic, but also a powerful purgative.

Since his return, as president of the Imperial Agricultural Society of Moscow, he has continued his crusade against the government, circulating revolutionary addresses in the rural districts, for which acts the imperial patronage was withdrawn from the society. The elevation of Gen. Treppoff, which has revived the "Third Section" with practically limitless powers for the suppression of political agitation, will be followed, it is understood, by the abolition of the post of governor-general of St. Petersburg.

AUTOMOBILE FATALITY.

Machine Went Into River and Three People Lost Their Lives.

Chicago, June 10.—Three persons were drowned and two others narrowly escaped a like fate to-night when an automobile in which the five were riding plunged into the Chicago river through the open draw of the Rush street bridge. The drowned are: Jerome G. Kurtzman, Chicago, manager for a chemical company; Mrs. Jerome Kurtzman, and W. A. Hartley, manager for an automobile house.

The accident occurred at the north end of the bridge, where there is an upward slope of 200 feet towards the edge of the draw. This slope is so steep that it has not been considered necessary to stretch chains across the roadway, as is done at a number of other bridges where the approach is on the level.

The occupants of the automobile which dashed into the river were coming south on Rush street, close behind another machine, the chauffeur of which, seeing the bridge was opened, slackened speed, and was coming to a stop about 50 feet from the edge of the draw. W. H. Hoops, who was driving the rear machine, thinking to pass ahead, pulled out to one side. Putting on extra power, Hoops's machine shot toward the open draw at 20 miles an hour. When close to the open draw Hoops realized his danger, and, throwing all his weight on the steering wheel, attempted to turn the machine to the left. The machine was too close to the draw, however. The auto turned slightly, and for a fraction of a second hung on the brink. The tire of the front wheel ripped off, the hub broke and the machine dropped into the river 50 feet below. As the machine slipped along the edge of the draw, the women in the auto screamed, and all of the occupants rose to their feet, but had no time in which to make another move before they were flung into the river, and after them plunged the heavy machine.

Hoops and Mr. Jeremiah Runyon, of New York city, fell clear of the machine and were taken unconscious from the river by sailors who were on a wharf near the bridge. Mr. Runyon was taken to the Lexington hotel in a hysterical condition. Neither Kurtzman, his wife or Hartley rose to the surface, and it is thought they were pinned down by the machine.

SHOT BY POLICEMAN.

Paper Hanger Killed in Chicago—Brutal Assault on Teamster.

Chicago, June 10.—No proposals for peace came from either side in the teamster strike to-day, and for the present the contest has settled down to a matter of endurance.

John C. Driscoll, formerly secretary of the team owners' association, who has been anxiously sought in connection with suits brought against President Shea of the teamsters' union by George R. Thorne, who alleges criminal libel, returned to-day. President Shea declared that he was offered \$10,000 on a strike on Sears, Roebuck & Company. Driscoll denied positively to-day that he had any knowledge of the affair.

The employers have 2,300 teams in service and are doing almost a normal amount of traffic.

To-night while Frederick Jones, a colored teamster, was unloading lumber at an uncompleted building at West 18th and Sangamon streets, a mob numbering one thousand men, women and children gathered around him and began throwing stones and other missiles. Policemen Benson and Schaefer, who were guarding the wagon, drew clubs and attempted to drive back the mob, but with little effect.

While the trouble was at its height John Hince, a union teamster, forced his way through the crowd, and, coming up to Jones when he was stooping over throwing off some lumber, struck him over the head with an axe cutting a slash in his scalp three inches long. Hince struck a second time, taking off several fingers of Jones's left hand, which he raised to protect himself. Hince then attempted to escape, but was captured. The condition of Jones is serious.

Samuel Rohlsdon, a paper hanger, was shot and killed to-night by Frank Austin, a colored policeman, who was guarding a wagon owned by Rothschild & Company. The wagon was passing 43rd and State streets, when a crowd of men shouted at the driver. No violence was offered, but, according to statements of witnesses, the colored policeman became excited, and, drawing his revolver, fired directly into the crowd of men. The policeman was arrested.

A Venetian naturalist declares that nearly all reptiles that die from natural causes close their lives between midnight and midnight, only a few between midnight and morning, and fewer still in daylight. Most reptiles seem aware of their approaching death, seeking out particular places, and thus seeking the end, while those whose lives are spent underground come to the surface before death.

A Terrible Sufferer

A gentleman is who is suffering so severely with his feet, that he was obliged to bath them three or four times a day and change his socks each time. One box of Foot BLM cured him. It will cure you. 15 polders 25 cents.

FOOT BLM Cures Sweaty Feet

FIGHT WITH NATIVES.

Chief and Forty Followers Killed in the Philippines. Washington, D. C., June 10.—The military secretary has received the following cablegram from Gen. Corgan, dated Manila, to-day:

"Brigadier-General Wm. H. Carter, reports that Capt. Cromwell Stacey," with 90 men of company E, 21st Infantry, and the 38th company, Philippine scouts, surprised the main camp of the Pulajanes on June 4th, 15 miles southeast of Catabig. Daguloh, the chief, and 40 Pulajanes were killed and six captured. Arms and valuable records were also captured. None were killed on our side; two wounded, doing well. Daguloh's death goes away with the most troublesome fanatic in the island of Samaua. The operations have been carried on in support of and in conjunction with the civil authorities."

Gen. Cipriano Castro took the oath of office as president of Venezuela on Saturday. Everywhere satisfaction is expressed at the course of events, and the future seems to be bright with good promises.

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.

Price 25c, Large Size 50c.

DR. TELFORD APPEAL CASE IN FULL COURT

Arguments Presented at the Vancouver Sitting by Counsel—Judgment Has Been Reserved.

All day Friday was occupied by the Full court in Vancouver with a continuation of the arguments in the appeal from the judgment of Mr. Justice Morrison concerning Dr. Telford in the possession of his certificate. E. P. Davis, K. C., and A. E. McPhillips, K. C., of Victoria, appeared for the Provincial Medical Association, appellants; and Joseph Martin, K. C., represented the defendant, Mr. Telford.

On Thursday Mr. Davis quoted authorities to show the powers of a medical board to strike off names from the association, and also the right of appeal.

Mr. Martin pointed out that when this matter first came up at the coroner's jury, some of the evidence taken in shorthand had not been properly signed since Dr. Telford had only placed his name to the notes in the stenographer's book, which, in their unextended form, would not be regarded as legal evidence. Dr. Telford found afterwards that the evidence was inaccurate.

Mr. Davis said that Mr. Martin's statement really made no difference to the case, as he should not argue on that point at all. The gist of the case from his standpoint was that Dr. Telford performed a fake operation on a Vancouver lady, and had afterwards concealed the condition of the patient, a girl under age, from her parents. He quoted from a witness's evidence to show that the girl expected her father to pay for her treatment, which proved that she depended on her parents. He then related the story of the case as told by Dr. Telford. He pointed out that Dr. Telford, in admitting that he had acted as he did, admitted that he was an accessory to the crime by concealing the knowledge of the attempted abortion. It was not an ethical question as to whether it was a good-hearted act, the question was simply a matter of law. It might be justly argued that an abortion was quite justifiable morally, but that did not excuse it in the eyes of the law. The medical profession ought not to be made a tool for the concealment of crime.

Resuming Friday, Mr. Davis continued his argument in favor of sustaining the decision of the medical council by reading extracts from the police court deposition of witness McHarg. In answer to an objection from the bench that this evidence was not pertinent to the present charge, Mr. Davis said he merely wished to show the danger of operating for appendicitis in order to conceal an attempted abortion.

Mr. Davis then read the opinions of different members of the medical council in deciding the case of Dr. Telford. One doctor termed the "fake" operation as "infamous and unprofessional," and another refused to condemn him because he considered it had been done with the good intention of saving the woman's name, but at the same time he thought it foolish and unnecessary.

Mr. Davis criticized the decision of Mr. Justice Morrison, and concluded with an able discussion of the technicalities involved in the case.

Mr. McPhillips followed Mr. Davis, and spoke for about an hour. His chief point was that Dr. Telford's statement that he was confronted with conditions with which he was forced to deal had nothing to do with the matter before the court. The question was whether the cardinal rules of surgery had not been traversed by the performance of an unnecessary operation, and the members of the medical council were unanimous in agreeing that this operation was unnecessary. Mr. McPhillips, in conclusion, dealt with the question of costs. He asked their Lordships to decide whether the Supreme court judge or the Full court could dispose of the costs in an appeal taken from the medical council. He added that by an agreement between counsel the costs in the Vereerbrughen case were to depend upon the decision in the case then before the court.

Mr. Martin opened for Dr. Telford by appealing to the court to consider the case as something newly come before it, and asking them not to be influenced by the views of the medical council as to what might or might not be professional or unprofessional conduct. The Legislature had recognized that the opinions of doctors on the practices of their fellow practitioners could not be regarded as final by providing for an appeal from the same.

The court rose at 1 p. m. When the court resumed, Mr. Martin took up the argument again, appealing to their Lordships to pronounce judgment on the case unbiased by the decision of the medical council. Coming to the case itself, he argued that the girl went

to the Sanitarium quite independently of her parents, that Mr. Telford had no relations with the parents, and, therefore, was under no obligation to reveal the girl's condition to them. He read from her lady friend's evidence to show that an hour and a half before going into the Sanitarium, the young woman had said that her parents knew nothing about her condition.

Mr. Justice Duff said it seemed to him that Dr. Telford had acted throughout in a way that would cast an imputation on the medical profession; at least such seemed to him to be the view taken by the medical council.

Mr. Martin said he would take up and criticize separately the opinions expressed by members of the medical council. It seemed to him that they had all along confined Dr. Telford's duties towards his patient with his professional obligations.

Mr. Martin continued that his learned friend (Mr. Davis) had taken the new ground that the question before the court was a criminal one. He considered it most unfair to bring up a matter that had already been disposed of. He would never have consented to have the police court evidence go in if he had known it was to be used for this purpose.

Mr. Justice Duff said that he understood that Mr. Davis had merely used the criminal suggestion to show the danger of passing over these unprofessional practices.

Mr. Martin said that Mr. Davis had said that Dr. Telford had been guilty of taking part in a criminal conspiracy, and this was a charge that had never been investigated.

Mr. Davis said the facts had all been admitted.

Mr. Martin said that if he had never been investigated, and Mr. McPhillips had never mentioned it in arguing before Mr. Justice Morrison. The Medical Council, under the act, had no power to inquire into questions of crime.

Mr. Justice Duff pointed out that a solicitor, having misappropriated funds, could be struck off the list.

Mr. Davis said this was done every day. He added that he had only suggested that the offence might be treated as a crime, and a crime could not be committed by a doctor.

Mr. Martin said he was, however, quite willing to drop the word crime. He was not at all attached to it.

Mr. Martin said there was absolutely no suggestion that Dr. Telford had endeavored to conceal a crime, but was simply trying to shield a patient from disgrace.

Mr. Justice Martin said that all doctors knew that abortion was a very dangerous thing to meddle with, and had this man, having discovered a case of abortion, done a wise thing in harboring her in this manner?

Mr. Martin said it was very foolish, and had Dr. Telford had time to deliberate on it, he would not have done so, but he had no time to deliberate; he had to act.

Mr. Justice Duff said he did not think the doctor had intended to defeat justice. Still he must have known that the result of his actions would be to defeat the course of justice.

Mr. Martin said this case was a very exceptional one. This young woman was the granddaughter of an ex-premier of the Dominion. She came to Dr. Telford to save her name from disgrace, and he took the means he did.

Mr. Justice Duff said that, in his opinion, the first duty of the doctor, having discovered what he did, was to inform the parents, and allow them to decide what should be done.

Mr. Justice Duff concurred with the view taken by Mr. Justice Martin.

Mr. Martin said that, of course, the whole object of the operation was to conceal the condition of the girl from her parents. They were people of an excitable disposition, and it was thought best, both for their interest and hers, that they should not know it.

Mr. Justice Irving said that whether the girl was of age or not the fact was undisputed that she was living under her parents' roof, and was dependent on them, and as such, her parents should have been told.

Mr. Justice Martin said that if doctors were to assist in the concealment of cases of abortion that came beneath their notice it would constitute a grave danger to the community. In his opinion if Dr. Telford did not care to tell the girl's parents of what he had discovered, he should have informed the police.

Mr. Martin said that no doctor would do that.

Mr. Justice Martin said that he had known doctors to expose such things, and had recently had a case in court resulting from such exposure.

LAKE BEAUTIFUL TUNNEL OPENED

GOLDEN KEY TURNED BY LEUT.-GOVERNOR

Speeches Delivered at the Luncheon Served by Company on Conclusion of Ceremony.

The Lake Beautiful tunnel was formally opened on Saturday afternoon in the presence of a large company, which included the Lieut.-Governor, the Premier, the president of the council, the attorney-general, Mayor Buscombe and all the members of the Vancouver city council, representatives of the New Westminster council, members of bench and bar, and leading representatives of all the professions, industries and commercial houses of Vancouver.

The company was conveyed from the Terminal City to Lake Beautiful by the steamer Britannia. An orchestra accompanied them, and the trip proved an enjoyable one. A platform had been erected, and in the centre exactly facing the mouth of the tunnel stood a little switchboard. The board at the top of the slab was faced with marble, and in the centre was a large keyhole. In a case near it lay a golden key which had been manufactured at Trorey's, of Vancouver, for the occasion. On the wall on one side was an engraving of the entrance of the tunnel and along the key ran the words "Open—June 10th, 1905," by Sir Henri Gustave Joly de Lotbiniere, K. C. M. G., Lieut.-Governor. On the reverse side were the words "Presented by J. Buntzen, general manager B. C. Electric Railway Company and Vancouver Power Co., Ltd." The key also gave the length of the tunnel, 12,775 feet.

Shortly before 1 p. m. Sir Henri Joly took his place on the platform. With him were Managing Director Buntzen, Premier McBride, Attorney-General Wilson, Hon. F. Carter-Cotton, Hon. R. G. Tatlow, Chief Justice Hunter, Mayor Buscombe, General Superintendent Marpole, and many others.

Mr. Buntzen handed the golden key to Sir Henri, saying to the crowd assembled along the banks of the dam below that it was unnecessary to introduce Sir Henri Joly, who was well-known to everyone, and he felt honored in handing to him the golden key that was to awaken the sleeping waters of Coquitlam lake.

Sir Henri took the key, and turning to the assembled crowd said: "Gentlemen, I am not going to make a speech. I will let the waters speak for me." And amid loud cheers he turned the key three times round in the switch-board, letting loose the electric current which allowed the waters of Lake Coquitlam to start on their race for Lake Beautiful.

The key was turned at 1 o'clock, and for 35 minutes the people watched the stream that trickled out of the tunnel expediting it to swell into a flood. Before the water arrived, the contingent from Victoria, which had followed the coal train, arrived at the Princess Victoria, turned up. Among the party were Hon. R. F. Green, Mayor Barnard and members of the Victoria council, and they were fortunate enough to arrive in time to see the waters of Lake Coquitlam come tumbling down.

The first indication of the coming tide was seen exactly 35 minutes after the key was turned, in a ripple that swelled over the rails running into the tunnel. The first human message that it bore was a small float containing a canvas screen on which were inscribed the words "Greetings from Coquitlam." As this careered out of the mouth of the tunnel, the 200 people present raised a long loud cheer.

When the stream had attained its maximum, it half filled the tunnel. Later luncheon was served. For it, everything was arranged with admirable taste. Rows of evergreens and strings of flags added gaiety to the unwonted scene in the mountain solitudes. The place of each guest had been numbered and kept for him, and 289 sat down at the three long tables without crossing arms or confusion. At a cross table at the head of the tent sat Frank S. Barnard, who officiated as chairman, with Sir Henri Joly on his right. On his left sat Mr. Buntzen, and near their were the Premier, the members of the cabinet, Mayor Buscombe, Sir C. H. Tupper and others.

After the good things had been disposed of to the music of Blechlein's band playing outside, toasts and speeches had their turn.

The toast of "The King" was sung with royal honors, all the guests joining in their feet and joining in the National Anthem.

Mr. Buntzen proposed "The Lieutenant-Governor." He said that as King Edward had been called the gentleman of England, so Sir Henri Joly de Lotbiniere might well be called the first gentleman of British Columbia. (Applause.) He was a fine type of the gentleman of the "old school" and was one of the best of the last disappearing Grand Seigneurs of old France. His interest in matters of public importance was shown by his presence among them that day.

Sir Henri's health was drunk with three cheers and a tiger.

The Lieut.-Governor expressed his gratitude, and said that the day would never be remembered by him with pleasure, and it would be associated in his mind with the best function of the kind at which he had presided, referring to the opening of the New Westminster bridge. Such great feats were evidences of the courage of the people of British Columbia, and their faith in the future of their country. He felt proud to think that the work on the tunnel had been planned by people in the province. Such feats made him feel that the province had a proud future before it, and he would make capitalisms in the outside world think that British Columbia was a safe place to invest in. (Loud cheers.) To the toast of the Dominion and Provincial Parliaments Sir Chas. Hib-

bert Tupper and Premier McBride replied.

The toast of the cities of Vancouver, Victoria and New Westminster was replied to by various speakers.

Mr. Buntzen referred to Victoria as a beautiful city and the Mecca of tourists. It was, at the same time, the commercial centre of Vancouver Island. A few years ago it was the centre not only of the political, but also of the naval and military life of the country, and was also the seat of the sealing industry. As a result of all this the people of Victoria made money too easily, but there had not been a change, and he believed a change for the better, because it was better for people to have to bustle for money than to have it thrown at them. It had taught them to try to develop their own industries instead of depending on outside capital. He instanced the Tod Creek Cement Works. They had the ground work of an industry there, but a wise man from the East had turned it into a paying proposition. He understood that in so lovely a place as Victoria there was a strong temptation just to drift and enjoy life, but he hoped that after this they would put away their money in bonds and stocks, but use it to develop the resources of the Island. (Applause.)

Mayor Barnard said he had a little loss to speak, not because he had not the oratorical gift, but he had no time to work it up. (Laughter.) He hoped that the completion of the tunnel would benefit the city of Vancouver directly since it would save the B. C. Electric Company so much in fuel and wages. Consequently they could reduce tram rates, and he hoped that the reduction would go into effect to-morrow. (Laughter.) He said they should miss Mr. Buntzen, but it might be good for the municipality, because his nice ways and winning smiles often won for them advantages they would not get otherwise. (Laughter.) He had a way of seeing both sides of the question, but when the end came, he had the right side every time. (Laughter and applause.)

In replying to the toast of the B. C. Electric Company, Mr. Buntzen said people who had put their money into electrical enterprises in the early years had failed, but it was not their fault. Electricity was in an experimental stage then, and he only regretted that Mr. David Oppenheimer (applause) was not with them to-day. He also spoke of Mr. D. W. Higgins, saying that both men were able than he was. (Cries of "No, no.") Mr. Buntzen said "yes." He had come in on a wave of prosperity. The one thing he did pride himself on was the relations between his company and their employees. They had shown that masters and men could work together as friends. Mutual respect was necessary for this. In the first place, the company must win the respect of the men, by living true to their obligations, and they must also remember that the men had both their good sides and their bad sides, and if allowed to have their own way they would develop the good side by preference. (Applause.)

He could not help regarding his men as his family; they were the only family he had. He was pleased to have the presidents of the three employees' unions with them that day. He did not regard a union as an evil as some people seemed to do. When any friction arose, the representatives of the company and the representatives of the union would meet together and discuss matters and try to adjust them in a reasonable way.

Mr. Buntzen concluded by expressing his regret that he was so soon to leave Vancouver, and by putting in a good word for his successor, Mr. Spierling. He also paid a tribute to Mr. Glover, of New Westminster, and Mr. Goward, of Victoria, for the valuable assistance they had given him in his work. He was really only one link in the great chain of his company, and he could only accept the honor they had paid to him as a compliment to his whole staff. (Loud applause.)

The London directors, the men who built the tunnel and the press all were toasted. On the return trip the company arrived in Vancouver about 8 o'clock.

In the case of the Venezuelan government against the New York & Bermuda Asphalt Company, charged with aiding the Mateso revolution, the court of first instance at Caracas has overruled the objection raised to its jurisdiction because the offence was alleged to have occurred in the United States.

The DAILY TIMES is on sale at the following places in Victoria: Jones's Cigar Store, Douglas Street. Emory's Cigar Stand, 23 Government St.

THE BENCH AND THE PUBLIC. For the law as a means of settling disputes between an obstinate man and his combative neighbor we have but an indifferent opinion. It is a puzzle to us how the public, in all other respects, almost so jealous of its rights, ever allowed machinery originally designed to facilitate the administration of justice to fall almost absolutely into the hands of the one class whose interests all lie in the promotion of litigation.

THE TIMES AND THE V. V. & E. The shameless mendacity of the Vancouver Province cannot alter the facts respecting the railway situation in British Columbia. Nor can mendacious misrepresentation of the position of the Times convince the public that the maintenance of railway monopoly in this province, all other parts of the Dominion having the advantage of unrestricted rail communication with the country to the south, is possible of justification upon any hypothesis whatever.

subject. They would be the chief gainer by direct connection. But the advantages of direct connection have not yet taken sufficient hold upon their imaginations to move them to action. As we have already said, if the V. V. & E. people had asked for a substantial subsidy from the government, the public interest might have been aroused to the point of activity.

VICTORIA AND THE C. P. R. To the Editor:—I have been asked by several people to enlarge a little upon the brief letter which I wrote to you last week about the resolution which I moved in the Board of Trade on Thursday night.

greater. The avowed policy of the Canadian Pacific Railway Company is to develop this Island to the utmost. Its interests would compel such a course in order that the extension of its system to this Island may be justified.

CHARLES H. LUGRIN. P.S.—It may be interesting to add the following sentence from a description of the Canadian Pacific system, which I have recently written and submitted to Sir Thomas Shaughnessy for criticism and correction: "The Canadian Pacific Railway system extends from St. John, N. B., on the Atlantic coast, to Victoria, B. C., on the Pacific."

DODD'S KIDNEY PILLS. ALL KIDNEY DISEASES. BRIGHT'S DISEASE, GRAVEL, DIABETES, BACKACHE, NEURALGIA, RHEUMATISM, MIGRAINE, HEADACHE, INDIGESTION, AND ALL AFFECTIONS OF THE URINARY SYSTEM.

Rowland Brittain, patent attorney, of Vancouver, sends the following abstract from the Official Gazette of the United States patent office for the week ending May 30th, 1905.—During this week 520 patents were issued to citizens of the United States: Belgium, 4; Canada, 13; Great Britain, 11; France, 1; Germany, 18; Italy, 2; Japan, 1; Russia, 1; and Spain, 1.

The Sunday school of St. Andrew's Roman Catholic church will hold its annual picnic on July 1st. As usual the committee in charge will have a splendid programme of sports provided for the occasion. The picnic will be held at Saanichton. Special trains will leave Victoria during the day at the following hours, 7.45 a.m., 10 a.m. and 1.15 p.m. The return trains will leave at 4.30 p.m. and 7.30 p.m. Full announcements of arrangements will be made later.

Oak Bay hotel, Oak Bay beach, is now open.

Oak Bay hotel, Oak Bay beach, is now open.

Are you furnishing? If you want perfect satisfaction in the furnishing of your home, trade with us; we guarantee you will be pleased with our methods and our goods; we never pass a good thing by, and if it's good, it's here, and if it's here, it's good; depend upon it. Weller Bros.

The executive of the Victoria branch of the Provincial Mining Association is meeting this afternoon at 4 o'clock in the office of Howland Machin.

The regular monthly meeting of the Refuge Home committee will be held in the home, North Pembroke street, on Tuesday, the 13th inst., at 3 p. m.

Members of the Victoria Poultry Association will hold a meeting to-morrow evening at the city hall. Important business is to come up for consideration, and a large attendance is desired.

The Women's Missionary Society of the Metropolitan church are holding a garden party at "Silverwood," Chestnut avenue, the residence of Mr. F. Grant, to-morrow afternoon and evening. A choice programme has been prepared. Visitors should take the Willows car.

In the police court to-day W. Anderson was subjected to \$33.50 in fines as a result of a drinking escapade. He was fined \$3.50 for being drunk. The arrest was objected to by Anderson, and Police Officers Fry and Andrew Wood bore evidence to his having resisted being taken into custody. For the latter offence he was fined \$50.

A complimentary banquet was tendered Dr. Ross at Alberni on Friday night upon his leaving for Vancouver. This was largely attended. After partaking of a good supper an address was presented to Dr. Ross, and a toast list was gone through with. The evening closed with the singing of Aul Lang Syne.

The funeral of Mrs. Stephens took place on Saturday afternoon from the family residence, Cook street. There was a large attendance and many beautiful floral tributes. Rev. G. K. B. Adams conducted religious services, and the following acted as pallbearers: J. Pope, S. Hawkins, W. McKay, C. Ristell, J. Dunn and J. Pastoe.

A well-attended shoot took place at Langford Plains yesterday afternoon under the auspices of the Victoria Gun Club. A prize was offered for the first, second and third class shot respectively. Otto Weller winning the former with a score of 24; E. Green the second with 20, and P. Patten the third, also with 20. The possible was 30.

This evening the steamer Queen leaves for San Francisco. She will take the following passengers from here: H. E. Boulton, G. M. Franklin and wife, E. Godson, Mr. B. Harkin, Miss Eva Haskins, Mr. B. Sheward, L. K. Enewold, Mrs. Mary Webster, J. K. Kyte, R. A. Farran, A. E. Jones and wife, Mrs. A. Meis and child, Mrs. E. Merrilees and John C. Thomas.

Among the vocalists who will contribute selections at the Y. M. C. A. garden party on Wednesday will be Miss Scottowitt, Miss Breidford and Mrs. Staneland, and Messrs. Griffiths, St. Klunard, Miss Dier is to be the instrumentalist, and the Cecilia orchestra will play at intervals during the evening. The grounds of Mrs. Rogers' home, 55 Fernwood road, will be decorated with electric lights and other luminous and say creations.

On Thursday afternoon, the 15th inst., the ladies of St. Saviour's Work Society intend to hold a sale-of-work and garden fete on the grounds of Mr. McBeth, Robert street. As the situation is exceedingly attractive, and the articles to be offered are numerous and varied, the society hopes that the public will this year increase their patronage. The refreshments will be as good as formerly.

At Weston's carriage works this afternoon a fire occurred, which contributed more than its share of smoke. Very little damage was done. Along the brick wall on the north side of the works a tar tank was put in a few days ago for the purpose of treating a large quantity of chain. To-day shortly after noon the tar took fire. The platform immediately over the tank also ignited. The flames, however, were light compared with the volume of smoke which was emitted. The fire department was called out, and by use of the chemical the flames were soon extinguished.

At age 25 you can secure a policy for \$20,000.00 in The Mutual Life of Canada for a premium of \$365. Under this policy your wife is absolutely guaranteed an annual income for life of \$1,000.00 a year, and in the event of her death the yearly payment of \$1,000.00 a year continues to be made to the children or heirs until at least 20 payments in all shall have been made. By no other means can a definite guaranteed income be secured to your wife during her life and to your children for so small an outlay. The policy contains many other valuable features and privileges. For particulars apply to A. B. McNeill, special agent, or R. L. Drury, manager, 34 Broad street.

On Saturday evening the death occurred of Mrs. G. A. Knight, a pioneer of this city, at the Jubilee hospital. Mrs. Knight had been identified with the Mount Tolmie nursing for many years, and leaves many friends and acquaintances who will keenly regret her loss. Deceased was a native of Birmingham, England, and was 84 years of age. She had resided in Victoria for about 26 years, and leaves three daughters and two sons.—Mrs. James Black, of Victoria; Mrs. John Kay, of Vancouver; Miss May Knight, and Mrs. Common, of Victoria. The funeral has been arranged to take place to-morrow afternoon from the family residence, Mount Tolmie, and carriages will leave the B. C. Funeral Furnishing Co.'s parlors at 1.15 o'clock.

This morning T. Watson, chief of the Victoria fire department, received a communication from S. Bunker, president of the Veteran Volunteer Firemen's Association, announcing that it was the intention of members of that organization to visit Victoria about the 13th inst. for a couple of days. They will leave San Francisco about the 10th by steamer, and after their stay here will proceed to the Portland exposition. It is understood that it is Chief Watson's intention to make some arrangements for the entertainment of the party, and will ask the co-operation of the Tourist Association. He explains that the association is a most influential one in California, and that everything possible should be done to give them a favorable opinion of Victoria and its citizens.

NEW RECORD BY THE PRINCESS VICTORIA

TRAVELLED AT RATE OF TWENTY-ONE KNOTS. From Brotchie Lodge to Slew Bell off Seattle in Three Hours and Seventeen Minutes.

Yesterday, with the object of establishing definitely just what the magnificent flagship of the C. P. R. coast fleet could do, the steamer Princess Victoria was made ready for a record-breaking run to Seattle. The engine room staff, however, did not have to do much in the way of preparing for an extra spin, as that department is always in thorough working order.

At Brotchie ledge the signal was given and the Princess Victoria's engines began to revolve full speed ahead. The weather conditions were not what the exacting would call ideal, as there was a good breeze blowing, and enough sea running to make quite a respectable ripple. The slow-down bell rang off Seattle exactly three hours and seventeen minutes from the full speed bell at Brotchie ledge, giving an average speed all the way of exactly twenty-one knots an hour.

This beats "out of sight" anything ever done by any passenger steamer plying in Pacific Coast waters, the only faster time being that of the British destroyers, which, of course, are an exceptional class.

While running at this fine speed the Princess Victoria was as steady as a house; one could have written a letter comfortably on any table aboard, and the vessel went through the water smoothly and without raising so much fuss as some steamers do, at fifteen knots.

Captain Troup and the officials of the C. P. R. are much pleased at yesterday's performance of the Princess Victoria, which now stands without a rival on the Pacific Coast, either for speed or comfort.

OUR THOUSAND ISLANDS. Many took advantage of the excursion along the Gulf Islands on Sunday by V. & S. railway and steamer Troquair. It was a most delightful day on the water, and the party returned in the evening well pleased with this charming trip.

It is a common remark among those who make the trip that Victorians are not aware of this beautiful outing so near their own homes.

Next Sunday the Iroquois will make the trip by a direct route, calling at Mayne Island, giving excursionists an opportunity to take lunch at the hotel or have their basket lunch in some of the many cosy nooks in the vicinity. The Iroquois will return via the Pender Island canal. It is a wonderful sight to see the steamer pass through this channel, and will also give excursionists a chance to see where the Umbria did the shooting.

MAY SAVE SCHOONERS. Shipping men along the coast, says the San Francisco Call, are watching with a great deal of interest the schooner Argus, recently built to go into the northern lumber trade, and fitted with 125 horse-power gasoline engines. In her success they see the salvation of a large fleet of small schooners, which have been driven out of the Coast lumber business by the advent of the steam schooner. The slowness and small carrying capacity of these vessels make business unprofitable for them at present, but fitted with gasoline engines, it is believed they may successfully compete with the steam schooners. This may cause a war in rates. The present rate of lumber is \$4.25 per thousand feet, a higher price than has been paid for several years. Captain Tibbets, of C. A. Hooper & Co., is the managing owner of the vessel.

FOR SHIPMENT TO ORIENT. Tobacco and cotton in large quantities are arriving daily in Tacoma for shipment to the Orient. The receipts of tobacco are unusually large, bills of lading showing that 1,300 headbands containing 1,200 pounds each are on their way here. This is to be taken across the Pacific to Japanese and Chinese ports which is on the Tacoma-More than 100 carloads of raw cotton have arrived in Tacoma for shipment on the steamers Trenton and Saint Helena. Cotton has been exported in huge quantities all year, but this is the second largest consignment received in that port in months.

BEST ON RECORD. The report of the collector of customs for the district of Puget Sound, showing the business done for the month of May, is just completed. It is by far the most satisfactory month in the history of the district, the exports reaching the high mark and passing it by considerably more than a million, the exact amount being \$6,583,784. In this trade Seattle also does the greatest amount of business in her history during the month, having a credit of \$3,805,784. Ordinarily this is a big showing for the entire district. This is an increase from \$292,203 in May, 1904.

THE SIEGE OF PENDER. While engaged in a little target practice with the six-inch guns last week, the Italian cruiser Umbria dropped one of the missiles into a field at Pender Island, the only damage done being the stirring up of a little soil. Commander Corsi was assured before leaving Victoria that the channel by the island was most regularly for target practice by the British

warships, and some white marks placed on the shore by the officers of H. M. S. Egeria in the course of their survey work seemed to confirm this view.

MARINE NOTES. R. M. S. Athenian will be due here next Friday.

Men and material for the erection of the new lighthouse at Malcolm Island leave Nanaimo this week.

Sir Charles Ross' new rifle, manufactured in the factory at Quebec, has been served out to the crew of the D. G. S. Kestrel. The Kestrel is now armed with a sordentfeldt, and the crew being provided with a thoroughly modern rifle, the little fishery cruiser is well equipped to deal with assorted troubles.

SENT TO QUARANTINE. The Chilean ship Eden Hall, Captain Suhren, reached Port Townsend Saturday morning from Iquique, Chile. Owing to the fact that some of the crew of the vessel hailed from Pisagua and other plague-infected ports of the South American country, Dr. J. H. Oakley, in charge, ordered the vessel to Port Townsend, and the quarantine service at Diamond Point station, where the crew will be treated to a scrubbing and their baggage disinfected. The vessel returns to Port Townsend.

FREIGHTS AND CHARTERS. The British steamer Beckingham is chartered for merchandise from Puget Sound to China; the ship Renee, from Puget Sound to Sydney, at 35c, with option of Melbourne or Adelaide, at 42c, 6d., Both, with charter prior to arrival. The barque Antiope has been purchased by the Charles Nelson Company, terms private.

MARINE NOTES. The British ship Melanope is at the Bellingham Bay Improvement Company's mill taking on a cargo of 1,400,000 feet of lumber for Sydney, Australia.

The ship Erskine M. Phelps arrived at Philadelphia May 9th with a cargo of 4,000 tons of sugar from Honolulu. She discharged, went on the drydock for painting, loaded 4,000 tons of coal and sailed for the Philippines May 24th. This is a record not often beaten. Capt. Graham commands the Phelps.

The bureau of navigation reports 28 of vessels of 32,707 tons gross were built in the United States during the month of May. Of these, 25 of 1,655 tons were sail and 73 of 31,232 tons were steam.

Leaving Shanghai for the last time on her present voyage, the Minnesota will go to Nagasaki drydock to have her bottom cleaned and painted. This will be completed within three days, after which the Minnesota will make short stops at Kobe and Yokohama before she finally clears for home.

The steamer Princess May was delayed in Queen Charlotte Sound on her southward voyage by thick fog.

It is rumored that Capt. Saunders, for some years master of the steamer Coquitlan, belonging to the Union Steamship Company, is to command the steamer Camosun, the new Clyde-built vessel expected in Vancouver, this week from San Francisco.

Port Angeles people have purchased the old tug Tanager, wrecked off that port last year. She will be refitted and load lumber at Mukilteo for San Francisco.

The steamer Tricolor passed up this morning from San Francisco to Ladysmith to load coal for the California market.

The steamer Titania passed out this morning coal laden from Nanaimo for Port Los Angeles, Cal.

Steamer Princess May leaves this evening for Skagway via Vancouver. She takes from here a quantity of freight for Port Wrangell.

Steamer Tees is due to arrive from the northern British Columbia ports to-night.

R. M. S. Empress of Japan sails this evening for the Oriental ports. She takes about a dozen Chinese and Japanese go out from here. The steamer will carry twenty carloads of Chicago corned beef for the Japanese government.

Building Lots FOR SALE. HOUSE BUILT ON THE INSTALLMENT PLAN.

D. H. Bale, CONTRACTOR AND BUILDER, LEIGHTON ROAD.

YES! I will have afternoon tea with YOU at the Victoria Coffee Parlors 40 BROAD STREET.

Cozad's Famous Shows. Will exhibit at corner Douglas and Herald streets, Victoria, on Wednesday evening, June 14th, and Thursday afternoon and evening, June 15th.

Grand Street Parade, Wednesday at 5.30 p.m., and Thursday at 11 a.m. Prices, 15c and 25c.

NO CREDIT SPOT CASH. CLOSING OUT

A clearance of goods from our own stock, together with several special lots that came to us when prices were much in our favor.

During Hot Weather DRINK PURE LIME JUICE!

MONTERRAT... 35 and 65 cents JAMAICA, very large bottle... 50 cents CALIFORNIAN, per bottle... 25 cents Lemonade, Lemon Squash, Lemon and All Kinds of Pure Fruit Syrups.

Mowat's Grocery, 77 Yates St.

LACROSSE MATCH AT TERMINAL CITY

THE VICTORIA TEAM SHOWED SPLENDID FORM

Outclassed Opponents During First Three-Quarters—Professional Nine Won Baseball Match at Everett.

Although Victoria lost the lacrosse match against Vancouver on Saturday afternoon at the Terminal City, none of the spectators, no matter how biased, could deny that the local twelve played a much superior game than their opponents. What should have been a very fast and exceedingly interesting competition was somewhat spoiled by the unfavorable weather. Throughout the entire contest the rain fell heavily, and the ground soft, with the result that those without cleats in their shoes—and most of the Victorians were without this necessity, while Vancouverites were well supplied—found it difficult to develop speed, and still more difficult to come to a quick stop for a shot or any other play. Despite this handicap, however, both teams played splendidly with the advantage in Victoria's favor. Up to the third quarter the score was practically even, the teams leaving the field at the finish of that period with Vancouver leading by one goal. It was in the last that they obtained their final score, making three successive goals by chance plays. In fact there seems to be much truth in the general assertion that the home team's defeat was due to hard luck.

In the first quarter it was scarcely a minute before Baker put in the first goal for the Victoria twelve. He sent the ball into the net by a swift back hand stroke that caught the goal-keeper unawares. The remainder of this period was uneventful. Victoria received the Terminal City defence continually, but were unable to shoot effectively because of the softness of the ground. Under ordinary conditions the Victorians should have obtained a decisive lead at this stage, because they obtained many opportunities. However the quarter ended with Victoria only one goal to the good. In this connection it might be stated that McConnell, who played inside home, was in a measure responsible for the visiting team's failure to convert often. He paid too much attention to checking the goal-keeper and too little to the ball.

Matters were slightly different in the second quarter, the Vancouver twelve appearing to brace up to a considerable extent. They scored two, Godfrey and Cao doing the necessary. But the Victoria twelve again had the majority of chances, and were unable to turn them to account. In the third things looked well for the visitors, although Vancouver started out by scoring. This goal, however, was closely followed by two for Victoria. Morris and McConnell converted. The teams now were tie, and the checking became rougher, than was previously the case. Shortly before the whistle blew Vancouver secured the lead. W. Lorimer, one of Victoria's defence players, inadvertently shooting the goal. This must be attributed to the lacrosse stick. The result was that the ball slipped when he attempted to throw and went into the net.

It was in the last quarter that the Victorians experienced some hard luck. Three goals were scored by chance, two of them being obtained by a fair straight shot. Cameron was given the credit for the first of these, although it really was made by S. Lorimer, the local custodian. The former made a pass from behind the goal to Godfrey. Lorimer saw his object and stepped out to block the combination. The ball hit his shoulder and rolled into the net. The other two also just rolled into the goal by apparent luck. Although the circumstances cannot be adequately explained owing to the rapidity of the occurrences, the captain of the Victoria team does not blame his goal-keeper for this, but states that the position was played splendidly, many shots being stopped in every quarter.

Altogether the Victoria team is beginning to show great improvement. Both Hatcher and Munro played for the twelve and acquitted themselves very well, while it is expected that W. Cameron, another new man, will be included in the line-up in the next game with Vancouver. The Victorians are confident of their ability to defeat the Terminal City team on local grounds.

Describing the game, the Vancouver News-Advertiser says in part: "In the early stages of the match the visitors put up a much superior brand of lacrosse than the locals, and at times their work was very pretty. One thing, however, which they fell down in was in shooting. Time after time they had splendid chances to shoot, but the home defence held the ball too long and the local defence had plenty of chances to cover their checks before the ball was passed. One thing particularly noticeable during the match was the defensive tactics of the Victoria team. The men on the defence blocked the goal well and kept the opposing home well out from the bars.

"The Vancouver team will certainly have to put up a much better article against New Westminster on Saturday next if they expect to win. The boys were decidedly out of color in their playing, and the home division missed splendid

opportunities to score by fumbling and will passing. However, the boys cannot be altogether blamed for poor passing. The day was far from pleasant for lacrosse, and the sticks were wet, which, as every one knows, makes it impossible for the players to pass well. The defence players played much better than the men on the home, and judging by their work it will take a mighty fast horse to beat them out. Pitted against a faster bunch than the Victoria team, the champions could no doubt play a harder game, and the supporters of the local club feel confident that the end of the season will find Vancouver at the top of the pole, custodians of the blue flag.

"For the champions, Bob Springer, on the defence, was the star, and his work was magnificent. He is a great fielder and plays a cool, heady game. Campbell, in goal, had very little to do. Reynolds and McConnell played well together, and relieved the situation on more than one occasion. Godfrey was the shining light on the home, and scored five of the seven goals. Matheson and Murray worked hard, but they had hard luck in shooting.

"Lorimer, in goal for the Capitals, played a magnificent game. He stopped shot after shot, and cleared his goal in fine style. His brother, Walter, and Baker were the most conspicuous on the defence, while Hendron, at centre, and Morris, McConnell and Stevens, comprised a fast quartette on the home field.

"R. H. Cheyne referred, 'Bob' is a good man in that capacity, and his work was much admired by the spectators." The following is the summary of goals scored:

Table with columns: No. Team, Scorer, Time. First Quarter: 1-Victoria, Baker, 14 min. Second Quarter: 2-Vancouver, Godfrey, 3 min. 3-Vancouver, Godfrey, 8 min. Third Quarter: 4-Vancouver, Godfrey, 35 min. 5-Victoria, Morris, 9 min. 6-Victoria, McConnell, 2 min. 7-Vancouver, Godfrey, 6 min. Fourth Quarter: 8-Vancouver, Godfrey, 14 min. 9-Vancouver, Ritchie, 13 1/2 min. 10-Vancouver, Godfrey, 3 min.

Table with columns: No. Team, Scorer, Time. How They Stand: New Westminster, 2 0 1000. Vancouver, 1 0 1000. Victoria, 1 1 500. Seattle, 0 2 1000.

AGAIN DEFEATED. Seattle made an exceedingly good showing against the champion lacrosse players in the game with New Westminster at Recreation Park Saturday afternoon. The final score was ten to six in favor of the visitors, who played a remarkably clean and swift game. Turnbull excelled himself and made three goals for the visitors. To see him start down the field with the ball was almost an assurance that New Westminster was about to score. The team rarely ever fumbled the ball, but moved it with remarkable dexterity.

The Seattle team showed some good play. Hatcher at centre was easily the strongest man of the home team, but Williamson did some very clever work. Mitchell, at goal, showed up well, and prevented New Westminster scoring with direct balls on several occasions. The attendance at the park was not so large as the occasion deserved, but those present showed by their applause that they were watching for every good point made by the Seattle boys.—Seattle Post-Intelligencer.

BASEBALL PLAYED GOOD GAME.

The match on Saturday afternoon, although it did not advance Victoria's standing very far, was an excellent game. Bellingham, the strongest team in the Northwestern League, won by a score of 2 to 1. The Victoria team had no reason to feel ashamed of its work, however.

Up to the seventh inning no run was made by either side. Up to that time each side was retired in quick succession. Only three-base hits had been made in that time by Bellingham, two of them by King. Victoria had not made a single base hit. One of those from King's bat should have been taken in by Williams at left field had it not been for the latter's laziness. He stood back and watched the ball drop to the ground instead of exerting himself and meeting it.

In the seventh inning the spell was broken by Bellingham, and from that to the end excitement ran high. Mahon made a heavy hit, and in consequence of slow work in getting the ball to the diamond again he was enabled to make a home run. In doing so he brought in James also, who was on this base. Duggan was struck out retiring the visitors and leaving the score for the inning two runs.

and the grand stand and pandemonium reigned. Unfortunately Williams came to bat at the critical moment, and was unequal to the occasion, being struck out. From that to the end of the game no further score was made. In the ninth Bellingham was nearly shut out of scoring. Spencer hit to second base, and Kelsey attempted to get home from third on it. A quick pass of the ball to Ford, the catcher, resulted in a put out at the home plate.

Howlett pitched for the local team, and to him in no small measure is due the good work on Saturday. In addition to pitching a game which Bellingham's heavy hitters found it difficult to score on he kept the whole field in his eye, and played the right programme at the proper time. On several occasions he pulled the team out of what looked like a very awkward position. Green on third base played good ball. He made a fly catch from the bat of Callif in the third inning, which won for him well-merited applause. He gathered in a fast straight drive with his gloved hand.

If Victoria can continue to play as they did on Saturday and receive some reinforcements to its batting list it should soon reverse its position in the league. The score was as follows:

Table with columns: Bellingham, a. b. r. h. b. p. o. a. e. Drennan, c. f. 3 0 0 5 0 0 0. Downie, 2 b. 4 0 1 3 4 0. James, 1 b. 4 1 0 8 1 0. King, J. F. 3 0 2 0 0 0. Kelsey, 3 b. 3 0 1 3 0 0. Mahon, 3 b. 3 1 1 2 1 0. Duggan, a. s. 4 0 0 4 4 3. Spencer, r. f. 4 0 2 1 0 0. Callif, p. 4 0 0 1 3 1. Totals 32 2 7 27 13 4.

THE SPELL BROKEN. A special dispatch from the Times correspondent at Everett says: Twenty-five hundred fans witnessed Everett get the worst drubbing here of the year yesterday. The management paid John L. Sullivan \$75 to assist in umpiring. He umpired the bases and Huston was behind the box. Sullivan happened to be in the city playing with his Vanderbilt company, and the big crowd present indicates that the money paid him was well invested. Galaski was too much for the locals, nearly all of whom played listless and indifferent ball. Schoch, Everett's prize pitcher at one time, pitched the first five innings. Rowan finished in the box, and did little better. The full score follows:

Table with columns: Victoria, a. b. r. h. b. p. o. a. e. Irby, c. f. 2 1 2 0 0 0. E. Ford, 2 b. 6 2 4 4 5 0. Jones, a. s. 5 1 3 0 6 2. Dudley, L. F. 5 1 3 1 0 0. Hutchison, 1 b. 6 2 4 18 1 0. McManus, r. f. 6 2 1 0 0 0. Green, 3 b. 4 0 2 0 4 0. C. Ford, c. f. 4 1 0 1 1 0. Galaski, p. 5 1 2 1 2 0. Totals 45 12 20 27 19 2.

Table with columns: Everett, a. b. r. h. b. p. o. a. e. Hulen, 1 b. 4 1 2 3 0 0. Burns, 2 b. 4 1 2 3 8 0. Heitmueller, 1 f. 4 0 1 0 0 0. Sees, r. f. 4 0 1 0 1 0. Jacobs, c. f. 4 0 2 1 0 0. Strub, 3 b. 4 0 0 1 1 0. Earle, s. a. 4 0 1 1 4 2. Altman, c. 4 2 2 2 1 0. Schuch, p. 1 0 0 0 3 0. Totals 37 5 12 27 19 2.

Bases on balls, off Rowan, 4; off Schoch, 1. Two base hits, Green, Hutchison (2), Galaski, Rowan. Three base hits, Green. Home run, Burns. Double plays, E. Ford to Jones to Hutchison, Earle to Burns to Hulen. Hit by pitched ball, Hulen. Left on bases, Victoria, 12; Everett, 7. Innings pitched by Schoch, 5; Rowan, 4. Time, 1 hour 47 minutes. Umpires Huston and Sullivan. Attendance, 2,500.

VANCOUVER WON. In another of the senior league matches played on Saturday between the Vancouver and Everett teams at the Terminal City the former team won by a score of 2 to 1. In the first inning Hulen went to base on balls, stole second, and was brought home by Heitmueller's two-bagger. Again and again Vancouver filled the bases, but could not score owing to the faultless fielding of the Smokestackers. In the seventh, however, Weaver's slow fly falling short of the left fielder brought in two runs and won the game. The score by innings follows:

Table with columns: Vancouver, a. b. r. h. b. p. o. a. e. Runs 0 0 0 0 0 2 0-2. Hits 1 2 0 0 1 3 0-8. Summary—Earned runs, Victoria, 8; Everett, 4. Struck out, by Galaski, 1; by Schoch, 2. Bases on balls, off Rowan, 4; off Schoch, 1. Two base hits, Green, Hutchison (2), Galaski, Rowan. Three base hits, Green. Home run, Burns. Double plays, E. Ford to Jones to Hutchison, Earle to Burns to Hulen. Hit by pitched ball, Hulen. Left on bases, Victoria, 12; Everett, 7. Innings pitched by Schoch, 5; Rowan, 4. Time, 1 hour 47 minutes. Umpires Huston and Sullivan. Attendance, 2,500.

A POOR EXHIBITION. The first amateur senior league match played between the Fernwood and Hillside teams on Saturday resulted in a win for the former by a score of 18 to 10. Both teams batted well, but the fielding, especially that of the Hillside team, was poor.

"Britonsloom" is a serge made exclusively for Semi-ready by England's greatest serge maker

The best serge maker in England makes several qualities of serge. His name on a piece of serge means mighty good quality, but it doesn't necessarily mean his best. Our cloth experts explained to the manufacturer what we wanted in a serge. "That is better than anything I am turning out," he said, "but I can do it." "Britonsloom" serge is the result. We control the output, so you can get this extra quality serge only in Semi-ready suits. "Britonsloom" serge is absolutely fast in color, black or blue—and it is a wonder for wear. We make this serge into single and double-breasted sack suits of the latest style. Price \$20.

cially that of the Hillside infield, was poor. A better match, however, is expected next time these teams try conclusions.

CRICKET. AN EASY WIN.

Victoria won the match against the combined Seattle and Tacoma teams played on Saturday afternoon on the Jubilee hospital grounds. The score was overwhelmingly in favor of the Victorians after the first innings, when the visitors again went to bat and were unable to run up 29 for two wickets, when stops were drawn and the game declared a victory for the home team. Winning the toss, the visitors went to bat. Cobbett and Gooch opening the bowling for the home eleven. The Seattle and Tacoma players were very much puzzled with Gooch's slow cutters and on several occasions they stepped up and completely missed an apparently easy one. Six wickets for 19 runs was Gooch's analysis and that of Cobbett 26 for four wickets.

The first pair up for Victoria, L. S. V. York and Q. D. H. Warden, treated the spectators to an exceedingly fine exhibition. Perhaps the former's style was the prettiest, but for hard, effective hitting, good placing and a splendid defence Warden excelled. He didn't make a mistake, and before retiring had run up a score of 105 runs. On the other hand, York played his usual creditable game, batting hard and cutting with an accuracy that elicited enthusiastic applause. After York's departure Barncle partnered Warden, and was dismissed after contributing 45. At this stage the bowling of the visitors became weaker, and Menzies, Hilton, Tye and other remaining players were able to run the score up to 348 without difficulty.

Tea was then served at the marquee, and after the interval the visitors went again to bat, scoring 29 runs, as previously mentioned, for two wickets. The score follows:

Table with columns: Seattle-Tacoma—First Inning. G. C. Seales, c. Menzies, b. Gooch 5. L. O. Pattillo, b. Gooch 3. J. H. Rowland, b. Cobbett 3. W. B. Waddell, b. Gooch 14. J. F. Lyon, b. Cobbett 19. W. P. Cameron, b. Gooch 9. C. R. Wilcox, b. Gooch 3. R. A. Wingate, b. Gooch 2. R. J. B. D. Lloyd, c. Tye, b. Gooch 5. H. Parker, not out 6. Extras 3. Total 48.

FOR SALE. Pine building lot's fronting New City Park on George road. Good acreage property along Burnside Road, and also above George Bridge; excellent for Fruit Growing. Valuable city lots on Yates Street and Wharf Street, yielding a good return as an investment. Also two city water lots at foot of Yates Street with 100 feet wharf and large warehouses. Twenty-three acres in Esquimalt District fronting on Royal Road. Seventy-five acres fronting on Booke Harbor. Excellent building lots in Esquimalt town. For particulars apply to J. STUART YATES.

THE RIFLE. AT CLOVER POINT. The scores at the rifle range on Saturday were lower than usual owing to the unfavorable weather conditions. Following are some of the best ones made: 290, 530, 600, Hep. Tl. Corp. S. Patton 31-21-21 39 33. Capt. Langley 28-28-28 28 28. Sgt. Maj. McLaughlin 30 31 27 86. Sgt. Carr 31 29 29 89. Sgt. Anderson 33 25 28 86. Co. S. M. Cayen 32 27 27 86. Sgt. R. S. MARIPOSA, for Tahiti, July 4. J. D. STEPHENS & CO., Agents, 701 Government St., Victoria, B. C. S. S. BURNETT & CO., Ltd., Victoria.

RAILWAY COMPANY'S APPEAL

Deportation Case Being Argued Before Judge Anglin—Queen's University Endowment.

Kingston, June 10.—Argument is being heard before Judge Anglin against the deportation of the Pere Marquette railway officials. The defence pleads that the act is unconstitutional, that the right rests with the imperial parliament alone to deport aliens from Canada.

Going to Baltimore. Kingston, June 10.—Dr. Ernest Cullen, of the Toronto General hospital house staff, has been appointed fellow in pathology at Johns Hopkins University, Baltimore, Md.

To Raise \$500,000. Kingston, June 10.—Queen's University was given a grand start yesterday in an effort to raise an endowment of \$500,000. The general assembly with unanimity endorsed the proposals to give the lift needed to do better work, and Rev. Robert Laird, M. A., of Vancouver, B. C., was made general agent to forward the work of raising the funds. He accepted the responsibility, and said he looked to the church for support. Last night the foreign missions of the church came under review.

Suicide. Kingston, June 10.—Frank Ferguson, a young man formerly a ward tender in the Western hospital, in a fit of despondency yesterday afternoon took an overdose of cocaine and died. He was addicted to the use of cocaine.

Rien Harvest Promised. St. Catharines, June 10.—The consensus of opinion among prominent fruit growers of Niagara district is that this year is going to be a bumper crop of fruit, better than for some years past. Everything points to a rich harvest with the exception perhaps of apples.

Disorderly Artillerymen. Halifax, June 10.—The soldiers of the Royal Canadian Artillery in garrison here do not take kindly to discipline. Thirteen privates who were imprisoned in the main guard room kicked up a lively time. They started to break their way out and smashed everything in sight. The guard was called out, and attempted to enter the room, but the men had barricaded the door firmly. A squad of military police battered down the door and overpowered the unruly Canadians, who were removed to a stronger guardroom. All the men had been imprisoned for petty offences.

THE SITUATION IN NORWAY. It is Probable That King Oscar May Consent to Appoint His Grandson Ruler.

Christiania, June 11.—Reports received here of yesterday's conference at Stockholm between the officials of the government and the Riksdag are taken here as an indication that the Swedes are withdrawing from their position. It is recognized here that Sweden has two courses: First, to declare war; second, to agree to Norway's proposals; third, an intermediate course, not war, but the refusal to recognize Norway's independence, and the refusal to appoint a sovereign.

It has been feared that Sweden would take the last mentioned step and thereby drive Norway to the extremity of establishing a republic, which, it is known, would not be welcome to Europe. The influence of a republic on the socialist parties in Denmark and Sweden, however, it is pointed out, would not be likely to enhance the stability of monarchies, and for this reason King Oscar may consent to appoint his grandson William King of Norway. William, who is a year younger than Gustavus Adolphus, is the Norwegian favorite, and it is thought that the brothers would rule the sister countries well. The suggestion to submit the case to The Hague meets with strong approval.

SALT SPRING ISLAND NOTES. (Special Correspondence of the Times.)

Rev. E. T. Wilson is making strenuous efforts to have the new church erected at Ganges Harbor as soon as possible. The church will be named St. Paul's, and will be built of stone.

A. R. Bitancourt has announced that his store will be closed on Sundays, and it is understood that Malcolm & Purvis intend to follow suit.

H. Stevens and R. B. Young were appointed churchwardens at the Easter vestry meeting of St. Paul's church. The Home Sunday school picnic will be held this summer at the Cranberry marsh.

VANCOUVER NEWS. A joint meeting of representatives of the city council and the board of hospital directors was held the other evening, when the proposal to provide an isolation hospital for contagious and infectious diseases was discussed in a very amicable manner. It was quite evident that the city authorities recognized that the hospital board was, and the only thing that could be done at present was to prepare for the establishment of an isolation hospital at some future time when it was in a more favorable financial position.

Underhill, city medical health officer, was instructed to consult with Mr. Grant, the hospital architect, as to plans and probable cost of such an institution, and later to report to the city council.

Mr. Marpole, general superintendent of the Pacific division of the C. P. R., has returned from the Kootenay. Last Monday Mr. Marpole left with W. Whyte on a tour of inspection of the lines in the Kootenay, and with them were His Grace, the Duke of Sutherland and Ernest Chaplin, neither of whom had seen that portion of the province. Mr. Marpole left the party at Nelson, taking a hurried run through the Kootenay. He reports that the interior districts are looking up, and there is every indication of steadily improving conditions. After leaving Nelson, Mr. Whyte, the Duke of Sutherland and Mr. Chaplin, travelled over the Crow's Nest to Mica, and arrived at Calgary on Friday morning. From there they went to Banff to spend a day. It is their intention to go north as far as Edmonton before leaving for the East.

W. A. Clement, Vancouver's new city engineer, arrived from Toronto Saturday evening, accompanied by his wife,

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Mrs. Robitaille Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl thinks, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—and be grateful.

Among these ailments the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Mrs. Robitaille, 78 Rue St. Francois, Quebec, Quebec, tells how this great medicine did for her. She writes:

Dear Mrs. Pinkham— "Overwork and long hours at the office, together with a neglected cold, brought on a very bad case of female trouble. I was unable to go to work. I had a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve but after that my recovery was very rapid and I was soon well and able to go back to work again. I certainly think your medicine for sick women worthy of praise and an indeed glad to endorse it."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ailments, her letters of advice of untold value, her skill in giving working girls, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

and is stopping at the Hotel Vancouver. He will enter upon his new duties immediately. The new engineer is 39 years of age and for a number of years has been assistant engineer at Toronto, during the latter part of which he has had charge of the sewers department.

North Vancouver presented a busy appearance Saturday, especially in the afternoon towards 4 o'clock, when the re-announcement of the election for reeve was to be announced. Out of a number of number of about 900 voters and a possible number of about 500, some 255 turned in their votes, which resulted in the election of Arnold E. Kealy as reeve, vice J. C. Gill, resigned. The official figures were as follows: Kealy, 137; May, 116; spoiled, 2. Total, 255.

ACTIVITY AT GREENWOOD. Various Mines in That Camp Are Busy Engaged.

The promised active operation of the Providence mine here is now no longer in doubt, says a Greenwood correspondent. Superintendent Dermody has over 30 men employed drifting on the 200, 300 and 400-foot levels. On the 200-foot level a gang of men are working from the shaft, driving to meet the tunnel, which has been started from Providence creek, and in the tunnel itself another gang are stopping the ore preparatory to shipping. The lead in the drift on the 400-foot level is about 10 inches wide, and the ore is of a very fine grade. Drifts are being run both ways from the shaft, and when the seven drill compressor, which will be purchased this week by President Madden, is installed, and the air drills replace the hand labor, it is fully expected that large shipments will be made and steadily maintained.

For some months the holders of the Highland Queen have been driving a crosscut tunnel to tap a lead which has been extensively exposed on the surface. This ledge on the surface is about 15 inches in width, and Monday was struck in the tunnel. From present indications it is wider than on the surface, and though no assays have been made to date, the ore is apparently of much higher value than the surface showings.

The Highland Queen is one of the oldest locations in the camp, and was staked in 1895. It is situated about half a mile south of the B. C. Copper Company's smelter on the west side of the valley. The claim was worked by a company, the Highland Queen Consolidated Mining Company, until 1900, sufficient work being done only to crown grant the property. The work done previous to the present operations was on a lead further west and higher up the hill. On this lead a 35-foot shaft was sunk and assays secured by Robert Wood read from \$200 to \$300 on the surface, and from \$50 to \$40 at the bottom of the shaft. This lead is also staked for over 400 feet.

The property working property crosscut through F. W. McLane's claim from the wing company in April last, and after discovering the lead first mentioned, proceeded to drive the tunnel with the results outlined. The holders now intend to still further extend the tunnel to the old lead, a distance of 75 feet, and upraise to the old shaft, thereby giving good depth on the original lead and splendid ventilation.

On the Twin a crosscut tunnel has been started to tap the ledge already reported as discovered. W. H. Jeffrey, M. E., has stated that in his opinion the last discovery is a continuation of the Barnara vein, as he has traced it to the locality where the borders of the Twin found it. The ledge is very strong, although the values obtained from the assays of the surface quartz were not very high. A short tunnel will tap the ledge which when reached will be again sampled, and if good values are obtained the claim will be extensively developed.

A remarkable strike has been made on the Duncan claim on Wallace moun-

tain, west fork Kettle river. The strike was made on the footwall of a four-foot ledge, which the holders are now at work developing. It is an eight-inch streak of rich carbonates, which, when assayed, gave values .03 gold and 776.5 ounces silver, in all \$458.73 per ton. The prospects for the successful operation of this property are exceedingly bright, and it is expected that ore will be mined this summer ready for shipment when snow comes next winter.

On the Rambler a good deal of ore is also being mined ready for the winter hauling.

IN WYOMING. The Progress of the Automobile Race From New York to Portland.

Sage, Wyo., June 6.—Old Scout, the Oldsmobile runabout, driven by Huss and Wigle, reached here last night, having made a run of 100 miles from Green River. At Green River they had their front axle straightened, and the machine is now in as good condition as ever.

The men expect to leave here early in the morning for Pocatello, Idaho, a run of 150 miles. The roads, while very hilly, are improving, and the surrounding country is much more inviting; several fine ranches were passed yesterday. The boys are at a loss to account for the whereabouts of Old Steady, which they believe to be struggling along somewhere about 100 or 150 miles behind. In an interview, Huss said: "We left Green River early and drove to Granger for dinner, the distance being only 30 miles. A part of the way was very sandy, and we made slow work. At Granger we cooked to get dinner. Leaving Granger the roads began to improve, and our spirits with it. Of course the roads are very hilly, but with a car that will climb, it is a pleasure. Now that we have our front axle straightened, which was bent by dropping into a sink hole the other side of Preston, Old Steady will have to move to catch us, but things are unpropitious here in the hills, and we are not going to make any bluff."

Dear Mrs. Pinkham— "Overwork and long hours at the office, together with a neglected cold, brought on a very bad case of female trouble. I was unable to go to work. I had a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was, and straightway sent out for a bottle. I finished that and took two more before I really began to improve but after that my recovery was very rapid and I was soon well and able to go back to work again. NOTICE

TENDERS FOR TIMBER LIMITS.

Sealed tenders will be received by the undersigned up to noon of Wednesday, 21st May, 1905, from any person who may desire to obtain a lease, under the provisions of section 42 of the "Land Act," for the purpose of cutting timber therefrom, of a timber limit in the Vancouver Island, known as Lots 200, 201, 202, Clayoquot District, containing in the aggregate 1,050 acres.

The competitor offering the highest cash bonus will be entitled to a lease of the limits for a term of twenty-one years, and each tender must be accompanied by a certified cheque, made payable to the undersigned, to cover the amount of the first year's rent (\$257.20), and also a certified cheque for \$1,100.40, being the cost of cruising and surveying the limits. The cheques will be at once returned to unsuccessful competitors.

W. S. GORE, Deputy Commissioner of Lands & Works, Lands and Works Department, Victoria, B. C., 4th May, 1905.

Tenders for Government of British Columbia 3/4 Per Cent. Debentures.

Tenders will be received up to the 15th of June, 1905, for the purchase of \$300,000 Government of British Columbia Drying Debentures at the rate of 3 1/4 per cent. per annum, payable half-yearly, on the last day of July, in each year; the principal redeemable in 12 years from the 1st of July, 1905.

Tenders to state the price net, the amount to be deposited at the Canadian Bank of Commerce, Victoria, on the 30th of June, 1905.

Tenders to be addressed to the Honorable the Minister of Finance, Victoria. Right of acceptance of any tender reserved. May 24, 1905.

REVISED STATUTES OF CANADA, 1896, CHAPTER 92. NOTICE.

PURSUANT TO THE ABOVE STATUTE OF PROPOSED CONSTRUCTION OF WHARF IN THE HARBOR OF VICTORIA, BRITISH COLUMBIA.

The Municipal Council of the Corporation of the City of Victoria, British Columbia, hereby give notice, pursuant to the requirements of Section 5 of the above Statute, that they have by petition to the Governor in Council for approval of the site, and of the plan of the wharf proposed to be constructed on and over the foreshore at the Northern termination of Gangeo street, in the City of Victoria, according to the plan and description of the proposed site and of the wharf to be constructed thereon, deposited with the Minister of Public Works at Ottawa, and a duplicate thereof has been deposited in the Land Registry Office at Victoria, B. C., this 17th day of June, 1905.

WELLINGTON J. DOWLER, Clerk of the Municipal Council of the Corporation of the City of Victoria, B. C.

A BROKEN-DOWN SYSTEM. This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down, so to speak, of the vital forces that sustain the system. No matter what may be its cause (for they are almost innumerable) its symptoms are the same: general debility, loss of energy, depression of spirits and want of energy for all the ordinary duties of life. Now, what alone is absolutely essential in all such cases is increased vitality.

VITAL STRENGTH & ENERGY. This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down, so to speak, of the vital forces that sustain the system. No matter what may be its cause (for they are almost innumerable) its symptoms are the same: general debility, loss of energy, depression of spirits and want of energy for all the ordinary duties of life. Now, what alone is absolutely essential in all such cases is increased vitality.

THERAPION No. 3. This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down, so to speak, of the vital forces that sustain the system. No matter what may be its cause (for they are almost innumerable) its symptoms are the same: general debility, loss of energy, depression of spirits and want of energy for all the ordinary duties of life. Now, what alone is absolutely essential in all such cases is increased vitality.

THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH. This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down, so to speak, of the vital forces that sustain the system. No matter what may be its cause (for they are almost innumerable) its symptoms are the same: general debility, loss of energy, depression of spirits and want of energy for all the ordinary duties of life. NOTICE. SOUTH AFRICAN WAR LAND GRANT ACT. Grants of land made to Volunteers, their heirs or assigns, under authority of this Act, are subject to the condition that such lands shall be taken in possession by the grantees on or before the first day of July, 1905. Notice is, therefore, hereby given that application for such lands must be filed at a Government Office by that date.

WELLINGTON J. DOWLER, Chief Commissioner of Lands and Works, Lands and Works Department, Victoria, B. C., 26th May, 1905.

NOTICE. The reservation placed on the lands of the Equimilt & Nanaimo Railway Company has now been removed, and the lands are again open for sale. For particulars as to town and suburban lots, and mineral, agricultural and timber lands, apply at the company's land office, Store street, Victoria, B. C.

LEONARD H. SOLLY, Land Commissioner.

FOR SALE. Set of compound surface condensing engines and boilers complete, and suitable for tug or small cargo boat. For particulars apply. J. K. REBBECK, Board of Trade Building.

NOTICE. Notice is hereby given that the first sitting of the Arbitration Court of Revision of the Municipality of the City of Victoria will be held in the Council Chamber, City Hall, on Wednesday, the 14th day of June, 1905, at 10 o'clock a. m., for the purpose of hearing complaints against the assessment as made by the Assessor, and for revising and correcting the Assessment Roll.

WELLINGTON J. DOWLER, C. M. C. Victoria, B. C., May 9th, 1905.

IN THE MATTER OF THE ESTATE OF SUSAN ANN McLAUCHLIN, DECEASED, INTERSTATE. Notice is hereby given that all creditors of the said estate are required on or before the 6th day of July, 1905, to send particulars of their claims, duly verified, to the undersigned, solicitors for James McLauchlin, who has been appointed administrator of the said estate, and all persons indebted to the said estate are required to pay said indebtedness to the undersigned forthwith.

Victoria, B. C., this 6th day of June, 1905. BODWELL & LAWSON, Solicitors for the Administrator.

Dated this 23rd day of May, 1905.

SYNOPSIS OF REGULATIONS FOR DISPOSAL OF MINERALS ON DOMINION LANDS IN MANITOBA, THE NORTH-WEST TERRITORIES AND THE YUKON TERRITORY.

Coal.—Coal may be purchased at \$10 per acre for soft coal and \$25 for anthracite. Not more than 200 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton, 2,000 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint owners of a mining lease or mine's certificate may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500x1,500 feet by marking out the corners of a mining location, bearing location notices, one at each end on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within the limits of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$10.

At least \$100 must be expended on the claim each year or paid to the mining recorder in the name of a mining lease, which may be expended or paid, the locator may have a survey made, and upon complying with other requirements, purchase the land at \$1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper in the Yukon Territory, of an area not exceeding 100 acres.

Placer Mining.—Manitoba and the N. W. T., excepting the Yukon Territory.—Locator claims generally not exceeding five acres, entry fee, \$5, renewable yearly.

North Saskatchewan River claims are either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar or diggins, but extends back to the base of the hill or bench, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two claims of five acres each in a term of twenty years, renewable in the discretion of the Minister of the Interior.

The locator's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggins or bench claims, except on the Saskatchewan River where the locator may dredge to high water mark on each alternate low-water stage.

The locator shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or sufficient. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a locator in a term of twenty years, also renewable.

The locator's right is confined to the submerged bed or bars of the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The locator shall have a dredge in operation within two years from the date of the lease, and one dredge for each five miles within two years from the date of the lease. Royalty at the rate of two and a half per cent. collected on the output after it exceeds \$10,000.

Placer Mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days if the claim is within ten miles of Mining Recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate. The locator's right is confined to the value of a claim of 1,000 feet in length and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and a half per cent. on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$300. A certificate that work has been done must be obtained each year; if not, the claim shall be deemed to be abandoned, open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum. The Minister may reserve for an individual or company having machinery on the land to be prospecting an area of 1,000 acres for such period as he may decide, the length of which shall not exceed three times the breadth. Should the prospecting discover oil in paying quantities, and satisfactory evidence of such discovery, an area not exceeding 640 acres, including the oil well, will be sold to the prospector at the rate of \$1 an acre, and the remainder of the tract reserved, namely, 1,280 acres, will be sold at the rate of \$3 an acre, and the balance at such rate as may be specified by Order in Council.

W. W. COBY, Deputy of the Minister of the Interior, Dept. Interior.

CANCELLATION OF RESERVE. Notice is hereby given that the reservation covering Graham Island, Queen Charlotte Group, notice of which was published in the British Columbia Gazette and dated 30th January, 1901, has been cancelled, and the Crown lands hereon will be open to sale, pre-emption and other disposition under the provisions of the Land Act, on and after the

to every man in the six companies. Lt. Col. Hall, Major Lawson and Adjutant McConnan were on horses. The rank and file wore the ordinary serge with helmets, besides carrying forage caps, great coats, haversacks and rifles. On arriving at the point tents were pitched in short order, blankets distributed and lunch served, after which members were free for the afternoon.

EAT B & K OATS FOR BREAKFAST
CHEMICAL ANALYSIS conclusively proves that oats in the form of ROLLED OATS contain more nutritive value than ANY OTHER PREPARED CEREAL.

2. Bumping contest.
3. 100 yards race.

WATCHING THE TYEE.
Results of Sinking Operations There Will Mean Much to Island.
On the properties of the Tyee Copper Company at Mount Sicker, very important operations in developing the ore body are going on.

PERSONAL.
W. H. Bacon and wife, of Los Angeles, are in the city. Mr. Bacon is a prominent lawyer, and came north primarily for the purpose of attending to a case before the Seattle courts in which he is defendant.

objection is found with them for prosecuting those falling to attend to their duties, and the efficiency of lecturing the companies as a whole before having transgressed any of the generally understood regulations is doubtful.

Former Wisconsin Banker Must Spend Ten Years in Penitentiary.
Milwaukee, June 10.—Frank G. Bigelow, self-confessed defaulter of the funds of the First National bank to the amount of a million and a half dollars, pleaded guilty today to an indictment of the federal grand jury containing ten counts, each a violation of the national banking laws, and was sentenced by United States District Judge Joseph V. Quarles to ten years' imprisonment at hard labor in the penitentiary at Fort Leavenworth, Kan. The sentence to begin at noon to-day.

The former banker, upon being sentenced, was turned over to the custody of a United States marshal, and the prisoner was started on his journey to the prison late this evening.

Charles A. Warren, of Golden, and H. J. Barber, of Chilliwack, arrived from the Mainland yesterday and are registered at the Dominion. They are delegates to the I. O. O. F. grand lodge, which will open on Wednesday at Ladysmith.

WESCOTT BROS., 71 Yates Street

RESPONSIBILITY THAT TELLS.
Capt. James Carroll, of the steamer Spokane, speaking to a Post-Intelligencer reporter on the seafaring life, said in response to a question, "It's the sense of responsibility that drives many of us old masters to a life ashore, for no matter how capable one's officers may be, a man always feels that upon himself the blame will fall in case of accident. I suppose that in all I have spent years on the bridge when there was no reason in the world why I should not have been soundly asleep in my cabin."

KNIGHTS OF PYTHIAS DECORATION DAY
All members of the Order are requested to meet at Castle Hall, at 1:30 p. m. Sunday, June 12th. Parade to cemetery will start at 2 p. m. sharp, headed by the Fifth Regiment band. Visiting brethren invited to attend.

A Full House
Theatrical managers and poker players are not the only people to whom a "full house" is important. It is important to the man who keeps boarders, or lodgers for profit. Again the moral: Use the want columns.
