## INDEPENDENT AND PROGRESSIVE

Baldwin Directory Company, Inc, publisher of the Reidsville City Directory, is an independent organization, in no way connected with any national association, combination or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company. While many publishers have been content to rest on their laurels, issuing the same type of directory used thirty years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future as in the past Baldwin directories will stand for the highest ideals in public service.

# INTRODUCTION

Baldwin Directory Company, publisher of The Reidsville City Directory, takes pleasure in presenting the 1935 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have confidence in the continued growth of Reidsville and we believe that our directory will take its place as one of the vital instruments for the advancement of the community. A new edition will be issued promptly every two years in association with The Reidsville Review.

The Reidsville directory is a fine example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization has been the pioneer. The excellent city directory which Reidsville now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

## SEVEN DIVISIONS OF THE BOOK

The principal departments of the Reidsville directory are as follows:

1. *The Miscellaneous Directory*, which starts on page 9, contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials, and other valuable data.

2. *The Buyers' Guide, Civic Section and Professional Blue Book*, which starts on page 19, is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cards of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

3. *The Resident Directory*, which starts on page 45, contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. *The Householders' Directory and Telephone Guide*, which starts on page 193, gives the names of all householders arranged as they come upon the streets and avenues, and gives the telephone number at each house.

5. *The Business Directory and List of Nationally Advertised Brands*, which starts on page 217, contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are listed the names of nationally advertised brands of merchandise, with the name of the local agents and distributors.

6. *The Numerical Telephone Directory*, which starts on page 241, is a valuable reference list in every business office.

7. *The Rural Routes Directory*, which starts on page 247, is used constantly in reaching rural residents with advertising matter and other mail.

### SPECIAL A B C D FEATURES

The following valuable information is used in the A B C D type of directory, but not in the old-fashioned city directory:

- Number of dependents under 16;
- Designation of home ownership;
- Telephone Numbers on Street Guide;
- Numerical Telephone Directory;
- Nationally Advertised Brands;
- Rural Routes Directory.

In addition to these valuable additions, the A B C D type of directory is more conservatively styled, printed on better paper and more durably bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

### THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the A B C D type of directory made one more bold stroke—they established a guaranteed *home* circulation for all advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community through the local Merchants Association. Every advertisement which appears in a Baldwin city directory also appears in the Householders' Supplement, making the Baldwin directory "the greatest dollar-for-dollar advertising medium in the South" today.

# REIDSVILLE

"THE CITY TOBACCO BUILT"

Reidsville, the Gate City to the famous Piedmont Section of the Carolinas, is centrally located in one of North Carolina's richest agricultural counties; in the middle of the district where the world's finest cigarette tobacco is grown, and it stands out as an industrial city in a county that is recognized as one of its State's finest agricultural counties.

## HISTORY

It was named for one of its early citizens . . . one who was born and reared inside of its present corporate limits, and one whose record as a statesman brought fame, not only to his State, but to the South. This man, David Settle Reid, was in turn Governor of his State, United States Senator, and Ambassador to the Court of Saint James. Reidsville is proud of this honored, pioneer citizen, but were it possible for him to return and view the progress the little hamlet that bears his name has made he doubtless would be equally as proud of his birthplace.

There are many good things to be said of this little city nestling in the foot hills of the Piedmont. Irvin S. Cobb once described it as "the beautiful little dimple in the pink cheek of Piedmont, North Carolina." It is a city of opportunities for those who wish to invest in business or manufacturing enterprises, and a veritable paradise for the home-seeker.

## TOBACCO MARKET

Here in Reidsville one will find the home plant of the American Tobacco Company; a gigantic plant with a daily capacity of 100,000,000 cigarettes, and employing nearly 2,000 satisfied workers. Right outside the city limits one will find a great group of storage sheds where 100,000,000 pounds of the world's choicest tobaccos are aging, awaiting the time when it is ready to be made into Lucky Strike Cigarettes. Also in Reidsville are the offices of the United States Collector of Customs where duty is collected on millions of dollars worth of

Turkish tobacco, cigarette paper and other imported commodities necessary in the manufacture of Lucky Strikes. The amount of duty collected here annually is so great that Reidsville, an inland city, 250 miles from the sea, is the third ranking port of entry in North Carolina.

Tobacco means much to Reidsville. Aside from its manufacture, millions of pounds of this golden weed are marketed here yearly. For the past six years the sale of leaf tobacco on the Reidsville market has averaged more than 10,000,000 pounds, establishing this city as the world's largest one sale tobacco market. During the past marketing season growers were paid \$2,175,000.00 for the tobacco sold on the floors of Reidsville's five large auction warehouses.

## INDUSTRIES

While tobacco is the first industry of this little city it cannot be said that it reigns supreme. Reidsville is really a city of varied industries. Here is located the factory where Nu-Shine, a nationally-known shoe polish, is manufactured. Here also is a branch plant of the Chase Bag Company, where millions of cotton bags used for granulated tobacco and the packing of auto parts are made each year. Here one will find the Edna Cotton Mills, manufacturing cotton textiles, and the Reidsville Rayon Mills, manufacturers of rayon textiles.

On September 1, 1930, Glenn R. Clark organized the Lucky City Motors, Inc. This organization has handled the Ford automobile in Reidsville since that time. On March 29, 1935, the company moved its headquarters to the Smith-Pennix Tobacco Warehouse, located at 120 Settle St. It has now one of the most complete Ford agencies in North Carolina, covering 18 000 square feet of floor space. Lucky City Motors employs approximately 30 persons and is one of the strongest commercial organizations of Reidsville.

There are other smaller and less important industries in the city, however, changing from the industrial to the commercial side of Reidsville one will find a shopping district in this city that is truly metropolitan. Shoppers coming here will find a business section of eight or ten blocks. They will find an array of modern store fronts whose windows are filled with merchandise such as is rarely ever found except in cities many times the size of Reidsville. The people of this city have no reason for shopping away from home.

### TRADING FACILITIES

To the prospective manufacturer coming to Reidsville it can be said that the city is located on the double-tracked main line of the Southern Railway System offering quick transportation to all parts of the United States. It is located on U. S. Highways Nos. 29 and 158 and has several other hard-surfaced State Highways leading into the city, offering inducements to those who ship by truck. Unlimited electric power is available and at unusually low rates. Water is abundant; choice factory sites are to be had, and the local tax rate is low.

### CIVIC AND EDUCATIONAL ORGANIZATIONS

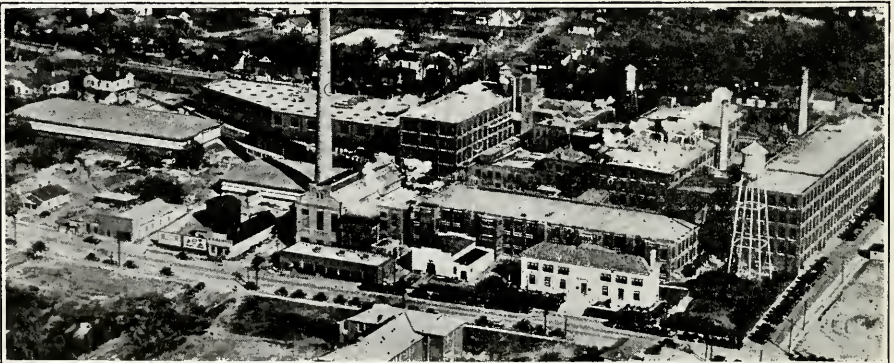

Reidsville has a modern fire-proof hotel with 80 outside rooms, and a 50 bed hospital that is considered one of the finest in the State. The home-seeker will find that Reidsville is a city of beautiful and well-kept homes. He will find here a splendid

public school system with a modern high school building and four new fire-proof grammar school buildings. In addition to these five school buildings there are two public schools for the colored population.

Reidsville has eight churches for the white people, of different denominations, and four colored churches.

Reidsville supports a public library; it is the headquarters for Cherokee Council, Boy Scouts of America; it has an active Community Chest; a post of the Salvation Army; it supports a league baseball team with a schedule of 120 games, and to make social life complete it has one of the handsomest country clubs in the State. Penrose Park Country Club offers to its membership tennis courts, bowling alleys, a swimming pool and the finest nine-hole golf course to be found in this part of the country. The golf course itself was built under the supervision of Donald Ross, the nation's greatest builder of golf courses, and has its own water plants and water system. It is not dependent on weather conditions.

To those interested in locating in an ideal city, located in an ideal section, all that is necessary to contact members of any of Reidsville's business or civic organizations. With an active Chamber of Commerce, Merchants' Association, Business and Professional Women's Club, Rotary Club and Kiwanis Club ever ready to boost and build, Reidsville can say that its press agents are practically innumerable.

## BALDWIN DIRECTORY SERVICE IS UNIQUE!

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin organization. Business firms using Baldwin directory service are unanimous in their acclaim of its many unique features.

## AMERICA'S FINEST DIRECTORIES

BALDWIN DIRECTORIES OFFER TREMENDOUS ADVERTISING VALUE THROUGH THE NEW HOUSEHOLDERS' SUPPLEMENT WHICH IS PRESENTED TO THE HOMES

# Baldwin Directory Co.

CHARLESTON, SOUTH CAROLINA

# The Greatest Deal Advertising Value

A conspicuous and attractive advertisement can be purchased in any Baldwin directory at an extremely reasonable price. When making up his budget for publicity the wise advertiser will remember the many special features of Baldwin service. He will take into consideration the large home circulation, the convenient arrangement of the display space, the excellence of the printing and binding and the number of times the directory is actually referred to each day of the year.

The primary purpose of the Baldwin organization is, of course, the supplying of accurate and reliable directory information promptly and regularly at the lowest possible cost consistent with good service. For this reason it is possible to price the advertising space far below the amount which would be charged on the basis of value if the book were primarily an advertising medium. *There is no advertising medium in the South today which offers as much actual advertising value per dollar invested as Baldwin city directories.*

**EVERY BALDWIN DIRECTORY MUST CONFORM  
STRICTLY TO THE SPECIFICATIONS PREPARED  
BY BALDWIN DIRECTORY CO., INC.**

The Baldwin organization is ever on the alert for suggestions and recommendations which may increase the value of its service. At all times it co-operates with the local Chamber of Commerce, Merchants Association, newspapers and commercial organizations. Its work is carefully planned and painstakingly executed.

All information supplied is authentic; a double-check system is used to insure accuracy. Trained census managers and enumerators check and re-check all data which appears in the city directory. The information is secured by a house-to-house canvass of the territory covered.

## THE HOUSEHOLDERS' SUPPLEMENT

The Householders' Supplement is carefully prepared to meet the requirements of the home. It contains a complete business directory of the city, a civic section with full-page announcements and photographs of the larger churches, clubs, libraries, schools, public buildings and civic institutions and a list of nationally advertised brands of merchandise with the name and address of the local agent or distributor.

Newspapers, Chambers of Commerce, Merchants Associations and Others Interested in Further Information Concerning Baldwin Directories Should Write to:

# lar - for - Dollar ue in the South

Every advertisement appearing in a Baldwin City Directory will be found also in the Householders' Supplement. The distribution plan for the supplement is thoroughly worked out and each copy is personally presented by a representative of the civic and commercial organizations of the city. The homes receiving copies of the supplement are carefully selected and there is very little dead circulation; almost every copy is referred to daily. *The live circulation of a Baldwin directory advertisement is actually from five to ten times that of an advertisement appearing in an average city directory, and the Baldwin distribution is primarily in the home.*

## SPECIAL FEATURES

In addition to all of the regular departments usually found in city directories, Baldwin directory service offers many exclusive features. Some of these are as follows:

1. All home owners are designated in the alphabetical resident directory and also in the street guide.
2. The number of children under 16 is shown after the name of the head of each family.
3. A numerical telephone directory is given.
4. A telephone guide arranged by streets is included.
5. Each nationally advertised brand of merchandise is listed under the proper business classification, with the name and address of the local agent or distributor.
6. Full page announcements, with photographs when possible, of all the larger churches, clubs, lodges, schools, libraries and other civic institutions are included in a special civic section.
7. The directory covers not only the city itself but also the smaller settlements and towns in the territory immediately adjacent.
8. The book is beautifully and durably bound in imitation leather.
9. Directory stands are installed in all public places so that the general public may have access to the directory at all times without cost.
10. An exact census is taken of each community and the directory gives the population.
11. The advertising is conveniently arranged to give the subscriber and the advertiser the best possible service.
12. A Householders' Supplement is issued in each city for the use of individuals in their homes. This gives the Baldwin directory a circulation five to ten times greater than the average directory.

The Asheville Advocate

ASHEVILLE, N. C.

January 1, 1935

Mr. Robert Morton Baldwin  
87 Patton Avenue  
Asheville, North Carolina

Dear Mr. Baldwin:

I am more than pleased with the public response to the newspaper announcement that 3000 copies of the Householders' Supplement of the 1935 City Directory will be presented to the homes of Asheville and surrounding trade territory by the Asheville Merchants Association. Already they have received several hundred letters requesting that copies of this useful and attractive volume be reserved.

The Householders' Supplement will serve two purposes: (1) It will furnish to the homes a well-arranged book of miscellaneous information and a complete buyers' guide of the city, which will be cherished in later years as a 1935 souvenir of Asheville. (2) It will supply to the business firms a tremendously valuable medium of advertising at a very low cost. It is my opinion that through the supplement you have solved the difficult problem of raising sufficient money to pay for an accurate and complete city directory regularly. Business men are not reluctant to spend money for something of real worth.

I was glad that the Asheville Chamber of Commerce and the Asheville Merchants Association endorsed the Baldwin directory. You have many unique features which will greatly increase the usefulness of the book. I find that most firms are particularly interested in your designation of home owners in the resident directory and also in the street guide, listing of the number of children under 16 in each family, numerical telephone directory and street telephone guide.

The presentation of the supplement at each home by a personal representative of the Merchants Association will greatly increase the public interest in the directory and I am confident that next year we will have thousands of directory enthusiasts among the householders of Asheville. I am more than pleased to be associated with you in the publication of a directory of this character.

Very truly yours,

Publisher  
The Asheville Advocate
