Col. W. C. Bosbyshell
Supt. U. S. Mint. Phila.

Dear Sir.

Your favor of 22nd inst with
inclosure of Paul Blackmar's letter
of the 19th is at hand.

I have answered the latter, as
per your instructions.

Mr. Stocks has said nothing
to me in regard to Oliver detail
to Chicago and I suppose he will
communicate directly with you in
regard to it.

I have written you three
times I think in regard to another
obverse die but have received no

answered and as Mr. Ewing frequently asks me what I have done about a die I can only say that I have written you about it.

I send you by registered mail a reverse die which in some unaccountable way has become scratched too deeply to be polished with lime will you be kind enough to have it repolished and when you send it out please send out with it an obverse die I will then put that pair into service and return the ones now in use to be repolished.

The sale of medals still increases it being over \$350 every day with two days over \$400. yesterday being the largest \$426⁷⁵/₁₀₀

Your good report from my
boy pleased me greatly.

So that farm at Valley is
a pretty place, is it?

The Mint family join me
in sending kindest regards

Very Respectfully

M. S. Beckley.

P.S. Will you kindly send me
some envelopes such as this
letter is mailed in
