NEW YORK CROWDS LINE BROADWAY TO GREET LLOYD GEORGE

Cordial Welcome Given Former British Premier As He Arrives For Tour of Canada and United States

New York, Oct. 5.—David Lloyd George, war Premier of Great Britain, to-day set foot on American soil for the first time. Coming here as a private citizen to tour the United States and Canada, the doughty little Welshman and his family were taken from the liner Mauretania at quarantine, and landed at the Battery on the police boat Macon. At quarantine the latest member of the "Big Four" to come to the United States made it known that he intended while here to call on former President Wilson, with whose aid the Treaty of Versailles, ending the world war, was drawn. He defended the treaty, asserting that it was the manner in which it was operated that had caused unhappiness. He endorsed the proposal of statesmen and economists to study the troubles of Central Europe.

Veterans' Delegations

A crowd of several thousand was massed at the Battery to greet the man who had steered the British ship of state through troubled waters. As Mr. Lloyd George stepped ashore he beheld nine platoons of mounted police drawn up to escort him to the city hall. With the police were delegations of British and Canadian war veterans. Crowds lined Broadway as the procession moved up through the canyon to the city hall. Shortly before, police reserves had broken up a parade of Irish women carrying anti-English banners. There Acting Mayor Hubert greeted the arrival of the former Premier to welcome him. In answer to a welcoming speech at the city hall by Acting Mayor Hubert, Mr. Lloyd George said his visit had no official status, and he regarded his trip as a reward for the years of hard struggle for the cause of the people.

Resounding Cheers

He said he was deeply appreciative of the generous welcome that had been accorded him both officially and by the people. He gently chided his audience by referring to Americans as a nation of boasters, and immediately brought rounds of applause by saying: "You are right in being boasters. I wish we had boasters in England." Amid resounding cheers he left the city hall for his hotel uptown.

Down Fanatics Jeers

They were carried along his route by several Irish republican fanatics.

NEW YORK IRISH STAGE HOSTILE STREET PARADE

Police Disperse Women For Flaunting Anti-Lloyd George Inscriptions

New York, Oct. 5.—Police reserves to-day broke up a parade of middle aged women carrying banners denouncing Great Britain, outside of the city hall, where a crowd of several thousand persons had gathered to greet former Premier Lloyd George on his first visit to America.

Reserves Grab Banners and Tear Them to Shreds

More than twenty women carried the banners, some of which read: "Don't let England pull the wool over your eyes" and "British boot-leggers are flooding America with British booze."

Strikes Police Sergeant

During the melee a number of automobiles paraded past the outskirts of the crowd circulating anti-Lloyd George statements. A woman struck a police sergeant over the head with a banner she was carrying, and was taken into custody. The women said they were members of the American Association for the Recognition of the Irish Republic. Some of the banners destroyed by the police bore these inscriptions: "Lloyd George's Black and Tans are here, Lloyd George's hands are red with the blood of women and children."

On account of the demonstration at City Plaza, Inspector Coleman sent a hurry call for fifty additional police reserves.

FINDS RELICS OF MEN OF 80,000 YEARS AGO

Philadelphia, Oct. 5.—Bones and other relics of a race of men who lived approximately 80,000 years ago, have been unearthed in South France by Dr. Henry G. Huxley of the University of Pennsylvania Museum.

Dr. Hall, who returned yesterday from Europe, said the race was only a step above the animal.

B.C. INVESTS \$750,000 IN FEDERAL LOAN

Government to Increase Its Investments in Canadian Government Bonds

The British Columbia Government will invest \$750,000 in the new Dominion Government refunding loan, Hon. John Hart, Minister of Finance, announced to-day.

The total sinking funds for the redemption of the Province's long term securities at September 1 was \$11,860,570, it was stated at the Finance Department to-day. Of this amount \$3,200,000 was invested in Victory bonds, \$4,700,000 in British Columbia insured stocks in London, \$714,000 in Dominion Government guaranteed railway bonds, and \$36,000 in British Columbia sinking fund debentures. The face value of the securities held is approximately \$11,200,000 more than the amount invested in their purchase. In addition, the Victory bonds show an appreciated value of \$175,000. These sinking fund investments are now paying an average yield of five and a half per cent.

Reconstruction

"Mr. Lloyd George has come to tell us how best we can catch up with the war's consequences, restore financial stability, set men's hands to work again and their hearts to singing. Reconstruction is the great problem to which he has turned, to set a staggering world straight."

Western Deposits Over Three Million

Home Bank Account in Fernie Amounted to \$782,701
Vancouver Savings and Current Deposits \$146,869

Toronto, Oct. 5.—At the Osgoode Hall proceedings to secure a winding-up order on behalf of various creditors of the Home Bank, J. F. Edgards, who represented a large number of depositors in Fernie, B.C., suggested that, owing to the impossibility of his clients attending the meeting, proposals to make in this connection although the nature of the proposals is not yet known, with the empire settlement question is bound up the question of the communications from the point of view of the Old Country, the problem of unemployment, both Premiers Smuts and Massey, coming from the more distant dominions, will press the need for the most effective means of communication possible. Premier Smuts (Concluded on page 2.)

GERMAN DEMOCRATS DECLINE SUPPORT

Chancellor Stresemann May Be Forced to Change Cabinet Plans

Berlin, Oct. 5.—The German democratic party in the Reichstag to-day adopted a resolution declaring that the party could not support a government which had no parliamentary basis. As the majority of the other parties have already adopted the same view, it is believed that Chancellor Stresemann will not try to form a cabinet without having the support of the parliamentary parties.

ALLIES SEEK TO RESUME PARLEYS OVER REPARATIONS

Paris, Oct. 5.—A renewal of the Inter-Allied conferences, or at least a resumption of the diplomatic committee, over reparations, is expected in French official circles to take place soon after the adjournment of the British Imperial Conference in London.

There appears to be a desire in both France and England to give public opinion some material evidence that the feeling between the Allies has improved since the talk between Premier Poincare and Premier Baldwin in Paris.

Little Improvement in the Condition of Bank President

Toronto, Oct. 5.—The condition of H. J. Daly, president of the Home Bank, who is ill at his Summer cottage on Lake Simcoe, shows little improvement.

BOTH CONFERENCES OF EMPIRE DELEGATES IN SESSION TO-DAY

Dominion Premiers' Counsel Sought In Framing Foreign Policy; Economic Delegates Will Discuss Ocean Fares and Immigration

Special Cable to the Canadian Press by George Hambleton, Staff Correspondent

London, Oct. 5.—When at the opening of the Imperial Conference of Premiers, the British Premier, Stanley Baldwin, reviewed the course of the British foreign policy, he lifted the curtain on the famous Baldwin-Poincare conversations in Paris, only to let it fall again. To-day Lord Curzon, Secretary for Foreign Affairs, continued the Premier's story and the official communique thereon which will be issued to-night is being awaited with unusual interest. It is unlikely, however, that the official summary of Lord Curzon's remarks will cover the points in the matter. A certain amount will be communicated to the Dominion Premiers in confidence.

Curzon's Speech Is Eagerly Awaited

"Growing Criticism," Says Times, "Government Has no Policy to State"

London, Oct. 5.—The important declaration which Lord Curzon, the Foreign Secretary, was expected to make at to-day's session of the Imperial Conference, was awaited with keen interest. The Times editorially expressed the earnest hope that the statement would "at least begin the restoration of some definite purpose and direction in Great Britain's foreign policy."

Economic Conference

Both conferences are meeting to-day. The economic conference this afternoon begins the consideration of the overseas settlement scheme. Australia, coming from the more distant dominions, will press the need for the most effective means of communication possible. Premier Smuts (Concluded on page 2.)

VOTERS' LIST FOR B.C. IS ISSUED

Voters in Province Total 195,078 as Against 171,677 in 1922

Figures Will Guide Legislature in Redistributing Constituencies

The British Columbia provincial voters' list was completed to-day. It includes a total of 195,078 names as against 171,677 on the list last year. This year's total is somewhat smaller than that of 1920 when an impending election speeded up registrations to a total of 201,354.

Victoria voters on the new list total 18,226 as against 15,720 last year and 18,996 in 1920. The present Vancouver total is 51,861, as against 41,370 last year and 52,768 in 1920. Saanich is the fifth highest constituency in British Columbia, according to figures issued to-day. After Vancouver and Victoria comes South Vancouver with 10,780 voters, Richmond with 10,234 and North Vancouver with 7,225.

Seven-Year-Old Boy Dies When Home is Burned

Ottawa, Oct. 5.—David Bull, seven-year-old son of Mr. and Mrs. George Bull, was burned to death and other members of the family narrowly escaped a similar fate when their home was burned to the ground last night.

CANADA HOPS REVENUE AND LOWERS OUTLAY

Figures For First Half of Fiscal Year Show Healthy Condition

Decrease of \$4,625,945 in Ordinary Expenditure
Revenue Increases \$9,984,169 Over Corresponding Six Months

Ottawa, Oct. 5.—An increase in the revenue of the Dominion of \$9,984,169 for the first half of the present fiscal year, as compared with last year, is shown in a statement just issued, revenue this year totalling \$213,092,087 and last year \$203,107,918.

Public Debt

Interest payments on the public debt up to September 30 totalled \$61,308,261 as compared with \$59,381,056 a year ago. The amount expended for pensions was about the same this year as last year, \$13,712,715. Expenditures on Social and Civil Re-establishment up to September 30 amounted to \$4,419,143 or about a million and a half less than in the first half of 1922-23, and on soldiers' land settlement expenditures were also smaller this year than last, totalling \$675,500 as against \$920,254 up to September 30, 1922.

DRIVER OF CAR IS BEING DETAINED FOR MANSLAUGHTER

Thorwald Birkland, Thirty-seven, Dies Following Automobile Crash on Beach Drive Last Night; Arthur Thorpe Charged With Manslaughter; Hearing Adjudicated Pending Inquest

Injured when a car in which he was riding dashed against a rocky bluff on Beach Drive at 7.30 last night, Thorwald Birkland, 39 Ontario Street, died at the St. Joseph's Hospital at 4.30 this morning.

Arthur Thorpe, 1035 Oliphant Street, alleged to be the driver of the car, was taken into custody by the Oak Bay police and charged with manslaughter in Police Court this morning.

Accused was remanded for hearing at 11 o'clock on Wednesday next in the Oak Bay Police Court. Birkland was thirty-seven years of age.

CRIPPLED SOLDIERS PLEAD FOR PAYMENT FROM HOME BANK

Attorney-General Nickle Stated that the Proceedings for the Present would Continue Along the Lines of Prosecution Against the Directors and Officials of the Institution

Toronto, Oct. 5.—Hon. W. S. Fielding, Dominion Minister of Finance, had a conference to-day with Hon. W. F. Nickle, Attorney-General for Ontario, and also with H. J. Scott, K.C., who is acting locally for the Dominion Government in the matter of the suspended Home Bank. Various aspects of the situation were considered, and the question of Federal and provincial action were fully gone into. It was announced this afternoon that arrangements had been made for the fullest co-operation between the Dominion and provincial authorities in regard to the collapse of the bank.

W. J. EGAN NAMED DEPUTY MINISTER OF IMMIGRATION

Ottawa, Oct. 5.—Official announcement is made of the appointment of W. J. Egan, former Inspector of Trade Commissioner Offices for the Department of Trade and Commerce, to the post of Deputy Minister of Immigration, succeeding W. J. Black.

DEPOSITORS IN VANCOUVER FIND HOPES SHATTERED

Fail to Secure 25 Per Cent Home Bank Payment

Vancouver, Oct. 5.—The announcement, originating in the East, that arrangement had been made for the guarantee by the banks of 25 per cent. of the deposits in the defunct Home Bank, and would immediately credit any depositor that proportion of the amount showing on his bank book, if properly certified, has proved to be without foundation so far as Vancouver is concerned.

"I know that a number of the larger local Home Bank depositors have made inquiries at the banks in Vancouver regarding this statement, and they have been told distinctly by the bank officials that no instructions have been received by them to make any such credit," said Mr. Showler, who has taken a keen interest in the organization of the depositors in Vancouver.

This statement was confirmed in substance by the manager of one of the leading banks in the city.

"We have received instructions," said this official, "and I do not think such orders are likely to be received. The making of such a guarantee would be establishing a precedent that I do not think would be justified, and I feel pretty certain that eastern officials will not advise any action of the kind."

TAG DAY TO-MORROW

To-morrow the Social Service League will appeal to the public for support for its excellent work among the destitute of the city. The headquarters for the day will be at the Melrose Store, Fort St., and the various stations will be in charge of the following conveners: Rev. A. de B. Owen, Messrs. Taylor, Muirhead, Hodgins, Silk, Thomson, McEwan, Furton, Northam, McManus, Ivel, Berritt, McTavish, Galbraith, Goepel, Bentley and Miss O'Brien.

BELIEVED DROWNED

Port Arthur, Ont., Oct. 5.—When John P. Murphy, single, aged twenty-three, driver for a laundry, had been missing several hours yesterday afternoon, search was instituted. A parcel of laundry, was found in the water off the Canadian National dock and after dragging, Murphy's body was found. It is presumed he slipped off the dock unnoticed by anyone while delivering a parcel to a boat.

RECONSTRUCTION IS JAPAN'S PROBLEM

Hardest Task Government Ever Faced, Says Premier

Tokio, Oct. 5.—Premier Tamamoto issued yesterday a statement in which he referred to the reconstruction of the imperial capital as "the hardest task a government ever faced."
The premier added that "the finest plan must be formulated, but only partly accomplished, because the project depends entirely upon financial considerations."
"The government does not contemplate over-ambitious plans for the reconstruction of the capital, but will be content with such accomplishment as will meet the practical demands."

Premier Massey holds that by the co-ordination of the existing shipping routes much time may be saved.
Under the subject of communications arises the question of ocean freight rates. It is announced to-day that as a result of negotiations the freight rates from New Zealand to England will be reduced by £300,000 annually.

Unemployment

A delegation from the leading British municipalities is to wait on Premier Baldwin with the view of impressing on the British Government the necessity for comprehensive national schemes for works of permanent utility, being undertaken.
But while unemployment is so great in the United Kingdom, continental nations are still the vogue in the leading London hotels.

NEW YORK CROWDS LINE BROADWAY TO GREET LLOYD GEORGE

(Continued from page 1.)
"The trouble has been with how the treaty has been carried out," replied Mr. Lloyd George.
The most important factor which might lead toward the settlement of the difficulties of Central Europe, which Mr. Lloyd George said still were grave, was acceptance of the proposal of Charles E. Hughes, United States Secretary of State, in his New Haven address, that the situation be analyzed and adjusted by an international committee of competent statesmen and economists.

Berliners Will Now Serve French Wines; Boycott of Belgians and Frenchmen Easing Up

Berlin, Oct. 5.—French wines, which were boycotted after the occupation of the Ruhr last January, now are offered in whispers to known patrons at some of the first-class Berlin hotels, and are displayed in show windows of downtown wine stores. Even French cognac is served, provided it is asked for quietly, at many of the bars patronized by foreigners. The sign "No French or Belgians served here," which appeared like

magic over all Berlin almost as soon as the French troops set foot in Essen, have disappeared from most first class cafes and restaurants. They are, however, still displayed prominently at many of the shops in the suburbs and in the beer halls where the patrons are chiefly Germans.

GRAIN BUYER FOUND DEAD

Domain, Man., Oct. 5.—The body of D. Mills, forty, grain buyer for the Western Canada Elevator Company, was found in the office of the elevator here yesterday morning. He is believed to have shot himself. Provincial police are investigating.

EXTENDS SAVINGS BUSINESS

Toronto, Oct. 5.—The Ferguson Government, which two months ago was considering abolishing the provincial savings offices, has reconsidered the subject and is now disposed to continue and extend the savings business, according to The Star.

HALIFAX SECURES GRAN ELEVATOR

Hon. R. E. Finn, M.P., Makes Announcement

States West May Hear of Canada's Winter Ports

Halifax, N.S., Oct. 5.—On Saturday last the governor-in-council approved plans of Canadian National Railway engineers for an elevator to be erected in Halifax. This elevator is to be the last word in elevators, according to a statement by Hon. R. E. Finn, M.P. for Halifax, last night. Mr. Finn also stated that Sir Henry Thornton had offered to place a special train at the disposal of a delegation of representative business men and representatives from Halifax and St. John for the purpose of their touring Western Canada and placing before the people of those provinces the facilities and resources of the Maritime Provinces, and to inform them concerning St. John and Halifax as the winter ports of Canada.

Provided in Estimates

Ottawa, Oct. 5.—Construction of an elevator at Halifax was provided for in estimates adopted by parliament last session. Discussing the item when it was before the House, Hon. J. A. Robb said that the Government would be guided by the advice of experts. Sir Henry Drayton expressed the view that so long as the cost of hauling grain by rail was so heavy the business of an elevator at Halifax would be profitable, and Mr. Robb replied that the question of a reclassification of railway rates also would be taken into consideration.

WIGS NOW REPLACE PARIS BOBBED HAIR

Women Have Finger Nails Carmined and Egyptian-Tapered

Paris, Oct. 5.—Bobbed hair having lost its favor, wigs are again to become fashionable, according to the Society of Hairdressers.

Women who hastily rushed to cut off their hair now find it no longer fashionable, and desiring to show a full head of hair, have sought the assistance of the hairdressers to hide their deficiency. They, in turn, anxious to reap a large profit, have received the wig.

Hundreds of telephone calls were exchanged between Paris and Beauville last month by society beauties anxious to change the manner of wearing their hair. There were two famous Parisian stage beauties who motored to Beauville to have their hair now unsightly bobbed hair covered up.

Another deep concern of the Parisienne is her finger nails. Not content with merely displaying brightly polished nails the women have now gone in for another extreme—that of having their nails painted a carmine color and tapered like those of an Egyptian mummy.

MEMBER ADVOCATES STRICT BANK AUDITS

Finance Department Helpless Except as Undertaker, Says J. T. Shaw

Calgary, Oct. 5.—Establishment of a system of thorough and accurate government audit of banks to replace the present system of making returns to the Finance Department, was advocated here to-day by Joseph T. Shaw, M.P. for West Calgary, and a member of the banking committee of the House of Commons, in an interview with the Canadian Press.

The Finance Department at present is helpless except to act as an undertaker, Mr. Shaw declared. Criminal prosecution of bank officials is not adequate. The government auditor should have wide supervisory powers and should be empowered to conduct an independent audit when necessary, Mr. Shaw advocated.

LORD BEAVERBROOK MAKES BIG ADDITION TO NEWSPAPER STRING

London, Oct. 5.—It is rumored in Fleet Street that The Evening Standard, one of the best of the evening papers, The Daily Sketch, a morning picture paper, and The Sunday Herald, a weekly picture paper, will shortly pass into the hands of Lord Beaverbrook, who is already proprietor of The Daily Express and Sunday Express.

It is stated that Lord Beaverbrook acquired the option on the whole of Sir Edward Hulton's newspaper interests in London and Manchester, comprising five dailies, three Sunday papers and half-a-dozen weeklies and other periodicals to total about forty publications.

He afterwards sold to Lord Rothermere, The Manchester, or headquarters section of the business, reserving for himself the London publications.

Other Fleet Street rumors are to the effect that Lord Rothermere has acquired the whole Hulton string for a sum variously estimated at £3,500,000 to £5,000,000.

FIRE IN MINNESOTA

St. Paul, Minn., Oct. 5.—A grave situation exists in many districts as the result of thousands of brush and peat fires throughout Minnesota. It is announced by A. E. Pimley, chief of the fire fighting forces of the state forestry department, although he said at present the fires are well in hand.

LABOR LEADER RELEASED

Oakland, Cal., Oct. 5.—Michael J. McGee, San Francisco labor leader, who was detained by the police in connection with the murder of Henry Glynn, Jr., by three burglars Sunday night, was released yesterday. The police announced that the evidence against him was insufficient to hold him.

AMERICAN LABOR FROWNS ON SOVIET

Frank Hodges Criticism is Greeted With Thunderous Applause

Steps to Unionize Steel Industry Receives Approval

Portland, Ore., Oct. 5 (By the Associated Press)—The convention of the American Federation of Labor voiced its disapproval of the Russian Soviet plan to-day when the delegates rose to their feet and thunderously applauded the declarations of Frank Hodges, secretary of the coal miners' federation of Great Britain, who said it was "a cast iron system originating in an Asiatic mind" and contrary to the spirit of democracy.

When Hodges in another part of his address said that American labor would inevitably enter politics as labor has done in England there was complete silence.

New York Strike

Hodges' address followed one by George L. Berry, president of the International Printing and Pressmen's Union, in which he told of his action in outlawing the recent strike of the web pressmen of New York newspapers. Vigorous applause indicated approval of the course of the international in fighting that strike.

Steps to unionize the steel industry, the packing industry, the Southern Textile industry and office workers in New York City, were approved to-day by the convention.

This action was taken at the morning session and the convention machinery seemed in full swing, but when President Gompers called the afternoon session to order no further reports were ready and the convention adjourned until to-morrow.

President Gompers in replying to-day to greetings from the Portland council of churches which pledged co-operation in observance of labor Sunday spoke of a changed attitude of the churches toward labor.

"It is gratifying that we are coming to a better understanding of what we are striving for," he said, "and that they are coming to a better understanding of what we are striving for."

LAW ASSOCIATION OPENS CONFERENCE

"Middle Position" in Nationality Under Discussion

London, Oct. 5.—The International Law association opened its thirty-fifth conference yesterday in Lincoln's Inn, with Vice-President Lord Phillimore presiding, owing to the death of Dr. Estanislao Zeballos, which occurred yesterday morning, shortly after he had been elected president.

Lord Phillimore in his opening address suggested that the conference keep in mind the South American proposal for "middle position" in nationality. In the South American countries, he said, there are many citizens of various countries who do not wish to strip themselves of their nationality, yet desire some of the privileges of citizenship. The association, after further discussion, decided to refer the question to the committee on nationality.

FRENCH COMMUNIST GETS JAIL SENTENCE

Paris, Oct. 5.—Deputy Marcel Cachin, leader of the Communist party in France, was sentenced to-day to six months in jail and a fine of 2,000 francs on a charge of inciting soldiers to disobedience.

TWO TICKET FORGERS COMMITTED FOR TRIAL

Hamilton, Ont., Oct. 5.—W. A. Walton and George Beckstrom, charged with forgery in connection with the counterfeiting street railway tickets which were issued in a wholesale quantity were yesterday committed for trial.

SHOULD WOMEN KNOW?

Should women know that whole races now living have never seen a case of cancer, tuberculosis, gonorrhea, or syphilis, or the diseases that science attributes their immunity to the foods they eat? Surely yes, since women know that these diseases are rampant among civilized races whose food differ radically.

Races who know nothing of "denatured" white flour, polished rice, refined cereals, white sugar, etc., but who live upon nature's whole grains, milk, eggs, nuts, beans, vegetables and fruits are free from the above diseases, but when they adopt our "denatured" foods, they soon die out with our dread diseases.

The greatest curse of civilized man is the refining of the "Protective Substances" out of his grain foods.

Roman Meal contains three whole grains. It is rich in the "Protective Substances" refined out of flour, other cereals, rice, sugar, etc. It keeps the blood non-acid, "cool," and invigorating, being the only alkaline cereal.

Blood should be kept naturally alkaline by using alkaline foods, but flour, other cereals, meats, fats and sweets are "acid-forming" and largely consumed by civilized races. Might they not cause disease? Science says they do, because they are acid-formers and "deficient" in "Protective growth and repair substances." Acid foods "heat the blood," alkaline foods "cool the blood." Roman Meal is alkaline.

The acids of flour, other cereals, meats and sweets. Use it as porridge, muffins, pancakes, Johnny cakes, etc., or mix with whole flour in the preparation of 25% in all domestic baking. Roman Meal is sold by your grocer. (Adv.)

CHICAGO SHORT 6,647 BABIES

Chicago, Oct. 5.—With a steadily declining birth rate, Chicago is "short" 6,647 babies since 1916, according to statistics issued by the Infant Welfare Society of Chicago.

In 1916, when the population of the city was only 2,517,172, 56,417 babies were born. In 1922, when the population figure was placed at 2,530,000, only 56,724 babies were born. The rate during those years had fallen from 22.4 a thousand to 22.9. Using these figures as a basis, Orlo F. King, extension secretary of the Infant Welfare Society, declared that Chicago is short 6,647 babies.

"The falling of the birth rate," said Mr. King, "is forcibly driving

home to the public spirited citizens of Chicago the increasing necessity of guarding the human life that is given us each year even more zealously than in the past. It is all the more important that we exert every possible means to preserve the infant lives in this community when we believe, and with good reason, that the birth rate will continue to drop as it has since 1898."

Statistics of the society show that last year, when it cared for approximately 12,000 babies, an actual saving of 489 lives was credited to the society because the death rate among babies under two years of age cared for at these stations was only fourteen a thousand, while throughout the city generally it was four times as great.

ROCKEFELLERS TO HELP BULGARS

Sofia, Bulgaria, Oct. 5.—The Rockefeller Foundation is about to embark on a campaign to develop sanitation and preventive medicine in Bulgaria. The first step has been the selection of two Bulgarian physicians for a year of study and hospital practice in America; other selections will be made later.

Miss Elizabeth Crowell, of the Foundation, has outlined a project for the establishment of a nurses' training school here which is to be submitted to the officers of the Foundation in New York.

Dr. Edwin R. Embree, general secretary of the Foundation, has inspected the hospitals of Sofia, and conferred with the Minister of Health and a number of local physicians.

NOW FOR A BRANCH

Last night's encouragingly large and enthusiastic gathering at the Metropolitan Church must have convinced Sir George Foster that Victoria believes in the League of Nations and will perform its full share towards furthering its aims.

The enthusiasm which Victorians have thus displayed should be harnessed with as little delay as possible in order that the fullest measure of benefit may be reaped by the League of Nations Society of Canada.

What has been said and written so many times before may be said and written again. The League of Nations represents the will to peace on the part of fifty-six states.

Canada has her League of Nations Society—the parent body waiting to adopt the largest possible family of branch organizations from the Pacific to the Atlantic.

TO-MORROW'S TAG DAY

At various strategic points in the city to-morrow representatives of the Social Service League will appeal for financial support from generous Victorians.

MAKING HISTORY

No doubt the republican elements in the Irish Free State will try to capitalize the fact that the Irish delegation to the Imperial Conference acquiesced in the resolution of loyalty to the King.

against the Empire. His people at home are beginning to realize the possibilities ahead of the country, what may be done in co-operation with the other influential self-governing members of the Commonwealth.

Natural pride in recent achievements will endow the younger generation in the Free State with a healthier conception of individual responsibility. The imaginative mind will be able to contrast conditions of two years ago with the strikingly successful evolutionary processes of the meantime.

A FINE RECORD

People who live in less favored spots will envy Vancouver Islanders their Summer climate. In what other part of the world may one enjoy 255 hours of bright sunshine in the month of September without being literally scorched off the earth?

Note and Comment

Mr. Lloyd George is going to get a hearty reception when he reaches New York. We can well believe it, because the little Welshman will appeal to our friends across the way as practically no other British statesman ever could do.

We observe Mr. Bowser finds that the farmers of the Northern Central section of the Province are in need of loans to do many things associated with agricultural development.

Mr. Mackenzie King refuses to consider the present Imperial Conference as something in the nature of a continuation of the Imperial Cabinet of war days.

Some Thoughts for To-day

No adulation; 'tis the death of virtue; Who flatters, is of all mankind the lowest Save he who courts the flattery.

He who, being bold For life to come, is false to the past sweet Of mortal life, hath killed the world above.

Faith, there have been many great men That have flattered the people, who Ne'er loved them; and there be many that they have Loved; they know not wherefore; so that, If they love they know not why, they hate upon No better a ground.

A man so various that he seem'd to be, Not one, but all mankind's epitome. Stiff in opinions, always in the wrong; Was everything by starts, and nothing long; But, in the course of one revolving moon, Was chymist, fiddler, statesman and buffoon.

EXPRESS COMPANIES ASK HIGHER RATES

Railway Commission Hears Reasons For Desired Advance

Ottawa, Oct. 5 (By Canadian Press).—Reasons why they should be granted increased rates were advanced on behalf of the express companies of Canada before the railway commission yesterday when the application of the Express Traffic Association of Canada came up for its initial hearing.

At the conclusion of the hearing Mr. Frank N. Carvell intimated that there was no need for another sitting on the case in Ottawa, except possibly for the final argument.

Figures in support of the contention that the companies were not receiving sufficient revenue to operate successfully were submitted, and suggestions were made as to the application of the proposed rates.

E. M. Mallory, director of the Bureau of Statistics of the Canadian National Railway, submitted a statement showing the cost of operating an express car per mile on that railway. The operating expense per mile was 36.46c, and fixed charges were 7.47c per mile, making a total of 43.93c cost per mile.

T. E. McDonnell, vice-president of the Dominion Express Company, filed tables showing various phases of the Dominion Express Company's business in the period 1919-22 and for six months of the current year.

The company, said the witness, had \$4,775,465 capital invested in Canada and the additional amount of revenue to add on the Canadian business to provide operating expenses and a return of capital was \$637,549 a year.

One method suggested by Mr. McDonnell for raising this amount was a five per cent. increase in rates on all traffic.

The second suggestion by Mr. McDonnell was that the present second class rates be increased to eighty per cent. of the first class rates.

A third proposal was to make the first-class rates two and a half times standard freight rates, averaged in sixty-mile groups, preserving the minimum rates; make second class rates eighty per cent. of the first class and increase commodities other than cream twenty per cent. over present rates.

PIONEER WOMAN DIED YESTERDAY

The death occurred yesterday at 1822 Chestnut Avenue of Mrs. Elizabeth Johnson, widow of Thomas Johnson. She was eighty years of age and was born at Plymouth, England, having resided in this city for the past thirty-seven years.

She leaves to mourn her loss two daughters, Mrs. Edwin Lee and Mrs. J. L. Madden, in Victoria, and two sons, Wm. H. Johnson, in Tacoma, and Edwin Johnson, in Victoria. She was a sister of the late Mr. George Cross.

LEXINGTON RACING

Lexington, Ky., Oct. 5.—Henry Oliver's Rose Scott, driven by Thomas W. Murphy, won the thirty-sixth renewal of the Transylvania in handy style at yesterday's Grand Circuit races here.

Rosa Scott trotted the last half of the first mile in 59.4. This was the third win for Murphy and the second for owner Oliver for whom Murphy won the 1915 renewal with her also, Peter Scott. The Great Vain was second, trotting a good race, but was outpaced each heat.

The win of the veteran driver, Ed. Geers, with his namesake, was a most popular one, he being roundly cheered. A new feature appeared in the unfinished 210 pace in Doctor T., who won the two necessary heats. All of the regular programme was decided in straight heats. The veteran Bonnie Bell won the 299 trot rather handily and Paleface was not extended to beat the 216 pacers.

CONSTITUTION CALLS FOR TURK REPUBLIC

Constantinople, Oct. 5.—The new Turkish constitution will provide that Turkey be proclaimed a republic, with a president elected for a period

of four or five years, it was learned yesterday. The National Assembly will have legislative power only, the executive power being entrusted to a cabinet responsible to the assembly. A council of state will fill the functions usually cared for by a parliamentary upper house. The members of this council will be appointed by the president of the republic.

NOBODY'S LOVER

By RUBY M. AYRES

Jake started. His thoughts had been wandering. "So I did; but probably you won't be interested." "Of course I shall," said Jake flippantly. "We kept lots of secrets," she answered. "Very well, then, here's another to add to the collection. I've had an invitation to take Miss St. Clair out to lunch to-morrow."

friendship, and to the hope that it might not diminish in the future, but Ursula felt shy of mentioning it; so she sealed the letter and had addressed the envelope when Mrs. March came to the door. "Ursula—Miss St. Clair is here. Mary is dressing, so I let her in. I knew you were here, so I told her to come up." And before Ursula could speak Doris was in the room. She was lavishly dressed, and she stopped on the threshold with a little affected scream as she saw the disarray in the room.

"Ursula! Are you going away?" "Yes, the day after to-morrow." The girls kissed rather constrainedly. They had not met for some time. Doris sat down in the chair from which Ursula had risen. "I've been so rushed, dear, or I should have come to see you before. But now I am engaged, so much of my time is taken up, and we are to be married."

"So, you poor dear, you're really going to work!" Doris went on commiseratingly. "Well, I hope you'll be a success." She paused, and Ursula said "Thank you, I mean to do my best, anyway." "I'm sure you do," Doris's eyes were roving round the room. She was always very critical, and in her mind she was comparing the furniture of this room with her own elaborate suite.

"How horrid to be poor! And how she would have hated it had she married Jake, the thought snapped in her mind as her eyes wandered to the table where Ursula had been writing, and on the letter lying there. "Captain Jake Rattray..." For a moment she sat still, the colour deepening in her face; then she looked up at Ursula with burning eyes. "Why are you writing to Jake?" she demanded.

"There was a poignant silence, Ursula flushed deeply. "Really Doris!" she began haughtily, then stopped and laughed. "He asked me to dinner with him to-morrow. And I have written to say I will go. That's all." Doris rose to her feet. She was trembling with passion, and the colour deepening in her face; then she said hoarsely, "Right from that very first day when you had dinner at our house, I thought there was something between you. He was all right to me before that night, but he's never been the same since."

"You must be mad," said Ursula scornfully. "Captain Rattray and I are only friends, and as for anything else—you told me yourself that you could not marry him because he was poor." The elder girl looked at her with flaming eyes. "And you said—Oh, I remember what you said—that if you cared for a man you would not mind how poor he was! You were thinking of Jake then. . . . Oh, how dared you?"

Ursula's heart was beating fast. "You will be sorry for all this when you've had time to think," she said gently. "Don't be foolish, Doris. I give you my word that there is nothing but just an ordinary friendship between Mr. Rattray and me; and even if there were," she added impatiently, "what can it matter to you? You refused him when he asked you, and now you are engaged to some one else."

Doris broke into tears. Being engaged was one thing, and caring for a man was another, she sobbed. She had always loved Jake. She had never known a moment of happiness since she sent him away. She hid her face in an overface handkerchief, and cried out that she wished she were dead. "How can money make anyone happy?" she demanded. "I know quite well it can't. Whatever happens, I shall always want Jake—I've never cared for anyone else. Oh, I'm so miserable, I wish I were dead."

Ursula watched her in cold disdain. It was all so cheap, she thought. She wondered what Jake would feel if he could be here, and a little pang of jealousy touched her as she remembered that he had once cared for Doris, no matter if he had changed since. Then she went over to the table, took up the letter she had written and tore it across. "There you are," she said. "Look!" She flung the pieces into the empty grate and set light to them. When they had quite burned away, she took some fresh paper from her desk, wrote a few lines and pushed them across to Doris.

"I will send that instead if it will make you any happier. And just to show you that Captain Rattray is nothing to me." Doris looked up doubtfully; then she dried her tears and read what Ursula had written. "Dear Captain Rattray—I am sorry, but I shall not be able to have dinner with you to-morrow, after all, though thank you for having asked me—Yours sincerely, Ursula Lorrimer." Doris pushed the letter away and whimpered afresh. "Yes, and when I've gone you won't send it," she sobbed. "Oh, I know what it will be." Ursula's lips curled contemptuously. She took up the letter, folded it and put it in an envelope; which she addressed and pushed across to Doris.

proprietor of the Crystal Swimming Pool, died in the Holy Cross Hospital at 4.45 o'clock last night from injuries received when knocked down by an automobile driven by William Evans, a mechanic, three hours previous. Evans was taken into custody by city police, but was later released when police investigated and found out that the accident was almost unavoidable.

It's the favorite of Lord Renfrew

"Runnin' Wild"! That captivating fox-trot! And so all evening long on the Empress of France, out on the high seas, the orchestra played "Runnin' Wild" for His Lordship to dance to!

"RUNNIN' WILD" is Lord Renfrew's Dance favorite! And no wonder! Hear The Great White Way Orchestra play it on "His Master's Voice"—Victor Record No. 19063—and then you'll say he has rare judgment.

To cap the climax—on the reverse side there's "Little Rover." Once you hear the International Novelty Orchestra play this fox-trot you're sure to say "I hope His Lordship has this record."

"Runnin' Wild" is equally as good in song. Hear Miss Patricia (accompanied by The Virginians) sing it. On the reverse side Aileen Stanley and Billy Murray sing "You've Got to See Mamma Ev'ry Night". Tell "His Master's Voice" dealer you want "His Master's Voice". Victor Record 19027.

We have been repeatedly asked for a Cocoa that could be instantly made in the cup. In response to this demand we now offer.

COWAN'S INSTANT COCOA

A FRIEND IN NEED MORE PLEASE A GREAT COMPLIMENT

In the mornings when children are in a hurry for school—at night before they go to bed—or when guests drop in unexpectedly, Cowan's Instant Cocoa will prove a friend, indeed.

Before placing Cowan's Instant Cocoa on the market, careful tests were made as to its quality, flavor and solubility. It is a Cocoa that will make you ask for more.

Perhaps no greater compliment could be paid to this new Cocoa, than to state that it is equal in quality and flavor to Cowan's Perfection Cocoa, which has been widely used in Canadian homes for two decades. Instant Cocoa has the added advantage, however, of being made in a minute right in the cup without any boiling. See full directions on tin.

Order a tin to-day and you will become a regular user of Cowan's Instant Cocoa.

ASHAMED TO SHOW MARSHAL JOFFRE HIS TRIBUTE TREE

Saanich Council Makes Small Grant to Memorial Avenue Completion

Despite eloquent arguments by a delegation from the Memorial Avenue committee of the Chamber of Commerce the Saanich Council last night could see no reason for immediate assumption by the municipality of responsibility for the Saanich portion of Shelburne Street, under conversion into a war memorial by volunteer effort.

The council found that about \$150 remained of a \$200 appropriation made for Memorial Avenue in the annual estimates and voted this sum for the continuation of tree planting from Mount Douglas southward. In addition the council decided to refer the question of completion and maintenance of Memorial Avenue to the joint beaches and parks committee.

It will be suggested to this committee that it shall receive grants for this work from Victoria, Saanich, Oak Bay and other interested districts and relieve Saanich of the cumulative burden of maintenance, which it was considered could not be

less than \$2,000 yearly for many years.

All the council save Councillor Kirkham were sympathetic with the appeal of the delegation for aid, the Ward One representative pointing out that Saanich already possesses a war memorial of great practicability in her health centre and should concentrate all funds available for the perpetuation of overseas heroism in the support of this institution.

The delegation consisted of Gen. R. P. Clark, A. D. Crease, Jos. Bridgman, Alderman A. E. Todd, J. E. and R. H. Todd. In the course of his address Alderman Todd assured the councillors that "if General Joffre came back to see the tree he planted I would make some excuse, I would be so ashamed I would hesitate to take him out."

TOLMIE PARENT TEACHERS ELECT NEW OFFICERS

Last evening at 8 p.m. the Tolmie Parent-Teacher Association held its monthly meeting. A large number of members were present, and the business of the evening was restricted to the election of officers.

Mr. Wright was again elected president, Mr. Langley was made vice-president, and G. Brandon was selected as secretary-treasurer of the association.

Messrs. Dumley and Brandon were chosen as delegates to represent the Tolmie Parent-Teachers at the forthcoming Central Parent-Teacher meeting.

SAANICH SEEKS FORESHORE ALL AROUND DISTRICT

Will Ask Minister of Lands to Declare Tidewater Area as Highway

Saanich will apply to the Minister of Lands for the declaration of all the foreshore bordering the municipality as a public highway.

The council last night received from the Minister of Lands an assurance that any representations as to foreshore questions from Saanich "would receive very careful attention."

At the same time the legal advisers of the municipality suggested that the best method of getting control of the Saanich foreshore would be "to obtain the declaration of the area between low and high water as a highway, a power vested in the Minister of Lands.

Vesting the foreshore in the council would not be effective in prohibiting the erection of beachouses, fences, shacks or other barriers to use of this area by the general public, the council was informed.

DR. J. S. HENDERSON TO PREACH HERE

The pulpit of St. Columba Presbyterian Church, Oak Bay, will be filled next Sunday by Rev. Dr. J. S. Henderson, pastor of St. Andrews' Church Vancouver.

Monday evening the Ladies' Aid Society of St. Columba assisted by the Young Peoples' Association, will hold a reception in the church parlors for Mr. and Mrs. White, in honor of the anniversary. Dr. Henderson will remain over to attend the reception, along with other Victoria clergy.

Dr. Henderson is a dominant figure in Presbyterian church affairs, having occupied the pulpit of St. Andrews' for forty consecutive years and having filled important official positions outside his ministerial work, including the office of social service secretary to the Presbyterian Church. He is noted for his eloquence, remarkable vitality and charming personality.

FOR THE CHILDREN The Sandman Story For To-night

MR. COON'S TREASURE Part I

Jimmy Crow is always around whenever anything is going on that some one wishes to keep secret.

And he was in the woods the very day that Mr. Coon saw something shine among the leaves and sticks under some bushes.

Mr. Coon, as you know, is very fond of bright things, so when his sharp eyes saw the shiny something he quickly nosed under the bushes and brought out a cone-shaped object.

Mr. Coon smiled a wide, open-mouth smile as he looked it over. First he squinted with one eye, looking through the little end of his treasure, and then he looked through the big end. There seemed to be nothing inside it, and it did not need cleaning badly, so Mr. Coon trudged off home with the treasure under his arm.

But the sharp eyes of Jimmy Crow had seen all. "Now why didn't I see that first?" thought Jimmy, who is fond of bright things as well as Mr. Coon.

"Why should I be cheated out of all the good things in the woods and Mr. Coon have all the treasures?" thought Jimmy Crow. "If I let him keep it a little while he should be willing to let me have it. But he won't. He is just selfish enough to think that because he happened to find that bright treasure it belongs to him forever."

The more Jimmy reasoned in this way the more certain he became that he was being cheated out of his share of things. So he flew to Mr. Coon's house and sat on a limb of the tree close by the window.

By being careful Jimmy saw all that was going on inside the house without Mr. Coon knowing it. And what he saw made him quite certain that he should have the treasure Mr. Coon was polishing and making brighter every second.

"I'll let him keep it until he goes out," said Jimmy. "He has had fun enough polishing it. Now I should have it. And when he goes to bed I'll fly in through the window and carry it off."

Mr. Coon rubbed and rubbed until the horn, for it was a tin horn he had found, shone like silver. He was getting sleepy, for he had not gone to sleep as was his custom when he returned from his night wandering.

"I'll get a bite to eat," thought he, "and then I will go to bed. My! what a beautiful bright treasure!" he said, looking at the tin horn. "How lucky I was to find it, and no one

Capitals Will Have Backing Of All City

Great Crowd of Spectators Expected at Stadium Tomorrow Afternoon When Victoria and New Westminster Lacrosse Teams Meet In Deciding Game of Mann Cup Series; Locals Enter Game With One Goal Lead; Both Teams Are Reported In Splendid Shape

One of the largest crowds that has ever attended a lacrosse game in this city is expected at the Stadium tomorrow afternoon when the New Westminster and Victoria teams face off in the deciding game of the series for possession of the Mann Cup, emblematic of the world's amateur lacrosse championship.

The teams will take their positions on the field at 3 o'clock and Harry Pickering, of Vancouver, will drop the ball between the sticks of the centre man and tattle his whistle. From then on for four quarters the teams will battle tooth and nail and there should be plenty of thrills during the game.

The redshirts are taking no chances on the outcome of the game. They are determined to win at all costs. They had originally intended to cross the Gulf tomorrow afternoon, arriving here at 3 o'clock and playing an hour later, but the officials of the club feel that the trip might work hardships on the players, particularly if it were rough, and have arranged to leave Vancouver on the boat tonight, arriving here early tomorrow morning.

The Capitals are ready and just chaffing at the bit to be given their heads. They are quite confident that the Royals will be unable to overcome the goal-lead now possessed by Victoria, but they will not leave any gaps in their defence through which the visitors can slip for tallies.

Victoria's defence this year is the finest that the city ever boasted. Since Joe Norton, of Sidney, has been given a place at point, West-Allie McGregor and "Cotton" Brynjolfson have been shifted back from the home to the defence, the Capitals have had a very few goals scored against them. They watch their checks closely and never let the ball get in close on Simpson.

The game will be handled by Harry Pickering, who has been in lacrosse for many years. He referred the game at New Westminster last Saturday and gave entire satisfaction. He makes the boys behave and it is hoped that he will be able to keep them in check again tomorrow, as no one wants to see a repetition of the last Mann Cup game played here between Victoria and New Westminster in the Fall of 1922.

The teams will line up as follows: Victoria. Position. Westminster. Simpson. Goal. Crandell. Joe Norton. Point. Barry Evert Taylor. C.P. I. Gregory A. McGregor. Defence. E. Brown Red Mengies. Defence. Ciblock Fred Kroger. Defence. A. Brown E. Brynjolfson. Defence. G. Atkinson Russell. Centre. J. Rennie J. Johnson. Home. F. Vernon M. Norton. Home. S. Peterson A. McInnes. Home. Oliver Fred Knobs. Home. Wood Coulter. Home. W. Mitchell S. Shillingford. Home. W. Mitchell

V.I.A.A. WON GAME

The basketball game played last evening at Victoria West gymnasium between the V.I.A.A. and Princess Pats resulted in a win for the former by a score of thirty-six to ten.

VICTORIA GOLF CLUB

The annual meeting of the ladies of Victoria Golf Club will be held at the club house on Friday, October 26, at 3 o'clock. The list of officers for the coming year is now posted at the club house.

Yankees Will Be Without Pipp in World's Series

Star First-Base Man Injured List; Babe Ruth Will Cover Initial Sack

New York, Oct. 5.—Miller Huggins, manager of the New York Yankees, announced last night that there was no hope of Wally Pipp being able to take his regular stand at first base during the world's series with the Giants. Pipp, who was injured in Boston last week, is healing slowly, Huggins said. "Babe" Ruth probably will hold down the first base job.

New York, Oct. 5.—George Herman Ruth, known to fans simply as "Babe," is the star of the major league this season, whose bat and all-around ability contributed largely to the winning of the third pennant by the Yankees. He played his first championship game with the Baltimore International League club April 27, 1914.

Baltimore played Buffalo today. Ruth pitched, allowing six hits, passing four men and striking out four. Baltimore won, 4 to 0. Baltimore's second sacker was Neal Ball, the first major league player to make an unassisted triple play. Ball had made his triple killing five years before while playing with Cleveland against the Boston Red Sox.

Ruth made his first appearance in the majors on July 11, 1914, with the Boston Red Sox, as a pitcher. He pitched seven innings against Cleveland, being taken out so that Duffy Lewis could pitch for him. The Red Sox won, 4 to 3, Ruth getting credit for the victory. He struck out one man and passed none.

The 1915 series between the Red Sox and the Brooklyn Superbas was Ruth's first championship experience. He pitched Brooklyn's first game on October 9, holding the Dodgers unless for the last 13 innings. In the 1915 series between the Red Sox and Chicago Cubs, Ruth won two games. On September 5 he turned back the Cubs without a score, 1 to 0 and his runless innings record for world's series was increased to 22. Four days later he again defeated the Cubs, 3 to 2. The defeat of Chicago runs came in the eighth so that Ruth increased his runless inning record to 29.

Ruth's all-round ability as pitcher, outfielder, first baseman and wall-puncher, extraordinary had drawn him to the top of the star list, and in 1920 he became a member of the New York American League club. In his last season with Boston he had hit 23 home runs. In his first season in New York he swung his bat into 64 homers, a new all-time record. His batting average was increased this year to .343.

Last year, due to many days of enforced idleness, his batting averages dropped. He accounted for 35 home runs, however. All this year he has been around the top of the batting list in both leagues. He has been a flash on the bases, a great bulwark of defense in the outfield, and proved a stimulant generally to the play of the Yankees.

Home runs have played an important part in the world's series but as yet the records reveal no starting factor in the event of the greatest hitter of them all—Babe Ruth. Ruth has one homer in his series record, made in 1921. The market for Ruth is expected to be high. He includes the highest all-time series total, three, held jointly by J. Franklin Baker and Larry Gardner, of the Chicago White Sox, in 1917. He held jointly by eleven players, and the single game record of two, held by Harry Hooper and Benny Kauff, Yankees, holds the unique distinction of being the only player ever to hit a homer with a bat accomplished with Cleveland in the 1920 series with Brooklyn. The homer was made off Burleigh Grimes.

The greatest fame as a series clouter belongs to "Home Run" Baker, of the old Athletics. Curiously enough, all three of Baker's circuit ballpops were recorded at the expense of the Giants, two of them winning games for the Mackmen. In the 1911 series, Baker's home run off Marquard in the game of October 16, with Collins on base, and the score tied, gave the verdict to the Philadelphia club, 3 to 2. Two years later, a homer by Baker gave the Athletics their winning margin in a game with the Giants, again with Marquard pitching and Collins on the base. Baker's other homer, made in the 1911 series, was off Mathewson, and came in the ninth inning with the Giants leading, 1 to 0. It thus tied the score and the Athletics won out in the eleventh.

Other homers that proved deciding factors in series were made by Joe Tinker, of the old Chicago Cubs; Fred Clarke, when he was manager of the Pittsburgh Pirates; Benny Murphy, of the Athletics; Harry Hooper, of the Red Sox; Larry Gardner, of Cleveland; Oscar Folsch, of the Chicago White Sox; and Benny Kauff, of the Giants.

Papyrus, Friendliest of Horses, Runs Six Furlongs in Fine Time

New York, Oct. 5.—Papyrus, the Benjamin Irish entry in the \$100,000 international race, is said to be the happiest, friendliest animal ever to appear at the Belmont Park track.

Visitors to the park state that the British three-year-old makes friends with everyone with whom he comes in contact. In his latest workout with Bargold, Papyrus did six furlongs in 1:25, notwithstanding he was under restraint during the canter.

Two members of the Victoria Golf Club are playing today in the finals of the ladies' city golf championship. By reason of their victories yesterday, Mrs. Philbrick and Mrs. Parry are teeing off at Oak Bay links to see which shall become the possessor for one year of the Begg Cup, emblematic of the city title.

Mrs. Philbrick removed another obstacle from her path to the championship in the semi-finals when she defeated Mrs. Hutchison by four and three. Mrs. Parry came through with a splendid victory over Miss Kinlock, of the Uplands Golf Club, by the margin of one stroke. Mrs. Parry was dormie two at the sixteenth and proceeded to win the next hole, finishing three up and one to play.

The final to-day is expected to prove very interesting as both Mrs. Philbrick and Mrs. Parry are at the height of their game just now. The finals in two of the flights were decided yesterday. Miss I. Wilson scored a six and five victory over Mrs. G. Irving in the second flight, while Mrs. Gillespie captured the third flight by a five and three win over Miss G. Irving.

The finals in the first and fourth flights are being played today. Yesterday's results were as follows: Championship Flight—Third Round. Mrs. Parry won from Mrs. Kinlock, three and one. Mrs. Philbrick won from Mrs. Hutchison, four and three. Second Round. Miss Sayward won from Mrs. Boyd, six and four. Mrs. Widling won from Mrs. Heisterman, two and one. Mrs. Ross, six and five. Final Round. Mrs. Gillespie won from Mrs. G. Irving, five and three. Fourth Flight—Third Round. Mrs. Parry won from Mrs. Burdick, four and three. Mrs. Richards won from Mrs. Leeming, three and two.

Rugby Schedule Altered Through Navy's Departure

Bluejackets Will Be Unable to Field Team Early in the Season

Owing to the fact that the navy will be away from port for several weeks, the blue jacks will be unable to field teams to meet their dates in the Senior Rugby League. This announcement was made to the rugby union at its meeting yesterday afternoon. It was decided to transfer the navy's early games to the tail-end of the schedule.

The season will open with one game, the Garrison and Oak Bay Wanderers meeting at a place yet to be determined on Saturday, Oct. 20. An effort will be made to have His Honor the Lieut.-Governor kick-off. The grounds committee reported that the Willows, Cranmore Road and Oak Bay grounds will be available for games throughout the season, while the Victoria and District Football Association has agreed to work in conjunction with the rugger at the Royal Athletic Park. For all matches "up and inter-city" games the Royal park will be available.

Harry Smith was appointed by the union to organize the School Rugby League. Three teams will play, Oak Bay High School, Victoria High School and the University School. Brentwood will be unable to enter owing to the fact that it is putting the law down on the Intermediate League. Membership cards are now out and an effort is to be made by the union to raise \$500 through the sale of the cards, with the schedule printed on the back, entitle the holders to admission to all Barnard Cup games.

Cy Refuses to Let Babe Come Up to His Level

Ruth Hit Homer But Williams Came Right Back With Another; Speaker's Record

New York, Oct. 5.—For more than an hour yesterday Babe Ruth, of the champion Yankees, was only one run behind Cy Williams, of the Phillies, in their exciting race for home run honors, for in the very first inning of the Yankees-Athletics game in New York Babe smashed out a circuit blow. But after little more than an hour had passed Williams regained his two-point advantage in the eighth inning Williams hit his forty-first homer of the season. Thus today's standing of home run leaders was: Williams, forty-one, and Ruth, thirty-nine.

Consolation Games. At 3 p.m.—Martin and Miss Witty (Breckenridge and Miss Menzie) (First Presbyterian); McKinnon and Miss Grant (Y.M.C.A.); winners of Martin-Breckenridge. At 4 p.m.—Vernon Jones and Miss Parkinson (St. Paul's) vs. Barratt and Miss Ponsford (Elks). At 4.30 p.m.—Consolation final.

Mike McTigue Almost Robbed of Title at Point of Gun; Forced Into Ring With Broken Thumb Against Georgia Schoolboy and When Referee Atlanta Announced Draw Fans Threatened Champion, Manager and Referee With Death; Escape Under Police Protection

Columbus, Ga., Oct. 5.—Although Mike McTigue, of Ireland, still retains his world's light heavyweight crown under the third decision rendered by Referee Harry Ertle after the Irishman's ten-round bout here yesterday, his opponent, Young Stribling, today is the rightful holder in the opinion of Columbus fight fans.

Atlanta, Ga., Oct. 6.—Guarded by four husky military policemen, Mike McTigue, his manager, Joe Jacobs, and Harry Ertle, arrived here early today from Columbus. Ertle declared that at no time did he change his decision of a draw. Joe Jacobs said: "Every word that he says is an untruth. Two physicians of Columbus advised McTigue not to go into the ring, it might ruin his arm for life."

Atlanta, Ga., Oct. 4.—Investigation of the action of Harry Ertle, referee of the fight, revealed that the world's light heavyweight champion, and Joe Jacobs, manager for McTigue, in connection with the McTigue-Stribling fight, yesterday, was asked of the New York State Boxing Commission in a lengthy telegram sent to Chairman Muldoon in New York.

Atlanta, Ga., Oct. 5.—Michael McTigue, of Ireland, last night was crowding out of this city with his light heavyweight championship crown following his fight with young Stribling, the eighteen-year-old Macon, Ga., youth, who for three hours after the fight had what was believed to have been the official decision of a draw.

WOULD STIMULATE INTEROCEAN TRADE

Visit of Minister of Customs on Important Question Commercial Bodies Would Have Canadian Customs Officers at New York

Announcement is made that Hon. Jacques Bureau, Minister of Customs, will leave Ottawa shortly for the Pacific Coast to take up with the various Boards of the Pacific Coast the long standing problem of the placing of a Canadian Customs officer at New York to route in bond freight originating in Eastern Canada consigned to ports in Western Canada.

This issue has occupied the attention of Boards of Trade and commercial organizations for a decade, it having been impossible hitherto to shake successive Ministers of Customs in their refusal. The boards have seen in the refusal adverse influence of the railway managements, who wish to route all transcontinental traffic over the railways, at a much greater cost than waterborne traffic.

Another Line Planned In to-day's telegrams is the announcement that the Anchor-Donaldson Line will operate a Montreal-Vancouver service, with a call here, providing monthly sailings, with apparent intentions of proceeding direct through the Panama Canal without calling at American ports.

LEAGUE IS CHANGING HABITS OF WORLD, SIX THOUSAND YEARS OLD

(Continued from page 1.)

If this success is ever to be achieved, Sir George emphasized, the League must have the support of the people of the world. If Canadians loved peace, and hated war it was for them to get behind the League and insist that their Government support its work, he emphasized. His present Western tour, he explained, will be devoted to the formation of Nations Societies which will support the League. Five hundred members is the objective of the Victoria branch of this organization, he said.

To Form Victoria Branch

After Sir George's speech Sir Richard Lake, president of the Victoria branch of the World Alliance for Promoting International Friendship through the Church, announced that a local branch of the League of Nations Society would be formed shortly at a representative meeting here.

Mellowed by Years

"Forty years ago I had the pleasure of hearing Sir George Foster, when he was a younger man than he is to-day, and I well remember his eloquence and the extraordinary manner in which he verbally manipulated figures," said the Lieutenant-Governor in introducing the distinguished speaker.

"I have since been impressed by the fact that though years have mellowed and ripened him, he still has his great power and gift of oratory.

"He comes to you to-night, the bearer of a message, and nothing greater has ever come from a human mind. He hopes, as I do, that he will enlist the help of all of you, in bringing peace to a troubled world."

Great Reception

As Sir George Foster rose from his seat, he was given a tremendous reception. "Before I speak to you of the League of Nations," he said, "I want to tell you the reason of the calling of this meeting. The League must permeate the nations with the idea of its greatness and necessity, and so, in every nation there is a League of Nations Society. Canada is trying to establish such a society. We want 10,000 members at a human scale, and 100 separate branch organizations. In Victoria, I would be pleased to see 500 men and women in this organization, and if this comes to pass, I will be paid for coming so far to speak to you to-night.

The speaker proceeded to tell of the

fact that the League was not a new idea.

Victory Over War

When the late war came to an end, diplomats of Europe and elsewhere realized that turmoil was costly and destructive, and that, if possible, it would have to be superseded by some method of international arbitration; and so at the peace conference these men remembered this war and the promise they had made to their people to try and avert another terrible catastrophe. "We fought this last war," said Sir George, "not only to wrest military authority from the Germans but to save the world from further turmoil. It was a victory over war itself."

A body of nineteen of the world's greatest statesmen set to work to form the League of Nations. They did this, inviting the suggestions and advice of the outside world. In a little over three months the covenant of the League was produced. This came into force shortly afterwards and has since become a part of every treaty. Such was the beginning of the League.

"What we expect is that, by an appeal to the peace-loving hearts of the world, eventually and in due process of time, the convictions of men will induce the nations to carry out the principles of the League."

The speaker then spoke of the manner in which the League operates, telling of the progress it has made since 1919. It now includes fifty-six nations of the world, and there are only about four which are not members of it. It has not lost a single member nation since its inauguration. Mexico, Russia, the United States and Germany are not yet members of the League, but they will be later, he believed.

The main modes of the League are the council, the assembly and the international court of justice. The assembly holds the greater power, and no matter of import may be decided upon by either body if there is a dissenting voice. Out of 963 great measures brought before the League, not one of these had failed, he said. Every nation had agreed to them.

Wars Averted

The League was not instituted to make or carry out treaties but to prevent ruptures between nations and to settle internationally awkward questions. It was there simply to see that peace is kept between the countries of the world, and it has demonstrated its necessity and power already on more than one occasion, actually averting war four times since 1919.

The speaker told of the international differences which had arisen from time to time during the past four years in Europe and proved conclusively that the League had actually been instrumental in settling these

and keeping nations from war. The employment of mandatory rule, open treaties between nations and many other rules to govern the countries of the world the speaker mentioned as having had their birthplace in the chamber of the League of Nations. The work of bringing countries out of chaos and into normal conditions was another accomplishment of the League—for example, the reconstruction of Austria, which begged for assistance.

In conclusion, Sir George asked the audience: "Do you believe in peace? Do you hate war? Should nations arrange difficulties by peaceful methods? Do you want to do away with the possibilities of war?"

"If so, then every government must stand for the League. We must have universal support. As man has progressed and made for himself laws, so will the nations. It will be longer in coming, but it will come. The International Tribunal of Justice represents the assurance of peace which will come in the future," he concluded.

Mrs. Jesse Longfield sang with great expression the "Recessional" and the immense throng of citizens then dispersed, evidently pleased with the message which Sir George Foster, one of their own nation, had brought to them from far-away Europe.

CANADA LOAN SHOWS ZEAL OF WORKERS

Subscription Proof of Hard Working Habits and Economy

London, Oct. 5 (Canadian Press Cable).—That the Canadian people should have subscribed to the Dominion Government bond issue no less than \$200,000,000 within a matter of a few days is both surprising and gratifying," was the comment yesterday of Sir Robert Kindersley, a director of the Bank of England, and governor of the Hudson's Bay Company. "Such result," Sir Robert added, "could not have been attained under the present world conditions had not the great majority of the Canadian people resumed their habits of hard work and economy without which no country, in the long run, could last."

This Magnificent New Store Is An Expression of Our Faith in the Future of Victoria

In 1915 we commenced business in a half store on Douglas Street and a short time afterwards moved to the corner of Johnson and Douglas Streets. In 1919 we moved to our present location at 1013 Government Street, and now our business has grown to such proportions that we feel warranted in fitting up what will be the most modern and most beautiful jewelry store in British Columbia. We attribute the splendid growth of our business to the policy which we have adhered to at all times, namely—Honest value and careful personal service to every patron.

THE TIMES DAILY PICTURE PAGE

A FAREWELL DINNER UNDER DIFFICULTIES.—This shows the farewell dinner tendered the Russian delegate Joffe (left, in bed) under auspices of the Japanese delegate Kawakami (right) in the room of his hotel, Tokio. Mrs. Joffe is shown seated. Even Joffe's illness did not prevent the Japanese from showing their respect.

LIONEL CONNACHER, Canada's all-star athlete, and his bride, formerly Miss Dorothy Kennedy of Toronto, whom he married immediately before leaving to attend Pittsburg University.

THE FOUR CONVICTS WHO ESCAPED FROM KINGSTON PENITENTIARY on September 10: Left to right, Brown, alias Sullivan; Red Ryan, alias Shade; Thomas Bryans, and Gordon Simpson. The four are alleged to have robbed the Oakwood and St. Clair branch of the Bank of Nova Scotia, Toronto, on September 27.

IN KU KLUX WAR.—This is Mayor O. A. Carell, of Oklahoma City, whose authority was practically nullified by Governor Walton's action placing all Oklahoma under martial law.

TWO CHAMPIONS.—Anthony Vince (top) and Alex Ponton (below), of Toronto, 100 yards and 220 yards champions, respectively, of Canada. Each defeated the other in his own event at Halifax last week.

MR. MOUNDBUILDER.—This extraordinary picture is made from a stone image for which a real mound-builder posed probably thousands of years ago. The image was carved of stone, and was found with skeletons measuring seven and a half feet in length, ten feet deep in a mound on the battlefield at Shiloh, Tenn. Mounds now being excavated by Professor Harry T. Shetrone near Chillicothe are supposed to be 7,000 years old, and if this is true, then the man who posed for the statue shown in the picture probably lived several thousand years before the advent of Christ on earth, and while the rest of the world was still in the dark, dark ages.

DODGING SNOWBALLS.—Lord Renfrew and a member of his party at Banff, Alberta.

J. K. L. ROSS.—President of the Montreal Jockey Club, who backs up Major MacDougall's statement that Blue Bonnets track may close unless taxation is much reduced.

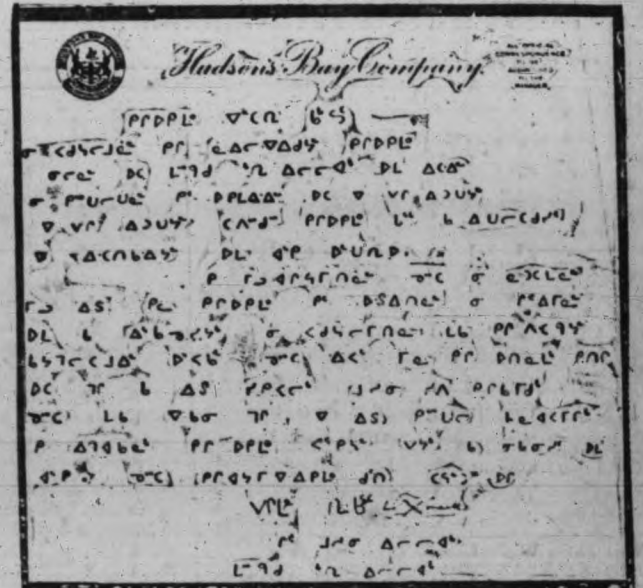

MOORISH PRISONERS captured by the Spanish troops of Gen. Enrique were gathered together and inspected by the Spaniards' leader.

SCHOOL DAYS By DWIG

IT COMES NATURAL TO HER.—Miss Helen Johnson, sister of Albert Johnson, famous jockey, proved at the Spokane, Wash., interstate race meet that racing runs in the family blood. Riding to her first races, the girl broke track records and won the six-day relay, hands down.

PROCLAMATION PRESENTED IN CREE LANGUAGE.—When the Lieut-Governor's party visited Moose Factory, Achunnah, chief of the Moose Band, Swampy Cree Indians presented an address in the Cree language.

CHOPPY MARKET IN GRAINS TO-DAY

(By Burdick Bros., Ltd.)
Chicago, Ill., Oct. 5.—Wheat: The market has been a choppy, nervous affair to-day, price swings being the result of varying pit speculative current prices. The recession in copper metal prices was responsible for some metal shares. Statistics released to-day with respect to the gasoline situation seem to indicate that conditions in that direction were righting themselves. Also, there are no signs of a follow up outside buying power making its appearance in the market, and until public participation makes its appearance on a broader scale, rallies may not be enduring.

J. N. HARVEY TO RELINQUISH STORE

Will Withdraw Interests in Clothing Business Here

"After very careful consideration our directors have reached the conclusion that the interests of our company would be best served by closing out the Victoria business and concentrating in Vancouver," said J. N. Harvey, head of the clothing company which bears his name, when in Victoria yesterday.

AMERICAN CONCERNS TO DO BUSINESS IN BRITISH COLUMBIA

La Salle Extension University, of Chicago, one of the biggest correspondence schools in America, incorporated this week to do business in British Columbia with head offices in Vancouver. The capital of the university is fixed at \$1,000,000 in the incorporation papers taken out at the Parliament Buildings this week.

VOICE OPPOSITION TO PULP EMBARGO

Witnesses Before Royal Commission Have Emphatic Objections

Halifax, Oct. 5.—The evidence which is being presented in Halifax to the royal commission on pulpwood continues to be of the same general tone—emphatic opposition to an embargo. Two out of nearly twenty witnesses have so far said anything in its favor.

FOREST FIRES DIE DOWN; B.C. BACK TO NORMAL

As a result of recent rains, all British Columbia forest districts except Cranbrook are back to normal, according to the weekly forest fire report issued at the Lands Department to-day. Cranbrook is reported to be still "hazardous," but all other districts are normal.

NINE MET DEATH IN HINDENBURG RIOTS

Fatalities Occurred During Cost of Living Demonstration

Warsaw, Oct. 5.—Nine persons were killed and fourteen others were wounded in the recent rioting in the town of Hindenburg, in the German district of Upper Silesia, according to messages received here. The fatalities occurred during a clash between the police and demonstrators against the high cost of living.

ALASKA GOLD OUTPUT DOUBLES IN YEAR

Miners and Prospectors Present Glowing Reports

Fairbanks, Alaska, Oct. 5.—Miners and prospectors engaged in working throughout this district reported this week that the year's output thus far has exceeded all expectations.

FLAMING OIL SWEEPS ALONG BED OF CREEK

Denver, Colo., Oct. 5.—One hundred and fifty men are fighting a terrific oil fire near Casper, Wyo., this afternoon, according to a special report to the Denver Post. The flaming current of oil is sweeping down the creek bed and at an early hour this afternoon was one mile east of Clayton.

BRITISH COLUMBIA HAS 3,142,000 BOXES OF APPLES FOR SALE

Ottawa, Oct. 5.—Nova Scotia will market one million and a half barrels of apples this year, while British Columbia will have 3,142,000 boxes for sale, according to an estimate issued by the Fruit Branch of the Department of Agriculture.

SHOULD PROVE EFFECTIVE

A farmer in Scotland had a stroke of paralysis, and the minister of the parish gave him electrical treatment with a galvanic battery. A neighbor called to inquire about the suffering man, and asked his wife how he was progressing. "Oh, middin' bad," she replied, "but I'm thinkin' he'll maybe soon be better and give him a shock wi' a thing ca'd a Calvauistic battery."—The Tattler.

JEFF, I SPENT FIVE BUCKS FOR THIS BOOK "SCENARIO WRITING AT A GLANCE," AND I'M GONNA CLEAN-UP BIG. I'VE GOT AN IDEA FOR A FIVE REELER ALREADY!

FINE! WHAT IS THE STORY?

IT'S ENTIRELY ORIGINAL! IT'S ABOUT AN OLD FARM IN CONNECTICUT THAT IS TO BE SOLD BY THE SHERIFF AND AT THE LAST MINUTE THE OIL IS STRUCK AND THE OLD PLACE IS SAVED.

GEE. THAT'S A PIPPIN' AND SO ORIGINAL!

KNOW LESSON NUMBER ONE SAYS TO SPELL ALL WORDS OUT IN FULL. NO ABBREVIATIONS. GO! WRITE A FIVE REEL DRAMA BY A MUTT TITLE, "SOB STUFF." LOCATION—A SMALL FARM IN CONNECTICUT. SCENE ONE—

NOT SO FAST. HOW DO YOU SPELL CONNECTICUT?

UM—CONNET—CONNETT—UM—CONNETTY—UM—M—

WELL, HOW DO YOU SPELL IT?

OHIO!

RIGHT! O-H-I-O.

AT THE THEATRES

PLAYHOUSE
 The "Passing of the Third Floor Back," now playing at this theatre is receiving and large and enthusiastic audiences, proving the popularity anticipated by the management. The moral to be drawn from the character of the "Stranger" is forcibly exemplified by his clever presentation by Mr. Francis Compton, who once again proves the extraordinary versatility possessed by him. Miss Doree Stuart brings her well-known grace of manner to the part of Vivian the daughter of Major and Mrs. Tompkins, the latter roles being taken by Mr. Herbert Leslie and Miss Catherine McDonagh respectively. Miss Agnes Burton, as the Bloomsbury boarding-house landlady, is seen to good advantage, the part being completed by Miss Peggy Lewis, Miss Belle Eilers, Miss Ursula Macfarlane, Mr. Geo. Durham, Mr. O. Gibson-Gunn, Mr. Will Marshall and Mr. Clifford Winterson.
CAPITOL
 Laughs chase thrills all over the Capitol Theatre when the Fred Niblo production of "Strangers of the Night," a screen version of Walter Hackett's stage success, "Captain Applejack," helps prove that the screen is mightier than the stage. All of the spectacular development that the play suggested was realized in lavish fashion by this Louis B. Mayer presentation through Metro.

TO-DAY'S AMUSEMENTS
Pantages—"Call of the Woods."
Royal—"Penrod and Sam."
Columbia—"A Gamble in Souls."
Playhouse—"The Passing of the Third Floor Back."
Capitol—"Strangers of the Night."
Dominion—"Ruggles of Red Gap."
 It is one of the greatest of photoplays and should not be missed.
 Matt Moore heads a brilliant cast as the timid Britisher who becomes a swashbuckling pirate, and the blonde beauty of Enid Bennett vies with the dark seductiveness of Barbara La Marr in the affections of the spectators. Robert McKim is again a superb villain.
 Niblo, who produced "The Three Musketeers," "The Famous Mrs. Fair" and "Blood and Sand," here has his greatest triumph.
ROYAL VICTORIA
 "Penrod and Sam," Booth Tarkington's famous story of American boy life, was produced at the Holywood Studios by Associated First National Pictures, Inc.
 Encouraged by the marvelous reception which the public tendered "Penrod," which was filmed by Marshall Neilan for First National release, the latter organization undertook to put on an even more lavish American boy story from the pen of the famous Tarkington.
 Because of William Beaudine's recognition in the art of directing children, he was chosen to handle the director's megaphone. Beaudine is also famous for his comedy. So universally is his ability recognized to handle children that he has been frequently employed by many producers to make the "kid" sequences of pictures which were under the direction of their own directors.
 The production is presented by J. K. McDonald and made under the personal supervision of William Beaudine. It stars Benny Alexander, protege of D. W. Griffith in the role

of Penrod and Joe Butterworth as Sam Williams.
 Continuity was prepared by Hope Loring and Louis Leighton, in collaboration with Beaudine.
 "No expense or pains were spared in making this film a faithful screen reproduction of American boyhood," said Mr. McDonald. "So faithful in fact every man who sees it will forget that he has grown up during the showing of the picture.
 It will be presented at the Royal again to-day.

COLUMBIA
 Dorothy Dalton and William Desmond are seen as co-stars in a Triangle drama by Lanier Bartlett, entitled "A Gamble in Souls," now playing at the Columbia.
 The play is the eventual story of a girl and a minister who could not understand each other until fate tossed them together in a wilderness. The action opens in the "Barbary Coast" of San Francisco, where the girl, a dance hall habituée, and the evangelist, a young and enthusiastic social worker, first meet. Then it is transported to an uninhabited island in the Pacific, where understanding and love eventually dawn.
 Miss Dalton is seen as Trixie Dale, one of the pitiful many chained to the standards of the "Barbary Coast" and who models her life according to its code. "The role gives her many opportunities. Desmond in the part of Arthur Worden, the evangelist, is declared to give one of the most strongly dramatic characterizations of his career.
 The support is supplied by Charles K. French as Tom Leonard, a theatrical manager, and P. D. Tabler as "Foolish Wives," a third-castaway. The production was directed by Walter Edwards.

ASSOCIATED BOARDS EXPRESS SYMPATHY

Further Tributes to Late Charles T. Cross

Further tributes to the esteem in which the late Charles T. Cross was held have been received, in addition to those already reported in The Times.

From John W. Coburn, president of the Associated Boards of Trade of Vancouver Island, is the following message addressed to the Victoria Chambers: "Please convey to your members and the family of the late lamented C. T. Cross, president of your Chamber, the sympathy of the Island Associated Boards of Trade in this sudden and tragic bereavement which has come with such great shock. We sincerely feel we can ill afford to lose such a splendid executive and magnanimous friend. The funeral is in progress this afternoon."

LOWERING BARRIERS TO HOSPITAL BOARD

Curious Position Has Grown up Which City Seeks to Remedy

The draft of the City Private Bill will be ready for approval by the City Council on Monday evening, prior to printing for the attention of the Legislature.

It is one to negative a clause in this Jubilee Hospital Amendment Act of 1924, which while providing for five representatives from the City of Victoria, prevented any member of the Council from sitting on the Board. In practice the problem has only arisen once, when the late Mayor Porter was out of the Council for a year, and was elected to the Board by statute. From the Council he had to drop out of the Board.

In 1920, when the Act was passed giving effect to the scheme which had taken three years in fruition, the original fifteen promoters, plus three representatives of the Provincial Government, which had been a subscriber to the building fund, formed the Board by statute. Provision was not made to determine how the fifteen should be allotted, nor to secure the direct choice of their successors.

This situation created a body of five city representatives, three chosen by the Lieutenant-Governor in Council, four by the members of the hospital (namely the subscribers) and three by the French Benevolent Society, which came into the scheme after the original project was launched.

Two other classes were debarred, the clergy and ministers of the city, and also medical practitioners of the city.

The doctors objected to this barrier, but they did not succeed in breaking the embargo for twenty years, an amendment of 1914 permitting three representatives of the Victoria Medical Society to be chosen. This brought the personnel of the board to eighteen. In 1916 it reached the present figure of twenty-one, six to be a majority by allowing the choice of one representative each of the municipal councils of Saanich, Oak Bay and Esquimalt. In contrast to the relationship between the City Council and the board was the anomalous position in which city aldermen could not sit, while district councillors could, and did act.

If the Legislature should permit the Council to seat its own members on the board as it does with many bodies to which it contributes large sums, the only class to be expressly prohibited from seats will be clergy and ministers of religion.

SAANICH TO VOTE ON SEWER DEBT IN NOVEMBER

Council Unanimous in Support of Payment

Special Election Devised to Free By-Law From Political Pitfalls

The Saanich Council last night unanimously went on record as favoring payment of the debt of honor Saanich owes Victoria for the enlargement of the Northwest sewer and by a five-three vote decided that the best method of securing endorsement by the ratepayers of the necessary by-law will be by holding a special poll in November.

The majority of the council considered that submission of the by-law at the January general elections would invite defeat by giving opportunity for conversion of the issue into a political football.

The finance committee of the council, after a special session yesterday afternoon, declined to make any recommendation as to the best date for the election. Councillors Macnicol, Vantreigh, Lehman, Kirkham and Reeve Watson advocated the special election plan, while Councillors Robinson, Simpson and Brooks considered the additional expense of \$400 to be unwarranted.

Advocates of submission of the by-law at the general election, argued that, with the unanimous support of the council to face, critics would have little effect on public opinion, which is already well educated as to the moral necessity of settlement with Victoria. At the general election a far larger poll would be registered, it was asserted. The original debt of \$48,000 by annual increments of interest at five per cent, has now swollen to nearly \$82,000, a figure which would have been much higher had the interest been on a compound basis.

BURIAL PARK GETS CHEAP WATER

The Saanich Council last night approved the action of the Victoria City Council in agreeing to supply water to the Royal Oak Burial Park at a six cent rate per 1,000 gallons, the wholesale rate charged Saanich.

The municipality will make no service charge for delivery, but will expect to be reimbursed for loss in transmission, through Saanich, a factor not yet determined.

SAANICH GETS BARGAIN IN BIG WATERMAIN

Purchases Sixty Tons of Imperfect Main at Junk Values

Sixty tons of cast iron twelve-inch water main, with patent joints of lead, which was refused by Saanich, because of minor flaws, when the big purchase for the Gordon Head extension was made, was last night purchased by the council at a price of \$25 per ton.

The price paid for accepted pipe of this shipment was originally \$66 per ton, the present purchase being little above the value as scrap.

The offer of this pipe, which has been lying on a wharf in Victoria, and accumulating storage charges was made to the council by the owners in order to clear up the matter, the intervening time having been required for adjustments between the contractor and the steamship company.

Councillor Kirkham reported that he had examined the pipe and had been surprised at the small amount of damage suffered by the culs. He advised purchase as an excellent bargain.

DIVERS WILL FACE FINE IF GORGE BRIDGE USED

Saanich Council Prohibits Use of Bridge by Bathers; Motors Also Regulated

To prohibit diving off the rails of the Gorge Bridge, the Saanich Council last night put the Gorge Bridge regulations by-law through all preliminary readings.

In addition, the by-law limits the speed of automobiles to four miles per hour when crossing the bridge.

A penalty clause imposes a fine of from \$10 to \$100 for infraction of the new regulation. A similar by-law is expected to be enacted by the Esquimalt Council.
