An act authorizing municipal corporations to discontinue the use of land for park purposes when the fee thereof is vested in the municipal corporation, and authorizing the sale or other disposition of such lands.

[Approved by the Governor May 12, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

Discontin-
uance of
parks.

SECTION 1. The use for public park purposes of any land the fee of which is or shall be vested in any municipal corporation, and which has been or shall be dedicated to park use

or placed in use as a public park, may be discontinued and abandoned and thereafter such land disposed of, in the manner hereinafter provided. Nothing herein shall be construed to authorize the discontinuance and abandonment of the use of such park lands, or any change in the use thereof which will cause the reversion of such park lands to private ownership, or cause the forfeiture of the ownership thereof in fee by any municipal corporation, or as authorizing the discontinuance of the use of park lands acquired in any proceeding wherein a local assessment based on benefits was or shall be levied to provide funds for such acquisition.

SEC. 2. Whenever in the opinion of the legislative body of any municipal corporation the public interest or convenience shall require the discontinuance of the use of any such land as a public park, such legislative body may adopt a resolution declaring that public interest or convenience requires such discontinuance, and that such legislative body intends to call a special election to submit to the qualified electors of such municipal corporation the question of the discontinuance of the use of such land as a public park. Resolution
of intention

Such resolution shall contain an accurate description of the lands proposed to be discontinued in use as a public park which may be all or any portion of such land, and the name by which the park the use of which is so proposed to be abandoned and discontinued in whole or in part is commonly known, the use which it is proposed to make of such park, and shall fix a time and place not less than thirty (30) nor more than sixty (60) days after the adoption of such resolution at which the public or persons particularly interested may be heard.

SEC. 3. The city clerk shall cause said resolution to be published twice in a daily newspaper published and circulated in said city; *provided*, that if there be no daily newspaper, then the publication shall be made in a newspaper published and circulated therein less than six days a week and said publication shall be made twice therein. If no newspaper be published in said city, then the publication shall be made twice in some newspaper published in the county in which said city is located. Such publication shall be completed at least twenty days before the time set for hearing of protests as hereinafter provided. Publication
of resolution.

The park superintendent, or such other person as may be thereunto authorized by the legislative body of such municipal corporation, shall cause to be conspicuously posted along the exterior boundaries of the area proposed to be discontinued and abandoned as a public park, notices of the adoption of such resolution. Notices so posted shall be headed "Notice of proposed discontinuance of public park land" in letters not less than one (1) inch in height, and shall in legible characters state the fact and date of the adoption of the resolution, and shall contain a description of the land proposed to be discontinued and abandoned as a public park, and the Notices to
be posted

name by which such public park is commonly known and the use which it is proposed to make of such park. Such notice shall also contain a statement of the date, hour and place when and where any and all persons having any objection to the proposed abandonment and discontinuance may appear before the legislative body and show cause why the use of the land therein described for park purposes should not be discontinued, in accordance with such resolution. Such notices shall be posted along the exterior boundaries of the land proposed to be discontinued as a public park at not more than three hundred feet in distance apart, and there shall not be less than three such notices in all. Such posting shall be completed at least twenty (20) days before the time set in said resolution for hearing thereon; *provided, however*, that the failure to post said notices shall in no wise affect the validity of the proceedings or prevent the legislative body from acquiring jurisdiction to proceed hereunder.

Protests
and action
thereon

SEC. 4. At any time not later than the hour set for hearing objections to the proposed discontinuance, any person or persons interested may make protest in writing against the proposed abandonment or discontinuance of such park use, or to the extent thereof or both. Such protest must be in writing and be delivered to the clerk of the legislative body. Such legislative body shall hear and pass upon all such objections at said time or at any other time to which the hearing thereof may be postponed.

In the event that no protests are received or in the event that said legislative body overrules all protests by a two-thirds vote of the members thereof, such legislative body shall have jurisdiction to adopt an ordinance to call a special election at a time to be therein fixed to submit to the qualified voters of such municipal corporation the proposition of the discontinuance of the use of such park land. In the event that such legislative body allows protests against the proposed discontinuance and abandonment of a portion of such park land but by a two-thirds vote of the members thereof overrules all protests against the proposed discontinuance and abandonment of all other portions of such park land, such legislative body shall have jurisdiction to adopt an ordinance calling a special election at a time to be therein fixed to submit to the qualified voters of such municipal corporation the proposition of the discontinuance and abandonment of the use of those portions of said park lands against which such legislative body, by a two-thirds vote of the members thereof, has overruled all protests.

Special
election and
result
thereof

SEC. 5. If at the special election called as herein provided, two-thirds of the qualified electors of such municipal corporation voting on the proposition of such discontinuance, vote in favor thereof, the legislative body of such municipal corporation shall have jurisdiction to adopt an ordinance declaring that the use for park purposes of the land described in the

ordinance calling such election shall be discontinued and abandoned.

In the event that two-thirds of the qualified electors of such municipal corporation voting on the proposition of such discontinuance do not vote in favor thereof, the legislative body of such municipal corporation shall not have jurisdiction to adopt a new resolution of intention to call a special election to submit the question of the discontinuance of the use of the land for park purposes described in said ordinance calling such election, until after the expiration of six (6) months from the date of said election.

SEC. 6. After such ordinance becomes effective, the land therein described shall be deemed to be held by such municipal corporation in fee, the sole limitation upon the use of such lands shall be that said lands shall be used only for municipal, charitable, or educational purposes; *provided, however*, that in the event that such land shall have been acquired for park purposes by the expenditure of moneys derived from the sale of bonds authorized for park purposes, and in the event the land so acquired for park purposes shall be placed in any other municipal use, they shall be transferred to such bond fund from such other municipal fund, as shall be determined upon by the legislative body of the city, the reasonable market value of such land at the date of the ordinance discontinuing the use thereof for park purposes and the money so transferred shall be devoted only to the purposes for which such bonds were authorized. Moneys placed in any bond fund hereunder shall be subject to diversion to other use under the terms and limitations of any act of the Legislature providing for the diversion of money derived from the sale of bonds voted for a particular purpose to some other or different purpose.

An act to amend section three thousand seven hundred fourteen of the Political Code of the State of California, relating to the levy of taxes.

[Approved by the Governor May 12, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

SECTION 1. Section 3714 of the Political Code is hereby amended to read as follows:

Stats 1917,
p 13,
amended.
Annual
financial
estimates.

3714. On or before the twentieth day of July in each year, at such time as the board of supervisors may direct, each county official, elective or appointive, in charge of an office, department, service or institution of the county, shall file with the county auditor of such county, a detailed and itemized estimate, showing both the probable revenues from sources other than taxation that will accrue to his department,

office or institution during the ensuing fiscal year, and all expenditures required by such department, office or institution for the same period. The county board of supervisors shall submit to the county auditor a statement showing all new road and bridge construction to be financed from the county road and bridge fund, each road district fund, the permanent highway fund, the state gasoline tax highway fund, and from bond issues theretofore issued, if any, for the fiscal year which the budget is intended to cover, together with the cost thereof as computed by the county engineer or any special engineer that may have been put in charge thereof. It shall be the duty of such engineer to prepare such estimates of cost for the board of supervisors of the county. The board shall also submit a similar statement showing their road and bridge maintenance or betterment program, as nearly as can be estimated, as well as an estimate of all expenditures for construction or improvement purposes proposed to be made from the proceeds of bond or warrants or other income not yet authorized.

Forms.

The estimates required in this section shall be submitted on forms prescribed by the state board of control, and provided by the county auditor of each county, and may only be varied or departed from with the approval of said board. The auditor is hereby directed to provide such forms, and it is made his duty to prepare the estimates for interest and debt redemption requirements and any other estimates, the preparation of which properly falls within the duties of his office; *provided*, that in the absence or disability of any official required to furnish estimates hereunder, such estimates shall be furnished by the official or employee in charge of such office, department, service or institution, during such absence or disability.

Auditor's tabulation.

2. From such estimates, the county auditor shall prepare a tabulation showing the complete expenditure program of the county for the current fiscal year, and the sources of revenue by which it is to be financed. Such tabulation shall set forth the estimated receipts from sources other than taxation for each office, department, service or institution, for the current fiscal year, the actual receipts for the preceding fiscal year, the surplus or unencumbered treasury balances at the close of previous fiscal year, and the amount proposed to be raised by taxation; the estimated expenditures for each office, department, service or institution or other fund which the board of supervisors is empowered by law to create when he is requested to do so for the current fiscal year, the actual expenditures for the last completed fiscal year, all existing contracts or other obligations, if any, that will affect current year revenues, and the sum necessary to be provided as a "reserve fund" as hereinafter provided.

Classification of items

Such estimates, appropriations, and expenditures shall be classified under the general classes of (1) salaries and wages;

(2) maintenance and support; (3) capital outlay; (4) interest and debt redemption; and, (5) expenditures proposed to be made from bond or warrant or other income not yet authorized.

Within the general class of "salaries and wages" each salary shall be set forth separately, together with the title or designation of the recipient; *provided and excepted* that in counties empowered by charter to increase or decrease the number of deputies and assistants in any office an unitemized appropriation may be made to cover the expenses of such deputies and assistants. Wages for day labor may be given in totals by designating the general purpose or object for which the expenditure is to be made. Expenditures coming under the general classification of "maintenance and support" shall show the major subdivisions for which such expenditure is to be employed. Expenditures for "capital outlay" shall set forth the object of each expenditure, separately. Under the general class of "interest and debt redemption" shall be set forth separately each series or issue of bonds and warrants, together with its individual requirement for interest and redemption. The total amount of emergency warrants issued during the preceding fiscal year shall be set forth separately together with a statement showing the amount issued for each emergency.

3. The said tabulation shall be submitted by the auditor to the clerk of the board of supervisors on or before the thirtieth day of July of each year. Said board, shall, immediately upon receipt thereof, consider the same in detail, and shall on or before the tenth day of August make any revisions, reductions or additions, therein that it may deem advisable; and shall correct estimated surpluses to agree with actual unencumbered surplus remaining in each fund at the close of the previous fiscal year; *provided, however*, that the estimate submitted by any official as designated herein shall not be increased or reduced until such official shall have first had a hearing thereon before said board. The board of supervisors may add to such tabulation, if it deem advisable, an appropriation to be known as an unbudgeted reserve which shall not exceed in the aggregate ten per cent of the total amount of said budget, exclusive of all items for bond interest and redemption, and which shall be available for appropriation by a four-fifths vote of said board, to cover unforeseen requirements as they may arise. Said budget shall contain an item to be known as the "general reserve fund," which shall be carried over to the next ensuing fiscal year to meet the cash requirements of all funds to which the county's credit may be legally extended for that portion of such fiscal year prior to the receipt of taxes therein. Sums withdrawn from such "general reserve fund" shall be returned thereto out of the respective appropriations in favor of which it was so withdrawn, and sixty per cent of the amount thereof shall, at the end of the fiscal year to which it was carried over, revert to the county general fund. It shall be

Said tabulation with such revisions, additions, or changes as have been made therein, as herein provided, shall constitute the preliminary county budget for the fiscal year, which it is intended to cover. Said budget shall, beginning on or before the fifteenth day of August, be printed or mimeographed in full, in pamphlet form in quantities sufficient to supply one copy to each taxpayer requesting same, and said board of supervisors shall cause to be published in a newspaper of general circulation throughout the county, notice that said budget has been prepared and is available for distribution to taxpayers desiring a copy thereof, which notice shall also set forth that on a date named therein, which date shall be not later than the twentieth day of August thereafter, the county board of supervisors will meet for the purpose of fixing the final budget and determining tax levies, designating the time and place of such meeting, and setting forth that any taxpayer may appear thereat and be heard for or against any part of said budget.

Hearings on
preliminary
budget.

4. On or before the twentieth day of August of each year, the county board of supervisors shall meet at the time and place designated in the notice, provided in section 3 hereof, at which time and place any taxpayer may appear and be heard for or against any part of such budget. Such hearing may be continued from day to day until concluded, but not to exceed a total of ten days. The board of supervisors shall have power to call in the officials in charge of any office, department, service or institution, at the time the estimates for their respective offices are under consideration, for examination concerning such estimates, and such official shall be called by said board upon the request of any taxpayer for questioning, upon such estimates.

Adoption
of budget.

Upon the conclusion of such hearing, the county board of supervisors shall fix and determine each item of the budget separately, and shall, by resolution, adopt the budget as so finally determined, and enter the same in detail, in the official minutes of the board, and shall not later than the first business day of September fix the rate of county taxes designating the number of cents levied for each fund upon each one hundred dollars of assessed value of the county, to raise the amount of the estimated expenditures as finally determined, less the total of the estimated revenues from sources other than taxation, including available surplus, and such expenditures as are to be made from bond or warrant sources, and must levy the state and county taxes. All taxes shall be levied, upon the taxable property in the county, as provided by law, in specific sums, and the tax for county and local purposes shall not exceed the amount specified in the budget, after allowing for delinquency as provided by law; *provided*, that it shall not be

lawful for any board of supervisors of any county in the state to levy, nor shall any tax greater than seventy-five cents on each hundred dollars (\$100) of property be levied and collected in any one year, to pay the bonded indebtedness or judgment arising therefrom, of this state, or of any county or municipality in this state.

The clerk of the board of supervisors shall immediately forward a copy of the completed budget and tax levies to both the state board of control and the state controller.

Copies to
state officers

5. The estimates of expenditures, classified as required in section 2 hereof, and as finally fixed and adopted by said board of supervisors, shall constitute the appropriations for the county for the fiscal year, intended to be covered thereby and the county supervisors and every other county official shall be limited in the making of expenditures or the incurring of liabilities to the amount of such appropriations and classifications respectively; *provided*, that upon a resolution, formally adopted by the county board of supervisors at a regular or special meeting, and entered upon its minutes, transfers or revisions within the general class of "salaries and wages" and of "maintenance and support" may be made. Transfers between the general classes provided in section 2 hereof, shall not be permitted; *provided* that in the case of road and bridge maintenance appropriations, any lawful transfer, deemed necessary, may be made. Where any budget shall contain an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or obligations therefor incurred, except such preliminary expenditure as may be now provided by law, until such bonds have been duly authorized and sold. Expenditures made, liabilities incurred, or warrants issued in excess of any of the budget appropriations as originally determined, or as thereafter revised by transfer, as herein provided, shall not be a liability of the county, but the official making or incurring such expenditure shall be liable therefor personally, and upon his official bond. The county board of supervisors shall approve no claim, and the county auditor shall issue no warrant for any expenditure in excess of said budget appropriation, as finally adopted or as thereafter increased from the unbudgeted reserve or by a transfer as herein provided by said board of supervisors, or as revised under the provisions herein, except upon an order of a court of competent jurisdiction, or for an emergency, as hereinafter provided.

Expend-
itures.

6. In a public emergency, other than such as are specifically hereinafter described, and which could not reasonably have been foreseen at the time of making the budget, requiring the expenditure of money not provided for in the budget, the county board of supervisors, by a four-fifths vote of which all members shall have had reasonable notice, shall adopt and enter upon its minutes, a resolution, stating the facts constituting

the emergency and the estimated amount of money required to meet the emergency, and shall publish the same, together with a notice that a public hearing thereon will be held at the time and place designated therein, which shall be not less than one week after the date of said publication, at which any taxpayer may appear and be heard for or against the expenditure of money for such alleged emergency. Such resolution and notice shall be published once in a county newspaper of general circulation, or if there be no such newspaper of general circulation, then by posting notice thereof, prominently, in each supervisorial district in the county. Upon the conclusion of such hearing, if the county board of supervisors deem it advisable, they may proceed to make the expenditures necessary to meet the said emergency and no more; *provided*, that upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, epidemic, riot, or insurrection, or for the immediate preservation of order or of public health, or for the restoration to a condition of usefulness of any public property, the usefulness of which has been destroyed by accident, or for the relief of a stricken community, overtaken by calamity, or for the settlement of approved claims for personal injuries, or property damages, exclusive of claims arising from the operation of any public utilities, owned by the county, or to meet mandatory expenditures required by law, the board of supervisors may upon the adoption by the four-fifths vote of the members present at any meeting, the time and place of which all of the members of such board shall have had reasonable notice, of a resolution stating the facts constituting the emergency and entering the same upon the minutes, make the expenditure necessary to meet such emergency, without further notice or hearing.

All emergency expenditures shall be paid for by the issuance of emergency warrants, which shall be paid from any moneys on hand in the county treasury, in the fund properly chargeable with such expenditure, and the county treasurer is hereby authorized and directed to pay such warrants out of any moneys in the treasury in such fund. If, at any time, there shall be insufficient moneys on hand in the treasury to pay any of such warrants, then such warrants shall be registered, bear interest and be called in the manner provided by law for other county warrants. The county auditor shall include in the annual tabulation of expenditures to be submitted to the board of supervisors, the total amount of emergency warrants issued during the preceding fiscal year.

Unencum-
bered
balances,

The unencumbered balance remaining in any fund or appropriation at the end of the fiscal year, shall be carried over to the credit of such fund or appropriation or department for the next fiscal year, and shall be deducted from amount finally determined as necessary to be expended by that fund, appropriation, or department for such fiscal year; *provided*, that all balances remaining to the credit of any appropriation,

department or fund which is not to be continued in the succeeding fiscal year, shall revert to the general fund except as to such funds as belong to special districts and are not a part of general county finances.

7. On or before the first business day of each month, or such other date in any month as the board of supervisors may direct the county auditor shall submit to the county board of supervisors a statement showing the condition of each separate budget appropriation, the original amount thereof, and the balance remaining in such appropriation. Auditor's monthly statements

It is hereby made the duty of the state board of control to prescribe forms to initiate or approve changes therein whenever in its judgment same are advisable, and to promulgate such rules, regulations and classifications as may be necessary to carry out the provisions of this act. Duty of board of control.

9. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases, be declared unconstitutional. The budget shall be made in quadruplicate upon blanks approved by the superintendent of public instruction, and shall be filed with the county superintendent of schools of the county or city and county not later than the twentieth day of June next succeeding.

The county superintendent of schools shall examine such budget and if no changes are necessary shall approve the budget as submitted. The remainder, if any remainder there be, thus obtained shall be the minimum amount of the school district tax to be levied by the board of supervisors for the particular school district.

Determina-

Not later than the twentieth day of July the county superintendent of schools shall file with the board of supervisors and with the auditor a copy of the approved budget of each school district showing the amount of school district taxes required by each school district of the county or city and county.

If the board of supervisors refuse or neglect to make the levy provided for under this section then the levy shall be made by the county auditor.

If the school board of any school district neglect or refuse to make a school district budget as prescribed by this section, the county superintendent of schools shall not make any apportionment of state or county school money for the particular school district for the current school year.

District

to city.

Sec. 18b. Upon the inclusion of all of the territory embraced in any such lighting district within one or more unincorporated cities, either by reason of annexation proceedings or by reason of the incorporation of one or more cities, all funds paid into the lighting fund of such district in the county treasury shall be paid over by the board of supervisors of such district as follows: If the whole of such district is so included within one incorporated city, such funds shall be paid to the treasurer of said incorporated city, and administered by the legislative body thereof, and said legislative body shall have all of the powers and perform all of the duties granted to or imposed upon the board of supervisors of the county in which such district is located and of the board of supervisors of said district and shall carry out the provisions of this act as to such district to the same purpose and extent as if originally constituted the governing body thereof under the provisions of this act, and shall become liable for all outstanding liabilities of said district incurred prior to its inclusion within such incorporated city; if the whole of such district is so included within more than one incorporated city, then such proportionate part of such funds shall be paid to the treasurer of each such incorporated city within which a portion of the district is so included as the area of that

portion of the district included therein bore, before being so included, to the total area of the district, as it existed before any of such inclusions and such funds so paid shall be administered by the legislative body of each such incorporated city, and each said legislative body shall have all the powers and perform all of the duties, so far as that portion of the district within its boundaries is concerned, granted to or imposed upon the board of supervisors of the county in which such district is located and of the board of supervisors of said district and shall carry out the provisions of this act as to the portion of the district included within its boundaries to the same purpose and extent as if originally constituted the governing body thereof. Upon the expenditure of the funds and the discharge of the obligations and liabilities of any such lighting district, the whole of which has been included within one or more incorporated cities, such district shall ipso facto be dissolved with the same force and effect as if dissolved under the provisions of section 18 of this act.

If less than the whole of such district shall be included within one or more incorporated cities, either by reason of annexation proceedings or by reason of incorporation proceedings, the district shall continue in existence and shall continue to function without being affected thereby, unless the same shall be dissolved upon petition as in this act provided, and the board of supervisors may levy a special tax upon all of the taxable property within the limits of such lighting district for the purposes and in the manner provided in this act, the same as though all of such property was situated in the unincorporated territory of the county, and with the same effect.

Any person interested may appear at said hearing and object to the withdrawal of territory from said district or may object to the continuance of the remaining territory as a highway lighting district and the board of supervisors shall consider all objections and shall pass upon the same, and if it finds that a portion of said district described in such petition and sought to be withdrawn will not be benefited by remaining within said district and that the territory not sought to be withdrawn will be benefited by continuing as a highway lighting district, then said board may grant said petition for withdrawal either in whole or in part and by resolution establish the boundaries of such district as reestablished after such withdrawal of territory. Upon the withdrawal of any territory from a highway lighting district, as in this section provided, the remaining territory embraced in said district and not so withdrawn shall continue as a lighting district within the meaning of this act and so remain until dissolved as in this act provided. No withdrawal of territory under the provisions of this section shall become effective unless and until any outstanding contract for the furnishing of illumination shall have expired or such contract has, with the consent of the person, firm or corporation furnishing such illumination, been modified or canceled so as to relieve the district of further obligation to pay for future lighting service within the territory so withdrawn.

The people of the State of California do enact as follows:

amended

SECTION 1. That section 4 of an act entitled "An act to provide for the establishment and change of grade of public streets, avenues, lanes, alleys, courts, places and rights of way forming the exterior boundaries of any municipality, whether partly or wholly within or without said boundaries, or extending into the territory of two or more municipalities, or extending into the territory of one or more municipalities, and unincorporated territory, and providing for work upon and the improvement thereof, and providing for the construction of sanitary and storm sewers, drains and drainage systems, together with any and all appurtenances and appurtenant work in connection with any of such work or improvements; to assess the whole or any portion of the costs and expenses thereof upon private property, and to provide for a system of local improvement bonds to represent the assessments for such costs and expenses and for the payment and effect of such bonds, approved April 21, 1911, as amended," be amended to read as follows:

Resolution of
intention.

Sec. 4. Before ordering any work done or improvement made which is authorized by this act, the city council or board of supervisors shall pass a resolution of intention to do so, referring to the street by its lawful or official name, or the name by which it is commonly known; when the work is not upon a public street or public way, then by briefly describing the property or right of way on which same is to be constructed, and briefly describing the work. The said resolution of intention shall be sufficient if it states in general terms the class or kinds of work contemplated such as grading, paving, sewerage or other work or improvements, and gives in general the location of the proposed improvement and refers to plans, profiles, detailed drawings and specifications or such of them as may be suitable or proper for the full and detailed description of the said proposed work or improvement. Said resolution shall contain also a notice of the day, hour and place when and where any and all persons having any objections to the proposed work or improvement may appear before the legislative body and show cause why said proposed improvement should not be carried out in accordance with said resolution; said time shall not be less than fifteen nor more than forty days from the date of the passage of said resolution. The city clerk or clerk of the board of supervisors shall cause said resolution of intention to be published twice in one or more daily newspapers published and circulated in said city or in said county; *provided,*

if there be no daily newspaper, then the publication shall be made in one or more newspapers published and circulated therein less than six days a week, and said publication shall be had twice therein. The city council or board may include in one proceeding, under one resolution of intention and in one contract, any of the different kinds of work mentioned in this act on any number of streets, properties and rights of way or portions thereof, contiguous or otherwise, and it may except therefrom any of said work already done. The lots and portions of lots fronting upon said excepted work already done shall not be included in the assessment for the class of work from which the exception is made.

The grade to which any work shall be done or improvement made shall be such as may be shown on the plans or profiles therefor or it may be done on such a grade as may have been formally established by the city council or board. If any official grade has already been adopted or established for any of the streets, avenues, or other places or property, proposed to be improved, it shall be lawful for the resolution of intention to provide that said work shall be done to new grades or grades different from those so established or adopted, and shall refer to plans, profiles or specifications for the description of the grade at which the work is to be done. Any property owner whose property is to be assessed to pay the costs and expenses of the proposed improvement may at the time fixed in the resolution of intention for hearing of objections to the proposed work and improvement, appear before the city council or board and make objection to the proposed grade or proposed modification of grade. A failure to make objection at such time shall be deemed to be a waiver of all objections to the proposed grade or proposed change or modification of grade and shall operate as a bar to any claim for damages or any subsequent action looking to the prevention of the work or the recovery of damages on account of the performance of the work to such grade or changed grade. The provisions of this section relative to grades are alternative and shall not repeal other provisions of this act, or other statutes relative to change of grade.

Whenever the contemplated work or improvement, in the opinion of the city council or board, is of more than local or ordinary public benefit, or whenever, according to estimate to be furnished by the city engineer or county surveyor, the total estimated costs and expenses thereof would exceed one-half the total assessed value of the lots and lands assessed, if assessed upon the lots or land fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment roll whereon it was assessed for taxes for municipal or county purposes, and allowing a reasonable depth from such frontage for lots or lands assessed in bulk, the city council or board may make the expense of such work or improvement chargeable upon a district, which the said city council or board shall, in its resolution of intention, declare to be the district

benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof. Such district may be described by stating the exterior boundaries thereof, or by giving a description thereof according to any official or recorded map or maps or by referring to a plat or map which shall be on file in the office of the city clerk, or clerk of the board, or city engineer at the time of passing the resolution of intention, which shall indicate by a boundary line the extent of the territory included in the proposed district, which said plat or map shall govern for all details as to the extent of the said assessment district. The said district need not be described in any of the notices or resolutions provided for herein, other than the resolution of intention.

Notices.

After the adoption of the resolution of intention, the street superintendent or county surveyor shall cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, or when the work to be done is only upon an entire crossing or intersection or any part thereof, in front of each quarter block or irregular block liable to be assessed, notices of the passage of said resolution. In case the work is chargeable upon a district as herein provided, copies of said notice shall also be posted along all the open streets within such district at not more than three hundred feet in distance apart on each street so posted, but no proceeding shall ever be held invalid for failure to post any street or streets therein if this provision has been substantially complied with. In every case all posting must be fully completed at least ten days before the day set for hearing protests or objections as provided hereinabove. Said notices shall be headed "Notice of Street Work" in letters of not less than one inch in length; and shall, in legible characters, state the fact of the passage of the resolution of intention, its date, and briefly, the work or improvement proposed, and refer to the resolution of intention for further particulars. Said notices shall contain also a statement of the day, hour and place, when and where any and all persons having any objection to the proposed work or improvement may appear before the legislative body and show cause why said proposed improvement should not be carried out in accordance with said resolution of intention. The council may, if they deem it advisable, direct the clerk to mail copies of said notices to the owners or reputed owners whose names and addresses are known to him, but the mailing of such notices shall not be essential to obtaining jurisdiction by the council, and the failure so to do shall not affect in any manner the validity of any proceedings taken hereunder.

Protests.

At any time not later than the hour set for hearing objections to the proposed work as provided hereinabove, any owner of property liable to be assessed for said work may make written protest against the proposed work or against the extent of the district to be assessed or both. Such protest

must be in writing and be delivered to the said clerk of the city council or board and no other protests or objections shall be considered. At the time set for hearing protests the city council or board shall proceed to hear and pass upon all protests so made and its decision shall be final and conclusive; *provided, however*, that when the protest is against the proposed work, and the cost thereof is to be assessed upon the property fronting thereon, and the city council or board finds that such protest is made by the owners of a majority of the property fronting on the proposed work, or when the protest is against the proposed work and the cost thereof is to be assessed upon the property within a district, and the city council or board finds that such protest is made by the owners of more than one-half of the area of the property to be assessed for said improvement, no further proceedings shall be taken for a period of six months from the date of the decision of the city council, or board on said hearing, unless the said protests be overruled by an affirmative vote of four-fifths of the members of the city council, or board. The words "proposed work" as used herein, shall mean and include all the work described in the resolution of intention. The city council or board may adjourn said hearings from time to time.

If no protests or objections in writing have been delivered to the clerk up to the hour set for hearing as hereinbefore provided, or when a protest shall have been found by said city council, or board to be insufficient, or shall have been overruled, or, when a protest against the extent of the proposed district shall have been heard and denied, immediately thereupon the city council, or board shall be deemed to have acquired jurisdiction to order the proposed improvements which order may be made by resolution.

Jurisdiction
acquired.

Before passing any resolution for the construction of improvements, plans and specifications and careful estimates of the costs and expenses thereof shall be furnished to said city council, or board, if required by it, by the city engineer of said city or county surveyor; and for the work of constructing sewers, specifications shall always be furnished by him.

Plans and
specifica-
tions.

In all resolutions, notices, orders and determinations, subsequent to the resolution of intention it shall not be necessary to describe the assessment district, and in all of the same, subsequent to the resolution of intention and the notice of improvement, it shall be sufficient to refer to the resolution of intention for a description of the work or improvement and the assessment district.

SEC. 2. That section 6 of said hereinbefore mentioned act be amended to read as follows:

amended.

Sec. 6. Before the awarding of any contract by the council, or board, for doing any work authorized by this act, the council, or board, shall cause notice, with specifications, to be posted conspicuously for five days on or near the council, or board, chamber door, inviting sealed proposals or bids for

doing the work ordered, and shall also cause notice of said work, inviting said proposals, and referring to the specifications posted or on file, to be published for two days in a daily, semiweekly, or weekly newspaper published and circulated in said municipality, or county, designated by the council, or board, for that purpose, and in case there is no newspaper published in said municipality, or county, then it shall only be posted as hereinbefore provided.

Certified
check or
bond.

All proposals or bids offered shall be accompanied by a check payable to the order of the mayor of the municipality, or president of the board of supervisors, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or by a bond for the said amount and so payable, signed by the bidder and by two sureties, who shall justify, before any officer competent to administer an oath, in double the said amount, over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of said council, or board, and said council, or board, shall, in open session, examine and publicly declare the same; *provided, however*, that no proposal or bid shall be considered unless accompanied by said check or bond satisfactory to the council, or board.

Rejection
and
acceptance
of bids.

The council, or board, may reject any and all proposals or bids should it deem this for the public good, and also the bid of any party who has been delinquent or unfaithful in any former contract with the municipality or county, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work or improvement to the lowest responsible bidder at the prices named in his bid. If not approved by the council, or board, without further proceedings, the council, or board, may readvertise for proposals or bids for the performance of the work as in the first instance, and thereafter proceed in the manner in this section provided, and shall thereupon return to the proper parties the respective checks and bonds corresponding to the bid so rejected. But the checks accompanying such accepted proposals or bids shall be held by the clerk of said council, or board, until the contract for doing said work, as hereinafter provided, has been entered into, either by said lowest bidder or by the owners of three-fourths part of the frontage, whereupon said certified check shall be returned to said bidder.

Forfeiture of
deposit.

But if said bidder fails, neglects or refuses to enter into the contract to perform said work or improvement, as hereinafter provided, then the certified check accompanying his bid and the amount therein mentioned, shall be declared to be forfeited to said municipality, or county, and shall be collected by it and paid into its fund for repairs of streets, avenues, lanes, alleys, courts and places herein mentioned, and any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund.

Notice of such award of contract shall be published for two days in a daily newspaper published and circulated in said municipality or county and designated by said council, or board, or in municipalities or counties where there is no daily newspaper, by one insertion in a newspaper issued less than six times a week, such being a newspaper so published, circulated and designated; *provided, however,* that in case there is no newspaper printed or published in any such municipality or county, then such notice of award shall be posted for five days on or near the council chamber door.

Notice of
award.

The owners of three-fourths of the frontage of lots and lands, upon the street whereon said work is to be done, or their agents, and who shall make oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but may, within ten days after the first publication or posting of said notice of said award, elect to take said work and enter into a written contract to do the whole work at the price at which the same has been awarded. Should the said owners fail to elect to take said work, and to enter into a written contract therefor within ten days or to commence the work within fifteen days after the date of such written contract, and to prosecute the same with diligence to completion, it shall be the duty of the superintendent of streets, or county surveyor, to enter into a contract with the original bidder to whom the contract was awarded, and at the prices specified in his bid. But if such original bidder neglects, fails or refuses, for twenty-five days after the first publication of the notice of award, to enter into the contract, then the council, or board, without further proceedings, shall again advertise for proposals or bids, as in the first instance, and award the contract for said work to the lowest regular bidder.

Contract
with owners.

The bids of all persons and the election of all owners, as aforesaid, who have failed to enter into the contract as herein provided, shall be rejected in any bidding or election subsequent to the first for the same work. If the owner, or contractor, who may have taken any contract, does not complete the same within the time limited in the contract, or within such further time as the council, or board, may give them, the superintendent of streets, or county surveyor, shall report such delinquency to the council or board, which may relet the unfinished portion of said work, after pursuing the formalities prescribed hereinbefore for the letting of the whole in the first instance.

Certain bids

Unfinished
work.

All contractors, contracting owners included, shall, at the time of executing any contract for street work, execute a bond to the satisfaction and approval of the superintendent of streets, or county surveyor, with two or more sureties and payable to such municipality, or county, in such sums as the council, or board, shall deem adequate, conditioned for the faithful performance of the contract; and the sureties shall justify before any person competent to administer an oath,

in double the amount mentioned in said bond, over and above all statutory exemptions.

Cost of publication of notices.

Before being entitled to a contract, the bidder to whom the award was made, or the owners who have elected to take the contract, must advance to the superintendent of streets, or county surveyor, for payment by him, the cost of publication of the notices, resolutions, orders, or other incidental expenses and matters required under the proceedings described in this act, and such other notices as may be deemed requisite by the council, or board. And in case the work is abandoned by the council, or board, before the letting of the contract, the incidental expenses incurred previous to such abandonment shall be paid out of the treasury of the municipality, or county.

Defects in proceedings.

At any time within ten days from the date of the first publication of the notice of award of contract, any person having any interest in any lot or land liable to assessment, who claims that any of the acts or proceedings, relating to said improvement are irregular, defective, illegal, erroneous or faulty, may file with the clerk of the city council, or the clerk of the board of supervisors, written notice specifying in what respect said acts or proceedings are irregular, defective, illegal, erroneous or faulty. Said notice shall state that it is made in pursuance with this section. All objections to any act or proceeding not made in writing and in the manner and at the time aforesaid shall be waived, providing the resolution of intention to do the work has been actually published as provided in this act.

Bond for labor and materials.

SEC. 2½. That section 8 of said hereinbefore act be amended to read as follows:

Sec. 8. Every contractor, person, company or corporation, including contracting owners, to whom is awarded any contract for street work under this act, shall at the time of signing and executing said contract, file with the superintendent of streets or county surveyor, a good and sufficient bond to the satisfaction and approval of said street superintendent or county surveyor, in a sum not less than one-half of the total amount payable by the terms of said contract. Such bonds shall be executed by either two or more good and sufficient sureties, or by corporate surety, as provided by law, in an amount not less than the sum specified in the bond, and must provide that if the contractors, person, company or corporation, or his or its subcontractors fail to pay for any materials, provisions, provender or other supplies or the use of implements or machinery used in, upon, for or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, that the sureties will pay for the same in an amount not exceeding the sum specified in the bond, and also in case suit is brought upon such bond, a reasonable attorney's fee to be fixed by the court. Such bond must, by its terms, inure to the benefit of any and all persons, companies and corporations entitled to file claims under this act, so as to give a right of action to them or their assigns in any suit brought upon said bond.

Any materialman, person, company or corporation furnishing materials, provisions, provender or other supplies used in, upon, for or about the performance of the work contracted to be executed or performed, or any person, company or corporation renting or hiring teams or implements, or machinery for, or contributing to, said work to be done, or any person who performs work or labor upon the same, or any person who supplies both work and materials and whose claim has not been paid by the contractors, company or corporation to whom the contract has been awarded, or by the subcontractors of said contractor, company or corporation, may at any time prior to the expiration of the period within which claims of lien must be filed for record, as prescribed by section 1187 of the Code of Civil Procedure, file with the superintendent of streets or county surveyor, a verified statement of his or its claim, together with a statement that the same, or some part thereof, has not been paid. It shall be lawful for the superintendent of streets or county surveyor, within ten days after the completion of any such contract or work of improvement provided for in this act, or within ten days after there has been a cessation from labor thereon for a period of thirty days, to file for record in the office of the county recorder of the county where the property is situated, a notice setting forth the date when the same was completed, or on which cessation from labor occurred, together with the name of the municipality and description of the property or public work or improvement, sufficient for identification, and the name of the contractor or contractors, and the name of the surety, which notice shall be verified by such superintendent of streets or county surveyor and in case such notice be not so filed, the failure to so file shall have the same effect as provided in section 1187 of the Code of Civil Procedure, with reference to the "owner." Any laborer, materialman, person, company or corporation entitled to the benefit of this act as hereinbefore set forth, whose claim has not been paid by the said contractor, company or corporation, or his or its subcontractors, shall severally have a first lien upon and against the assessment, any partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment. And actions against the said municipality or superintendent of streets or county surveyor to establish such liens brought by any claimant who has filed claims under this act, or by his assigns, shall be governed by the provisions of sections 1184, 1184a, 1184b, and 1184c, of the Code of Civil Procedure, and the verified notice provided for in said section shall be equivalent for all purposes to the verified claim provided for herein.

Effect of assignments by contractor

No assignment by the contractor of the whole or any part of the money, assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment, due him or to be due him under the contract, or for "extras" in connection therewith, whether

made before a verified claim is filed as provided for herein or after said claim is filed, shall be held to take priority over claims filed under this section, and such assignment shall have no binding force in so far as the rights of the claimants who file claims hereunder, or their assigns, are concerned; *provided*, that nothing in this section shall be construed to prohibit payment to the contractor or his assigns so long as no verified claim is on file before the disbursing officer shall have actually surrendered possession of the assessment, partial assessment, any reassessment, and any bonds which may be issued to represent any assessment or reassessment, or the payment to said contractor or his assigns of any assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment, due him or his assigns over and above the total amount of the claims filed at that time plus such interest and court costs as might be reasonably anticipated in connection with said claims.

Action
against
surety.

Suit against the surety or sureties on the bond of the contractor required hereunder may be brought by any claimant, or his assign, at any time after the claimant has ceased to perform labor or furnish material or both and until the expiration of six months after the period in which verified claims may be filed as provided herein. The filing of a verified claim shall not be a condition precedent to the maintenance of such action against the surety or sureties on the bond and an action on such bond may be maintained separately from and without the filing of an action against the municipality or officer by whom such contract was awarded. And upon the trial of any such action, the court shall award to the prevailing party a reasonable attorney's fee, to be taxed as costs, and to be included in the judgment therein rendered.

Bond to
guarantee
payment of
judgment.

If the contractor, subcontractor or other person against whom any claim is filed as provided in this act shall dispute the correctness or validity of any claim so filed, it shall be lawful for the municipality or superintendent of streets or county surveyor by whom the contract for the improvement was awarded, in its or his discretion, to permit the contractor to whom said contract was awarded to deliver to such municipality or superintendent of streets or county surveyor a bond executed by some corporation authorized to issue surety bonds in the State of California, in a penal sum equal to one and one-fourth times the amount of said claim, which said bond shall guarantee the payment of any sum which said claimant may recover on said claim together with his costs of suit in said action, if he shall recover therein, and upon filing of said bond by and with the consent of such municipality or superintendent of streets or county surveyor, then such municipality or superintendent of streets or county surveyor, shall not withhold any funds, assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment from said contractor on account of said claim. The sureties upon said bond shall

be jointly and severally liable to said claimant with the sureties upon the original bond inuring to the benefit of persons entitled to file claims under this act and given in accordance with the provisions of this act.

Sec. 13. The owners, whether named in the assessment or not, the contractor, or his assigns, and all other persons directly interested in any work provided for in this act, or in the assessment, feeling aggrieved by any act or determination of the superintendent of streets, or county surveyor, in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the superintendent of streets, or county surveyor, shall, within thirty days after the date of the warrant, appeal to the council, or board, by briefly stating their objections in writing, and filing the same with the clerk of said council or board.

aggrieved
owners to
council.

Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations or proceedings objected to or complained of, shall be published for five days. Upon such appeal, the said council, or board, may remedy and correct any error or informality in the proceedings and revise and correct any of the acts or determinations of the superintendent of streets, or county surveyor, relative to said work; may confirm, amend, set aside, alter, modify or correct the assessment in such manner as to them shall seem just, and require the work to be completed according to the directions of the council, or board; and may instruct and direct the superintendent of streets, or county surveyor, to correct the warrant, assessment, or diagram in any particular, or to make and issue a new warrant, assessment and diagram, to conform to the decisions of said council, or board, in relation thereto, at their option. All the decisions and determinations of said council, or board upon notice and hearing as aforesaid, shall be final and conclusive upon any and all persons entitled to appeal under the provisions of this section, as to all errors, informalities, and irregularities which said council, or board, might have remedied and avoided; and no assessment shall be held invalid, except upon appeal to said council or board, as provided in this section for any error, informality, or other defect in any of the proceedings prior to the assessment, or in the assessment itself, where notice of the intention of the council, or board, to order the work to be done, for which the assessment is made, has been actually published in any designated newspaper of said city or county for the length of time prescribed by law. No action, suit or proceeding to set aside, cancel, avoid, annul, or correct any assessment or reassessment, or to review any of the proceedings, acts, or determinations therein, or to question the validity of, or to enjoin the collection of the assess-

SEC. 4. A new section is hereby added to an act entitled "An act to provide for the establishment and change of grade of public streets, avenues, lanes, alleys, courts, places and rights of way forming the exterior boundaries of any municipality, whether partly or wholly within or without said boundaries, or extending into the territory of two or more municipalities or extending into the territory of one or more municipalities, and unincorporated territory, and providing for work upon and the improvement thereof, and providing for the construction of sanitary and storm sewers, drains and drainage systems, together with any and all appurtenances and appurtenant work in connection with any of such work or improvements; to assess the whole or any portion of the costs and expenses thereof upon private property, and to provide for a system of local improvement bonds to represent the assessments for such costs and expenses and for the payment and effect of such bonds," approved April 21, 1911, as amended, to be numbered 38 and to read as follows:

Reassess-
ments

Sec. 38. Whenever any assessment heretofore issued or which may be hereafter issued is or shall be void, or unenforceable, for any cause, or if bonds shall have been, or shall be, issued to represent any assessments and such issuance shall not have been, or shall not be effective through the curative provisions in relation thereto, or any curative act that may be passed by the Legislature in relation thereto to make them valid and enforceable, then, in any of such events a reassessment therefor may be issued. The true intent and meaning of this section is to make the cost and expense of work or improvement made through an attempted compliance with this act, payable by the real estate benefited by such work or improvement by making a reassessment therefor.

Such power of reassessing embraces both a full and a partial reassessment, and is not exhausted by a single attempted exercise thereof.

When
ordered.

A reassessment shall be ordered under any one of four circumstances:

First—Where the owner or holder of any assessments, or of bonds issued under this act to represent assessments request the legislative body of the city in which the assessment has been or shall be issued to order a reassessment. In such event if said legislative body be of the opinion that the assessments or bonds in question are not enforceable it shall order the making and issuing of a reassessment covering only the assess-

ments owned or held by the petitioner or the assessments represented by the bonds owned or held by such petitioner.

Second—Whenever any court of competent jurisdiction in any suit to foreclose the lien of any assessment or to enforce the obligation of any bond issued to represent any assessments issued under this act, has for any reason held such lien unenforceable, then it shall in and by its decree direct the making of a reassessment to cover the assessments involved in such suit.

Third—Whenever any court of competent jurisdiction in any suit to set aside the lien of any assessment or of any bond representing any assessment, or in any suit to quiet title against the lien of any such assessment, or bond shall in its judgment decree such assessments or bonds to be void, or unenforceable, then it shall in and by its decree direct the making of a reassessment to cover the assessments involved in such suit.

Fourth—Whenever any contractor or assignee of a contractor shall have done or performed any work or improvements pursuant to proceedings had and taken in attempted compliance with the provisions of this act, and whenever prior to the issuance of any assessment, any court of competent jurisdiction in any suit to invalidate the contract or any of such proceedings shall for any reason declare said contract or other proceedings to be invalid, then such court shall in and by its decree direct the making of a reassessment for the reasonable value of the work and improvement actually done and performed in good faith by the contractor, or such portion thereof as was of a kind that could lawfully have been ordered under the provisions of this act.

The manner of making, issuing and enforcing the reassessment shall be as follows: Manner of making.

The superintendent of streets or county surveyor shall, upon the entering of a decree of court directing a reassessment or upon the making of an order by the legislative body of the city directing a reassessment, proceed to make a reassessment in the following manner:

If the reassessment be a partial one only, then it shall not be necessary for the diagram to show any other lots than the ones covered by such partial reassessment. If it be a full reassessment, however, then it shall be upon the lots fronting on said work if the original assessment was one made on the front foot plan; if the original assessment was made against a district, then the superintendent of streets or county surveyor shall prepare and file with the reassessment a diagram showing the lots, pieces or parcels of land deemed by him to have been benefited by the work or improvement. The reassessment shall assess upon and against each of the lots, pieces, or parcels of land, contained therein an amount arrived at as follows: The benefits derived, or to be derived by each of the said lots, pieces or parcels of land from the work or improvement estimated as of the date of the original assessment shall first be listed. Then there shall be added thereto interest thereon from twenty (20) days after the date of recording the original assessment at the

rate of seven per cent (7%) per annum, and the total sum shall constitute and be the amount of the proposed several assessments in such reassessment. The total of such reassessment, however, exclusive of interest, shall not exceed the cost of the work or improvement. Such assessment need not be in any prescribed form, but shall refer to the original assessment, give the date of the original assessment and state that it is made pursuant to the orders of the legislative body of the city or decree of the court, as the case may be, and shall be accompanied by a diagram showing the lots to be reassessed and their relation to the work. It shall then be presented to the legislative body, which shall fix a time for hearing before it. Such time must be at least twenty (20) days after the reassessment is so presented. The city clerk shall then advertise the time of such hearing before the legislative body by publishing a notice in the newspaper in which the notice of award of contract for the improvement for which the assessment was made, was published unless the legislative body directs publication in some other paper. If the reassessment is to be against the property in a district, then this fact shall be stated in the notice and a description of the district shall be set forth and the assessment diagram referred to for particulars. Such notice shall be published for five insertions, if the paper be a daily, or by two insertions if the paper be published less frequently. At the time fixed for said hearing, or at such time or times to which the same may be thereafter adjourned, the legislative body shall consider the objections to said reassessment and in its discretion informally direct the revision, correction or modification of such reassessment in such manner as is most equitable to apportion to each lot, piece or parcel of land thereby benefited the amount of the actual benefits derived from said improvement. When such reassessment shall have been revised, or corrected or modified so as to comply with the judgment of said legislative body, then it shall pass a resolution confirming the reassessment. The street superintendent or county surveyor shall thereupon record the reassessment with a certificate at the end thereof by the city clerk, that it is the reassessment approved by the legislative body of the city. He shall also note opposite the several assessments in the original assessment that have been displaced by the reassessment the fact that the reassessment has been made, giving its date, and shall credit upon such reassessment or upon the bonds issued to represent the same, together with all payments theretofore made upon the original assessment, interest on such payments at the rate of seven per cent (7%) per annum from and after the date of such payments. Such reassessment shall be collectable and payable in the same manner as an original assessment and shall be enforceable by suit in the same manner provided in this act for enforcing an original assessment, and shall have the same weight in evidence. In the event that bonds issued under the original assessment they shall also issue upon the reassessment for such sum as may be reassessed against the lot,

piece or parcel of land covered thereby. When the reassessment is recorded the original assessment shall be cancelled by the street superintendent or the county surveyor so far as it affects the particular assessments involved. New bonds shall not be issued until the original bonds are delivered up to the city treasurer, who shall cancel the same. The lien of such reassessment shall hold its relative rank as to other special assessment liens as of the date of the original assessment.

An act to amend section one thousand eight hundred sixty-two of the Civil Code, relating to the sale at auction of unclaimed baggage.

[Approved by the Governor May 14, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

SECTION 1. Section 1862 of the Civil Code is hereby amended to read as follows:

1862. Whenever any trunk, carpet bag, valise, box, bundle, or other baggage has heretofore come, or shall hereafter come into the possession of the keeper of any hotel, inn, or any boarding or lodging house, furnished apartment house or furnished bungalow court and has remained or shall remain unclaimed for the period of six months, such keeper may proceed to sell the same at public auction, and out of the proceeds of such sale may retain the charges for storage, if any, and the expenses of advertising and sale thereof;

But no such sale shall be made until the expiration of four weeks from the first publication of notice of such sale in a newspaper published in or nearest the city, town, village, or place in which said hotel, inn, boarding or lodging house, furnished apartment house or furnished bungalow court is situated. Said notice shall be published once a week, for four successive weeks, in some newspaper, daily or weekly, of general circulation, and shall contain a description of each trunk, carpet bag, valise, box, bundle, or other baggage, as near as may be; the name of the owner, if known; the name of such keeper, and the time and place of sale;

And the expenses incurred for advertising shall be a lien upon such trunk, carpet bag, valise, box, bundle, or other baggage, in a ratable proportion, according to the value of such piece of property, or thing, or article sold;

And in case any balance arising from such sale shall not be claimed by the rightful owner within one week from the day of sale, the same shall be paid into the treasury of the county in which such sale took place; and if the same be not claimed by the owner thereof, or his legal representatives, within one year thereafter, the same shall be paid into the general fund of said county.

An act to amend sections six, nine, ten and eleven of an act entitled "An act to provide for the organization and government of public cemetery districts," approved June 1, 1921, as amended relating to cemetery districts.

[Approved by the Governor May 14, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

Stats 1921,
p. 1104,
amended.

SECTION 1. Section 6 of an act entitled "An act to provide for the organization and government of public cemeteries," approved June 1, 1921, as amended, is hereby amended to read as follows:

Trustees.

Sec. 6. Said cemetery district shall be governed and managed by three trustees, appointed by the board of supervisors of the county, or in case the district is in more than one county, by the supervisors in which the largest portion of the district is located, the trustees to be appointed from electors residing within said district. The trustees shall hold office for four years and until the appointment and qualifications of their successors, and shall serve without compensation.

Stats. 1921,
p. 1104,

Annual
tax levy.

SEC. 2. Section 9 of said act is hereby amended to read as follows:

Sec. 9. The said board of cemetery trustees shall annually, at or before the time fixed by law for the levy of county taxes, estimate and certify to the board of supervisors of the county wherein the district is situated, or if said district is not entirely within one county, then as hereinafter provided, the amount of money necessary to be raised by taxation for maintaining the cemetery of the district for the ensuing fiscal year. If said district is in more than one county, the total estimate as provided for hereinbefore shall be divided by said board of cemetery trustees in proportion to the value of the real property of the district in each county. This value must be determined from the equalized values of the last assessment rolls of said counties. When said division of the estimate has been made, said board of cemetery trustees shall certify to the board of supervisors of the respective counties that part of the estimate apportioned to each county. The board of supervisors of each county wherein is situated a cemetery district or any part thereof organized under the provisions of this act must, annually, at the time of levying county taxes levy a tax upon all the property within said cemetery district situated in said county sufficient to raise the amount so certified to said board of supervisors by said board of cemetery trustees, to be raised by tax on the property of said district in said county. The tax so levied, however, shall not exceed two mills on each dollar of assessed valuation of the property in said district.

SEC. 3. Section 10 of the act entitled "An act to provide for the organization and government of public cemetery districts," approved June 1, 1921, is hereby amended to read as follows:

Stats. 1921,
p. 1105,
amended.

Sec. 10. Said tax shall be collected by the same officers and in the same manner as other county taxes, and the same, together with all other moneys received by the trustees, shall be paid into the county treasury and shall constitute a separate fund to be expended solely for the purposes of the cemetery district upon warrants issued by the county auditor on orders signed by not less than two of said cemetery trustees. If the district is in more than one county, the treasurer of the county wherein the district was organized shall be the repository of all the funds of the district. For this purpose the treasurers of any other counties wherein is situated a portion of said district, must, at any time but not oftener than twice each year, upon the order of the board of cemetery trustees, settle with said board and pay over to the treasurer of the county where the district was organized, all moneys in their possession belonging to the district. Said last named treasurer is authorized and required to receive and receipt for the same and to place the same to the credit of the district. He shall be responsible upon his official bond for the safe keeping and disbursement, in the manner herein provided, of these and all other moneys of the district held by him. amended,
Loggers
and
lumbermen's
lien.

When lien
attaches.

The liens provided for in this section shall attach from the date of the commencement of such work or labor, or the date of the commencement of the use of such live stock, machinery or appliances, as the case may be, and shall be preferred liens, prior in dignity to all other liens, claims or encumbrances, except the landowner's claim for a reasonable stumpage in cases where the landowner himself is not the direct employer or contractor, as the case may be. They shall not be limited as to amount by any contract price agreed upon between the owner of said logs or timber products manufactured therefrom and any contractor, except as hereinafter provided, but said several liens shall not in any case exceed in amount the reasonable value of the labor done, or the reasonable value of the use of the live stock, machinery or appliances for which the lien is claimed, nor the price agreed upon for the same between the claimant and the person by whom he was employed or with whom the agreement to use live stock, machinery or appliances was made, nor in any case, where the claimant was employed by a contractor, or subcontractor, shall the lien extend to any labor or the use of any live stock, machinery or appliances not embraced within, contemplated by, covered by, or reasonably necessary to the execution of, the original contract between the contractor and the owner of such logs or timber products manufactured therefrom, or any modification thereof made by or with the consent of such owner, and of which said contract, or modification thereof, the claimant shall have had actual notice before the performance of such labor or the use of such live stock, machinery or appliances.

Limitations.

Filing of
contract and
bond.

The filing of such original contract, or modification thereof, in the office of the county recorder of the county in which the timber land on which the work is to be done is situated or in which the logs are to be manufactured into timber products, as the case may be, before the commencement of the work, shall be equivalent to the giving of such actual notice by the owner to all persons performing work or using live stock, machinery or appliances thereunder. In case said original contract shall, before the work is commenced, be so filed, together with a bond of the contractor with good and sufficient sureties in an amount not less than fifty (50) per cent of the contract price named in said contract, which bond shall in addition to any conditions for the performance of the contract, be also conditioned for the payment in full of the claims of all persons performing labor, or using live stock, machinery or appliances, in the execution of such contract and shall also by its terms be made to inure to the benefit of any and all persons who perform labor or use live stock, machinery or appliances in the execution of the work to be done under the contract so as to give such persons, and their assigns or successors in interest, a right of action to recover upon said bond in any suit brought to enforce the liens provided for in this section, or in a separate suit

brought on said bond, then the court must, where it would be equitable so to do, restrict the recovery under such liens to an aggregate amount equal to the amount found to be due from the owner of the said logs or timber products manufactured therefrom to the contractor, and render judgment against the contractor and his sureties on said bond for any deficiency or difference there may remain between said amount so found to be due to the claimants for such labor and for the use of such live stock, machinery and appliances. It is the intent and purpose of this section to limit the owner's liability, in all cases, to the measure of the contract price where he shall have filed or cause to be filed, in good faith, with his original contract a valid bond with good and sufficient sureties in the amount and upon the conditions herein provided. It shall be lawful for the owner of such logs and timber products to protect himself against any failure of the contractor to perform his contract and make full payment for all work done thereunder by exacting such bond or other security as he may deem satisfactory.

Limit on
owner's
liability.

SEC. 2. A new section is hereby added to the Civil Code, to be numbered 3065a and to read as follows:

New section.

3065a. The lien created by the last preceding section shall continue in force for a period of thirty days from the time the person claiming such lien shall have ceased to do or perform the work or render the service for which said lien is claimed, while such logs, lumber or other manufactured timber products are in the county in which such labor was performed or service rendered, and said lien shall cease at the expiration of the said thirty days unless the claimant thereof, or his assignee or successor in interest, brings suit to foreclose the same, in which case the lien continues in force until the said lien foreclosure suit is finally determined and closed, and in case such proceeding be not prosecuted to trial within two years after the commencement thereof, the court may in its discretion dismiss the same for want of prosecution. If any part of the property on which the lien existed is removed from the said county, the lien continues on the balance remaining in the county to the full extent of the claim.

Time of
continuance
of lien.

The plaintiff in any such lien foreclosure suit, at the time of issuing the summons or at any time afterwards, may have the logs, lumber and other manufactured timber products upon which such lien subsists attached, as provided in this code and the Code of Civil Procedure, upon delivering to the clerk an affidavit, by or on behalf of the plaintiff, showing that: (1) the plaintiff, or his assignor or predecessor in interest, performed labor or used his live stock, machinery or appliances or both in felling, preparing or transporting the said logs or in manufacturing the said lumber or other timber products or both; (2) that such labor or use of live stock, machinery or appliances has not been paid for; (3) that the sum for which the attachment is asked does not exceed the reasonable value of the services rendered or the reasonable value of the use of the

Attachment
of property.

live stock, machinery or appliances, as the case may be; and (4) that the attachment is not sought and the action is not brought to hinder, delay or defraud any creditor or creditors of any defendant.

Joinder of claimants.

Any number of persons claiming liens under this and the next preceding section may join in the same action and when separate actions are commenced, the court may consolidate them. Whenever upon the sale of the property subject to the liens provided for in this and the next preceding section, under the judgment or decree of foreclosure of such lien or liens, there is a deficiency of proceeds, the proceeds shall be divided pro rata among the lien claimants whose liens are established, regardless of the order in which the liens were created or the order in which the suits to foreclose same were commenced, and judgment for the deficiency may be docketed against the party personally liable therefor and his sureties, in like manner and with like effect as in actions for the foreclosure of mortgages.

Action to recover debt

Nothing contained in this or the next preceding section shall be construed to impair or affect the right of any person to whom any debt may be due for work done, or for the use of live stock, machinery or appliances, to maintain a personal action to recover said debt against the person liable therefor, or his sureties, either in connection with the lien suit or in a separate action, and the person bringing such personal action may take out a separate attachment therefor, notwithstanding his lien, and in his affidavit to procure an attachment need not state that his demand is not secured by a lien, and the judgment, if any, obtained by the plaintiff in such personal action shall not be construed to impair or merge any lien held by said plaintiff under this or the next preceding section; *provided, only*, that any money collected on said judgment shall be credited on the amount of such lien in any action brought to enforce the same, in accordance with the provisions of this section.

Repealed

SEC. 3. Sec 11. (a) In the event of such bonds being so issued, then the assessments, which shall be unpaid, as shown on the list filed by the superintendent of streets and determined by the city council, and any reassessments which may be issued thereon or in lieu thereof, together with interest thereon, shall remain and constitute a trust fund for the redemption and payment of said bonds and for the interest which may be due thereon. Such assessments and reassessments and each installment thereof and the interest and penalties thereon shall be and shall continue to constitute a lien against the lots and parcels of land on which made, until the same be paid, but for a period not exceeding the time within which an action might be brought on the last series of bonds issued upon the security of such unpaid assessments. Such lien shall be prior and superior to all other liens, except the lien for state, county and municipal taxes and public improvement Unpaid

assessments and reassessments which may have priority thereover; *provided, however*, that unmaturred installments, interest and penalties shall not be deemed to be within the terms of any general warranty of title.

Reassess-
ment.

(b) Whenever any assessment heretofore issued or which may be hereafter issued is or shall be void or unenforceable, for any cause, or if bonds shall have been, or shall be, issued hereunder to represent or be secured by any assessments and such issuance shall not have been or shall not be effective through the curative provisions in relation thereto under said street work act or under this act to make them valid and enforceable, then, in any such events a reassessment therefor may be issued. Such reassessment shall be issued upon the demand of the owner or holder of bonds aggregating one-third of the principal amount outstanding and shall be issued and made in the manner and form provided by said street work act. When so issued the reassessment made shall stand and constitute a trust fund for the redemption and payment of the original bonds so issued; *provided*, that the city council may call in the original issue of bonds outstanding and issue new bonds upon the security of the reassessment in lieu thereof. The city council may determine that new serial bonds shall be issued upon the security of such assessment, in which event it shall so declare in the notice of hearing upon such reassessment and set forth therein the description of said bonds as provided for in section 4 hereof. In such event upon confirmation of the reassessment said council may issue said bonds after notice by the clerk as provided in section 5 thereof. Upon calling in by the city council of the original issue of bonds outstanding, the council may direct the city treasurer to, and the treasurer shall thereupon, advance the maturity of said bonds outstanding bearing interest in the manner provided in section 9 hereof, notwithstanding that there may not be surplus moneys in the redemption fund with which to pay same. Such new bonds shall be issued in an aggregate amount equal to the total balance of the reassessment unpaid and shall bear interest from the date of recordation of the reassessment paid and shall bear interest from the date of recordation of the reassessment at the rate fixed by the council. After such issuance of said new bonds and upon surrendering of the bonds outstanding, new bonds shall be issued ratably to the holders of the original bonds outstanding, each holder of such original bonds being entitled to such proportion of the new bonds as the total amount of the principal and interest due him on his original bonds, as of the date of such recordation of the reassessment, bears to the total amount of the principal of such new bonds. In making distribution the council shall have authority to assign the different bonds and allot maturities in such manner as to it shall seem equitable.

New bonds.

(c) In the event of nonpayment of any assessment or reassessment or installment thereof, or of any interest thereon, together with any penalties and other charges accruing under the taxation ordinance of the city and not later than four years after the due date of the last installment of principal, as a cumulative remedy, the same when due and delinquent may by order of the council be collected by suit brought in the superior court to foreclose the lien thereof. The costs shall be fixed and allowed by the court and shall include a reasonable attorneys' fee, interest, penalties and other charges and advances as herein provided, and when so fixed and allowed by the court shall be included in the judgment. The court shall have the power to adjudge and decree a lien against the lot or parcel of land covered by the assessment or reassessment for the amount of the judgment and to order said premises to be sold on execution as in other cases of the sale of real estate by the process of said court, with the same rights of redemption. On appeal, the appellate courts shall have the same power to adjudge and decree a lien and order such premises to be sold on execution as is herein provided for the superior court. The foreclosure suit shall be governed and regulated by the provisions hereof, and also where not in conflict herewith by the codes of this state. The city shall have the right to advance and pay county or other taxes wherever necessary to protect its interest in property against which there is a delinquent assessment. It may also at its discretion temporarily transfer moneys into the redemption fund from other funds in which such moneys are not immediately needed, the moneys so transferred to be used to pay sums due from such redemption fund and to be retransferred therefrom out of the first available receipts. Upon the ordering of any such foreclosure suits the tax collector shall be credited upon the assessment roll then in his hands with the amount charged against him on account of such assessments or reassessments, ordered to suit and be relieved of further duty in regard thereto.

(d) Such action shall be brought in the name of the city, and may be brought at any time prior to the expiration of four (4) years subsequent to the date of delinquency of the last installment due or to become due thereunder. The complaint may be brief and include substantially only the following allegations with reference to the assessments sought to be collected: That on a date stated the council passed its resolution ordering certain work to be done, without describing the same; that work was done thereunder, that an assessment and warrant to pay the cost thereof was duly given and made; that same was returned on a stated date; that certain property (describing it) was therein assessed a stated amount; that bonds upon the security of such assessment were duly issued giving the date of said bonds, their interest rate and the number of years the last installment of same were to run and that same were duly issued under this act, but it shall be unnecessary to state

Said report and map shall be presented to said legislative body and examined by it, and may be modified at any time prior to the adoption of the resolution of intention. When approved by said legislative body, whether with or without modifications, said report and map shall be filed with the clerk of said legislative body. The resolution of intention shall contain a statement of the public way or ways or portions thereof to be lighted, a general description of the lighting system or systems to be maintained and operated thereon, a statement of the general items of expense of maintenance and operation proposed to be furnished for such street lighting system or systems, the expenses of which items are to be assessed in whole or in part against the lands within the district (exclusive of improvements), and such items may include electric power, gas, repairs, replacements, or any or all thereof, and any other items necessary for proper maintenance and operation of such street lighting system or systems. Such resolution shall also state the estimated amount of gas or electric power necessary for such system or systems each year, and the estimated cost of such gas or electric power for the first year, and the estimated cost for the first year of any of the other items of maintenance and operation described in said resolution. Said resolution shall contain a general description of the boundaries of the district which the legislative body shall declare the district to be benefited by said maintenance and operation and to be assessed to pay the costs thereof, or some portion of said costs, and shall state the number of years that said maintenance and operation shall be furnished for such system or systems (which shall not exceed five years from the date of formation of the district), and said legislative body may, in its discretion, in said resolution of intention order that a certain percentage of the costs of such maintenance and operation shall be paid out of the treasury of such municipality from such fund as said legislative body may designate. Said resolution shall refer to said map or plat on file with the clerk of said legislative body for the boundaries of the district to be assessed, the public way or ways to be lighted and the approximate location of the lights thereon.

Said legislative body shall in said resolution designate a time when and a place where any and all persons owning land or having any interest in lands within the district liable to be assessed for the expenses of said maintenance and operation or any portion thereof may be heard and any of said persons may present any objections that they may have by protest. Said protests must be in writing and filed with the clerk of the legislative body of the city at or before the time set for hearing. Protests.

SEC. 3. After the passage of said resolution of intention, the clerk of said legislative body shall publish the same by at least two insertions in a daily or weekly newspaper of general circulation in such municipality designated by said governing body for that purpose. Copies of said resolution headed "Notice of formation of lighting maintenance district" in letters not less than one inch in length, and signed by the city clerk shall be posted by the superintendent of streets along all open streets within said district, not more than three hundred feet apart and not less than three in all. First posting of said notice and publication of said resolution of intention (they need not be simultaneous) shall be at least twenty days before the date set for the hearing of protests. Notice of intention.

SEC. 4. At the time and place fixed for the hearing of protests or at any time to which said hearing may be regularly adjourned, said legislative body shall hear evidence, if any, introduced in support of said protests or any of same. Said legislative body may at said hearing modify the maintenance and operation as stated in the resolution of intention by omitting one or more of the items stated therein, and may modify the boundaries of the district, but may not modify such boundaries so as to include any land not within the district as described in the resolution of intention, and may change the percentages of the total maintenance and operation cost which will be paid by the municipality and by the district; *provided, however,* that the percentage to be paid by the district shall not be increased without further notice and hearing given in the same manner as notice of the original hearing. Said legislative body may by a four-fifths vote deny all protests and its decision thereon shall be final and conclusive. No land shall be included within said district which in the judgment of said legislative body will not be benefited by the said maintenance and operation as finally determined by said legislative body. If no protests are filed, or, if all protests filed, after hearing, be denied, or if any of the modifications hereinbefore authorized be made and said legislative body, after hearing evidence on the question of benefits, determines that the territory within the boundaries of the district, as finally determined, will be benefited by said maintenance and operation, as finally determined, then the legislative body Hearing.

Each year during the existence of said district (except that for the first year the estimate in said final resolution of the cost of the items of maintenance and operation, as finally determined by said legislative body, shall be used) at least thirty days prior to the making of the general tax levy for municipal purposes, the city engineer shall furnish to the legislative body of said city an estimate of the expenses of said maintenance and operation for the next year as said maintenance and operation were determined in said final resolution. Thereafter the legislative body of said city, at the time of making the next general tax levy in said city, and in the manner for such general tax levy provided, shall levy a special assessment tax upon all the lands (exclusive of improvements) within said maintenance district sufficient to raise that percentage of the sum required in said estimate which was determined in said final resolution as the percentage of said maintenance and operation to be raised from such district. Such special assessment tax shall be levied, computed, entered, collected and enforced at the same time, in the same manner, by the same persons and with the same penalties as other taxes for municipal purposes and when collected shall be paid into the city treasury to the credit of the fund of such lighting maintenance district and be used only for the payment of the expenses of such district. Said legislative body shall have power to control and order the expenditure of said moneys for the purposes of maintenance and operation stated in said resolution forming such district; *provided, however*, that if at the expiration of any year there shall be an unexpended balance in such fund, said balance shall, to that extent, reduce the fund to be raised from the district for the next year and any balance remaining in said

fund at the end of the term for which a district is formed shall be used (so far as it will go) to furnish electric current for the system or systems maintained and operated from funds raised from such district in whole or part. At the time of making said special assessment tax levy each year said legislative body shall appropriate from the fund designated in the resolution of intention or from any other available fund a sum sufficient to pay that percentage of the total expenses of said maintenance and operation which is to be paid by the municipality. Said legislative body may also transfer to the fund of such lighting maintenance district from the general fund of such municipality sufficient funds to pay all or any part of the percentage of the yearly expenses of said maintenance and operation which is to be paid from funds raised from the district. The amount of money so transferred shall be deemed a loan to the fund to be raised from the lands within the district and shall be repaid to the general fund from the first money thereafter coming into the fund of such lighting maintenance district from taxes levied upon lands within such district.

Such contracts shall be made in the same manner and after the same notice and by the same persons as other municipal contracts for such items of maintenance and operation in such city are made; *provided, however*, that if any of such contracts in any city are not required to be made after competitive bidding, that such contracts shall be let only after competitive bidding and the official or officials whose duty it is to let contracts for such item or items for such city shall give or cause to be given a notice inviting sealed proposals or bids on such item or items, and fix a time and place at which same will be opened and declared in public, and the contract shall be awarded to the lowest responsible bidder; *provided, however*, that if deemed for the public good any and all bids may be rejected and in such case readvertisement shall be had in the same manner as before. SECTION 1. Section 6 of an act entitled "An act to be known as 'Palo Verde irrigation district act,' creating a consolidated irrigation, protection and reclamation district, subject to the approval of the owners of property within the district, to be known as 'Palo Verde irrigation district,' for the purpose of taking over the water rights and water system of the Palo Verde Mutual Water Company, a corporation, and of the stockholders thereof; the levees, properties and functions of the Palo Verde joint levee district of Riverside and Imperial counties, California; the properties and functions of the Palo Verde drainage district; and for the acquiring of such other properties, the construction of such other improvements and the doing of such other things as may be necessary for providing a unified and comprehensive method of supplying the irrigable lowlands of Palo Verde valley comprised within the district with water for irrigation and domestic uses, reclaiming the swamp lands, destruction of mosquito pests, and protecting all the lands within the district, and the water system, from flood waters of the Colorado river, and for maintaining, improving, expanding and operating and governing the entire irrigation, protection and reclamation systems through a single district organization; providing also for the assumption, funding and payment of the bond and other obligations of said Palo Verde Mutual Water Company and said levee and drainage districts, and for the issuance of bonds for all of the aforesaid purposes; and providing for the payment, funding and refunding of all such indebtedness; providing also for an election to determine whether this district shall be organized, and for the organization, management and control of the district through a board of trustees if the proposed district is organized; defining the powers and duties of the board, authorizing the district to sue and be sued, providing for the levy and collection of assessments to finance the acquisition of the properties, to carry on the construction work, maintenance and operation of the same, and for the payment of bonds and the expense of maintaining the district created hereby; providing also a means for dissolving said district," approved June 21, 1923, as amended, is hereby amended to read as follows:

Qualifica-
tion of
voters.

Sec. 6. Any person, firm or corporation owning any real property and/or the improvements thereon, or any interest in real property and/or the improvements thereon (but not

including personal property) which interest or ownership is assessed on the last preceding equalized assessment roll of the district (and only the owners of property so assessed) shall be entitled to vote at any election, special or general, for the election of trustees, or for any other purpose pertaining to the affairs of said district. Each property owner so qualified to vote shall be entitled to cast one vote for each one hundred dollars of assessed valuation or fraction thereof greater than fifty dollars, as the same appears to have been assessed on the equalized assessment roll of the district last preceding the holding of the election. In determining the total number of votes any voter is entitled to cast, the total assessed value of all parcels owned by the voter shall be divided by one hundred, and the quotient shall determine the number of votes.

SEC. 2. Section 7 of said act as amended is hereby amended to read as follows:

Stats 1923,
p 1077
amended,
Who may
vote and
votes
entitled to.

Sec. 7. For the purpose of determining who is entitled to vote, and the number of votes each voter is entitled to cast, the officer of said district then in charge of the next preceding equalized assessment roll of said district shall cause to be prepared, certified and furnished to the election board at each polling place a true and correct copy of said assessment roll.

Said certified assessment rolls shall be used by the election board in determining the number of votes each voter is entitled to cast.

Executors, administrators, special administrators and guardians may cast the vote of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to vote; if assessed in the name of the decedent, minor or incompetent person, certified copies of the letters or such other evidence as may be satisfactory to the board must be produced by the voter.

The board shall likewise be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to vote as being the person shown on the assessment roll or otherwise as entitled to vote. And unless satisfactory evidence is furnished of the right to vote, the request to vote may be denied.

Where land is assessed to unknown owners, the production of a duly recorded or other transfer or conveyance, accompanied by a certificate of a searcher of title certifying that a search of the official records of the county since the date of the deed discloses no conveyance or transfer out from the grantee or transferee named in said instrument, shall entitle said grantee or transferee to vote.

Where property appears to be owned in common or jointly, or where letters of representatives of decedents, minors or guardians are joint, any one of the owners or representatives may cast all the votes that such joint owners or representatives are entitled to vote for all, provided the party claiming the right to vote for all produces the written consent of his

co-owners or representatives to do so, but if such consent is not produced, then the number of votes shall be apportioned to each owner or representative claiming the right to vote, according to the proportionate ownership or representation shown on the assessment roll, if such proportion is shown, but if not so shown, it shall be presumed that such ownership or right of representation is equal, and the voting right determined accordingly.

Where property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to vote the same, and if assessed in the name of more than one trustee the voting right shall be determined in like manner as above provided with respect to co-owners.

The vote of any public or quasi-public corporation, private corporation or unincorporated association, may be cast by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing, and a proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of such authority, and shall be filed with the board of election. Any member of any partnership firm may vote in behalf of such firm.

All parties entitled to vote may have their votes cast by proxy, but no person shall vote by proxy unless authority to cast such vote shall be evidenced by an instrument in writing, duly acknowledged and certified in the same manner as grants of real property, and filed with the board of election.

The owner of any real property or interest therein appearing upon the assessment roll, which has been assessed in the wrong name, or which has passed from the owner appearing as such on the last equalized assessment roll, since the same was made, shall be entitled to cast the votes represented thereby, either by the production of a proxy from such former owner or by furnishing evidence of his ownership by examination upon oath by the election board, or a conveyance duly acknowledged showing the title vested in the person claiming the right to vote, or a certificate of a competent searcher of title may be accepted by the board, as evidence of the right to vote.

Where property has been contracted to be sold, the vendee shall be entitled to cast the ballots, unless such property is assessed in the name of the vendor, in which event the vendor shall be entitled to cast the vote or votes represented thereby.

All instruments evidencing or supporting a claim of a right to vote shall likewise be filed with the election board. And if at such election the proposal to create the district is approved, all such documents shall be turned over to the board of trustees of the district; otherwise, to the board of supervisors of Riverside county for preservation.

As each voter establishes his right to vote, and the number of votes to which he is entitled is determined, there shall be delivered to him as many ballots as he is entitled to votes, or

one ballot representing such votes, as next herein provided. In order to simplify the voting and avoid the necessity of a voter having a large number of votes, stamping numerous ballots, one member of the board of election, in the presence of the voter and other members, shall write upon the ballot or ballots the number of votes represented by his ballot, and after the voter has voted it shall be the duty of the election board to examine all ballots cast and see that it is the same ballot delivered to the voter, and correctly represents the number of votes he is entitled to cast before the same is passed into the ballot box.

The polls shall be kept open from eight o'clock a.m. of the day of election until six o'clock p.m. of that day. Polls open.

At the close of the polls the board of election shall at once proceed to canvass the votes and declare the result, and shall forward a certificate showing such result, and the number of votes cast for and against the proposal to organize the district under this act, and the number of votes cast for all candidates for membership on the board of trustees, and which certificate together with the ballots shall be forwarded to the board of supervisors of Riverside county. If a majority of all the votes cast are in favor of the creation and organization of this district, then this district shall be deemed to be and shall be created with all the rights, powers, and duties prescribed in this act, and the trustees shall proceed to organize and carry out the purposes of this act; but *provided, however*, that before the creation of the district becomes effective, the board of supervisors of Riverside county must make a certificate to the effect that the proposal to create the district was adopted, and cause the same to be filed with the secretary of state of California, from which date the district shall be deemed created, and as soon as moneys are available to the district for that purpose, and at least within one year from the date of organization, the board of trustees shall reimburse the counties of Riverside and Imperial for any moneys advanced or expense incurred in the performance of the duties imposed upon their respective boards of supervisors by this act, and recourse shall be had if necessary to the taxing power of the district for raising such funds; but if said indebtedness is not paid within one year from the date of the creation of this district, then the bondsmen shall be liable to the respective counties therefor. Canvass of votes

Likewise, if the proposal to organize the district is defeated, the result shall be certified in the same manner as above set forth, and the respective counties reimbursed for expenses paid or incurred by the bondsmen on the bonds hereinbefore provided for. If majority of votes are favorable.

If the district is created, certified copies of the order of the board of supervisors of Riverside county, or certificate declaring that fact, shall be recorded in the office of the county recorder of Riverside county, and of the county recorder of Imperial county, and shall impart notice to all interested Record of creation of district.

persons as to the result of said election, and the creation of said district.

The order of the board of supervisors of Riverside county declaring the result of said election and certifying to the fact that the proposal to create the district was duly adopted (if it shall be adopted) shall be final and conclusive evidence that all steps necessary for the creation and organization of said district have been duly performed, and that said district has been duly created as such.

Contest of
election

Provided, however, that the election for the organization of the district, whether the result be for or against, may be contested by any person owning property within the proposed district. The trustees elected at such election shall be made parties defendant, but any property owner in the district may intervene and be heard.

Such contest shall be brought in the superior court of the county of Riverside, and must be brought within twenty days from the time the vote is canvassed, and the result is declared. If more than one contest is filed, they may be consolidated and tried together. The court shall speedily try such contest and determine upon the hearing whether the election was fairly conducted, and in substantial compliance with the requirements of this act, and enter its judgment accordingly.

The right of appeal to the supreme court is hereby given to any party to the record within thirty days from the entry of judgment. The proceedings both as to the trial and appeal must conform substantially to the rules governing civil actions, and the appeal must be determined by the supreme court within sixty days from the time the record on appeal is filed therein.

If no contest is filed, or if as a result of any such contest so filed the adoption of the proposal to create and organize the district as certified by the board of supervisors be confirmed by the judgment; then said judgment and the certificate of the board of supervisors above set forth shall have the conclusive effect hereinbefore declared.

The county superintendent of schools of every county, and of every city and county, must, on or before the twentieth day of July in each year, furnish to the board of supervisors and to the county auditor, respectively, an estimate in writing of the minimum amount of county or city and county elementary school fund needed for the current school year. This amount he must compute as follows:

He shall calculate the amount required to be raised at thirty dollars per pupil in average daily attendance in the public day and evening elementary schools of the county or city and county for the next preceding school year including therein the average daily attendance of handicapped pupils. To the amount so determined he shall add an amount equal to one-half of the excess cost of educating physically handicapped pupils in elementary school districts during the next preceding school year as computed by him as provided in subdivision seven of section 1618 of this code; *provided*, that such added amount shall not exceed one hundred dollars per pupil for each physically handicapped pupil in average daily attendance during said year.

He shall compare the amount thus determined with the estimated amount to be received from the state school fund for the support of the public day and evening elementary schools of the county or city and county for the current school

year as shown by the report and estimate of the state superintendent of public instruction, made to him not later than July twentieth of the current year.

He shall report in writing to the board of supervisors the larger of the two amounts as the minimum amount of county or city and county school money required to be raised by a county or city and county school tax for the support of the public day and evening elementary schools of the county or city and county for the current school year.

SEC. 4. Section 1764 of the Political Code is hereby amended to read as follows:

1764. The county superintendent of every county, and every city and county, must, on or before the twentieth day of July, furnish to the board of supervisors and to the auditor, respectively, an estimate in writing of the minimum amount of the county or the city and county, high school fund needed for the current school year. This amount he shall estimate in the following manner: He shall allow sixty dollars for each unit of average daily attendance of pupils residing within his county who are in attendance upon the legally established public high schools of his county and of adjoining counties; or who have been given special instruction as provided in section 1618 of this code; *provided*, that he shall not include the average daily attendance of any pupil attending high school in an adjoining county, unless such pupil resides in a joint union high school district, or unless the attendance of such pupil has been approved in writing by the superintendent of schools of the county in which he resides. To the amount thus estimated he shall add an amount sufficient to reimburse all the high school districts of his county, for money actually expended by them for transportation of pupils living in territory in the county not included in any high school district, and attending the high schools of the county; *provided*, that the high school board of each high school district, educating such pupils shall, on or before July tenth, file with the superintendent of schools a statement showing the names, and total number of months attendance of all such pupils, and the total amount expended for their transportation; *and provided, further*, that the superintendent of schools shall not include in such estimate, an amount for transportation exceeding five dollars per month for each pupil so attending; *provided, further*, that if this amount is less than sufficient to raise a sum equal to two hundred fifty dollars per teacher, not exceeding four teachers for each high school of the county, employed for full time during the preceding school year, then the minimum amount to be raised shall be two hundred fifty dollars for each teacher, not exceeding four teachers for each high school of the county, employed for full time during the preceding school year. To the amount so determined he shall add an amount equal to one-half of the excess cost of educating physically handicapped pupils in high

school districts during the next preceding school year as computed by him as provided in subdivision seven of section 1618 of this code; *provided*, that such added amount shall not exceed one hundred dollars per pupil for each physically handicapped person in average daily attendance during said year. Whenever a new high school district has been formed between the first day of May and the tenth day of July next preceding the date of the filing of said estimate, from territory lying wholly or partly within the county, the county superintendent of schools, in making such estimate, shall include on account of such new high school district, the sum of one thousand dollars or such proportion thereof as the assessed valuation of property in his county and in such new high school district, bears to the total assessed valuation of such high school district. He shall compare the total amount thus determined with twice the estimated amount of money to be received from the state high school fund during the current school year for the support of the public day and evening secondary and technical schools of the county, or city and county, as shown by the report and estimate of the superintendent of public instruction, made to him not later than July twentieth of the current school year.

He shall report in writing to the board of supervisors the larger of the two amounts as the minimum amount of county, or city and county, school money required to be raised by a county, or city and county, school tax for the support of the public day and evening high schools of the county, or city and county, for the current school year.

Report to supervisors

The board of supervisors of such county, or city and county, must, annually, at the time and in the manner of levying other county taxes, levy and cause to be collected for the county, or city and county, high school fund, a tax to be known as the county high school tax, the minimum rate of which shall not be less than sufficient to raise the minimum amount estimated to be raised by the county superintendent as hereinbefore provided.

Tax levy.

Before apportioning any of the county high school fund to the high school districts of his county, the county superintendent of schools shall draw an order on the county auditor against such fund in favor of the superintendent of schools of any adjoining county in which pupils from his county are attending high school, for an amount estimated by allowing, on account of each unit of average daily attendance of such pupils, the average amount raised in his county on account of each unit of average daily attendance in high schools; *provided*, that the superintendent of schools of such adjoining county shall file with the county superintendent of schools on or before the twentieth day of July, a report showing the names of pupils residing in the county and attending high school in such adjoining county, and the total units of average daily attendance of all such pupils during the preceding school year. The county auditor of said county shall draw his warrant as directed by the superintendent of schools and the

county treasurer shall pay the same. A superintendent of schools in whose favor such order is drawn shall pay the amount of said money into the county treasury to the credit of the high school or schools educating the children from the county paying such money. The superintendent of schools shall then apportion to each high school district within his county, an amount sufficient to reimburse said high school district for money actually expended for transportation of pupils residing in territory in the county not included in any high school district, and attending such high school during the preceding school year; *provided*, such amount shall not exceed five dollars per month for each pupil so attending.

Apportion-
ment to
districts.

The money paid into the county high school fund or money remaining after payments or apportionments hereinbefore required have been made shall be apportioned, during the school year, to the high school districts of the county by the superintendent of schools in the following manner:

1. He shall apportion to each new high school district as hereinbefore defined, one thousand dollars. He shall apportion to each high school district established previous to the first day of May next preceding on account of each day four year high school, each day junior high school and each day senior high school maintained therein, two hundred fifty dollars for each year of the four year course, covering grades nine to twelve inclusive, maintained by each such school during the preceding school year; *provided*, that no such school shall receive an apportionment on this basis for more grades than there were teachers employed in such grades.

2. He shall apportion to each high school district on account of each day four year high school and each day senior high school maintained therein, forty dollars for each and every unit or major fraction of a unit of the first ten units of average daily attendance in an evening high school and in special day and evening classes (exclusive of part-time classes for persons under eighteen years of age) maintained in connection with each such school during the preceding school year; thirty dollars for each and every unit or major fraction of a unit of the second ten units of such attendance; and twenty dollars for each and every unit or major fraction of a unit of the third ten units of such attendance.

3. He shall apportion to each high school district, forty dollars for each and every unit or major fraction of a unit of the first ten units of average daily attendance in part-time classes maintained therein during the preceding school year for persons under eighteen years of age; thirty dollars for each and every unit or major fraction of a unit of the second ten units of such attendance; and twenty dollars for each and every unit or major fraction of a unit of the third ten units of such attendance.

4. He shall then apportion to each high school district an amount equal to one-half of the excess cost of educating physically handicapped pupils in said district during the next

preceding school year as computed by him as provided in subdivision seven of section 1618 of this code; *provided*, that such amount shall not exceed one hundred dollars per pupil for each physically handicapped pupil in average daily attendance during said year.

5. He shall apportion the remainder of the funds among the high school districts pro rata upon the basis of average daily attendance during the preceding school year.

Whenever a high school district lies partly in one county, and partly in another, the county superintendent must apportion to such district, such proportion of the school money to which such district is entitled, as the number of pupils in average daily attendance, residing in that portion of the district situated in his county, bears to the total number of pupils in average daily attendance in the entire district, as shown by the principal's annual report for the preceding school year.

Districts in
two
counties

All moneys apportioned to any high school district under the provisions of this section shall be available for the maintenance of any high school located in such district, for the current school year, and shall be paid out in the same manner that high school district funds are paid out. As provided elsewhere in this code, the high school board of any high school district may file with the board of supervisors an estimate of the amount of money, in excess of state and county moneys, required for building and maintenance of the high school of such district for the current school year. No charge for tuition shall be made in any high school district of this state, except as hereinafter provided.

Whenever a special day or evening class for adults is established, except classes maintained in English and citizenship for foreigners and classes in elementary subjects, the governing board of the high school district may charge a tuition not to exceed six dollars a term per pupil; *provided*, the charge per pupil shall not exceed the estimated cost to the district per pupil for maintaining such class; *and provided, further*, that seventy-five per cent of the total receipts from such fees shall be spent for teachers' salaries.

Tuition.

SEC. 5. Section 1858 of the Political Code is hereby amended to read as follows:

Stats 1921,
p. 709,
amended.

1858. The school superintendent of every county and city and county must apportion all state and county school moneys for the elementary grades of his county or city and county as follows:

Apportion-
ment for
elementary
grades.

First—He must ascertain the number of teachers each school district is entitled to by calculating one teacher for the first thirty-five or a less number of pupils in average daily attendance and one additional teacher for each additional thirty-five pupils or fraction of thirty-five pupils in average daily attendance, in the district, and one additional teacher for each three hundred pupils in average daily attendance in the district as shown by the annual school report of the

Number of
teachers in
each
district

school district for the next preceding school year; and in addition to the teachers hereinbefore provided for each school district of the county or city and county, he must calculate one additional teacher for the county or city and county for each five hundred pupils or a major fraction thereof in average daily attendance in the aggregate in those school districts of the county, or city and county, in each one of which there were less than three hundred pupils in average daily attendance as shown by the annual school report of the county, or city and county for the next preceding school year.

Number of
teachers
in county

Second—He must ascertain the total number of teachers for the county or city and county by adding together the number of teachers allowed as provided in subdivision one hereof. He must make an annual report of the schools of his county or city and county under oath, to the superintendent of public instruction not later than August first of each year and must report the number of teachers ascertained or allowed to his county or city and county by the rule or provisions of subdivision one hereof.

Apportion-
ments

Third—One thousand four hundred dollars shall be apportioned to each school district for each and every teacher allowed to it; *provided*, that one thousand four hundred dollars shall be apportioned to each county or city and county for each teacher allowed on the aggregate average daily attendance of pupils in attendance in the various school districts, each of which had less than three hundred pupils in average daily attendance for the next preceding school year and the funds thus apportioned shall constitute an emergency and supervision fund under the control of the superintendent of schools of the county or city and county, and shall be used by him as provided by law; he shall then apportion to each elementary school district an amount equal to the excess cost of educating physically handicapped pupils in said district during the next preceding school year as computed by him as provided in subdivision seven of section 1618 of this code; *provided*, that such apportionment shall not exceed two hundred dollars per pupil for each physically handicapped pupil in average daily attendance during said year.

Apportion-
ment by
daily at-
tendance

Fourth—All school moneys remaining on hand after apportioning school moneys as provided for in subdivision three of this section, must be apportioned to the several districts in proportion to the number of pupils in average daily attendance in each school district during the next preceding school year.

In any newly organized school district where school was not maintained during the school year in which it was organized the county superintendent of schools must apportion one thousand four hundred dollars to the newly organized school district for the purpose of maintaining school therein during the school year next succeeding the school year in which it was organized.

If, in any school year, any existing school district shall be suspended by the board of supervisors upon the recommendation of the county superintendent of schools, one thousand four hundred dollars shall be apportioned to such suspended school district during the year in which such district was suspended and such portion of such sum of money as may be needed may be used from time to time to insure and maintain the school property of the suspended district.

Fifth—The board of trustees or the city board of education, of each school district shall fix the length of the school day for the kindergarten schools and for the elementary schools. A minimum school day's attendance for pupils of the kindergarten schools shall be one hundred twenty minutes; for pupils of grades one, two, and three of the elementary schools shall be two hundred minutes and for pupils of grades, four, five, six, seven and eight of the elementary schools shall be two hundred forty minutes, exclusive of intermissions, and recesses. Daily attendance, how determined

In fixing the length of the school day each board shall fix a day whose length shall be multiple of twenty minutes and shall place the noon intermissions so that the length of the parts of the day before and after the intermission shall each be a multiple of twenty minutes. The board shall divide its established school day into twenty periods of equal length, and any pupil who is absent one or more full periods shall be marked absent five per cent of his school day for each of such full period absences. The actual attendance of a pupil upon a regular full-time day school for any given length of time shall be the number of days school was actually taught during such time less the sum of his absences. Attendance upon evening schools and special day and special evening classes of day schools of elementary and secondary grade shall be kept according to regulations prescribed by the state board of education. A full day's attendance upon such schools or classes shall be four sixty-minute hours. Units of average daily attendance in elementary schools shall be construed to be the quotient arising from dividing the total number of days of pupils' attendance in the regular full-time day and evening elementary schools including the special day and evening classes of the elementary schools of the district for the school year by the number of days school was actually taught in the regular elementary day schools of the district during said year; and units of average daily attendance in secondary schools shall be construed to be the quotient arising from dividing the total number of days of pupils' attendance in the regular full-time secondary schools, the evening secondary schools, the special day and evening classes of secondary schools, and the part-time vocational courses of the district for the school year by the number of days school was actually taught in the regular secondary day schools of the district during said year; *provided*, that where a high school maintains during the school year four terms of school of at least twelve weeks each, and where the course of instruction is so arranged that students

may complete a full year's work in any three of these terms, the total number of days of pupils' attendance, as specified above, shall be divided by the greatest number of days school was actually taught in any three of the four terms, but in no case shall said divisor be less than one hundred seventy-five; *provided, further, that in making up the aggregate attendance, if the number of days of attendance of any pupil for the fiscal year exceeds the above-mentioned divisor, the number of days which may be included on account of such pupil's attendance shall equal said divisor.*

Regulations governing attendance.

Sixth—Subject to the provisions of this code, the state board of education shall adopt uniform regulations governing the keeping of attendance in all secondary schools. In adopting regulations governing the keeping of the attendance of pupils upon the part-time vocational courses provided for in section 1750c of this code, the state board may, in its discretion, provide that the time spent by a pupil in practical vocational work shall be counted in making up each six-hour minimum daily unit of attendance.

Schools closed because of contagious disease, etc

Seventh—Where a school in a district maintaining more than one school is closed for a part of a term by order of a city or county board of health or of the state board of health, on account of contagious disease, or where such school has been closed on account of fire, flood or other public disaster, the average daily attendance of said school shall be estimated separately and added to the average daily attendance of the other schools of the district. The units of average daily attendance of said school shall be determined by dividing the total number of days of pupils' attendance upon such school including the special day and evening classes and the part-time vocational courses by the number of full-day sessions actually maintained in such school during the year; *provided, that where such number is less than one hundred twenty days the divisor shall be one hundred twenty.*

Districts not having sufficient funds.

Eighth—Whenever between the first day of July and the last Monday in April of the succeeding year and prior to the receipt by the school districts of their state, county or city and county or special or high school fund, the school districts of a county or city and county shall not have sufficient money to their credit to meet current expenses of maintenance, it shall be the duty of the board of supervisors of said county or city and county to order, and of the treasurer of said county or of said city and county to make a temporary transfer from any fund of said county or said city and county, not immediately needed to pay claims against it, to the proper school fund an amount not to exceed eighty-five per cent of the amount of tax moneys which will accrue to such school district during such fiscal year, and upon the making of such transfer the treasurer shall immediately notify the superintendent of the amount so transferred. The funds so transferred to the credit of a school district shall be retransferred by the treasurer to the fund from which they were taken from the first moneys

accruing to such school district and before any other obligation of such school district is paid from such moneys so accruing.

[Approved by the Governor May 19, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

Sewer maintenance districts, formation of.

SECTION 1. Any portion of the unincorporated territory of a county wherein lateral or collecting sanitary sewers have been installed, for the maintenance and repair of which provision is not otherwise made, may be formed into a sewer maintenance district under the provisions of this act. The board of supervisors of any county may determine by resolution that any portion of the unincorporated area of said county not already included within a sewer maintenance district is in need of sewer maintenance and should be formed into a sewer maintenance district. Thereupon said board of supervisors

shall fix a time and place for the hearing of the matter of the formation of such sewer maintenance district and shall direct the clerk of said board to publish a notice, once a week for two successive weeks in the newspaper of general circulation circulated in the territory which it is proposed to organize into such sewer maintenance district which said board deems most likely to give notice to the inhabitants thereof, of the proposed formation of such district. The board shall also direct the clerk to cause said notice to be posted in three public places of said territory at least ten days prior to the date set for such hearing. Said notice shall be headed "Notice of the proposed formation of-----sewer maintenance district" (stating the name of the proposed district), which heading, in said notice as posted, shall be in letters of not less than one inch in height. Said notice as published and posted shall state the fact that the board of supervisors of said county has fixed the time and place (which shall be stated in said notice) for a hearing on the matter of the formation of a sewer maintenance district. Said notice shall set forth the exterior boundaries of the territory proposed to be organized into a sewer maintenance district.

SEC. 2. At any time prior to the time fixed for the hearing of said matter any person interested may file with the clerk of the board written objections to the formation of the district. At the time and place fixed for the hearing or at any time to which said hearing may be continued, the board of supervisors shall consider all written objections filed and shall pass upon the same. If the board overrules said objections it shall hear any person having objection to the inclusion within said proposed district of any territory and may upon such hearing, exclude any territory therefrom which would not be benefited by inclusion within the district. At the conclusion of the hearing the board of supervisors may by resolution abandon the proposed establishment of a sewer maintenance district or it may establish said district, and fix and define the boundaries thereof either as set forth in said notice or as modified upon said hearing, provided that the boundaries shall not be so changed as to include any territory outside of the boundaries described in the notice.

SEC. 3. The clerk of the board of supervisors shall file in the office of the county assessor a certified copy of each resolution establishing a sewer maintenance district and shall also file with the county assessor a certified copy of each resolution of the board of supervisors made pursuant to the provisions of sections 7, 8 and 9 of this act. The county assessor shall thereafter in making up the assessment roll segregate thereon the property included within each sewer maintenance district.

SEC. 6. The board of supervisors shall have power to levy a tax in each year upon the taxable property in each sewer maintenance district sufficient to defray the cost of maintaining, operating and repairing the sewers in said district and of the maintenance of said district and to meet such other expenditures as are authorized by this act in connection therewith. Such tax shall be levied and collected at the same time and in the same manner as general county taxes levied for county purposes and when collected shall be paid into the county treasury to the credit of the maintenance fund of such district and shall be used only in furtherance of the purposes of this act.

Dissolution
of districts.

SEC. 7. Any such sewer maintenance district may be dissolved by the board of supervisors as in this section provided. Upon receiving a petition signed by fifty or more freeholders and residents of such district, or by a majority of such freeholders and residents if there are less than three hundred freeholders and residents in such district, requesting the dissolution of such district, the board of supervisors shall fix a time for the hearing of such petition, which shall not be less than fifteen days nor more than thirty days after the receipt thereof, and shall, at least ten days prior to the time so fixed, publish a notice of such hearing by one insertion in a newspaper circulated in such district. less than one hundred freeholders within the portion sought to be withdrawn, requesting the withdrawal of such portion from the district on the ground that such portion will not be benefited by remaining in said district, the board of supervisors shall fix a time for the hearing of such petition and for hearing protests to the continuance of the remaining territory as a sewer maintenance district, which shall not be less than fifteen days, nor more than thirty days after the receipt thereof. The said board shall, at least ten days prior to the time so fixed, publish a notice of such hearing by one insertion in a newspaper circulated in said district, which the board deems most likely to give notice to the inhabitants thereof of the proposed withdrawal.

Any person interested may appear at said hearing and object to the withdrawal of said portion from said district, or may object to the continuance of the remaining territory as a sewer maintenance district, and the board of supervisors shall consider all objections and shall pass upon the same, and if it finds that said portion of the district sought to be withdrawn will not be benefited by remaining within said district, and that the territory not sought to be withdrawn will be benefited by continuing as a sewer maintenance district, then it shall grant said petition, and by resolution establish the boundaries of such district as reestablished after such withdrawal of territory. Upon the withdrawal of any territory from a sewer maintenance district, as in this section provided, all property acquired for the district shall remain vested in the county and be used for the purpose of the district.

Upon the date fixed for such hearing, or to which it may be continued, said board of supervisors shall take up and consider said petition, and any objections which may be filed to the inclusion of any property in said district.

Said board of supervisors shall have the power by resolution to grant said petition either in whole or in part, and to alter the boundaries of said sewer maintenance district and to annex thereto, all, or such portion of said contiguous territory described in said petition as will be benefited by inclusion in said sewer maintenance district, and from and after the adoption of said resolution, such territory shall become and be a part of such sewer maintenance district, and shall be taxed, together with the remainder of said district, for all taxes to be thereafter levied by said board of supervisors for the operation and maintenance of said sewer maintenance district. No territory which will not be so benefited, or which is not contiguous to said sewer maintenance district, or which is not described in said petition, shall be included in said district.

SEC. 10. This act shall in no way be construed to repeal the provisions of any act providing for the organization of sanitary districts or county sanitation districts nor to authorize the governing body of any sewer maintenance district to manage or control or otherwise interfere with the maintenance or repair of any sewers under the control of a sanitary district or county sanitation district.

Whenever in the opinion of the state fish and game commission it shall be necessary to screen any such mill race, irrigating ditch, pipe, flume, tunnel or canal in order to prevent fish from passing through or into such mill race, irrigating ditch, pipe, flume, tunnel or canal and away from any river, creek, stream or lake in which fish have been planted or may exist, the state fish and game commission shall order the person, company or corporation, irrigation district, or other political subdivision owning, leasing, controlling or having in charge any such mill race, irrigating ditch, pipe, flume, tunnel or canal to install and maintain a screen on such mill race, irrigating ditch, pipe, flume, tunnel or canal. Said order shall be in writing and shall specify the type, size, mesh, material and location of such screen and the time within which said screen must be installed.

After making and serving an order to install and maintain a screen as provided herein, the board of fish and game commissioners shall, when requested by said owners, lessees or operators or said irrigation district or other political subdivision owning, leasing or operating such mill race, irrigating ditch, pipe, flume, tunnel or canal, fix a time and place in the county in which the intake of such mill race, irrigating ditch, pipe, flume, tunnel or canal is situated for the taking of evidence upon the question of the necessity of installing and maintaining such screen and cause a notice in writing of the time and place of hearing to be served upon said owner, lessee, or operator, or upon the secretary or director of an irrigation district, or upon the chairman of the board of trustees or officers holding a corresponding position of such political subdivision owning or operating such mill race, irrigating ditch, pipe, flume, tunnel or canal at least ten days before such hearing at such time and place designated in said notice testimony under oath shall be taken on the part of the board of fish and game commissioners and the person, company, corporation, irrigation district or other political subdivision requesting such hearing. specified is not made within ten days after the service of said order upon said person, company, corporation, irrigation district or other political subdivision, owners, lessees or operators of said mill race, irrigating ditch, pipe, flume, tunnel or canal said hearing shall be deemed to have been waived and said order herein specified shall become final.

Location,
size and
time for
installation

If it appears from the evidence upon said hearing that fish exist or have been planted in the river, stream, creek, lake or other body of water from which said mill race, irrigating ditch, pipe, flume, tunnel or canal takes its waters, said board of fish and game commissioners shall make an order in writing and cause the same to be served on said owner, lessee or operator or on said irrigation district or other political subdivision owning or operating said mill race, irrigating ditch, pipe, flume, tunnel or canal; said order shall designate the point on said mill race, irrigating ditch, pipe, flume, tunnel or canal at which said screen shall be located, and the type, size, mesh and materials of said screen and the time within which said screen must be installed. When said screen shall have been installed the owner, lessee or occupant thereof may by written notice within ninety days after such installation request the fish and game commission to inspect said screen for the purpose of accepting the same. Thereupon it shall be the duty of the fish and game commission to inspect said screen and if the same shall have been installed in full accordance with the order and plans and specifications furnished by the fish and game commission, then it shall further be the duty of the fish and game commission to accept and approve the same in writing. If upon such inspection it shall appear that the said screen has not been properly constructed and installed, it shall be the duty of the fish and game commission within sixty days after such inspection to notify the owner, lessee or occupant of any defect or deviation from the order. Thereupon such defect or deviation may be remedied within ninety days and a further inspection requested.

Screen
failing to
function.

After acceptance, should said screen fail to function in an efficient manner, due to faulty design, no changes in conditions affecting its operations having occurred subsequent to the acceptance of said screen, then the owner, lessee or occupant shall not be required to install a new screen but shall furnish a site to be selected by the fish and game commission upon which the fish and game commission may construct and install a screen of new design, the cost of which shall be paid out of the fish and game preservation fund; *provided*, that such construction and installation of the screen of new design shall not

relieve the owner, lessee or occupant of such mill race, irrigation ditch, pipe, flume, tunnel or canal of the maintenance of such screen as provided in this act, and such person shall be charged with the maintenance of such screen.

The evidence in any investigation, inquiry or hearing, provided by this section, may be taken by any of the members of the board of fish and game commissioners, or such deputy fish and game commissioner, or employee, as the board may designate to take such evidence, and each member of the board and any of its deputies or employees designated to take evidence at the hearing provided hereby shall have the power to administer oaths, take affidavits and issue subpoenas for the attendance of witnesses at such hearings. Each witness, legally subpoenaed, attending at a hearing, shall receive for his attendance the same fees and mileage allowed by law to a witness in civil cases, which amount shall be paid by the party to whose request such witness is subpoenaed.

The commission, or representative of the commission, before whom the testimony is to be given or produced, in case of the refusal of any witness to attend or testify or produce any papers required by such subpoena, may report to the superior court in and for the county, or city and county, in which the proceeding is pending, by petition setting forth that due notice has been given of the time and place of attendance of said witness, or the production of said papers, and that the witness has been summoned in the manner prescribed in this act, and that the witness has failed and refused to attend or produce the papers required by the subpoena, before the commission or its representative, in the cause or proceeding named in the notice and subpoena, or has refused to answer questions propounded to him in the course of such proceeding, and ask an order of said court compelling the witness to attend and testify or produce said papers before the commission or its representative. The court, upon the petition of the commission or its representative, shall enter an order directing the witness to appear before the court, at a time and place to be fixed by the court in such order, the time to be not more than ten days from the date of the order, and there show cause why he has not attended and testified or produced said papers before the commission or its representative. A copy of said order shall be served upon said witness. If it shall appear to the court that said subpoena was regularly issued by the commission or its representative, the court shall thereupon enter an order that said witness appear before the commission or its representative at the time and place fixed in said order, and testify or produce the required papers, and upon failure

to obey said order, said witness shall be dealt with as for contempt of court.

Continuance from day to day of failing or refusing to install or maintain said screen shall constitute a separate offense.

All fines and forfeitures imposed and collected for any violation of any of the provisions of this act shall be paid into the state treasury to the credit of the fish and game preservation fund.

The people of the State of California do enact as follows:

SECTION 1. The state board of equalization shall, between the first Monday in March and the first Monday in July in the year 1927, for the support of the state government assess and levy taxes upon the property in the manner and upon the rates of taxation as provided for in the subdivisions (a), (b), (c), and (d), of section 14 of article XIII of the constitution of the State of California, or if any rate of taxation shall have been changed by the Legislature pursuant to the subdivision (f) of said section and article, then upon such rate of taxation as so changed and fixed, for the purpose of raising the sum of forty-four million two hundred twenty-five thousand dollars for annual expenditure for the support of the state government for the seventy-ninth fiscal year, and in the event that the taxes so assessed and levied, together with all available revenues other than those revenues required by law to be used for special uses, shall not raise said sum of forty-four million two hundred twenty-five thousand dollars, then said above named revenues shall be deemed insufficient to meet the annual expenditures of the state for the seventy-ninth fiscal year, which deficiency is hereby declared to be the difference between the amount of taxes assessed and levied upon the property and in the manner and upon the rates of taxation hereinbefore specified, together with all other state revenues, other than those revenues required by law to be used for special uses, and said sum of forty-four million two hundred twenty-five thousand dollars, then said state board of equalization, in accordance with the provisions of subdivision (e) of said section 14 of article XIII of the constitution of the State of California, at the time provided in section 3696 of the Political Code, shall fix such an ad valorem rate of taxation for the said seventy-ninth fiscal year upon each one hundred dollars in value of taxable property, upon all the property in the State of California not exempt from taxation under the law and subject to taxation for state purposes on the seventh day of November in the year 1910, as, after allowing five per cent for delinquencies, will raise for said seventy-ninth fiscal year the amount of said deficiency.

If the verdict or finding be that the defendant was sane at the time the offense was committed, the court shall sentence the defendant as provided by law. If the verdict or finding be that the defendant was insane at the time the offense was committed, the court unless it shall appear to the court that the defendant has fully recovered his sanity shall direct that the defendant be confined in the state hospital for the criminal insane, or if there be no such state hospital, then that he be confined in some other state hospital for the insane; if, however, it shall appear to the court that the defendant has fully recovered his sanity such defendant shall be remanded to the custody of the sheriff until his sanity shall have been finally determined in the manner prescribed by law. SEC. 7. A new section is hereby added to said act to be numbered section 14½, and to read as follows:

Sec. 14½. Any portion or portions of a county containing unincorporated territory, or containing the whole or any portion of one or more incorporated cities and contiguous unincorporated territory, and not included in a county irrigation district or a county waterworks district, may be added to any county waterworks district organized under the provisions of this act, at any time, in the manner herein prescribed.

The holder or holders of title, or evidence of title, to one-half or more of the lands sought to be added may file with the board of supervisors a petition in writing praying that said lands be added to the district. The county assessment roll of the county in which the lands sought to be added are situated, which assessment roll has been last equalized at the time the petition is filed, shall be conclusive evidence as to the holders of title, or evidence of title, to said lands.

The petition, which may consist of any number of separate instruments, shall set forth and describe the boundaries of the proposed addition, or additions, and pray that the lands within

such boundaries be added to the district. A certificate of acknowledgment taken before a notary public or justice of the peace of any state, or an affidavit by any person in the presence of whom the petition was signed, shall be sufficient evidence of the genuineness of the signature, or signatures, and the fact of place of residence of each petitioner. Annexation

(cont'd).

Upon the filing of said petition, the board of supervisors shall set a time for the hearing thereof, which shall be not less than fifteen and not more than thirty days from the date the petition is filed. Notice of the filing of said petition shall be given by the clerk of said board by publishing at least once a week, for at least two weeks, in a newspaper printed, published and circulated in the county in which the district is situated, a notice that the petition has been filed, giving the time set for the hearing thereof, and that the petition, together with all written protests filed with said clerk prior to the time set for said hearing, will be heard and passed upon at that time, and that all persons interested therein may then appear and be heard. Said notice shall also contain the text of the petition, but not more than five of the names attached thereto need be published; *provided*, the number of the total of said names is stated.

At the time fixed for the hearing the board of supervisors shall hear the petition, together with such written protests as shall have been filed as herein provided, by or on behalf of the owners of taxable property situated within the district, or within the proposed addition thereto, and may adjourn such hearing from time to time, not exceeding four weeks in all.

No defect in the contents of the petition or in the notice, or publication of the notice, shall vitiate any proceedings thereon; *provided*, such petition, or petitions, have a sufficient number of qualified signatures attached thereto.

At said hearing said board may make such changes in the proposed boundaries of the territory sought to be added as may be deemed advisable, but said board shall not modify said boundaries so as to exclude any territory which in its opinion will be benefited by being added to the district. Upon such hearing of said petition, said board shall find as to the sufficiency of said petition, and its decision thereon shall be final and conclusive.

At the expiration of the time at which protests may be filed, if none be filed, or if protests be filed and after hearing be denied, then said board shall be deemed to have acquired jurisdiction to further proceed, and the board may grant the petition, in whole or in part, and shall fix the boundaries of the territory sought to be added, and shall, by resolution or ordinance, after having acquired jurisdiction to proceed, provide for and order the holding of a special election in said district and in said proposed addition, to determine whether or not the territory in said proposed addition shall be added to the district. At such election the proposition to be

submitted shall be: "Shall the territory described in the resolution of the board of supervisors, adopted on the _____ day of _____, 19____, be added to _____ county waterworks district No. _____?" For the purposes of said election, said board shall in said resolution or ordinance establish one or more precincts within the boundaries of said county waterworks district, and one or more precincts within the boundaries of the territory sought to be added thereto, designate a polling place, and appoint one inspector, one judge and one clerk for each such precinct. In all particulars not recited in such resolution or ordinance, such election shall be held as provided by law for holding general elections in such county. Such resolution or ordinance ordering the holding of said election shall, prior to the date set for said election, be published five times in a daily, or twice in a weekly or semi-weekly newspaper of general circulation, printed and published in such county and designated by said board for said purpose. No other notice of said election need be given. If at such election a majority of the votes cast in the district then existing and a majority of the votes cast in the territory sought to be added thereto are in favor of such addition, the board shall enter an order to that effect upon its minutes, declaring said territory added to the district, and from and after the date of such order, such territory shall be deemed added to and shall form a part of said district, subject to all the rights, privileges, powers and responsibilities set forth in this act and necessarily incident thereto.

If, in the judgment of the board of supervisors, it is deemed necessary, because of the lack of sufficient moneys in the funds of the district to provide adequate water, construct necessary plants and distributing systems, or properly serve the territory sought to be added, or for any other reason, to make the addition of the new territory conditional upon the voting and issuance of additional bonds, said board may, in its resolution or ordinance granting the petition, or a part thereof, and calling an election upon the proposition of adding new territory to the district, order that said election shall be upon the joint proposition of adding new territory and of incurring an indebtedness by the issuance of bonds of the district as the same will exist if the new territory sought to be added is added thereto. Said ordinance or resolution shall state the purpose for which the proposed debt is to be incurred, the amount of the debt to be incurred, the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed forty years and the maximum rate of interest to be paid, which shall not exceed eight per cent per annum, payable semiannually. The proposition to be voted upon in such event shall be: "Shall the territory described in the resolution of the board of supervisors adopted on the _____ day of _____, 19____, be added to _____ county waterworks district No. _____, and shall said district, as the same will exist after the addition of said territory, incur

a bonded indebtedness in the sum of ----- dollars (\$-----) for the purpose of (stating the purposes for which the amount so raised is to be used)?” Notice of said election and all matters in connection with said election shall be given and conducted in the manner hereinbefore provided, where the proposition is to be upon the sole question of the adding of new territory. If at such election a majority of the votes cast in the district then existing and a majority of the votes cast in the territory sought to be added thereto are in favor of said proposition of adding new territory and of incurring such bonded indebtedness, then the board of supervisors shall enter an order to that effect upon its minutes, declaring said new territory added to the district, and from and after the date of such order such territory shall be deemed added to and shall form a part of said district subject to all the rights, privileges, powers and responsibilities set forth in this act and necessarily incident thereto and said board shall thereupon be authorized and empowered to issue bonds of said district (as the same will exist after the addition of such new territory), for the amount voted upon at said election. The provisions elsewhere in this act made for the form of bonds, issuance and sale of bonds, the levying and collecting of taxes for the payment thereof and of other matters relating to bonds of the district shall govern in the case of such bonds.

CHAPTER 690.

An act to provide for the apportionment and assessment upon the district or districts benefited of the cost or a portion of the cost of the separation of the crossing of a railroad or street railroad by a street, highway or public way and for the letting of contracts for the said work and for the enforcement and collection of such assessments, and providing for the issuance and effect of bonds therefor, whether said street or highway or the district to be benefited, lies entirely within the unincorporated territory of a county or entirely within a municipality, or within such unincorporated territory and one or more municipalities, or within two or more municipalities, or where such highway or street forms a portion of the boundary of a municipality; and providing for the payment of a portion of the expenses for such improvement by counties or municipalities at their election.

[Approved by the Governor May 21, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

Streets and
highways
may be
improved

SECTION 1. All streets, highway or public ways, as the same are hereinafter defined, now open or dedicated, or which may hereafter be acquired, opened or dedicated, whether wholly within the unincorporated territory of a county or wholly within the limits of a municipality, or being partly within such unincorporated territory and partly within one or more municipalities, or forming a portion of the exterior boundary of any municipality, either where such portion of said boundary adjoins unincorporated territory or the boundary of one or more other municipalities, and whether the same be partly or wholly within or without such boundary shall be deemed and held to be open public streets, highways and public ways for the purposes of this act, and the several respective legislative bodies hereinafter enumerated are hereby

invested with the jurisdiction and power to do any or all of the work mentioned in this act under and pursuant to the proceedings hereinafter described and levy and collect assessments upon the district or districts of lands benefited thereby.

SEC. 2. Whenever the public interest and convenience may require the separation of grades at any crossing, of a street railroad, interurban railroad or railroad by a public street, highway or public way or vice versa, the legislative body of any city or of any county are hereby severally authorized and empowered to provide for such separation of grades and for the performance of the work necessary or suitable therefor and thereto and to make, apportion, distribute and assess upon the district or districts deemed to be benefited thereby, all or a portion of the cost of such separation of grades at any such crossing hereinabove described, all in the manner hereinafter specified in this act. The legislative body of a city shall have jurisdiction within said city and over streets, highways and public ways forming a portion of the exterior boundary of such city and likewise over assessment districts lying wholly within such city or partly within such city and partly within unincorporated territory or the territory of one or more adjoining cities. Likewise the legislative body of a county shall have jurisdiction within said county and over streets, highways and public ways forming a portion of the boundary between the county and one or more incorporated cities and likewise over assessment districts lying wholly within the unincorporated area of the county, or partly within such unincorporated area and partly within one or more incorporated cities. A county may exercise jurisdiction to provide for a grade separation in a public street, highway or public way forming a portion of the boundary between such county and one or more incorporated cities or over territory in one or more incorporated cities benefited from such separation of grades; *provided*, the consent of the legislative body of such city shall be first obtained to such improvement and to the levying of such assessment therein. Similarly a city may exercise jurisdiction to provide for a grade separation in a public street, highway or public way forming a portion of the boundary between it and unincorporated area of a county or between it and one or more incorporated cities or over territory outside its limits and in the unincorporated area of such county or within one or more other incorporated cities, benefited from such separation of grades, provided the consent of the legislative body of such county or the legislative body of such other city be first obtained to such improvement and the levying of such assessment therein. Power is also hereby given to any county or any city operating hereunder to issue bonds representing the unpaid assessments levied for the purpose herein specified and provided. It is hereby declared that the true intent and meaning of the above provisions is that such share of the cost and expense of a separation of grade crossing

or a portion thereof, that is required to be paid by any incorporated city or by a county shall be charged to and collected from the property within the district or districts of land specially benefited thereby, and that the power to effect this end is vested in the legislative body either of the incorporated city, or the county which is under the obligation of paying the cost and expenses of such separation of grade crossings or a portion thereof and which initiates a proceeding hereunder. Such legislative body shall have and retain exclusive jurisdiction of the proceedings at all stages and for the full and final completion and enforcement thereof.

Declaration
of intention.

SEC. 3. Whenever the legislative body of any incorporated city or of a county shall deem that the public necessity, convenience or safety requires a separation of the grades at any crossing of a street railroad, interurban railroad or railroad by a public street, highway or public way or vice versa and it shall desire to obtain permission of the railroad commission of the State of California thereto, it shall cause a declaration of intention of such purpose to be made by publication and posting. Such declaration of intention may give a brief description of the proposed separation of grades and a description of the district or districts which such legislative body deems to be the district or districts benefited by such separation of grades and to be assessed to pay the portion of the expense of such separation of grades which may thereafter by order of the railroad commission be apportioned to such incorporated city or such county or such portion of such expense as said legislative body deems should be charged upon and paid by such assessment district or districts, or it may merely state that it is proposed to make a separation of grade crossing where a certain named street, highway or public way crosses a designated railroad, interurban railroad or street railroad, giving therein information sufficient to make it reasonably certain where such crossing is located and refer to plans, drawings, maps and specifications or such thereof as may be expedient, on file in some public office in such city or county for a description of such proposed separation of grade crossing, and of the district or districts to be assessed. Such declaration of intention must in any event state that bonds will be issued to represent unpaid assessments and give the rate of interest which the bonds will bear and the period of time over which they shall extend. Such declaration of intention shall be published at least five times in some newspaper either published within said municipality or the said county or of general circulation in such city or such county. At least ten copies of such declaration shall also be posted on public streets in the vicinity of the proposed separation of grade crossing. Lack of formality in such declaration or in the publication or posting thereof shall in nowise affect the jurisdiction of the legislative body which has ordered the publication of such declaration. Such declaration shall also name a date which can not be less than ten days

from and after the day of the first publication of said declaration at or before which owners of property within the assessment district may file objection to such proposed grade separation or to the extent of the proposed assessment district or the period of time over which the bonds are to extend. Such objections must be in writing but no prescribed formality shall be necessary either as to form or signature. At the date named in said declaration as that at or before which such objections will be received or at such time or times to which the hearing of such objections may be adjourned or continued the legislative body shall hear the objectors. After such hearing it shall have full power to proceed in the matter as it deems necessary or desirable; *provided, however*, that when such objections are against the proposed separation of grades and the legislative body finds that such objections are made by the owners of more than one-half of the area of the property to be assessed for said improvement, no further proceeding shall be taken for a period of six months from the date of the decision of the legislative body on said hearing. It may abandon the said proposed separation of grades, may alter or modify its plan, may reduce the proposed assessment district or eliminate certain properties therefrom or may change the period over which the bonds shall extend. It shall have full power to order or determine that the proposed separation of grades shall be carried out on the terms and conditions, it shall fix and declare upon the conclusion of said hearing, subject to the later determinations, rulings and orders of the state railroad commission. In the event that said city or county shall so determine to proceed in such matter it shall make application as nearly as possible in conformity with the provisions of section 2694 of the Political Code and conformable to the public utility act approved April 23, 1915, as amended. When thereafter an order shall have been made by the railroad commission in connection with the said application, directing the separation of grades at the said crossing and prescribing the proportions in which the expense of the said separation of grades shall be divided between the railroad or interurban railroad or street railroad and the city or county making the application, then the said city or county shall proceed to advertise for bids for making such grade separation. Before doing so, a copy of the determinations, ruling and orders of the state railroad commission made after the hearing hereinbefore provided for, shall be placed on file with the city clerk or the clerk of the board of supervisors, as the case may be, and notice of such filing shall be published by such clerk by two insertions in some newspaper of general circulation within such city or county. Notice inviting such proposals, and referring to the determinations theretofore made with respect to such grade separation by said city or county and also to the later determinations, rulings and orders of the state railroad commission with reference thereto, shall be published twice in a newspaper published within said city or within said

Hearing.

Bids.

county, or of general circulation in such city or such county. The time fixed for the opening of bids shall be not less than ten days from the date of the first publication of said notice. All proposals or bids offered shall be accompanied by a check payable to the city or county as the case may be, certified by a responsible bank, for an amount which shall not be less than ten per cent of the bid, or by a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions. Said bids shall be delivered to the clerk of the legislative body of said city or said county, and the same shall in open session of said body be publicly opened, examined and declared. Such legislative body may reject any and all bids should it deem this for the public good, and may award the contract to the lowest regular responsible bidder at the prices named in his bid. If no bids are received, or if all bids are rejected, such legislative body may within six months thereafter readvertise for bids as in the first instance, without further proceedings, and thereafter proceed in the manner hereinabove provided. If the bidder to whom the contract is awarded fails, neglects or refuses to enter into the contract to perform said work, as hereinafter provided, then the certified check accompanying his bid and the amount therein stated, shall be collected by it and paid into the general fund, and any bond forfeited may be prosecuted, and the amount due thereon collected and paid into said fund. Notice of such award of contract shall be published by the clerk of such legislative body twice in some newspaper published in said city or county or of general circulation therein. At any time within ten days from the date of the first publication of said notice of award of contract, any person having any interest in said improvement who objects to the same, or who claims that any of the acts or proceedings relating to such grade separation are illegal or defective or faulty or in any way objectionable may file with the clerk of such legislative body a written notice specifying his objections or his claims. The failure or neglect to file a notice or claim of illegality, defects, faults or objections shall constitute a complete waiver of the right to object to said improvement and of the rights to claim that the proceedings are illegal or defective or faulty or objectionable. The superintendent of streets or the county surveyor, as the case may be, is hereby authorized in his official capacity to make a written contract for the said work and to receive the bonds authorized by this act from the contractor and to do any other act either express or implied that applies to the street department under this act. Such contract shall be executed within twenty-five (25) days after the first publication of the notice of award of contract. The contractor shall at the time of executing the contract, execute two bonds to the satisfaction of said superintendent of streets or county surveyor, with two or more sureties and payable to the said city or county, the first being in a sum not less than twenty-five per cent (25%) of the

amount of the contract, conditioned for the faithful performance of the contract, and the second being in a sum not less than one-half of the total amount payable by the terms of the contract, and which shall be made to inure to the benefit of any and all persons, companies, or corporations, who perform labor on or furnish materials to be used in said work or improvement. Said last mentioned bond shall provide that if the contractor fails to pay for any materials so furnished for the said work, or for any work or labor done thereon of any kind, the sureties will pay the same to an amount not to exceed the sum specified in the said bond. The said sureties shall qualify for double the sum specified in each bond. No lien can be asserted, claimed or enforced against any property of any street railroad, interurban railroad or railroad upon or across which any work of grade separation shall be done, but any laborer, materialman, person, company or corporation furnishing materials to be used in the performance of the work specified in the said contract or who performs work or labor upon the said work or improvement, whose claim has not been paid by the contractor or his assigns, shall severally have a first lien upon and against all moneys or funds to be paid for or on account of the performance of said work, by the owner of such street railroad, interurban railroad or railroad, pursuant to the orders of the railroad commission and likewise against and upon any other funds which are to be paid on said contract by or through the agency of the city or county. Such materialmen or laborers may at any time prior to thirty (30) days after the recording of the assessment for said work, file with the superintendent of streets or the county surveyor, as the case may be, a verified statement of his or its claim, together with a statement that the same or some part thereof has not been paid. At any time within ninety (90) days after the filing of such claim, the person, company or corporation filing the same or their assigns, may at their election commence an action to enforce the aforesaid lien against such funds or an action on said bond for the recovery of the amount due on said claim. In either of said cases, they shall be entitled to the costs incurred in the said action and a reasonable attorney's fee to be fixed by the court for the prosecution thereof. The said contract shall provide that when the said work is completed, the total contract price and the total of the incidental expenses shall be computed and there shall be deducted from such sum total the amount of the payment for said work of improvement to be made by the owner of the street railroad, interurban railroad or railroad, and by the State of California or any other public body, and that the balance of said sum shall be assessed upon and against the lots, pieces or parcels of land within the assessment district or assessment districts provided for in the proceedings. The said cash payments shall not be made until thirty (30) days after the recording of the assessment herein provided for.

SEC. 4. The legislative body of the city or of the county which has initiated the proceedings in question shall cause a diagram to be made by the city engineer or the county surveyor which shall show each separate lot, piece or parcel of land within the assessment district or districts and the dimensions of each of the same. Said diagram shall be delivered to the street superintendent of the city which is carrying through said proceedings or to the county surveyor of the county that may be carrying through the proceedings. The street superintendent or the county surveyor shall then assess the total sum fixed as assessable against the assessment district or districts upon and against the lands, lots or portions of lots within said assessment districts, upon and against each respectively, in proportion to the estimated benefits to be received by each of said several lots, portions of lots or subdivisions of land. Said assessment shall be numbered to correspond with the numbers shown on said diagram and shall be filed with the clerk of the legislative body that is carrying through the proceedings, who shall give notice of the filing thereof and of a time fixed by said clerk when all persons interested in or affected by said assessment will be heard by the appropriate legislative body. Such notice shall be posted for not less than ten (10) days on or near the council chamber door of the said legislative body and shall be published five (5) times in some newspaper either published or of general circulation in said city or county. The first of said publications shall be not less than fifteen (15) days before the time fixed for such hearing. Said clerk shall also mail a post card to the owner of each lot within said district so far as the names and addresses of such owners are known to him; *provided*, that the failure of the clerk to mail a card to any owner or the failure of the person addressed to receive the same shall not affect the jurisdiction of the legislative body to proceed with the hearing noticed. Any person who claims that the diagram or assessment is incorrect in any particular, or that the assessment has not been apportioned according to the benefit to be received from said separation of crossing may prior to the day named as the day for the hearing on the assessment, appeal to the legislative body by briefly stating in writing the grounds of appeal. Upon such appeal, the legislative body may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts and determinations of the city engineer, the street superintendent or the county surveyor relative to said assessment and may correct the assessment or diagram in any particular. All the decisions and determinations of said legislative body upon such hearing shall be final and conclusive as to all errors, informalities and irregularities which said legislative body might have avoided or remedied during the progress of the proceedings, or which it can at that time remedy. When the said hearing has been had and the orders and determinations of the legislative body have been complied with, or when no appeal has been filed, or when all

appeals have been denied, and when the legislative body is finally satisfied with the correctness of the assessment the said legislative body shall confirm the same. The clerk of the legislative body shall deliver to the street superintendent or to the county surveyor, as the case may be, the said confirmed assessment together with his certificate that the said assessment has been confirmed. The street superintendent or the county surveyor, as the case may be, shall thereupon record such assessment and diagram in his office in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording, the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is levied. The term "lands, lots, or portions of lots" used herein shall be deemed to include property owned or controlled by any person, firm or corporation as a railroad, street or interurban railroad right of way and such railroad right of way whether the same is owned in fee or as an easement shall be assessed in the same manner and with the same effect as other lands, lots or portions of lots provided in this act, and such railroad, street or interurban railroad right of way shall be subject to sale for non-payment of assessments as in this act provided. However, wherever it is provided by order of the railroad commission that the expense of the separation of crossing shall be paid in part by a railroad, street or interurban railroad and a part by the city or county, then in such event none of the portion of such expense so to be paid by the city or county shall be assessed against any of the right of way or operative property of the particular railroad, street or interurban railroad which is obligated to pay the remainder of the cost and expenses of such separation of crossing. Any other property however, of such railroad within the assessment district shall be assessable.

After said assessment and diagram are recorded the superintendent of streets or the county surveyor, as the case may be, shall attach thereto a warrant, which shall be signed by the superintendent of streets and countersigned by the mayor in the case of the city, or signed by the county surveyor and countersigned by the president of the board of supervisors in the case of the county, which said warrant shall be substantially in the manner and form following:

By virtue hereof, I (-----) of the city of (or county of) (-----), State of California, by virtue of the authority vested in me as said (-----) do authorize and empower (name of contractor), (its, his or their) agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be (its, his or their) warrant for the same.

 assessments.

SEC. 5. The street superintendent or the county surveyor, as the case may be, shall upon the recording of the assessment, give notice by publication five (5) times in some newspaper published in the city or county, as the case may be, that the assessment has been recorded in his office and that all assessments therein amounting to less than twenty-five and no/100 dollars (\$25.00) are due and payable immediately, and that payment of the said assessments is to be made to him or the contractor, (its, his or their assigns) within thirty (30) days after the date of the first publication, which date shall be stated in the notice. Said notice shall also state that assessments less than twenty-five and no/100 dollars (\$25.00) in amount not paid before the expiration of said thirty (30) days will become delinquent, and that thereupon five per cent (5%) upon the amount of such assessment will be added thereto, and that all other assessments if not paid within said period of thirty (30) days will be represented by bonds as described in the declaration of intention. After said warrant, assessment and diagram are recorded, the same shall be delivered to the contractor, (its, his or their) agents or assigns, on demand, but not until after the payment to the superintendent of streets or the county surveyor as the case may be, of the incidental expenses not previously paid by the contractor or (its, his or their) agents or assigns. By virtue of said warrant, the contractor, (its, his or their) agents or assigns, shall be authorized to receive and receipt for the amounts of the several assessments included in said assessment. The street superintendent or the county surveyor, as the case may be, shall upon presentation of such receipt mark on the record of the assessment a note of payments so made.

When payment of any assessment is made, to the street superintendent or the county surveyor, as the case may be, a note of such fact shall be marked opposite such assessment, stating that it is paid, and giving the date of payment. The contractor, (its, his or their) assigns shall after the expiration of said period of thirty (30) days file with the street superintendent or the county surveyor, as the case may be, a written statement of all payments that have been made to him on said assessment, prior to the expiration of said period of thirty (30) days. At the expiration of said period of thirty (30) days, the assessments amounting to less than twenty-five and no/100 dollars (\$25.00) shall become delinquent and the street superintendent or the county surveyor, as the case may be, shall certify such fact at the foot of said assessment roll and mark each such assessment "delinquent"

and add five per cent (5%) to the amount of each assessment delinquent.

The legislative body of the city or of the county carrying through the proceedings in question, shall have the power in its discretion to determine that serial bonds shall be issued in the manner and form hereinafter provided to represent individual assessments of twenty-five and no/100 dollars (\$25.00) or more contained in the assessment roll for any improvement authorized by this act. Said serial bonds may extend over a period not to exceed fifteen (15) years from the second day of January next succeeding the issuance of said bonds, and that even annual proportions of the principal sum thereof shall be payable by coupons on the second day of January every year after their date until the whole is paid; *provided*, that if the period over which said bonds are to extend exceeds ten (10) years, it may be provided that one-tenth (1/10th) part of the principal sum thereof shall be payable by coupon on the second day of January of each of the last ten (10) years of said period. The interest on the said bonds shall be payable semiannually by coupon on the second days of January and July respectively of each year, at the rate of interest named in the declaration of intention on all sums unpaid until the whole of said principal and interest is paid. Said bonds and interest thereon shall be paid at the office of the city treasurer or the county treasurer, as the case may be, who shall keep a fund designated by the name of said bonds into which he shall receive all sums paid in for the principal of said bonds and the interest thereon, and from which he shall disburse such sums upon the presentation of the coupons, and under no circumstances shall the said bonds or the interest thereon be paid out of any other fund.

Bonds to represent assessments.

The street superintendent or the county surveyor, as the case may be, shall at the expiration of thirty (30) days after the publication of the notice of recording the assessment, make and certify to the city treasurer in the event that the proceedings are being carried on by the city or to the county treasurer in the event that they are being carried on by the county, a complete list of all assessments unpaid which amount to twenty-five and no/100 dollars (\$25.00) or over, upon any separate assessments contained in said assessment roll and the said treasurer shall thereupon make out a separate bond representing upon each piece of land, lot or portion of lot, the total amount of the particular assessment against the same. Said bonds shall be substantially in the following form:

Privilege of
 payment.

The owner or any person interested in any piece of land,
 lot or portion of lot upon which a bond has been issued under

the terms of this act, may at any time pay off such bond and discharge the land from the lien of the assessment by paying to the treasurer for the holder of such bond the amount then unpaid on the principal sum thereof and all interest thereon which has accrued and is unpaid, together with the semiannual installment of interest which will next become due thereafter, and in addition thereto interest for six months at the rate specified in the bond upon the amount of the principal of said bond which remained unpaid at the date of application for paying off such bond. The assessment upon which a bond is issued shall be a lien upon the piece of land, lot or portion of lot until discharged; such lien shall be subordinate to all special assessment liens previously imposed upon the same piece of land, lot or portion of lot, but shall have priority over all special assessment liens which may thereafter be created against the said piece of land, lot or portion of lot.

Said bonds shall by their issuance be conclusive evidence of the regularity of all proceedings leading up thereto and of the validity of said lien. The said bonds when issued shall be dated as of the date when the assessments of less than twenty-five and no/100 dollars (\$25.00) each become delinquent. In the event of the nonpayment of any installment of the interest or principal, the holder of any bond upon which any payment either upon the principal or of the interest has not, or shall not be made when due may, at any time after six months from the date of any delinquency of principal or interest and prior to the expiration of four years after the due date of the last installment unpaid upon any bond or of the last principal coupon attached thereto, file and maintain a suit to foreclose the lien of the bond and recover the amounts due thereon.

The complaint in such suit shall be sufficient if a true copy of the bond be therein set forth and appropriate allegation be made therein regarding the payments made upon the principal and interest of such bond, and such suit shall be brought in the superior court within whose jurisdiction the city is by which the said bond has been issued and in case the owner of the lot, or parcel of land covered by said bond, can not with due diligence be found, the service of summons in such case may be had in the manner prescribed in the codes and laws of this state. The said bond, together with proof either orally by the said treasurer of the said city or by a certificate signed by him showing the nonpayment of any of the principal or interest upon said bond, shall be prima facie evidence of the right of the plaintiff to recover in said action. The court in said suit shall have the power to adjudge and decree a lien against the lot or parcel of land covered by said bond and to cause said premises to be sold as in other cases of the sale of real estate by the process of said court to satisfy and discharge such bond and lien, and the amount of interest and penalties due shall be calculated in the manner herein provided up to the date of the judgment. On appeal, the appellate courts

(cont'd).

shall have the same power to adjudge and decree a lien and order such premises to be sold as is conferred on the court from which an appeal is taken. The court having jurisdiction of said cause shall also fix and allow a reasonable attorney's fee for the prosecution of said suit.

The plaintiff in the suit may also recover the cost of any abstract or report of search of title procured in good faith, in order to determine ownership, such search to be by a reputable abstractor or title company, and such cost not to exceed five dollars per lot, and such abstract or report of search with affidavit of payment to be filed in the action.

Such premises, if sold, may be redeemed as in other cases. Such action shall be governed and regulated by the provisions hereof, and also when not in conflict herewith, by the codes of this state.

A written notice of the pendency of any action for recovery on a bond shall be filed with the treasurer and after the filing of such notice the treasurer shall not receive any money on account of said bond in his register or give a discharge of said bond without the written consent of the owner thereof until judgment has been rendered in such action or the same has been dismissed.

Should suit be brought for recovery on any bond prior to the time provided herein, the plaintiff shall not recover in such suit and the defendant in such suit shall be entitled to have and recover such attorney fees as the court may deem reasonable, in addition to all taxable costs.

Bonds not to
be issued.

The said bonds shall be issued to the contractor, (its, his or their) assigns. Unpaid assessments amounting to less than twenty-five and no/100 dollars (\$25.00) each shall be collected as hereinafter provided for in this act. If any person, shall at any time before the issuance of the bond representing the assessment upon his lot or parcel of land, present to the city treasurer or the county treasurer, as the case may be, his affidavit made before a competent officer that he is the owner of a lot or parcel of land upon which an assessment of twenty-five and no/100 dollars (\$25.00) or more is placed by said assessment, accompanied by a certificate of a searcher of records, that he is such an owner of record, and notifies such treasurer in writing that he desires no bond to be issued for the said assessment, then no such bond shall be issued and the payee of the warrant or his assigns, shall have the right to enforce collection of the said assessment in the same manner that is hereinafter provided for the collection of assessments amounting to less than twenty-five and no/100 dollars (\$25.00) each. The treasurer shall keep a record of all bonds issued by him, and of all payments on said bonds with the dates thereof. The assessment represented by a bond so issued shall be a first lien upon the property covered thereby until such bond and the accrued interest thereon shall be fully paid according to the terms thereof.

Lien.

The superintendent of streets or county surveyor is authorized at any time to receive the amount due upon any assessment list and warrant issued by him which shall not have gone to bond, and give a good and sufficient discharge therefor; *provided*, that when suit shall have been brought to collect the amount due upon any assessment as herein provided, the plaintiff shall file with the superintendent of streets or county surveyor a written notice of the pendency of said action showing the particular assessments affected by said action or actions; and after the filing of said notice the said superintendent of streets or county surveyor shall not receive any money on account of said assessments, and thereafter he shall have no authority to cancel said assessment or give a discharge thereof without the written consent of the owner of said assessment until judgment has been rendered in said action or the same has been dismissed. In case any warrant is lost, upon proof of such loss a duplicate can be issued, upon which collections may be made with the same effect as on the original. After the filing of the written statement of payments as aforesaid, all amounts remaining due thereon shall draw interest at the rate of one per cent per month until paid, said interest to be computed from the date of the filing of the contractor's statement and there shall be added thereto a penalty of five per cent of the amounts due thereon.

Payment of
assessments.

Interest on
assessments.

It shall be the duty of the superintendent of streets or county surveyor on or before the fourth Monday of September of each year to certify to the tax collector a list of the properties upon which there is a lien for delinquent assessments, as shown by the records of the superintendent of streets or county surveyor. If the tax collector so requires, the notice herein provided for to be attached to or pasted to, printed on or stamped upon the tax bill, shall be prepared by the superintendent of streets or the county surveyor and shall be delivered to the tax collector on or before the date herein provided for forwarding said list, and if the tax collector so requires, the superintendent of streets or county surveyor shall upon notice attach to or paste to, print on or stamp upon the tax bills, the notice hereinafter prescribed. In any event, the tax collector shall himself or through the agency of the superintendent of streets or county surveyor, cause to be pasted or attached to, or printed or stamped upon the tax bill or tax receipt, a notice which shall in substance be as follows:

Notice of
delinquent
assessments.

“NOTICE OF ASSESSMENT”

“There is an assessment lien unpaid on this property. Unless same is paid to the city street superintendent (or bureau of assessments where such office exists) or (county surveyor) this property will be subject to foreclosure.”

At any time after the first day of July next succeeding nine months following the date of recording of such assessment, the contractor or his assignee may sue in his own name the owner

of the land, lots or portions of lots assessed on the day of the date of the recording of the warrant, assessment and diagram, and recover the amount of any assessment remaining unpaid together with interest and any penalties allowed hereunder; *provided*, that if any state, county or municipal taxes or other special assessment or assessments be delinquent on said property then such action may be brought at any time after ninety days after the recording of such assessment.

When suit has been brought in accordance with the provisions of this section, the plaintiff shall be entitled to have and recover fifteen dollars attorney fee on each assessment sued on, in addition to all taxable costs, notwithstanding that the suit may be settled or a tender may be made before a recovery in said action, and he may have judgment therefor; *provided*, that if the court finds an unnecessary number of actions have been brought, where the parties are identical, it may allow the costs of one action only; *and provided, further*, that such attorney's fee in any one action shall not exceed fifteen dollars where said action shall be settled before trial or where judgment shall be taken on default. Suit may be brought in the superior court within whose jurisdiction the city or county is, in which said work has been done, and in case any of the assessments are made against lots, portions of lots, or lands, the service of process may be had in said actions, in such manner as is prescribed in the codes and laws of this state. It shall be competent to bring a single action under any such assessment irrespective of the number of lots assessed where the parties defendant are identical, and where separate actions are brought, the same may be consolidated by order of the court. The said warrant, assessment and diagram, with proof of nonpayment, shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the superintendent of streets or county surveyor, and the legislative body of the city or county carrying on said proceeding upon which said warrant, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The plaintiff in such action may recover the cost of any abstract or report of search of title procured in good faith in order to determine ownership, such search to be by a reputable abstractor or title company and such cost not to exceed five dollars per lot, and such abstract or report of search with affidavit of payment to be filed in the action.

In a complaint in any such action it shall be held sufficient to allege briefly that the city council ordered the work, the performance of the work under the contract, the making of the assessment, the issuing of said warrant and the making of said diagram; that an assessment (naming the amount) was levied against that certain lot or parcel of land (describing the same) which, according to the information and belief of the plaintiff, is owned by the defendant; that payment of said assessment has not been made.

In describing said lot or parcel of land in said complaint it shall be sufficient to refer to the same by its number upon said diagram, provided a certified copy of said warrant, assessment and diagram shall have been previously filed in the office of the recorder of the county or city and county in which the same is situated. It shall be the duty of such recorder to so file any such certified copy presented to him upon payment of the filing fee therefor, which fee is hereby fixed at fifty (50) cents.

If the contractor or his agent or any person acting in behalf of the contractor shall, prior to the filing of a complaint for the recovery of any assessment as herein provided or subsequent to the filing of suit and prior to the allowance of attorney fees and costs as herein provided, make any written demand upon or present any bill or notice in writing to such owner, demanding, requesting or notifying such owner to pay or that there is due, attorney's fees or court costs in connection with the collection of such assessment, then, the superintendent of streets or county surveyor is authorized, upon written demand of such owner, accompanied by the affidavit of such owner, that such written demand, bill or notice for the payment of attorney's fees and costs, or either thereof, was made upon or presented to such owner prior to the commencement of suit, or subsequent to the filing of suit and prior to the allowance of attorney's fees and costs, together with such written demand, bill or notice to mark said assessment "paid" and such assessment shall thereby be deemed to be paid and the lien thereof released; *provided*, that this clause shall not be held to apply to the service of summons and complaint in a civil action.

Should suit be brought for the recovery of any assessment prior to the time permitted for bringing same as herein provided, then in such action, so brought the plaintiff shall not recover and the defendant shall be entitled to have and recover such attorney's fees as the court may deem reasonable in addition to all taxable costs and he may have judgment therefor.

SEC. 6. In the event that an order shall have heretofore been made by the railroad commission without application having been instituted by a city or county, but which nevertheless requires that the expense of separation of grades be borne in part by a railroad, street or interurban railroad and a part by a city or a county, then proceedings shall be had as hereinbefore provided with the exception that the declaration of intention to create the assessment district shall recite the facts and particulars of the order with reference to which the assessment district is being created. The provisions relative to giving notice, shall be the same as provided in section 3 of this act, with the exception that it shall be clearly stated therein that the proceedings are based upon an order made without previous application on the part of the city or county in question. It shall not be necessary that the city or county

make any further application to the railroad commission other than for an order permitting the officers of the city or county to enter upon so much of the right of way of the street railroad, interurban railroad or railroad as may be necessary to effect the desired physical grade separation. A copy of the order of the railroad commission authorizing such action on the part of the officers of the city or county, shall be filed with the city clerk or the clerk of the board of supervisors, as the case may be, and notice of such filing shall be published by such clerk by two insertions in some newspaper of general circulation within such city or county. The provisions of section 3 hereof, relative to advertising for bids, awarding of contracts, and the execution of contracts, and the provisions of sections 4 and 5 hereof shall be applicable to proceedings carried through pursuant to this section.

Reassess-
ments.

SEC. 7. Whenever any assessment heretofore issued or which may be hereafter issued is or shall be void, or unenforceable, for any cause, or if bonds shall have been, or shall be, issued to represent any assessments and such issuance shall not have been, or shall not be effective through the curative provisions in relation thereto, or any curative act that may be passed by the Legislature in relation thereto to make them valid and enforceable, then, in any of such events, a reassessment therefor may be issued. The true intent and meaning of this section is to make the cost and expense of work or improvement made through an attempted compliance with this act, payable by the real estate benefited by such work or improvement by making a reassessment therefor.

Such power of reassessing embraces both a full and a partial reassessment, and is not exhausted by a single attempted exercise thereof.

When to
be ordered

A reassessment shall be ordered under any one of four circumstances:

First—Where the owner or holder of any assessments, or of bonds issued under this act to represent assessments request the legislative body of the city in which the assessment has been or shall be issued to order a reassessment. In such event if said legislative body be of the opinion that the assessments or bonds in question are not enforceable it shall order the making and issuing of a reassessment covering only the assessments owned or held by the petitioner or the assessments represented by the bonds owned or held by such petitioner.

Second—Whenever any court of competent jurisdiction in any suit to foreclose the lien of any assessment or to enforce the obligation of any bond issued to represent any assessments issued under this act, has for any reason held such lien unenforceable, then it shall in and by its decree direct the making of a reassessment to cover the assessments involved in such suit.

Third—Whenever any court of competent jurisdiction in any suit to set aside the lien of any assessment or of any bond representing any assessment, or in any suit to quiet title

against the lien of any such assessment, or bond shall in its judgment decree such assessments or bonds to be void, or unenforceable, then it shall in and by its decree direct the making of a reassessment to cover the assessments involved in such suit.

Fourth—Whenever any contractor or assignee of a contractor shall have done or performed any work or improvements pursuant to proceedings had and taken in attempted compliance with the provisions of this act, and whenever prior to the issuance of any assessment, any court of competent jurisdiction in any suit to invalidate the contract or any of such proceedings shall for any reason declare said contract or other proceedings to be invalid, then such court shall in and by its decree direct the making of a reassessment for the reasonable value of the work and improvement actually done and performed in good faith by the contractor, or such portion thereof as was of a kind that could lawfully have been ordered under the provisions of this act.

The manner of making, issuing and enforcing the reassessment shall be as follows: Manner of making.

The superintendent of streets or county surveyor shall, upon the entering of a decree of court directing a reassessment or upon the making of an order by the legislative body of the city directing a reassessment, proceed to make a reassessment in the following manner:

If the reassessment be a partial one only, then it shall not be necessary for the diagram to show any other lots than the ones covered by such partial reassessment. If it be a full reassessment, however, then it shall be upon the lots fronting on said work if the original assessment was one made on the front foot plan; if the original assessment was made against a district then the superintendent of streets or county surveyor shall prepare and file with the reassessment a diagram showing the lots, pieces or parcels of land deemed by him to have been benefited by the work or improvement. The reassessment shall assess upon and against each of the lots, pieces, or parcels of land, contained therein an amount arrived at as follows:

The benefits derived, or to be derived by each of the said lots, pieces or parcels of land from the work or improvement estimated as of the date of the original assessment shall first be listed. Then there shall be added thereto interest thereon from twenty (20) days after the date of recording the original assessment at the rate of seven per cent (7%) per annum, and the total sum shall constitute and be the amount of the proposed several assessments in such reassessment. The total of such reassessment, however, exclusive of interest, shall not exceed the cost of the work or improvement. Such assessment need not be in any prescribed form, but shall refer to the original assessment, give the date of the original assessment and state that it is made pursuant to the orders of the legislative body of the city or decree of the court, as the case may be, and shall be accompanied by a diagram showing the lots to be reassessed and their relation to the work. It shall

Manner of
making
(cont'd)

then be presented to the legislative body, which shall fix a time for hearing before it. Such time must be at least twenty (20) days after the reassessment is so presented. The city clerk shall then advertise the time of such hearing before the legislative body by publishing a notice in the newspaper in which the notice of award of contract for the improvement for which the assessment was made, was published unless the legislative body directs publication in some other paper. If the reassessment is to be against the property in a district, then this fact shall be stated in the notice and a description of the district shall be set forth and the assessment diagram referred to for particulars. Such notice shall be published for five insertions, if the paper be a daily, or by two insertions if the paper be published less frequently. At the time fixed for said hearing, or at such time or times to which the same may be thereafter adjourned, the legislative body shall consider the objections to said reassessment and in its discretion informally direct the revision, correction or modification of such reassessment in such manner as is most equitable to apportion to each lot, piece or parcel of land thereby benefited the amount of the actual benefits derived from said improvement. When such reassessment shall have been revised or corrected or modified so as to comply with the judgment of said legislative body, then it shall pass a resolution confirming the reassessment. The street superintendent or county surveyor shall thereupon record the reassessment with a certificate at the end thereof by the city clerk, that it is the reassessment approved by the legislative body of the city. He shall also note opposite the several assessments in the original assessment that have been displaced by the reassessment, the fact that the reassessment has been made, giving its date, and shall credit upon such reassessment or upon the bonds issued to represent the same, together with all payments theretofore made upon the original assessment, interest on such payments at the rate of seven per cent (7%) per annum from and after the date of such payments. Such reassessment shall be collectible and payable in the same manner as an original assessment and shall be enforceable by suit in the same manner provided in this act for enforcing an original assessment, and shall have the same weight in evidence. In the event that bonds issued under the original assessment they shall also issue upon the reassessment for such sum as may be reassessed against the lot, piece or parcel of land covered thereby. When the reassessment is recorded the original assessment shall be canceled by the street superintendent or the county surveyor so far as it affects the particular assessments involved. New bonds shall not be issued until the original bonds are delivered up to the city treasurer, who shall cancel the same. The lien of such reassessment shall hold its relative rank as to other special assessment liens as of the date of the original assessment.

SEC. 8. In the event that any of the expense of said grade separation shall be paid by the State of California, or in the discretion of such legislative body shall be paid out of its treasury, then such legislative body shall determine the said amount prior to advertising for bids and designate the fund from which it is to be paid. In such event there shall be deducted from the portion of the expense of such grade separation which is not to be paid by the owner of the street railroad, interurban railroad or railroad, such amount as shall be paid by the State of California, or from the public treasury of the city or county as hereinbefore provided, and only the remainder of such expense shall be assessed upon or against the property in any district or districts of land made assessable under the proceedings hereunder.

Part
payment
by state,
county
or city.

SEC. 9. The legislative body conducting the proceedings under this act shall have the power and authority to appoint any competent person to serve as superintendent of work, whose duty it shall be to have the actual supervision of the physical work of grade separation called for by the contract. The compensation of such superintendent of work shall be fixed by the legislative body; *provided*, that any county officer in case the proceedings are carried through by a county, or any municipal officer or board in case the proceedings are carried through by a city, may be appointed such superintendent without compensation.

Sup't of
work.

SEC. 10. Whenever any lot, piece or parcel of land belonging to the United States, or to the State of California, or any lot, piece or parcel of land belonging to any county, city, public agent, mandatory of the government, school board, educational, penal or reform institution or institution for the feeble-minded or the insane, and being in use in the performance of any public function, shall be included within the district or districts, declared by the city council or board of supervisors in its declaration to be the district or districts to be assessed to pay the costs and expenses thereof, said council or board may, in the declaration of intention, declare that said lots, pieces or parcels of land, or any of them, shall be omitted from the assessment thereafter to be made to cover the costs and expenses of said work or improvement. In the event that said lots, pieces or parcels of land, or any of them, shall by said declaration be omitted from the assessment, then the total expense shall be assessed on the remaining lots lying within the limits of the assessment district or districts, without regard to such omitted lots, pieces or parcels of land. In the event that the council or board, shall, in such declaration of intention, declare that said lots, pieces or parcels of land so owned as aforesaid, or any of them, shall be included in the assessment, or in the event that no declaration is made respecting such lots, pieces or parcels of land, or any of them, then said city or county shall be liable for such sum or sums as may thereafter be assessed against any such lots, pieces or parcels of land so owned and used, and so included in the assessments by reason of the

aforsaid declaration, or such lots, pieces or parcels of land so owned and used respecting which the declaration of intention makes no declaration, which shall be payable by the city or county out of the general fund unless the legislative body shall in its declaration of intention designate another fund; *provided, however*, that any such sum or sums which may be assessed against any such lots, pieces or parcels of land so owned and used, shall not be payable by the city or county when such sum or sums are paid by the owner of or the governing body controlling such lots, pieces or parcels of land.

Liability
of county
or city.

SEC. 11. The county or municipality carrying through the proceedings shall not be liable for any portion of the expenses of the work, nor shall any officer thereof be so liable, excepting for such sums as may have been declared by the legislative body to be payable from the treasury as hereinbefore provided, and the contract for the work of improvement shall contain express notice to this effect.

General
powers of
legislative
body.

SEC. 12. The legislative body of the city and the board of supervisors of the county shall have the power to prescribe by ordinance general rules respecting the mode of performing the work of grade separation and fixing the terms and contents of the contract so far as not in conflict with the express provisions contained herein. Such power shall be supplemental to the power of adopting specifications. Specifications, plans, profiles, drawings and maps may be adopted by such legislative body in and by its declaration of intention or by the declaration prescribed in section 6 hereof.

Phrases
defined.

SEC. 13. The terms "streets, highways or public ways" shall include all public roads, highways, streets, avenues, boulevards, or other thoroughfares. The term "right of way" shall include the land over and upon which a street railroad, interurban railroad or railroad may be maintaining its tracks, and the spaces between tracks when there shall be more than one, and a sufficient space outside the track or tracks for the suitable and proper operation of the same, whether owned in fee or as an easement, or whether the same lie within the lines of any street, highway or public way.

The term "incidental expenses" as used in this act shall include the compensation of the superintendent of work; the compensation of the city engineer or county surveyor for work done by him; the cost of printing and advertising as provided for in this act and the expenses of making the assessment. All demands for incidental expenses shall be presented to the street superintendent or county surveyor, by itemized bill duly verified by oath of the demandant.

The expression "grade separation" or "separation of grades" shall include all work necessary to properly and satisfactorily accomplish the physical separation of grades described in this act, and shall include all items of work appropriate thereto, such as excavating, grading, filling, paving, repaving, constructing or reconstructing sidewalks, steps,

The notices, declarations, resolutions, orders or other matters required to be published by the provisions of this act, shall be published in a newspaper published within the city or the county, or of general circulation therein and no other statute shall govern or be applicable to the publications herein provided for. No proceeding or step herein shall be invalidated or avoided by any departure herefrom with respect to the person or instrumentality connected with the publication; *provided*, the same is actually published in a newspaper which will reasonably serve to give publicity to the fact of the adoption of the declaration, resolution, order, notice or determination in question.

No error, defect, irregularity, informality, and no neglect or omission of any officer of the city or county in any proceedings taken under this act shall avoid or invalidate such proceedings or any bonds which may be issued pursuant thereto. The death of the employee, or of any other person, shall not abate any right of action established by this section. The claim of an employee for compensation shall not affect his right of action for damages arising out of injury or death against any person other than the employer; and any employer having paid, or having become obligated to pay compensation, may likewise bring an action against such other person to recover said damages. If either such employee or such employer shall bring such action against such third person, he shall forthwith notify the other in writing, by personal service or registered mail, of such fact and of the name of the court in which such suit is brought, filing proof thereof in such action, and, if the action be brought by either, the other may, at any time before trial on the facts, join as party plaintiff or must consolidate his action, if brought independently. If the suit be prosecuted by the employer alone evidence of any expenditure which the employer has paid or become obligated to pay by reason of said injury or death shall be admissible, and such expenditures shall be deemed a part of the damages, including a reasonable attorney's fee to be fixed by the court; and if in such suit the employer shall recover more than the amount he has paid or become obligated to pay as compensation he shall pay the excess to the injured employee or other person entitled. If the employee joins in or prosecutes such suit, evidence of the amount of disability indemnity or death benefit paid by the employer shall not be admissible, but proof of all other expenditures on account of said injury or death shall be admissible and shall be deemed Subrogation

part of the damages. The court shall, on application, allow as a first lien against any judgment recovered by the employee the amount of the employer's expenditures for compensation. When any injury or death shall have been suffered by an employee, no release or settlement of any claim for damages by reason of such injury or death and no satisfaction of judgment in such proceedings, shall be valid without the written consent of either both employer and employee, or one of them, together with the consent of the commission or the court in which any such action may be pending, after notice to and opportunity of all parties to the action to be heard by such court.

approved April 23, 1915, as amended, is hereby amended to read as follows:

Grade
crossings.

43. (a) No public road, highway or street shall hereafter be constructed across the track of any railroad corporation at grade, nor shall the track of any railroad corporation be constructed across a public road, highway or street at grade, nor shall the track of any railroad corporation be constructed across the track of any other railroad or street railroad corporation at grade, nor shall the track of a street railroad corporation be constructed across the track of a railroad corporation at grade, without having first secured the permission of the commission; *provided*, that this subsection shall not apply to the replacement of lawfully existing tracks. The commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe.

Powers of
commission

(b) The commission shall have the exclusive power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use and protection of each crossing of one railroad by another railroad or street railroad, and of a street railroad by a railroad and of each crossing of a public road or highway by a railroad or street railroad and of a street by a railroad or vice versa, subject to the provisions of section 2694 of the Political Code so far as applicable, and to alter, relocate or abolish any such crossing, and to require, where in its judgment it would be practicable, a separation of grades at any such crossing heretofore or hereafter established and to prescribe the terms upon which such separation shall be made and the proportions in which the expense of the construction, alteration, relocation or abolition of such crossings or the separation of such grades shall be divided between the railroad or street railroad corporations affected or between such corporations and the state, county, municipality or other political subdivision affected. It shall be the duty of each corporation and political subdivision to which any of the expense is apportioned to pay from the funds available therefor in its treasury the amount apportioned to it at the time and to the parties specified by the order of the commission and if the same is not paid in accordance with the commission's order the corporation or political subdivision entitled thereto under the commission's order shall have the right to sue therefor in any court of competent jurisdiction. If no such funds are available as aforesaid, it shall be the duty of the appropriate boards, officers and employees intrusted with the levy and collection of the taxes or assessments of such political subdivision to do all acts necessary to include in the next succeeding tax or assessment levy the amount due and to collect the same, whereupon the amount due shall be paid over to the corporation or corporations, the state, political subdivision, or political subdivisions entitled thereto under the commission's order. The commission shall have the power by order to designate the state, certain of said corporations, and political

subdivisions, affected, to do all or specified portions of the acts required by any order of the commission made under the provisions of this subsection, and to prescribe the manner and the time within which the parties so designated shall be paid or reimbursed by the other corporations, the state and political subdivisions among which the expense of the work has been apportioned by the commission.

If the legislative body of the political subdivision deems that special benefits will accrue from the separation of grades to a district or districts within such political subdivision, and has made a finding to such effect and that the cost thereof other than the portion to be paid by the railroad, interurban railroad or street railroad involved should be paid in whole by such district or districts or partly by such district or districts and partly by such political subdivision, then the commission shall have power to provide that such proportion of the total cost of such separation of grades including the acquisition of property, the damage to property or an interest therein as shall not be payable by the owners of the railroad, interurban railroad or street railroad involved, may be assessed upon a district or districts within such political subdivision or that a part thereof may be paid by such district and a part by such political subdivision in accordance with the finding of the legislative body of such political subdivision and that the physical work of making such grade separation as well as the proceedings for letting contracts therefor, collecting and enforcing the assessments and making payment for damages and for the acquisition of property shall be done through the agency of such political subdivision in accordance with such statutory methods as may be provided. Power shall be given in and by the order of the commission to the officers of the political subdivision to enter upon so much of the right of way of the railroad, interurban railroad or street railroad as may be necessary to effect the physical grade separation.

Assessments
against
districts.

If any order of the commission heretofore or hereafter made shall provide for the payment of a portion of the cost of any such grade separation by such political subdivision without authorizing the assessment of the same or any part thereof upon a benefited district, then the legislative body of such political subdivision may at any time thereafter apply to the commission to have such order modified in accordance with any finding made by such legislative body and the commission shall thereupon have the same power to make a new or modified order as if such application had been made to it before the making of such order.

Modification
of order.

(c) 1. The commission shall have power in accordance with the procedure provided in this subsection to fix the just compensation to be paid for property or any interest in or to property to be taken or damaged in the separation of grades at any crossing specified in subsection (b) hereof, or for property or any interest in or to property to be taken or damaged in the construction, alteration or relocation, under the

order or with the approval of the commission, of elevated tracks or subways for any railroad or street railroad over or under any public road, street, highway or private right of way, or of any public road, street or highway over or under the tracks of any railroad corporation or street railroad corporation; and upon the payment of the just compensation so fixed to make a final order of condemnation as hereinafter provided.

Commence-
ment of
proceedings

2. Proceedings under subsection (c) hereof may be commenced by order on the commission's own motion or by a petition filed by the state, county, city and county, incorporated city or town, other political subdivision, railroad corporation, or street railroad corporation affected. Any proceeding commenced under this subsection may be made a part of any proceeding commenced under subsection (b) hereof. Said petition shall set forth the name and interest of the petitioner, and said order on the commission's own motion and said petition shall set forth a statement of the purpose of the proceedings and the use for which property or interest in or to property is sought to be taken, a description of each piece of land or other property or interest in or to property sought to be taken, and whether the same includes the whole or only a part of an entire parcel or tract or piece of property or interest in or to property and the names and addresses of all owners and claimants thereof, if known, or a statement that they are unknown, and a statement of each railroad corporation, the state and political subdivision which in the opinion of the commission or the petitioner has an interest in the proceeding. Said petition shall pray that the commission fix the just compensation to be paid for the acquisition of or damage to the property and interest in or to property specified in the petition, that the commission designate the party or parties to the proceeding who shall pay such compensation and the owners and claimants of the property and interest in or to property condemned to whom such compensation shall be paid and that the commission make its final order of condemnation; *provided*, that when the proceeding is commenced by order on the commission's own motion said matters shall be included in the statement of the purpose of the proceeding. Said petition shall be duly verified and at the time the same is filed with the commission the petitioner shall also file the additional copies thereof equal in number to three or more than the number of owners and claimants named in the petition.

Order to
appear.

3. Upon the filing of said petition with the commission or the making of said order on the commission's own motion, the commission shall make its order specifying the nature of the proceeding, containing a general description of the property and interest in or to property to be condemned, and directing the owners and claimants and the railroad corporations, street railroad corporations, and governmental authorities in interest named in said petition or order on the commission's own motion, who shall also be named in said order to show cause, to appear before the commission at a time and place specified

in said order, to show cause, if any they have, why the commission should not proceed after hearing to fix the just compensation to be paid for the acquisition of or damage to the property and interest in or to property specified in said petition or order on the commission's own motion, to designate the party or parties to the proceeding who shall pay such compensation and the owners and claimants to whom such compensation shall be paid and to make its final order of condemnation. Said order to show cause shall direct the secretary of the commission to serve or cause to be served upon each said owner and claimant, railroad corporation, street railroad corporation and governmental authority in interest a copy of said order certified under the seal of the commission to which shall be attached a true and correct copy of the petition or order on the commission's own motion; *provided*, that when the proceeding is commenced by order on the commission's own motion said order to show cause may be incorporated in said order on the commission's own motion.

Personal service shall be made in accordance with the provisions of the Code of Civil Procedure of the State of California; *provided*, that service may also be made by depositing a copy of said order to show cause certified under seal of the commission with a true copy of the petition or order on the commission's own motion attached thereto or made a part thereof in the United States mail, inclosed in a sealed envelope, registered, with postage prepaid, addressed to each owner or claimant, railroad corporation, street railroad corporation and governmental authority in interest named in said petition or order on the commission's own motion. Personal service.

If any owner or claimant named in the petition, or order on the commission's own motion resides out of the state or has departed from the state or can not after due diligence be found within the state, or conceals himself to avoid service, or is a corporation having no managing or business agent, cashier or secretary or other officer upon whom summons may be served, who, after due diligence, can not be found within the state, and the fact appears by affidavit to the satisfaction of the commission, and it also appears by such affidavit or by the petition or order on the commission's own motion that a cause of action exists against such owner or claimant on whom service is to be made and that he is a necessary or proper party to the proceeding, the commission may make an order that the service be made on such owner or claimant by publication of the commission's said order to show cause. Said order of the commission shall direct that the publication be made in a newspaper to be designated by the commission as likely to give notice to the owner or claimant to be served, and for such time as the commission may find to be reasonable, at least once a week, but publication against an owner or claimant residing out of the state or absent therefrom shall not be less than two months. If the address of any owner or Service by publication

claimant as stated in the petition or order on the commission's own motion is out of the state, the secretary of the commission shall within fifteen days after the making and filing of said order to show cause, deposit or cause to be deposited a copy of said order to show cause certified under the seal of the commission, with a true and correct copy of the petition or order on the commission's own motion attached thereto or made part thereof, in the United States mail, inclosed in a sealed envelope, registered, with postage prepaid, addressed to such owner or claimant at the address specified in the petition or order on the commission's own motion. Personal service of a copy of the order to show cause and of the petition or order on the commission's own motion out of the state is equivalent to publication and deposit in the United States mail.

Notice of hearing.

Within ten days prior to the time set for the first hearing on the petition or order on the commission's own motion, which time shall be not less than thirty days after the filing of said petition or the making of said order on the commission's own motion, the secretary shall serve or cause to be served upon the petitioner a written notice of such hearing, specifying the time and place at which such hearing shall be had. In all respects not in this paragraph otherwise provided, service and the proof of service shall be made as provided by the Code of Civil Procedure of the State of California. Upon the completion or service upon the petitioner or upon any owner or claimant, railroad corporation, street railroad corporation or governmental authority in interest named in the petition or order on the commission's own motion, the commission shall have full and complete jurisdiction in so far as such petitioner, owner or claimant, railroad corporation, street railroad corporation, or governmental authority in interest is concerned, to make each finding hereinafter referred to, to fix the just compensation to be paid for the acquisition of or damage to any property or interest in or to property specified in the petition or order on the commission's own motion, to designate the party or parties to the proceeding who shall pay such compensation and the owner or claimant to whom such compensation shall be paid and to make its final order of condemnation. The failure to make such service upon any person alleging that he is an owner or claimant or party in interest but not named in the petition or order on the commission's own motion or to acquire jurisdiction over such person shall in no way affect the jurisdiction of the commission over owners and claimants and parties in interest on whom service has been made as in this paragraph provided.

Amendment of petition.

The commission shall have power at any time subsequent to the filing of the petition, and prior to making and filing its finding of just compensation, to authorize the amendment of the petition, or in case the proceeding is by order on the commission's own motion to amend said order, by altering or modifying the description of said property, or interest in or

to property, or by adding to or deducting from said property or interest in or to property, or by bringing in any additional party or parties and in each other respect including each jurisdictional allegation.

4. At the time and place specified in said order to show cause, or at such other time and place as, for good cause, may be otherwise ordered by the commission, the commission shall proceed to a hearing upon the petition or order on the commission's own motion. When the proceeding has been submitted the commission shall make and file its finding upon the question whether the use to which the property or interest in or to property is to be applied is a use authorized by law and whether the taking is necessary to such use, and shall make and file its written finding and fixing the just compensation to be paid for said property or interest in or to property; *provided*, that if the commission finds that severance damages should be paid, the just compensation for such damages shall be found and stated separately. Said just compensation shall be fixed by the commission as of the day on which the petition was filed or the order on the commission's own motion was made. The commission shall also make its order designating the party or parties to the proceeding who shall pay the just compensation so fixed, or any portion thereof, the amounts in which it shall be paid, the times at which it shall be paid, the property or interest in or to property for which it shall be paid, and the owners and claimants of such property or interest in or to property to whom it shall be paid. The commission may prescribe any other terms or conditions with reference to the payment of such compensation as to the commission may seem proper, including a provision that the money due be paid to the commission to be distributed to the parties entitled thereto. The party or parties whom the commission may designate to pay such compensation or any part thereof shall thereupon become liable therefor, and may be sued in any court of competent jurisdiction by the party or parties entitled to such compensation as provided in the commission's order; *provided*, that in cases in which the order of the commission authorizing any work to be done under the provisions of this section is permissive in character and not mandatory, the commission may prescribe the time within which the party receiving such permission must elect to proceed and notify the commission thereof, and only in the event such party elects to proceed and so notifies the commission shall any liability arise in such cases to pay the just compensation or any part thereof under the provisions of this subsection. When any political subdivision of the state is designated by the commission to pay such compensation or any portion thereof the same shall be collectible in the manner provided in subsection (b) hereof for the collection of expenses apportioned by the commission to political subdivisions of the state.

5. When the just compensation has been paid in accordance with the commission's order made under the provisions of this

Hearing and finding.

Final order of condemnation.

subsection for property or interest in or to property, the commission shall make its final order of condemnation which must describe the property or interest in or to property condemned and the purpose of such condemnation. A copy of said order certified under the seal of the commission shall thereupon be filed in the office of the recorder of the county in which the property or interest in or to property therein described is situated, and thereupon the property or interest in or to property described therein shall vest in the parties and for the purposes specified in said order.

Finding
final

6. The finding of the commission on the question of the necessity for the taking and the finding, fixing the just compensation to be paid for any property or interest in or to property under the provisions of this subsection shall be final and shall not be subject to modification, alteration, reversal or review by any court of this state. The provisions of this act with reference to rehearing and review shall be applicable to the findings of the commission made and filed under the provisions of this section. Petitions for rehearing must be filed within twenty days from the date of making and filing the finding as to which a rehearing is desired. If a finding of the commission made and filed under the provisions of this section is set aside by the supreme court of the State of California, the matter shall be referred back to the commission for further action in a proceeding before the commission, and the commission shall have the right, on taking further action, to consider the entire testimony theretofore taken in the proceeding before the commission as well as such further testimony, if any, as may be presented in connection with such further action.

Rehearing
and review.

Procedure
not exclusive

7. The procedure provided in this section shall be alternative and cumulative and not exclusive to the right to pursue any other procedure now or hereafter establishing, providing for the acquisition under eminent domain proceedings of property or interest in or to property.

Germane to
jurisdiction

8. The Legislature hereby declares that subsection (c) hereof is enacted as a germane and cognate part of and as an aid to the jurisdiction of the railroad commission in the supervision and regulation of railroad and street railroad corporations.

Right to
damages

9. Nothing in this section shall be construed to entitle any owner or claimant of property and interest in or to property to receive damages when the right to receive such damages does not exist under the laws of this state apart from the provisions of this section.

Sec. 9. Before the awarding of any contract by the legislative body for doing any work authorized by this act, said legislative body shall cause notice, with specifications, to be posted conspicuously for five days on or near the chamber door of said legislative body, inviting sealed proposals or bids for doing the work ordered, and shall also cause notice of said work inviting said proposal, and referring to the specifications posted or on file, to be published for two days in a daily, or weekly newspaper published and circulated in said city, designated by said legislative body for that purpose, and in case there is no newspaper published in said city, then it shall only be posted as hereinbefore provided. Every bid shall be delivered to the clerk of the legislative body and shall be accompanied by a check certified by a responsible bank, amounting to ten per cent of the amount of the bid, payable to the order of the said clerk, or by a bond for the said amount, and so payable, signed by the bidder and by two sureties who shall justify before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions, and said amount shall be forfeited to the city in case the bidder depositing the same does not, within ten days after written notice that the contract has been awarded to him, enter into a contract with the city to do the work, with the bonds hereafter required. Said bids shall be opened by the legislative body in public session and publicly declared, and no bid shall be considered unless accompanied by said bond or said certified check. The legislative body must let the contract to the lowest responsible bidder, who shall give bond for the faithful performance of the work in such sum as may be required by it, with sureties satisfactory to said legislative body; *provided, however*, that the legislative body may reject any and all bids, should it deem this for the public good, and also the bid of any person who has been delinquent or unfaithful in the performance of any former contract with the city, or of any other contract let by or under the authority thereof. The contract must provide that the work shall be done under the supervision of the superintendent of streets, and no work shall be paid for until it has been accepted by the legislative body. Whenever the contractor desires the work, or part thereof, to be accepted, he must make written application to that effect to the legislative body. Upon the filing of such application for acceptance, the clerk of the legislative body shall give not less than five days' notice by publication by two insertions in a daily or weekly newspaper, published and circulated in the city, or by posting for two days in three public places in the city, in case no such newspaper is published and circulated therein, that at a certain time and place, to be named in said notice, the legis-

If upon such hearing any objections to the acceptance are made, and are sustained by the legislative body, the legislative body must require the contractor to take such steps as will remove such objections; and in the event of his failure to do so, within such time as the legislative body shall prescribe, the legislative body may relet such portion of the work, and charge the contractor the cost thereof, together with all expenses incident to said reletting, and retain the same out of any moneys due, or to become due, to him under the contract, and also hold him and his sureties responsible therefor upon his bond. The contract shall provide that the work must be commenced within twenty days after the contractor receives written notice from the superintendent of streets that there is sufficient money or bonds, or money and bonds in the special fund devoted to the proposed improvement to pay the contract price, and completed within such time as the superintendent of streets shall prescribe. If the contractor abandons the work or fails to proceed with the same as rapidly as required by his contract, the legislative body may either relet the contract, or any portion thereof, or said body may complete the work by the direct purchase of materials and employment of labor, and pay the cost of the same, including any expenses incident thereto, out of the funds due, or to become due the contractor, and also hold him and his sureties responsible upon his bond for such costs and expenses, and also any damages resulting from such abandonment or failure to proceed with the work as required by his contract; *provided, however,* that should said legislative body elect to complete the work, notice thereof in writing of not less than five days shall be served upon such contractor, or his agent having charge of the work. Such notice may be served by personally delivering such notice to such contractor, or his agent having charge of the work, or by registered mail directed to such contractor or agent at his last known address (the period of five days to run from the date of registration in the United States post office), or when such contractor or his agent has left the state or his address is unknown, by posting such notice in a conspicuous place upon the premises of work.

It shall be lawful for the superintendent of streets, within ten days after the completion of any such contract or work of improvement provided for in this act, or within ten days after there has been a cessation from labor thereon for a period of thirty days, to file for record in the office of the county recorder of the county where the property is situated, a notice, setting forth the date when the same was completed, or on which cessation from labor occurred, together with the name of the municipality and description of the property or public work of improvement, sufficient for identification, and the name of the contractor or contractors, and the name of the surety, which notice shall be verified by such superintendent of streets, and in case such notice be not so filed the failure to so file shall have the same effect as provided in section 1187 of the Code of Civil Procedure, with reference to the "owner." Any laborer, materialman, person, company or corporation entitled to the benefit of this act as hereinbefore set forth, whose claim has not been paid by the said contractor, company or corporation, or his or its subcontractors, shall severally have a first lien upon and against the assessment, any partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment. Suit on

Suit against the surety or sureties on the bond of the contractor required hereunder may be brought by any claimant, or his assign, at any time after the claimant has ceased to perform labor or furnish material or both and until the expiration of six months after the period in which verified claims may be filed as provided herein. The filing of a verified claim shall not be a condition precedent to the maintenance of such action against the surety or sureties on the bond and an action on such bond may be maintained separately from and without the filing of an action against the municipality or officer by whom such contract was awarded. And upon the trial of any such action, the court shall award to the prevailing party a reasonable attorney's fee, to be taxed as costs, and to be included in the judgment therein rendered.

if he shall recover therein, and upon the filing of said bond by and with the consent of such municipality or superintendent of streets, then such municipality or superintendent of streets, shall not withhold any funds, assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment from said contractor on account of said claim. The sureties upon said bond shall be jointly and severally liable to said claimant with the sureties upon the original bond inuring to the benefit of persons entitled to file claims under this act and given in accordance with the provisions of this act.

[Approved by the Governor May 23, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

SECTION 1. Any city or portion thereof, or city and county, or portion thereof, or any portion of the unincorporated area of any county not included in any other park, recreation and parkway district and lying entirely outside any national forest may be formed into a park, recreation and parkway district to acquire all necessary and proper lands and do all necessary and proper construction and work, including the planting of trees and shrubs, to secure and maintain an adequate system of parks, recreation grounds and parkways within said district; *provided*, that no such park, recreation or parkway district, shall embrace within the boundaries of such proposed park, recreation or parkway district, any land or lands lying nearer than one mile to the Pacific ocean or any inlet, bay, estuary or arm of the ocean or shall any change be made in the boundaries of such proposed districts so as to embrace any such lands.

SEC. 2. The words "governing body" as used in this act shall be construed to mean the city council or other governing body of any city, or city and county, or the board of supervisors of any county within this state.

"Governing body."

SEC. 3. The governing body of any city, city and county, or county of the state may determine that said city or portion thereof or city and county or portion thereof, or any portion of the unincorporated area of any county of the state, respectively, not already included in any park, recreation and parkway district, is in need of parks, recreation grounds and parkway planting and should be formed into a park,

Consolidated districts may be formed so as to include both incorporated and unincorporated areas of a given county by the joint resolution of the governing bodies of such incorporated and unincorporated areas of any county, in which case the governing bodies of the incorporated areas may designate the governing body of the unincorporated area of any county as the governing body of such district. Thereupon the governing body of said city, city and county or county shall fix a time and place for the hearing of the matter and shall direct the clerk of said governing body to publish a notice once a week for two successive weeks in a newspaper circulated in the territory which it is proposed to organize into a park, recreation and parkway district which said governing body deems most likely to give notice to the inhabitants thereof of the proposed formation of such district. Such notice shall be in large type and shall be headed "Notice of the proposed formation of----- (county) or (city and county) or (city) park recreation and parkway district in----- county (stating the name of the proposed district and the name of the county or city and county or city in which the proposed district is located) and it shall state the fact that the governing body of the city or county or city and county has fixed the time and place (which shall be stated in the notice) for a hearing on the matter of the formation of park, recreation and parkway district. Said notice shall describe the territory or specify the exterior boundaries of the territory proposed to be organized into a park, recreation and parkway district.

SEC. 4. At any time prior to the time fixed for the hearing of said matter any freeholder residing within said proposed district may file with the clerk of the governing body written objections to the formation of such district. At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the governing body of the city or county or city and county shall consider all written objections filed and shall pass upon the same. If the governing body overrules said objections it shall hear any person having objection to the inclusion within the proposed district of any territory and may exclude any territory therefrom which would not be benefited by inclusion within such district. At the conclusion of the hearing the governing body of the city or city and county or county may abandon the proposed establishment of a park, recreation and parkway district or may decide to establish said district. If it decides to establish said district an election shall be called by a resolution in which said governing body shall set forth the date of said election, which shall be at least twenty days after the adoption of such resolution and which shall designate one or more precincts within the boundaries of said proposed district, and which shall further designate a polling place in each precinct, and

the names of election officers, who shall be one inspector, one judge, and one clerk for each precinct. In all particulars not recited in said resolution such election shall be held as provided by law for holding of general elections in such county except that no notice of such election other than publication of such resolution need be given. The resolution ordering the holding of such election shall, prior to the date thereof, be published once a week for two successive weeks in a newspaper of general circulation in said proposed district which the said governing body shall deem to be most likely to give notice to the electors thereof of such proposed election. Such notice of election shall contain a description of the district declared by the governing body of the city or city and county or county to be a park, recreation and parkway district. The ballots used at such election need not contain a description of such district but shall contain in substance as follows: "Shall the resolution of the (governing body of the city, or county, or city and county) of the -----day of-----, 192--, that ----- (city or city and county or county) park, recreation and parkway district to be established be ratified?" and opposite said proposal be printed the words "Yes" and "No" together with voting squares. If at such election a majority of the votes cast ratify the declaration of said governing body of the city or city and county or county then the said governing body shall enter a finding to that effect upon its minutes and thereafter said district shall be deemed established and organized as a (city or city and county or county) park, recreation and parkway district.

SEC. 5. The governing body of any park, recreation and parkway district shall be the governing body of the city or county and city or county in which such district lies. The governing body of said district shall have power to make and enforce all rules and regulations necessary for the administration and government of such district and for the acquisition, improvement and maintenance of parks, recreation grounds and parkways within the district; to appoint agents and employees sufficient to maintain and operate such parks, recreation grounds and parkways for the benefit of said district; to construct all needed structures; and to perform all other acts necessary to accomplish the purpose of this act.

SEC. 6. The title of all property which may be acquired in connection with said park, recreation and parkway district created under the provisions of this act shall be vested in the city or city and county where said district lies within such a municipality and shall be vested in the county where such district lies in the unincorporated area of any county. When any such district is composed of partly incorporated and partly unincorporated areas of any county the title to such property shall be vested in the county. Whenever all of the territory in any such district created under this act shall be

annexed to any municipality the governing body of such municipality shall assume control of such district together with such property, equipment and supplies as may belong to such district, and shall assume all obligations of such park, recreation and parkway district and shall then receive the unexpended balance of all money in the city or county treasury to the credit of any fund of such park, recreation and parkway district which shall be used for the purposes for which the same was available prior to such transfer and for none other. Whenever all of the territory of such park, recreation and parkway district shall be included within two or more municipalities then the governing bodies of such municipalities may by joint resolution designate the governing body of one of such municipalities to be the governing body of such district, in which case said governing body shall assume all obligations of said park, recreation and parkway district and shall then receive the unexpended balance of all money to the credit of such district together with such property, equipment and supplies as may belong to such district. If prior to ninety days after the annexation of the territory by the two or more municipalities no joint resolution has been passed by the governing bodies of such municipalities designating the governing body of one of such municipalities as the governing body of such district then such park, recreation and parkway district shall be considered dissolved and the several municipalities shall assume an apportioned share of the obligations of such district, and thereafter the unexpended funds, equipment and supplies may then be apportioned between said municipalities in proportion to the assessed valuations of the sections annexed; *provided*, that the county auditor may apportion amounts of any funds, equipment or property between said municipalities; *and provided further*, that any equipment and property which can not be apportioned and divided may be sold by the county at public auction, and the proceeds therefrom divided according to the assessed valuation of their respective territories. The county shall also pay to the municipality annexing or controlling such district, to be used for the purposes of such district, or, in case of the dissolution of such district as provided in this section, to such municipalities in proportion to the assessed valuations of the sections annexed, a sum equal to the uncollected taxes levied by the county for such district; such payment shall be made from the general fund of the county, by means of a claim or claims audited, allowed, and paid as other county claims are audited, allowed, and paid. Thereafter all collections on account of such uncollected district taxes, together with any interest and penalties collected thereon, shall be placed in the county's general fund, for the use and benefit of the county. Such municipality or municipalities shall refund to the county such district taxes thereafter refunded or canceled by the county.

SEC. 7. The governing body of any district created under this act shall levy a tax each year upon the taxable property in each such district sufficient to defray the cost of maintenance thereof and to meet such other expenditures as are authorized by this act in connection therewith. Such tax shall be levied and collected at the same time and in the same manner as general county taxes levied for general county purposes and when collected shall be paid into the county treasury. Where any such district lies entirely in incorporated area, the taxes so collected under this act shall be immediately transferred to the treasurer of such municipality. All funds collected under the provisions of this act, shall be used in furtherance of the purposes of this act with respect to the district within which such taxes were collected and for no other purpose.

Annual
tax levy.

SEC. 8. Any park, recreation or parkway district may be dissolved by the governing body of the city or city and county or of any county when the district lies in unincorporated territory of such county. Upon receiving a petition signed by twenty per cent of the freeholders of such district requesting the dissolution of such district, the governing body of the territory lying within the district, or in case of consolidated districts including both incorporated and unincorporated territory in any such district the governing body of any county shall by resolution call an election for this purpose. Said election shall be called in the same manner in all particulars as an election called to form such park, recreation and parkway district under this act. If at such election the majority of the votes cast ratify the proposal to dissolve such district then the said governing body shall enter a finding to that effect upon its minutes and thereafter said district shall be deemed to have been dissolved. If the governing body of such district shall order the dissolution of such district, the property of such district, the title to which is vested under the provisions of this act, in the city or city and county, or county, where said district lies, shall remain the property of said city, or city and county, or of the county, where said district lies in the unincorporated area of any county. Where such district includes both incorporated and unincorporated area of any county, all property lying within any city or city and county shall revert to such municipality and all property of such district lying in the unincorporated area of any county shall remain the property of the county and any money remaining in the treasury of said city, city and county or county to the credit of such district shall be expended in the maintenance and repair of the highways of such district, whether such highways, at the time of dissolution, are in incorporated or unincorporated territory. The county shall also, upon the order of the board of supervisors, transfer from its general fund to the fund of the district a sum equal to the uncollected taxes levied by the county for such district and all moneys then in and so transferred to such district fund shall be expended in the

of territory.

SEC. 9. At any time after the establishment of any district created under the provisions of this act, the governing body of such district may determine that certain territory should be annexed to or withdrawn from such district. Thereupon said governing body shall fix a time and place for the hearing of the matter of the annexation or withdrawal of said territory and shall direct its clerk to publish a notice once a week for two successive weeks in a newspaper circulated in the territory which it is proposed to annex to or to withdraw from said district which said governing body deems most likely to give notice to the inhabitants of such territory. Such notice shall be headed "Notice of the proposed annexation of territory to the ----- park, recreation and parkway district in ----- county," or "Notice of the proposed withdrawal of certain territory from the ----- park, recreation and parkway district in ----- county," stating the name of the district to which it is proposed to annex territory and shall contain a statement of the time fixed by the said governing body for a hearing on the matter of the annexation of said territory to or withdrawal of said territory from said park, recreation and parkway district. Said notice shall designate the territory proposed to be annexed or withdrawn from said district.

At the time and place fixed by said governing body for the hearing of said matter of annexation to or withdrawal of territory from such district, or at any time to which said hearing may be continued, the governing body shall hear any person objecting to said annexation or withdrawal of territory or objecting to the annexation or withdrawal of any portion of said territory. At the conclusion of said hearing said governing body may refuse to annex or withdraw any territory to the said established district or it may include all or a portion of the territory proposed to be annexed or withdrawn from such district. If it determines to annex to or to withdraw from said district any territory it shall so declare by resolution which must be approved by a majority vote of the taxpayers of the existing district in case of a proposed withdrawal of territory, or by a majority vote of the taxpayers of the entire new proposed district in case of a proposed annexation of territory, at an election which shall be called for such purpose by the said governing body not later than sixty days after the adoption of said resolution. Said election shall be so conducted and shall be held at such place and during such hours of the day set for the same as will in the judgment of said governing body best serve the needs and convenience of a majority of the taxpayers of said existing or proposed district, as the case may be.

Thereupon said territory shall be annexed to or withdrawn from said district for all purposes of this act.

The office of the board and its place of meetings may be changed by a majority vote of the board of directors, but no such change shall become effective until after the resolution

making such change shall be published once a week for two successive weeks in the county in which the office of the board of directors has theretofore been located.

Assessments
to pay
expenses of
organization.

Sec. 16. The board of directors must and shall at its first regular meeting or within ninety (90) days thereafter levy an assessment of an equal amount upon each acre of land in said district sufficient to pay all warrants issued by the state engineer, in accordance with the provisions of this act, and to defray all other expenses as estimated by the board, incurred and to be incurred for the general benefit of the district up to the time of the levy of the assessment provided for in section 19 of this act, including expenses incurred prior to the organization of the district, but in the judgment of the board properly incurred for the general benefit of the district, the amounts required to be raised to pay warrants of the state engineer and to pay such expenses to be separately stated in the resolution levying the assessment. In the event the assessment so levied for such purposes shall not be sufficient for the same, it shall be the duty of the board of directors from time to time levy an additional assessment or assessments of the same character for said purposes; *provided, however,* that the total of all such assessments, exclusive of the amount assessed for the purpose of paying warrants of the state engineer, shall not exceed fifty (50) cents per acre, except as hereinafter provided.

If, after the total amount raised by all such assessments shall have been expended or its expenditure authorized, such total amount is found to be insufficient to meet all of such expenses of the district, the directors may, in the manner hereafter provided, levy an additional assessment or assessments of like character for such purposes up to an amount not in excess of fifty (50) cents per acre. Before levying any such additional assessment the board of directors shall pass a resolution declaring its intention so to do and in such resolution shall appoint a time not less than two weeks and not more than four weeks from the passage of such resolution of intention at which the matter of levying such additional assessment will be considered in open meeting. A copy of such resolution of intention shall be published once a week for at least two weeks before the time so appointed in a newspaper of general circulation in each county in which land within the district is located. At the time so appointed the board shall meet and in open meeting consider the matter of levying such additional assessment and hear any objection thereto and at or after such meeting may upon approval of the state engineer levy such additional assessment, if in its judgment the best interests of the district so require. Every assessment levied under this section shall constitute a lien upon the lands affected thereby, until the full amount thereof is paid, which lien shall be prior to all other liens, except state,

county and municipal taxes and assessments, or taxes levied or assessed by or under statutory authority, and shall be collected in the same manner as other assessments provided for in this act. The provisions of this section as amended shall apply to all water storage districts, whether organized before or after the date of this amendatory act becomes effective.

SEC. 9. Section 17 of said act is hereby amended to read as follows:

Sec. 17. The board of directors shall upon the organization of a water storage district as in this act provided, proceed to make or cause to be made all such examinations, surveys, detailed plans and specifications, and estimates of cost for the acquisition, appropriation, diversion, storage, conservation and distribution of water, any drainage or reclamation works connected therewith, and the generation of hydroelectric energy incident thereto, and the sale and distribution thereof, as may be necessary or requisite to enable said board of directors to ascertain and estimate the requirements and works necessary as aforesaid, for the purpose of said water storage district, and the probable cost and expense thereof, and to make a report thereof as hereinafter provided, in which connection said board may use and adopt all previous estimates, surveys, reports and other data it may have acquired or which are available to it, adapted to that purpose, and may employ all necessary engineers, attorneys and other assistants for the accomplishment of said purposes, and the cost thereof shall be deemed a part of the expense of said project, and such board may issue warrants therefor, which shall be payable out of the funds of said district and may be included in any bond issue authorized for the purposes of said district. Said board of directors may at their option segregate and divide the plans, specifications and estimates of cost into one or more units of construction, and may in said plan provide that one or more individual units of construction shall not be entered upon immediately, but shall be authorized and undertaken in such order and at such future time as the board of directors shall thereafter determine. Upon the completion of said examination and study of the proposed project by the said board of directors, the said board shall prepare and file in the office of the state engineer, and a true copy thereof in the office of the secretary of said board, a report thereof, in which said report shall be set forth in full and in detail the character and nature of the proposed works, a description of the rights both to waters and lands it will be necessary to acquire to carry said project to completion, accompanied by detailed plans and specifications, and a detailed estimate of the cost of said project, including the acquisition of all rights necessary to the completion and operation thereof. The board of directors shall attach to said report a recommendation that said project shall be carried out in accordance with the plans and specifications in said report contained, or that said project be abandoned. Such report when completed shall be signed by a

majority of the board of directors, and entered in full upon the minutes of said board. If said board shall determine to segregate and divide the plans, specifications and estimates into more than one unit of construction, such plans, specifications and estimates shall be complete as to each unit, and the board shall in its report specify the particular unit or units the construction of which shall be immediately entered upon, and the particular unit or units reserved for future action.

SEC. 10. Section 18 of said act is hereby amended to read as follows:

Sec. 18. If the said board of directors recommends that said project be abandoned the state engineer shall make such further investigation of said project as is in his judgment desirable and shall within sixty days after the filing of said report make and enter upon the records kept by him an order either (a) approving and confirming the said report and recommendation and declaring said project abandoned, which said order shall be without prejudice to the presentation of another petition covering the same matter, or (b) approving and adopting the said report but taking no action with respect to the said recommendation, and calling another election to be held in the district for the purpose of determining whether or not the recommendation of said board of directors shall be adopted or rejected. In the event the said order so made and entered by the state engineer shall call an election, said state engineer shall within thirty days after the entry of said order give notice of such election. Said notice shall be published once a week for at least three weeks previous to such election in each county in which any land in the district is situated. Said notice shall require ballots to be cast, which shall contain the words "Completion of project—Yes" or "Completion of project—No." For the purposes of said election the state engineer must establish a convenient number of election precincts in said district and define the boundaries thereof and said state engineer at the time of calling said election shall in his order designate voting places and appoint three land holders of the district to act as a board of election at each voting place. Such election shall be conducted as nearly as practicable in accordance with the provisions of this act relating to general water storage district elections, but no particular form of ballot shall be required. The qualification of voters at said election shall be the same as prescribed for the original election on organization of district, and the votes cast at said election shall be canvassed in the same manner as votes cast at said original election, and the result of such election shall be declared and entered of record in the minutes of the board. If such result shall show more than one-third of all the votes cast are "Completion of project—No," the state engineer shall make and enter in his records an order declaring said project abandoned, and requiring all persons, except the holders of warrants issued pursuant to the provisions of this act and which have been duly presented for payment, having claims against

Notice of said order requiring presentation of claims stating the time and place thereof shall be published in the county in which the office of the district is located by said state engineer once a week for four successive weeks, the first publication of which said notice shall be made within ten days after the making of said order. After all warrants issued under the provisions of this act which have been duly presented for payment and all claims that have been duly presented and have been allowed and approved by said state engineer or the board of directors of said district, have been paid, said state engineer shall forthwith cause a copy of said order declaring said project abandoned, duly certified by said state engineer, to be filed for record in the office of the county recorder of each county in which any portion of the land embraced in said district is situated, and from and after such filing said district shall be deemed dissolved and all liens which may have attached to any of the lands therein under any provisions of this act shall be discharged and any undertaking given pursuant thereto shall be annulled and of no further effect. If the canvass of the votes cast at such election show two-thirds or more of all votes cast are "Completion of project—Yes" said state engineer shall thereupon appoint the commissioners provided for in section 19 of this act and thereafter such proceedings shall be taken and followed as are provided in said section 19 and subsequent sections of this act.

SEC. 11. Section 19 of said act is hereby amended to read as follows:

Sec. 19. If the board of directors recommends that said project be carried out in accordance with the plans and specifications in its said report contained, the state engineer shall make such further investigation of such project as is in his judgment desirable and shall as soon as possible after the expiration of sixty days after the filing of said report make and enter upon the records kept by him an order either approving and confirming said report and recommendation or disapproving the same. Pending final approval or disapproval by the state engineer, the board of directors may amend, modify, or supplement their report and the plans, specifications and estimates and other matters accompanying the same, either on their initiative or in response to suggestions by the state engineer.

Election.

Immediately after making and recording such order, the state engineer shall call a district election for the purpose of determining whether such recommendation and report shall be adopted, such election to be noticed, held, and conducted and the result thereof determined and declared in all respects as nearly as possible as provided in section 18 of this act, the notice of election to state whether such report and recommendation is approved or disapproved by the state engineer.

If the result of such election shows that more than one-third of all votes cast are "Completion of project—No," the project shall be deemed abandoned and proceedings shall be thereafter taken as provided in section 18 in case of abandonment. If the result of such election shows two-thirds or more of all votes cast are "Completion of project—Yes," said report and recommendation shall be deemed to be adopted by the district. In case of the adoption of said report and recommendation the state engineer shall forthwith appoint three (3) commissioners whose duty it shall be to assess the cost of the project, or in the event said board shall have divided the project into units of construction, the cost of the unit or units specified for immediate construction, upon the benefited lands within the district, and the said cost shall be apportioned in accordance with the benefits that will accrue to each tract of land held in separate ownership in said district by reason of the expenditures of said sums of money, and the completion of the project, or such unit or units thereof as have been specified for immediate construction, such assessment to be in gold coin of the United States; *provided, however*, that if the project shall include plans for the generation of electric power, then the commissioners shall ascertain the total cost of all the properties which are necessary to be used in connection with the generation of electric power as set forth in said plan, and shall also ascertain what portion of the assessment of benefits to accrue to each tract made as herein provided consists of costs of the properties which are necessary to be so used; and *provided, further*, that where any such tract of land consists of more than one section such apportionment to such tract of land shall be made according to legal subdivisions thereof or to other boundaries sufficient to identify the same in subdivisions not greater than one section in area, but any failure or defect in complying with this requirement shall not invalidate said apportionment or said assessment. One of said commissioners shall be a civil engineer and one shall have a practical knowledge of irrigation, and none of said commissioners shall have any interest in any land in the district either directly or indirectly, and each commissioner before entering upon his duties shall take and subscribe an oath that he is not in any manner interested directly or indirectly in any land in the district and that he will perform the duties of commissioner to the best of his ability, and said commissioners shall be paid as compensation for the services rendered by them such sum, or sums, as the state engineer shall fix and determine, which shall be considered a part of the cost of the project, and said state engineer may issue warrants therefor, which shall be payable out of the funds of said district and may be included in any bond issue authorized for the purposes of said district. The said commissioners shall receive from the board of directors of the district a copy of the detailed plans, specifications, and estimate of the costs of the project, which have been duly filed

with the state engineer. The said commissioners shall thereupon prepare and certify to the state engineer in triplicate rolls which shall contain:

(1) A description of each tract held in separate ownership by legal subdivisions, governmental surveys or other boundaries sufficient to identify the same; *provided, however*, that if any area composed of more than one tract held in separate ownership is not assessed because the lands therein will not be benefited by the expenditure of the funds to be raised by the assessment, a description of such area as a whole without a description of each tract thereof shall be sufficient;

(2) The number of acres in each tract;

(3) The name and address of the owner of each tract, if known, and if unknown, that fact, but no mistake or error in the name of the owner or supposed owner of the property assessed, and no mistake in any other particular, shall render the assessment thereof invalid;

(4) The rate per acre of such assessment upon each tract assessed, or if no assessment is made upon any tract, or area composed of more than one tract, a statement of that fact;

(4½) The rate per acre of such assessment upon each tract assessed for the costs of the properties which are necessary to be used in connection with the generating of electric power, or if no assessment of such costs is made upon any tract, or area composed of more than one tract, a statement of that fact;

(5) The total amount of the assessment as computed;

(6) Any other statement which may be required by the state engineer and as to which notice is given in writing to the commissioners at the time of transmitting the plans and specifications and costs of the work for the district before-mentioned.

Report of
commission-
ers.

The roll shall be separately made for lands lying within different counties contained within said district. Said rolls when completed shall be accompanied by the written report of the commissioners wherein is set out with particularity the exact nature and quantum of the benefits so assessed, both in respect of the right in and to stored surplus waters, and the right to store water in the reservoir or reservoirs of the district, apportioned and allocated to each such tract of land in said district and also through any drainage or reclamation work connected therewith and also the portion of the assessment attributable to the cost of the properties which are necessary to be used in connection with the generation of electric power. In such report lands embraced within a comprehensive area or a political subdivision of the state may be referred to generally as lands lying within such area or subdivision without further description.

Certification
and filing
of rolls.

Said rolls when completed shall be duly certified by said commissioners and forthwith by them filed in the office of the state engineer. Said state engineer shall forthwith transmit two copies of said rolls to the board of directors of said district, who shall file one copy in their records and thereupon

transmit to the county treasurer of each county within such district that portion of the roll relating to the lands within such county. Thereafter the executive directors and the president of the board of directors of the water storage district in which the lands described in said rolls are situated shall become and constitute a board, in the nature of a board of equalization, which shall be known and designated as the "adjustment board" and whose functions shall be to consider and act upon objections, if any, presented as herein provided to the assessment made by said commissioners. For that purpose said adjustment board shall at once organize by the election from its members of a president and a secretary and shall thereupon appoint times and places not less than thirty days after said rolls have been filed in the records of said board of directors when and where it will meet within each county wherein lands of said district are situated for the purpose of hearing objections to said assessments, and notice of such hearing shall be published at least once a week for two successive weeks in each county in which any land within said district may be situated. Said objections, if any, must be in writing verified and filed with the state engineer, and shall set forth the grounds of such objections. Such verification shall be made by the affidavit of the objector or some other person who is familiar with the facts. Said adjustment board may postpone such hearings from time to time. At such hearings the adjustment board shall hear such evidence as may be offered touching the correctness of such assessment, and may modify, amend, or approve the said assessment in any particular and may reapportion the whole or any part thereof; *provided, however*, that no assessment shall be increased except after personal notice or notice by registered mail given to the owner, if known, by depositing in the postoffice at the place in which the office of said district is located, in a sealed envelope addressed to each of such owners at his last known, if any, place of residence or business, otherwise at the county seat of the county in which any portion of his lands are situated, with full postage paid, at least two weeks before said hearing, or if unknown by publication at least once a week for two successive weeks in the county in which said land in the district may be located, and upon a hearing of objections thereto if made.

Adjustment
board to
equalize
assessments.

Said adjustment board, after said hearings, must make an order approving such assessment as finally fixed or modified, which order shall be filed with and entered in the records of the state engineer, and the apportionment and determination of said adjustment board shall be final and conclusive, and no action or defense shall ever be maintained attacking the same in any respect. Two copies of said assessment roll as finally fixed and approved by the adjustment board shall be forthwith certified by the secretary of such adjustment board and transmitted to the board of directors of the said district, who shall file one copy in their records and thereupon immediately

transmit to the county treasurer of each county within such district that portion of the roll relating to the lands within such county together with a copy of the order of approval of such assessment roll by said adjustment board. Thereafter said assessment roll shall be conclusive evidence before any court or tribunal that said assessment has been made and levied according to law.

Charges
a lien.

When the board of directors shall file with the county treasurer of a county within such district the said assessment list or roll as finally approved as hereinbefore provided the charges assessed thereby upon the several tracts of land within the county shall constitute a lien thereon which shall be prior to all other liens except state, county and municipal taxes, and assessments or taxes levied or assessed by or under statutory authority and shall impart notice thereof to all persons. Where bonds of such district have been issued upon any such assessment no act or conduct on the part of such board of directors, or any officer herein mentioned, shall invalidate any such assessment after the same shall have become a lien in the manner herein provided.

Construction
of additional
units.

In the event of the division of the project into units of construction, and the specification of one or more units for future construction, the board of directors shall at such time as it shall determine upon the construction of any such unit or units, pass a resolution to that effect and cause a certified copy thereof to be transmitted to the state engineer. At such time the board may amend the plans, specifications and estimates of costs of such unit or units by making such changes therein, modifications thereof, and additions thereto, as it shall deem desirable, and in the event of any such change, modification or addition, the board shall cause to be filed with the state engineer, the plans, specifications and estimates of costs of such unit or units as amended. Upon receipt by the state engineer, of such certified copy of resolution and such amended plans, specifications and estimates of cost, if any, the same proceedings for levying, approving and collecting an assessment to meet the cost of the unit or units to be constructed shall be had as hereinbefore provided for an assessment to meet the cost of the unit or units first constructed.

Effect
of act.

Any proceedings taken under this section prior to the going into effect of this act amending the same, and conforming to said section as it read before such amendment, shall not be invalidated by the passage of this act, but all subsequent proceedings shall be taken into accord with said section as so amended.

assessments.

SEC. 12. A new section is hereby added to said act, to be number 19a, and to read as follows:

Sec. 19a. When any tract of land upon which any assessment provided for by this act has been levied shall be subdivided into smaller parcels, the board of directors of the district shall, upon the written request of the owner of such

tract or of any of such smaller parcels and after hearing, reapportion the said assessment in such manner as will in the judgment of the board charge each of said smaller parcels with a just portion of such assessment. Supplementary assessment rolls, showing such reapportionment, shall be made and shall be made separately for lands lying within different counties. Said board of directors shall thereafter file copies of said supplementary assessment rolls with the state engineer and shall also file with the country treasurer of each county in which any portion of said tract so subdivided is situated the supplementary assessment roll relating to the lands in such county, and from and after such filing the said assessment shall be an assessment upon each of said smaller parcels in accordance with such reapportionment and not an assessment upon said tract as a whole; and such supplementary assessment rolls shall be deemed to be a part of and amendatory of the assessment roll or rolls theretofore filed for all purposes. Such reapportionment shall in no wise affect the assessment except as to the lands included in the supplementary assessment rolls.

SEC. 12 $\frac{1}{2}$. A new section is hereby added to said act, to be numbered 19b, and to read as follows:

Sec. 19b. At the expiration of five years after the commissioners have assessed the cost of the project upon the benefited lands within the district, and the costs of the portion of the project used for the generation of electric energy, and thereafter at periods of not less than five years, the state engineer, upon the request of the board of directors, or upon petition of holders of title to ten per cent of the lands within the district, shall appoint three commissioners to reassess the costs of the project upon the benefited lands within the district, whereupon the state engineer shall appoint such commissioners, and thereupon proceedings shall be had for assessing the costs of the project as provided in section 19 of this act.

SEC. 13. Section 21 of said act is hereby amended to read as follows:

Sec. 21. At the end of thirty days the county treasurer must make return to the board of directors of the district of all assessments paid. All unpaid assessments shall bear interest at the rate of seven per cent per annum. Thereafter all unpaid assessment and accrued interest shall be collected when and as called, and paid to the treasurer of the county or counties, who shall collect and hold such moneys to the credit of the district. Unless bonds shall have been authorized as hereinafter provided, all such payments shall be made in such amounts or installments and at such times respectively as the said board, from time to time, in its discretion, by order entered in its minutes, may direct. Upon making any order fixing and calling such installment or amount, the secretary shall also enter in the minutes of the board, and certify to each county treasurer for signature and mailing or publication in the

counties in which any lands within the district are situated a notice in substantially the following form:

Notice.

(Name) water storage district. (Location of the principal place of business). Notice is hereby given that at a meeting of the board of directors held on ----- an installment of ----- per cent of assessment number ----- was ordered paid within sixty days from the date thereof to the respective county treasurers of the counties wherein lands of such district are situate. Any installment which shall remain unpaid on the (day fixed) will be delinquent, together with the accrued interest thereon, with ten per cent of such installment and interest added as penalty.

(Signed)-----

Treasurer of-----County.

Such notice must be sent through the mail, addressed to each owner of land in the district at his place of residence if known, and if not known, at the place where the principal office of the district is situated, or in lieu thereof such notice shall be published once a week for two consecutive weeks in each such county.

Delinquent Installments

If any such installment shall remain unpaid at the expiration of said sixty days from the date of the order, then the said installment of said assessment shall become delinquent, together with the accrued interest thereon and a penalty of ten per cent of the amount of said installment and interest shall be added thereto and collected for the use of the district.

Delinquent list.

Immediately after the said installment has become delinquent the said county treasurer or county treasurers must prepare and as soon as the same is complete publish once a week for two consecutive weeks in each county wherein lands of the district are situated, in one notice a list of all delinquencies in such county, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount then due on said property, and a notice that the property assessed will be sold on the date therein stated in front of the courthouse of said county to pay the amount then due on said property. The date of said sale shall not be less than ten days after the date of the last publication of said notice. At the time stated in said notice, or such other time to which said sale may have been postponed, the county treasurer must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the county treasurer must deposit the amount due on said property as shown in said notice to the proper fund of the said district. The county treasurer must pay to the owner of said property any surplus remaining after said deposit to the credit of the district, after first deducting any expense of sale. Except where bonds have

Sale for nonpayment.

been issued upon an assessment the board of directors may direct the county treasurer to postpone said sale from time to time, for not less than ten nor more than thirty days at one time, by a written notice posted at the place of sale.

If no bid is made for said property equal to the amount due thereon, it must be struck off to the district for the said amount so due. A certificate of such sale shall be executed by the county treasurer to the purchaser, or to the district if the property shall have been struck off to the district, and this certificate of sale shall be recorded in the office of the county recorder of said county. Any person interested in said property may redeem the same at any time within three years after the date of said sale, by paying to the county treasurer the amount for which the said property was sold, and interest on the said sum at the rate of two per cent per month from the date of said sale, which amount shall be credited to the proper fund of said district.

If no redemption shall be made within said three years, the purchaser or the district, if the property shall have been sold to the district, shall be entitled to a deed executed by the county treasurer or his successor in office, and the effect of such deed shall be to convey said property free and clear of all liens and incumbrances except state, county and municipal taxes, assessments or taxes levied or assessed by or under statutory authority and any water storage district assessment or portion thereof remaining unpaid at the date of said sale, each installment whereof may be called and collected as herein provided. The board of directors may sell such property sold to the district at any time at public auction after notice given for the same period and in the same manner as is herein provided for sale of delinquent assessments, but not for a sum less than the amount for which said property was sold, with interest at seven per cent per annum, and the deed executed in pursuance of such sale shall convey said property free of all incumbrances except as hereinabove provided for said deed by the county treasurer.

SEC. 14. Section 22 of said act is hereby amended to read as follows:

Sec. 22. Whenever after completion of the works of a district in whole or in part, it becomes necessary in the opinion of its board of directors to raise any sum for the maintenance, repairs or operation of its works or for the conduct and management of the district or its works, the board of directors shall first cause to be prepared and when prepared, adopt a report showing the stage to which the said works have been completed and paid for, the sum or sums that will be required for the maintenance or repair or operation of said works, or for the conduct or management of the district or its works, with reasonable particularity, together with any plans and specifications for any work to be done, and an estimate of the aggregate cost thereof, a copy of which said report with the said

Supplemental
assessments

plans and specifications shall be placed on file with the secretary of said board, and a notice of the filing of said report stating the purpose of the same, and where the same may be inspected by any person interested, and fixing a time within which protests against the adoption of said report and the levying of any assessment thereunder may be filed, and the time and place when a hearing on such protests will be had. Such hearings shall be public, and held at the ordinary place of business of the board of directors of said district within said district, at which said hearing all protestants shall be permitted to appear in person or by attorney and present their objections to such report, if any. At the conclusion of such hearing said board may adopt such report or modify the same or cause a new report to be made and prepared to be again set for hearing as in the first instance, or abandon either in whole or in part the levying of any assessment pursuant to such report. If after such hearing said board shall determine that such assessment be necessary, said board may make an order of supplementary assessment. Such supplementary assessment shall be spread between the respective tracts of land in the proportions which the total amounts assessed against such tracts by the original and all subsequent assessments for construction purposes bear to one another. The order making such supplementary assessment shall be entered in the minutes of the board, shall state the total amount necessary to be raised and shall fix the rate of assessment which shall be the percentage of the total amount assessed by the original and all subsequent assessments for construction purposes which is required to produce the amount necessary to be raised. Upon the making of such order, the board shall cause to be prepared a supplementary assessment roll showing by description each tract assessed, the total of assessments against the same for construction purposes, the rate of assessment and the amount assessed against the same by such supplementary assessment in dollars and cents computed at such rate. Upon the completion of such supplementary assessment roll, the board shall file with the county treasurer of each county wherein are situated lands subject to such assessment, a copy of so much of such assessment roll as pertains to the lands within that county, and thereupon such assessment shall constitute a lien upon each tract shown to be assessed by the copy of the assessment roll so filed for the amount assessed against it, such lien to be of the same character and to have the same incidents as the lien of an original assessment for purposes of construction. At any time within sixty (60) days from the filing of the copy of the assessment roll as aforesaid, the same may be amended by the board of directors to correct errors either on its own initiative or at the instance of any land owner affected, such amendment to be made by endorsement upon the assessment roll by the county treasurer upon the certification of the error to him by the board of directors. Such supplementary assessment shall be

collected in the manner herein provided for the collection of original assessments and the board of directors may call the same as a whole or in installments from time to time, as it may deem best.

The report of the commissioners allocating or spreading the original assessment levied for construction purposes and all assessment rolls for such assessment or for supplementary assessments for such purposes shall continue in force as the basis for allocating and spreading assessments for maintenance repair or operation of the works of the project or for the management and conduct of such works or of the district. All provisions of this act with respect to the levy and collection of assessments shall, so far as appropriate, be applicable to such supplementary assessments.

For the purpose of the care, operation, management, repair or improvement of such portions of the project as are in use, including salaries of officers and employees, and all other operating and maintenance expenses, the board may in lieu (either in part or in whole) of levying assessments as in this section provided for, fix rates of tolls and charges for irrigation or available irrigation and other services rendered by the district, and collect the same from all persons receiving the benefit of such irrigation or other services, such tolls and charges to be proportional as nearly as possible to the service rendered. Tolls and charges.

Whenever any tolls or charges for the use of the water or for other services rendered by the district provided for by this act have been fixed by the board of directors, it shall be lawful to make the same payable in advance, and in case any tolls or charges remain unpaid for a period of thirty days after the same become payable, the same shall become delinquent and a penalty of ten per cent shall be added thereto and such delinquent tolls and charges shall bear interest at the rate of twelve per cent per annum. The board of directors may, after any toll or charge becomes delinquent, file in the office of the county recorder of the county in which are situated the lands as to which such tolls or charges are delinquent, a list showing the names of the owners of such lands, if known, and if not known, a statement of that fact, a description of such lands sufficient for identification and the amounts of tolls and charges which are delinquent, and upon the filing of such list the tolls and charges so listed, together with the penalties and interest thereon, shall become a lien upon the lands as to which such tolls and charges are delinquent in the same manner and of the same character as the lien of a district assessment. The board of directors of any water storage district may at any time after any toll or charge provided for in this act has become delinquent, direct that proceedings be not taken to enforce the lien therefor, and in place of such proceedings bring suit in the name of the district against the delinquent to enforce collection of such delinquent toll or charge. In such suit the district may recover the Collection of tolls and charges

Assessments
to complete
project or
units

SEC. 15. Section 23 of said act is hereby amended to read as follows:

Sec. 23. In the event that the original assessment for the project or any unit thereof is insufficient to provide for the completion of the project or of such unit, the board of directors shall levy and collect a supplementary assessment or assessments to cover the estimated cost of completion thereof. Each such supplementary assessment shall be spread between the different tracts of land in the proportion which the amounts assessed against such tracts by the original assessment bear to one another. Such supplementary assessment shall be made by order entered in the minutes of the board, which order shall state the total amount necessary to be raised and shall fix the rate of assessment which shall be the percentage of the total amount assessed by the original assessment which is required to produce the amount necessary to be raised. Upon the making of such order, the board shall cause to be prepared a supplementary assessment roll showing by description each tract assessed, the amount assessed against the same by the original assessment, the rate of assessment and the amount assessed against the same by such supplementary assessment in dollars and cents computed at such rate. Upon the completion of such supplementary assessment roll, the board shall file with the county treasurer of each county wherein are situated lands subject to such assessment a copy of so much of such assessment roll as pertains to lands within that county and thereupon such assessment shall constitute a lien upon each tract shown to be assessed by the copy of the assessment roll so filed for the amount assessed against it, such lien to be of the same character and to have the same incidents as the lien of the original assessment. At any time within sixty (60) days from the filing of the copy of the assessment roll as aforesaid, the same may be amended by the board of directors to correct errors either on its own initiative or at the instance of any land owner affected, such amendment to be made by endorsement upon the assessment roll by the county treasurer upon the certification of the error to him by the board of directors. Such supplementary assessment shall be collected in the manner herein provided for the collection of original assessments, and the board of directors may call the same as a whole or in installments from time to time, as it may deem best.

Additional
property
or work.

The board of directors may also determine upon the acquisition of property or for the construction of work not contemplated in the report and recommendation, with accompanying plans and specifications, originally adopted in accordance with the provisions of section 19. In such event, the same proceedings for the preparation and adoption or rejection of the report and recommendation as to the acquisition of such additional property or construction of such additional work,

and in case of the adoption of such report and recommendation, the levying and collection of the assessment or assessments to meet the cost thereof, shall be taken in connection with the property and work to be acquired or constructed as hereby provided shall be taken in connection with the acquisition or construction of the property or work contemplated by the original project.

In the event the cost of any unit is less than the funds collected therefor, the excess shall be held and used for the benefit of such unit only and shall be applied to the bond fund of such unit, if any, and if there be no bond fund then to the maintenance and operation of such unit.

Sec. 23½. Upon the call of any tax or assessment, or portion thereof, hereunder the board of directors shall ascertain the total net revenue which has been derived by the district from the generation of electric power since the call of the last preceding tax or assessment, or portion thereof, and from the tax or assessment then called upon each tract of land which has been assessed for the costs of the properties comprising the portion of the project to be used for the generation of electric energy, there shall be deducted by the county treasurer of each county in which lands of the district are situated, an amount equal to such proportion of the total net revenue so ascertained to have been derived from the generation of electric energy, as the portion of such costs assessed under section 19 hereof against such tract bears to the total of such costs. In making such deduction, fractions of cents upon each such tract shall be disregarded and no error in the computation of such deduction shall invalidate any such call.

SEC. 16. Section 24 of said act is hereby amended to read as follows:

Sec. 24. Whenever in any water storage district any assessment has been levied and assessed upon the lands of said district and remains unpaid in whole or in part, and, in the judgment and opinion of the board of directors of said district, it shall be for the best interest of the district or the landowners therein to issue bonds for the purpose of obtaining money to pay the costs of the proposed project, the indebtedness of the district, or any other lawful charge, or when a petition signed by the owners of more than one-fourth in assessed value of the lands of the district, requesting it is filed with the secretary of said board, the board of directors of such district shall by order entered upon the records of said board order a special election to be held in said district, at which special election shall be submitted to the owners of assessed land in said district the question whether or not bonds of said district shall be issued in an amount equal to the amount of such assessment, or the part of such assessment remaining unpaid, which said amount shall be entered by said board of directors in its records and stated by them in the order for such special election.

The treasurer of said district shall place the bonds prepared pursuant to this act to the credit of the district. Thereafter when directed by resolution of the board of directors of the district, the treasurer shall sell the whole or any designated number of said bonds for the best price obtainable, but in no event for less than ninety per cent of the face value of said bonds and the accrued interest thereon. Before making a sale of said bonds, notice shall be given by the said treasurer by publication at least once a week for two successive weeks in the county in which the office of said district is located, that he will sell a specified amount of said bonds, and stating the day, hour, and place of such sale, and asking sealed proposals for the purchase of said bonds, or any part thereof. At the time appointed said treasurer shall open the bids and award the bonds to the highest responsible bidder. The treasurer upon written request of a majority of the directors must reject any or all bids. Any sale by the treasurer and delivery of the bonds thereunder shall be conclusive evidence in favor of the purchaser and all subsequent holders of the

It shall be sufficient to describe said lands as all lands in the district (naming it) without a more specific description. The summons shall be published once a week for two successive weeks in the county where the action is pending. Within thirty days after the first publication of summons any owner of land in such district or any person interested may appear and answer the complaint, which answer shall set forth the facts relied upon to show the invalidity of said bonds. The default of all defendants not so appearing may be entered. Such action shall be given precedence in hearing and trial over all other civil actions in such court, and judgment rendered declaring such matters so contested either valid or invalid. Any party not in default may have the right to appeal to the supreme court within thirty days after the entry of judgment. Judgment for the plaintiff in such proceedings shall be considered as a judgment in rem and shall be conclusive against said district and against all lands therein, and all owners thereof and other interested persons.

Legality
of bonds.

All moneys collected by a county treasurer upon any assessment upon which bonds shall have been issued, including all moneys derived from sale of land for delinquent installments, or from redemption thereof, or from sale of lands brought by such treasurer at any such sale as trustee of the bond fund of the district shall be by such treasurer forthwith paid into the county treasury of the county from which the same arose to the credit of the bond fund of such water storage district, and shall be used exclusively for the payment of principal and interest of said bonds issued on such assessment.

Maturity of
additional
bonds.

If any district having authorized the issuance of a series of bonds shall issue an additional series of bonds based on another assessment, the dates of maturity of such additional series of bonds shall be such that the latest maturities thereof shall not exceed fifty years and the earliest maturity of bonds of such additional series shall be later than the latest maturity of bonds of any earlier series. All provisions of this section

relative to the original issue of bonds shall apply to such additional series of bonds.

Upon a sale of any of the bonds provided herein the treasurer of the district is hereby authorized to accept in payment for said bonds, either in whole or in part, outstanding warrants of such district at their face value, together with the accrued interest thereon. Accepting warrants.

Where bonds of the district have been authorized to be issued on such assessments all unpaid assessments shall bear interest at the rate of seven per cent per annum from the date of the bonds issued thereon until such bonds shall have been fully paid and discharged, and the interest due at any time on said unpaid assessments may be called without calling any installment of the said assessment. The word installment as used in this section shall be construed as applying to interest as well as to principal as the case may be. Interest on unpaid assessments.

At least ninety days before any interest date of the bonds, the treasurer of the district shall certify to the county treasurer of each county in which lands of the district are situated an estimate of the amount of money and the percentage of the assessment together with the interest thereon, or only of the interest, necessary to pay interest and principal or the interest maturing on such interest date after crediting thereon the funds in the treasury applicable to the payment thereof to be collected by such county treasurer, and shall add thereto fifteen per cent of such aggregate sum to cover possible delinquencies, and each said county treasurer shall thereupon cause to be published, once a week for two successive weeks in the county of which he is county treasurer, a notice substantially in the following form: Levy of installment of assessment.

of the unpaid amount of said installment and interest shall be added thereto and collected by said county treasurer. When any installment shall have become delinquent, said treasurer shall, within ten days, publish in said county once a week for two successive weeks a notice containing a description of each parcel of land assessed in the district in said county wherein such installment is delinquent, as such description appears on the assessment list, the name of the person to whom it is assessed, to unknown owners, if such is the fact; the amount of the installment delinquent on such parcel, the amount of interest thereon reckoned to the day of sale, the amount of said ten per cent penalty thereon, and a notice that each of said parcels will be sold at public auction by said county treasurer in front of the courthouse of said county, at a specified day and hour, which shall not be less than thirty nor more than sixty days from the date of delinquency, to pay said delinquent installment, with said accrued interest and penalty. At the time stated in said notice, the county treasurer shall sell each parcel of land described in said notice to the highest bidder, unless prior thereto he shall have received payment in full of said delinquent installment, together with interest and penalty. If the entire amount of such bond or coupon tendered in payment shall not be required to complete payment of the purchase money, the county treasurer shall endorse thereon as paid the amount of such purchase money credited thereon. Any person interested in the said property may redeem the same at any time within three years after the date of sale by paying to the county treasurer for such purpose a sum equal to the purchase price stated in the certificate, with interest thereon at the rate of twelve per cent per annum from the date of sale to such redemption. If no redemption shall be made within three years, the said county treasurer upon demand and surrender of such certificate of purchase, shall

execute to the purchaser, his heirs or assigns, a deed of conveyance of the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all incumbrances, except state, county and municipal taxes, assessments or taxes levied or assessed by or under statutory authority, and any water storage district assessment, or portion thereof, remaining unpaid at the date of said sale each installment whereof may be called and collected as herein provided, except that no parcel sold and conveyed to the district shall thereafter be subject to sale by the county treasurer for delinquent installments. The county treasurer shall transmit to the treasurer of the district all canceled bonds and coupons received in payment on any delinquent sale, and a memorandum of all sums endorsed as paid upon account of purchase money on any bonds or coupons, specifying the same. All moneys collected by any county treasurer upon account of an assessment on which bonds shall not have been issued shall be similarly accounted for to the treasurer of the district, and shall be credited to the general fund of the district. Any parcel of land bid in and purchased by any county treasurer as aforesaid, as trustee of the bond fund of the district, may be sold and conveyed by him or his successor in office at any time after the expiration of said redemption period of three years, at public or private sale and with or without notice, to any person paying him the amount for which said parcel was bid in by said treasurer at delinquent sale, with interest thereon at the rate of seven per cent per annum, compounded yearly, from the date of said delinquent sale, and also the amount of all subsequent installments then delinquent, with accrued interest and penalties thereon. Such payment may be made either in cash or in matured bonds and coupons issued on said assessment, taken at their face value, and such treasurer shall execute a deed to such purchaser upon such sale, conveying said property free of encumbrances, except as hereinbefore provided for deeds where no redemption is made. If any land so held by a county treasurer as trustee of the bond fund of a district shall remain unsold after the final installment of

Any balance remaining in such bond fund, after payment in full of the principal and interest of all outstanding bonds of the district, shall be by the treasurer transferred to the general fund of the district. The county treasurer of each of the several counties shall report all transactions of delinquencies and sales to the treasurer of the district who shall keep a record thereof in the office of the district.

Said state engineer may at any time make or cause to be made an examination of the affairs of any water storage district within the state or call upon the board of directors of such district for such information as he may desire, and may make and publish such report thereon as he may deem advisable.

The state engineer may prescribe the form of all reports and accounts in this section provided for and may require such methods of accounting and itemization as shall in his judgment tend to the uniformity of reports and accounting. Such requirements of the state engineer may from time to time be changed by him. In the event that the volume of water under the control of any water storage district is in any season so diminished below normal, by reason of water shortage or otherwise, as to make it probable that all the lands within such district can not receive the full amount of water which they may need and to which they would otherwise be entitled, such deficiency shall be borne ratably by all the lands

within such district except in so far as priorities in the right to water as between different lands may prevent, and the board of directors shall have the power to make rules and regulations to provide for so distributing the burden of such deficiency and also for the most economical and efficient use of the water which is or probably will be available.

superintendents of schools shall submit the question for determination at an election as hereinafter provided.

In case the proposed district is a county junior college district or a joint county junior college district the petition shall be transmitted by the superintendent of schools in each county in which such proposed district lies to the board of supervisors of said county. Upon receipt of such petition, the board of supervisors of each county in which such proposed district is to be located in whole or in part must submit the question of establishing such junior college district to the qualified electors of the county at the next general election held therein or at a special election to be called for that purpose by the board of supervisors; *provided*, that where an election for the formation of a joint county junior college is called, said election shall be held simultaneously in each of the counties. If a special election is called, notice thereof must be given in each county in which such proposed district lies by publication in some newspaper of general circulation published in the county, for at least two weeks before the election. The ballots used at such election shall contain the words "County junior college district—Yes," and "County junior college district—No," or "Joint county junior college district—Yes" and "Joint county junior college district—No," as the case may be, and voters shall express their choice by marking a cross with pencil, ink or rubber stamp after the answer they desire to give. Said special election shall be conducted in the manner prescribed by this code for conducting special elections. The electors of any junior college district of whatsoever type existing in such county at the time of the submission of said proposition, shall be excluded from voting upon said proposition, unless, in addition to the petition above mentioned, there was also presented to said board or boards of supervisors the petition of two-thirds of the qualified electors residing in such junior college, union junior college or joint union junior college district; in which case the electors of the junior college, union junior college or joint union college district or districts from which such petitions are presented, shall also be entitled to vote upon said proposition. If a majority of all votes cast upon the question of establishing a county junior college district or a joint county junior college district are in the affirmative, the board or boards of supervisors shall make an order declaring the county junior college district or the joint county junior college district established and shall also declare the junior college, union junior college or joint union junior college district or districts which participated in such election, upon the petitions hereinbefore required, to be lapsed, and the property of such lapsed junior college, union junior college or joint union college district or districts shall be held or sold by the board or boards of supervisors for the benefit of the county or joint county junior college district. The order of the board or boards of supervisors in regard to such lapsed districts shall be entered by

the county clerk of each county concerned in his record of school districts.

In case the proposed district is a union junior college district, a joint union junior college district, or a junior college district coterminous with a high school district, the superintendent of schools having authority over the territory to be included in such proposed junior college district shall call an election to be held in every elementary district in the proposed junior college district at the same time that the next annual election for school trustee is held, and the officers of the election for school trustee shall conduct the election herein provided for. In city school districts where school trustees are not elected on the last Friday in March, the county superintendent of schools shall divide such city school district into precincts and appoint three qualified electors in each precinct to conduct the election therein. Said election shall be held separately and simultaneously at a public schoolhouse in each elementary school district or in each precinct and shall be called by posting notices thereof in three public places in each district, one of which places shall be a public schoolhouse thereof, at least two weeks before the election, and by publishing such notice at least once a week for two successive weeks in a newspaper of general circulation published at least as often as once a week in said proposed junior college, union junior college, or joint union junior college district, the first publication to be not less than two weeks before the election. Said notice shall specify the polling places, and in cities, the precinct lines. The expenses of printing notices and ballots shall be paid by the board of supervisors out of the county general fund. Said election shall be conducted in the manner provided by law for conducting elections of school trustees. The ballots used at such election in each district shall contain the words "Junior college district—Yes," and "Junior college district—No," or in case of a union junior college district, "Union junior college district—Yes," and "Union junior college district—No," or in case of a joint union junior college district, "Joint union junior college district—Yes," and "Joint union junior college district—No," and electors voting at such election shall make a cross with pencil, ink or rubber stamp, after the answer they desire to give. It shall be the duty of the said election officers in each district or precinct to canvass the vote of said election as soon as the polls are closed, and report the result to the superintendent of schools within five days subsequent to the holding of said election. Within ten days after receiving the returns of said election, the superintendent of schools shall combine the votes "for" and "against" the formation of the junior college, union junior college, or joint union junior college district and declare and record the result, with the details of the vote in each district, in a book kept by him for that purpose. If a majority of the votes cast at the election are in favor of the formation of the junior college, union junior

If it shall appear from such certificate that a majority of the votes cast at such election were in favor of the formation of such district, such junior college, union junior college, or joint union junior college district shall be deemed to be formed from the time of the filing thereof, and the county clerk shall record said certificate in full in his record of school districts.

board.

Sec. 4. In every junior college district coterminous with a single high school district, of any type, the high school board of such high school district shall constitute the junior college board and after organizing as a junior college board shall have the management and control of the junior college in said district. In every union, joint union, county or joint county junior college district, the junior college board shall be composed of five members elected at large from the district for a term of three years except as hereinafter provided.

When any union, joint union, county or joint county junior college district is formed, the county superintendent of schools having jurisdiction as hereinafter set forth shall, on the first Friday in May, call an election in said union, joint union, county or joint county junior college district for the purpose of electing a junior college board. Such election shall be held at the schoolhouse of each school district in the junior college district, and such superintendent of schools shall appoint the same number of officers of election for each school district, and give the same notices of election as are required for the election of school trustees, and the election shall be held in the same manner as are elections of school trustees, except that the returns shall be at once sent to such superintendent of schools, and he shall canvass the same and issue certificates of election to the persons elected. One member shall be elected to hold office from the day of receiving his certificate of election until the first day of May, next succeeding; two members shall be elected to hold office from the day of receiving their certificates of election until the first day of the second succeeding May; and two members shall be elected to hold office from the day of receiving their certificates of election until the first day of the third succeeding May. Thereafter their successors shall be elected as provided for in section 5 of this act. Sec. 5. The regular annual election of members of the junior college board in union, joint union, county and joint county junior college districts shall be held at the same time as the regular annual election of school trustees. Said election shall be called by the junior college board, who shall for that purpose designate a polling place in each of the school districts composing the junior college district, at one of the schoolhouses thereof, at which the electors of such school district shall vote. The junior college board shall give the same notice of said election and appoint the same number of election officers in each school district, as are required for the election of school trustees, and said election shall be held in the same manner as are elections of school trustees, except that the returns thereof shall be at once sent to the junior college board, who shall meet at the junior college building on the seventh day thereafter at two o'clock p.m., and canvass said returns and issue certificates of election to the persons elected and file duplicates thereof with the superintendent of schools having jurisdiction over such junior college district. As each member's term expires his successor shall be elected in like manner for the term of three years and until his successor shall be elected or appointed and qualified. Vacancies on the board shall be filled by appointment by the superintendent of schools having jurisdiction over the junior college district, the appointee to hold office for the remainder of the unexpired term.

Sec. 6. When the average daily attendance of students in any junior college district during the whole of any school year after the second school year shall be seventy-five, or less than seventy-five, the superintendent of schools having jurisdiction over such junior college district shall suspend the junior college in said junior college district, and shall report the fact to the board of supervisors of his county. Upon receiving such report from the superintendent of schools, the board of supervisors shall declare the junior college district lapsed, and shall cause the property thereof to be sold. All moneys received from the sale of the property of the junior college district, and all moneys in the treasury to the credit of said junior college district, shall be distributed by the superintendent of schools to the high school districts composing the junior college districts in proportion to the assessed valuation of property in said districts, according to the last completed county assessment rolls.

meetings at such times as may be provided in the rules and regulations adopted by them for their own government; *provided*, that in union, joint union, county or joint county college districts the regular meetings as above provided may be quarterly. Special meetings may be held at the call of the president of the board or upon a call issued in writing and signed by a majority of the members of the board. The date set for special meetings shall be at least two full days subsequent to the completion of the call; and no business shall be transacted other than that specified in said call; *provided*, that by unanimous consent a special meeting may be convened at any time and by unanimous consent, any business matter may be transacted at any special meeting. All meetings of the junior college board shall be held at the junior college building; *provided*, that if no junior college building exists in the junior college district, or if the junior college consists of a single high school district, the junior college board may meet at such place in the junior college district as it may by resolution determine.

Powers of board.

Sec. 8. Except as otherwise provided in this act, the powers and duties of the junior college board shall be such as are now or may hereafter be assigned by law to high school boards.

Courses of study and students.

Sec. 9. The junior college board may prescribe junior college courses of study, including not more than two years of work, and admit thereto the graduates of any high school of California, the graduates of other high schools and such other candidates over eighteen years of age as may be recommended for admission by the principal of the junior college. Junior colleges may provide courses of instruction designed to prepare for higher institutions of learning; courses of instruction designed to prepare persons for agricultural, industrial, commercial, homemaking, and other vocations; and such courses of instruction as may be deemed necessary to provide for the civic and liberal education of the citizens of the community.

The junior college board shall adopt regulations governing the organization of such courses of study and shall prescribe requirements for graduation from such courses; *provided*, that the minimum requirement for graduation from junior college courses of study shall be at least sixty credit-hours of work. A credit-hour is hereby defined as approximately three hours of recitation, study and laboratory work per week carried through one half-year.

Approval by state board.

All courses of study prescribed in accordance with this section shall be subject to approval by the state board of education, and no state funds shall be apportioned to any junior college district on account of the attendance of students enrolled in junior college courses, unless such courses have been approved by the state board of education.

Attendance record

Sec. 10. The attendance of students enrolled in the junior college shall be kept according to regulations prescribed by the state board of education.

The principal of every junior college shall annually, at the close of the term and prior to receiving his last month's salary and as a prerequisite for such salary, make out under oath and deliver to the superintendent of schools of the county a full and complete report of said junior college for the entire term or school year. Such report shall show the total number of students enrolled during the year, the average daily attendance, the number of teachers regularly employed, the total number of new pupils enrolled during the year, the names of all pupils residing in school districts not embraced in any junior college district and attending such junior college, such names being segregated according to the districts in which such pupils reside, and such other information as may be required by the superintendent of public instruction or the county superintendent of schools.

Principal's
annual
report.

The said report shall be made upon blanks furnished by said superintendent of public instruction, as other school report blanks are furnished.

Every superintendent of schools, who has jurisdiction over a junior college district shall annually, at the time required for making reports of high schools, make report under oath to the superintendent of public instruction, showing the number of students enrolled, average daily attendance, number of teachers regularly employed, and such other information regarding the junior colleges of his county as he may deem proper, or as may be required by the superintendent of public instruction; said report to be made upon blanks furnished by the superintendent of public instruction.

Annual

supt of
schools.

Sec. 11. It shall be the duty of every junior college board to make and file with each board of supervisors having complete or partial jurisdiction over the same, on or before the twentieth day of July next succeeding the formation of said district, an estimate of the cost of purchasing a suitable lot, of procuring plans and specifications and erecting a suitable building, of supplying the same with furniture and necessary apparatus, and of fencing and ornamenting the grounds, for the accommodation of the junior college, unless such junior college board shall have secured or leased temporary quarters or made other satisfactory arrangements for quarters for the use of such junior college, or unless bonds shall have been voted for said purposes. If such junior college board shall have secured or leased such temporary quarters or made other satisfactory arrangements for quarters, they shall, on or before the fifteenth day of July next before the termination of such lease or arrangement, either make another arrangement for temporary quarters, or make and file with the board, or boards of supervisors and the county auditor as aforesaid, an estimate of the cost of purchasing a suitable lot, of procuring plans and specifications, and of erecting a suitable building, of supplying the same with furniture and necessary apparatus, and of fencing and ornamenting the grounds for the accommodation of the junior college, or for making additions or improvements to such

buildings when once erected, or for buying new or additional furniture, or for the purchase of additional school grounds, or for providing any other school facilities, unless bonds shall have been voted for said purposes. Should the junior college board, of any junior college district, fail to make the estimate provided for in this section, it shall be the duty of the superintendent of schools having jurisdiction over such junior college district to make and file such estimate on or before the fifteenth day of July.

Maintenance
and improve-
ment
estimate.

Sec. 12. It shall be the duty of every junior college board to make and file with the county superintendent of schools having jurisdiction over such junior college district at least fifteen days before the twentieth day of July of each year, an estimate of the amount of money required for maintaining the junior college in said district for the current school year, including rent or construction of temporary quarters, if any, or additions to the plant already constructed. Such estimate shall be itemized according to items required in the annual report to the superintendent of public instruction. Whenever the amount estimated for any item exceeds by ten per cent or more the amount expended for said item during the preceding school year, a written statement showing the reason for such increase must be submitted with said estimate. The first such estimate after the formation of any junior college district shall also include, if temporary quarters have been secured for the junior college, the amount of money required to provide the necessary furniture and apparatus for such temporary quarters. Should any junior college board fail to make the estimate provided for in this section, it shall be the duty of the superintendent of schools having jurisdiction over such junior college district to make such estimate.

Approval
by county
supt. of
schools.

Whenever such estimate has been submitted to the county superintendent of schools, he shall have power to revise said estimate or any item thereof. Said estimate as revised and approved by the county superintendent of schools, shall thereupon become the estimate of said junior college district and shall be submitted to the board of supervisors as a basis for levying the special tax for maintenance of said junior college, as provided in section 13 of this act. It is hereby made the duty of the county superintendent of schools to submit said estimate to the board of supervisors and to the county auditor at the time he submits to them his estimate for the county school tax for the ensuing school year and he shall submit therewith a statement showing the amount expended by such junior college district for each item of said estimate, during the preceding school year.

Levy
of tax.

Sec. 13. The board of supervisors with whom any estimate is filed under the provision of section 11 or section 12 of this act, must at the time of making the tax levy for the year for county purposes, levy a special tax on all the taxable property in such junior college district under its jurisdiction, sufficient

in amount to carry out the purposes legally specified in the said estimate or such proportion as the assessed valuation in its county bears to the entire assessed valuation of the district. Said tax shall be entered upon the assessment roll, and collected, in the same manner as other school taxes are entered, and collected, and when collected shall be paid into the treasury of the county whose superintendent of schools has jurisdiction over the junior college district in behalf of which the same were levied.

Should any board of supervisors with whom such estimate is filed fail to levy the tax as required by this section, it shall be the duty of the auditor of their county to make such levy.

Sec. 14. All taxes levied and collected under the provisions of section 13 of this act shall be placed by the county treasurer receiving same in a special fund to the credit of the junior college district for which the same were levied, and used only for the purposes for which the same were levied; and all moneys apportioned to any junior college district from the state shall be placed by the county treasurer receiving the same in the special fund of the junior college district to which the same is apportioned. Junior college district funds shall be paid out upon the order of the junior college board, or of the executive committee when such committee is authorized to draw the same, signed by the president and clerk of the junior college board. Such orders shall be drawn and itemized, and presented to, and acted upon by the superintendent of schools having jurisdiction over such junior college district and the auditor of his county, in the same manner as the orders of boards of school trustees of school districts. State moneys apportioned to any junior college district shall be used only for the payment of teachers' salaries.

Sec. 15. Not later than the twentieth day of July of each year the superintendent of schools of each county in which there is not a county junior college shall certify to the board of supervisors and to the county auditor of such county, the total cost, less state aid for educating during the next preceding school year all junior college pupils residing in such county and not in any junior college district, and the estimated amount needed for that purpose for the current year.

The board of supervisors with whom such certificate is filed must, at the time of making the tax levy for that year for county purposes, levy a special tax upon all taxable property in the county not situated in any junior college district, sufficient in amount to defray the cost, for the current year, of educating all junior college students residing in such county and not in any junior college district. If it shall appear by the report of the superintendent of schools that students residing in one county are attending junior colleges in another county, the supervisors of the county in which said students live shall levy a tax as is provided by this section to pay the cost of educating such students. If the board of supervisors fail to make such tax levy the auditor of the

county must make the same. Said tax when collected shall be paid into the county treasury and placed in a fund to be known as the junior college tuition fund. The auditor shall not later than the last Monday in December and the last Monday in May of each year notify the superintendent of schools of the amount in such funds, and the superintendent of schools shall thereupon apportion the same to the several junior college districts in his county or in other counties as provided above, in proportion to the total cost to each of said districts of educating junior college students who reside in his county but not in any junior college district, as shown in his report for the preceding school year compiled as directed by law, and certify such apportionment to the auditor. The amount so apportioned to each junior college district shall be paid into the treasury of the county whose superintendent of schools has jurisdiction over such junior college district, to the credit of the special fund thereof, and shall be used to maintain the junior college, and paid out in the same manner as other junior college funds.

Payments
by other
counties.

The superintendent of schools of a county having junior college pupils attending junior college in another county shall draw his order on the county auditor in favor of the superintendent of schools of the county in which such students attend junior college for any money belonging to any junior college outside of his county as provided in this section. The county auditor of said county shall draw his warrant as directed by the superintendent of schools and the county treasurer shall pay the same. A superintendent of schools in whose favor such order is drawn shall pay the amount of said money into the county treasury to the credit of the junior colleges educating the students from the county paying such money.

Standards
for state
aid.

Sec. 16. The state board of education shall have power and it shall be its duty to adopt rules and regulations fixing the minimum standards entitling junior colleges to state aid, and shall annually investigate each junior college to determine whether it has met such standards.

State aid,
etc

Sec. 17. Nothing in this act shall be construed as repealing section 1750*b* of the Political Code.

Affiliation
with
university

Sec. 18. The governing board of any junior college or of the junior college department of any high school or of any teachers' college, may enter into an arrangement of affiliation with the University of California to provide that the courses in such junior college whose purpose is to prepare for advanced university standing shall be visited, inspected and accredited by said university, and that the qualifications of teachers in such courses shall be as recommended by said university. Such arrangement of affiliation may include such other matters as may be mutually advantageous and as may be approved by the state board of education.

Sec. 19. Whenever a majority of the heads of families, or a majority of the electors residing in any high school district contiguous to a junior college district, in the same or adjoining counties, as shown by the affidavits of one or more of the petitioners, shall present to the superintendent of schools who has jurisdiction over said junior college district, a petition for the annexation of such high school district to such junior college district, accompanied by an agreement signed by a majority of the members of the junior college board of the junior college district to which annexation is desired, and by a majority of the trustees of such high school district, consenting to such annexation and setting forth the terms thereof, such superintendent of schools shall, after verifying the signatures thereon and finding them sufficient, transmit such petition and agreement to the board of supervisors of his county with his recommendations thereon. Such board may thereupon, in their discretion, make an order annexing such high school district to such junior college district upon the terms agreed on.

Annexation
and exclu-
sion of high
school
districts.

Whenever it appears that the terms agreed upon by the trustees of the high school district seeking to be annexed and the junior college board include the assumption by the high school district to be annexed of its pro rata portion of any bonded indebtedness existing against the junior college district, the board of supervisors shall call an election in the high school district so proposing to assume such indebtedness for the purpose of determining whether such indebtedness shall be authorized and assumed. Such election shall be held as provided in section 1745 of the Political Code, except that the returns shall be made to the board of supervisors. If it shall appear from the returns of such election that two-thirds of the votes cast at such election were cast in favor of the assumption by the district seeking to be annexed of its pro rata portion of such bonds, then and not until then shall such high school district be annexed to such junior college district. If such bonded indebtedness is assumed by the annexed high school district then all levies of taxes made for the payment of the same and interest thereon, shall be upon the property of such annexed high school district at the same rate as levied upon the property of the original junior college district.

Whenever a majority of the heads of families, or a majority of the electors residing in any union, joint union, county or joint county junior college district, and two-thirds of the heads of families or of the electors residing in any high school district which is a part thereof, as shown by the affidavit of one or more of the petitioners, shall present to the superintendent of schools who has jurisdiction over said junior college district petitions asking for the exclusion of such high school district from such junior college district, accompanied by an agreement signed by a majority of the junior college board of such junior college district and a majority of the trustees of such

high school district, consenting to such exclusion and setting forth the terms thereof, such superintendent of schools shall after verifying the signatures thereto and finding them sufficient, transmit such petitions and agreement to the board of supervisors of his county, with his recommendations thereon. Such board may thereupon, in their discretion, make an order excluding such high school district from the junior college district upon the terms agreed on; *provided, however*, that no high school district shall be excluded from a junior college district having an outstanding bonded indebtedness, where such exclusion would so reduce the amount of taxable property in such junior college district that said outstanding bonded indebtedness would exceed five per cent of the taxable property of such junior college district, after the exclusion, as shown by the last equalized assessment of the county or counties in which such junior college district is located. The order of the board of supervisors annexing a high school district to, or excluding it from, a junior college district shall be entered by their clerk in his record of junior college districts, and he shall also send a copy thereof to the county clerk of each county in which any part of such junior college district is situated, who shall enter it in his record of junior college districts.

Jurisdiction
of supt.
of schools.

Sec. 20. In each joint union and joint county junior college district the superintendent of schools of the county in which the junior college buildings are located shall have jurisdiction over all matters in which his office is concerned as hereinbefore provided.

Each requisition must specify the purpose for which it is drawn, but no requisition shall be drawn upon the order of the board of school trustees or board of education against the funds of any district except the teachers' or janitors' or other employees' salaries, unless such order is accompanied by an itemized bill showing the separate items, and the price of each, in payment for which the order is drawn; nor shall any requisition for teachers' or janitors' or other employees' salaries be drawn unless the order shall state the monthly or daily or hourly salary of teacher or janitor or other employee, and name the months for which such salary is due. Upon the receipt of such requisition the auditor shall draw his warrant upon the county treasurer in favor of the parties for the amount stated in such requisition. The order of the board of school trustees, or board of education, shall be made only on the form of blank prescribed by the county superintendent of schools and approved by the superintendent of public instruction; *provided*, that said blanks shall be printed and furnished to the school districts by the board of supervisors of the respective counties of the state, and when signed by at least two members of the board of trustees, or the officials authorized to sign orders for the board of education, shall be transmitted to the superintendent, who shall, in case he approve such demand, indorse upon it, "examined and approved," together with the number and date when approved, and shall, in attestation thereof, affix his signature thereto, and deliver the same to the claimant, or his order, who shall transmit the same to the auditor, who shall, in case he allows said demand, indorse upon it "allowed," together with the number and date when allowed, and shall, in attestation thereof, affix his

When the auditor allows any demand which has a bill attached, he shall give the bill the same number that he gives the warrant and shall detach and file the bill.

The name of each employee shall be listed and in case of an attachment of the salary or wages of any employee said attachment shall affect only the salary or wages of that employee.

When the pay roll form of warrant is used the approved and allowed pay roll warrant shall be deposited with the county treasurer who shall make payment to the employee or his order.

If a board of trustees shall be chosen to govern and manage such adjustment school or schools under any of the provisions of this section, the term of office of such trustees shall be six years; *provided*, that of the seven trustees first selected, two shall hold office for two years, two shall hold office for four years, and three shall hold office for six years, and each of the two, four and six year terms shall be assigned by lot to each of said seven trustees.

Such board shall determine the number, title, duties and terms of office of all other officers and employees and shall fix the salaries thereof, and of such superintendent.

Duties of governing board.

SEC. 5. Such governing board shall make all needful rules and regulations for the transaction of business and for the management and government of said school or schools under its jurisdiction, and it shall see that proper care, custody, education and training are provided to and for the minors under their care with the object and to the end that such minors shall be adjusted to good citizenship and shall be prepared to become honorable, self-supporting members of society.

thereon, for the publishing of notice of sale and the sale of the property for delinquent assessments, for the disposition of the proceeds of such sale, for the issuance of certificate and a period of redemption and for the issuance of a deed, and for subsequent sales thereof.

[Approved by the Governor May 23, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

State, 1909,
p. 28,
amended.

SECTION 1. Section 14 of an act entitled "An act to promote drainage," approved March 18, 1885, as amended, is hereby amended to read as follows:

Filing
of list.

Sec. 14. The list so made must be filed with the county treasurer of the county, or if the district is partly situated in different counties, then the original list must be filed in the county first in order in alphabetical arrangement, and copies thereof, certified by the commissioners must be filed with the treasurers of each of the other counties.

From and after the filing of the list, or certified copies thereof, the charges assessed upon any tract of land in the district constitute a lien thereon, and the list thus prepared must remain in the office of the treasurer thirty days, or longer if ordered by the board of trustees.

Payment of
assessments.

And during the time it remains in the office of said treasurer, any person may pay the amount of charges assessed against any of the tracts with the treasurer without cost, either in cash or in regularly issued warrants of the district, or if so ordered by the board of trustees said payments may be made by installments, which installments may be made either in cash or in regularly issued warrants of the district, and if, at the end of thirty days, or the longer period fixed by the trustees all the charges or all of any installments ordered by them have not been paid, the treasurer must return the list to the board of trustees of the district.

Unpaid
assessments.

And all unpaid assessments shall bear interest at the rate of seven per cent from the date of the return of the list to said board, and shall thereafter be collected and paid in separate installments, of such amounts, and at such times, respectively, as the said board, from time to time, in its discretion, may, by order entered in its minutes may direct. Upon making such order the secretary shall also enter in the minutes of the board, a notice in substantially the following form:

Notice of
installments.

(Name of drainage district, location or principal place of business.) Notice is hereby given that at a meeting of the board of trustees held on the (date), an installment of (amount) was ordered paid within sixty days from date thereof to the secretary of this board at (the place of business), or to the treasurer of the county of ----- Any installment which shall remain unpaid on the (day fixed) will be delinquent together with the accrued interest thereon,

The notice must be personally served upon each owner of land in said district, or in lieu of personal service, must be sent through the mail addressed to such owner at his place of residence, if known or entered upon the assessment roll of the county, and if not known, at the place where the principal office of the district is situated, or be published once a week for two weeks successively in some newspaper of general circulation and devoted to the publication of general news, within the district, and if no such newspaper be published within the district then publication may be made in some newspaper published in the county seat of the county where the greater portion of said district is situated.

If any such installment shall remain unpaid at the expiration of said sixty days, from the date of the order, then the whole remaining uncalled portion of said assessment shall become delinquent together with the accrued interest thereon and a penalty of ten per cent of the amount of said installment and interest shall be added thereto and collected for the use of the district.

Immediately after the said installment has become delinquent, the trustees of the district must publish in one notice a list of all of said delinquencies at least once a week for two weeks in some newspaper of general circulation published in the county where said district or the greater part thereof is situated, which notice shall contain a description of the property assessed, and name of the person to whom it is assessed, or a statement that it is assessed to unknown owners, if such is the fact; the amount then due on said property, and a notice that the property assessed will be sold on the date therein stated, in front of the courthouse of said county to pay the amount then due on said property. The date of said sale shall be not less than ten days after the date of the last publication of said notice. And at said time stated in said notice, or such other time to which said sale may have been postponed, the trustees must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the trustees must pay the amount due on said property as shown in said notice to the county treasurer who shall place the same in the proper funds of said district. The trustees must pay to the owner of said property any surplus remaining after such payment to the county treasurer. The trustees may postpone said sale from time to time for not less than ten or more than thirty days at any one time by a written notice posted at the place of sale.

If no bid is made for said property equal to the amount due thereon, the district shall become the purchaser, and the said property must be struck off to the district for said amount. A certificate of such sale shall be executed by the trustees to the purchaser, or to the district, if the property shall have been struck off to the district, and said certificate of sale shall be recorded in the office of the county recorder of said county. Deed.

If no redemption shall be made within said one year, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by said trustees, and the effect of such deed shall be to convey said property free of all liens and encumbrances, excepting state, county and municipal taxes, and any subsequent district assessment. CHAPTER 721.

An act to amend section three hundred nine and one-half of the Civil Code, relating to the authorization of the distribution of the capital stock or capital assets of a corporation among its stockholders, or any of them, and the procedure therefor.

[Approved by the Governor May 23, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

Stats. 1925,
p. 318,
amended.
Distribution
of capital
stock or cap-
ital assets.

SECTION 1. Section 309½ of the Civil Code is hereby amended to read as follows:

Application.

309½. The directors of a corporation may apply to the commissioner of corporations for a permit to divide, withdraw, or pay or distribute among the stockholders or any of them, any part of the capital stock, or any property of the corporation other than dividends from the surplus profits arising from the business thereof. Any such application shall be in writing and shall set forth the amount of the authorized capital stock, the amount of the subscribed capital stock, the total value of the assets and the total amount of the existing indebtedness, and shall further state that after such creation of indebtedness, or division, withdrawal, payment, or distribution, the assets of the corporation taken at their reasonable value will be not less than the amount of the subscribed capital stock over and above the total indebtedness of the

corporation; *provided, however*, that in the case of a corporation in liquidation applying for a permit to distribute a portion of its assets in lieu of this last and further statement the application shall state that the corporation is in process of liquidation, that it is not engaged, and does not propose to engage in business other than such as is appropriate or incidental to such liquidation, and that after such distribution the assets of the corporation taken at their reasonable value will be at least sufficient to pay and discharge the existing indebtedness and all future anticipated indebtedness of the corporation. The application shall further state that the holders of at least two-thirds of the subscribed capital stock have consented thereto either by instrument in writing filed with the secretary of such corporation or by vote at a meeting of the stockholders called for that purpose. The application shall be in such form and contain such additional information as the commissioner shall prescribe and shall be signed by the president and secretary or a majority of the board of directors of the corporation and shall be verified in the same manner as a complaint in a civil action, and no permit shall be issued except upon an application so filed and payment of the fees therefor and the cost of the publication or posting of notice hereinafter provided. Upon the filing of the application the commissioner must give notice thereof once a week for two successive weeks by publication in some newspaper published in the county of the principal place of business of the corporation, or if there be no such newspaper by notices posted in three public places in the county. Any creditor of the corporation may file with the commissioner written objections to the granting of such permit, verified in the same manner as an answer in a civil action, and also state therein an address to which any notice provided hereby may be mailed. At the expiration of said two weeks, if no objection be so filed, the commissioner shall hear and determine said application, but if any objection be so filed and not withdrawn in writing the commissioner shall in writing notify the corporation thereof which may within thirty (30) days thereafter apply to the superior court of said county for a writ of mandate to compel the issuance of said permit, otherwise said application shall be deemed abandoned without prejudice to another or similar application upon like notice. In such mandate proceedings all such objecting creditors shall be joined with the commissioner as defendants and served with process and shall have the right to answer therein separately or jointly, but the commissioner need not file any pleading therein unless he so desires nor shall any judgment for damages or costs be rendered against him personally or against the state. If any defendant can not be served personally within the state service upon such defendant may be effected by service upon the commissioner who shall thereupon notify said defendant in writing of such service. In such mandate proceedings the burden shall be upon the corporation to establish its rights to

the issuance of such permit. If the court shall find that all the allegations required to be set forth in said application are true and that such permit may be issued without injury to any creditor it shall order the commissioner to issue such permit, otherwise it shall dismiss the proceedings; *provided*, that the court may upon a like finding order the issuance of a permit for a lesser amount than that applied for. Any party to said proceeding may appeal from the judgment therein as in other mandate proceedings except that notice of appeal shall be filed within ten days after notice of entry of judgment, and if not so filed said judgment shall become final. Upon the judgment becoming final a certified copy thereof shall be filed with the commissioner who shall proceed in accordance therewith; *provided*, that should anything occur between the filing of the application and the filing of said certified copy, affecting substantially the financial status of the corporation, and any creditor shall have filed with the commissioner written objections based thereon, and the commissioner shall find that such thing has so occurred and was not considered by the court he shall not issue his permit but shall refer the matter to said court which shall thereupon reopen said proceedings and render such judgment thereon as the circumstances and justice may require, from which judgment an appeal may be taken as in the case of the original judgment. Any permit granted to a corporation in liquidation shall state on its face the amount of the subscribed capital stock, the amount of the assets and indebtedness which will remain after such distribution is had thereof, and the amount of the capital stock which said corporation shall thereafter be deemed to have until changed by law, which said amount of capital stock shall be the total value of such remaining assets; *provided, however*, that in case the articles of incorporation of said corporation provided for shares of stock of different classes or preferences such provision therein shall be applied and be as effective as though there had been no reduction or change in the amount of the capital stock. Before any division, withdrawal, payment or distribution of assets of a corporation is made, under any permit of the commissioner obtained as herein provided or any dividend is made under any such permit other than from the surplus profits arising from the business of the corporation, the corporation shall file in the office of the secretary of state a copy of such permit duly certified by the commissioner and shall also file a copy of such permit so certified in the office of the county clerk of the county of the principal place of business of the corporation and in the office of the county clerk of every county in the state in which the corporation holds real property.

Nothing hereinabove appearing shall be construed to apply to the purchase of its own preferred stock by a corporation which is in actual liquidation and which has no unsecured indebtedness, and any such corporation may, with the written

assent of the holders of at least two-thirds of its issued and outstanding preferred stock, purchase and retire and cancel all or any part of such preferred stock, upon obtaining a permit therefor from the commissioner of corporations.

Chapter I.

Place of Trial of Civil Actions.

Change
of venue

831. the plaintiff may elect whether to sue in the municipal court or the appropriate justice's court, or in the superior court, and the court so selected in the proper court for the trial of such action; *provided*, that all such actions must be tried in a court in which such action is cognizable, established in the county in which such real property or some part thereof is situated.

Change
of venue
(cont'd).

3. Against a public officer, or person especially appointed to execute his duties, for an act done by him in virtue of his office; or against a person who, by his command or in his aid, does anything touching the duties of such officer; to the municipal or justice's court, if the action be cognizable therein, established in the city or township, respectively, where the cause, or some part thereof, arose; *provided*, said cause, or some part thereof, arose within the county in which the municipal court, in which such action is commenced, is situated; otherwise, to the court in which such action is cognizable, situated in the county where the cause of action arose.

2. When the convenience of witnesses and the ends of justice would be promoted by retaining said action for trial where commenced, or by the change to another court, as the case may be.

3. When, from any cause, there is no judge of the court to which such action is, by the provisions of this chapter,

required to be transferred for trial, or of the court in which it is pending, as the case may be, qualified to act.

Chapter II.

The rules of pleading and practice applicable to the prosecution of civil actions and enforcement of judgments in the superior court of this state shall apply to and govern the prosecution and maintenance of civil actions and enforcement of judgments in the municipal courts of this state, except as follows: Procedure.

(1) In cases tried by the court without a jury, the court shall not be required to make any written findings of fact and conclusions of law where the matter involved is three hundred dollars (\$300) or less, exclusive of interest and costs, and in all other cases written findings of fact and conclusions of law shall be deemed to be waived unless they shall be expressly requested by one of the parties at the time of trial.

(2) Where the demand, exclusive of interest, or the value of the property in controversy does not exceed three hundred dollars, the defendant, at his option, in lieu of demurrer and other answer, may file a general written denial verified by his own oath and a brief statement similarly verified, of any new matter constituting a defense or counterclaim.

(3) At any time after issue of fact is joined, the court upon its own motion may, and upon the written demand of any party shall, cite all parties to appear before the court at a time and place certain for summary proceedings.

Such citation may be served upon the party personally or upon his attorney of record. It must be served not less than five days before the return day.

Each party must appear personally, or by person or persons having knowledge of the facts and authorized in writing by such party so to appear, and with or without counsel as he may desire. If a party is an assignee of a cause of action, counterclaim or cross-complaint, in addition to any other person he shall procure the presence of the first assignor thereof or its agent making the assignment, if he be available. party. If clear proof be made that no person having knowledge of the facts constituting the cause of action, defense, counterclaim or cross-complaint is available, the party may, by his counsel, make the statement herein provided, in which case any other party at his option may make his statement by counsel only.

At such time, or other time or times to which the proceeding may be continued, the judge shall require the parties, or the person or persons appearing respectively in their behalf, to state under oath the facts upon which the respective claims and defenses of the parties are based. If a party is authorized by the provisions hereof to appear by counsel only, his counsel shall state the facts upon which his claim or defense is based. The court shall regulate the order of making the statements as justice requires.

Such statements, together with all that occurs at such examination, shall be taken down by a court reporter, and the notes of the court reporter, or transcript of such notes, certified by the court reporter and the court and filed in the office of the clerk.

If, from such statements, it shall appear, without substantial conflict as to facts, that any party is entitled to judgment against any other party, the court shall cause such judgment to be entered forthwith.

If, although judgment cannot be so entered, it shall appear that there is no substantial conflict as to some of the facts and that upon them findings may be made, the court shall make and file such findings. If such judgment be not so entered, the court shall forthwith set the cause for trial.

Findings upon summary proceedings shall be deemed excepted to. They shall be determinative of the facts therein found, unless the court, for good cause, upon notice, set them aside.

If any party fail to appear for summary proceedings as herein provided, or fail to make statement of facts as herein required, the same judgment shall be entered against him as would be entered if he should fail to appear at trial of the action.

(4) The prevailing party in the municipal court, including the prevailing party on appeal therefrom, and the defendant upon dismissal of the action as to such defendant, is entitled to his costs and necessary disbursements in the action, or on appeal, as the case may be, and also of any proceedings taken by him in aid of an execution upon any judgment rendered therein.

The sections of the code numbered 895, 1033, 1034, 1035, 1036, 1037 are hereby made applicable to proceedings in municipal courts.

CHAPTER 731.

An act to provide for the formation of districts within municipalities for the acquisition or construction of public improvements, works and public utilities; for the issuance, sale and payment of bonds of such districts to meet the cost of such improvements; and for the acquisition or construction of such improvements.

[Approved by the Governor May 24, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

SECTION 1. Any portion of a municipality incorporated under the laws of this state may be formed into a municipal improvement district for the purpose of creating an indebtedness, to be represented by bonds of said district, the proceeds from the sale of which shall be used for the acquisition or construction of any public improvement, work or public utility which such municipality is authorized by law to acquire or construct. Such districts shall be formed and such bonds shall be issued and sold in the manner and under the proceedings hereinafter set forth.

SEC. 2. Whenever a petition, verified by one or more persons and signed by not less than ten per cent of the qualified electors residing in the territory which is proposed to be formed into a municipal improvement district, setting forth a general description of the improvement, work or public utility to be acquired or constructed and a general description of the exterior boundaries of such proposed district, shall have been filed in the office of the clerk of the legislative body of said city, and the genuineness of the signatures thereto shall have been certified to by the city clerk, said legislative body may adopt an ordinance declaring its intention to call an election in said proposed district, or as the same may have been modified as

Municipal improvement districts.

Petition and ordinance of intention

herein provided, for the purpose of submitting to the qualified electors of said district the proposition of authorizing the issuance and sale of bonds of such district in the manner and for the purpose set forth in said ordinance of intention. Said legislative body shall have power to change or modify the boundaries of said district and the nature, character or extent of such proposed public improvement, work or public utility. Said ordinance of intention shall also contain:

Contents of ordinance.

1. An accurate description of the exterior boundaries of the proposed municipal improvement district;

2. A general description of the improvement, work or public utility proposed to be acquired or constructed;

3. An estimate of the cost of the proposed improvement, work or public utility and an estimate of the incidental expense in connection therewith;

4. That upon a certain date fixed therein an election will be held in said district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of such district to pay the cost and expenses of the proposed improvement, work or public utility, and that a map showing the exterior boundaries of said district with relation to the territory immediately contiguous thereto, and a general description of the proposed improvement are on file in the office of the clerk of the legislative body of such city; which said map shall govern for all details as to the extent of the said district.

5. A date, hour and place fixed for the hearing of protests.

Publication of ordinance.

SEC. 3. Said ordinance shall be published once a day for at least six days in some newspaper of general circulation published at least six days a week in said city, or once a week for two weeks in some newspaper published less than six days per week in such municipality, and one insertion each week for two succeeding weeks shall be sufficient publication in such newspaper published less than six days per week. Such ordinance, unless otherwise provided by charter of the municipality, shall take effect upon the completion of said publication. In municipalities where no such newspaper is published such ordinance shall be posted in three public places therein, and in case of posting notice such ordinance shall take effect two weeks after date of such posting of notice.

Protests

SEC. 4. Any person interested, objecting to the formation of said district, or to the extent of said district, or to the proposed improvement, or work, or to the acquiring or construction of the proposed public utility, or to the inclusion of his property in said district, may file a written protest, setting forth such objection, with the clerk of the legislative body at or before the time set for the hearing of said petition. The clerk of said legislative body shall indorse on each such protest the date of its reception by him, and, at the time appointed for the hearing above provided for, shall present to said board all protests so filed with them. Said legislative body shall hear said protests at the time appointed or at any time to which the

Hearing.

hearing thereof may be adjourned, and pass upon the same, and its decision thereon shall be final and conclusive. If any of such protests against the proposed improvement or work, or against the acquisition or construction of the public utility be sustained, no further proceeding shall be had or taken pursuant to the petition, but a new petition for the same or a similar purpose may be filed at any time after the expiration of six months from the date such protest was sustained. If any of such protests be against the extent of said district, or against the inclusion of property in said district, then the legislative body shall have power to make such changes in the boundaries of the proposed district as it shall find to be proper and advisable, and shall define and establish such boundaries, but said legislative body shall not modify such boundaries so as to include any territory which will not in its judgment, be benefited by said improvement, work or public utility.

Said legislative body shall not modify such boundaries except after notice of its intention so to do, given by one insertion in said newspaper, describing the proposed modification, and specifying a time for hearing objections to such modification, which time shall be at least ten days after the publication of said notice. Written objections to said proposed modification may be filed with the clerk of said legislative body by any interested person at or before the time set for hearing the same. Said legislative body shall hear and pass upon such objections at the time appointed, or at any time to which the hearing thereof may be adjourned, and its decision thereon shall be final and conclusive. If such objections, or any of them, be sustained, no further proceedings pursuant to such petition shall be taken, but a new petition for the same or a similar purpose may be filed at any time after the expiration of six months from the date such protest was sustained.

Modification
of
boundaries.

At the expiration of the time within which protests may be filed, if none be filed, or if protests be filed and after hearing be denied, or at the expiration of the time within which objections to the modification of the boundaries of the district, in case such modification be proposed, may be filed, if none be filed, or if such objections be filed, and, after hearing, be overruled, as above provided, then said legislative body shall be deemed to have acquired jurisdiction to proceed further in accordance with the provisions of this act.

Jurisdiction
to proceed

SEC. 5. At any time after said legislative body shall have so acquired jurisdiction, it may call an election to be held within the district described in the ordinance or resolution calling the election, which description shall conform with any changes in boundaries that may have been made under section 4 hereof, and provide for the submission to the qualified voters thereof, the proposition of incurring a debt by the issuance of bonds of such district, for the purposes set forth in the ordinance of intention. The ordinance or resolution calling such election, shall also recite the objects and purposes for which the proposed indebtedness is to be incurred, the nature of the

improvement, work or public utility, contemplated thereby, the estimated cost thereof, the estimated cost of the incidental expense in connection therewith, the amount of the principal of the indebtedness to be incurred therefor and the rate of interest to be paid on such indebtedness; *provided, however*, that in its discretion said legislative body may recite in such ordinance or resolution a maximum rate of interest to be paid on such indebtedness, which rate when so recited, shall not be exceeded in the issuance of bonds for such indebtedness; and said ordinance or resolution shall fix the date on which such election shall be held, the manner of holding the same and the manner of voting for or against said proposition. The maximum rate of interest to be paid on such indebtedness shall be seven per centum per annum, payable semiannually.

Bond
election.

SEC. 6. For the purposes of said election said legislative body shall in said ordinance, or resolution, establish one or more precincts within the boundaries of said district, designate a polling place and appoint one inspector, one judge and one clerk for each such precinct. In all particulars not recited in such ordinance, or resolution, such election shall be held as provided by law for the holding of general municipal elections in such city. Said ordinance, or resolution, ordering the holding of said election shall, prior to the date fixed for such election be published five times in a daily, or twice in a weekly or semiweekly newspaper of general circulation, printed and published in said city and designated by said legislative body for said purpose. In cities where no such newspaper is published, such ordinance, or resolution, shall be posted in three public places therein two weeks preceding the date fixed for the holding of such election. No other notice of such election need be given. If at such election two-thirds of all the voters voting at said election, shall vote in favor of incurring such bonded indebtedness, then such legislative body shall thereupon be authorized and empowered to issue the bonds of said district for the amount provided for in such proceedings, payable out of funds of such district, to be provided as in this act prescribed.

Bonds.

SEC. 7. Said legislative body shall, subject to the provisions of this act, prescribe the form of said bonds, and of the interest coupons attached thereto. Said bonds shall be payable in the following manner:

A part, to be determined by said legislative body, and which shall not be less than one-fortieth part of the whole amount of such indebtedness, shall be payable each and every year, on a day and date, and at a place to be fixed by said legislative body and designated in such bonds, together with the interest on all sums unpaid on such date, until the whole of said indebtedness shall have been paid; *provided, however*, that said legislative body may in its discretion determine and fix a date for the earliest maturity of the principal of such bonds, not more than ten (10) years from the date of the issue of such bonds, but in this event the whole amount

of such indebtedness must be made payable in equal annual parts in not to exceed forty years from the time of contracting the same.

The bonds shall be issued in such denomination as said legislative body may determine, except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars, and shall be payable on the day and at the place fixed in such bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of seven per centum per annum, and shall be paid semiannually; and said bonds shall be signed by the chief executive of the municipality, or by such other officer thereof as the legislative body of the municipality shall, by resolution adopted by a two-thirds vote of all its members, authorize and designate for that purpose, and also signed by the treasurer thereof, and shall be countersigned by the clerk. The interest coupons on said bonds shall be numbered consecutively and signed by the treasurer of such municipality by his engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until the delivery of the bonds.

SEC. 8. Said legislative body may issue and sell the bonds of such district, authorized as hereinabove provided, at not less than par value, and the proceeds of the sale of such bonds shall be placed in the treasury of such municipality to the credit of the proper district fund and shall be applied exclusively to the purposes and objects mentioned in the ordinance or resolution ordering the holding of the bond election as aforesaid and to the incidental expense in connection therewith.

SEC. 9. The legislative body of such city shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, levy and collect a tax each year upon the taxable land in such district sufficient to pay the interest on such bonds for that year, and such portion of the principal thereof as is to become due before the time for making the next general tax levy; *provided, however*, that if the maturity of the indebtedness created by the issue of such bonds be made to begin more than one year after the date of such issue, such tax shall be levied and collected, at the time and in the manner aforesaid, each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such tax shall be in addition to all other taxes levied for municipal purposes and when collected shall be paid into the treasury of such city and be used for the payment of the principal and interest on such bonds, and for no other purpose. The principal and interest on such bonds shall be paid

by the treasurer of such city in the manner provided by law for the payment of principal and interest on bonds of such city.

Contracts.

SEC. 10. All contracts for the construction or completion of any public work, or improvement or public utility, or for furnishing labor, materials or supplies therefor as herein provided, shall be let to the lowest responsible bidder. The legislative body of such city shall advertise for two or more days in a newspaper of general circulation printed and published in such city, inviting sealed proposals for furnishing labor, materials and supplies for the proposed improvement before any contract shall be made therefor. The said legislative body shall have the right to require such bonds as it may deem best from the successful bidder to insure the faithful performance of the contract, and shall also have the right to reject any and all bids; *provided, however*, that nothing herein contained shall be construed as prohibiting the municipality itself from constructing or completing such works, improvements or public utilities and employing the labor necessary therefor, without a contractor; *and provided, further*, that in municipalities operating under a charter heretofore or hereafter framed under the provisions of the constitution of the State of California, all acts required to be performed subsequent to the sale of such bonds by this act, shall be done and performed by the proper body, board, officer or commission of such municipality, as is required or authorized by such charter to perform such acts, and in case such charter also prescribes the manner of letting and entering into contracts for the furnishing of labor, materials or supplies for the constructing or completion of public works or improvements, the contracts therefor shall be let and entered into in conformity with such charter.

General powers.

SEC. 11. Said municipality shall, by and through its proper officers, have full power and authority to expend the proceeds acquired from the sale of such bonds for the acquisition or construction of the improvement, work or public utility set forth in the ordinance calling said election, and shall also have full power and authority to acquire or construct such improvements, works or public utilities, and such improvements, works or public utilities so acquired or constructed shall be the property of such municipality.

Use of bond money for other purposes.

SEC. 12. Whenever the legislative body of any municipality in which a municipal improvement district has been formed hereunder, shall by resolution declare that it is no longer necessary to expend the money raised by the sale of bonds of such municipal improvement district for the purpose for which said bonds were voted, by reason of the fact that such purpose has been accomplished by other means, said legislative body of said municipality may call a special election within said municipal improvement district to obtain the consent of the qualified voters thereof to use said money for some other specified purpose for which bonds of said municipal improvement district could lawfully be issued hereunder or to place said money into

a sinking fund for the purpose of paying off the principal of said bonds at any time the same may be presented for payment by the holders thereof. The ordinance calling such special election shall recite the new object and purpose for which the said money is proposed to be expended, and shall fix the date on which such special election will be held, the manner of holding such election and the manner of voting for or against the expenditure of such money for said purpose, and shall establish one or more precincts within the boundaries of said district, designate a polling place and appoint one inspector, one judge and one clerk for each such precinct, and in all particulars not recited in said ordinance such election shall be held as provided by law for the holding of general municipal elections in such municipality. Such ordinance shall be published five times in a daily, or twice in a weekly or semiweekly newspaper of general circulation, printed and published in said city and designated by said legislative body for said purpose. In municipalities where no such newspaper is published, such ordinance shall be posted in three public places within said municipal improvement district for two succeeding weeks. No other notice of such election need be given. It shall require the votes of two-thirds of all the voters at such special election to authorize the expenditure of the money for the purpose mentioned in the ordinance calling said special election.

[Approved by the Governor May 24, 1927. In effect July 29, 1927.]

The people of the State of California do enact as follows:

Stats. 1925,
p. 854,
amended.

SECTION 1. Section 4 of the "Acquisition and improvement act of 1925," approved May 23, 1925, is hereby amended to read as follows:

Specifica-
tions.

Sec. 4. The legislative body desiring to initiate proceedings for the making of any acquisition or improvement, or both an acquisition and improvement, under the provisions of this act, may, by an order to be entered upon its minutes, designate some county officer, if the legislative body be that of a county, or some municipal officer, if it be that of a municipality, or some other competent person, in either case, and direct him to prepare and furnish specifications for the proposed acquisition or improvement, or both. The said specifications, in the case of an improvement, shall include all plans, profiles, cross-sections and specifications necessary therefor, together with a statement of the estimated cost of the improvement (inclusive of incidental expenses and costs of the proceeding), a description of the district to be benefited by the proposed improvement and a map or plat showing the same and also the different zones within said district (if any are necessary because of varying benefits) containing the lands to be benefited in like measure but in a different measure from those in other zones therein, with a statement as to what percentage of the sum to be raised each year for the payments on the principal and interest of the bonds should be raised from each zone, and shall show the grades to which the contemplated improvements are to be constructed. In the

case of an acquisition, the said specifications shall include descriptions of all property to be acquired, together with a map or plat showing the same, the total sum of the estimated expense of said acquisition (which expenses shall include the estimated amount of just compensation and damages, the estimated expenses chargeable to the plaintiff in the condemnation action, and the estimated incidental expenses of the proceeding) and a description of the district to be benefited by the proposed acquisition and a map or plat thereof; and the other matters relating to zones and percentages as above required in the case of improvements. In the event that the contemplated proceeding includes both an acquisition and improvement, all of the above requirements shall be included in the specifications; the district, zones and percentages set forth to comprehend both the contemplated acquisition and improvement. Said specifications shall be signed by the person designated and directed to prepare them and be presented to the legislative body ordering them. Said legislative body shall examine the said specifications and may approve them or order modifications or changes to be made therein. When approved by the legislative body they shall be filed with the clerk of said body. At any time before the adoption of a resolution of intention the specifications may be corrected or modified by the order of said body.

Any error or informality in the appointment of any officer or other person to prepare specifications, or the omission of a formal order of appointment altogether, shall not invalidate or in any way affect the proceedings. Errors and
Informalities.

In case the consent of any legislative body other than the one conducting the proceeding is required, as provided in section 2 of this act, then, after the specifications shall have been approved and filed, the legislative body conducting the proceeding shall, by resolution, request such consent (or consents, if more than one is necessary,) and a copy of the resolution requesting such consent, together with a copy of the specifications, shall be filed with the legislative body, or bodies, whose consent is requested. Such legislative body, or bodies, may consent by resolution. Consent.

SEC. 2. Section 5 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows: Stats 1925,
p. 855,
amended.

Sec. 5. Before ordering any acquisition or any improvement authorized by this act, the legislative body which is to conduct the proceeding shall adopt a resolution of intention so to do, referring to the public way, in the case of a public way already acquired, by its lawful or official name, or the name by which it is commonly known, and, in the case of a public way to be acquired under the proceeding, by the name by which such public way is to be called upon its acquisition (which name shall thereby be fixed and established), and when the acquisition or improvement is of property or a right of way owned or to be acquired by the public, then by Resolution
of Intention

briefly describing the said property or right of way. No proceedings for any improvement taken or had under this act shall ever be held to be invalid on the ground that the public way or ways, or any portion thereof, upon which the work or improvement, or any part thereof, is to be or was done has not been dedicated or acquired; *provided*, the same is lawfully dedicated or acquired or an order of immediate possession and use thereof has been obtained at any time before judgment is entered in the suit involving such proceeding. In the case of an acquisition, the resolution shall briefly set forth that a public way or property or right of way (naming or otherwise briefly describing it) is to be acquired, state the purpose of such acquisition, and describe the property necessary or convenient to be taken therefor, and refer to the specifications on file for all details and for the estimated expense of the acquisition. It shall be determined in said resolution that the public interest and necessity require the acquisition therein set forth, and that said property to be taken is necessary therefor. Said resolution, in the case of an acquisition, shall be adopted by a vote of two-thirds of the members of said legislative body. In the case of an improvement, said resolution shall determine that the public interest and necessity require the improvement set forth in the resolution and shall briefly describe the improvement, it being sufficient to state in general terms the class or kind of work contemplated (such as grading, paving, sewerage, or other work or improvement), and to give in general the location of the proposed improvement and refer to the plans, profiles, detail drawings and specifications therefor, or such of them as may be suitable or proper (which shall be approved by said legislative body and be on file in the office of the clerk thereof at the time of the adoption of said resolution), for the estimated cost of the improvement (inclusive of incidental expenses and costs of the proceeding), for a full and detailed description and location of said proposed improvement, and of the grades to which said improvement is to be constructed. Said resolution shall contain the following statement: "The notice of all persons affected is directed to the grades for the proposed improvement and to the provisions of the acquisition and improvement act of 1925 relating to grades," and in cases where the construction of the proposed improvement will result in a substantial change (considered with reference to existing physical conditions) with respect to the relation of the elevation of any abutting property to that of the public way as it will exist upon being improved to the proposed grade, there shall be included in said statement the following: "Particular notice is directed to the fact that substantial changes in the relation of the elevation of abutting property to that of said public way (or ways), as it (or they) will exist after being improved, will result from the construction of the above mentioned improvements to the proposed

grades." If both an acquisition and improvement are contemplated in the same proceeding, one resolution of intention, containing the above requirements in the respective cases, shall be sufficient. Said resolution shall also contain a description of the district of the lands to be benefited by said proposed improvement or acquisition, or both, as the case may be, which shall be known thereafter and which will in this act hereafter be referred to as the "assessment district." Each proceeding under this act may, for convenience, be entitled, and such entitling shall be sufficient for all purposes: "In the matter of acquisition and improvement district No. ----- of the county (or city, as the case may be) of -----" (giving a different number to each district for which a proceeding is had) and a like designation of the district (omitting the words "in the matter of") shall be a sufficient designation of the district at all times and for all purposes. The said description of the assessment district may be in general terms, referring to a plat or map approved by the legislative body conducting the proceeding, which shall be on file in the office of the clerk of such legislative body at the time of the adoption of said resolution of intention, and which shall indicate by a boundary line the extent of the territory to be included in the proposed assessment district, which said plat or map shall govern for all details as to the extent of said assessment district. Said resolution shall also contain a statement that, for the expenses of the things therein proposed to be done bonds will be issued to the total amount of the same, excepting the amount, if any, to be contributed thereto by the county or municipality in money or by the furnishing of materials therefor, said bonds to bear interest at the rate of ----- (not to exceed eight) per cent per annum, payable semiannually, the first interest payment to be made on the second day of January or the second day of July (whichever month first succeeds the date of the bonds) next succeeding one year after the date of such bonds, and the aggregate principal of all bonds issued under the proceeding to be paid and discharged within ----- (not to exceed thirty) ----- years after the date of issuance, approximately one----- (not less than one-thirtieth) ----- part of such aggregate principal to be payable annually, all in gold coin, and that a special fund for the payment of said bonds will be constituted by the levy of special assessment taxes upon the lands within the assessment district, in accordance with the provisions of this act, according to the assessed value of said lands, exclusive of the improvements thereon, except as otherwise in this act provided. If the legislative body so determine, it shall include in said resolution a statement that the first payment on the aggregate principal of the bonds issued will be made ----- (not to exceed five) ----- years after the issuance thereof.

District.

Title of proceeding.

General description.

Bonds to cover expense.

Payment
of bonds.

The time within which the acquisition bonds and immediate possession bonds to be issued under the proceeding shall be paid and discharged may differ from the time within which the improvement bonds issued under the proceeding may be paid and discharged, in which case the resolution of intention shall state all matters as to the time within which the bonds issued under the proceeding will be paid and discharged as hereinbefore required, both for the improvement bonds and also for all acquisition bonds and immediate possession bonds, if any.

Interest
on bonds.

Said resolution of intention may provide that the interest rate to be paid on all acquisition bonds and immediate possession bonds, if any, which shall be issued under the proceedings shall not exceed a maximum rate to be stated in said resolution, which maximum rate shall not exceed eight per cent per annum, payable semiannually; and, if such maximum rate be provided for in the case of acquisition bonds and immediate possession bonds, without giving the final and exact interest rate at which such bonds will eventually be issued and sold, said resolution shall contain a statement thereof with respect to such bonds, in lieu of the statement hereinbefore in this section provided.

Lands to
be assessed

The lands upon which said special assessment taxes shall be levied shall be all those lying within the assessment district, including any lands which are the operative property of any public utility, except as otherwise provided in this section; *provided*, said lands shall not include any lands belonging to the United States government or the State of California, but shall include all lands belonging to a county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution, or institution for the feeble-minded or insane, included within the assessment district, whether being in use in the performance of any public function or otherwise; *provided, however*, that the legislative body conducting the proceedings may, in the resolution of intention, declare that any land or lands, describing the same, belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution, or institution for the feeble-minded or insane, lying within the assessment district, or any of them, shall be omitted from the said district and from the levy and collection of the special assessment taxes thereafter to be levied and collected to cover the expenses of the acquisition or improvement, or both, as the case may be, and in the event that said lands or any of them shall by said resolution be so omitted then the total expenses of the things done in the proceeding shall be met by the levying and collection of such special assessment taxes upon and from the remaining lands within the assessment district, without regard to such omitted lands. In order that any such lands may be so omitted, however, it must be determined and

set forth in the resolution of intention that such lands are in use in the performance of a public function.

If, in the judgment of the legislative body conducting the proceeding, varying benefits to be derived by the different parcels of land lying within the assessment district so require, the said district may be divided into zones according to benefits. Said district may be divided into as many zones—up to the total number of parcels of land in the district—as may be deemed necessary, and each zone shall be composed of and include all the lands within the district which will be benefited in like measure. Said legislative body shall also determine the percentage of the sum to be raised each year by the levy and collection of said special assessment taxes in said district for the payments on the principal and interest of the bonds, which will be raised from the lands in each zone. When the district is divided into such zones the resolution of intention shall so state, giving said percentages to be raised from the lands in each zone. Each zone shall be designated by a different letter or number and shall be plainly shown upon the map or plat of the assessment district filed in the office of the clerk of said legislative body and referred to in the resolution of intention, either by separate boundaries, coloring, or other convenient and graphic method, so that all persons interested may with accuracy ascertain within which zone any parcel of land is located. It shall be sufficient in all cases where the assessment district is to be divided into such zones according to benefits if the resolution of intention states that fact and refers to said plat or map for the boundaries and all details concerning the said zones.

In those cases where the improvement consists entirely of a separation of grades at any crossing of a street railroad, interurban railroad or railroad by any public way, or vice versa, as provided in section 50 hereof, all operative property owned or operated by the public utility which owns or operates the said railroad shall be omitted from the district and from the levy and collection of special assessment taxes therefor where any part of the cost and expense of such construction is to be, or has been, under an order of the railroad commission of this state, or pursuant to the provisions of any franchise owned or operated by such public utility, borne or paid by such public utility; but where the work of constructing such grade separation, a part of the cost of which is so borne or paid by such public utility, constitutes only a part of the improvement or improvement and acquisition included in the proceeding, the operative property owned and operated by such public utility in the district shall be separately zoned to relieve such property from the levy and collection of any special assessment taxes to cover the expense, as estimated, of the construction of such grade separation, and the percentage assigned to such zone shall represent only the proportionate part of the benefits accruing to such property from the remainder of such improvement or improvement

and acquisition, exclusive of the estimated cost and expense of such grade separation.

Hearing of objections.

Said resolution shall contain a notice of a day, hour and place (to be fixed therein) when and where any and all persons having any objections to the proposed acquisition or improvement, or both (if both be included in the proceeding), to the proposed grades to which the improvement (if any) is to be constructed, to the extent of the assessment district, to the zones (if any) into which said district is to be divided, or to the percentages to be raised from each of said zones, or to any or all of the foregoing, may appear before the legislative body conducting the proceeding and be heard. Said time shall not be less than eighteen nor more than sixty days from the date of the adoption of said resolution. The clerk of said legislative body shall cause said resolution of intention to be published by at least two insertions. The date of the first publication shall not be less than fifteen days before the day fixed in said resolution for said hearing.

SEC. 3. Section 7 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 7. The legislative body of the county or municipality conducting the proceedings may determine that any part of the expenses of the acquisition or improvement, or both, as the case may be, shall be paid out of the treasury of the county or municipality, as the case may be, and such payment, or any part of the same, may be made from the general fund of such county or municipality, or from any other fund available to such county or municipality and from which the expenditures may be made for acquisitions or improvements of like character as those which may be made under this act. Said legislative body conducting the proceedings may also purchase all or any part of the materials to be used in constructing any of the improvements included in the contract therefor made under this act and furnish the same therefor, said purchase to be made from any of the funds above mentioned. If such county or municipality has a purchasing agent, said materials shall be purchased by him; otherwise said materials shall be purchased by the legislative body by contracts let to the lowest responsible bidder after notice calling for bids has been published by at least two insertions in a newspaper, or by any other method prescribed by law for the purchase of materials by a county or municipality. If the county or municipality is to furnish materials or make payment toward said expenses, the resolution of intention shall so provide and shall state the fund from which such materials are to be purchased or payments made. When such provision is made, the adoption of the resolution accepting the work done under the contract (in the case of an improvement), and the obtaining of an interlocutory judgment (in the case of an acquisition), shall create a liability on the part of the county or municipality, as the case may be, to make the payments provided for in the resolution of intention, and the obligation to furnish the

materials, as provided in the resolution of intention, shall arise upon the execution of the contract. In the event that the acquisition or improvement, or both such acquisition and improvement under the proceeding, includes any acquisition or improvement, or both, within the territory of a county or any municipality or municipalities for which the legislative body conducting the proceeding does not function, the legislative body of such county or municipality may determine that any part of the expense of the acquisition or improvement, or both, in the proceeding, shall be paid out of its treasury, or materials therefor furnished, as above provided, from any of its funds above mentioned. Such determination shall be expressed by resolution of such legislative body which shall be transmitted to the legislative body conducting the proceeding and a liability of such county or municipality to furnish such portion of such expenses and materials, or expenses or materials, provided for shall be created as above provided. The resolution of intention shall set forth the fact that such portion of the expenses and materials, or expenses or materials, are to be paid and furnished, or paid or furnished, by such county, municipality or municipalities, or any combination or all thereof, as the case may be.

SEC. 4. Section 9 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Stats. 1925,
p. 861,
amended.

Sec. 9. At any time not later than the hour set for hearing objections as provided in the preceding section, any owner of land within the boundaries of the assessment district as set forth in said resolution may, severally, or with other such owners, file with the clerk of the legislative body conducting the proceedings written objection to the thing or things proposed to be done, whether it be an improvement or acquisition, or both, or to the grade or grades to which the improvement is proposed to be constructed, or to the extent of the assessment district, or to the zones, if any, into which the said district is divided, or to the percentages proposed to be raised from each of said zones, or to any or all of the foregoing. Upon such hearing all objections and protests to the doing of the thing or things proposed to be done shall be heard and considered. If upon said hearing it appears that the owners of more than one-half of the area of the property included within the entire assessment district, as proposed, have in writing made objection to the doing of the thing or things proposed to be done, i.e., the improvement or acquisition, or both, as the case may be, in their entirety, and to the ordering of the same, the legislative body shall, by a resolution to be entered upon its minutes, so find and thereupon such legislative body shall have no power to proceed further under said resolution of intention nor to adopt any resolution for doing the same thing or things during a period of one year, next succeeding the time of such finding, unless the said objections be overruled by an affirmative vote of four-fifths of the members of such legislative body. In order that such objections

operate as a bar, as aforesaid, in the absence of such a four-fifths vote, they must specifically state that the objections are to the doing of the thing or things proposed in their entirety and not merely to some item, class, kind or part of the thing or things proposed to be done. If the fact be that the owners of more than one-half of the area of the property included within the entire district as proposed have not so in writing made objection going to the ordering of the thing or things proposed to be done, as an entirety, the legislative body shall so find, and may thereupon proceed with the hearing, but such finding need not be in writing and may, for the purpose of proceeding with the hearing, be a mere announcement of the body. Next shall be heard, in any order desired by such body, such objections as shall be made to the extent of the district and to the zones, if any, into which said district is divided and to the percentages to be raised therefrom as set forth in the resolution of intention, and objections to the grade or grades to which the improvement is proposed to be constructed.

Who may
object
and how

The hearing may be continued from time to time by the legislative body by an order to be entered upon its minutes.

Owners of land within the meaning of this section are those, and those only, who appear to be such upon the records in the recorder's office of the county in which the district is situated on the day before the day set for said hearing, and an executor or administrator shall be deemed representative of his decedent, and a trustee of an express trust in land, other than as security for the payment of money, of the land held in such trust, and a trustee in bankruptcy of the bankrupt, and a guardian of his ward. Owners of land within the meaning of this section shall also include any person who holds a valid contract to purchase land, which fact must either be shown to be such upon the records in said recorder's office or the owner signing the protest must exhibit his contract to purchase; *provided, however*, that if both the owner of record and the contract purchaser shall present protests for the same land, only one protest shall be counted. The objection of any owner may be made by the signature of his agent; *provided*, that there must be attached to the objection the affidavit of the agent that he is duly authorized to sign said objection. Every written objection must contain a description of the property in which each signer thereof is interested sufficient to identify it, and must set forth the nature of his interest therein and, if signed by more than one objector, must be accompanied by the affidavit of one of the signers thereto that each signature thereto is the genuine signature of the person whose name is thereto subscribed. Any written objection not complying with the foregoing requirements shall not be considered by the legislative body in determining whether objection has been made to the doing of the thing or things proposed to be done, as an entirety, by the owners of more than one-half of the area of the property included within the assessment district.

SEC. 5. Section 11 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Stats 1925, p. 864, amended.

Sec. 11. Having thus taken action upon all objections and protests to the doing of the thing or things proposed to be done and having determined the boundaries of the district and of the zones, if any, and the percentages to be raised therefrom, and the grades for the improvement, the legislative body shall have jurisdiction and may, by resolution, order the thing or things proposed to be done in the resolution of intention to be done. The resolution ordering the doing of the thing or things proposed to be done may be the same in which all of the final determinations above mentioned are made, or it may be a separate resolution, in which latter case it shall refer to the resolution making said final determination. Neither said resolution ordering the doing of the thing or things proposed to be done nor any resolutions, notices, orders or determinations thereafter made or given in the proceeding need contain a description of the work or improvement to be done or the property to be acquired, and it shall be sufficient in any of the foregoing to refer therein to the resolution of intention for a description of the work or improvement to be done, or the property to be acquired, or both, as the case may be, and, if the boundaries of the district, the zones, percentages and grades set forth in the resolution of intention have not been changed, it shall be sufficient in any of the foregoing to refer therein to the description of the same set forth in the resolution of intention, but if said boundaries, said zones, said percentages, and said grades or any or all of the same have been changed then it shall be sufficient to refer to the resolution changing and determining the same for a description thereof and all details relative thereto. If said resolution ordering the doing of the thing or things proposed to be done includes the acquisition of property, the legislative body shall therein direct an action to be brought by the attorney, in the proper superior court, in the name of the county or of the municipality for which the legislative body conducting the proceedings functions, as the case may be, for the condemnation of the property necessary or convenient to be taken therefor. If said resolution orders work or improvement to be done, the legislative body shall therein fix a time for receiving bids for doing said work or improvement and direct the clerk thereof to give notice accordingly, inviting sealed bids. In the event the proceeding includes the acquisition of property which must be acquired before the construction of the improvement can be commenced, the time for receiving bids may be fixed as the first regular meeting day of the legislative body after the expiration of fifteen days following the signing of the decree or order of the court entitling the plaintiff in the action to possession and use of the property sought to be acquired, and the clerk shall be directed in said resolution to give the notice inviting bids after the signing of such decree or order; or a future day and hour certain may be fixed and if a decree

or order giving possession is not obtained at a time prior to such day sufficient to permit the first publication of the notice inviting bids to be had at least ten days prior thereto the legislative body may, by resolution, refix said day for receiving bids and direct the clerk to give notice inviting bids for said new day so fixed. A single exercise shall not exhaust this power to refix the day for receiving bids in such cases, but it may be resorted to as many times as are necessary.

Bid to
include
bonds.

In the event that the proceeding includes both an acquisition and improvement the legislative body may require the bidders who submit bids for performing the work and improvement to purchase the bonds which have been or are to be issued to cover the cost of the acquisition and immediate possession, or either or both, and to include in their bid for the improvement a bid for said bonds, which shall not be for less than par. Such determination and requirement shall be made by resolution and shall direct the clerk to give notice accordingly in the notice inviting bids, stating the total par value of such bonds, and the interest rate, if fixed; otherwise the maximum interest rate. In the event such determination and requirement are made the time fixed for receiving bids for the improvement may be any time after directing the issuance of the bonds under the provisions of section 28 or section 36 of this act, fixing a day certain, but the power to refix such time shall exist as heretofore in this section provided. In such event the provisions made elsewhere for the notice of sale and sale of such bonds shall not apply, where inconsistent herewith. The successful bidder shall, within fifteen days after the first publication of the notice of award, make payment to the treasurer in cash for such bonds, which shall be used by said treasurer in the same manner as if such bonds were sold separately; *provided, however,* that the successful bidder shall not be entitled to a contract for the said work or improvement until such payment is made and until the plaintiff in the action to acquire the public way or ways required has obtained a valid court order, judgment or decree entitling it to possession of the public way or ways to be improved. In such cases, the twenty days after the first publication of the notice of award provided in section 14 for entering into the contract shall be extended to ten days after the entry of such order, judgment or decree.

SEC. 6. A new section is hereby added to said "Acquisition and improvement act of 1925," to be numbered section 28½, and to read as follows:

Interest on
immediate
possession
bonds.

SEC. 28½. In the event that it is provided in the resolution of intention that bonds for immediate possession shall be issued at a maximum rate of interest, which shall not exceed eight per cent per annum, payable semiannually, leaving the exact rate of interest at which the bonds are to be issued and sold to be determined at the sale of such bonds, then the notice provided for in the preceding section shall state that said bonds will bear interest at a rate not to exceed the maximum rate

therefor named in said resolution, stating the same. Upon the order for the issuance of said bonds by the legislative body, if such order is made, and the issuance of the same by the treasurer, the legislative body shall advertise the sale of said bonds, calling for bids therefor and fixing a time for the receipt of bids which shall be not less than five days subsequent to the order directing such advertisement, which advertisement shall be published by at least two insertions. At the time fixed for the receipt of such bids, or as soon thereafter as the legislative body can conveniently do so, it shall publicly open, examine and declare the same. Said bonds shall be sold to the best responsible bidder for cash therefor, and consideration shall be given to the rate of interest at which the bonds are offered to be purchased and the premium offered, if any. The rate of interest at which said bonds are sold shall not exceed the maximum rate named in the resolution of intention; and the rate of interest at which the legislative body sells said bonds shall thereupon be fixed as the rate of interest therefor and its such fixing and determination of said rate of interest shall be final and conclusive. Said bonds shall not be sold for less than par, and if any bonds be sold for an amount in excess of par such excess shall be applied to the interest and sinking fund for the retirement of the bonds issued. The proceeds of such sale shall be paid to the treasurer and by him be used as provided in the preceding section. Where not inconsistent, the provisions of the preceding section shall apply to the procedure provided in this section.

SEC. 6½. Section 31 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Stats. 1925,
p. 380,
amended.

Sec. 31. For the purpose of assessing the compensation and damages, the right thereto shall be deemed to have accrued at the date of the issuance of summons, and its actual value at that time shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken but injuriously affected, in all cases where such damages are allowed by the provisions of this act; *provided*, that in any case in which the issue is not tried within one year after the date of the issuance of summons, unless the delay is caused by the defendants, the compensation and damages shall be deemed to have accrued at the date of trial, and its actual value at that time shall be the measure of compensation.

Determina-
tion of
damages.

If an order of the court be made letting plaintiff into immediate possession and the plaintiff shall take immediate possession upon commencing eminent domain proceedings and thereupon giving such security in the amount of money deposited as the court may determine to be reasonable to secure compensation to the owner, as provided in section 14 of article I of the constitution of this state, then the compensation and damages awarded shall draw interest at the rate of seven per cent per annum from the date of such order.

No improvements placed upon the property proposed to be taken subsequent to the date of the publication of the resolution of intention in the proceeding shall be included in the assessment of compensation or damages.

Findings.

The referees, or the court, or the jury, as the case may be, shall find separately:

First—The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second—If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of the severance therefrom of the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.

Public utility property.

In those cases where the acquisition includes the relocation or removal of, or the making of structural changes in, any railroad, street or interurban railway tracks or structures or other public utility structures or equipment, the compensation to be paid for such relocation, removal or change, or the damages occasioned by the ordering thereof, shall be ascertained and assessed and shall become a part of the award and a part of the expense of the acquisition as other compensation and damages. Where prayed for in the complaint and the complaint describes and is accompanied by a map or diagram showing the location and proposed relocation, removal or change, the court shall, in addition to the condemnation ordered, order such relocation, removal or change.

Stats. 1925, p. 882, amended.

Abandonment of proceedings.

SEC. 7. Section 35 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 35. The legislative body of the plaintiff may, at any time prior to the payment of the compensation awarded the defendants, abandon the proceedings, by resolution, and cause the said action to be dismissed, without prejudice; *provided, however,* that in all cases in which immediate possession bonds have been issued and sold, as provided in this act, the proceedings can not thereafter be abandoned, nor can the action for the condemnation of the property to be acquired be dismissed; *and provided, further,* that where the amount or amounts required in order to obtain immediate possession and use have been advanced by the county or municipality from its treasury or from its revolving fund, as provided in this act and immediate possession and use of the property to be condemned, or a portion thereof, has thereupon been taken, as provided in this act, the proceedings for the acquisition can not be abandoned, nor the said action dismissed, unless and until the county or municipality whose legislative body is conducting the proceeding, and which is plaintiff in the action, shall first compensate the owners of property over which such possession and use have been taken for all damages

occasioned thereby, and such county or municipality shall be liable for such damages.

Furthermore, if at any time after immediate possession bonds have been issued and sold, as provided in this act, and before the entry of a final order of condemnation, the proceedings are set aside or held invalid by any court, the county or municipality whose legislative body is conducting the proceeding shall be liable for all damages caused thereby to holders of immediate possession bonds, and shall also be liable for all damages to owners of property over which immediate possession and use have been taken, which have been occasioned by such possession and use.

SEC. 8. A new section is hereby added to said "Acquisition and improvement act of 1925", to be numbered section 36 $\frac{1}{2}$, and to read as follows:

SEC. 9. Section 39 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 39. The bonds issued under and in pursuance of this act for an acquisition or improvement, or both such acquisition and improvement, may in form and shall in substance (using designations and filling blanks as appropriate under the proceeding) be as indicated following, to wit:

ACQUISITION AND IMPROVEMENT DISTRICT BOND.

Acquisition and improvement district No.----- of the State of California, known as the "Acquisition and improvement act of 1925," the county (or city) of-----, State of California.

\$----- Bond No.----- Series-----

Under and by virtue of an act of the Legislature of the State of California, known as the "Acquisition and improvement act of 1925," the county (or city) of -----, State of California, will pay to the bearer, out of the fund hereinafter designated, at the office of the treasurer of said county (or city), on the ----- day of -----, 19___, the sum of ----- dollars in gold coin of the United States of America, with interest thereon in like gold coin at the rate of ----- per cent per annum, payable semiannually on the second day of January and the second day of July in each year from the date hereof (except that the first interest payment will be made on the second day of ----- next succeeding one year after the date of this bond and the last installment of interest payment will be paid at the maturity of this bond) upon the presentation and surrender, as they respectively become due, of the proper interest coupons hereto attached, the first of which is for interest from the date hereof to the second day of ----- (here insert the month, January or July, which next succeeds the date of the bond) next succeeding one year after the date of this bond, and the last for interest to the maturity hereof from the last preceding date of interest payment.

This bond is issued under and in conformity with the provisions of the above mentioned "Acquisition and improvement act of 1925" and is one of ----- (here use the words "a series of," if bonds are to be issued under the proceeding for either an acquisition or improvement only, and the words "several series of," if bonds are to be issued for both an acquisition and improvement) ----- bonds to be issued to represent the expenses of certain ----- (here use the words "acquisitions of property by the public," if bonds are to be issued for an acquisition only, and the words "public improvement," if bonds are to be issued for an improvement only, and the words "acquisitions of property by the public and public improvements," if bonds are to be issued for both an acquisition and improvement in the same proceeding) ----- authorized by the provisions of said act and comprehended in the proceedings had for the above named district. It is hereby certified, recited and declared that all

This bond is payable out of the "Acquisition and improvement district No.----- of the county (or city) of ----- interest and sinking fund" exclusively, as the said fund appears upon the books of the treasurer of said county (or city) and neither said county (or city) nor any officer thereof shall be holden for its payment otherwise; but in accordance with the provisions of said act a special assessment tax will be levied and collected upon the lands in said district in an amount clearly sufficient to pay the principal and interest of said bonds as the same shall become payable.

In witness whereof the ----- (here designate the legislative body) ----- of the said county (or city) has caused this bond to be signed by the treasurer of said county (or city) and the seal of ----- (here use the words "the board of supervisors of said county" or the words "the city," as the case may be)-----to be affixed this-----day of-----19-----.

Treasurer of the county (or city)
of-----, State of California.

The designation of the district by its name and number set forth at the top of the bond shall be sufficient to identify and distinguish each and all of the bonds thereof from any other issue. In the event that the proceeding comprehends an improvement only, all the bonds issued thereunder may be designated as of one series, as for example "Series A." In the event it comprehends an acquisition, and bonds are issued to raise funds necessary to obtain an order of immediate possession and use of the property to be acquired before trial, as in this act provided, the bonds issued for that purpose shall be designated by a separate series from those issued thereafter, if any, to defray the remaining expenses of the acquisition, as for example, "Series A" for the bonds issued to raise such funds, and "Series B" for the bonds issued for the remaining expenses of the acquisition. In the event the proceeding comprehends both an acquisition and an improvement, the bonds issued for the expenses of the acquisition shall be designated by separate series, as for example, those issued to raise funds to obtain such an order of possession as "Series A," those issued for the improvement as "Series B," and those issued for the remaining expenses of the acquisition as "Series C," according to the order, in point of time, in which the respective issues are made.

Designation of series.

All bonds issued under this act shall be signed by the treasurer of the county or municipality whose legislative body conducts the proceeding and shall have the seal of the board of supervisors of the county or the seal of the city, as the case

SEC. 10. Section 40 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 40. The principal and interest of the bonds issued under this act shall be payable in gold coin of the United States of America at the office of the treasurer issuing the same. The legislative body is hereby vested with power to determine, and shall in the resolution of intention determine, the number of years, not to exceed thirty, after the issuance of any bonds issued, within which the aggregate principal of all bonds to be issued in any proceeding under this act shall be paid and discharged, and to fix the rate of interest, not to exceed eight per cent per annum, payable semiannually, to be paid thereon; *provided, however*, that in the case of acquisition bonds and immediate possession bonds the rate stated in the resolution of intention need only be a maximum rate, which shall not exceed eight per cent per annum, payable semiannually, in which case the exact rate of interest shall be determined upon the sale of the bonds, as heretofore in this act provided. It shall be a sufficient determination and fixing of the term and interest rate of said bonds to set forth in the resolution of intention that bonds will be issued for the expense of the things to be done in any language that will fairly indicate such time, the fractional part of the principal to be paid each year, and the interest rate for improvement bonds and either the interest rate or the maximum interest rate for which acquisition bonds and immediate possession bonds will be issued. It may be provided in said resolution that the first payment of principal shall become due either one, two, three, four or five years after the date of said bonds. The number of installments of payments on the principal shall be indicated in said resolution of intention, and in any proceeding the number of installments of payment on the principal of improvement bonds may differ from the number of installments of payments on the principal of acquisition bonds and immediate possession bonds, if any, to be issued in said proceeding. The amount of the principal due in each annual payment need not be exactly the same, but with respect to each installment excepting the last may be made to differ not more than five hundred dollars from the amount obtained by dividing the total of the principal amount due under the bonds by the number of installments. Each installment, except the last, shall be an even multiple of one hundred and

the last installment shall be for the balance of the total principal amount not provided to be paid in the previous installments.

The interest payments on said bonds shall be payable semi-annually on the second day of January and the second day of July of each year, except that the first interest payment shall be made on the second day of January or the second day of July (whichever month first succeeds the date of the bonds) next succeeding one year after the date of said bonds, and except that the last installment of interest shall be payable at the maturity of the bonds, in the manner indicated in the form of bond in this act set forth. It shall not be necessary, either in the resolution of intention or otherwise, to set forth or determine the days of the month on which payments of interest are to be made, nor that payments shall be made in gold coin, nor that payments shall be made at such treasurer's office, but all persons are charged with notice of the contents of this section, especially in the aforesaid particulars.

SEC. 11. Section 41 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

Sec. 41. For each district in which bonds have been issued under the provisions of this act a special fund to be named "Acquisition and improvement district No. _____ of the county (or city) of _____ interest and sinking fund" (the number to be that of the district) for the discharge and payment of such bonds, whether issued for an acquisition or improvement, or both, and interest thereon, shall be constituted by the county or municipality (as the case may be) whose legislative body has conducted the proceedings, as follows, to wit: In case the district is entirely within one municipality there shall each year at the time of levying taxes for general municipal purposes be levied by the legislative body of such municipality against and upon all of the lands within said district a special assessment tax in an amount clearly sufficient, together with any moneys which are or may be in said fund, to pay all the principal which has become or will become payable and all interest which has become or will become payable on the bonds issued under the proceeding before the proceeds of another tax levy made at the time of the next general tax levy for general municipal purposes can be made available for the payment of said principal and interest. In case the district is entirely within unincorporated territory of the county, or partly within unincorporated territory of the county, and partly within one or more municipalities, or within two or more municipalities, there shall each year at the time of the general tax levy for county taxes be levied by the board of supervisors against and upon all the lands within said district a special assessment tax, in an amount clearly sufficient, together with any moneys which are or may be in said fund, to pay all the principal which has become or will become payable and all interest which has become or will become payable on the bonds issued under the

proceeding before the proceeds of another tax levy made at the time of the general tax levy for county purposes can be made available for the payment of said principal and interest. The lands within any such district shall include any land which is the operative property of any public utility and include any lands belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution or institution for the feeble-minded or insane, whether being used in the performance of a public function or not, unless declaration was made in the resolution of intention omitting any of said lands from the assessment to be made; but shall not include any lands belonging to the United States government or to the State of California. If the said district has been divided into zones and the percentage of the expenses to be raised from each such zone has been determined, as provided in this act, in that event the said amount of said special assessment tax to be levied shall be divided according to said percentages and the percentage to be raised from the lands in each zone shall be levied against and upon the lands therein as above provided.

Assessment
and
collection.

In case the district is entirely within one municipality, the assessment roll for general municipal taxes of such municipality shall be the basis for the levy and computation of said tax (except as to property not assessed thereon), and in case the district lies entirely within unincorporated territory of the county, or partly in unincorporated territory of the county and partly within one or more municipalities, or within two or more municipalities, the county assessment roll for general county taxes shall be the basis for the levy and computation of the tax (except as to property not assessed thereon). Such special assessment taxes shall be in addition to all other taxes levied for county purposes or for municipal purposes, as the case may be, and shall be levied, computed, entered, collected and enforced in the same manner and by the same persons and at the same time and with the same penalties and interest as are other taxes for county purposes or for municipal purposes, as the case may be, and all laws applicable to the levy, collection and enforcement of taxes for county purposes or for municipal purposes, as the case may be, are hereby made applicable to said special assessment tax.

Making and
equalizing
assessments.

It shall be the duty of the county assessor or the city assessor, as the case may be, to assess, exclusive of any improvements thereon, all lands heretofore in this section mentioned (if any there may be in any assessment district formed under this act) not otherwise assessed for purposes of general county taxes or general taxes of a municipality, as the case may be, against which such special assessment taxes are to be levied. The assessment of such lands (if any such there be in the district) shall be made at the same time and in the same manner and by the same persons as the assessment for general county taxes or general taxes of a municipality, as the case may be, and

shall be equalized at the same time and in the same manner and by the same persons as such general county taxes or general taxes of a municipality are equalized. And the official or officials who are required to give notice of the equalization of the general county assessment roll or the general municipal assessment roll, as the case may be, shall give notice to all persons interested, for the same time and in the same manner as that given on the equalization of said general assessment rolls, of the equalization of assessments of such lands for the purpose of taxing the same to pay the principal and interest of bonds issued under this act. Said lands need not be described in said notice, but it shall be sufficient to state therein that the lands assessed include all lands in certain acquisition and improvement districts, designating them by their proper names, which are not assessed on the general county or municipal assessment roll, as the case may be, but are subject to assessment under the proceedings creating said assessment districts. At said hearing all persons interested in any lands in said districts may appear and be heard upon any matter of equalization affecting any lands within such districts, and the notice of equalization shall so state.

In the event that there is included within such district any land belonging to any county, municipality, district, public agency, mandatory of the government, school board, educational, penal or reformatory institution or institution for the feeble-minded or insane, and which is being used in the performance of a public function, and no declaration was made in the resolution of intention omitting such land from the assessment to be made, the amount of the special assessment tax levied each year against said land, as above provided, shall be an enforceable obligation against the owner of or the governing body controlling said land, and it shall be the duty of the officer or body having charge of the disbursement of the funds of the owner of said land to pay the amount of said special assessment tax levied, from any of the funds thereof available, immediately upon its becoming due. If for any reason there are no moneys in any of such funds, then the county or municipality, as the case may be, whose legislative body conducted the proceedings shall pay said special assessment tax against said land and the said owner or governing body controlling said land shall reimburse such county or municipality immediately upon the receipt of sufficient moneys in any of its available funds. In all cases in which sufficient funds are not available to make such reimbursement before the time of another tax levy, the board or officers whose duty it is to levy taxes for said owners shall include in the next tax levy an amount, in addition to moneys for all other purposes, sufficient to reimburse said county or municipality.

The legislative body of the county or municipality, as the case may be, which conducted the proceedings for the acquisition or the improvement, or both, may annually at or prior to the time said tax levy is made, transfer from the general fund

of such county or municipality or from any fund which may be used for acquisitions or improvements of a similar character to those made under the proceeding, to the interest and sinking fund above provided for, such amount as in the judgment of said legislative body should be transferred. It is the intention of this provision that further assistance in addition to that, if any, provided for in the resolution of intention and that which may be given as elsewhere provided in this act, may be given by such county or municipality toward the payment of the expenses of the thing or things done under the proceedings after bonds for said expenses shall have been issued and sold, and apart from the loans, and apart from the advances under the revolving fund elsewhere in this act provided.

Mandatory
requirement

In any event, it shall be the duty of the legislative body, which is required by this section to levy the special assessment tax, to levy a special assessment tax upon all of the said lands within such district clearly sufficient to pay the principal and interest of said bonds as the same shall become payable, and said legislative body is hereby vested with power and jurisdiction to do all and singular the things which in this section aforesaid it is declared shall be done by it. Whenever any of said bonds or any payment of principal or interest thereon shall become due and there shall not be sufficient money in said interest and sinking fund to pay the same, the legislative body which conducted the proceeding may, pending the levy and collection of a special assessment tax therefor, order the amount of money necessary to pay said bonds, or payment of principal or interest so falling due, to be transferred from the general fund of the county or municipality, as the case may be, to said interest and sinking fund, and the amount of money so transferred shall be deemed a loan to said interest and sinking fund and shall be repaid to the general fund from the first money coming into said interest and sinking fund thereafter. Any money remaining in any acquisition and improvement district interest and sinking fund after all of the bonds of the district have been retired shall be transferred to the general fund of the county or municipality, as the case may be, whose legislative body conducted the proceeding and may by said body be used in repairing any public way in said district, regardless of whether a portion or all of the district as originally formed may have been included within one or more municipalities which did not include such portions or all of the district at the time the proceedings for the same were initiated.

body

In all cases in which the proceeding is conducted by the legislative body of a municipality where the taxes are required by this action to be levied by the board of supervisors of the county, the clerk of the legislative body conducting the proceeding, in addition to transmitting to the treasurer of such municipality an attested copy of any order or orders for the

issuance of bonds in the proceeding, shall transmit to the legislative body of the county a certified copy of such order or orders for the issuance of bonds, together with certified copies of the resolution of intention and of the resolutions and orders in which are set forth the boundaries of the district, the number of zones, if any, and the percentage to be raised from each zone, as said matters were finally determined, and shall also transmit to such legislative body a certified copy of the map of the assessment district showing the boundaries of the district and of the zones therein, if any, as finally determined, and upon the filing with such legislative body of said certified copies it shall thereupon have jurisdiction and the other officers of the county shall have jurisdiction and it shall be their duty to take the steps required in this section for the assessment, levy, computation, entry, collection and enforcement of such special assessment taxes.

In all cases in which the legislative body of a municipality conducted the proceedings, and the county officials levy and collect the taxes, as hereinbefore provided, the proper officers of said county upon collecting the taxes aforesaid shall, not later than the thirtieth day of each month in which said taxes are collected, transmit the same to the city treasurer of the municipality, the legislative body of which conducted the proceedings, together with a statement of the amounts delinquent in each such district, if there be any delinquencies. *Provided, however,* that nothing in this section shall be construed as requiring the city officials of any municipality which has availed itself of the provisions of any law permitting the duties of city officials relating to the assessment, collection and enforcement of taxes to be performed by county officials, to perform any of the duties herein prescribed relating to the assessment, collection and enforcement of taxes which are performed for said city by county officers, and the taxes required to be levied hereunder shall be assessed, collected and enforced by the persons who perform such duties for said city.

SEC. 12. Section 50 of said "Acquisition and improvement act of 1925" is hereby amended to read as follows:

The people of the State of California do enact as follows:

SECTION 1. All moneys belonging to or in the custody of any county, city and county, city, town, municipality or other political subdivision within the state, shall, so far as possible, be deposited in such state or national bank or banks in the state as the treasurer of the county, city and county, city, town, municipality or other political subdivision, as the case may be, or other official having the legal custody thereof, shall select for the safekeeping of such deposits, and any sum so deposited shall be deemed to be in the treasury of such county, city and county, city, town, municipality or other political subdivision; *provided*, that the bank or banks in which such money is deposited shall furnish security as hereinafter provided; *and provided, further*, that such depository bank or banks be selected from those agreeing to pay the highest rate of interest, not less than two per centum per annum, for such deposits, as may be determined by bids to be submitted at such times and in such manner as the treasurer shall direct; *and provided, further*, that such deposit shall not exceed the paid-up capital, exclusive of reserve and surplus, of any depository bank. Any and all bids may be rejected by the treasurer and new bids asked for. The transportation of moneys to and from such depositories shall be borne by such depositories and they shall handle, collect and pay all checks, drafts and other exchange without cost to such county, city and county, city, town, municipality or other political subdivision. Such deposits, with interest thereon, shall be subject to withdrawal at any time upon the demand of the treasurer or other authorized official; *provided, however*, that the treasurer may, with the consent of the governing body of the county, city and county, city, town, municipality or other political subdivision, deposit any part of such moneys for a definite term and may agree with any depository bank or banks as to the period of time of any such deposit or deposits, but no such agreement shall provide for the deposit of any of such moneys for a longer period than one year; *and provided, further*, that such treasurer is hereby authorized, under such conditions as he with the approval of the governing body of such county, city and county, city, town, municipality or other political subdivision may fix, to deposit moneys in any bank or banks within or without this state, necessary for the payment of the principal and interest of bonds at the place or places at which the same are payable, and the provisions of this act shall not apply to deposits for such purposes.

Interest on
deposits

SEC. 2. The interest to be paid by any such depository bank shall be on the average daily balances of the moneys kept on deposit therewith, and shall be payable quarterly. The treasurer shall render to such depository and to the county auditor a statement showing the amount of accrued interest for each such depository for the preceding quarter. Interest on all moneys deposited as herein provided for shall belong to the county or municipality represented by the officer making such deposit, and shall be paid quarterly into the general fund of such county or municipality, except where the law otherwise directs.

Active and
inactive
deposits

SEC. 3. There shall be two classes of deposits; one shall be known as active deposits and the other as inactive deposits. The treasurer, with the consent of the governing body of the county, city and county, city, town, municipality or other political subdivision, shall determine what amount of money shall be deposited as inactive deposits. Such treasurer may call in moneys from inactive deposits and place them in active deposits, when it shall be necessary to do so, for the purpose of providing for current demands; and, when there are inactive moneys in his possession for which there are no demands, said inactive moneys may be placed as active deposits. When there are no demands for either active or inactive moneys, such treasurer may deposit with the federal reserve bank of San Francisco any gold coin or other moneys in his possession and take from said bank a certificate or other exchange showing such deposit. The provisions of this act shall not apply to such deposits with the federal reserve bank.

For the security of active deposits, there shall be deposited with such treasurer, treasury notes or bonds of the United States or of this state, or of any county, city and county, city, town, municipal utility district, flood control district, school district or irrigation district within this state, or the surety bond or bonds of any corporation or corporations qualified to act as sole surety on bonds or undertakings required by the laws of this state; *provided*, that the furnishing of surety bonds shall be optional with the treasurer; *provided, however*, that when there is no qualified bank within the county owning the money, or the county within which the city, town, municipal utility district, flood control district, school district or irrigation district owning the money

is situated requesting such active deposit, and offering any of the classes of securities, including surety bonds, herein provided for such deposits, then no such surety bond or notes or bonds shall be accepted as security for active deposit in banks outside of such county while any notes or bonds of the United States, or of this state, or of any county, city and county, city, town, municipal utility district, flood control district, school district, or irrigation district within the state shall be offered as security for active deposits by any bank in the state qualified to accept such deposits; *provided, further*, that the penalty or the aggregate of the penalties of any surety bond or bonds covering deposits in any one bank given by any surety company shall not exceed ten per cent of the capital and surplus of such company, according to the statement thereof contained in the last preceding report issued by the United States treasury department, but in fixing such limit there shall be deducted from such penalty the amount of any reinsurance the terms of which inure directly to the county, city and county, city, town, municipality or other political subdivision making the deposit, placed with a company qualified to execute bonds hereunder within the limits applicable to said company and evidence of such reinsurance shall be furnished to the treasurer making the deposit within twenty days after the date of such surety bond.

Such securities shall be approved by the treasurer and attorney of such county, city and county, city, town, municipality or other political subdivision in any amount in value at least ten per cent in excess of the amount of the deposit with such bank or banks. No surety bond shall be accepted from any surety company, unless said company shall be approved by the insurance commissioner of the state as a company possessing the qualifications herein required to secure the deposit of any funds, and it shall be the duty of said commissioner to issue such certificate on demand of the proper officer of the county, city and county, city, town, municipal utility district, flood control district, school district or irrigation district showing the qualifications of such companies; and, unless said company shall also hold a certificate of authority from the United States treasury department as being acceptable as a surety on federal bonds. The form of bonds required under this act shall be approved by the attorney for such county or municipality.

SEC. 5. If in any case or at any time the security deposited with such treasurer is not deemed satisfactory by such treasurer, he may require such additional security as may be satisfactory to him. Such security, or any part thereof, may be withdrawn or released on the written consent of such treasurer, and the attorney of the county or municipality or other political subdivision; *provided*, that a sufficient amount of said notes or bonds or, when permissible, surety bonds of sufficient penalties, to secure said deposits shall always be kept in the treasury, and in the event that any said bank or banks of

with
depositories.

Any materialman, person, company or corporation furnishing materials, provisions, provender or other supplies used in, upon, for or about the performance of the work contracted to be executed or performed, or any person, company or corporation renting or hiring teams or implements, or machinery for, or contributing to, said work to be done, or any person who performs work or labor upon the same, or any person who supplies both work and materials and whose claim has not been paid by the contractor, company or corporation to whom the contract has been awarded, or by the subcontractors of said contractor, company or corporation, may at any time prior to the expiration of the period within which claims of lien must be filed for record, as prescribed by section 1187 of the Code of Civil Procedure, file with the superintendent of streets, a verified statement of his or its claim, together with a statement that the same, or some part thereof, has not been paid. It shall be lawful for the superintendent of streets, within ten days after the completion of any such contract or work of improvement provided for in this act, or within ten days after there has been a cessation from labor thereon for a period of thirty days, to file for record in the office of the county recorder of the county where the property is situated, a notice, setting forth the date when the same was completed, or on which cessation from labor occurred, together with the name of the municipality and description of the property or public work or improvement, sufficient for identification, and the name of the contractor or contractors, and the name of the surety,

which notice shall be verified by such superintendent of streets, and in case such notice be not so filed the failure to so file shall have the same effect as provided in section 1187 of the Code of Civil Procedure, with reference to the "owner." Any laborer, materialman, person, company or corporation entitled to the benefit of this act as hereinbefore set forth, whose claim has not been paid by the said contractor, company or corporation, or his or its subcontractors, shall severally have a first lien upon and against the assessment, any partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment. And actions against the said municipality or superintendent of streets to establish such liens brought by any claimant who has filed claims under this act, or by his assigns, shall be governed by the provisions of sections 1184, 1184a, 1184b and 1184c of the Code of Civil Procedure, and the verified notice provided for in the said section shall be equivalent for all purposes to the verified claim provided for herein.

No assignment by the contractor of the whole or any part of the money, assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment, due him or to be due him under the contract, or for "extras" in connection therewith, whether made before a verified claim is filed as provided for herein or after said claim is filed, shall be held to take priority over claims filed under this section, and such assignment shall have no binding force in so far as the rights of the claimants who file claims hereunder, or their assigns, are concerned; *provided*, that nothing in this section shall be construed to prohibit payment to the contractor or his assigns, so long as no verified claim is on file before the disbursing officer shall have actually surrendered possession of the assessment, partial assessment, any reassessment, and any bonds which may be issued to represent any assessment or reassessment, or the payment to said contractor or his assigns of any assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment, due him or his assigns over and above the total amount of the claims filed at that time plus such interest and court costs as might be reasonably anticipated in connection with said claims.

Suit against the surety or sureties on the bond of the contractor required hereunder may be brought by any claimant, or his assigns, at any time after the claimant has ceased to perform labor or furnish materials or both and until the expiration of six months after the period in which verified claims may be filed as provided herein. The filing of a verified claim shall not be a condition precedent to the maintenance of such action against the surety or sureties on the bond and an action on such bond may be maintained separately from and without the filing of an action against the municipality or officer by whom such contract was awarded. And upon the trial of any such action, the court shall award to the prevailing party

If the contractor, subcontractor or other person against whom any claim is filed as provided in this act, shall dispute the correctness or validity of any claim so filed it shall be lawful for the municipality or superintendent of streets by whom the contract for the improvement was awarded, in its or his discretion, to permit the contractor to whom said contract was awarded to deliver to such municipality or superintendent of streets a bond executed by some corporation authorized to issue surety bonds in the State of California, in a penal sum equal to one and one-fourth times the amount of said claim, which said bond shall guarantee the payment of any sum which said claimant may recover on said claim, together with his costs of suit in said action, if he shall recover therein, and upon the filing of said bond by and with the consent of such municipality or superintendent of streets, then such municipality or superintendent of streets shall not withhold any funds, assessment, partial assessment, any reassessment and any bonds which may be issued to represent any assessment or reassessment from said contractor on account of said claim. The sureties upon said bond shall be jointly and severally liable to said claimant with the sureties upon the original bond inuring to the benefit of persons entitled to file claims under this act and given in accordance with the provisions of this act.

The board of supervisors, in addition to hearing protests against the proposed work or improvement and the extent of the district to be assessed therefor, shall hear and

pass upon all protests against the formation of the maintenance district and against the extent thereof, and its decision shall be final and conclusive; *provided*, that when the board of supervisors finds that the protest against the formation of the maintenance district is made by the owners of more than one-half of the area of the property included within such district, no further proceeding shall be taken for a period of six months from the date of the decision of the board of supervisors on said hearing, unless the said protests be overruled by an affirmative vote of four-fifths of the members of the board of supervisors. The board of supervisors may adjourn said hearing from time to time.

SEC. 4. At the time fixed for the hearing, the board of supervisors shall hear the petition and shall determine whether or not the petition complies with requirements and whether the notice has been published as required. Bias or

Establish-
ment of dis-
qualification

Whenever a judge of a court of record shall have knowledge of any fact or facts which, under the provisions of this section, disqualify him to sit or act as such in any action or proceeding pending before him, it shall be his duty to declare the same in open court and cause a memorandum thereof to be entered in the minutes. It shall thereupon be the duty of the clerk to transmit forthwith a copy of such memorandum to each party, or his attorney, who shall have appeared in such action or proceeding, except such party or parties as shall be present in person or by attorney when the declaration shall be made. Whenever a judge of a court of record who shall be disqualified, under the provisions of this section, to sit or act as such in any action or proceeding pending before him, neglects or fails to declare his disqualification in the manner hereinbefore provided, any party to such action or proceeding who has appeared therein may present to the court and file with the clerk a written statement objecting to the hearing of such matter or the trial of any issue of fact or law in such action or proceeding before such judge, and setting forth the fact or facts constituting the ground of the disqualification of such judge. Within five days after the presentation and filing of any such statement, the judge alleged therein to be disqualified may file with the clerk his consent in writing that the action or proceeding be tried before another judge, or may file with the clerk his written answer admitting or denying any or all of the allegations contained in such statement and setting forth any additional fact or facts material or relevant to the question of his disqualification. The clerk shall forthwith transmit a copy of the judge's consent or answer to each party or his attorney who shall have appeared in such action or proceeding. Every such statement and every such answer shall be verified by oath in the manner prescribed by section 446 of this code for the verification of pleadings. The statement of a party objecting to the judge, on the ground of his disqualification, shall be presented at the earliest practicable opportunity, after his appearance and discovery of the facts constituting the ground of the judge's disqualification, and in any event before the commencement of the hearing of any issue of fact in the action or proceeding before such judge. No judge of a court of record, who shall deny his disqualification, shall hear or pass upon the question of his own disqualification; but, in every such case, the question of the judge's disqualification shall be heard and determined by some other judge agreed upon by the parties who shall have appeared in the action or proceeding, or, in the event of their failing to agree, by a judge requested to act by the chairman of the judicial council, and, if the parties fail to agree upon a judge to determine the question of disqualification, within five days after the expiration of the time allowed herein for the judge to answer, it shall be the duty of the clerk then to notify the chairman of the judicial council of that fact; and it shall be the duty of the

chairman of the judicial council forthwith, upon receipt of notice from the clerk, to request some other judge, not disqualified, to hear and determine the question. If the judge admits his disqualification, or files his written consent that the action or proceeding be tried before another judge, or fails to file his answer within the five days herein allowed, or if it shall be determined after hearing that he is disqualified, the action or proceeding shall be heard and determined by another judge not disqualified, who shall be agreed upon by the parties, or, in the event of their failing to agree, appointed by the chairman of the judicial council; *provided, however,* that when there are two or more judges of the same superior court, one of whom is disqualified, the action or proceeding may be transferred from the department of the disqualified judge to the department of another judge who is not disqualified. A judge who is disqualified may, notwithstanding his disqualification, request another judge, who has been agreed upon by the parties, to sit and act in his place. The disqualification mentioned in either subdivision two or three of this section may be waived by the written stipulation of the parties.

5. In an action or proceeding brought in the superior court or justices' court by or against the reclamation board of the State of California, or any irrigation, reclamation, levee, swamp land or drainage district, or any public agency, or trustee, officer or employee thereof, affecting or relating to any real property or an easement or right of way, levee, embankment, canal, or any work provided for or approved by the reclamation board of the State of California, the judge of the superior court of the county, or justice of the peace of the township in which such real property, or any part thereof, or such easement or right of way, levee, embankment, canal or work, or any part thereof is situated shall be disqualified to sit or act, and such action, if brought in the superior court, shall be heard and tried by some other judge of the superior court requested to sit therein by the chairman of the judicial council, or if brought in the justices' court, by some other justice of the peace requested to sit therein by the chairman of the judicial council; unless the parties to the action shall sign and file in the action or proceeding a stipulation in writing, waiving the disqualification in this subdivision of this section provided, in which case such judge or justice of the peace may proceed with the trial or hearing with the same legal effect as if no such legal disqualification existed. If, however, the parties to the action shall sign and file a stipulation agreeing upon some other judge of the superior court or justice of the peace to sit or act in place of the judge or justice disqualified under the provisions of this subdivision, the judge or justice agreed upon shall be called by the judge or justice of the peace so disqualified to hear and try such action or proceeding; *provided,* that nothing herein contained shall be construed as preventing the judge

of the superior court of such county from issuing a temporary injunction or restraining order, which shall, if granted, remain in force until vacated or modified by the judge designated by the governor as herein provided.

If, from any cause, the court orders the place of trial changed, it must be transferred for trial to a court the parties may agree upon, by stipulation in writing, or made in open court and entered in the minutes; or, if they do not so agree, then to the nearest or most accessible court, where the like objection or cause for making the order does not exist, as follows:

1. If in a superior court, to another superior court, or to a municipal court if the action be cognizable therein.
2. If in a justice's court, to another justice's court or a municipal court in the same county.
3. If in a municipal court to another municipal court, or to a justice's court, if the action be cognizable therein, otherwise to a superior court.
