PART 1010—SUSPENSION ORDERS

[Suspension Order S-920]

STYLE UNDIES, INC.

Style Undies, Inc., a corporation located at 64 West 36th Street, New York City, is engaged in the manufacture of children's slips, panties, pajamas and nightgowns. On January 2, 1946, a temporary suspension order was issued against the company directing it to cancel immediately all CC rated textile orders for fabrics in excess of those authorized for the fourth quarter of 1945, and to place no CC rated orders for such textiles for the first quarter of 1946. During the fourth quarter of 1945 the corporation placed orders bearing CC ratings for 46,000 yards of rayon fabrics, although it was authorized to place such rated orders for only 7,255 yards of rayon fabrics, in violation of Priorities Regulation No. 3. Under the orders so placed the company actually received 29,956 yards of rayon in excess of its authorized allocation. During the same period the corporation placed CC rated orders for 60,000 yards

of cotton fabrics, although it was authorized to place such rated orders for only 57,131 yards of such material, in violation of Priorities Regulation No. 3. On December 5, 1945, an official order of the Civilian Production Administration was sent by telegram to the company directing it to cancel all purchase orders bearing CC ratings calling for delivery of material in excess of its authorization of 7,255 yards of rayon and also directed it to discontinue the receipt of such material in excess of its authorization and the cutting up or processing of any rayon fabrics received on orders bearing CC ratings in excess of the yardage authorized. After the receipt of the foregoing official order from the Civilian Production Administration, the company continued to receive and process rayon cloth in violation thereof. The company's violations of Priorities Regulation No. 3 resulted from gross negligence, and its violations of the telegraphic order of December 5, 1945, were the result of willfulness. These violations have interfered with the controls established by the Civilian Production Administration for the distribution of critical materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.920 *Suspension Order No. S-920*. (a) The temporary suspension order issued against Style Undies, Inc., on January 2, 1946, is hereby revoked.

(b) Unless otherwise authorized in writing by the Civilian Production Administration, Style Undies, Inc., shall not place any rated orders for rayon cloth during the first and second quarters of 1946.

(c) During the first quarter of 1946, Style Undies, Inc., shall reduce the amount of cotton cloth for which it may be authorized to extend ratings during the first quarter of 1946 under Order M-328-B by 2,869 yards.

(d) Nothing contained in this order shall be deemed to relieve Style Undies, Inc., from any restriction, prohibition, or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as same may be inconsistent with the provisions hereof.

(e) The restrictions and prohibitions contained herein shall apply to Style Undies, Inc., its successors and assigns or persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

Issued this 20th day of February 1946.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-923]

JOHNNY'S SPORTSWEAR MFG. CO.

Johnny's Sportswear Mfg. Co., a partnership, consisting of Louis J. Serbin and N. John Serbin, partners, d/b/a Johnny's Sportswear Mfg. Co., with offices at 24

Noble Court, Cleveland, Ohio, is engaged in the manufacture of dresses and blouses in the low cost price field. On January 2, 1946, a temporary suspension order was issued directing the company to immediately cancel outstanding CC rated textile orders for fabrics in excess of those authorized for the fourth quarter of 1945, and to place no CC rated orders for such textiles for the first quarter of 1946. Respondent requested a special hearing and waived notice of the charges, which were presented to respondent at the hearing in a charging letter dated January 24, 1946. During the second and third quarters of 1945, Louis J. Serbin and N. John Serbin, partners, d/b/a Johnny's Sportswear Mfg. Co., placed orders bearing AA-4 ratings for 79,351 yards of rayon fabric, although they were authorized to apply ratings on orders for only 54,540 yards. During the fourth quarter of 1945 they placed orders bearing CC ratings for 69,985 yards of rayon fabric, although they were authorized to apply CC ratings on orders for only 21,000 yards. Although they received an official directive of the Civilian Production Administration, dated December 5, 1945, directing them to cancel all outstanding purchase orders bearing CC ratings and to discontinue receiving, cutting or processing of any rayon fabric received on orders bearing CC ratings in excess of the yardage authorized, they received 3,454 yards of rayon fabric on CC rated orders in excess of authorizations received by them. The over-extension of ratings in the amount of 73,796 yards of rayon fabric constituted grossly negligent and willful violations of Priorities Regulation No. 3. These violations have interfered with the controls established by the Civilian Production Administration for the distribution of scarce materials. In view of the foregoing, it is hereby ordered, that:

§ 1010.923 *Suspension Order No. S-923.*

(a) The temporary suspension order issued to Johnny's Sportswear Mfg. Co. on January 2, 1946 is hereby revoked.

(b) Louis J. Serbin and N. John Serbin, partners, d/b/a Johnny's Sportswear Mfg. Co., shall reduce the amount of rayon fabric for which they may be authorized to apply ratings under Conservation Order M-328-B during the first quarter of 1946 by 24,600 yards, being the amount of rayon fabric in inventory obtained on CC rated orders in excess of their authorization, which they were given permission to cut up and process pending the disposition of this case. They shall further reduce the amount of rayon fabric for which they may be authorized to apply ratings under Order M-328-B for the first quarter of 1946 by 73,796 yards, and to the extent that these amounts shall exceed the authorization for the first quarter of 1946, the excess shall be applied to the reduction of the authorization for the second quarter of 1946.

(c) Louis J. Serbin and N. John Serbin, partners, d/b/a Johnny's Sportswear Mfg. Co., shall refer to this order in any application or appeal that they may file with the Civilian Production Administration during the first two

quarters of 1946 dealing with their use of textiles.

(d) Nothing contained in this order shall be deemed to relieve Louis J. Serbin and N. John Serbin, partners, d/b/a Johnny's Sportswear Mfg. Co., from any restriction, prohibition or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

(e) The restrictions and prohibitions contained herein shall apply to Louis J. Serbin and N. John Serbin, partners, d/b/a Johnny's Sportswear Mfg. Co., their successors and assigns or persons acting on their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

Issued this 20th day of February 1946.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-926]

M. R. FLEISCHMAN CO.

M. R. Fleischman Co. is a copartnership, consisting of Charles Fleischman and Dorothy V. Fleischman, having its principal place of business at 50 Van Ness Avenue, San Francisco, California. It is engaged in the manufacture of women's wear. On December 5, 1945, a temporary suspension order was issued directing it to immediately cancel outstanding CC rated textile orders for fabrics in excess of those authorized for the fourth quarter of 1945, and to place no CC rated orders for such textiles for the first quarter of 1946. Upon the issuance of a charging letter, a hearing was held in San Francisco on February 1, 1946. M. R. Fleischman Co., upon an authorization to acquire 11,997 yards of rayon fabric during the fourth quarter 1945, extended ratings for 52,500 yards of rayon fabric, which constituted an over-extension of 40,503 yards of rayon in excess of its authorization. The respondent was familiar with the provisions of applicable regulations and its acts constituted a wilful violation. This violation has interfered with the controls established by the Civilian Production Administration. In view of the foregoing, it is hereby ordered, that:

§ 1010.926 *Suspension Order No. S-926.*

(a) The temporary suspension order issued to the respondent on December 5, 1945, is hereby revoked.

(b) Charles Fleischman and Dorothy V. Fleischman, partners, d/b/a M. R. Fleischman Co., shall not receive any authorization from Civilian Production Administration to place orders bearing CC ratings for textiles during the first and second quarters of 1946, and they shall not place any orders bearing CC ratings for textiles during that period.

(c) Nothing contained in this order shall be deemed to relieve Charles

Fleischman and Dorothy V. Fleischman, partners, d/b/a M. R. Fleischman Co., from any restrictions, prohibitions or provisions contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.

(d) The restrictions and prohibitions contained herein shall apply to Charles Fleischman and Dorothy V. Fleischman, partners, d/b/a M. R. Fleischman Co., their successors and assigns, or persons acting in their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(e) Charles Fleischman and Dorothy V. Fleischman, partners, d/b/a M. R. Fleischman Co., shall refer to this order in any application or appeal that they may file with the Civilian Production Administration during the first and second quarters of 1946 dealing with their use of textiles.

PART 944—REGULATIONS APPLICABLE TO
THE OPERATION OF THE PRIORITIES
SYSTEM

[Priorities Reg. 13, Direction 5, as Amended
Feb. 21, 1946]

DISPOSAL OF CERTAIN SURPLUS NYLON FABRIC
FOR USE AS LININGS FOR LOW-COST WOOL
ITEMS

The following amended direction is issued pursuant to PR 13:

(a) *Effect of this direction.* There is urgent need for fabric suitable for use as lining material for low cost civilian apparel wool items being produced with priorities assistance under the special program provided by Schedule F of CPA Order M-328B, since rayon lining fabric is not readily obtainable in sufficient quantities from new production.

The purpose of this direction is to make available, for use only as lining material for such wool items, a supply of nylon cloth (parachute type, white and camouflage) now held by the Reconstruction Finance Corporation as surplus property under Declaration 11122, Items 10 and 11, amounting to about 4,500,000 yards. It permits sales of such nylon fabric to be made by RFC in either of these ways only: The fabric may be sold to manufacturers of such wool items who have obtained CC ratings under PR-28 for lining material for use in such wool items; or the fabric may be sold to finished goods suppliers for resale to such manufacturers only.

Although this direction restricts sales to persons who will use or dispose of the fabric for the purposes specified, it does not prohibit RFC from making sales, to the persons and for the purposes specified, upon such other terms and in such quantities as RFC may determine; and preference ratings have no effect upon any sales which may be made by RFC, either by way of obliging it to sell or by way of determining, as among the several buyers permitted by this direction, who shall get the nylon fabric from RFC. (This does not relieve any person, other than RFC, from giving priority to rated orders for such fabric.)

(b) *Persons who may purchase.*—(1) *From RFC.* No person may buy from RFC any of the surplus nylon fabric referred to in paragraph (a) above, and RFC may not sell any of such fabric, except where the purchaser is a manufacturer of wool items who has received priorities assistance under Schedule K of Order M-328B, has been assigned a CC rating under Priorities Regulation 28 for lining fabric for use in such wool items, and gives a certificate with his purchase order in the form described in paragraph (c) (1) below, or where the purchaser is a finished goods supplier who purchases for resale to such manufacturers and gives a certificate with his purchase order in the form described in paragraph (c) (2) below.

(2) *From finished goods suppliers.* A finished goods supplier to whom RFC sells any of the surplus nylon fabric referred to in paragraph (a) above may not sell or deliver any of such fabric (either in the form in which received or after further finishing), and no person may buy or receive any of such fabric from a finished goods supplier, except where the purchaser is a manufacturer of wool items who has received priorities assistance under Schedule K of Order M-328B, has been assigned a CC rating under PR-28 for lining fabric for use in such wool items, and gives a certificate with his purchase order in the form described in paragraph (c) (1) below.

(c) *Certifications.*—(1) *By apparel manufacturers.* An apparel manufacturer who is producing wool items with preference rating assistance under the conditions described in paragraph (b) (1) and (b) (2) above, must give substantially the following certificate with his purchase order to RFC or to a finished goods supplier (as the case may be):

"The undersigned certifies to the seller and CPA, subject to the criminal penalties of section 35 (A) of the United States Criminal Code, that (1) he is a manufacturer of wool items with priorities assistance under Schedule K of CPA Order M-328B, and has been assigned a CC rating under PR-28 of the CPA to get lining fabric for use in such wool items; (ii) the fabric obtained under this purchase order will be used only as linings in such wool items; and (iii) the quantity of fabric being purchased, together with the quantity of other lining fabric ordered with the rating and received or promised for delivery by the end of December 1945, will not exceed the total quantity for which the rating was granted."

A supplier may consider as properly executed under this paragraph (c) (1) any certificate filed with him after January 1, 1946, which omits the words "and received or promised for delivery by the end of December 1945", or which inserts a later date than December 1945.

(2) *By finished goods suppliers.* Any finished goods supplier to whom RFC sells any of the surplus nylon fabric referred to in paragraph (a) above, must give substantially the following certificate with his purchase order to RFC:

"The undersigned certifies to the seller and CPA, subject to the criminal penalties of section 35 (A) of the United States Criminal Code, that (1) he is a finished goods supplier; and (ii) he will dispose of the nylon fabric covered by this purchase order (either in the form received, or after further finishing) only to persons who give him with their purchase orders the certificate described in paragraph (c) (1) of Direction 5 to PR-13 of CPA."

(3) *Obligations of persons giving certificates.* Any person giving either of the certificates described above may obtain, use or dispose of the fabric he gets with the certificate only in accordance with its terms.

(4) *Use of other certificates.* The standard certification in Priorities Regulation 7 may not be used instead of the certificates referred to above. (An apparel manufacturer ordering any of the nylon fabric from a finished goods supplier with the certificate required for the use of a preference rating must also give the certificate in paragraph (c) (1) above, to get any of the nylon fabric dealt with by this direction.)

(d) *Expiration date.* Unless sooner revoked, this direction shall expire at the end of March 1946; but its expiration at that time shall not relieve any person who has obtained nylon fabric by use of either of the certificates referred to above, from the obligation of using or disposing of the fabric in accordance with the certificate which he has given.

Issued this 21st day of February 1946.

(1) A seller's maximum price for any semi-fabricated or fabricated platinum group metal product shall not exceed the highest net price which he had in effect in the period from January 1, to March 31, 1942, for the sale of such product to a purchaser of the same class, adjusted so that the value given to the platinum group metal content of such product in the calculation of such net price shall not exceed the amount set out in Column A of paragraph (a) above.

(2) When used in this Maximum Price Regulation No. 309, the term:

(i) "Semi-fabricated or fabricated platinum group metal product" means any commodity, other than those specified in paragraphs (a) or (c) of § 1437.1, and other than jewelry in which the weight or value of the platinum group metal content thereof exceeds 25% of the weight or value respectively of the commodity.

(ii) "Jewelry" means any ornamental article or accessory of personal adornment, including but not limited to rings, brooches, bracelets, initials, tie pins, collar pins, atomizers (except medical), cosmetic containers, lighters, napkin rings, picture frames, smokers' accessories, souvenirs, or any other similar ware and ornaments which are finished and ready for use by the ultimate consumer.

(iii) "Net price" means the price actually charged by the seller, i. e., the list or quoted price less all discounts, allowances and differentials.

(3) *Examples.* (i) A sale of an alloy of ten ounces containing 20% iridium—80% platinum in sheet $\frac{1}{8}$ " thick to a consumer. The seller has determined that his maximum alloying, melting and working charge during the period from January 1 to March 31, 1942, for this alloy was \$2.00. His maximum selling price per ounce is figured as follows:

80% Platinum—@ \$35.00-----	\$28.00
20% Iridium—@ \$165.00-----	33.00
Working charge-----	2.00
	63.00

(ii) A sale of an alloy of ten ounces containing 20% iridium—80% platinum in sheet $\frac{1}{8}$ " thick to a refiner. The seller has determined, as in the previous example, that his maximum alloying, melting and working charge during the period from January 1 to March 31, 1942, for the alloy was \$2.00. He has also determined that his minimum discount on sales to refiners for resale was \$1.00 during the period from January 1 to March 31, 1942. His maximum selling price per ounce is figured as follows:

80% Platinum—@ \$35.00-----	\$28.00
20% Iridium—@ \$165.00-----	33.00
Working charge-----	2.00
	63.00
Discount-----	1.00
Maximum Price-----	62.00

(c) *Platinum group metals of less than 99.5% purity and platinum group metal scrap, sweeps, or other waste products.*

(1) A seller's maximum price for platinum group metals of less than 99.5% purity and for platinum group metal content of scrap, sweeps, or other waste products shall not exceed the following:

	<i>Maximum price per troy ounce</i>
Platinum-----	\$33.50
Palladium-----	22.50
Ruthenium-----	33.50
Rhodium-----	122.00
Iridium-----	162.00
Osmium-----	48.50

Where platinum group metal scrap contains other material in addition to one or more of the platinum metals, payment may be made for such material in addition to the maximum price specified above for the platinum group metal or metals contained. However, if such other material is subject to a maximum

price regulation, the additional payment may not exceed the ceiling price of the material. If the other material is not subject to a maximum price regulation, the additional payment shall not exceed the fair market value of the other material.

(d) Any seller of a platinum group metal of commercial purity of at least 99.5% or any platinum group metal product who is unable to determine his maximum price or prices under paragraphs (a), (b) or (c), shall file his proposed maximum price for that commodity with the Office of Price Administration, Washington, D. C., for approval. Such selling price shall be determined, whenever feasible, by the use of the pricing formula or method of calculating prices used by the seller in the period from January 1 to March 31, 1942, to determine the price of similarly priced platinum group metals or products for which he had prices in effect at that time. The values given to the factors used in such formula or method shall be no higher than the highest values given to the same factors in the determination of his prices in the period from January 1, to March 31, 1942, adjusted so that the value given to the platinum group metal content shall not exceed the maximum net price for such metal set forth in Column A of paragraph (a) of this section.

When filing such a price with the Office of Price Administration, the seller shall set forth, in addition to the net price, his list price, and all discounts, allowances and differentials for all classes of buyers, a description and identification of the commodity, a statement of facts differentiating such commodity from the other commodities sold by the seller, and a statement setting forth the method used in calculating the price therefor.

Pending approval by the Price Administrator of prices submitted for approval under this subdivision, any seller may sell, deliver, exchange, or offer to sell, deliver or exchange, and any person may buy, offer to buy or receive from the seller, such metal, product, or waste material at the price submitted for approval. If, however, the Price Administrator disapproves the price submitted, the selling price shall be revised downward to the maximum price which the Price Administrator may approve, and any payment made in excess of the price so approved shall be refunded to the buyer within fifteen days after the date of the letter, order or other written instrument informing the seller of such revision. In the absence of notice to the contrary from the Office of Price Administration within thirty days after a seller receives acknowledgment of the filing of such a price from the Office of Price Administration, the price filed shall stand approved and shall be the maximum price applicable.

This amendment shall become effective February 25, 1946.

Issued this 21st day of February 1946.

JAMES G. ROGERS, Jr.,
Acting Administrator.

Chapter XVIII—Office of Stabilization Administrator, Office of War Mobilization and Reconversion

[Gen. Order 1]

PART 4001—STABILIZATION OF WAGES AND PRICES

TEMPORARY EXCEPTION TO REQUIREMENT OF PRIOR APPROVAL OF WAGE OR SALARY INCREASES AND SPECIFICATION OF CLASSES OF WAGE OR SALARY INCREASES WHICH MAY BE DEEMED APPROVED UNDER E. O. 9697

Pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of October 3, 1942 (7 F.R. 7871), Executive Order 9328 of April 8, 1943 (8 F.R. 4681), Executive Order 9599 of August 18, 1945 (10 F.R. 10155), Executive Order 9620 of September 20, 1945 (10 F.R. 12033), the directive of October 12, 1945, issued by the Director of War Mobilization and Reconversion (10 F.R. 12812), Executive Order 9651 of October 30, 1945 (10 F.R. 13487), and particularly by sections 3 (b) and 3 (c) of Executive Order 9697 of February 14, 1946, the following general order is hereby promulgated:

1. *Exception to requirement of prior approval of wage or salary increases made before March 15, 1946.* (a) Notwithstanding the provisions of section 3 (c) of Executive Order 9697, the making, on or after February 14, 1946, and before March 15, 1946, of a wage or salary increase pursuant to Part IV, section 1 of Executive Order 9599, without the prior approval of the National Wage Stabilization Board or other designated wage or salary stabilization agency, shall not be deemed to be a waiver of the right to apply for approval thereafter: *Provided*, That application for such approval is filed within 30 days after the increase is first reflected in current payrolls. Approval of such an increase shall be given or withheld on the same basis as if the employer had applied for it before putting the wage or salary increase into effect. The provisions of section 3 (c) of Executive Order 9697 shall apply to any such wage or salary increase, however, if an application for approval is not filed with the appropriate wage or salary stabilization agency within 30 days after the increase is first reflected in current payrolls, or to the extent that approval of the appropriate wage or salary stabilization agency is not obtained.

(b) A wage or salary increase will be deemed to have been made before March 15, 1946, for the purposes of paragraph (a) of this section, if it is put into effect before March 15, 1946, or if a firm agreement is made before March 15, 1946 to put the increase into effect as of the beginning of the first payroll period following the date of the agreement.

2. *Pre-approval of wage or salary increases made by employers of not more than eight employees.* Any wage or salary increase made on or after February 14, 1946 by an employer who at the time such increase is put into effect employs not more than eight employees shall be deemed approved within the meaning of Executive Order 9697: *Provided, however*, That unless expressly extended by announcement of the appropriate wage or salary stabilization agency this exception shall not apply

with respect to employees whose wages, hours or working conditions have been established or negotiated on an industry, established area, or other similar basis by a master contract or by similar identical contracts: *And provided further*, That the appropriate wage or salary stabilization agency may make such other exclusions from this exception as such agencies may deem necessary in order to carry out the purposes of Executive Order 9697.

3. *Pre-approval of certain fringe increases in wages or salaries.* Any wage or salary increase made on or after February 14, 1946, resulting from the institution of a plan which provides for (a) not more than six paid holidays per year, or (b) extra payments for night work to the extent that such extra payments do not exceed five cents per hour for work on a second shift or ten cents per hour for work on a third shift, or (c) paid vacations to employees to the extent that such paid vacations do not exceed one week for any employee having completed one year or more of employment with the employer and two weeks for any employee having completed five or more years of employment with the employer shall be deemed approved within the meaning of Executive Order 9697.

4. *Pre-approval of wage or salary increases conforming to regulations of stabilization agencies establishing patterns.* The National Wage Stabilization Board or other designated wage or salary stabilization agency shall have authority by regulation to designate specific industries or labor market areas with respect to which a general pattern of wage or salary adjustments has been established within the meaning of paragraph 3 (a) of Executive Order 9697, and to provide that an employer within a particular industry or labor market area (as defined in any such regulation) may put into effect wage or salary rates not exceeding the limits of such pattern without the specific approval of the agency. Any wage or salary increase which conforms to the provisions of any such regulation shall be deemed approved within the meaning of Executive Order 9697.

5. *Pre-approval of certain wage increases in the steel industry and related industries.* Any wage increase paid by any of the following classes of plants as a result of a wage agreement, arbitration award or recommendation of a publicly appointed fact-finding agency which is not in excess of 18½ cents per hour above the rate paid by the employer on August 18, 1945, shall be deemed approved within the meaning of Executive Order 9697:

- (a) Any plant engaged in the basic steel industry;
- (b) Any plant engaged in the iron ore mining industry;
- (c) Any plant engaged in the steel processing or fabricating industry where such increase was put into effect in settlement of a strike existing on February 14, 1946: *Provided*, That in no case shall an adjustment approved by virtue of this paragraph be deemed to establish a controlling pattern of wage adjustment to be followed in determining the approvability of similar adjustments in other plants or companies engaged in similar operations, unless such plants or compa-

nies have historically followed the pattern of wage adjustments in the basic steel industry.

(d) Any plant engaged in the steel processing or fabricating industry which is owned or operated by a company which also owns or operates a plant of a class described in paragraphs (a), (b), or (c), *Provided*, That the company in question has historically followed the same pattern of wage adjustment in both plants.

The National Wage Stabilization Board shall have authority to issue rulings, on request of any company or collective bargaining representative involved, determining what companies or plants may be considered to be in "the basic steel industry," "the iron ore mining industry," or "the steel processing or fabricating industry" for the purposes of this section.

Issued and effective this 20th day of February 1946.

The partners are charged by the Civilian Production Administration with having, during the fourth quarter of 1945, placed orders bearing CC ratings for 31,965 yards of woolen fabrics, although they were authorized to place orders carrying these ratings for

only 20,777 yards of such woolen fabrics, in violation of Priorities Regulation No. 3. The partners admit the violation as charged, do not desire to contest the charge, and have consented to the issuance of this order.

Wherefore, upon the agreement and consent of Mortimer L. Miller and Robert Libow, partners, d/b/a Miller Bros. & Libow, the Regional Compliance Manager and the attorney for the Civilian Production Administration, and upon the approval of the Compliance Commissioner; *It is hereby ordered, That:*

(d) The restrictions and prohibitions contained herein shall apply to Mortimer L. [MPR 188, Order 8 Under 159e]

METAL HOUSEHOLD FURNITURE ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to § 1499.159e of Maximum Price Regulation No. 188, it is ordered:

SECTION 1. Purpose of this order. Metal household furniture has been found to be a reconversion product, in accordance with the standards set forth in § 1499.159e of Maximum Price Regulation No. 188.

This order specifies a price increase factor to be used by manufacturers of this product; and it sets forth the specific pricing provisions which all sellers are to follow in calculating their maximum prices for sales of the product.

SEC. 2. Articles covered by this order. This order covers all articles of metal household furniture except those whose maximum prices were established under the "cost method" of Order No. 4332 under Maximum Price Regulation No. 188. Metal household furniture means all articles of furniture primarily designed for and generally used in or around the home, made with metal which accounts for at least 20% of the total cost of the materials used. Articles of this type are covered by this order even though they are sold for use in places other than households, such as hotels, clubs, institutions and ships. It includes, but is not limited to, wrought iron furniture, metal porch and lawn furniture (including gliders), metal kitchen and storage cabinets, metal dinette sets. It does not include any articles covered by Order No. 4800 under Maximum Price Regulation No. 188¹ or any articles of metal bedding such as metal beds, bedsprings, cots, etc.

SEC. 3. Manufacturers' maximum prices—(a) Determination of maximum prices. Manufacturers shall continue to determine their maximum prices for articles covered by this order under the same regulation and pricing provisions applicable before this order was issued.

¹Order No. 4800 under Maximum Price Regulation No. 188 covers articles of all-wool household furniture and also upholstered household furniture having a wood frame.

(b) *Increase factor.* Manufacturers may increase, by five per cent, their maximum prices (exclusive of any permitted increases) properly established under Maximum Price Regulation No. 188 or the "comparability method" of Order No. 4332 under that regulation for sales to all persons except ultimate consumers.

(c) *"Adjusted maximum price."* A manufacturer's "adjusted maximum price" is the highest of the following amounts:

(1) His maximum price properly established under Maximum Price Regulation No. 188 or the "comparability method" of Order No. 4332 under that regulation increased by five per cent in accordance with paragraph (b) of this section.

(2) His maximum price properly established under Maximum Price Regulation No. 188 or Order No. 4332 under that regulation, plus any increases in that maximum price permitted by an OPA order,² other than this order.

(3) His maximum price properly established under Section 5 of Supplementary Order No. 118.

A manufacturer may make sales and deliveries at or below his adjusted maximum price computed under this section.

(d) *"Unadjusted maximum price."* In order to provide his purchasers for resale with the basis for determining their maximum prices under the applicable regulation, the manufacturer must state an "unadjusted maximum price" on his invoice. This section explains how he computes that "unadjusted maximum price."

A manufacturer finds his "unadjusted maximum price" for any article covered by this order which he sells at a maximum price adjusted under this order or any other adjustment provision or order as follows:

(1) If his selling price for the article is not more than 5 per cent above its properly established maximum price to a particular class of purchaser (exclusive of all permitted increases), his unadjusted maximum price to that class of purchaser is that properly established maximum price (exclusive of all permitted increases).

(2) If his selling price for the article is more than five per cent above its properly established maximum price to a particular class of purchaser (exclusive of all permitted increases) he finds his unadjusted maximum price to that class of purchaser as follows:

Step 1. He determines the percentage amount by which his actual selling price exceeds his properly established maximum price (exclusive of all permitted increases).

Step 2. He deducts five percentage points from the percentage found in Step 1.

Step 3. He adds to his maximum price (exclusive of all permitted increases) the percentage amount found in Step 2. The resulting amount is his "unadjusted maximum price."

²This refers to Supplementary Order No. 118, and to orders issued under Supplementary Orders Nos. 119 and 133, and Order No. A-2 under Maximum Price Regulation No. 188.

EXAMPLE OF HOW A MANUFACTURER FINDS HIS "UNADJUSTED MAXIMUM PRICE" WHEN HIS SELLING PRICE IS MORE THAN FIVE PER CENT ABOVE HIS MAXIMUM PRICE

A manufacturer has a properly established maximum price (exclusive of all permitted increases) of \$30.00 for a metal dinette set. He has received an order under Supplementary Order No. 119 permitting him to increase his maximum prices by ten per cent, however, his actual selling price on a particular sale is only \$32.40. The steps by which he finds his "unadjusted maximum price" are as follows:

Step 1. His selling price is \$2.40 above his previous maximum price. This he finds to be 8 percent above that maximum price.

Step 2. He deducts five percentage points from eight per cent, and the result is three percent.

Step 3. He adds three percent to his previous maximum price of \$30.00. The "unadjusted maximum price" which he shows on his invoice for that sale is therefore \$30.90.

(3) If a manufacturer's new maximum price for a particular article was properly established under section 5 of Supplementary Order No. 118, he first finds a price exclusive of all permitted increases by the following steps:

Step 1. He finds the increase factor permitted under section 4 of Supplementary Order No. 118 on his most comparable 1941 article (which he used in calculating his maximum price under section 5 of that order), by dividing the new maximum price of that comparable article by its maximum price in effect before Supplementary Order No. 118 was issued.

Step 2. He divides his new maximum price for the article priced under section 5 of Supplementary Order No. 118, by that increase factor.

The result is the figure he uses as the properly established maximum price (exclusive of all permitted increases) in calculating his "unadjusted maximum price" under subparagraphs (1) or (2) above, whichever is applicable.

SEC. 4. Maintenance of normal production. An order may be issued under this section denying a manufacturer permission to adjust his maximum prices by all or part of the increase factor specified in section 3 when it appears to the Price Administrator, on the basis of information available to the Office of Price Administration, that:

(a) The manufacturer has discontinued production of the low-end models which he made and delivered during his last period of normal peacetime production; or

(b) The manufacturer has decreased the proportion of low-priced to high-priced models which he made and delivered during his last period of normal peacetime production, so that his present or prospective production is not representative, in that respect, of his production during that period.

The average price at which the manufacturer's production of each article will be sold shall be a consideration in determining the amount, if any, of the increase which will be granted such a manufacturer.

SEC. 5. Manufacturers' reports. (a) On or after March 15, 1946, before delivery or offering for delivery an article covered by this order at a maximum price increased under this order or under any

other adjustment provision or order, every manufacturer shall file a report with the Office of Price Administration, Washington, D. C. That report shall set forth the following:

(1) The date of the report.

(2) The manufacturer's name and address.

(3) A copy of the price list, if any, which the manufacturer issued to the trade and which was effective during March 1942, and a statement of the class or classes of purchasers to which the prices shown thereon were applicable, unless already filed.

(4) A list of all articles of metal household furniture as defined in section 2 the maximum price of which the manufacturer is adjusting pursuant to this order, showing for each article:

(i) His properly established maximum price (exclusive of all permitted increases) to each class of purchaser to whom he customarily makes sales. If his new maximum prices were established under section 5 of Supplementary Order No. 118, he shall report the prices exclusive of all permitted increases computed under section 3 (d) (3) of this order.

(ii) His adjusted maximum price to each class of purchaser to whom he customarily makes sales, stating the adjustment provision under which the adjusted maximum price was determined.

(iii) The pricing provision under which his maximum price (exclusive of all permitted increases) was established, as well as the specific section number, the date of approval if any, and the order number, if any.

(b) With respect to all articles not specifically listed in his report referred to in (a) above, before delivering or offering for delivery any such article the manufacturer must file a signed report with the Office of Price Administration, Washington, D. C., stating for each such article, the information required by subparagraph (4) above.

(c) If a manufacturer fails to file the information required by subparagraph (4) above with respect to any particular article, his maximum price for any sale of that article is his properly established maximum price for the article exclusive of all adjustment charges or permitted increases.

(d) Every manufacturer must keep available for inspection by the Office of Price Administration a copy of each report filed under paragraph (a) or (b) of this section, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

SEC. 6. Maximum prices of wholesalers whose sales are covered by Maximum Price Regulation No. 590—(a) Modification of Maximum Price Regulation No. 590. This section modifies the pricing provisions of Maximum Price Regulation No. 590 with respect to articles covered by this order. Unless the context of the order otherwise requires, the definitions in Maximum Price Regulation No. 590 apply to the terms used in this section.

(b) *Adjusted maximum price.* A wholesaler's adjusted maximum price for sales covered by Maximum Price Regulation No. 590 to each class of purchaser

of an article covered by this order is the maximum price determined under Maximum Price Regulation No. 590 by using as "net cost" for the article the total of:

(1) The "net cost" of the article based on his supplier's unadjusted maximum price as it appears on his purchased invoice, and

(2) 80 percent of the dollar-and-cent difference between his supplier's unadjusted maximum price and the wholesalers actual invoice cost. For purposes of this subparagraph (2), "supplier's unadjusted maximum price" and "wholesaler's actual invoice cost" refer to those amounts as they appear on his supplier's invoice after all discounts except cost discounts.

A wholesaler may make sales covered by Maximum Price Regulation No. 590 at prices at or below his adjusted maximum price computed in this way.

(c) *Unadjusted maximum price.* A wholesaler's "unadjusted maximum price" for sales covered by Maximum Price Regulation No. 590 which must appear on every invoice which he furnishes to a purchaser for resale is the price determined under Maximum Price Regulation No. 590, by using a "net cost" for the article based on his supplier's unadjusted maximum price as it appears on his purchase invoice.

(d) *Single category markup to be used.* A wholesaler who has divided a category into subcategories based on differences in cost as permitted by section 27 (b) of Maximum Price Regulation No. 590 may find in some cases that the same article belongs in two different subcategories as a result of the two different "net costs" computed under paragraphs (b) and (c) of this section. In such cases, the "category markup" which he shall use in determining both his adjusted maximum price under paragraph (b) above and his unadjusted maximum price under paragraph (c) above is the category markup applicable when the "net cost" is computed on the basis of his supplier's unadjusted maximum price" in accordance with paragraph (c).

(e) *Ceiling price statement.* Before delivering any article, the sale of which is covered by Maximum Price Regulation No. 590, at a maximum price adjusted under this order, the wholesaler must comply with the requirements of section 16 of Maximum Price Regulation 590 with regard to filing ceiling price statements.

SEC. 7. Maximum prices of wholesalers whose sales are covered by the General Maximum Price Regulation. If a wholesaler determines his maximum prices under the General Maximum Price Regulation, he finds his adjusted and unadjusted maximum prices as follows:

(a) *Adjusted maximum prices.* (1) A wholesaler who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in §1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall find his adjusted maximum price according to the method and procedure set forth in that section by adding the same markup

which he had on that comparable article to the total of:

(i) His supplier's unadjusted maximum price, as it appears on his purchase invoice, and

(ii) 80 percent of the dollar-and-cent difference between his supplier's unadjusted maximum price and the wholesaler's actual invoice cost.

A wholesaler may make sales covered by the General Maximum Price Regulation, at prices at or below his adjusted maximum price computed in this way.

The determination of a maximum resale price in this way need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(2) If a wholesaler cannot determine his adjusted maximum price under (1), he shall apply to the Office of Price Administration for the establishment of his adjusted maximum price under § 1499.3 (c) of the General Maximum Price Regulation. The application shall, in addition to the information specifically required by that section, also give the following information:

(i) His supplier's unadjusted maximum price as it appears on his purchase invoice.

(ii) His actual invoice cost.

An adjusted maximum price established in this way will be in line with wholesalers' adjusted maximum prices established generally under this order.

(b) *Unadjusted maximum prices.* (1) A wholesaler who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall find his "unadjusted maximum price" according to the method and procedure set forth in that section by adding the same markup which he had on that comparable article to his supplier's unadjusted maximum price as it appears on his purchase invoice.

(2) If a wholesaler cannot determine his unadjusted maximum price under (1), he shall, at the time he applies for an adjusted maximum price to the Office of Price Administration under paragraph (a) (2) of this section also apply for the establishment of an unadjusted maximum price. Unless such an unadjusted maximum price is established, he may not make sales of the article even though his adjusted maximum price is properly established.

SEC. 8. Maximum prices of retailers whose sales are covered by Maximum Price Regulation No. 580. If the retailer determines his maximum price under a pricing chart in accordance with Maximum Price Regulation No. 580, his maximum price shall be the price which he calculates under the pricing chart by using a "net cost" based upon his supplier's unadjusted maximum price, as it

appears on his purchase invoice. Unless the context otherwise requires, the definitions in Maximum Price Regulation No. 580 apply to the terms used in this section.

SEC. 9. Maximum prices of retailers whose sales are covered by the General Maximum Price Regulation. (a) If the retailer determines his maximum prices under the General Maximum Price Regulation, his maximum price for sales of an article covered by this order shall be computed as follows:

(1) A retailer who delivered or offered for delivery during March 1942 an article which meets the definition of "most comparable commodity" contained in § 1499.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale, shall determine his maximum resale price by adding to his supplier's unadjusted maximum price (as it appears on his purchase invoice) the same markup which he had on that comparable article, according to the method and procedure set forth in that section.

The determination of a maximum resale price in this way need not be reported to the Office of Price Administration. However, each seller must keep complete records showing all the information called for on OPA Form 620-759, with regard to how he determines his maximum resale price. These records shall be kept available for inspection by the Office of Price Administration, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(2) If a retailer cannot determine his maximum resale price under (1), he shall apply to the Office of Price Administration for the establishment of his maximum resale price under § 1499.3 (c) of the General Maximum Price Regulation. The retailer's application shall, in addition to the information specifically required by that section, also give the following information:

(i) His supplier's unadjusted maximum price.

(ii) His actual invoice cost.

A retailer's maximum price established in this way will be in line with retailer's maximum prices established generally under this order.

SEC. 10. Invoices to purchasers for resale. (a) Any person making a sale of an article covered by this order to a purchaser for resale (except a retailer making a "cross-stream sale" covered by section 9 (b) of Maximum Price Regulation No. 580) must furnish such purchasers for resale with an invoice containing the following:

(1) His name and address and the date of the invoice.

(2) The purchaser's name and address.

(3) The model designation of the article and such other description as may be necessary to identify the article on his pricing records.

(4) His "unadjusted maximum price." (As defined in section 3 or 6, whichever is applicable.)

(5) The actual selling price of the article.

(6) The nature and amount of any additional charges.

(7) Terms of sale.

(8) The following notice:

NOTICE OF CEILING PRICES

If you resell the articles for which unadjusted maximum prices are shown on this invoice you must find your resale ceiling prices under sections 6 through 9 of Order No. 8 under § 1499.159e of MPR 188. These sections replace MPR 580 and 590 with respect to those articles.

In addition, if the sale is covered by Maximum Price Regulation No. 590, the following notice must also be given:

All prices on this invoice for articles covered by MPR 590 are at or below our ceiling prices to you for the quantities, terms and conditions of this sale, as shown on our ceiling price statement filed with the ----- Regional Office of the OPA, pursuant to section 16 of MPR 590.

If a seller who must furnish the invoice described in this paragraph fails to state separately both the "unadjusted maximum price" and the selling price, or fails to identify the "unadjusted maximum price," his maximum price for that sale is his properly established maximum price exclusive of all adjustment charges or permitted increases.

(b) A retailer making a "cross-stream sale" to another retailer must furnish the purchaser with the proper invoice required by section 9 (b) of Maximum Price Regulation No. 580. If the cross-stream sale is made in accordance with section 9 (b) (1) of Maximum Price Regulation No. 580 the seller must also state on his sales invoice his supplier's "unadjusted maximum price" for each article covered by this order which appears on the invoice.

(c) Every seller must keep available for inspection by the Office of Price Administration a copy of each such invoice for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

(d) The provisions of this section supersede all provisions with respect to the furnishing of invoices contained in any order previously issued by the Office of Price Administration applicable only to the products of an individual manufacturer covered by this order.

SEC. 11. Terms of sale. Every seller of an article covered by this order must maintain all of his terms, discounts, allowances, and other price differentials in effect during March 1942, or which have been subsequently properly established under Office of Price Administration regulations or orders.

SEC. 12. Relationship of this order to other orders or regulations.—(a) *Maximum Price Regulations No. 188, 580, and 590.* The provisions of this order supersede the provisions of Maximum Price Regulation Nos. 188, 580 and 590, only to the extent that they are inconsistent with the provisions of those regulations.

(b) *Supplementary Order Nos. 118, 119, and 133, or Order No. A-2 under Maximum Price Regulation No. 188.* If a manufacturer is eligible for an adjustment under Supplementary Orders Nos. 118, 119, or 133, he may nevertheless adjust his maximum prices under this order instead of under those provisions.

Manufacturers may continue to adjust their maximum prices in accordance with any increases permitted under Supplementary Orders Nos. 118, 119, and 133 or Order No. A-2 under Maximum Price Regulation No. 188, instead of the increase factor specified in section 3.

SEC. 13. Revision of maximum prices. Any maximum price adjusted under this order may be revised by the Price Administrator whenever he determines that such adjusted maximum price is not in line with the level of October 1941 prices increased by five percent, giving due consideration to the manufacturer's customary price relation to other manufacturers in the industry.

SEC. 14. Revocation or amendment. This order may be revoked or amended by the Price Administrator at any time.

SEC. 15. Effective date. This order shall become effective on February 25, 1946.

NOTE: The reporting and record keeping provisions of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942, as amended.

Issued this 21st day of February 1946.

JAMES G. ROGERS, Jr.,
Acting Administrator.

[Rev. SO 119, Order 88]

KITTINGER CO., INC.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to section 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Kittinger Company, Incorporated, 1893 Elmwood Avenue, Buffalo 7, New York, may compute its adjusted ceiling prices for all articles of wood household furniture, which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 6.9 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereinafter properly determined or established in accordance with Maximum Price Regulation No. 188 and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Reseller's ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum price as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580 by the use of a pricing chart, and a wholesaler who must determine his ceiling price under Maximum Price Regulation No. 590 shall compute their ceiling prices in the manner provided by those regulations. However, if the supplier's increase states both an "unadjusted maximum price" and a selling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 4800 under Maximum Price Regulation No. 188.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a selling price, shall compute his ceiling prices under that regulation as modified by Order No. 4800 under MPR 188. If his supplier's invoice does not state an "unadjusted maximum price," the reseller shall calculate his ceiling price by adding to his invoice cost the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all of the following tests:

(i) Both it and the article being priced were purchased from the same class of supplier.

(ii) It belongs to the narrowest trade category which includes the article being priced.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942 as amended remains in effect. If the maximum resale price cannot be determined under the above the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter properly established under OPA regulation.

(d) *Invoices to purchasers for resale.* Any person making a sale of an article covered by this order to a purchaser for resale at a maximum price adjusted under this order must furnish such purchaser with an invoice containing the information required by section 14 of Order No. 4800 under Maximum Price Regulation No. 188.

(e) All requests for adjustment of maximum prices not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective February 21, 1946.

Issued this 20th day of February 1946.

Acting Administrator.

(b) The establishment of maximum prices provided for in (a) above may not be used as a basis for a request by any national distributor for an increase in its maximum prices for sales of "Fiberglas" building insulation products.

(c) The maximum prices for sales by national distributors of "Fiberglas" building insulation products shall not be in excess of the presently established maximum prices for sales of these products by the U. (e) All provisions of Maximum Price Regulation 592 not inconsistent with this order shall apply to sales covered by this order.

(f) This order may be amended or revoked by the Office of Price Administration at any time.

WALTERS MFG. CO.

ADJUSTMENT OF CEILING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119, it is ordered:

(a) *Manufacturer's ceiling prices.* Walters Manufacturing Company, Oakmont, Pennsylvania, may compute its adjusted ceiling prices for all articles of steel metal household cabinets and accessories, which it manufactures, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling price is the highest price charged during that month to each class of purchaser increased by 7.6 percent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases of adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereinafter properly determined or established in accordance with Maximum Price Regulation No. 188 and prices so fixed may not be increased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments otherwise authorized for him individually or for his industry.

(b) *Reseller's ceiling prices.* Resellers of an article which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

(1) A retailer who must determine his ceiling price under Maximum Price Regulation No. 580 by the use of a pricing chart, and a wholesaler who must determine his ceiling price under Maximum Price Regulation No. 590 shall compute their ceiling prices in the manner provided by those regulations.

(2) A reseller who determines his maximum resale price under the General Maximum Price Regulation shall calculate his ceiling price by adding to his invoice cost the same percentage markup which he has on the "most comparable article" for which he has a properly established ceiling price. For this purpose the "most comparable article" is the one which meets all the following tests:

(i) It belongs to the narrowest trade category which includes the article being priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of articles to which, according to customary trade

practices, an approximately uniform percentage markup is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

If the maximum resale price cannot be determined under the above method the reseller shall apply to the Office of Price Administration for the establishment of a ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices as adjusted in accordance with this order.

(c) *Terms of sale.* Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or thereafter, properly established under OPA regulations.

(d) *Notification.* At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.

(e) All requests for adjustment of maximum prices not specifically granted by this order are hereby denied.

(f) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective on February 21, 1946.

Issued this 20th day of February 1946.

SECURITIES AND EXCHANGE COMMISSION.

[File Nos. 70-1230, 70-1233, 59-15]

NEW ENGLAND PUBLIC SERVICE CO. ET AL.

NOTICE OF FILING AND ORDER FOR JOINT HEARING AND ORDER CONSOLIDATING PROCEEDINGS

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 19th day of February 1946.

In the matter of New England Public Service Company, Public Service Company of New Hampshire, File No. 70-1230; and New England Public Service Company, File No. 70-1233; and Northern New England Company, New England Public Service Company, File No. 59-15.

Notice is hereby given that New England Public Service Company ("NEPSCO"), a registered holding company, and its public utility subsidiary, Public Service Company of New Hampshire ("New Hampshire"), have filed a joint application and declaration pursuant to sections 6 (b), 7 (e), 9 (a) (1), 10 and 12 (c) of the Public Utility Holding Company Act of 1935 and Rules U-42, U-43 and U-50 thereunder (File No. 70-1230), and that NEPSCO has filed an application and declaration pursuant to sections 9 (a) (1), 10 and 12 (f) of the Act and Rule U-43 thereunder (File No. 70-1233).

All interested persons are referred to said documents which are on file in the offices of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

New Hampshire proposes to increase its authorized stock by 2,500,000 shares of common stock, \$10 par value, of which 565,553 shares will be issued to and acquired by NEPSCO in exchange for the presently outstanding 137,180 shares of common stock, no par value. New Hampshire proposes to issue and sell for cash as much additional common stock as may be required to provide it with funds of approximately \$5,000,000, and to sell all or part of such common stock to NEPSCO. If New Hampshire sells all of the additional common stock to NEPSCO, the number of shares will be determined on the basis of book value per share of the New Hampshire common stock as of December 31, 1945. If New Hampshire sells only a part of the

additional common stock to NEPSCO, the balance will be sold at competitive bidding pursuant to Rule U-50; and in that event, the price per share to be received from NEPSCO will be the price per share to the company determined by competitive bidding.

New Hampshire proposes to authorize 280,000 shares of new preferred stock, \$100 par value, and to issue 102,000 shares of such preferred stock, which will be offered in exchange, to the extent available, to the holders of its presently outstanding no par preferred stock, consisting of 82,777 shares of \$6 dividend series and 34,627 shares of \$5 dividend series, on a share for share basis with a cash payment in each case representing the difference between the respective redemption prices of the old preferred stock (exclusive of accrued dividends) and the initial public offering price per share of the new preferred stock, together with an amount equal to dividends accrued on such shares of old preferred stock to the exchange date. In the event that more than 102,000 shares of old preferred stock are deposited for exchange, such shares will be exchanged in the order in which they are received by the company. Any shares of the new preferred stock not issued in exchange for old preferred stock will be sold at competitive bidding pursuant to Rule U-50. The dividend rate and initial public offering price of the new preferred stock and the amount of underwriter's compensation will be determined by competitive bidding pursuant to Rule U-50.

New Hampshire proposes to redeem all unexchanged shares of its outstanding preferred stock, \$6 dividend series and \$5 dividend series, at the call prices of \$107.50 and \$105.00, respectively, plus accrued dividends.

The net proceeds from the sales of the new common stock and the new preferred stock are to be used by New Hampshire to (a) make cash payments to the holders of old preferred stock who accept the exchange offer; (b) redeem shares of old preferred stock not surrendered in exchange; (c) redeem \$2,000,000 principal amount of serial notes without premium; and (d) provide funds for other corporate purposes.

New Hampshire requests an exemption from the competitive bidding requirements of Rule U-50 with respect to the preferred stock exchange offer.

New Hampshire further requests that the dividend restriction with respect to the company contained in condition I of the Commission's order of December 21, 1943 (Holding Company Act Release No. 4776) be rescinded.

NEPSCO and New Hampshire state that approval of the Public Service Commissions of New Hampshire and of Vermont will be obtained with respect to the issuance, exchange and sale of the new common and preferred stocks by New Hampshire.

NEPSCO in its filing states that applications and declarations will be filed by Central Maine Power Company ("Central Maine"), a public utility subsidiary of NEPSCO, with respect to the issuance and sale of \$14,900,000 principal amount of First and General Mortgage

Bonds, the issue, exchange and sale of 232,975 shares of preferred stock, and the issue and sale of as much common stock, \$10 par value, as may be required to provide it with funds of approximately \$10,700,000.

NEPSCO proposes to acquire such an amount of the common stocks of New Hampshire and Central Maine, to be issued for cash by said companies, as may in each case be determined by the President of NEPSCO. It is further stated in the filing by NEPSCO that any part of the \$16,500,000 received by it from the sale of its industrial and water companies (File No. 59-15, Holding Company Act Release No. 6123) which is not used to acquire the common stocks of New Hampshire and Central Maine will be used in "cancellation or redemption" of its outstanding stock.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that the applications and declarations shall not be granted or permitted to become effective except pursuant to further order of the Commission; and

It further appearing to the Commission that the proceedings with respect to the said application and declaration filed by NEPSCO (File No. 70-1233) is related to, and involves common questions of law and fact with the issues raised in the proceedings with respect to applications filed by NEPSCO pursuant to section 11 (e) of the act (File No. 59-15), wherein the Commission reserved jurisdiction over the use of the proceeds of said sale of NEPSCO's industrial and water companies, and should be consolidated therewith; and

It further appearing to the Commission that the foregoing matters under File Nos. 70-1230 and 70-1233 as they pertain to NEPSCO and New Hampshire are also related and involve common questions of law and fact; that evidence offered in respect of each of said matters may have a bearing on the other and that substantial savings in time, effort and expense will result if a joint hearing is held on such matters;

It is ordered, That the proceedings on the said application and declaration filed by NEPSCO (File No. 70-1233) and the proceedings with respect to the applications filed by NEPSCO pursuant to section 11 (e) of the act (File No. 59-15) be, and they hereby are, consolidated.

It is further ordered, That a joint hearing be held in the matter of New England Public Service Company and Public Service Company of New Hampshire (File No. 70-1230), and in the matter of New England Public Service Company (File No. 70-1233) insofar as it pertains to Public Service Company of New Hampshire, and that a hearing on such matters under the applicable provisions of the act and the rules of the Commission thereunder be held on March 13, 1946, at 10:00 a. m., e. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room in

which such hearing will be held. At such hearing cause shall be shown why such applications and declarations should be granted and permitted to become effective respectively.

It is further ordered, That any person desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of the Commission on or before March 11, 1946, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose, shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of issues presented by said applications and declarations, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed issue, exchange and sale of the new preferred stock by New Hampshire are solely for the purpose of financing the business in which it is engaged;
2. Whether the provisions of the exchange offers are detrimental to the public interest or the interest of investors or consumers;
3. Whether the terms and conditions of the issues of said securities are detrimental to the public interest or the interest of investors or consumers;
4. Whether the exemption requested by New Hampshire from the competitive bidding provisions of Rule U-50 with respect to the preferred stock exchange is appropriate in the public interest and the interest of investors and consumers;
5. Whether the acquisition by NEPSCO of the common stock of New Hampshire will be not detrimental to the carrying out of the provisions of section 11 and will otherwise meet the requirements of section 10 of the act;
6. Whether the proposed accounting entries to be made in connection with the proposed transactions are proper;
7. Whether the fees, commissions or other remuneration to be paid directly or indirectly in connection with the proposed transactions are reasonable;
8. Whether the right to receive new preferred stock should be limited to those stockholders who first deposit their old preferred stock for exchange in accordance with the provisions of the exchange offer; and
9. Generally, whether the proposed transactions comply with all the applicable provisions and requirements of the act and rules and regulations promulgated thereunder and whether it is necessary or appropriate in the public interest or for the protection of investors or consumers or to prevent the circumvention of any of the provisions of the act or rules, regulations or orders thereunder to impose terms and conditions in connection with any of the proposed transactions.

It is further ordered, That the Secretary of the Commission shall serve, by registered mail, a copy of this order on the applicants and declarants herein, on the New Hampshire Public Service Commission and on the Vermont Public Service Commission; and that notice of said hearing be given to all other persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That New England Public Service Company shall give additional notice of said hearing in so far as it pertains to the proposal by NEPSCO to acquire additional common stock of New Hampshire and Central Maine, to be issued and sold by said companies for cash, to all of its stockholders of record, by causing a short statement containing the general nature of its application (File No. 70-1233), the date of said hearing and a reference to said Holding Company Act release number or to the Federal Register document number to be mailed to such holders at their respective last known addresses, such mailing to be made not less than seven days prior to the date of said hearing.

It is further ordered, That jurisdiction be and it hereby is reserved to order a separate hearing concerning such matters, to separate, either for hearing, in whole or in part, for disposition in whole or in part, any issues or questions which may arise in these proceedings, to close the record with respect to any of the matters, or to take such action on any of the matters prior to the closing of the record on any other matter, and to take such other action as may appear conducive to an orderly, prompt and economical disposition of the matters involved.

By the Commission.
