List of CFR Parts Affected

(Codification Guide)

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date appears at the end of each issue beginning with the second issue of the month.

A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1966, and specifies how they are affected.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Agency

SUBCHAPTER C—AIRCRAFT

[Docket No. 7473; Amdt. 39-257]

PART 39—AIRWORTHINESS DIRECTIVES

Bell Model 47 Series Helicopters

There have been failures of metal tail rotor blades on Bell Model 47 Series helicopters. Since this condition is likely to exist or develop in other helicopters of the same type design, an airworthiness directive is being issued to require repetitive checking for cracks and deformation and replacement as necessary of the tail rotor blades on these helicopters.

Since a situation exists that requires immediate adoption of this regulation, it is found that notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 6489), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

BELL. Applies to Model 47 Series helicopters equipped with metal tail rotor blades, P/N 47-642-102.

Compliance required as indicated.

To prevent failure of tail rotor blades due to fatigue cracks, accomplish the following:

(a) Until the installation of zero time in service blades equipped with tabs P/N 47-642-114, before the first flight of each day after the effective date of this AD, visually check for cracks and permanent deformation in the tail rotor blade grips in the area between Blade Station 2.7 and 3.7, in the tail rotor blade trailing edge between Blade Station 5.0 and 8.0, and at the area surrounding the rivets that attach the blade shield to the grip. (Station 0 is center of tail rotor yoke. New blades with tabs installed by Bell Helicopter Co. have Bell P/N 47-642-102-59 and higher.)

(b) Before the first flight of each day after the effective date of this AD, visually check blades equipped with tabs, P/N 47-642-114, for deformation of the tabs.

(c) Replace tail rotor blades with cracks, permanent deformation, or bent tabs, before further flight except that helicopters with bent tabs only may be flown for a period not to exceed 1.5 hours in accordance with FAR 21.197 to a base where the blade may be replaced.

(d) Within the next 125 hours' time in service after the effective date of this AD, install tabs, P/N 47-642-114, on metal tail rotor blades, P/N 47-642-102, in accordance with Bell Service Letter No. 125.

(e) The checks required by this AD may be performed by the pilot.

NOTE: For the requirements regarding the listing of compliance and method of compliance with this AD in the aircraft permanent maintenance record, see FAR 91.173.

(Bell Service Bulletin No. 143 pertains to this subject.)

This amendment becomes effective July 19, 1966.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on July 1, 1966.

JAMES F. RUDOLPH,
Acting Director,
Flight Standards Service.

[F.R. Doc. 66-7472; Filed, July 8, 1966; 8:45 a.m.]

[Docket No. 7460; Amdt. 39-258]

PART 39—AIRWORTHINESS DIRECTIVES

Pratt & Whitney Model JT3D-1, JT3D-1-MC6, JT3D-1-MC7, JT3D-3, and JT3D-3B Turbofan Engines

Pursuant to the authority delegated to me by the Administrator (25 F.R. 6489), an airworthiness directive was adopted on June 25, 1966, and amended on June 28, 1966, and made effective immediately as to all known U.S. operators of airplanes equipped with Pratt & Whitney Model JT3D-1, JT3D-1-MC6, JT3D-1-MC7, JT3D-3, and JT3D-3B turbofan engines. The directive requires action to prevent unsafe condition due to cracks in the first stage fan hub.

Since it was found that immediate corrective action was required, notice and public procedure thereon was impracticable and contrary to the public interest and good cause existed for making the airworthiness directive effective immediately as to all known U.S. operators of airplanes equipped with Pratt & Whitney Model JT3D-1, JT3D-1-MC6, JT3D-1-MC7, JT3D-3, and JT3D-3B turbofan engines by individual telegrams dated June 25, 1966, and amended by telegram dated June 28, 1966. These conditions still exist and the airworthiness directive is hereby published in the FEDERAL REGISTER as an amendment to § 39.13 of Part 39 of the Federal Aviation Regulations to make it effective as to all persons.

PRATT & WHITNEY. Applies to Model JT3D-1, JT3D-1-MC6, JT3D-1-MC7, JT3D-3, and JT3D-3B turbofan engines with first stage fan hubs, P/N 431001, that have not been inspected in accordance with Pratt & Whitney Aircraft Turbojet Engine Service Bulletin No. 1219, dated June 3, 1966, or later FAA-approved revision, and reworked in accordance with Pratt & Whitney Aircraft Turbojet Engine Service Bulletin No. 1066, dated October 25, 1965, or Service Bulletin No. 1219, dated June 3, 1966, or later FAA-approved revisions of these bulletins.

Compliance required as indicated.

(a) Before further flight, unless already accomplished within the last four cycles and thereafter at intervals not to exceed four cycles from the last inspection, visually inspect front of first stage fan hub, P/N 431001, with 6,000 or more cycles since new, for indications of cracks emanating from root of fan blade slots, using a glass of at least 3-power and adequate lighting.

(b) If indications of cracks are found, remove hub from service before further flight, except that the airplane may be flown in accordance with FAR 21.197 to a base where the hub can be removed.

(c) For the purpose of this AD, the number of cycles equals the number of landings (including touch and go landings).

NOTE: This AD does not replace the recommendations relating to inspection and modifications of these hubs in P&WA Letter to JT3D operators dated May 24, 1966, Subject—First Stage Fan Hub—JT3D Engines.

This amendment shall become effective upon publication in the FEDERAL REGISTER for all persons except those to whom it was made effective immediately by telegram dated June 25, 1966, as amended by telegram dated June 28, 1966.

(Secs. 313(a), 601, 603, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on July 1, 1966.

JAMES F. RUDOLPH,
Acting Director,
Flight Standards Service.

[F.R. Doc. 66-7473; Filed, July 8, 1966; 8:45 a.m.]

SUBCHAPTER E—AIRSPACE

[Airspace Docket No. 66-CE-50]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Revocation of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to revoke the Rewey, Wis., transition area.

The Rewey, Wis., holding pattern is no longer in use and there is no longer any requirement for a transition area at this location.

Since this amendment is less restrictive in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may become effective upon publication in the FEDERAL REGISTER.

In consideration of the foregoing, effective immediately, § 71.181 of the Federal Aviation Regulations (31 F.R. 2149) is hereby amended as follows:

Revoke the Rewey, Wis., transition area.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Kansas City, Mo., on June 24, 1966.

EDWARD C. MARSH,
Director, Central Region.

[F.R. Doc. 66-7474; Filed, July 8, 1966; 8:46 a.m.]

[Airspace Docket No. 66-CE-59]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to alter the Grand Island, Nebr., transition area.

The Grand Island, Nebr., transition area is presently designated as that airspace extending upward from 700 feet above the surface within an 8-mile radius of the Grand Island Municipal Airport (latitude 40°58'04" N., longitude 98°18'51" W.), and within 5 miles E and 8 miles W of the Grand Island VORTAC 360° radial extending from the 8-mile radius to a point 12 miles N of the VORTAC, and within 5 miles NE and 8 miles SW of the Grand Island VORTAC 306° radial extending from the 8-mile radius to a point 12 miles NW of the VORTAC, and that airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the Grand Island VORTAC 360° radial extending from 12 miles N of the VORTAC to the S edge of V-172, and within 5 miles E of the Grand Island VORTAC 180° radial and 5 miles W of the Grand Island VORTAC 201° radial bounded on the N by the arc of an 8-mile radius circle centered on Grand Island Municipal Airport, bounded on the S by a line 5 miles NW of and parallel to the Hastings VOR 066° radial, bounded on the W by a line 5 miles NE of and parallel to the Hastings VOR 338° radial.

The Ter VOR-12 instrument approach procedure at the Grand Island Municipal Airport has been revised by changing the outbound radial from 306° to 304° and the inbound radial from 126° to 124°. These changes necessitate a minor alteration of the existing transition area. Since these changes are minor in nature and do not impose a greater burden on any person, notice and public procedure hereon are unnecessary.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended effective 0001, e.s.t., September 15, 1966, as hereinafter set forth:

In § 71.181 (31 F.R. 2149) the Grand Island, Nebr., transition area is amended to read:

GRAND ISLAND, NEBR.

That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Grand Island Municipal Airport (latitude 40°58'04" N., longitude 98°13'51" W.); and within 5 miles E and 8 miles W of the Grand Island VORTAC 360° radial extending from the 8-mile radius to a point 12 miles N of the VORTAC; and within 5 miles NE and 8 miles SW of the Grand Island VORTAC 304° radial extending from the 8-mile radius to a point 12 miles NW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the Grand Island VORTAC 360° radial extending from 12 miles N of the VORTAC to the S edge of V-172; and within 5 miles E of the Grand Island VORTAC 180° radial and 5 miles W of the Grand Island VORTAC 201° radial bounded on the N by the arc of an 8-mile radius circle centered on Grand Island Municipal Airport, bounded on the S by a line 5 miles NW of and parallel to the Hastings VOR 066° radial, bounded on the W by a line 5 miles NE of and parallel to the Hastings VOR 338° radial.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Kansas City, Mo., on June 24, 1966.

EDWARD C. MARSH,
Director, Central Region.

[F.R. Doc. 66-7475; Filed, July 8, 1966; 8:46 a.m.]

[Airspace Docket No. 65-AL-31]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE AND REPORTING POINTS

PART 75—ESTABLISHMENT OF JET ROUTES

Alteration and Designation of Federal Airways, Jet Routes and Reporting Points

On April 28, 1966, a notice of proposed rule making was published in the FEDERAL REGISTER (31 F.R. 6428) stating that the Federal Aviation Agency was considering amendments to Parts 71 and 75 of the Federal Aviation Regulations that would alter and designate certain airways, jet routes and reporting points in Alaska.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments, however, no comments were received.

In consideration of the foregoing, Parts 71 and 75 of the Federal Aviation Regulations are amended, effective 0001 e.s.t., September 15, 1966, as hereinafter set forth.

1. Section 71.105 (31 F.R. 2006) is amended as follows:

a. In A-2 "From the Snag" is deleted and "From the Burwash Landing" is substituted therefor.

b. In A-15 all between "Haines, Alaska, RBN;" and "Northway, Alaska, RR;" is deleted and "Burwash Landing, Yukon Territory, Canada, RR;" is substituted therefor.

2. Section 71.109 (31 F.R. 2007) is amended as follows:

a. In B-79 all after "Haines, Alaska, RBN;" is deleted and "Burwash Landing, Yukon Territory, RR; to Northway, Alaska, RR, excluding the portion within Canada." is substituted therefor.

3. In § 71.125 (31 F.R. 2045) V-444 is amended to read:

V-444 From Bettles, Alaska, via Fairbanks, Alaska, including an S alternate from Bettles to Fairbanks via INT of Bettles 155° and Fairbanks 307° radials; Big Delta, Alaska; Northway, Alaska; to Burwash Landing, Yukon Territory, RR, excluding the portion within Canada.

4. Section 71.211 (31 F.R. 2289) is amended as follows:

a. Annette Island, Alaska, and Northway, Alaska, is added.

5. Section 71.213 (31 F.R. 2290) is amended as follows:

a. Annette Island, Alaska, Big Lake, Alaska, Fairbanks, Alaska, Northway, Alaska, Kotzebue, Alaska, are added.

b. Annette Island, Alaska, RR, Fairbanks, Alaska, RR, Northway, Alaska, RR, are deleted.

6. Section 75.100 (31 F.R. 1146, 2346) is amended as follows:

a. In Jet Route No. 120 "Nenana, Alaska; Fairbanks, Alaska, RR;" is deleted and "Fairbanks, Alaska;" is substituted therefor.

b. In Jet Route No. 122 "From Nenana, Alaska;" is deleted and "From Fairbanks, Alaska;" is substituted therefor.

c. Jet Route No. 124 is amended to read:

Jet Route No. 124 (Dillingham, Alaska, to Northway, Alaska).

From Dillingham, Alaska, via Anchorage, Alaska; Big Lake, Alaska; to Northway, Alaska.

d. Jet Route No. 502 is amended to read:

Jet Route No. 502 (Kotzebue, Alaska, to United States/Canadian border). (Joins Canadian high level airway No. 502).

From Kotzebue, Alaska, via Fairbanks, Alaska; Northway, Alaska; Burwash Landing, Yukon Territory, RR; Sisters Island, Alaska; Annette Island, Alaska; to Port Hardy, British Columbia, Canada, excluding the portion within Canada.

e. Jet Route No. 507 is amended to read:

Jet Route No. 507 (Northway, Alaska, to Annette Island, Alaska).

From Northway, Alaska, via Yakutat, Alaska; Sisters Island, Alaska; to Annette Island, Alaska, excluding the portion within Canada.

f. Jet Route No. 515 is amended to read:

Jet Route No. 515 (Pembina, N. Dak., via the United States/Canadian border, to Fairbanks, Alaska). (Joins Canadian high level airway No. 515.)

From Pembina, N. Dak., to the INT of Pembina 356° radial and the United States/Canadian border. From the INT of Northway, Alaska, 121° radial and the United States/Canadian border via Northway to Fairbanks, Alaska.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Washington, D.C., on July 1, 1966.

T. MCCORMACK,
Acting Chief, Airspace and Air Traffic Rules Division.

[F.R. Doc. 66-7476; Filed, July 8, 1966; 8:46 a.m.]

SUBCHAPTER F—AIR TRAFFIC AND GENERAL OPERATING RULES

[Reg. Docket No. 7455; Amdt. 491]

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

Miscellaneous Amendments

The amendments to the standard instrument approach procedures contained herein are adopted to become effective when indicated in order to promote safety. The amended procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the complete procedure is republished in this amendment indicating the changes to the existing procedures.

As a situation exists which demands immediate action in the interests of safety in air commerce, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 97 (14 CFR Part 97) is amended as follows:

1. By amending the following automatic direction finding procedures prescribed in § 97.11(b) to read:

ADF STANDARD INSTRUMENT APPROACH PROCEDURES

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots
					65 knots or less	More than 65 knots	
				T-dn	300-1	300-1	200-½
				C-dn	400-1	500-1	500-1½

City, Plattsburgh; State, N.Y.; Airport name, Municipal; Elev., 371′; Fac. Class., MHW; Ident., PBG; Procedure No. 1, Amdt. 1; Eff. date, 30 July 66; Sup. Amdt. No. Orig.; Dated, 18 Apr. 64

2. By amending the following very high frequency omnirange (VOR) procedures prescribed in § 97.11(c) to read:

VOR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.
If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots
					65 knots or less	More than 65 knots	

PROCEDURE CANCELED, EFFECTIVE 30 JULY 1966.

City, Bradford; State, Pa.; Airport name, Bradford-McKean County; Elev., 2142′; Fac. Class., BVOR; Ident., BFD; Procedure No. 1, Amdt. 6; Eff. date, 7 Mar. 64; Sup. Amdt. No. 5; Dated, 25 Jan. 64

				T-dn	300-1	300-1	200-½
				C-dn	400-1	500-1	500-1½
				S-dn-32°	400-1	400-1	400-1
				A-dn	800-2	800-2	800-2

Procedure turn E side of crs, 146° Outbnd, 326° Inbnd, 3000′ within 10 miles.
Minimum altitude over 3-mile DME Fix, R 146° on final approach crs, 2900′.
Crs and distance, facility to airport, 326°—0.9 mile.
If visual contact not established upon descent to authorized landing minimums or if landing not accomplished within 0.9 mile after passing BFD VOR, climb to 3400′ on R 326° within 10 miles of Bradford VOR. Make left-climbing turn, return to Bradford VOR at 4000′. Hold SE, 1-minute left turns, 326° Inbnd.
NOTE: When authorized by ATC, DME may be used between R 064° clockwise to R 288° at 3900′ to position aircraft for straight-in approach via 10-mile DME Arc, with elimination of procedure turn.
*400-¾ authorized, except for 4-engine turbojet aircraft, with operative high-intensity runway lights.
MSA within 25 miles of facility: 000°-360°—3600′.

City, Bradford; State, Pa.; Airport name, Bradford-McKean County; Elev., 2143′; Fac. Class., L-BVORTAC; Ident., BFD; Procedure No. 2, Amdt. 1; Eff. date, 30 July 66; Sup. Amdt. No. Orig.; Dated, 6 Nov. 65

Procedure turn not authorized.
Minimum altitude over Maple DME Fix, R 181° on final approach crs, 2500'; over 10-mile DME Fix, 1800'; over 9-mile DME Fix, 1500'.
If visual contact not established upon descent to authorized landing minimums or if landing not accomplished at 6 DME miles from PQI VOR, climb straight ahead to 2300' direct to PQI VOR. Hold N of PQI VOR, 1-minute right turns, 179° Inbnd.
NOTE: Use Loring altimeter setting.
#Reduction not authorized.
MSA within 25 miles of facility: 000°-090°—3000'; 090°-180°—3100'; 180°-270°—3000'; 270°-360°—3000'.

City, Presque Isle; State, Maine; Airport name, Presque Isle Municipal; Elev., 534'; Fac. Class., H-BVORTAC; Ident., PQI; Procedure No. VOR/DME No. 2, Amdt. 2; Eff. date, 30 July 66; Sup. Amdt. No. 1; Dated, 18 Dec. 65

4. By amending the following instrument landing system procedures prescribed in § 97.17 to read:

ILS STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.
If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

Transition				Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots
					65 knots or less	More than 65 knots	
DEN VOR	Standley DME Fix	257°—17 miles (direct).	7700	T-dn%$	300-1	300-1	200-½
				C-dn#	400-1	500-1	500-1½
Standley DME Fix	Edgewater DME Fix	Via 17-mile DME CCW orbit.	7700	S-dn-8R@	400-1	400-1	400-1
				A-dn	800-2	800-2	800-2
Edgewater DME Fix	Capitol Int (final)	Direct	6200				

Radar available.¢
Procedure turn not authorized.
Minimum altitude over Capitol Int on final approach crs, 6200'. Crs and distance, Capitol Int to airport, 077°—3.9 miles.
No glide slope.
If visual contact not established upon descent to authorized landing minimums or if landing not accomplished within 3.9 miles after passing Capitol Int, climb to 7000' direct to DE OM or, when directed by ATC, climb and intercept R 200° DEN VOR, proceed to DEN VOR at 7000'.
NOTE: DME and simultaneous LOC/VOR reception required unless radar vectoring to localizer and Radar Fix of Capitol Int are provided.
CAUTION: Terrain, 8000' and rising sharply 25 miles W of DEN VOR.
#500-1 required for circling S of airport due to 5570' tank, 0.8 mile SE and 5521' tower, 1.5 miles S of airport.
@400-¾ authorized, except for 4-engine turbojet aircraft, with operative high-intensity runway lights.
%Westbound (194° through 321°) IFR departures must comply with published Denver SID's or with radar vectors.
¢Lost communications procedure: If no transmissions received for 30 seconds on westerly radar vector W of DEN VORTAC 160/340 radials, turn and proceed direct to ILS-26L LOM at last assigned altitude.
$RVR, 2400' authorized Runways 17, 26L, 35.

City, Denver; State, Colo.; Airport name, Stapleton International; Elev., 5330'; Fac. Class., ILS; Ident., I-DEN; Procedure No. ILS-8R (back crs) Amdt. 4; Eff. date, 30 July 66; Sup. Amdt. No. 3; Dated, 5 June 65

If visual contact not established upon descent to authorized landing minimums or if landing not accomplished within 4.7 miles after passing YN-LOM, climb to 2700′ straight ahead, make right turn and proceed to Youngstown VOR. Hold N on R 003° YNG VOR, 1-minute right turns, 183° Inbnd at 2700′.
*Procedure turn predicated on Hubbard RBn.
#400-¾ required with glide slope inoperative. 400-½ authorized, except for 4-engine turbojet aircraft, with operative ALS.

City, Youngstown; State, Ohio; Airport name, Youngstown Municipal; Elev., 1198′; Fac. Class., ILS; Ident., I-YNG; Procedure No. ILS-32, Amdt. 14; Eff. date, 30 July 66; Sup. Amdt. No. 13; Dated, 5 Feb. 66

5. By amending the following radar procedures prescribed in § 97.19 to read:

RADAR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.
If a radar instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below. Positive identification must be established with the radar controller. From initial contact with radar to final authorized landing minimums, the instructions of the radar controller are mandatory except when (A) visual contact is established on final approach at or before descent to the authorized landing minimums, or (B) at pilot's discretion if it appears desirable to discontinue the approach, except when the radar controller may direct otherwise prior to final approach, a missed approach shall be executed as provided below when (A) communication on final approach is lost for more than 5 seconds during a precision approach, or for more than 30 seconds during a surveillance approach; (B) directed by radar controller; (C) visual contact is not established upon descent to authorized landing minimums; or (D) if landing is not accomplished.

Transition				Ceiling and visibility minimums			
From—	To—	Course and distance	Minimum altitude (feet)	Condition	2-engine or less		More than 2-engine, more than 65 knots
					65 knots or less	More than 65 knots	
All directions within 30 miles of the Tulsa	Within 3 miles of Riverside airport	Direct	2500	T-dn	300-1	300-1	200-½
Within 3 miles of Riverside airport	Riverside airport (final)	Direct	1800		Surveillance approach		
				C-dn	1200-1	1200-1	1200-1½
				A-dn	NA	NA	NA

Procedure turn not authorized.
If visual contact not established upon descent to authorized landing minimums or if landing not accomplished at Radar Fix over Riverside Airport, climb to 2500′ on R 220° TUL VOR within 15 miles.
NOTE: Tulsa radar will provide 1000′ vertical clearance or 3-mile lateral clearance from TV Radio towers, 9.9 miles W 2147′: 19.5 miles SSE 1701′ : and 19 miles SE 2549′.

City, Tulsa; State, Okla.; Airport name, Riverside Airport; Elev., 624′; Fac. Class., Radar; Ident., TUL; Procedure No. 1, Amdt. Orig.; Eff. date, 30 July 66

These procedures shall become effective on the dates specified therein.

(Secs. 307(c), 313(a), and 601, Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1421; 72 Stat. 749, 752, 775)

Issued in Washington, D.C., on June 23, 1966.

JAMES F. RUDOLPH,
Acting Director, Flight Standards Service.

Title 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 213—EXCEPTED SERVICE

Department of Defense

Section 213.3306 is amended to show that the title of a position excepted under Schedule C in the Office of the Assistant Secretary of Defense (International Security Affairs) is changed from Deputy Assistant Secretary (European and North Atlantic Treaty Organization Affairs) to Deputy Assistant Secretary (Planning and North Atlantic Affairs). Effective on publication in the FEDERAL REGISTER, subparagraph (9) of paragraph (a) of § 213.3306 is amended as set out below.

§ 213.3306 Department of Defense.

(a) *Office of the Secretary.* • • •

(9) One Deputy Assistant Secretary (Planning and North Atlantic Affairs), Office of the Assistant Secretary of Defense for International Security Affairs.

(R.S. 1753, sec. 2, 22 Stat. 403, as amended; 5 U.S.C. 631, 633; E.O. 10577, 19 F.R. 7521, 3 CFR, 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] MARY V. WENZEL,
Executive Assistant to the Commissioners.

[F.R. Doc. 66–7505; Filed, July 8, 1966; 8:49 a.m.]

PART 213—EXCEPTED SERVICE

Department of Defense

Section 213.3306 is amended to show that the position of a fifth Private Secretary engaged in Interdepartmental Activities of the Office, Secretary of Defense, is excepted under Schedule C. Effective on publication in the FEDERAL REGISTER, subparagraph (2) of paragraph (c) of § 213.3306 is amended as set out below.

§ 213.3306 Department of Defense.

• • • • • •

(c) *Interdepartmental Programs.*

• • •

(2) Five Private Secretaries engaged in the interdepartmental activities of the Office of the Secretary of Defense.

(R.S. 1753, sec. 2, 22 Stat. 403, as amended; 5 U.S.C. 631, 633; E.O. 10577, 19 F.R. 7521, 3 CFR, 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] MARY V. WENZEL,
Executive Assistant to the Commissioners.

PART 213—EXCEPTED SERVICE

Department of Justice and Department of Commerce

1. Section 213.3210 is amended to show that certain positions formerly excepted under Schedule B in the Community Relations Service in the Department of Commerce now are excepted under Schedule B in the Community Relations Service in the Department of Justice. Effective on publication in the FEDERAL REGISTER, paragraph (c) is added to § 213.3210 as set out below.

§ 213.3210 Department of Justice.

• • • • • •

(c) *Community Relations Service.* (1) Four Field Coordinators. No person shall be appointed under this authority after August 1, 1966.

(2) Not to exceed 25 positions at grades GS–11 through 15 involving program responsibilities in the specialized area of community relations. No person shall be appointed under this authority after August 1, 1966.

2. Section 213.3310 is amended to show that certain positions formerly excepted under Schedule C in the Community Relations Service in the Department of Commerce now are excepted under Schedule C in the Community Relations Service in the Department of Justice. Effective on publication in the FEDERAL REGISTER, paragraph (r) is added to § 213.3310 as set out below.

§ 213.3310 Department of Justice.

• • • • • •

(r) *Community Relations Service.* (1) One Deputy Director.

(2) One Legal Adviser.

(3) One Associate Director for Conciliation.

(4) One Special Assistant to the Director.

(5) One Assistant for Program Development.

(6) One Volunteer Group Liaison Officer.

(7) One Government Services Liaison Officer.

(8) Two Private Secretaries to the Director.

(9) One Private Secretary to the Deputy Director.

(10) One Private Secretary to the Associate Director for Conciliation.

(11) One Private Secretary to the Legal Adviser.

(12) One Private Secretary to the Special Assistant to the Director.

3. Section 213.3214 is amended to show that certain positions in the Community Relations Service are no longer excepted under Schedule B. Effective on publication in the FEDERAL REGISTER, paragraph (a) of § 213.3214 is revoked in its entirety.

§ 213.3214 Department of Commerce.

(a) [Revoked in its entirety.]

• • • • • •

4. Section 213.3314 is amended to show that certain positions in the Community Relations Service are no longer excepted under Schedule C. Effective on publication in the FEDERAL REGISTER, paragraph (o) of § 213.3314 is revoked as set out below.

§ 213.3314 Department of Commerce.

• • • • • •

(o) [Revoked in its entirety.]

• • • • • •

(R.S. 1753, sec. 2, 22 Stat. 403, as amended; 5 U.S.C. 631, 633; E.O. 10577, 19 F.R. 7521, 3 CFR, 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,

Chapter XIII—National Foundation on the Arts and the Humanities

PART 2300—STANDARDS OF CONDUCT OF EMPLOYEES

Pursuant to and in accordance with sections 201 through 209 of Title 18 of the Code of Federal Regulations, Executive Order 11222 of May 8, 1965 (30 F.R. 6469), and Title 5, Chapter I, Part 735 of the Code of Federal Regulations, a new Chapter XIII is added to Title 5 of the Code of Federal Regulations, consisting of Part 2300, reading as follows:

Sec.
2300.735–1 Purpose.
2300.735–2 Scope.
2300.735–3 Definitions.
2300.735–4 Statutory provisions.
2300.735–5 Conflicts-of-Interest Counselor.
2300.735–6 Statements of employment and financial interest.
2300.735–7 Employee conduct.
2300.735–8 Presenting grievances to Congress.
Appendix—Related Statutory Provisions.

AUTHORITY: The provisions of this Part 2300 issued under Executive Order 11222 of May 8, 1965, 30 F.R. 6469, 3 CFR, 1965 Supp.; 5 CFR 735.104.

§ 2300.735–1 Purpose.

While confident of the integrity and sense of responsibility of the employees of the National Endowment for the Arts and the National Endowment for the Humanities, it is essential to the Government and to the conduct of the business of the National Endowment for the Arts and the National Endowment for the Humanities that unusually high standards of honesty, integrity, impartiality, and conduct be maintained by employees of the Endowments. In accordance with these concepts, this part sets forth policies and procedures of the Endowments with respect to employee conduct, certain permissible and prohibited outside activities, and possible conflicts-of-interest situations.

§ 2300.735–2 Scope.

The policies and procedures contained in this part apply to all employees of the Endowments, except that specific pro-

vision is made in § 2300.735–6–(b) for the filing of Statements of Employment and Financial Interests by special Government employees.

§ 2300.735–3 Definitions.

In this part:

(a) "Employee" means an officer or employee of the National Endowment for the Arts or the National Endowment for the Humanities, or a member of the shared staff of both Endowments. The term "employee" includes a "special Government employee" unless expressly qualified.

(b) "Shared staff" and "joint employees" mean employees performing services for both Endowments on a shared basis.

(c) "Endowment" means either the National Endowment for the Arts, or the National Endowment for the Humanities.

(d) "Foundation" means the National Foundation on the Arts and the Humanities.

(e) "Chairman" means the Chairman of the National Endowment for the Arts or the Chairman of the National Endowment for the Humanities.

(f) "Special Government employee" means a "special Government employee" as defined in section 202 of Title 18 of the United States Code who is employed by the National Endowment for the Arts or the National Endowment for the Humanities or by both Endowments jointly.

§ 2300.735–4 Statutory provisions.

Each employee is responsible for acquainting himself not only with the provisions of this part, but also with applicable portions of each Federal statute relating to his conduct as an employee of the National Endowment for the Arts or the National Endowment for the Humanities and of the U.S. Government. This part will be called to the attention of all employees by the Administrative Officer of the Foundation at least once a year and he will provide a copy of the part to each new employee who joins either the National Endowment for the Arts or the National Endowment for the Humanities or becomes a member of the shared staff. (A list of pertinent statutes is provided in the Appendix to this part.)

§ 2300.735–5 Conflicts-of-Interest Counselor.

(a) *Conflicts-of-Interest Counselor.* The General Counsel of the Foundation is designated the Conflicts-of-Interest Counselor, with responsibility for providing, on request from any employee, counsel regarding conflicts-of-interest regulations and requirements, as well as their applicability in particular situations. Each employee is responsible for seeking the advice of the Conflicts-of-Interest Counselor whenever it appears that he may be, or may become, involved in a possible conflicts-of-interest situation. Any supervisor may refer to the Conflicts-of-Interest Counselor any possible conflicts-of-interest situation involving a subordinate of his whenever he deems such action appropriate. In such cases, the subordinate concerned shall be informed that the matter has been referred for consideration and shall be afforded the opportunity to state his case. The General Counsel of the Foundation is responsible for reviewing conflicts-of-interest matters brought to his attention and for attempting to work with the employees concerned in resolving such situations, and for offering employees an opportunity to explain any conflict or appearance of conflict. Matters which cannot be satisfactorily resolved in this manner will be referred to the Chairman of the Endowment concerned, or, in the case of a shared staff member, to the Chairmen of both Endowments, for decision and appropriate action. Remedial action, whether disciplinary or otherwise, shall be effected in accordance with any applicable laws, Executive orders, and regulations.

(b) *Disciplinary and other remedial actions.* When there is a final decision that a conflicts-of-interest situation requires disciplinary or other remedial action, such action shall be taken promptly to end the conflict or appearance of conflict of interest and to carry out any appropriate disciplinary measure. Any action taken, whether disciplinary or otherwise, shall be effected in accordance with applicable laws, Executive orders, Civil Service Commission regulations and the regulations in this part. The action taken may involve, among other things:

(1) Divestment by the employee of his conflicting interest;

(2) Changes in existing duties;

(3) Disqualification for a particular assignment;

(4) Appropriate disciplinary action, up to and including removal.

§ 2300.735–6 Statements of employment and financial interests.

(a) *Employees other than special Government employees*—(1) *General requirement.* Statements of employment and financial interests are required of all Federal employees occupying positions at or above Grade 16 or the equivalent, as well as all employees occupying positions which require the exercise of judgment in making or recommending a Government decision, or in taking or recommending Government action with regard to:

(i) Contracting or procurement;

(ii) Administering or monitoring grants or subsidies;

(iii) Regulating or auditing private or other non-Federal enterprises; or

(iv) Other activities where the decision or action has an economic impact on the interest of a particular non-Federal enterprise.

(2) *Requirements of the National Endowment for the Arts and the National Endowment for the Humanities.* In order to fulfill the Endowments' obligations under the general Government requirement described in subparagraph (1) of this paragraph, it has been determined that a Statement of Employment and Financial Interests must be completed and submitted in accordance with the procedures set forth in this section by employees occupying the following positions:

(i) National Endowment for the Arts:

(*a*) Deputy Chairman.

(*b*) Special Assistant to the Chairman.

(*c*) Directors of Programs.

(*d*) Director of Government Liaison.

(*e*) Director, Office of Studies and Analysis.

(*f*) Project Evaluators.

(ii) National Endowment for the Humanities:

(*a*) Deputy Chairman.

(*b*) Special Assistant to the Chairman.

(*c*) Division Directors.

(*d*) Director of Planning and Analysis.

(*e*) Senior Program Officers.

(*f*) Program Analysts.

(iii) Shared staff:

(*a*) General Counsel.

(*b*) Assistant to General Counsel.

(*c*) Director, Office of Administration.

(*d*) Grant Management Officer.

(*e*) Grant Analysts.

(3) *Inclusion and exclusion of positions.* Whenever appropriate, the Chairman of an Endowment may amend subparagraph (2) of this paragraph to include additional positions in his Endowment that entail submission of such statements or may exclude any positions in his Endowment listed in that subparagraph (2) the inclusion of which is not required by the general requirement in subparagraph (1) of this paragraph. Inclusion or elimination of shared positions will be accomplished by agreement of both Chairmen. Each supervisor is responsible for bringing to the attention of the appropriate Chairman (through the Deputy Chairman) any position which the supervisor believes should be covered or excluded by this requirement.

(4) *Submission of original and supplementary statements.* Each employee covered by this requirement shall complete the statement and submit it within 90 days after the effective date of this part. Each new employee shall complete and submit the statement within 30 days after his entrance on duty or within 90 days after the effective date of this part, whichever date is later. All changes in, or additions to, the information contained in each employee's original statement must be reported in a supplementary statement submitted by the employee at the end of the quarter in which the changes occur. (Quarters end March 31, June 30, September 30, and December 31.) If there are no changes or additions in a quarter, a negative report is not required, except that a supplementary statement, negative or otherwise, is required from each employee as of each June 30. The Administrative Offices of the Foundation is responsible for informing each new, affected employee of the requirement for him to submit the statement within 30 days after his entrance on duty.

(5) *Interests of employees' relatives.* For purposes of the statement, the interests of a spouse, minor child, or any other member of an employee's immediate household who is a blood relation of the employee, are considered to be interests of the employee.

(6) *Information not known by employees.* If information required to be included on the statement of employment and financial interests (supplementary or otherwise, including holdings placed in trust) is not known by the employee but is known to another person, the employee shall request such other person to submit the information on his behalf.

(7) *Information not required.* Employees are not required to submit information relating to their financial interests in any professional society not conducted as a business enterprise as described in the next sentence, charitable, religious, social, fraternal, recreational, public service, civic, political, or similar organization not conducted as a business enterprise. Professional societies, educational institutions, and other nonprofit organizations engaged in research, development, or related activities involving grants of money from, or contracts with, the Government are deemed "business enterprises" and are required to be included in employees' statements of employment and financial interests.

(8) *Effect of employees' statements on other requirements.* The statements of employment and financial interests and supplementary statements required of employees are in addition to, and are not in substitution for, or in derogation of, any similar requirement imposed by law, regulation, or Executive order. The submission of the statement or supplementary statement by an employee does not permit him or any other person to participate in any matter in which his or the other person's participation is prohibited by law, regulation, or Executive order.

(9) *Confidentiality of employees' statements.* Each statement of employment and financial interest and each supplementary statement will be held in strictest confidence. Information will not be disclosed from the statement except as the Civil Service Commission or the appropriate Chairman (or Chairmen, in the case of shared staff members) may authorize for good cause shown.

(10) *Review of statements.* (i) Each Deputy Chairman will submit his statement to the appropriate Endowment Chairman.

(ii) Employees of either Endowment shall submit their statements to the Deputy Chairman of that Endowment.

(iii) Joint employees shall submit their statements to both Deputy Chairmen.

(iv) When a statement submitted under subparagraph (2) or (3) of this paragraph indicates a conflict between the interests of an employee and the performance of his services for the Government and when the conflict or appearance of conflict cannot be resolved by the Deputy Chairman (or by both Deputy Chairmen, in the case of joint employees), he shall report the information concerning the conflict or appearance of conflict to the Chairman through the General Counsel. In the case of joint employees, information concerning the conflict or appearance of conflict shall be reported to both Chairmen. The employee concerned shall be given an opportunity to explain the conflict or appearance of conflict before remedial action is initiated.

(b) *Special Government employees.* (1) Each special Government employee shall submit a statement of employment and financial interests not later than the time of his employment. It is necessary that the special Government employee report all Federal and non-Federal employment, as well as those financial interests which relate, either directly or indirectly, to his Foundation responsibilities or duties.

(2) Each special Government employee must file a supplementary statement of employment and financial interests whenever a significant change occurs, either in his employment or financial interests, in order that his statement may be kept current.

(3) The provisions of paragraph (a) (5) through (9) of this section apply to special Government employees in the same manner as to other employees.

§ 2300.735–7 Employee conduct.

(a) *General.* Each Endowment assumes that an employee will conduct himself in a manner that will not discredit or embarrass himself or the Endowment. However, it is pointed out that the violation of the regulations in this part, or any criminal, infamous, dishonest, immoral, or notoriously disgraceful conduct on the part of an employee (whether in official duty status or not), is cause for immediate disciplinary action, up to and including removal.

(b) *Indebtedness.* Employees are expected to meet their just financial obligations and not to take advantage of the fact that their wages are not subject to garnishment for private debts. Failure to meet just financial obligations in a proper and timely manner may result in disciplinary action, up to, and including, removal. For the purpose of this section, a "just financial obligation" means one acknowledged by the employee or reduced to judgment by a court, and "in a proper and timely manner" means in a manner which the agency determines does not, under the circumstances, reflect adversely on the Government as his employer. In the event of dispute between an employee and an alleged creditor, this section does not require the Endowment concerned to determine the validity or amount of the disputed debt.

(c) *Payment of taxes.* Employees are expected to meet their obligations for payment of taxes to Federal, State, and local authorities. Delinquency in payment of Federal, State, and local taxes is cause for disciplinary action, up to, and including, removal. Federal agencies are required to furnish State taxing authorities (including the District of Columbia) with a copy of Form W–2 indicating annual earnings and Federal income tax withheld. Employees are authorized to pay delinquent Federal taxes by payroll deduction, provided that they make satisfactory arrangements with the Internal Revenue Service to liquidate their tax liabilities in this manner. When such arrangements are not made, District Directors of Internal Revenue have the authority to levy upon the salaries of Federal employees for the full amount of delinquent Federal income tax.

(d) *Financial interests.* Any employee may hold financial interests and engage in financial transactions in the same way as any private citizen, provided that such interests or activities are not prohibited by law, Executive order, or the regulations in this part. In particular, no employee may have any direct or indirect financial interest that conflicts substantially or appears to conflict substantially with his duties and responsibilities as an Endowment employee. No employee shall carry out Endowment duties involving any organization in which he has a direct or indirect financial interest. No employee shall engage directly or indirectly in any financial transaction resulting from, or primarily relying on, information obtained through his employment, or use his employment to coerce, or give the appearance of coercing, a person, to provide financial benefit to himself or another.

(e) *Participation in Endowment grants by former Endowment employees.* In cases not directly coming under the prohibitions of 18 U.S.C. 207 (relating to activities of former Government officials), the following rules shall apply:

(1) In addition to the statutory bars against ever dealing with the U.S. Government in connection with a particular matter in which he participated personally and substantially while an employee, and against dealing with the Government for 1 year after leaving in connection with a matter under his official responsibility while in the Government, a former full-time employee of an Endowment may not negotiate with either Endowment, with a view to obtaining support for himself or his organization, within 1 year after having left the Endowment, except with the written permission of the Chairman of the Endowment in which he had been employed.

(2) A former full-time employee of an Endowment may not be compensated from an Endowment grant directly or indirectly within 1 year of his leaving the Endowment, except with the written permission of the Chairman of the Endowment in which he had been employed.

(3) In the case of joint employees, the written permission referred to in subparagraphs (1) and (2) of this paragraph must be given by both Chairmen.

(f) *Gifts, entertainment, and favors.* Employees may not solicit, or accept directly or indirectly from any person, institution, corporation, or group, anything of economic value as a gift, gratuity, favor, entertainment, or loan, which might be reasonably interpreted by others as being of such a nature that it would affect his impartiality. This is especially applicable in those instances where the employee has reason to believe that the person, institution, corporation, or group:

(1) Has, is seeking, or is likely to seek, assistance, support, or funds from an Endowment; or

(2) Conducts operations or activities which are involved with, or are supported by, an Endowment; or

(3) Has interests which might be substantially affected by the employee's performance or nonperformance of duties; or

(4) May be attempting to affect the employee's official actions.

(i) As required by law (5 U.S.C. 113), no employee shall solicit contributions from another employee for a gift to an employee who is a superior. A superior shall not accept a gift obtained from contributions from employees receiving less salary than himself. An employee shall not make a donation as a gift to an employee in a superior position.

(ii) Employees are not permitted to accept a gift, or decoration, or other objects from a foreign government unless authorized by Congress as provided by the Constitution and in 5 U.S.C. 114–115a.

(iii) Employees may accept promotional material of nominal intrinsic value such as pens, pencils, note pads, calendars, etc. Employees may, on infrequent occasions, accept items of nominal value such as food in the ordinary course of a luncheon or dinner meeting, site visit, or professional conference, when the employee is properly in attendance.

(g) *Outside employment.* (1) Full-time employees shall not engage in any outside employment or other outside activity not compatible with the full and proper discharge of their duties and responsibilities. Incompatible activities include, but are not limited to, acceptance of anything of monetary value which may result in or create the appearance of a conflict of interest.

(2) Full-time employees shall not engage in outside employment which tends to impair their health or capacity to discharge acceptably their duties and responsibilities.

(3) Full-time employees shall not receive anything of monetary value from a private source as compensation for their activities as Endowment employees.

(4) Employees shall not engage in teaching, lecturing, or writing which is dependent on official information obtained as a result of Government employment, except when the information has been, or is being made available to the general public, or will be made available to the public on request, or when the Chairman or Deputy Chairman of the Endowment concerned gives written authorization for the use of nonpublic information on the basis that the use is in the public interest. However, employees are encouraged to engage in teaching, lecturing, and writing not prohibited by the regulations in this part, by law, or by Executive order.

(5) Employees shall not receive anything of monetary value for any consulting, lecturing, discussion, writing, or presentation, the subject of which is devoted to the responsibilities, programs, or operations of an Endowment, or which draws on official data or ideas which have not become part of the body of public information.

(6) Employees shall not serve as organizers or directors of conferences, colloquia or similar events supported by grant or contract from an Endowment, but may otherwise participate in such events provided they do not receive any compensation or economic benefit for such participation.

(7) Employees shall avoid any action, whether or not specifically prohibited, which might result in or create the appearance of:

(i) Using public office for private gain;

(ii) Giving preferential treatment to any person;

(iii) Impeding Government efficiency or economy;

(iv) Losing complete independence or impartiality;

(v) Making a Government decision outside official channels; or

(vi) Affecting adversely the confidence of the public in the integrity of the Government.

(8) Employees may, however, participate in the affairs of, and accept an award for meritorious public contribution or achievement given by a charitable, religious, fraternal, educational, recreational, public service, or civic organization.

(h) *Advice or assistance to nonprofit or commercial organizations.* The conditions under which full-time employees may offer assistance or advice to nonprofit or commercial organizations are set forth in this paragraph (h). Although these conditions are stated as general rules, illustrative applications to specific situations are set forth as an aid to interpretation:

(1) *General rules.* While not on official duty, an employee may provide advice or assistance and receive compensation therefor, to either nonprofit or commercial organizations, provided that such services are unrelated to his Government activities and do not draw upon information deriving from Government sources not publicly available.

(2) *Specific examples*—(i) *Visiting committees.* Employees should not participate in the deliberations of a college or university visiting committee; however, an employee may meet with such groups as an Endowment official where it would be appropriate to attend a similar meeting with any other comparable group requesting his assistance.

(ii) *Participation in non-Federal institutions.* Employees may not participate in any way in the policy making or administration of a non-Federal institution which receives, or is eligible to receive, funds from a Federal agency.

(iii) *Membership and office holding in professional societies.* An employee may be a member of a professional society, but may not serve as an officer except where the society has not received any support from an Endowment during the preceding 3 years and the employee has no reason to expect it to seek support during the tenure of his office. If the society later requests support from an Endowment, the employee should resign his office in the society or request permission to remain in such office.

(i) *Misuse of information.* For the purpose of furthering a private interest, employees shall not (except as provided in paragraph (g)(4) of this section) directly or indirectly use, or allow the use of, official information obtained through, or in connection with, his Government employment which has not been made available to the general public.

(j) *Compensation from Endowment-awarded funds.* No full-time employee may receive any compensation, either directly or indirectly, from funds awarded to contractors or grantees by either Endowment.

(k) *Use of Federal property.* No employee may use Federal property or facilities of any kind for other than officially approved activities. Every employee has the responsibility to protect and conserve all Federal property which has been entrusted to him.

(l) *Exercise of notary powers.* Employees who are notaries public may not charge or receive any compensation for performing any notarial act during working hours, including the luncheon period.

(m) *Political activity.* Restrictions in this section are applicable to employees on leave, leave without pay, or furlough, as well as to other regular employees. Individuals whose employment is on an intermittent basis (not occupying a substantial portion of their time) are subject to the political activities restrictions only while they are in an active duty status. The period of active duty status for a particular employee includes the entire 24-hour period of any day of actual employment. The "Federal Personnel Manual" may be consulted in the Foundation Administrative Office. If an employee is in doubt about permissible activities, he should contact the Administrative Office for clarification.

(1) Employees may not use their official positions or influence for the purpose of interfering with an election and they may not take an active part in political management or in political campaigns, except as provided in subparagraphs (4) and (5) of this paragraph.

(2) No employee may discriminate against another employee because of his political opinions or affiliations.

(3) An employee may not become a candidate for nomination or election to a Federal, State, county, or municipal office on a partisan political ticket. Nor may an employee become a candidate as an independent when opposed by a partisan political candidate, except as provided in subparagraph (4) of this paragraph.

(4) Certain political subdivisions in the vicinity of Washington, D.C., as well as other municipalities, designated by the Civil Service Commission, have been granted a limited exception to the rules prohibiting political management or candidacy for local office. In such municipalities, employees may become candidates as independents, even when opposed by partisan political candidates.

(5) In general, employees are encouraged to be candidates for, and to hold, State, county, or municipal offices of a nonpartisan nature when permitted by law. Employees desiring to be candidates for, or to hold, a State or local office or to undertake the political management of a candidacy for such office, must secure the approval of the appropriate Endowment Chairman or, in the case of members of the shared staff, of both Chairmen.

(6) Full-time employees, with the prior consent of the Chairman concerned, or of both Chairmen, in the case of members of the shared staff, may hold positions under a State or local government on a part-time basis only. Intermittent employees may hold full-time or part-time State or local government positions. In both cases, the above restrictions on political activity must be observed.

(n) An employee shall not participate, while on Government-owned or leased property or while on duty for the Government, in any gambling activity, such as a lottery or the sale or purchase of numbers, etc.

§ 2300.735–8 Presenting grievances to Congress.

Nothing in this part shall be construed as abridging in any way the right of employees, either individually or collectively, to petition Congress, or any Member thereof, or to furnish information, when appropriate, to either House of Congress, or to any committee or member thereof.

This Part 2300 was approved by the Civil Service Commission on June 22, 1966.

Effective date. This Part 2300 shall become effective upon publication in the FEDERAL REGISTER.

Dated: June 29, 1966.

HENRY ALLEN MOE,
Chairman, National Endowment for the Humanities.

Dated: June 30, 1966.

ROGER L. STEVENS,
Chairman, National Endowment for the Arts.

APPENDIX—RELATED STATUTORY PROVISIONS

The following is a list of statutes related to the conduct of Government employees and consultants. Upon request, pertinent excerpts of these statutes will be made available by the Administrative Office of the Foundation.

1. House Concurrent Resolution 175, 85th Congress, 2d session, 72 Stat. B12, the "Code of Ethics for Government Service."
2. Chapter 11 of title 18, United States Code, relating to bribery, graft, and conflicts of interest, as appropriate to the employees concerned.
3. The prohibition against lobbying with appropriated funds (18 U.S.C. 1913).
4. The prohibitions against disloyalty and striking (5 U.S.C. 118p, 118r).
5. The prohibition against the employment of a member of a Communist organization (50 U.S.C. 784).
6. The prohibitions against (1) the disclosure of classified information (18 U.S.C. 798, 50 U.S.C. 783); and (2) the disclosure of confidential information (18 U.S.C. 1905).
7. The provision relating to the habitual use of intoxicants to excess (5 U.S.C. 640).
8. The prohibition against the misuse of a Government vehicle (5 U.S.C. 78(c)).
9. The prohibition against the misuse of the franking privilege (18 U.S.C. 1719).
10. The prohibition against the use of deceit in an examination or personnel action in connection with Government employment (5 U.S.C. 637).
11. The prohibition against fraud or false statements in a Government matter (18 U.S.C. 1001).
12. The prohibition against mutilating or destroying a public record (18 U.S.C. 2071).
13. The prohibition against counterfeiting and forging transportation requests (18 U.S.C. 508).
14. The prohibitions against (1) embezzlement of Government money or property (18 U.S.C. 641); (2) failing to account for public money (18 U.S.C. 643); and (3) embezzlement of the money or property of another person in the possession of an employee by reason of his employment (18 U.S.C. 654).
15. The prohibition against unauthorized use of documents relating to claims from or by the Government (18 U.S.C. 285).
16. The prohibition against prescribed political activities—The Hatch Act (5 U.S.C. 1181), and 18 U.S.C. 602, 603, 607, and 608.

Title 7—AGRICULTURE

Chapter I—Consumer and Marketing Service (Standards, Inspections, Marketing Practices), Department of Agriculture

SUBPART A—REGULATIONS UNDER THE UNITED STATES COTTON STANDARDS ACT

PART 28—COTTON CLASSING, TESTING, AND STANDARDS

Submission of Cotton Samples

Statement of considerations leading to amendment. Section 28.25 of the regulations under the U.S. Cotton Standards Act prescribes methods and procedures for the drawing, submission and disposition of cotton samples for Form A determination. The purpose of this amendment is to clarify that portion of the regulations dealing with the submission of samples by warehouses to boards of cotton examiners. The amendment provides that cotton samples shall be mailed, shipped, or delivered direct to the board of cotton examiners no later than the close of the next business day after sampling of the lot is completed. The amendment also provides that samples shall not be consigned or routed through the owner or custodian of the cotton.

This amendment is of a minor nature and will impose no hardship or advance preparation on the part of warehouses submitting samples for Form A Classification. Accordingly, pursuant to section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and public procedure on this amendment are impracticable, unnecessary, and contrary to the public interest and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

The amendment is as follows:

1. Paragraph (g) of § 28.25 is revised to read as follows:

§ 28.25 Samples for Form A determination.

* * * * *

(g) Samples shall be addressed to the board serving the territory in which the warehouse is located and shall be mailed, shipped, or delivered direct to the board no later than the close of the next business day after sampling of the lot is completed. Samples shall in no case be consigned or routed through the owner or custodian of the cotton. Samples mailed or shipped shall be prepaid.

* * * * *

(Sec. 10, 42 Stat. 1519; 7 U.S.C. 61)

Effective date. This amendment shall become effective upon publication in the FEDERAL REGISTER.

Dated: July 5, 1966.

G. R. GRANGE,
Deputy Administrator, Marketing Services.

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

[Valencia Orange Reg. 169]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 908.469 Valencia Orange Regulation 169.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001–1011) because the time intervening between the date when information upon which this section is based became available and the time when this section

must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on July 7, 1966.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., July 10, 1966, and ending at 12:01 a.m., P.s.t., July 17, 1966, are hereby fixed as follows:

(i) District 1: 275,000 cartons;

(ii) District 2: 275,000 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: July 8, 1966.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[F.R. Doc. 66-7586; Filed, July 8, 1966; 11:34 a.m.]

[Lemon Reg. 222]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 910.522 Lemon Regulation 222.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001–1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this regulation effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on July 6, 1966.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a.m., P.s.t., July 10, 1966, and ending at 12:01 a.m., P.s.t., July 17, 1966, are hereby fixed as follows:

(i) District 1: Unlimited movement;

(ii) District 2: 325,500 cartons;

(iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: July 7, 1966.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[F.R. Doc. 66-7574, Filed, July 8, 1966; 8:49 a.m.]

PART 916—NECTARINES GROWN IN CALIFORNIA

Expenses and Rate of Assessment and Carryover of Unexpended Funds

Pursuant to the marketing agreement, as amended, and Order No. 916, as amended (7 CFR Part 916; 31 F.R. 8176), regulating the handling of nectarines grown in California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), upon the basis of the proposals submitted by the Nectarine Administrative Committee (established pursuant to the said marketing agreement and order), it is hereby found and determined that the expenses that are reasonable and likely to be incurred by said committee during the period March 1, 1966, through February 28, 1967, will amount to $211,286.

It is, therefore ordered, That paragraph (a) of § 916.205 *Expenses and rate of assessment* (31 F.R. 8177) is hereby amended by deleting therefrom the amount $183,581 and substituting in lieu thereof the amount $211,286. As amended paragraph (a) of § 916.205 reads as follows:

§ 916.205 Expenses and rate of assessment.

(a) *Expenses.* Expenses that are reasonable and likely to be incurred by the Nectarine Administrative Committee during the period March 1, 1966, through February 28, 1967, will amount to $211,286.

* * * * *

It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendatory order until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 1001–1011) in that: (1) The increase in the budget set forth does not involve an increase in the rate of assessment heretofore established by the Secretary (31 F.R. 8177); (2) the said committee in the performance of its duties and functions has incurred obligations which exceed the expenses previously thought likely to be incurred; and (3) it is, therefore, essential that this amendatory action be issued immediately so that said committee can meet its obligations.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: July 6, 1966.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable Division, Consumer and Marketing Service.

[F.R. Doc. 66-7483; Filed, July 8, 1966; 8:46 a.m.]

[Apricot Reg. 5; Amdt. 1]

PART 922—APRICOTS GROWN IN DESIGNATED COUNTIES IN WASHINGTON

Limitation of Shipments

Findings. (1) Pursuant to the marketing agreement, as amended, and

Order No. 922, as amended (7 CFR Part 922), regulating the handling of apricots grown in designated counties in Washington, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations of the Washington Apricot Marketing Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of apricots, in the manner herein provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 1001–1011) in that, as hereinafter set forth, the time intervening between the date when information upon which this regulation is based became available and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient; and this amendment relieves restrictions on the handling of apricots.

Order. It is, therefore, ordered that the provisions of paragraph (b) (1) (ii) of § 922.305 (Apricot Regulation 5; 31 F.R. 7673) are hereby amended to read as follows:

§ 922.305 Apricot regulation 5.

* * * * *

(b) * * *

(i) * * *

(ii) Such apricots measure not less than 1½ inches in diameter: *Provided,* That apricots of the Blenheim, Blenril, and Tilton varieties, when packed in unlidded containers, may measure not less than 1¼ inches in diameter: *And provided further,* That not more than 10 percent, by count, of such apricots may fail to meet the applicable minimum diameter requirement.

* * * * *

(c) The provisions of this amendment shall become effective July 5, 1966.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: July 5, 1966.

FLOYD F. HEDLUND,
Director, Fruit and Vegetable Division, Consumer and Marketing Service.

Chapter XIV—Commodity Credit Corporation, Department of Agriculture

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

[C.C.C. Grain Price Support Regs., 1966 and Subsequent Crops Wheat Supplement]

PART 1421—GRAINS AND SIMILARLY HANDLED COMMODITIES

Subpart—1966 and Subsequent Crops Wheat Loan and Purchase Program

The General Regulations Governing Price Support for the 1964 and Subsequent Crops (Revision 1) (31 F.R. 5941) issued by the Commodity Credit Corporation, which contain regulations of a general nature with respect to price support loan and purchase operations, are supplemented for the 1966 and subsequent crops of wheat as follows:

Sec.
1421.2161 Purpose.
1421.2162 Availability.
1421.2163 Eligible wheat.
1421.2164 Determination of quality.
1421.2165 Protein determinations.
1421.2166 Determination of quantity.
1421.2167 Warehouse receipts.
1421.2168 Fees and charges.
1421.2169 Warehouse charges.
1421.2170 Maturity of loans.
1421.2171 Settlement.
1421.2172 Support rates.

AUTHORITY: The provisions of this subpart issued under sec. 4, 62 Stat. 1070, as amended; 15 U.S.C. 714b. Interpret or apply sec. 5, 62 Stat. 1072, secs. 107, 401, 63 Stat. 1051, 1054; 15 U.S.C. 714c, 7 U.S.C. 1441, 1421.

§ 1421.2161 Purpose.

This supplement contains program provisions which, together with the General Regulations Governing Price Support for the 1964 and Subsequent Crops (Revision 1) and any amendments thereto or revisions thereof (such regulations are referred to in this subpart as "General Regulations"), and the annual crop year supplement apply to loans and purchases for 1966 and subsequent crops of wheat.

§ 1421.2162 Availability.

Producers desiring price support must request a loan or notify the ASCS county office of intentions to sell to CCC no later than the dates set forth in the annual crop year supplement to these regulations.

§ 1421.2163 Eligible wheat.

(a) *General.* To be eligible for a loan or for purchase, the wheat (1) may be of any class, (2) must be merchantable for food, feed, or other uses as determined by CCC, (3) must not contain mercurial compounds or other substances poisonous to man or animals, (4) must not contain one or more rodent pellets, or comparable amounts of other filth, per pint of wheat (liquid measure), or 1 percent or more by weight of kernels visibly damaged by weevils or other insects, and (5) must have been produced in the commercial wheat producing area.

(b) *Warehouse-stored grade loan requirements.* To be eligible for a warehouse storage loan, the wheat must also meet the following requirements:

(1) The wheat must grade No. 5 or better except that it may grade Sample on the factors of (i) test weight, (ii) damaged kernels (total) with not more than 3 percent heat damage, (iii) foreign material, (iv) total defects with not more than 3 percent heat damage, or (v) any combination of subdivisions (i) through (iv) of this subparagraph.

(2) If of the class Mixed wheat, the wheat must consist of mixtures of grades of eligible wheat as specified in subparagraph (1) of this paragraph, provided such mixtures are the natural products of the field.

(3) The wheat may have the special grade designations "Garlicky" or "Smutty", or both.

(4) The wheat must not grade Ergoty or Treated.

(5) Wheat which grades "Weevily" is not eligible unless the warehouse receipt issued for such wheat is accompanied by a supplemental certificate which provides for the delivery by the warehouseman of wheat which does not grade "Weevily" and which is otherwise of an eligible grade and quality. When the warehouse receipt shows "Weevily," the grade, grading factors, and the quantity shown on the supplemental certificate must be as specified in § 1421.2167(c).

(6) Wheat which contains in excess of 13.5 percent moisture is not eligible unless the warehouse receipt issued for such wheat is accompanied by a supplemental certificate which provides for the delivery by the warehouseman of wheat containing not over 13.5 percent moisture which is otherwise of an eligible grade and quality. The grade, grading factors and the quantity shown on the supplemental certificate must be as specified in § 1421.2167(c).

§ 1421.2164 Determination of quality.

(a) *Regular grading factors.* (See § 1421.2165 for protein determinations.)

(1) *Wheat stored in or delivered to approved warehouses.* The class, grade and quality of wheat placed under a warehouse-storage loan, or stored in an approved warehouse prior to purchase by CCC, or delivered to an approved warehouse in satisfaction of a farm-storage loan or for purchase by CCC shall be determined by a licensed inspector or any grading laboratory qualified to issue official grade certificates based upon a sample which the producer and warehouseman agree to be representative.

(2) *Wheat delivered to other than approved warehouses.* The class, grade and quality of wheat under farm-storage loan or tendered for purchase by CCC, which is delivered to other than approved warehouse storage, shall be based on the Official Grain Standards of the United States for Wheat whether or not such determinations are made on the basis of an official inspection.

(b) *Costs of quality determinations.*—(1) *Warehouse-storage loans and wheat stored in approved warehouses prior to purchase by CCC.* Producers who obtain warehouse-storage loans on their wheat or have wheat in approved warehouse storage prior to purchase by CCC will be credited with $2 for each official inspection certificate representing the wheat under loan or purchased by CCC.

(2) *Wheat delivered to approved warehouses.* The cost of official inspection certificates on wheat delivered to an approved warehouse for purchase by CCC or in satisfaction of a loan shall be for the account of CCC.

(3) *Wheat delivered to other than an approved warehouse.* ASCS State or county offices will provide the grade and quality determinations on wheat delivered to other than an approved warehouse for purchase by CCC or in satisfaction of a loan at no cost to the producer.

§ 1421.2165 Protein determinations.

The provisions of this section shall apply to protein determinations on wheat (except for undesirable varieties) of the classes Hard Red Winter, Hard Red Spring, and Hard White of the varieties Baart, Bluestem and Burt.

(a) *Wheat stored in or delivered to approved warehouses.* In order to receive the protein premiums set forth in the annual crop year supplement on wheat stored in an approved warehouse as security for a loan or for later purchase by CCC, or on wheat delivered to an approved warehouse for purchase by CCC or in satisfaction of a farm-storage loan, the producer must obtain protein content certificates for the wheat in accordance with provisions of the Uniform Grain Storage Agreement. If protein certificates are not issued as provided herein, the producer may obtain a loan or sell the wheat to CCC but he shall not receive a premium for protein content.

(b) *Farm-storage loans.* If a producer at time of request for a farm-storage loan also requests that the premium for protein content be applied to the basic support rate, the county office will draw a representative sample of, and arrange for protein tests on, the wheat to be placed under loan. The premium applicable to the values determined by such test shall be applied to the basic support rate at the time the loan is made, but settlement shall be based on the protein content determined upon delivery of the wheat to CCC.

(c) *Delivery to other than approved warehouses.* In order to be eligible to receive a protein premium on wheat under farm storage loan, or on wheat to be offered for purchase by CCC, which is delivered to other than an approved warehouse, a producer must have official protein tests made on the wheat. If requested by the producer, the ASCS county office will arrange for such protein tests.

(d) *Cost of protein tests.* CCC will not assume the cost of protein tests on wheat stored in approved warehouses as security for a warehouse-storage loan or for later purchase by CCC. CCC will assume the cost of protein tests on farm-stored wheat delivered to CCC for purchase or in satisfaction of a loan. The producer who requests the protein premium on his farm storage wheat to be placed under loan shall be charged a fee of $3.50 for each bin of wheat tested for protein content.

§ 1421.2166 Determination of quantity.

When the quantity is determined by weight, a bushel shall be 60 pounds of wheat free of dockage.

(a) *In warehouse.* The quantity of wheat in an approved warehouse on which a warehouse-storage loan may be made and the quantity delivered to or acquired by CCC in an approved warehouse shall be the net weight specified on the warehouse receipt, or on the supplemental certificate, if applicable. If the wheat has been dried or blended to reduce the moisture content, the quantity specified on the warehouse receipt or supplemental certificate, if applicable, shall be the quantity after drying or blending, and such quantity shall reflect a minimum shrink in the receiving weight of 1.2 times the percentage difference between the moisture content of the wheat when received and 13.5 percent.

(b) *On farm.* The quantity of wheat eligible to be placed under a farm storage loan shall be determined in accordance with § 1421.67. The quantity acquired by CCC from farm storage shall be determined by weight.

§ 1421.2167 Warehouse receipts.

Warehouse receipts tendered to CCC in connection with a loan or purchase must be accompanied by official inspection certificates or copies thereof and must meet the following requirements of this section.

(a) *Separate receipt.* A separate warehouse receipt must be submitted for each grade and quality of wheat.

(b) *Entries (all wheat).* Each warehouse receipt, or the warehouseman's supplemental certificate (in duplicate) properly identified with the warehouse receipt, must show: (1) Gross weight and net bushels, (2) class and subclass, (3) grade (including special grades), (4) test weight, (5) moisture content if over 13.5 percent, (6) dockage, (7) any other grading factor(s) when such factor(s) and not test weight determine the grade, (8) whether the wheat arrived by rail, truck, or barge, and (9) the date the wheat was received or deposited in the warehouse.

(c) *Where warehouse receipt shows "Weevily" and/or moisture over 13.5 percent.* If a warehouse receipt tendered as security for a loan shows that the wheat grades "Weevily" or contains over 13.5 percent moisture, or both, the warehouse receipt must be accompanied by a supplemental certificate as provided in § 1421.2163(b) (5) and (6) in order for the wheat to be eligible for price support. The grade, grading factors, and the quantity to be delivered must be shown on the supplemental certificate as follows:

(1) When the warehouse receipts shows "Weevily" and the wheat has been conditioned to correct the "Weevily" condition, the supplemental certificate must show the same grade without the "Weevily" designation and the same grading factors and quantity as shown on the warehouse receipt.

(2) When the warehouse receipt shows a moisture content of over 13.5 percent and the wheat has been dried or blended, the supplemental certificate must show the grade, grading factors, and quantity after drying or blending the wheat to a moisture content of not over 13.5 percent which shall reflect a drying or blending shrink as specified in § 1421.2166(a).

(3) The supplemental certificate must state that no lien for processing will be claimed by the warehouseman from Commodity Credit Corporation or any subsequent holder of the warehouse receipt.

(4) In the case of conditions specified in subparagraphs (1) and (2) of this paragraph, the grade, grading factors, and the quantity shown on the supplemental certificate shall supersede the entries for such items on the warehouse receipt.

(d) *Protein entries and certificates for hard wheat.* In the case of the classes of hard wheat specified in § 1421.2165 for which official protein certificates have been obtained, entries for protein content must be shown on the warehouse receipt or supplemental certificate or both. Warehouse receipts must be accompanied by official protein certificates or copies thereof if such certificates have been issued.

(e) *Liens.* The warehouse receipts may be subject to liens for warehouse charges only to the extent indicated in § 1421.2169.

(f) *Freight bill requirements.* Warehouse receipts representing wheat which has been shipped by rail or water from a country shipping point to a designated terminal point, or shipped by rail or water from a country shipping point to a storage point and stored intransit to a designated terminal point, must be accompanied by registered freight bills or by a certificate containing similar information. These registered freight bills or certificates must be representative as to origin and date of movement of the wheat and must reflect the total freight rate from origin to the designated terminal point including penalty for out-of-line haul, if any. The form of the certificate will be prescribed by the ASCS commodity office and shall be signed by the warehouseman and may be made a part of the supplemental certificate.

§ 1421.2168 Fees and charges.

The producer shall pay a loan service fee and delivery charge as specified in § 1421.60(b).

§ 1421.2169 Warehouse charges.

(a) *Handling and storage liens.* Warehouse receipts and the wheat represented thereby stored in approved warehouses operating under the Uniform Grain Storage Agreement may be subject to liens for warehouse handling and storage charges at not to exceed the Uniform Grain Storage Agreement rates from the date the wheat is deposited in the warehouse for storage. Warehouse receipts and the wheat represented thereby stored in approved warehouses operated by Eastern common carriers may be subject to liens for warehouse elevation (receiving and delivering) and storage charges from the date of deposit at rates approved by the Interstate Commerce Commission. In no event shall a warehouseman be entitled to satisfy the lien by sale of the wheat when CCC is holder of the warehouse receipt.

(b) *Deduction of storage charges—UGSA warehouses.* The table set forth in the annual crop year supplement will provide the deduction for storage charges to be made from the amount of the loan or purchase price in the case of wheat stored in an approved warehouse oper-

ated under the Uniform Grain Storage Agreement. Such deduction shall be based on entries shown on the warehouse receipts. If written evidence is submitted with the warehouse receipt that all the warehouse charges except receiving and loading out charges have been prepaid through the applicable loan maturity date, no storage deductions shall be made. If such written evidence is not submitted, the beginning date to be used for computing the storage deduction on wheat stored in warehouses operating under the Uniform Grain Storage Agreement shall be the latest of the following: (1) The date the wheat was received or deposited in the warehouse, (2) the date storage charges start, or (3) the day following the date through which storage charges have been paid.

(c) *Deduction of storage charges—Eastern common carriers.* In the case of wheat stored in an approved warehouse operated by an Eastern common carrier, there shall be deducted in computing the loan or purchase price the amount of the approved tariff rate for storage (not including elevation) which will accumulate from the date of deposit through the applicable maturity date unless written evidence is submitted with the warehouse receipt that such charges have been prepaid. The State office shall advise county offices of the applicable charges. Where the producer presents evidence showing the elevation charges have been prepaid, the amount of the storage charges to be deducted shall be reduced by the amount of the elevation charges prepaid by the producer.

§ 1421.2170 Maturity of loans.

Loans mature on demand but not later than the date specified in the annual crop year supplement to the regulations in this subpart.

§ 1421.2171 Settlement.

Notwithstanding the provisions of § 1421.72(c), if the wheat delivered is of a quality which does not meet the sanitation requirements of § 1421.2163(a)(4), the wheat shall be sold for uses other than for human consumption. The settlement value shall be the same as the sales price, except that if CCC is unable to sell the wheat for the use specified above, the settlement value shall be the market value determined by CCC, as of the date of delivery.

§ 1421.2172 Support rates.

Basic terminal and county support rates for wheat and the schedule of premiums and discounts shall be set forth in the annual crop year supplement to the regulations contained in this subpart. Farm stored wheat loans will be made at the applicable basic county support rate adjusted, where applicable, for the undesirable variety discount, the Weed Control discount and as provided in § 1421.2165. The support rate for warehouse-storage loans and for wheat acquired under a loan or by purchase shall be the applicable basic support rate adjusted in accordance with the provisions of this section, and the premiums and discounts in the annual crop year supplement. Settlement of loans and purchases shall be made in accordance with the provisions of §§ 1421.72, 1421.2165 (b) and (d), and 1421.2171.

(a) *Support rates at designated terminal markets.* (1) The basic support rates established for designated terminal markets apply to wheat which has been shipped on a domestic interstate freight rate basis. The basic support rate at the designated terminal market for any wheat shipped at other than the domestic interstate freight rate shall be reduced by the amount by which the freight paid is less than the domestic interstate freight rate.

(2) The basic support rates established for designated terminal markets also apply to wheat which has been shipped by rail or water from a country shipping point to one of the designated terminal markets, as evidenced by paid freight bills duly registered for transit privileges. If the amount of paid-in freight is insufficient to guarantee the minimum proportional domestic interstate freight rate, if any, from the terminal market to a recognized market determined by the ASCS commodity office, there shall be deducted from the applicable basic terminal support rate the amount by which the amount of freight actually paid in is less than the amount required to be paid in to guarantee outbound movement at the minimum proportional domestic interstate freight rate. If the wheat is stored at any designated terminal market and neither registered freight bills nor registered freight certificates are presented, the basic support rate shall be reduced by the actual amount of paid-in freight required to guarantee the proportional outbound rate from the terminal market to a recognized market determined by the ASCS commodity office.

(3) The support rate for wheat received by truck and stored at any designated terminal market shall be determined by deducting from the applicable basic support rate 3.25 cents per bushel plus the actual amount of paid-in freight required to guarantee the proportional outbound rate from the terminal market to a recognized market determined by the ASCS commodity office.

(4) Notwithstanding the foregoing provisions of this paragraph in determining the support rate for wheat shipped by rail or water and stored at any of the following terminal markets there shall be deducted from the applicable basic support rate, the transportation cost, if any may be incurred, as determined by the ASCS commodity office, for moving the wheat to a tidewater facility located within the switching limits of the terminal market to which it was delivered:

Long Beach, Los Angeles, Oakland, San Francisco, Stockton, and Wilmington, Calif.
Baton Rouge and New Orleans, La.
Baltimore, Md.
Duluth, Minn.
Astoria and Portland, Oreg.
Albany and New York, N.Y.
Philadelphia, Pa.
Beaumont, Galveston, Houston, Corpus Christi, and Port Arthur, Tex.
Norfolk, Va.
Kalama, Longview, Seattle, Tacoma, and Vancouver, Wash.
Superior, Wis.

(5) Notwithstanding the foregoing provisions of this paragraph, in determining the support rate for wheat received by truck and stored at any of the terminal markets listed in subparagraph (4) of this paragraph, there shall be deducted from the applicable basic support rate an amount of 3.25 cents per bushel, plus the transportation cost, if any, as determined by the ASCS commodity office, for moving the wheat to a tidewater facility located within the switching limits of the terminal market to which it was delivered.

(b) *Support rates for wheat in approved warehouse storage at other than designated terminal markets.* Except for the States designated in paragraph (c) of this section, in determining the support rate for wheat which is shipped by rail or water and which is stored in approved warehouses (other than those situated in the designated terminal markets) there shall be deducted from the basic support rate for the appropriate designated terminal market, as determined by CCC, an amount equal to the transit balance, if any, of the through-freight rate from the point of origin for such wheat to such terminal market: *Provided*, That on any wheat shipped at other than the domestic interstate freight rate, the basic support rate shall be further reduced by the amount by which the freight rate paid is less than the domestic interstate freight rate from the point of origin of such wheat to the point of destination or appropriate terminal market: *And provided further*, That in the case of wheat stored at any railroad transit point, taking a penalty by reason of out-of-line movement to the appropriate designated market, or for any other reason, there shall be added to such transit balance an amount equal to any out-of-line costs or other costs incurred in storing wheat in such position.

(c) *Support rates in approved warehouse storage determined by the ASCS commodity office.* In the States of Delaware, Kentucky, Maryland, New Jersey, North Carolina, Tennessee, Virginia, and West Virginia, the ASCS commodity office shall, upon request of the county committee, determine the support rate for wheat stored in approved warehouses (except those situated at designated terminal markets) which was shipped by rail in the movement of natural market direction as approved by CCC, by adding to the basic county support rate for the county from which the wheat was shipped an amount per bushel equal to the receiving and loading-out charges computed in accordance with the applicable rates of the Uniform Grain Storage Agreement in effect at the time the loan is made and an amount equal to the transit value of the freight paid from the points of origin to markets designated by CCC. The warehouse receipts must be accompanied by the original paid freight bills or certificate signed by the warehousemen as set forth in § 1421.2167(f). If the wheat is stored in

approved warehouses located at transit points, taking a penalty by reason of backhaul, or out-of-line of normal market movements, such penalty or other costs by reason of such movement as determined by CCC shall be deducted from the support rates as determined in this paragraph.

(d) *Support rates for wheat in approved county warehouse and farm storage.*

(1) The applicable basic support rate for farm-storage loans and wheat stored in approved county warehouse storage, except as otherwise provided in paragraphs (b) and (c) of this section and subparagraph 2 of this paragraph, shall be the basic county support rate established for the county in which the wheat is stored.

(2) If two or more approved warehouses are located in the same or adjoining towns, villages, or cities having the same domestic interstate freight rate, such towns, villages, or cities shall be deemed to constitute one shipping point and the same basic county support rate shall apply even though such warehouses are not all located in the same county. Such support rate shall be the highest support rate of the counties involved.

Effective date. Upon publication in the FEDERAL REGISTER.

Signed at Washington, D.C., on July 6, 1966.

H. D. GODFREY,
Executive Vice President,
Commodity Credit Corporation.

Title 36—PARKS, FORESTS, AND MEMORIALS

Chapter II—Forest Service, Department of Agriculture

[Reg. S-8]

PART 221—TIMBER

Advertisements and Bids

In Part 221 of Title 36, Code of Federal Regulations, paragraph (a) of § 221.8 is amended to read as follows:

§ 221.8 Advertisements and bids.

(a) Except as otherwise provided in this Part 221, each sale in which the appraised value of the timber or other forest products exceeds $2,000 will be made only after advertisement for a period of 30 days or, if in the opinion of the officer authorizing the sale, the quantity, value or other conditions justify, a longer period; and any sale of smaller appraised value will be advertised or informal bids solicited from possible purchasers if, in the judgment of the officer authorizing the sale, such action is deemed advisable.

(30 Stat. 35, as amended, 16 U.S.C. 476, 551)

Done at Washington, D.C., this 5th day of July 1966.

JOHN A. BAKER,
Assistant Secretary.

Title 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

PART 121—FOOD ADDITIVES

Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

EMULSIFIERS AND/OR SURFACE-ACTIVE AGENTS

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 6B1866) filed by Tenneco Plastics Division, Tenneco Manufacturing Co., a division of Tenneco Chemicals, Inc., Post Office Box 129, Flemington, N.J. 08822, and other relevant material, has concluded that the food additive regulations should be amended to provide for the safe use of the ammonium salt of epoxidized oleic acid as a polymerization emulsifier for polyvinyl chloride and/or vinyl chloride-vinyl acetate copolymers used in food-contact articles. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.120; 31 F.R. 3008), § 121.2541 is amended by revising the list in paragraph (c) into 2-column form and by inserting alphabetically therein a new item "Ammonium salt * * *." As amended, § 121.2541(c) reads as follows:

§ 121.2541 Emulsifiers and/or surface-active agents.

* * * * *

(c) List of substances:

	Limitations
Ammonium salt of epoxidized oleic acid, produced from epoxidized oleic acid (predominantly dihydroxystearic and acetoxyhydroxystearic acids) meeting the following specifications: Acid number 160–180, saponification number 210–235, iodine number 2–15, and epoxy groups 0–0.4 percent.	For use only: 1. As a polymerization emulsifier at levels not to exceed 1.5 percent by weight of polyvinyl chloride used as a component of nonfood articles complying with §§ 121.2514, 121.2520, 121.2526, 121.2550, and 121.2571. 2. As a polymerization emulsifier at levels not to exceed 1.5 percent by weight of vinyl chloride-vinyl acetate copolymers used as components of nonfood articles complying with §§ 121.2514, 121.2520, 121.2526, 121.2550, and 121.2571.
p-tert-Octylphenoxypolyethoxyethanol (40 moles) with a hydroxyl number not to exceed 37; if a blend of products is used, hydroxyl number not to exceed 37 for any product that is a component of the blend.	
Polysorbate 20 (polyoxyethylene (20) sorbitan monolaurate) meeting the following specifications: Saponification number 40–50, acid number 0–2, hydroxyl number 60–108, oxyethylene content 70–74 percent.	
Polysorbate 60 (polyoxyethylene (20) sorbitan monostearate) conforming to the identity prescribed in § 121.1030.	
Polysorbate 65 (polyoxyethylene (20) sorbitan tristearate) conforming to the identity prescribed in § 121.1008.	
Polysorbate 80 conforming to the identity prescribed in § 121.1009.	
Sodium *n*-alkylbenzenesulfonate (alkyl group predominantly C_{12} and C_{13} and not less than 95 percent C_{10} to C_{14}).	For use only as a component of nonfood articles complying with §§ 121.2507, 121.2514, 121.2524, 121.2526, 121.2534, 121.2535, 121.2559, 121.2562, 121.2569, 121.2571, and 121.2591.
*	
Sodium dioctyl sulfosuccinate	
Sodium lauryl sulfate	
Sodium monododecylphenoxybenzenedisulfonate and sodium didodecylphenoxybenzenedisulfonate mixtures that contain not less than 70 percent of the monoalkylated product.	
Sorbitan monostearate conforming to the identity prescribed in § 121.1029.	
Tetrasodium *N*-(1,2-dicarboxyethyl)-*N*-octadecylsulfosuccinamate.	For use only as a polymerization emulsifier for resins applied to tea-bag material.

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

Effective date. This order shall become effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348 (c)(1))

Dated: June 30, 1966.

J. K. KIRK,
Assistant Commissioner for Operations.

[F.R. Doc. 66-7465; Filed, July 8, 1966; 8:45 a.m.]

Title 31—MONEY AND FINANCE: TREASURY

Chapter II—Fiscal Service, Department of the Treasury

SUBCHAPTER A—BUREAU OF ACCOUNTS

PART 250—PAYMENT ON ACCOUNT OF AWARDS OF THE FOREIGN CLAIMS SETTLEMENT COMMISSION OF THE UNITED STATES

The Treasury Department finds that it is necessary to revise its regulations which govern payment on awards made by the Foreign Claims Settlement Commission because of amendments to the original International Claims Settlement Act of 1949, and because certain requirements of the existing regulations have proven to be unnecessary and impractical to administer. The Department also finds, in accordance with 5 U.S.C. 1003 (a), that notice and public procedure thereon are impractical and unnecessary and are not required, since the revision sets forth interpretative rules and rules of agency procedure.

Accordingly, Part 250, Subchapter A, Chapter II, Title 31 of the Code of Federal Regulations of the United States (also appearing as Treasury Department Circular No. 881, 16 F.R. 457) is hereby revised to read as follows:

Sec.
250.1 Authority for regulations.
250.2 Forms.
250.3 Voucher applications.
250.4 Persons entitled to payment.
250.5 Manner of payment.
250.6 Powers of attorney.
250.7 Additional evidence.

AUTHORITY: The provisions of this Part 250 issued under R.S. 161, as amended; sec. 7(a), 64 Stat. 16; sec. 310(b), 69 Stat. 573; sec. 413 (b), 72 Stat. 530; 5 U.S.C. 22, 22 U.S.C. 1626 (a), 1641i(b), 1642l(b), unless otherwise noted.

§ 250.1 Authority for regulations.

The following regulations governing payment on account of awards of the Foreign Claims Settlement Commission of the United States are issued under authority contained in section 161 of the Revised Statutes, as amended (5 U.S.C. 22) and sections 7(a), 310(b), and 413(b) of the International Claims Settlement Act of 1949, as amended (22 U.S.C. 1626 (a), 1641i(b), and 1642l(b)).

§ 250.2 Forms.

The forms referred to in §§ 250.3 and 250.4 shall be used in connection with the payment of awards hereunder. Voucher applications for all payments will be mailed to awardees by the Investments Branch, Bureau of Accounts, Treasury Department, Washington, D.C. 20226, without request therefor by awardees.

§ 250.3 Voucher applications.

(a) *Execution of voucher by person named.* No payment of any part of the amount due on account of an award will be made unless a voucher application therefor properly executed (preferably in ink or indelible pencil) is received by the Treasury Department. A voucher application for each payment on account of an award must be signed by each person whose name appears on such voucher application as payee exactly as his name appears thereon, with the following two exceptions: (1) If only the name of the payee, and not his identity, has changed, the payee shall sign the voucher application with his changed name and return it to the Investments Branch, Bureau of Accounts, Treasury Department, Washington, D.C. 20226; the voucher application shall be accompanied by an explanatory affidavit and appropriate supporting documents, e.g., a copy of a marriage certificate or court order of change of name. (2) If the identity of the payee has changed, subsection (b) hereof shall apply. A signature by mark (X) must be witnessed by two persons; the signature and address of each must appear on the voucher application. In the case of a corporation the voucher application must be signed by an appropriate officer thereof having authority to do so, whose authority to sign on behalf of the corporation must be duly certified to thereon over the seal of the corporation.

(b) *Execution of voucher by other person.* If the person named in the voucher application as payee is no longer the proper person to receive the payment by reason of assignment, incompetency or death, or of termination of a partnership or corporation named, the voucher shall be executed by the person entitled to payment as provided in § 250.4 and returned to the Investments Branch with the relevant information and the appropriate supporting documents required by that section.

§ 250.4 Persons entitled to payment.

Payment will be made only to the person or persons on behalf of whom the award is made, except in the following circumstances:

(a) If such person is under a legal disability, payment will be made to his legal representative.

(b) If such person to whom any payment is to be made pursuant to titles I and III of the International Claims Settlement Act of 1949, as amended, is deceased, payment will be made to the legal representative of his estate. However, if the total award is not over $500 and no legal representative of his estate has been appointed, payment may be made to the person or persons found by the Comptroller General of the United States to be entitled thereto upon execution and submission of Standard Form No. 1055 to the Investments Branch, Bureau of Accounts, Treasury Department, Washington, D.C. 20226.

(c) If such person to whom any payment is to be made pursuant to title IV of the International Claims Settlement Act of 1949, as amended, is deceased, payment will be made to the legal representative of his estate. However, if any payment is not over $1,000 and there is no qualified executor or administrator, payment may be made to the person or persons found by the Comptroller General of the United States to be entitled thereto upon execution and submission of Standard Form No. 1055 to the Investments Branch.

(d) In the case of the death of an awardholder after certification of his award to the Secretary of the Treasury, or of an award to the estate of a decedent, the term legal representative shall include, but not be limited to, (1) court-appointed or statutory administrators or executors, and (2) the successors in interest of the awardholder, e.g., his legatees, distributees or heirs, as determined by an appropriate court or by the governing local law. If the legal representative is court-appointed, he must submit a certificate of the clerk of the appointing court dated within six months of the date of the execution of the voucher application that such appointment is still in full force and effect. In the case of a legal representative other than a court-appointed legal representative, the supporting documents shall include a copy of the order of distribution, or any other pertinent orders in administration proceedings, or a statement of the pertinent provision of the governing local law, sufficient to prove the authority and interest of the person or persons executing the corrected voucher. Such documents shall be accompanied by an appropriate affidavit verifying that the person executing the affidavit is the person who signed the voucher and is entitled to receive the payment described in the voucher.

(e) In the case of a partnership or corporation, the existence of which has been terminated, if a receiver or trustee has been duly appointed by a court of competent jurisdiction in the United States and has not been discharged prior to the date of payment, payment will be

made to such receiver or trustee in accordance with the order of the court. In the event a receiver or trustee duly appointed by a court of competent jurisdiction in the United States makes an assignment of the claim or any part thereof with respect to which an award is made, or makes an assignment of such award or any part thereof, payment will be made to the assignee as his interest may appear. In the latter circumstance, certified copies of the court orders showing the authority of the receiver or trustee to make the assignment shall be submitted with the assignment. No particular form of assignment is prescribed, but the original assignment must be submitted to, and will be retained by the Treasury Department.

(f) In the case of a partnership or corporation, the existence of which has been terminated, if no receiver or trustee has been duly appointed by a court of competent jurisdiction in the United States, or if such a receiver or trustee has been discharged prior to the date of payment without having made an assignment, payment may be made to the person or persons found by the Comptroller General of the United States to be entitled thereto. In this circumstance, the person or persons claiming payment shall submit to the Investments Branch, Bureau of Accounts, Treasury Department, Washington, D.C. 20226, such documentary evidence as is appropriate to show his or their right to the payment.

(g) In the case of an assignment of an award or any part thereof which is made in writing and duly acknowledged and filed after such award is certified to the Secretary of the Treasury, payment may in the discretion of the Secretary of the Treasury be made to the assignee as his interest may appear. No particular form of assignment is prescribed, but the original assignment must be submitted to, and will be retained by the Treasury Department.

§ 250.5 Manner of payment.

Payment will be made by check drawn on the Treasurer of the United States. Checks will be mailed to the payee at the address indicated on the voucher application, unless subsequent to the issue of the voucher application the Treasury Department receives a written request from the payee to deliver the check to him at some other address. Where the award has been entered in favor of more than one person, only one check will be drawn in making payment unless the payees specify the share of each and request separate checks.

§ 250.6 Powers of attorney.

No power of attorney to sign a voucher application will be recognized but a power of attorney executed subsequent to the certification of an award to the Secretary of the Treasury to receive, endorse and collect a check given in payment on an award may be recognized. An appropriate form for such a power of attorney may be obtained from the Office of the Treasurer of the United States, Treasury Department, Washington, D.C. 20220.

§ 250.7 Additional evidence.

The Secretary of the Treasury or the Comptroller General of the United States may in any case require such additional information and evidence as may be deemed necessary.

Dated: July 7, 1966.

[SEAL] JOHN K. CARLOCK,
Fiscal Assistant Secretary.

[F.R. Doc. 66-7557; Filed, July 7, 1966; 3:02 p.m.]

Proposed Rule Making

DEPARTMENT OF AGRICULTURE

Agricultural Stabilization and Conservation Service

[7 CFR Part 730]

RICE

Notice of Proposed Amendments to Regulations for Determination of Acreage Allotments for 1964 and Subsequent Crops

Notice is hereby given that pursuant to the authority contained in the applicable provisions of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1301, 1353, 1375), the Department proposes to amend the regulations for determination of acreage allotments for 1964 and subsequent crops of rice.

The purpose of these amendments is to (1) remove the definition of developed rice land from § 730.1511 and (2) remove the reference to developed rice from the various sections of the regulations. Adjustments in allotments were previously related to the ratio of base acreages and allotments to developed rice land on farms. Rice acreage allotments have now been in effect since 1955 and the relationship of such allotments between farms is currently well stabilized. Therefore, the maintenance of a record of the developed rice land on the farm is no longer considered practical. However, a cropland figure will be maintained as is currently being done on all farms.

Proposed amendment numbered 6 is to paragraph (e) of § 730.1527. As originally published in the FEDERAL REGISTER (28 F.R. 13260), this paragraph was erroneously designated "(c)"; in the Code of Federal Regulations, Title 7, Parts 400 to 899 (revised as of Jan. 1, 1965), the paragraph was correctly designated as "(e)", 7 CFR § 730.1527(e).

Prior to the issuance of these amendments, any data, views, or recommendations pertaining thereto which are submitted in writing to the Director, Farmer Programs Division, Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C. 20250, will be given consideration provided such submissions are postmarked not later than 30 days after the date of publication of this notice in the FEDERAL REGISTER.

All written submissions made pursuant to this notice will be made available for public inspection at such times and places and in a manner convenient to the public business (7 CFR 1.27(b)).

It is proposed that:

1. Section 730.1511 be amended by deleting paragraph (b).

2. Paragraph (f) of § 730.1516 be amended by changing subdivision (i) of subparagraph (2) thereof to read:

(i) The acreage of cropland on the farm available for the production of rice.

3. Paragraph (g) of § 730.1516 be amended by deleting the phrase "developed rice land" from the second sentence of subdivision (ii) of subparagraph (2) thereof.

(4) Paragraph (a) of § 730.1521 be amended by deleting the phrase "the developed rice land acres" from the second sentence thereof.

5. Section 730.1526 be amended by changing the first sentence thereof to read: "In a farm State, each producer, to the extent that such information is found necessary and is not already available to the county committee, shall furnish the county committee of the county in which such farm is located information requested by the county committee relative to changes in operations or control of the farm, size of the farm, or changes in the acreage of cropland on the farm."

6. Paragraph (e) of § 730.1527 be amended by changing subsection (i) of subparagraph (2) thereof to read:

(i) The acreage of cropland on the farm available for the production of rice.

Signed at Washington, D.C., on July 6, 1966.

H. D. GODFREY,
Administrator, Agricultural Stabilization and Conservation Service.

[F.R. Doc. 66-7503; Filed, July 8, 1966; 8:48 a.m.]

Consumer and Marketing Service

[7 CFR Part 1031]

[Docket No. AO 170-A21]

MILK IN NORTHWESTERN INDIANA MARKETING AREA

Notice of Hearing on Proposed Amendments to Tentative Marketing Agreement and Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the Pick Oliver Hotel, 105 North Main Street, South Bend, Ind., beginning at 10 a.m., local time, on July 14, 1966, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the Northwestern Indiana marketing area.

The public hearing is for the purpose of receiving evidence with respect to the economic and emergency marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by Pure Milk Association:

Proposal No. 1. In § 1031.10(a) change the marketing area route disposition requirement for pool distributing plants from 10 to 25 percent of total Class I disposition during the month.

Proposed by the Dairy Division, Consumer and Marketing Service:

Proposal No. 2. Make such changes as may be necessary to make the entire marketing agreement and the order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, Post Office Box 216, South Bend, Ind. 46624, or from the Hearing Clerk, Room 112-A, Administration Building, U.S. Department of Agriculture, Washington, D.C. 20250 or may be there inspected.

Signed at Washington, D.C., on July 6, 1966.

CLARENCE H. GIRARD,
Deputy Administrator, Regulatory Programs.

[F.R. Doc. 66-7504; Filed, July 8, 1966; 8:48 a.m.]

DEPARTMENT OF LABOR

Office of the Secretary

[29 CFR Part 60]

IMMIGRATION

Amendment of Schedule A (Aliens Whose Employment Will Not Have an Adverse Effect)

In order to give effect to further study and experience concerning aliens whose admission into the United States will not adversely affect the wages and working conditions of workers in the United States similarly employed, it is proposed, under the authority of section 212(a)(14) of the Immigration and Nationality Act of 1952 as amended by Public Law 89-236 (79 Stat. 911), to amend Schedule A of 29 CFR Part 60 to read as set out below. Interested persons may submit written data, views or argument relating to the proposed schedule to the Secretary of Labor, 14th Street and Constitution Avenue NW., Washington, D.C. 20210, within 10 days following publication of this notice in the FEDERAL REGISTER.

The proposed Schedule A is as follows:

Group I: Persons who received an advanced degree in a particular field of study from an institution of higher learning accredited in the country where the degree was obtained (comparable to a Ph. D. or master's degree given in American colleges or universities).

Group II: Persons who have received a degree conferred by an accredited institution of higher learning in any of the following specialties or have experience or a combination of experience and education equivalent to such a degree:

Accounting and Auditing.
Aeronautical Engineering.
Architecture.
Chemical Engineering.
Chemistry.
Civil Engineering.
Dietetics.
Electrical Engineering.
Electronic Engineering.
Industrial Engineering.
Mathematics.
Mechanical Engineering.
Metallurgy and Metallurgical Engineering.
Nuclear Engineering.
Nursing.
Pharmacy.
Physical Therapy.
Physics.

Group II Occupational Definitions: These definitions are intended as descriptive guidelines and not as mandatory qualification requirements.

ACCOUNTING AND AUDITING

The application of the principles of accounting or auditing to examine, analyze, or interpret accounting records for the purpose of giving advice or preparing statements and installing or advising on systems of recording costs or other budgetary and financial data.

AERONAUTICAL ENGINEERING

The application of the principles and theories of aeronautical engineering to solve problems and design and construct aircraft, spacecraft, and missiles, utilizing accessory techniques of mechanical, electrical, electronic, and powerplant engineering. Typical specializations are aerodynamics, design, electronics, flight-testing, structural dynamics, thermodynamics, and weapons-control research.

ARCHITECTURE

The application of the principles and theories of architecture to design and construct buildings and related structures and/or floating structures according to aesthetic and functional factors.

CHEMICAL ENGINEERING

The design of chemical-plant equipment and research to develop and improve processes for manufacturing chemicals and products, such as gasoline, synthetic rubber, plastics, detergents, cement, and paper and pulp, applying principles and technology of chemistry, physics, mechanical and electrical engineering and other related fields.

CHEMISTRY

Research in the chemical and physical properties and compositional changes of substances. Specialization generally occurs in one or more branches of chemistry, such as organic chemistry, inorganic chemistry, physical chemistry, analytical chemistry, and biochemistry.

CIVIL ENGINEERING

The application of the principles and techniques of civil engineering to perform a variety of engineering work in planning, designing, and overseeing construction and maintenance of structures and facilities, such as roads, railroads, airports, bridges, harbors, channels, dams, irrigation projects, pipelines, power plants, water and sewage systems, and waste disposal units. Typical specializations are construction; hydraulics; structures; purification plants; city planning; materials; and airport, railroad, irrigation, sewage disposal, sanitary, and highway engineering. Frequently requires knowledge of industrial trends, population growth, zoning laws, and State and local building codes and ordinances.

DIETETICS

The application of the principles of nutrition to plan menus and diets and direct the preparation and serving of meals. Includes activities involved with food service programs designed to feed individuals and groups with special nutritional requirements in schools, restaurants, and other public or private institutions. Participation in research or instruction in the field of nutrition.

ELECTRICAL ENGINEERING

The application of the laws of electrical energy and the principles of engineering for the generation, transmission, and use of electricity for domestic, commercial, industrial, and military consumption. Design and development of machinery and equipment for production and utilization of electric power. Typical specializations are power generation and distribution, atomic power generation, electrical and electronic equipment manufacturing, radio and television broadcasting, research, and telephone, telegraph, and electronic computer engineering.

ELECTRONIC ENGINEERING

Research and development concerned with design and manufacture of a variety of electronic apparatus and devices and their application to commercial, military, scientific and medical equipment, processes, and problems, utilizing principles and theories of electronic engineering. Direction of operation and maintenance of electronic equipment and recommendations to correct designs based upon operational evaluation.

INDUSTRIAL ENGINEERING

The application of the principles of industrial engineering to perform a variety of engineering work concerned with the design and installation of integrated systems of personnel, materials, machinery, and equipment, utilizing accessory techniques of mechanical and other engineering specialties. Typical specializations are plant layout; production methods and standards; cost control; quality control; time, motion, and incentive studies; and methods, production, and safety engineering.

MATHEMATICS

The development of methodolgy in mathematical statistics and actuarial science; the application of original and standardized mathematical techniques to the solution of problems in science, engineering, management, military strategy, and operations analysis; and the mathematical statement of problems for solution by data-processing systems.

MECHANICAL ENGINEERING

The application of the principles of physics and engineering for the generation, transmission, and utilization of heat and mechanical power, and for the design and production of tools and machines. Typical specializations are power generation and transmission, hydraulics, instrumentation, automotive engineering, railroad equipment engineering, heating and ventilating, air conditioning, machine design, and research.

METALLURGY AND METALLURGICAL ENGINEERING

The application of the principles of metallurgy and metallurgical engineering to the extraction of metals from ores; the processing and refining of them into final form; and the design and development of metallurgical process methods. Accessory techniques used are those found in chemistry, geology, ceramics, mineralogy, and in mining, chemical, and mechanical engineering.

NUCLEAR ENGINEERING

The application of scientific knowledge of nuclear reactions and radiations, and principles of engineering for the production of heat and power, transmutation of elements, and production of neutrons, gamma radiation, and radioisotopes.

NURSING

Administer prescribed medications and treatments in accordance with approved nursing techniques to render general nursing care to patients in hospital, infirmary, sanitarium, or similar institution. Apply knowledge of and training in obstetrics, surgery, orthopedics, pediatrics, psychiatry, and other areas to aid physicians in the treatment and examination of patients. (Graduation from a school for nurses or training and experience to qualify for licensing in the country where the education or training is acquired is generally necessary for performance in this field.)

PHARMACY

The compounding of prescriptions written by physicians, dentists, and other authorized medical practitioners; and the bulk selection, compounding, dispensing, and preservation of drugs and medicines.

PHYSICAL THERAPY

The treatment of patients with disabilities, disorders, and injuries to relieve pain, develop or restore function, and maintain performance, using physical means, such as exercise, massage, heat, water, light, and electricity, as prescribed by a medical doctor.

PHYSICS

Research into phases of physical phenomena, developing theories and laws on basis of observation and experiments, and devising methods to apply laws and theories of physics to solve problems in such fields as science, engineering, medicine, and production.

Group III: Persons coming to the United States solely to perform duties required of them as members of bona fide religious organizations in the United States, provided that such duties are related solely to nonprofit operations of such organizations.

Group IV: Persons who have sufficient experience or training to perform in the following occupations:

Arc and Combination Welders.
Bakers.
Cabinetmakers.
Chefs and Speciality Cooks.
Coppersmiths, Ship and Sheet-Metal Workers.
Draftsmen.
Form Builders, Aircraft.
Loftsmen, Ship.
Machinists.
Medical Technologists.
Millwrights.
Pipefitters, Ship.
Shipfitters.
Skilled Garment Occupations.
Stonecutters, Hand.
Structural-Steel Workers.
Systems Engineers (Data-Processing).
Technicians, Engineering and Physical Sciences.
Template Makers, Aircraft.
Tool-and-Die Makers.
Turret Lathe and Milling Machine Operators.

Group IV Occupational Definitions: These definitions are intended as descriptive guide-

lines and not as mandatory qualification requirements.

ARC AND COMBINATION WELDERS

1. Weld metal parts together, as specified by layout, diagram, work orders, or oral instruction, using electric arc welding equipment.

2. Weld metal parts together according to layouts, blueprints, or work orders, using both gas welding or brazing and any combination of arc welding processes. (Two years training and/or experience is generally necessary for satisfactory work performance in these fields.)

BAKERS

Prepare bread, rolls, pastries, muffins, biscuits, or other baked goods according to recipes in bakery, hotel, restaurant, or other establishments. Measure and mix ingredients to form dough or batter. Cut dough and mold it into loaves or various desired shapes and pour batter into pans to make cakes. Place shaped dough in greased pans or batter in cake tins for baking in oven for specified period of time, adjusting controls to regulate temperature. Prepare and cook ingredients for pie fillings, puddings, custards, or other desserts. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

CABINETMAKERS

Construct and repair wooden articles, such as store fixtures, office equipment, cabinets, and high grade furniture, according to blueprints or drawings, using woodworking machines, and hand tools. Trim parts of joints, bore holes, glue, fit, and clamp parts and subassemblies together to form complete unit. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

CHEFS AND SPECIALTY COOKS

1. Supervise, coordinate, and participate in activities of cooks and other personnel engaged in preparing and cooking foods in hotel, restaurant, or other establishments.

2. Prepare, season, and cook soups, meats, vegetables, desserts, and other foodstuffs for consumption in restaurants or other establishments. (Three years training and/or experience is generally necessary for satisfactory work performance in these fields.)

COPPERSMITHS, SHIP AND SHEET-METAL WORKERS

1. Lay out, cut, bend, and assemble pipe sections, pipefittings, and other parts from copper, brass, and other nonferrous metals according to blueprints to construct or repair ships and boats.

2. Fabricate, assemble, install, and repair sheet metal products and equipment, such as control boxes, drainpipes, ventilators, and furnace castings, according to job order or blueprints. (Three years training and/or experience is generally necessary for satisfactory work performance in these fields.)

DRAFTSMEN

Prepare clear, complete, and accurate working plans and detail drawings from rough or detailed sketches or notes, engineering ideas, specifications, and calculations of engineers, architects, and designers for use in building or manufacturing. (Three years training and/or experience is generally necessary for satisfactory work performance in the various drafting fields.)

FORM BUILDERS, AIRCRAFT

Build forms, fixtures, or templates of wood, metal, or plastic for use in production of airplanes, following blueprints. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

LOFTSMEN, SHIP

Lay out lines of ship to full scale on mold-loft floor and construct templates and molds to be used as patterns and guides for layout fabrication of various structural parts of ships. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

MACHINISTS

Set up and operate machine tools, and fit and assemble parts to make or repair metal parts, mechanisms, tools, or machines, applying knowledge of mechanics, shop mathematics, metal properties, and layout machining procedures. (Four years training and/or experience is generally necessary for satisfactory work performance in this field.)

MEDICAL TECHNOLOGISTS

Apply technical knowledge in fields of medicine and perform chemical, microscopic, and bacteriologic tests to provide data for use in treatment and diagnosis of diseases, usually under supervision of physician. (Four years training and/or experience is generally necessary for satisfactory work performance in this field.)

MILLWRIGHTS

Install machinery and equipment according to layout plans, blueprints, and other drawings in an industrial establishment, using hoists, lift trucks, handtools, and power tools. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

PIPEFITTERS, SHIP

Lay out, install, and maintain ships' piping systems, such as steam heat and power, hot water, hydraulic, air pressure, and oil lines, following blueprints, and using handtools and shop machines. (Four years training and/or experience is generally necessary for satisfactory work performance in this field.)

SHIPFITTERS

Lay out and fabricate metal structural parts, such as plates, bulkheads, and frames, and braces them in position within hull of ship for riveting or welding to construct or repair ships and boats. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

SKILLED GARMENT OCCUPATIONS

Perform all tasks required to design and produce finished made-to-measure garments or to perform specialized stitching and sewing, requiring tailoring skill in the manufacture or alteration of ready-made or tailored apparel. (Two years training and/or experience is generally necessary for satisfactory work performance in this field.)

STONECUTTERS, HAND

Cut, shape, and finish granite, marble, and/or other types of stone according to diagrams or patterns. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

STRUCTURAL-STEEL WORKERS

Raise, place, and unite girders, columns, and other structural-steel members to form completed structures or structure frameworks, working as members of a crew. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

SYSTEMS ENGINEERS (DATA-PROCESSING)

Study information-assembling and filing problems of establishments, plan suitable punched-card procedure, and design card and report forms. Revise and refine existing punched-card procedures in line with technical developments, and prepare instruction manuals covering use and maintenance of machines. (Four years training and/or experience is generally necessary for satisfactory work performance in this field.)

TECHNICIANS, ENGINEERING AND PHYSICAL SCIENCES

Solve practical problems encountered in fields of specialization, such as those concerned with development of electrical and electronic circuits, and establishment of testing methods for electrical, electronic, electromechanical, and hydromechanical devices and mechanisms. Apply engineering principles and techniques to solve, design, develop, and modify problems of parts or assemblies for products or systems. Apply natural and physical science principles to basic or applied research problems in fields such as metallurgy, chemistry, and physics. Technicians in these various fields work in direct support of engineers and scientists, utilizing theoretical knowledge of fundamental scientific, engineering, mathematical, or draft design principles. (Three years training and/or experience is generally necessary for satisfactory work performance in any of the engineering and scientific fields.)

TEMPLATE MAKERS, AIRCRAFT

Design and fabricate templates of wood, paper, sheet metal, and plastic used for laying out reference points and dimensions on metal plates, sheets, tubes and structural shapes for fabricating, welding, and assembling into structural metal products. (Three years training and/or experience is generally necessary for satisfactory work performance in this field.)

TOOL-AND-DIE MAKERS

Analyze variety of specifications, lay out metal stock, set up and operate machine tools, and fit and assemble parts to make and repair metalworking dies, cutting tools, jigs, fixtures, gages, and machinists' handtools, applying knowledge of tool and die designs and construction, shop mathematics, metal properties, and layout, machining, and assembly procedures. (Four years training and/or experience is generally necessary for satisfactory work performance in this field.)

TURRET LATHE AND MILLING MACHINE OPERATORS

1. Set up and operate turret lathes to perform series of machining operations, such as turning, facing, boring, and tapping, or metalpieces, such as machine, tool, or die parts, analyzing specifications and deciding on tooling according to knowledge of machining operations.

2. Set up and operate one or more milling machines to mill plane or curved surfaces on metal workpieces, such as machine, tool, or die parts, according to specifications and deciding on tooling according to knowledge of milling procedures. (One-to-two years of training and/or experience is generally necessary for satisfactory work performance in these fields.)

Signed at Washington, D.C., this 30th day of June 1966.

W. WILLARD WIRTZ,
Secretary of Labor.

[F.R. Doc. 66-7488; Filed, July 8, 1966; 8:47 a.m.]

FEDERAL AVIATION AGENCY

[14 CFR Part 71]

[Airspace Docket No. 66-CE-57]

TRANSITION AREA

Proposed Designation

The Federal Aviation Agency is considering an amendment to Part 71 of the Federal Aviation Regulations which would designate controlled airspace at Sturgeon Bay, Wis.

The Federal Aviation Agency, having completed a comprehensive review of the terminal airspace structural requirements in the Sturgeon Bay, Wis., terminal area, as a result of the development of an instrument approach procedure at Door County-Cherryland Airport, Sturgeon Bay, Wis., proposes the following airspace action:

Designate the Sturgeon Bay, Wis., transition area as that airspace extending upward from 700 feet above the surface within a 5-mile radius of Door County-Cherryland Airport (latitude 44°50'30" N., longitude 87°25'10" W.); and within 2 miles each side of the 195° bearing from Door County-Cherryland Airport, extending from the 5-mile radius area to 8 miles S of the airport; and that airspace extending upward from 1,200 feet above the surface within 8 miles W and 5 miles E of the 015° and 195° bearings from Door County-Cherryland Airport extending from 6 miles N to 14 miles S of the airport; and within 5 miles each side of the 015° bearing from Door County-Cherryland Airport extending from 6 to 12 miles N of the airport.

The proposed 700-foot floor transition area would provide controlled airspace protection for arriving aircraft executing the prescribed instrument approach procedure for Door County-Cherryland Airport during descent from 1,500 feet to 700 feet above the surface. It would also provide this protection for departing aircraft during climb from 700 feet to 1,200 feet above the surface.

The proposed 1,200-foot floor transition area would provide controlled airspace protection for aircraft executing the prescribed instrument approach procedure during that portion of the procedure executed at and above 1,500 feet above the surface, and while in the holding pattern at Sturgeon Bay.

No airways will traverse the transition area proposed herein.

The public instrument approach procedure will be effective concurrent with the designation of controlled airspace.

The proposed controlled airspace was developed to protect a new instrument approach procedure. Therefore, no procedural changes will be required by the actions proposed herein.

Specific details of this proposal and the procedure which it was developed to protect may be examined by contacting the Chief, Airspace Branch, Air Traffic Division, Federal Aviation Agency, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Agency, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this Notice may be changed in the light of comments received.

The public docket will be available for examination by interested persons in the office of the Regional Counsel, Federal Aviation Agency, Federal Building, 601 East 12th Street, Kansas City, Mo. 64106.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued at Kansas City, Mo., on June 28, 1966.

EDWARD C. MARSH,
Director, Central Region.

[F.R. Doc. 66-7477; Filed, July 8, 1966; 8:46 a.m.]

[14 CFR Part 71, 75]

[Airspace Docket No. 65-WA-35]

FEDERAL AIRWAYS, JET ROUTES, AND CONTROLLED AIRSPACE

Proposed Alterations

The Federal Aviation Agency is considering amendments to Part 71 and Part 75 of the Federal Aviation Regulations that would accomplish the following:

1. Designate Control 1487 as that airspace extending upward from 5,500 feet MSL to flight level 410 within 4 nautical miles each side of the Key West, Fla., VOR 244° True radial and within 5 statute miles each side of the Key West radio beacon 245° True bearing, including the additional airspace between lines diverging at 4.5° from the centerline at the VOR and 5° at the RBN, extending from the VOR/RBN to the Miami Oceanic Control Area boundary and latitude 24°00'00" N.

2. Revoke Control 1228 from Key West to St. Petersburg, Fla.

3. Realign Jet Route No. 43 from the Key West VOR via the intersection of the Key West VOR 358° and St. Petersburg VORTAC 151° True radials to St. Petersburg and designate associated offshore control area.

4. Redesignate the western boundary of control 1408 as the eastern boundary of V-225 east alternate and the southern boundary as the northern boundary of V-35, and delete reference to excluding the airspace above 20,000 feet MSL within W-173.

5. Redesignate the western boundary of the Fort Myers control area as a line 5 miles east of and parallel to the 169° True bearing from latitude 27°53'18" N., longitude 82°29'29" W., designate the south boundary as Control 1230 and delete reference to excluding the airspace above 20,000 feet MSL south of Control 1230.

6. Alter the descriptions of VOR Federal airways Nos. 51, 157, and 225 by deleting reference to excluding airspace within W-173, and further altering V-225 by amending the statement that "the portion outside the United States has no upper limit" to read "the portion of V-225 east alternate outside the United States has no upper limit."

Concurrently with the above actions, the following nonregulatory actions would be taken:

1. Disestablish W-173.

2. Alter the description of W-174 as follows:

Beginning at latitude 25°47'55" N., longitude 81°56'55" W.; thence to latitude 25°-34'40" N., longitude 81°55'20" W.; thence to latitude 25°24'55" N., longitude 81°54'00" W.; thence to latitude 24°53'25" N., longitude 81°53'00" W.; thence to latitude 24°37'-30" N., longitude 82°00'30" W.; thence to latitude 24°37'30" N., longitude 82°06'00" W.; thence to latitude 24°26'30" N., longitude 82°06'00" W.; thence to latitude 24°25'-00" N., longitude 82°06'30" W.; thence to latitude 24°25'00" N., longitude 81°56'30" W.; thence to latitude 24°23'50" N., longitude 81°57'10" W.; thence to latitude 24°28'-35" N., longitude 81°45'45" W.; thence to latitude 24°31'30" N., longitude 81°27'00" W.; thence to latitude 24°32'40" N., longitude 81°23'25" W.; thence to latitude 24°33'-20" N., longitude 81°11'25" W.; thence to latitude 23°30'00" N., longitude 81°17'29" W.; thence to latitude 23°30'00" N., longitude 82°23'30" W.; thence to latitude 23°30'-30" N., longitude 82°46'00" W.; thence to latitude 23°53'00" N., longitude 83°12'00" W.; thence to latitude 24°00'00" N., longitude 83°19'25" W.; thence to latitude 24°00'-00" N., longitude 85°00'00" W.; thence to latitude 25°21'40" N., longitude 85°00'00" W.; thence to latitude 25°26'00" N., longitude 84°53'35" W.; thence to latitude 25°45'-40" N., longitude 84°06'45" W.; thence to point of beginning, excluding the airspace within Control 1487 and the airspace between 5,500 feet MSL and FL 410 beginning at latitude 24°00'00" N., longitude 82°49'30" W.; thence to latitude 23°49'50" N., longitude 83°08'20" W.; thence to latitude 24°00'-00" N., longitude 83°19'25" W.; thence to latitude 24°00'00" N., longitude 83°25'20" W.; thence to latitude 24°05'00" N., longitude 83°10'45" W.; thence to latitude 24°00'-00" N., longitude 83°10'00" W.; thence to point of beginning.

3. Alter the description of W-465 as follows:

Beginning at latitude 24°34'00" N., longitude 80°25'00" W.; thence to latitude 23°39'-20" N., longitude 80°25'00" W.; thence to latitude 23°30'00" N., longitude 80°44'00" W.; thence to latitude 23°30'00' N., longitude 81°17'20" W.; thence to latitude 24°33'-20" N., longitude 81°11'25" W.; thence to latitude 24°34'30" N., longitude 80°51'15" W.; thence to point of beginning.

The altitudes of W-174 and W-465 would remain as presently published.

4. Establish an oceanic route from "India 2" (latitude 23°42′ N., longitude 83°45′ W.) intersection direct to the Key West, Fla., RBN, thence via the intersection of the Key West RBN 080° and Marathon, Fla., RBN 252° True bearings; the Marathon RBN, direct (083° T) to the Nassau, Bahamas, radio beacon.

5. Sierra Oceanic Route would be disestablished northeast of "I–S" intersection (latitude 22°50′ N., longitude 85°36′ W.).

As parts of these proposals relate to the navigable airspace outside the United States, this notice is submitted in consonance with the ICAO International Standards and Recommended Practices.

Applicability of International Standards and Recommended Practices, by the Air Traffic Service, FAA, in areas outside domestic airspace of the United States is governed by Article 12 and Annex 11 to the Convention on International Civil Aviation (ICAO), which pertains to the establishment of air navigation facilities and services necessary to promoting the safe, orderly and expeditious flow of civil air traffic. Its purpose is to insure that civil flying on international air routes is carried out under uniform conditions designed to improve the safety and efficiency of air operations.

The International Standards and Recommended Practices in Annex 11 apply to those parts of the airspace under the jurisdiction of a contracting state, derived from ICAO, wherein air traffic services are provided and also whenever a contracting state accepts the responsibility of providing air traffic services over high seas or in airspace of undetermined sovereignty. A contracting state accepting such responsibility may apply the International Standards and Recommended Practices to civil aircraft in a manner consistent with that adopted for airspace under its domestic jurisdiction.

In accordance with Article 3 of the Convention on International Civil Aviation, Chicago, 1944, state aircraft are exempt from the provisions of Annex 11 and its Standards and Recommended Practices. As a contracting state, the United States agreed by Article 3(d) that its state aircraft will be operated in international airspace with due regard for the safety of civil aircraft.

Since this action involves, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Federal Aviation Agency, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. 20553. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered by the Administrator before taking action on the proposed amendment. The proposal contained in the notice may be changed in the light of comments received. All comments submitted will be available in the Rules Docket for examination by interested persons, both before and after the closing date for comments.

The designation of Control 1487 would provide a shorter route with a more precise navigational capability from South/Central America to Miami, Fla., and Nassau, Bahamas. The revocation of Control 1228 would release controlled airspace no longer required for air traffic control purposes. The alteration of Control 1408 and the Fort Myers control area is necessary as these control areas are bounded in part by Control 1228. The editorial changes to V–51, V–157, and V–225 are necessary as W–173 would be revoked. Altering the ceiling on the offshore portion of V–225 is necessary as J–43 would be aligned via the Key West-Fort Myers segment thus obviating the requirement for control area above 18,000 feet on the main segment. The unlimited ceiling on V–225 east alternate outside the United States is necessary for the climb and descent of jet aircraft off realigned J–43. It would not be necessary to designate controlled airspace to complement the segment of the new oceanic route between the Key West RBN and the Miami Oceanic and Nassau control area boundaries as sufficient control area is in effect.

The disestablishment of W–173 would release airspace for air traffic control purposes. The alterations of W–174 and W–465 would depict on aeronautical charts, areas within which activities are conducted that are hazardous to air navigation and assist the Department of Defense in executing its assigned missions. In addition, the alterations would provide international air commerce access to the United States at Key West and thence to Miami or Nassau, Bahamas.

These amendments are proposed under section 307(a) and 1110 of the Federal Aviation Act of 1958 (49 U.S.C. 1348, 1510), and Executive Order 10854 (29 F.R. 9565).

Issued in Washington, D.C., on July 1, 1966.

H. B. HELSTROM,
Chief, Airspace and Air Traffic Rules Division.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 1]

[Docket No. 16473]

DISCOVERY PROCEDURES

Order Extending Time for Filing Comments

In the notice of proposed rule making in this proceeding, we requested that comments on proposed discovery procedures be filed by April 8, 1966, and that reply comments be filed by April 22, 1966 (31 F.R. 3403, Mar. 4, 1966). At the request of the Federal Communications Bar Association (FCBA), the time for filing comments was subsequently extended to July 8, 1966, and the time for filing reply comments was extended to July 22, 1966 (31 F.R. 5264, Apr. 1, 1966). In a petition filed on July 1, 1966, the FCBA has now requested an additional 90-day extension of time for the filing of comments and reply comments in this proceeding.

In support of its request, the FCBA states that its Practice and Procedure Committee has drafted comments on the proposed rules; that the draft comments were considered at length in a June 30 meeting of the Association's Executive Committee; that the Executive Committee concluded that the proposed rules could have far-reaching effect on the Commission's hearing procedures and should be considered further before comments are filed; and, in effect, that the need for further study, together with the Association's recent change in administration, will make it most difficult for the Association to meet the July 8 deadline.

Under these circumstances, a 60-day extension of the period for filing comments and reply comments in this proceeding appears to be warranted. Accordingly: *It is ordered,* This 5th day of July 1966, pursuant to sections 4(j) and 5(d) of the Communications Act of 1934, as amended, and § 0.251(b) of the rules and regulations, that the time for filing comments in this proceeding is extended from July 8, 1966, to September 6, 1966, and that the time for filing reply comments is extended from July 22 to September 20, 1966.

Released: July 6, 1966.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
Secretary.

Notices

DEPARTMENT OF THE TREASURY

Bureau of Customs

[Antidumping—ATS 643.3–P]

REFRIGERATION COMPRESSORS FROM DENMARK

Antidumping Proceeding Notice

JULY 5, 1966.

On May 31, 1966, the Commissioner of Customs received information in proper form pursuant to the provisions of § 14.6 (b) of the Customs Regulations indicating a possibility that refrigeration compressors imported from Denmark, manufactured by Danfoss Manufacturing Co. (Danfoss Denmark), Nordborg, Denmark, are being, or likely to be, sold at less than fair value within the meaning of the Antidumping Act, 1921, as amended.

The merchandise under consideration consists of compressors for use as components parts of household refrigerators, home and farm freezers, and room air conditioners.

Ordinarily, merchandise is considered to be sold at less than fair value when the net, f.o.b. factory price for exportation to the United States is less than the net, f.o.b. factory price to purchasers in the home market, or, where appropriate, to purchasers in other countries, after due allowance is made for differences in quantity and circumstances of sales.

A summary of the information received is as follows:

Refrigeration compressors are being sold to third countries at prices higher than that sold for exportation to the United States. Sales in the home market appear to be minimal.

Having conducted a summary investigation pursuant to section 14.6(d)(1)(i) of the Customs Regulations and having determined on this basis that there are grounds for so doing the Bureau of Customs is instituting an inquiry pursuant to the provisions of § 14.6(d)(1)(ii), (2), and (3) of the Customs Regulations to determine the validity of the information.

The information was submitted by Tecumseh Products Co., Tecumseh, Mich.

This notice is published pursuant to § 14.6(d)(1)(i) of the Customs Regulations (19 CFR 14.6(d)(1)(i)).

[SEAL] LESTER D. JOHNSON,
Commissioner of Customs.

DEPARTMENT OF COMMERCE

Office of the Secretary

[Department Order 8; Amdt. 1]

CONTRACTS COMPLIANCE OFFICER AND EQUAL EMPLOYMENT OPPORTUNITY OFFICER

Designation

The following amendment to the order was issued by the Secretary of Commerce on June 24, 1966. This material amends the material appearing at 31 F.R. 580–581 of January 18, 1966.

Department Order 8, dated January 7, 1966, is hereby amended as follows:

1. *Section 3. Delegation of authority,* new paragraphs .02 and .03 are added to read, and the present paragraph .02 renumbered .04 amended to read:

".02 For purposes of carrying out the above applicable responsibilities and as required by the applicable Executive Orders or implementing regulations of the Secretary of Labor or the Civil Service Commission, the Director is appointed and designated the Contracts Compliance Officer and the Equal Employment Opportunity Officer for the Department.

".03 The Director is authorized, upon the recommendation and with the approval of the respective Secretarial Officers and the heads of operating units, to designate Deputy Contracts Compliance Officers and Deputy Equal Employment Opportunity Officers for their respective offices and units.

".04 The Director may redelegate any authority conferred upon him to any employee of the Office, subject to such considerations in the exercise of the authority as the Director may prescribe, except his authority to act as Contracts Compliance Officer and Equal Employment Opportunity Officer and to designate Deputy Contracts Compliance Officers and Deputy Equal Employment Opportunity Officers."

2. *Section 5. Savings provision* is amended to read: "Any other Department and Administrative Orders, parts of orders, circulars, and memoranda, the provisions of which are inconsistent or in conflict with the provisions of this order, are hereby constructively amended or superseded accordingly."

Date of issuance: June 24, 1966.

Effective date: June 24, 1966.

DAVID R. BALDWIN,
Assistant Secretary for Administration.

Food and Drug Administration

MERCK SHARP & DOHME RESEARCH LABORATORIES

Notice of Withdrawal of Petition for Food Additives

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(b), 72 Stat. 1786; 21 U.S.C. 348(b)), the following notice is issued:

In accordance with § 121.52 *Withdrawal of petitions without prejudice* of the procedural food additive regulations (21 CFR 121.52), Merck Sharp & Dohme Research Laboratories, division of Merck & Co., Inc., Rahway, N.J. 07065, has withdrawn its petition (FAP 5C1669), notice of which was published in the FEDERAL REGISTER of April 22, 1965 (30 F.R. 5716), proposing an amendment to § 121.210 *Amprolium* to provide for the safe use of a combination of amprolium, ethopabate, arsanilic acid, and low-level antibiotics in chicken feed.

The withdrawal of this petition is without prejudice to a future filing.

Dated: July 1, 1966.

J. K. KIRK,
Assistant Commissioner for Operations.

NEW DRUGS

Reports of Information for Drug Effectiveness

The National Academy of Sciences-National Research Council (NAS–NRC) has agreed to assist the Food and Drug Administration in its review of the claims of effectiveness for drugs cleared through the new-drug procedures from 1938 until October 10, 1962. To facilitate this review and a determination of whether there may be ground for invoking section 505(e) of the Federal Food, Drug, and Cosmetic Act, and to provide each holder of such an approved new-drug application an opportunity to present for the consideration of the reviewing experts the best data available to support the medical claims, this order is entered pursuant to section 505 of the act:

1. Each holder of a new-drug application approved between 1938 and October 10, 1962, shall report the following, in duplicate, preferably on forms which have been devised by the National Academy of Sciences-National Research Council and which are available for the purpose from the Food and Drug Administration or any of its offices:

a. New-drug application number, date originally approved, and whether R_x or OTC drug.

b. Brand name of drug or preparation.

c. Applicant's (firm's) name and address.

d. Quantitative formula using established (nonproprietary) name of active ingredients.

e. Dosage form and route of administration. Where a new-drug application covers different routes of administration, separate forms should be used.

f. Current labels and package inserts (attach 10 copies of each to original of form; 1 copy of each to duplicate).

g. List of literature references most pertinent to an evaluation of the effectiveness of the drug for the purposes for which it is offered in the label, package insert, or brochure. Approximately 5 to 10 key references, if available (attach 10 copies of the list to original of form and 1 copy to duplicate).

h. Unpublished articles or other data pertinent to an evaluation of the claims (one copy only; attach to duplicate).

2. This report shall be made as promptly as possible and no later than 60 days from the date of this publication in the FEDERAL REGISTER, shall be plainly marked on the outside of the envelope or package "Special Drug Report," and shall be addressed to the Director, Bureau of Medicine (or Director, Bureau of Veterinary Medicine, in the case of veterinary drugs), Food and Drug Administration, Washington, D.C. 20204.

3. The submission of this special report may be made without prejudice to any person's contention that he is not required by law to make the report.

4. This order is issued pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 505(j), 52 Stat. 1052, as amended, 76 Stat. 782, 21 U.S.C. 355(j)) and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.120; 31 F.R. 3008).

Dated: July 6, 1966.

JAMES L. GODDARD,
Commissioner of Food and Drugs.

[F.R. Doc. 66–7489; Filed, July 8, 1966; 8:47 a.m.]

COMMISSIONS TO STATE AND LOCAL OFFICIALS

Revocation

For many years, pursuant to section 702(a) of the Federal Food, Drug, and Cosmetic Act, the Food and Drug Administration has commissioned State and local officials as officers of the Department of Health, Education, and Welfare to conduct examinations and investigations for the purposes of the act. Amendments to the act and concurrent administrative commitments now require a new commissioning policy; therefore:

1. All such commissions to State and local officials, including officials of the District of Columbia and the Commonwealth of Puerto Rico, are hereby revoked, and

2. Notice is given that revised commissioning procedures are being considered.

This action is taken pursuant to section 702(a) of the act (52 Stat. 1056, as amended; 21 U.S.C. 372(a)) and under the authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (21 CFR 2.120; 31 F.R. 3008).

Dated: July 6, 1966.

JAMES L. GODDARD,
Commissioner of Food and Drugs.

CIVIL AERONAUTICS BOARD

[Docket No. 17423]

AEROVIAS CONDOR DE COLOMBIA, LTDA.

Postponement of Prehearing Conference

Application for amendment of its foreign air carrier permit so as to add the intermediate point Curacao, N.W.I. on its route between Miami and points in Colombia with respect to property only.

At the request of Counsel for Applicant the prehearing conference now scheduled to be held in the above-entitled proceeding on July 12, 1966, is hereby postponed to be held on July 19, 1966, at 10 a.m., e.d.s.t., in Room 911, Universal Building, Connecticut and Florida Avenues NW., Washington, D.C., before the undersigned examiner.

Dated at Washington, D.C., July 5, 1966.

[SEAL] WALTER W. BRYAN,
Hearing Examiner.

[F.R. Doc. 66–7491; Filed, July 8, 1966; 8:47 a.m.]

[Docket No. 16236; Order No. E–23894]

INTERNATIONAL AIR TRANSPORT ASSN.

Order Relating to Specific Commodity Rates

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 1st day of July 1966.

Agreement adopted by the Joint Conferences of the International Air Transport Association relating to specific commodity rates, Docket 16236, Agreement C.A.B. 18934.

An agreement has been filed with the Board, pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations, between various air carriers, foreign air carriers, and other carriers, embodied in the resolutions of the joint conferences of the International Air Transport Association (IATA), and adopted at the third meeting of the Joint Specific Commodity Rates Committee held in London, May 3 through May 13, 1966. The agreement has been assigned the above-designated C.A.B. Agreement number.

Basically, the agreement, as it applies to air transportation as defined by the Act, extends for a further period of effectiveness specific commodity rates established since the Venice Cargo Conference held in May 1965. The agreement also, as set forth in the attach-

ment,[1] (1) names additional rates under existing commodity descriptions, (2) names rates under new commodity descriptions, (3) reduces existing commodity rates, (4) establishes a minimum weight requirement for certain rates under an existing commodity description, and (5) cancels a few existing commodity rates. The agreement as a whole does not appear to be adverse to the public interest. It would afford significant reductions from the otherwise applicable rates for numerous commodities.

The Board, acting pursuant to sections 102, 204(a), and 412 of the Act, does not find the subject agreement to be adverse to the public interest or in violation of the Act, provided that approval thereof is conditioned as hereinafter ordered.

Accordingly, it is ordered:

That Agreement C.A.B. 18934 be approved, provided that such approval shall not constitute approval of the specific commodity descriptions contained therein for purposes of tariff publication.

Any air carrier party to the agreement, or any interested person, may, within 15 days from the date of service of this order, submit statements in writing containing reasons deemed appropriate, together with supporting data, in support of or in opposition to the Board's action herein. An original and nineteen copies of the statements should be filed with the Board's Docket Section. The Board may, upon consideration of any such statements filed, modify or rescind its action herein by subsequent order.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] HAROLD R. SANDERSON, *Secretary.*

[F.R. Doc. 66-7492; Filed, July 8, 1966; 8:47 a.m.]

[Docket No. 16236; Order No. E-23903]

INTERNATIONAL AIR TRANSPORT ASSN.

Order Relating to Specific Commodity Rates

Agreement adopted by Traffic Conference 1 of the International Air Transport Association relating to specific commodity rates, Docket 16236, Agreement C.A.B. 18683, R-18 and R-19.

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 5th day of July 1966.

An agreement has been filed with the Board, pursuant to section 412(a) of the Federal Aviation Act of 1958 (the Act) and Part 261 of the Board's Economic Regulations, between various air carriers, foreign air carriers, and other carriers, embodied in the resolutions of Traffic Conference 1 of the International Air Transport Association (IATA), and adopted pursuant to the provisions of Resolution 590 dealing with specific commodity rates.

The agreement, adopted pursuant to unprotested notices to the carriers and promulgated in IATA letters dated May 26 and June 16, 1966,[1a] as set forth in the attachment[1b] hereto, (1) would cancel the existing commodity rate under Item 700 from La Paz to San Francisco, and (2) would establish rates under a new commodity description. The new rates reflect reductions ranging from 72.2 to 78.9 percent and are consistent with the present specific commodity rates within this area. While the agreement cancels the rate under Item 700, the Board recently approved the same rate under commodity Item 9509,[2] which would generally incorporate the items now moving under Item 700.

The Board, acting pursuant to sections 102, 204(a), and 412 of the Act, does not find the subject agreement to be adverse to the public interest or in violation of the Act, provided that approval thereof is conditioned as hereinafter ordered.

Accordingly, it is ordered:

That Agreement C.A.B. 18683, R-18 and R-19, be approved, provided that approval shall not constitute approval of the specific commodity descriptions contained therein for purposes of tariff publication.

Any air carrier party to the agreement, or any interested person, may, within 15 days from the date of service of this order, submit statements in writing containing reasons deemed appropriate, together with supporting data, in support of or in opposition to the Board's action herein. An original and 19 copies of the statements should be filed with the Board's Docket Section. The Board may, upon consideration of any such statements filed, modify or rescind its action herein by subsequent order.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

[SEAL] HAROLD R. SANDERSON, *Secretary.*

[F.R. Doc. 66-7493; Filed, July 8, 1966; 8:47 a.m.]

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 16737, 16738; FCC 66-578]

ADIRONDACK TELEVISION CORP. AND NORTHEAST TV CABLEVISION CORP.

Order Designating Applications for Consolidated Hearing on Stated Issues

In re applications of Adirondack Television Corp., Albany, N.Y., Docket No. 16737, File No. BPCT-3511; Northeast TV Cablevision Corp., Albany, N.Y., Docket No. 16738, File No. BPCT-3635; for construction permit for new television broadcast station.

At a session of the Federal Communications Commission, held at its offices in Washington, D.C., on the 29th day of June 1966.

1. The Commission has before it for consideration the above-captioned applications, each requesting a construction permit for a new television broadcast station to operate on Channel 23, Albany, N.Y. Since the operations proposed by both of the applicants would result in mutually destructive interference, they are mutually exclusive and a hearing will be required to determine which application should be granted.

2. With respect to the issues set forth below the following considerations are pertinent:

a. Based on the information contained in the application of Adirondack Television Corp., cash in the amount of $432,800 will be needed for the construction and first year operation of the proposed station, consisting of—down payment to RCA—$71,625; first year payments to RCA including interest—$54,755; land—$6,500; building—$10,000; other items—$40,000; estimated cost of operation for the first year—$250,000. To meet the cash requirements, the applicant relies upon stock subscriptions of $100,000, a $200,000 loan from Richard E. Bailey and estimated revenues of $275,000 for a total of $575,000. The applicant has established the availability of $100,000 in subscriptions. However, since there is no commitment from Richard E. Bailey to loan funds to the applicant, it cannot be determined that such funds would be available. Moreover, even if the applicant had submitted a $200,000 loan commitment from Richard E. Bailey, it could not be determined that such funds would be available since Richard E. Bailey's balance sheet does not reveal sufficient liquid and current assets in excess of current liabilities to enable him to meet a $200,000 loan commitment to the applicant. Furthermore, while the applicant has submitted information in an effort to support its estimate of revenues, the Commission does not believe that the information submitted does, in fact, demonstrate the soundness of the estimate of revenues as required by the Commission in Ultravision Broadcasting Co., FCC 65-581, 5 RR 2d 343. Accordingly, financial issues have been specified.

b. Since Federal Aviation Agency approval of Adirondack Television Corp.'s antenna structure has expired, an air menace issue has been specified.

c. Based on the information contained in the application of Northeast TV Cablevision Corp., cash in the amount of $497,927, will be needed for the construction and first year operation of the proposed station, consisting of—down payment to RCA—$94,640; first year payments to RCA including interest—$73,287; land—$5,000; building—$5,000; first year payments to bank including interest—$60,000; other items—$10,000; estimated cost of operation for first year—$250,000. To meet the cash requirements, the applicant has available a $375,000 bank loan and $69,674 in existing capital, for a total of $444,674. Inasmuch as the applicant

[1] Filed as part of the original document.

[1a] Received in the Board May 31 and June 17, 1966, respectively.

[1b] Filed as part of the original document.

[2] Order E-23777, dated June 6, 1966.

has made no showing as to the validity of its $250,000 revenue estimate, a determination as to its financial qualifications cannot be made. Accordingly, a financial issue has been specified.

3. Except as indicated by the issues set forth below, each of the applicants is qualified to construct, own and operate the proposed new television broadcast station. The applications are, however, mutually exclusive in that operation by the applicants as proposed would result in mutually destructive interference. The Commission is therefore unable to make the statutory finding that a grant of the applications would serve the public interest, convenience and necessity, and is of the opinion that they must be designated for hearing in a consolidated proceeding on the issues set forth below.

Accordingly, it is ordered, That, pursuant to section 309(e) of the Communications Act of 1934, as amended, the above captioned applications of Adirondack Television Corp. and Northeast TV Cablevision Corp. are designated for hearing in a consolidated proceeding at a time and place to be specified in a subsequent Order, upon the following issues:

1. To determine, with respect to the application of Adirondack Television Corp.:

a. Whether Richard E. Bailey will undertake to loan $200,000 to the applicant.

b. If (a), above, is resolved in the affirmative, whether Richard E. Bailey has current and liquid assets (as defined in section III, Paragraph 4(d), FCC Form 301) in excess of current liabilities in sufficient amount to meet his loan commitment to the applicant.

c. Whether the applicant will have available sufficient revenue to supplement its available funds.

d. Assuming that sufficient revenues are not available to supplement the applicant funds, whether the applicant has available other sources of funds sufficient to meet its cash requirements.

e. Whether in the light of the evidence adduced pursuant to the foregoing the applicant is financially qualified.

2. To determine whether there is a reasonable possibility that the tower height and location proposed by Adirondack Television Corp. would constitute a menace to air navigation.

3. To determine, with respect to the application of Northeast TV Cablevision Corp.:

a. In view of the fact that Northeast TV Cablevision's cash needs exceed its available funds by approximately $53,300, whether the applicant has available other sources of funds sufficient to meet its cash requirements.

b. Whether, in view of the evidence adduced pursuant to the foregoing, the applicant is financially qualified.

4. To determine which of the proposals would better serve the public interest.

5. To determine, in the light of the evidence adduced pursuant to the foregoing issues, which, if either, of the applications should be granted.

It is further ordered, That the Federal Aviation Agency is made a party to this proceeding with respect to the application of Adirondack Television Corp.

It is further ordered, That, to avail themselves of the opportunity to be heard, the applicants herein, pursuant to § 1.221(c) of the Commission's rules, in person or by attorney, shall within twenty (20) days of the mailing of this order, file with Commission, in triplicate, a written appearance stating an intention to appear on the date fixed for the hearing and present evidence on the issues specified in this order.

It is further ordered, That the applicants herein shall, pursuant to section 311(a)(2) of the Communications Act of 1934, as amended, and § 1.594(a) of the Commission's rules, give notice of the hearing, either individually or, if feasible, jointly, within the time and in the manner prescribed in such rule, and shall advise the Commission of the publication of such notice as required by § 1.594(g) of the rules.

Released: July 5, 1966.

FEDERAL DEPOSIT INSURANCE CORPORATION

INSURED BANKS

Joint Call for Report of Condition

Pursuant to the provisions of section 7(a)(3) of the Federal Deposit Insurance Act each insured bank is required to make a Report of Condition as of the close of business June 30, 1966, to the appropriate agency designated herein, within 10 days after notice that such report shall be made: *Provided,* That if such reporting date is a nonbusiness day for any bank, the preceding business day shall be its reporting date.

Each national bank and each bank in the District of Columbia shall make its original Report of Condition on Office of the Comptroller Form, Call No. 458,[1] and shall send the same to the Comptroller of the Currency, and shall send a signed and attested copy thereof to the Federal Deposit Insurance Corporation. Each insured State bank which is a member of the Federal Reserve System, except a bank in the District of Columbia, shall make its original Report of Condition on Federal Reserve Form 105—Call 180,[1] and shall send the same to the Federal Reserve Bank of the District wherein the bank is located, and shall send a signed and attested copy thereof to the Federal Deposit Insurance Corporation. Each insured State bank not a member of the Federal Reserve System, except a bank in the District of Columbia and a mutual savings bank, shall make its original Report of Condition on FDIC Form 64—Call No. 76,[1] and shall send the same to the Federal Deposit Insurance Corporation.

The original Report of Condition required to be furnished hereunder to the Comptroller of the Currency and the copy thereof required to be furnished to the Federal Deposit Insurance Corporation shall be prepared in accordance with "Instructions for preparation of Reports of Condition by National Banking Associations," dated January 1961, and any amendments thereto.[1] The

FEDERAL HOME LOAN BANK BOARD

[No. 20,051]

CREDIT RESTRICTIONS

Suspension

JULY 1, 1966.

Resolved that the Federal Home Loan Bank Board, upon consideration by it of the advisability of stating and publishing its policy concerning the imposition of credit restrictions on members of the Federal Home Loan Bank System increasing the rate of return on withdrawable accounts on or after July 1, 1966, hereby directs the Secretary to the Board to transmit the following statement, approved by the Board, to the Office of the Federal Register for publication.

SUSPENSION OF CREDIT RESTRICTIONS

Federal Home Loan Bank Board Resolution No. 19,333, dated August 6, 1965, imposes restrictions on the availability of Federal Home Loan Bank credit to member institutions which have increased the rate of return on withdrawable accounts to amounts in excess of the amount set forth in that resolution, as modified. This statement of policy has been supplemented by Board Resolution No. 19,997, dated June 20, 1966 (12 CFR 531.3).

The Board finds that, as a result of conditions prevailing in the economy and the savings and credit markets in which the members of the system operate, the imposition of these credit restrictions on member institutions increasing the rate of return on withdrawable accounts to be paid on or after July 1, 1966, is impracticable and inconsistent with the public interest and these restrictions are hereby suspended effective July 1, 1966.

This action shall not affect any member's status with respect to credit restriction imposed prior to July 1, 1966. Any institution which came under restriction before that date shall continue in such status in accordance with policies heretofore stated by the Board.

By the Federal Home Loan Bank Board.

[SEAL] HARRY W. CAULSEN,
Secretary.

FEDERAL MARITIME COMMISSION

SEA-LAND SERVICE, INC., AND PORTNICA SHIPPING CO., S.A.

Notice of Agreement Filed for Approval

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1321 H Street NW., Room 609; or may inspect agreement at the offices of the District Managers, New York, N.Y., New Orleans, La., and San Francisco, Calif. Comments with reference to an agreement including a request for hearing, if desired, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, within 5 days after publication of this notice in the FEDERAL REGISTER. A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter), and the comments should indicate that this has been done.

Notice of agreement filed for approval by:

Mr. J. Scot Provan, Commerce Attorney, Sea-Land Service, Inc., Post Office Box 1050, Elizabeth, N.J. 07207.

Agreement 9560, between Sea-Land Service, Inc., and Portnica Shipping Co., S.A., proposes the establishment of a through billing arrangement restricted to the transportation of frozen meat and frozen shrimp from ports on the East and West Coasts of Central America to ports in California with transshipment at the port of Balboa, C.Z., in accordance with the terms and conditions set forth in the agreement.

Dated: July 7, 1966.

By order of the Federal Maritime Commission.

THOMAS LISI,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 24D-2728]

BASIC METALS, INC.

Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

JULY 5, 1966.

I. Basic Metals, Inc. (issuer), a Colorado corporation, with offices at 305 Burns Building, Colorado Springs, Colo., filed with the Commission on April 19, 1966, a notification on Form 1-A and an offering circular relating to a public offering of 3 million shares of its 10 cents par value common stock at 10 cents per share for an aggregate of $300,000 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) thereof, and Regulation A promulgated thereunder. Lowry Investments, Inc., Room 418, Mining Exchange Building, Colorado Springs, Colo., is listed as the underwriter of the proposed offering.

The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that:

1. Regulation A is unavailable to the issuer due to the disability imposed by Rules 252(c)(4), 252(d)(2), and 261(a)(5) and (6) in that the Elkton Co., an affiliated issuer, and Lowry Investments, Inc., were named as defendants in a Complaint filed in the U.S. District Court for the District of Colorado on May 23, 1966, alleging violations of sections 5(a), 5(c), and 17(a) of the Securities Act of 1933, as amended, section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 thereunder.

2. The amount of the offering, when computed in accordance with the requirements of Rule 254, exceeds the $300,000 limitation under Regulation A in that sales by Wendel Lowry and/or the Elkton Co., affiliates of the issuer, of unregistered securities of the Elkton Co., in violation of section 5, should be included in computing the ceiling.

3. The issuer failed to furnish the information required by Items 2(b), 3(c), and 8(b) of Form 1-A.

4. The issuer failed to furnish information required by Items 9 (a), (b), and (c) of Form 1-A relating to the sale by affiliates of unregistered securities with-

[1] Filed as part of original document.

in 1 year prior to the filing of the notification.

5. The issuer failed to furnish information required by Item 10 of Form 1–A and failed to furnish exhibits required by Item 11(a) of Form 1–A.

B. The offering would be made in violation of section 17 of the Securities Act of 1933 since the notification and offering circular filed pursuant to Rules 255 and 256 of Regulation A of the general rules and regulations under the Securities Act of 1933, as amended, contain untrue statements of material facts and omits to state material facts necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading, particularly with respect to:

1. The failure to name Wendel E. Lowry, president of Lowry Investments, Inc., as a promoter of the issuer as required by Item 9(a) of Schedule I.

2. The failure to describe all direct and indirect interests of Wendel E. Lowry and/or Lowry Investments, Inc., in the issuer and in material transactions with the issuer within the past 2 years as required by Item 9(c) of Schedule I.

3. The failure to disclose that Lowry Investments, Inc., had advanced approximately $15,000 to the issuer, and that such money would be repaid to an officer and director who in turn would repay Lowry Investments, Inc.

4. The failure to disclose that Lowry Investments, Inc., had an option to purchase 100,000 shares of the issuer's stock.

5. The failure to disclose that H. Allan Lowther and/or the Elkton Co. had executed a subscription for 30,000 shares of the issuer's stock.

6. The representation that the issuer owed an officer and director $10,000 on a note due July 30, 1966, and that the first proceeds from the offering, after expenses, would be used to repay such note.

7. The failure to set forth the speculative features of the offering in a clear and prominent manner under an appropriate heading and in summary form near the forepart of the offering circular.

8. The failure to disclose, accurately and adequately, that the public is to bear the major portion of the financial risk of the issuer's proposed business.

9. The failure to disclose that there is no assurance that sufficient funds can be raised to permit exploratory work of any material nature on the property owned by the company.

10. The failure to disclose that no assurance can be given that commercial ore bodies will be discovered on any properties presently held by the company and if substantially all of the shares being offered are not sold, little or no funds will be available to conduct exploration and development work on the issuer's properties.

11. The failure to discuss the hazards of unpatented mining claims.

12. The failure to disclose the total aggregate amount to be paid the underwriter, officers and directors from proceeds received from the public.

13. The failure to disclose that considerable rehabilitation work and exploration work will be necessary to determine whether the property warrants an extensive underground exploration program.

14. The failure to disclose that any ultimate decision as to the purchase and construction of a mill will depend on whether exploration work results in finding substantial ore bodies.

15. The failure to discuss previous work performed on the issuer's claims and the principal reasons why operations on the claims were discontinued in 1956.

16. The failure to furnish mine maps, and information as to previous production and net smelter values of shipments from issuer's claims.

17. The representation that a 200-ton flotation mill will be purchased and assembled with proceeds received from the public.

18. The failure to disclose that actual economic justification of any mill installation will depend upon finding substantial tonnages of ore that can be mined, milled and marketed at a profit and that there is no assurance at this time that such can be accomplished.

19. The failure to include appropriate financial statements of the issuer in the offering circular.

III. It appearing to the Commission that it is in the public interest and for the protection of investors that the exemption of the issuer under Regulation A be temporarily suspended:

It is ordered, Pursuant to Rule 261(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption of the issuer under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing within 30 days after the entry of this order; that within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission. If no hearing is requested and none is ordered by the Commission, the order shall become permanent on the 30th day after its entry and shall remain in effect unless it is modified or vacated by the Commission.

By the Commission.

[SEAL] ORVAL L. DUBOIS, *Secretary.*

[F.R. Doc. 66–7480; Filed, July 8, 1966; 8:46 a.m.]

[File No. 24NY–6082]

SIDNEY EDEN

Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

JULY 5, 1966.

I. Sidney Eden, as "Lookin' for the Man Co." (issuer), Beverly Hotel, Suite 403, Lexington Avenue and 50th Street, New York, N.Y., filed with the Commission on October 19, 1964, a notification on Form 1–A and exhibits thereto, relating to a proposed offering of $250,000 in limited partnership interests for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3(b) and Regulation A promulgated thereunder. The filing was cleared on January 19, 1965. On January 26, 1965, the issuer amended its notification and offering circular to disclose that M.M.R. Enterprises, Inc. (M.M.R.), had agreed to lend Sidney Eden $15,000 toward production costs. The filing was again cleared on February 19, 1965. Another amendment to the notification with a revised offering circular was filed on August 10, 1965, which disclosed that $7,500 had been advanced as "front money." Supplemental data relative to the August 10, 1965, amendment was requested but not received and subsequent correspondence addressed to Sidney Eden at his last known address has been returned unclaimed. On August 18, 1965, Eden filed a 2–A report which stated that the offering had not yet commenced. Since the latter date many attempts by the staff to locate Sidney Eden have been unsuccessful.

II. The Commission has reasonable cause to believe that:

A. The terms and conditions of Regulation A have not been complied with in that:

1. Issuer failed to disclose in Item 9 of the notification filed on October 19, 1964 and the amendment filed on January 26, 1965, that the issuer had sold certain of its unregistered limited partnership interests during the year prior to filing its notification.

2. The issuer filed a false and misleading 2–A report of sales, dated August 18, 1965, in that it stated in Item 5 therein that subsequent to clearance it sold $7,500 in limited partnership interests as "front money" when such sales took place prior to issuer's original filing date.

3. The issuer has failed to comply with the requirements of Rule 260 of Regulation A in that he failed to file the required report indicating the number of limited partnership interests sold, or still being offered and the purposes for which the proceeds from the offering have been used, which was due in February 1966.

4. The issuer has failed to revise his offering circular as required by Rule 256(e), thereby disclosing his true financial condition, and subsequent material developments.

5. The issuer has failed to comply with Rule 263 in that he failed to inform the Commission that no bona fide effort would be made to sell the securities within the 3-day period after clearance as provided by that rule.

B. The notification and offering circular and amendments thereto filed by the issuer contain untrue statements of material facts and omit to state material facts necessary in order to make the statements made in the light of the circumstances under which they were made, not misleading, particularly with respect to:

1. The failure to state in the original notification and first amendment thereto the true financial condition of the limited partnership in that $7,500 "front money" had been invested by three investors who received limited partnership interests and an override of the general partners profits and that the proceeds therefrom had been expended.

2. The failure to disclose, accurately and adequately, in the amended notification filed August 10, 1965, the true status of a loan agreement, under the terms of which, according to the offering circular, the issuer was to receive $15,000 for production of the play, in that:

a. The loan had been received and a substantial portion thereof spent prior to the amendment filed August 10, 1965.

b. The lender had instituted a lawsuit for money and punitive damages based upon the issuer's alleged fraud and violations of the Securities Act.

C. The issuer has failed to cooperate with the Commission in that:

1. The issuer has not complied with requests to amend its offering circular to conform to the requirements of Regulation A nor has he terminated the offering as requested.

2. Sidney Eden has failed to keep the New York Regional Office informed as to his present address; consequently all attempts to contact him since August 10, 1965, have been unsuccessful.

D. The issuer has engaged in a course of conduct which would operate as a fraud and deceit upon the purchasers of such securities in violation of section 17(a) of the Securities Act of 1933, as amended.

III. It appearing to the Commission that it is in the public interest and for the protection of investors that the exemption under Regulation A be temporarily suspended:

It is ordered, Pursuant to Rule 261(a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing within 30 days after the entry of this order; that within 20 days after receipt of such request the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; that if no hearing is requested and none is ordered by the Commission, this order shall become permanent on the 30th day after its entry and shall remain in effect unless or until it is modified or vacated by the Commission; and that notice of the time and place for any hearing will be promptly given by the Commission.

By the Commission.

MOTOR CARRIER TRANSFER PROCEEDINGS

JULY 6, 1966.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

Finance docket No. 24176. By order of June 30, 1966, the Transfer Board approved the transfer to Raymond International, Inc., New York, N.Y., of the operating rights in the second amended water carrier certificate No. W-101 issued and effective December 24, 1958, to Merritt-Chapman & Scott Corp., New York, N.Y., authorizing the transportation, by non-self-propelled vessels, and by, towing vessels, commodities generally, and other equipment and supplies, serving ports and points on Long Island Sound, Block Island Sound, Naragansett Bay, Providence River, the New York Harbor Area, Boston, Mass., and other specified areas. John Williams, 120 Broadway, New York, N.Y. 10005, attorney for applicants.

No. MC-FC-68589. By order of June 30, 1966, the Transfer Board, on reconsideration, approved the transfer to Billy Bybee and Donald M. Wright, a partnership, doing business as Clinton Cartage Co., Universal, Ind., of certificate No. MC-31002, issued May 9, 1960, to William H. Thomson, doing business as Thomson Truck Line, Clinton, Ind., authorizing the transportation of general commodities, with exceptions, over regular routes, between Terre Haute, Ind., and Dana, Ind., serving all intermediate points and the off-route point of Universal, Ind., and between Terre Haute, Ind., and Clinton, Ind. Subject to a restriction, dual operations were authorized. Ferdinand Born, 601 Chamber of Commerce Building, Indianapolis, Ind., and James P. Savage, 755 Blackman, Clinton, Ind., attorneys for applicants.

No. MC-FC-68743. By order of June 30, 1966, the Transfer Board approved the transfer to Frank A. Cressler, doing business as Cressler's Trucking, Shippensburg, Pa., of the operating rights in certificate No. MC-371, issued August 13, 1941, to G. Raymond Fogelsonger, doing business as Fogelsonger's Highway Express, Shippensburg, Pa., authorizing transportation, over irregular routes, of new clothing, new furniture and machinery, canned goods, poultry, agricultural commodities, tomato plants, tomatoes, fertilizer, groceries, fresh fruits and vegetables, paint varnish, lacquer, paper, machinery parts and materials, tin cans, and household goods from, to, and between Shippensburg and other named points and places in Pennsylvania, on the one hand, and, on the other, points in Maryland, Delaware, New Jersey, New York, Ohio, and the District of Columbia, varying as to the above commodities and origins and destinations. James W. Hagar, Commerce Building, Harrisburg, Pa. 17108, attorney for applicants.

No. MC-FC-68768. By order of June 30, 1966, the Transfer Board approved the transfer to Bellevue Trucking Corp., Holland, Ohio, of a portion of the operating rights in certificate No. MC-112030 (Sub-No. 12), issued October 10, 1962, to

Paul W. Wills, Inc., Cleveland, Ohio, authorizing the transportation of: Sand, gravel, earth, building blocks, crushed stone, and roadbuilding materials, except cement, from points in a specified part of Michigan to points in a specified part of Ohio; and, stone, building blocks, mortar, cinders, brick, vitrified clay tile, agricultural lime, and roadbuilding materials, except cement, from points in Lucas County, Ohio, to points in Lenawee and Monroe Counties, Mich. Paul F. Beery, 100 East Broad Street, Columbus, Ohio 43215, attorney for applicants.

No. MC-FC-68856. By order of June 30, 1966, the Transfer Board approved the transfer to Homer Bennett Trucking Co., Inc., Clovis, N. Mex., of the operating rights of Homer Bennett, doing business as Homer Bennett Trucking Company, Clovis, N. Mex., in certificates Nos. MC-109599 (Sub-No. 1) and MC-109599 (Sub-No. 3), issued January 12, 1960, and October 19, 1964, respectively, authorizing the transportation, over irregular routes, of retired railway cars, from the facilities of the Atchison, Topeka & Santa Fe Railway at Clovis, N. Mex., to points in a described portion of Texas. Lyle Walker, 113 East Grand Avenue, Post Office Box 182, Clovis, N. Mex. 88101, attorney for applicants.

No. MC-FC-68888. By order of June 30, 1966, the Transfer Board approved the transfer to Beasley's Hot Shot Service, Inc., 1102 South Lake Street, Post Office Box 1976, Farmington, N. Mex. 87401, of the operating rights of B. Beasley, doing business as Beasley's Hot Shot Service, 1102 South Lake Street, Post Office Box 1976, Farmington, N. Mex. 87401, in certificates Nos. MC-117169 (Sub-No. 1) and MC-117169 (Sub-No. 3), issued March 13, 1959, and December 23, 1963, respectively, authorizing the transportation, over irregular routes, of oilfield tools, equipment, and supplies, with each individual shipment restricted to not more than 5,500 pounds, between points in San Juan County, N. Mex., on the one hand, and, on the other, points in San Juan and Grand Counties, Utah, and Montezuma, La Plata, Archuleta, Dolores, San Miguel, Montrose, and Mesa Counties, Colo., and of oilfield tools, equipment, and supplies, used in replacing, servicing or repairing machinery and equipment, and sucker rods used in connection with the discovery, development and production of natural gas and petroleum and their products and by-products, between points in San Juan County, N. Mex., on the one hand, and, on the other, points in Arizona, Colorado, Nevada, Utah, and that part of Wyoming on and south of U.S. Highway 26.

No. MC-FC-68893. By order of June 30, 1966, the Transfer Board approved the transfer to Mercer Transportation, Inc., Great Barrington, Mass., of certificate in No. MC-45606, issued August 17, 1956, to Pauline M. Mercer, Stanley A. Mercer, Frederick J. Mercer, and Wesley J. Mercer, a partnership, doing business as Mercer Construction Co., Great Barrington, Mass., authorizing the transportation, over irregular routes, of building materials and machinery, between points in Berkshire County, Mass., on the one hand, and, on the other, points in that part of Connecticut and New York, within 100 miles of Berkshire County, Mass.; and lime and limestone products, from points in Berkshire County, Mass., to points in Connecticut and New York. James E. Hannon, 47 Main Street, Lee, Mass., attorney for applicants.

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

JULY 6, 1966.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules in Ex Parte No. MC 67 (49 CFR Part 240), published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protest must be served on the applicant, or its authorized representative, if any, and the protest must certify that such service has been made. The protest must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six (6) copies.

A copy of the application is on file, and can be examined, at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the field office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 76065 (Sub-No. 13 TA), filed July 1, 1966. Applicant: EHRLICH-NEWMARK TRUCKING CO., INC., 248 West 35th Street, New York, N.Y. Applicant's representative: Martin Werner, 2 West 45th Street, New York, N.Y. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Wearing apparel* on hangers, and *materials and supplies* for the manufacture of wearing apparel when moving on the same vehicle and at the same time with wearing apparel on hangers, from Laurel, Del., to Federalsburg, Md., for 150 days. Supporting shipper: United Togs, Inc., 27-01 Bridge Plaza North, Long Island City, N.Y. Send protests to: Paul W. Assenza, District Supervisor, Bureau of Operations and Compliance, Interstate Commerce Commission, 346 Broadway, New York, N.Y. 10013.

No. MC 107002 (Sub-No. 318 TA), filed July 1, 1966. Applicant: HEARIN-MILLER TRANSPORTERS, INC., W. S.

Highway 80 West, Post Office Box 1123, Jackson, Miss. 39205. Applicant's representative: D. D. Kennedy, Post Office Box 1123, Jackson, Miss. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Water emulsion floor polish*, in bulk, in tank vehicles, from New Orleans, La., to Dallas, Tex., for 180 days. Supporting shipper: Reily Chemical Co., Post Office Box 50372, New Orleans, La. 70150. Send protests to: Floyd A. Johnson, District Supervisor, Bureau of Operations and Compliance, Interstate Commerce Commission, 320 U.S. Post Office Building, Jackson, Miss. 39021.

No. MC 111941 (Sub-No. 10 TA), filed July 1, 1966. Applicant: PIERCETON TRUCKING COMPANY, INC., Post Office Box 97, Laketon, Ind. Applicant's representative: Alki E. Scopelitis, Smith & Smith, Attorneys at Law, Suite 511, Fidelity Building, Indianapolis, Ind. 46204. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Precast and prestressed concrete products*, from Indianapolis, Ind., to Springfield, Dayton, Cincinnati, Cleveland, and Sandusky, Ohio, Robinson, and Mapleton, Ill., Newport, Ky., and St. Louis, Mo., for 180 days. Supporting shipper: American Precast Concrete, Inc., division of Ready Mixed Concrete Corp., 1030 South Kitley Avenue, Indianapolis, Ind. Send protests to: Heber Dixon, District Supervisor, Bureau of Operations and Compliance, Interstate Commerce Commission, 308 Federal Building, Fort Wayne, Ind. 46802.

No. MC 124078 (Sub-No. 234 TA), filed July 1, 1966. Applicant: SCHWERMAN TRUCKING CO., 611 South 28th Street, Milwaukee, Wis. 53246. Applicant's representative: Richard H. Prevette (same address as above). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Fly ash*, in bulk, from New Holland, Ohio to the construction site of Deer Creek Reservoir located approximately 10 miles from New Holland, with a prior movement by rail from Chicago, Ill., for 150 days. Supporting shipper: Chicago Fly Ash Co., 3525 West Peterson Avenue, Chicago, Ill. 60645, Chester J. Dick, traffic manager. Send protests to: W. F. Sibbald, Jr., District Supervisor, Bureau of Operations and Compliance, Interstate Commerce Commission, 108 West Wells Street, Room 511, Milwaukee, Wis. 53203.

No. MC 125717 (Sub-No. 8 TA), filed July 1, 1966. Applicant: NORMAN JOSEPH CHOPLIN, doing business as JOE CHOPLIN, 1301 North Spring, Independence, Mo. 64050. Applicant's representative: Frank W. Taylor, Jr., 1221 Baltimore Avenue, Kansas City, Mo. 64105. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Dairy replacement products*, from Kansas City, Mo., to Mason City, Sioux City, and Iowa City, Iowa, and Worthington and Mankato, Minn., for 150 days. Supporting shipper: Presto Food Products, Inc., 1602 Forest, Kanass City, Mo. 64108. Send protests to: B. J. Schreier, District Supervisor, Bureau of Operations and Compliance, Interstate Commerce Commission, 1100 Federal Office Building, 911 Walnut Street, Kansas City, Mo. 64106.

No. MC 127806 (Sub-No. 3 TA), filed July 1, 1966. Applicant: BEER TRANSPORT, INC., 88 River Street, Bridgeport, Conn. Applicant's representative: Bowes & Milliner, 1060 Broad Street, Newark, N.J. Authority sought to operate as a *contract carrier*, by motor vehicle, over irregular routes, transporting: *Malt beverages* in containers (other than in bulk, in tank vehicles) and *advertising materials and displays*, for the account of C. Carbone & Co., Inc., from the plantsites of Rheingold Breweries, Inc., in New York, N.Y., and Orange, N.J., to West Hartford, Willimantic, Fairfield, Norwalk, and Torrington, Conn. NOTE: Applicant states it is currently authorized to provide this service under temporary authority MC 127806, Sub 1 TA for the account of Rheingold Breweries, Inc. This application seeks to substitute C. Carbone & Co., Inc., as the shipper and eliminate Rheingold Breweries, Inc., for 180 days. Supporting shippers: Rheingold Breweries, Inc., 36 Forrest Street, Brooklyn, N.Y. 11206; C. Carbone & Co., Inc., 623 Somerville Avenue, Somerville, Mass. 02143. Send protests to: David J. Kiernan, District Supervisor, Bureau of Operations and Compliance, Interstate Commerce Commission, 324 U.S. Post Office Building, 135 High Street, Hartford, Conn. 06101.

No. MC 128363 TA, filed July 1, 1966. Applicant: ROY E. VAUGHN, 110 Cross Street, Erwin, Tenn. 37650. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, restricted to traffic having an immediate prior or subsequent movement by air, between Erwin, Tenn., and Tri-City Airport, near Bristol, Tenn., from Erwin, over US Highway 23 through Johnson City, Tenn., to junction of State highway, thence over State highway to Tri-City Airport, return over the same route, serving no intermediate points, for 180 days. Supporting shippers: Nuclear Fuel Services, Inc., Erwin, Tenn. 37650; Clinchfield Railroad Co., Erwin, Tenn. 37650; Hoover Ball Division, Erwin, Tenn. 37650; Morrill Electric, Inc., Erwin, Tenn. 37650; National Casket Co., Inc., Erwin, Tenn. 37650; the Erwin Record, Inc., Erwin, Tenn. 37650; Industrial Garment Manufacturing Co., Erwin, Tenn. 37650. Send protests to: J. E. Gamble, District Supervisor, Bureau of Operations and Compliance, Interstate Commerce Commission, 706 U.S. Courthouse, Nashville, Tenn. 37203.

By the Commission.

FEDERAL POWER COMMISSION

[Docket No. RI66-421]

CITIES' SERVICE OIL CO.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund

JUNE 29, 1966.

On May 31, 1966, Cities Service Oil Co. (Cities Service)[1] tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are designated as follows:

[1] Address is: Bartlesville, Okla. 74003.

APPENDIX A

Docket No.	Respondent	Rate schedule No.	Supplement No.	Purchaser and producing area	Amount of annual increase	Date filing tendered	Effective date unless suspended	Date suspended until	Cents per Mcf: Rate in effect	Cents per Mcf: Proposed increased rate	Rate in effect subject to refund in docket Nos.
RI66-421	Cities Service Oil Co., Bartlesville, Okla. 74003.	114	9	Phillips Petroleum Co.[2] (West Panhandle Field, Gray County, Tex.) (R.R. District No. 10).	$51	5-31-66	[3] 7-1-66	[3] 7-2-66	[4] 11.0	[5][6][7] 12.9487

	do	116	9	do.[10]	74	5-31-66	[3] 7-1-66	[3] 7-2-66	[4] 11.0	[5][6][7] 12.9487	
	do	117	11	do.[10]	776	5-31-66	[3] 7-1-66	[3] 7-2-66	[4] 11.0	[5][6][7] 12.9487	
	do	118	9	do.[10]	300	5-31-66	[3] 7-1-66	[3] 7-2-66	[4] 11.0	[5][6][7] 12.9487	
	do	119	9	do.[10]	559	5-31-66	[3] 7-1-66	[3] 7-2-66	[4] 11.0	[5][6][7] 12.9487	

[2] Phillips gathers and processes the gas in its Gray Gasoline Plant and resells the residue gas to Northern Natural Gas Co. under its FPC Gas Rate Schedule No. 262 at a present effective rate of 18.93 cents per Mcf which is subject to refund in Docket No. RI60-218.
[3] The stated effective date is the effective date requested by Respondent.
[4] The suspension period is limited to 1 day.
[5] Redetermined rate increase.
[6] Pressure base is 14.65 p.s.i.a.
[7] Subject to a deduction of 0.5 cent per Mcf for sour gas.
[8] Increase based on weighted average price of 12.9487 cents for sweet gas in the Panhandle Field as determined by Texas Railroad Commission (sour gas is 0.5 cent less).
[9] Settlement rate per Commission companywide settlement order issued Dec. 26, 1962, in Docket Nos. G-9510, et al. Moratorium expired Apr. 1, 1965.
[10] Phillips gathers and processes the gas in its Dumas Gasoline Plant and resells the residue gas to El Paso Natural Gas Co. under its FPC Gas Rate Schedule No. 32 at a present effective rate of 19.76325 cents which is subject to refund in Docket No. G-20403.

APPENDIX A

Cities Service's proposed rate increases are for wellhead sales of gas to Phillips Petroleum Co. (Phillips) who gathers and processes the gas and resells the residue gas after processing to interstate pipeline companies. Phillips' resale rates are in effect subject to refund. Cities Service's proposed increased rates exceed the area increased rate ceiling even though such ceiling is applicable to Phillips' resale rate, not Cities Service's rate. Since Phillips' resale rates are in effect subject to refund, we conclude that Cities Service's proposed rates should be suspended for one day from July 1, 1966, the proposed effective date.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the proposed changes, and that the above-designated supplements be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Chapter I), a public hearing shall be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in the above-designated supplements.

(B) Pending a hearing and decision thereon, the above-designated rate supplements are hereby suspended and the use thereof deferred until July 2, 1966, and thereafter until such further time as they are made effective in the manner prescribed by the Natural Gas Act: *Provided, however,* That the supplements to the rate schedules filed by Cities Service, as set forth herein, shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order, Cities Service shall execute and file under Docket No. RI66-421, with the Secretary of the Commission, its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of a copy thereof upon the purchasers under the rate schedules involved. Unless Cities Service is advised to the contrary within 15 days from the filing of its agreement and undertaking, such agreement and undertaking shall be deemed to have been accepted.

(C) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before August 15, 1966.

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[F.R. Doc. 66-7430; Filed, July 8, 1966; 8:45 a.m.]

[Docket Nos. RI66-422, etc.]

CITIES SERVICE OIL CO. (OPERATOR), ET AL.

Order Providing for Hearings on and Suspension of Proposed Changes in Rates [1]

JUNE 29, 1966.

The Respondents named herein have filed proposed increased rates and charges of currently effective rate schedules for sales of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act.

(C) Until otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f) on or before August 15, 1966.

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[1] Does not consolidate for hearing or dispose of the several matters herein.

[8] Periodic rate increase.
[9] The stated effective date is the 1st day after expiration of the statutory notice.
[10] Union is successor to the Pure Oil Co. Rate shown is settlement rate under Pure's companywide settlement in Docket No. G-16790, et al. Settlement order issued Nov. 27, 1962. Moratorium expired Mar. 1, 1966.
[11] Periodic rate increase. Initial price under the contract is 17 cents. Respondent is filing for the first contractually due increased rate.
[12] "Fractured" rate increase. Respondent is fracturing initial contract rate of 19.5 cents and filing to the 17.9 cents ceiling rate under 10th amendment to general policy statement No. 61-1.
[13] Subject to upward and downward B.t.u. adjustment.
[14] "Fractured" rate increase. Respondent is contractually due a periodic increase to 22.2 cents per Mcf plus 1.75 cents tax reimbursement.
[15] Pressure base is 15.025 p.s.i.a.
[16] Includes 1.75 cents per Mcf tax reimbursement.
[17] Settlement rate as approved by Commission order issued June 28, 1962, in Docket No. RI60-92, et al.

APPENDIX A

Union Oil Company of California (Union Oil) requests that its proposed rate increase be permitted to become effective on July 1, 1966. Good cause has not been shown for waiving the 30-day notice requirement provided in section 4(d) of the Natural Gas Act to permit an earlier effective date for Union Oil's rate filing and such request is denied.

All of the producers' proposed increased rates and charges exceed the applicable area price levels for increased rates as set forth in the Commission's statement of general policy No. 61-1, as amended (18 CFR Ch. I, Pt. 2, § 2.56).

[Docket Nos. RI66-419, etc.]

PHILLIPS PETROLEUM CO. (OPERATOR) ET AL.

Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

JUNE 29, 1966.

The Respondents named herein have filed proposed changes in rates and charges of currently effective rate schedules for sales of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplements to the rate schedules filed by Respondents, as set forth herein, shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondents shall each execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved. Unless Respondents are advised to the contrary within 15 days after the filing of their respective agreements and undertakings, such agreements and undertakings shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before August 15, 1966.

By the Commission.

[SEAL] JOSEPH H. GUTRIDE, *Secretary.*

[1] Does not consolidate for hearing or dispose of the several matters herein.

APPENDIX A

Docket No.	Respondent	Rate schedule No.	Supplement No.	Purchaser and producing area	Amount of annual increase	Date filing tendered	Effective date unless suspended	Date suspended until—	Cents per Mcf: Rate in effect	Cents per Mcf: Proposed increased rate	Rate in effect subject to refund in docket Nos.
RI66-419	Phillips Petroleum Co. (Operator), Bartlesville, Okla. 74004, Attn.: Mr. W. B. Gaul.	381	[3] 1	Northern Natural Gas Co. (Azalea Area (Azalea Plant), Midland County, Tex.) (R.R. District No. 8) (Permian Basin Area).	$48,593	5-27-66	[4] 7-1-66	[5] 7-2-66	16.0	[6] [7] 16.93	
	Phillips Petroleum Co. (Operator).	386	[3] 2	Northern Natural Gas Co. (Benedum-Stiles Area (Benedum Plant), Upton County, Tex.) (R.R. District No. 7-c) (Permian Basin Area).	5,110	5-27-66	[4] 7-1-66	[5] 7-2-66	16.0	[6] [7] 16.56	
RI66-420	Phillips Petroleum Co.	387	[3] 3	Northern Natural Gas Co. (Hunt-Baggett Area, Crockett County, Tex.) (R.R. District No. 7-c) (Permian Basin Area).	676	5-27-66	[4] 7-1-66	[5] 7-2-66	16.0	[6] [7] 16.40	

[3] Applicable only to that portion of total residue volume sold under this rate schedule that is derived from "new" gas-well gas.
[4] Buyer and seller have submitted rate schedule quality statements showing that the gas does not meet the quality standards prescribed in Opinion Nos. 468 and 468-A. Buyer and seller do not agree on treating cost.
[4] The stated effective date is the contractually provided effective date.
[5] The suspension period is limited to 1 day.
[6] "Fractured" rate increase, contract provides for 17 cents per Mcf rate effective as of July 1, 1966.
[7] Pressure base is 14.65 p.s.i.a.

APPENDIX A

Phillips Petroleum Co. (Operator) and Phillips Petroleum Co. (both referred to herein as Phillips) propose three "fractured" rate increases, amounting to $54,379 annually, involving sales of residue gas derived from "new" gas-well gas to Northern Natural Gas Co. (Northern) in the Permian Basin area of Texas. The proposed increased rates range from 16.40 to 16.93 cents and are applicable only to that portion of total residue volume sold under the rate schedules that is derived from "new" gas-well gas. The increased rates proposed by Phillips are all equal to the area ceiling rates as proposed by Phillips in its quality statements except that Phillips does not apply offsetting credits for B.t.u.'s between 1,000 and 1,050 and delivery pressure in excess of 500 p.s.i.g. in determining such rates, because of the disallowance of such credits by the Commission.

In response to the Permian Basin Opinions, Phillips and Northern have submitted separate quality statements for each of the three rate schedules involved herein because of disagreements with respect to dehydration cost and offsetting credits for B.t.u.'s between 1,000 and 1,050 and for delivery pressure about 500 p.s.i.g. on the part of Phillips.

Since the proposed rates may exceed the applicable area ceiling rates, we conclude that Phillips' proposed rate increases should be suspended for 1 day from July 1, 1966, the contractually provided effective date, as herein ordered.
