Talk recording: Skype vs. Zencastr

Recording: Skype and Skype Recorder for Talks

Zencastr for Talks

The screenshot shows the Zencastr dashboard in a Google Chrome browser window. The browser title is "Zencastr - Google Chrome" and the address bar shows "https://zencastr.com/dashboard". The user is logged in as "Sebastian". The dashboard features a navigation bar with "Zencastr", "Blog", "Support", "Dashboard", "Account", and "Logout". The main content area includes a "You are ready" section with a "Create New Episode" button, a "Plan Usage (Hobbyist)" section with "Postproduction Credits" (0.00h available) and an "Add Credits" button, and a "Connected Cloud Drive" section showing Dropbox usage (7.52 GB total, 3.51 GB used, 4.01 GB free) and a "Disconnect" link. A vertical "Feedback" button is on the left side.

The screenshot shows the Podigee Podcast Hosting website. The main heading is "Get started for free or go pro with one of our paid plans". Below this, there are four pricing plans:

Plan Name	Price	Audio Hours / Month	Support
BEDROOM	Free	1 hour	72 hour email support
CARAGE	8€	2 hours	48 hour email support
INDIE	18€	8 hours	24 hour email support
ROCKSTAR	30€	16 hours	12 hour email support

Each plan also lists whether it is billed annually or month-to-month and includes "Advanced statistics".

The screenshot shows the WordPress admin interface for editing a podcast episode. The episode title is "WikiStammtisch Episode 0023 bei der Subscribe8". The content area shows a video player for "Subscribe 8" and the following text:

WikiStammtisch bei der Subscribe8

Sebastian Wallroth war auf der Podcaster-Konferenz [Subscribe 8](#) in München um sein Wissen zu erweitern und um interessante Menschen kennen zu lernen.

Beides hat gut geklappt.

In der Konferenz-Lounge war ein kleines Studio aufgebaut. Sebastian schnappte sich spontan ein paar Leute, und lud sie zu einer Episode WikiStammtisch ein. Alle angesprochenen waren sich sicher, nicht viel zur

Wortanzahl: 155
