

Utah

Utah

PRODUCE AND CONSERVE

Patriotic citizens must
Resolutely take every
Oppportunity to
Develop to an
Unusual degree the
Crop capacity of
Every acre now cultivated.

Moreover, they must,
On all sides, increase the
acreaage now
Receiving cultivation.
Every farmer

The Utah Agricultural College, representing the State and the United States Department of Agriculture, is utilizing a large part of its Student Body, its Regular Teaching and Experimental Force, as well as its Extension Division, to the end that Utah, as always in the past, may do more than its full duty in the present critical agricultural and food situation.

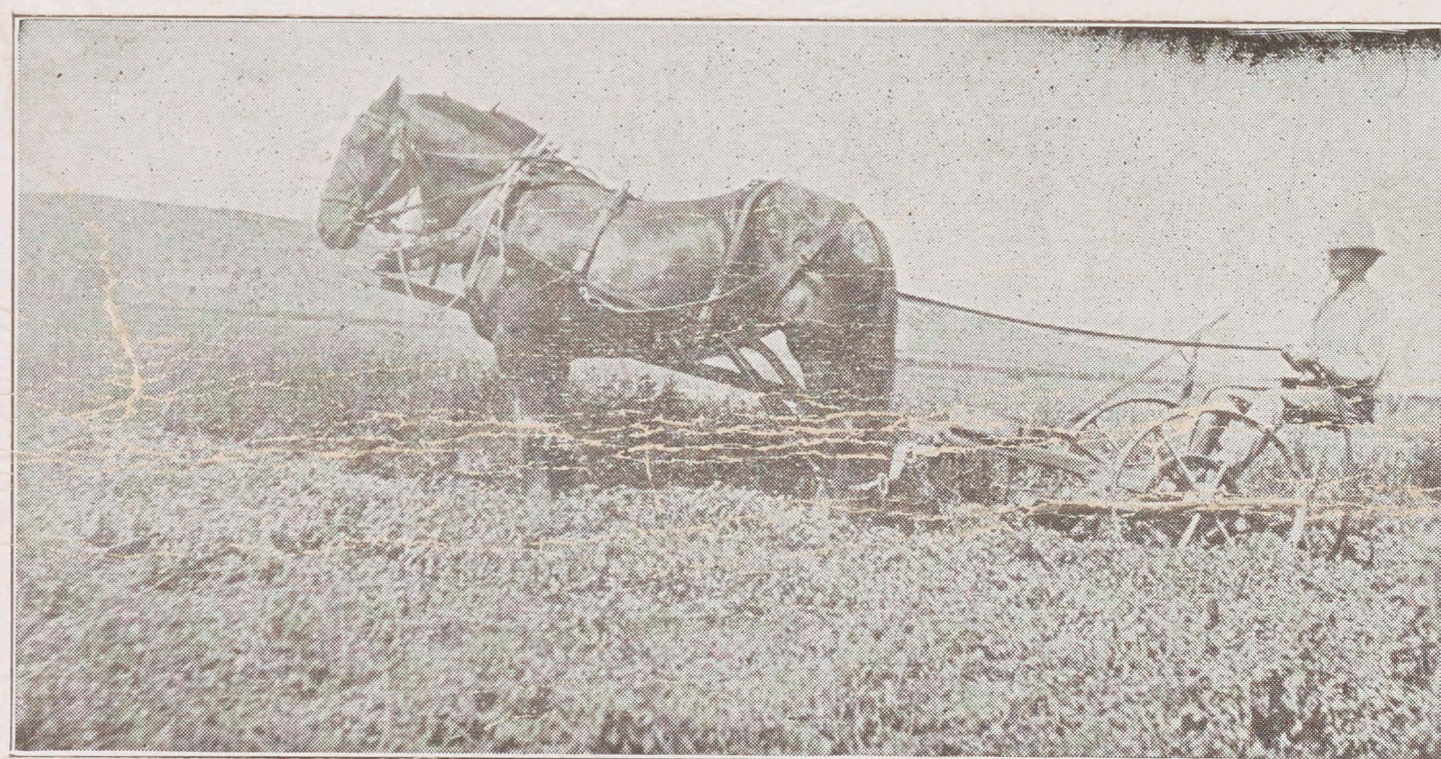

And livestock raiser, as
Never before, must
Develop animal production.

Unusual economy must
Serve to
Extend our present food
supply.

Let waste be crime!
Each must
Shoulder his part of the
responsibility for
Supplying food for the
world.

Raise Hogs!

Increase the Production of Every Acre

Full Information Regarding the Movement Toward Agricultural Preparedness will be Furnished, Upon Application, by the EXTENSION DIVISION OF THE UTAH AGRICULTURAL COLLEGE, LOGAN, UTAH
