

A PIPE DREAM

A. M. BROOKS IS NOT GUILTY— SUPERINTENDENT WHITE MAKES EXPLANATION

The following item appeared in the Glendale Evening News Friday, March 5th: "Trustee Todd was ordered to request Mr. A. M. Brooks to return a quantity of water pipe which he had removed from the school property."

The following is an explanation:

Glendale, Cal., Mar. 7, 1915.

On Thursday evening of last week I represented to the Glendale city school board that Mr. A. M. Brooks had taken a quantity of water pipe from the school grounds which did not belong to him. Upon my statement of the case to the board, they passed a resolution ordering Secretary Todd to request Mr. Brooks to return the (above) pipe.

I found later upon investigation that I had based my representation on unreliable information and that Mr. Brooks was entirely free from any blame or censure whatsoever, and it is my desire to fully exonerate and clear him of any stigma which has come through my presentation of the case.

RICHARDSON D. WHITE.

Mr. Brooks accepts the above apology. The following are the facts related above:

Feb. 18th A. M. Brooks bought the Chase house, 224 South Kenwood street; the trees, water and sewer pipes, shed and fence. Feb. 23 Mr. John Todd, secretary of the school board, gave Mr. Brooks a receipt bill of sale, which enumerates the above items included in the sale. During the past ten days Mr. Brooks has been removing his property from the school grounds. Supt. White got an impression that Mr. Brooks had taken a few more feet of water pipe than he had purchased and paid for. Thus Mr. White cheerfully makes the correction as published above.

TROPICO

Mrs. Delia Haggood entertained today with a dinner party at her home on Tropicco avenue, complimentary to her mother-in-law, Mrs. Salome H. Haggood of Boston, Mass., who is spending the winter in Tropicco as the guest of Mrs. Delia Haggood. The honoree of this charming dinner party, surrounded by her merry guests thus celebrated her ninety-first anniversary and is as hale and cheery as though she were but sixty. Those who assisted in rendering the anniversary of this venerable woman one of pleasure and happiness, and also afforded a felicitous day for Mrs. Delia Haggood were Mrs. William Tiffany, Mrs. George Peck, Mrs. Burt Burlingham, Mrs. William W. Dutton, Mrs. Stella Spear and Katherine Spear. There were five generations represented at this happy celebration, winsome Katherine Spear being the great, great grand-daughter of Mrs. Salome Haggood.

One of the most charming social events recently was the dinner party with which Mrs. Frank E. Peters entertained at her home on Glendale avenue commemorating her birthday anniversary. Springlike in all of its appointments, with myriads of fragrant violets used in decorating the rooms, the affair was most charming. A low bowl overflowing with these fragrant blossoms centered the table. Seated with the gracious hostess were her mother, Mrs. Molliere, Mr. Frank E. Peters, Mr. and Mrs. George Lunn, Mr. and Mrs. Hal H. Davenport, Mr. and Mrs. Thomas Gaither, Mrs. A. Hawn, Miss Blanche Davenport and Allen Davenport, Ernest De Ville of Los Angeles and Victor Molliere of Monrovia.

Mrs. Mae Benner entertained with a party at her home on Victor Court this afternoon in honor of the ninth anniversary of her daughter, Violet Benner. A number of Miss Violet's schoolmates were thus made happy in celebrating her anniversary.

After a most delightful visit of several weeks as the guest of her sister, Mrs. W. A. Hough of North Central avenue, Mrs. Willbanks returned to her home in Illinois Sunday evening, stopping enroute to visit in San Jose and San Francisco.

Eustace Benton Moore, Jr., who has been ill the past few days at the home of his parents, Mr. and Mrs. Eustace B. Moore on Blanche avenue, is reported as convalescing.

The cabinet meeting of the Epworth League of the Tropicco Methodist church was postponed from Monday evening, March 8, until Monday, March 15, and will be held in the auditorium of the church.

Twelve or more of the girls of the Philathea class of the Tropicco Methodist church will attend the banquet

BOOKMEN'S CONVENTION

GLENDALE ADVENTISTS ARE AMONG THOSE IN SESSION AT MOUNTAIN VIEW

MOUNTAIN VIEW, March 6—Elder and Mrs. D. D. Fitch, Mr. and Mrs. Clyde Lowry, and Ernest Lloyd, all of Glendale, are attending the Bookmen's convention now in session here. This is held biennially. Tract society secretaries and bookmen from the entire western half of the continent, and leading men of the denomination from Washington, D. C., and other parts of the East, as well as Canada, are in attendance. Elder E. E. Andross of Glendale, president of the Pacific Union conference, is expected here next Monday morning.

Elder and Mrs. Fitch will soon go to Porto Rico, where he will engage in evangelical work. Mr. Lowry is secretary of the Southern and South-eastern California Tract societies, and Mr. Lloyd is missionary secretary for the Pacific Union conference.

Elder W. W. Eastman, assistant secretary of the publishing department of the General or World conference, with headquarters in Washington, D. C., spoke at the Seventh Day Adventist church here this morning. Delegates crowded the building to its capacity. He said that "the Bible and the message it carries will go to every part of the world in spite of war, drought, cyclones, political campaigns, or other agencies which might be expected to hinder its circulation."

Elder Eastman said the 2000 colporteurs of the denomination are reaching 31,200,000 persons every year, besides all the preachers reach. He said it is impossible for any man to comprehend the tremendous impetus the Seventh Day Adventist movement has acquired. The denomination has been in existence in an organized form only 52 years, yet it has foreign missionaries now at work in most of the countries of the world. Seventh Day Adventist churches in the United States and Canada contributed for foreign missions during the last quarter of 1914 \$3.96 per capita, according to the statistical report which has just come to hand. This is the largest amount ever contributed for any quarter since the denomination was organized. It is also far in excess of per capita contributions by all other Protestant denominations in the world. Other offerings and tithes paid in North America during the quarter brought the total per capita contributions up to \$11.37. In the North American division 2,065 were baptized during the last quarter of 1914 as against 1,127 during the last quarter of 1913.

Six missionaries, soon to sail for foreign fields, are attending the convention, to which delegates have come from all parts of the United States and Canada. They are Elder and Mrs. D. D. Fitch of Glendale, Mr. and Mrs. Brownie Owen of Loma Linda, and Mr. and Mrs. Clarence Hall of Mountain View. Mr. Owen arrived Friday and Mrs. Owen is expected in a few days.

Mr. and Mrs. Owen and Mr. and Mrs. Hall will sail March 20, if arrangements can be made. Mr. Owen will take charge of the printing office of the denomination in Seoul, Korea, and Mr. Hall of the one in Tokyo, Japan. Mr. Owen is a son of Elder R. S. Owen of San Diego, at one time president of Healdsburg college, which now has been succeeded by Pacific Union college of St. Helena. Mr. Hall is a brother of H. H. Hall, manager of the book department of the Pacific Press Publishing association, here.

Elder A. O. Tait, editor of the Signs of the Times Weekly, gave a stereopticon lecture in the assembly hall here tonight on "Simple Astronomy and the Power of God." Elder N. Z. Town, secretary of the publishing department of the denomination, spoke at the church last night.

D. A. R. MEETING

The General Richard Gridley chapter D. A. R. will hold its regular monthly meeting at the home of Mrs. H. A. LaGross, 301 North Louise street, on Wednesday afternoon at 2 o'clock. The regent, Mrs. Gridley-Brady, will preside. A very attractive program will be given. Mrs. Sarber of Hollywood will give a paper that will delight and surprise the members.

All are invited to be present at the meeting and bring their sewing if they have any article to make for the "All Night and Day Nursery," or any donations for the maternity hospital.

This evening to be given in the Baptist church of Glendale, by the Philathea girls of Glendale.

THE BOARD OF TRUSTEES HOLD BUSY SESSION

CITY ATTORNEY REPORTS RESULT OF INVESTIGATION OF TELEPHONE CONTROVERSY—INDUSTRIAL DISTRICT QUESTION IS AGAIN UP FOR DISCUSSION—MUCH OTHER BUSINESS DISPOSED OF BY THE BOARD

The regular meeting of the board of trustees of the city of Glendale was held in the city hall Monday evening, March 8th, 1915. Present: O. A. Lane, president of the board, and Trustees Charles Grist, J. S. Thompson, A. W. Tower and George Williams. Also present: T. W. Watson, city manager; J. C. Sherer, city clerk; W. E. Evans, city attorney; H. B. Lynch, manager of the public service department; G. B. Hoffman, city treasurer, and G. H. Herald, city marshal.

The minutes of the preceding meeting were read and after a few minor changes were adopted as read.

A communication was read in which F. Searl protested against the construction of a steel bridge on Canada boulevard; the reason for the protest being that a bridge would be of no benefit to the protestant. The communication was referred to the city engineer.

A report from Health Officer R. E. Chase stated that in the past month there had been four cases of diphtheria and one case of measles, and he had found it necessary to fumigate one house. The report was received and ordered placed on file.

Messrs. Pirtle & Walker made application for the installing of a gasoline supply station on South Kenwood street about sixty-five feet south of Broadway. The communication was referred to the city manager.

William Kinser made application for a permit to do street improvement work by private contract on Lincoln place. The permit was granted.

A communication was read from City Attorney W. E. Evans, explaining concerning the installation of a Sunset telephone in the residence of Dr. C. A. Burrows at 218 South Jackson street. The communication was as follows:

At your last meeting you referred to me the complaint of Dr. Burrows against the Pacific Telephone and Telegraph company for failing to install a telephone at his residence, he having made application several months ago and paid the usual deposit of \$5 for same.

This was the second complaint received from Dr. Burrows and the second time it was referred to me for investigation. In response to my communication addressed to it in regard to this matter upon the first complaint of Dr. Burrows, Mr. Deal, manager of the company at Glendale, appeared before the board and stated in substance that their lines were overcrowded in that vicinity, which had necessitated the delay, but that he hoped to be able to install the service soon thereafter.

Since this matter was referred to me on last Monday evening Mr. Deal called me over the telephone and said that a customer located near Dr. Burrows was moving out, and that he would be able to give Dr. Burrows the advantage of this moving, and that in all probability a phone would be installed by Monday, the 8th. I have not heard as to whether or not it has been done.

I have been making some investigation as to the duty of the board of trustees in regard to this and similar matters, as per your request at the last meeting, and I find that there are quite a number of cases in different sections similar to that of Dr. Burrows, apparently for the reason that such sections are settling up so rapidly that it is hard for the telephone company to keep up with the line of progress; that is, it seems to be difficult for the telephone company to install phones as fast as the people move in and call for them.

The board of trustees have not the power under the law to enforce any regulation against the telephone company in such cases, that being within the jurisdiction of the railroad commission under the public utilities act of the state of California. Of course it would be the duty of the board to cause such action to be taken if, in their opinion, such action is warranted under all the conditions. It would be proper also to take action under each separate and independent case as the railroad commission could not make a general rule which would be equitable and right in all cases. Or seems to be the theory of the railroad commission as indicated by a letter I have just received from their attorney.

I feel sure from what Mr. Deal said, that Dr. Burrows phone will be installed at once. If, however, it is not done, I will make personal investigation of the surrounding conditions and report to the board later, and recommend the board as to whether or not in my opinion you should institute any action. Of

course it will be understood in any such case that the individual making such application has a perfect right to apply to the Railroad Commission himself for relief.

As to the matter of the custom of the telephone company in requiring applicant in certain cases to put up \$5 deposit, will say that I am apprised that the Railroad Commission has now pending before it on its own motion an investigation of the question of the service deposits of all telephone companies. Hearings in this investigation have already been conducted by Commissioner Phelan, and the final decision of the commission in that case will cover the question of service deposits, and I suggest that you take no action in regard to this feature until the Railroad Commission makes its decision.

(Signed) W. E. EVANS,
City Attorney.

At this juncture Mr. Evans produced a written message from Mr. Deal, stating that a telephone had been installed in the Burrows home on the 8th inst., as promised in the communication read. On motion the communication was received and placed on file.

The question of deciding upon an industrial district came up for consideration. A protest signed by 53 property owners in the vicinity, protesting against an industrial district being formed in the territory between First and Third streets and Glendale avenue and Howard street, was read. There was also presented to the board a petition signed by C. W. Ingledue and fifteen other property owners in the district of Salt Lake station, requesting that the board defer taking any action as to the formation of an industrial district at the present time, or until the Chamber of Commerce has an opportunity to take the matter up and make suggestions as to what territory may be most suitable for an industrial district.

Residents and property owners from the apartment house district in the locality of Orange street between Broadway and Fifth, were present, making an urgent request that the board should not grant Chas. W. Kent & Son a permit to operate a planing mill or any kind of machinery on their property near Orange street. Those who spoke against the operating of machinery in that district were Oma Fish, Bert Anderson, Mrs. C. H. Eudemiller, H. B. Courtney and others.

J. W. Fairchild spoke against the operating of machinery in the location of the Bentley-Schoeneman lumber yards, and accused the board of trustees of not having sufficient backbone to establish an industrial district. Mr. Fairchild's accusation met with the disapproval of the board, as well as of a large majority of those present. The expression of the visitors showed clearly that they believe that the trustees have a very difficult problem in the question of deciding where to locate an industrial district, and it is a question in which every citizen of Glendale should take a deep interest and sustain the trustees in bringing about a satisfactory settlement.

Those who spoke in opposition to locating further industries in the Salt Lake station district were: E. U. Emery, C. D. Thom, C. W. Ingledue, Mrs. Leavitt and Mrs. G. B. Woodberry.

Chas. W. Kent & Son made application for a permit to operate their machinery at their present location between Brand boulevard and Orange street for a period of ninety days, pending the location of an industrial district. The board refused to grant the permit, after which they stated that they wished to be aided by the Chamber of Commerce and other organizations of the city in procuring a suitable location for Kent & Son and for other like concerns who might wish to engage in industrial pursuits.

The committee of citizens whose duty it had been to suggest a location for the industrial district and whose report thus far has not been accepted by the board of trustees, was on motion discharged as far as it lies in the power of the board to do so. The members of this committee were T. W. Watson, W. W. McElroy, W. H. Crane, P. E. Maxwell, H. Hall, O. A. Lane, G. H. Bentley and P. M. Litchfield.

John Morris, who formerly conducted a cigar and news stand on Broadway between Louise and Maryland, made application to conduct a peanut and popcorn stand on Brand boulevard in front of the McGillis grocery store. He was granted the permit, providing he would get the

WORLDLY AMUSEMENTS

THEATER GOING, DANCING, CARD PLAYING WILL BE PLAYED BY BROWN TONIGHT

(By Publicity Committee)
Program of week:
Tuesday night, "Worldly Amusements."

Wednesday night, West Glendale Methodist night and banquet for the young women and girls.

Thursday, open for special feature. Friday afternoon, women's meeting, "The Ideal Woman."

Saturday, 2:30, children's chorus and service.

Sunday, 2:30, special service for men and boys, "Chickens Come Home to Roost."

Continuance of lecture on "Isms" Tuesday afternoon, "Christian Science Under the Lens." Great exposure.

Evangelist Brown has announced to preach on worldly amusements this evening. Theater going, dancing, card playing, etc., will have their turn at the bat, and judged by what has already been delivered along this line, there will be something doing around at the Brown and Curry tabernacle this evening. Many have expressed a desire to have the matter of worldly amusements threshed out to a finish. One good sister remarked that Brother Brown considered most everything a sin. It is certain that we are all sinners by nature and it is not for a man to judge. Brown makes his appeal from the sure word of God, and blessed are they who suffer the keen blade of the sword of the spirit for the cutting off of all things which do not pertain to godliness. Let us all walk up and take our medicine. And come early for a good seat.

The antiphonal singing by the chorus and congregation Sunday morning was very effective. Mr. Curry is always springing something new and the right thing at the right time.

Dr. Franklin of the Methodist denomination led in the morning prayer thanking God for our glorious heritage in Christ Jesus.

The evangelist read from Gal. 6 and dwelt on the seventh verse.

On the cross of dying love we behold the supreme revelation of unselfishness; at the foot of the cross, where sat the soldiers who cast lots for the seamless garment, we behold the supreme revelation of human selfishness. (The more selfish we are, the nearer we are to hell; the more unselfish we become, the higher we climb toward heaven. Happiness does not come through indulgence. We must love and sacrifice for the new converts. There is no need for a new convert to go back and those who talk about the new members not standing are doing their best to make them backslide. Talk up and cheer up.)

The conditions of church life were dealt with.

The convert must connect with some church. Those in the community who have not placed their letters are guilty of a serious breach. "Your church letter is your marriage certificate to Christ."

The Christian must go to work. Too many will appear at the judgment seat of Christ with a handful of faded leaves.

The Christian must support the church financially. It is estimated that the Jew gave three-tenths of his income to the worship of the temple. Mr. Brown believes in tithing. The church should meet its own obligations without becoming a beggar on the doorstep of the world, like a poor sick Lazarus covered with sores.

Lastly, the Christian must watch. Tell me the company you keep and I'll tell you what you are. Billy Sunday was given the following rule for the Christian life: "Every day spend fifteen minutes in reading the Bible; fifteen minutes in prayer, talking to God; and fifteen minutes in talking to somebody about God." Watch!

At the morning service Mr. Curry sang "What Though the Sky Be Dark."

There was a large delegation of men at the afternoon service. Brother Miller of Burbank led in prayer, thanking God for the privilege of knowing Christ.

Brother Brown delivered a strong message based on the tenth of Acts. Cornelius was taken as an example of the right kind of a man.

The fear of God was emphasized, it being shown that the pulpit of the day has been stirred into a rush on the love of God and the brotherhood of man. Love and fear dwell side by side in the breast of the balanced Christian.

Cornelius was a liberal man. His prayers and his alms went up before God. All true prayer has two wings—faith and works. There are too many "birds with the broken wing"

BUSINESS SITUATION REVIEW

It is unwise as it is useless to become impatient with the slow progress toward recovery which general business is making. It is worth while to know that some improvement is actually taking place. Much greater progress would be made if more confidence were entertained. The war with its various ramifications is causing a more or less uncertain feeling in commercial circles, and it is indeed remarkable that there has been any growth in the circumstances.

It should be remembered, however, that the demands of a consuming public are insistent, and, with the added requirements of the armies the commercial world may count on a certain large amount of business. International politics, including the exchange of diplomatic notes between the neutral countries and countries engaged in war, caused some hesitation in commercial circles and lower prices in the securities markets recently. It is doubtful, however, if the volume of international commerce now being carried on will be affected to any extent.

Europe is buying heavily of the United States products and must have still larger supplies as hostilities are continued. War orders alone placed in this country already have amounted to many millions. It would not be surprising if the balance of trade in favor of the United States at the end of this year could reach the redoubtable billion figure.

The fact that money is in great abundance for commercial purposes, and hard to obtain at reasonable rates for long-time financing, is not as it should be. There is no doubt of a slowly increasing industrial activity, however, and in a short time this should be reflected in larger railroad earnings. Then, as one business cog depends upon another, more lines of trade will become active and the money market again will become normal. The springtime is usually attended with more or less buoyancy in business, and there are unmistakable indications that the coming season will be no exception to the rule.

HOW ABOUT IT, MOTHER?

"Pop, what's a monologue?"

"A monologue is a conversation between husband and wife."

WORLDLY AMUSEMENTS

in the church. And it takes Brown to show up how they stumble as they try to fly heavenward with their bags of gold.

Pastor Troy led in prayer at the big Sunday evening service and Evangelist Houston sang very sweetly "I'd Be Like Jesus." Mr. Curry also sang "My Mother." The soloists were greatly enjoyed.

Belshazzar's last big blow-out, the famous banquet in the Babylonian palace, when the mystic hand wrote the doom of the Prince of Bel upon the wall, the substance of which spelled "weighed in the balance and found wanting," was thrown before the thousands present in lurid figure and matchless description.

Judgment came to the Babylonian monarch when least expected, and the first thing he did was to send for his mother. Many a young man thinks he is too big for religion, but when trouble comes as a result of his misdeeds, his first cry is for mother.

The king's mother said, "Send for Daniel." The application is patent. The whole miserable affair is being enacted daily in the twentieth century.

"I would not try to keep my son at home all day, but I would see that he stayed home all night."

The blood of his royal highness flowed with the wine of the banquet hall. Mother, where flows the womanhood and manhood of your boys and girls?

The great preacher dealt unflinchingly with the desecration of the Lord's day, profanity, murder, especially of the innocents, impurity and honoring parents.

The man who works on the Lord's day will have to pay every dollar back with compound interest. He is a thief. The same is true of those who turn the holy day into a day of frolic and pleasure seeking.

The man who uses profane language violates the laws of God and is a coward, for when in distress he calls upon the God whom he hath blasphemed. Profanity is a violation of all decency. The wretch that uses vile language is careful not to pollute the air with his oaths in the presence of ladies. A shotgun would do more to keep some men decent than the laws of God.

We live in an age of war when human life seems to have little value. But the eye of God can see, and through the sands of the desert drink up the blood of the victim those very sands will cry out in the judgment and though the body of the victim rot in some tropical jungle, the very trees will cry out in the judgment. There is no aristocracy of the gallows. The hemp should be strong enough for rich and poor alike.

Some mothers are by nature destined to go down to the grave with empty arms, but there are thousands of homes in which cold, bloody murder is committed—"tombs upon which rest the bones and ashes of the innocents."

Mr. Brown declared himself adverse to capital punishment. He also believes in dealing with the sex problem frankly and openly.

God hates the sin of adultery. For that sin the antediluvian world was wiped out by flood. For that sin Sodom and Gomorrah were destroyed by brimstone from heaven. Babylonian sins will bring down upon America the judgments of Babylon.

The bloodhounds of holy retribution will pursue the adulterer till he find him. Adultery is a cancer, a leprosy, a God-smitten monster.

Alas, that these United States should lead the world in divorces. Seven times more divorces in the United States than in all Europe. Two million homes broken up annually by divorce. There is but one scriptural ground for divorce—higher than the laws of man are the laws of God.

Evangelist Brown believes in a stated period of courtship and a certificate of clean health. Every child has a right to be well born. The Episcopal church was honored for its definite stand on the question of divorce.

The mosaic law was quoted on honoring father and mother, the first command with promise. Brown despises the fellow who speaks in a contemptuous tone of his father as "his old man." "I'd like to spit on such a thing and drown it."

The net results of the thrilling and convicting sermon was the sense of the awfulness of sin and the need of a mighty savior who is able to save to the uttermost.

There was a blessed response to the appeal to come out for Christ and the Christian life. Many prominent men and women are nightly finding Jesus as a personal savior, and it is confidently expected that the coming nights will bring even a greater harvest.

Earthquakes are nature's way of changing the world's geography.

ONE WAY OUT OF IT
 They tell the story of a Florida grower who allowed a commission handler to sell his grapefruit. The commission man reported the car sold at \$14 less than the cost of handling, and asked that this amount be remitted. Said the grower to a friend of his:
 "I suppose I will have to send him a check to cover."
 "No," said the friend, "why not send him \$14 worth of grapefruit?"

THE PART OF WOMEN
 The part being played by women in the affairs of the state was very clearly shown at the recent conference of the Southern California legislators when the women of this section of the commonwealth appeared to outline the legislation in which they were interested.

A plan for teachers who would go into the homes and bring instruction to parents, where the same is desirable, was advocated by the women in the interests of a better home life in those households where ignorance is the cause of children deserting their homes for the streets or other surroundings.

A strict enforcement of the law compelling the registration of births was also advocated in the interests of more effective work among the children by teachers and others.

Women judges and jurors to hear and decide those cases in which women were involved were also asked for. Changes were suggested in the juvenile court proceedings to the end that they might be productive of better results.

A recreational commission to study the matter of recreation throughout the state was advocated in the interests of better health for the coming men and women. More equitable laws regarding community property were urged in order that women might be placed on an equal footing with men in the matter of distribution of community property.

And there were many other measures in the interests of children and the home, advocated with effectiveness by the women before the legislators. That there is work for women to do outside the circles of her own home was well illustrated at this conference when these women took up and advocated measures which mere man would doubtless never have thought of. California has good reason to feel proud of the place women are taking in the political affairs. She will have more reason to be proud of her citizenship when the results of the woman's place in civic affairs have become manifest.—Hollywood Citizen

NORTH GLENDALE

Mrs. A. R. Kilgore and little daughter, Miss Dorothy, of 1218 Arden avenue, spent the past week in Santa Monica and were house guests of Mrs. W. L. Wilson of that place.

Mr. L. M. Lohmann of Los Angeles has purchased the property at 1640 Ruth from his brother, Mr. H. Lohmann, and expects to take possession this week.

Mr. and Mrs. E. H. Tatum of 1300 North Maryland avenue, entertained as their guests last Sunday at a beautifully appointed dinner, Dr. and Mrs. F. C. Ferry of Hollywood, who motored over to North Glendale by way of the new boulevard.

Mrs. H. Largey of Alhambra is the house guest of her daughter, Mrs. Louis Cadwallader of 1624 Ruth street, for the week.

Mrs. Robert H. Wilson has traded her property located at 1020 Stocker street for property on Fifty-second street, Los Angeles, and with her family will occupy the same.

Mr. and Mrs. James Wilson, who for the past several months have occupied the Murphy home on Ruth street, will move to Burbank this week. Mr. Wilson's work for the county in that district is the reason they are leaving this vicinity.

Mrs. R. Taylor of Lankershim returned to her home last Sunday after spending a fortnight in North Glendale, part of time being enjoyed by a visit with her daughter, Mrs. W. H. West of San Rafael street.

Mr. and Mrs. Alvin Jack of Arden avenue motored down to Imperial valley the latter part of last week and will spend several weeks there combining business with pleasure.

Mrs. I. C. Rice of 1632 Ruth street, who suffered a stroke of apoplexy last Saturday, has recovered consciousness and there are hopes of her recovery. This is welcome news to the many friends of this lady.

"No man ever sank under the burden of the day; it is when tomorrow's burden is added to the burden of today that the weight is more than a man can bear."—George MacDonald.

PERSONALS

Mrs. Margaret Linder of Los Angeles is visiting her daughter, Mrs. Rhodora Planette, of 141 South Kenwood street.

Mrs. John Rockhold of 1430 Burchett street spent the day Monday with her mother, Mrs. Bardsley, of Kenneth road.

Mrs. Charles H. Toll of 1635 Kenneth road will be a guest this afternoon at an elaborate affair given by friends in Los Angeles.

Miss Ruby Dale of 1307 1/2 Hawthorne street will give another of her delightful studio recitals on Saturday afternoon, to which the public is invited.

Mrs. L. B. Simon, who lives at 1434 Vine street, will leave April 1st for Tampa, Florida, where she will visit her sister, Mrs. W. E. Gullford, for several months.

Mr. and Mrs. Roscoe Lyon of Minnesota are visiting in Glendale for the remainder of the winter. Mrs. Lyon is a cousin of Mrs. William Herman West and they are greatly enjoying the time together.

Mr. Robert S. Fisher of Phoenix, Ariz., has been spending about a week with Mr. and Mrs. Oliver O. Clark of 100 South Louise street. Mr. Fisher was called to Los Angeles a short time ago by the death of his father.

Monday being visiting day for the Glendale school teachers, it was declared a holiday for the children. So Mrs. Frank Grosvenor and son, Steve Beebe, went in to attend the production of "The Clansman" in Los Angeles.

Mrs. Geo. W. W. Brown of 1431 Hawthorne street and her sister, Mrs. Jas. Owen, from the East, who is spending the winter here, left this morning for San Diego, where they will attend the exposition and visit other points of interest.

Mrs. Beatrice Sawyer of Oskaloosa, Iowa, is visiting Mrs. Leora Cammack of 704 West Fifth street and expects to spend about two weeks in Glendale before leaving to continue her journey to San Francisco, where she will attend the exposition and visit other northern points.

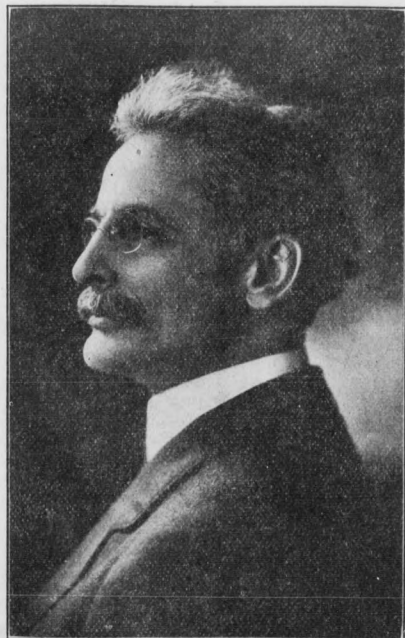

Mr. and Mrs. Edwin H. Baker of Los Angeles were callers on Sunday at the home of Mrs. Mary Edwards of 1411 West Colorado boulevard. Mr. and Mrs. Baker are old friends of Mrs. Edwards, whom she had not seen for ten years, and they may decide to locate permanently in Glendale.

Mr. and Mrs. Jas. A. Farrell, who motored to Covina on Sunday afternoon, were much surprised to find that because of the great amount of snow on the nearby mountains Covina air was cold and far from being as balmy as Glendale air. They found the oranges of that vicinity very good however and brought some home.

Mr. and Mrs. Ross of Burchett street, with their son George and several Los Angeles friends made a pleasant automobile trip Sunday, visiting Pomona, Whittier, Uplands and territory in that vicinity. One peculiarity of the trip was the rain-storm they passed through, though the sun did not stop shining in Glendale.

Mrs. E. K. Barnes of 1309 North Brand boulevard gave a delightful little afternoon to a number of Los Angeles and Glendale friends today. The affair was in honor of her friend, Mrs. Charles Hemming of Rockford, Ill., who is visiting here. Decorations were in Shamrock and greens because of the nearness of St. Patrick's day, and the effect was very pretty. Bridge was played throughout the afternoon and dainty refreshments served by the hostess.

PROF. J. B. POULIN

Director of the Glendale Choral club. The club will give its second grand public concert at the high school auditorium on Monday evening, March 15. Prof. Poulin is pleased with the rehearsals and looks forward to having the chorus cover itself with glory. This mixed chorus of forty-five voices will be assisted by prominent artists.

TRUSTEES IN BUSY SESSION

(Continued from Page 1)

consent of Mr. McGillis and on further condition that he would remove his stand at any time at the request of the board.

The books of Tax Collector G. B. Hoffman were examined by the auditing committee, on whose recommendation a motion prevailed that his report be accepted as being correct.

City Manager T. W. Watson recommended that the old four horse street roller be sold at the price of \$150, as a purchaser would take the roller at that price. A discussion brought out the fact that the roller is not at present used by the city, therefore a motion prevailed that the machine be sold at the price above stated.

The county of Los Angeles in a communication asked permission to unload gravel from Salt Lake cars at Ninth street, said gravel to be hauled to Verdugo Road south of the city limits where the county is improving a road. Permission was granted.

A demand, asking that \$40 be paid to Mr. Fellows for injuries sustained while employed on the street, was taken up for consideration. On account of the lack of a certificate from the attending physician stating that Mr. Fellow's injuries rendered him totally disabled, the demand was laid over to be taken up at the next meeting.

T. W. Watson, city manager, presented a report of the receipts and expenditures of the Welfare Department of the City of Glendale for the month of February. Same is published on page four of this issue.

A resolution for doing street work on Sycamore avenue was read and on motion was adopted. It appears in another column of this issue.

A resolution ordering in Canada boulevard bridge was taken up for reading and the same was adopted.

A resolution for the improving of Tract 2802 was adopted.

City Attorney Evans reported that the proper officials should give careful attention to the matter of the opening of crossings at Chestnut and Seventh street, as the limit of time for the Pacific Electric company to comply with the request made by the board would expire in 60 days from the time of publication of the ordinance.

On motion, the City Manager was requested to make application to the State Insurance company for employers' insurance.

Mr. Case, assistant agent at the Pacific Electric station, was on recommendation of City Marshal Herald given the power to be a deputy marshal of the City of Glendale.

The Bus Ordinance was taken up for third reading, but on recommendation of the city attorney, who stated that there is legislation now pending that may affect such an ordinance, the same was laid over for future consideration.

The Merchants License Ordinance was taken up for a continuance of the first reading. About an hour was spent in discussing the various sections of the ordinance. Certain members of the board are in favor of having personal interviews with the merchants to find to what extent they favor the passage of such an ordinance.

On motion the city manager was instructed to change the signs on Colorado street to read "Colorado Street" instead of "Sixth Street." It was also suggested that other streets not now having signs be provided with the same. Adjournment.

A HAPPY AFFAIR

Mr. and Mrs. F. S. Balthis of 519 North Brand boulevard entertained Saturday evening in honor of fellow employees of the former in the Title Guarantee and Trust company, where he is a department manager. Dancing, vocal and instrumental music with refreshments served at a late hour caused the evening to pass only too quickly. Twenty-six people were present. The hostess was ably assisted by Miss Maud Matthews and Mrs. Ruth Frye.

EAGLE ROCK

The University of Southern California nine defeated the Pomona college baseball team Wednesday, March 3, on Bovard field by the score of 13 to 2, thus tying with the Occidental Tigers for first place for the Southern California conference baseball championship.

Mr. and Mrs. C. G. Stewart of Rowland avenue entertained a number of friends at their home last Thursday evening. Most of the guests were formerly from Johnstown, N. Y. Games and music took up the evening. A delicious lunch was served and the dining table was beautifully decorated, the colors employed being pink and white. The guests included Mr. and Mrs. G. Knowles and Mrs. Jenner of Los Angeles, Mrs. A. Stewart, Miss Margie Stewart, Messrs. George and Archie Stewart of Highland Park, Mr. and Mrs. Gordon Smith, Mrs. A. Stanton, Miss Florence Stanton of Glendale, Mrs. Johnston and Miss Lenora Johnston of Eagle Rock.

A. A. House is putting in a retaining wall and walks at the library this week.

Homer Sanderson of Kenilworth avenue has been in a Los Angeles hospital suffering with a broken leg. He was in a motorcycle accident about three weeks ago.

Occidental college students, faculty and friends will have a special assembly at 12:30 o'clock Tuesday afternoon for the purpose of hearing Miss Zona Gale, who will give readings from her own works. Everyone interested is welcome.

Last Tuesday afternoon little Miss Elsa May Scouten of East Park avenue passed her seventh birthday and celebrated by inviting in seven little friends. After various games were played and songs and recitations heard, the guests were seated at a small table daintily decorated. Cake, tea, fruits and candy were greatly enjoyed by the little folks, but the birthday cake seemed to attract the most attention with its seven lighted candles. Those bidden to this happy affair were Frances Walsh, Frances Bourne, Mary Stewart, Mary Ducker, Helen Braun and Albert Scouten.

Saturday afternoon another exciting ball game was played and it was between Occidental and U. S. C., the score being 7 to 6 in favor of U. S. C.

About twenty-five from Eagle Rock went to Glendale Sunday evening to hear Brown and Curry and all enjoyed the music and preaching.

W. Voss of Forest avenue will build a six-room bungalow on his lot on Hartwick avenue soon.

Miss Swan visited with friends at Alhambra a few days last week.

There were no evening services at the Methodist church Sunday, as so many attended the meetings at Glendale.

This Friday evening the Brotherhood will hold its regular monthly business meeting, which will be an open meeting and each gentleman will bring a lady. After the business affairs are done away with, a "spread" will be the main feature of the evening and a general good time is looked forward to.

Saturday the frame work for the new Presbyterian church was raised by a number of young men who volunteered to give their labor for the day. At noon the ladies of that church met there and served a most sumptuous "feed," including hot coffee, which was much appreciated by the men folks.

The choir of the Congregational church is working up several good music numbers and in the near future plans to give a concert for the friends of the church and its members.

Mrs. C. R. LaPorte of East Palm avenue was delightfully surprised by her Sunday school class of the Presbyterian church a week ago Saturday evening, the occasion being her birthday. It was in the nature of a moonlight picnic, as the "spread" was enjoyed at the pavilion on the hill "by the light of the silvery moon." The members of the class present included the Misses Dorothy Sanborn, Bertha Buck, Eunice Hettlinger, Bessie and Alta Jillson, Lenora Johnston, Mary McClere, Janet Black, Laura Donnell, Maurice and Irene Truelson and Miss Bridge; the guests were Misses Strang, Ruth Sanborn, Irene LaPorte and Messrs. Burdette Daniels and Otho and Rollo LaPorte.

Monday was Arbor day, but no general move was taken to observe the day and thus we are forced to believe the old custom of tree planting is gradually fading away. Of course, some of the public schools observed the day, but no special programs were given. At Occidental college the students planted a few trees, but outside of this no other Arbor day activities were known of.

CORONER'S INQUEST

The coroner is holding an inquest this afternoon at the Scovern-Letton-Frey undertaking parlors in Tropico over the remains of Christopher L. Harris, who was crushed by a slide in a Burbank gravel pit Friday. No arrangements have been made for funeral services or burial as yet.

NOTICE OF STREET WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 1st day of March, 1915, did, at its meeting on said day, adopt a Resolution of Intention, Number 804, to order the following improvement to be made, to-wit:

First: That Hawthorne Street from the Westerly line of Central Avenue to the Easterly line of Pacific Avenue, including all intersections of streets and alleys, be graded, oiled and macadamized in accordance with Map Number 191, Profile Number 30, and in further accordance with Specifications Number 21 for the paving with crushed rock, screenings and asphaltic oil of streets and avenues in the City of Glendale.

Second: That a cement curb be constructed along both lines of the roadway of Hawthorne Street from the Westerly line of Central Avenue to the Easterly line of Pacific Avenue, including full returns at all street and alley intersections (excepting therefrom such portions of Hawthorne Street upon which a cement curb has already been constructed and now exists to the official line and grade), in accordance with Map Number 191, Profile Number 30, and in further accordance with Specifications Number 12 for the construction of cement curbs in the City of Glendale, said curb to be of the class designated as Class "B" curb in said specifications.

Third: That a cement sidewalk four (4) feet in width be constructed along both sides of Hawthorne Street from the Westerly line of Central Avenue to the Easterly line of Pacific Avenue (excepting along such portions of Hawthorne Street upon which a cement sidewalk four (4) feet or more in width has already been constructed and now exists to the official line and grade), in accordance with Map Number 191, Profile Number 30, and in further accordance with specifications Number 11 for the construction of cement sidewalks in the City of Glendale.

Section 2. First: That a cement curb be constructed along the Westerly line of Central Avenue from the North line of Fifth Street to a line drawn 10 feet North of and parallel with the South line of Ivy Street, including full returns at all street and alley intersections, in accordance with Map Number 191, Profile Number 11, and in further accordance with Specifications Number 12 for the construction of cement curbs in the City of Glendale, said curb to be of the class designated as Class "B" curb in said specifications.

Second: That a cement sidewalk five (5) feet in width be constructed along the West side of Central Avenue from the North line of Fifth Street to a line drawn 10 feet North of and parallel with the South line of Ivy Street, in accordance with Map Number 191, Profile Number 11, and in further accordance with Specifications Number 11 for the construction of cement sidewalks in the City of Glendale.

The district to be assessed for the expenses of said work is described in Resolution of Intention Number 804.

Bonds will be issued as provided for in said Resolution of Intention Number 804, to which said Resolution reference is hereby made for further particulars of said work.

T. W. WATSON, City Manager and Ex-Officio Street Superintendent of the City of Glendale. 17312

NOTICE INVITING STREET WORK PROPOSALS

Pursuant to Statute and to Resolution Number 806 of the Board of Trustees of the City of Glendale, California, adopted the 8th day of March, 1915, directing this notice, the undersigned invites and will receive at his office in the City Hall, No. 575 West Broadway, near Glendale Avenue, up to 7:30 p. m. of Monday, the 22nd day of March, 1915, sealed proposals or bids for the following improvement to be done according to the specifications and plans adopted for the said work, on file, to-wit:

The work on a portion of Sycamore Avenue described in Resolution of Intention Number 787 of the City of Glendale, to which said Resolution reference is hereby made for a description of said work; specifications, Number 21, referred to in said description, are on file in the office of the City Clerk, also posted near the chamber door of the Board of Trustees.

Bonds will be issued as provided for in said Resolution of Intention Number 787.

Bidders must file with each proposal or bid a check payable to the order of the President of the Board of Trustees of the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding use blanks which will be furnished by the City Clerk upon application.

Glendale, Cal., 9th day of March, 1915.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 1st day of March, 1915, did, at its meeting on said day, adopt Ordinance of Intention, Number 262, to order the following improvement to be made, to-wit:

That Broadway be opened and widened from the East line of Everett Street to the Easterly boundary line of the City of Glendale.

Section 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:

First: A strip of land of a uniform width of eighty (80) feet lying forty (40) feet either side of, parallel and contiguous to the following described center line:

Beginning at a point on the West line of Everett Street 40 feet North from the South line of Broadway; thence Easterly in a direct line to a point on the East line of Cedar Street, said point being situated 40 feet South from the North line of Broadway; thence East along a line drawn 40 feet South from and parallel with said North line of Broadway to a point on the East line of the Childs Tract, as per map recorded in Book 5, page 157 of Miscellaneous Records of Los Angeles County, California; thence Easterly in a direct line to a point on a line drawn 25 feet West from and parallel with the Northerly prolongation of the West line of Lot 4 of the Watson and Nelson Tract, as per map recorded in Book 7, Page 7 of Maps, Records of aforesaid County, said point being situated 40 feet North from the South line of Broadway; thence East 40 feet North of and parallel with said South line of Broadway to the center line of Verdugo Road; thence East along a line drawn 8.97 feet North of and parallel with the North line of Lot 73 of Watts Subdivision of a part of the Rancho San Rafael, as per map recorded in Book 5, Pages 200 and 201 of Miscellaneous Records of aforesaid County and the Easterly prolongation thereof to a line situated 35 feet Easterly from and parallel to the Southwesterly line of Lot 78 of Watts Subdivision of a part of the Rancho San Rafael, as per map recorded in Book 5, Pages 200 and 201 of Miscellaneous Records of aforesaid County; excepting therefrom the following described strip of land 23 feet in width and lying 11.5 feet either side of, parallel and contiguous to the following described center line, to-wit:

Beginning at a point on the Northerly prolongation of the East line of Everett Street and distant Southerly 23.87 feet from the intersection of said Northerly prolongation of said East line of Everett Street with the North line of Broadway; thence Easterly from said point of beginning 90.42 feet along a curve concave Southerly and having a radius of 5729.61 feet (a tangent to said curve at said point of beginning having a bearing of S. 87 degrees 16 minutes 41 seconds E.); thence S. 86 degrees 22 minutes 26 seconds E. 79.65 feet to the point of beginning of a curve concave Northerly and having a radius of 5729.61 feet; thence Easterly along said curve 301.08 feet to a point situated on a line which is parallel to and 40 feet Southerly from the North line of said Broadway; thence S. 89 degrees 23 minutes 5 seconds E. along said line, which is parallel to and 40 feet Southerly from the North line of Broadway to the point of beginning of a curve concave Southwesterly and having a radius of 327.72 feet, said point of beginning being situated S. 89 degrees 23 minutes 5 seconds E. 308.79 feet from the Northerly prolongation of the East line of Adams Street; thence Southwesterly along said curve to an intersection with a line drawn 20 feet South of and parallel with the South line of Broadway. Excepting from the above described strip of land 23 feet in width any portions thereof included within the intersections of Cedar Street, Belmont Street and Adams Street.

Second: A strip of land 35 feet in width lying Northeasterly of and adjacent to the said Southwesterly line of Lot 78 of Watts Subdivision and extending from the Easterly prolongation of the North line of Lot 73 of aforesaid Watts Subdivision to the Easterly boundary line of the City of Glendale.

Third: A strip of land 15 feet in width lying Southwesterly of and adjacent to the Northeasterly line of Lot 75 of aforesaid Watts Subdivision and extending from the Easterly prolongation of the North line of Lot 73 of said Watts Subdivision to the Easterly boundary line of the City of Glendale.

Excepting from the above described parcels of land any portion of any public streets or alleys which may be included therein.

The district to be assessed to pay the costs and expenses of said improvement is described in and reference is hereby made to said Ordinance Number 262 for further particulars of said work.
