RECONSTRUCTION

ILLINOIS VISITOR SAYS WE SPEND TOO MUCH AND WORK TOO LITTLE

Z. A. Landers, editor of the Ogle County (Ill.) Republican, was a visitor at the office of the Glendale Evening News today, calling upon his old friend, A. T. Cowan. Mr. and Mrs. Landers came to Southern California the first of the year and are making their headquarters on Stevenson Avenue, in Alhambra. They expect to leave the first of April, making a leisurely return and stopping at New Orleans, La., Mobile, Ala., Nashville, Tenn., and other Southern points where they have friends. It is Mrs. Landers' first visit to this coast, but her husband was here four years ago. He notices that considerable development has taken place in the interval and says:

"I can see plainly the effects of plenty of money. I have seen it everywhere that I have gone, but in the East people are more conservative and are not spending as much in building as here. They are just as short of residences but are waiting for conditions to get back to normal."

When asked if he were sure conditions would "get back to normal," he answered confidently: "Oh, yes; way back yonder they used to have a number of fat years and then a number of lean ones, and we will repeat their experience. I can remember the reconstruction period following the Civil War. These same things follow in the wake of every great war—an abundance of money and considerable plunging. I think it was Grant who told us that re-

(Continued on Page 3)

DUNDEE REUNION

Mrs. G. H. Rowe of 216 South Orange Street is entertaining an aunt, Mrs. Lillian Wollaver from Illinois. She has been spending the early part of the winter in Oakland, Cal., and is visiting Mrs. Rowe before returning. On Sunday Mrs. Rowe entertained Mrs. May Schultz of Rialto, Cal., and Mrs. Annell and Mrs. Leon St. Peters of Dundee, Ill. All the guests, as well as Mrs. Rowe herself, came from that Illinois town, and it proved a very pleasant Dundee reunion. Mrs. Annell and Mrs. St. Peters are touring Southern California and making their headquarters in Los Angeles.

THE BRAND BOULEVARD EXTENSION

The contractors who were awarded the contract for the Brand Boulevard extension in Los Angeles last July have petitioned the Los Angeles City Council to be released from this contract because the prices of labor and material have advanced so greatly since that time that its fulfillment would work a great injustice and hardship upon the company. The petition is made in connection with a request for release from contract for the paving of Second St. where the confirmation of assessments is being opposed by property owners of the district and where the execution of the contract was delayed by the Capital Issues Commission and by litigation. The conditions are somewhat different in the Brand Boulevard improvement, however, because there property owners of the district are anxious the contract should be executed.

BONE IN GERALD PAGE'S LEG CRACKED

Gerald Page of 106 Franklin Court, who had his left leg badly torn last Wednesday while riding his motorcycle on San Fernando Road, had an X-ray picture taken of the wound yesterday at the Glendale Sanitarium and it was discovered that the bone was cracked. It will be necessary to have a cast placed on the leg and kept there for a month or more, the doctor told him.

RECORD FLIGHT

LIEUT. CHARLES M. POTTER FLIES 250 MILES IN 2 HOURS AND 40 MINUTES

Lieut. Charles M. Potter, formerly a Glendale boy but now one of Uncle Sam's boys, is in Fayetteville, North Carolina. He flew from Hampton, Va., to Fayetteville in two hours and forty minutes, a distance of 250 miles, through snow and a very high wind. He is there to make a Mosaic map of the City of Fayetteville from the air, that being his work as an aerial photographer.

EVENING SCHOOLS

TO BE OPENED NEXT TUESDAY AT INTERMEDIATE AND CERRITOS AVENUE

The project to establish evening classes in Glendale for adults in connection with our city schools, which has been under consideration for some time by teachers and Superintendent Richardson D. White, has finally taken definite shape and Mr. White announces that two schools will be opened next Tuesday evening at 7 o'clock for a two-hour session. The schools selected are the Intermediate and Cerritos Avenue. At the Intermediate Miss Frances Jackson will act as principal in charge and will be assisted by Misses Edith Tyler, Ethel Chase, Elizabeth Edwards, Clara Metcalf, Carrie Noble and Mrs. Margaret Longley. At Cerritos Avenue Miss Bertha Berry will act as principal and associated with her in the work will be Misses Carol Duncan, Emma Saxton, Hazel Small and Lorraine Mitchell.

Under present plans the schools will be held two evenings each week, Tuesday and Thursday, from 7 to 9 p. m., and will be open to any one over 16 years of age not now enrolled.

(Continued on Page 3)

MORE NAMES ON PETITIONS

In the petitions presented by Glendale citizens and former service men to Attorney Dwight Stephenson requesting him to become a candidate for City Trustee, appear the names of Frank Salmacia, Vincent Salmacia, H. P. Courtney, L. B. Nunn, W. M. Platt, M. P. Harrison, Ed M. Lee, C. O. Pulliam, J. E. Eckles, Alvin E. Sanders, J. H. Wittmeyer, E. P. Hayward, H. E. Francis, H. C. Ferguson, Jos. B. Maier. These are in addition to the signers whose names were published yesterday. The above names were on the reverse side of the sheet in the original petition and were overlooked when preparing the list for publication.

CHICAGO PHYSICIANS HERE

Dr. Carl Wagner, his daughter, Dr. Louise Wagner, and Dr. Josephine Platt of Chicago were over-Sunday guests at the home of Mr. and Mrs. W. F. Wood on East Wilson Avenue. Dr. Wagner is a prominent Chicago physician and his daughter and Dr. Platt are recent graduates of an Eastern medical college and now internes at the Los Angeles County Hospital. Dr. Wagner was called here by the illness of his daughter who was suffering with pneumonia following an attack of influenza. She is so greatly improved that Dr. Wagner left today on his return journey to Chicago, leaving his daughter convalescing at the home of Mr. and Mrs. Wood.

These physicians are greatly in love with Southern California. Dr. Wagner expects to return in the near future and it is very likely that he will make his home here eventually.

FROM DENVER BY AUTO

MELVIN MILLER AND WIFE MAKE TRIP IN NINE DAYS WITHOUT ACCIDENT

Melvin Miller and wife arrived yesterday afternoon from Denver, Colo., which city they left in their auto on Monday, March 1. They came south through Colorado Springs, Pueblo and Trinidad, thence on over the old Santa Fe Trail, now a part of the National Old Trails transcontinental highway. They started before the heavy snows, that caused such a tieup of the railroads, had started, and had fine weather all the way. The roads were very fair except between Flagstaff and Ash Forks, where they had been badly cut up by big trucks. Mr. Miller said. They found Needles very warm, as usual. The last stop for the night was at San Bernardino, where they arrived Monday evening at 5. Both Mr. and Mrs. Miller enjoyed the trip very much and they had no accidents. They will live in the rear house at 212 West Lomita, owned by W. A. Haines, for whom Mr. Miller will work as traveling salesman. Mr. Haines and his father, D. D. Haines of West Wilson Avenue being engaged in the business of taking panoramic views of scenery for the market.

Mr. and Mrs. Miller spent the winter in California five years ago and have always longed to return. He was in the real estate business in Denver and says there is practically nothing left to sell, as it seems like every piece of property in the city has changed hands from one to three times, and there is not a great amount of new building.

JAPAN SNUBS RUSSIA

DECIDES TO IGNORE RECENT PEACE OFFERS OF SOVIET GOVERNMENT TO MAJOR POWERS

(Special Service to Glendale Evening News)
TOKIO, March 5.—The Diplomatic Advisory Council meeting today decided to ignore the peace offers recently made to all the major powers by the soviet government of Russia.

JOSEPH WILLIAMS STILL IN CAPTIVITY

EX-SERVICE MAN HELD BY MEXICAN BANDITS FOR RANSOM BEING TAKEN TO DURANGO MOUNTAINS

(Special Service to Glendale Evening News)
EL PASO, March 10.—A report was received here today from Chihuahua City saying that an Arabian named Messar, who was captured by Villistas when they dynamited the train last Thursday near Carralos, had been murdered by his captors. Joseph Williams, an American captured and held for ransom at the same time, is reported as being taken into the Durango mountains. Williams fought in France with the American engineers.

ARTICLE 10 AS CRITICAL ISSUE

PRESIDENTIAL ELECTION AND RATIFICATION OF TREATY HINGING ON QUESTION BEFORE SENATE

(Special Service to Glendale Evening News)
WASHINGTON, March 10.—The Senate today took up article 10. The question on which the coming presidential campaign may turn and upon which ratification of the peace treaty hinges, is now before the Senate. No senators dared predict whether the differences separating the two parties would be reconciled and some form of compromise on this article be adopted, but the belief is general that if a so-called compromise is agreed to it will mean the surrender by one side or the other of principles which both have repeatedly declared to be vital and never to be surrendered. The question today is just where it was last November. It is simply this: Shall the United States assume an obligation to help protect other nations against predatory warfare, or shall it refuse that obligation?

EQUAL SUFFRAGE PROSPECTS

WEST VIRGINIA VICTORY BRINGS NUMBER OF STATES THAT HAVE RATIFIED AMENDMENT TO 34

(Special Service to Glendale Evening News)
WASHINGTON, March 10.—Suffrage leaders were confident today that the constitutional amendment granting votes to women will be finally ratified by April. Suffrage victories in West Virginia after one of the most dramatic fights in the long campaign, will bring the number of states that have ratified the amendment up to 34, only two less than are needed to make the amendment constitutional.

The legislatures of Delaware and Washington will meet this month to consider suffrage. Final ratification by April would bring into both conventions and the November elections the full influence of millions of women voters.

DATE PALM CULTURE IN COACHELLA VALLEY

Frank Echols, who made a trip to Coachella Valley last week to take his sister home, had the pleasure of meeting T. D. Ogg and wife and H. Rosenberger, all former residents of Glendale. Mr. Ogg had just finished the clearing and leveling of his 80-acre tract and had it rented for a year. He and his wife expected to leave soon on visits to former haunts. The Rosenbergers are well and prospering. While most of the land owners are seeding some of their acreage to cotton, owing to the abnormally high price of that staple, date palm culture has not been abandoned by any means. It takes about seven years to bring the palms from setting out to full bearing, Mr. Echols says, and there are already thousands of them producing, enough to keep the packing house fully employed during the season.

HEARTILY APPROVE BOULEVARD EXTENSIONS

Merrill D. Darlington and wife of 416 South Grandview avenue, Los Angeles, were in Glendale yesterday afternoon looking after their property interests in connection with the proposed boulevard improvements. They own the two vacant lots at the corner of Broadway and Louise, just west of the Evening News office and some lots on North Brand just south of the Wash, so they are interested in both the Broadway and the Monterey Road extension west from Glendale avenue to San Fernando Road. Both Mr. and Mrs. Darlington are heartily in favor of both projects and

said they hoped the work might begin soon as delay meant added expense as new houses were built in the path of the proposed improvements. They expressed a feeling of warm interest in Glendale's prosperity and said they were convinced that such improvements enhanced property values and attracted desirable new residents.

PINK AND WHITE LUNCHEON

Mrs. F. H. Adams of North Louise Street was hostess on Wednesday at a delicious course luncheon in honor of Mrs. James Carr of Lexington, Neb. A pink and white color scheme was carried out in floral decorations and other appointments and following the feast the ladies spent a pleasant social afternoon together over their fancy work. Covers were laid for Mrs. Frank Fox and Mrs. A. R. Woodson of Los Angeles, Mrs. C. A. Redmond and Mrs. W. A. Tanner of Glendale, the guest of honor and the hostess.

TREES FALL BEFORE IMPROVEMENTS

Several trees, large and small, eucalyptus and cypress, are being cut down and the stumps dug out, at the Broadway school grounds, to make room for the new building. A row of beautiful large trees of the variety first named, bordering the present grounds on the west, will have to be removed later when the Sycamore Canyon Boulevard is put through. It seems a pity that such trees, the result of many years' growth and care, have to give way to the march of progress.

CLUB PROBLEMS

TUESDAY AFTERNOONERS DISCUSS CLUB SITES AND ENJOY FINE PROGRAM

All the extra chairs were needed at the meeting of the Tuesday Afternoon Club yesterday for an audience which filled the hall and then some. Late comers had to skirmish for seats. There were several reasons for this. One was a rarely good program of vocal numbers by Mrs. Grace Russell, a wonderful soprano, and a charming author's reading by the celebrated novelist, Zona Gale. Another reason was the promised discussion of possible club house sites. The discussion came first and after Mrs. Charles Temple had completed her announcement of propositions submitted to the committee and Mrs. Tower, president of the club, had invited all members present to express themselves there was, following a moment of hesitation, a lively response to the invitation.

Mrs. A. A. Barton said she favored Doran and Central and a frontage of 150 feet; in other words, three lots. This she said would give opportunity for out-door garden parties and fetes which the club is anxious to carry on. Ours, she said, is not a business club, and in buying the members should think of the outdoors and of recreation and entertainment.

Mrs. Ella Richardson said: "My desire would be for three lots, at least 150 feet of frontage. I have been in other clubs that have outgrown their sites and seeing the growth of Glendale, which is expected to double its population in five years, I would favor getting three lots. I have no preference as to any special location."

Another member, whose name was not given, said: "Would we be able to rent a club house so far north? I favor a large lot, but we want to be very careful not to get too far from the central part of the city."

Mrs. Ralph Meeker said: "I think it is wise to have three lots, but we must consider that we are not just Glendale. We must remember that we have taken in Tropico and we ought to consider a rather central location, and if it were possible to get three lots near in, I would much prefer them."

Mrs. H. E. Bartlett said: "I wonder if those who favor three lots have considered the cost of keeping them up. It seems to me we would not give more than one garden party during the summer. I enjoy nice gardens, but we would have to spend a lot of money and we should consider that."

Mrs. Nash: "I think the two lots back of the Christian Science church are ideal, but do you realize that we are to give our two lots and \$2000 besides for them?"

Mrs. A. D. Cross expressed her strong preference for Doran and Central, mentioning the growth in that part of the city and the new park the city has just acquired there.

One member asked if it would not be possible to get propositions from different parts of the city for the club to vote upon, and Mrs. Temple, member of the site committee, replied that all the propositions offered had been submitted to the club. Mrs. Tower stated that several real estate operators had offered sites

(Continued on Page 4)

FRANKLIN K. LANE

BANQUET GUESTS DECLARE "RESPONSIBILITY" WAS KEY-NOTE OF SPEECH

Glendale was represented at the banquet given by the Los Angeles Chamber of Commerce for ex-Secretary of the Interior, Franklin K. Lane, at the Alexandria Tuesday by John Robert White, Jr., J. H. Braly and Rev. E. H. Willisford. Covers were laid for about five hundred, and it was a very representative gathering.

Dr. Willisford describes the ex-Secretary as a man of very pleasing personality who gave an able and constructive address. He also characterized the speaker as a good deal of a preacher, who strongly urged personal responsibility and righteousness, saying:

"He stressed the larger Americanism and declared that persons of wealth, time and ability must give consideration to public needs and must be men of vision who will look to the future; that they must not be afraid of things because they are large. He avoided politics, except possibly in one sentence in which he said we must not be afraid to take our place and our responsibilities among the nations of the world.

(Continued on Page 3)

HEALTH CONDITIONS

WEEKLY REPORT FROM COUNTY HEALTH OFFICER SHOWS DECLINE OF INFLUENZA

The report of County Health Officer J. L. Pomeroy, M. D., for the week ending March 8th shows that cases of disease reported included 122 of influenza as compared with 19 for the corresponding week last year, 12 cases of mumps as compared with two for the same period in 1919, three cases of scarlet fever and seventeen of smallpox against none last year in the corresponding week. In summarizing statistics the report says that influenza conditions are about normal, 2500 cases having been reported to the department and the peak having been reached February 1 to February 12, when 1000 cases were reported. Announcement is made that a detailed study of the epidemic is being made, a report of which will be issued shortly. Relative to smallpox the following statement is made:

"Those misguided individuals who are opposed to vaccination against smallpox continue to pay the price by developing the disease whenever exposed. Seventeen cases in Lankershim were all among the class who refuse to prevent the disease. Some of them now bitterly regret that they did not get vaccinated, besides being marked for life they have lost considerable time and money, and upset the life of a whole community. Public opinion answered the problem in Lankershim when over 150 conscientious objectors changed their minds and got vaccinated this week."

Y. P. RALLY

Tuesday evening about fifteen young people of the various Presbyterian churches of the valley attended the Presbyterian Y. P.'s rally at the Emanuel Presbyterian Church of Los Angeles. In spite of the rain a good crowd gathered to hear the reports of the different departments of the Young People's work of the Presbytery. At the close of the evening Dr. Lishman, assistant pastor of the Pasadena church, gave a very impressive message on "Consecration," followed by a call for life service for the Master's work.

DEATH OF HART BABY

Funeral services were held yesterday afternoon in the Little Church of the Flowers for Klyda Jane Hart, aged one year and nine months, who died of whooping cough and influenza at the parents' home, 404 East Cypress Avenue. Rev. C. A. Cole officiated. The L. G. Scovern Company was in charge. Interment was in Forest Lawn Cemetery.

PASADENA SCHOOLS

TEMPORARY BUNGALOWS TO RELIEVE CONGESTION UNDER DISCUSSION

That Glendale's school problems are the common problems in Southern California is proved by data concerning school bond propositions elsewhere. In Pasadena a campaign for a bond issue to build new schools is being opposed by the Taxpayers' League and even by George R. Beckley, president of the Board of Education, who is advocating the building of temporary bungalow school rooms to relieve school congestion until building costs are reduced. It is the plan which has been mentioned by Superintendent R. D. White in our own city as a possible solution for the time being of the problem of providing school rooms needed by the Intermediate now that the bond issue is found to be inadequate.

ADRIFT ON DISABLED OIL TANKER

Jason Killgore of 507 Vine St., who is radio operator on the Union Oil Company tanker, Argyle, wrote his father of a rather serious adventure that befell the ship early last week. Just after it had left Eureka, the propeller shaft broke and for 48 hours the ship drifted, Jason sending out more than 50 S. O. S. calls. They were picked up after drifting 72 miles out of their course, another tanker taking them in tow for San Francisco, where the ship was laid up several days for repairs. The usual route of travel is from San Francisco north as far as Seattle, with stops at intermediate ports. Once in four to six weeks a trip is made to San Pedro and San Diego and then Jason manages a short visit to his father and brother, Russell, in Glendale.

H. C. TOMAW SELLS PROPERTY

Henry C. Tomaw has sold his residence property at 506 West Elk Avenue to Mrs. Nancy Lois Kraft of Santa Monica, who expects to take possession in about 30 days. Her husband is working in Cleveland, Ohio, and expects to join her here this summer. Mr. Tomaw sold the vacant lot just west of his residence to a neighbor, Wm. Jamma, of 514 West Elk. He and Mrs. Tomaw will leave in about 30 days for the old home in Clark county, Ill., near Casey. He has numerous relatives in that vicinity and his youngest son lives in Terre Haute, Ind., 33 miles northeast of Casey. Mr. and Mrs. Tomaw expect to stay a year or two in the East, but intend to return eventually to Glendale.

NOTICE TO VOTERS

Your attention is called to the fact that registration of voters for the Municipal election of April 12th, 1920, closes March 12th, 1920. All voters must have registered as in the precinct in which they reside on the date of election, since January 1st, 1920.

Personals

Kent & Son are erecting a small addition to the rear of their office building that is occupied by Burton & Chandler, at 133 South Brand.

Mrs. Homer Chapman of Los Angeles motored to Glendale yesterday to spend the afternoon with Miss M. C. Merritt of 210 South Louise Street.

Edward Dungan and wife of Denver, Colo., who are guests for a few weeks of Dr. Dungan and wife of 323 East Lomita Avenue, spent Tuesday at Catalina.

Miss Lucille Woods of Los Angeles, who formerly lived at 546 West Broadway, was the guest of Misses Helen and Julia McMillan, 552 West Broadway, Monday and Tuesday.

Friends of Robert W. Burns will be pleased to learn that he has so far recovered from his recent illness, that he has been removed from the hospital to his home at 132 S. Louise Street.

The home of A. H. Hoit of 128 N. Adams has been quarantined on account of the illness of Mrs. Hoit and her three boys, but they are now recovered from influenza and the quarantine has been lifted.

George A. Potter, whose home is in Glendale but who for the past six months has been in the oil fields in Northern Texas, is visiting old friends and relatives in Pittsburg, Pa. He writes that the cold, snow and ice do not look good to him.

Robert Holland, Jr., of 209 Arden Avenue had sufficiently recovered from the illness which kept him at home for several weeks to return to school Monday. Mrs. Holland entertained Tuesday at luncheon her cousin, Mrs. Jessie Booth, from Ann Arbor, who is spending the winter in Pasadena.

Tom Furst and wife are rejoicing that their new residence has been commenced at last. The location is 620 North Jackson and the house will be of five rooms. Mrs. Furst's father, F. W. Pigg, is building it, and on the lot north of it he is completing a bungalow of similar size and design for George Robinson.

James Pumphrey, wife and son, James, Jr., of Los Angeles, accompanied by Mrs. Maria Head of Santa Ana, Mrs. Pumphrey's mother, visited Glendale relatives yesterday. The Pumphreys formerly lived in Tropic, James working for his father, who then owned the Glendale Paint and Paper store and lived at 1313 Chestnut Street, now 213 W. Chestnut.

E. R. Best and wife have sold their home at 424 Fernando Court to Fred Strouse, an employe of the Southern California Edison Company, and will give possession about April 1. They expect to buy an acre or so of ground either in northwest Glendale or in Burbank, and try outdoor life, as Mr. Best has grown tired of the confining life of a clerk.

Mrs. Maud L. Potter and daughter, Miss Ida Potter, of 123 North Everett Street have been entertaining Mrs. Potter's uncle and aunt, Mr. and Mrs. J. E. Mercer of Denver, Colo., the past week. They are very much delighted with Southern California and our fine roads. They left Monday to drive to San Diego. Mr. Mercer is a wholesale merchant in Denver.

J. W. Wright and wife, who have been living on Los Angeles Street, near the basket factory for the past two years, were compelled to move on account of the house they were in having been sold, so they bought a place at 703 East Chestnut and moved in on Monday. Mr. Wright was quite ill with influenza the week before, but had recovered sufficiently to assist in the moving.

WEATHER FORECAST: Fair tonight and Thursday. Somewhat cooler in the morning with light frost in exposed places.

Mr. and Mrs. W. W. McElroy of 510 South Adams Street had as dinner guests Sunday Mrs. Shobe, Mrs. Ford and daughters of Helena, Montana, who are spending the winter in Southern California. They represent three generations of the late Governor Leslie's family, he having been elected twice the governor of Kentucky, was among the last to be appointed governor of Montana while it was a territory. Mrs. Ford's husband is now attorney general of the State of Montana.

Captain and Mrs. D. Ripley Jackson have offered their home for a St. Patrick's Day musicale which is being planned by the Music Section of the Players' Club. Well-known artists, such as Mrs. Leroy Bosserman, pianiste; Mrs. Mabel Capell, soprano; John Marquardt, violin; Miss Champlain, accompanist; Mrs. A. H. Montgomery, reader; Louise Hand, whistler; Esther Ralston, dancer; D. Ripley Jackson, tenor; and W. L. Franch, tenor, are among those who will appear. Several Irish features are being planned.

EVENING SCHOOLS

(Continued from Page 1)
rolled in the day schools. The subjects taught will include English, spelling, writing, arithmetic, and if there is a sufficient demand there will be special naturalization classes and special classes for the teaching of English to foreigners.

It is expected that the news of these evening schools will be carried by pupils in the schools who will be specially posted in regard to the matter, and also through citizens who are asked to pass the word along to foreigners who might not otherwise hear of it. L. T. Rowley, secretary of the Board of Trustees of City Schools, is greatly interested in the matter and will make a special effort to bring it to the attention of Mexicans employed in Flood Control work as he comes in contact with them. The same service will be performed by Mr. Funatsu of 1417 San Fernando Road among his countrymen, as he is a man of intelligence who has shown a disposition to co-operate in such matters.

RECONSTRUCTION

(Continued from Page 1)
gardless of how bad conditions may get in this country 'there is always salt enough to save it.' That is just as true at this time. Then, too, we have accumulated so much more property in this country than we had that conditions are more stable.

"The trouble with us is that we have an immense burden and we can not lift that burden by working six hours a day and five days a week. If we would all get together and work, we could get out from under in a short while. If we follow this proposition of getting as much money as we can and giving as little service back as we can, we will never get the burden lifted.

"I was out at Puente for a week recently as the guest of a friend who owns a ranch there. That man couldn't hire any help because men didn't want that kind of work. He got up at four o'clock in the morning and did not get his supper until nine o'clock at night. He had to make up for fellows who are working only six hours a day and then only working when a boss is standing over them.

"The cutting off of men by the railroads and the shutting down of a number of factories will help to solve the problem. When there is a surplus of labor men will begin to look for work. That will come when in order to eat they have to work."

RAINFALL FOR STORM 481—FOR SEASON 12.53 INCHES

A gentle rain beginning at 7:30 last evening and continuing until after midnight, added .63 of an inch to the season's record, bringing it up to 12.53 inches, according to T. W. Preston's gauge, as compared with 9.89 inches at this date last year. Mr. Bartlett's gauge showed a little less, .55 of an inch, bringing his total to 11.93 inches. The mountain tops to the north and east were well covered with snow during the storm.

SEVENTY-NINTH BIRTHDAY CELEBRATED

A very pleasant social affair took place at the home of Mrs. Louise Tenney Baron, 1135 East Maple St., when the seventh-ninth birthday of her father, Sampson M. Tenney, was celebrated with a family dinner at which a birthday cake bearing seventy-nine candles had a conspicuous place. The honoree is said to be a veteran of the Civil War who participated in Sherman's march from Atlanta to the sea, and who has since marched about the country considerably in civil life. He was in our city ten years ago and is now greatly surprised at its growth. The party was attended by Miss J. Maria Tenney, August Gulke, Mr. and Mrs. Frank Sargent, Leigh Sargent and all the members of the Baron family.

FRANKLIN K. LANE

(Continued from Page 1)
in our own country he insisted that we must undertake big irrigation projects so that all the dry lands will be irrigated, likewise declaring that all the swamp lands must be drained, that being quite as important as irrigation under the policy of bringing more land under cultivation.

"He then spoke of the wonderful possibilities of the Pacific Coast, particularly Alaska, where, he said, we ought to be able with the reindeer and musk ox to grow meat enough to supply this coast, the meat of the musk ox being quite as deli-

Why Has the Glendale Laundry So Large a Patronage?

Because our method of sorting and "pigeon-holing" the clothing before laundering precludes the possibility of your choice table linen or your best sheets being dumped into a tub with clothing that is badly soiled. Because each piece is so carefully checked that the danger of loss is reduced to the minimum.

Are you particular about your linen?

Glendale 1630

cious as beef, he declared. Our present transportation facilities should make this entirely practicable, he said.
"He urged an extensive and comprehensive system for the distribution of the waters of our great rivers, the Colorado, the Columbia and the Snake, applying his argument that wherever there is land to be irrigated, the waters of streams should be made available. These things, he said, would require the aid of the Federal government and the state and out of the earnings we must continue the development. He referred to the land leasing bill recently passed which permits the government to lease oil and mineral lands and declared that part of the income should be used for this kind of development. While the state and government will back these things, private wealth must not stand aloof and shirk its responsibilities, he said."

FOR SALE—Bargains in Homes

\$3500—Five-room nice bungalow, northwest part of Glendale, large lot, garage, fruit trees, etc.

\$4800—Seven rooms, a charming bungalow home, best of location, modern in every respect, lot 50x150, garage, drive, etc. Terms. \$1800 cash.

\$5500—Artistic bungalow home of 6 rooms, 4 blocks from business center, every modern convenience, in a beautiful section east of Brand Boulevard.

\$8000—This is the best located, best built, best finished, and most homey bungalow in Glendale; 7 large rooms and sleeping porch, beautiful yard, full bearing fruit trees, garage.

\$8500—Two-story, 8 rooms and sleeping porch, one of the most beautiful homes in Glendale; (this place would sell for \$12,000 if in the city). Location, best; a great many fine features in this home; large lot beautifully improved.

\$400—\$400

Don't forget we are selling lots in our Kenilworth Tract for \$400. 50-ft. lots with all street improvements in and paid for. The way they are selling the entire tract will be sold out in a short time. Easy terms if desired.

CLUB PROBLEMS

(Continued from Page 1)

but at such extravagant values that the committee did not feel justified in considering them. The inside lot on Harvard near Kenwood had been purchased, she said, at a cost of \$1000, and the corner lot on the same street for \$2000 though now, real estate dealers had assured the committee, that lot had depreciated and it was now worth but \$1500.

Mrs. T. W. Preston said: "My feeling is that we are not a wealthy club. We have been a long time gathering the little money we have. If we should pay out \$2000 in cash in addition to our lots, how long will we be in getting money to build a club house? It seems to me if we could get the lots on the corner of Doran and Maryland, we would have the nucleus of our club house fund. My idea is that we must not have too much land to take care of. That costs money. It will mean a janitor and a gardener."

Mrs. Meeker: "Does the club anticipate building this year? If not, our old lots will increase in value and why dispose of them? We have a good lot across from the library and it does not look like good business to me to throw that away for \$1500."

Mrs. A. H. Montgomery: "What we want to take into account is that property on Central and Doran will increase in value and we want enough ground to have entertainments. We need ground."

Mrs. Daniel Campbell: "It seems to me we should not allow our property to be depreciated. That corner lot is very valuable. I favor the Louise and California site, but it seems to me it should be an even exchange. I think property on Harvard and Kenwood is more valuable than on California and Louise. There is more land in our lots than we would get on the other corner, so I do not understand why we should pay a bonus. It seems to me if we could sell our land for cash, possibly we could buy cheaper than to exchange."

Mrs. G. H. Rowe: "Couldn't we sell first? Some of us in the club have been working on this club house fund for a number of years, and if it is going to be dragged out for another ten years, it will be a little hard."

Mrs. W. E. Evans urged that effort be made to locate the club with reference to the most actively developing part of the city. The fact that the club's two lots are not together she declared would increase the difficulty of selling them and by the time they could be sold, some of the sites now available would be lost to the club because of their sale in whole or in part to other buyers."

Mrs. C. E. Norton: "I favor 150 feet of ground and I am willing to run the lawn mower (laughter). If we can get an even exchange for our two lots on Harvard for the two lots on Maryland and Doran and if we can buy the next lot—a good lot with a house on it, we can fix up the house and as property rents now that house will take care of the other two lots while we are waiting to build."

Mrs. Ward: "Can we not advertise for what we want and what we have to sell? It will take only a few days."

Acting on the suggestion of a club member that an expression be secured from those present relative to their desire for two or three lots, the president asked members to indicate their approval by raising their hands when the proposition was put and there were more votes for three than for two lots. She closed the subject by stating that no immediate action would be taken but the matter would continue to have the attention of the Board.

The program then opened with vocal numbers by Mrs. Grace Russell of Los Angeles, who sang most beautifully the French lyric, "Hail-Luli," by Arthur Coquard, and "Bird of the Wilderness," by Horseman, responding to the appreciative applause of her audience with the encore "Doeskin Land," by Cadman. Mrs. Russell has a high so-

prano voice of great volume and flexibility. She is the wife of Col. Oscar Russell of the U. S. A., and is a cousin of Mrs. Mabel Franklin Ocker of this city.

Miss Gale read one of her imitable "Friendship Village" stories, entitled "Peace in Friendship Village." In it she described the demobilization of the local Red Cross Chapter with an entertainment, including a pageant of all nations. It had a moral which didn't have to be explained or rubbed in and was a disguised plea for Americanization work and for the ratification of the peace treaty and League of Nations. Humor and pathos were so intimately blended that when the audience was not exploding with merriment it was wiping its eyes. Her encore story, "Making It Pleasant for Letty," had a more individual message. As she differentiated the two, the first had to do with social movements and morality, the second with personal morality, though she did not use the term "morality" in its commonly accepted meaning. It was, however, a very pretty tale which every one who heard it could apply with profit.

A delightful floral setting for the program had been provided in apple bloom generously bestowed by Mrs. Harry Spalding of Burbank.

No Eastern Money Controls The Los Angeles Times

No editor in New York or any other eastern city can pull strings which make THE TIMES jump hither and yon. THE TIMES is owned in California, edited in California, printed in California, and devoted heart and soul to California's welfare. It is California's own newspaper.

How triumphant the feeling among California people because their newspaper—THE TIMES—looms great and towering above its eastern-owned contemporaries.

How humiliating it would be if things were otherwise—if, let us say, the representative California newspaper should be owned in New York and California's people forced to accept dictation on the part of eastern people, backed by eastern money, in behalf of eastern ambitions.

Naturally a thrill of State-loyalty is behind the support given to THE TIMES. Its readers feel self-triumph in the triumphs of THE TIMES, and this newspaper itself, conscious of its responsibilities, spares neither money nor effort in maintaining its overwhelming leadership.

THE TIMES, the largest newspaper in the world, delivered at your door for 85 cents per month.

THE TIMES-MIRROR COMPANY
Los Angeles, California.

You Waste Feed

You might as well buy feed and pour it out on the ground as to feed the wrong combination of grains and hay to your stock. There are certain feeds and combinations of feeds that are best for the baby chicks, for the friers you are getting ready for the market, for the laying hens, for the does and for the young rabbits. The cow, the horse, the goat and the pigs all require different feeds in varying quantities to do them the most good.

FEED IS HIGH

and you should get the greatest possible returns in development of your stock from what you feed.

Why not buy your feed here? We are feed specialists and can help you to select the kinds that are best for your purpose
