RUSSIAN CENTRE MARCHING TO BERLIN

GERMAN EMPIRE IS MEAT IN SANDWICH

Russians Rolling in From East While Allies Come From the West

ARMY FROM NORTH IS CAPTURING VISTULA

French's Report Hid the Milk Jugs of Many British Breakfast Tables To-day

London, Sept. 10.—Exultant messages from Petrograd and admissions of disasters from Vienna indicate that the long series of military misfortunes marking the history of the dual monarchy are about to be capped with an unparalleled debacle which will not only open the road to Berlin but bring Austria to suffer peace.

The armies in the west seem as if pausing to watch the fateful drama in Galicia, the outcome of which may have a tremendous effect on the plans of the invaders in the western theatre of war, as well as on the allies in that region.

The news from Belgium indicates that the Germans are preparing for eventualities by rushing reinforcements southward. The first definite indication of this movement is given in a dispatch from Belgium which relates that the German force that has been waiting outside Ghent for the levy of provisions demanded from that city, had left hurriedly in a southeasterly direction.

Germany Get Late Start.
Britain had looked hopefully for the Russian steamroller to get under way, but the tempo which the Russian army on the eastern theatre of the war already has acquired, has surprised even the military experts. The movement of the Russian advance has been so speedy that the German divisions advancing in the Vistula are hardly likely to arrive in time to assist their sorely pressed ally in Galicia.

Reports from Petrograd indicate that the Russian army already are driving the Germans before them on the western bank of the Vistula. In this region the only base left for a rallying point for the Austrian and German forces is Cracow, the old capital of the kingdom of Poland, situated in Galicia on a broad plain, on the left bank of the Vistula and not more than 30 miles from the frontier of Silesia. If this place falls before the onslaught of the Russians it is felt in London that the annihilation of the Austro-German army in the southeast may result.

The Russian advance now occupies almost a straight line from Konigsberg, on the Baltic, in East Prussia, to Cracow. If Austria is disposed of a tremendous battle line from 300 to 300 miles long may sweep into the German empire.

BRITONS READ OF WAR.

Many British breakfasts went untouched this morning while the people read the graphic account of Field Marshal Sir John French, commander-in-chief of the British forces on the continent, of the heroic fighting made by the British expeditionary force to keep from being annihilated. The British forces backed stubbornly toward the river Oise, constantly showing their teeth but realizing that they must attain the river or perish. General French's frank confession has fallen like a bombshell on the British public, who up to the present time have not been permitted to know how hard pressed their army has been.

PATHFINDER WAS SUNK WHEN TORPEDO HIT HER

London, Sept. 10.—It is stated that the British cruiser Pathfinder, which was destroyed in the North Sea September 5, supposedly by contact with a mine, was in reality sunk by a torpedo boat. This information is released by the official information bureau.

SERVIANS ARE WELL INTO TERRITORY OF AUSTRIAN EMPEROR

Nish, Serbia, Sept. 10.—An official communication issued here to-day declares that large numbers of Serbian troops crossed the river Save, which marks the boundary between Serbia and Hungary from Belgrade to the Bosnian frontier, between September 5 and September 6, and are advancing satisfactorily into the enemy's territory.

One detachment while attempting to cross the Save encountered strong resistance from a much superior force and was compelled to retire. Part of this detachment was captured, together with a small amount of war material.

VICTORIA MARKSMEN MAKE FIRING RECORD AT VALCARTIER CAMP

Ottawa, Sept. 10.—The minister of militia, who returned from Valcartier this morning, declares the shooting of the expeditionary force is remarkable. Twenty-five thousand of the best marksmen will be sent to Great Britain. Colonel Hughes says western men and particularly those from the Pacific coast, are especially good shots.

STEAMER OCEANIC RAN ON ROCKS AND SANK

White Star Ship Reported Wrecked Last Night on North Scottish Coast.

London, Sept. 10.—In a notice posted to-day at the offices of the White Star line declares that the steamer Oceanic, the loss of which was announced by the press bureau last night, ran ashore. This is the first definite news as to what caused the loss of the Oceanic. Last night it was said that she had been wrecked on the north coast of Scotland, but no further details were given. The Oceanic had been taken over for government service. All her officers and crew were saved.

BELGIANS CLEAR WAY FOR ARTILLERY FIRE

Antwerp Considered Impregnable Although Krupp Contract Was Not Completed.

London, Sept. 10.—A dispatch to the Central News from Amsterdam says: "Reports from Putten, in the Netherlands, near the Belgian border, indicate that skirmishing in which the artillery is engaged has occurred northeast of Antwerp. Many houses near Putten were demolished by the Belgians to provide an unobstructed field for the artillery.

THOUSANDS OF WOUNDED ARE TAKEN TO VIENNA

Rome, Sept. 10.—The Tribune's Vienna correspondent states that 6,000 wounded arrived in Vienna on Tuesday, 5,000 on Monday and 9,000 on last Sunday. About a third of these are Germans.

LAST RESERVISTS OF GERMANY MOBILIZED

London, Sept. 10.—A dispatch to the Exchange Telegraph company from Ghent says: "It is estimated that from 30,000 to 40,000 German soldiers have arrived during the past two days at Brussels. This indicates that the German reserve is completely mobilized.

TO CRUSH GERMANY

Washington, Sept. 10.—Great Britain is determined not to make peace until she has decisively defeated Germany. This sentiment has been conveyed to President Wilson in dispatches from Ambassador Page at London.

FRENCH SENDS HIS REPORT FROM FRONT

General Horace Smith-Dorrien Saved Army From Annihilation by Enemy

FIELD MARSHAL HAS PRAISE FOR HIS MEN

Royal Flying Corps Destroyed Several Air Machines of the Germans

London, Sept. 10.—The text of the report of Field Marshal Sir John French, in command of the British forces in France, covering the British operations since they landed in France, was made public to-day.

The report is addressed to Earl Kitchener, secretary of war, and its publication indicates that the government is responding to the public demand for fuller information on the progress of operations, so far as the British forces are concerned in France. The report is published in the London Gazette, the official organ. It follows: "The transportation of the troops from England by rail and sea was effected on the evening of August 21, and I was able to make dispositions to move the force to positions I considered most favorable from which to commence the operations which General Joffre expected me to undertake. The line extended along the line of the canal from Conde on the west, through Mons and Binche on the east.

Advanced Near Mons.
"During August 22 and 23 the advance squadrons did some excellent work, some of them penetrating as far as Soignies (a town of Belgium ten miles northeast of Mons), and several encounters took place in which our troops showed to great advantage.

"On Sunday, the 23rd, reports began to come in to the effect that the enemy was commencing an attack on the Mons line, apparently in some strength, but that the right of the position from Mons was being particularly threatened.

"The commander of the first corps had pushed his flank back to some high ground south of Bray and the fifth cavalry evacuated Binche, moving slightly south. The enemy then occupied Binche.

"The right of the third division under General Hamilton was at Mons, which formed a somewhat dangerous salient, and I directed the commander of the second corps, if threatened seriously, to draw back the centre behind Mons. This was done before dark.

Joffre Reported Danger.
"In the meantime I received a most unexpected message from General Joffre by telegraph, telling me that at least three German corps were moving on my position in front, and that a second corps was engaged in a turning movement from the direction of Tournai. He also informed me that the two reserve French divisions and the Fifth French army corps on my right were retiring, the Germans having on the previous day gained possession of the passage of the Sambre between Charleroi and Namur.

"In view of the possibility of my being driven from the Mons position, I had previously ordered a position in the rear to be reconnoitered. This position rested on the fortress of Maubeuge, on the right, and extended west to Jenlain, southeast of Valenciennes, on the left. The position was reported difficult to hold, because standing crops and buildings made the site of trenches difficult and limited the fire in many important localities. It nevertheless afforded a few good artillery positions.

Sent Out Aeroplanes.
"When news of the retirement of the French and the heavy German threatening on my front reached me I endeavored to confirm it by aeroplane reconnaissance, and as a result of this I determined to effect a retirement to the Maubeuge position at daybreak on the 24th.

"A certain amount of fighting continued along the whole line throughout the night, and at daybreak on the 24th the second division from the neighborhood of Harmignies made a powerful demonstration as if to retake Binche. This was supported by the artillery of both the first and the second divisions, while the first division took up a supporting position in the neighborhood of Pésant.

Retired August 25.
"I felt that not a moment must be lost in returning to another position. "Under cover of this demonstration

Field-Marshal Sir John French Who Sends Report to War Office

British Army Strength Increased Asquith Asks Half Million More

London, Sept. 10.—Premier Asquith to-day asked Parliament to add another half million men of all ranks to the regular army.

The supplementary estimates issued in the former white paper, asking Parliament to vote this increase, say it represents the probable excess beyond the similar increase voted August 5, which will be required for the army service.

This will bring the total of all ranks in the army to 1,186,400 men, a figure unprecedented for Great Britain.

After a short debate Premier Asquith's motion to increase the army by half a million men was unanimously adopted.

The second corps retired on the line of Dour, Quarouble and Frameries. The third division on the right of the corps suffered considerable loss in this operation from the enemy, who had retaken Mons.

Fighting at Midnight.
"The second corps halted on this line, where they entrenched themselves, enabling Sir Douglas Haig, with the first corps, to withdraw to the new position, and he effected this without much further loss, reaching the line from Bavay to Maubeuge in the evening.

"Toward midnight the enemy appeared to be directing his principal efforts against our left. I had previously ordered General Allenby with the cavalry to act vigorously in advance of my left front and endeavor to take the pressure off.

"In the morning General Allenby received a message from Sir Charles Fergusson, commanding the fifth division, saying he was hard pressed and in urgent need of support. On receipt of this message General Allenby drew in his cavalry and endeavored to bring direct support to the fifth division.

Wire Stopped Advance.
"During the course of this operation General Delisle, of the second cavalry brigade, thought he saw a good opportunity to paralyze the further advance of the enemy's infantry by making a mounted attack on his flank. He formed up and advanced for this purpose, but was held up by wire about 600 yards from his objective and the Ninth Lancers and the Eighteenth Hussars suffered severely in the retirement of the brigade.

"The ninth infantry brigade, guarding the line of communications, was brought by rail to Valenciennes on the 22nd and 23rd. On the morning of the 24th they were moved to a position south of Quarouble to support the left flank of the second corps. With the assistance of cavalry, Sir Horace Smith-Dorrien was enabled to effect his retreat to a new position, although having two corps of the enemy on his front and one threatening his flank. He suffered great losses in doing so.

"At nightfall a position was occupied by the second corps to the west of Bavay, the first corps to the right. The right was protected by the fortress of Maubeuge, the left by the nineteenth brigade in position between Jenlain and Bruway and cavalry on the outer flank. The French were still retiring and I had no support except such as was afforded by the fortress of Maubeuge and determined efforts of the enemy to get around my flank assured me that it was his intention to hem me against that place and surround me.

INVADING SILESIA, CZAR'S ARMY SOON WILL HAVE BRESLAU

German Force Sent to Aid Austrians First Must Cross Vistula River and Then Dispose of Invading Strength.

Allied Armies in France Continue Offensive Driving Germans Back Along Whole Battleline in Continued Engagement.

London, Sept. 10.—A dispatch to the Exchange Telegraph Company from Rome says: "Dispatches from Vienna state that the advance guards of the Russian centre are marching toward Berlin.

"The Russian troops have invaded Silesia and the capture of Breslau is imminent.

"The Germans are marching south towards Poland to assist the Austrians, but before this aid can be given they must cross the Vistula river, where the Russians are preparing to check them."

A dispatch from Rome to Reuter's Telegram Company says: "According to Galician advices the Austrians have made several attempts to resume the offensive against the Russians with disastrous results. There were further great Austrian losses."

A dispatch to the Reuter Telegram Company from Petrograd says that the Austrians have begun evacuating Cracow.

Allies Continue to Move Forward.
The official press bureau has given out the following statement: "The battle continued yesterday. The enemy has been driven back all along the line. Sir John French reports that our first corps has buried 200 German dead and taken twelve Maxim guns. Some prisoners also were taken.

"Our second army corps has captured 350 prisoners and a battery. The Germans suffered heavily. Their men are stated to be very exhausted.

"British troops have crossed the river Marne in a northerly direction." Field Marshall French's telegram shows that fighting of the fiercest character is in progress, and his statement that the German forces are very exhausted confirms unofficial information from other quarters that the counter attack of the allies has been delivered with such speed and impetuosity that the invaders have been given no chance to recover from the effects of their rush from the north.

Driven Back for Twenty-Five Miles.
Paris, Sept. 10.—The left end of the curved German battle line, which on September 7 extended in the segment of a wide circle from Meaux to Vitry le Francois, about 100 miles to the east of Paris, was hit by the British trip-hammer yesterday and forced to double back for a distance of approximately 25 miles. This outcome of the fighting has aroused great satisfaction in Paris. It is argued here that it probably has resulted in an equal degree of anxiety for the German general staff concerning its line of communications.

In spite of the continued soberness of the French official communications on the progress of these engagements, it is evident that the actions of yesterday and the day before constituted one of the hottest battles of the war.

Germans Seventy Miles From Paris.
The Germans have been led into a dangerous position, and have brought up reinforcements for their left. In spite, however, of their desperate attack the British troops not only held the ground already gained, but forged ahead. While the official reports fail to indicate the direction in which the Germans have retired, it is believed here that they have withdrawn to the northeast in the direction of Epernay, a town about seventy miles from Paris.

The British troops, having crossed the river Marne, are now in a position to follow up their success. They are menacing the Germans constantly with a turning movement. They have the support of the French forces left on the banks of the river Ourcq, who are ready to deal with any German reinforcements that may be brought into action.

Hundred Thousand Germans Retire.
One hundred thousand Germans passed through Crecy en Brie, in the department of Stein et Marne Sunday night and Monday morning. They were retiring. A part of this column was marching eight men abreast. A large detachment of German cavalry which was cut off from the army and took refuge in a forest last night is now surrounded by French troops.

Retreat is Continued.
"Having regard to the continued retirement of the French right, my exposed left flank, the tendency of the enemy's western corps to envelop me and more than all the exhausted condition of the troops, I determined to make a great effort to continue the retreat till I could put some substantial obstacle, such as the Somme of the Oise, between my troops and the enemy and afford the former some opportunity for rest and reorganization.

"Orders were therefore sent to the corps commanders to continue retreat as soon as they possibly could toward the general line of Vermand, St. Quentin and Ribemont, and the cavalry under General Allenby were ordered to cover the retirement. Throughout the 25th and far into the evening the first

(Concluded on page 9.)

LATE NIGHT WAR NEWS

MACHINE GUN BATTERY EQUIPPED AT OTTAWA

Rich Men Have Subscribed \$150,000 to Send Guns and Men Abroad

Ottawa, Sept. 10.—What is to be known officially as machine gun battery No. 1 has been equipped at a cost of considerably over \$150,000, the expense being borne by prominent men in Canada.

The equipment consists of 16 automatic machine guns, capable of firing 400 shots per minute, mounted on eight armored motor trucks; four motor runabouts, 18 motor cycles, one repair car, in which every conceivable kind of material for repair work is installed, one tool car, carrying trenching and every other kind of tools necessary for modern warfare, and a complement of 120 officers and men. With the equipment will be carried four extra guns.

The motor trucks will carry tripods, so that it will be possible to take the guns off the trucks and set them up wherever desired. The trucks carry ammunition and gun crews, thus enabling them to be removed rapidly from one place to another with their ammunition. The motors are about sixty horsepower each, and are capable of traveling forty miles an hour.

Those who have made the gift are: The Hon. Clifford Sifton, Thomas Ahearn, Warren Y. Soper, J. R. Booth, Sir Henry K. Egan, Ottawa; Sir Thomas Shaughnessy, H. S. Holt, Mortimer H. Davis, Hugh Paton, R. Bruntin, Bentley Drummond, Montreal; T. A. Burrows, Winnipeg; C. W. McLean, W. A. Downey, Brockville; and Sir Donald Mann, Toronto.

All the equipment is in Ottawa, and the officers and men are in training at Rockcliffe park. Most of the men are chauffeurs and mechanics.

The date of the sailing of the Canadian troops is being kept secret by the militia department. Arrangements are completed, and as soon as equipment is all ready, the force will be moved. The press will be requested to co-operate with the militia officials so that the Canadian army will slip away as quietly as did the British expeditionary force to France.

Their landing place will be kept secret, but it is believed they will first be sent to England, where their training will be finished.

There is a rumor that the park of Lord Derby, which has been placed at the disposal of the war office, will be used as the British mobilization quarters for the Canadian army. They will likely join one of the new armies which Lord Kitchener is at present training.

The final announcement of infantry brigade and battalion officers for the Canadian force will be made by Hon. Sam Hughes this week. There are many more officers at Valcartier than are required, and they are undergoing examination. Three members of parliament are going with the troops, Col. John Currie, Col. Harry McLean, and Major Sam Sharpe.

The arrangements regarding the transportation of the troops have been completed. It will take a fleet of over twenty vessels to accommodate the troops. No vessels with a speed of less than fourteen knots are being accepted as transports.

LAND TWENTY THOUSAND TROOPS AT LUNG KOW

Peking, Sept. 9.—A telegram from German sources states that the Japanese landed 20,000 men at Lung Kow (a town on the northern coast of the Shan Tung peninsula), and that they are advancing toward Chao Yuan (a town about 80 miles north of Kiau Chau).

The Chinese censorship is complete. Even Chinese officials in the territory occupied by the Japanese are prevented from communicating freely with Peking, while telegraphic communication with Tsing Tau has been interrupted for a week.

INDIA'S POTENTATES HELP THE EMPIRE

Native Princes Offer Funds and Services for Great Britain

London, Sept. 10.—(Through Reuter's Ottawa Agency.)—In the House of Commons yesterday afternoon, Charles Roberts, one of the under secretaries of the colonial department, read a statement from the viceroy of India in reference to offers of service from the native states in the war in which the British Empire is now engaged in Europe.

"It created a tremendous sensation in the house, and the stirring record of the loyalty of India, which it constituted, was greeted with cheer after cheer, as the long roll call of splendid responses to the needs of the Empire was read out.

The viceroy's statement was as follows: "The rulers of the native states of India, who number nearly 700 in all, have, with one accord, rallied to the defence of the Empire and offered their personal services and the resources of their states for the war.

"From among the many princes and nobles who volunteered for active service the viceroy has selected the chiefs of Jodhpur, Bikaner, Kishan-garh, Rutlam, Sachin and Patiala, Sir Pertab Singh, regent of Jodhpur, the heir apparent of Bhopal, and a brother of the maharajah of Cooh Behr, together with other cadets of noble families.

"The veteran, Sir Pertab, would not be denied his right to serve the King-Emperor, in spite of his seventy years, and his nephew, the maharajah, who is but sixteen years old, goes with him. All these have, with the commander-in-chief's approval, already joined the expeditionary force. The maharajah of Gwalior and the chiefs of Jaora and Dholpur, together with the heir apparent of Palanpur, were, to their great regret, prevented from leaving their states.

"Twenty-seven of the larger states of India maintain imperial garrisons, and the service of every corps were immediately placed at the disposal of the government of India on the outbreak of the war.

"The viceroy has accepted from twelve states contingents of cavalry, infantry, sappers and transport, besides camel corps from Bikaner, and most of them have already embarked. As particular instances of the generosity and eager loyalty of the chiefs the following may be quoted:

"The various durbars have combined to provide a hospital ship, to be called the Royalty, for the use of the expeditionary forces. The maharajah of Mysore has placed £1,750,000 at the disposal of the government of India for the expenditure in connection with the expeditionary force. The chief of Gwalior, in addition to sharing in the expense of a hospital ship, the idea of which originated with himself and the Begum of Bhopal, has offered to place large sums of money at the disposal of the government of India and provide thousands of horses as remounts.

"From Lahore, in the Punjab, and Lushela and Kelat, in Baluchistan, come offers of camels and drivers to be supplied and maintained by the chiefs and sirdars. Several chiefs have offered to raise additional troops should they be required, and donations to the Indian relief fund have poured in from all the states.

"The maharajah of Rewa has offered his troops, his treasury and even his private jewelry. In addition to contributions to the Indian fund, some of the chiefs, those of Bundel, Orcha, Gwalior and Indore, have also given large sums to the Prince of Wales fund. The maharajah of Kashmir, not content with subscribing himself to the Indian fund, presided at a meeting of 20,000 people recently held at Srinagar and delivered a stirring speech, in response to which large subscriptions were collected.

"The maharajah of Holkar offers free of charge all the horses in his state army which may be suitable for government purposes. Horses are also offered by the Nizam's government, by the Jan of Nawanagar and other Bombay states. Every chief in the Bombay presidency has placed the resources of his state at the disposal of the government, and all have made contributions to the relief fund.

"Loyal messages and offers of service have also been received from the Khyber Agency, as well as the Khyber Rifles. Letters have been received from the most remote states of India, all marked by deep sincerity of desire to render some assistance, however humble, to the British government in its hour of need.

"Last, but not least, from beyond the borders of India have been received generous offers of assistance from the Nepal Durbar. The military resources of the state have been placed at the disposal of the British government, and the premier has offered the sum of three lakhs of rupees (£100,000) to the viceroy for the purchase of machine guns or field equipment for the British Gurkha regiment proceeding overseas, in addition to large donations to the Prince of Wales an Imperial relief fund. To the 4th Gurkha Rifles, of whom the premier of Nepal is honorary officer, the premier has offered 200,000 rupees for the purchase of machine guns in the event of their going on service."

A popular desire to help the government was received from committees representing religious, political and social associations of all classes and creeds.

"What we strive to gratify, though we may call it a distant hope, is an immediate desire.—George Elliot.

KILLED AND WOUNDED OF BRITISH OFFICERS

Several Recorded as Missing From Ranks of Army in France

London, Sept. 10.—The following casualty list of officers was issued by the war office late last night:

KILLED
Bradbury, Capt. E. K., Royal Horse Artillery.
Campbell, Lieut. J. D., Royal Horse Artillery.
Chambers de Crespigny, Lieut. C. N., 2nd Dragoon Guards (Queen's Bays).
Cowan, Sec. Lieut. D. H., Hampshire Regiment.
England, Major R., Royal Field Artillery.
Julier, Lieut. G. C., 5th Royal Irish Lancers.
Kent, Lieut. A. M. S., Hampshire Regiment.
Vandeleur, Capt. W. M. C., Essex Regiment.
Williams, Capt. A. L., Royal Army Medical Corps.

WOUNDED
Armitage, Lieut. E. L., Royal Field Artillery.
Bartlow, Major J. E., Royal Engineers.
Castleross, Sec. Lieut. Viscount, Irish Guards.
Flambo, Lieut. E. W. S., Rifle Brigade.
Herbert, Sec. Lieut. Hon. A., Irish Guards.
Innes-Ker, Lieut. Lord R. E., Irish Guards.
Lamb, Capt. G. E. W., Rifle Brigade.
Rickman, Major S. H., Rifle Brigade.
Tisdale, Capt. A., Irish Guards.

MISSING
Ames, Lieut. W. K., Royal West Kent Regiment.
Besant, Capt. P. E., Royal Warwickshire.

Blacker Douglas, Lieut. R. Stj., Irish Guards.
Broderip, Capt. J. Y. M., Somerset Light Infantry.
Burton, Capt. J., Coldstream Guards.
Carter, Capt. J. G. A., 1st Life Guards.
Cardew, Sec. Lieut. H. D. St. G., 2nd Dragoon Guards (Queen's Bays).
Chance, Capt. E. S., 2nd Dragoon Guards (Queen's Bays).
Chatworth-Musters, Lieut. P. G., King's Royal Rifle Corps.
Chisholm, Lieut. W. M., East Lancashire Regiment.
Collins, Major E. R., D. S. O., East Lancashire Regiment.
Clemens, Lieut. C. J., King's Liverpool Regiment.
Dey, Major D. A. L., Royal Warwickshire Regiment.
Fitzgerald, Capt. Lord D., Irish Guards.
Furneaux, Lieut. P. T., King's Liverpool Regiment.

JAPAN JOINS ALLIES IN PEACE AGREEMENT

Petrograd, Sept. 9.—A dispatch from Tokio states that Japan has joined the agreement of the allies not to conclude peace without the consent of the allied nations.

Japan has informed Russia, the dispatch says, that she will not make peace with Germany until the war in Europe is ended, even if Japan occupied Kiau Chau before then.

THIRTY-ONE SHIPS STEAM EAST IN BOTHNIA GULF

London, Sept. 10.—A dispatch to the Daily Telegraph from Copenhagen announces that a German squadron of thirty-one ships, including battleships, cruisers and torpedo boat destroyers, has been observed at various points along the Gulf of Bothnia steaming east.

MANY IN VICTORIA USE FAMOUS COMPOUND

The famous mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, is much used here in Victoria. This is the most complete bowel cleanser ever sold, being even used successfully in appendicitis. Just ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after Adler-I-ka is taken the gasses rumble, and pass out—the INSTANT action is surprising. Hall & Co., corner 702 Yates St.

SASKATCHEWAN'S HORSES ACCEPTED FOR TROOPS

Regina, Sask., Sept. 8.—The province of Saskatchewan's offer of fifteen hundred horses has been accepted by the government of Great Britain. This proposal was made some time ago by the Saskatchewan government, but the acceptance by the Imperial authorities was received only to-day by Premier Scott.

SAVE MONEY ON FURNITURE

By making your Furniture purchases here. WILLIAM S. ROGERS, MILL MANAGER, DEAD

New Westminster, Sept. 9.—William S. Rogers, mill manager of the Canadian Western Lumber company, died at 8 o'clock last evening in Fraser Mills, having suffered for the past two years with cancer of the jaw. He was 44 years old. The deceased was born in Wisconsin. He leaves a widow, but no children. His mother is residing in Oil City, Pa., with one sister, Mrs. Morris, another sister at Sand Point, Idaho. Seven brothers survive, being Roy, of Golden, B. C.; J. H. of Anacortes, Wash.; Dana, of Fraser Mills; Luke, of Golden, B. C.; Guy, of Everett; C. H. of Virginia, Minn.; and E. M. of Everett.

CORPORATION OF THE DISTRICT OF SAANICH.

By-Law No. 92.

A BY-LAW Authorizing Street Improvements and to Raise the Necessary Monies for the Payment Thereof.

WHEREAS the Reeve and Council of the Corporation of the District of Saanich have determined to improve by grading and paving streets in the District of Saanich... AND WHEREAS the Corporation has agreed to pass a By-law for the purpose of performing the work hereinbefore mentioned... AND WHEREAS the amount of the debt which this By-law is intended to create is the sum of Twenty million, One hundred and ninety-five thousand dollars (\$20,195,000)...

PUBLIC WORKS TO BE CONTINUED IN WINTER

Financial Arrangements Provided for Will Assist Canadian Municipalities

Ottawa, Sept. 10.—Through the emergency legislation passed by parliament last session, arrangements were made to assist the Canadian provinces, cities and municipalities whose finances have been dislocated by the war. This assistance will permit necessary public works to continue, and help the unemployment problem this winter.

The legislation adopted at the last session authorizes advances in Dominion notes to banks upon approval securities. Advances will be permitted to banks on securities of provinces, cities and municipalities whose treasury bills are in London will mature in the next few months.

The bankers for any such corporation will deposit these securities, in regard to the value of which there can be no question, and thus secure advances from the government. These treasury bills or short date obligations had been issued with the expectation on the part of the provincial or municipal authorities concerned that they would issue permanent securities in due course and from their proceeds retire the treasury bills as they matured. The procedure they adopted in issuing their bills and that which they intended to pursue in retiring them was a usual and ordinary method of public financing.

Some of the public bodies in question had made their issues before the outbreak of the war; others intended to go upon the market this fall. In the former case the proceeds of the loans have not been available, in their entirety at least, by reason of the British moratorium, which has postponed the obligation of the underwriters and subscribers. But for the latter it is not possible at the present time to make the permanent issues to which they looked forward, as the London market is closed for the present to new issues of even the highest class of securities.

The aggregate of the outstanding treasury bills probably exceeds thirty million dollars. A part of this indebtedness will be met from the proceeds of permanent securities, as the moratorium is not being taken advantage of by the provinces and cities in other cases, the maturing bills will be renewed upon terms of reduction in amount by part payment. The balance will be taken care of by the bankers of the provinces and municipalities interested.

YAQUIS STIR THINGS UP AT GUADALAJARA

Wealthy People Forced to Pay \$7,000,000; Indians Have Delightful Time

San Francisco, Sept. 9.—Expelled from colleges and churches of Guadalajara by constitutionalists, 45 Spanish and French Catholic priests and lay brothers and 48 sisters of the Sacred Heart arrived to-day in San Francisco from Manzanillo aboard the Mexican steamer City of Mexico. Fearing annihilation by a band of Yaqui Indians reported to be riding on Manzanillo, the refugees were taken on board the night of September 1.

When they left Guadalajara illiterate Yaquis were in possession of the Jesuit and Marist colleges there, toying with the apparatus of the physical and chemical laboratories, and tossing valuable books and furniture out of the windows. A plamo brought ten pesos at a street sale and a rare fello one peso. Nor was the laity immune. Father Gerard de Corme, president of the college of the Society of Jesus, estimated that \$7,000,000 was collected in two levies laid upon the wealthy. Their carriages were commandeered by the Yaquis, who rode about the city in boleros delight.

As soon as the constitutionalists entered Guadalajara they confiscated the property of the colleges, threw the priests on charges of conspiracy, into solitary confinement, where they were held six days by order of Gen. Manuel Dizeque, governor of the state of Jalisco, and sequestered the nuns in private houses, where they were kept under surveillance.

Apart from their imprisonment the priests and sisters said they were treated, if not with respect, with consideration.

TO GIVE THANKS ON OCTOBER THE EIGHTH

Ottawa, Sept. 10.—Thursday, October 8, has been chosen by the government as the date of Thanksgiving Day. The proclamation will appear in the Canadian Gazette on Saturday. For some years past it has been the custom to fix Thanksgiving Day on a Monday, and later in this month. This year it has been decided to revert to the old practice of having Thanksgiving Day fall on Thursday.

OPIUM SMUGGLING IS FRUSTRATED AT TACOMA

Tacoma, Sept. 9.—Seventeen cans of opium worth \$680 were found to-day on the American-Hawaiian steamer Isthmian by Customs Inspector Dorsey, assisted by Inspector Osborn, of Seattle. The cans were hidden in the washroom. Two Spanish firemen, Ramon Martiner and August Vivier, were arrested.

CANADIAN-JAPANESE AGREEMENT FOR INDIA

Plans Outlined for Future Immigration of Hindus to British Dominions.

Simla, India, Sept. 9.—The viceroy of India, in council, has outlined proposals for the consideration of the Indian people, by which the government of India proposes to negotiate reciprocal arrangements with other British dominions to meet the present difficulties regarding the emigration of Indians. Under this plan a limited number of passports will be issued. It is similar to the present arrangements between Canada and Japan, which permits of temporary arrangements for the movements of students and tourists, but which limits strictly the right to settle permanently.

The viceroy announced also that India was contributing \$5,000,000 toward the cost of the Indian contingent in the war. This in addition to applying the gift of the Maharajah of Mysore of \$1,600,000 to the cost of transportation.

CORPORATION OF THE DISTRICT OF SAANICH

By-law No. 91. A BY-LAW To Raise the Sum of \$375,000 for a Water Works Distribution System.

WHEREAS it is expedient to establish a water supply system in the Municipality, and for such purpose it is necessary to lay down mains and pipes for the distribution of the said water... AND WHEREAS the amount of the whole rateable land or improvements or real property of the Corporation of the District of Saanich, according to the last revised Assessment Roll of the year 1914, is Twenty million, One hundred and ninety-five thousand dollars (\$20,195,000)...

CORPORATION OF THE DISTRICT OF SAANICH

By-law No. 93. A BY-LAW To Raise the Sum of \$50,000 for School Purposes.

WHEREAS the School Board of the Corporation of the District of Saanich submitted to the Municipal Council of the Corporation of the District of Saanich an estimate in the amount of Fifty thousand dollars (\$50,000) for school purposes, and the Municipal Council, by resolution, approved of the estimated expenditure... AND WHEREAS the total amount required to be raised annually by rate for paying the debt intended to be created hereunder, and the interest thereon is the sum of Twenty-eight thousand, Five hundred and seven dollars and thirty cents (\$28,507.30)...

CORPORATION OF THE DISTRICT OF SAANICH

BY-LAW NO. 105

By-Law to authorize the Municipality of Saanich to enter into an agreement to purchase water from the Water Commissioner of the City of Victoria.

WHEREAS the Reeve and Council of the Corporation of the District of Saanich being desirous of obtaining a water supply for the said District have entered into a contract with the Water Commissioner of the City of Victoria.

AND WHEREAS the said Contract is not binding upon the Municipality and a By-Law approving the same shall have been submitted to and approved by the Ratepayers of the said Municipality as in the case of money By-Laws.

AND WHEREAS the Corporation of the District of Saanich desire to pass a By-Law approving the said Contract.

NOW BE IT THEREFORE ENACTED by the Reeve and Council of the Corporation of the District of Saanich as follows: (1) The Contract set out in Schedule "A" hereto as by-law approved of September 1914, is hereby approved.

(2) This By-Law may be cited as "The Water Purchase By-Law 1914."

Take notice that the above is a true and correct copy of the proposed By-Law upon which the vote of the Municipality will be taken on the 15th day of September, 1914, at 7 p. m. at the Town School, Cedar Hill Road, in Ward 1.

Gordon Head Hall, in Ward 3; McKenzie Avenue School, in Ward 4; Royal Oak School, in Ward 5; Temperance Hall, E. Saanich Road, in Ward 6.

Vacant store, corner of Gorge and Tillium Roads, in Ward 7; on Saturday, September 19th, 1914, between the hours of 9 a. m. and 7 p. m. HECTOR T. COWPER, Clerk to the Municipal Council.

SCHEDULE "A"

THIS AGREEMENT made in duplicate this first day of September, in the year of Our Lord, One thousand nine hundred and fourteen:

BETWEEN CHARLES H. RUST, Water Commissioner for the City of Victoria, representing herein the Corporation of the City of Victoria, hereinafter called "the Water Commissioner";

of the First Part, THE CORPORATION OF THE DISTRICT OF SAANICH, hereinafter called "the Corporation";

of the Second Part, and THE CORPORATION OF THE DISTRICT OF SAANICH, hereinafter called "the District";

WHEREAS the Water Commissioner with the consent and approval of the Municipal Council is constructing works for the conserving and storing of the waters of Sooke Lake for general domestic, sanitary and fire protection purposes, and conveying the same by means of pipes, and conduits to the City of Victoria and the District in manner following, to-wit:

1. The Water Commissioner shall and will for the period of ten years, hereinafter called "the delivery period," sell and supply to the District, and the District shall and will purchase and take all water required by the District for the supply of its ratepayers and inhabitants for general domestic, sanitary, irrigation and fire protection purposes, not to exceed five million gallons per day, at the following rates and prices, viz:—

For all water supplied during each 24 hours: First 1,000 gallons, 6 cents per 1,000 gallons; Any overplus over 1,000,000 gallons up to 2,000,000 gallons, 5 cents per 1,000 gallons on such overplus;

Any overplus over 2,000,000 gallons, 4 cents per 1,000 gallons on such overplus.

The delivery period shall commence to run so soon as the judgment of the Water Commissioner water is being adequately delivered by means of the said works so to be constructed as aforesaid, into the present system of mains and reservoirs of the City.

Nothing herein contained shall prevent the District from sinking or purchasing any other works within the District or other wells within the District.

CORPORATION OF THE DISTRICT OF SAANICH

MISS FORGET MARRIED. Quebec, Sept. 9.—His Grace Archbishop Bruchesi, this morning blessed the wedding of Miss Marguerite Forget, daughter of Sir Rudolph Forget, to Alexander Martin, of Montreal. The ceremony took place in the parish church of St. Irene Les Baines. Sir Rudolph Forget and Dr. Geo. Kent served as witnesses.

THE DAILY TIMES
Published daily (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

THE WAR.
The Germans are reported to be rushing reinforcements from Belgium to their hard-pressed armies east of Paris.

His Royal Highness the Duke of Connaught, as readers of the newspapers know, has issued an appeal for donations to the Canadian Patriotic Fund.

General Nogi, the victor of Port Arthur, who killed himself when he learned of the death of the sovereign he had served so well, was also among those who predicted the present war.

TO-DAY'S SUMMARY.
The silence of Berlin and Bordeaux up to early afternoon emphasizes the decisive character of the battle being fought east of Paris.

HIS REGRETS.
Germany's Imperial paranoia has sent a message to President Wilson expressing regret that he had "to punish the people of Belgium."

How has Germany punished the Belgians for their obedience to the prompting of the first law of nature? Her soldiers have destroyed Belgian homes, driven women and children among a wilderness of ruins.

As the charming girl who brings the earl across the Atlantic, Miss Dora Jane Kelton has only to be her own natural self to accomplish the small demands that the plays makes on her.

As the charming girl who brings the earl across the Atlantic, Miss Dora Jane Kelton has only to be her own natural self to accomplish the small demands that the plays makes on her.

corpors and the main army will press onward. Austria's downfall means that Germany now stands alone.

CANADIAN PATRIOTIC FUND.

His Royal Highness the Duke of Connaught, as readers of the newspapers know, has issued an appeal for donations to the Canadian Patriotic Fund.

Eastern Canada has put its hand in its pocket with gratifying promptitude and great liberality.

His Honor the Lieutenant-Governor, Sir Richard McBride and Mr. F. S. Barnard are the directors of the organization in this province.

LAWRENCE MACRAE.

The regret occasioned by the untimely death of Lawrence Macrae will not be confined to this city or the province but will be felt in many other communities in Canada and abroad.

Germany's Imperial paranoia has sent a message to President Wilson expressing regret that he had "to punish the people of Belgium."

HIS REGRETS.

trated upon the people of Belgium in time of war.

The destruction of Louvain was a diabolical act, Louvain, the great centre of culture and art, was known all over the world.

NOGI SAW IT COMING.

General Nogi, the victor of Port Arthur, who killed himself when he learned of the death of the sovereign he had served so well, was also among those who predicted the present war.

The difference between General Nogi's forecast and the predictions of the others who dipped into the future was that the great Japanese soldier went more fully into details.

TO-DAY'S SUMMARY.
The silence of Berlin and Bordeaux up to early afternoon emphasizes the decisive character of the battle being fought east of Paris.

LAWRENCE D'ORSAY IN "EARL OF PAWTUCKET"

Noted Comedian Seen at Royal Victoria Theatre by Appreciative Audience

Something over eleven years ago, in New York Lawrence D'Orsay created the part of the earl in "The Earl of Pawtucket."

The Russian advance is described at Petrograd as now occupying almost a straight line from Königsberg, on the Baltic in East Prussia, to Cracow.

According to Serbian advices, Serbian troops have crossed the river Save and are successfully invading Hungary.

Premier Asquith has called on parliament to add another half-million men to the British army.

The detailed experience of the British army during the first week of fighting in France are told in the report of Sir John French, commander of the British expeditionary forces.

A Copenhagen dispatch says that a large German squadron has been observed along the Gulf of Bothnia, steaming east.

An official statement issued at London just before 3 o'clock this afternoon, says that the Germans have

Washed Nut Coal \$4.50 Per Ton Delivered. This is the celebrated Nut Coal that you are eventually going to use in your kitchen stove. Order to-day. Kirk & Co. 1212 Broad Street. Opposite Colonist. Esquimalt Road. Phone 212 and 139

been driven back all along the line. The statement, however, appears to refer to the fighting of yesterday and adds little to the information already published by the French ministry of war.

In the preparation of their programme which was to result in Germany becoming the overlord of Europe and of the world the war lords made a few vital miscalculations.

Special, each 75¢. —See View St. Windows for Samples. —First Floor. Great Variety of Styles in Fall Millinery. Many of the most effective models now being featured are in the Turban order. Some of the most striking are built on strictly round Oriental lines with wing-like projections at the side or at the back, near the top of the crown. The new Sailors have ultra-narrow brims with crowns so high as to give a top-heavy effect. New tricorne effects are also shown, shaped along original lines. In materials, black velvet takes a decided lead, while other shades are chiefly in the darkest, richest tones. You should plan a visit to the Millinery Salon while assortment is at its best. —Second Floor. A Representative Display of New Fall Clothing for Men and Boys. Can be seen to-day in the View street windows. There are Suits for Men in all the newest weaves and colorings, ranging in prices from \$10.00 to \$30. Suits for Boys in a very large assortment of hard-wearing tweeds and serges that range in prices, from \$3.75 to \$12.50. Overcoats for youths and men in both single and double-breasted styles, and in the light-weight styles for early Fall wear to the heavy chinchillas and beavers that will keep you warm on the coldest day. Men's and Boys' Pants, Hats, Caps, Dressing Gowns and Smoking Jackets—in fact everything that you will need to keep you warm and comfortable as well as smart and stylish can be selected from our new Fall stocks in the Men's Clothing store. The quality in every instance is the best that can possibly be sold at the prices asked. Our large buying and personal knowledge of the best markets enables us to offer better merchandise for less. —Main Floor. Rainy Day Garments for Boys. If you let your boys get wet going to school they may have to sit in their damp clothes for several hours—and what will be the consequence? Prevention is better than cure and you will find it much less expensive to provide them with the following waterproof garments: Boys' Oilskin Capes, in both long and short styles. Each, \$1.75 to \$2.50. Boys' Oilskin Coats in black and in khaki. Each, \$3.00. Squams, each, \$1.00. —Main Floor. Helios Vacuum Bottles. Special at \$1.00. A well known reliable Vacuum Bottle that keeps liquids hot or cold as desired. A special sale of these bottles is now proceeding in our Drug department. While they last, each, \$1.00. —Main Floor. A Special Sale of Canaries at \$1.95. Now proceeding in the Hardware Department. —Second Floor. DAVID SPENCER, LIMITED

Ohlson's Roses are the best.

The Imp Will Do It.—Will do what? Clean your chimneys. Throw them into the fire, they will do the rest; 2 for 25c, at R. A. Brown & Co., 1362 Douglas St.

Wanted to Purchase Stock.—(below part) in any C. mine. Call from 10 to 4, bringing certificates. Correspondence solicited. Moore & Johnston, 201 Sayward Bldg., Victoria.

Back to the Land Movement.—The scheme of leasing and cultivating vacant lots in and around Victoria is excellent and should commend itself to everyone. There are many, however, who would prefer to lease a few acres with an option to purchase when convenient and so build up a permanent home in the country. You can select acres in the vicinity of Parksville and on the E. & N. railway extension to Courtenay. For full information apply to Vancouver Island Fruit Lands, Limited, general agents, Carmichael & Moorhead, Ltd., 608 Belmont House, Victoria, B. C.

Phoenix Stout, \$1.50 per doz. qts.

Made in Victoria.—King's Daughters' Cook Book for sale at T. N. Hibben & Co's., D. Spencer, Ltd., and Temple Bldg.

To Curtail Expenditure.—The school board has decided that no further appointments will be made to the staff of the city schools though there are five vacancies. The divisions will be re-adjusted and several classes amalgamated, where the number of pupils falls short of the usual quota. The Boys' Central school, Beacon Hill, and Kingston street schools are likely to be affected in this regard.

Smoked Opium.—Hing was fined \$20 and costs in the police court this morning for smoking opium. He pleaded guilty.

Could Not Get Work.—"I could not get work," said James Thompson to Magistrate Jay this morning when charged with vagrancy. "I have tried, but it seems impossible." Constable Bishop made the arrest and detailed how he had warned the accused on three occasions. Detectives Edens and Turner corroborated. He was sentenced to two months' imprisonment.

Made Patriotic Offer.—C. C. Cochran, manager of the Sidney Trading Co., Ltd., made an offer yesterday to include in the shipment of salmon to the Imperial government 100 cases of tinned Saanich clams. Each case is to contain twenty-four two-pound tins. The offer has been gratefully accepted, and the gift from Saanich will go forward with the shipment of salmon.

Visits Victoria.—St. John Harmsworth, of London, a brother of Lord Northcliffe, arrived in the city yesterday in company with Rowland Stuart, an old-time resident of the Esquimalt district who is now making his home in England. Both are interested largely in the affairs of the syndicate which has acquired control of the radium springs at Sinclair, near Windermere, Columbia Valley. Mr. Harmsworth anticipates a tremendous trade revival after the war is over, and believes that Canada will profit immensely if she is alive to her opportunities.

Add to Fund.—The permanent employees of the Esquimalt & Nanaimo Railway company will give a day's pay each this month to the patriotic fund. This decision was quite voluntary on the part of the men and shows their anxious desire to do something for the great cause. General Superintendent Beasley makes the statement that arrangements have been made to allow men permanently employed who have volunteered and have been accepted for active service their full salaries for six months. Their positions will be held for them.

Thrown From Rig.—Through being thrown from the rig he was driving at the west end of the Point Ellice bridge yesterday afternoon shortly after 4, Frederick H. Honchen sustained very serious injuries, and is now lying in the Royal Jubilee hospital. When the police patrol with Sergeant Blackstock arrived the injured man was lying unconscious on the sidewalk. He was rushed to the office of Dr. G. A. B. Hall where his instant removal to the hospital was ordered. It appears that the rig was hit from behind by a motor car, which skidded when the brakes were put on.

Civilian Rifle Club.—The Civilian Rifle club will hold a practice shoot on Friday afternoon commencing at 2.30. All new members are requested to be present. Instructors will be on the range to assist the new members. The association has extended thanks to the following for donations of prizes for the very successful Labor Day shoot: The Victoria Book and Stationery Co., Ltd., Victoria Leather Goods store, Richardson & Stephens, Spence, Doherty & Co., T. N. Hibben & Co., Office Cigar store, Penneck & Godfrey Co., Ltd., Pichon & Lenfesty, G. Grassby, Thoburn grocery, B. C. Saddlery Co., Ltd., J. N. Harvey, Ltd., G. S. Williams, V. I. Cigar Co., W. B. Grant, the Times.

Corrects Wrong Impression.—At the meeting of the city school board last evening Chairman George Jay asked the press to give publicity to some remarks with regard to the preparation of the tax scale in fees by the city treasury this year. Unthinking ratepayers might be led to the conclusion that the mill rate for schools was 8.25, instead of the total charges for maintenance, interest and sinking fund for schools falling under three mills on the dollar. One of the heads of the items of expenditure said 8.25 mills for "interest and sinking fund purposes and school purposes." He pointed out that as a matter of fact the rate of 8.25 mills referred to the levy for interest and sinking fund purposes for the city's general indebtedness, of which the amount due of school debt was a very small proportion. The charge for school purposes, other than debt, was 2.75 mills this year.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, September 10, 1889.

Montreal, Sept. 10.—T. G. Shaughnessy, general manager of the Canadian Pacific Railway, has been appointed assistant president. He leaves for England to-day to contract for three steamers of 5,500 tons each to steam 18 knots per hour for the Pacific mail service to China and Japan.

The contract for William Grimm's new building on Johnson street, above Douglas street, has been awarded. Boddy and Stone will do the stone and brick work. Sherbourne and Bishop will be the carpenters. The building will have three stories and a basement. The first story will be built entirely of Cobble Hill stone. The cost will be about \$15,000.

The secretaries' conference of the Y. M. C. A. meets in this city a week from to-day. Fifteen delegates are expected. The general conference of the Pacific Coast will convene at Vancouver on September 19.

WILL RENEW BILLS

Treasury Bills Will Not Be Taken Up Next Month; Streets Committee Business.

In connection with the treasury bills which fall due on October 2, steps are being taken by the city's fiscal brokers to have them renewed on that date. The officials are in receipt of data to-day with regard to the rate at which the bills may be renewed and immediate attention will be given to the matter as the brokers desire to have the matter settled up without delay.

On the last occasion when bills fell due, in April, it was possible to take up a considerable number of these short term issues but at the present time, under the disorganized state of the market, such a course is impossible. The matter will be before the finance committee of the city council in the immediate future.

The Warwick arbitration will be heard on Tuesday next. This property is required for the extension of Pandora avenue, and Mrs. Warwick has asked more compensation than the \$5,000 offered by the city. Hugh Kennedy will act as arbitrator for the city, B. S. Oddy for the owner, and R. E. B. S. Oddy for the owner, and R. E. B. S. Oddy for the owner. The property is situated on Stanley avenue.

At the meeting of the streets committee of the council to-morrow afternoon a final opportunity will be given owners on Davis street to lodge a petition signed by two-thirds of the owners in favor of the improvement of the street. Failing this petition, the street will be repaired and Duchess street paved instead in order that the necessary yardage may be provided for the Canadian Mineral Rubber company. Some applications for water front privileges will also be before the committee.

At the special meeting of the council yesterday when the Davis street matter was considered, G. A. Caldwell and another owner on the street referred to the objectionable conditions which prevail, preventing the approach of vehicles to houses on the street.

Market Day Plans.—A further meeting of the committee arranging for the market day to-morrow week was held yesterday afternoon. Advertisements appear to-day inviting tenders for the erection of temporary stalls to house the produce brought to the market.

Board of Supervisors.—To-morrow afternoon prior to the official test of the new hose wagon there will be a meeting of the board of supervisors under the building by-law to consider some complaints which have been received with regard to decisions of the building inspector on plans submitted recently to the department.

Patriotic Working Guild.—The executive committee of the Victoria Patriotic Working Guild among the members of the club, this guild to meet in the club premises, Campbell building, one evening a week. It is hoped that all members will co-operate in this work. The intention is to make garments for those in need in this city. Anyone wishing for further information can apply to the special committee: Mrs. Pethick, Mrs. W. J. Roper, Mrs. Burge or the secretary.

New President Appointed.—The Household League committee met yesterday afternoon at the residence of Mrs. Dennis Harris, Superior street, when the resignation of Mrs. G. L. Foulkes from the presidency, owing to ill-health, was accepted and Mrs. Herbert Kent was appointed in her place. An addition to the officers was made by the appointment of Miss Milligan to the post of recording secretary and of Mrs. Baer to that of corresponding secretary. A committee was appointed to meet the representatives of the Fruit Growers' association with a view to the bringing together of consumers and producers under conditions favorable and advantageous to both.

Everybody's Singing, Conan Doyle's New Song

"Who's That Calling?"

In the first stressful days of the present great war, when history began to hit a pace that has been quickening ever since, Conan Doyle expressed the feeling of the Motherland in a song-poem for which Alicia Needham wrote the music. The song is now sweeping the Empire. Here's one verse:

"Who's that calling? It comes from far away— A voice from the far Pacific main; And shall we be behind When the banner's in the wind And the old Mother needing us again? We're for the flag, The red-crossed flag, We're for the flag that is our own, Do you ask a heart to care for it, A hand to do and dare for it? God save the red-crossed flag!"

The strong demand for this and other, older, patriotic songs finds us prepared to fill all orders for a short time. Other songs are: "Private Tommy Atkins," "The Call of the Motherland," "Soldiers of the Queen" (Boer War), "Land of Hope and Glory," "The Veteran's Song" and "There's a Land."

FLETCHER BROS.

Western Canada's Largest Music House 1231 GOVERNMENT ST., VICTORIA, B.C.

To Contractors

Sealed tenders will be received by the undersigned up to 3 p. m., Tuesday, Sept. 8, 1914, for the following work on the proposed new Jail Building for the City of Victoria, in accordance with the plans, specifications and conditions prepared for that purpose by Mr. J. C. M. Keith, Architect. The parties tendering must send in with their tenders a certified cheque of five per cent of the amount of their bid. Tender forms will be furnished through this office for the work, and these only must be used.

ASK SHORTER HOURS

Deputation Asks Government to Make New Regulation for Sale of Liquor.

Yesterday a delegation made up of representatives of the Ministerial Association, the Social Service League, the W. C. T. U., the Y. M. C. A. and the Y. W. C. A., and headed by the Bishop of Columbia and the Bishop of Victoria, waited on the premier, the Bishop of Victoria introducing the delegates, and the Bishop of Columbia stating the purpose of the delegation.

This, his lordship explained, was for the purpose of making an appeal for the shortening of hours for the sale of intoxicating liquors. Particularly at the present time, it was urged, would this be advantageous. Reference was made to the appeal recently issued by Field Marshal Earl Kitchener, in which the evil effects of indulgence in the use of alcoholic beverages was pointed out and soldiers requested to abstain. The reasons which actuated such a request applied as well to Victoria as to the British Isles, only in a lesser degree.

It was hoped the government would not consider the request a light one at such a time. A reduction of the hours for the sale of liquors was of interest to the general public, and from an economical point of view alone was worthy of recognition.

After the bishops had spoken, Rev. J. G. Inkster, Rev. J. B. Warnicker, Rev. S. J. Thompson, Rev. William Stevenson and Mrs. Justin Gilbert spoke, endorsing the ideas expressed, and adding their appeal to that of the others.

The premier, who received the delegation with courtesy, introduced his remarks by saying that the government was anxious to do everything in its power to maintain normal conditions. Its policy had been to keep all business conditions as before the war whenever possible, and not to let any idea of financial depression influence the public. He would take up the matters with the other members of the government, and would consider with them the question of a reduction of the shortening of the hours as suggested.

Notice to Subjects of Enemy.—Elsewhere in this issue will be found a notice to subjects of the empires of Germany and Austria-Hungary, requesting them to report to the Detective office, 620 Cormorant street, or else to be subject to legal proceedings. This is in conformity with the recent order-in-council.

MORTGAGEE'S SALE. Under and by virtue of the powers contained in a certain Indenture of Mortgage dated June 17, 1913, and of the powers contained in the Mortgage Statutory Form Act, the undersigned is instructed by the Mortgagee to offer for sale the south 40 feet of Lot 41, Block 3, part of Section 74, Victoria City, Map 252 (the premises being situated on Davis street); and, in accordance with such instructions, tenders for the purchase of the above-mentioned property will be received by the undersigned up to the 27th day of September, 1914.

The highest or any tender not necessarily accepted. For further particulars and conditions of sale apply to C. F. DAVIE, Of Room 203, Pemberton Building, Fort Street, Victoria, B. C., Solicitor for the Mortgagee.

PUBLIC MARKET; TEMPORARY STRUCTURES. TENDERS will be received at the office of the undersigned until Friday next, the 12th inst., at 2 p. m., for the erection of temporary wooden and canvas stalls to be used for Public Market purposes, on the vacant lot between Pandora and Cormorant streets, at the rear of the City Hall. Plans and specifications may be seen at the office of the Building Inspector. The lowest or any tender not necessarily accepted.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., Sept. 9, 1914.

LONGSHOREMEN QUARREL. William Black Badly Injured at Shack on Simcoe Street; Alexander Stevenson Remanded.

As a result of a longshoremen's fight William Black is now in hospital and will not be fit to be moved for a week, while Alexander Stevenson, his erstwhile friend, is basking in the salubrious precincts of the city lock-up. This morning the latter was haled before the magistrate, and was remanded on a charge of assault and doing grievous bodily harm.

The trouble between the two friends occurred last night. Both occupy a small shack on Simcoe street, and have lived together in comparative harmony for some time. Last night about 8.15 some boys playing in the vicinity heard unmistakable sounds of battle coming from the shack, and promptly they telephoned for the police.

When Sergeant Blackstock and Constable Munro appeared with the patrol they found Black lying on the floor, his head beaten dreadfully and his face bruised almost beyond recognition. The furniture of the place was all scattered about and broken. A piece of scantling, covered with blood,

was found in the room, and had evidently been used as a weapon. Stevenson was found uninjured in an adjoining room where he had run when he heard the police approaching. Both he and the injured man were brought to the station, and the latter was hurried thence to the hospital where his wounds were dressed by Dr. Bechtel.

THE NEW SKIRTS INCLUDE OUT-SIZES

Out-sizes are included in the several shipments of new Separate Skirts that have arrived during the past few days. We have made very close prices on these skirts, and anyone who is looking for a smart, high-quality yet inexpensive addition to the wardrobe should look over these at once. We are showing them in crepes, serges, tweeds and broadcloths, in shades of navy, black, brown and green mixtures, and in black and white mixtures.

Here's One in navy serge overskirt, with underskirt of Roman stripe. The idea is very new, but becoming quite popular. The effect is very smart. Trimmed with fancy buttons to tone. Priced at \$11.00.

Another Skirt is in tweed, in brown and green mixture. Slightly flared and has double overskirt effect, trimmed with buttons of set material. Priced at \$3.50.

A Third is a fine black serge of fine quality, smart and sensible skirt; has flared ruffle at back brought around to a point in front; row of self-colored buttons at front. Priced at \$7.00.

If Mrs. Justin Gilbert can be away from Victoria next week, she has been delegated to represent the Victoria school board at the annual convention of the Association of British Columbia School Trustees at Nelson.

At St. John's church, on Tuesday last, Flora May, daughter of Mr. and Mrs. Lee, of Princess avenue, and Wilfred Harry Hughes were united in marriage, the Rev. F. A. P. Chadwick, performing the rite. On returning from their wedding trip Mr. and Mrs. Hughes will reside at 723 Princess street, Victoria.

The wedding of Charles Andrew James Gwyer and Eva Caroline Poole took place at St. John's church on September 7, at 2 p. m., the ceremony being performed by the Rev. F. A. P. Chadwick in the presence of a few intimate friends. The bride was accompanied by her sister, Miss Winnifred B. Poole, Joseph J. Ross supporting the bridegroom. On their return from their honeymoon Mr. and Mrs. Gwyer will live at 1028 Fort street.

A very pretty wedding took place Wednesday evening, at the Emmanuel Baptist manse, when Albert Rowland Davidson was united in holy matrimony to Mary Moffat Hamilton. Rev. William Stevenson, pastor of Emmanuel Baptist church, officiated. Miss Angie Langwell accompanied the bride as bridesmaid. Stanley Davidson, brother of the groom, acted in the capacity of best man. A reception was held at 569 David street at the close of the ceremony.

Lieut.-Col. Harry McMicking, D. S. O., a cousin of Alderman McMicking, is reported wounded in the engagements in France. He commands the 2nd battalion Royal Scots and has a long record as a military officer, having joined the army in 1887. He served in South Africa on the staff of the Mounted Infantry and later as column commander. He was mentioned in dispatches twice, and received both the queen's and king's medals, together with the D. S. O. He took part in engagements at Modder river, Paardeberg and Bloemfontein.

In matters of great concern and which must be done, there is no surer argument of a weak mind than irresolution.—Tiltsdon.

Dawson—Rain, 24 inch; highest temperature, 70, on 2nd and 4th; lowest, 30, on 2nd.

Very Effective Method for Banishing Hairs

(Modes of To-day)

At very little cost any woman can rid her face of hairy growths, if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.

5c and 10c Tins

Every Style Exclusive and Individual. Every Price a Pleasant Surprise.

Only yesterday our whole stock was enriched by a welcome shipment of the most delightful garments any woman could wish to look at. You see the Manufacturers have orders to send on the pick of their Sample Garments at any time, so that our showing is being continually reinforced, and we ourselves never know just what is coming until we unpack the cases. All we do know is that it must be something entirely exclusive, something in the most authentic styles, and something that is AT LEAST a quarter less in price than the usual Store Prices.

SUITS

Many ladies who have been disappointed because we wouldn't duplicate suits on which they had set their hearts, but which had been already sold, will find their ideal suit in this new lot. Nothing like our styles will be sold by anyone else. \$12.50 in Victoria and prices actually start at.....

COATS

"Aren't they delightful?" said the first lady who saw them, and you'll agree that they certainly are. Every one of them will lend real distinction to its wearer, and the prices make it easy enough for you to be one of these wearers. Prices start from \$8.99, but there's not a coat among the lot that looks worth less. \$15.00 than.....

RAINCOATS

Nice light weights, and every one absolutely guaranteed waterproof. Stylishly cut, many shades. Priced from \$6.90 only.....

DRESSES

Some dainty street dresses are among the new lot, and the woman who is lucky enough to secure one of these will be perfectly gowned for any afternoon occasion. The little differences in trimmings, the little touches which characterize the cut of each dress, all add an individuality which discriminating folk will recognize and appreciate.

A few skirts in the most useful styles and shades are marked at figures which will mean a sale to every woman who sees them.

Ladies' Sample Suit House

Special Opening Display of New Wear for Infants and Children

We direct attention to our very large showing, which embraces all lifes essential to the completeness of the smaller folks' wardrobe. This week we will hold a special display in the Baby Section, where we will show the latest styles in New Coats, Dresses, Millinery and various other lines of apparel and accessories.

The exhibits this season are very attractive, owing to the fact that all selections were made in the East by our buyer, who visited the leading centres. We are better prepared than ever before to attend to your needs in all lines of Infants' and Children's Wear.

A large and varied assortment of novelties just arrived for baby. The following are only a few of them. Babies' Record Books in dainty colors, prettily hand-painted, from 75c to \$3.00.

Water Bottles in various shapes, plain rubber; some are hand-painted, others are covered in crocheted silk, from \$1.50.

Baby Brush and Comb Sets, from 75c. Clothes Racks in sky and white enamel, \$4.50 and \$5.00.

Babies' Rubber Baths on stand, \$10.00. Wicker Cradles, \$3.00. Stands \$4.50. Complete, \$6.50.

White Enamel Cradle and Stand, \$8.50. Wicker Hampers with Tray, \$8.50 and \$10.50.

The New Coatings For Fall

The outstanding feature of the new Fall styles is the variety of cream and light effects. Cream Blanket Cloth and Lambs' Wool Coats are being much shown for this Fall, and we have just placed a large shipment of these materials in stock.

Cream Cheviot Cloth, 54 inches wide, \$1.50. Cream Blanket Cloth, 56 inches wide, \$2.00.

Cream Blanket Cloth with stripes in saxe blue, Paddy green, gold flame or black. 56 inches wide, \$2.50.

White Lamb's Wool, 56 inches, \$3.00.

Art Needlework

A novelty in Needlework is a dainty collar in sheer batiste, worked in soft shades of pink, blue and mauve. Made up and stamped ready to work. 50c each.

A new assortment of pretty Tea Aprons to embroider, 20c and 25c each.

Free Instructions on Tuesday, Thursday and Saturday Mornings, From 10 to 12 o'clock.

755 Yates Street, Victoria. Phone 1870
575 Granville Street, Vancouver

The new treatment for tender skins

Many people with tender skins have been misled by the superstition that washing the face with soap and water is bad for the complexion.

"Dr. Pusey in his book on the care of the skin says: 'The layer of dirt and fat that such persons accumulate on the skin is a poor substitute for a clean, clear skin and is a constant invitation to various disorders.'"

The following treatment with Woodbury's Facial Soap is just what a tender skin needs to keep it attractive and resistant.

See what a difference it will make in your skin. Just before retiring, dip a soft washcloth in warm water and hold it to the face. Do this several times. Then make a light warm water lather of Woodbury's and dip your cloth up and down in it till your cloth is "fluffy" with soft, white lather. Rub this lathered cloth gently over your skin until the pores are opened and thoroughly cleaned. Rinse the face lightly with clear, cool water and dry carefully.

Use this treatment persistently; for ten days and your skin will show a marked improvement—a promise of that loveliness which the steady use of Woodbury's brings to a tender, sensitive skin. Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price: after their first cake.

Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it to your druggist today. Begin tonight to get the benefits of this Facial soap. For sale by Canadian druggists from coast to coast, including Newfoundland.

Made in Canada by The Andrew Jergens Company, Ltd. Perth, Ontario.

SPORTING NEWS

HOCKEY COMMISSION TO REMAIN INTACT IF THE N. H. A. HOLDS FIRM

Nationals Trying to Wean Coast Hockey Stars From P. C. H. A.; Season's Outlook for the Winter Game

"As long as the N. H. A. clubs remain together, the organization of a second professional hockey circuit in the east will not affect our Hockey Commission." This was the statement of Lester Patrick this morning with regard to the possibility of another hockey war this winter.

"Of course if the Nationals succeed in getting the Ottawa club to leave the National Hockey association, or if they round up teams in Toronto and Montreal, it will certainly break the agreement between the Pacific Coast Hockey association and the National Hockey association. We have claims on Didier Pitre and Newsy Lalonde, but if the new league starts to raid

the N. H. A., it will be a case of self-protection to hold our players."

There is a strong rumor that only two clubs, Vancouver and Victoria, will comprise the coast circuit this year because of the difficulties that have been met in erecting the Seattle arena. Portland is anxious to place a club in the P. C. H. A. and the Rose City prospects will be discussed at the coming annual meeting of the P. C. H. A. Another matter has cropped up in the possibility of the Vancouver arena being used by the military forces as a drill hall for this winter. The mainland troops are now quartered there. Also it is possible that the Victoria arena will be requisitioned as headquarters for the Capital City regiments.

Should Westminster be dropped Hugh Lehman will probably be signed by Vancouver, while Victoria might secure Ban MacDonald, the Royal City forward. Si Griffis will probably be replaced by Ernie Johnson, Ken Mallen, George Rochon, Charlie Tobin and Art Throop will also be available to strengthen the two-club circuit.

EASTERN CLUBS WILL OPEN RUGBY SEASON

Many Star Players Have Gone With First Contingent; Gossip of Leagues

Preparations are going ahead in the east for the opening of the inter-provincial and inter-collegiate Rugby unions, despite the fact that a majority of the clubs will be seriously weakened by the effect of hostilities in Europe. A plan to divide the two leagues into different sections, the eastern and western Ontario champions to play off for the title, did not go through at the annual meeting. It was thought that while this might save considerable traveling expenses for the different clubs, it would do away with the great rivalry between the eastern and western cities.

Royal Military college may have a good team despite the fact that forty of the cadets, including several football stars, have taken commissions for active service in Europe. Capt. Macaulay is on hand and may be able to play if he is not called away to join his regiment.

If Varsity loses its honorary coach, together with Jack Maynard, "Pete" Campbell, Frank Knight and several more of the regulars, it will have to hustle this fall to give McGill a run for the college honors.

The Argonauts will have Harry Symons' back at quarter again this season.

Hugh Gall, the former star Varsity half-back, has consented to coach the Varsity Rugby material this fall.

Hazlett, the big centre-half of the Queen's team last year, is slated for McGill this fall. George Draper, the star half-back of McGill, will probably be with the M. A. A. A. this fall.

If the Argos land Frank Knight, the ex-Varsity player, they will have a great pair of middle wings in Huether and Knight.

Joe Donnelly, the McGill player, who was accused of being a professional last fall by several of the clubs in the intercollegiate, has decided not to play this year.

Jack O'Connor, last year captain of the Argonaut squad, will be with

Varsity this fall, and the half-back line should be in fair shape with O'Connor, Carr, Holmes, Milne, Saunders and several others to make a selection from.

"Stanley" Reame, the clever outside wing of the Varsity team, has enlisted and his loss will be a severe blow to the blue and white.

NANAIMO CLUB TO MEET LOCAL AMATEURS

Fred Brown's all-stars will be given a chance for revenge on Nanaimo on Saturday, September 19, when the miners plan an invasion here. On Sunday last and again on Monday the Miners administered a double defeat to the Stars after close games.

It is likely that Theo Townsend, of the Allied Printers, will twist the opening game against the visitors, while "Bubbles" Balcom, the sensational 17-year-old North Ward twirler, will occupy the mound for the second game. Balcom held the Nanaimo boys to three hits on Monday and deserved to win his game 1-0, but costly errors by his teammates lost him the contest. Balcom in another season will be ripe for professional ranks. He has more on the ball than half the Northwestern box artists and with a little more experience should develop into a star pitcher.

Biddle, Nanaimo's "Ironman," announces that he will work both games against the locals. He pitched both games against the Stars at Nanaimo and held them to six runs in both games.

SCOTT IS MATCHED TO MEET MARSHALL

Cyclone Scott will leave on Saturday for Nelson, where he has been matched to meet Dick Marshall in a twenty-round bout on Sept. 18. The Victoria middleweight is in the best of shape right now and he looks for a win over Marshall. The latter has been cleaning up a lot of middleweights in the interior during the past few months. The winner will probably be matched with Billy Weeks.

TENNIS TOURNEY.

Entries are now being filed with the Victoria Tennis club for the junior tennis championships of the city, the age limit being sixteen years. Unless a sufficient number of entries are secured the tournament will not be held.

RIFLE PRACTICE.

On Friday afternoon at 3.30, the Clivillian Rifle association will hold a practice shoot at the Clover Point ranges. All members are requested to attend.

JOINS NATIONALS

DIDIER PITRE

Who is said to have joined the new National Hockey club, not intending to play on the coast again. Pitre was a member of the Vancouver seven last winter.

JOHNSON TO FORM PLAYERS' COMBINE

American League Magnate After Dave Fultz's Scalp; Baseball Happenings

Ban Johnson's latest card in his desperate effort to rout the Federals has been played at New York in the organization of a Players' Fraternity for the American League clubs. Johnson is being aided by Ira Thomas, captain of the Athletics, in this move, and the plan is to have the American league players banded together apart from the National leagues. President David L. Fultz, of the Fraternity, states that his organization will not recognize the new body, and from the Gotham dispatches it is evident that the players are not any too warm in their greeting of this latest coup upon the part of the American league president.

While players are being urged to line up with the proposed association, it is pointed out that Johnson's opposition to David L. Fultz, president of the Players' Fraternity, prevents any American league players in that body from getting "favours from Ban Johnson." David L. Fultz admitted that he had heard of the Thomas-Johnson movement, but that assurances had come from all quarters of loyalty to the Fraternity.

"Hank" O'Day, manager of the Chicago Nationals, has made an offer which may add "Mike" Mowrey to the club's roster. Mowrey recently was released unconditionally by Pittsburgh. It is said to be the intention of O'Day to play Mowrey at third if the latter accepts his offer and move Zimmerman to second in the place of Sweeney, at present out of the game because of injuries.

Purchase by the Chicago Americans of "Bobby" Roth, outfielder, from the Kansas City American association team, and Wanda, an infielder, from the Decatur Three I league club, was announced yesterday. Both reported at the White Sox office in Chicago, and Roth was sent to Washington to join the team.

There will be no curtailment of the season in the international league, according to President Edward G. Barrow. The suggestion was made by a number of the clubs with a certain deficit. Mr. Barrow holds that with Rochester and Providence engaged in a fight for the pennant it would be unfair to those clubs to shut down.

The International league will be subject to draft after all. After a conference in New York some months ago between the American and National leagues, on one hand, and the International league and the American association, on the other, the definite announcement was made that the majors would not draft from any of the Class AA organizations this fall. This arrangement was never confirmed by the National commission, and the draft is still operative.

BOWLING AT BEACON HILL.

The final draw for the Shortt, Hill & Duncan cup was made yesterday afternoon. In the semi-final round R. Dunn plays George Mowat and the winner plays A. R. Langley for the cup. The double O competition is nearing the final round. The following games are still to be played in the third round: Wood vs. Dowsell, Chambers vs. Marshall, Mowat vs. Roberts.

Yesterday afternoon in this competition J. Yates defeated Peter Turner in a splendid game by 23 to 19. In the start-up cup for novices yesterday afternoon Walter Chambers defeated W. Lothian by 22 to 18. There are still two games to play in this competition. J. Alexander played Geo. Nicholson this afternoon and the winner plays Walter Chambers for the cup on Saturday afternoon.

SCORELESS TIE WAS HALTED BY DARKNESS

Steele and Hall in Fine Duel at Vancouver; Seattle Gains on Beavers

Vancouver, Sept. 10.—In the prettiest twirling duel of the year, Bobby Steele and Bert Hall refused to allow a run at the ball part yesterday afternoon, the game between the Beavers and Bees being halted by darkness in the ninth inning. The Victoria port-sider had a shade the best of the engagement for he allowed but three hits and passed only one, whereas Hall was hit safely four times and passed two. Both clubs gave their mound artists brilliant support, Bert Lamb's best of a nasty grounder being the only error contributed by the Bees. Victoria had a chance to put over a couple of runs in the third when errors by Powell and Hall put Hoffman and Steele on third and second, respectively. Nye and Lamb fanned, while Calvo went out on a fly to the outfield. Seattle's win over Spokane yesterday enabled it to cut Vancouver's lead down half a game, while the Tigers also gained on the Bees in the fight for fourth place.

Annual Fall Opening

To-day, September 10

The windows and departments will be aglow with all the latest creations in Ready-to-Wear, Millinery, Dress Fabrics, Silks and Dress Accessories

WARDS WILL NOT RECEIVE SHIELD

Four Clubs to Battle for Victoria Soccer Title This Fall; Muir With Thistles

Four clubs will compete for the senior soccer honors of the Victoria Football association this fall, the Wards having decided to drop out of the game this season, forfeiting the championship of the Capital and Island. This also means that the North Wards will not be able to claim the McBride shield from the "Coquitlam" club and the trophy will probably be handed back to the trustees. It is understood, however, that the Wards will be credited with winning this trophy in 1914, the Coquitlam club's action of playing an unqualified player being sufficient to rob it of the honors won last spring.

Victoria Wests, James Bays, Sir John Jackson and Thistles will be the four members of the senior division. The Sons of England, Wards, Empires and Civic A. A. A. decided to withdraw at the last moment. The Wards will also retire from the Intermediate division, which will be comprised of Empires, Civic A. A. A., C. P. R., Oak Eays, Victoria Wests and Fairfields. The league has decided to leave the drawing up of the junior league for two weeks in order that the younger clubs may have a chance to organize for the approaching season. The Beacon Hills, Y. M. C. A., Victoria Wests and probably the High School will be represented in this organization.

The opening games will be played on September 26, the draw being as follows: Senior—James Bays vs. Wests; Jacksons vs. Thistles. Intermediate—Fairfields vs. Wests; Empires vs. City Hall; Oak Eays vs. C. P. R. Each club will play games with the different teams in the senior league because of the small number of teams entered. A number of the games will be played on the Heywood avenue grounds, and the Beacon Hill, Central park and Royal Athletic park grounds will also be available. President Bain presided at last night's gathering.

It is understood that Archie Muir will captain the Thistle club during the coming season. This club also expects to sign up a number of the former North Ward players who are now free to join other clubs.

MANY WIN PRIZES

Sons of Scotland Had Sports Events at Deep Cove; Enjoyable Outing.

The following were the prize winners in the various events held in connection with the Sons of Scotland picnic at Deep Cove on Labor Day: Boys' race, under 10—1, Master Annan; 2, Master Hattison. Girls' race, under 10—1, Miss Battison; 2, Miss Carmichael. Boys' race, under 14—1, A. Eddie; 2, J. Carmichael. Girls' race, under 14—1, Miss Annan; 2, Miss Clyde. Single Ladies' race—1, Miss Miller; 2, Miss Carmichael. Married ladies' race—1, Mrs. Smith; 2, Mrs. McQueen. 100 yards dash—J. McQueen; 2, A. Carmichael. Potato race, men—1, J. Potter; 2, J. Balmave. Potato race, ladies—1, Miss Annan; 2, Miss Clyde. Consolation, ladies—1, Mrs. McQueen. Consolation, men—1, T. Alexander; 2, A. Annan. Committee race—1, Rogers; 2, Battison. Tug-of-war—1, McQueen's team; 2, Brennan's team.

ALL-STAR AGGREGATION TO PLAY ON THE COAST

Frank Bancroft, business manager of the Cincinnati Reds, is busy signing players for his All-National team which is to play a series of games against an All-American cast selected by Connie Mack on the Pacific coast this fall and winter. The National commission has given its sanction to the series upon the request of the directors of the Panama-Pacific exposition. Bancroft has secured Pitcher Jeff Tesreau and Outfielder Bobby Bescher, of the champion Giants. George Burns also has been invited, but has not promised. Chief Meyers and Jim Thorpe, McGraw's celebrated Indians, are considering offers. Christy Mathewson is likely to join the teams on the coast. He wishes to take a shooting trip of a couple of weeks when the New York team disbands.

SPORT GOSSIP

Jupe Pluvius is making a grand finish. McGraw is said to be dickering for another outfielder. Perhaps he would like to have Herzog back at third base. Empires will have a strong eleven for the Intermediate league. Mollwitz, of the Cincinnati Reds, is a German army reservist. Ottawa won its third straight flag in the Canadian league on Monday. Kingston soccer players have abandoned their league this season. Seventy-five per cent. of the players are now at Vancartier. Johnny Evers is hitting near the 300 mark for the Boston Braves. Leach Cross continues to beat a lot of second-raters. Wests hope to capture the senior soccer title this season. Sir John Jackson's team looks to be a strong contender for the honors. Toronto is fourth in the International league standing. Little chance of Charlie Ewan being drafted by a major league club.

REMARKED ON THE SIDE

Seattle Soccer Club Will Have to Strengthen.

It would be utterly useless for the Seattle United eleven to aspire to international honors against the Victoria and Vancouver elevens unless they secure new players. Monday's exhibition at Oak Bay was sufficient to convince the small gathering of soccer fans that the Sound City club did not measure up to the Victoria eleven when it came right down to soccer, and considering the fact that it was the first match that the Victoria players have had for months it must be admitted that the losers were sadly outclassed. As an international prospect the Seattle team that played here will not do, and if this league is to become a reality, steps must be taken to bolster up that club. Considerable interest would be taken in a circuit comprising Vancouver, Victoria, Tacoma and Seattle, with Sunday games possible on the other side. Before this is accomplished, however, the Seattle and Tacoma clubs will have to strengthen their clubs.

Victoria Captured Spokane Stries.

Jupe Pluvius may have butted in at Monday's double-header at Spokane and put considerable of a crimp in the pockets of the baseball magnates, but the juicy field handed the Bees the Spokane series on a platter, the locals taking five out of the eight games played at the Inland Empire city. Of these McHenry is credited with winning two, Narveson two, and Smith one. The Bees are doing remarkably well considering their badly-shattered team, with Calvo as the only real hitter on the club. Delmas' addition to the infield, however, has bolstered up Victoria's inner defence and with Kelly hitting once more, the team appears to have a chance against Vancouver this week. Incidentally it might be mentioned that Bob Brown is about to shatter all former Northwestern league traditions and grab his second flag in succession. This is a feat that has not yet been accomplished in the Northwestern league.

Will Continue Soccer Schedule.

The British war-office has advised that the Football league play out its games as usual this year. The soccer men are largely at the front in the war, but there are others. After all, it does seem a little strong to stop all play. Condition is one of the first requisites in a man going to the front, and sport is about as good a thing as one can have to get him into that physical perfection.

OUT TO-DAY

VICTOR RECORDS

SEPTEMBER Victor Records

Some cracking good songs and dance music in this September list on double-sided Victor Records at 90c for the two selections:

SEATTLE TANK BOAT SERVING WAR SHIPS

Fuel Oil Supply Ship Registered in B. C. is With North Sea Fleet

Requisitioned by the British admiralty, the Seattle-owned tank steamship H. C. Henry is now serving as a fuel oil supply ship with the fleet in the North Sea, according to a cablegram received by H. C. Henry, president of the Pacific Crossing company, at Seattle, for whom the steamship was named.

The H. S. Henry was built about seven years ago on the River Clyde. She is a vessel of 5,000 tons and has sailed around the world in many voyages since launching, being registered from the port of Vancouver.

On her last voyage, the H. C. Henry carried a cargo of benzine from the island of Borneo. Her destination was Rotterdam, but she was diverted, because of the opening of hostilities in Europe, to the river Thames. Arriving there, she was immediately added to the forces of defence of the empire.

BEHRING SEA FISHERIES.

Vessels arriving on the Sound and at San Francisco from the Behring Sea fisheries report that the season has been a very good one for cod. The Fortuna has arrived with 225 tons and is one of six schooners which left the north with approximately two thousand tons of cod among them. The prices being paid have taken a big jump since the war and there is now being paid to the fishermen \$110 per ton for whole fish and \$160 per ton for brick fish. Schooners and barges sailing to San Francisco from the Alaska canneries tell of good packs there during the season now closing.

ADMIRAL SCHLEY PASSES IN.

The Admiral Schley, the second new steamer of the Pacific Alaska Navigation company's fleet, passed in through the Straits to-day on her first trip from San Francisco to Seattle on the service which she is to carry on along with the Admiral Dewey, also new.

SHIPPING INTELLIGENCE

Astoria, Ore.—Arrived: Ship Reuce, Alaska; steamer Kirkcubrightshire, Newcastle; steamer Rose City, San Francisco; steamer Portland, San Francisco. Sailed: Steamer Beaver, San Francisco.

Tacoma, Wash.—Sailed: Steamer Willamette, San Francisco.

Portland, Ore.—Arrived: Steamers Portland and Rose City, San Francisco. Sailed: Steamer Northland, Beaver, Roanoke, Santa Cruz, San Francisco; steamer Oregonian, Seattle.

Seattle, Wash.—Arrived: Steamer Senator, Nome; steamer English Monarch, Rosario via Victoria; steamer Seward, Tacoma; steamer Mariposa, Alaska; steamer Isthmian, Tacoma; steamer Fulton, Vancouver; steamer Peter H. Crowell, Baltimore; ship Benjamin F. Packard, in tow tug; Taosh and Tyee, Chignik. Sailed: Steamer Dolphin, Alaska; steamer Isthmian, Tacoma; steamer Seward, Nanaimo; steamer Argyle, Port San Luis.

CONSTANCE COVE SHUT TO BOATS AT NIGHT

Commander Walter Hose, in charge of Esquimalt dockyard, has issued a warning to the public that no boat must move at night on the waters of Constance Cove, which is east of a line drawn from Duntze Head to Ash Head, without special permission from the officer in charge of the dockyard.

FISH-CURING REGULATIONS.

Very complete regulations have been drawn up in the form of an order-in-council in relation to the curing and pickling of fish, and have been promulgated by the marine and fisheries department at Ottawa. These cover the method of construction of barrels and half-barrels, the capacity of these, method of curing, packing and inspecting pickled fish, and the legal requirements in the branding of barrels. These come into effect on May 1 next, on which date the Fish Inspection Act becomes operative. Regulations have also been made in regard to the curing and packing of herring in the Scottish style necessary to secure the brand.

STARVING SAILORS RESCUED IN TIME

Five East Indians Eighteen Days Without Food When Picked Up

New York, Sept. 10.—How five starving men adrift in the Indian ocean were rescued was related by Capt. Elford, J. of the Kasenga, a British steamship, just in from a long voyage in eastern waters.

The Kasenga was on her way from Colombo to Port Said when, off the island of Minikoi, a native dhow was sighted. The vessel had her sails set, but was veering about and acting so strangely that Capt. Elford changed the Kasenga's course to see what was the matter. The Kasenga's siren was blown repeatedly, but no sign of life could be seen.

First Officer George N. Gould volunteered, and with six men pulled over to the dhow. As the boat went alongside he hailed the dhow, but still no response was made. Mr. Gould with difficulty succeeded in running under the vessel's counter, in heavy seas, and scrambled on board.

Lying on the deck were five natives, in a terrible state of emaciation. They were semi-conscious, unable to talk and too weak to move. The five were transferred to the lifeboat and taken to the Kasenga. They were so thin one could look through them, and their throats were shrunken so the crew had great difficulty in administering even a little liquid nourishment. No white men could have survived but in a few days these natives were able to tell their story.

The dhow was the Pathafal Mannan, of Cochin, and the starving men said that thirty-two days before her rudder had been carried away by a squall. The captain, who was the only navigator aboard, with seven of his men, got into a small boat and was trying to rig a jury rudder when a second squall blew them away. They never were heard of again.

Along the Waterfront

Shipping News from Day to Day

PRINCE GEORGE IS

TO RESUME HER RUN

Navy Department Releases Vessel From Service as Hospital Ship

The rumor was current in shipping circles to-day that the navy department has released the G. T. P. steamship Prince George from service as a hospital ship, and that she is about to resume her run between here and Prince Rupert.

The truth of the rumor was confirmed in Vancouver this morning by Captain C. H. Nicholson, general manager of the G. T. P. coast steamship service. The vessel has been in the possession of the naval authorities for five weeks and has proved to be all that was required, although fortunately she was not called upon to take wounded.

It will take but a short time to get the steamer back into shape for passenger service again, and it is likely that the company will make an effort to have her in readiness to make her first run at the beginning of the week. The arrangements as to this will have to be made in Vancouver, and as soon as definite sailing dates are fixed the local offices of the company will notify the public.

INCA CIRCLES GLOBE MAKING QUICK VOYAGE

Port Townsend, Sept. 10.—One hundred and eight days from East London, South Africa, the schooner Inca arrived and will proceed to Winslow for repairs, after which she will load lumber on the Columbia river for Inquico. On the outward voyage the Inca boarded the dismantled ship Dalgomar and found her deserted.

L. T. Kittinger and H. K. Sanders, two young men of Seattle, were passengers on the Inca, having made the round trip from East London. They traveled extensively through Africa. Leaving port before war broke out in Europe the first news the Inca had of the disturbance was when she entered the Strait.

The Inca, which is commanded by Captain Rasmussen, is a five-masted schooner of American register. She sailed from Victoria on December 12, last after loading one and a half million feet of lumber at the Canadian Puget Sound mills for East London, South Africa, which port she reached in one hundred days from here by way of Cape Horn. After discharging the schooner sailed on May 23 for Newcastle, New South Wales, where a cargo was taken on for North Pacific ports, and a quick run home was made from there to this port.

OFFICIALS SAIL NORTH.

This forenoon the D. G. S. Quadra sailed from the marine and fisheries wharf for Prince Rupert, the object of the trip being to take Colonel W. P. Anderson, C. M. G., chief engineer of the department, and Captain George E. L. Robertson, agent of the marine department, to the Prince Rupert station on a visit of inspection.

All the good in man is to be found in the feelings of his youth and the thoughts of his age.—Joubert.

PRINCESS VICTORIA

IS NOW ON THE WAYS

Repairs Being Made to Bow of Speedy Steamer; Back on Triangular Run

A bond for a substantial sum having been put up by the C. P. R. in the federal court at Seattle in the matter of the libel filed against the steamer Princess Victoria by the Pacific Alaska Navigation Company, owners of the Admiral Sampson, the three-funnel boat has been released and is now in the hands of Yarrows, Limited, at Esquimalt, where the necessary repairs will be carried out.

There are sixteen of the bow plates to be replaced, a considerable section of the stem has to be renewed, and several frames will require straightening. This work will take about two weeks to complete, it is expected, and all possible speed will be made upon it. While there is no difficulty in filling the place of the steamer temporarily the management of the B. C. Coast service is anxious to have her back on the triangular run at the earliest possible moment.

It is likely that the proceedings in the American courts will drag on for some considerable time. No decision has been given yet by the board of investigation which has been sitting in Seattle hearing the evidence of the officers and crews of the two steamers, but this is likely to be handed out any day now. Whether or not there will be any inquiry held on this side of the line is not known yet. The collision occurred in the state of Washington.

ENGLISH MONARCH TO LOAD.

The British steamship English Monarch, Captain Oxley, which passed in on Sunday from Rosario, has gone on to Seattle to load for the south. She was proceeding to Nanaimo when she was countermanded by wireless and put into Port Townsend, where she was fumigated before going to Seattle.

AKI MARU EXPECTED.

The Aki Maru, Captain Noda, of the Nippon Yusen Kaisha, is expected at the quarantine station this afternoon, and will be up to the outer wharf early in the evening if she keeps her record for being strictly on her schedule. She is bringing 28 passengers for Victoria and a heavy consignment of freight.

READY TO MOVE GRAIN.

The Grand Trunk and Grand Trunk Pacific railways are busily preparing to move their share of the big harvest from Western Canada to the shipping points. Arrangements have been made for a plentiful supply of cars and in the territory served by the company's lines it is expected that there will be very little delay in the grain movement this year. There is no doubt that within the next few years there will be as much of the prairie grain being shipped to Europe by way of the Pacific Coast as by the older route by the Atlantic, grain elevators being planned at several points along the coast with the object of being able to make a bid for this trade.

GERMAN BARQUE FROM TACOMA IS CAPTURED

London, Sept. 10.—The German ships Orlando and Goldbek, the latter from Tacoma, Wash., for London, have been captured by British vessels in the Atlantic.

The ship Orlando left Mejillones, Chile, on May 27, for the English Channel. The Goldbek, a German barque, sailed from Tacoma on April 23 for London, and was reported as having passed the Lizard yesterday.

FRENCH SENDS HIS REPORT FROM FRONT

(Continued from page 1.)

Corps continued to march on Landrecies, following the road along the eastern border of the forest of Mormal, and arrived at Landrecies about ten o'clock. I had intended that the corps should come further west so as to fill up the gap between Leclateau and Landrecies, but the men were exhausted and could not get further in without rest.

Enemy Was Persistent.

"The enemy would not, however, allow this rest, and that evening the report was received that the Fourth Guards brigade in Landrecies was heavily attacked by troops of the ninth German army corps, who were coming through the forest to the north of the town. This brigade fought most gallantly and caused the enemy to suffer a tremendous loss in issuing from the forest into the narrow streets of the town. This loss has been estimated from reliable sources at between 700 and 1,000.

"At the same time information reached me from Sir Douglas Haigh that his first division was also heavily engaged south and east of Marilles. I sent urgent messages to the commander of two French reserve divisions on my right to come up to the assistance of the first corps, which they eventually did. Partly owing to this assistance, but mainly to the skillful manner in which Sir Douglas Haigh extricated his corps from an exceptionally difficult position in the darkness, they were able to dawn to resume their march toward Wassigny and Guise.

Cavalry Concentrated.

"By late afternoon the second corps had got into position, with the right on Leclateau, their left in the neighborhood of Caudry, and the line of defence was continued to the left of the fourth division toward Serravalle. "During the fighting on the 24th and 25th, cavalry became a good deal scattered, but by early morning of the 26th General Allenby had succeeded in concentrating two brigades to the south of Cambrai. The fourth division was placed under the orders of the general officer commanding the second army corps.

"On the 24th the French cavalry, consisting of three divisions under Gen. Sorlet, had been in Billets, north of Avesnes. On my way back from Bavay, which was my poste de commandement, during the fighting on the 23rd and the 24th, I visited Gen. Sorlet and earnestly requested his co-operation and support. He promised to obtain sanction from his army commander to act on my left flank, but said that his horses were too tired to move before the next day.

Critical Day Aug. 26.

"Although he rendered me valuable assistance later in the retirement, he was unable to afford me any support on the most critical day of all, namely, the 26th. "At daybreak it became apparent that the enemy was throwing the bulk of his strength against the left of the position occupied by the second corps and the fourth division. At this time the guns of four German army corps were in position against them, and Sir Horace Smith-Dorrien reported that he judged it impossible to continue his retirement at daybreak, as ordered, in face of such an attack.

"I sent him orders to use his utmost endeavor to break off the action and retire at the earliest possible moment, as it was impossible for me to send him support, the first corps being at the moment incapable of movement. "The French cavalry corps under General Sorlet was coming up on our left early in the morning and I sent him an urgent message to do his utmost to come up and support the retirement of my left flank, but owing to the fatigue of his horses, he found himself unable to intervene in any way.

Feared Annihilation.

"There had been no time to entrench the position properly, but the troops showed a magnificent front to the terrible fire which confronted them. The artillery, although outmatched by at least four to one, made a splendid fight and inflicted heavy losses on their opponents. "At length it became apparent that if complete annihilation was to be avoided, retirement must be attempted and the order was given to commence it about 2.30 in the afternoon. The movement was covered with the most devoted intrepidity and determination by the artillery, which had itself suffered heavily, and the fine work done by the cavalry in the further retreat from the position, assisted materially the final completion of the most difficult and dangerous operation. "Fortunately the enemy had himself lost too heavily to engage in any energetic pursuit.

Praise for Commander.

"I cannot close the account of this glorious stand of the British troops without putting on record my deep appreciation of the valuable services rendered by Sir Horace Smith-Dorrien. I say without hesitation that the saving of the left wing of the army under my command on the morning of the 26th could never have been accomplished if it were not for the initiative and unusual coolness, intrepidity and determination had been present to personally conduct the operations. "The retreat was continued far into the night of the 26th, and through the 27th and the 28th, on which date the troops halted on the line from Neion Chauvry and LeFere, having then thrown off the weight of the enemy's pursuit.

"On the 27th and 28th I was much indebted to General Sorlet and the French cavalry division which he commands for materially assisting my retirement and successfully driving back some of the enemy on Cambrai. General d'Amade also, with the 1st and 62nd reserve divisions, moved down from the neighborhood of Arras, on the enemy's right flank, and took much pressure off the rear of the British forces.

Deplores Serious Loss.

"This closed the period covering the

OWES HER LIFE TO "FRUIT-A-TIVES"

Cured Both Stomach Trouble and Headaches

Palmerston, Ont., June 20, 1913. "I really believe that I owe my life to 'Fruit-a-tives.' Ever since childhood, I have been under the care of physicians and have been paying doctors' bills. I was so sick and worn-out that people on the street often asked me if I thought I could get along without help. The same old Stomach Trouble and distressing Headaches nearly drove me wild. Sometime ago, I got a box of 'Fruit-a-tives' and the first box did me good. My husband was delighted and advised a continuation of their use.

"To-day, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied, 'I am taking Fruit-a-tives.' He said: 'Well, if Fruit-a-tives are making you well, so well, go ahead and take them. They are doing more for you than I can.' "MRS. H. S. WILLIAMS."

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c, or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

heavy fighting which commenced at Mons August 23rd and which really constituted a four days' battle. "I deeply deplore the serious losses which the British forces suffered in this great battle, but they were inevitable in view of the fact that the British army—only a few days after concentration by rail—was called on to withstand the vigorous attack of five German army corps.

"It is impossible for me to speak too highly of the skill evinced by the two general officers commanding army corps, the self-sacrificing and devoted exertions of their staffs, and the magnificent fighting spirit displayed by the non-commissioned officers and men. Work of Air Corps.

"I wish particularly to bring to your lordship's notice the admirable work done by the Royal Flying Corps under Sir David Henderson. Their skill, energy and perseverance has been beyond all praise. They were fired at constantly by both friends and foe, and not hesitating to fly in every kind of weather, they have remained undaunted throughout. Further, by actual fighting they destroyed five of the enemy's machines.

"I wish to acknowledge with deep gratitude the incalculable assistance I received from the general and personal staffs at headquarters during this trying period. Lieut.-General Sir Archibald Murray, chief of the general staff; Major-General Wilson, sub-chief of the general staff, and all under them, have worked day and night, unceasingly with the utmost skill, self-sacrifice and devotion, and the same acknowledgement is due by me to Brigadier-General, the Hon. W. Lambton, my military secretary, and personal staff.

"In such operations as I have described the work of the quartermaster-general is of an extremely onerous nature. Major-General Sir William Robertson has met what appeared to be almost insuperable difficulties with characteristic energy, skill and determination. "Major-General Sir Neville Macready, adjutant-general, has also been confronted with the most onerous and difficult task in connection with disciplinary arrangements and preparations of the casualty lists. He has not been able to complete the list of officers whose names I desire to bring to your lordship's notice for services rendered during the period under review, and as I understand it is of importance that this dispatch should no longer be delayed, I propose to forward this list separately as soon as I can. (Sgd.) "J. D. P. FRENCH."

at length it became apparent that if complete annihilation was to be avoided, retirement must be attempted and the order was given to commence it about 2.30 in the afternoon. The movement was covered with the most devoted intrepidity and determination by the artillery, which had itself suffered heavily, and the fine work done by the cavalry in the further retreat from the position, assisted materially the final completion of the most difficult and dangerous operation.

CONGREGATION HONORS ITS RETIRING PASTOR

Farewell Banquet for Rev. Hermon Carson; Many Expressions of Appreciation

No better testimonial to the love and esteem in which he is held by the congregation which he is leaving could have been given Rev. Hermon Carson, the retiring pastor of the First Congregational church, than that last evening in the schoolroom of the splendid edifice which has been built as the result of his untiring efforts during his nine years' pastorate in the city. Every age, every department of the church activities was represented, and many outside the church, who had appreciated Mr. Carson for his personal friendship, were also present to join in the farewell proceedings.

W. J. Kear, church secretary and also a deacon, presided, among those at the head table with him and Rev. Mr. Carson being Mayor Stewart, Alderman Bell, the Reverend Rev. Dr. John Reid, Rev. David Reid, Hon. Abraham E. Smith, United States consul, Rev. J. G. Inkster, Rev. William Stevenson, Rev. D. W. Ganton, C. H. Lugin and others. Messages of regret at their inability to be present were read from Rev. Robt. Connell, of St. Saviour's church, and Mrs. Jenkins, of the Victoria school board.

The proceedings commenced at 7 o'clock with a sumptuous banquet served by the Ladies' Aid society of the church, the tables being brightly decked with flowers, and about two hundred guests being present. The Victoria Symphony orchestra provided music, later in the proceedings vocal selections which were highly appreciated being furnished by Miss Mildred Morrison and Mr. Collis.

In his opening remarks to the gathering, Mr. Kear, speaking with great feeling, paid the highest possible tribute to the pastor, Mr. Carson, regret at whose resignation he was unable adequately to express. His sterling character and worth as a man, a pastor, and an organizing force had made itself widely felt, not only in the church, among his personal friends, but in the community at large. In the church his labors had been untiring; he had lifted the congregation from the estate of a small membership of 41 ten years ago to a present membership of 275, the plant, originally valued at only \$20,000, to-day standing, a splendidly equipped institutional church, at a value of \$30,000. These were material facts which could be quoted as evidence of his work; there was in addition the splendid example of his Christian life which had exercised so strong and widespread an influence among those with whom he labored.

Mayor Stewart referred to his personal acquaintance with Mr. Carson, and to his appreciation of the high qualities possessed by the young minister. His many friends would watch with interest his work in the east.

Speaking in behalf of the Y. M. C. A., Alderman George Bell thanked Mr. Carson for the fine influence which he had exercised among the young men of the association during his residence there and in the years that had succeeded.

His admiration of Mr. Carson's personal qualities at the time that he first came to the city were referred to by Consul Smith, who intimated that it was only his strong personal friendship for the late Bishop Cridge which had kept him from joining Mr. Carson's congregation when he first came here.

Rev. D. W. Ganton, speaking on behalf of the Ministerial association, of which he is president, spoke of the generous and kindly feelings which had always characterized Mr. Carson's work in that body, and the admiration in which he was held by the members individually and collectively.

Miss Reid spoke for the Sunday school, the Boy Scouts, and the Girl Guides of the church. She had felt, during the eight out of the ten years which Mr. Carson's incumbency in which she had worked in the church, the benefit which had been to the young people to have his example and inspiration, as he had almost regularly attended the Sunday school sessions in person, and evinced his interest in the work.

The Christian Endeavor society was represented by Miss Scowcroft, who spoke also for the Bible classes when she said how much uplifted these organizations had been by Mr. Carson's help and interest.

Rev. J. G. Inkster expressed his strong friendship for Mr. Carson, and pointed out the value of intercourse with such as he. All the speakers there had said pleasant things of Mr. Carson. There was, he knew, nothing expressed which was not sincerely felt, but he feared despite this that Mr. Carson's sojourn among them was at an end, and all that was left was to wish him godspeed and success in his new field.

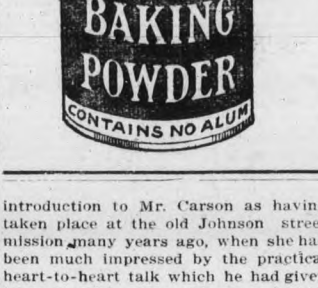

That his new work would be but the beginning of a splendid labor which would bear fine fruitage was the wish expressed by Rev. Dr. Reid, who recalled Mr. Carson's unvarying sweet temper under the often trying conditions in which he labored.

Miss Bradshaw, speaking for the Y. W. C. A., spoke of Mr. Carson's connection with the work of that organization.

A splendid tribute was paid by Mrs. Spofford, who, while not present to represent the Children's Aid society, could speak for that organization when she expressed its enormous appreciation of his work there. No man or woman on the committee had shown a finer understanding of how to deal with the various cases. His resignation from that body had been received with the deepest regret. The Y. W. C. A. had also appreciated his firm stand on the matter of temperance, and she could recall the occasion of her first

NO ALUM

Introduction to Mr. Carson as having taken place at the old Johnson street mission many years ago, when she had been much impressed by the practical heart-to-heart talk which he had given to men who were "down and out."

Comparing Mr. Carson with the immortal Lincoln, H. M. Hillis said that the labors of both had not been for today but for the time to come. Mr. Carson, who was essentially a men's man, had given his money, his time, and his friendship to many a man on the street whose love and admiration he held together with those of the people of his congregation. It was but a very small mark of their appreciation that he presented him with, on behalf of the congregation, but he hoped it would in some way convey to Mr. Carson the feelings which they were unable to express.

In thanking his people for the handsome clock and well-filled wallet, Mr. Carson, who was obviously greatly touched by the presentation, said he found it exceedingly difficult to respond to all the very complimentary and kind remarks which had been showered upon him. He modestly denied most of the high virtues ascribed to him, and said that the man whom they had described was rather what they had wished than what they had actually seen. He hoped that the high standard set up, however, would inspire him to better things.

He felt doubly honored that so many had come out to bid him farewell at a time when more momentous matters occupied the public mind. He thanked all for the compliment of their presence, and spoke with emotion of those of his congregation who were unable, through old age or illness, to be present, and of those who had gone forever from their midst. He had appreciated the help given him by members of the church; he appreciated the remarks of representatives from other organizations in the city. Outside his own church he had enjoyed the work in the Children's Aid society perhaps before all else. For Mr. Hayward and other officers he held the highest admiration. Other work which he had enjoyed had been in connection with the Y. M. C. A., the Y. W. C. A., and other institutions.

He regretted to leave the work of the Congregational church in so unfinished a condition, but if he stayed here forty years, or even longer, he felt that he would still feel conscious of leaving things unfinished. It was a source of gratitude to him that the work of Christ was counting for more in Victoria to-day than it had ever before. If the Church of God were united in purpose, however, he felt that it could accomplish much more.

It was hard to say farewell. He would have liked to slip away quietly. But he was now conscious that it was best to have happened as it had. The things he had heard expressed would be an inspiration to him. In years to come he would be rejoiced to hear that the church had increased in power and influence. To the workers of the church whom he was leaving behind he wished to give a message of encouragement.

After thanking all for their support and kind wishes, the press for his help, and especially on that occasion other denominational representatives present, Mr. Carson made an appeal for greater national unity. The time had come to shake off the provincial spirit. It was time to think of the Dominion as a whole, as a nation. It was a mistake to think of Quebec as a French people. They had demonstrated their patriotism in the finest possible manner both in the present imperial crisis and in the South African war. Canada was a polyglot nation. Everyone should do his best to cement the varied elements among that unity which was the desideratum of all.

At the close of the address nearly everyone present took the opportunity to shake hands with Mr. Carson and bid him goodbye and Godspeed in the new work which he is undertaking, and for which he will leave to-night.

Use New Quarters.—The labor unions are established now in their new quarters, 1424 Government street, the De Cosmos block. The change from the quarters on Johnson street, which were too small, has been welcomed by the men. For meetings there are several rooms overlooking the street, of which three have been hired by the unions. Overlooking houses at the rear are rooms for officials' quarters and a reading room. The bartenders have a separate room and the cooks are also provided for.

Presentation to Officer.—A handsome silver loving cup was presented to Lieut. Pilcher, R. N., yesterday by the members of No. 1 company, Victoria Royal Canadian Naval Volunteer reserve. The cup was accompanied by a beautifully inscribed address in which the members of the corps thanked Lieut. Pilcher for his services in organizing the company.

CANADA'S gift to the nation—flour—a priceless gift!

A gift in times of war more precious than gold. The greatest gift of all when the enemy is at the gates and the shot and shell are whistling without. Names like Lucknow, Sebastopol, Ladysmith would never have made history if their most powerful ammunition—flour—had given out. Canada's flour is made from the finest wheat in the world. It is this same wheat, scientifically milled, that has made famous the name

ANOTHER BOMB FOUND IN HINDU'S HOUSE

REEVE WILL ANSWER CRITICISM OF SCHEME

Police Discover Chemical Outfit and Alleged Explosive in Their Search

The police net is closing swiftly round the Hindus now in custody charged with having in their possession a bomb for unlawful purposes. The authorities yesterday added considerably to their stock of evidence, and incidentally discovered the house where they believe the infernal machines are made. Inside they found another cylinder which experts state is a bomb all ready for charging.

Yesterday Detectives Heather and Edens followed up the clue provided by the capture of Gurdit Singh and Draif Singh, and succeeded in locating the house of the former. Hidden away they found a second bomb, of the same shape as the one discovered the other day, but smaller in size. It also was uncharged.

But the most important discovery by the detectives was a complete chemical outfit—pestles, mortars, test tubes, retort stands, funnels, caps and some highly explosive material which is now in the hands of an expert chemist for analysis.

The house in which all these materials were found was down on the waterfront of Seikirk Water.

In the police court this morning, Gurdit Singh and Draif Singh appeared in the box, and a preliminary hearing in order to justify a remand was held. Detective Sergeant O'Leary being called as a witness. At the close Magistrate Jay refused bail applied for by E. E. Wootton, who appeared for the two accused. Both accepted trial before the magistrate. The case was again remanded until Saturday, when the city prosecutor intimated he would have important evidence to bring forward.

The sergeant of detectives related in the witness box how he and Detective Carlow followed the two accused and finally arrested them. The Hindus were first seen on September 5 on Store street near Herald street. They proceeded up Herald carrying the alleged bomb between them, one having the main cylinder and the other the cap. They then crossed to a Chinese grocery store at the corner of Government and Herald streets, remaining in the store a few minutes. Draif Singh came out alone and started to walk up Government street. Gurdit Singh remained inside, however, and after depositing the metal cylinder on the floor went into the rear of the shop to wash his hands.

When questioned, his story was that the cylinder was to run off the water where he washed. In response to a question he showed the sergeant the machine shop in Store street where he had had the cylinder made and later escorted Detective Sergeant O'Leary and Detective Edens to the cabin on the float near Lee's mills. Gurdit Singh opened the door with a key he had got from his co-partner and took them in, saying: "This platform in the corner is the one I built for washing purposes, and I have a hole in the floor and put this pipe there for the water to run off." The detectives, however,

could discover no hole, or the marks where one might have been cut.

It was with a feeling of profound astonishment that civic and municipal authorities read an item which appeared in the morning paper with regard to the observations of a party of Ward Two, Saanich, ratepayers on the agreement with the city for the purchase of water in bulk by Saanich. In that statement the agreement which forms the subject of a by-law to be submitted to the electors of the Saanich municipality for ratification on Saturday week, was criticized and the electors were asked to defeat the measure in favor of purchase of water from the Esquimalt Waterworks company.

So much importance does Reeve McGregor attach to the statements made that he will give a categorical denial at the Ward Two meeting this evening to the allegations. He considers that the municipality has obtained a splendid bargain from the city and that negotiations could not have ended satisfactorily to both parties in any way other than that embodied in the by-law.

Mayor Stewart, speaking on the same matter, said: (1) "The city never altered its price tendered to the municipality; the water commissioner made an offer but the council was not consulted about that price. (2) As to the length of time required to complete the Sooke waterworks, which in the item appears to be set some years hence, the Pacific Lock Joint company is under a contract to complete the work in a specified time next summer and this date must be respected. (3) The city expects to be able to complete the work by July or August of next year, and arrangements are being made for the necessary money and the council has every confidence that the money will be forthcoming. (4) A red herring is being drawn across the trail to make Saanich dissatisfied with the agreement and I can assure the residents of the municipality that if the financial arrangements mentioned above are incomplete, such terms will be made as will commend themselves entirely to the satisfaction of the Saanich council. (5) The city can supply water on more favorable conditions than are possible by the Esquimalt Waterworks company. The municipality will for one thing have the use of two mains laid through the municipality already by the city years ago in connection with Elk lake waterworks."

Reeve McGregor added that a deputation from Ward Two waited on him recently to protest against the idea of buying water from the Esquimalt company under any conditions.

Made a Raid.—Shortly after noon to-day several policemen, headed by Sergeant Harper made a raid on the premises which they believed to be a blind pig on Cormorant street. A wagon load of spots in the form of brandy and Chinese liquors was brought away, and one Chinesean captured. The case will come before the magistrate at to-morrow morning's session of the police court.

PREMIER'S SECRETARY DIED SUDDENLY TO-DAY

Lawrence Macrae Was Well Known Newspaper Man in West; Highly Respected

Lawrence Macrae, secretary to Sir Richard McBride, and one of the best known newspaper men in the province, was found dead in his office at the parliament buildings this morning about 9 o'clock. The head janitor made the discovery when he went into the room, and called Dr. Hudson, who pronounced life extinct. The body was taken to the funeral parlors of the B. C. Funeral Furnishing Co.

A markedly genial man of great ability and force of character, Mr. Macrae had won for himself a warm place in the regard of a large circle of friends during his long residence in this city. As a newspaper man he distinguished himself for his power to express himself clearly and readily, and for his organizing ability when circumstances raised him to an administrative position. On entering the service of the premier as his secretary he brought these same attributes to his important work, coupled with a discretion that was never unlocked, and the possession of that most blessed of gifts, the power to keep silent. In the six or seven years during which he has occupied the post at which death found him, he has never betrayed a confidence, exhibiting all the tact and diplomacy with which such a position demands.

He leaves a widow and his son Lawrence to mourn his loss. Mrs. Macrae is now in California, having gone south for a health trip a short time ago.

Mr. Macrae originally came from Montreal, where his father was a well known lawyer for the Grand Trunk Pacific railway. He took a science course at the McGill university, where he was a classmate and close friend of Dr. A. P. Low, the famous explorer and late deputy minister of mines for Canada.

Leaving college Mr. Macrae took up railway survey work in the east, but his health failing he went south, becoming associated with cattle ranching in Texas.

His personal courage and sane judgment were never better shown than at this time when all the ranchers in the district where he lived asked him to form a constabulary from the rangers to round up horse-stealers who were operating in that vicinity. He carried out his dangerous duties in this respect with the steady determination which always characterized him.

Coming west afterwards his temperament and peculiar gifts led him naturally into newspaper work in this province, a profession at which he distinguished himself conspicuously. Coming first to Victoria he took a position on the Daily Colonist, leaving shortly afterwards to join the New Westminster Columbian. Once more he came back to the Colonist as night editor, but when the Globe was organized in this city he joined the staff in the capacity of city editor.

Further newspaper experience was gained on the Vancouver Ledger and in Nanaimo. Finally about seven years ago he became confidential secretary to Sir Richard McBride, whom he accompanied on all his public missions abroad.

His loss will be greatly regretted among a wide circle of friends to whom he endeared himself by his ready courtesy, his unflinching good humor and the stronger virtues of uprightness and unflinching honesty.

Teachers' Training.—A teachers' training class will be held this evening at 7.15 in the First Presbyterian church. A full attendance of the teachers is assured for this the opening lecture.

Funeral.—The funeral of Mrs. Maud Peterson, of 124 Linden avenue, aged seven years, two months and nine days. A native of Saskatchewan. Funeral will take place from family residence, as above, on Friday, September 11, at 2.30 p. m., and at 2.45 from St. John's church. Friends will please accept this intimation. Regina and Battleford papers please copy.

WATLING.—At the family residence, 408 Jessie street, Victoria West, on the 9th instant, Alice Maud, the beloved wife of Mr. Thomas Watling, a native of Quebec, Ontario, aged 34 years.

The funeral is arranged to take place from the chapel of the B. C. Funeral Co., 734 Broughton street, on Saturday, September 12, at 2.30, when the Rev. J. P. Hicks will officiate. Interment at Ross Bay cemetery.

Corporation of the District of Saanich

GLACIER CREEK SOLD AT THREE AND HALF

Portland Group Still Lead in Victoria Stock Exchange Trading

Victoria, Sept. 10.—In justification of recent bidding strength Glacier Creek sold this morning at 3 1/2 cents, at which price the demand figure stood on the close, with offers raised to 5 cents.

Sympathetic action, was noted in Portland Canal and excellent support was back of this issue. These two stocks are in leadership in the local market with supporting influences improving daily.

WHEAT OF ALL MONTHS IS LOWER AT WINNIPEG

Winnipeg, Sept. 10.—Wheat prices opened 1/4 to 1/2 higher, but soon fell to lower for October and November. Following the opening there was a sharp decline, the gain of Wednesday owing to the wet weather conditions being partially lost.

Table of wheat prices for various months and grades.

Dies From Injuries—Frederick H. Honchen, who received serious injuries yesterday as the result of a runaway accident, died this morning at the Royal Jubilee hospital.

To Extend Building—The building inspector has issued a permit for alterations to the Woolworth store, Government street. The premises are to be extended to absorb an adjacent store.

Among the passengers who left for the Orient on the Tamba Maru, of the Nippon Yusen Kaisha, were the members of the Asahi baseball team, composed almost entirely of American-born Japanese.

CRACOW EVACUATION COMMENCED TO-DAY

Russian Advance Causes Consternation Among People of Border Town

ENDURANCE OF ARMY STANDS HARD TESTS

Long List of Successes to Credit of Invaders Coming From North

London, Sept. 10.—A dispatch to the Reuter Telegram company from Petrograd says: "Consternation prevails at Cracow. The evacuation of the town has begun. The authorities are trying to induce the members of the local rifle club to remain and assist in the defence of the place. Many, however, have resigned their memberships because of sympathy with Russia."

Cracow has been described as the main rallying point for the Austrian and German forces in Galicia. It is the old capital of the kingdom of Poland. It is a city of about 100,000 population, and is about 100 miles west of Lemberg. Between Cracow and Lemberg is the very strong Austrian position of Przemyśl, still in possession of the Austrians.

Petrograd, Sept. 10.—The following references to the progress of the Russian campaign in Galicia were made public to-day through official channels: "The continued offensive movements of the Russian troops make it impossible to establish definitely the quantity of trophies taken from the enemy."

"The Russian army, having occupied the fortified position of the Austrians at Nicolaieff, south of Lemberg, in Galicia, after incessant fighting which lasted two days, undertook immediately, after allowing the men only two hours' rest, a night march for the purpose of attacking new positions occupied by the enemy."

"Hundreds of prisoners, as fast as they fall into Russian hands, are sent to railroad stations bordering on the battle front. These prisoners are not even enumerated."

"A Russian battery placed on the Vistula river engaged with success an Austrian steamboat armed with rapid fire guns, and destroyed it."

"A Cossack regiment brought in from Frampol 17 officers and 445 Austrian soldiers who had been taken prisoners, also numerous horses and cattle."

"The regimental strong box, containing \$29,600, belonging to the Seventeenth Landwehr, was captured."

"Twelve miles southeast of Zamose (a town in Russian Poland, 45 miles southeast of Lublin), a Russian infantry regiment took prisoners 700 Austrian soldiers and their officers."

"Important Austrian reserves have been sent into the region between Rawa Ruska (32 miles northwest of Lemberg) and the Dniester river."

"It has been established that German soldiers have dispatched wounded Russian dragoons in the region of Veligue."

CONNECTING SPIKE TO BE DRIVEN DECEMBER 20

Canadian Northern System in British Columbia to Be Completed on Time.

Kamloops, Sept. 10.—The last spike of the railroad that will connect the main line of the C. N. R. in British Columbia with lines of the company east of the Rockies will be driven at bridge No. 8, at Wallaceton, on December 20, according to a statement by A. R. Mann, railway engineer, and the work will be pushed forward as rapidly as possible as far as bridge No. 9 westward. Double gangs will work from Cisco to Kamloops. They are progressing at a rate of two miles a day, and yesterday steel was laid across Cisco bridge. Construction gangs are also at work on the section between Yellowhead Pass and Mile 135, North Thompson.

"I expect that the section between Yellowhead Pass and 135-Mile station to be completed by December 10 at the present rate of progress," said Mr. Mann in discussing the matter. "Every effort is being made to push construction as rapidly as possible, and it is practically certain that the main line in this province will be completed in schedule time."

NOTICE

To All Subjects of Germany and Austria-Hungary

Notice is hereby given that all persons who are subjects of Germany and Austria-Hungary, who reside or enter the City of Victoria, are required forthwith to present themselves to the Chief of Police of the City of Victoria at the Detective Office, situate at No. 620 Cormorant Street, Victoria, B. C., to there leave their names, addresses and descriptions, and make such report and give such other information and follow such directions as shall be required or directed by the Chief of Police.

SOLDIER'S DEATH IS FOUND ACCIDENTAL

Valcartier, Sept. 10.—A verdict of death from natural cause was returned this morning by a coroner's jury which investigated the case of Private Desales, aged 42, of the Irish Fusiliers of Vancouver, who dropped dead yesterday, following an attack of acute indigestion. This was the second death in the regiment. Desales had been a soldier for many years. He had served in several campaigns, including the Spanish-American war. He had lived in Washington, D. C., before going to Vancouver.

HELFFERICH CONSIDERS REPORTS WERE ENLARGED

Washington, Sept. 10.—The German embassy to-day received the following wireless from Berlin: "Herr Helfferich, director of the Deutsche bank, after touring in Belgium, states: 'News of destruction of Belgian towns is exaggerated. Verviers and Tirlemont, industrial centres, and Charleroi, quite intact. Louvain and Dinant only partly destroyed. After the surrender of Ghent, a German officer was insidiously killed and another wounded. The Russian cavalry burnt down sheer lust of destruction, although there was no fighting in that district, the splendid castle of Count Mirbach, the Prussian parliamentarian.'"

BELGIUM IS NOW PART OF GERMANY, SOME SAY

London, Sept. 10.—Dispatches from Berlin say that the incorporation of Belgium as a part of the German empire already is being treated as a fact by a large part of the Berlin populace. Officials state that it at least will be included in the Zollverein, the German customs union, to which it is also suggested Austria may be added.

SUBSCRIBERS GIVE TO FUND AT WINNIPEG

Winnipeg, Sept. 10.—The sum of \$152,412 was received up to last night by the Winnipeg patriotic fund in subscriptions and pledges. Of the amount collected over \$96,000 worth of subscriptions were accompanied by cash covering the first month, and therefore there is over \$96,000 on hand in cash. A percentage of this has already been distributed among needy families.

JAPAN ISSUES DENIAL

Tokio, Sept. 10.—The declaration was made by the foreign office to-day that there was no truth in the report circulated in Tokio and elsewhere, that Japan had been in negotiation with Great Britain concerning the dispatch of a Japanese army to Europe.

CONVENTIONS ABROGATED

Washington, Sept. 10.—A Rustem Bey, the Turkish ambassador at Washington, was advised to-day by his government that all conventions between the powers and Turkey conferring special privileges or restricting the sovereignty of the Porte, have been abrogated.

TO-DAY'S BASEBALL

Table of baseball game results for National League and American League.

WILL FILL PLACES OF ABSENT OFFICERS

Class Will Enable Lieutenants to Qualify; Business Men's Drill

Beginning on Monday, September 14, there will be held a class to qualify applicants for commissions in the local militia regiments with the rank of lieutenant. Most of the applicants are already serving in provisional capacities, and with the other men desirous of taking the course there will be over 30 in the class. Captain Smith, lately appointed to command the local company of the Royal Canadian regiment which is now being recruited, will be in charge of the work. The candidates will meet every morning from 8.30 to 12.30 and the course will last two months.

DISCUSSES SERUM THERAPY

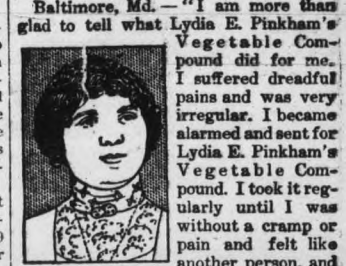

The benefits to humanity from the introduction of serum therapy into medical science were enumerated at the Rotary club luncheon in the Westholme grill this afternoon by A. E. Friend, representative of the H. K. Mulford company, of Philadelphia. His firm is one of the leading pharmaceutical and biological manufacturing chemists in the world and recently was given the exclusive contract to supply the British army with the serum preventive of lockjaw which is now being used by the Army Medical Corps to immunize wounded soldiers against that dreaded disease.

Mr. Friend is on the coast on a variety of missions, chief of which is that of obtaining a site for a Pacific coast factory. Spanish peninsula would have been an ideal site in every respect, he said, but for the fact that the tariff prevented a Canadian factory from competing for United States trade. There was not enough population in western Canada to justify opening a factory here yet.

Dr. A. H. Tanner also entertained the club with an instructive lecture on the manufacture and installation of a gold inlay filling. The accompanying demonstration of laboratory dentistry was most interesting.

THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Baltimore, Md.—"I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health."—Mrs. AUGUST W. KONDNER, 1632 Hollins Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Inlay filling. The accompanying demonstration of laboratory dentistry was most interesting.

OCTOBER TWELFTH TO BE THANKSGIVING DAY

Ottawa, Sept. 10.—Thanksgiving day will not be celebrated on Thursday, October 8, as was officially announced yesterday, but on the following Monday, October 12. A new order-in-council has been passed fixing the latter day. The change was made when the attention of the government was called to the fact that in order to suit the views of the majority of the people, Thanksgiving day has for several years past been held for Monday. This gives a long week-end and allowing many people, more particularly the commercial travelers, to spend that day at home.

POPE COMMENCES TO WORK TOWARDS PEACE

London, Sept. 10.—In a dispatch from Rome, the correspondent of the Exchange Telegraph Company says that the pope has requested the ambassadors of the nations at present at war, which recognize the holy see, to ascertain the sentiment of their respective governments with regard to a papal peace appeal.

REACH A SETTLEMENT

Rockland Avenue Owners Are Satisfied With Terms and Will Pay Assessments for Paving.

The terms of the settlement with regard to the repair of the macadam on Rockland avenue, agreed upon at a meeting of the owners and members of the city council yesterday afternoon, are that the work shall be done by the city as soon as funds are available, but not later than August 31, 1915; that the assessment shall commence to run for the term of ten years when the work is done, and that each party shall pay its own costs in connection with the action now before the courts.

There was an attendance of leading citizens at the meeting, Alderman Bell presiding. Among the owners attending were Mr. Justice McPhillips, G. H. Barnard, M. P., Hon. E. G. Prior, A. P. Luxton, K. C. and others. Under the arrangement, the city will lose the interest which was to have been paid since the work was done in 1910. It was decided to leave with the city engineer the question of what repairs were necessary.

The estimate for repairing the macadam is about \$6,000.

TO CANCEL LICENSES IF LAW IS NOT KEPT

Commissioners Meet Police Chief's Request for a Declaration; Transfers

Considerable argument took place at the session of the license commissioners yesterday afternoon in connection with the transfer of the license of the Bank Exchange hotel from R. D. Edwards to Cornelius L. Whelan.

J. A. Aikman, who said he appeared as a citizen, although pressed to disclose on whose instructions he acted, objected that there was a breach of the law, as the dining-room of the hotel was closed. He called Acting License Inspector Taylor to prove that it was not in use.

H. B. Robertson, for Whelan, stated that permission had been obtained from the mayor when the temporary transfer was granted to use an upper room for serving meals. The applicant swore in the box that it had been so used for a dining-room meanwhile.

Mr. Aikman contended that the full facts of the transfer were not disclosed and that the license had been "juggled around like dice in a box." He submitted that the names of the various parties in control of the house should have been disclosed.

The court, however, granted the application. Reference was again made to the Lincoln hotel license, which had been before the court on previous occasions, as the licensee, Joseph Gallia, had disappeared and left creditors who opposed the transfer to William Bryant. The situation was further complicated yesterday by the desire of Bryant to transfer his interest in the license to John Fisher.

F. A. McDiarmid addressed the court at length and indicated that he would apply for a writ of certiorari that the court had exceeded its powers in adjourning the application of Bryant to another statutory meeting. The board, however, determined to extend the temporary permit granted to the new licensee till the next court, holding that a license was still in existence.

The mayor took occasion to allude to the complaints about the conduct of some of the hotels in town, and said that the board would cancel the licenses of such places unless a change was made in their management. Many anonymous complaints had reached him. His observations were brought forth by a report from the acting inspector of two convictions against a hotel in the city.

The chief of police asked the board to declare that licenses would be cancelled where it was found that liquor was being supplied during prohibited hours, particularly on Sundays. He said that there was a number of cases of men who had obtained liquor on Sundays who declined to disclose where they got it. The board met his request for the declaration.

A long discussion took place on the application for a transfer of a restaurant license to the Olympia restaurant, Yates street, from the New England hotel. H. B. Robertson and Frank Higgins opposed on behalf of existing licensees on the ground that there were too many licenses already in the district. Mr. Robertson, on behalf of the proprietor of the Northern hotel, par-

ticularly opposed a restaurant operating and selling liquor adjacent to the dining-room of the hotel, as the hotel had been rebuilt to conform with the liquor act this year.

James McEwan opposed as a citizen, and J. A. Aikman, who was supporting the application for M. Young, of the New England hotel, with delicate irony referred to Mr. McEwan several times as "reverend," an appellation which was repudiated. Mr. McEwan's well-known temperance views being as well known to the bench as to the lawyers.

The mayor indicated that the temporary permit would be continued till next week, during which time consideration would be given to the views placed before the commissioners. At the next meeting the board would take into consideration the license inspector's report which had been presented but not read.

When the application for a transfer of the license of the Delhi hotel from A. W. Orlington to J. W. Robinson was brought up, Chief Langley asked that it be laid over, as he had some information concerning the conduct of the premises which he wished the board to consider in private before taking any action relative to the transfer.

In reference to this hotel, Alderman Porter, one of the commissioners, observed that if the place was not conducted differently in future from what he had been informed it had been in the past, he would favor cancelling the license.

Transfers were also granted as follows: Brown Jug hotel, from H. H. Molony to W. H. Adam, from W. H. Adam to Charles Watson, and from Charles Watson to Robert E. Noble; Ritz hotel, from Joseph W. Wallis to B. L. Robertson; Prince George hotel, from William L. Coates to Joseph W. Wallis.

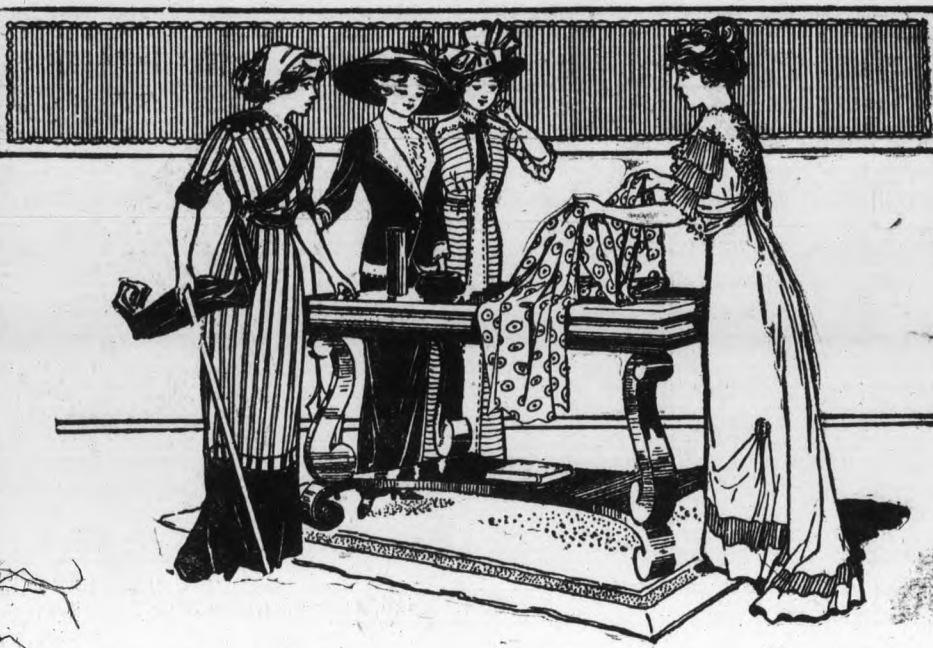

The output of coal from the 329 mines in Great Britain reached a total of 267,411,889 tons last year, an increase of 27,944,135 tons on the output of the previous year, and the highest yet on record. This output represents 322 tons for each person employed underground during the year.

It is an interesting fact that sugar exists not only in the cane, beet-root and maple, but also in the sap of about one hundred and ninety other plants and trees.

WARNING TO NON-COMBATANTS

Do not think that only in war are serious injuries sustained. That chronic sore you suffer from, that skin disease which is destroying your comfort, that eruption which is disfiguring your children—each may lead to serious consequences. Do not delay. Apply Zam-Bul, the greatest healer known to modern science—purely herbal, and at the same time healing, soothing and antiseptic. All druggists and stores. Price will not be raised during the war.

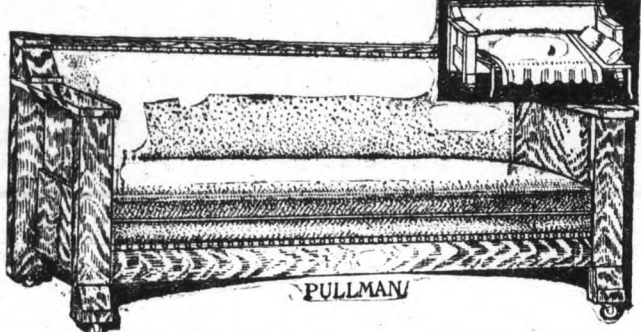

New Drapery Fabrics

Strikingly beautiful effects can be obtained, at very little expense, by using some of the quaint and uncommon designs in Cretonnes and Chintzes for draperies. It is not the costliness of the goods, but the harmony of colors and the simple effective manner of draping, which gives that indescribably charming effect. Chintzes and Cretonnes, 31 inches wide, per yard 22½¢ to \$1.12½.

THE GOSPEL OF COMFORT

Appeals to everyone. Comfort does not necessarily mean extravagance. Beauty, comfort and economy are represented in this handsome, luxurious Pullman Davenport. It will give you double service. A Davenport by day and a full-sized, roomy, comfortable bed by night. In golden or fumed solid oak frame. Cash prices \$40.50 to \$67.50.

NOT ENOUGH TABLES

No need for worry on this point when preparing for your whist drives. These inexpensive Folding Card Tables will solve the difficulty. They can be used for many purposes, are light, strong and compact. Can be folded into very small space when not in use. Cash prices \$3.60 to \$5.85.

A Souvenir for Your Visitor or Prizes for Your Card Party

Nothing could be daintier or more likely to be appreciated than a piece of this pretty China with perforated borders, decorated with old-fashioned nosegays, the centres with landscapes and romantic figures in the costume of a by-gone day.
