

C. STANFORD BACK FROM COACHELLA

Pleased With Crop Conditions and Especially Outlook for Early Grapes

Mr. and Mrs. Charles B. Stanford of West California, have just returned from a week in Coachella valley, where they found crop conditions most encouraging. In proof of the advanced state of the grape crop they brought splendid bunches of Malaga grapes that will be ready to ship to eastern markets in about three weeks, or a month to six weeks ahead of the Fresno crop. Mr. Stanford is improving an eight-acre ranch there and reports that some of the vines he planted this spring have made such luxuriant growth that his little girl was able to hide behind them. His land is not far from the holdings of other Glendaleans, far quite a colony from this city is interested in the valley—Mr. Ogg, Mr. Babcock, Mr. Echols, Harry Howe and others. Mr. Stanford has a fine well on his ranch.

TWO FOND HEARTS ARE UNITED SUNDAY

Mrs. Marie Lucile Muller and Dr. James H. Farrington Are Contracting Parties

Dr. Rev. C. R. Norton fell the pleasant task of uniting in the holy bonds of matrimony Dr. James H. Farrington, who has been a resident of Glendale for the past 18 months, and Mrs. Marie Lucile Muller of Eufaula, Ala. The ceremony took place at the Norton residence on East Wilson avenue last Sunday afternoon with a small group of friends present as witnesses, viz.: Richard W. Levy, Gladys Levy, Annie Levy, Rita Levy, Elsie M. Levy, Jessie J. Levy and Mr. and Mrs. Norton. Richard Levy acted as best man and Gladys Levy attended the bride. Little Vera Elsie Mercer was ring bearer. As soon as the knot had been tied the entire party repaired to Gray's hotel where a wedding supper was enjoyed. Dr. Farrington, who is a retired dentist, met his bride at Hotel Gray where both have been living for several months. He has purchased improved property at 809 East Wilson avenue where he and Mrs. Farrington will be at home to their friends.

"OUT IN CALIFORNIA" IS POPULAR SONG

"Out in California," a song of recent publication and which is being played by the Palace Grand orchestra, is being well received by Glendaleans. The author, Alfred Dalton, is introducing this clever bit of melody at the local music stores. The Glendale Daily Press and others, received a complimentary copy.

COMMENCEMENT WEEK AT U.S.C. TO BE NOTABLE EVENT DEDICATE NEW BUILDING

Baccalaureate Sermon by Bishop Adna Leonard on Sunday, June 19—Large Number of Students Graduate This Year—President Bovard Will Be Honored

Next Sunday, June 19, marks the beginning of commencement week at the University of Southern California. Five hundred students will be graduated, and the program for the week includes a series of educational conferences as well as recital programs. The great event of Sunday will be the baccalaureate sermon and the dedication of the new \$600,000 George Finley Bovard administration building, named in honor of the president of the college. President Bovard was one of the first graduates of the institution, which was founded by his elder brother, Rev. M. M. Bovard. Dr. Bovard has been president for the past 20 years and it is largely due to his wise administration that the university has reached its present proportions with an annual enrollment of over 5000 students. Bishop Adna Wright Leonard, LL. D., will deliver the baccalaureate address. Monday's events include the dedication in the morning of James Harmon

DESCENDANTS OF A FAMOUS SPANISH FAMILY SUE FOR VAST TRACT

Aggregate 26,000 Acres and Include Palisades and Costly Villa Sites

TEN HEIRS ARE IN SUIT
Member of Family Involved Is a Resident of Glendale for Many Years

A Los Angeles morning newspaper printed the article below regarding a suit instituted by descendants of a famous pioneer Spanish family for the recovery of the value of certain lands said not to have been included in a certain deed. A member of one branch of this family lives in Glendale but she is not mentioned in connection with the suit, as she is not in the direct line of descent from the man and his wife who were proprietors by deed of grant of the 40,000 acres in controversy. She is Mrs. Arnulfo Feliz of 555 Vine street and her maiden name was Consuelo Sepulveda. The article is as follows:

Members of the Spanish aristocracy of Southern California were in Judge Stephens' court yesterday seeking through a suit against the Santa Monica Mountain Park company to recover for themselves as heirs of Francisco and Ramona Sepulveda, 26,000 acres of land, valued at \$5,000,000, including the Palisades, fashionable Brentwood, Westgate and hundreds of hill villa sites.

This suit has been pending for some time and only yesterday the bevy of attorneys got into action in the suit, which will consume a week. The action is brought in the name of Mrs. Francisco S. Burrows, Rio Sepulveda, Rose de la Guerra West and seven minor children, all descendants of Francisco and Ramona Sepulveda.

It is the contention of the plaintiffs that two-thirds of the original 40,000 acres were not deeded away by Ramona Sepulveda and that therefore title has not passed from her descendants. The defendant asserts that the plaintiffs have no title or interests in the vast territory.

Francisco Sepulveda died in 1853. Ramona passed away in 1870. The great ranch was granted to Francisco Sepulveda by Governor Alvarado of California in 1839, and the grants were subsequently confirmed by Governor Pico and the United States court of land claims. It is the contention of the plaintiffs that the whole ranch did not pass by these grants. Ramona Sepulveda deeded the ranch to the predecessors of the defendant. Mrs. Laura Carillo, who won a prize at the World's Fair in the great beauty show, was a witness and traced the Sepulveda family tree, which now has many branches.

COMMITTEE DEFEATS INTERMEDIATES

Those who have been interested in watching the outcome of the contest for the baseball championship of the city schools will be interested to know that the game yesterday between the first teams of Intermediate and Cerritos resulted in a score of 7 to 5 in favor of Cerritos. In the close and crucial game last Friday, 12 innings were played before any advantage was registered by either team and the game, which was won by Intermediate, made the series 2 to 2. The championship requires the winning of four games out of seven, and as the series now stands three to two in favor of Cerritos, at least one more game must be played to determine the destination of the pennant. Should Intermediate win next time, an additional game would have to be staged.

Hoose Hall of Philosophy and the annual alumni address in the evening by William S. Bovard, '88, A. M., Ph. D. Hon. Will C. Wood, state superintendent of public instruction, will deliver the address at the dedication of Thomas Blanchard Stowell Hall of Education, at 10 a. m., on Tuesday; Governor Stephens and other men of prominence are on the program of the afternoon reception. The organ will be dedicated in the evening by Edwin H. Lemare.

One of the Wednesday features is the singing of Haydn's "Creation" by the University Choral society. Thursday is commencement day. Commencement exercises will be held in Exposition park; the address will be given by Robert W. Rogers, LL. D., of Drew Theological seminary and President Bovard will confer the degrees. Alumni banquets, graduating recitals, "Ivy Day" ceremonies and other programs will be features of the week.

IMPROVEMENT FOR EAST BROADWAY

Mrs. N. D. Darlington to Erect Two-Story Building on Corner of Louise

Mrs. N. D. Darlington of 416 South Grand avenue, who purchased the fine site at the southeast corner of Louise and Broadway through the agency of Mr. Burn of Doner, Hemenway & Burn, has been looking over the business situation in Glendale and on the advice of men whose judgment she trusted and who assured her that stores there would be certain to rent readily, she has decided to improve the lot with a two-story building. Her lot is opposite the corner that Mr. Hooper is improving, and her decision will add value to the surrounding property.

GRAND JURY TO COMPLETE INVESTIGATION INTO ALLEGED COMBINATION TO KEEP UP HIGH PRICES FOR MILK—PRESS COMMENDED

The grand jury is meeting in extra sessions this week to complete its investigation of the milk combine of Los Angeles county, in order to determine whether it should not be indicted under the Cartwright anti-trust law. One of the witnesses, it is said, will relate his experiences in trying to conduct an independent distributing company, and the efforts of the combine to crush him. This man's distributing company is selling milk at 40 cents a gallon in

BEEFSTEAK DAY FOR GLENDALE MASONS

Griffith Park Will Be Scene of Delicious Feast on Next Saturday

Blue Lodge is sending out the invitations for its annual beefsteak outing at Griffith park next Saturday afternoon. Members of Unity chapter and the Commandery will be guests and from the mysterious hints which have been dropped, it will be some time. The beefsteak is supposed to be served at 5:45 and after the first edge of appetites has been dulled there will be speeches, Worshipful Master Goodwin starting the ball of oratory. Just who will have the courage to follow his eloquent lead is not quite clear but Serafin Pla and Andy Findlay have been mentioned.

GOVERNMENT SENDS GLENDALE BOYS TO EASTERN CAMP

Hollis Moyle, Dan Campbell and Clair Staley, all of this city, started east yesterday afternoon as part of the two carloads of students who are going from California Tech. at the expense of the government to Camp Humphreys in Virginia for six weeks training in engineering. The government provides uniforms, transportation and pays all their expenses. After completing the course the boys will probably scatter and come home by separate routes. They will probably take in Washington City which is close by and other eastern cities. Dan Campbell talks of returning via the Canadian Pacific. Hollis Moyle will visit his father's sister in Wisconsin before coming back to California.

BUSINESS DISTRICT NOW GREAT AUTO PARKING CENTER

Anyone who doubts the fact that Glendale long ago passed the village state and is fast becoming a metropolitan city, or who doubts its loyalty to home amusements, should have made the rounds of the business center last night. Up and down Brand boulevard, autos were parked on both sides of the street, without taking into reckoning the machines in the parking place north of the Palace Grand theater. There were branch lines on Broadway, east and west. Another double row of machines fronted the Elks' lodge and the corner of Harvard and Orange streets was the nucleus for another colony of machines extending for almost a block in all four directions.

The biggest surprise of all, perhaps, was the size of the audiences at both places of entertainment. At the Palace Grand, "Peck's Bad Boy," with the delightful youngster, Jackie Coogan, in the title role, supported by those old-time Morosco favorites, James Corrigan and Lillian Leighton, was delighting capacity houses. Further south, where the pleasure cars of patrons of the Glendale theater began, another big audience was to be found attracted by the special bill of vaudeville artists, and around the corner at the tabernacle where the City Teachers' club was repeating its amusing farce, "The Deestrick Skule," a simply immense audience crowd filled the big building to capacity, endangering the roof with its roars of laughter over the monkey-shines of the erstwhile educators who let themselves go to provide a show of pure, innocent fun and at the same time earn money for the sufferers in Colorado. But they, too, had competitors, for across the street a gospel tent was holding a service which was also well attended.

The regular weekly session of the Elks' lodge drew the usual large attendance advertised by the line of autos that narrowed the street. All these things are straws which show the growth of the city.

FINE MUSIC FOR LEGION BENEFIT

An extra feature of the American Legion's sick fund benefit, which is to be given tomorrow night at the Palace Grand theater, will be music by the Palace Grand orchestra. The American Legion band will play before the performance begins at 8 o'clock.

CASA VERDUGO FOOD SALE A SUCCESS

Mrs. Crossland and Her Associates Make \$60 for Flood Sufferers

The ladies of Casa Verdugo have a great record for loyalty to each other and to their locality and they rallied in fine shape when Mrs. Crossland proposed a food sale at Gray's Grocery last Saturday for the benefit of the Colorado flood sufferers. Mrs. Crossland is nothing if not enthusiastic. She proved a tireless worker and as every one she approached was glad to respond, a great stock of home-made goodies was the result and everything contributed was sold out clear. As a result the ladies have \$60 to help swell the fund for the distressed people in Colorado.

MEAN THIEF

(By International News Service) OMAHA, June 14.—Venturo Sanches reported to the police that someone had broken into his room at 1508 Eleventh avenue, Council Bluffs, sometime before 10 p. m., Wednesday and stolen \$485 out of his trunk. Sanches said he had drawn the money from the bank only a few days ago and was preparing to go back to Mexico to get married. The money he said represented the savings of nearly three years. It principally consisted of bills and gold. Sanches was nearly prostrated at the discovery of the loss of his savings. He said that his Mexican sweetheart who was expecting him would be disappointed if he did not return and he had no way of going back to Mexico without his money. He said that he would have to start all over again.

FUNERAL SERVICES FOR C. M. LUND

Funeral services for C. M. Lund, which took place Monday morning at 10:30 o'clock at the Scovren parlors were very largely attended, especially by elderly people, who, like the deceased, had been pioneers in this valley. The services were in charge of the local Odd Fellows lodge, Rev. C. A. Norton, chaplain of the lodge, preaching the sermon. Mr. Lund had been a devoted Odd Fellow for forty years or more and will be much missed in the lodge. Interment was in Grand View.

C. OF C. DIRECTORS LUNCH AT GOODYER RESTAURANT TODAY

Endorse Measures Advocated for Clean-Up Day to Maintain City's Standard

RECEIVE APPLICATIONS
Speedy Action in Signing of Petitions for Independent Postoffice Urged

The luncheon of the chamber of commerce directorate took place at the Goodyer restaurant this noon and was followed by a business session at chamber headquarters on West Broadway. In the absence of President Cooper, Vice President Jesse Smith presided.

Following the reading of the minutes Secretary Rhoades read a letter from the Vegetable Union relative to freight rates, asking the help of the organization in the effort to get a more favorable tariff.

A communication asking for a donation for the Children's Home of Los Angeles was also submitted, and a letter from the Los Angeles chamber of commerce extending an invitation to Secretary Rhoades to attend a monthly get-together luncheon of the Los Angeles chamber which is to be addressed by President Weaver, lately returned from the east. He will make a report on business conditions as he found them during his tour. Mr. Rhoades stated he would accept the invitation.

A communication was also submitted from T. W. Watson, city manager, stating that in cooperation with the chamber of commerce the city has arranged for a "Clean-Up Day" and designated Tuesday, June 21, as the date. The letter stated that citizens would be asked to accumulate all rubbish not easily combustible in the alleys at the rear of their lots, or in the street gutters in front, in receptacles convenient for handling, and where it could be picked up by city teams the following day. Citizens will also be requested to accumulate in piles the rubbish of tree trimmings and other trash now in the alleys, and business men will be asked to place the trash in the rear of business blocks in packages or other receptacles convenient for handling.

Secretary Rhoades likewise presented a request from W. E. Evans for a resolution indorsing the post office petition together with a letter to Congressman Lineberger, which Mr. Evans will deliver when he takes the petition to Washington.

Favorable action was taken on two applications for membership, viz.: Harry Moore, who is conducting a business in wall paper and paints at 304 East Broadway, and the Henry-Brown Company, manufacturers of the Sierra beverages.

BUSINESS DISTRICT SEWER ENGINEERS' PLANS READY TO SUBMIT TO TRUSTEES

Because of the speculation rife in the minds of business men relative to when the promised sewer units in the business district are likely to become a reality, inquiry has been made of Frank Olmstead of the firm of Olmstead & Gillellan, the consulting engineers employed by the city in connection with the project. Mr. Olmstead states that the plans are now finished ready for submission to the board of trustees, probably at its next meeting and that the only matter in the way of immediately starting proceedings is the securing of a certain right of way from the Pacific Electric railway. There will be no obstacle in this connection; it is simply a matter to be covered in due legal form.

Not until the bonds of Municipal District No. 3, covering the Verdugo Woodlands District are sold can work be started on that project. It is the aim of the city and the engineers to make that a model system and disposal plant which will be a demonstration not alone for Glendale but

MRS. MERRILL IS A SURPRISED LADY

Friends Catch Her Unawares. With a Delightful Celebration of Birthday

A completely surprised lady was Mrs. H. M. Merrill of 340 North Cedar street last Saturday night. It was her natal day but she had made no preparations for its celebration and, in fact, it had slipped her mind. She thought nothing of it when a telephone message reached her that Mr. and Mrs. Paul Springer of Los Angeles would run out and have dinner with her. They came, and after the dinner was over, a trip to Burbank was suggested. Going to her room to make a few changes in her toilette, she was interrupted by a ring of the doorbell, and upon answering it found a merry bunch of flowers and packages of all sorts, who friends, laden with great bunches of had come for a surprise birthday party. Mr. and Mrs. Springer had been in the secret and were the advance guard sent to insure the presence of the honoree when the party should arrive. Their fellow conspirators were Mr. and Mrs. J. H. Smith, of Los Angeles; Mr. and Mrs. O. R. Barnett, Mr. and Mrs. Catlin, Mr. and Mrs. A. D. McIrvin and son, Malcolm, Walter Guinee and his daughter, Miss LaVerne Guinee.

Cards served as the diversion of the evening and at the close of the game, ice cream and cake which the guests had brought, were served.

GOOD GOVERNMENT LEAGUE MEETING

Attendance Is Larger Than Could Be Accommodated at Municipal Building

The meeting of the Good Government League at the Municipal building on the corner of Brand and Los Feliz road was so popular that many had to be turned away. The audience chamber was crowded to capacity and many standing. Dr. Martin, who made the address of the evening is the assistant editor of Liberty, a magazine that is campaigning against Sunday closing. He proved to be a very fine speaker and the league is arranging to hold another meeting to be addressed by him.

HIGH SCHOOL FACULTY PICNIC

The faculty of the local high school celebrated commencement week by a picnic at Brookside Park yesterday afternoon after school until dark. About 52 were present. Some went in bathing and others played games. Supper was served at 6 and consisted of fruit salad, meat loaf, Spanish beans, rolls and coffee. Ice cream and cake were served as refreshments. A good time was reported by all who attended.

for all Southern California. The fact that Los Angeles has voted down the proposed bond issue for an outfall sewer largely because of the sentiment in favor of reduction works and also because of the opposition on the part of beach cities, should crystallize sentiment in Glendale. Mr. Olmstead is in favor of this modern method of solving the sewer problem entirely independent of Los Angeles.

The sewer units proposed for the business district which are badly needed are a temporary expedient until a complete system for the entire city has been worked out. Twenty-five per cent of the investment will be permanent and link up with the complete system when established, so the loss will be insignificant viewed in the light of the fact that the benefits will be immediate.

Candidate For Council.

115 East Acacia Ave., Glendale,
Calif. June 14, 1921.

J. D. Hull, Secy., Good Government
League, Glendale, Calif.

Dear Sir:—Acknowledge receipt
your favor the 6th inst., requesting
me, as candidate for councilman, City
of Glendale, (election June 28th) to
declare myself regarding matters of
interest to the Good Government
League as indicated in its question-
naire.

I take pleasure in complying with
the request because I always have
advocated such an impartial unbiased
organization to pass upon civic prob-
lems and the qualifications of all candi-
dates for public office.

In my reply I have stated my resi-
dence in Glendale (and Tropic at my
present address) as eight years, nine
months and that I have not held an
elective position in any city govern-
ment. I have answered 'No' to ques-
tions one to five and 'Yes' to number
six, substituting however the words
'mistaken zeal' for your 'reprehensible
and un-American.'

The questionnaire was a disappoint-
ment to me in two particulars: 1st., in
confining its public service inquiry to
"an elective office in any city govern-
ment". The answer 'No' in my
case ignores over eight years admin-
istrative and executive service for
the United States, seven years sani-
tary and administrative work for large
mining companies and for railways,
five years as health officer through
three administrations, in Tropic, my
constant contact and co-operation dur-
ing that time with the Los Angeles
County Health Officers' Association
and in County Sanitary affairs, and
many other semi-public positions such
as president chamber of commerce,
superintendent public playground as-
sociation, etc. etc.

Second, I feel that the pledge pre-
sented is rather sweeping and general
allowing opportunity for controversy
on questions of public policy, and to
avoid such misunderstanding have in-
serted after "privileges" the words
"under proper police regulations." With
this addition I have signed the
"pledge" understanding it to be a
general statement of principle and ad-
herence to the intent of the six pre-
ceding questions.

In conclusion permit me to add that
I believe in conducting the affairs of
our city on an efficient and econom-
ical basis: securing and retaining
only necessary employees each direct-
ly qualified for the position to be
filled, preferably through civil ser-
vice examination; providing essentials
in keeping with the rapid growth of
Glendale so far as possible and con-
sistent with our assets; postponing
luxuries and forced improvements un-
til financial strain is removed and ad-
ministering civic affairs with impar-
tial justice, common sense, without
fear or favor and as a public trust—
without additions or reservations. I
further believe that the greatest prob-
lems confronting Glendale are along
sanitary and utility lines in which I
could be of special service to the city.
If the voters of Glendale see fit to
include me in the new council, while
I cannot guarantee to make no mis-
takes or to please all in every act, I
shall do the best I can to be true to
myself and all of them.
Yours for the Welfare of Glendale,
DR. WM. C. MABRY.

To the Voters of Glendale

Glendale, Calif., June 9, 1921.

Editor Glendale Press: I beg to
acknowledge receipt of the commu-
nication of June 6, 1921, from the
Good Government League, in which
they request my views on certain
regulations in the city of Glendale
that will close business houses and
places of amusement on Sundays.

In reply thereto I beg to say that
regardless of my own personal opin-
ion, if elected to the city council, I
shall at all times endeavor to carry
out the wishes of the majority of our
citizens on this and other matters
as may be evidenced by their own
initiative or petitions.

Until the people first decide for
themselves by ballot that a closing
ordinance is desired, I fail to see
the necessity for further regulation
at this time. When I became a mem-
ber of the board in 1914 I assumed
the duties of city trustee unpledged
to any man or faction, and I am seek-
ing the support of the people at this
time on that same basis. As good
citizens you will agree that when
unpledged an official is free to best
serve the interests of the majority
of the people which service will be
uppermost in my mind at all times.
Trusting my position is sufficiently
clear, I beg to remain,
Very truly yours,
CHARLES GRIST.

TELEGRAPH BRIEFS

WASHINGTON, June 14.—The in-
vitation extended by the League of
Nations several months ago for an
American representative to sit in
the mandate discussions of the
league when it reconvenes at Geneva
this week, probably will meet with
a polite refusal it was indicated at
the state department today.

DENVER, Colo., June 14.—An ap-
peal for aid reached Governor
Shoup's office here today from Lake
City, Colo., where flood waters from
swollen streams are threatening the
city's destruction. Only meager in-
formation was contained in the appeal
to the government, it being stated,
however, that many bridges and
highways had been washed out and
help from the state highway depart-
ment will be necessary before com-
munication with the outside world
could be established. Lake City is in
Hinsdale county in the southwestern
part of Colorado.

DUBLIN, June 14.—Rioting again
broke out in Belfast early today.
There was considerable sniping from

rooftops. Eight civilians were wound-
ed in fighting before midnight. The
coast guard station at Hawstrand,
in County Cork, was burned. The sta-
tion guards were kidnaped before the
torch was applied.

WASHINGTON, June 14.—In a
proclamation issued today at Santo
Domingo by Rear Admiral S. S. Robl-
son and military governor of the
Dominican republic, the United States
announced its intention of withdraw-
ing the American military forces
from the republic as soon as a duly
constituted Dominican government is
ready to take over the administration
of affairs. With proper cooperation
from the Dominicans it is proposed
that the withdrawal can be accom-
plished within a period of eight
months, the proclamation stated.

PITTSBURG, Pa., June 14.—The
Joseph Seep Purchasing agency here,
Standard Oil headquarters, stated to-
day, that effective at 10 o'clock, the
price of crude oil at the well would
be reduced 25 cents per barrel on the
six best grades.

M. G. HARMAN MAKES LONG TRIP FROM EAST ON FOOT

M. G. Harman, who recently came
to Glendale from Pittsburg and pur-
chased the Christianson place on
South Verdugo, is the coast dis-
tributor of the Rotary King Safety
Razor, which is making a great hit
with men who prefer to shave them-
selves at home.

This is not his first experience with
California. There is quite a streak
of adventure in his make-up, and when
he was in San Francisco in 1904 he
decided to try the stunt of walking
from that city to New York. It was
a leisurely tour on which he spent a
month in Los Angeles and two months
in St. Louis, where he took in the
World's Fair. He wanted to make a
test of a man's capacity to sustain
himself on such a trip and the demon-
stration seems to have been entirely
satisfactory for he left San Francisco
with but three cents in his pocket
Feb. 8, 1904, and arrived in New York,
December 8 of the same year, with
a full camping outfit that included
4 burros, and had paid his expenses
as he went along.

Mr. Harman's business in con-
nection with the Rotary King Razor is
likely to keep him from Glendale a
good share of the time, but before
starting out on his circuit he will in-
troduce it in local places of business
where it will be on exhibition.

'BUDDY' ARMSTRONG OPENS RESTAURANT

"Buddy" Armstrong, son of Milton
Armstrong, a former resident of this
city on South Maryland avenue, has
joined the business fraternity of our
city and is today opening up a cosy
little soft drink establishment and
restaurant at 212 1-2 South Brand.
Buddy is a veteran of the late war
and for two years was in the avia-
tion service, which he quit reluctantly
after some experience as a flyer be-
cause of trouble with his eyes. Be-
cause of his knowledge of cookery he
was assigned to that duty and made
such a record that he was assigned
to the officers' mess of which he was
placed in charge. He made a fine re-
cord in that position and is now try-
ing to turn his talents to account.
Nothing is rarer than a first-class
cook and he will find in Glendale,
where he has a host of friends, in and
out of the Legion, a fine field as a
caterer.

L. T. ROWLEY HOST TO ALUMNI PARTY

California members of the alumni of
the University of Minnesota who have
formed an association were enter-
tained delightfully by L. T. Rowley,
who is himself an alumnus, at his
home in Sunland. About 75 enjoyed
the affair, which was a quite informal
reunion and good time. The majority
were from Hollywood and Pasadena,
a sightseeing bus bringing a large
load and the rest coming in private
machines. Glendale was also repre-
sented by Miss Isabel Tisdale, Secre-
tary Rhoades and wife, Prof. Charles
Poore and brother, their wives and
family and, of course, the host, his
wife and family. Refreshments took
the form of a picnic lunch and for
diversion there were games, races,
dancing and other amusements.

The trouble about paying bank

to carry it on the books as salary or

THEATERS

Palace Grand

The long-heralded production,
"Peck's Bad Boy," with lovable little
Jackie Coogan in the stellar role, will
be the feature offering at the Palace
Grand theater today, for the last time.

As the mischievous lad who makes
a lot of trouble for his "Pa" and sets
a whole town "by the ears," Jackie
Coogan is said to give an even more
delightful and amusing impersonation
than that which brought him fame and
fortune in Chaplin's "The Kid."

"Peck's Bad Boy" is an adaptation
of the works of the late Governor
George Peck. The subtitles were
written by that inimitable humorist,
Irvin S. Cobb.

Appearing in support of Jackie in
this latest photoplay is an excellent
cast which includes Doris May,

Glendale Theater

A tremendous all-star Benjamin B.
Hampton photodrama, "The Money
Changers," comes to the Glendale
theater today for a two-day run.

Using the basic theme of Upton Sin-
clair's novel, "The Money Changers,"
Mr. Sinclair and Mr. Hampton wrote
a new story for the screen which is
as remarkable for the assemblage of
famous players who compose the cast
as it is for its smashing action and
intense, human drama.

Robert McKim, famous screen vil-
lain, plays the man of high finance
and head of the gang of drug traf-
fickers. Roy Stewart, virile and force-
ful, is the newspaper reporter who
conducts a daring raid on the drug
ring.

Claire Adams, the charming Cana-
dian star, plays the role of the hero-
ine, and beautiful Audrey Chapman
is seen as the adventuress. Edward
Peil enacts an unforgettable charac-
ter—Ling Choo Fang, hatchman.
Other parts have been entrusted to
George Webb, Gertrude Claire, Betty
Brice, Zack Williams, Laddie Earle,
Stanton Heck, Harvey Clark and Har-
ry Tennebrook.

LAWN PARTY FOR CHILDREN

Mrs. George H. Moore, superin-
tendent of the primary department of
the Sunday school of the West Glen-
dale Methodist church, was hostess on
Saturday afternoon at a pretty lawn
party to the children of her depart-
ment and their mothers and Sunday
school teachers.

Outdoor games on the lawn of Mrs.
Moore's home at 221 West Elk avenue
were much enjoyed by the 48 small
guests and the 15 mothers and four
teachers present. A fishing pond from
which each guest fished a small gift
was a delightful feature of the after-
noon's entertainment, and a toy bal-
loon for each child was another great
joy.

The decorations of the long table
set on the back lawn touched the
fancy of the small guests, whose won-
dering eyes, when they marched out
to enjoy refreshments of sandwiches,
ice cream, cake and all-day suckers
beheld a procession of animal crack-
ers parading down through the middle
of the table to a Noah's ark at one
end.

The party was given as a prelude to
Children's Day, which was observed
by the church on Sunday.

TELEGRAPH BRIEFS

WASHINGTON, June 14.—A new aspect was given the threatened breach between Senator Willis and President Harding over the nomination of Charles H. Nauts of Toledo, as internal revenue collector of the tenth Ohio district, when the senate finance committee tacitly agreed today to take no action on the nomination until Willis returns from New York city where he is to address a gathering of Sons of the American Revolution today.

WASHINGTON, June 14.—President Harding will nominate for ambassador to Spain, Cyrus E. Wood, former secretary of state of Pennsylvania, it was announced officially at the White House today. The nomination is expected to go to the senate tomorrow. Wood is known as a political supporter of Senator Knox.

It was also stated at the White House that a number of other diplomatic appointments, including that to the embassy at Tokio, will go to the senate this week.

KELSO, Wash., June 14.—Roy Gardner, notorious train bandit, is believed to be surrounded near the promontory known as Castle Rock, after which the town of Castle Rock is named, according to a telephone message to the sheriff's office here this morning. Sheriff Hoggatt of Cowlitz county and deputies, hastily left for the scene this morning.

WASHINGTON, June 14.—President Harding and his cabinet today discussed an "Alaskan policy." It was definitely decided that the administrative control of Alaskan affairs should be consolidated under an executive head and not divided among several, as at present. A number of minor matters were taken up at the cabinet meeting today, both Secretary of War Weeks and Secretary of State Hughes being present.

WASHINGTON, June 14.—Opposition to administration progress of reorganization in governmental departments has grown to such proportions within the departments themselves that cabinet officers were today instructed by President Harding to notify their bureau chiefs and employees that propaganda and hindrances put in the way of reorganization will be the cause for dismissal from public service, if the guilty person can be found.

SAN FRANCISCO, June 14.—Inability to disguise his voice when he ordered four clerks of the Pacific Oil and Lead company to throw up their hands, resulted in the capture of Paul Towney, former employe of the company, as the bandit who late yesterday held up and robbed the cashier's drawer of a payroll amounting to \$2665. Towney confessed and the loot was recovered, detectives announced today.

MRS. SHROPSHIRE TO MAKE TRIP EAST Mrs. Mary E. Shropshire and her daughter, Miss Lillian, 326 East Colorado street, will leave Glendale tomorrow for an extended eastern trip covering a period of three months and including a number of interesting points.

Their first stop will be made in Lawrence, Kan., where they will be the guests of Mrs. Shropshire's daughter Grace. They will visit friends in Topeka and relatives in Kansas City. They will go to Cairo, Ill., to see Mrs. Shropshire's son Charles, and in Cincinnati, O., they will visit with Birdie Lee Shropshire, Mrs. Shropshire's daughter.

In Kentucky they will renew acquaintance with a former Glendale lady, Mrs. Feland, who was formerly Miss Elizabeth Jackson, a teacher in the intermediate school. Mrs. Shropshire and Miss Lillian expect also to visit with friends and relatives in Missouri.

REAR ADMIRAL SIMS MAKES COMPLETE DISAVOWAL OF SPEECHES

By GEORGE R. HOLMES International News Service Staff

WASHINGTON, June 14.—The reply of Rear Admiral Sims to Secretary of the Navy Denby constituting virtually a complete disavowal of the statements attributed to him in his London speeches, has made it practically certain that no severe punishment will be meted out to him when he returns to "report in person" to the secretary of the navy, it was said today in high naval quarters.

Admiral Sims said that he had been "misquoted," that the context of his speech was "garbled," misleading and inferentially wrong. So far as the speeches themselves are concerned, this practically closes the case, it was said today. There was no disposition manifested today to question the veracity of the distinguished and voluble admiral.

Admiral Sims will, however, be called upon to explain to the secretary of the navy why he delayed four days in offering the explanation which Secretary Denby had requested "without delay." His tardiness in this respect, for which no explanation was offered, was regarded in naval circles today as constituting an offense more grave than the utterances of them which first got him into difficulties.

"GLEN AND DALE"

Glen and Dale of the Christian Endeavor convention committee had the next to the last meeting before the convention at the Christian church, last Sunday afternoon. Howard L. Brown presided over the well-attended meeting. All committees have been active and final plans are about arranged.

The entertainment committee begin their definite work for the coming delegates next Saturday, when the house to house canvass for accommodations will be carried out. It is planned to cover the city in the one day, if possible, a hundred helpers are signed up and others are volunteering.

Miss Doris Becker of Eagle Rock and well known in Christian Endeavor work begins her work this week as an assistant in the office of Roy Kent, Christian Endeavor headquarters, 130 South Brand boulevard. She is on the registration committee and part of her time will be devoted to checking the 1758 pre-registrations.

Tom Holden, ex-president of the Pasadena Christian Endeavor union, and a recent graduate of the Occidental college, will be Howard Brown's right-hand man for the next three weeks, and then plans to go to Ireland, his home, for the summer. He will stop in New York long enough to attend the Christian Endeavor World convention held there in July.

Finds Three Daughters

(By International News Service) PUEBLO, June 14.—John Kapes of Limon, Colo., was notified late yesterday afternoon that the body of a 17-year-old girl, supposed to be that of his daughter Rose, had been brought to a local undertaking establishment and was being held pending positive identification. Kapes went to the morgue and, in addition to the body of Rose, he found there corpses of his two other daughters, Irene and Elizabeth, who had been reported missing. Kapes was prostrated.

THIRD GRADERS TO HAVE PARTY

This afternoon between 2 and 3 o'clock, pupils of the third grade of Cerritos avenue school will reap the reward of good behavior in the form of a party. Throughout the term they have been promised this party if they achieved certain marks in department. Their teacher, Miss Hutchinson, will be assisted by Mmes. Rittenhouse and Moore and with such sympathetic cooperation it is safe to predict a highly successful social affair. Games will be the diversions and real party refreshments will be served. It will take place in the grove south of the building.

G. S. HOWELL TAKES AGENCY FOR WASHER

G. S. Howell, 227 North Howard street, has taken the agency for the Hamilton Beach Carpet Washer, a wonder, it is said, in the line of household necessities. It works wonders on rugs without injuring them, removes grease, etc. Read his advertisement elsewhere in this issue and see this new washer.

Woman Tells Story Of Alleged Crime

TWIN FALLS, Idaho, June 14.—Mrs. Lyda Eva Southard, alleged bluebeard-ess, who arrived here late Saturday night, probably will be given a preliminary hearing on the charge of murdering Ed. Meyers, a local rancher and her fourth husband. At the time the defense will endeavor to force the state to disclose the nature of the evidence upon which it expects to convict the woman. No indication has as yet been given of the defense plans.

Following an interview with W. P. Guthrie, her chief counsel, Mrs. Southard announced today she would demand an early trial. "I cannot tell you much," she said to an International News Service representative, "as I cannot talk specifically about my case. But I can say that I will insist upon an immediate trial. I feel that it would be horrid for me to have to lie in this jail all summer until the next term of court when court is in session now and we can meet every question without delay. I am so confident of the outcome that I want an immediate hearing."

"I want that vindication which can only come from an open hearing of all the facts. I know there can be no real harm come to me from such a trial and so I will face it with confidence. My only concern is that it may come quickly."

"I am weary but will soon be stronger. I stood the long trip from Honolulu to San Francisco well indeed, and the train ride to Wells, Nev., did not overly fatigue me. But the ride in an automobile in the terrific heat 900 miles across the desert was very hard. I dreaded facing the cameras and the movie men in Twin Falls, but I really believe that the desert trip was worse on me than that ordeal would have been. The sun was frightfully hot all the way to the little mining camp at Contact, Nev., where we stopped for dinner and the trip from there into Twin Falls was so rough that I am still tired and dizzy."

The great indoor sport of swatting flies teaches us that truth isn't the only thing that, being crushed to the earth, will rise again.

GREAT FLAG OURS

Today is Flag Day. It may not come amiss to get a hint as to what Our Flag means. We associate it too much with battles and war; yea, too much, for our American Flag is preeminently the Flag of Peace. Old Glory is the permanent signal for the American people to GO ON. It means that a free and self-reliant people will get new formulas and our flag represents a nation that was manifestly created as one, which old formulas do not fit.

Of all the signs and symbols since the world began, there has been no other so full of meaning as the Stars and Stripes, standing forever for humanity and for equal opportunities for all the sons of men.

There are many indications which betoken a most interesting observance of Flag Day in patriotic fervor. Our national ensign speaks for itself. It is altogether fitting that it does.

Great nation ours! Great Flag ours! Beneath its folds no slave or bondsman can be found. In pride, in love, in veneration, in joy, in thanksgiving, we look upon our flag as the best which floats under God's unfading blue of the heavens, and realize that it is a proud honor to be an American; appreciate, too, that our flag waves over a land so broad that the light of the sun never ceases to shine upon it, and in climes where snows never melt and streams never freeze.

No home, however humble, should be without this decoration, which stands for good homes and good schools, and all are protected under it.

A NATION OF MECHANICS

If it can be said that there is a by-product of labor as there is a by-product in factories, packing plants and such industries, then it must be admitted that the by-product of American labor is mechanics. Fundamentally America is an agricultural nation. According to figures collected during the selective draft, approximately five times as many persons are employed in agriculture as in any other industry. Thousands of people no longer engaged in agriculture have at one time or another worked on a farm. The wealth and prosperity of the nation come from the rich and fertile fields.

But a modern invention has brought a new element into the life of the farmer as well as the thousands who are not farmers. The gasoline engine, the farm tractor and the automobile have made mechanics out of farmers. Not that they have ceased to be farmers, but they have acquired a knowledge of machinery which was unheard of a decade ago. In the United States one person in 14 owns an automobile. It is reasonable to suppose that one-half of the owners of automobiles have a comprehensive grasp of the fundamentals of a gasoline engine. It is especially true in the rural and small town districts that the automobile owner goes very thoroughly into the mechanism of his car and every farmer who owns a gasoline engine or tractor is his own mechanic.

In no other nation is the automobile as common as in the United States. It is altogether reasonable that in years to come this condition will have wrought a significant change in the character of the American people. With every 12-year-old boy tinkering with a gasoline engine, turning over in his active mind the fundamentals and principles of machinery and experimenting, perhaps disastrously, oftentimes as well as constructively, there is bound to develop a high degree of mechanical perfection.

It is not speculation, but foresight based upon precedent, to say that future generations will see in America an awakening inventive genius. The marvels of the past decade in automobiles and airplanes are but signs of the great progress which is to be made in the future. To the American citizen, proud of his achievements and mindful of his opportunities, the thought of future creative work in this country is inspiring.

POETRY AND PROSE

"When we were married," sobbed the young wife, "he said he loved me with a love more enduring than the everlasting granite."
"And didn't it last?" queried a sympathetic friend.

"Last?" echoed the young wife, mopping her eyes; "it didn't last as long as an ordinary wooden pavement."

It is romance whether he is a prince charming on a milk-white steed or a fresh kid behind the steering wheel of a jit.

Ambassador Harvey has let it be known that he does not wish to be addressed as "Colonel." Well, since his arrival in London, "Colonel" does seem like a rather mild epithet.

NO ENCOURAGEMENT

The young minister was vain and praise-hungry. He had particularly craved the verbal and audible approval of one of his parishioners, an influential member of congress.

One day in the course of conversation, the dominie led to the subject of pulpit plagiarism, and ingratiatingly asked:

"By the way Hon. Bigwig, some people have accused me of stealing my sermon—would you believe that of me?"

"Well," growled the hardboiled old politician, "if you do, you make darned poor selections."

PRUDENT FATHER

"Yes, my daughter has eloped."
"But, I suppose you will forgive the young couple."
"Not until after they have located a place to board."

A GOOD GUESS

"It seems to me," he said, "that you kiss as if you had a lot of experience."
"Do I?" she replied. "Well, you know, I have the dearest little doggie in the world."

If a man fools with the stock market and wins, he thinks he's smart. If he loses, he thinks somebody is crooked.

The test of any theory is: Will it work? This is also the test of a civilization.

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

Ready to Serve Dinners

Spring and Summer should bring a readjustment and simplifying of many of the routine tasks of the household, and an entirely new schedule of meal planning, so that we can have more time outdoors and to entertain our guests.

In most families the heavy meal of the day is in the evening, and it is a problem, to prepare this meal without spending a good deal of time at the task. But these Spring and Summer afternoons are too precious to let slip away while we are housed in the four walls of a kitchen. The ready-to-serve meal and the one-piece meal will go far to solve the problem.

Ready-to-Serve Foods.

It is amazing how much the markets have to offer in the way of ready-to-serve meals. You will find something for every course of the meal from soup to dessert. There are bouillon, gumbos, broths and consommés, and any number of cream soups, which can be prepared in an instant. A dash of seasoning gives a "home-made" taste.

Then there are salmon and tuna fish, sardines and the more expensive lobster and crab meats. Do not serve these plain, but make a white sauce highly seasoned with salt, pepper, and add a few capers, cayenne pepper, and a teaspoonful of Worcestershire sauce. Crisp buttered toast, or hard boiled eggs, make a pleasant addition to these creamed dishes.

Sometimes I make up some baking powder biscuit, split them and put the creamed fish between and on top.

Cooked meat comes in many varieties. Ham, corned beef and tongue all have great possibilities for quickly prepared dishes. Sliced and served cold with a peppery relish they are very palatable.

However, ready-to-serve meals will not solve the problem entirely. There

must be careful planning, as well. Set the table for dinner as you are clearing away the luncheon dishes and then cover it with a nice clean tea cloth. With your menu planned and the materials at hand so that no time will be wasted hunting for various things, the vegetables washed and put in the ice box, salad dressing made and ready, you will be surprised how the meal seems to fly together when you start to prepare it.

Household Helps.

Good Recipe for Hard Soap.

To one pound can of lye add one quart of cold water and a half-cupful over. Be careful not to inhale the fumes. Stir till dissolved, and let stand until perfectly cold. Warm five pounds of clear grease until soft enough to run—not hot, just melted; add a tablespoonful of powdered borax and pour into the cold lye gradually stirring all the time. Add a cupful of ammonia, still stirring, as the more you stir the whiter the soap will become. Line a shallow box with paper and pour in the soap. As it begins to harden cut in cakes of convenient size and leave to ripen, the longer the better.

Good Cheap Dinner

The following is what I call our weekly cheap dinner and my family like it, too:

Pound a flank steak with a knife and work flour into it, salt well and brown a little on both sides. Cut up potatoes over the steak and add a little water and a dash of garlic. Cover the skillet tight and let it simmer for an hour.

A Stitch in Time

As the stockings of the boys' bloomers begin to wear thin on the knees but before there is a hole, I put on a patch on the under side, being careful the stitches don't show through, and the wear comes on the patch instead of the outside.

Series of Articles on Patents, Inventions, Etc.

By WILLIAM C. CUTLER of Glendale, California

PATENT CLAIMS

(Continued from Yesterday)

The following instructive statement regarding mechanical combinations is from a court decision.

It must be considered that a new combination if it produces new and useful results, is patentable, although all the constituents of the combination were well known and in common use before the combinations were made. But the result must be a product of the combination, and not a mere aggregation of several results, each the complete product of one of the combined elements. Combined results are not necessarily a novel result, nor are they an old result obtained in a new and useful manner.

Merely bringing old devices into juxtaposition, and there allowing each to work out its own effect without the production of something novel, is not invention. No one by bringing together several old devices without producing a new and useful result, the joint product of the elements of the combination and something more than an aggregate of old results, can acquire a right to prevent others from using the same devices, either singly or in other combinations, or, even if a new and useful result is obtained, can prevent others from using some of the devices, omitting others, in combination.

Q.—Weak claims. What are they?
A.—Claims which admit of the same result being secured with but little variation in the construction shown in the patent.

Q.—Weak claims. What generally indicates them?
A.—Claims having many words describing numerous elements of construction.

Q.—Weak claims. Are they ever strong?
A.—Yes; when they fulfill the "last step rule."

Q.—"Last step" rule. What is it?
A.—An invention in a prior art which, while but a slight advance, turns failure into success. "Sutton has taken a step which marks the difference between a successful operating machine and one that stops short at that point, and that advance entitles him to a patent."

Q.—Weak claims. Is it ever desirable to take patents having relatively weak claims?
A.—When patents with stronger claims have already been granted, yes. Not so much for the benefit of the patent itself, but to prevent a competitor securing them and bringing suit, or threatening to do so. Weak claims are also of commercial advantage when original patents expire.

Q.—Strong claims. What are they?
A.—Claims which will prevent the same result being secured, without pronounced change in the method of construction.

Q.—Strong claims. How are they generally indicated?
A.—Claims which have but few words describing but a small number of elements. The rule is—the fewer the elements the stronger the claim. It does not, however, apply to patents

for compositions of matter and to process patents.

Q.—Is a claim narrowed and weakened when amended upon the request of the patent office examiner?
A.—Yes; if it is amended to avoid a prior patent. No; if it is amended to simply distinguish it from the prior art.

Q.—"Substantially as described." Does this term, found so frequently in older patents at the end of a claim, broaden or narrow it?
A.—It makes the claim narrower; it acts as a limitation.

Q.—Render any assistance. Does the above mentioned term act to prevent a patent being declared invalid?
A.—Yes, when claims are so narrow that without such terms the literal language of the claim would come within prior patents. It will be realized that in such patents the claims must be very weak.

Q.—"Substantially described." Why does this term limit or make the claims narrower?
A.—Because it limits the claim to the elements just as described. It refers to a construction to all intents and purposes, exactly a described in the specifications and shown in the drawing.

Q.—"Means for," or means whereby. Do such terms used in patent claims include all means for effecting the function expressed?
A.—No; notwithstanding the general impression to the contrary. They are limited to means disclosed in the specification or its equivalent. It should be noted, however, that in pioneer inventions a broader range of "equivalents" would be allowed by the court than in the case of a narrow "improvement" patent.

Q.—Attitude of court. Is the patent in a suit given as favorable consideration as possible by the court?
A.—Yes; notwithstanding the general impression to the contrary. Language supporting this opinion will be found in many patent decisions. Courts are reluctant to decree patents invalid when a decision can be justified on grounds of non-infringements. Abstracts from court opinions. "A patent should be generally construed in a favorable and beneficial sense for the best interests of the patentee."

"A patent should be construed in a liberal spirit to sustain the just claims of the inventor." "Courts do not construe patents for the purpose of their destruction."

Q.—Plain intent and meaning. Must claims have such?
A.—Yes. Quoting from a decision. "We must construe the patent in the light of what it says, not what it might have said, we must hold the patentee to what he has put on paper, not what he had in his mind." Court opinions.

Q.—Reference letters in a claim. Do they narrow its scope?
A.—No, in broad claims; yes, in narrow claims.

Note.—Reference letters are used sometimes to designate parts of the drawing; for example, when the drawing shows a passage, a chamber and a spring, the claim might read "passage 'B', chamber 'b', spring 'c', etc.

DALE WOODS MAKES ADDRESS Dale Woods, who was elected secretary of boys at the Glendale high school at the last election, made a speech at the Glendale Intermediate school this morning at 10 o'clock.

ANNUAL CLEAN-UP DAY IS SET FOR JUNE 21

Our Slogan, "A Clean City, Kept Clean," Must Be Strictly Upheld

CITY MANAGER'S PLEA

Wants All to Cooperate Since Glendale Will Entertain C. E. Visitors Soon

To live up to our slogan, "Glendale, a clean city, kept clean," eternal vigilance is required as well as the cooperation of all of the people in the city in the use of every available agency to that end.

The city of Glendale has provided ample means for the promotion of cleanliness. There is no real reason why there should be at this time any large accumulations anywhere within the city of waste matter or rubbish or that there should exist any condition within the city limits of Glendale that is in the least unsightly or unsanitary.

The ideal is a clean city, kept clean every day.

From the report of committee appointed by the chamber of commerce and the city to investigate these matters, it would seem that we have not as yet reached this ideal. Let us have it said on Clean-Up Day, Tuesday evening of next week, that every citizen of Glendale has done his or her part in obtaining this ideal, and in so doing has placed the responsibility for its complete fulfillment upon the city service to dispose of all accumulations of rubbish and waste matter that have been set out for removal by the people and the once having obtained that ideal let us as citizens employ to the largest extent the means provided by the city for keeping our private premises and the streets and alleys clear of all waste matter and rubbish and of everything that would tend to give our private premises or the city an unkept or unsightly appearance.

Four Thousand Visitors

There is a special reason why Glendale should maintain its reputation as a Clean City Kept Clean at this time. We will have the privilege of entertaining 4000 delegates to the State Christian Endeavor convention that is to be held in this city from June 25 to 29, inclusive. It is expected that at least 3000 of these delegates will be visitors in the homes of Glendale people during this period and of course it needs no urging to enlist the cooperation of all the people in an united effort to have our individual premises and the city at large present the very best appearance to these visitors.

On behalf of the board of trustees the entire Glendale community is solicited to join in one grand clean-up day next Tuesday, June 21, 1921.

T. N. WATSON,
City Manager.

ALUMNI HOLDS A REUNION AND DANCE

As announced previously in The Daily Press the Glendale High School Alumni Association had such a good time at their recent "Alumni Day" that they decided then and there to have another reunion, and that very soon.

The date has since been set for June 24, when the alumni will give a dance at the Pearl Keller studio. The general public is invited this time, and no doubt many will be happy to accept the invitation.

The committee in charge consists of Don Packer, '14; Frank Balthis, '19; Mrs. Sidney M. Simon, '16; Russell Tummel, '19; Ernestine Lyons, '17; James McCluskey, '19, and Mánford Barnes, '19.

Civilization will never attain its full flower until the band plays thrilling patriotic airs as citizens walk up to pay their taxes.

PERSONAL MENTION

Mr. and Mrs. A. P. Finlay of 506 East Harvard had as their guests on Sunday Mr. and Mrs. L. T. Mullen and son, of Los Angeles.

Mr. and Mrs. M. W. Chandler of 733 South Brand boulevard entertained for the week-end, Mr. and Mrs. B. G. Cunningham of Los Angeles.

Mr. and Mrs. Hollingsworth and children, formerly of Glendale but now of Yorba Linda, were dinner guests Sunday of Mr. and Mrs. James Cunningham of 1026 Florence place.

Mr. and Mrs. M. Morehouse of 1000 East Lomita avenue have recently returned from a short visit with Mrs. Morehouse's brother, Mr. Siple, at "Mile High" ranch, near Beaumont.

Art Glade and wife and Lee Etting of 219 West Lomita, accompanied by their guests, Mrs. Rose Etting and daughter Florence, of Grand Island, Neb., enjoyed an outing at Long Beach yesterday.

Harry E. Betz is one of the busiest men in Glendale and has been for many months. Most of the big brick work contracts for business buildings have fallen to him and he is on the move all the time.

Mrs. A. J. Johnson and daughter, of Los Angeles, were week-end guests of Mr. and Mrs. J. A. Endicott of 308 North Central avenue, who also entertained at dinner Sunday, several other friends from Los Angeles.

Mr. and Mrs. J. W. Cogan and Mr. and Mrs. Irvin Bullock of West Park avenue, entertained on Sunday Mr. and Mrs. Charles Merkwitz and children of Riverside, and Mrs. H. E. Cogan of East Hampton, Mass.

Mrs. Caroline Weisenheimer, 204 East Acacia avenue, and Miss Clara Hutton, 326 East Colorado street, will leave on Thursday for a several months trip to the east, during which they will visit in Indianapolis and other Indiana cities.

Mr. and Mrs. Robert Plume, accompanied by Mrs. Henry M. Butts and son, Frederick, motored to Big Bear Saturday, spending the night there and returning Sunday afternoon. Mr. Butts stayed at home to wait on other touring motorists.

James Hill, who has been spending the winter in California and has become quite prominent among the younger set during his stay here, will return to his home in Minneapolis shortly after he graduates from the local high school next Thursday evening.

In honor of her son Robert and in celebration of his birthday, Mrs. G. D. Roach was hostess at a luncheon Saturday at her home, 459 Milford street, to a number of friends from Los Angeles and this city. The colors yellow and white characterized the decorations and favors.

A number of friends of Miss Margaret Crawford of South Central avenue, surprised her with a birthday party Saturday evening at the home of her friend, Miss Dorothy Rowley, 334 Vine street. Dancing and music formed the diversions of the evening, followed by dainty refreshments.

Mr. and Mrs. Gilman and son of 317 West Elk avenue, who have been at Yosemite valley enjoying a fortnight's vacation, returned home Sunday evening.

Frank A. Marek, city forester and chief clerk in the building department at the city hall, will erect a new home on the banks of the wash far away, just west of Pacific avenue on Arden, the number chosen being 575. The street is not opened that far, but Mr. Marek, nothing daunted, chose to blaze the way for future residents of that section.

John L. Circle of 410 West Park avenue, manager and buyer of the shoe department of the Army and Navy store of Los Angeles, left Monday night for San Francisco to attend a convention, and will return Friday morning.

C. R. Heinmiller has sold his residence property at 724 South San Fernando road to Mr. Wemys, who has moved his family there from 924 East Windsor road. "Heinie," as he is familiarly known at the city hall, has a lot at 616 North Adams, on which he will erect a new home soon.

Frank A. Marek, city forester and chief clerk in the building department at the city hall, will erect a new home on the banks of the Wash far away just west of Pacific on Arden, the number chosen being 515. The street is not opened that far, but Mr. Marek, nothing daunted, chose to blaze the way for future residents of that section.

Mr. and Mrs. W. R. Phelon made a week end trip to Lakeside, about 20 miles from San Diego, motoring down on Saturday by the coast route and returning via the inland route. The country all the way showed every evidence of prosperity, Mr. Phelon says, crops around Escondido looking especially fine and clean.

Professor L. J. White of Manual Arts high school, Los Angeles, wife and daughter, were guests at the Michael Gannon home, 318 West Colorado street, on Saturday evening.

Mr. and Mrs. J. P. Bowling and daughter arrived in Glendale last Friday from Victor, Ia., and have been the guests of Mr. and Mrs. Michael Gannon of 318 West Colorado street. They have become so in love with Glendale that they have secured rooms and sent for their household goods, expecting to locate here permanently.

David Johnson of this city, a graduate of the local high school, has been seriously ill for some time as the result of injuries received when he was run down by an auto about two months ago, while returning from a baseball game in company with several high school boys. He is reported to have passed the danger point and is able to sit up some, and it is hoped that within a few weeks he will again join his friends in their activities.

Mr. and Mrs. Edwin F. Kolp will entertain at dinner Saturday night, F. W. Gicord of New York and Miss Muriel Scott of Illinois. Mr. Gicord has been in California many times and becomes more enthusiastic with every visit. He is hoping to be able to come here and make a permanent home some time.

Miss Alice McCoy and sister, Miss Leta, of 1127 East Wilson avenue, in company with Miss Clara Glenn, of Burbank, leave today for the Bay City, from whence they will sail tomorrow for a several weeks' visit in Honolulu. Miss Lulu Green of La Crescenta, who has been teaching on the island for the past year, will accompany them on the return trip.

William Farmer, who has been popular in the local high school for several years and is a member of the graduating class, is going to Hanalei, on the island of Kauai, about 200 miles north of Honolulu. He will leave about July 15 and intends to stay a year providing the climate and environment are satisfactory. It is thought that there is some unknown attraction there, but he says he has been offered a position on a sugar plantation.

Mr. and Mrs. George Corey of 353 West Broadway are rejoicing over the arrival of a new baby boy into their family. The new arrival is known as John Allen Corey. Reports from the Glendale sanitarium where the baby was born state that mother and John Allen are well and happy.

"DEESTRICK SKULE" SCORES A GREAT SUCCESS LAST NIGHT

The huge audience which filled the tabernacle at Harvard and Orange streets last night for the third performance of the farce, "The Deestrick Skule," put on by the City Teachers' club, was an inspiration and the players outdid themselves in the presentation of the old-time school. The roars of laughter which rewarded their efforts could be heard a block away. It is too soon to determine the earnings as returns have not been made by the various schools, but it looked last night as though receipts would amount to between \$400 and \$500 and possibly more. Every good seat was taken and a good many were standing in the rear of the building. The play was given as a benefit for the Colorado flood sufferers.

J. W. M. BURTON HAS BIRTHDAY DINNER

Mrs. J. W. M. Burton of Campbell street, was hostess Saturday evening at an informal dinner, at which Mr. and Mrs. C. D. Shattuck of West Broadway and their daughter, Miss Leone Shattuck, were guests, also an old friend from Arizona, Mrs. Tipton, who is visiting in Southern California. The little affair was in celebration of the birthday of Mr. Burton and the handsome cake which graced the table bore purple candles in harmony with the purple and white color scheme adopted by Mrs. Burton for the fete in recognition of her husband's loyal membership in the Elks' lodge. Purple and white sweet peas constituted the floral decorations, and a delicious chicken dinner was served. The dinner was followed by a delightful social and musical evening.

'OLD GLORY' SAVES FROM MANY HOMES IN GLENDALE TODAY

Annual Flag Day Should Be Observed by Every True American Household

MUST UPHOLD DIGNITY

Stringent Laws Against the Unlawful Use of Nation's Glorious Emblem

Today is Flag Day, a fitting occasion to give attention to the appeal of Frances M. Richardson of Los Angeles (known as "The Flag Lady" by the thousands of school children who have listened with intense interest to her story of the growth and triumph of the American flag), for cooperation in the teaching of respect for the flag. Mrs. Richardson calls attention today to the following section of the penal code of California, relating to the desecration, mutilation or improper use of the flag of the United States of America:

"That any person, firm or corporation, who in any manner, for exhibition or display, puts, places, or causes to be placed, an inscription, picture, device, design, symbol, name, advertisement, word, letter, character, mark or notice of any kind whatsoever, upon any flag of the United States, or ensign evidently purporting to be such flag, or who in any manner appends, annexes or affixes to any such flag any inscription, picture, device, symbol, name, advertisement, word, letter, character, mark or notice whatsoever, or who displays or exhibits, or causes to be displayed or exhibited, any flag of the United States or ensign purporting to be such flag, upon which is put, attached, annexed or placed in any manner, any inscription, picture, design, device, symbol, name, advertisement, word, letter, mark or notice whatsoever, or who mutilates, tramples upon, or otherwise defaces or defiles any such flag, whether said flag be public or private property, or who places or causes to be placed on any manufactured or prepared article or covering of said article, such flag, or who uses or causes to be used for purposes of a commercial or other trade-mark, such flag, or indication of such flag, shall be fined not more than \$200 or imprisoned not more than one year, or both, for each and every offense, in the county jail of the county in which the trial is held; provided, however, that flags, or emblems, the property of and used in the service of the United States, or any state, territory or District of Columbia, may have inscriptions, names of actions, battles, skirmishes, or words, marks or symbols, which are placed thereon pursuant to law or authorized regulations; provided, further, that this act shall not apply to banners or flags carried by military or patriotic organizations existing under the laws of the state of California and the United States of America, or to flags used in theatrical performances, or to flags carried by political parties, or organizations, in parades, or in public meetings. [Approved March 18, 1909.]

"That any person, firm or corporation, who in any manner, for exhibition or display, puts, places, or causes to be placed, an inscription, picture, device, design, symbol, name, advertisement, word, letter, character, mark or notice of any kind whatsoever, upon any flag of the United States, or ensign evidently purporting to be such flag, or who in any manner appends, annexes or affixes to any such flag any inscription, picture, device, symbol, name, advertisement, word, letter, character, mark or notice whatsoever, or who displays or exhibits, or causes to be displayed or exhibited, any flag of the United States or ensign purporting to be such flag, upon which is put, attached, annexed or placed in any manner, any inscription, picture, design, device, symbol, name, advertisement, word, letter, mark or notice whatsoever, or who mutilates, tramples upon, or otherwise defaces or defiles any such flag, whether said flag be public or private property, or who places or causes to be placed on any manufactured or prepared article or covering of said article, such flag, or who uses or causes to be used for purposes of a commercial or other trade-mark, such flag, or indication of such flag, shall be fined not more than \$200 or imprisoned not more than one year, or both, for each and every offense, in the county jail of the county in which the trial is held; provided, however, that flags, or emblems, the property of and used in the service of the United States, or any state, territory or District of Columbia, may have inscriptions, names of actions, battles, skirmishes, or words, marks or symbols, which are placed thereon pursuant to law or authorized regulations; provided, further, that this act shall not apply to banners or flags carried by military or patriotic organizations existing under the laws of the state of California and the United States of America, or to flags used in theatrical performances, or to flags carried by political parties, or organizations, in parades, or in public meetings. [Approved March 18, 1909.]

MORE USEFUL THERE
First Pal.—Wonder why Tom Bangs married that old dried up lookin' woman.
Second Pal.—Well she is immensely wealthy and he had to marry her in order to keep the wolf away from the door.
First Pal.—Well why don't he hang her on the front door knob?

Notice To Our Patrons

We beg to announce a reduction to 60 cents per 100 pounds in the price of ice delivered to family and retail trade in general in the City of Glendale, commencing tomorrow, June 15. This reduction is made possible by a general reduction in our operating and delivering costs, and it is with pleasure that we share this good fortune with our patrons.

Our ice is clean and pure, and we do not treat the Glendale city water, from which we make it with aluminum-sulphate or any other harmful chemical usually employed by manufacturers of raw-water ice. Instead, we have a modern, sanitary and efficient system of filtration, which not only purifies but softens the water, and all water runs through this filtering system before it is made into ice.

Thanking you for your patronage in the past and soliciting your further orders, we remain,

Yours very truly,

'BIG TIM' MURPHY IS ARRESTED AS ONE OF THE POSTAL BANDITS

Is Chicago Political Boss and Union Labor Leader Accused of Grafter GANG'S "MASTER MIND" Midnight Raid on Father-in-Law's Home Results in Recovery of Loot

(By International News Service)
CHICAGO, June 14.—With Timothy D. (Big Tim) Murphy, political boss and labor leader, again under arrest, postal authorities expressed the conviction today they had seized the "brains" of the postal bandits, operating in the Chicago district and had cleared up the Polk street post office robbery of April 6 when \$380,000 loot was stolen.

In a midnight raid upon the home of "Big Tim's" father-in-law, federal agents recovered \$112,900 in cash and bonds.

Murphy confessed early today, according to postal authorities, that he was implicated in the Polk street mail robbery.

Vincenzo Cosmano, Murphy's lieutenant in labor circles, was being detained for questioning.

MISSOURIANS MEET AT HIGH SCHOOL FRIDAY NIGHT

Will Discuss Plans for Celebration of Anniversary of Admission to Union

The special celebration in honor of the 100th anniversary of Missouri's admission to the union, to be held in Sedalia in August, will be the principal subject of discussion at a meeting for former Missourians to be held at Glendale Union high school auditorium on Friday evening at 8 o'clock.

The big picnic to be held by the Missouri state society on July 9 at Lincoln park, will also be discussed, as well as other matters of interest to all Missourians.

Charles E. Stokes, editor of the Golden West and president of the Missouri State Society, will be the principal speaker at Friday evening's meeting, and Mrs. Stokes will also be a guest of the occasion.

All former Missourians now living in or near Glendale are urged to attend this important meeting.

It is expected that a large delegation from Los Angeles county will participate in the "back home" excursion in August to attend this centennial celebration.
