'BHARATHI' was invented in 1994 by TK Ramchand, when there was a call from the upper echelons, for a common script, for all Indian languages.

Transliteration of the above English sentence is given below in BHARATHI script.

હ્યું માર્કા કર્યા અલ્લે અલ્લે અલ્લે અહ્યું અસ્ત્રિક્સ અસ્ત્રિક્સ

Learn BHARATHI as your second script, common to all languages and thus increase the number of Unity in Diversity! It is a new script! Hence no need for any bias!

BHARATHI is the best script ever born! BHARATHI has 15 features no other script have!

You need learn only few letters, the rest you can manipulate! You need not learn numerals separately! Automatically you learn them effortlessly!

There is no other script in the world, which is having a way to join letters of a word, all together, at the hip of the letters.
