VENCEREMOS BRIGADE  
CHARACTERIZATION OF SUBVERSIVE ORGANIZATION  
INTERNAL SECURITY

The Venceremos Brigade (VB) was formed in June, 1969, in cooperation with the Cuban Government to show support for a successful communist revolutionary government and to encourage American youth to travel to Cuba in defiance of a ban on travel to Cuba by the U.S. Department of State. The VB seeks participation of subversive people in the United States, based on their support for the communist regime and desire to aid in harvesting agricultural products and construction of housing in Cuba. The VB has stated it will seek to educate people about imperialism and foster a revolution against it. Individual members of the VB have made statements to the effect that the most significant effect of the Brigade would be to build a revolutionary movement in the US around those who go to Cuba. The VB utilizes a questionnaire to screen applicants and recruitment for membership in recent Brigades has favored individuals with subversive backgrounds. It is known that officials of the Cuban Government have played a dominant and decisive role in the formulation of VB policy and in selection of VB leaders and members for recent VB contingents. VB members are known to have been contacted by various hostile intelligence services while in Cuba, and it is known that the VB is being used by these intelligence services for spotting purposes as well as recruiting intelligence agents and support personnel. The VB is currently headquartered in New York City.

Two letters were recovered in a search conducted at [redacted], on [redacted] which indicate an apparent association between M19CO members and [redacted], aka [redacted], a key member [redacted] for the Provisional Government of the Republic of New Africa (PG of RNA). A letter, dated 6/1/81, on M19CO stationery reflects that [redacted] advised [redacted] that the M19CO is considering moving south. The letter stated that the M19CO is in a period of reaffirming their commitment to revolutionary nationalism and is struggling to make that concrete. It further indicates that the M19CO is refocusing their work in solidarity with the struggle of New Africa around the PG of RNA support to keep [redacted].

The letter indicates that [redacted] is sending the letter to [redacted]

In a similar fashion, two letters also seized at [redacted], addressed to [redacted] are from [redacted] of the M19CO [redacted]. [redacted] states in one letter that the M19CO is undertaking raising political and material support for the New African Women's Organization conference in October. The M19CO purposes raising \$1,000 toward expenses of the conference, and it is initiating the program to build the relationship of struggle and solidarity with the New African Women's Organization and BLA. The aforementioned letter, dated 6/1/81, from [redacted] to [redacted] states that work to build support for [redacted] and build support for black liberation is how in the most recent period we have been organizing amongst women. [redacted] Also present in the room were [redacted], [redacted], and a white girl [redacted], [redacted] MARILYN BUCK. [redacted] treated BUCK, who had sustained a bullet wound on the outside of her right leg, just below the knee. [redacted] SMITH say that BUCK has shot herself while trying to pull her gun out.

[redacted] left the apartment and returned a few minutes later with [redacted]. The television was on and everyone was huddled around it watching a news broadcast concerning the Brink's robbery. The discussion centered on who had been caught. There was apprehension about which of the whites had been arrested, because several people, particularly SMITH and [redacted], felt that [redacted] might talk. [redacted] commented, "damn, things didn't go right. We fucked up. I think [redacted] was killed."

[redacted]  
[redacted] were expected to arrive. [redacted] SMITH, [redacted] and [redacted] discussed removal of the many guns and other "things" from the apartment as their first priority. They then discussed moving BUCK to [redacted] the Bronx.

Dr. ALAN BERKMAN arrived approximately 20 minutes after [redacted] arrived. BERKMAN had numerous medical supplies and even set up some type of IV. Soon after BERKMAN's arrival, [redacted] and [redacted] arrived and there was a big celebration.

[redacted]  
[redacted]  
[redacted] There was a lot of discussion about who had been arrested in Rockland County among the people present which included [redacted], SAM SMITH, [redacted], [redacted], [redacted], and [redacted]'s girlfriend. Once these people were in the room, SMITH was afraid that [redacted] had been caught.

[redacted] feels that [redacted], [redacted], SMITH, [redacted], [redacted], and possibly [redacted] were responsible for the 6/2/81 Brink's robbery in the Bronx. [redacted] provided "reconnaissance" for that robbery. Any whites involved in that robbery would have received instructions from [redacted], who received her instructions from [redacted].

[redacted] identified photographs of [redacted], [redacted], and [redacted], as members of the M19CO.

[redacted] advised that [redacted]  
[redacted]

[redacted] BERKMAN decided that BUCK should be moved to the Bronx. [redacted] this meant BUCK was moved to [redacted]. BERKMAN put a splint on BUCK's leg that immobilized the leg above and below the knee. Once this was done, BUCK was placed on a blanket and a robe was put over her. Several individuals picked up edges of the blanket, while other "cleared" the stairways to make sure they were empty.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

[redacted] later indicated that when BUCK was moved from the Bronx, it was decided that the white and "Puerto Ricans," friends of [redacted], would move her. [redacted] said that BUCK was made to look like an old woman.

[redacted] advised that individuals responsible for the planning and execution of the Brink's robbery on 10/20/81 in Rockland County, which included [redacted], [redacted] SAM SMITH, [redacted] and [redacted] usually referred to themselves, and other closely affiliated with them, as the "Family." The purpose of the "Family" was "revolution" through the creation of a Black People's Army. The Family included some whites, such as MARILYN BUCK [redacted]

To finance the Family's operations, this group, under the direction of [redacted], would plan and commit armed robbery of armored cars, primarily in the New York area, but possibly on the west coast as well.

[redacted]

[redacted] told [redacted] that [redacted] was a master of disguise and implied she once performed a backup role in a bank robbery dressed as an old lady. "You wouldn't believe it was her," [redacted]

The Family is now doing "small" jobs, trucks or street robberies, on the approval of [redacted] and [redacted]. They are probably using black "out-of-towners" to commit the robberies.

of MARILYN BUCK, but did urge BUCK to "hold on, medical help is  
coming."

[redacted] conversation concerning  
how some of the individuals escaped from the scene in Rockland  
County. SMITH said that when the U-Haul Truck was stopped by  
police, he cracked the door, saw the police, and told the others  
in the truck, "shit, it's the police." The individuals in the  
truck immediately decided to shout their way out. SMITH said he  
told [redacted] to "come out firing" with the M-16.

After the shoot-out it was every man for himself. SMITH  
indicated he drove BUCK's white Oldsmobile out of Nyack, with  
BUCK and [redacted] as passengers, and across the Tapenzee Bridge.  
SMITH commented, "I didn't think we were going to get out."  
SMITH said [redacted] wanted him (SMITH) to get in the trunk of  
BUCK's car, but he told her he would rather take his chances up  
front.

[redacted] He feels [redacted]'s  
call was a result of [redacted] being issued a Federal  
Grand Jury subpoena.

[redacted] believes that [redacted] may have married [redacted] about four months ago, apparently because she was not a US citizen and was afraid of immigration problems. Approximately four or five months before the 10/20/81 robbery, [redacted] started training the M19CO members in marshal arts. These weekly sessions were held in a [redacted]

[redacted] Many of the M19CO members attended these sessions, including [redacted], [redacted], AND [redacted]. Shortly before the "Springboks" demonstration at Kennedy Airport where a policeman was injured by thrown acid. [redacted]

[redacted] The sessions were terminated after the arrests in the Springboks demonstration, apparently at the direction of [redacted].

[redacted] prior to the 10/20/81 robbery, SAM SMITH talked about robbing the Brink's truck at a location near a bus stop. SMITH said they also thought about doing the robbery at a location near a pizza shop and an ice cream parlor with a MacDonald's across the street. The final spot for the robbery was determined after one of the whites, probably [redacted] saw the truck while surveilling the route, making a large cash pickup. When the information was reported to SMITH and [redacted] SMITH, and [redacted] drove up to Rockland County to "recon" the spot, and he believes this was the spot they ultimately chose for the robbery.

[REDACTED] The training session occurred at approximately 11:00 AM and consisted of numerous short sprints to get "in shape" and marshal arts practice [REDACTED]. This was also the first training session for the robbery, [REDACTED], where any of the "crackers," [REDACTED] showed up.

The practice session lasted perhaps a couple of hours. Because there were people playing tennis and they saw a police car come through the area, [REDACTED] suggested they go somewhere else to practice dry runs of the robbery as they did at earlier sessions. [REDACTED]

[REDACTED]

[REDACTED] had been living at [REDACTED] for quite a while. [REDACTED] would store guns in her apartment for [REDACTED].

[REDACTED] SMITH told [REDACTED] in words to the effect, "it's going to be rough on the hill, but we are going to have some of our people to back up." By this, he knew SMITH meant they would have people they trusted in backup roles at the scene, but he did not know to whom SMITH referred.

There were "at least" five or six "big jobs" committed by the Family, including the Purolator robbery in Inwood, New York, in April, 1980; the Purolator attempt in Danbury, Connecticut, in March, 1981; the Brink's robbery in the Bronx, NY, in June, 1981; and the 10/20/81 Brink's attempt in Rockland County, NY.

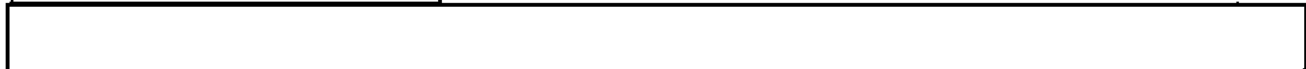

There were approximately 6-8 "training sessions" for the 10/20/81 robbery, which consisted of running, marshall arts practice, and, sometimes, actual "dry runs" of the robbery.

[redacted] all of these individuals were armed with weapons, including 9 millimeters and an M16. Discussion that morning centered on the plans for what [redacted] the Collective termed this job, "the big dance." [redacted] directed these discussions that morning. [redacted]  
[redacted]  
BAAANA, which [redacted] referred to as the headquarters of the Collective.

[redacted]  
[redacted] carried MARILYN BUCK into the apartment, because she had shot herself in the leg. [redacted]

[redacted] stated that [redacted] subsequently arrived at the apartment and helped BERKMAN, [redacted], and [redacted] remove BUCK from the apartment.

[redacted] advised that [redacted] SAM SMITH, [redacted] were all members of a "Collective" headquartered at BAAANA. The Collective was composed of blacks and white with BUCK [redacted] being the bridge or liaison between the blacks and whites. The purpose of the Collective was to obtain money for causes and groups the Collective approved of such as the maintenance of BAAANA, minority organizations, and minority businesses. Safe houses, car rentals, guns, and other

necessary equipment were also funded by money obtained by the Collective. All white participants were given instructions through BUCK [redacted] and never participated in meeting together with black members. [redacted] knowledge of the structure of the white organization is meager, but in general, car rentals, perimeter security, driving of get-away vehicles, and reconnaissance, were handled by whites, although blacks also did some recon.

Regarding the 6/2/81, Brink's Armored Truck robbery in the Bronx, NY, [redacted] advised that BUCK brought this project to the attention of the Collective. [redacted] SMITH, [redacted] [redacted] and [redacted] were to participate and do their own recon. After several meetings and partices in a park area along the East River Drive in NYC, BUCK was told to take the finished plan and meet with the secondary team. The plan to be carried out consisted of [redacted] SMITH, [redacted] as primary team in a stationwagon, [redacted] in a car, on Boston post road just outside the mall where the bank was located, [redacted] [redacted] with the second M16 concealed in a guitar case at the end of the face of the L-shaped mall, BUCK in a van two blocks away, and [redacted] in another van several blocks away. After committing the robbery, they departed the area in their vehicles, proceeded up and down small hills with numerous turns, until they arrived at a small empty parking lot where the van was parked with BUCK inside. All left the stationwagon and entered the van, and the stationwagon was abandoned. The van drove off for several blocks, passing at one point another van with [redacted] inside it parked under a bridge.

[redacted] advised that [redacted] [redacted] MARILYN BUCK, and white female, as yet unidentified, actually set up to rob the Brink's Armored Truck in Nyack, NY, on two occasions, but were unsuccessful because the truck never showed up. These attempts occurred a number of weeks prior to the 6/2/81 robbery. On at least one of these occasions, the group drove to Nyack after setting up to do the Bronx robbery. The Brink's guards appeared spooked, so the group again went to Nyack to attempt the Nanuet robbery. The robbery did not occur on either one of these occasions, because the Brink's truck failed to show. [redacted] was on the reconnaissance of the Nyack robbery, but not the actual attempts.

[redacted]

[redacted] Also mentioned was the fact that BUCK had shot herself in the leg and that some of the "crackers" were armed. [redacted] from these conversations was that apparently there was some confusion among the whites regarding the placement of switch vehicles, which may have contributed to the failure of the robbery.

CHARACTERIZATION OF M19CO

The May 19 Communist Organization (M19CO) is a Marxist-Leninist group that advocates the overthrow of the US Government through terrorist acts. Members are linked with known terrorist organizations such as the BLA, FALN, RNA, WUC, and the newly formed Revolutionary Armed Task Force (RATF). M19CO members have been involved in incidents in which violence against law enforcement officials and the general public has erupted. On 5/6/79, two members were arrested during the trial of FALN member [redacted], in Queens County Court. On 5/9/81, six M19CO members were arrested in Brooklyn during a violent incident between the group and local citizens. On 9/26/81, five more members were arrested at John F. Kennedy International Airport (JFKIA) in an incident which resulted in serious injury to a police officer by throwing acid in his face, disabling him. Several members of the M19CO participated in the Brink's Armored Truck robbery in Nanuet, NY, and the subsequent shootout with police in Nyack, NY, on 10/20/81.

Chicago has been unable to determine any activities in Chicago which have been sponsored or promoted entirely by the M19CO. In Chicago the M19CO appears to function very closely with the John Brown Anti-Klan Committee (JBAKC) whose national office is located at 3435 North Sheffield Avenue, Room 9, Chicago. Posters promoting activities which are sponsored in part by the M19CO are frequently observed on the door of the JBAKC national office. Pamphlets and flyers printed by the M19CO are frequently passed out at various JBAKC sponsored activities. M19CO materials also appear at activities in Chicago sponsored in part or totally by the MLN, the New Movement in Solidarity with the Puerto Rican and Mexican Revolutions, the Coalition to Defend New African Freedom Fighters, and the Coalition to Defend the October 20th Freedom Fighters. It is Chicago's hypothesis that the M19CO created the JBAKC in order to attract people who might otherwise be "turned off" by a group having the word "communist" in its name.

### THEY ARE FREEDOM FIGHTERS - NOT TERRORISTS

October 20th 1981, and the political struggles led by the captured Freedom Fighters since that date, mark an historic advance in the growing Peoples War for Independence and Socialism for New Afrika (the five states of Mississippi, Georgia, Alabama, Louisiana and South Carolina), and of all oppressed people fighting for liberation. On October 20th, the Revolutionary Armed Task Force, under the leadership of the Black Liberation Army, attempted a revolutionary expropriation of \$1.6 million from a Brinks truck - to take back one small part of the billions in labor and resources taken from New Afrikan (Black) people under captivity and colonialization in Amerika. This attempted expropriation was one battle in a 400 year war for national liberation. On September 13, 1982, the U.S. government began its "trial" of the Freedom Fighters. On October 24, 1982 we honor the October 20th Freedom Fighters - Sekou Odinga, Kwesi Balagoon, Solomon Brown, Judy Clark, David Gilbert and Kathy Boudin - and all the freedom fighters building the armed clandestine movement. Join us at the Forum and lend your solidarity to the October 20th Freedom Fighters and oppose the state's attacks.

After October 20th, the government unleashed a reign of terror against New Afrikan communities around the country looking for the Freedom Fighters of the Black Liberation Army. Armed with weapons and shoot to kill orders, the New York City Joint Terrorist Task Force murdered New Afrikan Freedom Fighter Mtayari Shabaka Sundiata in cold blood on October 23rd. The assembling of the Terrorist Task Force, whose only purpose is counterinsurgency warfare against Third World liberation struggles in Amerika, provides the forces to hunt, capture and murder Freedom Fighters and to destroy the armed clandestine movement and its strategic supporters.

Yet, at the opening of the trial and in the days following, 4 of the captured combatants declared that they are Freedom Fighters - enemies of U.S. imperialism. New Afrikan Freedom Fighters Sekou Odinga and Kwesi Balagoon led the struggle for total non-collaboration and total non-recognition of the legitimacy of the U.S. "justice" system to hold or try them. North American anti-imperialists Judy Clark and David Gilbert were united in this position. In their statements Sekou and Kwesi argued for the necessity of New Afrika to be free of Amerika to stop the genocide against New Afrikan people. They argued for the absolute necessity for the waging of armed struggle to build a strong, and independent New Afrikan Nation that will guarantee the survival of the people. In a later statement, Kwesi Balagoon expressed their revolutionary solidarity with the Palestinian and Lebanese people. They denounced U.S. imperialism's total involvement in the heinous Israeli massacre of these heroic people. They stated their demand to end their participation in the illegitimate proceedings and are no longer being held in the courtroom.

#### GRAND JURY

The Grand Jury is a weapon of war to defeat "internal" liberation struggles and the growth of anti-imperialist solidarity. Like the police, FBI, CIA, Army, the Grand Jury is a "legal" mechanism of counterinsurgency war organized to destroy the armed clandestine movements. After October 20th, a RICO (Racketeering Influence and Corrupt Organizations) Grand Jury began its hunt for the BLA and the RATF. Grand Juries do not abuse power; they are empowered to terrorize, create traitors, apply pressure to break resistance, and extract information about the liberation forces and those who publically support them. The Grand Jury is the enemy of all freedom loving people. The strategy to defeat the Grand Jury is part of Peoples War for the liberation of those nations under attack. *Resisting the Grand Jury is the only possible way to stop it.* Non-collaboration means withholding all physical and testimony evidence - choosing jail rather than cooperation with the U.S. government's war strategy. But non-collaboration means absolute unconditional solidarity and support for the armed clandestine struggle and building the resistance necessary for its growth and survival. With the terror, threats, promises and even the testimony of the traitor Peter Middleton, those subpoenaed have refused to collaborate.

The government has attempted to use the Grand Jury to stop the revolutionary advance of the national liberation struggles. And it is in the face of imperialism's attempted genocide and colonial repression, that the FALN and the armed clandestine organizations on the island of Puerto Rico continue to lead the building of Peoples War toward Independence and Socialism. Based in this, the U.S. state has again launched a Grand Jury attack. On September 17, just days after the FALN carried out a bombing in New York City in revolutionary solidarity with the Palestinian people, the government conducted simultaneous arrests of 4 leaders of the Movimiento de Liberacion Nacional and a supporter of the MLN. They were charged with criminal contempt of the Grand Jury with which they refused to collaborate in 1981. The charge of criminal contempt sets a dangerous precedent. It has never been used against someone who is being called to testify for the first time. It essentially means that anyone refusing to testify before a Grand Jury is subject, not to the 18 month life of the Grand Jury, but to trial, imprisonment, and an indeterminate sentence. This is political internment, like in Northern Ireland, for political activists charged with no "criminal" activity.

#### GRAND JURIES MUST BE RESISTED AND STOPPED

On September 13, the government's RICO Grand Jury issued an indictment growing out of the revolutionary expropriation at Nyack. RICO (designed to enable indictment of leaders of organized crime) is being used now for the first time as a weapon of attack against those who fight for freedom. This Grand Jury can issue indictments against individuals based on suspected or implied association with an organization to which a Freedom Fighter may have belonged!

This new indictment reveals the fact that the U.S. is organizing itself to make any revolutionary political activity, support for freedom fighters, support for the right of self-determination a punishable offense. But as the FBI wages through millions of finger prints and spends millions of dollars, now hands are taking up the guns of the captured combatants. The participation of the white combatants under the leadership of the Black Liberation Army challenges the opportunism that has poisoned the white left and would permanently condemn the white working class to a future of decay, violence, war, inhumanity and dire poverty with the Klan and police as the heroes, and the Freedom Fighters as terrorists. **THEY ARE FREEDOM FIGHTERS - NOT TERRORISTS!**

#### OPPORTUNISM AND THE GRAND JURY - SUPPORT THE ARMED CLANDESTINE STRUGGLE

As the armed struggle advances and the state increases repression, some white leftists have latched on to the RICO Grand Jury as a way to express their politics and exercise their leadership. The strategy they are putting forward is in total opposition to the leadership of the public New Afrikan revolutionary leadership and that of the Freedom Fighters. They argue for protection and "survival" of the individual rather than the need for a resistance movement to be built among the people. They argue for separation between the Grand Jury resisters and the October 20th Freedom Fighters - to separate the "criminals" from those who are innocent. In doing this they imply that those who continue to resist are the guilty ones with something to hide, and they join the state in isolating and targeting the Freedom Fighters for attack. They argue for separating the fight against the Grand Jury from the struggle to protect and defend the armed clandestine. In doing this they argue for reformism that will never defeat the imperialist state, but will expose the revolutionary struggle to increasing attack. They promote collaboration in cases of personal need or when your testimony will not incriminate anyone other than yourself. Any act of collaboration pierces through the wall of resistance led and built by the Puerto Rican Independence and the New Afrikan Independence movements. Opportunism, based on rejection of the armed struggle has to be exposed and defeated. Non-collaboration is a principle of the revolutionary movements because it is the only way to secure the struggle and help to protect the Army that is necessary to defeat the U.S. imperialist state.

We are part of a building mass movement of revolutionary solidarity and resistance. JOIN US. Come to the forum and the demonstration on Wednesday, October 20th, 12 Noon. Dirksen Federal Building, 230 South Dearborn.

### WHO IS EDDIE CARTHAN?

Former mayor of Tchula, Mississippi, Eddie James Carthan, 33, attended Freedom School in the 60's and was arrested with Martin Luther King. He is a deacon of Zion City M.B. Church and a member of King David Masonic Lodge No. 112. He earned a Bachelor of Science degree with a major in Social Science at Mississippi Valley State University and a Master of Science in Educational Administration and Supervision from Jackson State University. He studied law at the University of Mississippi. He began his professional career as an instructor of Social Studies at Saints College in 1972. He was elected to the Holmes County Board of Education and became president of that board. In 1973 he worked with the U.S. Dept. of Commerce, Office of Minority Business Enterprise as a business specialist at Lexington Business Services, Inc. He became a leading Holmes County businessman, with five enterprises, all now defunct due to continuous political harassment.

### TCHULA: THE LEGACY

Located in the rich Delta region, Tchula is a small town of 3,000, 80% Black, which has been ruled for over a century by a small number of white planters and merchants. *The legacy of oppression is staggering: over 30% unemployment; 81% of the housing units deteriorating; 66% of the population on welfare; and 47% of the homes without plumbing facilities.*

### CARTHAN'S REFORMS

Eddie Carthan was the first Black since Reconstruction to be elected mayor of a biracial town in the Mississippi Delta. Upon his election he began to turn the grim statistics around:

- a housing program to repair and remodel homes, plus 100 units of new housing
- a home weatherization program
- a nutrition project providing meals to the elderly and handicapped
- a day care center
- a health clinic
- 80 new jobs
- paved streets and street signs

Through federal and private foundation grants, 34 development projects were initiated by the Carthan administration.

### THE REACTION

The election of independent Black politicians like Eddie Carthan threatens the Deep South's white power structure and there was intense reaction. Carthan's refusal to accept a \$10,000 bribe from the white power structure signaled the start of a campaign to destroy him.

In collusion with county and state officials, a controlling faction of the Board of Aldermen employed rumor, negative press, court suits, physical threats, economic sanctions, and brute force to prevent Carthan from carrying out his duties as mayor. When this failed to stop him, they resorted to political frame-ups reminiscent of the tactics used against democratically elected Black officials 100 years ago.

- 1979: Tchula's Board of Aldermen forced Black officials to resign and replaced them with whites, lowered Carthan's salary from \$600 to \$60 per month, refused to pay city employees for two months, and locked Carthan out of City Hall for eight weeks. His family began to receive threats.
- 1980: Jim Andrews, Carthan's defeated opponent for mayor, illegally took over the police department and was nonviolently disarmed in a confrontation. An off-duty police officer, James Harris, alleged that Carthan and his deputies assaulted him.
- 1981: Carthan and six officials were convicted of simple assault in the Harris case and sentenced to three years in the State Penitentiary. The case was appealed to the Mississippi Supreme Court and the lower court's ruling upheld.
- 1981: Carthan was convicted of giving false information to a federally insured bank, even though two men convicted in the case admitted forging his name on documents.
- 1982: Carthan and his brother Joseph were arrested and indicted for "armed robbery, conspiracy and capital murder." The charges arose from the murder of Roosevelt Granderson, one of the Black Aldermen who sided with the white power structure. In June 1981, Granderson was killed during an attempted robbery of the store where he worked. Two men have been brought to trial for the murder. One told a visitor to the jail that authorities tried to get him to implicate Carthan in the murder in exchange for his freedom. He refused. The second man pleaded guilty to a reduced charge, apparently in exchange for testifying that the Carthan brothers ordered the murder. The murder trial begins October 19, 1982 and the maximum penalty in Mississippi for capital murder is death.

### THE IMPLICATIONS

Eddie Carthan symbolizes the possibility of genuine enfranchisement and political democracy. He has been convicted because *he cannot be bought*. If the case against him is allowed to stand, progress for all Blacks and minorities will be set back for decades.

The trials of the Tchula 7 have aroused concern nationally and internationally. The World Student Christian Federation has endorsed the campaign to free them. The National Council of Churches passed a resolution calling for a Justice Department investigation and sent a fact-finding delegation to Mississippi.

All over the nation, people of good will should rally to the cause of the Tchula 7. The most dramatic support has come from Holmes County, where local residents have raised the \$230,000 bond for Eddie and Joe Carthan, and on the day of their arraignment hundreds came to the courthouse to express their solidarity.

### CALL TO ACTION

It is clear, in light of the Mississippi Supreme Court decision upholding Carthan's conviction on the assault charges, that the State of Mississippi will not allow such symbols of courage and strength as Eddie and the Tchula 7 to go unchecked and unchallenged.

A rally has been called for October 16, the weekend before his murder trial begins, to support him. The purpose is to call all people of this country who love freedom and believe that all human beings have a natural right to justice, to come to Mississippi on October 16. If you cannot make the trip, make a contribution to his defense. *Eddie and Joseph Carthan's lives are in danger*. Thousands of people gathering to support them, and dollars to pay their lawyers, will have an impact on the murder trial which begins October 19.

Your participation will send a message to Mississippi and the world: *Eddie Carthan and the Tchula 7 must be free to pursue justice and freedom, and Black political rights must be preserved.*

Alan Berkman

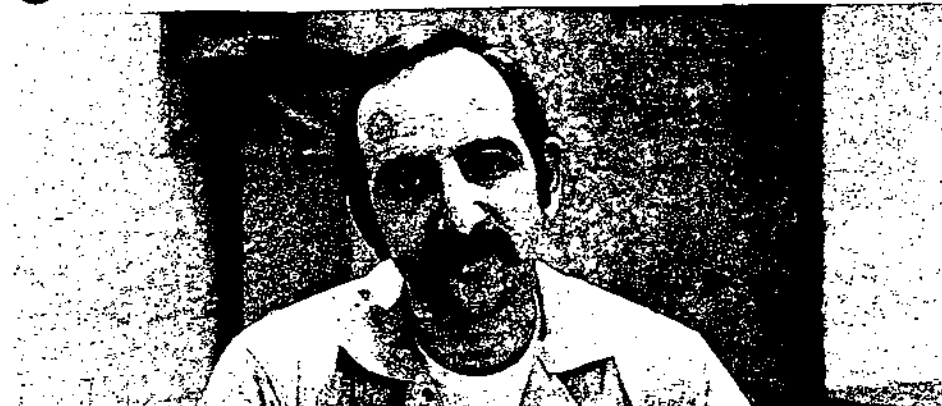

## Minor Brink's figure accuses FBI of torture

By PETER PANYCH  
Staff Writer

NEW YORK — Dr. Alan Berkman, 37, former Eagle Scout, honors graduate and voted most likely to succeed in his graduating class at Middletown High School, now can be found at the Metropolitan Correctional Center (MCC), a federal prison in Manhattan. He is a peripheral character in the events surrounding the Oct. 20, 1981, robbery of an armored truck at Nanuet Mall that left two Nyack police officers and a Brink's guard dead.

Berkman refused to answer questions put to him by a federal grand jury concerning his alleged connection with the Brink's defendants now on trial in state Supreme Court in New City. During an interview with Berkman at MCC, he talked candidly about his politics, the development of his radical philosophy and of his Middletown roots.

(Berkman was indicted shortly after this interview was conducted. He was arraigned in federal court on a felony charge of being an accessory after the fact in the holdup.)

Record photo by Peter Panych

**Q:** Could you give us some details about your imprisonment?

**A:** I'm in prison for refusing to collaborate with the grand jury, which is legally called contempt of court. I've been in prison since May 28, so it's been approximately five months. I think most people don't understand about the grand jury and why I and the other people are in here for refusing to testify.

People should be clear that the grand jury, as opposed to what people normally consider a jury trial, is directly an investigative arm of the U.S. attorney. It's secret; you're not allowed to have a lawyer. Basically, while we still have the right in this country not to talk to the FBI if they come to your door, the grand jury serves the exact same function. You lose that right in front of the grand jury and can be imprisoned for refusing to talk.

The grand jury that I'm in contempt of is a special kind of grand jury known as a RICO grand jury — RICO standing for Racketeering Influenced and Corrupt Organizations. The only thing that's particular about the RICO grand jury is the indictments that it can bring down, and they have issued an indictment against six people. RICO grand juries are now being particularly utilized against political organizations.

They've focused on the aspects of political organizations that they consider most threatening, which has been the clandestine movement — particularly the BLA (Black Liberation Army) and the group known as the Revolutionary Army Task Force in this case.

Unable to directly get the people who are clandestine, I think they have tried to isolate them from any kind of public support by subpoenaing political people who have at any level, in any manner, supported them publicly and supported the right of people to fight for human rights by, as Malcolm X used to say, "any means necessary."

This grand jury, which many people don't know, was actually convened three weeks prior to the expropriation up at Nyack. It had been convened as a political investigation of the black movement before Brink's ever happened, and (Brink's) legitimized what was basically always a political investigation.

My refusal and other people's refusal to cooperate with them has been a stand that many political people have taken because we're not going to be intimidated.

**Q:** Could you fill us in on your relationship with the persons involved in the Brink's incident?

**A:** I do view it as what the people who have been captured and also the BLA have said in a communique. They called (Brink's) an expropriation. An expropriation is fundamentally a political act to get money for revolutionary activity. And revolutionary activity, as the BLA said also, is building the underground.

Every revolutionary movement that has had to deal seriously with that has done expropriations, because at some point you have to figure out where you're going to get your money from. (Rockland County District Attorney Kenneth) Gribetz wants to call it bank robbery and murder, and take away any of its political content and reduce it to a criminal act. The FBI invokes international world terrorist conspiracy.

It was a serious lesson from the '60s that both this government is violent and that people do need an army and a clandestine apparatus. When the Black Panther party was organizing on a public level, over 120 were killed by the FBI and 5,000 were put into prison.

The concept of also building a clandestine political organization is part of any serious view of revolutionary change. Fundamentally, that's been at the heart of my relationship to the Brink's case.

One person, Judy Clark, I've known for many years. She's someone who I have an enormous amount of personal respect and affection for. I've found her to be a tremendously committed, clear-sighted and compassionate person. Two other people, Sekuo Odinga (Nathaniel Burns) and Solomon (Samuel) Brown, I met after they were arrested in prison. They were tortured and I was asked as a doctor to come up and see them.

Solomon Brown was arrested in Nyack on Oct. 20. He was held in the Rockland County jail and beaten consistently from Oct. 27 to Oct. 27. During that time his neck

was broken. We verified this because after the car accident they were in he was taken to the hospital and had X-rays taken of his head and neck which showed that he had no injuries.

Then he started to develop a gradual paralysis. A doctor got up to Otisville Federal Correctional Institution, where he was then being held, had X-rays obtained that showed he had two fractured cervical vertebrae and what's called a subluxation, a dislocation, of the two vertebrae and impingement on the spinal cord and was in imminent danger of becoming totally paralyzed.

When DA Gribetz, the warden and the doctor at Otisville were notified of that, their reaction was to notify the FBI, who then interrogated him on five different occasions. They coerced a confession from him, which they dictated and he signed.

After all that was done, five weeks later, although we had been calling and lawyers had been raising the issue, he was first transferred to the hospital at Valhalla, where he had emergency neurosurgery to fix his broken neck. I had seen him in the course to verify what had happened and also try to guarantee that he had some sort of physical therapy and rehabilitation after the surgery on his neck. That confession basically has since been thrown out because of the conditions under which it was obtained.

Sekuo Odinga was captured on Oct. 23 in Queens. He was brought to a local Queens precinct and for a couple of hours was beaten in a routine fashion. The FBI joint terrorist task force was leading this investigation. When they found out from his fingerprints who he is they took over the interrogation. They burned his body with cigars and cigarettes and pulled out his toenails and beat him to the point where his pancreas was partially destroyed. He was hospitalized for 14 weeks in Kings County with traumatic pancreatitis. He was on intravenous because he couldn't eat during that period of time. We verified that because when he was brought into Kings County the doctors, although they wouldn't make a public statement, were medically reliable enough to draw pictures of injuries he had sustained. The FBI initially said that that's what had happened. Any injuries were incurred when he was initially captured and had resisted. When it came out that the injuries included cigarette burns and his toenails being evulsed, pulled out, it made it clear that it probably had not happened during the time of his capture.

When the FBI came to my office, initially, and wanted to talk to me, they said that they believe during the time that I had seen the two of them on the two separate occasions — in these heavily guarded circumstances, and I was always accompanied by police agents when I saw these people — that some information concerning the whereabouts of Marilyn Buck had been conveyed to me. (Ms. Buck is being sought in connection with the holdup and was allegedly treated by Berkman for a leg wound later.)

It was pretty ludicrous. They were there during the times that I spoke with them.

They also said they had known everything that I had done for the last seven years. They knew all my political activities and that they were going to get me this time. Subsequently, in court, the U.S. attorney put forward in her papers that a reliable informant had put me on the scene at a safe house the night after the attempted expropriation where they said I had treated Marilyn Buck.

What we brought up in court is that the reliable informant, Yvonne Thomas, is, unfortunately for her, a woman who is a diagnosed paranoid schizophrenic and has been in a mental institution almost the entire time for the past year. She's now in the Georgia State Mental Institution. The government has her child.

**Q:** Is this political climate the type of climate that you thought you would see 18 years ago at the height of the committed radical years?

**A:** I think that with many people I shared an idealized view of what was going to happen from the heyday of the '60s and '70s. It certainly hasn't developed that way. We didn't deal seriously with a few things. One, to understand how strong the U.S. is as a system; two, the protracted pro-

cess of winning people over — to socialism, to revolution, particularly among white people. We also didn't understand what the U.S. government would do in terms of what happened to the Black Panther party.

**Q:** What happened to the leadership? We've seen a couple of the old radical leaders going to the other side.

**A:** If you're referring to Abbie Hoffman and Jerry Rubin, I object to the (word) leaders. They were personalities in a sort of radical counterculture that did not have anything particularly revolutionary in itself. It was the flip side of what the dominant culture was. It had a lot of escapism, a lot of individualism, a lot of sexism. In terms of the basic elements of individualism, racism and sexism, that was part and parcel of what the youth culture was about.

Because there was never a fundamental break with the U.S. culture, when the ante got upped for those people it didn't shock me that they would still put their own interests first. Being celebrities in a certain context served their interest and that when it wasn't, they could become stockbrokers or anything else.

**Q:** Do you think that the economic conditions in the U.S. today make it a fertile breeding ground for revolution?

**A:** I think that for many people, particularly among Third World people, and particularly black people who went through the experience of the civil rights movement and the black power movement, that there is a recognition that the struggle for basic change in this country is a major undertaking; that there is going to be a price exacted in blood; and that what we did, what the black power movement did in the 1960s, didn't work. There has to be a real strategy, and a serious revolutionary strategy similar to that implemented around the world in terms of building up a protracted people's war, a protracted ongoing struggle that involves, educates and mobilizes peoples on many different levels, but also involves building up an army and a military capacity.

That strategy of building a protracted people's war, it's not just about picking up guns, but it's also profoundly about changing people's consciences where people are willing to fight for their own liberation. We're definitely early in that stage. I don't think that anyone is unrealistic in saying there is massive support for it.

**Q:** What do your parents and your friends in Middletown think about all of this?

**A:** My parents have been personally supportive and, on some level, respect the fact that I have a series of political views and principles and I stand by them. I don't think they particularly agree with what some of those political views are. They are in Florida. I do have some relatives in Middletown, and I assume that both friends of my family and people that I directly knew are still in Middletown.

One of the reasons I wanted to do this interview was to try and make it clear to people who were part of my own upbringing that what I'm doing — I'm not a different person from the one that they knew. Clearly, everybody has changed in the process. I think some fundamental values and respect for people, for dignity, while it didn't have political form, was something that I got from living in Middletown and from my parents, and has gone through a process of development.

I wanted people to understand that, not just so they would understand me, but so they would understand more about what's going on in New City at this point, and more about what's going on in this country.

### Agency declines to comment

The New York City office of the FBI, which has conducted the 13-month investigation into the Brink's robbery, would not comment on any of the charges Berkman leveled during the interview.

"No, we're not going to comment," said Joseph Valiquette, a special agent with the FBI and spokesman for its New York City office. "But thanks for the opportunity."

# Minor player in Brink's drama explains views

Editor's note: This is a continuation of an interview that appeared on Monday's Q&A page.

By PETER PANYCH  
Staff Writer

NEW YORK — Former Middletown resident Dr. Alan Berkman is awaiting trial at the Metropolitan Correctional Center (MCC) on charges that he was an accessory after the fact, a felony, in the Oct. 20, 1981, robbery of an armored truck at Nanuet Mall.

That robbery left two Nyack police officers and a Brink's guard dead.

Those who knew Berkman when he lived in Middletown remember the son of North Street plumbing supply store owner Sam Berkman as a bright "normal kid." He graduated from Middletown High School in 1963 with the second-highest grade point average; graduated Cornell University with honors; and went to medical school at Columbia University in 1968.

Berkman, 37, was first imprisoned in May because he refused to answer questions put to him by a federal grand jury concerning his alleged connection with the Brink's defendants now on trial in state Supreme Court in New City.

But two weeks ago, after arraignment in federal court, the situation grew more serious for Berkman. Up until then his imprisonment was merely a civil charge designed to coerce him into cooperating with the grand jury. Now he faces a criminal charge and up to 12 years in jail.

At last count, 16 persons have been charged in connection with the Brink's case. Six persons, including members of the Weather Underground and the Black Liberation Army (BLA), are in custody in Rockland County for trial on state robbery and murder charges. A seventh, Marilyn Jean Buck, is being sought.

The grand jury wants Berkman to tell them about his associations with BLA members, and allegations that Berkman treated Ms. Buck in a "safe-house" in Mt. Vernon after she wounded herself in the right leg when her 9mm automatic weapon went off accidentally during a shootout with police at a New York State Thruway exit in Nyack minutes after the holdup.

During the first part of a Times Herald-Record interview published Monday, Berkman talked about his radical politics and of his Middletown roots.

By his own admission, Berkman left for Cornell University after high school apolitical and uncommitted. Cornell was not spared the unrest and turmoil that plagued campuses across the country.

Berkman said his political views began changing after a few weeks on campus. The catalyst was the Vietnam war.

He jumped from the frying pan into the fire in 1968 when he entered Columbia Medical School, a university on the brink of one of the most violent periods of campus unrest in American history. Berkman spent much of the time giving first aid to injured demonstrators during the famed student takeover.

At Columbia, his radical politics galvanized. After graduating in 1971, Berkman did a year of internship at Columbia Presbyterian Hospital, but left without deciding to specialize. Shortly afterward, he smuggled medical supplies to the Indians holding out against federal authorities at Wounded Knee.

He spent the rest of the '70s treating the poor at community clinics in Lowndes County, Alabama, the Lower East

## Q & A

Dr. Alan Berkman, formerly of Middletown, awaits trial on charges of being an accessory after the fact in the 1981 robbery of an armored truck.

Side in Manhattan, and at Lincoln Hospital in the poorest section of the Bronx.

Then came the bloody events in Nanuet, and Berkman's name cropped up in news stories linking him with the Brink's principles.

Although there are no allegations that Berkman was involved in the planning or execution of the Brink's heist, organizations that Berkman belongs to, such as the John Brown Anti-Clan Committee and the May 19th Communist organization, have been linked to the overall conspiracy.

In Monday's portion of the interview, Berkman defended Brink's as a political move — not a robbery, but an "expropriation" that every revolutionary movement is forced to eventually make if it is to survive.

He refused to cooperate with the grand jury because, he alleges, the special federal grand jury looking into BLA and Weather Underground activities is a government tool aimed at smashing radical movements.

In this portion of the interview, Berkman addresses his political beliefs.

**Q:** Were you getting radicalized in Middletown before leaving for college?

**A:** No, not that I can identify. To prepare for the interview I tried to think back. Realistically, I can't say that I was. I know that it was pretty shortly after arriving in college that did it. I think it was what was going on in the country more than anything else. By the time I had been in college for a fairly brief period of time, I came back with strong feelings about the Vietnam War.

And it wasn't a particular teacher. It was what was happening overall that had an impact on me. Cornell was an activist campus and I did become exposed to other students who at that point had both more of an understanding and were more active than I was. That helped me make decisions about becoming more active myself.

**Q:** Give us a brief synopsis of your political views.

**A:** My goal, politically, is that I want to be part of building a society where both oppressed peoples — black peo-

ple, Puerto Rican people, Chicano people, Mexicano and native American people — have regained the right to their own destinies, to self determination, to their right to have the land base to build their own societies so they can determine their own economic and political destinies.

At the same time, I believe that for working people — the majority of people in this country — that socialism is something that we need to fight for, to aspire to.

To do that means that we are directly in conflict with the U.S. government because the U.S. government is an imperialist system that controls a large part of the world and at this point finds that it is controlling less and less.

And that it's based both in oppressing whole nations of people inside this country and also in exploiting most working people in this country.

**Q:** Is there a label that you can put on that?

**A:** I'm a member of a Communist organization. Socialism is the economic form. To too many people in the United States, that somehow means the Soviet Union — an outside threat which is what Ronald Reagan would also like people to understand it as.

I'm from Middletown, New York, as people know. They know how I grew up. Communism recognizes both as a goal the building of socialism and a commitment to wage that struggle and understand that it's a struggle for power. The United States, in its essential nature, whenever there has been a movement among people in this country that in any way has threatened the status quo, it's been repressed by force.

There are many examples from around the world on how the U.S. reacts when it feels that any of its interests are threatened.

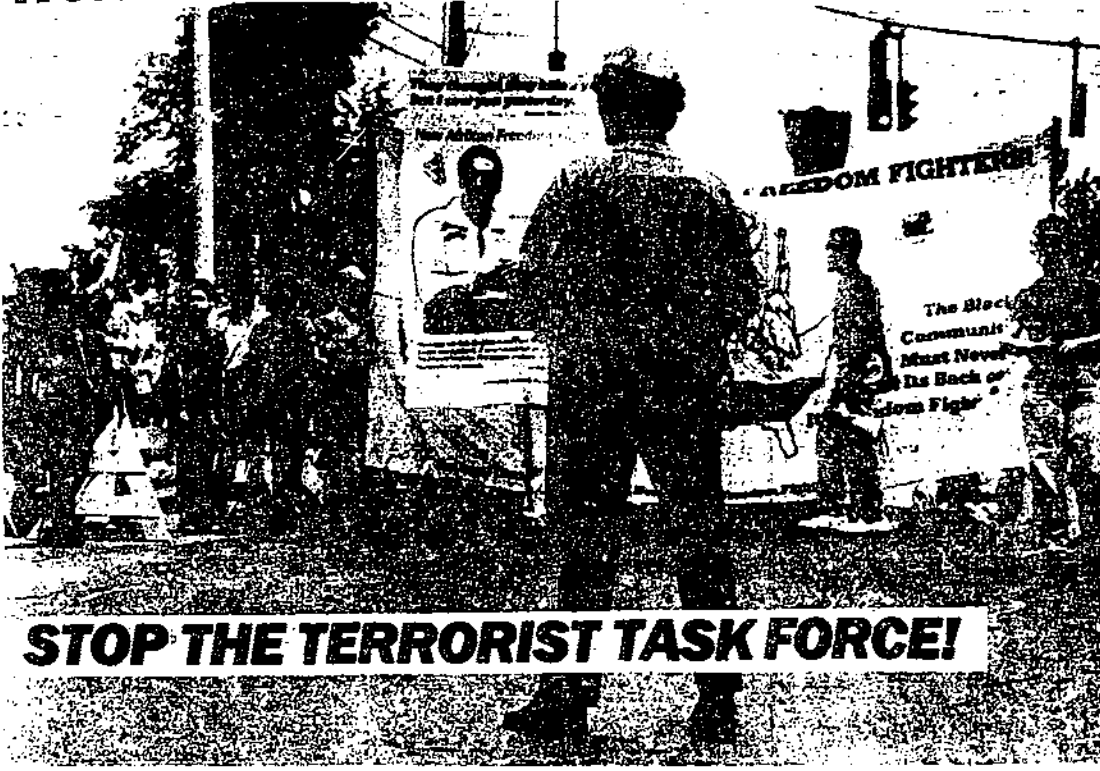

Being a Communist is both a total commitment of my own principles and my own life to struggle for revolutionary change, and a recognition that also involves that people who are fighting for change must have the ability of building a capacity to defeat the violence of this system.

**Q:** But the Soviets also react when their interests are in question, don't they?

**A:** I don't think it's the most relevant question. I personally don't hold up the Soviet Union as a model. At the same time, I feel it's a big issue and have noticed myself over the past few years that the U.S. government has had a marked success in re-establishing the Cold War mentality — that whenever people fight for their own interests, as I'm talking particularly about Third World countries like El Salvador and Nicaragua and Namibia, that everything becomes a confrontation between a monolithic Communism and democracy.

When we look objectively at what people are fighting for in those places, fundamentally, it's a struggle for people that's been going on since World War II around the world — to reassert control over their own countries and to lead their own destinies. Increasingly, people see that the future lies with socialism. These people who have fought around the world are not puppets of anybody. They represent their own aspirations for revolutionary change. That's what I am part of building and hope to be more successful in building inside the United States.

## DEMONSTRATE!

**112th Precinct**

68-40 Austin St, Forest Hills, Quee

**Friday, October 22**

**4-6 PM**

Who are the real terrorists? We are targeting the murderers of the NYPD-FBI Terrorist Task Force, and the 112th Precinct in particular. Three days after the revolutionary Erink's expropriation of October 20, 1981, New Afrikan Freedom Fighter Mtayari Shabaka Sundiata was assassinated here by Det. Irwin Jacobsen after he surrendered. New Afrikan Freedom Fighter Sekou Cdinga, captured the same day, was tortured here at the 112th the Terrorist Task Force while other cops looked on. The police are imperialism's domestic armed forces, waging war within the borders of the empire. The Terrorist Task Force, created and led by the FBI, has only one purpose: to obliterate the revolutionary leadership of national liberation movements inside the u.s. They have shown they will stop at nothing to try and destroy the Black Liberation Army. But they can not succeed. People's War for Land and Independence for New Afrika will deal this system its death blow. Help expose and stop the real terrorists. Fight white supremacy. Demonstrate in solidarity with all New Afrikan Freedom Fighters, those captured and those in the field.

### STOP THE TERRORIST TASK FORCE!

Coalition to Defend the October 20th Freedom Fighters • PO Box 254 Stuyvesant Station • N.Y. 10009 • (212) 989-8898

A year has passed since the attempted expropriation of the Blinks armored truck in Nyack, N.Y. on October 20, 1981, carried out by the Revolutionary Armed Task Force of the Black Liberation Army. This expropriation was part of the 400 year struggle of the Black Nation to free itself from the oppression and ravages of u.s. imperialism. It was not the first such action, nor will it be the last. It was carried out by New Afrikan and white anti-imperialist Freedom Fighters to seize but a portion of the wealth stolen from the labor and land of Black and other oppressed peoples.

The last year has been marked by major advances in the development of the revolutionary struggle. The captured Freedom Fighters have consistently refused to participate in the state's "investigation" of the New Afrikan Independence Movement, withstanding torture and refusing to participate in line-ups or give hair or handwriting samples to the state. Public activists subpoenaed to the RICO grand jury have maintained a consistent stand of non-collaboration, building a wall of silence to shield and protect all Freedom Fighters. Together they have led the building of a movement based in support for the right of oppressed peoples to wage armed struggle to win liberation and in exposing the total illegitimacy of the u.s. empire. Despite all their efforts, the state has been unable to smash the BLA and RATF. They have indicted numerous other Freedom Fighters, but have been unable to find them. Dr. Mutulu Shakur, Nehanda Abiodun, Susan Rosenberg, and Marilyn Buck, along with many others, continue the building of the armed clandestine forces of the New Afrikan and anti-imperialist movement.

The Coalition to Defend the October 20th Freedom Fighters commemorates the revolutionary act of last October 20th with a mobilization at the Queens police precinct where New Afrikan Freedom Fighter Sekou Odinga was tortured following his capture. On October 23, 1981, the Joint FBI/NYPD Terrorist Task Force murdered in cold blood Freedom Fighter Mtayari Shabaka Sundiata and captured Sekou Odinga. They took him to the 112th precinct where he was continuously beaten for hours in a vain attempt to break him. He had his head immersed in a flushing toilet and had a gun pointed at his head with the trigger repeatedly pulled. Sekou was beaten so badly that he had to be hospitalized for 14 weeks while being fed intravenously. But not even this torture could make Sekou talk to the FBI, setting an example to the world of the commitment and strength of the New Afrikan Independence Movement. We demonstrate at the 112th precinct to publically identify those torturers, to expose the Joint Terrorist Task Force. This specially trained police force is Amerika's SS -- organized with the explicit task of destroying the armed clandestine organizations of national liberation struggles, particularly the FALN of the Puerto Rican Independence Movement and the Black Liberation Army. The Terrorist Task Force is also responsible for the torture of Freedom Fighters Solomon Brown and David Gilbert, and for the terrorization of public revolutionary New Afrikan Independence activists. They lead the attack on the revolutionary Puerto Rican Independence Movement, recently indicting members of the Movimiento de Liberacion Nacional for criminal contempt for refusing to collaborate with a grand jury "investigating" the armed forces of the Puerto Rican Independence Movement. This indictment carries a possible indeterminate sentence. But despite these unprecedented attacks, the revolutionary struggle is advancing.

At the opening of New York state's prosecution of the October 20th Freedom Fighters, four of the comrades arrested, New Afrikans Sekou Odinga and Kuwasi Balagoon, and anti-imperialists Judith Clark and David Gilbert put the state on trial. They rejected the right of the courts to try them as criminals and asserted that they are Freedom Fighters. Sekou Odinga declared: "My only participation in these proceedings will be to push for my legitimate political rights as a Freedom Fighter and Prisoner of War and to denounce these illegal proceedings in particular and the colonial government of the United States in general."

The Coalition is calling this demonstration to support the growing forces of the New Afrikan Independence Movement and to support the captured Freedom Fighters. On September 13, over 100 people demonstrated in front of the Rockland County Courthouse, publically expressing support for the Freedom Fighters, chanting "Long Live BLA; Long Live RATF; Smash the FBI/NYPD Terrorist Task Force!" We demonstrate at the 112th precinct with the same demands, honoring the memory of Mtayari Shabaka Sundiata and his commitment to the struggle of Black people for national liberation. We are building an anti-imperialist movement that supports the struggle to which he dedicated his life -- the same struggle to which Sekou Odinga showed his unbending commitment in resisting the barbarous torture of the police. We must protect and defend all Freedom Fighters -- those captured and those struggling in the field.

As Mtayari said:

"How can we talk about a nation and not talk about an army. That's not realistic. Every nation has an army. So, power to the people's army. The nation must come to fruition through revolutionary action."

A MESSAGE FROM THE UNDERGROUND

"There is and always will be, until every Blackman, woman and child is FREE, a Black Liberation Army."

*Assata Shakur*

# ON THE STRATEGIC ALLIANCE OF THE ARMED MILITARY FORCES OF THE REVOLUTIONARY NATIONALIST AND ANTI-IMPERIALIST MOVEMENT

ISSUED: NOVEMBER 5, 1981

ON OCTOBER 20th, 1981, under the leadership of the Black Liberation Army, Black Freedom Fighters, and North American Anti-Imperialists, all members of the *Revolutionary Armed Task Force*, attempted an act of expropriation of \$1.6 million from an armored Brinks truck. Brother Sekou Odinga, our comrade who was captured in Queens, was not involved in the Brinks incident. Sister Fulani Sunni-Ali, Chairperson of the Peoples Center Council of the Republic of New Afrika, was not involved in the Brinks incident in any fashion, and is not a member of the Black Liberation Army. Eve Rosahn was not involved in the Brinks incident, nor is she a member of the *Revolutionary Armed Task Force*.

Although there have been historical differences between Black Revolutionary Freedom Fighters and North American Anti-Imperialists, there were overriding events that called for this significant alliance. These events were:

1. The killing of Black men in Buffalo.
2. The collaboration of the Ku Klux Klan and the Federal Bureau of Investigation in North Carolina, and the subsequent disclosure of Bill Wilkinson as an FBI informant.
3. Fourteen unsolved murders of Black women in Boston.
4. The on-going murders of children in Georgia.
5. The shooting of four Black women in Alabama.
6. The stabbing deaths of Black men in New York City.
7. The use of KKK, Police and the United States Army as mercenaries in the Dominica invasion.
8. The KKK use of the Department of Parks for its war re-enactment of para-military training. This is a clear indication of government support for right wing fascist military training.
9. The government assassination of Black activist Yulanda Ward in Washington, D.C.
10. The consistent use of mercenary forces in putting down the Miami Rebellion.

**B**ASED UPON AN evaluation of these events, a decentralized intelligence strategy was embarked upon by the revolutionary forces to determine the capability to separate rhetoric from real military action, especially concerning the capability of vigilante armies, and armies outside the United States military complex, that can implement urban terror on the Black and Third World population, and to assess the McCarthy-Rike period we are in—and to devise a response.

An intensive two year investigation was embarked upon which had people who were living underground for years, non-active in the military, reactivated and assigned to infiltrate and assess the major fascist organizations. This investigation led them to the Klan in Connecticut and North Carolina to determine FBI and local police complicity. It led them to the so-called Christian community to determine their military preparedness in their drive for survival. It led them to investigate the international fascist network in North America and its tentacles into the Caribbean, citing the assassination of Walter Rodney and their complicity in toppling the Manley government in Jamaica.

**F**ACTS STEMMING FROM THIS INTELLIGENCE ARE:

1. That the Black population in North America is the number one focus of all the above organizations, e.g., illustrated in their fliers, and their targets used for shooting practice.

2. The law enforcement agencies, from the local police, Federal Bureau of Investigation, Secret Service, and Central Intelligence Agency, have directly, through their alumni or various associations outside their own structures, used federal money, taken from the Law-Enforcement Assistance Administration budget, to participate in said organizations, through lending their expertise and financial backing, and use of classified information on their enemies.

3. Members of the ruling class have been used to back these organizations. John Connally financed the mercenary plot against Dominica. H. Ross Perot financed the failed Iran hostage rescue. The Hunt family finances North Carolina Klan activity through the sale of South African Krugerrands.

4. A mass propaganda program on white America to build an hysteria against communism and crime to perpetuate vigilantism, to cover the fascist approach to genocide by these white people, and to cover up the specific programs of the above forces. To move for more tolerance on the part of white America to accept and participate in this situation.

5. The government anti-terrorist force is formulated under the same ideology as the civilian, so-called race terror forces. Richard M. Nixon and his staff in the FBI and Justice Department are the government's originators of said program. Reaganomics is used to force the survival of the Black and Third World population to a situation where the apartheid system will be the norm in urban communities. And to put blue and white collar workers into law enforcement related situations, thereby having control over the system as a whole.

**T**HE REVOLUTIONARY ARMED TASK FORCE assessed that the time to respond was NOW. It could no longer be a wait-and-see program. The normal process of watchdog committees, that generally halted these conspiracies, such as the NAACP, the Urban League, and Klan Watch, have been ineffective in exposing the true nature of the crisis.

The fact that the Black Liberation Army had interwoven into the fiber of the Black community clandestinely allowed the Army to have a finger on the pulse of the Black Community as well as the Anti-Imperialist movement. The left movement has emphasized its work against the pro-nuclear forces and works within the bourgeois framework. They are unprepared to understand the fact that they have been targeted and are therefore incapable of responding. The lack of response by progressive people to the Moral Majority has allowed for a right wing backlash against all women.

On the other hand, the Black Community responded to the propaganda and conditions by resisting at the basic level of survival. The astronomical amount of law enforcement films, the blatant average American racist depiction of Black people, and the conditions illustrated from the news and editorials, to the passive wait-and-see attitude toward the effects of Reaganomics on Black people and poor people, illustrated to us that the time to respond and to stop the flow of fascist racist repression is now and in this period.

"You are dealing with a cold, calculating international machine (the U.S. Government) that's so criminal in its objectives and motives . . . it has the seeds of its own destruction right in it."

Bro. Malcolm X

**ONE CLEAR FACT** is that all the racist organizations are well financed. Different from the 1960s and early 70s, when Black people offered their money, checks and funds to enhance the public resistance to racism, setbacks and loss of jobs have eliminated monies available to Black people. Black people have no control over their communities. Jobs do not exist, welfare lines are longer. The money to feed the handicapped, the aged, and the unemployed all have been cut. The lack of respect for the elders in the Black community and the low level of nationalist programs have led our youth to respond to the programs of oppression and their insecurities as human beings by inflicting petty vicious crimes internally. We oppose such crimes, and since we understand the conditions that create these situations, the *Revolutionary Armed Task Force* decided that:

1. The masses in the urban areas must develop people's self-defense units to defend themselves NOW!
2. Programs are needed to set positive revolutionary examples for our youth, and must be developed in practice and in theory NOW!
3. The urgency to accumulate millions of dollars under the political control of the most advanced revolutionary elements for the use of various types of programs in the communities, from cultural, child care, to health care, must be secured NOW!
4. There will be no **BLACK HOLOCAUST**. It will be the motivation and determination of the combatants in the field to prevent such an occurrence. Therefore we say:

**T**HE COMRADES WHO are in jail are not criminals. They are Prisoners of War, and they are HEROES. They are heroes struggling against RACISM, FASCISM, AND IMPERIALISM. The Black combatants follow in the tradition of Denmark Vesey, Nat Turner, Mark Essex, Ahmed Evans, Harriet Tubman, Twyman Myers and all those who have stopped the flow of uncontested violence and repression against the Black community. The white combatants follow in the tradition of John Brown, who organized masses of white people to fight against slavery and repression.

Even though this particular military battle failed, the goals should always set the example for our youth and true revolutionaries. To set the record straight, **WE HAVE NEVER SHOT OR KILLED ANYONE WITH THEIR HANDS IN THE AIR SURRENDERING.** We have not kicked in doors with guns in hand to murder sleeping people. Even though we know where many children and families of the law enforcement agencies live we have never charged the wife for the crime of the husband nor attacked innocent children.

—We charge the Black community to relinquish their fear of the enemy and to stop robbing each other, and to go to the fascist multi-national corporations where the risk is the same and the act more political.

—We charge the intellectual aspects of the Black community to come forward and clearly identify this era of Black Resistance to imperialism and colonialism and interpret the current events to the Black community.

—We charge the artists to create a clear presentation of our conditions wherever they can.

—We charge the Black and progressive press to do the investigation of our intelligence reports to celebrate the factual information from our heroes. To speak to the Geneva Accords in relation to our Prisoners of War.

—To all conscious Black and Third World people: remain diligent. If you don't intend to fight, don't be afraid to speak and resist.

—To our comrades in Azania/South Africa, who we have aided politically, economically, and militarily, our continued support is assured.

We send our solidarity to all members of the *Revolutionary Armed Task Force*.

COMMUNIQUE FROM

# The REVOLUTIONARY ARMED TASK FORCE of The BLACK LIBERATION ARMY

New Afrikan Freedom Fighter Day • August 21, 1982

## WHO ARE NEW AFRIKAN FREEDOM FIGHTERS?

New Afrikan freedom fighters represent the first point of resistance for the Black Nation. Under different variations and interpretations, they represent the continuity of our struggle for self-determination. They are contemporary manifestations of the examples of struggle that constitute our national legacy. They represent the unconquerable will of our people that enabled us to survive the most brutal form of oppression the world has known. Simultaneously, New Afrikan Freedom Fighters exemplify our recognition of the need to confront and vanquish our oppressors.

The fact that many different freedom fighters belong to various organizations and represent different styles of work only points to the need to establish UNITY in the army. The differences should be handled from an internal strategy.

The Black nation should be mobilized and organized to support its freedom fighters wherever they are. In the spirit of national unity, survival and liberation these comrades have faced the enemy demonstrating the

willingness to sacrifice their lives and families. These comrades have put the survival of the Black nation above themselves and have served notice that there will never be another Black Holocaust.

The background of our freedom fighters varies—coming from differing sectors of our nation from the streets, college campuses, doctors, lawyers and everyday workers. Our soldiers and freedom fighters have crossed class and sex lines, united in their motivation to defend the Black nation and give aid to freedom loving people the world over.

This analysis of *who* are our freedom fighters does not try to run from internal contradictions but establishes the primary point of unity and its importance at this time. The fascist regime is presently engaged in an effort to distort our goals in order to squash public support and alienate the community from the combatants. Our oppressors hope to smash the spirit of our freedom fighters—this they will never do. Unity among our various combatants and community support will enable us to withstand their onslaughts.

## WHAT DO THEY REPRESENT?

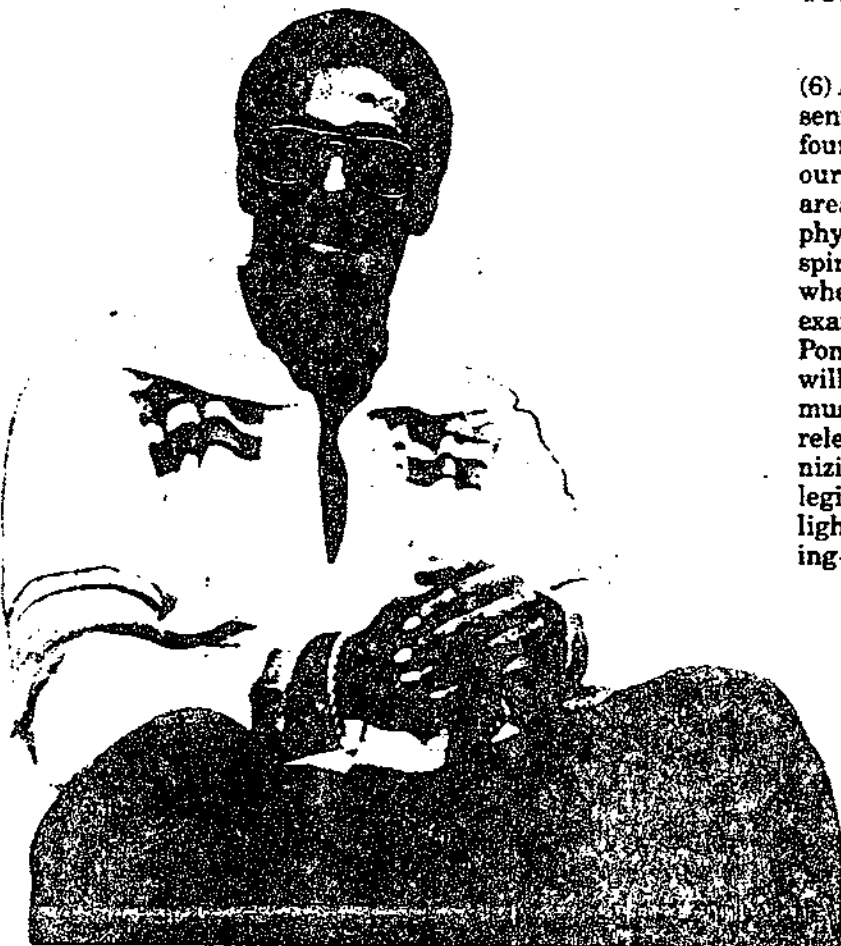

When we talk of freedom fighters for the Black nation and Black survival we're talking of individuals who fit at least one of six categories:

(1) Those brothers and sisters who have evaluated the position of resistance to our oppression from every angle and decided we must join the ranks of every other self-respecting nation in the world. In order to do this they have decided that a common army is needed. An army that has no other goal but to protect the lives and the goals of defined and undefined Black Nation.

### LONG LIVE ALL UNDERGROUND ARMIES!

(2) Those individuals who represent community organizations that are involved in the day to day effort to gain social and political goals for the Black Community in spite of the pressure put upon them by the u.s. government. They attempt to establish self-respect among the Black population and try to create role models for our youth. This group protects the community leaders and youth from the brunt of the daily disrespect our nation has to tolerate. **THEY** serve notice that oppression will be resisted. We call this force the National People's Militia. Because this force is visible and ever present it has been plotted against, entrapped, and forced to utilize its training to defend themselves as well as the community. So the ultimate sacrifice of one's life and family are evident in this area of activity. Although the style of work in this area may be different from that previously mentioned the sacrifice and consequences are the same!

### LONG LIVE THE PEOPLE'S MILITIA!

(3) In this category are the brothers and sisters who train and study, and live so called normal lives! When they see the writing on the walls—of escalating oppression and the underground coming under attack and comrades are being killed—they brush up on their training and join the ranks to replenish the army. **THAT'S** why there will never again be uncontested violence unleashed on our nation.

### LONG LIVE THE UNDERGROUND RESERVES!

(4) These are the brothers and sisters who resist as opposed to submitting to the oppression and trickery of the state. They refuse to collaborate (RAT) and entrap fellow freedom fighters. **THEY** refuse to distort the moral code that must guide our people. **THEY** command much praise. They may or may not have made the ultimate decision to sacrifice everything, but when faced with supporting the Black nation or supporting self they cry out take my freedom but you will not take my pride or heritage. **THEY** remind us:

*"the struggle for humanity is the continuing battle of one's life, and one loses a bit of that humanity with every state compromise made to any authority one does not respect."*

### LONG LIVE THE GRAND JURY RESISTERS!

(5) In the course of escalated oppression with escalated resistance those who become targets of the state need to live and survive among the people in order to continue their area of work in the struggle. **THE** people responsible for their survival in an organized and spontaneous support, carry on the tradition of **HARRIET TUBMAN** and the Underground Railroad.

### LONG LIVE THE

### UNDERGROUND RAILROAD!

(6) A point to remember is that Prisoners of War represent the historical events in our struggle. They lay the foundations, by their example, upon which we build our armed struggle. It is from the aforementioned areas from which they've emerged. With the loss of physical freedom they resist with all their mental, spiritual and intellectual power. We have seen that when the physical opportunity becomes available the examples of Attica, Soledad, San Quentin, Marion, and Pontiac prison rebellions demonstrate their continued will to push forward the spirit of our resistance. We must never forget our POW's. **WE** must demand their release and recognize their status as POW's. In recognizing their status as POW's we are recognizing our legitimate right to national liberation. **THEY** are the light on the hill, a representation of what we are building—a strong **BLACK** principled nation.

## ON THE QUESTION OF ALLIES

It is our clear understanding that a war is being waged against capitalism and imperialism, the major threat to the toiling masses of the world. Wars of national liberation constitute the most significant forces for the dismemberment of this monster. U.S./Zionist/Apartheid brands of imperial domination are being fiercely contested. The P.L.O., F.L.N.C., S.W.A.P.O., and P.A.C. are engaged in life and death struggles to extricate their nations from imperialism's grip. So too are the fighting forces of New Afrika. We see that objectively there is an alliance between these anti-imperialist/pro-national liberation forces. We must support one another morally, materially and politically and we must learn from one another's experiences.

From the PLO we have learned the lesson of tenacious steadfast struggle. In the face of equivocation and abandonment in some instances by those who should be their natural allies the PLO has refused to bow to imperialism's Zionist stooges. Facing massive military attacks, they have plucked political victory. Exposing the genocidal intent of the illegal Israeli state they have rededicated themselves to the protracted struggle for their homeland. *We have learned from them in the final analysis if we want to be free we must do it ourselves.* In this period of revolutionary struggle this lesson is invaluable.

### LONG LIVE THE STRUGGLE OF THE PALESTINIAN PEOPLE!

The struggle for the liberation of Puerto Rico from u.s. hegemony has escalated into one of the most valiant struggles in north america. Smothered by the capitalist's press the Puerto Rican national liberation forces have advanced their struggle on all fronts—on the homeland, and in the u.s. With coordinated military, political and propaganda campaigns they have raised their struggle to the point where it can no longer be ignored. We see their comprehensive strategy toward people's war for liberation as an example toward which we strive. As one of the struggles against u.s. imperialism in north america we acknowledge them as our natural allies.

### INDEPENDENCE AND SOCIALISM FOR PUERTO RICO!

The struggle against apartheid/settler domination being waged in Namibia and Azania attacks the heart of white chauvinist imperialist exploitation. Our people on the continent are struggling against the legacy of slavery that we know so well. The resurrection and reconstitution of Afrikan civilization depends upon the successful conclusion of both our struggles. "We recognize what a minority of crackers can do to a majority of Afrikans, so you can imagine what a MAJORITY of crackers can do to a

MINORITY of New Afrikans." We stand united in our resolve to break the back of our oppressors and build a new socialist state for our people. We are one. We pledge our continued material, military, political and moral support.

### AFRIKA FOR AFRIKANS AT HOME AND ABROAD!

In the struggle for national liberation it would be naive and not strategic to overlook the building of principled alliances. Successful battles are won by those who have good intelligence. In a racist society Black people come under more suspicion than whites in the areas close to vital information (i.e. South Afrika). The national liberation forces have developed many allies for our righteous struggle. We've developed them by engaging in humanitarian efforts, concrete material aid and by military examples. It would not be politically or strategically wise to abandon allies who fight side by side with combatants in the interest of national liberation. These allies who have withstood torture and abuse. It would not be a good example for international solidarity if the Black freedom fighters would abandon their allies.

### LONG LIVE THE ALLIES OF THE NEW AFRIKAN INDEPENDENCE MOVEMENT!

### WHY DO WE NEED FREEDOM FIGHTERS?

We need freedom fighters because the basic contradiction between the white oppressor u.s. and our oppressed Black nation (New Afrika) has not been resolved. We are continuously confronted by C.I.A., F.B.I., and police terror. THE KKK, white civilian armies and mercenaries still threaten our existence. Black men, women, and children are still brutally murdered without justice being meted out to those responsible. The conspiracy of economic, political and social subjugation persists.

In the face of these incursions a force is needed to protect, defend, and liberate us. Our New Afrikan Freedom Fighters perform this function. Organized resistance is essential when confronted with organized terrorism. We cannot stand idly by while the entire u.s. political/military machinery is focused on us. Not to recognize these factors is a political and social error. We should be aware of the onion tactic—that is when your resistance is peeled away stage by stage through isolation, propaganda labeling us criminals and terrorists and the imprisonment and murdering of our front line. This tactic can be counteracted by mass support for our New Afrikan Freedom Fighters, formed into an army that is organized by the people for the people.

Hold firm to our legacy of struggle and resistance, build a people's army for national defense.

cluding many legal service workers who everyday in their work witness the reality of Judge Wright's words. The growing struggle of Black people against police brutality and for human rights has had an impact on the entire city. These struggles defeated the attacks by the police and white supremacist forces: Jerome Singleton was acquitted and Judge Bruce Wright won an overwhelming victory in a popular election to the Civil Court.

For the Black community the fight against killer cops is not a new one. The murder of 10 year old Clifford Glover in 1973 set off days of protest in South Jamaica where Clifford lived. In 1977 there was a boycott of downtown Brooklyn stores organized by Black people to protest the murder of a Black youth, Randolph Evans, by the cops. In the past year and one half since the murder of Black community leader Arthur Miller, thousands of people have been mobilized to demonstrate throughout the streets of Crown Heights, at City Hall, at Wall Street, and at the United Nations -- to demonstrate against police brutality and killer cops; against genocide and for human rights. Over the past year the National Black Human Rights Campaign has led in uniting the struggles of Black people throughout this city and the country against genocide and for human rights as the right of self-determination; that Black people must have the power to control their own destiny to end genocide. Based in this strategy, the Black community of New Rochelle was mobilized to demand an end to killer cops and the genocide committed against Black people after the police murder of 18 year old Emery Robinson. The state was forced to indict the cop for manslaughter.

And on November 5, 1979, Black Solidarity Day, the National Black Human Rights Campaign culminated a year long campaign, mobilizing thousands of Black people from across the US to the United Nations demanding self-determination for the Black Nation; demanding support from the progressive nations around the world for the struggle for freedom in the US and charging the US with genocide against the Black Nation.

These demonstrations have targeted the police as an occupying army in Third World communities -- there to enforce white supremacy and the system of imperialism. The police and city government have tried to cover this reality by winning the masses of white people to believe that the killer cops are the victims (!) of Third World people -- who daily suffer the most extreme brutality and racist violence at the hands of the police and from every sector of society. The media is instrumental in carrying out these attacks against Third World people by playing on racist fears of white people and drumming up hysteria about "crime waves" and imaginary "terrorist conspiracies". Based in this white supremacist support, on August 22, 1979, the cops brutally murdered Luis Baez, shooting him 21 times, thinking they could get away with it "with impunity". But the response by the Black and Puerto Rican community was immediate and more massive and at a higher level of political unity denouncing the cops as racist murderers.

In the face of this, City Hall, the PBA and the media have been conducting a campaign to outfit the cops with bullet-proof vests. The purpose of this campaign is to win the support of white people for the systematic repression of Third World communities in New York City. At the same time, the growth of white supremacist groups, white vigilante terror and the KKK is openly sanctioned. Financially, the police vest campaign is backed by major New York corporations like Citibank, which supports the oppression of Black people in South Africa as well as New York, and Burger King, which makes billions of dollars off of Third World people. Support is also being organized from ordinary white people, including school children, who are being asked to give their nickles and dimes to "protect the cops". This is a thinly disguised attempt to win the hearts and minds of young people to white supremacy and fascism. Side by side with this, they have begun a massive recruiting campaign, in communities like Park Slope, to build the Auxiliary Police, Civilian Observation Patrols and block watchers to give organization to support for the cops and for direct participation in white supremacist attacks, legitimized by the PBA.

Bullet proof vests can never solve the deplorable conditions of life in New York City - fire-rap housing, rampant unemployment, lousy schools, closings of city hospitals. They will not get rid of drugs or organized crime. These conditions are part of the genocide of Third World communities and affect many white people as well. But white people, in the main, continue to participate in and allow this genocide to continue. The only way that white people can contribute to bringing about a better way of life for the masses of people in this city is in opposing white supremacy and fighting for the just demands of Third World people.

That is why we, at the Moncada Library, believe that the police vest campaign and any other attempts to build support for killer cops must be opposed, and in its place mass support for the struggles of Black and other Third World people for human rights must be built -- this means the struggle against white supremacy. The heart of our program is the fight against white supremacy and raising solidarity with the National Black Human Rights Campaign. It is out of this program that we waged an anti-police vest campaign last year, and we are continuing and building this work, to build an organized and reliable force of white people in this community to fight the Klan, killer cops, and to support national liberation struggles around the world. Our work includes the struggle to build political and material solidarity with the Zimbabwe African National Union's liberation war; to build solidarity with the struggle for Puerto Rican Independence and Socialism. We offer classes on the fight against white supremacy and on the revolutionary struggle for women's liberation and an anti-white supremacist program for teen-agers in the community.

As anti-imperialists, we are part of the worldwide struggle for the creation of a new world, free from oppression and exploitation. We understand that this struggle begins in our own community, in the fight against white supremacy. We urge all progressive people in the community to participate in this program.

Come to the Moncada Library, join our program, and take a stand in the struggle against white supremacy and genocide.

# FACT SHEET

August 15, 1972. 11 Year old Ricky Bodden shot in the back and killed by cop Frances Ortolano in Staten Island. He fired three shots in a car chase when he "thought" one of the kids in the car he was chasing crouched "as if" he had a weapon. No criminal charges were pressed. He was convicted in 1973 of departmental charges for recklessly discharging his revolver. He received minor administrative punishment.

January 28, 1973. 16 year old Rita Lloyd shot and killed by cop Robert Milano in Brooklyn. She was standing with a friend, who the cop said pointed a shotgun at him, and he gunned down Rita Lloyd. Milano was never punished. Rita Lloyd's mother sued the city for \$1.5 million, with no result.

February 3, 1973. 23 year old Carl McCullough shot and killed in Harlem hallway by cop Charles Licata. He was murdered with two blasts from a shotgun. Cops were carrying "extra" weapons allegedly because of fears of the Black Liberation Army. Departmental charges were filed against Licata for carrying an unauthorized weapon.

April 28, 1973. 10 year old Clifford Glover shot in the back and killed by cop Thomas Shea in South Jamaica, Queens. Accompanying his father to work, they were stopped in an alleyway as robbery suspects. Shea claimed that Clifford aimed a gun at him and Shea fired three times. No gun was ever found. Shea was brought to a criminal trial on murder charges and acquitted. He was convicted in a departmental trial for using his gun improperly and removed from the force. Earlier this year, Mrs. Glover was awarded \$115,000 from the death of her son.

August 8, 1974. 27 year old James Tate shot and killed by cop Vincent Larkin in South Jamaica, Queens. Tate was allegedly involved in the theft of a school bus. A struggle ensued after Larkin drew his gun, and he shot James Tate in the chest.

-14-

September 15, 1974. 14 year old Claude Reese shot in the head and killed by cop Frank Bosco. Cops burst into a Brooklyn basement "looking for robbers", while Claude and his friends were fixing the basement for a friend's birthday party. Bosco claimed that he thought the handsaw that Claude was carrying was a gun and shot him. Bosco was stripped of his gun and duties, although he continued on the force.

June 14, 1975. 25 year old Israel Rodriguez was murdered by cop Thomas Ryan and three other cops. He was brutally beaten in his Bronx home, and again in a Bronx police station. He died hours later in the hospital. Ryan was the only cop to be convicted of a murder while on duty. But once again he remained unpunished, because he was allowed to quietly jump bail and disappear before his sentencing on February 23, 1979.

Thanksgiving Day, 1976. 15 year old Randolph Evans shot and killed by cop Robert Torsney. Torsney claims he had an attack of the rarest form of epilepsy known to medical history, which he had never had before or since. During his "attack" he shot Evans. An all white jury acquitted Torsney. He was placed in Creedmore Psychiatric Hospital, but -- since his "insanity" defense was a lie-- doctors found no reason to hold him. He was secretly granted privileges to go home at night and one weekends, and eventually, this past July, the Court of Appeals voted 4-3 to release him.

April 2, 1978. Two former Attica Brothers, 26 year old Dalou Asahi shot dead and 36 year old Jomo Joka Omawale shot in the leg and beaten almost to death, in connection to the shooting of two cops in Bedford-Stuyvesant. The cops who almost killed Jomo, James Denedy and Paul Curcina, have been praised for their actions.

February 23, 1979. 40 year old Manuel Martinez and 25 year old Domingo Morales were shot and critically wounded by cop Kevin Durkin. The hypocritical and racist Patrolman's Benevolent Association argued against holding the racist trigger happy Durkin for bail or for psychiatric observation at Bellevue, and instead argued for no bail, only later posting \$10,000 cash when the judge turned down the request for no bail.

July 19, 1979. 18 year old Black youth Emery Robinson shot dead by cop John B. Robbins in New Rochelle. The cop claimed Robinson broke away after he had been arrested on charges of possessing a stolen car. The cop was taken off patrol and put on desk duty "until the protests blow over," and later resigned. Robbins was indicted for manslaughter in the second degree.

August 22, 1979. 26 year old Puerto Rican man Luis Baez shot 21 times by five cops in Bedford-Stuyvesant. Baez's mother had called the police because her son needed to be brought to a hospital for psychiatric treatment. When the cops arrived, Baez lay down on the kitchen floor, according to witnesses, out of fear he would be beaten. Cop Paul Curcina -- the same cop who had beaten Jomo Joka Omawale -- then proceeded to intimidate and terrorize Baez so that he was forced to jump off the fire escape onto the street. The cops had grabbed the ladder off the fire escape so he could not climb down. Police claim Baez threatened them with a pair of scissors; what he had in fact was a pair of fingernail scissors, which he dropped when he jumped to the street. While he was trying to escape the police, five cops knelt down like a firing squad and, while Baez was attempting to climb a fence, emptied their revolvers, shooting Baez in the back.

August 29, 1979. 44-year old Black woman Elizabeth Magnum shot dead in the heart by cop Paul von Werne, on orders of Sgt. Michael Latimer. The police had come to evict her from her Bedford-Stuyvesant apartment. When Ms. Magnum protested that she had paid her rent, the police alleged that she stabbed an officer, and ordered her shot. Von Werne was found guilty earlier this year of violating the civil rights of a Black man in Brooklyn. However, in this case, Police Commissioner Murphy has said he's satisfied that "proper police procedures were followed."

# Who's Behind The Vest Campaign?

Thousands of New Yorkers have been organized to contribute to the police vest campaign. The campaign organization itself, however, is very elusive. It has no printed literature, no office, no telephone number, and its officers are mostly kept secret from the public. Nevertheless, there are businesses, organizations and individuals who have played a leading role in mobilizing support for the killer cops:

--Citibank has contributed over \$100,000, and done an extensive propaganda campaign to get people to contribute more. The second largest bank in the United States, Citibank does not confine its support for genocide and white supremacy to U.S. borders -- it is one of the major financial backers of the racist South African regime.

--Burger King has done a major citywide poster campaign to raise support for the killer cops, and has contributed massive amounts of funds, giving the vest campaign a cut on each hamburger it sells. This should not be surprising, because Burger King practices genocide in the form of chemical warfare every day by selling poisonous, health-destroying food, predominantly in Third World communities.

--Louis Nizer, a notorious reactionary criminal lawyer, is co-chairman of the vest campaign. Author of My Life in Court, a defense of the racist court system that legally lynches Third World people, Nizer has also been identified with the attack on the Hon. Bruce Wright, the Black judge who was criticized recently by the city's racist government, legal establishment and Patrolman's Benevolent Association for giving bail, in accordance with the law, to a Black man set up on fictitious charges of knifing a white cop.

--Phyllis Newman, Ali McGraw and other celebrities recently gave a big party to raise funds and support for the killer cops. Like the ACLU and other liberal types, who have supported the right of the Ku Klux Klan to commit open warfare against Third World people, their "progressive" front is just that -- a front for the defense of white supremacy and racist violence against Third World people.

--The rock 'n' roll industry has also come out strong for the vest campaign. Casablanca Records and the Electric Light Disco have each contributed substantially. The forces who destroy the minds and drain the energy of youth by promoting disco and drugs as the solution to oppression and genocide find no contradiction in supporting the murderous activities of New York's finest.

--Korvettes, Martin's, Mays and other major Fulton Street stores recently contributed tens of thousands of dollars to the police vest campaign. However, these same merchants -- who exploit and rip off Black and other Third World people every day -- have refused to fulfill the commitment they made to the Black community to donate the funds they had promised to the Randolph Evans Memorial Scholarship Fund.

SPEECH DELIVERED BY THE MONCADA LIBRARY

AUGUST 1979

I would like to thank everyone for coming today to the Moncada Library party and showing your support for the library and its work. It is many of you who have made it possible for us to build the library. It will take many others of you to make it possible for the library to grow and be a force which effectively fights against the destruction of this community.

Currently we are waging a struggle through a campaign to stop killer cops, specifically to expose and oppose the police vest campaign and in its place build support for the National Black Human Rights Campaign.

As a part of this campaign we called for a community picket at the local Burger King, which is a main financial supporter of the vest campaign. Other organizations and community groups sponsored this effort and participated in open militant opposition to police brutality and killer cops.

Many people have asked us why this campaign? Shouldn't the cops have vests? Don't they need protection? Or, isn't police brutality just an isolated problem and don't we need police protection?

These questions have been asked of us while we have been talking with people in different communities throughout the city. Overwhelmingly they were asked by white people. This has an objective basis: on the one hand it reflects the consciousness of Third World people of the police as an occupying army in their communities; on the other, the identification of the police, by those of us who are white, as our protectors and as the enforcers of the status quo.

We would like to take this opportunity to make our position clear on these questions.

The police vest campaign is a multi-levelled strategy aimed at making the victims of police crimes and brutality appear to be the perpetrators.

Don't the cops need protection? Over the last ten years 500 people have been killed by the police in New York City. This includes killings in the course of arrests, shoot-outs, fighting involving off duty cops and "accidental" shootings. In this same time period an average of three cops a year have been killed including those killed by other police officers, in off-duty fights and suicides.

Who needs protection from whom? Not only does the police vest campaign distort reality, it is aimed at organizing mass support for the actions of the police at a time of heightening contradictions and increased repression of Third World communities and at a time when Black and Third World people in this city are leading the fight against increasingly brutal conditions. It is from these communities that the leadership has come in the bitter struggles for better housing, health care and education, against unemployment and police brutality.

Wearing the blue uniform of the NYPD has truly become a license to kill. Now to get to the question of don't we need police protection? Let's look at what interests the police serve in this community. In the past two years since we opened the library, we have seen the trafficking of drugs, chemical warfare against Black and Puerto Rican peoples, protected by the 72nd precinct. Cops sit by and watch 10 year olds sell drugs to each other and watch big cars pull up at night dropping poison to kill the resistance of Third World kids and tear apart families. This is police protection.

Buildings get fire bombed and are burned out. Whole blocks have been destroyed in the past 15 years. Slumlords destroy building after building, abandoning them to make the community safe for white people. This is police protection.

We saw a Puerto Rican man beaten brutally by a gang of white young men with baseball bats and table legs, and they are protected. Last winter, we witnessed another Puerto Rican man being beaten by two white men. When we tried to stop them, they told us to go home. What were we doing out in the streets so late? And anyway, they said, it is alright because they were police officers. They proceeded to throw the man to the snow-covered ground and kick him. This is police protection.

During the past months as we have increased our struggles to build support for the national liberation struggles around the world and particularly the Black liberation struggle here and in Africa, we, in the library, have been harassed. The library has come under attack. We have been set-up and busted, more than once. We have called the police ourselves to demand that our rights be protected -- they have never come. Finally, they came to carryout a set-up which began with an instigated physical attack upon library members, and ended with one of our people being busted. When the assailant's family wanted to drop the charges, they were told that the police would not drop the charges because they wanted this arrest.

And as we fought for a program to combat white supremacy among the young people in the community, there has been open and not so open organizing and rumor mongering among the children, against the library instigated by the police. This is not about a few bad apples; this is part of a conscious strategy to smash Third World resistance and the solidarity that is being built among white people.

For all of us, in this community, who are fighting to change the conditions of life, the cops are our enemy. There are white people in this country who are fighting against racist landlords and for decent housing, yet they told us that this campaign does not concern them. They refused to support the pickets called by the library. How can you fight the landlords and not fight the armed protectors of these arsonists and slumlords.

There are women's groups in the community who are fighting against violence against women and against rape. They said that they would not support this campaign or join the picket. What has been the role of the cops in response to women battered by men? They have refused to come and "interfere". They ask who started it. They demand three instances of beatings before they will arrest the man. If picked up, he is held in court three hours or even over night to then return home. We are not protected by the cops or the courts.

Women who have been raped have always understood who the cops are. They treat us like sluts; ask how it happened; if the guy is a friend or did we like it? And they use the rape of women in this community to organize for racist hysteria and the hunting of Third World men. Cops are the enemy of women. No matter how many programs they initiate out of local precincts; we know their intentions remain what they have always been. Rape and violence against women and police brutality are all a part of the same attack. Whether we are straight or are lesbians all of us who have fought over the past ten years for the liberation of women should remember the role the cops have played.

White people ask, why we are polarizing the situation? Aren't we agravating an already tense situation? Won't the attacks increase in reponse to this campaign. This tense situation is not a conflict of differing opinions about what Park Slope should be like to live in ... it is a war for control over the lives of people. Who is going to define the community of Park Slope? The white block associations and the real estate interests, or Third World people and their allies?

We are building a movement among white people that follows the leadership of the Black Liberation struggle in actively opposing the right of police, racist gangs and pushers to operate in our community. We take leadership from the years of struggle waged by Black and other Third World people in this city and around the country to expose and oppose the role of the police in Third World communities.

STOP KILLER COPS has been and remains a mass demand and the heart of the struggle for the survival of Third World peoples in this country. The Black community has organized militant marches in protest of the police murders of Randy Evans, Claude Reese, Clifford Glover and in the past year the Black United Front has organized opposition to the brutal police gang killing of community leader Arthur Miller. The Black community has fought for Citizens Review Commissions to control the actions of the police in Third World communities and organized support for Judge Bruce Wright who is attacked for his protection of the human rights of Third World people.

We want to join with all progressive forces in the community in a united effort to support the National Black Human Rights Campaign as it organizes a mass mobilization of Black people to march on November 5, 1979, Black Solidarity Day, to the United Nations. The National Black Human Rights Campaign is organizing against the daily genocidal conditions that Black people face and is exposing the lie of Jimmy Carter's Human Rights Campaign. As white people, we believe that in fighting white supremacy that we can organize political and material solidarity with the National Black Human Rights Campaign.

The U.S. is trying to destroy the Puerto Rican nation - strip its minerals and turn it into a tool of U.S. military-industrial needs. The primary force that can stop this is the FALN and the other armed clandestine organizations that are fighting for independence and socialism for Puerto Rico. The U.S. has launched an unprecedented wave of repression to destroy the revolutionary Puerto Rican independence movement.

# Support the National Black Human Rights Campaign!

## STOP KILLER COPS!

Community protest at South Jamaica precinct following the murder of Black youth Clifford Glover by killer cop Thomas Shea, 1973 Credit: LNS

## Oppose the Police Vest Campaign!

"There is murder among New York's finest ... Police have a license to hunt down Blacks and kill them with impunity"

These are the words of the Hon. Bruce Wright, a Black judge, whose release of a Black man without bail in June 1979 for the alleged cutting of a decoy cop aroused a strong reaction all over the city. Judge Wright released Jerome Singleton because there was only scanty evidence linking him to the alleged crime, he had no previous convictions and strong roots in the community. According to the law and justice, no bail was called for. Yet racists like Ed Koch called Wright's action "bizarre", Sam Demilia, head of the racist Patrolman's Benevolent Association (PBA) called Wright "the biggest racist in town ... Hitler", and demanded his removal from the court.

The response of the Black community was immediate -- mass demonstrations at the courts, in which the National Black Human Rights Campaign played a major role, raising the slogan "The PBA is the KKK", were held in support of Wright's courage in exposing, once again, the true nature of the criminal justice system in the U.S. -- a system where cops kill Black people and get off scot free; where lynching is legalized in kangaroo courts; where racist judges and juries railroad Black and other Third World people. These demonstrations were also supported by a number of white people in-

ON JANUARY 13, 1983, NYO OF THE FBI ADVISED THAT DURING A SEARCH OF THE APARTMENT OF [REDACTED] AND [REDACTED], BOTH MEMBERS OF THE M19CO, LOCATED AT [REDACTED], [REDACTED] NEW YORK, ON NOVEMBER 9, 1982, PURSUANT TO A FEDERAL SEARCH WARRANT, AN FALN COMMUNIQUE WAS SEIZED. THE FBI LABORATORY ON JANUARY 5, 1983, ADVISED THAT THIS FALN COMMUNIQUE IS AN AUTHENTIC CARBON COPY OF THE FALN COMMUNIQUE RECOVERED BY THE FBI SEVERAL BLOCKS FROM [REDACTED]'S APARTMENT. THIS COMMUNIQUE CLAIMED RESPONSIBILITY FOR FALN BOMBINGS IN NEW YORK CITY ON FEBRUARY 28, 1982. THE IDENTIFICATION DIVISION, LATENT FINGERPRINT SECTION, HAS ADVISED THAT A LATENT FINGERPRINT ON THE COMMUNIQUE IS IDENTICAL TO THE FINGERPRINTS OF [REDACTED], WHITE FEMALE DOB [REDACTED], WHO IS A KNOWN MEMBER OF THE WEATHERMAN UNDERGROUND ORGANIZATION AND A SUSPECTED MEMBER OF THE M19CO. [REDACTED], WHO PREVIOUSLY RESIDED IN NYC UNTIL [REDACTED], NOW RESIDES IN AUSTIN, TEXAS, AND IS ASSOCIATING WITH M19CO MEMBER KNOWN TO THE SAN ANTONIO DIVISION.

IN PRIOR COMMUNICATIONS, NYO HAS ADVISED THAT MEMBERS OF THE

[REDACTED] THE ESCAPE OF BLA MEMBER [REDACTED]; THE ARMED ROBBERY OF A BRINK'S TRUCK AND SUBSEQUENT MURDER OF TWO POLICE OFFICERS AND A BRINK'S GUARD OCTOBER 20, 1981; THE FALN BOMBING IN NEW YORK CITY ON FEBRUARY 28, 1982; AND NUMEROUS OTHER ASSAULTS, UNLAWFUL DISTURBANCES, AND UNLAWFUL DEMONSTRATIONS.

IN ADDITION, A SENSITIVE SOURCE WHO IS IN A POSITION TO PROVIDE INFORMATION ON RESIDENTS OF [REDACTED], ADVISED THAT ON OR ABOUT [REDACTED], [REDACTED] WAS OBSERVED [REDACTED], ACCOMPANIED BY AN UNKNOWN WHITE FEMALE WHOSE DESCRIPTION IS SIMILAR TO [REDACTED], AKA FUGITIVE. ON JANUARY 4, 1983, THIS SAME SOURCE SELECTED A PHOTOGRAPH OF [REDACTED] FROM A PHOTO LINE-UP AS APPEARING VERY SIMILAR TO THIS UNKNOWN FEMALE.

IN VIEW OF THE ABOVE, MEMBERS OF THE MISCO ACTING AS INDIVIDUALS AND/OR A GROUP WHICH INCLUDES [REDACTED] AND [REDACTED] [REDACTED] ARE OR MAY BE ENGAGED IN ACTIVITIES WHICH INVOLVED OR WILL INVOLVE THE USE OF FORCE OR VIOLENCE AND WHICH INVOLVED OR

WOULD INVOLVE THE VIOLATION OF FEDERAL LAW FOR THE PURPOSE OF

COMMERCE. THESE ACTIVITIES FURTHER DEPRIVE PERSONS OF THEIR CIVIL  
RIGHTS UNDER THE CONSTITUTION, LAWS, OR TREATIES OF THE UNITED  
STATES.

ADMINISTRATIVE:

THE NEWARK DIVISION DISCUSSED THIS MATTER WITH BUREAU  
SUPERVISORS [REDACTED] AND [REDACTED] ON JANUARY 14, 1983, AT  
NYO CONFERENCE REGARDING FALN.

AT THIS SAME CONFERENCE, NEWARK ADVISED NYO THAT IT WOULD  
LEAVE TO DISCRETION OF NYO ANY INVESTIGATION REGARDING [REDACTED]  
[REDACTED] AS NYO IS OO REGARDING M19CO, NYROB, EVEBOM, AND FALN  
FUGITIVE [REDACTED].

ON JANUARY 17, 1983, AUSA [REDACTED], DEPUTY CHIEF,  
CRIMINAL DIVISION, FEDERAL DISTRICT OF NEW JERSEY, ADVISED THAT

PRELIMINARY REVIEW OF CIRCUMSTANCES REVEAL THAT OWNER OF PROPERTY HAD NO PRIVACY INTEREST IN THIS PROPERTY ONCE IT WAS PLACED IN A HALLWAY OR STREET AS TRASH/GARBAGE TO BE PICKED UP FOR SUBSEQUENT DESTRUCTION OR STORAGE.

THE NEWARK DIVISION IN ACCORDANCE WITH LESSONS LEARNED AT THE NYC FALN CONFERENCE ON JANUARY 12-14, 1983, BELIEVES IT IS IMPERATIVE THAT A AGGRESSIVE, IMAGINATIVE INVESTIGATION SHOULD BE EXPEDITIOUSLY PURSUED RE [REDACTED], AS SHE IS A KNOWN MEMBER OF A TERRORIST ORGANIZATION WHICH CURRENTLY IS CONDUCTING OVERT AND COVERT ACTIONS AGAINST THE GOVERNMENT OF THE UNITED STATES THROUGH THE USE OF VIOLENT ARMED ASSAULTS AND BOMBINGS. THE RECENT SUCCESS OF THE CHICAGO DIVISION IN AGGRESSIVELY PURSUING THE SIMILAR LINE OF INVESTIGATION CONFIRMS THAT THIS APPROACH CAN PRODUCE OUTSTANDING RESULTS.

On 10/25/82 [redacted] provided the following information to SA [redacted]:

[redacted] (LNU) (believed to be [redacted]) was at a May 19th Communist Organization (M19) demonstration at the NYCPD, 112th Precinct on 10/22/82. Source stated [redacted], age 30's, is a [redacted] and belongs to a union. Her work in the M19 revolves largely around Puerto Rican (PR) matters. [redacted] has telephone number [redacted]. While at the demonstration, [redacted] was in the company of an unknown female who was carrying a camera and taking photographs. [redacted], on occasion, would direct this individual to take photographs of people and locations outside the perimeter of the demonstration.

On 10/28/82 source provided additional information:

[redacted] (LNU) has indicated the M19 is pushing for an all out peoples war, now, under the leadership of the Black Liberation Army (BLA) and PR movement, because of their active roles in this area.

According to [redacted], only whites are allowed to join the M19. If a minority approaches the M19, he (she) will be directed to a specific group, i.e., black movement, PR movement, chicano movement, etc., wherein the M19 has contacts. It is the purpose of the M19 to join forces with these minority movements to help win back those lands which these groups claim to be rightfully theirs. However, M19 believes in segregation of the various ethnic groups, but will combine with these groups if, in their eyes, there is a violation of human rights being committed.

[redacted] claims the M19 has membership in reserve and are prepared for the peoples war. M19 has discussed hitting (term, not further defined) the grand jury members, because these citizens are only augmenting their pay, and hitting the Terrorist Task Force.

M19 has invited other leftist groups to look at their (M19) intelligence files, maintained over several years, to reveal their active participation and support of the peoples war.

[redacted] has implied that two years ago, the M19 planted people in the Ku Klux Klan (KKK) and the FBI.

For information of the Bureau and receiving offices, during the period November, 1982, through February, 1983, over 400 postcards have been received by the Austin Resident Agency of the FBI, each addressed to "Greg Rampton, Director, FBI Austin Bureau, 300 East 8th St., Austin, Texas 78701", the postcards, a mail campaign against the FBI, allege the FBI is directing the KKK against the JBAKC and M19CO. Although the names are different the handwriting appears to be limited to a few persons on the majority of the cards.

SA 91A-5895

Also, the JBAKC put a full page ad in the Daily Texas, the student newspaper for the University of Texas at Austin, Texas (UTAT). The ad appeared on page 8 of the January 25, 1983 issue and names both Al Robinson (current SSRA) and Greg Rampton (former SSRA).

All sources utilized in this communication have furnished reliable information in the past.

OVERVIEW

The M19CO describes itself, in documents recovered as a result of an executed search warrant at 223 Prospect Avenue, East Orange, New Jersey, on October 21, 1981, as a Marxist-Leninist Group whose name and activities are dedicated to honor Ho Chi Minh and Malcolm X and M19CO is dedicated to follow their leadership. This search warrant, executed by the New Jersey State Police, was served at a known safehouse of Black Liberation Army (BLA) fugitive Marilyn Jean Buck following the armed robbery of a Brink's armored truck resulting in the murder of one Brink's guard and two police officers in Rockland County, New York, on October 20, 1981. This armed robbery was claimed by the Revolutionary Armed Task Force (RATF).

In a M19CO statement to the press, dated November 2, 1981; M19CO stated that they are committed to building a revolutionary movement that is part of the world-wide struggle to defeat United States imperialism. The M19CO resolves to fight alongside the Black liberation struggle, the Puerto Rican independence movement, the struggle of native American nations for sovereignty, the Mexican/Chicago people for liberation, and with oppressed peoples around the world.

In a meeting sponsored and led by the M19CO in New York City on April 7, 1983, an M19CO member, [REDACTED], addressed the meeting and stated the M19CO continues to support the BLA, the Republic of New Africa (RNA), the Fuerzas Armadas De Liberacion Nacional Puertorriquena (armed forces for Puerto Rican National Liberation) (FALN) and the persons incarcerated for the armed robbery and murders on October 20, 1981, in Rockland County, New York. The above meeting on April 7, 1983, was open to the public and attended by a Special Agent of the Newark Division.

As indicated above M19CO members are linked with known terrorist organizations such as the BLA, FALN, RNA, Weather Underground Organization (WUO), and the RATF. M19CO members have been involved in known incidents since 1978 in which violence occurred against both law enforcement officials and the general public.

In an article published in the Daily Texan, Austin, Texas on January 25, 1983, M19CO member Betty Anne Duke, states that the M19CO is building a revolutionay movement among white people that will never collaborate with the state and the M19CO is organizing White people within the empire (United States) committed to the developed of armed struggle to win the liberation of oppressed nations and to bring about socialism.

CHARACTERIZATIONS

The following are characterizations of certain of the groups mentioned in this document:

FALN

The FALN is an armed clandestine terrorist group that has either claimed or is accredited the responsibility for approximately 120 bombings/attempted bombings; five deaths, approximately 100 injuries, several million dollars of property damage and five armed assaults.

The FALN specifically demands, through comminques, the immediate and unconditional independence of Puerto Rico, the unconditional release of Puerto Rican "political prisoners" and the withdrawal of the United States Navy from Puerto Rico. It also opposes "Colonial elections" and the "illegal" use of the Grand Jury and expresses solidarity with other terrorist groups.

MLN

The Movimiento de Liberacion Puertorriquena (MLN) for the clandestine terrorist group, FALN, and advocates armed struggle against the United States in order to gain independence for Puerto Rico. The MLN sponsors many rallies, meetings and demonstrations in support of the FALN and distributes literature advocating independence. Numerous members of the MLN are also members of the clandestine FALN.

JBAKC

The John Brown Anti-Klan Committee (JBAKC) organization committed to building a movement to fight white supremacy in all its forms. By actively fighting white supremacy and building support for the Black

liberation struggle, white people can play a role in the defeat of fascism and white terror in this country. The national office of JBAKC has been verified to be in Chicago. The JBAKC grew out of a confrontation between members of the Klu Klux Klan and Communist Workers Party. On November 3, 1979, at Greensboro, North Carolina, during the confrontation a shoot out which occurred in which four members of the Communist Workers Party were killed. As a result of the activities on November 3, 1979, the JBAKC has been able to gain sympathy by being an anti-klan group. Many supporters are not aware of the JBAKC's leftist and/or communist leanings. The JBAKC in New York area appears to be a splinter group of the M19CO or at least numerous members have a dual membership. On August 20, 1982, a demonstration was held in front of 26 Federal Plaza, New York, New York, which houses the FBI, which was sponsored by the JBAKC. Protesters held plaques bearing photographs of the Deputy Assistant Director in Charge of the New York Office and New York City Police Department Chief of Operations, both of whom are in charge of the New York Joint Terrorist Task Force. On the same date, a poster of the Coalition to Defend the October 20th Freedom Fighters was posted in the area of the New York Office which bears a photograph of a witness in the NYROB matter. The poster reads, in part, "Traitor-Wanted Dead or Alive. Support the Black Liberation Army and the Revolutionary Armed Task Force." Also on the same date, the following words were found spray painted on a retaining wall of 26 Federal Plaza: "Death to Terrorist Task Force."

#### WUO

The WUO was formerly known as Weathermen and more recently known as the Revolutionary Committee of the WUO and Central Committee of the WUO. The WUO was formed in mid-1969 and the surface support group, PFOC was founded in mid-1975. The WUO was a violence-prone

DOMESTIC SECURITY

-----

organization dedicated to the overthrow of the United States Government through the use of terror and armed insurrection. The organization is responsible for a number of bombings designed to pressure the Government into modifying its direction. During 1977, at least one faction of the WUO became convinced that other forms of "Guerrilla" type activity, including assassinations, were necessary if their goals were to be achieved. These individuals commenced their program by procuring weapons and conducting training sessions in the proper use of same. The WUO regarded capitalism as the primary threat to the freedom of people and they looked at imperialism, which they felt to be a major aspect of capitalism, as a target which must be attacked. Imperialism was repeatedly mentioned in WUO bombing communiques. The WUO regarded the third world peoples as victims of imperialism and they sought to join them in their attempts to fight the United States. Included among this group were Puerto Ricans, "Chicanos" and American Indians.

PFOC

The Praire Fire Organizing Committee (PFOC) was founded as a "front" or "surface" group for the WUO. The PFOC was founded on the teachings of the WUO and has served as a conduit through which the philosophy of the WUO has been propagated. Several of the top leaders of the West Coast faction of the PFOC have been in direct, personal contact with underground WUO members. One of these individuals was actually occupying the dual function of being a PFOC leader and a clandestine WUO member at the same time. The organization came apart during its November, 1976, national convention and resulted in two factions, the West Coast-San Francisco-Bay area faction and the East Coast-New York area faction. This later faction has developed into the M19CO. The West Coast PFOC chapter

supported the revolutionary committee faction of the WUO and the East Coast faction supported the central committee faction of the WUO. The book, Prairie Fire was released by the WUO in mid-1974 and continues to be sold in "leftist" oriented bookstores across the country.

NEW MOVEMENT IN SOLIDARITY WITH  
PUERTO RICAN AND MEXICAN REVOLUTIONS

This organization appears to be made up of the same membership as the PFOC and at least in part, is directed by the MLN.

BLA

The BLA began in the New York-Metropolitan area in the late 1960's as a militant splinter group from the Black Panther Party (BPP). This terrorist oriented group advocated the overthrow of the United States Government by any means necessary, particularly through violent activities. The BLA termed the United States Government as a white oriented, racist, imperialistic Government that suppressed the rights and freedom of all Blacks and that the actions taken by the BLA were all part of an organized effort to free all Blacks from such dominance. The BLA singled out policement as being the symbols of United States dominance and suppression in minority neighborhoods and declared all police patrols in these areas must be targeted for elimination. Banks were also listed as symbols of the "establishment" and were likewise targeted by the BLA as a means of returning money to the appropriate individuals to whom it rightfully belonged, the Black community.

RNA

The Provisional Government of the Republic of New Afrika (RNA) is a violence-prone, black extremist

separatist organization founded in 1968. Its purpose is to establish an independent Black nation in five southern states, notably Alabama, Georgia, Louisiana, Mississippi and South Carolina. It has demanded that the United States Government pay all Black citizens \$10,000 in reparations for their ancestral slave labor. Addressing a gathering of representatives of various Black extremist and revolutionary groups on December 1 - 2, 1973, [REDACTED], also known as (aka) [REDACTED] of the RNA, stated that Blacks could not "win" without an armed struggle thus it is necessary to learn military tactics. He further stated these Blacks working above ground must arm themselves lightly and legally. Those in the underground army which currently exists, should be heavily armed and should deal with problems such as "police action". Investigation indicates that, although the RNA publishes in its literature that it attempts to accomplish the above by legal means, the RNA states "behind closed doors" that it will attempt to accomplish the above by any means necessary.

#### RATF

On October 20, 1981, one of the most significant domestic terrorist armed actions occurred in the United States in which several groups combined their members.

On this date, various individuals committed an armed robbery of a Brink's armored truck containing approximately \$1.6 million in funds of the Nanuet National Bank. During the course of the robbery, one Brink's guard was killed and another injured. Immediately after the robbery, a U-Haul truck identified by eye-witnesses as the vehicle used by the participants in escaping from the robbery, was stopped at a police road block in Nyack, New York. [REDACTED] and [REDACTED], both former WUO members, have been identified by eye-witnesses as the driver and passenger of the U-Haul

truck. [REDACTED], a former WUO member was also apprehended. At the road block, a number of Black males, identified as BLA and/or RNA members exited the U-Haul truck firing weapons, including automatic weapons, killing two police officers and injuring a third. One white female, Marilyn Jean Buck, identified as the only white female member of the BLA, escaped and remains a fugitive.

[REDACTED] has been identified as owning one vehicle and renting another vehicle used in the Brink's robbery and escape. [REDACTED] and Dr. Alan Berkman who were linked to the Mount Vernon "safe house" are believed to be members of the M19CO, a support group of the former WUO, FALN and RATF. [REDACTED] and Berkman treated fugitive Marilyn Jean Buck at the Mount Vernon "safe house" after she shot herself during the Nyack shoot out.

Subsequent investigation has developed additional suspects who collectively conspired to commit the Brink's robbery.

Subsequent investigation also located several "safe houses". Among evidence found under authority of search warrants were weapons, ammunition, disguises, false identification, bomb components, detailed diagrams of New York City Police Department Precincts, paramilitary training diets in firearms and defensive tactics, numerous radical and extremist publications, walkie-talkies, handcuffs, bullet-proof vests, and thousands of pages of FOIA documents pertaining to FBI investigation of these suspects.

On October 23, 1981, two Black members of the BLA were located in Queens, New York, who were participants in the Brink's robbery and an attempt to stop their vehicle by New York City Police Department

officers resulted in a chase. During the chase, the Black male occupants began firing at the pursuing officers, who returned fire, killing one of the black members. The other was apprehended.

Other participants who were involved in the Brink's armored car robbery fled the State of New York to Mississippi, Pennsylvania, Washington, D.C., and possibly California and other states, some of whom remain fugitives to date.

On November 5, 1981, a communique delivered to a New York City radio station stated that the October 20, 1981, Brink's robbery was the joint effort of black and white "combatants" in the BLA, Black Freedom Fighters and North American Anti-Imperialists which were "all members of the Revolutionary Armed Task Force (RATF)."

The information indicates the attempted robbery was part of a larger plan to commit crimes to accumulate millions of dollars.

[REDACTED], [REDACTED], [REDACTED] and Marilyn Jean Buck are all former WUO members who were involved in the Brink's armored truck robbery conspiracy. The groups involved in the conspiracy are the BLA, RNA, RATF, M19CO and its splinter group, the JBAKC, and possibly the FALN and its support group, the MLN.

explosive device consisting of dynamite and watch timer was  
successfully disarmed by police explosive technicians.  
Three police officers in the vicinity of two of the  
explosions were maimed and considerable property damage  
resulted from these four attacks. Demanding the liberation

One of the five explosive devices placed on December 31, 1982, by the FALN failed to detonate. The dynamite in this device was subsequently traced to the Bland Construction Company in Austin, Texas, which had been the victim of a theft of such explosives over the night of March 1-2, 1980. Also taken in this theft was a battery operated blasting machine used to detonate explosives. This machine was discovered in the search of the apartment of [REDACTED], a Negro male, date of birth [REDACTED], [REDACTED] New York, New York, on April 2, 1982. [REDACTED] was arrested on March 26, 1982, for conspiracy to commit bank robbery and is a part of the group involved in the ill-fated October 20, 1981, armored truck robbery in Nyack.

[REDACTED] has advised that he learned from [REDACTED] that it was an amalgamation of the M19CO, the BLA, and the FALN that was responsible for the escape from custody of leading FALN member [REDACTED]

On January 3, 1983, Newark Division, with consent of owner at [REDACTED], obtained numerous typewritten and printed documents previously in the possession of [REDACTED] and/or [REDACTED], which had been abandoned in the trash. Initial examination of these documents by Newark revealed they are position papers, pamphlets, and speeches concerning the independence of Puerto Rico, Anti-Klan activities of the M19CO and support for the BLA.

On January 4, 1983 - April 14, 1983, the Newark Division conducted periodic surveillances at [REDACTED], to locate and apprehend [REDACTED] with negative results.

SA [REDACTED] also advised that [REDACTED], [REDACTED], and [REDACTED] were present (confirmed by photograph identification) and they were accompanied by two young Black males who appeared to be associates of [REDACTED]. In this meeting an older Black male was introduced to the attendees by [REDACTED] as [REDACTED]. SA [REDACTED] further stated that during the meeting [REDACTED] was observed leaving the meeting hall several times. She was later observed by SA [REDACTED] making several telephone calls from a telephone on the second floor of the hall which was a bar.

SA [REDACTED] stated that also attending this meeting was [REDACTED] (confirmed by photograph identification) who was introduced as a speaker by [REDACTED]. Several Hispanic males and females accompanied [REDACTED] at this meeting.

SA [REDACTED] stated that the first speaker was [REDACTED] who advised the attendees that the RNA was supporting the prisoners arrested during their expropriation of funds from a Brink's armored car. [REDACTED] advised the RNA was continuing its struggle to recover stolen land from the United States Government, and the RNA also totally supported the five FALN prisoners recently convicted in federal Court. [REDACTED] advised the way to defeat United States imperialism was through unity of organizations such as organizations represented at this meeting. [REDACTED] also stated that groups fight against the United States must include stopping the Ku-Klux-Klan marches such as the march planned in Boston in May and he mentioned the successful anti-Klan actions recently taken in Austin, Texas. [REDACTED] reiterated that to defeat United States imperialism all the small cells must unite into one consolidated and dedicated front and to do that everyone at the meeting must work together, regardless of what organization they belonged.

The next item on the program was a play presented by the Clifford Glover Brigade (a children's revolutionary group) presented by using two adults, not identified, and five children. This play presented two of the children as the children of a Kennicott Corporation employee stationed in Puerto Rico, and explained through the play that Kennicott and other corporations were destroying Puerto Rico and the Caribbean countries by mining all of Puerto Rico's natural resources and polluting the environment. The play pointed out that by the year 2020 the United States will have destroyed Puerto Rico and this was what the United States called the 2020 Plan. These actors also stated the FALN was fighting this 2020 Plan of the United States.

The next speaker was [REDACTED] who advised attendees that she had been released from her federal incarceration for contempt of the Federal Grand Jury on April 6, 1983. [REDACTED] stated that the United States Marshals had verbally advised her and the United States Attorney had formally advised her in a letter that the Federal Bureau of Investigation (FBI) had inadvertently violated her rights by conducting handwriting comparisons. [REDACTED] advised that she was not imprisoned because [REDACTED] was used during the Brink's robbery but because she was a political activist. She advised her release was not truly a victory, but that grand jury resisters were winning because of her refusal to cooperate with the Federal Grand Jury. [REDACTED] further stated that her refusal to cooperate with the grand jury helped the freedom fighters! In his letter, the United States Attorney told her she was being released because it was obvious that further punishment of her was not fruitful. [REDACTED] stated the United States Marshals told her that three other persons incarcerated for contempt were also going to be released. [REDACTED] stated again that her incarceration was because she was claiming that people arrested after the Brink's robbery were her comrades. She urged support of the RNA and FALN through the M19CO. She discussed the

tactics of the government in their use of Racketeering Influenced and Corrupt Organizations (RICO) and the FBI's new domestic security guidelines. [REDACTED] advised that the traitor who is testifying for the government in the Brink's trial is one of the government's methods of repression and frame-up.

SA [REDACTED] further stated that the next speaker was [REDACTED] who advised that Puerto Rico had been a colony of the United States since the 1800's and that he and the groups he represented demanded independence for Puerto Rico. [REDACTED] praised [REDACTED] for her actions against the United States imperialism and also praised Samuel Smith as a fallen comrade. [REDACTED] stated that the so called FALN five are going to be sentenced soon, but not on April 8, 1983, for contempt of the Federal Grand Jury and that everyone could support them for their noncollaboration. [REDACTED] explained that the government's use of RICO prosecutions was being used against political groups and is a new tactic. [REDACTED] announced that the next speaker would be [REDACTED].

At this point SA [REDACTED] departed the meeting at approximately 10:35 p.m.

At approximately 11:45 p.m., SAs [REDACTED], [REDACTED], [REDACTED], and [REDACTED] observed numerous individuals leaving 85 East 4th Street and among the departees recognized the following:

The "FALN 5" or "MLN 5"

During much of 1982 a Federal Grand Jury in the Eastern District of New York made efforts to have the following five individuals testify concerning the FALN:

The January 8, 1983, edition of "Update" identified the five as the "MLN 5" because of their involvement in the MLN. During the year and in early 1983 the MLN staged repeated rallies in New York, Chicago, and other cities to express support for the five. The five individuals repeatedly refused to cooperate in any manner with the Federal Grand Jury and were eventually charged with Criminal Contempt of the Grand Jury. During early February, 1983, the five were tried before a jury for violation of Title 18, United States Code, Section 407, Criminal Contempt, in the Eastern District of New York. On February 16, 1983, all five individuals were found "Guilty as charged." Further, the jury recommended that a "serious sentence" be imposed on the five. United States District Court Judge Charles Sifton set on or about May 15, 1983, as the date for sentencing and the five were released on bond. It should be noted that [REDACTED] was the "legal adviser" to [REDACTED], who represented himself during this trial.

#### INVESTIGATIVE ANALYSIS

Investigation conducted by Newark to date strongly suggests that the John Brown Anti-Klan Committee (JBAKC) is a front group or is identical to the M19CO. Both Newark and Chicago, who is office of origin for JBAKC, continues investigation to clarify the relationship between these groups.

As previously stated by numerous offices, primarily Newark, New York, Chicago, San Antonio, and Jackson, investigation regarding the M19CO continues to reflect that the M19CO, JBAKC, FALN, BLA, RNA, RATF, MLN; all are

NK 100A-57410

closely supporting each other including participating in joint criminal operations. Investigation of these groups also reflects that they are actively involved in assisting Fugitive [redacted]; Fugitive [redacted]; Fugitive [redacted]; Fugitive [redacted]; Fugitive Marilyn Jean Buck, IO 4893; and several other fugitives connected to one or more of the above groups.

CG 91A-14180

Chicago is of the belief that the M19CO/JBAKC and certain related white and black groups and individuals are so dedicated to their causes that they will resort to terrorist actions to advance their philosophy. Chicago suspects that at least some, if not all, of the aforementioned bombings were staged by these people, although Chicago has no evidence or specific information to support this viewpoint. Chicago suspects there is a white-black "underground" functioning in the U.S. in such areas as Chicago, New York-New Jersey, and on the West Coast, and that many of the functionaries in this "underground" are in fact the "surface" people who are frequent participants in rallies and demonstrations in support of various radical causes. Chicago also believes that penetration of this "underground" either through a source or through a CHIFAL type operation will lead to the solution of at least some of the aforementioned bombings.

Chicago is not in a position to comment specifically on any of the aforementioned bombings insofar as Chicago has not received copies of investigative reports, Laboratory reports, or communiques developed in these cases. From what Chicago knows about the targets of these bombings, they would certainly appear to be of the type that the M19CO/JBAKC or the old Weather Underground Organization (WUO) would attack.

While not able to comment on the specific aforementioned bombings, Chicago can make the following observations about bombings done by the old WUO:

WUO explosive devices were usually placed inside target buildings in a manner that showed some preparation (i.e. hidden behind walls or in ceilings). The WUO usually afforded targets telephonic warning shortly before the device detonated. WUO devices usually functioned as intended (OAKBOM being a rare exception, and even then the device exploded during a de-arming effort.) The WUO usually left a communique in conjunction with an attack. Although it was customary for the WUO to utilize their own name when claiming credit for an attack, the group occasionally did use other names, including the Quarter Moon Tribe, the Proud Eagle Tribe, and the Perfect Park Home Grown Garden Society. WUO explosive devices were almost always placed in such a manner as to do noticeable damage, while not injuring anyone. The rare exception was the unclaimed bombing of the Golden Gate Police Station in San Francisco, California, on 2/16/70, in which one police officer was killed.

CG 91A-14180

The investigation of the WUO during the late 1960s and the 1970s showed a close relationship between that group and certain leftist oriented attorneys, including [redacted], [redacted], and [redacted]. Evidence was developed to suggest that these attorneys and others took more than a lawyer-client interest in the terrorist activities of the WUO. Indeed, some like [redacted] appeared to be functioning as part of the WUO underground, and [redacted] was a member of the Prairie Fire Organizing Committee (PFOC), which was the surface support group for the WUO. WUO leader [redacted] is an attorney. For this reason Chicago would suspect that these attorneys and others including [redacted] are functioning as something more than lawyers for the M19CO/JBAKC at the present time.

Chicago Agent personnel assigned to terrorist investigations are presently devoting their fullest efforts to the CHIFAL case (Major Case 46). When this investigation is brought to a logical conclusion, Chicago is giving strong consideration to instituting an effort to penetrate the M19CO/JBAKC "underground" through a CHIFAL type approach. Chicago believes that [redacted] can be used in the same manner as [redacted] was used in supplying the target through which the penetration can be made.

ALL MEMBERS OF THE M19CO ARE CONSIDERED ARMED AND DANGEROUS AS THEY HAVE PARTICIPATED IN ARMED ROBBERIES AND ARE SUSPECTS IN A NUMBER OF BOMBINGS IN THE U.S. NYROB SUBJECTS ARE ARMED AND EXTREMELY DANGEROUS.

2. Sectarianism: There was a lot of unity in the organization with the position fiercely struggled out by the previous NC that M19 was exceptional because we had the only truly revolutionary strategy and practice, particularly related to our special relationship with the NAACP - the ticket to revolution. We also saw ourselves as the defenders of the NAACP, an encroachment by other white organizations who could only be opportunist and white supremacist since they did not have the relationship that we had to that struggle. This was historically the root of our sectarianism towards PFDC, because we fiercely believed that we represented the only correct rectification of the WUD line. This was stated by us in a forum in Chicago last fall which basically said that Oct 20th represented the final rectification of the HTC line and was the revolutionary strategy for white people to fight under the leadership of the BLA. We did not believe that PFDC could have honest intentions to building solidarity with the NAACP because of a deep belief that they were fundamentally opportunist. They raised criticisms of Oct 20th

from the beginning which were politically valid. The BLA struggled that this just revealed that they didn't support the BLA or NAACP fighters unconditionally and would not build solidarity on a correct basis. Over the past few months we struggled that if we were serious revolutionaries with a commitment to advancing the overall struggle and not a small organization, that we had to struggle to build more unity with forces closest to us, and not make the political differences defining in preventing a process of building more unity through struggle. We believe that this needs to be a principled process of ideological struggle and areas of joint practice to determine our real political differences and points of unity. We evaluate at this time, that this direction is correct. The over-all anti-imperialist struggle has been advanced by this relationship of relationship of struggle and not set-back. A report on the California struggle will follow.

These more internal struggles have strengthened us, we are facing the difficult question of how we begin to develop our role as communists in the world more, reflecting our changed strategic conception. Following these

1. Transformation: we have only taken baby steps in improving structure and developing networks of political support for our organization with a clandestine mentality. Within the next few weeks the collectives need to develop meeting places within apartments and storage places within apartments. This is a real struggle to accomplish on winning people to do this out of political support, not "stories".

2. Relationship to occupied Mexico: We believe that it is a real struggle by building a strategic relationship as M19 to the Mexican revolutionaries and someone to build within the occupied territory. The MLN has proposed that we build and someone to build the NM in Austin or El Paso. The NC will have a concrete proposal in the near future

3. Ideological development: It is very positive that intense study has begun, and that the study groups have also begun nationally. We are trying to address what will be the most advancing study to do after Politzer provides a more fundamental methodology to continue. We are very weak in political economy and in an understanding of socialism as a system. We had proposed starting with "To Be Done" when will try to develop a study on Anti-Dühring with M19 of weaknesses. We need to continue consistent strategic discussion of the struggle itself.

[REDACTED] at [REDACTED] on 5/6/83. This document originally consisted of several torn pieces of paper, and when placed together, it is apparent that some portions are still missing. The original document appeared to be a 8½" x 11" type written page reflecting M19CO's position on various matters.

For the information of the Bureau and all offices, AUSA, Federal District of New Jersey, has previously concurred that the owner of trash left on the street for subsequent pickup has no privacy interest in this property and this abandoned property is legally obtained.

As indicated in referenced Newark teletype the Newark and New York Division continues an expeditious investigation regarding M19CO and its possible involvement in a series of bombings throughout the United States, the most recent of which occurred in New York City on 5/13/83. Referenced Newark teletype provides listing of these bombings.

All offices are requested to comment on NYO/NK analysis set forth in referenced teletype that the M19CO/JBAKC, primarily made up of former members of the Weather Underground Organization and former supporters of the Weather Underground Organization, are now conducting bombings in the United States and claiming credit for these bombings in the names of various different groups in order to confuse the FBI's investigation.

Date of transcription 6/27/83

Based upon a report from William Adams, Chief of Detectives, Federal Protective Service, on June 21, 1983, that a poster bearing the words, "Know Your Enemy: Stop the FBI Terrorist Task Force" and which also bore photographs of FBI Agents was posted at the Park Street Station (Subway Station) exit, Boston, Massachusetts, and most probably more were posted at other locations throughout Boston, communication was established with SA [redacted], FBI, New York. As a result of this conversation, it was decided that posters, as described above, found in the Boston area would be retrieved, intact as much as possible, for fingerprint comparison purposes.

b6  
b7C

A poster, described as above, was located on a traffic signal masterbox in front of 294 Washington Street, the intersection of School Street and Washington Street, Boston, Massachusetts. This poster was photographed intact and then removed.

Another poster, described as above, was located on another traffic signal masterbox in front of 6 Tremont Street, the intersection of State Street and Tremont Street, Boston, Massachusetts.

The two (2) posters which were retrieved were packaged and submitted to the New York Office, FBI.

Enclosed for New York are the original and one (1) copy of FD-302 of SA [redacted] and SA [redacted]; five (5) photographs of a poster just prior to its removal; and, under separate cover, two (2) peeled posters.

As reported in retel, the posters bearing photographs of Buagents and New York City Police appeared in the Boston area on June 21, 1983. Although several Boston sightings and locations of these posters were reported, most had been removed prior to FBI retrieval; however, two posters were removed as indicated in enclosed FD-302.

Per discussion in retelcall, Boston is submitting the recovered posters to New York for further submission and inclusion with any New York recovered posters to FBI Laboratory for latent fingerprint comparison purposes with those known members of captioned organization and their affiliates.

Enclosed for FBI lab is one communique.

On 7/16/83 at approximately 1:00 am, Newark agents conducted "trash run" on garbage belonging to Madame Binh Printing Collective (MBTC), 665 Newark Ave., Jersey City, NJ. MBTC is printing press for May 19 Communist Organization (M19CO). Trash is put out by building superintendent on public sidewalk. AUSA [redacted] District of New Jersey, cognizant of MBTC and advised trash is abandoned and can be obtained.

Communique mentions 5/11/83 bombings of U.S. Army Reserve Center, Hempstead, NY, and U.S. Navy Reserve Center, Queens, NY.

Communique "Peoples" struggle in El Salvador against the United States and the victory in Nicaragua in riding U.S. support there.

## U.S. OUT OF EL SALVADOR

## HANDS OFF NICARAGUA

On May 11, 1983 the United Freedom Front bombed the 7th Army Logistics Command Center, (800th Military Police Group), Camp Lejeune, North Carolina, U.S. Naval Militia Base, (Naval Reserve Center), Whitesboro, Queens, N.Y.

The People of El Salvador have been struggling against a vicious dictatorship and living under conditions of economic exploitation, political repression, starvation, and human suffering, for generations. While in Nicaragua, where the people after a long hard fight were able to get rid of the U.S. government supported dictatorship, Reagan is now arming and paying for a mercenary force to try and overthrow the popular Sandinista government.

With this action we attack the U.S. imperialist military machine, a machine which has pumped hundreds of millions of dollars in military aid to prop up a military dictatorship, which is in opposition to a just and popular movement of the People of El Salvador.

The military rulers of El Salvador are outright fascists who rape, torture, mutilate, dehumanize and massacre tens of thousands of Campesinos and other civilians.

Once again a president, Reagan in this case, has lied to the American People to try to gain support for yet another bloody war. These lies will not cover the truth and reality of the People of El Salvador, nor will it stop their fight for freedom.

In an economy based in agriculture, where the overwhelming majority of the land is owned by few rich families, (the oligarchy), 70% of the children under five years of age are malnourished, the infant mortality rate is criminally high and unemployment and illiteracy are rampant.

Rather than alleviating any of these conditions, U.S involvement has only served to maintain this barbaric system.

The majority of the People of El Salvador are in, or support the Revolutionary organizations, Farabundo Marti Front for National Liberation, (FMLN), and the Democratic Revolutionary Front, (FDR). We recognize the Revolutionary leadership of the FMLN/FDR and support the People's right to self-determination and certain victory against the military dictatorship of El Salvador and U.S. imperialism.

"The time for Revolution has arrived. The time for liberation has come. The definite victory is in the hands of this heroic and courageous People who for so many years have shed their blood to obtain the right to be free, to enjoy democracy, real independence, social progress, sovereignty and self-determination."

From : SA [redacted] (JTF-2)

Subject : M-19CO;  
RICO - TERRORISM;  
SEDITION; EID  
(OO:NY)

Date 8/30/83

The following plan of action is recommended in addition to and to augment the plan already underway in the FALN investigation.

There is substantial evidence that members of the M19CO are responsible for the recent bombings in NY and WDC, claimed variously by the United Freedom Front, the Armed Resistance Unit and the Revolutionary Fighting Group. Members of the M19CO have been directly and indirectly involved in NYROB and there is strong evidence to indicate direct ties between M19CO and the FALN.

The following are but a few examples of the inter-relationships between the groups:

1. [redacted] M19CO leader [redacted] has been identified [redacted]. [redacted] fingerprints are in known NYROB safehouses.

2. [redacted] was identified in the company of NYROB fugitive MARILYN BUCK [redacted].

3. The FALN safe van (observed being driven by [redacted] at safehouse) was purchased by two white Anglo females.

4. [redacted]'s fingerprints are on the FALN "Stockbom communique". [redacted] is a current M19CO/JBAKC leader [redacted]

5. [redacted]'s fingerprints are on a copy of the "Stockbom communique". [redacted] is a NY leader in the M19CO and is very close to the black and Puerto Rican movements.

NY 183G-3072

6. The dynamite used in EVEBOM was stolen from Austin, Texas, as was a blasting machine which was recovered in NYROB subject [redacted]'s apartment.

7. The 9mm Browning automatic recovered in Nyack on 8/5/83, was purchased in Austin, Texas and several other guns in the NYROB case also had their origins in Texas.

8. [redacted]'s roommate in Austin in M19CO co-leader [redacted]. [redacted] was just ordered by the M19CO Central Committee to move back to NY "to handle things on a national level".

9. [redacted] has been observed in El Paso, Texas with [redacted]. [redacted] Also, his fingerprints are on the dynamite wrapper in the Chicago FALN safehouse.

10. [redacted] is in constant telephone contact with [redacted] and convicted FALN member [redacted], as well as various M19CO/JBAKC and PFOC leaders around the country.

11. [redacted] purchased two boxes of 9mm ammunition at Oshman's in Houston, Texas. An empty box of 9mm ammunition with Oshman's tag was recovered in the NYROB Mount Vernon safehouse.

12. [redacted] often travels to NY and resides with [redacted], [redacted], used extensively by M19CO/JBAKC/New Movement (NM).

13. [redacted], [redacted], [redacted], [redacted], ALAN BERKMAN, etc. are very close associates, since the 1960's, through the Weatherman, PFOC, M19CO, JBAKC and the NM.

14. [redacted] and [redacted] are [redacted].

15. [redacted], from all indications, is in the NY area and the probability of [redacted], [redacted], [redacted] and [redacted] being in contact is extremely great, as well as contact with NYROB fugitives BERKMAN, [redacted] and BUCK.

NY 183G-3072

16. [redacted] was a part of the former "Weather Underground". He is known to train others in bomb making and, in particular, a device which [redacted] instructed a UCPO in making has been determined by the laboratory to be identical to evidence recovered in recent bombings.

INVESTIGATIVE PLAN

1. It is recommended that a plant be established overlooking the residence of [redacted]. This residence is also frequented by all other M19CO/JBAKC/NM members for meetings and social gatherings. It is also believed that documents relating to these groups are maintained at this location.
2. It is also recommended that a pen register and mail cover be instituted at [redacted].
3. Further, it is known that M19CO members utilize the bank of phone booths on the [redacted]. Should the plant establish this pattern of activity, a recommendation for pen register coverage on these public phones will be forthcoming.
4. Upon establishing patterns of activity in and out of [redacted], recommendation for moving surveillance and target selection will be made.
5. It is recommended that surveillance be conducted on [redacted], emanating out of his residence at [redacted], for a minimum of two weeks, for evaluation.
6. Also recommended, is a pen register and mail cover be instituted on [redacted] for [redacted].
7. That NYCPD UCPO's be targetted toward above individuals with greater intensity toward developing probable cause of a Title III.
8. It is recommended that Title III application now in the preparation stage be applied, based upon above investigative steps.

This is a full Domestic Security investigation authorized May 24, 1983 to expire November 23, 1983.

Mr. [redacted] (phonetic) (protect) [redacted] [redacted], New York police officer advised on August 4, 1983 that an individual believed to be [redacted] entered the offices of the "New Paltz Times Herald" a few days prior to August 4, 1983 and requested a copy of the "Almanac" which is published by the "Times Herald" once a year and which had been published for 1983 approximately two months earlier. The individual [redacted] spoke to was [redacted]'s wife who is an employee of the "Times Herald" and whose suspicions were aroused because [redacted]'s dress and manner. When asked what specifically [redacted] was interested in from the Almanac, [redacted] responded she was interested in the portion of the Almanac which deals with "protection" (police and fire agencies) for every community in the New York State Counties of Ulster, Sullivan and Orange. As there was no legitimate reason not to furnish [redacted] this Almanac, [redacted] was given the Almanac and departed.

X

It is noted this Almanac, published annually, sets forth detailed information concerning communities in the counties mentioned directly above. As noted, one of the areas covered is protection which details the name of the police chief and the number of police officers for every community in the Counties of Orange, Sullivan and Ulster.

A photograph of [redacted] was shown to Mrs. [redacted] on August 4 who confirmed that the individual requesting the "Times Herald" Almanac was in fact [redacted] of the New Paltz, New York Chapter of the John Brown Anti-Klan Committee (JBAKC).

Albany feels it is significant that [redacted], with her affiliation with the John Brown Anti-Klan Committee and related radical organizations, obtained a copy of the "Times Herald" Almanac and specifically her interest in the protection agencies as set forth in the Almanac. Such information is certainly of value to radical organizations for intelligence purposes, however it is possible that the John Brown Anti-Klan Committee or a related radical organization may be planning some type of violent, illegal activity based on intelligence obtained from the Almanac concerning the degree of law enforcement provided in various communities in this three county area. The information set forth above is being furnished the Bureau and Chicago for information purposes and New York for information and any action New York deems appropriate in Orange and Sullivan Counties which are handled out of the New York Division.

Albany intends to furnish a brief letterhead memorandum to police departments in Ulster County briefly explaining the background of the JBAKC, [redacted]'s interest in the "Times Herald" Almanac, and a photograph of [redacted] to alert these police departments to the interest of the JBAKC and the law enforcement agencies in the three counties mentioned in this communication.

Investigation at Philadelphia determined that the People's Fund was incorporated December 7, 1970, as a non-profit corporation. The Chief Executive is one [redacted] who heads a steering committee which makes all decisions. [redacted] was born in 1949. She formed the Bread and Roses Community Fund, Philadelphia, PA, in 1976 to present. From 1971 to 1976, she was a Philadelphia School District teacher. The People's Fund shares space with Bread and Roses Community Fund. This organization makes grants to tax exempt organizations. The employees of Bread and Roses Community Fund help out when needed at the People's Fund; however, they are not on their payroll.

The People's Fund makes grants to community based social change organizations once a year. Contributions are from individuals to the Fund. X

Indices re [redacted] show reference to Vietnam Peace Movement dated early 1970's and reference to the James Larkin Club-IRC, Philadelphia file 97-324-81.

In view of the fact that the M19CO is a support group which has ties to the WUC/PFOC, Philadelphia will continue to investigate the People's Fund. If Philadelphia uncovers any information indicating support of any group or fugitives which the Bureau is investigating, Philadelphia will notify interested offices immediately.

HISTORY

On July 27, 1971, CG T-1, who has furnished reliable information in the past, advised that the Sojourner Truth Communist Collective was founded approximately in December, 1969, by Noel Ignatin. At that time they printed a publication called "The Insurgent Worker" under the name Sojourners Truth Organization (STO).

On May 19, 1969, CG T-2, who has furnished reliable information in the past, advised that [redacted] [redacted], was the communications secretary of the Young Lords Party (YLP) at that time.

The Young Lords Party originally was a Chicago street gang comprised mainly of Hispanics of Puerto Rican extraction, named Young Lords Organization (YLO). [redacted]

[redacted] This led to a more rigid structuring of the group and participation in activities designed to draw attention to what were held forth as political issues in the community. One of the stated goals of the YLO was "to fight for the independence of Puerto Rico and liberate Boricuas (Puerto Ricans) here in the United States from the oppression we suffer." This same goal was stated as the position of the YLP, however, the YLP saw itself as a "revolutionary Political Party," rather than a gang.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

FBI/DOJ

STO

The YLP developed chapters in New York and Philadelphia, however, these eventually factionalized and split. During its brief life in Chicago the YLP developed relations with the Students for a Democratic Society (SDS) and Black Panther Party (BPP). By early 1971 the Young Lords virtually did not exist in Chicago. The YLP in New York eventually spawned the Puerto Rican Revolutionary Workers Organization.

On September 2, 1971, CG T-3, a person in a position to know, advised that Post Office Box 8493 in Chicago was utilized by the STO since December 9, 1970, when it was subscribed to by

Through a review of the records of the Chicago Division FBI, it was determined that by communication dated October 22, 1972, it was reported that CG T-4, who has furnished reliable information in the past, had advised that a number of Puerto Rican individuals had belonged to the STO but to his knowledge all but one had resigned.

The records of the Chicago Division FBI also reflect by communication dated December 6, 1973, CG T-5, who has furnished reliable information in the past, characterized the STO at that time as engaging in organizing factory workers for the establishment of anti-union caucuses. He further characterized its political doctrine as Marxist-Leninist with a pro-Chinese communist emphasis.

On May 3, 1974, CG T-6, who has furnished reliable information in the past, provided the Chicago Division FBI with a document of the STO captioned "Causes, History and Lessons of the Split in STO." This appears to be a position paper of the STO regarding the resignation of ten members from the organization. This document offers some insight into the structure of the STO in that it describes the Executive (committee) as being composed of one representative plus three at-large members from each branch of STO, branches being segregated geographically. The executive is criticized in this document for not being more assertive with the branches. The document further describes the work of the branches as being "responsible for conducting day to day activities and organizing the mass work" and "each of the branches has a major area of concentration,

STO

even though a majority of the cadre may work away from the concentration." Branch executives (committees) also existed, "composed of the most dominant cadre, with less experienced cadre filling out the positions."

In referring to a document called "Crisis in STO" which was produced by the ten dissatisfied members who quit the organization, the document at hand quotes "Crisis in STO" as stating that the STO "simply does not exist as a communist-organization." In defense of this statement, the document at hand states, "So since the broad masses of workers are mainly interested in immediate gains, workers will always want trade unions. Consequently, the type of organization that communists (sic) should try to build, shouldn't try to substitute the trade unions in their functions, but act on a different level.

"The main task that derives from this conception is that communists should try to link the spontaneous struggles that workers wage for their immediate interests to the development of a revolutionary workers movement thru

"(1) At the mass level, trying to bring socialist consciousness to the workers thru agitation, propaganda, forums, etc.

"(2) At the same time there are workers that are willing to fight for interests that are not immediate. So at the vanguard level communists should try to develop ideologically the most advanced militants so they would agree with the 'right line' (study groups, etc.) and they try to put these militants in positions of leadership so as to be able to get the workers to act according with that line."

In terms of visible political activity on the part of the STO, review of the files of the Chicago Division FBI reflects that the STO as an organization was very active in the Vietnam Veterans Against the War/Winter Soldier Organization (VVAW/WSO). They were also active in the Hard Times Conference held in Chicago in 1976, [redacted] were staffers for the Hard Times Conference handling contacts for the black groups and labor groups, respectively, in the Chicago area, soliciting their attendance to the conference. It is noted that some of the planning conferences for the Hard Times Conference were held at the Puerto Rican High School, 1520 North Claremont, Chicago [redacted]. It is

b6  
b7C

STO

noted that the records of the Chicago Division FBI reflect that in 1976 the Puerto Rican High School, Chicago headquarters of the Movimiento de Liberacion Nacional (MLN), operated by [redacted], was located at 1520 North Claremont, Chicago.

The Movimiento de Liberacion Nacional, which group is commonly known as the MLN, is a Puerto Rican independence oriented group that advocates the use of armed struggle to liberate Puerto Rico from United States control. The MLN sponsors many rallies, meetings, and demonstrations in support of Puerto Rican independence and of the FALN and distributes literature advocating independence. The group operates a facility at 1671 North Claremont Avenue, Chicago, in which is housed the Borinquena Cultural Center, the Rafael Cancel Miranda (Puerto Rican) High School, and a day care center, all of which are run by the MLN.

[redacted] has identified the MLN as a "front group" for the Fuerzas Armadas de Liberacion Nacional Puertorriquena (FALN) (Armed Forces for the National Liberation of Puerto Rico), [redacted], as well as some of its members as being members of the FALN.

[redacted] has also stated that the facility at 1671 North Claremont, known both as the Puerto Rican High School and the Puerto Rican Cultural Center, was established by the FALN. Further, [redacted] has advised that a group calling itself the National Committee to Free Puerto Rican Prisoners of War is a front of the MLN and FALN although not all members of this group are members of either of these groups. [redacted] has indicated, however, that the political direction of this group is controlled by the MLN-FALN and that nothing appears in their "Libertad" and "Update" publications that has not been approved by the FALN. "Libertad" was edited by FALN member [redacted]

[redacted]. He was succeeded by [redacted]

STO

In 1976 the STO was reported to be engaged in organizing demonstrations to stop the Federal Grand Jury investigation of the activities of the FALN.

FALN

The FALN is a clandestine organization composed of individuals who have dedicated themselves to "liberating Puerto Rico from United States control." The group's members claim that armed struggle is the only vehicle through which independence can be achieved. The group's members also seek the release of convicted felons and the removal of all United States military installations from the Island of Puerto Rico. Unlike other independence groups that engage in violent actions on the Island of Puerto Rico itself, the FALN has elected to stage its violent actions within the continental United States. The FALN is responsible for over 130 bombing and incendiary attacks, armed takeovers and a series of armed robberies.

The Chicago Division FBI investigation of the STO was terminated in 1976. During the course of that investigation the following persons were identified as being or having been members or active participants in the STO from the time of its inception until termination of the investigation.

b6  
b7C

In addition to the above, a great number of other persons were identified as being active in activities of the STO, but not necessarily being members. It appears that this is the result of STO's involvement with a number of other organizations.

STO

In 1979 a booklet entitled "Towards a People's War for Independence and Socialism in Puerto Rico: In Defense of Armed Struggle" was published. This document is self-described as "Documents and Communiques from the Revolutionary Public Independence Movement and the Armed Clandestine Movement." It is in fact a collection of speeches of Juan Corretjer of the Liga Socialista Puertorriquena (Puerto Rican Socialist League) and reprints of the communiques of a number of Puerto Rican terrorist groups, including the FALN, in which they claim credit for various terrorist acts. The inner jacket of this document contains the following statement:

"This book is produced and distributed in solidarity with the struggle of the Puerto Rican nation for Independence and Socialism; under the leadership and with the guidance of the Movimiento de Liberacion Nacional; by the following organizations which form an interim committee building a National, Revolutionary Anti-Imperialist Organization in Solidarity with the Puerto Rican Independence Movement:

Committee in Solidarity with Puerto  
Rican Independence  
May 19th Communist Organization  
October 30th Committee  
Prairie Fire Organizing Committee  
Sojourner Truth Organization

On approximately November 6, 1981, the Evanston, Illinois Police Department was contacted by a city sanitation worker who advised that during the course of normal trash pickup he had become aware of a good deal of radical literature

being disposed of from the residence of [redacted]  
[redacted] Evanston. An officer of the Evanston Police Department responded to this call and subsequently recovered a number of documents pertaining to the STO. Among the documents was the following:

The agenda for a meeting of the STO to be held September 12, 1976, at [redacted] This document indicates that the executive committee of the Chicago branch has met and will submit work proposals. Some assignments are suggested for certain personnel to work with various organizations. The personnel are identified only by first name, and the names of organizations include the Southern African Committee, El Coqui, and the PRSC (believed to be identical to the Puerto Rican Solidarity Committee).

Two letters concerning a strike at Chicago Shortening Company, one of which is dated January 15, 1979, and is signed [redacted].

[redacted]  
[redacted]  
[redacted]  
[redacted] STO had been closely associated with the radical Puerto Rican movement for a number of years [redacted]. Some STO members had been involved in the activities of the MLN and [redacted] characterized them as vocal supporters of the armed struggle for Puerto Rican independence.

[redacted] advised that [redacted] members of the MLN [redacted] were encouraged to participate in marches in support of striking workers at a lard factory on Chicago's south side. The strike had been organized by an STO

STO

member named [redacted] (phonetic). [redacted] along with other MLN members including [redacted] participated in marches at the factory. [redacted]

CURRENT INFORMATION CONCERNING  
STO AND ITS MEMBERSHIP

On March 25, 1983, CG T-7, who has furnished reliable information in the past, advised that [redacted]

[redacted] was having a number of flyers printed for the MLN at C & D Printing, Chicago. [redacted]

The source characterized C & D as being a printer for various "leftist" organizations in Chicago. Source characterized [redacted] as an employee of the [redacted], who functions as the [redacted] for the building, and hence virutally lives there. [redacted] does a great deal of printing for the MLN at C & D Printing.

[redacted]

During the period January through March, 1982, CG T-7 advised that [redacted], a member of the MLN [redacted], met with students and other employees of [redacted] and gave detailed instructional discourses in the construction of pipe bombs and incendiary devices. [redacted]

[redacted]

In July, 1982, the Explosives Unit, FBI Laboratory, advised that they had identified the flammable component in a pipe bomb recovered [redacted] at [redacted].

[redacted]

In March, 1983, during the course of an investigation into the activities of the Puerto Rican terrorist organization FALN, it was determined that members of the FALN planned to effect the escape of [redacted] from [redacted]. Acting in this conspiracy were [redacted] an unknown male from Puerto Rico known only as [redacted] and others unknown.

STO

[redacted]

[redacted] is the wife of [redacted],

[redacted]. [redacted] has long been active with her husband in the MLN [redacted]

During the course of the investigation of [redacted] and [redacted], [redacted] was observed making what appeared to be clandestine type contacts with [redacted] of the MLN in Chicago.

Both [redacted] and [redacted] were arrested in [redacted] [redacted], on charges of [redacted]

Both currently remain in custody awaiting trial.

The three individuals named above [redacted], [redacted] and [redacted] travelled to the [redacted] area carrying weapons, disguise paraphernalia, and bulletproof vests, and were observed in the area of [redacted] on [redacted], apparently awaiting the arrival of [redacted] so the escape could be effected. [redacted]

[redacted] Upon aborting their plan, the three along with others in their company who remain unidentified were followed by Chicago task force agents as they departed the [redacted] area and returned to [redacted]. Three vehicles were observed being used by the subjects while in the [redacted] area, one of which was subsequently determined to have been rented at [redacted] by [redacted]. While surveillance of two of the vehicles was lost between [redacted] and [redacted], the surveillance did follow [redacted] into [redacted] and subsequently observed him enter a building located at [redacted].

Although [redacted] was not observed during the course of the surveillance at [redacted], it was subsequently determined that she had rented the vehicle which had been observed there in her own name. The vehicle was rented by her on [redacted], utilizing \$200 cash as a deposit, and was returned during the evening of [redacted], by leaving the vehicle with keys at the rental office. On the morning of [redacted], [redacted] called the agency and advised that rather than picking up the deposit she would be back to rent a vehicle in the near future. It is noted that in an intercepted conversation between [redacted] and [redacted] in

STO

b7D

which they are planning the escape attempt, they refer to renting something if necessary and utilizing two hundred (presumably dollars) for deposit due to the lack of credit. It is clear from this conversation that the item being referred to is to be used in the escape attempt.

Regarding the background of [redacted] it is noted that in literature promoting a demonstration at [redacted] in support of [redacted], sponsored in part by the MLN, [redacted], husband of [redacted], was listed as the [redacted] area contact for details regarding the demonstration.

A review of the records of the Chicago Division FBI disclosed that [redacted] were the addressees of a package mailed by [redacted] of Chicago in late 1978. [redacted] simultaneously mailed a package to [redacted] Jackson, Mississippi.

Through investigation conducted by the Kansas City Division FBI it was determined that [redacted] had [redacted] thereafter departed the Kansas City area. It was further determined that [redacted], who had listed an address of [redacted], [redacted], on the rental agreement for the vehicle, had moved from that address [redacted].

Although the vehicle rented by [redacted] was subsequently rented to other parties, on [redacted], the Kansas City Division FBI located the vehicle and conducted a consensual search of it. Found in the trunk of the vehicle was a man's wig which appeared identical to wigs worn by [redacted] and the unknown subject male [redacted] when they were observed at [redacted].

Through investigation conducted at Kansas City, Kansas, by the FBI it was determined that [redacted], was rented on [redacted], by a female utilizing the name [redacted]. Information provided by [redacted] on the application for rental was subsequently determined to be entirely bogus. Upon renting the apartment [redacted] paid \$75 deposit and \$150 for one half month's rent, utilizing travellers checks. She indicated at that time that the April rent would be paid by mail. On April [redacted], the manager of the apartments received the rent for April in the form of three money orders, \$80 each, which together totalled the rent due.

STO

[redacted], photographs of [redacted] taken during the course of the surveillance at [redacted] [redacted] were displayed to the rental agent of [redacted]. The rental agent positively identified [redacted] as the female who rented apartment [redacted] under the name [redacted]. The manager advised that [redacted] had not been seen since the time she rented the apartment.

Through subsequent investigation conducted both at Chicago and Kansas City by the FBI, it was determined that the three money orders utilized to pay the rent on apartment [redacted] [redacted], were drawn on the [redacted] against the checking account of [redacted] on [redacted]. A review of [redacted]'s bank records further reflects that on [redacted], [redacted] made a deposit of \$240 (the total amount of the rent) in the form of a check from C & D Printing, Chicago.

Through examination of the Identification Division of the FBI it was subsequently determined that the fingerprint of [redacted] appeared on one of the three money orders used to pay the rent.

It is noted that [redacted]'s bank records also reflect transactions between his account and the STO, [redacted], [redacted], and numerous other transactions with C & D Printing.

A review of the bank records of C & D Printing reflect a deposit to that account in the amount of \$200 from the Puerto Rican High School, 1671 North Claremont, Chicago, on March 20, 1983. The records also reflect a number of checks issued to [redacted], as well as [redacted], [redacted], [redacted], [redacted], and the STO.

On April 28, 1983, the Kansas City Division FBI conducted a court authorized search of apartment [redacted] [redacted] Kansas. Among the various items found in the apartment were the following:

A collapsible men's rain hat and roll of duct tape, both of which appear identical to those items carried by the unknown subject male [redacted] who was with [redacted] and [redacted] at [redacted].

STO

A pair of women's shoes which are possibly identical to those observed in the possession of [redacted]

[redacted]

A radio and lamp connected to a timer. It is noted that this utilization of a timer has been discovered in literally every FALN safehouse known to date.

Toilet paper scattered throughout the living area floor in what appeared to be an organized fashion. Again, similar things have been found in other FALN safehouses, apparently a technique utilized as a disturbance detection device.

Based on the paucity of domestic items, food and clothing, and other factors set forth above, it is apparent that this apartment was utilized as an FALN safehouse for staging of the attempt to free [redacted] from custody.

On August 31, 1983, CG T-8, a person in a position to provide reliable information, advised that [redacted] is attempting to make travel arrangements for a European individual to leave the United States. [redacted] characterized the European as being sought by the FBI. [redacted] also is attempting to make travel arrangements for four individuals to Europe to participate in some type of anti-nuclear activities. At least one of the four travellers in this instance will be a member of STO. Further, two other of these four travellers are apparently wanted by authorities in West Germany.

A review of records of the telephone activity for the telephone of [redacted] reflects that on August 30, 1983, calls were placed successively from that phone to Hobbit Travel Agency in Chicago and subsequently to C & D Printing. CG T-8 has advised that Hobbit Travel is an agency utilized by [redacted] to make travel arrangements.

On September 1, 1983, CG T-9, a person in a position to know, identified the following as members or past members of STO:

STO

[redacted] [redacted]  
[redacted] (currently living in San Francisco)  
[redacted] [redacted]  
[redacted] [redacted]  
[redacted]

CG T-9 further characterized [redacted] and [redacted] as being leaders of the STO.

On August 25, 1983, CG T-7 advised that [redacted] has been seen working at C & D Printing in Chicago and she appears to be very close to [redacted] [redacted]. [redacted] has been seen at the Puerto Rican Cultural Center as well as functions of the MLN at other locations.

On August 13, 1983, CG T-9 advised that [redacted] is currently seeing a woman named [redacted] (Last Name Unknown).

On August 14, 1983, through the records of the Rolling Meadows Police Department, Rolling Meadows, Illinois, it was determined that among some 37 persons arrested at an anti-nuclear demonstration at Northrup Corporation, Rolling Meadows, on June 20, 1983, were [redacted], [redacted], [redacted], [redacted] and [redacted]. It is noted [redacted] furnished an address of [redacted], at the time of her arrest. This is the known address of [redacted].

During the course of a physical surveillance of [redacted] conducted August 31, 1983, [redacted] was observed in the company of [redacted].

VIOLETIONS OF FEDERAL LAW

Investigation conducted to date has indicated that STO members as individuals and as a group have in the past, or may possibly at the present, be conspiring to violate the following Federal statutes:

Title 18, U.S. Code, Section 2384 (Seditious Conspiracy); Section 3 (Harboring, accessory after the fact); Section 1071 (harboring, prevention of arrest), Section 752 (Accomplices and accessories to escape); Section 1072 (Concealing an escaped prisoner) and Section 4 (Misprision of felony).

STO

While it is clear that the STO as an organization engages in activities in support of a number of other groups, many of which may be active in the legitimate exercise of Constitutional rights, members of the STO, and possibly the organization at large, have engaged in activities in support of criminal conspiracies in violation of the laws enumerated above.

RECOMMENDATION

In view of the STO's close association with the MLN, an organization which advocated armed struggle against the United States Government to obtain independence for Puerto Rico, and in view of the acts of its members articulated above in support of the FALN, it is recommended that the Bureau authorize a full Domestic Security investigation of the Sojourners Truth Organization, including its members, committees, enterprises and operations.

MAY 19TH COMMUNIST ORGANIZATION (M19CO)  
DOMESTIC SECURITY

Full investigation authorized June 25, 1982 to expire  
June 24, 1983.

ALIGNMENT OF MAY 19 COMMUNIST ORGANIZATION AND THE JOHN BROWN ANTI-  
KLAN COMMITTEE

Investigation to date has determined that the M19CO is closely aligned with the John Brown Anti-Klan Committee (JBAKC). In fact, Chicago contends that the M19CO created the JBAKC solely to attract people who otherwise might be "turned off" by a group having the word "communist" in its name. Chicago defends its position with the following:

1. Posters promoting activities which are sponsored in part by the M19CO are frequently observed on the door of the JBAKC's national office at 3435 North Sheffield Avenue, Room 9, Chicago.
2. Pamphlets and flyers printed by the M19CO are frequently distributed at JBAKC sponsored activities.
3. M19CO materials appear at activities in Chicago sponsored in part or totally by the Movimiento de Liberacion Nacional (MLN), the New Movement in Solidarity with the Puerto Rican and Mexican Revolutions, the Coalition to Defend the New Afrikan Freedom Fighters, and the Coalition to Defend the October 20th Freedom Fighters.

From July 2-4, 1982, The JBAKC staged its national convention in Chicago. Attendees, most of whom were white females, came from throughout the United States (US). Women handled the introduction of speakers, collection of admission fees, and security patrols in and around the meeting places.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation (FBI). It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

100-192933-206  
OCT 27 1983  
h [redacted] b6 b7C it

The master of ceremonies for most of the convention was Susan Waysdorf of Chicago, the national coordinator of the JBAKC.

[redacted], [redacted], [redacted], frequently handled security at the entrance to the meetings [redacted].

Speakers during the convention included Jose Lopez, national director of the MLN, Daniel Solis from El Paso, Ahmed Obafemi (real name Jesse Dixon) who represented the National Committee to Defend the New Afrikan Freedom Fighters, Silvia Baraldini, the national treasurer and spokeswoman for the M19CO, and Waysdorf. All of their speeches stressed the need for the attending groups to unify in the struggle against US imperialism and the US philosophy of white supremacy. One Chicago source described the convention as a "pep rally" for the use of violence to promote the various liberation causes that were represented.

The JBAKC claimed at the time to have an expanding membership and indicated that in addition to chapters already established in Austin (Texas), Amherst (Massachusetts), Bowling Green (Kentucky), Houston, Chicago, New York City and Washington, D.C., new chapters have been formed in Los Angeles and San Francisco. Each new chapter must have a minimum of five members so that at least one person in each chapter can handle matters regarding the Palestine Liberation Organization (PLO), the Puerto Rican independence situation, the Republic of New Africa (RNA), and Chicano-Mexicano affairs. (Files of the City of San Francisco Business License Bureau reveal that on January 3, 1983, a fictitious business license was filed for the John Brown Book Club, 135 Steiner, San Francisco, California 94117. Licensees were listed as [redacted], San Francisco, and [redacted], San Francisco).

The M19CO and JBAKC have been and remain the strongest support group for the NYROB fugitives. (Dr. Alan Berkman was a founding member of the JBAKC.) Both are extremely particular in selecting new members.

Membership in the JBAKC is comprised primarily of white females, many of whom display homosexual tendencies. These females hold leadership roles and are supported by a few black males and females who hold responsible positions though not of a leadership nature. (A few white males also hold similar positions.)

M19CO

As far as actual membership in a revolutionary group is concerned, there appear to be three distinct levels of memberships. These are as follows:

1. The beginning or entry stage into the JBAKC in which new members are recruited, trained, and tested for dedication.
2. The second step involves entry into the M19CO. According to information which has been developed, a person may become a member of the M19CO only after a long term of membership in the JBAKC and belief by M19CO leaders that the prospective member is sincere and dedicated to revolution against white imperialists. Advancement to the M19CO requires travel to either New York or another significant area for concentrated study of ideals, principles, and objectives of the M19CO as well as additional demonstrations of dedication. This level provides support for underground fighting units to include supplies, safehouses, weapons, and aid to fugitives.
3. The third level is an underground fighting unit.

#### MISCELLANEOUS INFORMATION REGARDING THE JBAKC

When members of the JBAKC/M19CO participate in any type of demonstration, they employ any or all of the following devices:

1. Each wears a distinctive red tee-shirt on which is emblazoned a logo for a group that M19CO supports such as the RNA or the October 20 Freedom Fighters. Additionally, the females frequently wear colored bandanas on their heads for identification by other members in the crowd.
2. Members generally carry knapsacks at Klan activities which contain rocks, pieces of concrete, clubs made from one-inch steel bars, and other missiles to throw at the Klan and police.
3. Members wear many garments in order to hastily change appearance to avoid identification and/or apprehension.
4. Each JBAKC member arrested during Austin and Houston Klan activities carried a wet handkerchief or a wet bandana in a plastic bag. These articles were to be used to cover their faces should the police deploy tear gas.

M19CO

was held at St. John's Episcopal Church, 3126-22nd Street, San Francisco on February 4, 1983. Representatives of the MLN, New Afrikan Independence Movement, JBAKC, and M19CO attended. Introductions at this meeting were made by [redacted] of the PFOC.

[redacted] of the M19CO spoke to the group about the activities of New York's Joint Terrorism Task Force and of the importance of non-collaboration with the New York Federal Grand Jury investigating the events which occurred on October 20, 1981, in Nyack, New York (NYROB).

[redacted] Other speakers at this meeting included [redacted] of the MLN and [redacted], a representative of the New Afrikan Independence Movement.

POTENTIAL FOR VIOLENCE

It is important to note that M19CO members have been involved in incidents in which violence against both law enforcement officials and the general public has erupted. For instance, on March 6, 1979, two M19CO members were arrested during the trial of Fuerzas Armadas De Liberacion Nacional (FALN) suspect [redacted] after they disrupted proceedings in the courtroom. Similarly on May 9, 1981, six M19CO members were arrested in Brooklyn, New York (NY) during a violent incident between the group and local citizens. On September 26, 1982 five more members of the M19CO were arrested at John F. Kennedy (JFK) Airport, NY, NY following an incident which resulted in serious injury to a police officer (he was partially blinded after [redacted] hurled a caustic substance into his eyes).

[redacted] On the same date the following words were found spray-painted on a retaining wall at 26 Federal Plaza, the site of the NYO: "DEATH TO TERRORIST TASK FORCE". (Madame Bingham Graphics, 210 Taafee Place, Brooklyn, New York was a printing shop for the M19CO as well as for the JBAKC. The lease for this location was signed by [redacted] and [redacted]. A search of this location was conducted on January 31, 1983 pursuant to a search warrant issued by the Eastern District of New York (EDNY).

This search revealed numerous printing and silk screening machines as well as voluminous material supporting various radical groups which was apparently printed at this location. [REDACTED]

[REDACTED] At the printing shop, not only were the posters found, but also the original artist paste-up and printing plates. FBI laboratory analysis of these printing items revealed the fingerprints of [REDACTED], a known member of the M19CO/JBAKC. Subsequent to the search, [REDACTED] was left vacant by the M19CO).

On August 26, 1982, a reliable source (NY T-1) provided the following information which is singular in nature and extremely sensitive:

[REDACTED] M19CO is assembling extensive dossiers on all members of the joint FBI-New York City Police Department (NYCPD) Terrorist Task Force, to include surveillance photographs. [REDACTED] Kenneth P. Walton, Deputy Assistant Director in Charge (DADIC) of the NYO, departed the federal building [REDACTED] [REDACTED] pointed him out to numerous other individuals. (Demonstrators that day held placards which bore portrait photos approximately 16 by 20 inches in size of DADIC Walton and NYCPD Chief of Operations, Patrick Murphy. DADIC Walton and Chief Murphy are directly in charge of the Joint Terrorist Task Force. The photographs used were identical to ones that appeared in an article in the Law Enforcement Bulletin regarding the Terrorist Task Force. This publication is supposedly available only to law enforcement personnel).

The fact that M19CO does indeed have information regarding certain members of the Terrorist Task Force is illustrated by the two following incidents, both of which involved DADIC Walton.

On August 26, 1982, at 8:20 PM, DADIC Walton received a telephone call [REDACTED]

[REDACTED]. The caller told DADIC Walton, "We have your photograph; we know the car you drive and your license number is [REDACTED]. We know where you go and what you do and you won't be doing either one of them much longer". The caller then hung up.

The following morning at approximately 7:00 AM while DADIC Walton was stopped in traffic on the New Jersey side of the Holland Tunnel, the Hispanic driver of a van immediately behind DADIC Walton's car exited his vehicle, walked to DADIC Walton's car, rapped on the driver's window and said, "FBI, FBI!" He then

returned to his van and departed.

This threat of intimidation/violence is omni-present. For instance, on April 2, 1983, although the KKK march in Houston, Texas was not marred by any major confrontations, members of the Houston Police Department (HPD) Intelligence Surveillance team watching the headquarters of the JBAKC intercepted a pick-up truckload of rock and sticks bound for the march. Prior to the march, they discovered several bags of rocks and concrete which had been secreted in newspaper vending stands placed earlier along the parade route.

Similarly, in early March, 1982, HPD officers arrested two JBAKC members after they determined that the knapsack which they carried contained rocks, marbles, sharp sticks, and "D" size batteries. The women in question, [redacted] (date of birth [redacted]) and [redacted] (date of birth [redacted]) were charged with the carrying of a missile with unlawful intent and possession of prohibited items while participating in a demonstration.

Earlier this year a source of the San Francisco office stated that while attending a meeting on February 4, 1983, a speaker for the M19CO stated that the M19CO was "well aware" of the bombing of the FBI office on Staten Island on January 28, 1983 and "applauded" the action. Present at this meeting were representatives from M19CO, the New Afrika Independence Movement, the MLN and the FALN.

#### M19CO MEMBERS AND AFFILIATES

[redacted] was shown a photograph of [redacted] [redacted] advised that [redacted] is known to him as a member of the M19CO in Chicago. [redacted] previously advised that he knows many New York members of the M19CO, specifically [redacted] and [redacted].

On the same date the NYO of the FBI noted that during a search of the apartment of [redacted] and [redacted], both members of the M19CO, located at [redacted], [redacted] on November 9, 1982 pursuant to a Federal search warrant, an FALN communique was seized. On January 15, 1983 the FBI laboratory advised that this communique is an authentic carbon copy of the FALN communique recovered by the FBI several blocks from [redacted]'s and [redacted]'s apartment. This communique claimed responsibility for the FALN bombings in New York City on February 28, 1982. The Identification Division, Latent Fingerprint Section, advised that a latent fingerprint on this communique is identical to the fingerprint of [redacted].

(date of birth [redacted]), a known member of the Weatherman Underground Organization (WUO) and a suspected member of the M19CO. [redacted] resided in New York City until [redacted] and now resides in Austin, Texas where she associates with known M19CO members.

Earlier on August 21, 1982, a meeting was held at Holy Name Church, 96th Street and Amsterdam Avenue, New York City, which was attended by approximately eighty persons representing various "white" and "black" leftist terrorist groups. A reliable confidential source of the NYO (protect) provided the following information regarding this meeting:

1. [redacted] [redacted] chaired the meeting and was introduced as the head of the M19CO in Chicago.
2. [redacted] aka [redacted], [redacted] read a communique which emphasized unity with the Black Liberation Army (BLA), Peoples' Militia, Grand Jury Resistance, and Prisoner of War (POW) position.
3. [redacted] spoke about a militant unit made up of only "whites" being formed to complement the BLA under BLA leadership.

4. [redacted]

5. Among others who attended were [redacted], Marcy Isaacs Shulman, [redacted] and [redacted] of Chicago, [redacted] of Detroit, and [redacted], a representative of the Congolese National Liberation Front.

On May 12, 1983, a source advised that [redacted] of the Black Guerrilla Family (BGF), had recently visited incarcerated BLA member [redacted] at [redacted], NY. [redacted] was accompanied by his wife, [redacted], a known WUO member who is a personal friend of [redacted] Alan Berkman as well as a close associate of many M19CO members. [redacted] and [redacted] were driven to Green Haven by [redacted], sister of [redacted]. The trio used a car registered to [redacted], NY. [redacted] is believed to be the mother of [redacted]

INVESTIGATION IN NEW JERSEY

From [redacted] - [redacted], the Newark Division attempted to locate and apprehend [redacted] the New York leader of the M19CO, [redacted]

[redacted] former roommate [redacted] of [redacted], is wanted for Federal violations involving Bank Robbery, Theft from Interstate Shipment-Murder, and RICO for her participation in the armed robbery of a Brink's truck in Nyack, NY on October 20, 1981 (NYROB).

[redacted] is also charged with aiding in the escape of [redacted] aka [redacted], from [redacted] prison on [redacted]

[redacted]'s former roommate, [redacted], is [redacted] who [redacted], a M19CO member who was arrested immediately following the armed robbery mentioned above (NYROB).

[redacted]'s [redacted] is [redacted], member of the M19CO, who was arrested on [redacted] by the NYO on charges stemming from this same incident (NYROB). Additionally, [redacted]

[redacted]

On January 3, 1983, Newark Division, with the consent of the owner of [redacted], supra, obtained numerous typewritten and printed documents previously in the possession of [redacted] and/or [redacted], a member of the M19CO [redacted] [redacted], which had been tossed into the trash. Initial examination of these documents by Newark revealed that the discarded items included position papers, pamphlets, and speeches concerning the independence of Puerto Rico, anti-Klan activities of the M19CO, and support for the BLA. (On January 6, 1983, the Chicago Division of the FBI advised that [redacted] is a member of the M19CO who has been a support person for the WUO since mid-1970. Chicago reported that [redacted] is a close associate of WUO member, [redacted] [redacted], and M19CO members, [redacted] and [redacted].)

INVESTIGATION IN NEW YORK

On Friday, December 31, 1982, four powerful bombs detonated in New York City between 9:28 PM and 10:20 PM. One exploded at the Federal building which houses the FBI's NYO, another exploded at Police Headquarters, a third detonated at the offices of the Southern District of New York, while a fourth went off at the offices of the EDNY. Three police officers were maimed in these blasts and considerable damage occurred. The FALN claimed credit for the bombings through

telephone calls to New York radio stations WCBS and WINS. [redacted]  
[redacted] and various law enforcement personnel

[redacted] subsequently listened to a recording of one of the calls. All identified the caller as [redacted]. Based on these identifications, a Federal arrest warrant was issued for [redacted] on January 5, 1983 in US District Court for the EDNY based on a complaint charging him with Conspiracy to Engage in Racketeering.

Although four bombs exploded on December 31, 1982, a fifth failed to detonate. The dynamite in this device was subsequently traced to the Bland Construction Company in Austin, Texas which had been the victim of a theft of such explosives two years earlier. (Also taken in this theft was a battery operated detonator. This item was discovered during the search of [redacted]'s [redacted] apartment on April 2, 1982. [redacted] was arrested on March 26, 1982 and charged with conspiracy to commit a bank robbery, the ill-fated armored truck robbery which occurred in Nyack, New York on October 20, 1981).

On April 7, 1983, a Special Agent (SA) assigned to the NYO attended a meeting at the Ukranian Labor Home, 83 East 4th Street, New York City. She advised that the first speaker was [redacted] who told the attendees that the RNA supported the people arrested during their attempted expropriation of funds from a Brink's armored car. [redacted] noted that the RNA was continuing its struggle to recover stolen land from the US Government and added that the RNA totally supported the five FALN prisoners who had been recently convicted in Federal Court.

[redacted] said that the way to defeat US imperialism was through the unity of organizations such as those represented that night. [redacted] stated that to defeat US imperialism all the small cells must unite into one consolidated and dedicated front, irregardless of to what organization each belonged.

Another speaker, [redacted], urged support of the RNA and FALN through the MI9CO. She discussed the tactics of the government in its use of the Racketeering Influenced and Corrupt Organizations (RICO) statute as well as the FBI's new domestic security guidelines.

[redacted] also spoke at the meeting and discussed Puerto Rico's desire for independence. [redacted] commended [redacted] for her actions against US imperialism and praised Samuel Smith as a fallen comrade. [redacted] stated that the so-called FALN-5 were going

to be sentenced soon for contempt of the Federal Grand Jury and urged everyone to support them for their non-collaboration. [REDACTED]

[REDACTED]

The January 8, 1983 edition of "Update" identified the five as the "MLN-5" due to their involvement in the MLN. During 1982 and early 1983 the MLN staged repeated rallies in New York, Chicago, and other cities to express support for the five. The five people in question repeatedly refused to cooperate in any fashion with the Federal Grand Jury and were eventually charged with criminal contempt. On February 16, 1983, all five were found guilty. The jury recommended that a "serious sentence" be imposed on the five. [REDACTED]

SUBJECT: MAY 19TH COMMUNIST ORGANIZATION (M19CO)  
DOMESTIC SECURITY  
(OO: NY)

Full domestic security investigation authorized 6/25/82 to expire 6/24/83.

ReNKtel to the Director, dated 3/10/83 and NYairtel to the Director, dated 10/22/82 with attached LHM.

Enclosed for the Bureau are five copies of an LHM dated and captioned as above. Enclosed for each of the other receiving offices is one copy of the same communication.

Investigation to date has determined that the M19CO is very closely aligned with the John Brown Anti-Klan Committee (JBAKC) and is, in fact, the second level of revolutionary membership following successful tenure with the JBAKC. The M19CO and JBAKC are apparently fronts behind which individuals endeavor to raise money and provide surface support for, and solidarity with, other individuals holding similar beliefs and goals. The JBAKC and M19CO frequently list as members the same people.

In view of the similarities between the JBAKC and the M19CO, New York believes that the two should be investigated as one case rather than as two separate matters. New York therefore recommends that the Bureau authorize the investigation of the M19CO as one organization with common dates for a full investigation.

NY T-1 mentioned in attached LHM is NYCPD.

RE: M19CO UPDATE FOR NYO.

IN CHICAGO, THE M19CO CONTINUES TO FUNCTION VERY CLOSELY  
WITH THE JBAKC, THE MLN, THE NEW MOVEMENT IN SOLIDARITY WITH  
PUERTO RICAN INDEPENDENCE AND SOCIALISM, THE COALITION TO  
DEFEND NEW AFRICAN FREEDOM FIGHTERS, THE COALITION TO DEFEND  
THE OCTOBER 20TH FREEDOM FIGHTERS, THE PRAIRIE FIRE ORGANIZING

PUERTO RICAN P.O.W.S. THE M19CO HAS SPONSORED NUMEROUS  
ACTIVITIES IN CHICAGO IN CONJUNCTION WITH THE ABOVE GROUPS.  
THESE ACTIVITIES USUALLY CONSISTED OF LECTURES, FORUMS,

DISCUSSION GROUPS, GUEST SPEAKERS, AND/OR FILMS. THE M19CO SOLELY SPONSORED ONE ACTIVITY IN CHICAGO ON JANUARY 11, 1983. THIS CONSISTED OF A FORUM DEALING WITH WOMEN FREEDOM FIGHTERS. DURING THIS MEETING, MARCY T. SHULMAN, NEE ISAACS, WHO LED THE MEETING, DESCRIBED THE M19CO AS BEING AN ABOVE GROUND GROUP FOR THE EDUCATION AND RECRUITMENT OF WHITE PEOPLE FOR THE REVOLUTIONARY TASK FORCE AGAINST U.S. IMPERIALISM AND TO SUPPORT THE THIRD WORLD PEOPLE TOWARD SOCIALISM/COMMUNISM.

CHICAGO HAS BEEN UNABLE TO DIFFERENTIATE BETWEEN THE M19CO AND THE JBAKC AND THE NEW MOVEMENT IN SOLIDARITY WITH PUERTO RICAN INDEPENDENCE AND SOCIALISM. THE RELATIONSHIP BETWEEN THESE GROUPS SEEMS DELIBERATELY UNDEFINED. THERE IS NO QUESTION THAT MANY M19CO ARE ALSO MEMBERS OF THE JBAKC AND THE NEW MOVEMENT.

THE M19CO CONTINUES TO UTILIZE P.O. BOX 7167, CHICAGO, ILLINOIS 60680, WHICH WAS INITIALLY OPENED ON SEPTEMBER 19, 1979. MARCY SHULMAN [REDACTED] CONTINUE TO BE LISTED WITH THE M19CO FOR P.O. BOX 7167.

RE: JBAKC.

IN THEIR LETTERHEAD MEMORANDUM OF MAY 20, 1983,  
CAPTIONED "MAY 19TH COMMUNIST ORGANIZATION", THE NEW  
YORK DIVISION INDICATED THAT THE M19CO AND JOHN BROWN  
ANTI-KLAN COMMITTEE WERE ESSENTIALLY ONE IN THE SAME  
GROUP. INVESTIGATION BY CHICAGO DURING THE PAST YEAR HAS  
DEVELOPED NOTHING TO REFUTE THIS CONTENTION. INDEED,  
IT APPEARS THAT THE JBAKC WAS CREATED BY THE M19CO AS A  
VEHICLE THROUGH WHICH TO BETTER APPEAL TO POTENTIAL RECRUITS  
WHO WHILE NOT NECESSARILY "LEFTIST" ORIENTED, WERE NONETHELESS  
VEHEMENTLY OPPOSED TO RIGHT WING EXTREMISM AS MANIFESTED BY

THE KKK. CERTAINLY ANY JBAKC MEMBER IN A POSITION OF AUTHORITY IN THAT GROUP, IS ALSO A MEMBER OF THE M19CO. NOT ALL MEMBERS OF THE M19CO ARE ALSO MEMBERS OF THE JBAKC; INASOFAR AS SOME MEMBERS OF THE M19CO SPECIALIZE IN OTHER AREAS SUCH AS PUERTO RICAN, MEXICAN OR OTHER MINORITY RECRUITING.

DURING THE PAST YEAR THE NATIONAL OFFICE OF THE JBAKC WAS MOVED FROM CHICAGO TO P.O. BOX 406, PETER STUYVESANT STATION, NEW YORK, NEW YORK 10009, TELEPHONE NUMBER 212/989-8998. THE FORMER JBAKC NATIONAL OFFICE LOCATED AT LINKS HALL, 3435 NORTH SHEFFIELD AVENUE, CHICAGO, WAS CLOSED IN LATE SUMMER, 1983. THE REASON FOR THE MOVE IS UNKNOWN. ALTHOUGH THE CHICAGO CHAPTER OF THE JBAKC CONTINUES TO BE ACTIVE AND TO PROMOTE NUMEROUS FUNCTIONS, IT IS CLEAR THAT THE GROUP ITSELF IS NOW RUN OUT OF NEW YORK, WHERE THE M19CO IS ALSO CENTERED.

BASED ON THE ABOVE, CHICAGO IS NOT RECOMMENDING THAT THE FULL DOMESTIC SECURITY INVESTIGATION ON JBAKC BE CONTINUED. INSTEAD, CHICAGO RECOMMENDS THAT INVESTIGATION OF THIS GROUP BE CONDUCTED UNDER THE AUTHORIZATION TO CONDUCT A FULL

On 11/21/83 [redacted] was displayed a photograph of [redacted], aka [redacted], [redacted], as enclosed in reairtel. Source advised that [redacted] is now becoming a regular attendee at functions of the M19CO/John Brown Anti-Klan Committee/New Movement in Solidarity with Puerto Rican Independence and Socialism and the MLN in Chicago. Source does not know where [redacted] resides but assumes he is living in one of the several communal type residences used by the M19CO. (U)

Investigation by San Antonio Office

San Antonio at Austin has been significantly involved in the investigation of the M19CO since the Brink's Robbery/Murder (NYROB) in Rockland County on October 20, 1981. [redacted] does not use his badge number [redacted] on any report. The number is not public information, and could only be obtained from someone inside the Austin Police Department. (C)

The M19CO in Austin, Texas, has recently undergone certain self criticism and rectification sessions where members' loyalties have been questioned. During such sessions, some members have quit stating that they were not willing to "die for the cause", as they would be expected to if necessary. (C)

(U) Investigation by New York Office

During the November 9, 1982, search of [redacted]'s apartment at [redacted] Apartment [redacted], New York City (which was shared with [redacted] of the M19CO and the New Movement), business cards and correspondence to Zimbabwe were discovered. It is noted that [redacted] is currently incarcerated following her conviction in the Federal Brink's robbery trial (NYROB). On November 28, 1982, [redacted]  
Zimbabwe Mission to the UN, also visited [redacted] at the  
[redacted] Correctional Center [redacted].

Information provided by the NYCPD revealed on May 21, 1983, a meeting was held at the Trinity Lutheran Church, 168 100th Street, New York City, New York, sponsored by the New Movement in Solidarity with Puerto Rican Independence and the Mexican Revolution (a group believed to be a front for the M19CO). During this meeting, one of the speakers, [redacted] a member of the Comite Defensa Popular (CDP), a Mexican revolutionary organization, stated if the five Puerto Ricans currently on trial in the Southern District of New York (SDNY), are given sentences, the CDP will "burn down the Embassy American in Juarez". (C)

[redacted] was reportedly staying with [redacted], a known member of the FALN. (U)

On August 8, 1983, 75 to 85 members/supporters of the M19CO demonstrated in front of New York State Court House, Goshen, New York, in support of the New Afrikan Freedom Fighters (NAFF) and the Armed Clandestine Movement. The demonstration coincided with the opening of the New York State Brink's Robbery/Murder (NYROB) trial. Numerous M19CO members/supporters involved in the demonstration have been identified by the New York Office. (U)

As shown in the above investigation, and previous investigations, of the M19CO, this organization has been, and is currently, in contact with members of radical/terrorist groups which include FALN, BLA/RNA, PFOC, and former Weather Underground Organization (WUO). (U)

Consideration should be given to continue a full Domestic Security/Terrorist investigation on the M19CO, as the FBI believes this organization is directly linked to the recent bombings (claimed by United Freedom Front, Armed Resistance Unit, and the Revolutionary Fighting Group) in the New York City and Washington, D. C., area. Investigation regarding these bombings and the M19CO is being vigorously pursued under New York File 183G-3072, captioned, "M19CO; RICO-TERRORISM; SEDITION; OO:NY". (U)

consists of somewhere between 20-30 individuals in Chicago. Most are female. These individuals sponsor various activities in support of the MLN, FALN, and New Afrikan Freedom Fighters (NAFF). In addition, they are regular attendees at functions sponsored by the MLN in Chicago. Many of these individuals travel to functions and meetings sponsored by their own group, NAFF, and MLN, in other parts of the country.

The following individuals as reflected under their "communal-type" addresses appear to comprise the ML9CO as well as the JBAKC, PFOC, and New Movement in Chicago:

[redacted] Chicago

[redacted], DON [redacted]

In addition to the above, [redacted], who recently arrived from California, is believed to be a member of the M19CO. His Chicago residence is unknown.

FBI coverage of the M19CO in Chicago has been minimal largely because Chicago has devoted its complete energies to the CHIFAL-Major Case 46 investigation. [redacted] has penetrated the M19CO to some degree and has developed valuable information, some of which is contained in this communication. This source commenced coverage less than two years ago as essentially a "cold start" and has yet to penetrate the inner circle of the organization although great progress has been made.

Little is known about the daily activities of M19CO members in Chicago because very little surveillance coverage has been afforded the group. After it was learned on 9/26/83 that M19CO members [redacted] had met with NYROB fugitive Dr. Alan Berkman during the summer of 1983 an effort was made to afford limited surveillance coverage to [redacted]. Over a two week period between 10/19-11/2/83 parts of six evenings of surveillance yielded the following results which reflect unusual and possibly furtive behavior:

On 10/19/83 [redacted] and [redacted] met with [redacted] and [redacted] at a local Chicago restaurant from approximately 5:43 PM until 8:53 PM. During this time none of these individuals was observed having dinner. They were involved in conversation and were observed passing papers to each other. They were joined at approximately 8:20 PM by an unknown female. During this meeting, at approximately 7:45 PM, [redacted] left the restaurant and walked several blocks to an outside pay telephone. [redacted] appeared to be in a hurry to make this phone call yet she passed several business establishments which obviously had public telephones. It is also noted that [redacted] has a telephone at her residence.

On 10/26/83 [redacted] and [redacted] had dinner at a local Chicago restaurant. After dinner they travelled to another Chicago restaurant where they met with [redacted] and an unknown female from approximately 7:40 PM until after 10:30 PM. They were overheard mentioning Washington, D.C., and a trip [redacted] was planning in three weeks.

[redacted] furnished the following information regarding the M19CO.

[redacted] Much of his information has been corroborated and none of his information has been proven to be inaccurate. As a result, information provided by [redacted] is considered to be reliable.

[redacted] He described it as a North American (Anglo) left wing communist organization which supports national liberation armed struggle movements. This group supports black liberation support groups such as the BLA and the RNA and it also supports the Puerto Rican Armed Struggle liberation movement. [redacted] has never attended an event sponsored in whole by the M19CO. He has attended numerous public events connected with the Puerto Rican Independence Movement where members of the M19CO introduced themselves as such and spoke regarding armed struggle liberation movements.

[redacted] believed that [redacted] was and possibly still is the leader of the M19CO group in Chicago. While [redacted] knows many of the Chicago members, he knows them only by face and not by name. [redacted] knows many of the NY members, specifically [redacted], [redacted], and Dr. Alan Berkman, the physician [redacted].

The M19CO, as well as other Anglo Solidarity groups, were frequently discussed and analyzed at MLN meetings. [redacted], [redacted], and particularly [redacted] seemed to know quite a bit about this organization. [redacted] has also read a lot of literature published by the M19CO group. The members of this group were originally members of the east coast and mid west chapters of the PFOC, and above ground support group for the WUO. The WUO split into two groups; one faction continued its work in the political area while the other group continues its support for armed struggle movements, particularly with regard to the BLA and the WUO. This second group is the M19CO. The PFOC remains a viable group on the west coast.

[redacted]  
[redacted] has done concrete work for the Puerto Rican Independence Movement by providing such things as money and guns.

CG 174A-1998  
CG 100A-56925

[redacted] guessed that there are between 10 and 15 members of the M19CO in the Chicago area. They appear to be close with the people of the New Movement in Solidarity with Puerto Rican Independence. This group appears to be female dominated. It is well respected by MLN leader [redacted]. [redacted] does not know of any public functions that have ever been sponsored in whole by the M19CO. He does not know if the group in Chicago has regular meetings such as the MLN.

[redacted] advised that the Black Liberation Army (BLA) was largely responsible for the escape from prison of [redacted].

b6  
b7C  
b7D

[redacted] He stated that [redacted] was a part of the escape operations. [redacted] also identified the M19CO as being a part of the escape operation. [redacted] stated that "they" wanted him out and they got him out. [redacted] stated the group that liberated [redacted] was very well armed and consisted of something like 40 people. He indicated that the NLA and M19CO were in a position to provide logical support in terms of surveillance and safe housing.

THE BELOW INFORMATION IS SINGULAR IN NATURE AND MUST BE USED WITH GREAT CAUTION IN ORDER TO PROTECT THE SOURCE'S IDENTITY:

[redacted] reported the following information concerning a conversation that took place [redacted].

[redacted] had a conversation concerning the M19CO and other related groups. [redacted] spent some time talking about a series of bombings that occurred in New York and Washington and mentioned a group called the "United Freedom Front." She laughed as she told [redacted] that authorities did not know if the perpetrators of the bombings were blacks, whites, or Puerto Ricans. She explained that it was "all of us" who were responsible for the bombings. She stated that the "United Freedom Front" is a coalition that has been formed consisting of BLA, FALN, M19CO (and some other group whose initials the source did not recognize and cannot recall). During

the comments [redacted] mentioned the bombings of an FBI Office and of an "installation" but she did not give any specifics about these locations seemingly because [redacted] appeared to already have a familiarity with them. At one point [redacted] commented that there were two bombings within a week and the "blacks" did the second one. She did not elaborate further on this.

As the conversation continued, [redacted] mentioned that he had traveled [redacted]

[redacted] and he told about some of the beautiful scenery he saw on this trip. [redacted] responded by telling about her vacation [redacted]

[redacted] where it was very beautiful [redacted]

[redacted] was shown a photograph of [redacted], aka [redacted], [redacted], and positively identified him as being identical to [redacted].

A [redacted] source, who has provided reliable information in the past, stayed at the residence of [redacted] located at [redacted].

At this residence the 4/82 issue of "Soldier of Fortune" magazine was observed and page 91 of this magazine was marked. This page contained a full ad for false identifications. This magazine was not addressed to anyone. [redacted]

Source advised the telephones at [redacted] the residence of [redacted] are pushbutton. They all have the plate under and around the buttons removed and one can look down into the sides of the phones. A clear plastic strip is attached around the base edge with the letters "SPRINT" repeated over and over. It appeared to source that this tape can serve as an alert if a button of the phone is removed.

CG 174A 1998  
CG 100A-56925

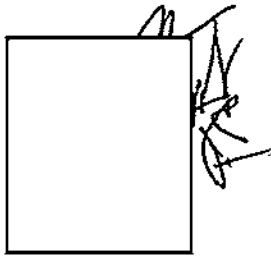

[redacted], and Frederick Eggan were arrested at the North Avenue Beach House in the public park at North Avenue and Lake Michigan in Chicago. The three were caught in the act of spray-painting FALN slogans on the walls of the beach house. All subsequently pled guilty and were placed on felony probation for a one year period and were fined.

AS THE BUREAU IS AWARE, THE SAN FRANCISCO DIVISION HAS NO PERMANENT M19CO PRESENCE IN THE BAY AREA. M19CO ACTIVITY IN THE BAY AREA CONSISTS OF CONTACT WITH NUMEROUS MEMBERS OF PFOC, THE WEST COAST EQUIVALENT OF M19CO.

CONTINUING CLOSE CONTACT BETWEEN M19CO AND PFOC MEMBERS CONTINUES TO BE DOCUMENTED. FOR EXAMPLE, PFOC MEMBER [REDACTED] WAS IN THE NEW YORK-NEW JERSEY AREA ON SEPTEMBER 25, 1983, VISITING M19CO MEMBERS. [REDACTED] WAS ARRESTED IN NOVEMBER 1977 AS A RESULT OF A BUREAU UNDERCOVER OPERATION IN AN ATTEMPTED OFFICE BOMBING OF CALIFORNIA STATE SENATOR JOHN BRIGGS. ADDITIONALLY, ON SEVERAL OCCASIONS, AND MOST RECENTLY ON NOVEMBER 5, 1983, M19CO MEMBER [REDACTED] HAS BEEN IN SAN FRANCISCO SPEAKING TO COALITION MEMBERS OF PFOC, MLN AND NEW AFRIKAN FREEDOM FIGHTERS.

EX-SAN FRANCISCO PFOC MEMBER [REDACTED] HAS MOVED TO CHICAGO AND IS CURRENTLY INVOLVED IN M19CO ACTIVITIES THERE.

Full Field investigation authorized 11/23/82, extended to 5/29/84.

Enclosed for each receiving office other than the Bureau, are 14 color photographs showing John Brown Anti-Klan Committee (JBKAC) activity in Washington, D.C. (WDC). Also enclosed is a Xerox copy of each photograph which is numbered the same as the photograph.

The enclosed photographs were obtained on December 1, 1983, [redacted] Photo-  
graphs [redacted] were taken by [redacted] March on Washington, D.C., which was sponsored by the Ad Hoc Committee for a July 2 Mobilization. The coordinating group for this March was the U.S. Committee in Solidarity with the People of El Salvador (CUSPIS). These photos show a red banner with black letters stating, "From New Afrika to El Salvador - Victory to People's War! Defeat U.S. Imperialism! John Brown Anti-Klan Committee." At least eight white women and two white men are shown standing around the banner. The

Photographs 4-14 were taken [redacted] at the November 12, 1983, March on Washington, D.C., which was sponsored by the November 12 Coalition. CISPES was again the coordinating group for this march. Two of the banners shown in these photographs state; "U.S. out of Central America and the Carribean. Independence and Socialism for Puerto Rico. New Movement in Solidarity with Puerto Rican Independence and Socialism", and "Death to U.S. Imperialism! Victory to the Grenadian Resistance. Land and Independence for New Afrika-the Black Nation. John Brown Anti-Klan Committee." Numerous white males and females are shown standing around the banners and it is interesting to note that many are wearing around their necks the check/type of scarf that Yassar Arafat wears. The individuals that have been identified in the photographs to date are: [redacted], [redacted], [redacted], [redacted], and [redacted]. The Xerox copies of the photographs are used for identifying these individuals. Several individuals have been tentatively identified and a question mark follows their names on the Xerox copies.

In photographs #4 and 5, the individual with the gold stocking cap and the papers in his hand has been identified as [redacted] through photographs provided by New York. The papers in his hands are copies of the communique from the Armed Resistance Unit (ARU) regarding the November 7, 1983 bombing at the U.S. Capitol in WDC. The copies state that they were reprinted by the Resistance Task Force, P. O. Box 254, Stuyvesant Station, New York, New York 10009.

Receiving Offices are requested to review the enclosed photographs and attempt to further identify M19CO/JBAKC members and supporters. For the information of the Bureau and receiving offices, information contained herein represents a summary of recent activities in the Denver area. This same information has been furnished the Bureau and WFO under the HILLBOM caption, Denver file 174A-605.

The Denver M.L.N. faction held its 3rd meeting on 11/18/83, in an attempt to rally "all revolutionary organizations" towards unification. This meeting took place at 5:30 p.m. [redacted]

[redacted]  
The main topic was "Repression and National Liberation."

Participants were:

[redacted] and his wife, [redacted] of the M.L.N.

[redacted] of the "Colorado Committee Against Repression;" (CCAR)

[redacted] and [redacted] of the "New Movement in Solidarity with the Puerto Rican and Mexican Revolution;"

[redacted] of the "Committee for a Democratic Palestine" (CDP), a "cover" for the "Popular Front for the Liberation of Palestine;"

[redacted] of the Denver chapter of the "Committee in Solidarity with the People of El Salvador" (CISPES). [redacted] is also a member of the "Communist Workers Party" (CWP), and

[redacted] of CISPES.

[redacted] did not appear all too serious about his CISPES involvement; however, did state that this organization supports the revolution in El Salvador and believes in the national liberation of this country. After he spoke, he left and [redacted] arrived explaining that the CISPES national leadership had sent him to Denver to establish a new chapter for this organization as they felt the existing one, headed by [redacted] was ineffective. He advised that he had formed a new chapter at

DN 100A-12589

b7C

Auraria Campus and was quick to point out that he was not taking sides with the Boulder (Colorado) CISPES leader, [redacted], contrary to existing rumors.

[redacted] convinced [redacted] to delay unification until each group could clearly present its political beliefs and strategies. The meeting ended without setting any future meetings.

On 12/6/83, the MLN sponsored a demonstration at 4:30 p.m. in front of the Denver Mexican Consulate located at the Amoco Building, 1670 Broadway. The listed sponsors were:

Colorado Committee Against Repression  
New Movement in Solidarity with the Mexican Revolution  
Mexico Information Committee

The purpose of the demonstration was to demand the presentation or release of over 500 Mexican political prisoners [redacted]. Only 12 adults and 3 children showed up, and the demonstration was led by [redacted].

[redacted] and [redacted], it was learned, had already been in the Consulate Office to express their opposition to the policies of the Mexican Government.

It was learned that the MLN has a new fund raising scheme; an arts and crafts sale to be held 12/10 and 11/83, at the Denver University.

The demonstration lasted half an hour and appeared ineffective. Other participants were [redacted] of the Iranian People Fedayen Guerillas and [redacted] of the CDP.

The aforementioned "Mexico Information Committee" (MIC) is an affiliate of the MLN made up of students on Denver's Auraria Campus. The "Auraria Campus" is a collective term referring to three institutions sharing the same grounds, namely: Colorado University, Metropolitan College and Community College. The "New Movement in Solidarity with the Mexican Revolution," another MLN affiliate, helped create the MIC, although MIC members are

not as yet aligned with the philosophy and ideology of the MLN, they are used to rally support for it and to reserve rooms at Auraria as a registered campus organization.

Thus, the MIC can reserve a campus room in its name and make the facility available for the MLN. Such was the case on 12/3/83, when it scheduled an MIC benefit and dance. Those persons actually running this event were [redacted] and [redacted] (LNU), of the "New Movement," supra, and [redacted] of the CCAR. About 60-70 people attended and nothing noteworthy took place or resulted.

~~SECRET~~  
On 12/2/83, [redacted] advised as follows concerning the "Armed Resistance Unit":

Recently, the "New Movement in Solidarity with Puerto Rican and Mexican Revolutions" mailed two flyers regarding the "Armed Resistance Unit."

Flyer "A", dated 4/26/83, was mailed during May of 1983, and claims responsibility for the attack on Fort Lesley McNair Military Base in Washington, D.C., further stating that the attack was taken "in solidarity with the growing liberation movements in El Salvador, in Guatemala and throughout Central America, and the Socialist Government of Nicaragua."

Flyer "B", dated 11/7/83, was mailed in that same month and, as in the case of the aforementioned flyer, was distributed by the "New Movement, P. O. Box 18072, Denver, Colorado 80218." In this flyer, they claimed that "Tonight we bombed the U.S. Capitol Building. We attacked the U.S. Government to retaliate against imperialist aggression that has sent the Marines, the CIA, and the Army to invade sovereign nations, to trample and lay waste the lives and rights of the peoples of Grenada, El Salvador, and Nicaragua, to carry out imperialism's need to dominate, oppress and exploit." "We are acting in solidarity with all those leading the fight against U.S. Imperialism - the peoples of Grenada, Lebanon, Palestine, El Salvador, and Nicaragua - who are confronting direct U.S. aggression, and those like the people of Chile and the Philippines, who are struggling to free their nations from U.S. puppet regimes."

This second flyer reveals the true ideological nature of this "Armed Resistance Unit," namely Communism, as the flyer reads "...and we commit ourselves to fight with the same seriousness for the same goals -- self determination for oppressed nations, the total defeat of imperialism, and the building of a Socialist world."

Rhetoric similar to that of the MLN and its affiliate, the "New Movement" can be seen in another part of the second flyer which reads, "We cannot fall into the trap of debating which wing of the Government has the right to declare war, or which politician might be less blatant in his racism and anti-Communism nor can we be fooled by those bourgeois politicians who claim to be sympathetic to Third World Nations -- and who would more 'humanely' exploit those nations in the interest of U.S. Imperialism. The enemy is the Imperialist system. Electoral politics and pacifism are paths that have been tried many times and that have failed. To follow those paths now will only weaken and undermine the movement and defeat our attempts to organize greater numbers of people to resist."

The ARU continues stressing its militant solution for "U.S. Imperialism" by stating that "our solidarity with the liberation struggles under attack by U.S. Imperialism must be uncompromising, militant, and unwavering in supporting the right of those nations to self-determination.

Denver is monitoring activities of captioned groups through source coverage.

## Political Grand Juries Must Be Stopped!

August 25, 1983: The United Nations Decolonization Committee... reaffirms the right of the people of Puerto Rico to self-determination and independence... and demands the cessation of all repressive measures against Puerto Rican independence... including the intimidatory activities of the federal Grand Jury..."

### Open Letter to Judge Charles Sifton

We, the undersigned, express our outrage at the U.S. government's use of grand juries as a legal mechanism for political internment. There are 9 people—Puerto Rican, Mexican, and North American—who are facing imprisonment for refusing to testify before a grand jury in Brooklyn, New York, investigating the Puerto Rican Independence Movement. They are under attack because, in their respective communities, they have supported the development of the full breadth of the struggle for Puerto Rican independence—mass struggle against the military, mobilization against the U.S.'s 2020 Plan, development of an armed clandestine movement, broad struggle against repression.

■ In June 1983, Julio Rosado, Andres Rosado, Steven Guerra, Ricardo Romero, and Maria Cueto, members and supporters of the Movimiento de Liberacion Nacional/Puertorriqueño and the Movimiento de Liberacion Nacional/Mexicano, were sentenced to 3 years imprisonment for criminal contempt of the grand jury.

■ In October 1983, Carlos Noya Muratti of the Liga Socialista Puertorriqueña and its representative to the Comité Unitario Contra la Represión (CUCRE), and Federico Cintron Fiallo, CUCRE spokesperson, were convicted of criminal contempt of the grand jury. They will be sentenced in February.

■ On January 9, 1984, Shelley Miller of the New Movement in Solidarity with Puerto Rican Independence and Socialism, and Silvia Baraldini of May 19th Communist Organization, both North American anti-imperialists, will go on trial for criminal

contempt for refusing to inform to the grand jury about their work in building solidarity with Puerto Rican independence. This is the first time since the 1950's that members of the nation that colonizes Puerto Rico face long jail terms for struggling for Puerto Rico's right to self-determination.

Puerto Rico, a direct U.S. colony, recognized as such by the United Nations Decolonization Committee, is crucial as a base of operations for the U.S. war mobilization in Central America. We recognize that the current escalation against the independence movement is part of a larger maneuver to tighten U.S. control of the island and eliminate any challenges to that control.

We support the Puerto Rican Independence Movement in its fight against colonialism and repression, and we support the North Americans who are under attack because they are committed to building a movement to resist the U.S. war machine and in support of the Puerto Rican people's right to self-determination.

In the 1950's the U.S. used contempt charges to scare and intimidate an entire movement. Then, like now, these charges were used against people guilty of no crime whatsoever. We will not be intimidated. We stand behind the members and supporters of the Puerto Rican Independence Movement who have resisted the grand jury by taking the principled stand of non-collaboration.

JOHN BROWN ANTI-KLAN COMMITTEE (JBAKC)

OVERVIEW

The JBAKC describes itself as an anti-imperialist and anti-Ku Klux Klan organization. It openly supports national liberation struggles worldwide and within the United States. In its publications and through speeches given by its members, the JBAKC has expressed solidarity with violent actions carried out in the name of national liberation. As an example, the group has openly supported the ill-fated October 20, 1981, Brinks armored truck robbery in Nyack, New York, which resulted in the deaths of two police officers and one bank guard and the wounding of several other people. Consistently referring to this incident as an "expropriation" rather than a robbery-murder, the JBAKC has indicated that those responsible for the activity were justified insofar as they were fighting oppression and attempting to create a new "Afrikan" state within what is now the southern portion of the U.S. The group has made repeated efforts to engender support for those awaiting trial for the October 20th incident and has encouraged these incarcerated people and other potential witnesses not to cooperate in any manner with authorities. Several important JBAKC members including the group's nation co-coordinator allegedly were involved in the October 20th incident, either as actual conspirators or accessories.

RE: JOHN BROWN ANTI-KLAN COMMITTEE (JBAKC)

The JBAKC also expressed support for the clandestine Fuerzas Armadas de Liberacion Nacional Puertorriquena (FALN) (Armed Forces for Puerto Rican National Liberation) group which has perpetrated 130 bombing incidents designed to gain the liberation of Puerto Rico from U.S. control. In this area the group has openly protested against Federal Grand Juries attempting to look into the FALN. On page five of the April/May, 1983, edition of "Death to the Klan," the JBAKC newspaper, the group printed a copy of the FALN Communique issued following the December 31, 1982, bombing attacks staged in New York City in which three New York Police Officers were maimed and considerable property damage was caused. The remaining half of page five was devoted to the printing of a communique from a group calling itself the "United Freedom Front," which claimed credit for the December 16, 1982, bombings of the South African Purchasing Office in New York City and the IBM Complex in Westchester, New York.

Although the JBAKC functions somewhat openly in that it sponsors forums, protest demonstrations, benefits, and conventions, and publishes documents, much of the group's activities are secretive and, therefore, little is known of its structure or operations. Security is rigid and membership is not open to the general public. The JBAKC works very closely with the May 19th Communist Organization (M19CO) and several national liberation groups including the Movimiento de Liberacion Nacional (MLN). It openly publicizes its part in an amalgamation calling itself the National Coalition to Defend the October 20th Freedom Fighters, which confederation has sponsored various demonstrations to express support for the people arrested as a result of the fatal armored truck robbery. Many of the more important members of the JBAKC also hold membership in the M19CO.

#### ORIGIN

The exact origin of the JBAKC remains largely unknown to law enforcement personnel. In the April/May, 1983, edition of "Death to the Klan," self-described

RE: JOHN BROWN ANTI-KLAN COMMITTEE (JBAKC)

newspaper of the JBAKC, the group indicates on page 12 that it was formed in 1977 in response to the struggle of black and Puerto Rican prisoners against the KU KLUX KLAN (KKK) organizing among New York State prison guards.

PHILOSOPHY

In their public statements, both verbal and written, the JBAKC has expressed its opposition to U.S. imperialism and to the overall political philosophy of the U.S. Government. The group vehemently supports various nationalist movements within the U.S. and throughout the world. One of their primary causes is that of the Republic of New Afrika-Black Liberation Army (RNA-BLA) which group claims that a block of southern states within the U.S. should be ceded to them for an all black nation.

The JBAKC also supports the liberation of Puerto Rico from the U.S. control and has expressed solidarity with Chicano groups that are seeking to liberate parts of the southwestern U.S. that they claim were illegally seized from Mexico by the U.S. Government over one hundred years ago.

The JBAKC believes that the use of armed struggle and violence by these groups to achieve their objectives is proper and justified, and at least in this sense support the use of armed violence to cause a dissolution of the U.S. The JBAKC specifically targets the Ku Klux Klan which they regard as a threat to black people within the U.S. They express the belief that the Ku Klux Klan is supported by the government as a vehicle through which to suppress black people. They make public statements that the FBI directs the Ku Klux Klan and that police officers comprise part of the membership of the group. The following are statements recently expressed by the JBAKC that reflect the philosophy of the group:

The April/May edition of "Death to the Klan" expressed the following viewpoints in an article on page two entitled "Editorial":

RE: JOHN BROWN ANTI-KLAN COMMITTEE (JBAKC)

"The FBI leads the direct military assaults on the revolutionary forces such as the BLA and the FALN; the imprisoning of Freedom Fighters and their public supporters. The FBI has known ties to the Klan's military operations, and their public mobilization of a base of white people to attack the human rights of oppressed peoples and support the state attacks on revolutionary leadership. The Klan is a key element in the state's ability to consolidate the white working class to total support for (sic) empire faced with deepening crisis.

"The critical lesson learned from Boston, DC, Miami, and Austin is: to stop the Klan we will have to mobilize the mass anti-Klan sentiment that exists and develop a fighting program inseparable from the struggle of the Black Nation (New Afrika) for human rights and self-determination. While it is positive that people were mobilized to fight, this must be developed into a strategy--an understanding that only when Black people are free, have a Nation, will Klan terror be ended. Only then will imperialism be defeated. This is why we work under the leadership of the New Afrikan Independence Movement, that part of the Black Liberation struggle that fights for land and independence for the Black Nation/New Afrika, within the current borders of the United States. We must support the rights of the Black Nation to land and independence.

"We unconditionally support the right of Black, Mexican, Puerto Rican, and Native peoples to self-defense against white supremacist terror by any means necessary. History has proven that when people have armed themselves and their communities it has helped stop KKK or police violence...

"We support the right of the New Afrikan Independence Movement to build a liberation army that will fight for their national liberation, for self-determination and land. That is why we support New Afrikan Freedom Fighters, those in prison and those free and fighting."

In an article entitled "Join the John Brown

RE: JOHN BROWN ANTI-KLAN COMMITTEE (JBAKC)

Anti-Klan Committee" on page 12 of the April/May edition of "Death to the Klan," the group states:

"We understand that the fight against the Klan is fundamentally a fight against U.S. imperialism, therefore, we know that the state can never "ban" the Klan. We are committed to building an anti-imperialist mass movement against white supremacy. We unconditionally support all struggles of Black communities against white supremacy. We unconditionally support all struggles of Black communities against Klan and police terror. We support the Freedom Fighters of the Black Liberation Army and the building of armed struggle here in the heart of the U.S. empire...

"...We look to the leadership of national liberation struggles fighting for their liberation from U.S. domination and to the Black Liberation Struggle in particular. We are the solidarity organization for the New Afrikan Independence Movement--that part of the Black Liberation Movement which work under the direct leadership of the National Committee to Defend New Afrikan Freedom Fighters."

ORGANIZATIONAL STRUCTURE

The JBAKC has a close but undefined relationship with the May 19th Communist Organization (M19CO). The M19CO is a splinter group from the former Weather Underground Organization (WUO) which was active in the United States in the 1970's. The M19CO is the East Coast Organization of what was formerly a unified WUO.

Several members of the M19CO also belong to the JBAKC.

The JBAKC is allegedly the first level through which people are recruited into the Revolutionary Movement. After a period of successful functioning in the JBAKC, individuals are then brought into the M19CO.

There are several chapters of the JBAKC nationwide as well as numerous "organizing committees" including one in New Paltz, New York.

The individual in charge of the organizing

committee in New Platz, New York, is [redacted]  
[redacted], who currently resides in [redacted]  
[redacted] New York). [redacted]'s date of birth is  
[redacted].

In late July 1983, an individual subsequently determined to be [redacted] entered the offices of the New Platz "Times Herald" where she requested an edition of the paper's "almanac". This almanac is an annual compilation of police, fire, and governmental services in the Ulster, Sullivan, and Orange Counties. Upon being asked why [redacted] wanted a back edition of this almanac, she was "very evasive and nebulous". Finally, [redacted] stated she wanted it for "the police and fire".

The information set forth in this letterhead memorandum is being furnished to your agency in view of the self-espoused "solidarity" of the JBAKC with violent actions carried out on the United States in the name of national liberation. [redacted]'s specific objective in obtaining this almanac is unknown, however, it is possible that the JBAKC or other organizations are attempting to determine what communities in Ulster, Sullivan, and Orange Counties may be vulnerable to a crime or act of terrorism based on the published size of a community's police department.

A photograph of [redacted] is enclosed with this letterhead memorandum.

May 19 Communist Organization (M19CO)

Investigation of various criminal acts has identified a disparate group of individuals of unknown size dedicated to the overthrow of the Government of the United States (US) through various means of force and violence. These individuals are members, supporters or associates of a series of revolutionary groups which seek the geographical dismemberment of various parts of the US or a change in the present constitutional form of government, or both. These groups have conspired to form a joint strategy of engaging in what they term "clandestine armed struggle," a euphemism for violent crime, for the purpose of achieving their goals. In part, these groups have used, and plan to continue to use, murders, bombings, assaults, armed robberies, escape of incarcerated co-conspirators and kidnappings as instruments to achieve their purported political ends.

The coalition of groups includes "The Family" or "The Collective," the M19CO, the John Brown Anti-Klan Committee (JBAKC), the Fuerzas Armadas de Liberacion Nacional (FALN), the New Afrikan Freedom Fighters (NAFF), the Movimiento de Liberacion Nationale (MLN), Prarie Fire Organizing Committee (PFOC), New Movement in Solidarity with Puerto Rican and Mexican Revolutions (New Movement), possibly along with others not yet identified, which have formed an operational alliance to further their terrorist activities.

The following information describes the concerted efforts of members of these groups to oppose and to destroy the Government of the US through violent terrorist conduct:

On March 6, 1970, an explosion occurred at 18 West 11th Street, New York, New York (NY), while members of the Weather Underground Organization (WUO) were constructing bombs. Three persons were killed during this explosion, which wrecked the townhouse in which the bombs were being constructed. Witnesses

identified [redacted] and [redacted] running from the townhouse immediately following the explosion. Among the items recovered from the rubble of the building was [redacted] [redacted] and [redacted] are now members of the M19CO.

b6  
b7C

Between 1970 and 1977, the WUO was responsible for numerous bombings throughout the US, including the bombing of the US Capitol Building and Pentagon.

Beginning in 1976, there emerged for the first time, a group of individuals, who had joined together for the purpose of committing, and who did commit, a series of armed robberies and attempted armed robberies, called "expropriations" and other terrorist acts. This group, known as "The Family" or "The Collective," was supported in these armed robberies and other terrorist acts by members of the M19CO.

[redacted]  
[redacted] "The Family" consisted of former members of the Black Liberation Army (BLA) and others. [redacted] "The Family" engaged in a series of armed robberies known as "expropriations" for the purpose of financing the activities of the Republic of New Afrika (RNA) which seeks the separation of the States of Alabama, Mississippi, Georgia, South Carolina and Louisiana from the US.

b6  
b7C  
b7D

On October 20, 1981, members of "The Family" attempted to rob an armored truck in Nanuet, NY. In this attempt, known as the Brinks Robbery, they were armed with an M-16 automatic rifle, point nine (.9) millimeter automatic pistols, and a shotgun. The robbery was unsuccessful, although two police officers and one security guard were murdered during the course of this attempt. Several individuals were arrested at the scene and other locations which ultimately led to an indictment and trial in the Southern District of New York (SDNY). This indictment charged that this group of individuals committed a series of robberies and attempted robberies [redacted]

[redacted] participated in the preparation for the Brinks Robbery by [redacted] prior to its execution. [redacted]'s attorney in the trial was [redacted], also a member of the M19CO.

[redacted] associates of the M19CO were to act as members of the "Secondary Team," whose duties included driving getaway cars in [redacted] the Brinks Robbery.

b6  
b7C  
b7D

[redacted] Other members of the M19CO, [redacted] were tried and convicted in [redacted] Court for murder and attempted murder stemming from their roles in the Brinks Robbery.

[redacted] M19CO founders Dr. Alan Berkman and [redacted] are currently indicted fugitives relative to the Brinks case.

On November 5, 1981, a communique from the self-styled Revolutionary Armed Task Force (RATF) was received by Radio Station WBAI in New York City (NYC) and read in part: "On October 20, 1981, under the leadership of the Black Liberation Army, Black Freedom Fighters, and North American Anti-imperialists, all members of the Revolutionary Armed Task Force, attempted expropriations of one point six (1.6) million dollars from an armored Brinks truck."

[redacted] described himself as a "Freedom Fighter" with these words: "I am a Muslim and a New Afrikan Freedom Fighter. Both positions leave me out of the jurisdiction of this court and make these court proceedings null and void (illegal). As a Muslim I am subject to the laws of the Kur'an which clearly tells me to fight oppression. To enjoin what is right and to forbid what is wrong. As a Freedom Fighter, fighting for the freedom, liberation and self-determination of my people, the United States charter and

all other legal bodies dealing with the subject of liberation of an oppressed people, recognize my right to wage armed struggle against my oppressor. I am not an American citizen. I am a victim of America. I am a citizen of the Republic of New Afrika. I do not want to be an American citizen. America has proven itself to be the most devilish and barbarous people that have ever called themselves civilized." [redacted]

b6  
b7C

The M19CO is a group expressing a Marxist-Leninist philosophy which seeks to overthrow the Government of the US by "armed struggle." [redacted] a confidential source (1) furnished the Federal Bureau of Investigation (FBI) with documents which described the response of the M19CO and two of its arrested members to the failure of the armored car robbery in Nanuet, NY.

b6  
b7C  
b7D

[redacted] In these documents, the M19CO made the following statement explaining their reason for participation of M19CO members in the aborted Brinks Robbery:

"White Anti-imperialist Freedom Fighters like [redacted] [redacted] and [redacted] give leadership to the growth of Anti-imperialist struggle amongst the white working class, and support of armed struggle and towards the development of more Anti-imperialist Freedom Fighters.

b6  
b7C

"May 19 Communist Organization stands behind [redacted] [redacted] unconditionally. We welcome the development of Freedom Fighters from the ranks of the Anti-imperialist movement and look forward to the day when they will rise from the ranks of the white working class. LONG LIVE THE BLA. LONG LIVE THE RATF. INDEPENDENCE AND SOCIALISM FOR NEW AFRIKA. DEATH TO U.S. IMPERIALISM."

The JBAKC is a group numbering 50 or more persons in size. It is closely aligned with the M19CO, the NAFF, and various other groups that promote so-called national liberation struggles.

May 19 Communist Organization (M19CO)

Although the group itself has yet to claim any violent action such as a bombing, it openly supports and promotes the activities of clandestine groups and has done much to promote the Brinks defendants. In general, the leadership of the JBAKC and the M19CO is the same, although the exact organizational structure and relationship of these groups is not completely clear.

[redacted] a second confidential source heard [redacted], who claims membership in both the JBAKC and M19CO, to state that these two groups and a third group called the New Movement are essentially one and the same organization. She indicated that, at least in Chicago, the cause involved in a particular activity would govern the name used. For example, if the organization is sponsoring a function designed to express support for black nationalism, it would probably use the JBAKC name, whereas if the function involves Puerto Rican independence, the New Movement title would be used. The source also reported that [redacted] stated that the group supports the MLN and [redacted] the MLN-operated Borinquena Cultural High School in Chicago, which has been used to further the activities of the Puerto Rican terrorist group, FALN.

[redacted] the first confidential source reported that Austin, Texas, M19CO and JBAKC leader [redacted], aka [redacted] stated that the JBAKC is the first level through which people are recruited into the revolutionary movement. After a period of successful functioning in the JBAKC, individuals are brought into the M19CO. At this level, members are exposed to more indoctrination and are placed into situations where they can directly assist underground fighting units by providing such things as supplies, safehouses, weapons, and aid to fugitives. After having demonstrated their dedication at the second level, individuals may be invited to submerge into the third level, that of an underground fighting unit.

The first confidential source further stated that the Austin Chapter of the JBAKC requires new members to undergo a two-hour interview by two members, after which the prospective member must undergo ten weeks of doctrine and ideology instruction. One of the books used in the training session is entitled, "Principles

May 19 Communist Organization (M19CO)

of Unity of the May 19 Communist Organization," which in the chapter entitled, "What We Do," states, "In our practice of solidarity and national liberation struggles, we must address and build support for the armed vanguards of these movements."

In another document [redacted]

[redacted] explained the role of the JBAKC as follows:

b6  
b7C  
b7D

"We also do not exactly follow the insurrectionary theory of today. We like to take leadership from the New Afrikan Freedom Fighters and from the armed clandestine movements of the Puerto Rican struggle and other national liberation struggles with an understanding of clandestinity which we think we need to incorporate for ourselves as a mass anti-imperialist organization."

Brinks fugitive Dr. Alan Berkman was the National Coordinator of the JBAKC.

The FALN is a clandestine organization composed of individuals who have dedicated themselves to "liberating Puerto Rico from United States control." The group's members claim that armed struggle is the only vehicle through which independence can be achieved. The group's members also seek the release of convicted terrorists and the removal of all US military installations from the Island of Puerto Rico. The FALN is accredited with 149 bombings and incendiary attacks, armed takeovers, and series of armed robberies.

The FALN publicly emerged on October 26, 1974, when the group claimed credit for five bombings that occurred in downtown NYC. Although these initial attacks were "symbolic" in nature and not seemingly designed to injure people, such was not the case in the FALN's next attack which occurred on December 11, 1974. In this instance, the group used a false report of a dead body in an apartment building to lure police into a "booby trap" explosive device that detonated, leaving a young policeman, Angel Poggi, maimed and permanently disabled. The group's next action, occurring on January 24, 1975, was even more ruthless and resulted in four deaths, over 60 injuries, and extensive property damage. The target was the historic Fraunces Tavern in NYC, and the device exploded during the busy lunch period.

May 19 Communist Organization (M19CO)

The FALN first made its presence known in Chicago, Illinois (IL), on June 15, 1975, when they claimed credit for two powerful bombs that detonated in the downtown loop area. In October, 1975, the FALN attempted to display their strength by simultaneously exploding bombs in NYC, Washington, District of Columbia (WDC), and Chicago. During subsequent years, the FALN utilized both explosive and incendiary device attacks. One of these attacks was on the Hilton Hotel in NYC in September, 1976, and resulted in an estimated \$300,000.00 in damage. Another victim target was the Merchandise Mart in Chicago which suffered an estimated \$1,335,000.00 in damages from a February 18, 1977, bombing.

On August 3, 1977, a powerful bomb detonated inside of the Mobil Oil Company employment office in NYC. This bombing resulted in the death of one man and the injuring of several other bystanders. FALN member [redacted] was subsequently convicted of perpetrating this act and is currently serving a life term in Federal prison.

b6  
b7C

On November 3, 1976, Chicago police discovered a bomb factory which was located in an apartment building located at [redacted] Chicago, IL. FALN leader [redacted] husband of [redacted], was in the process of buying and had assumed possession of the building. This discovery lead to the identification of [redacted] his wife, [redacted], [redacted], and [redacted] as being involved in the terrorist activities of the FALN. All four individuals immediately vanished.

b6

b7C

May 19 Communist Organization (M19CO)

In October, 1979, explosive devices detonated in NY and Chicago in conjunction with a series of bombings on the Island of Puerto Rico. Communiqués issued both in the US and Puerto Rico claimed credit for these incidents in the name of the FALN and three other island-based groups. The joint communiqué also informed the world that at least four Puerto Rican independence groups were now working in cooperation with one another. These groups are identified as the Comandos Revolucionarios del Pueblo (Peoples Revolutionary Commandos), the Ejército Popular Boricua - Macheteros (Popular Puerto Rican Army - Machete Wielders), and the Fuerzas Armadas de Resistencia Popular (Armed Forces of Popular Resistance).

In mid March, 1980, the FALN engaged in a new terrorist tactic when members of the group simultaneously seized the Carter-Mondale presidential campaign office in Chicago and the George Bush campaign office in NY. Campaign workers were held hostage at gunpoint at each location while FALN members ransacked the facilities and stole supporter name lists.

FALN members were responsible for other armed confrontations. On December 24, 1979, armed FALN members conducted the well-planned armed robbery of an armored truck in Milwaukee, Wisconsin (WI). On January 14, 1980, heavily armed FALN members attempted to rob the Oak Creek, WI, National Guard Armory of machine guns and other weapons. The attempt was thwarted when the personnel on duty at the armory convinced the gunman that the vault could not be opened and that the weapons had no bullets.

On November 19, 1980, a heavily armed group of approximately eight individuals took over a Texaco service station located at 6140 North Broadway, Chicago, IL, apparently in an effort to rob an armored truck that was due to stop there shortly. The truck was delayed and the invaders departed, leaving the service station personnel bound with rope. The modus operandi is similar to other FALN armed robberies and armed robbery attempts.

On December 10, 1980, FALN members tied up an employee and at gunpoint stole a van from Highland Park Ford, Highland Park, IL. FALN members [redacted] and [redacted] were arrested after a high-speed chase on the Edens Expressway involving cars from numerous police agencies. [redacted] is currently serving a 12 year term in prison for his part in that robbery. [redacted] jumped bond and is currently a fugitive on this and other charges discussed below.

On April 4, 1980, Evanston, IL, police arrested 11 FALN members who had assembled for the purpose of robbing an armored truck at Northwestern University. Seized were a stolen truck, a stolen van and cars, 13 weapons, various disguises and articles of false identification.

Investigation stemming from these arrests led to the discovery of safehouses in Milwaukee, WI; Jersey City, NJ; and Chicago, IL. One of the arrestees, [redacted] was [redacted] [redacted] sentenced to life imprisonment for the fatal bombing occurring at Mobil Oil on August 3, 1977. The remaining ten defendants were convicted in state court of armed violence and weapons offenses. On December 10, 1980, those ten defendants were named in an indictment and were subsequently convicted of seditious conspiracy, Hobbs Act, armed robbery, interstate transportation of stolen motor vehicles and various weapons offenses.

That individuals engaged in violent terrorist activity, in furtherance of the goals of the FALN, would continue that conduct long after the arrest of the 11 members was made clear by many of the defendants at the time of their sentencing. As [redacted] [redacted], said, "There will be many more Fraunces Taverns and many more Sabana Secas," (where a bus loaded with unarmed Navy personnel was ambushed by machine guns killing two and wounding nine). As FALN member [redacted] said, "We are confident that all those that have partaken in this illegal and vicious trial will not be exempted from the righteous and just revolutionary procedure. There will soon be judges, marshals, members of the jury, prosecutors, agents, all of you - some of you will be walking on canes and in wheelchairs. Revolutionary justice can be fierce. Mark my words."

[REDACTED] safehouses are locations purchased or rented in an assumed identity in which bombings, robberies and armed takeovers are discussed and planned, bombs and incendiary devices are manufactured, and people are trained for these activities, and in which FALN fugitives take refuge. Materials such as explosives and incendiary bomb-making components, weapons, ammunition, communications gear, disguises, wigs, makeup, intelligence files on prominent Americans, photographs of law enforcement personnel, rope, handcuffs, money, and goods stolen in armed robberies, plans for armed robberies and/or armed takeovers, false identity documents, FALN communiques claiming credit for bombings and other FALN documents are stored in these locations. Safehouses are used in connection with the "armed struggle" of the FALN and its members and not for personal or social purposes. [REDACTED]

May 19 Communist Organization (M19CO)

As is evident from the foregoing, the FALN customarily claims responsibility for its bombings through written communiques. Shortly before her arrest [redacted] was observed carrying what appeared to be a package of Xeroxed paper into the Boriquena Cultural Center, a high school located in Chicago. Although no actual communique was recovered from this high school during a search of the premises pursuant to a warrant, the remnant of a burned document was recovered from which the FALN logo could be discerned. In addition, a notebook recovered during this search bore the fingerprints of NY M19CO member [redacted] according to the Latent Fingerprint Section, FBI Identification Division.

Approximately four months after the arrest of the Brinks killers on October 20, 1981, the FALN planted four bombs in NYC's Wall Street area. Between the hours of 11:25 PM and 11:45 PM, on February 28, 1982, four bombs exploded outside of the offices of Merrill Lynch, the Chase Manhattan Bank, the NY Stock Exchange, and the American Stock Exchange.

At approximately 12:17 AM, about one-half hour after the last bomb detonated, an FALN communique was recovered from a telephone booth located on Riverside Drive and 91st Street in Manhattan. Police were led to the telephone booth by an anonymous call to Associated Press, NYC. The caller stated that he represented the FALN.

This communique made clear with the following words that the bombings of the FALN were made in support of the incarcerated Brinks defendants:

"To the Black Freedom Fighters who are presently receiving the full weight of the Yankee repressive machinery and who are being killed and tortured by these agents of death, your strength, courage and will to fight has inspired us. We support your fight against the colonial enslavement of your people and for New Afrika and we are as certain of the inevitability of your victory as we are of ours.

"We also wish to express our solidarity with the three North Americans captured in the Brinks expropriation. By linking up with your black comrades and making

May 19 Communist Organization (M19CO)

their struggle your own you have put into practice the Leninist principles which states that the duty of the working class and its advanced sectors in the imperialist countries is to actively assist and fight for the liberation of the colonies. Companeros, we salute you for your example, unselfishness and total commitment to national liberation and the international working class revolution."

At the time of these bombings, [redacted] and [redacted], both of whom are leaders of the M19CO, lived [redacted] six blocks from the telephone booth where the communique was recovered.

b6  
b7C

On November 9, 1982, a search warrant stemming from the Brinks case was executed in that apartment, from which was recovered an exact carbon copy of the communique which was found in the telephone booth on the night of the bombings. Examination by the FBI Latent Fingerprint Section revealed that the fingerprints of M19CO member [redacted] were found on this exact carbon copy of the FALN communique. The fingerprints of [redacted] were found on a draft of the FALN communique bearing handwritten corrections. All of these corrections were incorporated in the final draft recovered at the telephone booth.

[redacted] and [redacted] were subpoenaed to testify before a grand jury in the [redacted].

On January 26, 1983, [REDACTED] gave a speech in Austin, Texas (TX), where she advocates the overthrow of the US Government by "armed struggle." Physical surveillance of [REDACTED] determined that she resided with Austin M19CO leaders [REDACTED] and [REDACTED] at [REDACTED] during that trip to Austin.

[REDACTED] and [REDACTED] were subsequently convicted of Criminal Conspiracy in US District Court, EDNY, on January 20, 1984.

[REDACTED] also appeared before the Federal grand jury, [REDACTED] and refused to testify. She is currently awaiting trial on a Criminal Contempt charge.

b3

On the same day that her apartment was searched, [REDACTED] was arrested on charges stemming from the Brinks case, and had either in her apartment or on her person many documents, written often in the form of self-criticism by unknown authors. The documents described the reaction to the Brinks Robbery, the importance of the principle of non-collaboration, and most important, the existence of a "strategic alliance" of groups committed to "armed struggle" as a means of overthrowing the Government of the US, some of which read as follows:

b6  
b7C

"The primary task of the May 19th Communist Organization is building peoples war to defeat imperialism and win socialism."

\* \* \*

"In trying to write this paper and because this week the revolutionary public forces of the Puerto Rican Independence Movement have been in New York, I have been thinking alot about the PRIM and about the role of the LSP in particular. One of the deepest struggles for me over the last year has been the struggle waged by the MLN about the development of people's war--both the theory of it and specific

May 19 Communist Organization (ML9CO)

development in Puerto Rico--defeating a militarist view in me/us that people's war means only the waging of armed actions. The MLN has struggled that the only way to gain power is through the force of arms by mobilizing and arming the entire people to fight for national liberation and socialism."

\* \* \*

"The struggle to free the October 20th freedom fighters concretizes many of the issues most central to building a revolutionary struggle within the empire that is capable of defeating imperialism and fascism. Along with actions of the FALN and the armed clandestine organizations in Puerto Rico, the October 20th appropriation attempt and the history of armed struggle waged by the B.L.A. make it clear that revolutionary armed struggle and armed clandestine organizations are being built inside the United States."

\* \* \*

"Primary in building support for the freedom fighters must be upholding the absolute right of oppressed nations to wage armed struggle for their liberation. The continuation of armed struggle by the Black Liberation struggle and its allies. A process that is over 600 years old is the only way to defeat imperialism and fascism: therefore, making this principle primary in our defense of the freedom fighters is the only way to build a revolutionary movement capable of victory. The Puerto Rican, Chicano-Mexicano, and New African national liberation struggles have provided clear leadership in fighting to build

May 19 Communist Organization (M19CO)

a mass movement based on support for armed struggle as white communists. We must struggle to massify the support within the white working class as the only means for the working class to stop their own exploitation and build socialism."

\* \* \*

"The actions of the white combatants in the RATF were proletarian informationist actions because, as revolutionized members of the white oppressor nation, they participated in a revolutionary strategy to build people's war to defeat imperialism and bring the proletariat to power. They asked in alliance with black revolutionaries, under the leadership of the B.L.A. in a strategy to free the land of New Africa. They acted in recognition that the liberation of the land of New Africa, occupied Mexico, Puerto Rico and Native American nations will destroy U.S. imperialism, erecting the opportunity to build socialist societies. Their participation in the attempted appropriation shows their unity with the leninist principle that advanced, class-conscious members of the working class of the colorizing nation must fight for the right to self-determination of the colonies."

\* \* \*

"It is the highest priority for white communists to participate in armed struggle under the leadership of the national liberation struggle because white communists must lead masses of white working class people to participate in revolutionary war against imperialism. Our participation in armed struggle provides a concrete example of how imperialism will be

May 19 Communist Organization (M19CO)

defeated, and helps build a body of practice (defeats and victories) that will be the basis for building a strategic alliance and a successful people's war."

\* \* \*

"The challenge was about how to build a principled struggle to free P.O.W.'s, which struggles for the content of their leadership and their actions. The Five Nationalists, when they were released, made this very clear, by immediately attributing their liberation from U.S. prisons to the armed clandestine organizations and the escalating people's war in Puerto Rico, and by beginning to do defense work and public organizing around the other P.O.W.'s (particularly the II) and the politics of armed struggle."

\* \* \*

"Mistakes will be repeated of making public work primary over clandestine work (which robs us of the ability to develop clandestine capabilities), and new members will be recruited on an incorrect basis, and not in full unity with our responsibilities as white communists to participate in people's war. May 19th would not be able to fulfill its role of organizing public support for armed struggle and for allying with national liberation struggles, massifying revolution consciousness and support among masses of white working class people for their own participation in people's war and the building of socialism."

\* \* \*

May 19 Communist Organization (M19CO)

"In order to be part of the alliance white people will have to be willing to engage in armed struggle, to break with the white leftist history of mouthing revolution -- always years in the future -- and abandoning Third World comrades on the front lines. Comrades in the BLA and FALN have been fighting for many years -- this action also shows that it is importative to being waging war now - the enemy has been committing genocide already for many years, and building the capability to win is an extremely protracted process. Fighting to free the freedom fighters helps fulfill a critically important role in people's war - building conscious, mass support, building a mass base that can be mobilized to fight fascism and white supremacy in all the forms it is being manifested, builds a base for material and financial support for freedom fighters, and a base and process through which to recruit into the ranks of the fighting forces."

These documents bore the fingerprints of [redacted]

[redacted] and [redacted] all leading figures in the M19CO:

"The significance of the events of October 20, 1981 cannot be overstated. Although the action itself was a tactical military failure, the events of the 20th and subsequently and the ongoing struggles create conditions to turn the tactical failure into a strategic political advance in terms of struggling for a truly revolutionary strategy that will lead to the final defeat of imperialism."

\* \* \*

May 19 Communist Organization (M19CO)

"The RATF points the way for communists to participate at the highest level and with the greatest unity with the strategy of the New Africa Independence Movement - by participating, under third world leadership, in armed struggle and actively building the armed clandestine movement toward full scale people's war. Participating at this high level is a concrete act of international proletarianism, and is therefore highest priority for white communists, not only."

\* \* \*

"On a personal level, the Oct. 20th action and resulting struggles, in particular the formation of the Revolutionary Armed Task Force created serious challenges as well as providing a concrete example. The challenge is to struggle collectively to push myself forward into the high level of political unity with all components of the revolutionary strategy of the New Africa Independence movement necessary not only to apply the principles to help organize a revolutionary mass movement and support to waging of armed struggle, but ultimately to participate directly in the armed clandestine movement, whether it be with the RATF or future formations, as it becomes clearer to me over time that this is my ultimate responsibility as a white anti-imperialist in Amerikkka struggling to become a revolution and a communist. For me, the example and potential of the RATF/armed clandestine movement cannot be ignored and the courageous and principled stand of the captured freedom fighters and grand jury resisters gives me clear and concrete examples of the highest political development strategically and in terms of revolutionary character which I know I must actively and consistently struggle to attain. We will win - onward to final victory!"

"The principle and strategy of non-collaboration is a central component of the struggle to free the freedom fighters and in building a revolutionary movement capable of withstanding the vicious and brutal attacks the state has and will continue to engage in. The strategy and principle of non-collaboration does several things to build the revolutionary movement. It clearly identifies the state as the enemy because of its antagonistic relationship to national liberation struggles and it denies information which the enemy needs to successfully wage its terror campaigns against liberation struggles. It also serves as a courageous and principled example of how, even the captured, freedom fighters cannot only resist the brutality and torture of their captors but how, through applying non-collaboration they can show the correctness and strength of their position and the weakness and bankruptcy of the state - to show that the state is not all powerful, even under the most extreme circumstances. These lessons serve as an example to freedom fighters in the field and to those building the above ground movements not only in the context of refusing to collaborate with the grand jury or with prison lineups.

"Since last October, our organization has been in struggle to unite with the revolutionary strategy of peoples war and to transform ourselves into a communist organization that will contribute to the growth and development of the armed clandestine movements which lead the struggle overall. We are struggling to

May 19 Communist Organization (M19CO)

transform our organization into a communist organization that will be capable of organizing the white working class to engage in peoples war as an ally of the national liberation struggles under the leadership of a strategic alliance of the national liberation struggles within the United States' empire."

\* \* \*

"Our struggle to understand the United States at an empire of oppressor and oppressed nations held together by the imperialist state has resulted in a more correct understanding of the enemy as well as understanding that this enemy can only be defeated through protracted people's war and armed struggle. The armed clandestine movements must be build now if the capacity is to be developed to smash the United States imperialist state.

\* \* \*

"Our role as white communists is to organize white working class people to wage armed struggle under the leadership of the national liberation movements. It is of primary importance that we contribute to the growth of the armed clandestine movement by building a movement from which more freedom fighters will emerge and creating the kind of climate in which the armed clandestine movement can grow."

\* \* \*

"The Denver conference, the John Brown conference, and New Afrikan Freedom Fighters Day have all been significant events which have led to important developments in our organization and the movement we are building. In the process of building for Denver, we gained a clearer view of the United

States empire and how it will be destroyed and the need to build support for the national liberation struggles and to contribute to the building of the strategic alliance between the New Afrikan, Chicano Mexicano, and Puerto Rican struggle."

\* \* \*

"The movement that we are building is producing freedom fighters who are committed to the strategy of people's war -- a highly significant development. It is also producing grand jury resisters, anti-klan activists, and anti-imperialists who are willing to fight for African liberation. Since Nyack, we have engaged in struggle that confronts the state - more directly than even before.

\* \* \*

"I feel that I have contributed to the advances made by our organization by exerting positive leadership in some respects. I have struggled for the freedom fighters and for the growth of the armed clandestine movements, as a national leader of John Brown, I played a role in winning the organization to be a revolutionary organization under New African leadership."

"The most serious criticism is that I have not built May 19th in Austin. Most recently, this has taken the form of not building the coalition and not doing the Palestine work. The coalition group was to have been the main was of building May 19th here. Instead of doing this, I chose the easy way of collapsing the coalition work into John Brown. I have spent a great deal of time with recruitment."

for freedom fighters, for the right of oppressed nations to self-determination and to wage armed struggle for national liberation. It is also a position which has contributed to what the NC described as a syndrome of "coasting" - to get through a difficult period rather than to maximize the overall strategic advances to get by rather than constantly heightening and sharpening the contradiction and taking on the struggle to organize the white working class to revolution.

Other documents written in the same vain, bore the fingerprints of [redacted], fugitive Alan Berkman, [redacted], [redacted] and [redacted], all members of the M19CO.

On October 21, 1981, pursuant to a search warrant, a search was conducted at a Mount Vernon safehouse of Marilyn Buck located at [redacted] NY. [redacted] the safehouse had also been used [redacted] to put on disguises and to check out their weapons which included an M-16 automatic rifle and nine millimeter pistols. This search led to the recovery, among other things, of an empty box of nine millimeter ammunition, bearing markings from Oshman's Sporting Goods Store in Houston, TX. This box was found in a trash bag which also contained blood soaked rags.

An examination of records of the Houston, TX, outlet of Oshman Sporting Goods reflects that on May 10, 1980, [redacted] date of birth (DOB) [redacted] of [redacted] TX, purchased two boxes of Remington nine millimeter ammunition. The DOB given is that of [redacted], aka [redacted] and [redacted] is a known prior residence of hers. The name [redacted] is a family name of [redacted].

On October 21, 1981, Marilyn Jean Buck's safehouse located at 223 Prospect Street, East Orange, NJ, and used by the Brinks conspirators was searched leading to the recovery of numerous pieces of false identification documents. Also recovered in the safehouse was a bomb construction diagram which is a copy of the bomb diagram found in the Queens bomb factory of the FALN.

The Latent Fingerprint Section, FBI Identification Division, lifted numerous fingerprints from the East Orange safe-house and identified fingerprints of convicted Brinks defendants [redacted], who was tried and convicted for murder and attempted murder in state court; [redacted], who was tried and convicted in the Federal trial, Southern District of New York (SDNY); [redacted], who was tried and convicted in Federal Court; [redacted], who was tried and convicted in the state trial; [redacted], aka [redacted], currently a fugitive resulting from the Brinks case; [redacted], currently a fugitive in the Brinks case; and [redacted], whose whereabouts are currently unknown. [redacted], [redacted], [redacted], and [redacted] are all prominent in the leadership of the M19CO. [redacted], [redacted], and [redacted] are all prominent in the leadership of the former BLA, currently the NAFF. [redacted] fingerprints were also found on a roadmap recovered from inside of the [redacted] Honda from which the Brinks defendants [redacted] and [redacted] attempted to flee as they were arrested near the scene of the Brinks Robbery on October 20, 1981. This car contained about one million dollars, part of the total proceeds of approximately \$1,600,000.00 taken during the robbery. This vehicle was registered to M19CO member [redacted].

On New Year's Eve, December 31, 1982, the FALN placed bombs at four locations in NYC which exploded in sequence at the NY FBI Headquarters, Police Headquarters of the New York City Police Department (NYCPD), at the US District Court House for the EDNY, and the US Attorney's Office for the SDNY. Three NYCPD police officers were seriously maimed as a result of these explosions. A caller, whose voice has been identified [redacted] [redacted] as FALN member [redacted], placed a call to Radio Station WCBS and stated the following:

"This is the FALN. We are responsible for the bombings in New York City today. Free Puerto Rico. Free all political prisoners and prisoners of war."

A fifth bomb was disarmed by members of the Bomb Squad of the NYCPD outside of the US Attorney's Office in the SDNY.

Subsequent investigation determined that the dynamite utilized in the recovered explosive device was stolen from the

May 19 Communist Organization (M19CO)

Bland Construction Company, located approximately two miles northwest of Spicewood Parkway outside of the Austin, TX, city limits in Travis County. The theft of the dynamite was discovered on March 3, 1980, when ten cases of Hercules Unigel 40 Percent Dynamite was discovered missing, along with six boxes of Hercules blasting caps, each box containing 50 blasting caps, with green and yellow leg wire. The disarmed bomb was armed with two Hercules blasting caps with green and yellow leg wire of the stype stolen from the Bland Construction Company. The dynamite utilized in the recovered device was Hercules Unigel 40 Percent and it bore the exact date - shift code as the dynamite stolen from the Bland Construction Company. One case of dynamite stolen contained 100 sticks of dynamite. The New Year's Eve bombs utilized approximately 15 sticks of dynamite in all. As a result, there are over 900 sticks of dynamite from the Bland Construction theft which are unaccounted for at the present.

In addition to the dynamite, a VME battery-operated detonator capable of detonating explosive devices was also stolen from Bland Construction. This detonator, or blasting machine, was recovered on March 26, 1982, during the execution of a search warrant in the apartment of [REDACTED]

[REDACTED]. The detonator was recovered in [REDACTED]'s safehouse located at [REDACTED] in NYC. [REDACTED] a [REDACTED] member of the BLA and Black Panther Party (BPP).

On the afternoon preceeding the New Year's Eve bombings, M19CO member and attorney [REDACTED] was observed at three of the locations which later during the night were the target of FALN bombs. An FBI Agent stated that [REDACTED] visited the offices of the Joint Terrorist Task Force for the purpose of seeking the return of some seized property. She asked the Agent whether or not the building would be open during the holiday. The same afternoon, [REDACTED] was observed walking past the offices of the US Attorney for the SDNY by an Assistant United States Attorney (AUSA). She also visited the Metropolitan Correctional Center (MCC), which is close by police headquarters.

A third confidential source has advised [REDACTED] observed [REDACTED] M19CO member from Austin, TX, in NYC during the time of the New Year's Eve bombings.

The Queens bomb factory contained 66 sticks of dynamite, 5,000 rounds of ammunition, approximately 350 pounds of potassium chlorate, and extensive bomb construction equipment. The extent of the munitions seized is simply too extensive to detail here. However, two carbines, a rifle, a sawed-off shotgun, and one handgun, the latter recovered from another apartment in which

In fact, one of the carbines was purchased by [redacted] on October 6, 1974, at Kent Sporting Goods, 3985 Tennison, Denver, CO, and was shortly thereafter reported stolen by him. The second carbine recovered from the Queens bomb factory was reported stolen in 1974 by [redacted] as a result of a burglary at 9900 East 25th Street, Aurora, CO. A .22 caliber Arminus revolver found in [redacted] apartment was first owned by [redacted] of [redacted], CO, who reported a .22 caliber revolver stolen on or about February 16, 1974. Some of the ammunition found in the bomb factory was in its original packaging which bore stickers from Dave Cook Sporting Goods, where [redacted] had purchased two carbines other than those found in the bomb factory. [redacted] also reported these other carbines stolen from his home in CO on April 1, 1975.

Investigation relative to the dynamite recovered from the Queens bomb factory determined that the dynamite was stolen from Winslow Construction Company, 3002 South Huron Street, Englewood, CO, on June 25, 1976. This visit occurred between 6:20 PM and 7:10 PM, on May 18, 1979, after a search of the prison ward for contraband was conducted. For a few weeks prior to the day of the escape, according to officers of the NYC Department of Corrections, [redacted] became increasingly vehement in asserting that the attorney-client privilege protected her from a search by correction officers. On one occasion, when correction officers denied her request to be exempted from a search, she surrendered a knife only after repeated questioning. On the day of her last visit with [redacted], her bag was not searched, nor did she go through a metal detector, nor was she physically searched.

In approximately the end of June, 1983, an operational FALN safehouse was found at [redacted] NY. During court authorized entries into this safehouse conducted during the month of July, 1983, items including disguise paraphernalia, FALN literature, a work bench and materials consistent with those used in the past FALN bombs were found in the apartment. In addition, pieces of green and yellow blasting cap leg wire of the type used in the construction of the New Year's Eve bombs were found in the safehouse. A live non-electric blasting cap and fuse were also found in the apartment. Furthermore, there was observed a letter addressed to "Numrich Arms Corporation" which sought parts for a .30 caliber carbine and barrels for a 7.62 millimeter AK assault rifle. Although no weapons were found in the apartment, the parts sought for the carbine would give it the capability of automatic fire. It is believed that the reference to an AK assault rifle refers to the AK-47 assault rifles usually made in either the Soviet Union or China which are capable of automatic fire.

The FALN in mainland-US is not known to possess AK-47 assault rifles. However, the Puerto Rican terrorist group known as the Macheteros described earlier utilized an AK-47 rifle in the murder of US Navy personnel at Sabana Seca, Puerto Rico, on December 3, 1979, and from ballistics analysis, used the same rifle in the robbery of an armored truck in Carolina, Puerto Rico, on November 16, 1982, during which \$350,000 was stolen and one person was murdered. A ballistics expert assigned to the FBI Laboratory has advised that additional barrels for an AK-47 could be required because the existing barrel has worn out or else to avoid ballistics comparisons.

On July 16, 1983, a member of the NYCPD/FBI Terrorist Task Force observed FALN suspect [redacted] arrive outside of the Yonkers FALN safehouse in a [redacted] van, NY License Plate Number [redacted], and thereafter enter the building in which the safehouse is located. Subsequent investigation determined that this [redacted] is registered to [redacted] NY. Current information shows that the correct address is [redacted] NY, said address being a telephone answering and mail drop facility, County-Wide Answering Service.

On July 26, 1983, the previous owner of the van advised he sold the van to a [redacted] 4550 Court Square, Apartment 101,

May 19 Communist Organization (M19CO)

Long Island City, NY. A check of said address determined it to be a commercial building with no references to [redacted]. [redacted] also advised the seller she intended to register the van in [redacted].

On July 9, 1982, [redacted], date of birth [redacted], local address [redacted] legal address listed as [redacted] registered the [redacted] van in [redacted]. During this registration, Holden provided as proof of identity a [redacted] driver's license, Number [redacted].

On January 3, 1983, the [redacted] van was again reregistered in the State of NY by [redacted]. On January 4, 1984, [redacted] made an application for a new registration sticker, claiming that the one issued on January 3, 1983, was lost.

On July 27, 1983, [redacted] appeared at the White Plains office of the NY Department of Motor Vehicles (DMV) and again requested a duplicate registration. On August 4, 1983, an application was made at the Yonkers, NY, DMV for a duplicate registration for the [redacted] van. All reregistrations are most likely an attempt to obtain registration stickers to place on other vehicles. Both [redacted] and [redacted] are described as white females.

[redacted] took her NY State driver's license test in a [redacted] Honda, four door, bearing NY License [redacted]. This vehicle is registered to [redacted], 63 West Eighth Street, New York, NY 10011. It was determined that 63 West Eighth Street is a telephone answering service and mail service.

During October, 1983, [redacted] proprietor of the mail and answering service at 63 West Eighth Street, New York, NY, was interviewed on numerous occasions.

[redacted] selected a photograph from a photospread of M19CO member [redacted], Austin, TX, as being identical with the individual using the name [redacted]. [redacted] had rented a mailbox at the answering service.

[redacted] indicated that on one occasion, [redacted] came into the answering service with an individual who utilized the name [redacted]. [redacted] returned on a subsequent occasion by herself and picked up the mail for [redacted].

[redacted] was reinterviewed and shown a photospread consisting of seven photographs.

[redacted] was asked if any of the photos depicted the person utilizing the name [redacted]. [redacted] advised that the photograph of M19CO member [redacted], looked very much like [redacted].

Relative to the County-Wide Answering Service, 63 Fourth Avenue, Mount Vernon, NY, investigation on August 2, 1983, determined that [redacted] received mail at that service. [redacted] supervisor at County-Wide Answering Service was shown a photospread and selected a photograph of [redacted] as being identical with [redacted].

Relative to [redacted], Motor Vehicle records indicated there was a NY State driver's license showing [redacted] residing at 1319 Second Avenue, New York, NY. A check of 1319 Second Avenue determined that Comcenter Mail Service was at that location. Through further investigation, it was determined that [redacted] was a subscriber to the mail service of Comcenter which was originally located at 45-50 Court Square, Queens, NY. It was determined that mail sent to 45-50 Court Square was forwarded to 1319 Second Avenue.

The original application for driver's license in the name of [redacted], validated August 17, 1982, and the application for registration of title for the 1982 Honda, NY License [redacted], were obtained from the NY State DMV and forwarded to the Latent Fingerprint Section, Identification Division. Two latent fingerprints developed on the application for driver's license signed [redacted] have been identified as fingerprints of [redacted].

Two latent fingerprints developed on the application for registration of title, signed [redacted], dated May 9, 1983, have been identified as the fingerprints of [redacted].

It is noted that [redacted] whereabouts have been unknown for over a year. This connection between her and the FALN safehouse and safe van is extremely significant and leads one to believe that she, as a member of the M19CO, is actively working in concert with members of the FALN.

On December 16, 1982, at approximately 7:38 PM, an explosive device detonated at the rear of an office building at 600 Mamaroneck Avenue, Harrison, NY. The device had been placed against the exterior wall at the rear of the building behind a hedge. Damage to the building was superficial and consists mainly of broken windows at the rear of the building.

The building is a five story office building of which four floors are occupied by IBM as a marketing and sales services office. The fifth floor is occupied by General Electric and also contains attorneys' offices.

Prior to the bombing at approximately 7:00 PM, December 16, 1982, a telephone call was received by "Gannett-Westchester Newspaper White Plains, NY, by an anonymous male (sounded like a white male), with no noticeable accent, stating:

"Listen very carefully. I'm only going to say this once and fast. There is a huge bomb at the IBM Headquarters at 600 Mamaroneck Avenue in Harrison. You have thirty minutes to get everybody out. It's a huge bomb that will destroy the whole building. We also did the same thing to the South African Airlines."

The above call was again made at approximately 7:05 PM, stating the same message.

This communique was received by mail and attached to it was a cover transmittal letter, dated December 30, 1982, from the Coalition to Defend the October 20th Freedom Fighters (CDO20FF).

Witnesses provided descriptions of two suspicious white males in the office building just prior to the explosion. With the aid of these descriptions, two composite sketches were made.

On January 28, 1984, a bombing attack took place at the FBI Office, Staten Island, NY. This attack was claimed by a group calling itself the Revolutionary Fighting Group in a telephone call to United Press International (UPI) after the explosion. The recipient of the call stated the call was a tape recorded message.

On April 26, 1983, a bombing occurred at the National War College, Fort McNair, WDC. The bombing was claimed by a group calling itself the Armed Resistance Unit in telephone calls and Communique #1.

On May 12, 1983, at approximately 11:17 PM, an explosive device detonated at the Theodore Roosevelt Junior Army Reserve Center, 101 Oak Street, Uniondale (Nassau County), NY. The device was placed in front of the premises and the explosions resulted in causing extensive damage to the building but no injuries.

Prior to the bombing, at approximately 10:50 PM, May 12, 1983, a telephone call was placed to a volunteer suicide hotline center, Middle Earth Crisis Center, 2740 Martin Avenue, Bellmore, NY. The caller was an unknown female who stated, "I have reached the Middle Earth Crisis Center? This is very important. Write this down because I'm only going to say this once. A bomb has been placed in the US Army Reserve Center on 101 Oak Street. Please call the Hempstead Police and have them evacuate the building and surrounding area. The bomb has been placed by the United Freedom Front and is set to go off in 25 minutes. Viva El Salvador."

The caller then immediately hung up. The female caller was described as having good grammar and speech with no detectable accent.

On May 13, 1983, at 12:30 AM, an explosive device detonated at the Naval Reserve Center, 150-74 Sixth Avenue, Whitestone (Queens), NY. The device was placed against a garage door of the premises and subsequent damage was slight. No warning telephone call was received in regards to this device.

May 19 Communist Organization (M19CO)

At approximately 10:52 PM, a second telephone call was received at a Dunkin Donuts Shop, 976 Hempstead Turnpike, Uniondale, NY, which is only blocks away from the US Army Reserve building. The caller was again an unknown female who stated, "There is a bomb at the United States Army Reserve on Oak Street and it's going to explode in 25 minutes, call the Hempstead Police." The female caller had mentioned some organization, but the two individuals at Dunkin Donuts who received the call could not understand the name.

On August 18, 1983, a bomb exploded at the US Navy Yard, WDC. This bombing was claimed by the ARU in communique number two.

On August 21, 1983, at approximately 10:24 PM, two explosive devices detonated at the Sergeant John Muller US Army Reserve Center, 555 East 238th Street, Bronx, NY.

The first explosive device was placed under a three-quarter ton military truck, 100 feet north of the building, which caused minor damage.

The second explosive device was placed outside, against a metal door on the west side of the building, and caused extensive structural damage.

On August 21, 1983, at approximately 10:50 PM, an anonymous call was placed to the "New York Times" by an unknown female. This female advised a night reporter that a communique could be found in a mailbox in front of a US Post Office on Philips Street. Shortly thereafter, two Xerox copies of a communique from the UFF were recovered from a mailbox at the Throgs Neck Post Office, 3630 East Tremont Avenue, Bronx, NY, claiming responsibility for the two bombings.

On November 7, 1983, a bombing occurred in the US Capitol Building, WDC. An unidentified caller to the "Washington Post" claimed credit on behalf of the ARU.

On December 17, 1983, "Newsday," a Long Island newspaper, received a call from an individual claiming to represent the UFF. The caller stated that three bombs were placed in the Navy Recruiting Office, 1975 Hempstead Turnpike, East Meadow, NY. The Nassau County Police Department responded and evacuated the building.

May 19 Communist Organization

At approximately 11:48 AM, two bombs detonated in the stairwells just outside the recruiting office. A subsequent call was placed to UPI, NYC, advising that a communique could be found in a US Postal mailbox in lower Manhattan. The communique, Number Four, was recovered and claimed credit for the East Meadow bombing on behalf of the UFF.

On December 14, 1983, UPI, NYC, received an anonymous call warning of a bomb set to explode at Honeywell Corporation, 2430 Skillman Avenue, Queens, NY. Upon arriving at Honeywell, NYC Police Officers observed two briefcases outside the building. One briefcase had the word "BOMB" printed in white tape on the outside. The briefcases were transported by the NYCPD Bomb Squad to the demolition range, Bronx, NY, and were opened with a water cannon. One briefcase contained an explosive device. The second briefcase contained a communique, Number Five, from the UFF. A second call was received at UPI and the caller advised that a UFF communique was placed in a US Postal mailbox at 60th Street and Amsterdam Avenue, NYC. The communique was recovered and was a copy of the communique in the briefcase.

On January 12, 1984, UPI, NYC, received a call from an individual representing the UFF. The caller stated that a communique could be found in a US Postal mailbox at Eastern Parkway and Washington Street, Brooklyn, NY. Three copies of communique, Number Six, were recovered from the mailbox. The communique warned of future acts by the UFF. The targets were described as private corporations having military contracts, the military and law enforcement.

On January 27, 1984, UPI, NYC, received a call from the UFF warning that a bomb was placed at the Motorola Corporation, Whitestone Expressway, Queens, NY. Police responded and observed a duffle bag hanging from the garage door at Motorola. The word "BOMB" was printed on the bag.

May 19 Communist Organization (M19CO)

The communiques issued by the ARU which claimed credit for the three WDC bombings demand an end to US military involvement in Central America. The communiques issued by the UFF are varied in protest and demand. Issues ranging from US military involvement in Central American, Grenada and Lebanon as well as issues concerning US corporations having military contracts are addressed. US corporations involved in South Africa (Apartheid Policy) is also protested in some communiques. Other issues such as grand jury resisters and "locked down freedom fighters" are applauded in some communiques.

It is noted that all of the ARU and UFF communiques, as well as some of the FALN communiques, have been reprinted by the M19CO.

The Explosives Unit, FBI Laboratory, has conducted examinations of evidence recovered at the scene of the explosions claimed by the UFF, ARU and Revolutionary Fighting Group.

May 19 Communist Organization (M19CO)

[redacted] a confidential source (2) reported the following information concerning a conversation that took place [redacted]:

[redacted] M19CO Chicago member, [redacted] and an individual identified as [redacted], had a conversation concerning the M19CO and other related groups. [redacted] spent some time talking about a series of bombings that occurred in NY and Washington and mentioned a group called the United Freedom Front. She laughed as she told [redacted] that authorities did not know if the perpetrators of the bombings were blacks, whites, or Puerto Ricans. She explained that it was "all of us" who were responsible for the bombings. She stated that the "United Freedom Front" is a coalition that has been formed consisting of the BLA, FALN, M19CO, and some other groups whose initials the source did not recognize and cannot recall.

During the comments [redacted] mentioned the bombings of an FBI office and of "an installation," but she did not give any specifics about these locations; seemingly because [redacted] appeared to already have a familiarity with them. At one point, [redacted] commented that there were two bombings within a week, and the "blacks" did the second one. She did not elaborate further on this.

As the conversation continued, [redacted] mentioned that he had traveled [redacted] on moving [redacted], and he told about some of [redacted] on this trip. [redacted] responded by telling about [redacted] during [redacted]. [redacted] stated that [redacted].

[redacted] the same confidential source was shown a photograph of PFOC member [redacted], aka [redacted] [redacted] and source positively identified him as being identical to [redacted].

A confidential source (5) of the NYCPD advised that M19CO national leader, [redacted], M19CO members [redacted] and [redacted] had a conversation [redacted] [redacted]. This conversation took place at [redacted].

[redacted] inquired as to whether [redacted] and [redacted] received the "United Freedom Front communique," which claimed credit for the bombing of military installations in Nassau County and Queens, NY, on May 12 and May 13, 1983. [redacted] and [redacted] replied that they had not yet received the communique, and [redacted] stated that it was mailed by the "Revolution in Africa Action Committee" (RAAC).

The "RAAC" was formerly known as the Material Aid Campaign for Zanu-TF," which is an affiliate of the M19CO.

Beginning in October, 1983, members of the NYCPD/FBI Joint Terrorist Task Force instituted physical surveillances of M19CO NY leader [redacted], also known as [redacted] address [redacted] NY. [redacted] is also [redacted] of the New Movement in Solidarity with the Puerto Rican and Mexican Revolutions. She shares [redacted] with the FALN/MLN representative, [redacted].

On three separate occasions, [redacted] entered the Bagel Buffet Restaurant, 406 Sixth Avenue, NYC. On each occasion, [redacted] utilized the public telephone, telephone number (212)475-9111, located inside the Bagel Buffet and places numerous telephone calls. On all three occasions after exiting the Bagel Buffet, [redacted] engaged in extensive counter-surveillance techniques.

Specifically, [redacted] was surveilled in a driving rainstorm in the vicinity of the Bagel Buffet. For approximately two hours, [redacted] walked the streets in the vicinity of the Bagel Buffet, constantly changing directions, going in and out of shops, acting in a furtive manner. She eventually entered the Bagel Buffet and placed several telephone calls from the public telephone. She departed the Bagel Buffet, continued her counter-surveillance maneuvers until she was lost to surveillance.

On October 28, 1983, [redacted] again entered the Bagel Buffet by herself, placed some telephone calls from the coin telephone, and then departed the Bagel Buffet in the company of San Francisco PFOC [redacted]. [redacted] and [redacted] separated after departing the Bagel Buffet. [redacted] took a subway to West 34th Street and entered Macy's Department Store where she employed extensive counter-surveillance measures and eventually was lost to surveillance. [redacted] took a subway to Bloomingdale's on East 59th Street and Lexington Avenue, and acted in a similar manner and was also lost to surveillance.

On November 2, 1983, [ ] was again surveilled to the Bagel Buffet. She placed several telephone calls from the coin operated telephone and departed the Bagel Buffet in the company of M19CO member [ ].

On December 9, 1983, Task Force surveillance personnel observed a meeting taking place at the Bagel Buffet between M19CO National Leader [ ], New African Freedom Fighters leader [ ], aka [ ] and M19CO member [ ].

On the evening of December 14, 1983, [ ] was observed at the Bagel Buffet in the company of New Movement member [ ]. [ ] and [ ] left the Bagel Buffet and after their departure, M19CO members [ ], [ ], and [ ] were observed entering the Bagel Buffet. These three departed the Bagel Buffet and met with [ ] and [ ] on the street. It is noted that this activity took place following an attempted bombing that had occurred on the evening of December 14, 1983, at the Honeywell Corporation located on Skillman Avenue, Queens NY. This attempted bombing was claimed by the United Freedom Front.

The Newark Office of the FBI advised that M19CO member [ ] of M19CO [ ], address [ ] NJ, was also observed by Newark surveillance making telephone calls from the coin operated telephone at the Bagel Buffet.

Numerous other surveillances were conducted of [ ] [ ] during the period of October through December, 1983, wherein furtive activity was noted. [ ] continually uses the NYC subway system for transportation. She often remains on the subway platforms and lets several trains go by before she boards once. She is known to continually change direction and utilize places such as the Port Authority Bus Terminal, Macy's Department Store, and Penn Station to "dry clean" herself.

On December 2, 1983, [ ] was observed meeting an unidentified female in the vicinity of West 105th Street and Broadway, NYC. [ ] gave the unidentified female two packages, and the female then went to 125th Street, where she took the railroad to Bedford Hills, Westchester County, which is the NY State Correctional Facility where convicted Brinks subject [ ] is serving her sentence.

On May 28-30, 1982, at Denver, CO, a National Conference on Repression and Facism was attended by approximately 400 people. Numerous organizations and their support groups were in attendance as well as representatives of foreign groups.

May 19 Communist Organization (M19CO)

b6  
b7C

The conference was sponsored by the following groups:

The MLN, the National Committee Against Puerto Rican Prisoners of War, the National Committee to Defend the NAFF, and the National Committee Against Repression.

Those groups in attendance at the conference in addition to the above were the following:

The BLA, RNA, FALN, M19CO, JBAKC, Macheteros (from Puerto Rico), Liga Socialista Puertorriquena (LSP) (from Puerto Rico), PFOC, Palestine Liberation Organization (PLO), the FLNC, CDP (from Mexico), Red Brigade (from Italy), New Movement, and the Dominican Popular Revolutionary Movement (MPR).

The general theme of the conference was one of unity among the groups. While the various representatives stressed their own causes, such as the independence of Puerto Rico, the creation of a black state, and the return of Mexican land seized by the US Government, most seemed willing to give support to the causes presented by other groups and attendees. When [redacted], [redacted] presented his plea for unity so that violent acts of larger proportion could be undertaken, he was widely applauded by everyone present.

One of the most significant resolutions of the conference was to hold "People's Tribunals" whenever and wherever a significant incident occurs. For example, with regard to the death of Brinks participant Sam Smith who was killed in a shoot-out with Detective [redacted] in Queens, NY, on October 23, 1981, [redacted] stated in a published speech, "Everytime I speak, I always like to let it be known that I always carry a message from the New Afrikan people for [redacted], and that one day, he will receive revolutionary justice." Smith has been identified as a participant in the Brinks robbery.

Literature distributed at this Denver conference indicated that workshops were held which included discussions of the above-ground organizations being utilized as a shield for the "Armed Clandestine Movement," and there was much discussion concerning status of incarcerated individuals and the difference between political prisoners and prisoners of war. The literature indicates that the Coalition to Defend the October 20th Freedom Fighters supports the conference and believes that it is a major step forward

May 19 Communist Organization (M19CO)

in the building of a strategic unity among the national liberation struggles that are leading in the fight to defeat US imperialism from inside these borders.

The Venceremos Brigade was formed in June, 1969, in cooperation with the Cuban Government to show support for a successful Communist revolutionary government and to encourage American youth to travel to Cuba in defiance of a ban on travel to Cuba by the US Department of State (USDS). The Venceremos Brigade seeks participation of subversive people in the US, based on their support for the Communist regime and desire to aid in harvesting agricultural products and construction of housing in Cuba. The Venceremos Brigade has stated it will seek to educate people about imperialism and foster a revolution against it.

Individual members of the Venceremos Brigade have made statements to the effect that the most significant effect of their Brigade would be to build a revolutionary movement in the US around those who go to Cuba. The Venceremos Brigade utilizes a questionnaire to screen applicants and recruitments for membership in recent brigades and has favored individuals with subversive backgrounds. It is known that officials of the Cuban Government have played a dominant and decisive role in the formulation of Venceremos Brigade policy and in selection of the Venceremos Brigade leaders and members from recent Venceremos Brigade contingents. Venceremos Brigade members are known to have been contacted by various Hostile Intelligence Services (HIS) while in Cuba, and it is known that the Venceremos Brigade is being used by these intelligence services for spotting purposes as well as recruiting intelligence agents and support personnel. The Venceremos Brigade is currently headquartered in NYC.

Various members of the M19CO have traveled to Cuba as part of the Venceremos Brigade.

The eighth contingent of the Venceremos Brigade, which traveled to Cuba during March, 1975, included M19CO members [redacted], [redacted] (Brinks fugitive), and [redacted]. The tenth Venceremos Brigade contingent which traveled to Cuba during April, 1977, included [redacted], [redacted], [redacted] and [redacted], all prominent figures in the M19CO.

APPENDIX

FALN

The FALN is an armed clandestine terrorist group that has either claimed or is accredited the responsibility for approximately 120 bombings and attempted bombings, five deaths, approximately 100 injuries, several million dollars of property damage, and five armed assaults.

The FALN specifically demands, through communiques, the immediate and unconditional independence of Puerto Rico, the unconditional release of Puerto Rican "political prisoners," and withdrawal of the US Navy from Puerto Rico. It also opposes "colonial elections" and the "illegal" use of the grand jury and expresses solidarity with other terrorist groups.

MLN

The MLN is a support group and a front group for the clandestine terrorist group FALN. The MLN advocates armed struggle against the US in order to gain independence for Puerto Rico. The MLN sponsors many rallies, meetings, and demonstrations in support of the FALN and distributes literature advocating independence. Numerous members of the MLN are also members of the clandestine FALN. There is a close association between the MLN and the M19CO. The bond between the two organizations is exhibited in a group known as the New Movement.

M19CO

The M19CO is a Marxist-Leninist group that advocates the overthrow of the US Government through "armed struggle." Members of the M19CO are linked through physical evidence to known terrorist organizations such as the NAFF, FALN, WUO, and the newly formed RATF, which is made up of members of several groups.

b6  
b7C

M19CO members have been involved in incidents in which violence directed against both law enforcement officers and the general public have erupted. On May 6, 1979, two members were arrested during the trial of FALN member. [REDACTED]

[REDACTED]. On May 9, 1981, six M19CO members were arrested in Brooklyn during a violent incident between the group and local citizens. On September 21, 1981, five more members were arrested at JFKIA in an incident which resulted in serious injury to a police officer when acid was thrown in his face, disabling him. Several members, including those in leadership positions of the M19CO, participated in the Brinks Armored Car robbery in Nautet, NY, and the subsequent shoot-out with police in Nyack, NY, which left two police officers and a Brinks Armored Car guard murdered. This incident took place on October 20, 1981. There is substantial evidence that also links M19CO members with the break-out of [REDACTED]

#### JBAKC

The JBAKC is a self-described national organization committed to building a movement to fight white supremacy in all its forms. By actively fighting white supremacy and building support for the black liberation struggle, white people can play a role in the defeat of facism and white terror in this country. The national office of the JBAKC has been verified to be in Chicago, IL.

The JBAKC grew out of a confrontation between members of the Ku Klux Klan (KKK) and the Communist Workers Party (CWP). On November 3, 1979, at Greensboro, North Carolina (NC), during the confrontation, a shoot-out occurred in which four members of the CWP were killed. As a result, on November 3, 1979, the JBAKC had been able to gain sympathy by being an anti-Klan group.

The JBAKC is a splinter group of the M19CO, and numerous members have dual membership.

On August 20, 1982, a demonstration was held in front of 26 Federal Plaza, New York, NY, which houses the FBI/NYCPD Joint Terrorist Task Force. This demonstration was sponsored by the

May 19 Communist Organization (M19CO)

JBAKC. Protestors held placards bearing photographs of the Deputy Assistant in Charge of the New York Office (NYO) and of the Chief of Operations, NYCPD, both of whom are in charge of the NY Joint Terrorist Task Force.

On the same date, a poster of the CDO2OFF was posted in the area of the FBI, NYO, [REDACTED]

b7D

[REDACTED] Also on the same date, the following words were found spray painted on a retaining wall of 26 Federal Plaza, "Death to Terrorst Task Force."

#### WUO

The WUO was formerly known as the Weathermen and more recently known as the Revolutionary Committee of the WUO and the Central Committee of the WUO. The WUO was formed in mid 1969, and the surface support group, the PFOC, was founded in mid 1975.

The WUO was a violence-prone organization dedicated to the overthrow of the US Government through the use of terror and armed insurrection. The organization is responsible for a number of bombings designed to pressure the government into modifying its direction. During 1977, at least one faction of the WUO became convinced that other forms of "guerilla" type activity, including assassinations, were necessary if the goals were to be achieved. These individuals commenced their program by procuring weapons and conducting training sessions in the proper use of same.

The WUO regarded capitalism as the primary threat to the freedom of people, and they looked at imperialism, which they felt to be a major aspect of capitalism, as a target which must be attacked. Imperialism was repeatedly mentioned in WUO communi-ques claiming credit for bombings. The WUO regarded the third world peoples as victims of imperialism, and they sought to join them in their attempts to fight the US. Included among this group are Puerto Ricans, Chicanos, and American Indians.

May 19 Communist Organization (M19CO)

PFOC

The PFOC was founded as a front or surface group for the WUO. The PFOC was founded on the teachings of the WUO. It has served as a conduit through which the philosophy of the WUO has been propagated. Several of the top leaders of the west coast faction of the PFOC have been in direct, personal contact with underground WUO members.

The organization came apart during its November, 1976, national convention and resulted in two factions, the west coast - San Francisco Bay area faction and the east coast - New York area faction. This latter faction has developed into the M19CO. The west coast PFOC chapter supported the Revolutionary Committee Faction of the WUO, and the east coast faction supported the Central Committee of the WUO. The book, "Prairie Fire," was released by the WUO in mid 1974 and continues to be sold in "leftist" oriented bookstores across the country.

New Movement

The New Movement is a splinter group of the M19CO. Many members of the M19CO hold a dual membership. The New Movement acts as a catalyst between the M19CO and the MLN.

BLA

The BLA began in the NY metropolitan area in the late 1960's as a militant splinter group from the BPP. This terrorist oriented group advocated the overthrow of the US Government by any means necessary, particularly through violent activities. The BLA termed the US Government as a white oriented, racist, imperialistic government that suppressed the rights and freedom of all blacks and that the actions taken by the BLA were all part of an organized effort to free all blacks from such dominance. The BLA singled out policemen as being the symbols of US dominance and suppression in minority neighborhoods and declared that all police patrols in these areas must be targeted for elimination.

May 19 Communist Organization (M19CO)

Banks were also listed as symbols of the establishment and were likewise targeted by the BLA as a means of returning money to the appropriate individuals to whom it rightfully belonged, the black community. The BLA was responsible for the murders and wounding of numerous police officers in various parts of the US.

#### RNA

The RNA is a black separatist organization founded in 1968. Its purpose is to establish an independent black nation in five southern states, notably Alabama, Georgia, Louisiana, Mississippi, and South Carolina. It has demanded that the US Government pay all black citizens \$10,000.00 in reparations for their ancestral slave labor. Addressing a gathering of representatives of various black groups on December 1 and 2, 1973, [redacted]

[redacted], stated that blacks could not "win" without armed struggle, thus it is necessary to learn military tactics. He further stated that blacks working above ground must arm themselves lightly and legally. Those in the underground army, which currently exists, should be heavily armed and should deal with problems such as "police action."

b6

#### NAFF

The term NAFF became widespread following the Brinks Armored Car robbery, when members of the RNA and M19CO rallied to the defense of those arrested with the cry, "Support the New Afrikan Freedom Fighters." However, the NAFF first surfaced on July 18, 1981, when the first NAFF Day was held. The first issue of the publication, entitled "NAFF," dated June, 1982, Volume Number One, explains its origin. A second annual NAFF Day was held on August 21, 1982.

Investigation has indicated that the NAFF Movement is not just a historical recognition of past freedom fighters. Rather, a "Clandestine Formation" of the NAFF has been and is presently engaged in terrorist activity since October 20, 1981, not only here, but throughout the US.

May 19 Communist Organization

RATF

Following the Brinks Armored Car robbery on October 20, 1981, a communique was delivered to a NYC radio station on November 5, 1981. The communique stated that the Brinks Robbery was the joint effort of black and white "combatants" in the BLA, black freedom fighters and North American anti-imperialist which were "all members of the RATF." The text of the communique indicated that the attempted robbery was part of a larger plan to commit crimes to accumulate millions of dollars to finance the "arms struggle."

Prior to the 10/20/81, Brinks armored car robbery and murders in Nyack/Nanuet, New York (NY), the FBI, along with other law enforcement agencies, looked at these groups for the most part as separate entities with little coordination.

The facts as set forth on the LHM are conclusive and demand that a nationwide coordinated pro-active investigation be vigorously pursued in an effort to identify and prosecute individuals involved in the ongoing conspiracy.

As receiving offices are aware, experience has proven that traditional investigative techniques have been largely ineffective in accomplishing the results desired in these kinds of investigations. The successes of the NYROB, CHIFAL and NYFAL investigations are evidence that imagination and innovation are the keys to success, however, it should be noted that this success has, to some degree, compromised the traditional and innovative investigative techniques utilized in the CHIFAL and NYROB cases, as evident in the dissemination of information (i.e., Title III affidavits, including surveillance techniques) to defense counsel through the Federal judicial process upon prosecution.

In view of the above, New York makes the following recommendations as to some of the investigative steps which can be employed to achieve our goals. By no means are these recommendations all inclusive and input from the Bureau and receiving offices is solicited.

1) It is recommended that each Division identify key suspects and prioritize these individuals as targets of this investigation.

2) It is recommended that prolonged surveillance be instituted of the targets and that these surveillances be conducted by specialized surveillance personnel with access to specialized equipment such as aircraft, tracking devices, surveillance vehicles, voice privacy communications, undercover identification for surveillance personnel, etc.

The goals of surveillance should be to:

a) Establish daily patterns of activity of the target(s) and note variances to that routine. Patterns of furtive activity are extremely important, based on prior statements of cooperating witnesses, in establishing probable cause for Title III applications.

c) Identify unsubs contacted by target(s), especially after target employs dry-cleaning techniques, as possible future targets.

d) Locate safehouses.

e) Locate fugitives.

It is recommended that a surveillance of a specific target be maintained continually for an initial period of at least 60 days with an assessment to be made at the expiration of that time period.

2) It is recommended that each recipient identify all mail services within respective Divisions and thereafter identify, through Department of Motor Vehicles (DMV), all vehicles registered to these mail drops. It is known through the NYROB, CHIFAL and NYFAL investigations that suspects utilize mail drops and false identification extensively. New York has had excellent success with this method and currently a field exists in ISIS to enter this information.

3) The New York Office (NYO) is, by separate communication, proposing a long range undercover operation. It is realized that such an endeavor is extremely difficult due to the close-knit cellular structure of the M19CO, however, this technique has proven successful in the past, namely during the West Coast PFOC investigation circa 1977.

4) New York is analyzing potential targets of the United Freedom Front especially private corporations having military contracts and/or investing in South Africa. A proposal is being made to hold a conference with representatives of these corporations to solicit their assistance in the United Freedom Front (UFF) investigation. Assistance such as the installation of surveillance cameras, awareness of personnel as to the modus operandi of the UFF, etc., will be stressed.

5) It is requested that each recipient consider and propose a plan that would initiate a desired response from the UFF and ARU. One possible suggestion is that we prepare a publication that would be of particular interest to the UFF and/or ARU and advertise subscriptions to same. Subscriptions could then be compared to the mail drop lists.

6) It is recommended that receiving offices continue analysis of toll records and pen registers. Traditionally, our efforts have concentrated on subscribers who we find references to through indices and local criminal checks or who are otherwise known to these investigations. It is a tendency to neglect, for various good reason (manpower constraints), to follow up on those subscribers that are not known. It is suggested that unknown individuals may well be crucial to the location of fugitives, safehouses, etc.

7) It is recommended that recipients who have not already done so, enter this investigation into the ISIS system via the NYROB data base. It is noted that the New African Freedom Fighters (NAFF) is also being entered in the NYROB data base.

It is anticipated that all of the above recommendations will be discussed in detail at the conference scheduled for 4/17-19/84, at Leesburg, Virginia. All offices will be requested to comment on these recommendations and to add to the list.

It is noted that the enclosed LHM does not address the possible connection of the Sam Melville Jonathan Jackson Unit to the bombings claimed by the UFF. However, this topic will be discussed in detail at the upcoming conference.

ALTHOUGH EACH PANELIST ATTEMPTED TO DEVOTE TIME TO PROMOTING HIS OWN CAUSE SUCH AS THE PLIGHT OF THE PEOPLE OF EL SALVADOR, THE WAR IN LEBANON, AND THE INCARCERATED FALN MEMBERS, ALL AGREED THAT THEIR GROUPS WOULD PARTICIPATE IN THE ARSENAL PROJECT. IT WAS ALSO AGREED THAT THE VARIOUS GROUPS WOULD FORMULATE THEIR OWN "WORKSHOPS" TO PLAN FOR THE PROTEST. ALTHOUGH IT WAS MADE RELATIVELY CLEAR DURING THE MEETING, THAT THE PURPOSE OF THE JUNE 4 ACTION WAS TO SHUT DOWN THE ARSENAL, THERE WAS NO DISCUSSION ABOUT THE USE OF VIOLENCE.

[REDACTED] ALSO MENTIONED SOMETHING ABOUT ATTEMPTING TO DISRUPT THE ARMED FORCES DAY PARADE SCHEDULED FOR CHICAGO ON MAY 19, 1984. THIS PLAN WAS NOT DISCUSSED AND IT WAS UNCERTAIN IF POWER WAS MAKING A SUGGESTION TO CAUSE THIS DISRUPTION OR IF THIS IS IN FACT A PROJECT OF THE DISARM NOW ACTION GROUP.

"ALTERNATIVE PUERTO RICAN PARADE" IN CHICAGO'S HUMBOLDT PARK AT THE SAME TIME. THE SOURCE ADVISED THAT THE MLN PLANS TO RENT EIGHT FLOATS FOR THEIR PARADE AND THAT VIRTUALLY ALL LOCAL MLN MEMBERS AND M19CO MEMBERS WERE GOING TO PARTICIPATE IN THIS EVENT.

CHICAGO ASSUMES THAT SEVERAL M19CO MEMBERS WILL TRAVEL TO NEW YORK TO REPRESENT THE GROUP IN CAPTIONED MATTERS BUT THAT IN VIEW OF CHICAGO JUNE 9 PARADE, MOST OTHER MEMBERS OF THAT GROUP AND OF THE MLN WILL REMAIN IN CHICAGO.

Enclosed for all recipient offices are the following items:

1. One set of notes, both typed and handwritten, of Officer [redacted], Alameda County Sheriff's Office, concerning [redacted] activities at the May, 1982, MLN conference held in Denver, Colorado.

For the benefit of offices not in receipt of communications regarding the May, 1982, conference held at Denver, Colorado, and sponsored by the MLN, PFOC, RNA, NAFF, and MAY 19TH CO, the following is being set forth:

During 5/28-30/82, a conference against repression was held in Denver, Colorado, sponsored by the aforementioned organizations and attended by representatives of them. This conference was well attended by sources from various divisions and it is clear from these reports that leadership of the organizations, as well as a great number of terrorist suspects attended. The enclosed material is being furnished inasmuch as there were simultaneously a number of different activities at any given time during the conference, and therefore the reports of Officer [redacted] do not necessarily represent duplication of previous reports.

It is noted that Officer [redacted] became involved in the activities of the MLN and PFOC [redacted] and became very close to [redacted], [redacted], [redacted], and other activists of the MLN in the San Francisco area. [redacted] was previously identified as an active member of the FALN by [redacted].)

b6  
b7C  
b7D

[REDACTED]

The thrust of the conference was unifying the Blacks, Whites, and Hispanics to agree to terms and levels of support to be given to one another in the revolutionary struggle (termed War in America by the conference members). A separate Chicago source reported that at the end of the conference, arrangements were made for a nongeneral conference to be held in New York in August, 1982, among representatives of the various groups to reach a formal agreement on this cooperation.

What is currently of seemingly great significance is the report of Officer [REDACTED] regarding one of the workshops [REDACTED] titled "Crisis and Democracy" [REDACTED]. This workshop was panelled by [REDACTED] [REDACTED] and [REDACTED]. [REDACTED] is currently under indictment in Chicago under a host of charges for his activity in the FALN. He was one of four subjects charged in the Chicago FALN investigation (CHIFAL) and is known through that investigation to have participated in jail break conspiracies, bombing conspiracies, and armed robbery conspiracies. [REDACTED], aka [REDACTED] (true name [REDACTED]) was during 1982 affiliated with the MAY 19TH COMMUNIST ORGANIZATION in Austin, Texas. During the Summer of 1983, [REDACTED] moved to New York where he became very close to [REDACTED] and other members of the NEW AFRICAN FREEDOM FIGHTERS (NAFF). [REDACTED] currently resides with [REDACTED] in New York City. [REDACTED] is unknown to the Chicago Division. Officer [REDACTED] was recontacted on 3/29/84, regarding her recollections of [REDACTED] and she was at that time unable to say positively whether or not [REDACTED] was Negro or caucasian (although she believed he was caucasian) and could provide no further data regarding [REDACTED]. [REDACTED] did remember the particular workshop at which [REDACTED] was a panelist as it criticized the American economics system and stated that the police, along with major coporations are involved in a general conspiracy to repress the people, hence perpetuating the capitalist system. In his portion of the panel discussion [REDACTED] expounded at length about corporations contributing to the systematic control and repression of the people. [REDACTED] talked specifically about MOTOROLA and IBM Corporations in this regard and made no mention of any other corporation.

It is noted that neither [redacted] nor any other source known to Chicago reported any other specific mention of these corporations at any other time during the conference.

In view of the telephone call which followed the first UNITED FREEDOM FRONT (UFF) bombing in which the caller stated words to the effect of "we are an amalgamation of the Black Liberation Army, the Black Panther Party, the Weatherman, and the FALN, a bomb will explode in New York City tonight", Chicago believes that the roots of the UFF may well have been planted at the May Denver conference. Further, in view of the UFF's consistent targeting of MOTOROLA and IBM Corporations for bombings, Chicago finds [redacted] an extremely interesting character.

Chicago believes it would be of value to UFF investigation for each office which had a source in attendance at the May, 1982, Denver Conference to review source reports dealing with the conference and re-interview sources for any information similar to that reported by Officer [redacted]. Chicago further believes efforts should be made to identify and determine the activities of [redacted] in light of his statements at the conference.

LEADS:

All recipient offices are requested to conduct indices and other logical checks and to canvass sources regarding [redacted] and report positive results to all receiving offices of this document. Offices who had sources in attendance at the Denver conference are requested to recontact sources to determine any recollections of [redacted], or any mention of IBM, MOTOROLA, or U.S. Corporations made during the conference.
