AUSTRALIANS STAND FOR UNITED EMPIRE Great Majority in Sympathy With Baldwin's Speech, Says Argus Melbourne, Oct. 3 (Canadian Press via Reuter's). The Argus, commenting on Premier Baldwin's speech at the opening of the Imperial Conference in London, says the great majority of the people of Australia are in sympathy with the ideal of a United Empire, and the speech should do something to soothe the people who like the shelter of the empire association, but are nervous about the responsibility involved in it. The Argus says the Imperial Conference proves to the nations that the great Dominions are ready to stand resolutely by the Motherland in working out her sane and peaceful policy.

HEAD OF CHAMBER OF COMMERCE DIES AS RESULT OF FIRE

However it was in the wider field of real estate organization that his name will be remembered, as one of the most active members of the Northwest Real Estate Association, and of the National Realty body. In the Northwest Association no member stood in higher appreciation, and it was due to him that one of the most successful conventions of that body was held in Victoria some years ago. The delegates presented him with a handsome souvenir to express their admiration. He delivered some excellent addresses on Victoria to these gatherings, and thereby gained valuable publicity for his home city.

Chamber of Commerce Activities Mr. Cross soon after his arrival here became a member of the old Board of Trade, and was soon recognized as a member whose judgment would be valuable on the council. He served several terms in that office, and continued his interest when the Chamber of Commerce was formed. Elected a director, he succeeded to the chair at the annual meeting this spring. As president he took a most active part in the work of the organization, and his last act was to attend the session of the iron and steel committee of the chamber yesterday. In the long history of the Board and Chamber few men have won the confidence of the public more quickly. To signal out the services to the city through the channel of the chamber would perhaps be unduly complimentary, but notable among those services was the chairmanship of the Amusement Centre Committee.

Political Work Mr. Cross was strongly conservative in his political views and was identified with the National Liberal-Conservative Association, being a supporter of Hon. S. F. Tolmie, M. P.

Civic Interests Mr. Cross exercised a wise but quiet influence on civic affairs, and his knowledge was of great value in connection with a number of taxation and similar questions. He was identified with the old Civic Re-frenchment Association, of which his partner, F. J. O'Reilly, was the president.

His social activities were centred in the Argus Club. Mr. Cross took a great interest in the work of the Royal Society of St. George. He was the leader in securing a Vancouver Island branch of the Royal Colonial Institute of Great Britain, an organization in which he was greatly interested.

War Time Activities Mr. Cross founded the Win the War League, which had a remarkable popularity, the movement spreading from this city to Vancouver, and thence to a number of Western cities. He took an active share in the Moderation League, or as it was first known, the Liberty League. In all his public work he was a conscientious, energetic and ardent fighter, and all who differed from him in the past united to-day to pay tribute to his character.

Business Associates No reference to Mr. Cross's manifold activities would be complete without a word of the exceptional esteem in which he was held by his partner, Mr. O'Reilly, and his staff. They realize he occupied a place which cannot be filled. Always judiciously careful, liberal-minded and straightforward, it is doubtful if the relations which prevailed in the office during the trying period of the past few years can be rivalled in Victoria.

His Family Mrs. Cross and two daughters are bereaved by the tragic death. His elder daughter, Mrs. Walter Spalding, of Tacoma, and his younger daughter, Miss Grace Cross, resides with her parents. The funeral arrangements will not be announced until the arrival of Mr. Spalding.

Widowed Influence On behalf of the British Columbia Government, Hon. C. D. Macdonald, acting Premier, issued the following statement to-day: "The news of the death of Mr. C. T. Cross came as a distinct shock to all. Honorable, genial and public-spirited, he wielded a marked influence over a wide circle, and his untimely passing has removed a citizen who could ill be spared.

"In common with the rest of the community, the members of the Provincial Government extend their sincere sympathy to the bereaved family."

Mayor Hayward's Tribute "I was very much shocked and deeply grieved," said Mayor Hayward, "when I opened my paper to learn of the tragic passing of Mr. Cross. Besides being a personal friend whose advice I often sought, he was a great friend to the city, and public men of his type are like stars in the firmament. As president of the Chamber of Commerce, he was working on some very important civic problems in connection with this city, and it is extremely unfortunate that he was not spared to see his efforts bear fruit. The deep sympathy of the Council goes out to his bereaved family."

Vice-President's Tribute C. W. Schwenger, vice-president of the Victoria Chamber of Commerce, said: "The loss of C. T. Cross is a sad blow, not alone to the Chamber of Commerce and the city of Victoria, but also to his friends. Everyone who knew him was associated with him as his friend."

As president of the Chamber of Commerce he gave his time unflinchingly and unselfishly to the manifold duties involved, at all times subordinating his own interests of the organization he presided over and the city he loved so well.

"The time and energy which he gave his country, his town and his falling consideration for others has done much for the welfare of the city and the chamber. His loss will be hard to repair, particularly at this juncture, when many vital matters concerning the city are on a fair way to solution, but the niche of affection which he has left in the hearts of many of us will always remain."

Speaker's Tribute Hon. F. A. Pauline, M.P., said: "It was with keen regret I read this morning of the sudden passing of Mr. Cross. I have been closely associated with the Chamber of Commerce since 1916. His death yesterday morning. We shall all miss his prudent counsel and kindly voice.

GERMAN MINISTRY BALANCE ON EMERGENCY LAW

Berlin, Oct. 3.—At 2 o'clock this afternoon the Reichstag parties were still stubbornly deadlocked on the issues raised by the Socialists. The latter were in caucus all the forenoon and then adjourned in order to report the party's sentiment to the Cabinet. The Socialists are demanding assurance that Chancellor Stresemann's proposed legislation will not discriminate against the working classes with regard to the eight-hour day and are also insisting that the central government asserts undiminished political and military authority in Bavaria.

A Few Concessions London, Oct. 3.—There is a possibility that a German ministerial crisis will be averted, inasmuch as the United Socialists have said they are prepared to make few concessions, says an Exchange Telegraph dispatch from Berlin to-day.

The Nationalist party has requested the appointment of Minors, manager-director of the Stinnes, as manager of finance in place of Herr Hilferding.

Invites Communists The Socialist group in the Saxon Diet has decided to invite the Communists to join the Government on the condition that they recognize the constitution, the dispatch adds.

A Berlin telegram to Reuter's says it is officially announced that discussions of the German Cabinet last night centred chiefly around the question of the increased output in industry, which the Cabinet has decided to increase, and proposes to carry through. The Socialists and Democrats in the Cabinet will insist on their parities of the arrangement decided upon, and the Democrats will advise the Chancellor of their attitude to-day.

Socialist Opposition Possibility of a Cabinet crisis arose from the United Socialists' opposition to the state of emergency. This stand by the Socialists, after reports said, apparently forecast the fall of the ministry, inasmuch as the recall of emergency orders would seriously compromise the central government in Bavaria, where it is particularly desirous of showing strength.

Ministers Resign The political confusion has already resulted in the resignation of two Cabinet Ministers, according to reports here. Herr Brüning, the Food Minister, and Hans von Raumer, holder of the portfolio of Economics, are said to have resigned. Another report says that Premier von Knipper in Bavaria has resigned and is to be succeeded by Dr. von Kahr, the military dictator.

He was ever ready to give of his time and business ability in the public service. As Realty Man Beaumont Boggs, over thirty-four years in the real estate business in Victoria and first president of the Victoria Real Estate Exchange, which was organized in October, 1911, said of Mr. Cross to-day: "It is a great shock to me to hear of his death, associated as I was with the formatory early days of the exchange. I always looked upon him with feelings of confidence and assurance that any work undertaken by him would be conscientiously carried out and conscientiously carried out. Mr. Cross was one of the first seven directors of the exchange, and occupied the chair as president from 1914 till 1920. He was a man with broad ideas, with high ideals and was always endeavoring to formulate a plan for the advancement of the interests of the city of Victoria. His judgment was good and his opinion always received the greatest respect from the members of the profession whenever expressed. Mr. Cross has many friends among the leaders of the real estate profession in the United States and has held various offices, such as president of the National Association and the National Association of Real Estate Boards. Mr. Cross has always been most unselfish in giving his time to work that would benefit and raise the standard of the profession. He was largely instrumental in the reorganization of the local association in 1921."

Raised Standard of Realty Harold D. Patterson, secretary of the Real Estate Board of Victoria since 1920, made this comment: "Our members, and others of the real estate business in Victoria, feel that Mr. Cross was a man of high character and high ability, and his loss to the city of Victoria to the profession, as well as to the city of Victoria in general. Mr. Cross was a fine character, a man of high character, conservative and upright men who have raised the standard of the real estate business in the last fifteen years to what it is today. His high character and service to the public in placed before the monetary gain. He was a member of the real estate profession, and he was a pleasure and privilege to be associated with him and receive the value of his advice. His unflinching courtesy to those who differed from him was keenly appreciated, and won the esteem of all with whom he came in contact."

Message of Condolence At a meeting of the Victoria branch of the Canadian Manufacturers' Association held at the afternoon meeting of the Chamber of Commerce rooms a message of condolence was ordered to be forwarded to the family of the late C. T. Cross.

U.S. WHEAT GROWERS TO HEAR OF PLAN FOR CO-OPERATIVE MARKET Washington, Oct. 3.—Managing Director Meyer and Director Mondell of the war finance corporation and a representative of the Department of Agriculture, are directed by President Coolidge to-day to leave immediately for the wheat country west to discuss with the wheat growers of that section the formation of co-operative marketing associations as applied to the prohibition, immigration and anti-narcotic statutes.

A few tablets gives almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages. (Advt.)

CURATOR'S REPORT ON HOME BANK ISSUED TO-DAY

the bank was suspended. It was not paid. Well Secured Mr. Barker said Grant Morden, of Montreal, Edward Bristol, M.P., and the late C. D. Warren, president of the one-time Traders Bank, were interested in the negotiations for the advance of \$1,143,334 to the South New Orleans Railway Company. The curator thought that this would eventually realize more than the bank's investment in the concern. It was Sir Henry Pellatt who obtained advances of \$1,700,000 from the bank in connection with various real estate enterprises in Toronto, said the curator. He thought these advances were well secured.

Mr. Barker said he was unable to say just how far the directors knew of these advances. This transaction originated with smaller transactions many years ago between the Home Savings and Loan Company, which preceded the Home Bank. It depended upon the working out of these properties whether they would produce this amount. Sir Henry Pellatt held the opinion that there would be a surplus of \$1,000,000 over the liability on the properties in question.

Salts of Shares The question of the reported heavy sales of shares by H. J. Daly, the president, and "others close to the president" was then taken up. "I have not investigated that. That is a matter for the liquidator. There is no evidence," said the curator, that the bank was advancing money against these shares."

Losses on Loans The curator estimated the losses on loans for which adequate provision had not been made at \$2,794,915. These included estimated losses on loans of a general character amounting to \$1,235,405 sustained in the Toronto office, estimated losses of \$150,000 were recorded at Montreal branches, \$931,000 at the Winnipeg branch, \$414,484 at branches in Manitoba, Alberta and Saskatchewan outside of the Winnipeg branch, and \$122,820 at branches in British Columbia.

Specific losses, according to the report include: Advances to the King Shoe Company and to the Canadian Shoe Co., Ltd. \$517,558; Arnprior Cabinet Company, \$120,410; advances to Veterans' Script and Western Real Estate, \$250,247; False Creek Lumber Company, Vancouver, \$125,714; and to the estate of the late Brigadier-General Mason and loans to the late Colonel J. C. Mason, aggregating \$97,900. Included as major book value in the statement of assets and liabilities are certain assets which have a substantial value, but the definite worth of which can only be determined with their realization and, to a large extent, over a considerable period of time if sacrifice of such assets is to be avoided. With respect to such assets, the curator reports:

Eight per cent. preferred capital stock of James Ogilvie, Ltd., Montreal; cost to the bank \$225,000. Advances to the Elgin Development, Land and Security Company, Ltd., \$21,425. Advances to Toronto City Estates, Ltd., \$715,025.

Advances to the County Investment Company, 767,555. Advances to A. C. Frost & Company, Chicago, \$1,856,391.

Investments in the Port McNeill Lumber Company, Ltd. (Vancouver Island) \$1,004,840. Howe Sound Pulp and Paper Company, Ltd. (British Columbia) \$975,076.

Advances and loans made in connection with the South New Orleans Railway, Light and Power Company, \$1,148,334.

The British Dominion Holding and Investment Corporation, Ltd., Montreal, \$1,409,545.

Holds B. G. Limits As security for advances to A. C. Frost & Company, Chicago, the bank holds certain crown grant timber limits in British Columbia.

Secured by Bonds The investment in the Port McNeill Timber Company is secured by \$1,000,000 in bonds and \$955,500 capital stock of the company, while the investment and advances in the Howe Sound Pulp and Paper Company are secured by first mortgage bonds and capital stock in the company, which owns 1,200 acres of timber on Howe Sound, twenty-five miles from Vancouver. The advances and loans to the South New Orleans Railway, Light and Power Company, is protected by a \$1,000,000 first mortgage and an interest in the capital stock of the company.

The liquidation of the British Dominion Holding and Investment Corporation, Ltd., Montreal, had its origin in advances made to C. A. Bernard, Montreal, which advances were assumed by the corporation. The company owns two steam vessels, shares in certain industrial companies, etc. The debt is guaranteed by C. A. Bernard.

Among the estimates of losses on loans of general character as submitted in the curator's report is an item \$214,425 advances in the Elgin Development, Land and Security Company with land in Toronto, Hamilton, and Winnipeg.

There are also advances under this head to the Canadian Shipbuilding Corporation, Ltd., Toronto; Dominion Industries, Ltd., Toronto;

"Trenella" Wool Cloth Dresses

SPECIALLY PRICED FOR "GARMENT WEEK"

At \$12.00, \$13.75, \$15.00, \$22.50

SIZES 16 TO 40.
BECOMING STYLES FOR WOMEN AND MISSES

Featuring Thursday, an interesting showing of "Trenella" Wool Cloth Dresses, with that beautiful broadcloth finish. You may select from many smart styles, suitable for Misses and Women. The color range includes navy, henna, brown, sand, Saxe, jade, etc. Some of the styles are handsomely braided and are excellent value at \$12.00, \$13.75, \$15.00 and \$22.50

We urge you to come in and inspect this showing. They are smart, inexpensive dresses that are sure to make a strong appeal to intending buyers.

Beaded French Georgette Overblouses at \$11.50 to \$15.00

Just received a shipment of beautiful Beaded French Overblouses, in shades of navy, grey, henna, brown, putty and Royal blue. Exclusive styles and remarkable value at \$11.50 to \$15.00

Knitted Wool Jacquettes On Sale Thursday At \$2.75

Smart and Attractive Looking Knitted Wool Jacquettes, in shades of sand, Saxe, navy, Paddy, rose, brown, taupe, mauve, putty and cream. Excellent quality and very special value at \$2.75

PRINCE OF WALES SPENDS BUSY DAY

Plays Golf, Greets Prince, Football Team, Attends Dinner and Dance

Calgary, Oct. 2. — Lord Renfrew spent the busiest day on Monday since his arrival in Alberta nearly three weeks ago. He played thirty-six holes of golf at the Golf and Country Club, received Prince Eric of Denmark, was introduced to the Calles football team, champions of the city during the afternoon, attended a dinner at the residence of Sir James Loughed at 7.30 o'clock, and then from 9 o'clock to 1 o'clock in the morning attended a dance in his honor given by Sir James and Lady Loughed.

To-day he will play eighteen holes of golf and will leave Calgary for the east in his private car at 2.30 o'clock in the afternoon.

Informal Dinner
The dinner at Sir James' residence was of an informal nature, covers being laid for fourteen. "The guests were received by Lady Loughed and Miss Dorothy Loughed, those being present being Lord Renfrew, Brigadier-General Trotter, Major Metcalfe, Sir Godfrey Thomas W. Peacock, all members of the Prince's staff; Miss Doris McCarter, of Banff; Mrs. L. P. Amphlett; Mrs. F. J. Nolan; Mrs. Edmund Taylor, Prince Eric, of Denmark; Sir James and Lady Loughed; Miss Dorothy and Edgar Loughed.

About fifty members of the younger set attended the dance, which was given in honor of Lord Renfrew at the Loughed residence.

Special, given by the South Saanich Farmers' Institute, for best exhibit of 25 lbs. of potatoes of any variety—Capt. Noble.

Special, given by the South Saanich Farmers' Institute for best exhibit of 25 lbs. of certified seed potatoes—S. W. Raven.

MR. C. T. CROSS.

News of the tragically sudden death of Mr. C. T. Cross yesterday evening was received today with the utmost sorrow by the community he served so well in many spheres of activity. In all her history Victoria has had few citizens who gave so much energy, unquestioned ability and assiduous attention to the promotion of her interests without thought of personal reward, who manifested in a score of ways so unwavering a confidence in her welfare; and there is widespread realization that the deplorable occurrence which has taken Mr. Cross from us has inflicted upon the city an irreparable loss. As President of the Chamber of Commerce he was a tireless worker, never sparing himself, and often sacrificing his own private interests, in promoting projects calculated to advance the city's welfare. His activities yesterday, when he devoted more than half the day to the consideration of business of the Chamber, were but typical of his whole course since he began his connection with the organization. Nor did it make any difference whether his activities required him to be, whether at Bellingham to assist in the opening of better transportation communication with Victoria, or in the Sound Cities in behalf of the development of tourist travel, or at up-Island points for the establishment of closer relations between them and this community; he always could be depended upon to subordinate personal convenience to what he conceived to be the demands of public interest. These qualities marked his association with every other organization and institution fortunate enough to have his support. In his business activities he was the soul of integrity and fairness and was unreservedly respected by the commercial community. Kindly, unassuming, of buoyant disposition, courteous, tolerant, patient and tactful he enjoyed the unstinted affection of all who knew him, who always will cherish the recollection of their association with one who was in every sense of the term a Christian gentleman. The Times shares the grief of the bereaved family, and knows it can speak for the whole community in its expression of sorrow over the severe loss Victoria has sustained.

HITTING THE NAIL

When Sir Philip Lloyd-Greame informed the delegates to the Economic Conference at its inaugural session yesterday that "for us the vital problem is the problem of markets, the restoration of old markets, but still more the development of new ones" each Dominion representative might have asked why British capital does not flow more freely to those unexplored portions of a Commonwealth "whose frontiers are great mountains, sun scorched deserts and the seven seas."

But the President of the Board of Trade hit the nail on the head. Europe is flat on her back. The old markets have gone. They will not be recovered for years to come. There are no new ones to be discovered on the Continent. No alternative presents itself but that which is offered—and where is there a more inviting offer?—by the virtually untouched treasure houses of the Dominions. Here ready at hand is the text and reply of our own Prime Minister. He can tell Sir Philip that this country is ready to take all the capital that Britain can send—ready to put it to work and assure it ample earning capacity. Mr. King can tabulate the result of American enterprise in the Dominion of Canada and say to the President of the Board of Trade that the dividends which those investments have taken out of the Dominion might just as well have been earned by British capital. Happily he may also say that such development as has been possible through the foresight and sagacity of the capitalist from across the line merely represents the scratching of an infinitesimal part of the vast storehouse of Canadian treasure that awaits the key of capital.

Great Britain must look to the Commonwealth for the future. She must look to the Dominions for the solution of her unemployment. She cannot sustain her surplus population without the payment of doles—than which a more uneconomic proceeding could not be followed. But if she will assist in the development of the vacant places of the Commonwealth, if she will lend her aid in money and organization to the settlement of the bounteous acres of Canada and the rest of the Empire, she will find her new markets and solve her own economic problems. She will be laying the foundation for the future and making sure that the family shall thrive and that she herself shall not depend upon a Balkanized Europe for her own existence.

SIR GEORGE FOSTER HERE TO-MORROW

Those who were fortunate enough to hear Sir George Foster when he addressed the Association of Canadian Clubs in this city recently will require no urge to take them to the Metropolitan Church in time enough to get a seat to-morrow night. And they may also rest assured that the

discourse which the Canadian representative on the League of Nations will deliver on this occasion will differ entirely from that which formed his theme before the great gathering which listened with such rapt attention in the Empress Hotel. His plans at that time were altered at the last minute and instead of confining himself to the precise aims and objects of the League and what the world expects of it he was compelled to digress considerably in answer to the comments which Dr. Suzzallo had made on the previous evening. His real message, therefore, will be delivered to the people of Victoria to-morrow night.

It seems superfluous to add anything to the plain statement that Sir George Foster will deliver an address in order to fill the edifice which has been engaged for the purpose. For the recent visit of this veteran Canadian parliamentarian and his staunch pleading for support for the League of Nations already has been press-ganged by every member of the audience who had the good fortune to hear him on that occasion. It can be said, however, that he comes again to the capital city of British Columbia at an important point in the nation's history. He is giving his time and energy to a cause which he rightly terms the "most common sense idea in the world" while an Imperial Conference is taking place in London at which the foreign policy of the British Commonwealth and its relation to the "vortex of European militarism" will be under discussion.

Sir George Foster believes in the League of Nations because it may be made the greatest force for peace in the world if only the man in the street will take an interest in it and replace any remaining vestige of its academic status with virile influence that public opinion can employ when it shall be required. His second mission to Victoria is to stimulate a greater interest in the League and convince Victorians that they now have a golden opportunity to help in the creation of a wider sympathy with its aims and a fuller practical support for its operation. There is nothing ambiguous about the issue. Sir George just desires to get the people behind a plan that is destined to avoid war and all its horrors and cost in lives and treasure. It is "the most common sense idea in the world."

Note and Comment

Books are finding their way back to the library in response to the suggestion that there will be no fines for a stipulated period. Possibly the campaign that has been commenced by Miss Stewart will be a profitable one in the long run.

Germany is still in a state of turmoil. One need not attach much importance to the Rhineland movement; but there may yet be civil war if Bavaria is tuned to a high enough pitch of rebellion.

Britain's unemployed are making arrangements to stage a monster parade in London while the Dominion Premiers are in session at the Imperial Conference. There is nothing to fear from such a demonstration and it may serve to lend emphasis to the need for an exhaustive discussion of population distribution over the Empire.

We are informed that Mr. Lloyd George is sleeping fifteen hours a day on his voyage across the Atlantic. Although we are not there to judge for ourselves, we should be ready to believe that his restless personality would be liberal with him if it gave him slumber two hours at a stretch.

Some Thoughts for To-day

Sentiment is intellectualized emotion, Emotion precipitated, as it were, in pretty crystals
By the fancy. Lowell.

Nothing is thought rare
Which is not new, and follow'd; yet we know
That what was worn some twenty years ago
Comes into grace again. Beaumont and Fletcher.

Men still had faults, and men will have them still;
He that bath none, and lives as angels do,
Must be an angel. Wentworth Dillon.

Were not this desire of fame very strong,
The difficulty of obtaining it, and the danger
Of losing it when obtained, would be sufficient
To deter a man from so vain a pursuit. Addison.

The difference is as great between
The optics seeing as the object seen;
All manners take a tincture from our own;
Or come discolor'd through our passions shown;
Or fancy's beam enlarges, multiplies,
Contracts, inverts, and gives ten thousand dyes. Pope.

Our Contemporaries

WITH SKULL AND CROSSBONES
Halifax Chronicle:—According to Lovell's Directory the population of Montreal increased from 75,946 in 1921 to 826,304 in 1922. This large increase, no doubt, will be featured in The Montreal Star with skull and crossbones.

PERSONAL LOYALTY
Merritt Herald:—One thing which the great earthquake in Japan brought prominently to the front is the wonderful hold that personal loyalty to the reigning family has upon the Japanese mind. When we read of these poor people, in the midst of their terrible loss and suffering, expressing their unbounded gratification that the Mikado and Prince Regent had escaped injury, we hardly comprehend their words or the idea that is behind them. If such a disaster had happened in England and Englishmen talked in the same strain we would set it down as affection or a diseased form of patriotism.

HEATED DEBATE AT FRUIT GROWERS MEETING AT KEATING CANNERY AND JAM FACTORY SCHEME TO BE INVESTIGATED

The special meeting of the Spanish Fruitgrowers' Association, held last night at the Keating Temperance Hall, with sixty-eight of the 250 members present, will remain long in the memory of small fruitgrowers, by virtue of the acrimony of the debate.

In the matter of poor strawberry prices and the payment for some classes of fruit, the majority of the members present were satisfied with the explanations of Manager H. E. Tanner and President Wood, a small but determined opposition, led by Capt. Davis and J. H. Sutton, took every opportunity offered to interrupt the speaker in hand and introduce matters irrelevant to the special business of the evening.

Canning Plant Proposed
The meeting had been called to discuss the advisability of entry, by the association, into the jamming and canning business, with a view to extending the marketing period for Spanish fruit.

After two hours of furious debate Capt. Wood, as chairman of the meeting, succeeded in concentrating attention upon this matter. A resolution appointing an investigatory committee passed unanimously, after the chairman had declared that, in his opinion, the sixty-eight members present were not justified in proceeding further towards imposition of a costly burden upon the general membership.

The committee appointed consisted of Messrs. J. H. Sutton, J. M. Thomas, J. Devereux and the chairman and secretary of the association. They will also report, in an early meeting, upon the most advisable method of financing a plant, should they consider the venture advisable.

Change Election Date
Chairman Wood suggested the advisability of holding the annual meeting and election of officers in December instead of in January, thereby giving the new officers more time in which to prepare for next year's operations. He believed that, if the meeting unanimously adopted such a resolution, the ordinary requirement of a special notice of motion and an extraordinary meeting would not be required.

Opposition to such hasty action developing, notice of motion to effect change was given by H. E. Grist, the matter to come up when the canner committee reports later this month.

Winery Discussed
Another outburst of criticism arose when the operations of the Growers Wine Company, in which the Spanish fruitgrowers hold a block of donated shares, was brought to the fore by advocate of complete ownership of this concern.

It was pointed out that had the association attempted this venture, it would have been secured from the Government Liquor Board, as submission of samples had been an essential preliminary.

Strawberries in cold storage also provided food for controversy, the association still having on hand a considerable surplus, which might, on chance of disposal after the association had filled all contracts.

DR. M. J. KEYS HEADS MEDICAL SOCIETY

Victoria Branch Annual Meeting Monday; Tribute to Dr. Thomas

Dr. M. J. Keys was elected president of the Victoria Medical Society at the annual meeting held in the Medical Library on Monday evening. Other officers elected included: Vice-president, Dr. Walter Sarge; honorary secretary-treasurer, Dr. Gordon Kenning; library committee, Dr. F. Leader, Dr. M. Thomas and Dr. G. Hill.

The vote of thanks to the retiring officers included a special tribute to Dr. Thomas for his indefatigable work as secretary-treasurer for the society for the past three years.

LECTURE OF ABSORBING INTEREST ADDS TO RELIEF FUND

The Flowery Land, as it appeared in its Springtime dress a few short months ago, was displayed to an enthusiastic audience last night at St. Mary's Hall, Oak Bay.

Poignant indeed was the contrast which rose inevitably to the mind of those scenes of fratricidal loveliness since their disruption in the recent cataclysm.

Among scenes of special significance was a lovely colored, remnant of Jena Park in Tokio which during the earthquake was the place of refuge of many hundreds of people. The sacred bridge of red lacquer which only the Emperor and the Imperial messengers were allowed to cross, and the marvelous shrine on which 15,000 workmen worked daily for twelve years were other pictures which transported the audience to a fairy-land now, alas, torn and shattered.

Some lovely pictures of China and of the South Sea Islands were also presented.

The interesting little causerie which accompanied the slides added considerably to their value, and Captain Lindsay and Captain Ellis, who were responsible for the entire arrangement, are to be warmly thanked for a delightful evening.

Miss Eva Hart sang very charmingly. "What a Day To-day" and "My Own Little Cherub" being particularly appreciated. Mr. Arthur Gorv was also in fine voice, and he responded, as usual, to the request on such occasion to the hearty encore. Mrs. A. J. Gibson proved herself, as usual, a sympathetic and skilled accompanist.

Rev. G. H. Andrews proposed a very cordial vote of thanks to those who had so generously assisted in the entertainment. The fund for the earthquake sufferers will benefit to the extent of \$50 as a result of the undertaking.

PERCY OWEN HERE IN COURSE OF 30,000-MILE TOUR

After a 30,000-mile journey, since he left Australia, Percy Owen, a well-known realty man of Malvern, Melbourne, arrived in the city yesterday on his way to San Francisco.

He has had an interesting tour, embracing an extensive motor journey over Great Britain. Mr. Owen points out that more and more the business men of Australia are traveling, and that, as they are ready spenders, there is every inducement to get them to visit this part of the world either coming or going to Europe. He found Australians traveling in all places visited. An illustration of the interest shown in travel by residents in the Commonwealth, he mentioned that there was a crowd of several thousand people in Victoria and around the pier at Port Melbourne when the steamship in which he sailed left home.

Mr. Owen has been greatly impressed with the travel facilities on the Canadian Pacific Railway, and intends to convey formally to the company his appreciation of the service afforded to travelers in crossing Canada.

After a visit to California Mr. Owen will leave for home in the first week of December.

PREMIERS IN LONDON AT FIRST BANQUET

Duke of Connaught Presides at Colonial Institute Dinner

London, Oct. 2 (Canadian Press Cable)—The Duke of Connaught presided last night at the Colonial Institute dinner given in honor of the delegates attending the Imperial and Economic Conferences. The function was attended by about five hundred guests, representative of all the dominions and colonies, including a large number of Dominion visitors in London. The Duke of Connaught, proposing the toast to the Empire, considered the resources of the Empire, if properly developed, could keep the Empire independent of outsiders.

Governor-Generals

Right Hon. W. L. Mackenzie King, responding on behalf of Canada, regarded it as a special honor to speak to a gathering presided over by the Duke of Connaught. Looking back on an ordinary citizen, he believed Canadians would always feel that they had found the Duke of Connaught a model and constitutional ruler. The Premier went on to refer to the services rendered by other governor-generals to Canada and declared amid cheers that Baron Byng, every day of his life, was endeavoring himself more and more to the citizens of the Dominion.

Spirit of the Empire

The speaker trusted that the spirit of the Empire would be kept true to the spirit of the new democracy of our times, and the heart and mind of Britain kept forever young.

Premier Massey, responding on behalf of New Zealand, insisted on the necessity of adequate sea power. Responding to a toast to his health, the Duke of Connaught commented on the fact that all the speeches had breathed the spirit of unity of Empire. As one having had the good fortune to serve in many parts of the Empire, he felt that the outlook for the future was bright.

FOOTBALL COUPONS ILLEGAL, SAYS COURT

Court of Appeal Decision Will Affect Pending Prosecutions

Vancouver, Oct. 2.—The Court of Appeal has decided in the test case of The B. C. Veterans' Weekly that football coupons are illegal. Mr. Justice Martin dissented. The decision will affect pending prosecutions in the police court, stated Mr. J. W. deR. Farris, K. C., counsel for The B. C. Veterans' Weekly.

TEACHERS CONVENTION
Montreal, Oct. 3.—One thousand teachers from all parts of the province are expected to assemble in Montreal for the fifty-ninth annual convention of the Provincial Association of Protestant Teachers of Quebec, which opens in Montreal on October 10. The convention will extend over four days.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, October 3, 1923.

The vote on prohibition in British Columbia included the following figures: Victoria, 938 for, 1,206 against; Vancouver Island, 539 for, 588 against; Vancouver City, 1,006 for, 652 against; Westminister, 438 for, 165 against. Throughout Canada the general opinion was adverse, notably in Quebec province.

More regular visits are to be paid by city officials to theuper station at D'Arcy Island. Visits will in future be made every two weeks.

The Chinese merchants deny that there is a long war in the city at the present time.

NEWS IN BRIEF

A special meeting of the City School Board will be held this afternoon at 4:30 o'clock to discuss High School arrangements.

Continuing the city tax sale fifteen parcels of land were disposed of this morning at a price of \$4,563.76, making a total of twenty-three parcels sold to date, realizing \$13,738.52.

Building permits have been issued to Crowther & Burley, 233 Yates Street, for re-modelling office and garage, and to W. S. Kershaw for a garage at 1708 Kings Road.

Mrs. George Simpson, the well-known dancing teacher, is reopening her Winter season to-night at the Mary's Hall, Oak Bay. To-morrow evening she will appear at the Connaught Seamen's Institute.

Five applications have been filed for the office of city controller, for which applications will close on Monday at noon. Two are from Victoria, two from Vancouver, and one from an Ontario city.

It cost Allan Fitch, charged with vagrancy, \$56 in cash to abstain from proceeding in the city police court to-day. Half money that extent was confiscated when the accused failed to answer to his name when called. Mrs. E. Taylor, F. White, A. Charlesworth, and J. Williams each paid \$5 for minor motor offences.

The members of the Natural History Society will visit Beecher Bay on Saturday next to inspect the petroglyphs discovered by Alan B. Ford. Members of the Historical Society are invited to make the trip. Those interested are invited to get in touch with C. C. Pemberton, 323 Sayward Building.

The Friendly Help Association wish to express their sincere thanks to St. Michael's Church, Royal Oak, and the quarantine station church for so kindly sending in the fruit and vegetables from their harvest festivals, and in being hopeful that the other churches will follow their good example.

Services for young people are being continued for the remainder of this week in St. Columba Presbyterian Church, Oak Bay. Special speakers have been arranged for, and a very bright and profitable time is promised to all who attend. The services are under the personal supervision of the Rev. J. H. White.

The members of the Canadian Legion are reminded of the general meeting to be held this evening in the club rooms, 1406 Douglas Street, commencing at eight o'clock. The object of importance will come before the meeting and it is urged that every member who possibly can will be present.

The Vancouver Encampment No. 1, L.O.F., last night received a visit from the Grand Patriarch, Bro. William Watkins, Nelson, who is making a tour of each centre in his official capacity. Degree work was demonstrated by the local degree team, the affair concluding with a banquet.

The guard of honor was formed by Canton Victoria No. 2, P. M., under Commandant E. B. Shaver.

At the Centennial Methodist parsonage, Rev. Dr. Clem Davies solemnized the marriage of Alfred Leslie Gordon, of Cluny, Alberta, to Miss Irma Rhea, Abbotsford, Seattle. Mr. Gordon is the western manager of the Consolidated Brass Company of Vancouver. After a honeymoon Mr. and Mrs. Gordon will make their home in the mainland city.

Leaving her home with the avowed intention of committing suicide, a woman was found by Sergeant Heatley and Constable Clark, of the city police, last night a few hours after sitting on the back steps of her home. With little difficulty the officers persuaded the object of their search to entertain life for yet a little while. The disturbance arose out of a slight difference of opinion on family matters.

The community concerts which are held during the winter months will commence next Saturday evening in the armories, Bay Street. The committee of the Royal Canadian Mounted Police, C.G.A., under the auspices of which these are held, intends to make this season's concerts even more of a success. Refreshments will be served by the regimental canteen, and the Fifth Regiment Rumsby will provide a programme.

A general luncheon of the British American League will be held to-morrow at 12:30 p.m. in the private dining-room of the Spencer Ltd. An address will be delivered by H. Charlesworth on "The World Conference on Education and its Influence on International Relationships." Mr. Charlesworth is well equipped to deal with this subject, having attended the world conference in San Francisco when he was elected a director of the World Federation of Educational Associations.

The fire loss in this Province, as announced by Fire Marshal J. A. Thomas to-day for the twelve months ending December 31, 1922, was \$2,252,468. The largest loss was \$1,839,950 and took toll of property, of which 924 occurred in cities, with a loss of \$1,297,245. District municipalities shared 258 fires for a loss of \$750,346. Unincorporated districts saw 348 fires, with a loss of \$1,177,564. Nineteen other fires in fire districts added \$7,215 to the roll. Victoria had 187 fires for a loss of \$351,201. Vancouver had 414 fires, but only lost \$388,201. Last year's losses in the forest were estimated at \$1,000,000. This year, according to P. Z. Caverhill, chief forester for the Provincial Forestry Department, the forest loss will be materially less.

There has been a tendency at both the conference and the Economic Conference to defer the submission of definite proposals until the arrival of Premier Bruce of Australia.

London, Oct. 3 (Special cable to Canadian Press by George Hamilton, staff correspondent). — The opening speeches having been concluded, the imperial conferences are now settling down to work. The most important question for consideration in this regard is the relation of the crown colonies to the rest of the empire.

There has been a tendency at both the conference and the Economic Conference to defer the submission of definite proposals until the arrival of Premier Bruce of Australia.

There has been a tendency at both the conference and the Economic Conference to defer the submission of definite proposals until the arrival of Premier Bruce of Australia.

BOOK FINES OFF FOR WHOLE WEEK

"Back to Library Week" Returns Many Volumes; Now is Chance, Says Librarian

"Back to the Library" week has been inaugurated by the Victoria Public Library by Miss Helen Stewart, librarian. During this week all persons who have over one book out may return them without fear of being fined. This idea was originally tried out with success in the Minneapolis Public Library.

Twenty-five books had returned to the library here up to last night. It is expected that nearly twice that many will be returned by Saturday night. Some persons bring in volumes that have been lost to the library for years and leave them without saying a word, while others make various excuses.

One of the chief reasons why books are lost is because the library loses track of people who move about. "If most people would only consider the books as public property and remember that they are paying taxes for the library, there would be fewer books astray," she said. "Some of the books returned were badly wanted by the library and are now in use. Many children's books have also been lost. However, during the past week a great number have been returned. In one instance two children had four books out and were using them as a wall for an encampment of soldiers in the playground. As long as the soldier's game lasted the books were never returned."

"Back to the Library" week will continue until Saturday night.

NATIONAL DIRECTOR COMING TO CITY

H. Crocker of Y.M.C.A. Will Arrive To-morrow

J. H. Crocker, secretary for physical education for the National Council of Canadian Y.M.C.A. will be a visitor to the city to-morrow. He will arrive from Vancouver and will be here for two or three days. Mr. Crocker is in charge of the physical department of the Y.M.C.A. throughout Canada with headquarters at Toronto.

Mr. Crocker has been physical director of the Y.M.C.A. at Truro, N.S., secretary at the Halifax branch of the association, physical director of the Toronto central branch, and also secretary of the Bradford association.

He went to China in the employment of the Chinese Government as a physical director. He was stationed there until the outbreak of the war and was holding an officer's commission when he returned to Canada to help in the work of the Canadian National Council staff had been so depleted by virtue of the large number that had gone overseas that Mr. Crocker was persuaded to take on the position of territorial secretary and had charge of the associations in the provinces of Saskatchewan, Manitoba and that part of Ontario west of the Great Lakes. Two years ago he was called to his present position.

Mr. Crocker has been attending the recent National Amateur Athletic Union Conference held at Vancouver, as representative of the Y.M.C.A.

EGG-LAYING CONTEST AT WILLOWS ENDS

Local Fanciers do Exceptionally Well in Competition

The twelfth egg-laying contest which ran twelve months this year, closed yesterday at the Willows with White Wyandottes and White Leghorns the winners. The winning pens in nearly all cases broke all previous records, a large number of birds laying well over 200 eggs in the season. In the heavy weight class the first three places were won by Vancouver Island birds. The latter class were severely affected by the two cold snaps during the winter. One bird did not lay an egg during the contest, and during the past few weeks was a persistent "croucher" although it still showed feminine characteristics. A few years ago one of the contestants had been laid through the contest, and then developed male characteristics—large upright comb, long flowing hackles and sickle feathers and a decided "crow."

The best laying bird during the contest was a White Wyandotte owned by Dean Bros. Keating, which laid 262 eggs in the year, another "Dotie" owned by C. Banfield, Victoria, laid 251 eggs, a spare "Dotie" owned by W. Brad, Langford, 259, and a Rhode Island Red, the property of H. D. Reid, Victoria, during the contest laid fifty-three eggs in fifty-three days.

TO TALK WAR MEMORIAL

Equimatt Will Meet Soon to Discuss Commemorative Project

Discussion of the Equimatt War Memorial project will be taken up at a public meeting called for October 15. The meeting will open at 8 p. m. under the auspices of the Equimatt War Memorial Committee.

PLAIN FIVE-YEAR CLOSED SEASON ON FUR-BEARING ANIMALS

Complete Standstill of Industry in Prospect, Jackson Announces

Drastic Measures Needed to Prevent Extinction of Animals

A five-year closed period on all fur-bearing animals in British Columbia probably will be approved by the Game Conservation Board shortly to give the fur industry an opportunity to recover from the present depletion of these animals, M. B. Jackson, Chairman of the Board, announced to-day.

"There is every prospect of a closed season on all fur-bearing animals in the entire Province," Mr. Jackson said. "The recent trip of Game Board members through the northern fur areas of the Province had convinced them, Mr. Jackson said, that drastic measures were needed to protect fur-bearing animals.

"Trappers and fur traders appear to agree that fur-bearing animals have been seriously depleted and that unless some drastic measures are taken they will be faced with extinction," Mr. Jackson said.

"The fur men appear to be ready to co-operate in every way in protective measures and were agreeable to any plan that would give them a chance to return to normal numbers and put the fur industry on a normal basis.

"Very serious depletion of fur-bearing animals was evident in the north country. In some places where trappers used to get about 100 marten pelts in a year, they get about half a dozen a season now.

Tells of New Sanctuary

"The new game sanctuary which the Game Board is establishing in the Bowater Lake country north of Barkerville will be a paradise for campers and tourists, Mr. Jackson asserted.

"It is a wonderful country and ideal for a game reserve," he said. "For the camera hunter anxious to get pictures of big game, it will be as fine a place in the world."

The new reserve, he stated, is about forty miles long by twenty-five miles wide, about 1,000 square miles of virgin country. A long line of lakes and waterways cut through the country. Mountains with white glaciers are interlaced with broad, green valleys.

"While there was some objection by hunters and trappers to the establishment of a game sanctuary there the object of the Game Board has been to preserve the country in its original state," Mr. Jackson said.

DISCUSS WINTER EXTENSION COURSE

University of B.C. Extension Courses Sought Here For Winter Months

At a meeting of representatives of public bodies in the City School Board offices last night the suggestion of inaugurating winter extension courses in this city during the winter months was discussed.

Those present included Dean Quinlan, Francis George Jay, Trustee A. G. Smith, Mrs. H. E. Young, Mrs. E. C. Hart, Miss Helen Stewart, Ira Dilworth, P. H. Elliott, W. E. Pierce and J. T. Stott.

Mr. Stott gave a digest of several letters which had been sent to the extension lecture department of the University of British Columbia. From the replies, he said it was clear that at very small expense to any local organization a series of interesting lectures can be arranged.

The suggestion of forming a local organization with a small membership fee which will be responsible for making arrangements and arranging responsibility for the expenses to be incurred met with general approval. After replies have been received from the university a communication was forwarded to the university. A public meeting will be called at which an organization will be formed.

PSYCHOLOGISTS TO LOOK INTO HEALING

Nine o'clock Silence is Already Introduced in Vancouver

Spiritual divine and other forms of healing are to be investigated by expert psychologists and a series of lectures is announced to-day by Prof. R. S. Baker, president of the Society of Applied Psychology.

The investigation will be carried on chiefly in Vancouver. Dr. MacDonald said to-day. He has just completed a lecture tour of the continent and is moving his headquarters from New York City to the Pacific Coast.

Under Dr. Baker, Dr. MacDonald again lectured last night before Victoria psychologists in the three-day series with which they have been inaugurating their winter work. His subject was "Visualization and Its Uses," and he emphasized the practical test of persons' powers in psychology.

"Our object is to steady people in life," Dr. MacDonald said. "Visualization is a sinking deep into the subconscious mind the detailed plan of your life's desire. It is a product of the imagination but is not imagination alone. It is rather the power of seeing deep into the sub-conscious."

"In order to cultivate it, one must have a thorough understanding of the faculty," Dr. MacDonald said.

Following the lecture, Dr. MacDonald told how the 9 o'clock silence has already been introduced in Vancouver.

"This is a gathering every night of persons with the healing consciousness," Dr. MacDonald said. "We send out from the circle the healing message, just like a radio broadcast. All those who want it in the city open themselves to that radio of healing at 9 o'clock every evening. No matter where they are, they bring their thoughts to realize that they are in the presence of the infinite, divine, perfect life and their ailments are forgotten for the moment at least."

Prof. Baker explained that this operated on the basis of the universal subconsciousness. "We send out from the circle the healing message, just like a radio broadcast. All those who want it in the city open themselves to that radio of healing at 9 o'clock every evening. No matter where they are, they bring their thoughts to realize that they are in the presence of the infinite, divine, perfect life and their ailments are forgotten for the moment at least."

Dr. MacDonald will deal with "The Secret of Permanent Peace" to-night. Mrs. Gordon Grant, A. Wicks and E. H. Durain also speaking to-night. Miss Blackett and Mrs. Smith Baker gave a musical programme.

The little chart graphically proves that in even a small room you can place a Brambach Baby Grand Piano. Wherever you can place an ordinary piano, you can stand a Brambach Miniature Grand.

Another beauty of the Brambach is that its price is no greater than that of a standard quality upright piano, yet its tone-quality and tone-volume are infinitely superior.

The price of the Brambach Baby Grand is only \$950.00 and we will accept your upright piano at a liberal valuation and arrange terms on the balance.

EVENTS TO COME

The Canadian Anti-Vivisection Society will hold a social evening at the Victoria Club, Campbell Building, Tuesday, October 4, at 8 p.m. with music, short addresses and discussion.

E. S. Woodward, vice-president of the Anti-Vaccination League, will give an address on "Vaccination." Refreshments will be served by the Women's Committee. The meeting will be open to the public.

The Native Daughter of B.C., Post No. 2, will hold a rummage sale on Saturday morning next at the next corner to Terry's Drug Store, Fort St. Members and friends who are contributing are asked to have goods at the store by 4:30 Friday afternoon.

Alexander Munroe, the missionary evangelist, will speak to-night on "The Four-Square Gospel" in the Tabernacle Church Fairfield Road and Chestnut Street, near Cook Street. The sick will be anointed and prayed over at the Friday night meeting.

The regular monthly meeting of the Ladies' Guild for Sailors will be held on Thursday, October 4, at 2:45 p.m. at the Connaught Seamen's Institute. Members are particularly requested to attend, as there is important business to be arranged.

The Bible class in connection with the Guild of Health in Christ Jesus Our Lord will be held on Friday afternoon at three o'clock in the schoolroom of the Church of Our Lord.

The British Israel Association will meet at the hall, 1919 Cook Street, Thursday at eight o'clock, when an address will be given by H. H. Backaller, vice-president of the Association.

St. Barnabas' Church.—Harvest Festival will be held on Thursday, October 4. The services will be held at eight o'clock, when the Holy Communion at 8 a.m., and Festival Evensong at 8 p.m., the sermon being preached by the Rev. T. M.

Hughes, of North Saanich. After the evening service there will be a social gathering in the schoolroom at which all are invited. The harvest thanksgiving will be continued over Sunday, the special preacher at the evening service being the Rev. Robert Connell.

THEY CALLED HIM AN "OLD PILL"

"THAT was years ago when he I packed a terrible groch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Becham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Becham's Pills.

The cheer that Becham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

GONZALES CHAPTER LOSES ITS REGENT

Mrs. L. B. Kent, regent of the Gonzales Chapter, I. O. O. E., who is on an extended visit in England, has resigned the regency of the Chapter. Her resignation tendered in a letter of cordial greetings from England was received with sincere regret at yesterday's meeting of the Chapter. Mrs. L. A. Genge, the vice-regent taking the chair.

Special work was undertaken in the shape of a large bridge and Mah Jong party to be held on the afternoon and evening of Friday, October 28, Mrs. Ross Sutherland most kindly having loaned her beautiful home for that purpose. The proceeds as usual will be put towards the furnishing of the sun room for the new hospital.

A preliminary discussion also took place regarding plans for a specially attractive pantomime to be given during Christmas week and organizing committees were formed under Mrs. Genge for the purpose of coping with the initial work.

Ordinary business routine completed a satisfactory meeting and after planning for an extraordinary meeting to take place next Tuesday morning at the usual time, the Chapter adjourned.

MISS CLARE POWELL TO GIVE RECITAL

Miss Clare Powell, the well-known elocutionist, will give a musical and dramatic recital at St. John's Hall on October 11 under the auspices of the W. A. to St. John's Church.

Miss Powell will present several new numbers, both musical and dramatic, in costume, and she will be assisted in the national songs by Miss Irene Gaskill, a talented young dancer from Edmonton. The balance of the programme will be presented by pupils of Miss Powell, and the recital promises to be one of the most successful of the opening Winter season.

Plan Bazaar—A large and enthusiastic gathering of members of the Ladies' Aid of St. Andrew's Presbyterian Church met at the home of Mrs. M. R. Pearce, Oscar Street, on Monday afternoon, and made preliminary plans for a bazaar on Saturday, December 1.

FRIENDLY HELP HAS MANY CALLS ON IT

Sixty-Eight Families Helped in September; Many Donations

The monthly meeting of the Friendly Help Association was held on Tuesday morning, October 2, when Mrs. A. J. Spencer, who presided, was warmly welcomed after her three months' absence. The following members of the committee were present: Mrs. Wm. Grant, Mrs. McMicking, Miss Finlayson, Mrs. Price, Mrs. Strickland, Mrs. Lovell, Mrs. Hay, Mrs. McLanahan, Mrs. Davidson, Mrs. Hanby, Mrs. Hurst, Mrs. McLean, Mrs. Cullum, Mrs. Radburne, Mrs. Pilgrim, Mrs. Watson, Mrs. Sabiston, Miss Ker, Alderman Harvey and the Rev. A. deB. Owen, Mrs. Patterson, of St. Paul's Presbyterian Church, was welcomed as a new member.

The secretary reported sixty-eight families were assisted during September, representing about 260 persons. The unemployment situation has so much improved that the work of the association is much lighter, but there are still the widows and fatherless, the sick and infirm who have to be assisted.

The association acknowledges with grateful thanks the following donations received during September:

Cash—The City, A Sincere Friend, A Friend, Ross Farm Dairy, T. Wood, J. D. Virtue, Mrs. Andrew, By Post, G. D. Christie.

Clothing—Mr. Walter, Saanich (new cloth)—Mrs. Gimour, Mrs. Raymour, Mrs. C. R. Watkins, Mrs. Andrews, Mrs. Code, Miss Lee, Mrs. Storech, Mrs. Houghton, Mrs. Sims (shoes), Mr. Palmer, Mrs. Norman Yarrow, Mrs. Stuart-Armour, Mrs. Skinner, Mrs. Muttie, Mrs. Fisher, Mrs. Duncan, Mrs. Napier Denison, Mrs. E. Wollaston, Mrs. Kirkwood, Mrs. Hise, Mrs. Gregory, Mrs. Dunn, Mrs. Code, Miss Lee, Mrs. Storech, Miss Houghton, Mrs. Rogers, Chemainus; Miss Dawson, Mrs. Dayfoot (shoes), Mrs. Williams, Miss McFarlane, J. C. Lowther, Mrs. Fred Jones, Mrs. Stokes, Mrs. Fletcher, Mr. Walton, Mrs. Goldsmith, J. D. Virtue and Mr. Wilson.

Provisions—Mrs. Raymour (Jam), Mrs. Patterson (Jam), Mrs. Little (plums), Mr. Hunter (bread), stallholders in the market (meat, fish, eggs, vegetables, fruit, etc.), and Mr. Dunsmuir (plums).

Sundries—Doris Walker (comic papers), Mrs. Mason (new flannel-lette), Bishop Cridge Chapter, I. O. O. E. (babies' new garments), Mrs. Waring (babies' cradle and clothing).

Mr. Kenneth Carlisle, of Vancouver, is spending a week's holiday in Victoria.

Mr. and Mrs. William Henderson left on Monday afternoon on a short visit to the mainland.

Mr. A. L. McDonnell, of Vernon, is visiting—Victoria and expects to remain about a week renewing old acquaintances.

Mr. and Mrs. Robert Dunn, of 20 Gorge Road, are receiving congratulations on the birth of a son on September 30.

The many friends of Mr. and Mrs. Fred G. Harper, 1041 Chamberlain Street, are congratulating them on the birth of a son, born on October 1.

Mr. Lawrence Macdonell, who has been spending a few days in Victoria, is leaving to-day for Vancouver, en route to his home in Vernon.

Miss Doreen Ashburnham, of Cowichan Lake, is visiting in Victoria as the guest of Mrs. Norman Kant, The Angela.

Colonel and Mrs. C. C. Bennett, who have been spending part of the Summer with friends at Banff, have returned to Victoria.

On Tuesday afternoon Mrs. David McLaren, of Victoria Avenue, entertained at a charming tea in honor of her guest, Mrs. Fairbairn, of Toronto.

Mrs. Delves, of Deal Street, Oak Bay, returned recently from an extended visit with relatives in England.

Lady Cameron, who has been spending the Summer in Winnipeg, has returned to the coast and is the guest of her daughter, Mrs. F. Homer-Dixon, Moss Street.

Judge and Mrs. Lampman have returned to Victoria after spending the Summer vacation at their cottage on Shawanigan Lake, and are the guests of Mrs. E. G. Prior, St. Charles Street.

Mrs. Evelyn C. Easterbrook, who for the past two and a half years has been visiting her sister, Mrs. Walter Brown, 37 Oswego Street, left on Monday for her home in Portsmouth, England, traveling via the Panama Canal.

ROYAL WEDDING TO TAKE PLACE SHORTLY

CROWN PRINCE

LADY LOUISE

One of the biggest events of the London season will be the marriage of the Crown Prince of Sweden to Lady Louise Mountbatten.

Lady Louise is the second daughter of the late Marquis of Milford Haven, known before the war as Admiral, Prince Louis of Battenberg.

Her mother, Princess Victoria, Dowager Marchioness of Milford Haven, is a granddaughter of Queen Victoria and the eldest daughter of Princess Alice, who married the Grand Duke Louis IV, of Hesse. During the war, Lady Louise served as a nurse in a hospital in France near Nancy. Her elder sister is Princess Andrew of Greece. Of her two brothers, both of whom are in the Navy, the elder, Lord Milford Haven, married Countess Nada Torby, and the younger, Lord Louis Mountbatten, married last year Miss Edwina Ashley, the heiress of Sir Ernest Cassel.

The Crown Prince of Sweden is a widower and son-in-law of the Duke of Connaught. His late wife, whom he married at Windsor Castle in June, 1905, was Princess Margaret, elder daughter of the Duke of Connaught and sister of Lady Patricia Ramsey. She died in 1920, leaving four sons and a daughter.

SOCIETY PERSONAL AND

Miss May Collins and Miss Birke have returned from a short holiday spent in Seattle.

Col. the Rev. G. H. Andrews, who has been enjoying a month's furlough in California, is back in Victoria and occupied the pulpit at St. Mary's Oak Bay, once again on Sunday morning.

Miss Lowe, of Ottawa, who came West to attend the Women's Press Club convention, is extending her visit in Victoria and is the guest of Miss Baynes Reed, Eglar Avenue.

Mrs. Emma Skelland, of 646 Hillside Avenue, who has been in Vancouver for the past few weeks visiting her daughter, Mrs. Dennis, has returned home.

The many friends of Mrs. M. J. Isles will be pleased to know that she is expected to arrive on Thursday next, October 4, from San Francisco, Cal., to spend a two weeks' vacation in Victoria.

Mr. and Mrs. Frank M. Orlt are sailing for Australia on Saturday by the S. Niagara. They will remain there several weeks and then proceed to South Africa, where they intend to reside for the next few years.

Miss Evelyn C. Easterbrook, who for the past two and a half years has been visiting her sister, Mrs. Walter Brown, 37 Oswego Street, left on Monday for her home in Portsmouth, England, traveling via the Panama Canal.

GIRLS' CORNER CLUB

The members and friends of the Girls' Corner Club are reminded of the opening meeting on Thursday. Supper will be served at 6:15 p.m. followed by a short musical programme and an address by Mrs. Field.

The meeting will take place in the clubrooms, Liberal Hall, Government Street. It is hoped there will be a large attendance. Any girls who are strangers in the city or who have not previously attended these meetings will be made especially welcome.

YOUR HOME AND YOU

By HELEN KENDALL

The Beautiful Luminor

Have you happened to see it yet—this newest and most artistic form of movable lighting fixture, rivaling the shaded living-room lamp in beauty, if not in lighting power? It is called a "luminor" and in its rich combination of black and gold and its antique design, suggesting dim candlelight, it is truly a charming necessity of any room which seeks to express dignity, sedate good taste and quiet elegance.

The luminor, which comes in many variations of the same general form and materials, gives out a soft glow which is very lovely on a small table in a corner, in the center of a carved chest, or on the console in a hall. All are made with bases and standards of black Italian marble effect, combined with Roman gold. The cylindrical center, which contains an electric bulb, is made of gold brocade line with mica, giving a mellow golden light. On either side are small torch lights with pointed bulbs, shaded by tiny shields of mica-lined brocade. Such, at least, is the luminor illustrated in the sketch. There are other designs, all in the same general feeling.

Some of these exquisite black and gold lamps are called "torch-lites," having tall candelabra-like lovely lighting.

FOR THE CHILDREN

The Sandman Story For To-night

MRS. FOX SAVES HER GARDEN GREENS

Mr. and Mrs. Fox lived in a spot where they could grow nice vegetables and near enough to a farm where there were plenty of hens and chickens to supply their table, so they were very comfortable until one day Mrs. Fox noticed that her garden did not have as many vegetables as it should.

"Have you given any of our green stuff away?" she inquired of her husband.

No, Mr. Fox had not given anything away. How could his wife be silly enough to think he would give away something he could use himself?

"Then some one is stealing our vegetables," said Mrs. Fox, as she looked at the bare spots. "Now, I wonder if these rabbit boys have been up here. Why, I do believe they have. I can see their tracks."

"I thought all the rabbits moved when we came here to live. I have not eaten a rabbit since so long I have forgotten how one tastes," said Mr. Fox.

"You are going to taste one very soon," said Mrs. Fox. "If any more of our green stuff is taken, I will 'do hate to make any one unhappy, though," said Mrs. Fox as she thought of her little foxes safe in the home. "I'll try scaring them, and if that does not keep them away from our garden then you shall have your rabbit stew."

It was nearing sunset when Jackie Rabbit and his brother Buster came shyly through the grass back of Mrs. Fox's garden.

They stood very quiet with ears erect listening when they came to the edge of the garden. All was still, "she is out hunting," whispered Jackie. "It is safe. I want to finish those beet tops and I mean to take home a nice cabbage for dinner tomorrow."

Happily got they went into the garden and began to eat. They forgot to be careful, they were so sure Mrs. Fox was not at home.

"Would you rather have a rabbit stew or fried rabbit?" Mrs. Fox asked. She and Mrs. Fox were sitting behind a wood pile so still and quiet that the Rabbit boys did not know they were there until they heard them talking.

Jackie Rabbit dropped the beet top he was nibbling. His eyes bulged

Suitable terms may be arranged.

Heintzman & Co., Limited

1113 Government St.

with fright and his little nose wiggled so fast he could hardly breathe, while his brother Buster sat, trembling all over, beside him.

"Oh, I don't care whether I have stew or fried rabbit for dinner, my dear," answered Mr. Fox in a loud voice. "Do you expect to catch a rabbit to-day?"

"Yes, I think I shall catch two and if they are young and tender I'll fry them, but if they are tough I will make a stew; they are very bad rabbits and they may be old," replied Mrs. Fox. "I expect any minute now to find them out in the garden. I guess I had better be looking, for I am hungry for a rabbit dinner."

Jackie and Buster did not hear the last of what Mrs. Fox said for they had taken to their heels and running through the tall grass for home, expecting every second to hear the feet of Mr. Fox and his wife behind them.

"They have gone," laughed Mrs. Fox. "I am afraid you will not get your rabbit dinner for if I am not mistaken you will never see those youngsters around here again."

Mrs. Fox was right. Jackie and Buster decided that the vegetables in Mrs. Fox's garden were getting rather old. "And besides that," said Jackie, "such a roasting as she gave us was had enough without going back to be fried or stewed."

Coat Days Are Here

and this shop is showing some very exquisite models. Shades of clay, taupe, Havana, Brown, tobacco, navy and black.

Developed from divette, bolivia, peach bloom cloth, marvella and ormentale.

MARGARET COUGHLAN IS NOW LOADING ON FRASER RIVER

Will Not Dock at Victoria Until Thursday; Service Entirely Successful

Instead of proceeding direct to Victoria from Vancouver, as was at first expected, the Margaret Coughlan moved to Fraser River, where she is loading lumber preparatory to loading here and then sailing for Montreal.

The local office had been previously instructed that the Margaret Coughlan would arrive here Wednesday to load a half million feet of lumber from local mills, but it is now reported that she will not leave the Fraser River until noon on Thursday, and will probably dock here late Thursday night or early Friday morning.

SPECIAL TRAINS TO CONNECT WITH ATLANTIC LINERS

Special trains to connect with boats scheduled in the Christmas sailings have been arranged for by the Canadian National Railway.

The Doric, a large and palatial passenger liner, is scheduled to leave Halifax on December 3 for Southampton. This will bring all those desirous of being at home for the Christmas holiday season in England at the right time.

Another special will leave Vancouver on December 3 to make connections with the steamships Pittsburg and Canada.

CUTTY SARK... HAS BEEN SEVERED

Death of Her Commander, Captain Moodie, is Reported

Cutty Sark Has Interesting History as First China Tea Clipper

In the passing of Captain Moodie, the first commander of the famous China tea clipper Cutty Sark, some interesting incidents of the past, when wind-jammers and sailing craft fought for supremacy of the sea, are recalled.

The famous China tea clipper, first commanded by Captain Moodie, who made her famous, has been bought and will be preserved as a vessel of historic value.

TO BE PRESERVED

The famous China tea clipper, first commanded by Captain Moodie, who made her famous, has been bought and will be preserved as a vessel of historic value.

The vessel was built in 1869 and is now owned by the Cunard Line. It is the only surviving tea clipper of the Cutty Sark type.

The vessel was built in 1869 and is now owned by the Cunard Line. It is the only surviving tea clipper of the Cutty Sark type.

Steamer Arctic Expected at Quebec by To-morrow

Quebec, Oct. 3.—The steamer Arctic, commanded by Captain Bernier and bringing to this port the members of the government party who made the trip to the North last July, is expected to reach here tonight or to-morrow.

A message received from Captain Bernier by the agent of the Marine and Fisheries Department states that everybody on board is well. A detailed report on the party's activities in Northern waters will be forwarded to Ottawa on the ship's arrival.

JAPAN WILL ORDER 26,000,000 FEET OF LUMBER SOON

Are Asking Exporters to Submit Prices; West Mingo Contract is Let

San Francisco, Oct. 3.—Local headquarters of the West Coast Lumbermen's Association yesterday was notified by Secretary of Commerce Herbert Hoover that the Japanese Government had advised the Department of Commerce that 26,000,000 feet of lumber would be purchased in the next six months and requested exporters to submit prices.

Low bids of the General Engineering and Drydock Company of H. & F. for reconditioning of West Mingo and \$4,294 for repairing the government vessel Frank Cox, have been accepted. It became known here yesterday.

The new Electric Line steamer Cuba, which three propeller blades early Monday morning while en route from Portland, will be in operation here until a new propeller blade is installed, losing one voyage from her schedule, it was announced yesterday.

DAMAGE ON DIANA DOLLAR EXTENSIVE

Flames Now Under Control; Vessel to Make Los Angeles on Saturday

Los Angeles, Oct. 3.—With his ship charred from flames which raged almost unchecked for 23 hours, Captain Anderson, command of the Diana, prepared late last night to leave his moorings in the Bay of Banderas on the coast of Nayarit, Mexico, and to continue the voyage to Los Angeles harbor, according to messages received here late yesterday by the Radio Corporation of America.

The flames, which broke out early Monday, were brought under control yesterday, and Captain Anderson said he thought the vessel would cover 112 miles between the Bay of Banderas and Los Angeles by next Saturday.

The tug Pescoc is at Los Angeles harbor ready to rush to the aid of the destroyer if the fire should break out again.

WANT MORE WATER FOR IRRIGATION USE

Ottawa, Oct. 3.—Request from the recreation branches of the Canadian and United States Governments for minor amendments to the regulations on the division of waters in the St. Mary and Canadian rivers in Alberta and Montana, came up for consideration at the opening session of the International Joint Commission here.

SALTS FINE FOR... KIDNEYS

Most folks forget that the kidneys, like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water.

Famous Race

The first long voyage, after the launch at Dumbarton, was from London to Shanghai, which Captain Moodie reached on 87 1/2 days.

The Aberdeen-built Thermopylae was run, by which the Cutty Sark gained the name of the fastest ship afloat.

But few of her had survived in the onward march of progress, yet the Cutty Sark type was still crowding glories of the sea.

Like the splendid white-winged traders themselves, however, the hardy race of mariners who sailed them, during the seas of all the world, is fast dying out.

The last of her type limps helplessly into port for final voyage, there will be few to mourn the memory of departed sailing days.

Some of her feats were absolutely amazing, and compare almost favorably with the times established for modern steamships.

On one occasion she made a trip to Melbourne from London, and was fifty miles off her destination on the fiftieth day out.

Unfavorable winds hampered her further progress, however, and the actual passage was made in thirty-five days.

Twenty-eight years ago the Cutty Sark was sold to a Lisbon firm, and her name was changed to Ferraira. She has been engaged almost continuously on cargo service.

Canadian Farmer left Astoria September 28.

FREE STATE URGES COMPACT CREDIT

Participation in Conference Important to Irish Interests

Dublin, Oct. 3.—The participation of the Irish Free State in the British Imperial Conference in London, it is felt here, will have a direct bearing on immediate Irish interests, and the attitude to be adopted by the Irish delegation has been exhaustively discussed at a cabinet conference here.

Questions of the political relations of the dominions to the Imperial Government will not, it is believed here, be raised. Irish opinion holds that the independence of the various members of the British Commonwealth will be greater if these relations are left vague.

Questions of tariffs, the Irish Free State position is said to be similar to that of Canada. The parliament here has not yet arrived at a definite fiscal policy and is merely carrying on, until existing British tariffs can be changed.

An independent commission of experts has been examining the fiscal question and has made an interim report recommending the abolition of several duties, which, though useful in Great Britain, have no value in Ireland and this country does not produce the tariffs.

The Freeman's Journal, which is most closely allied with the Free State Government, considers that the "supreme question for the conference is to find some arrangement by which British credit when it is mobilized for the general advantage of the whole Empire."

The Free State is also interested in the question of an imperial colonial income tax. On the broad issues raised by the proposals for imperial preference in tariff schedules no definite Irish policy has been decided upon, and it is rather hoped here that such questions may be postponed.

European Markets

Great Britain has suffered since the war from the loss of European markets and unemployment. At the economic conference, the Dominions are to be asked to help Great Britain work their way out of their slough. On the one hand, they are to be invited to send Great Britain larger quantities of raw materials which she needs and to open their factories, thus relieving British dependence on slackening European demand.

Political Federation

AMERICA WATCHES LONDON MEETINGS

Newspapers Comment on Plans to Foster Empire Trade

Following testimony given by Captain G. J. Ryan, master of the ill-fated Puget Sound motor vessel, H. G. Pugh, before a hearing of the Senate Commerce subcommittee yesterday afternoon, it was learned that the U. S. Navy had advised by United States inspectors of steam vessels Captain Donald S. Dimes, under a ruling by the Federal Bureau of Investigation, to be made public by Supervising Inspector William E. Wilson, after a brief submission to the chief of the inspection division, Mr. W. C. C. Four lives were lost in the disaster.

With the discharging of the cargo of the steamship H. F. Alexander, which arrived here Monday from San Francisco, it will be withdrawn from service for five months in order to be renovated, according to an announcement made by the Pacific Steamship Company.

The afternoon Post says the tariff wall in the United States and the inevitable decline in the European economic system under the Ruhr struggle was a combination which led inevitably to the discussion in the British Empire of the question of the fabric of imperial tariff preference.

It says that a speech with an appeal to the imagination, this gathering of representatives of lands constituting one-fourth of the land area and the population of the globe, the development of this family of free yet perfectly allied nations in which to-day stands a new member, the Irish Free State, is a political experiment, new to the world, and one full of hopeful possibilities.

It says: "Politically, the British Empire has been strengthened by the development of the Dominion of Ireland, Great Britain at least is under a severe strain."

The Tribune says the chief problem confronting the conference is economic recovery from the effects of the great war.

The Freeman's Journal, which is most closely allied with the Free State Government, considers that the "supreme question for the conference is to find some arrangement by which British credit when it is mobilized for the general advantage of the whole Empire."

The Free State is also interested in the question of an imperial colonial income tax. On the broad issues raised by the proposals for imperial preference in tariff schedules no definite Irish policy has been decided upon, and it is rather hoped here that such questions may be postponed.

SEVEN-DOLLAR RATE WOULD SPELL LOSS

C.P.R. President Makes Statement on Alberta Coal

Calgary, Alta., Oct. 3.—If the whole of the domestic coal trade were secured for Alberta it would only increase the operating losses of the Canadian Pacific for that province. The president of the C.P.R. said today in a statement on the coal situation in Alberta.

World adds: "With little hope of immediate recovery on the continent, with 1,250,000 men unemployed, not to mention an army of disabled veterans, with a debt to pay America and a great American tariff wall to make payment difficult, the question of development of the Empire has become extremely urgent."

The afternoon Post says the tariff wall in the United States and the inevitable decline in the European economic system under the Ruhr struggle was a combination which led inevitably to the discussion in the British Empire of the question of the fabric of imperial tariff preference.

Asked if he feared a wheat congestion at the head of the lakes, the president said that such a thing was possible but that he was still hopeful that means would be devised to prevent it.

In this connection it would appear much more feasible to consider the temporary suspension of the operation of the Canadian statute rather than the devising of other means of moving the crop," he said. "The available Canadian tonnage of the lakes, even though the latter could be used in the case of a coal shortage or any other abnormal situation, is not sufficient to give the necessary relief and it would be extremely unfortunate if the legislative session passed last session in order to protect the shippers of Western Canada should be found to have the contrary effect and its operation either cause a congestion or increase the lake rates on such grain as can be moved."

Asked what he thought of the all rail haul to St. Lawrence ports as a solution of the threatened grain blockade on the lakes, Mr. Beatty said that would be a very inadequate solution of the difficulty because of the expense of haulage and the tying up of equipment ordinarily released at Exeter, Wm. The western route for grain would be increasingly used as time went on, he remarked, providing ocean tonnage on the Pacific was available. It was, of course, the only route for the Oriental trade, which should increase in volume every year.

The president stated in reply to another question that no regulations for the acquisition of the Pacific and Great Eastern Railways were in progress or in contemplation.

Turning to the matter of wheat yields in Alberta this year, President Beatty said that his expectations reports indicate that these were satisfactory, and he could see no reason why their preliminary estimates should be varied.

Referring to the report of the committee that was appointed by the C.

CALL INCREASES FOR CANADIAN ARTISTS

Montréal, Oct. 3.—An increasing employment of Canadian artists for commercial and advertising purposes instead of pushing any such work done in New York by American artists, unacquainted with Canadian conditions, was reported at the annual meeting of the Artists Guild of Canada, which was held here yesterday.

The president and his party are looking in the best of health and their trip, which on the present occasion has extended as far north as Skagway on the Pacific Coast.

Regarding immigration, President Beatty said that the Canadian Pacific was co-operating with the Western Canada Colonization Association, the Dominion Government and the National Railways in an effort to speed this up.

Asked if he feared a wheat congestion at the head of the lakes, the president said that such a thing was possible but that he was still hopeful that means would be devised to prevent it.

In this connection it would appear much more feasible to consider the temporary suspension of the operation of the Canadian statute rather than the devising of other means of moving the crop," he said. "The available Canadian tonnage of the lakes, even though the latter could be used in the case of a coal shortage or any other abnormal situation, is not sufficient to give the necessary relief and it would be extremely unfortunate if the legislative session passed last session in order to protect the shippers of Western Canada should be found to have the contrary effect and its operation either cause a congestion or increase the lake rates on such grain as can be moved."

Asked what he thought of the all rail haul to St. Lawrence ports as a solution of the threatened grain blockade on the lakes, Mr. Beatty said that would be a very inadequate solution of the difficulty because of the expense of haulage and the tying up of equipment ordinarily released at Exeter, Wm. The western route for grain would be increasingly used as time went on, he remarked, providing ocean tonnage on the Pacific was available. It was, of course, the only route for the Oriental trade, which should increase in volume every year.

The president stated in reply to another question that no regulations for the acquisition of the Pacific and Great Eastern Railways were in progress or in contemplation.

Turning to the matter of wheat yields in Alberta this year, President Beatty said that his expectations reports indicate that these were satisfactory, and he could see no reason why their preliminary estimates should be varied.

VISITORS CHARM WITH PROGRAMME

Bellingham Kiwanians Feted by Victoria Club at Commerce Rooms Last Night

The banners of the Bellingham and Victoria Kiwanis clubs, surmounted by the flags of the British Empire and the United States, floated over a happy gathering at the Chamber of Commerce auditorium last night when

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells how she reduced steadily and easily by using this new form of the famous Marmola Prescription Tablets several times a year, keeps her weight just right without weakening diets, dangerous exercises, or absurd greases and salves. All good druggists sell Marmola Prescription Tablets at one dollar for a case, or if you prefer you can secure them direct from the Marmola Co., 4122 Steward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective. (Adv.)

"It hurts"

Of course those nasty cuts and burns do hurt! But the pain will soon be gone and there will be no danger of infection, if the wound is bathed with a solution of

and then bound with a bandage saturated with Absorbine J.

This Liniment—so cooling, healing and soothing—is an ideal "first aid" for children's accidents, for any accident, for cuts, sprains, strains, bruises.

Keep a bottle always handy—you never know when you'll need it. \$1.25 at most druggists or sent postpaid by

W. F. YOUNG INC. 101 Lyman Building - Montreal

What's Best for a Bad Stomach?

Nine-tenths of all stomach troubles—indigestion, sourness, gas, pain, heart-burn, etc., are caused by an excess of acid in the stomach. Artificial digestants, such as pepsin, are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead neutralize the acid that has upset your stomach with a spoonful or two of tablets of pure Bisurated Magnesia, taken with a little water. This instantly sweetens the stomach and stops the pain and discomfort and your food digests as nature intended. For quick positive relief from Acid Stomach

MOST PEOPLE PREFER BISURATED MAGNESIA

DON'T DO THIS! Use LEONARD EAR OIL

IT DOES RELIEVE DEAFNESS and HEAD NOISES. Simply rub it in back of the ears and insert in nostrils. Special instructions by a noted ear specialist in each package. MADE IN CANADA. Descriptive circular sent on request. A. O. Leonard, Inc., 19 Fifth Avenue, New York

AFTER-EATING DISTRESS

and all forms of stomach trouble, such as gas pains, acid, sour burning stomach are all relieved in two minutes by taking JO-TO. JO-TO sold by all druggists.

the local club received a party of Bellingham clubmen.

The Bellingham party, under Judge John A. Kellogg, arrived on the yacht Ekwood, owned by Warren B. Wood, of the E. K. Wood Lumber Company.

A Kiwanian himself, Mr. Wood conveyed the entire party to this port in four and a half hours. The return trip was made in the same manner, the party sailing after the proceedings had been brought to a close at midnight with a dance.

It was "ladies night" last night, and a generous response to the invitation was made from both Victoria and Bellingham ladies-of-Kiwanis associations. Mayor Reginald Hayward graced the head table in the dual role of Mayor of the city and a Kiwanian of long standing.

Keneth Ferguson, president of the local club, presiding with Judge Kellogg, president of the Bellingham Kiwanis Club.

The entertainment, staged by the visitors, was one of many surprises in which an outstanding address was made by the Rev. Duncan MacPhail, pastor of the First Baptist Church of Bellingham. Victor Hoppe, of the State Normal School, recited "That Something," the story of a man who found writing his name the power to succeed. Miss Mildred Byres and Miss Matthews, visiting ladies, delighted the gathering with vocal numbers.

Twice during the evening the Canadian clubmen rose to their feet to cheer the American visitors, the first time as a recognition and later as an acknowledgment of the excellence of the programme provided.

Taking as his subject "The Herald of a New Dawn," the Rev. Duncan MacPhail charmed his hearers with a scholarly address in terms of the needs of civilization to-day. Humanity to-day was living in an era that marched with rapid pace. The need was to make a life worth while. "As Canadians and Americans we are heralds of a new dawn—a dawn in which goodness and truth are the rewards of life," said the speaker. "It is the dawn of a new patriotism. We no longer say, 'My country, right or wrong,' but 'My country, right or wrong, has been too much talk of love of country; what we seek to-day is love of the people in that country.'"

Victor Hoppe, reciting "That Something," held his audience to the attention by the power of his subject and the eloquence of his address. During the evening Bellingham and Victoria Kiwanians renewed old acquaintances, and it was a very happy gathering that brought the evening to a close in dancing to the lively strains of Kiwanian Cecil Heston's orchestra. Rousing cheers speeded the parting guests on their way.

Those in the party from Bellingham were: J. E. Spierin, Victor H. Hoppe, Miss Mildred Byres, Miss Ethel Machan, Mr. and Mrs. C. E. Bell, S. S. Howe, Alton Campbell, H. A. Muller, F. Stanley Piper, Warren B. Wood, Mr. and Mrs. C. S. McBeath, Mr. and Mrs. N. C. Phillips, Mr. and Mrs. E. E. Hald, Mr. and Mrs. P. L. Donovan, Mr. and Mrs. W. C. Wilcox, Judge J. A. Kellogg, C. E. Strupp, Mr. and Mrs. H. A. Kettner, S. E. Barrett, H. H. Houk, John Gleave, Mr. and Mrs. M. A. Montgomery, Rev. D. M. McPhail, Elmer Sells, Mr. and Mrs. E. H. Hald and Mr. and Mrs. R. C. Lerigwood.

DELEGATES TO BE CHOSEN SHORTLY

School Trustees Convention in Week After Next at Duncan

During the next few days the City and district school boards will be selecting their delegates to the convention of the British Columbia School Trustees Association, to be held at Duncan, on October 16, 17 and 18.

It has already been stated that the session will produce some highly controversial topics, among the subjects being religious instruction of a limited type in the schools to stimulate moral improvement, a general educational survey, apportionment of educational funds, a special building fund levy, zoning of the province to establish standardized teachers' salaries and similar matters.

Arrangements are being made to entertain the delegates while they are at Duncan, a committee representative of various bodies having been appointed to provide for a drive, and a dinner and concert for the delegates.

In view of the fact that one-third of the total cost of administration of the municipalities of the Province is absorbed in school expenses, the decisions of the convention will be closely watched by the municipal councils.

PRESS START ON ROAD AT SAYWARD

No Work Has Yet Been Done on Southward Extension of Highway

Before leaving for home last evening, E. R. Armishaw, of Sayward, who has been in Vancouver in connection with the Soldiers Settlement Board case in the Exchequer Court, where he was defendant, came to Victoria yesterday. His object was to urge the Department of Public Works to make a start on the six miles of roadway to be built in the valley and also to secure access to the land upon which the district community hall is to be built.

The instructions have been given to the district engineer to make a beginning, only \$500 has been voted, which is entirely "insufficient to make any serious progress with the undertaking. He took the matter up with officials of the Department. Mr. Armishaw reports a successful show by the agricultural association this year. Owing to the peculiar local situation there were two shows in the district on the same day, September 11, one operated by the agricultural association with the recognition of the Department of Agriculture, and the other by the Sayward Farmers' Institute, the respective competitors being divided by a river from intermingling.

Windsor, Ont., Oct. 3.—G. Bedetta, twenty-five, was captured in a local jewelry store yesterday with \$3,000 worth of stolen jewelry in a club bag.

Hudson's Bay Company

INCORPORATED 2ND MAY, 1670

THE TIMES DAILY PICTURE PAGE

LORD RENFREW AND PARTY waiting in the rain at High River, Alberta, to take the train for Banff.

DR. GESSLER, German War Minister, has been given virtually the powers of a dictator, in the present crisis.

PROMINENT FIGURES AT THE IMPERIAL PREMIERS' CONFERENCE now in session in London. Upper row, left to right—Premiers Smuts of South Africa; Baldwin of Great Britain; King of Canada; Bruce of Australia. Lower row, left to right—Siam T. Cosgrave, president of the Irish Free State, and W. F. Massey, Premier of New Zealand.

GATHERING DISAPPOINTED.—Crowds of sight-seers surrounded Toronto banks on the morning of September 26, following a semi-official announcement that another daylight hold-up was to take place on that date. It didn't. Above are shown a constable and a bank messenger, rather amused at the crowd's disappointment.

OLD KING COLA CAVORTS WITH THE KIDDIES.—Asa G. Candler, multi-millionaire of Atlanta, Ga., founder of coca cola, and one of the most romantic figures in the South, photographed at play with his four grandchildren, Marion and William Candler, Henry Heinz, Jr., and Emilie Heinz.

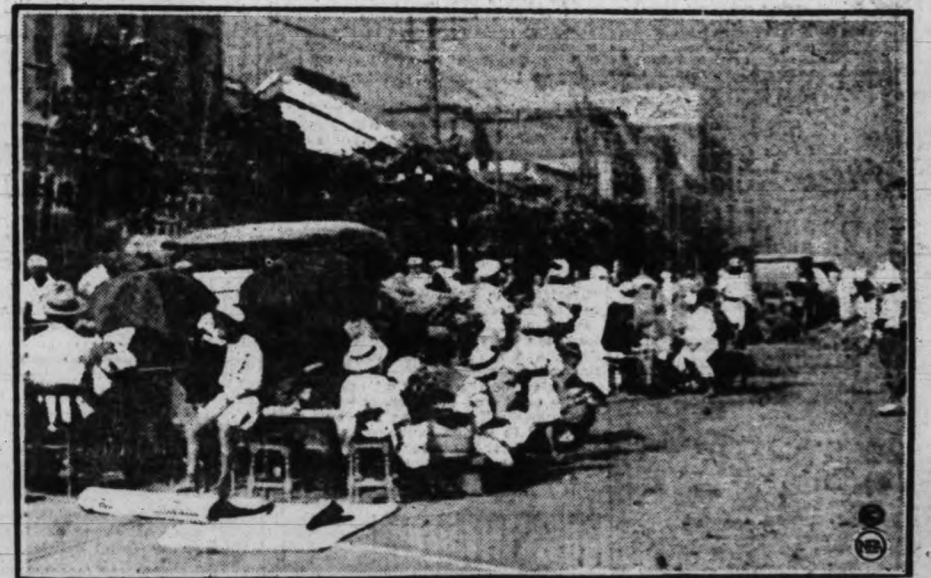

VISITING CANADA AFTER LONG ABSENCE.—After thirty years' service with the Canadian High Commissioner's Office in London, W. S. Griffith is visiting Canada with his daughter, Miss Ruth.

REPORTED ILL.—The Princess Marfada, daughter of the King and Queen of Italy, is reported seriously ill.

FROM DISTANT INDIA.—No, they're not gypsy fortune tellers. They're Colonel Jagindar Singh, left, and Major Jaswant Singh of the Indian polo team. They play a wicked game. But luck was against them in the recent international matches.

EARTHQUAKE VICTIMS.—Refugees, with their belongings, on Tokio Street.

SCHOOL DAYS By DWIG

I WOULD ASK OF YOU MY DARLING, A QUESTION SOFT AND LOW, WHILE THE EVENING TWILIGHT GAZES, AND THE SHADOWS FINE AND SOFT, LIFE'S HOBBY WHAT SOON BE WAXING, AND ITS EVENING BELLS BE TOLLED, AND US THEN THAT I WOULD ASK, WILL YOU LOVE ME WHEN I'M OLD?

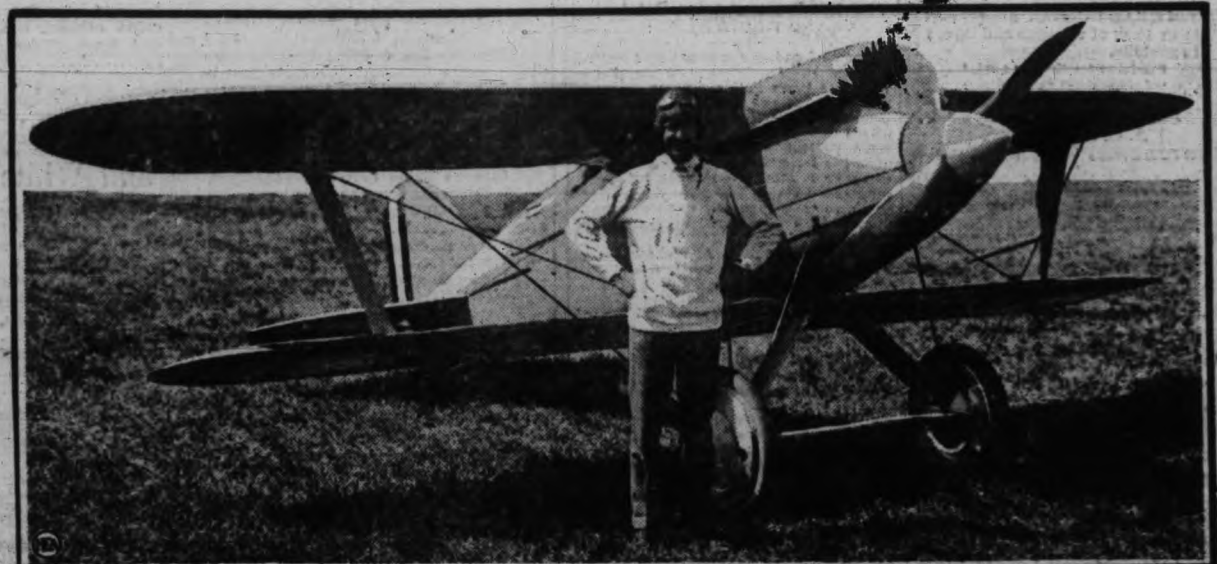

NEVER MIND ABOUT WASHING YOUR FEET TONIGHT, HONEY. UNCLE JUND AND NINT MATT AND WILLA AND MARIE AND FRED AND ROY HAVE COME TO STAY ALL NIGHT AND YOU BOYS WILL HAVE TO TAKE THE BUFFALO ROSE AND THE HORSE BLANKETS AND SLEEP UP IN THE HAYMOW. HURRY IN AND EAT YOUR SUPPER—IT'S MOST NINE O'CLOCK.

WE GOT 'ER ALL MADE DOWN, GUG? WHAT'D YOU KETCH GUG?

AN ACT OF PROVIDENCE

AGE ELEVEN IN COLLEGE.—Moses Finkenstein, of Syracuse, N.Y., is only eleven; but he has enrolled in Syracuse University. Some of his classmates are twice his age. Moses is dramatic critic of a Syracuse paper.

MORE THAN FOUR MILES A MINUTE!—In this Navy Curtiss racer Lieutenant H. J. Brow (shown here) flew over a measured course at Mineola, N. Y., at 244.19 miles an hour, official time. Thus he broke the record of 238 miles set a few days previously by Lieutenant L. M. Sanderson in a Navy-Wright plane. This plane and Lieutenant Brow are entered in the Pulitzer prize race at St. Louis, October 2.

MISSIONARIES ARE ON WAY TO KOREA

Koreans Entangle Missionaries in Political Propaganda

Some light on the problems which have been presented to the missionaries in Korea, or Chosen as it is now known to the Japanese, is thrown by Rev. J. E. Adams, D.D., of the Presbyterian Church North of the United States, who since 1894 has been identified with mission work in that part of the world.

Dr. Adams is in the city with his family and two prospective missionaries who are accompanying him to the Orient, the Revs. E. F. McFarland and John Livesay, and is registered at the Strathcona Hotel until the departure of the Empress of Asia tomorrow.

Dr. Adams is a brother of the late Arthur L. Adams, consulting engineer of Oakland, California, who was so closely identified with the Victoria waterworks, and who designed the North Dairy Pumping Station and the original Smith's Hill Reservoir. Dr. Adams stated that the financial burden of the work he had done in Korea was largely borne by his brother.

In connection with the statements by the Japanese authorities alleging systematic rebellion by the Koreans to their authority, and the attempt to identify the missionaries with the agitation, Dr. Adams says the facts were as follows: I, B. Cooper, who obtained 19 points for 5 excellent entries; 2, W. J. Edwards, who

obtained 13 points for 5 entries, and 2, F. E. Bourer, who gained 11 points for 3 entries.

The meeting expressed disapproval of the manner in which the annual exhibition at the Willows has been staged in the past, and the hope was expressed that matters be brought to a more satisfactory standard.

The Association will endeavor to bring about action on the part of the B. C. Agricultural Association in the immediate future.

The prizes for the monthly competitions open to the members of the association, are donated by the Hudson's Bay Company, and that concern lately promised its continued support in this respect, much to the gratification of the local gardeners.

It was suggested that all members of the association become active in endeavoring to gain new members for the body, and in consequence individual campaigns will start immediately. There are at present between thirty and forty members of the association, but many of these do not attend the meetings.

It is felt that the number of members might be swelled, and that a larger attendance and greater interest among the city people may be encouraged.

TRY TO ENCOURAGE LOCAL EXHIBITORS

Gardeners Will Have Four Entries Each in Monthly Competitions

Members of the Victoria and District Gardeners' Association met last night to discuss business relative to the organization, and the chief matter of discussion was in connection with the regular monthly exhibits competition. In this matter, the members came to a unanimous decision that in future the number of exhibits from individual exhibitors should be limited to not more than four separate articles. The stipulation was made, however, that the members might bring as many articles as they desired, and put all of these on exhibition, although but four of these would be judged.

The winners of the regular monthly competition which was held last night was as follows: 1, B. Cooper, who obtained 19 points for 5 excellent entries; 2, W. J. Edwards, who

obtained 13 points for 5 entries, and 2, F. E. Bourer, who gained 11 points for 3 entries.

The meeting expressed disapproval of the manner in which the annual exhibition at the Willows has been staged in the past, and the hope was expressed that matters be brought to a more satisfactory standard.

The Association will endeavor to bring about action on the part of the B. C. Agricultural Association in the immediate future.

The prizes for the monthly competitions open to the members of the association, are donated by the Hudson's Bay Company, and that concern lately promised its continued support in this respect, much to the gratification of the local gardeners.

There are at present between thirty and forty members of the association, but many of these do not attend the meetings.

It is felt that the number of members might be swelled, and that a larger attendance and greater interest among the city people may be encouraged.

RALLY CONCERT GREAT SUCCESS

On Monday evening the hall of the First Presbyterian Church was packed the occasion of the annual rally day entertainment. There were over 300 present, including scholars, parents and friends, and it was the general opinion of all present that this entertainment was one of the best ever arranged by the Sunday School.

H. B. Sargison, general superintendent of the Sunday School, acted as chairman, and extended a hearty welcome to all, and hoped that this year's work in the Sunday School would be better than ever. After the singing of a hymn, H. Dann, clerk of the session, led in prayer, and the following programme was given:

Messrs. H. Charlesworth and J. Smith rendered in fine style the piano duet, "Fantasie Brillante," by Sydney Smith. This was followed by an exquisite rendering of the song, "Calling Me Home to You," sung by Miss C. Menzies. Verdi's duet, "This Solemn Hour," was then sung by Messrs. A. McKinnon and C. Prescott, this number was also well received. A small choir of members newly promoted from the primary department sang very sweetly, "Tell Me the Stories of Jesus," and great interest was displayed on the splendid efforts of the little ones. The recitation, "Say Hello," was very well done by Misses Winona Eller and Lauretta McCall. H. Charlesworth rendered on the piano one of his own compositions, and had to respond to the demand for an encore, and played another composition of his own by special request. Mr. Prescott rendered the well-known song, "It's a Mighty Good World." A number of beautiful stereopticon slides of India were shown also of Mr. and Mrs. Bryce, missionaries of the Canadian Presbyterian Church, preceding the slides being shown, Mrs. D. McKillop explained to the audience the missionary objective of the school and how the missionary committee had planned to increase the givings to missions? The Pas-a-Pas Bible Class Ladies' Choir, gave a very effective rendering of a missionary song, "Everywhere I Go." Miss I. Brown rendered the well-known Scotch song, "My Ain Folk." Mr. Ogilvy the sea song, "Three for

Jack," and for an encore, "Go to Sea." The "Bells of St. Mary's" was sweetly rendered by Miss Etta Hood, this was followed by a vocal duet, "The Garden of Your Heart," sung very effectively by Misses Etta and Edith Hood. The second part of the programme opening with an amusing "Kitchen Band," arranged by Miss Duncan and the Wide-Awake Class, great amusement was afforded in this event. The audience then proceeded to the gymnasium, where a basketball game was played.

MILITIAMEN INJURED

Toronto, Oct. 3.—John McLure ran his automobile into the rear ranks of the Toronto militia while it was marching Monday night, injuring seven militia men. He is in custody charged with criminal negligence.

HOSPITAL MEETING

Representatives of Public Bodies to Meet To-night at City Hall

Important matters pertaining to the Jubilee Hospital will be considered this evening at a meeting of representatives of all public and semi-public bodies, fraternal societies and other organizations of Victoria and surrounding municipalities.

The meeting is being held under the auspices of the Kiwanis Club, and will open at the City Hall at 8 p.m. Mayor Hayward will preside.

DOMINION LIFE AGENTS CONFER

Representatives of the Dominion Life of Vancouver Island met for dinner at Kelwyn's Cafe last evening at which John T. McCay, western supervisor, was present. A conference followed at which plans for further extension work were considered. Mr. McCay stated that the Dominion Life had a very successful month in September and that in the Province of British Columbia alone the company wrote \$400,000 of business. Among the agents present from the mainland were W. C. Curtis and I. S. K. Weber. The district manager, T. Humphries, presided.

MILLIONS OF ACRES LAID BARE BY FIRE

Forest fires in Canada during the five years between 1918-1922 laid bare 2,616,000 acres of merchantable timber growing on public-owned lands. The value of this timber, as it stood in the forests, was over \$25,000,000. In addition to this enormous fire-swept area over 4,000,000 acres of young growth have been destroyed. On what are called over lands from which the matured timber has been taken, but containing considerable value in young growth, 2,500,000 acres were destroyed by fire in a conservative valuation of \$2,700,000. The Dominion Forestry Branch makes the total of destroyed forests in excess of 10,000,000 acres, with a valuation of \$6,500,000. Added to this is a property loss in excess of \$12,000,000, also cost of fire fighting, \$2,500,000, making a grand total of \$72,500,000 in the five-year period.

CUTS CUSTOMS RECEIPTS

Vancouver, Oct. 3.—The customs and excise receipts for September were \$1,375,607.92, while for the same month a year ago they were \$1,445,542.74. August of this year showed \$1,583,062.39; July, \$1,472,653.72; June, \$1,496,055.36. The only possible explanation for this falling off, the officials believe, is the Japanese disaster, which affected imports from the Orient.
