Book for Florists

Vaughan's Seed Store
New York Chicago

Bulbs Are a Buy This Year!

TULIP prices are lower than any year since the war. This means to the florist larger profits. He can get the same price for his flowers, or nearly so; and his materials cost less. The road to net profits is to increase production and push sales, so that the increased margin may be earned on as large a volume as possible.

Advices from Holland are that the hyacinth crop is less than last year; tulip production is good and the crocus crop moderate. Though bulbs will have good forcing quality, the time required for forcing is expected to be longer than last year owing to a cold growing season.

American Grown Narcissi

We are proud of the record made last fall by our American grown narcissi; and this year we offer stock of the same quality from the same sources, carefully packed under the supervision of our representatives. Successful production of both Paper White and hardy narcissi in this country is now assured, in our opinion; but it will be some time before experience has determined, and the trade is generally informed, as to the best methods and locations for narcissus growing. After a national survey of conditions we have chosen to handle bulbs produced on our own farms and by the growers in the locations which we believe insure the highest forcing quality. Our expert service will protect you from mistakes.

For 50 years we have supplied the most critical of florists with forcing bulbs of which the quality is assured by our long experience in importing and knowledge of sources; and the price by our cash buying power and convenient shipping centers in the two great importing and distributing centers—Chicago and New York.

The prices in this catalogue are subject to change without notice. Those florists who placed their orders with us before May 1st will be invoiced at early import prices.

Mushroom Spawn and Profitable Greenhouse Vegetables

Mushroom Spawn

(LAMBERT'S SPORE CULTURE)

Thousands of people are successfully raising delicious mushrooms in their greenhouses, basements, and outbuildings. Write for free leaflet on culture. This vegetable is produced by planting Spawn. Our Spawn is always fresh; monthly shipments are received from our own manufacturers.

The following strains produce fairly true to type:

No. 7. **Brown.** (Bohemia.) Very hardy and a good producer.

No. 8. **Cream Columbia.** Mammoth Strain. Hardy and prolific.

No. 9. **White Alaska.** Mammoth Strain. A most popular sort with growers for the market.

New Spore Culture. The latest process of manufacture. A much harder and more prolific spawn than any yet produced. Price, Lambert's spore culture brick (weight 1 lb.), 35c; 2 bricks for 65c; 5 bricks, \$1.50; 10 bricks, \$2.50; 100 bricks, \$19.00. Not prepaid.

Bottle-Spawn

Under ideal conditions of temperature and moisture, loose or bottle-spawn will start running sooner and give quicker results than the brick spawn. Price \$12.00 per case of one dozen bottles, not prepaid. One bottle to 50 sq. ft. We do not break the cases.

ENGLISH SPAWN. A very superior strain to the old English Milltrack Spawn. We are one of the largest handlers in the United States; fresh importations every few weeks (weight per brick 1 lb.). Price, brick, 25c; 2 bricks, 40c; 8 bricks, \$1.40; 25 lbs., \$3.25; 100 lbs., \$12.00, not prepaid; if shipped from New York, \$11.50 per 100 lbs., not prepaid. Special prices on half-ton lots and up.

Onion Sets

Egyptian or Top Onion Sets. For fall setting. Pt., 12c; qt., 20c; ½-pk., 40c; pk., 65c.

Lettuce

GRAND RAPIDS FORCING. Vaughan's Selected Stock For Greenhouse

Use. This grand forcing variety is the hardiest of all sorts for greenhouse use and is planted now to the exclusion of almost all other sorts for the purpose.

Our strain cannot be surpassed in quality. Bred from single plant selections.

Vaughan's Extra Selected Stock. Pkt., 10c; oz., 20c; 2 oz., 35c; ¼ lb., 50c; 1 lb., \$1.75.

Tomatoes

For Under Glass. Best Re-selected Stocks of High Germination. Comet (Scarlet). Sterling Castle (Scarlet). Sunrise (Scarlet).

Hubert's Marvel (round like an apple). Frogmore Selected (Scarlet).

Above varieties, pkt., each, 25c; oz., 50c.

Best of All and Lorillard (two old standards). Pkt., each, 10c; oz., 50c.

Lister's Prolific (new). Latest popular English sort. Pkt., 25c.

New Globe, Pkt., 10c; oz., 50c. Chalk's Early Jewel and Bonny Best, American forcing varieties. Pkt., 10c; oz., 35c.

NEW CUCUMBER—"The Vaughan"

The Vaughan. (The best American Cucumber.) Darker, thinner, longer and more prolific than the old standards. Pkt., 10c; oz., 35c; ¼ lb., \$1.10.

Davis' Perfect. (Vaughan's Select Stock.) Selected for length and tapering ends. Extra fine color. Stock seed selected for forcing. Pkt., 10c; ½ oz., 50c; oz., 85c.

CUCUMBER—English Frame Varieties

Rollison's Telegraph. Greenhouse, English grown. Pkt., 25c; ¼ oz., \$2.50.

Radish

Improved Early Scarlet Globe. Vaughan's Selected Stock. The standard red radish for hot-bed and forcing use. An unequalled strain of this most popular sort. Oz., 10c; ¼ lb., 30c; 1 lb., \$1.00.

GIANT BLOSSOMS OF CLEAR COLORING COME FROM OUR HYACINTH BULBS

Hyacinths Dutch-Grown (Single)

French Roman Hyacinths

French crops are apparently lighter each year and prices are still high. It is very useful for all who grow for their own retail cut-flower work for winter bloom. Growers find these useful at holidays.

Grow in flats and use for cutting same as Paper Whites. Fine for design work.

We can offer the following sizes:

	Per 100	Per 1000
White Roman Hyacinths, 12 ctns. & up. . .	\$10.00	\$95.00
Colors.....	7.00	65.00

It will be a mistake for any florist to minimize the importance of hyacinths in his production program this year. The embargo against narcissi removes an important competitor in the plant market; and bulbs are of excellent quality, however; while a little high in price, their finished product will bring good returns. For Easter and Mothers' Day they will be sure of a profitable sale.

The importance of buying bulbs of known value is apparent to anyone. Our bulbs are sold by centimeter measure, which provides the surest indication of forcing quality. Do not compare our prices with the "first," "second" or "third" size bulbs of no certain measure. The supply is reported to be normal, with less of the speculation which forced prices up a year ago. We strongly advise a liberal use of hyacinths.

American, Bermuda and Japanese } Lily Bulbs

Lilium Giganteum

Owing to the unsettled condition of the Lilium Giganteum market, at the time this catalog goes to press, we are not pricing this item. They will, however, be somewhat lower than last year. Our customers may depend not only upon the best market prices, but on guaranteed grading—a vital point. Our arrangements in Japan provide for selection of sound, well-shaped bulbs. Crescent-shaped, malformed and undersized bulbs are taken out. If any of our cases reach you with undergraded or inferior lily bulbs in them, ask us at once for disposition and we guarantee they shall be graded to match exactly the sizes we invoice.

Formosum

Cold Storage 10 Days

Growers must not force Formosum in great heat. A cool house, 60 to 65 degrees, with plenty of moisture is better, but they will certainly do best when grown in pots. The so-called Formosum seems to be a class rather than a single type, and starts into growth irregularly, so if in pots they can be shifted into sections representing varying heights to give proper light and watering.

N. B.—Ten days in cold storage before planting is sure to benefit the crop.

Lily of the Valley

In packing and grading the Lily of the Valley Pips for our trade, pips of one type and style of growth, raised on the same soil, will be branded separately, so that the customer receiving a certain number and brand from us, and forcing it to his satisfaction can depend on the same grade right along until sold out and will be advised by us when the grade is changed. This, we believe, will be much more satisfactory to the forcer than the former indiscriminate method of delivering all kinds and shapes of Valley under one brand, the planter never knowing what kind of a pip would open up in the next case received.

Our quality has never been better but, as usual, orders should be placed early to secure same. Prices ready in November.

Narcissus Paper White Grandiflora

Our American Grown Paper Whites, Showing the Flower Stems Well Developed for Early Forcing

AS SOON as the embargo against the importation of narcissus bulbs was made certain last year we began a painstaking investigation of available American supplies, in order to assure our customers of the best stocks to be had. Every section of the country where narcissi are being grown, from the Pacific coast to the Atlantic ocean and the Gulf of Mexico, was visited by the manager of our bulb department.

We have selected our American grown Paper Whites with the same care that we have learned to take in purchasing imported bulbs; keeping in mind the requirements of the greenhouse forcer. We have chosen the stock of growers of experience, whose technical ability has been demonstrated, who are in locations of favorable soil and climate and whose stocks have been tested for forcing. And, above all, we have chosen stocks that are free from insects and disease and will not have to be given the heat treatment before shipment. Our narcissus bulbs will carry certificates under the federal quarantine giving them a clean bill of health. We caution florists against buying for forcing purposes narcissi which have received heat treatment, and bulbs from fields which were not dug last year and tested for forcing qualities. There will be plenty of them at cheap prices, so "Beware!"

The fields from which our bulbs come were inspected at flowering time, to insure true type; and a further inspection was made at harvesting time. Grading of our California grown stock will this year have the personal attention of our Mr. Leonard H. Vaughan. Our Paper White bulbs will come from selected fields in California and South Carolina and the Rio Grande Valley of Texas. These stocks have all been tested for forcing in soil and in water and the reports from such tests are that while flowering somewhat later than imported bulbs, results are equally good.

We request that in ordering from this stock you give us the privilege of filling with the next lower size, if we cannot furnish the exact size ordered.

Hardy Narcissi

What we have said above about Paper Whites is also true about our hardy Narcissi. Besides growing 25 acres on our own farms we have contracted with growers in the States of Illinois, Washington, Oregon and Michigan. Their fields have also been inspected by our bulb manager and each case supplied to our customers will bear a certificate of inspection as to their condition. Florists in Minneapolis, Missouri, Illinois and New York have tried bulbs from these sources and were well satisfied. Numerous greenhouse tests of bulbs supplied by us this past fall, satisfy us that the source of our supply is "right," and good results can be had. Early ordering is an important consideration. We suggest you try a few this year, then next year you will be better prepared to increase your plantings.

NARCISUS EMPEROR

Miscellaneous Bulbs

Giant Hybrid Amaryllis

One of the finest strains of Amaryllis we have ever seen. Flowers are immense, composed of broad, well-rounded, overlapping petals; of the most perfect form, ranging in color from pure white grounds with varied markings of rose, red and crimson to the richest self colors as scarlet, crimson, bright red, cherry and almost maroon.

Bulbs 3 inches and more and are sure bloomers.

Make wonderful window displays.

ANEMONES

One of the most showy flowers, good for cut flowers. They thrive in any soil except a very heavy clay. Soak the bulbs in water about 24 hours before planting. Set 10 inches apart, about 2 inches deep. Sunny location, plenty of moisture. Special Mixed, per 100, \$4.00; per 1000, \$35.00.

St. Brigid. Double flowers. Per 100, \$5.50; per 1000, \$50.00.

White Calla

(Aethiopica)

These can be grown at less expense during the winter months, requiring less heat than other lilies.

Callas being natives of swampy regions grow to best advantage where there is an abundance of moisture, and are therefore very difficult to handle in the curing. Some growers practice premature cutting off the tops, expose bulbs to the sun, in order to make early shipment. This is very dangerous and will cause dry rot.

We therefore take great pains in securing our stock from growers in California who do not use this practice. Our stock is thoroughly cured in the ground and dried thoroughly before they are packed. This, of course, means later delivery but better results can be obtained from such bulbs.

We caution forcers of Callas to water this stock sparingly after planting because Calla bulbs store up considerable moisture.

VAUGHAN'S SUPERB CROCUSES

FREESIA—Improved Purity

Freessias—California Grown

What we stated in last year's catalog regarding **Freessias** taking the place left open by the **Paper White** Narcissus embargo proved correct.

Those growers who planted a good supply of these bulbs, owning them at very low prices, have made good profits, and are again booking their orders this season in quantity.

Be careful, however, not to compare our prices with those who might be offering discolored bulbs and the ordinary **Refracta Alba** or "tissue paper" variety. They are worthless.

MUSCARI (Grape Hyacinth)
Beautiful little flowers for planting in masses either in shade or sun. Once planted, they multiply rapidly and send up flower stems by the score each year. Also adapted for growing indoors. Plant six bulbs in a five-inch pot. Perfectly hardy.
Blue. Pretty little spikes of dark blue flowers; an old garden favorite, used largely for small beds, edging, etc. Per 100, \$2.00; per 1000, \$18.00.
Pure White. This is a beautiful companion to the above, and they make a striking show when planted together. Per 100, \$4.00; 1000, \$35.00.

Gladiolus For Winter Forcing

The varieties mentioned below excel for greenhouse growing. Carnation temperature all the time. 60 degrees by day, 52 degrees at night, is all right in forcing **Gladiolus**. Do not increase the temperature above 60 degrees if avoidable. Plant 5 by 7 inches or more apart. Do not use fresh manure. Per 100 1000

Chicago White —The flowers are well expanded, well placed upon the stalk, pure white with faint lavender streaks in the lower petals. It is one of the earliest varieties to bloom	\$2 00	\$18 00
Early Sunrise —Flowers, extra large, bright salmon-scarlet color with pencil stripe of cream through center of each petal of the flower. Vigorous grower, extremely early and good propagator	5 00	45 00
E. J. Shaylor —Pure deep rose-pink, slightly ruffled. Is in great demand and brings best prices on Chicago market. Good forcers	3 50	30 00
Halley —This is one of the earliest of Gladioli. Delicate salmon-pink, a pale ground showing at the throat, which is marked with small red stripes	2 25	20 00
Le Marechal Foch —Beautiful shade of light pink; flowers twice as large as America; one of the earliest; blooms the same time as Halley and Wilbrink	2 25	20 00
Mary Alice —Color, rose-pink, the throat marking of a lavender-mauve, a light streak running through the center of each petal, anthers lavender, flowers large, well open with petals slightly reflex. The stalk is very tall, strong and straight	4 00	35 00
Mrs. Francis King —Color is a bright "Flamingo" pink, strikingly attractive. Strong, robust grower and one of the best florist sorts	2 40	22 00
Mrs. Frank Pendleton —The color is a delicately flushed salmon-pink. The blooms are wide open and are arranged individually on slender, but wiry stems. Each flower is strikingly marked with rich maroon blotch on the three lower petals	2 40	22 00
Odin —A sport of Prince of Wales; salmon color with dark blotches; early; good forcer	3 50	30 00
Primulinus "Sunbeam" —Our introduction of 1914. Its strong growth and clear yellow color mark it for a leader in this class; very early	3 50	30 00

ANNUAL LARKSPUR, Stock Flowered

ORNAMENTAL POMEGRANATE

A New Christmas Plant

The seed germinates very slowly and irregularly, and real good plants are not obtainable if sown late. We suggest to our customers to make a sowing in fall and we believe that better results will be obtained.

When the seedlings show character leaves they should be pricked off into 2-inch pots.

Next spring as soon as the weather warms up sufficiently, they could be shifted to cold frames in the full rays of the sun and brought back into a forcing temperature about the last week in August and "forced" in a temperature of 60 to 65 degrees for the Christmas trade.

200 seeds, \$1.00; 1,000 seeds, \$4.50.

PYRETHRUM Parthenifolium Aureum (Golden Feather). Trade pkt., 10c; oz.; 40c.

RANUNCULUS Asiaticus Superbissimus. Giant French Hybrids. The well-known spring flowering Ranunculus, producing an abundance of double and semi-double flowers. Sow seed from March to May or August to October in cold frame. They come up in from 2 to 3 weeks. Bloom from June to August. Are suitable for beds and borders, fine for pot culture, excellent for cutting and bouquets. May be forced in greenhouse. After bulbs have formed, grow on in well manured soil. Height, 1 ft. Trade pkt., 15c; oz., 50c; lb., \$6.00.

SAINTPAULIA Ionantha. Charming deep blue flowering pot plant which blossoms in uninterrupted succession. Trade pkt., \$1.00.

SAPONARIA Vaccaria Rosea (sometimes called Pink Gypsophila). The light graceful sprays of glistening flowers produced in greatest profusion. It is so valuable that successional sowings should be made. Trade pkt., 10c; oz., 30c; lb., \$2.40.

SCHIZANTHUS Garaway's Selected Hybrids. Superior in form and range of color to other Hybrids. Invaluable for cutting and for conservatory or room decoration. Sprays in bud when cut and placed in water will open their flowers and remain in bloom for several weeks. Trade pkt. (500 seeds), 50c; ¼ oz., \$1.00; oz., \$3.60.

Vaughan's Giant Pansies

VAUGHAN'S INTERNATIONAL MIXTURE

This is a mixture of special strains such as Bugnot, Masterpiece, Swiss Giants, Triumph of the Giants, Mammoth Exhibition, Non Plus Ultra, Giant Cassier—all 3- and 5-spotted flowers of largest size and great substance in the most varied colors and color combinations. When well grown the plants of this mixture should sell readily at a dollar a dozen. Since this mixture contains but very few self-colors, such as white, blue and yellow, these should be ordered separately if desired. Trade pkt., 50c; 1/8 oz., \$1.25; 1/2 oz., \$4.00; 1 oz., \$8.00; 1 lb., \$100.00.

VAUGHAN'S GIANT MIXTURE

Besides a good share of the "Fancy" strains such as Masterpiece, Bugnot, Cassier, etc., this mixture contains all the self-colors such as white, yellow, blue, purple, red, bronze, etc., and is probably the best "general" high-grade mixture obtainable. All the flowers are of the "Giant" type and of good shape and texture. Trade pkt., 50c; 1/8 oz., 75c; oz., \$5.00; 1/4 lb., \$18.00.

NEW EARLY FLOWERING GIANT (Hiemalis)

This new strain produces its giant flowers about four weeks earlier than other known types. In March, when the old type pansies hardly show any buds, the plants of the new strain bore from 3 to 5 of their giant flowers.

- Yellow, with dark eye. Mars, cornflower-blue.
- Dark Blue. North Pole, pure white.
- Light Blue. Helios, pure yellow.
- Ice King, white with black eye. Snowstorm, pure white.
- Jupiter, dark purple-violet. Wodan, black.

A SILENT SALESMAN, IRRESISTIBLE

The New Seed Business An Ideal Florists' Sideline

RECREATIONAL GARDENING, with interest in decorative planting dominant, is now influencing the demand for garden seeds.

Florists are the natural sources of advice and counsel to gardeners who wish to grow flowers; and they are the logical dealers in seeds for the use of which they can give correct instructions.

Sales of seeds by florists who have our commission boxes average higher than those of any other class of dealers; and we predict that this lead will increase, as more people come to think of florists as the natural source of good seeds.

You Can Have Our Beautiful Seed Display; No Expense, No Investment And a Good Profit

Vaughan's Seed Store's patented poster rack is made this year in a new design. Experience of three years has proved this new type of rack a complete success. It is made of heavy mat board, of negligible weight, exactly like the advertising cut-outs which you use in window and counter displays. It is faced with brilliant colored designs as illustrated, the work of high class artists, printed in colors on enamel paper, and varnished. The colored flower and vegetable packets are inserted in pockets, so arranged that half of the packet is visible, directly in the line of vision as the light rack stands on the counter. No garden lover can resist the temptation to pick the packets from the rack; and once in her hand, the sale is easy.

New Racks, New Seeds, and a New Sales Appeal

These beautiful racks with their brilliantly colored packets are bright, fresh and clean each season. And racks and packets unite in selling the real merchandise of the seedsman, which is not seeds at all, but the things seeds grow into. The glorious colors and imaginative designs of this display sell the garden and its bounty; they visualize the dreams that bring seed customers into your store; they have a sales appeal that cannot fail.

This seed display is yours without investment and without expense. It comes by parcel post, as its weight is negligible. Only the unsold packets are returned to us, for credit to your account; the racks are destroyed to be replaced with new ones the next season. You get 40% commission on the packets you sell.

Reserve Your Assortment for 1928

Our output for 1928 will be limited and orders are being taken rapidly. Send in a contract now to insure an assortment. Fill out this contract form and mail today.

Your Address.....

Please forward, in due season, one assortment of garden and flower seeds for me to sell on commission for the season of 1928. I agree to display this assortment and the advertising material sent with it, in my store, and to sell all the seeds possible. On or after July 1, when requested by you, I agree to return the unsold seeds by parcel post, and to pay, upon receipt of statement, the retail value of the seeds sold by me, less 40% commission. Unsold seeds returned by me are to be credited, and only the amount of seed actually sold less 40% commission, are to be billed. I further agree, when season is ended, to destroy the display rack furnished by you with the goods.

ORNAMENTAL POMEGRANATE

A New Christmas Plant

Dwarf growing with bright scarlet double flowers. Pot into four-inch and place in cold frame in the full rays of the sun as soon as all danger of frost is over, keeping them pinched to make bushy plants. If they get well established in four-inch they can be shifted in five-inch about the middle of July. Care should be taken not to over-pot them as they should be well rooted through to get in bloom. Take in latter part of August and place in temperature of 60 to 65 degrees. They should be pinched back for the last time about the middle of September to give full crop for December.

Vaughan's Cannas

Dormant roots ready for delivery October 15th.

This short collection comprises the best obtainable leading new Cannas of real merit in both size of flower and clearness of color.

Yellow King Humbert 4 ft. An orchid-flowering sport of the well-known variety King Humbert. Has the same habit of growth as its parent; foliage a very dark green, with flowers measuring 5 to 7 in. across; individual petals 3 to 3½ in. in diameter. Color of flower a deep rich yellow, softly spotted and blotched with bright red. Some plants will occasionally give a scarlet or scarlet-striped flower, which we consider an improvement rather than a defect.
100, \$5.00; 1000, \$45.00.

King Humbert 4 feet. Scarlet flowers, bronze leaves, greatest favorite today. This remarkable "Gold Medal" Canna has been the sensation of the past nine years. It is a cross between the orchid-flowering and the French or Crozy type, combining the best features of both, the large flowers of one with the free-blooming character of the other, and the handsome broad, tropical foliage.
100, \$5.00; 1000, \$45.00.

Hungaria 3½ feet. The Best Pink Canna. Very compact, almost dwarf, and of a very luxuriant growth. Leaves bluish green, never turns. Trusses of enormous size, borne well above the foliage. Flowers very large, with very large petals. Color, purest La France pink, with satin sheen.
100, \$15.00; 1000, \$135.00.

The President 4 feet. In color a rich glowing scarlet with immense rounded flowers seven inches across when fully open, produced on strong erect stalks well above the large green foliage. Free bloomer and strong grower. \$ 5 00 \$45 00

Vaughan's Seed Store, Chicago.

Sirs—

Every day when I look at our batch of Lilies, Harrissi, Gigs and Sinensis, I just find it hard to realize that they are not artificial. Every plant seems to be just the same height; every leaf is so perfect and the buds just swelling and ready to pop out—each one labeled April 17. I have never had such a batch of lilies, and feel you should know it.

Yours truly,
W. G. COUPLAND, Member F. T. D.

Vaughan's Forcing Roses Grown Specially to Force

2-Year Dormant Plants

THE Best Grade Field Grown Roses Each variety grown by a specialist using the correct method to produce the highest quality. We have listed only the varieties considered best. but we control large stocks of all the popular varieties and will be glad to quote you on your requirements.

Prices are for lots of 100 or more of one variety or mixed.

Polyantha Roses

- Chatillon.** Silvery Crimson shading to a flushed white in the center. Large sprays of semi-double flowers which average 1 3/4 inches in diameter. **40c** Each.....
- Crimson Baby Rambler.** An old favorite and still good. The crimson flowers are borne in clusters of 30 or 40 in a background of dark, glossy foliage. Each..... **35c**
- Ellen Poulsen.** A new and very choice dark brilliant pink. New, but reliable and a winner. Each..... **40c**
- Erna Teschendorf.** One of the best red polyanthas. Brilliant rosey-crimson with flowers and clusters of good size. Each..... **35c**
- Ideal.** The flowers are clear brilliant scarlet with the trusses beautifully arranged. The plant is shapely with the glossy leaves closely red. Each..... **40c**
- Orleans.** The flowers are a beautiful combination of brilliant geranium-red, suffused rose, and deep cerise and are produced very freely. The florets are loosely and beautifully arranged and of wonderful keeping quality. Each..... **35c**
- Red Orleans.** Deep rose-red with just a fleck of white at the center. Each..... **35c**
- White Baby.** Pure white, perfectly double and very free. The best white to force. Each..... **35c**

Hybrid Teas for Forcing

- Briarcliff.** A sport of Columbia, retaining all of its good points and none of the bad. A richer color, a longer bud, and a stronger grower. Its greatest advantage over Columbia is the fact that every bud is perfect. Each..... **45c**
- Columbia.** The old standard true glowing pink. A strong grower and a good forcer. Each..... **40c**
- Grus an Teplitz.** A very free-flowering, velvety crimson red rose of intense depth and richness. With its reddish green stems and foliage it is one of the showiest of roses. Each..... **45c**
- Madame Butterfly.** A symphony of bright pink, apricot and gold with the buds a rich Indian red, yellow at the base. An easy and reliable variety to force. Each..... **40c**

Souv de Claudus Pernet. The strongest and best yellow rose ever introduced. The bud is long and pointed and the flower is full and deep with elongated petals. The color does not fade upon exposure. Each..... **45c**

White Killarney. The best white Hybrid tea to force..... **40c**

Climbing Roses

- Climbing American Beauty.** Deep rosey crimson flowers produced freely. A strong, vigorous grower and a great favorite. Each..... **35c**
- Dorothy Perkins.** Beautiful shell pink. Unquestionably the thriftiest and most practical of the older pink climbers. Each..... **35c**
- Dr. Van Fleet.** The buds are a delicate flesh white which open into large shapely flowers. A strong grower with flowers as large as the Tea Roses. Each..... **35c**
- Eugene Jacquet.** A new fragrant climber with cherry-red flowers born profusely in large well shaped clusters. Each..... **35c**
- Excelsa.** One of the strongest growing climbers. A radiant deep crimson-carlet Dorothy Perkins. Each..... **45c**
- Flower of Fairfield.** A more lasting and more brilliant Crimson Rambler. Its blooming season is considerably extended and it is much darker in color. Each..... **35c**

Hybrid Perpetuals

- Los Angeles.** A flame pink toning through coral to translucent gold at the base of the petals. One of the finest. Each..... **40c**
- Templar.** A clear unblemished red that does not fade or become purple when old. Each..... **45c**
- Wm. F. Dreer.** That soft, silvery, shell pink color with a golden illusion often found in water lilies and orchids. It forces easily and is reliable. Each..... **40c**

Hybrid Perpetuals

- 2-year field grown; ready after November 1st.
- Frau Karl Druschke. Pure white..... **\$0.35**
 - Gen. Jacqueminot. Bright crimson..... **.35**

 - Ulrich Brunner. Cherry-crimson..... **.35**

No. 1 and No. 2 Grade Roses

We also have a No. 1 and No. 2 grade of dormant two-year-old plants for those who can use lighter stock. These are fine plants but not equal to our forcing grade and are not recommended for such use. Send us your list and we will quote you the best possible quality price.

Ornamental and Flowering Shrubs

OUR shrubs are nursery-grown and are transplanted every two or three years. They are nice, shapely bushes with plenty of good fibrous roots, and are such plants as are in demand by the first-class retail trade. They should not be compared to stock that is never moved from the cutting or seedling beds until sold. Our Nursery is located at Western Springs, 17 miles west of Chicago on the C. B. & Q. R. R., two blocks south of 47th Street, on the continuation of East Boulevard.

Visitors are invited to inspect our stock at any time. We have a choice lot of specimens such as are not usually seen. Our customers will be pleased with the class of stock we send them.

Shipping Directions: All stock is sold F. O. B. Western Springs. Packing charges to be added on all orders for shrubs, dormant roses, fruits trees and

vines, at cost. Always give full and explicit shipping directions, as our responsibility ends on delivery to the express or freight office in good condition. All trees, shrubs and plants shipped subject to customer assuming risk regarding their own State Nursery Inspection Regulations. Certificate furnished with each shipment.

Where personal selection of stock is made at our Nursery we charge according to its value.

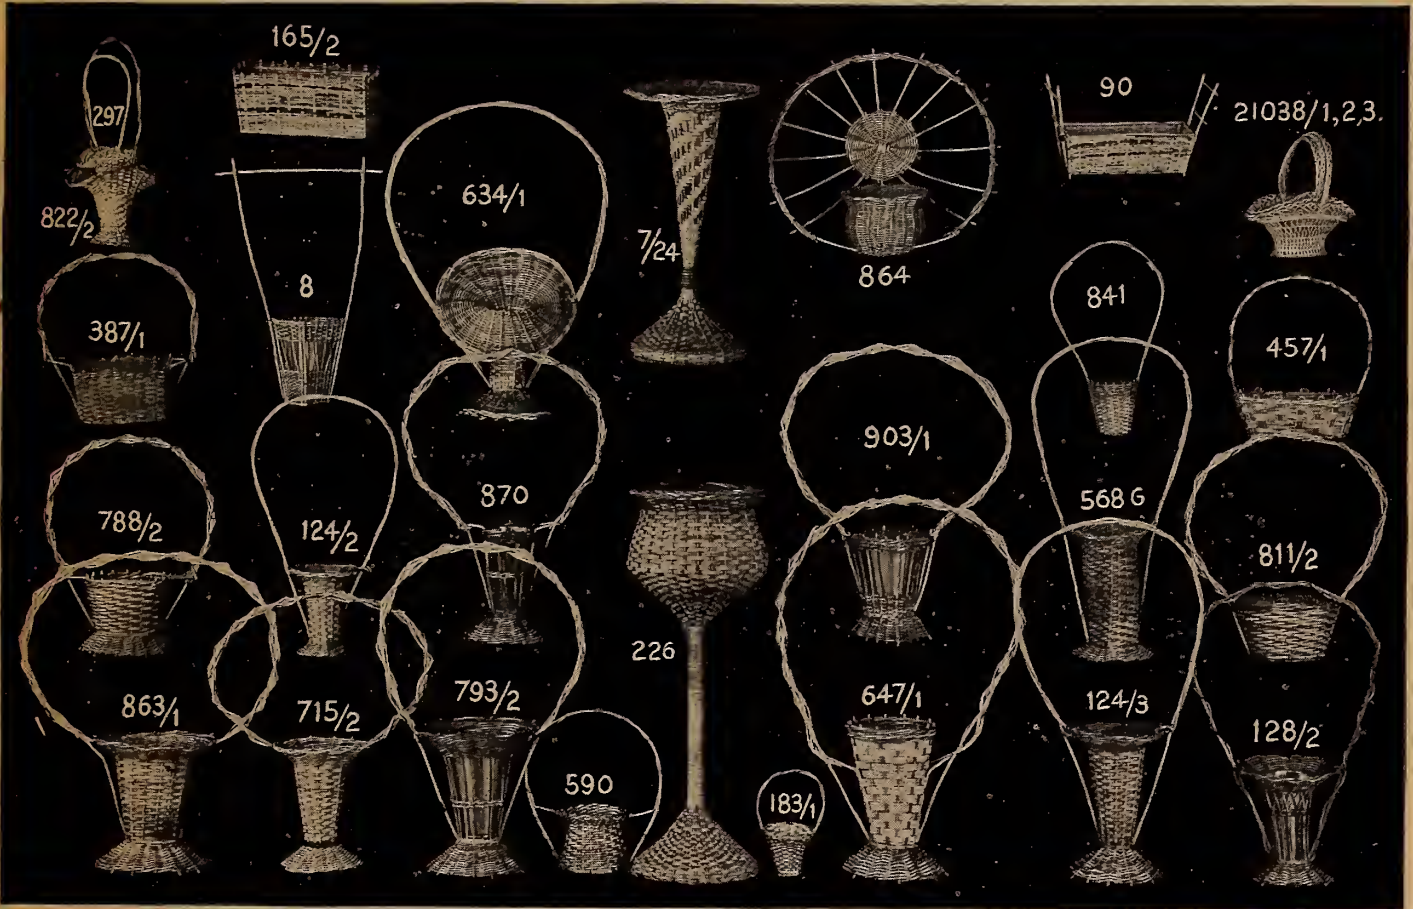

Specimens. This term is applied to plants that are perfect in height and diameter as well as shape, and are recommended for immediate effect.

BUSINESS RULES

TERMS ON FLORISTS' STOCKS. To customers of approved credit, 60 days, except on certain cash items. Special 2 per cent discount for cash in ten days (from these list prices only), not from the "Special" quotations and excepting net cash items.

C. O. D. We prefer not to send goods C. O. D., but when wanted in that manner some money must accompany order. Perishable Stock, Plants, etc., are POSITIVELY not sent C. O. D.

WHERE SOLD. Our stocks are sold F. O. B., Chicago, New York or Western Springs (unless otherwise stated), and we do not accept transportation risks after delivery in good order to express companies, railroads or steamship lines. Our prices are made on values of these stocks at shipping point, and if we are to accept transportation risks we can do so only at advanced prices.

ROUTING. On each Order please give name of express company or railroad you wish to use; there is no other sure way of correct routing. Do not use the words send, ship, forward—they mean nothing. When ordering state routing distinctly, Mail, Express or Freight.

INSURANCE. We insure all orders for seeds for \$2.00 and over at buyer's expense, unless instructed not to do so. Please give explicit instructions when ordering.

REMEMBER: "Little omissions make great errors," and kindly give us in EACH ORDER the correct names, sizes, grades and prices of the stocks you order from this catalogue, and the routing, the name of the express or railroad company, shipping date and like details. This prevents misunderstandings.

FIRST ORDERS from all firms not having an account with us should come with cash remittance to cover same, from which deduct 2 per cent.

BOOK ACCOUNTS. Customers who wish to open accounts will please supply usual trade reference or property statement. If the business is a partnership or a corporation, be sure to give the names of partners or officers and signatures of those authorized to sign orders. Some individual name should be signed to all orders. We do not open new accounts for cash goods. All "Holiday stocks" are sold strictly on cash terms, and hence fall under this rule.

IMPOSSIBLE TO GUARANTEE CROPS. We do not warrant in any way, expressed or implied, the contents, or the description, purity, productiveness, or any other matter of any seeds, bulbs or plants, sold by us, and we will not in any way be responsible for the crop. If the customer does not accept these goods on above terms, no sale is made thereof, and he must return them at once, and money will be refunded. Subject to above conditions and by reason thereof, we make our sales at the moderate prices quoted in our catalogue. All orders to all states shipped, subject to customers assuming risk in regard to their state entomology requirements.

ORDERS FOR BULBS, ONION SETS, and like perishable stock which we book in advance of shipping date are accepted by us only subject to loss by fire, rot or other accident beyond our control, we not guaranteeing to supply same if so lost.

Vaughan's Seed Store

Special Brand of Bird and Fish Supplies

BIRDS AND FISH have become established as florists' and seedsmen's side lines. Profits in this business depend as much on sales of foods and supplies as on the original sales of birds, fish, cages and aquariums. In our own retail business we have had to solve the problem of obtaining a complete line of reliable supplies which we could offer to our customers in complete confidence of their high quality. In some cases we found it necessary to put up our own; and so we decided to prepare a complete line and offer it to our wholesale trade. Everything listed here is put up by us, or especially for us and according to our specifications. Vaughan's quality is maintained throughout.

Sell Darwin Tulips from This Compact, Beautiful Display

WITH tulip bulbs lowest in price since the world war, the demand is sure to be great. And here is a display box which makes it possible to show the bulbs attractively, in small counter space, with no trouble at all to keep in order.

The ten-compartment display box staunchly made of 100 point cardboard printed in brilliant colors, will hold 500 bulbs, 50 each of ten varieties.

This beautiful display box, with 500 Darwin tulips, 50 each of ten named varieties, separately bagged, \$10.00 f. o. b. Chicago or New York.

The varieties in this collection are the most popular we know including: Tonnaye, Clara Butt, Farncombe Sanders, Inglescombe Yellow and others of like quality. You retail them for 50 cents per dozen, and your profit equals your investment. After the display box and first collection have been bought, refill orders will be accepted for \$9.00 for 500 bulbs, 10 each of the same varieties, in bags of 50; or \$17.50 for 1,000 bulbs, 100 each of the same ten varieties, 50 in the bag. As each compartment in the box holds easily 50 bulbs, it is convenient to transfer the entire bag-full to the proper bin when the latter is empty. This prevents mixtures and loss of bulbs.

Counter Space Needed, 13x29 Inches.

The display box with its garden design printed in brilliant colors, occupies very little space on your counter. It is an ornament to any store. It solves the problem of offering bulbs for sale in the retail shop, without danger of mixing varieties, and losing stock. A big, sure profit, and added sales are certain for anyone who takes advantage of this offer.
