Economic Department

25 September 1950

SUBJECT: Application for the authorization for the change of the number of custodial personnel at the reparation plants.

THRU : Tokai-Hokuriku Liaison and Coordination Office.

TO : Tokai-Hokuriku Civil Affairs Region.

Since we had received your authorization for the reduction of custodial personnel at the reparation plants on 1 Aug. 1950, several changes have taken place in the custodial spaces and operative rates of the plants. Therefore, reduction or increase of custodial personnel is necessary to carry out the safe keeping operation. In this connection, we received an order for this change from Central Government as per a list attached, and hereby beg to submit an application for your approval.

COMMERCE AND INDUSTRY SECTION
ISHIKAWA PREFECTURAL GOVERNMENT

SUBJECT: Application for Approval of the Increase of Security Guards Required as a Result of a Change in Persentage of Machines out of Operation at Reparations Plants.

TO : Chief, Tokai-Hokuriku Civil Affairs Region, APO 710, Nagoya, Honshu.

1. Docvments to be referred to.

a. Notification 389.6 (2 June 1950) CPC/RP from CPC to Reparations Office, Japanese Government.

b. Notification from chief of International Trade Planning Bureau, International Trade and Industry Ministry to Ishikawa Prefectural Governor (Copy attached)

Plant	No. of guards entered in June 15 Application	No. of guards applied for permission after June 15	Reason
Hokuriku Kogyo K.K.	1	2	As the result of the partial cancellation of authorized use of machines in March this year, the number of machines put out of operation at this plant was 20,643 as against all its machines numbering 23,218. The resultant percentage of the machines out of operation rising to 88 per cent, it is held appropriate for this plant to have two security guards, under the Custody Expense Payment Standards.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Nihon Denki-yakin K.K. Moroe Plant & Awada Plant	0	4	All the machines of both Moroe and Awada Plants were moved to the Head Office Plant, over which watch is now being kept by six security guards. Being slack in business, this company has in operation only its casting section, which covers 1,629 tsubo as against the 716 tsubo of its total floor space including the 804-tsubo plant buildings where reparations machines are kept out of operation. The total acreage of the company site is 37,600 tsubo. Such being the case, it is appropriate for the government to partially pay the Wages of the six guards now being hired to prevent theft.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

25 Ki No. 1576

4 August 1950

SUBJECT: On the Increase of Security Guards Resulting from a Change in Percentage of Machines out of Operation at Reparations Plants.

TO : Ishikawa Prefectural Governor

FROM : Chief of International Trade Planning Bureau, International Trade and Industry Ministry.

Reference is made to your Hatsusho No. 841 dated 15 July.

Under 25 Kicho No. 956, Subject: Custody Expense Payment Standards, it is hereby recognized that, as the result of a change in the percentage of machines out of operation at the Hokuriku Kogyo K.K., this company is in need of two security guards after 15 June. You will ask the Civil Affairs Team for approval thereof in an application with reasons attached.

As regards the Hokuriku Kikai Kogyo K.K., its percentage of out-of-operation machines stands at 70 per cent, and in view of the abovementioned Standards, General Rule 4, which partially provides for "plants with an over 70 per cent rate of out-of-operation machines", it is not recognized for this plant to have any security guard, because 30 per cent of the machines of this plant is considered in operation, the plant being not among those with a 71 per cent or more rate of out-of-operation machines.

As to the requested increase of security guards at the Nihon Denkiyakin K.K. Moroe and Awata Plants, the investigations made by this bureau concluded that it was an exceptional case, and after consultations between this bureau and CPC of SCAP, an agreement was reached to recognize four guards for the company. It is, therefore, desired that you take up the matter with the Civil Affairs Region, reporting the abovementioned agreement, together with a description of the condition of custody of its machines and of the operation of the company, in order to obtain approval for security guards. If the number of such guards at those two plants is determined, you are requested to immediately report the fixed number to this bureau.

Remarks:

The Okamaoto Kogyo K.K., Ogaki Plant has become such factory with its suspension percentage over 70% with resultant approval of two (2) guards, but we missed the record in view of no budgetary allocation thereof.

Yours truly

/s/ Chiharu Yamamoto,
CHIHARU YAMAMOTO,

Chief of the Gifu Pref.
Commerce & Industry Section.
