SUBJECT: Verification of Property Turn-In Slip

TO: Quartermaster Supply Officer  
24th Infantry Division  
APO 24

1. On a Property Turn-In Slip dated 19 March 1946 and signed by the undersigned the following articles were turned in to you at Okayama, Honshu:

Typewriter, Royal, Non-port., 11" carr., #KHM 2191767	-ea-	1
Typewriter, L.C.Smith, Non-port., 11" carr., #1A1817150	-ea-	1
Desk, Field, Empty, Fiber, Hq.	-ea-	3
Safe, Field	-ea-	1
Chest, Record, Fiber	-ea-	1

2. It is believed all articles were in serviceable condition.

3. The "action" column has been checked off and the number B955 written on the face of the voucher. There is, however, no signature on the line acknowledging receipt at the bottom of the sheet.

4. It is requested that you review your records and, if possible, acknowledge receipt of the items listed in paragraph 1, above.

FUKUI MILITARY GOVERNMENT TEAM  
APO 713 (Tsuruga, Honshu)

29 July 46

400

SUBJECT: Permission for use of certain equipment at Maizuru Naval Base presently earmarked for OD No. 5 requirements.

TO : Commanding General, Eighth Army  
Military Government Section

THRU : Channels

1. Pursuant to instructions the above Headquarters is in process of setting up a new Headquarters establishment for Military Government in Fukui Ken consisting of Office, Quarters, and Dependent Housing facilities. Three buildings are involved and because of fire bomb damage extensive rehabilitation is required. Due to the fact that this Minor-Ken contains two fire bomb destroyed cities (Fukui 90%) (Tsuruga 75%) the local Japanese Officials are hard put to supply such needed items as transformers Heat Plants, water supply pump, and stand by electric generators etc. The local scarcity of these items are known to this Headquarters as a result of past work with the officials on rehabilitation matters. Until recent reorganization this Headquarters also had jurisdiction over Maizuru Naval Base, Kyoto-Fu. It is known that considerable of the necessary items for installation of the New Headquarters plant at Fukui are at Maizuru Naval Base either under Home Ministry or local Military Government as an OD No. 5 matter.

2. It is requested that the local Japanese Government or this organization be authorized to secure use of available necessary items now at Maizuru Naval Base under OD No. 5, in order that the Military Government Headquarters installation for Fukui Ken may be completed with out delay. This Headquarters is presently housed in a temporary manner at Tsuruga-shi, not the Ken Capital. There are no other available structures suitable for repair and use in Fukui-shi, the Ken Capital. Outside of a small C.I.C. detachment this Military Government Team is the only U.S. Army unit in the Ken. There are no tactical troops stationed here. Fulllest possible cooperation in this matter is needed as the task of rehabilitation for occupancy prior to coming of winter is a large one. Enclosed are some photo shots of these structures

showing the extent of repairs necessary. Proper procurement Demands for the work have been obtained.

16 July 1946

SUBJECT: Heating Equipment

TO : Commanding Officer, Military Government  
Kinki District

1. In the troop and dependent housing program, certain items of heating equipment are critical. Doubtless certain items will have to be taken from the Osaka-Kobe-Kyoto area and furnished to other parts of I Corps area. The major portion of this equipment is listed and is or has been inspected for condition.

2. In order to avoid confusion and exercise priority, it is requested that all heating equipment not in actual use by Japanese or Allied Forces in Osaka, Hyogo and Kyoto Prefectures be frozen and that all concerned be notified to get release of same thru recommendation of this office.

File Ref. P-6

7 June 1946

SUBJECT: Unserviceable and Irreparable Gasoline Drums.

TO : Headquarters Eighth Army, APO 343.  
(thru channels)

1. Arrangements have been made between this office and the Kobe Base Quartermaster for 2,000 55-gallon gasoline drums to be released to this organization. As a part of the program to improve health and sanitation conditions in Kobe City, it is planned to use these 2,000 drums for trash and garbage containers.

2. It is requested that authority be granted for this organization to turn over these drums to Kobe City to be used as mentioned above. These drums cannot be repaired and can be of no further use to the Army. If used as described above, they would serve a worthwhile purpose and be of material assistance in the clean-up program designed to protect the health of the troops in the area as well as the civilian population. This office has received the fullest cooperation from the Kobe City officials in the clean-up program and is very anxious to turn over the gasoline drums if approval is granted by Eighth Army Headquarters.

3. No action will be taken on the turn-over until approval is obtained.
