A large, rustic wooden round dining table is set for a meal in a rustic room. The table is surrounded by dark wooden chairs. Each place setting includes a white plate, a glass, and a napkin. A bottle of wine is visible on the table. The room features a stone wall, a wooden door with a map, and a large window with red curtains overlooking a green landscape. A chandelier hangs from the ceiling.

Rond de tafel

Resultaten delen

A photograph of a meeting room. In the foreground, a person is sitting at a desk with a laptop, using a mouse. The laptop screen shows a website with a blue header and several content blocks. In the background, several people are seated around a table. Behind them are large cutouts of cartoon characters: a grey elephant, a woman in a red dress, a bear in a blue suit, and a rabbit in a green sweater. A man in a dark suit is visible on the left side of the frame. The room has wooden beams on the ceiling and a window on the right side. A white text box is overlaid in the center of the image.

RUIMZICHT TE DOETINCHEM.

A historical color photograph of a busy market square in Nijmegen, Netherlands. The square is filled with a large crowd of people, many carrying baskets and goods, suggesting a busy market day. In the background, a prominent church tower with a golden dome and a clock face is visible, along with other historic buildings with gabled roofs. The scene is captured from an elevated perspective, showing the layout of the square and the surrounding architecture.

WIKIDATA

Get diffs for all items matching a SPARQL query, for a date range.

Examples: [French painters](#), [first week of October 2017](#), [no bots edits](#), [same for last week](#), or [since yesterday](#).

SPARQL query

A SPARQL query; first variable needs to be named "?q" and contain item IDs

[Design your query here](#).

Start date

YYYYMMDDHHMMSS; shorter OK

Alternatively, use a text like "last week" or such, as described [here](#).

End date

YYYYMMDDHHMMSS; shorter OK

Alternatively, use a text like "last week" or such, as described [here](#). Leave empty for current date.

Preferred languages
for item labels

language codes, separated by comma, preferred first; e.g. de,en,fr

Sort order

By last edit (latest first) By label

Options

No bot edits Skip unchanged items

Get Recent Changes for items
