

COPY OF A LETTER RECEIVED FROM LLOYD'S.

LLOYD'S REGISTER OF BRITISH & FOREIGN SHIPPING,

2, White Lion Court Cornhill London E.C.  
24th December. 1863.

ANCHORS AND CABLES.

BY RESOLUTIONS passed by the Committee of this Society on 29th January and 23rd July last, it was required that on and from the 1st January, 1864, all Anchors and Chains supplied to Ships being to be classed in the Register Book of this Society, with the name of the Ship, must have been tested up to the "Admiralty Proof," at a Public Machine under the control and superintendence of some responsible body, so as to enable it to be recognised as a "Public Machine."

It appearing, however, that notwithstanding the Committee's orders to the contrary, a continued delay has taken place in the establishment of such Public Machines, excepting at London, Liverpool, and Jersey,—NOTICE is hereby given, that to afford time for the erection and completion of the works at other places, the Committee have further postponed the period when this regulation will come into operation until the 1st July, 1864, after which time it must be strictly understood, a rigid compliance therewith will be required.

In the meantime, Certificates of testing at private Machines will be received as heretofore, provided the Surveyors of the Society are satisfied that the Anchors and Chains have been tested up to the Admiralty Proof.

By order of the Committee,

GEORGE B. SEYFANG, SEC.

MEM.—In cases where Ships have been supplied with Anchors and Chains which have been tested at a Public Machine, the fact will be entered in the Register Book thus (A. & C. P.), signifying that the Anchors and Chains have been so proved.

Messrs. ABBOT & Co., Gateshead.

PARK WORKS, GATESHEAD-ON-TYNE.

TESTING MACHINE FOR PROVING ANCHORS.

This is to Certify that I have PROVED AN ANCHOR

*Iron Stock*

being No 29321 Weighing 8 CWT. 1 QRS. 14 LBS. with a Strain equal
