SUBJECT: Disposition of Otobaru Property, Oita Prefecture

THRU : Commanding Officer, Kyushu Military Government Region, APO 929

Attn: Military Government Section

1. Reference is made to Inclosure #1, letter, subject: "Organization Known as 'Kyosaikai' or Mutual Aid Association," this headquarters, dated 27 September 1947.

2. No reply has been received to the original letter, though the Regional CPC representative at Fukuoka has supplied copies of 3rd Indorsement by Eighth Army and some correspondence between Civil Property Custodian Section and Government Section, SCAP (Inclosures #2 and #3).

3. Inclosure #3 indicates that no further action is contemplated by either CPC or GS/SCAP. There is no indication that the propriety of the payment of funds by the Ministry of Finance for this property was investigated.

4. Eighth Army Operational Directive 28/12 for 1945, dated 8 July 1946, leaves the determination as to what constitutes a military installation to the local Military Government Team. This headquarters released the property in question as a military installation, but our decision was disregarded by the Ministry of Finance.

5. The basis for the Ministry of Finance determination that the property is not a military installation is presented in a letter from the Chief of the Oita Liaison and Coordination Office. It is the opinion of this headquarters that it should be classified as a military installation since the property was legally registered as property of the War Ministry, and was in use by an organization completely dominated by the Army. It was considered to be an Army installation by the prefectural government, and appears on the list of military installations furnished this headquarters by the prefectural government on 23 September 1946.

27 September 1947

SUBJECT: Organization Known as "Kyosaikai" or Mutual Aid Association

TO: Commanding Officer, Kyushu Mil Govt Region, APO 929
Attn; Civil Property Custodian

1. During the war, the Army Ministry purchased a number of adjoining properties in Beppu City, Oita-ken, and they were registered as property of the War Ministry. Registration records of the local court have been checked to verify this.

2. The property was used as a sanatorium by the "Kyosaikai", or Mutual Aid Association, a nation-wide organization of civilians employed by the Army.

3. Property was released on 20 December 1946 as a military installation by this headquarters under terms of Operational Directive 28/12, Headquarters Eighth Army, dated 8 July 1946.

4. Action taken in paragraph 3 above is understood to have been sufficient to transfer title to the Japanese Government. Nevertheless, information has been received from a source believed to be reliable, that the Ministry of Finance paid a large sum of money to the Kyosaikai for this property in July of this year.

5. This headquarters has been able to get practically no information on the activities of the Kyosaikai, but it appears to be one which should be dissolved as objectionable.

6. Disposition and use of this property appears to depend on whether the property was owned by the Army, or the Kyosaikai as a private organization. Registration records seem to show clearly that it was Army owned, but if the Ministry of Finance has paid the Kyosaikai for it from public funds, the Oita State Property Bureau cannot dispose of it as they can Army property.

7. It is believed that investigation by SCAP is warranted.

TO : Commanding Officer, Oita Military Government Team

FROM : Chief, Oita Liaison and Coordination Office

SUBJECT : Otobaru Property

Concerning the difference of opinion between the Oita Military Government Team and the Ministry of Finance as to whether the Otobaru property is an ex-Army installation or not, I am submitting the arguments by the Oita District Office of Kumamoto Financial Bureau as follows:

1. The Otobaru property was bought by the Mutual Aid Society of the Army (Rikugun Kyosai Kumiai) for the purpose of opening a branch hospital of Kokura Army Mutual Aid Hospital (Rikugun Kyosai Byoin).

2. The instrument for the deal is dated 18 May 1944 and is signed by Yamada Kizo, president of Beppu Recreation Ground and Cable Car Co. and Horinouchi Tesuke, Chief of Account Section, Kokura Army Arsenal. Horinouchi signed the instrument on behalf of the Mutual Aid Society of the Army as he handled, as Chief of Account Section of the Arsenal, the matters pertaining to account of the Mutual Aid Society of the Army in the district.

3. The property was registered under the name of Ministry of Army. It should have been registered under the name of Controller of Kokura Army Mutual Aid Hospital. Because the property was placed under his control as a branch hospital of Kokura Main Hospital. The post of Controller of the Army Mutual Aid Hospital was invariably held concurrently by Commander of the Army Arsenal nearby. That was done in accordance with "Rules Concerning Army Mutual Aid Hospital", Article 2 of which provides that "Hospital shall be controlled by Controllers designated by the Minister of the Army." The reason why the property was not under Controller's name is that in the war time, Commander of an Arsenal, therefore controller of Hospital, changed very often. In order to avoid the work and trouble entailed by the re-registration made necessary by each change of controller, the property was registered under the name of the Ministry of Army.

4. Army Mutual Aid Hospitals were owned and run by the Army Mutual Aid Society. Article 113 of "Rules Concerning Army Mutual Aid Society" provides that "Society may run hospitals with approval of the Army Minister and in accordance with the rules separately made, for treatment mainly of its members and their families."

5. Army Mutual Aid Society was formed under the Imperial Ordinance No. 80, March 31, 1919. The members were mostly munition workers in the Army installations. Article 1 of the Ordinance provides that "The Society is formed for the purpose of mutual aid by civilian officials of Senior Class or persons receiving similar treatment, whose annual salary do not exceed ¥1820 and civilian officials of Junior Class and employees below Junior Class in the Army." To ensure the strict control over the Society by the Army, Article 3 of the same Ordinance provides that Minister of the Army may cause officials in the Army engage in the management of affairs

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 77-0001

COPY

of the Society. Article 2 of "Rules concerning Army Mutual Aid Society" made under the Ordinance provides that "This Society shall be known as Army Mutual Aid Society and placed under the control of Minister of the Army; and Article 4 of the same "Rules" provides that "Activities of this Society shall be directed by Vice-minister of the Army and supervised by Commander of the Army Arsenal to which members of the Society belong." Sources of revenue of the Society are member's monthly fee and government subsidy. As to the government subsidy, Article 3 of the Ordinance provides that "The government pays annually, within the budgetary appropriations, a sum of money to the Society. This sum is limited to the amount to be obtained by multiplying the total of salaries, wages and allowances of the members prescribed in para 1, Article 1, by a rate which will be agreed upon between War Minister and Finance Minister". The Society was similar to any other mutual aid society in most respects except the very rigid control exercised by the Army. Key personnel of the Society was assigned by Minister of the Army and held by high ranking Army officers who were not members of the Society.

6. To summarize the foregoing, although the Otobaru property was registered under the name of Ministry of the Army, it belonged to the Army Mutual Aid Society. Mutual Aid Society is a society formed by the Army civilian employees and, therefore, not an Army organ, although the rigid control the Army exercised over its activities makes it appear to be.

7. This property was not registered in the "Register of national properties" kept at Ministry of Finance in which all the Army-owned properties were entered just as any other national property, for the simple reason that it was not an Army property.

8. In the beginning of 1947, when the Society was being liquidated the National Government purchased all the hospitals including the Otobaru Hospital owned by the Society for a certain sum of money.

9. Kyoeikai is a co-operative society (purchasing and distributing daily necessities) formed by officials and workers at all the Army Arsenals. It is not related to the Mutual Aid Society. Those two were in existence side by side as separate bodies. Because of key posts of those two Societies being held by the same persons, sometimes confusion was created in some persons' mind.

SUBJECT: Disposition of Korean Ship and Crew

TO : Commanding Officer, Kyushu Military Government Region
Headquarters and Headquarters Detachment, APO 929

1. On 24 September 1947, the Orio Police Station took into custody one seven ton Korean ship named Hanei Maru. On 21 September at 1800 this ship left Fusan Harbor for Hoko-yu, Keishohoku-do for the purpose of loading cargo, off the coast of Funsan Harbor. The motor quit and the ship was unable to proceed under its own power. The current carried the ship to the coast of Ashiya Air Strip, Ashiya machi, Onga-gun. There they were picked up by the police and sent to Orie Police Station. The ship is now at Ashiya-machi under police guard.

2. The Kokura C.I.C., interrogated the four Koreans that were on the ship and determined that they were not illegal entrants. Police checked on status of the ship and it was determined that it would take 5,000 yen and about thirty days to repair it. About one-third of the hull leaks, and the motor was burnt due to overheating, and one pipe missing. The Koreans do not have any money to have the ship repaired and at present they are not allowed to sell the ship due to restrictions of current regulations.

3. Request information as to disposition of the ship and also of the four Koreans. At present the crew members are being accommodated at the Orio Police Station.

4. Request information as to the proper disposition of the ship and crew to be furnished by your or higher headquarters.

2. Reference above requested information on procedure for disposition of the U.S. Army Oil Barge YOGL-5 which was damaged and sunk by the September 1945 typhoon in Furue Harbor, Kagoshima Ken.

3. Subsequent to dispatch of reference, two different inspection teams were sent to Kagoshima by higher echelons to observe the wreck. Both promised early action but to the knowledge of this headquarters, none has been taken.

4. This hulk not only blocks complete use of existing landing and loading facilities at Furue but also in every storm it pounds against the stone pier inflicting considerable damage.

5. Since Furue is an important secondary lumber and mine timber shipping port, this headquarters requests immediate authority to release the barge to who ever will salvage it and clear it out of the way.

6. The YOGL-5, which apparently is not powered, is approximately 35 meters in overall length, with a beam of 10 meters and a height 3.3 meters from keel to deck.

DISPOSITION OF CASES OF UNAUTHORIZED POSSESSION OF WEAPONS BY JAPANESE

1. References:

a. Eighth Army O.D. 29, 11 March 1946, Establishment of Military Occupation Provost Courts.

b. Eighth Army O.D. 29/2, 17 August 1946. Trial of Offenses Prejudicial to the Objectives of the Occupation by Japanese Courts.

c. Eighth Army O.D. 75, 25 August 1946, Collection, Classification and Disposition of Japanese Swords and Firearms.

2. Possession of weapons by the Japanese may be treated either as acts prejudicial to the security of the Occupation Forces necessitating trial by Provost Court or as acts prejudicial to the objectives of the occupation, i.e., violations of O.D. 75, Eighth Army, reference 1c, that may be referred to the Japanese courts for trial under the provisions of reference 1b. Whether possession of a weapon is an act prejudicial to security or to objectives, depends on the particular circumstances surrounding each case.

3. The following will aid in determining the proper disposition to be made of "weapons" cases:

a. The ordinary case of passive possession of a sword or firearm will be treated as a violation of O.D. 75 (reference 1c) and referred to the Japanese courts as an act prejudicial to the objectives of the occupation (reference 1b).

b. Those cases will also be referred to the Japanese courts where the unauthorized possession of a weapon is merely an adjunct to a major crime by Japanese against Japanese nationals; for example, assault, robbery and homicide.

c. Cases involving possession of inordinate amounts of weapons or ammunition, or where the possession is aggravated by plot or conspiracy or incitement will ordinarily be referred to the Provost Courts. Any case involving assaults on occupational personnel must be referred to Provost Courts.

DECLASSIFIED E.O. 12065 SECTION 3 NARA

4. Military Government Teams will continue to exercise surveillance to insure the imposition of adequate and uniform sentences by the Japanese courts in "weapons" cases.

Consequently, cases presently referred or pending in your Provost Court of possession of weapons prejudicial to the objectives of of the Occupation (violations of OD 75, Eighth Army, reference 1c) may be forthwith transferred to the Prefectural Military Government Team for the prefecture in which the crime occurred for reference to the appropriate Japanese Court.

2. Bases on past experience only exceptional possession of army cases will be tried in Provost Courts as acts prejudicial to the security of the Occupation Forces. In proper cases for trial by Provost Courts where the arrests are made by Tactical Troops or Japanese Police operating under tactical troops, Tactical Troops will continue to conduct investigations where necessary, prepare charges and refer cases to the Provost Court; where such arrests are made by Military Government or Japanese Police operating under Military Government, Military Government will conduct investigations where necessary, prepare charges and refer cases to the Provost Court.
