SUBJECT: Release of Surplus United States Cigars and Pipe Tobacco for Unrationed Sale in Large Cities

TO: Ministry of Finance, No. 2, Yotsuya, Honshio-cho, Shinjuku-ku, Tokyo

1. The Japanese Government is authorized to use the following amounts of surplus United States Army cigars and pipe tobacco, received during the period September to December 1947 and now in custody of Boeki Cho in Yokohama Warehouses, for unrationed sale in large cities:

9,023,167 cigars
4,414,686 packages of pipe tobacco (2 oz.)

2. These quantities are before deduction for spoilage and rejects and accurate accounts of amounts actually sold in the different cities and of dispositions of unsaleable items will be submitted periodically to General Headquarters, Supreme Commander for the Allied Powers by the Monopoly Bureau.

3. The prices charged to the consumer will be ¥ 25 per cigar and ¥ 100 per 2 ounce package of pipe tobacco.

4. Together with reports on sales, periodic reports on proceeds, handling and distribution expenses will be submitted to General Headquarters, Supreme Commander for the Allied Powers.

5. Each package of pipe tobacco will be marked with the official stamp of the Monopoly Bureau and each cigar will have a band bearing the same stamp to indicate that these products are authorized for legal release and to distinguish them from American tobacco products used by Occupation Forces.

6. The Japanese Government will take all necessary action to insure that these products are distributed only through official channels and do not appear in public unauthorized sales.

TO: Each Director of Local Monopoly Bureau; Tokyo, Nagoya, Osaka, and Fukuoka.

SUBJECT: On Free Sale of the Released U.S. Tobacco.

As U.S. surplus pipe tobacco and cigars have been permitted to be put onfree sale in accordance with the enclosure, you are requested to act accordingly.

P.D.D-1

Conditions of Sale

1. The area of free sale will be as follows for the time being:

Tokyo Yokohama Nagoya Kyoto Osaka Kobe Hiroshima Fukuoka

2. The kinds of the tobacco will be cigars and pipe tobacco, which will be forwarded separately.

3. The prices and rates of discount to be allowed to tobacco retailers will be as follows, and these have already been publicly notified by Official Gazette of July 15, 1948.

| Kind | Unit | Price | Rate of Discount |
|---|---|---|---|
| Cigars | 1 piece | ¥ 25 | 4/100 |
| Pipe Tobacco | 1 packet | ¥ 100 | " |

Remarks:

(1) The above are to be sold according to the unit mentioned, irrespective of the difference in weight, size, etc.

(2) The price of pipe tobacco will be at ¥ 30 per packet in case it is sold to the workers of key industries specially designated by Monopoly Bureau.

(4) An adequate number of reliable retailers to handle the released tobacco will be selected by Director of Local Monopoly Bureau from amongst the retailers within the area of his jurisdiction, and a certificate as per the attached pro-forma will be issued to each of the selected retailers to be kept in dustody by him.

(5) The released tobacco to be placed on free sale will have the following designations that it is the American tobacco properly released and permitted to be sold:

A. Cigars:

1. Reference memorandum for the Japanese Government from General Headquarters, Supreme Commander for the Allied Powers, AG 423 (3 Jul 48) ESS/PD, SCAPIN 5785-A, dated 3 July 1948, subject: Distribution of Barracks Bags and Mattress Covers to Japanese Manufacturers of Work Clothing.

2. The referenced memorandum authorizes the release of 138,365 barracks bags and 36,750 mattress covers to Japanese manufacturers of work clothing.

3. This material will be fabricated into work clothing which will be distributed as incentive goods to various groups under programs approved by Price and Distribution Division, Economic and Scientific Section, General Headquarters, Supreme Commander for the Allied Powers.

4. The allocations to factories made by the Economic Stabilization Board are as shown in inclosure 2. An estimate of the number of work clothes that can be manufactured from the material allocated is also shown.

5. Barracks bags will be sold to the manufacturers at ¥ 23.50 each. Mattress covers will be sold at ¥ 111.24 each. These prices were set by the Price Board and are in line with prices of similar Japanese material adjusted to allow for the extra waste and labor operations involved in using this material.

6. The factories are required to deliver and sell at official prices to registered wholesalers or other agencies designated by the Japanese Government all the work clothing made from this material for distribution under approved incentive programs.

7. Military government units should exercise careful surveillance to insure the receipt of the allocated yardage by the specified factories. The factories should also be kept under careful surveillance to insure maximum output per yard of goods and to make certain that the material is not diverted to illegal channels.

SUBJECT: Distribution of Barracks Bags and Mattress Covers to Japanese Manufacturers of Work Clothing

1. The Japanese Government is authorized to distribute 138,365 barracks bags and 36,750 mattress covers, now in its custody, to manufacturers of work clothing. The work clothing manufactured from these goods is to be distributed as incentive goods under programs approved by Price and Distribution Division, Economic and Scientific Section, General Headquarters, Supreme Commander for the Allied Powers.

2. These goods will be distributed to the factories specified in the allocation plans submitted by the Ministry of Commerce and Industry and the Economic Stabilization Board.

3. This material will be sold to the manufacturers at the official prices established by the Price Board.

4. Manufacturers will be required to deliver to registered wholesalers all the work clothing made from this material at the official prices set by the Price Board. The Japanese Government will take all necessary action to ensure that these articles are distributed through official incentive channels and do not appear in illegal or unofficial transactions.

5. The Japanese Government will require all handlers of these goods to keep accurate records of all the material received and of the distribution of all articles manufactured from this material.

6. The Japanese Government will submit a report on the distribution of this material to manufacturers as soon as feasible. Monthly reports on the items manufactured and the distribution thereof will be made until the entire lot of material is exhausted and the products delivered to eligible recipients.
