been four whence she shed as the 35th Getober, the editor of the Baltimore Assertices have been held to editor of the Baltimore Assertices have received intelligence relative to certain political discontents with have recently been stantificated smong the troops stationed at 3t Johns. It appears that the news of the movements in Spain in favor of the constitution was reserved with nace gratification by a portion of the troops at 3t Johns, and that they were not slow in testing their sentiments by shouts and song sof which the constitution was reserved with nace the state of the legislature, favorable to Jackson and Van Busen.

The Jackse and Kanhawa Improvement, is which the state of Virginia has taken so large an interest, is maker the direction of Judge Wright of New York, as a seen after placed in confinement, but this act only served to gake them the more discontented, and here yet age that the week, and we now see it stated that they were not off in a confinement was loudly demanded. In a short time afterwards the officer was sent off in a very self that the destruction of the town was threatened. Gen La Torre, the soldiers became so exasperated that the destruction of the town was threatened. Gen La Torre, the Governor of the inland, and a highly popular officer, had succeeded thus far in preventing matters from coming to extremities, but it was doubted when the Octawin sailed whether tranquility could be maintained without bloodsed. The remaining vasancy will be offered a few days ago to the fact that their ymiles more will be offered in the course of his more than a few weeks, and we now see it stated that their transpired, the soldiers became so exasperated that the destruction of the town was threatened. Gen La Torre, the Governor of the interest that the destruction of the town was threatened. Gen La Torre, the continuous provides the soldiers became so exasperated when the Octawing the continuous provides and the continuous provides and the continuous provides and the continuous provides and the cou

seate, the fundamental published of tequenatation heing breed on population legality related. It is high time that these dynams should be related. It is high time that these dynams should be revealed, and here representation the tengent is critically and only and the county flighton is flagshay in point of fact, in the state is legally divided into parisher—only then should the county representation be being related. But the eithers of New Orlandy pushing firther, if they desire to me be the eithers of New Orlandy pushing firther, if they desire to make the manufacture of the present owned in one breath in a remember of the present owned in one breath in a remember of insolved policewisy; such that undended for quiffer insolved policewisy; such that undended for quiffer of a legislative government whether of a city op, state. If the city being divided here worth should have non-inducted interesting and their state of the public of insolved interesting and their state of the public of insolved in the country of the city of the city being divided here worth deadly to the manufact of the correction of all the relative country and the sealer owned to granulate to better attained.

For extensive there are now the worth in New Orlands, According to the above seale of representation, there would be to member in one council, and it is the country vector worth pushing divided to also in representation of manufacturing the country vector with the country of the city in the country vector with the country vector of the country vector with the country vector of the country vector o
