

SHAMROCK WINS SECOND RACE FOR CUP

Allied Assistance to Poland if Reds Continue to Fight

Lloyd George Informed Bolshevik Allies Ready With All Forces If Reds Refuse Armistice; British Prepared to Break Off Trade Negotiations.

London, July 20.—The British Government's reply to the note of Foreign Minister Tchitcherin of Soviet Russia, regarding an armistice with Poland, will be dispatched to-night. It intimates that if the Russians advance further into Poland all negotiations for trade between Great Britain and Russia will be broken off.

Paris, July 20.—Referring to Premier Lloyd George's ultimatum to Soviet Russia, that if the armistice proposals were not accepted Great Britain and her Allies would defend Poland with all their forces in every way, Premier Millerand told the Chamber of Deputies to-day: "France will keep her word, as I am sure Great Britain will be faithful to hers."

FOUR FLYING STATIONS ARE READY

Cross Country Air Flights in Canada Soon Practicable

Ottawa, July 20.—(Canadian Press)

Landing places will shortly have been marked out for cross country air flights in Canada, after which time it will be an easy matter for an airman to leave, say Halifax, and have his route charted through to the opposite side of the Dominion, with the landing places marked on his map at distances of about 50 miles apart, so that he will know where to strike for if a forced landing is imminent. Captain Drummond, of the Air Board staff, has just completed a survey of the country between Winnipeg and Sudbury locating suitable airfields and landing sites to be charted for cross country flying. In seeking the locations Captain Drummond traveled by Canadian National Railways to Hearst and then by Grand Trunk. The landing places are marked along these lines of railway which will be followed by airman in their first attempts. It is expected that flying will be in progress at all four of the air board's stations in Canada by the middle of August. The station at Vancouver is now in the course of construction and machines are on their way. Machines are on the ground at Morley, Alta., and machines for use there are going forward at once. Fockecliff, hangar will be opened next week and Camp Borden is already the scene of some military flying. Classes at the latter camp will begin as soon as the necessary regulations have been approved by the Cabinet Council.

Planes Are Expected to Get Away to Grand Rapids, Michigan, To-day

PRELIMINARY CHECK DOWING TO MUDFIELD

Planes Are Expected to Get Away to Grand Rapids, Michigan, To-day

Erie, Pa., July 20.—The first of the army aeroplanes to attempt to leave Erie on their Alameda-Alaska flight, came to grief this morning because of the mud at the airfield here. Plane No. 3, commanded by Lieut. C. C. Cummins, was tuned up preparatory to flight, but after running several hundred yards along the field, encountered a soft spot and stopped. Efforts were at once made to extricate it from its position. Capt. Street, commanding the expedition, expressed the belief that all the planes would get away to Grand Rapids, Mich., the next afternoon.

NORTH ALBERTA CROPS ARE GOOD

Lethbridge, July 20.—Crops throughout Southern Alberta have made phenomenal growth since the general rains of a week ago. Except in two or three districts in the extreme southeast of the province, where the rains were lighter, there is no cry for more moisture at present. There has been no report of crops burning anywhere.

RAIN NEEDED IN NORTH SASKATCHEWAN

Prince Albert, July 20.—Crop conditions in Northern Saskatchewan have become somewhat critical in the last two weeks, due to intense heat and lack of moisture. A good deal of the wheat has been damaged in this way and it is vital that there should be rain within the next week, as otherwise twenty-five per cent. of the crop will be destroyed.

TURKISH CABINET LOSES MEMBERS

Sheik-ul-Islam and Two Others Against Signing of Treaty

Despite Resignations Grand Vizier Seems Determined to Sign

Constantinople, July 20.—The Sheik-ul-Islam in the Turkish Cabinet, Durrissalid Abdullah Effendi, has resigned his office because of his unwillingness to approve the signing of the peace treaty. Other Cabinet resignations are expected for the same reasons.

The Grand Vizier, Damad Ferid Paasha, however, is apparently determined to sign at any cost.

A Sunday dispatch from Constantinople announced the resignation from the Turkish Cabinet of Djemal Pasha, Minister of Public Works, and Fahr-eddine Bey, Minister of Education, both members of the Turkish peace delegation.

HON. CHAS. MURPHY SILENT ON POLITICS

Former Secretary of State Here on Way Home From Democratic Convention

Hon. Charles Murphy, M.P., Secretary of State in the Government of Sir Wilfrid Laurier, and member of the Dominion House of Commons for County Russell, Ottawa, for the last twelve years, is in Victoria, having reached the city yesterday.

Hon. Mr. Murphy is on his way home from San Francisco, where he was for ten days, the guest of the National Democratic Convention which selected Cox and Roosevelt for the Presidential ticket.

"The Democratic Convention was a great lesson in self-government," said Hon. Mr. Murphy to-day to The Times. "It was wonderfully organized. It brought out a number of great men and was particularly instructive because of the ability which was displayed by the women. The women delegates were on an equality with the men and made some of the commanding speeches of the gathering."

Among those who particularly impressed Hon. Mr. Murphy were: Carter Glass, Bainbridge Colby, the new Secretary of State in the Wilson cabinet, and Mrs. Fitzpatrick, who was one of the New England delegates. The Democratic platform is a capably drawn up and illuminating. (Concluded on page 14)

EDMONTON AREA IN NEED OF RAIN

Edmonton, July 20.—Rain is commencing to be needed at a number of points in this district, particularly around Stony Plain and Camrose. The weather for the last three weeks has been very hot, with only light scattered showers, which have been scarcely enough to lay the dust.

SETTLEMENTS ON SKEENA MENACED BY BUSH FIRES

Prince Rupert, July 19.—Bush fires along the Skeena River, between here and Kitseias are menacing the settlements. There has been a prolonged dry spell.

FOOD PRICES IN STATES RISING

Two Per Cent. Higher on Average June 15 Than May 15

Washington, July 20.—Retail food prices in the United States continue to show "a steady increase," according to a survey of the food budget of the average family for June, made public to-day by the Bureau of Statistics of the Department of Labor. An advance of two per cent. was noted June 15 over prices on the corresponding day the month before. This was an increase of nine per cent. since the first of the year.

Prices increased in thirty-nine cities under observation and decreased in twelve.

COST OF LIVING INCREASE IN BRITAIN IS 152 PER CENT.

London, July 20.—(Canadian Associated Press)—The Ministry of Labor's statistics show an increase in the cost of living in the British Isles of 152 per cent. above the level of 1914.

\$30,000 TAKEN BY BANDITS IN STATES

New York Milk Company Robbed; North Dakota Bank Robbed

New York, July 20.—Three armed bandits held up the cashier of the Borden Condensed Milk Company to-day in front of the company's office on the West Side, and escaped with \$19,000 in cash.

In North Dakota Minnesota, N. D., July 20.—Five men early to-day held up and robbed the Bank of Oberdon, N. D., and escaped with \$20,000 in cash and Liberty Bonds. The vault and safe of the bank were wrecked. All wires into the town were cut.

WARSHIPS ANCHOR IN SEATTLE HARBOR

Seattle, July 20.—With the flagship Connecticut leading and the Michigan, New Hampshire, Kansas, Minnesota and South Carolina following with 1,523 midshipmen aboard, the second division of the United States Atlantic Fleet anchored in Seattle harbor to-day, having come from Honolulu.

PARIS-LONDON FLIGHTS INCREASE

Paris, July 20.—The Matin calls attention to the recent increase in aerial navigation, saying there were 272 flights between Paris and London during June.

MOOSE JAW FARMERS HOPE FOR RAIN

Moose Jaw, July 20.—Rain is very badly needed in the Moose Jaw district if the crop conditions, which have been excellent so far, are not to become unfavorable. Oats especially is suffering from lack of moisture and farmers are anxiously waiting for relief.

DEARER SUGAR.

Montreal, July 20.—The Board of Trade issued a bulletin announcing an increase in the price of sugar per hundred pounds from \$21 to \$24. All Canadian refineries except the St. Lawrence Refinery have joined in the increase.

JACK JOHNSON IS HELD IN STATES

San Diego, Cal., July 20.—Jack Johnson, former champion heavy-weight pugilist and for eight years a fugitive from United States justice, crossed the international boundary line from Lower California at 10:40 o'clock this morning, and was immediately placed under arrest by Deputy United States Marshal George Cooley.

FOREIGN TRADE OF DOMINION IS ON THE INCREASE

Ottawa, July 20.—During May, April and June Canada's foreign trade increased \$138,000,000 over that for the same period in the previous year, according to trade statistics issued to-day. Total trade for three months ended June 30 was \$591,087,460. Exports of domestic goods represented a value of \$237,236,789.

FOOD PRICES IN STATES RISING

Two Per Cent. Higher on Average June 15 Than May 15

Washington, July 20.—Retail food prices in the United States continue to show "a steady increase," according to a survey of the food budget of the average family for June, made public to-day by the Bureau of Statistics of the Department of Labor. An advance of two per cent. was noted June 15 over prices on the corresponding day the month before. This was an increase of nine per cent. since the first of the year.

VICTOR IN TO-DAY'S RACE; SHAMROCK IV

Sloop Shamrock IV Took To-day's Race From the Resolute

Lipton's Challenger Won Second Contest Off Sandy Hook For America's Cup; Balloon Jib Ripped; Race Was a Competition of Varying Conditions.

Sandy Hook, N.S., July 20.—Shamrock IV. won the race to-day.

Sandy Hook, N.J., July 20.—While Shamrock IV. and Resolute were running a close race toward the finish line on the last leg of the second race for the America's Cup to-day a big hole appeared in Shamrock's balloon jib.

Sandy Hook, N.J., July 20.—Shamrock IV. was first to round the second mark in to-day's race for the America's Cup. Her turning time was 4:26.29. Resolute was more than a mile astern.

Shamrock then breezed on a ten-mile run which constitutes the last leg of the thirty-mile triangular course. Resolute, seeking to overtake her, took in her big reaching jibs and set up a smaller one when within about three-quarters of a mile off the mark. Resolute sailed the last mile to the second mark in fast time, gaining on Shamrock and giving promise of a close race.

Resolute rounded the second mark at 4:43.36 official time.

The Start. Sandy Hook, N. J., July 20.—Sir Thomas Lipton's challenger, Shamrock IV., sailed over the starting line ahead of the American defender, Resolute in to-day's race for the America's Cup and breezed away on the first ten-mile leg of a thirty-mile triangular course, a reach out to sea.

The starting signal was blown at 12:15 p. m. Shamrock crossed at 12:15.48 official time, and Resolute at 12:16.26. Although Resolute was second across the line the balloon on the Irish sloop would not break out and was partly down, and five minutes after the start Resolute had nearly caught Shamrock.

At 12:22 Resolute jumped into the lead, passing Shamrock to leeward after the challenger's crew had cleared the fouled jib topsail.

At 12:30 Resolute had increased her lead to 200 yards.

Before the start on the first leg of the triangular course, a reach to the southeast, both sloop and schooner cleared their first place at the line. The wind was very soft and the yachts moved slowly.

Shamrock led across the line at 12:15.48, followed by Resolute at 12:16.26, but although Resolute allowed the challenger to start first the Lipton craft had trouble with its balloon, which would not break out and was partly hauled down. The British sailors working furiously to clear the full sail.

Resolute in Lead. Nearly catching Shamrock five minutes after the start, Resolute sailed past her to leeward at 12:22. Having cleared the fouled jib topsail, the crew of the Shamrock set their spinnaker. It did not draw well, and the schooner was forced to sail with the balloon on the mainmast, club topsail and big balloon.

Shamrock was steadily dropping behind because her head sails failed to fill and it looked as if her skipper was in trouble again.

At 12:33 Shamrock lowered her forestaysail and jib and set an English bowsprit spinnaker, or balloon forestaysail.

Flapping. At 12:50 Resolute was sailing along easily with her balloon going splendidly, but Shamrock was flapping the wind out of her tall reaching jib topsail and a little forestaysail that looked like a fisherman's stay as it was hoisted only half way to the cross tree.

At 12:55 the breeze began hauling to the south. Resolute broke out her jib and prepared to beat to the first mark. Shamrock was still half a mile astern but somewhat to weather. She still clung to her No. 1 reaching jib topsail. By this time Resolute was 300 yards ahead.

At one o'clock Resolute drew up within a quarter of a mile of her.

Shamrock in Lead. At 1:10 Shamrock passed Resolute to windward and took the lead. At 1:25 p. m., with her little fisherman sail forward of her mast going nicely, Shamrock ran a quarter of a mile ahead of Resolute. She

picked up a puff of air and sailed around Resolute to windward, luck being with the Royal Ulster boat. Resolute still clung to her balloon, which seemed to draw well but could not apparently compete with Shamrock's duty forestaysail. Two aeroplanes raced up and down the course, coming closer to the cup craft than usual, overhead being a big naval dirigible.

Both yachts had worked to windward of the course to the first mark and at 1:30 Shamrock bore away for it, with Resolute more than 200 yards astern. In shore a southwest was working out toward the yachts.

Increased Lead. Shamrock picked up the first breeze of the southwest at 1:45 and increased her lead to nearly half a mile, the first mark being at that time about four miles to leeward. The race, however, appeared from shore a little more than a good drift, in which, as on Saturday, the sloop getting the lucky puffs of air showed to the better advantage. Without a strengthening breeze, it seemed doubtful whether the racers could finish within the six-hour time limit.

Jibed. At 2 o'clock, with the mark to leeward, three miles away, Resolute jibed to starboard and headed for it. Shamrock had overlooked the mark in an effort to pick up the new breeze, but as it failed she lost by the move.

The breeze came in again from the west, driving Resolute along until less than a quarter of a mile astern of the Shamrock. Shamrock jibed two minutes later and headed for the mark.

With ten miles of the thirty-mile triangular course covered, the challenger rounded the first mark at 2:28.25 p. m., saluted by the excursion fleet, which blew great blasts on their whistles. Resolute was 600 yards astern.

Resolute turned the first mark at 2:32.41 p. m. Several excursion boats loaded with spectators evidently concluded that the yacht could not finish within the time limit, for a number of them put back to New York.

The feature of the second hour of the race was the work of Shamrock's (Concluded on page 5.)

KING AND EMPIRE ALLIANCE FORMED IN AUSTRALIA

Sydney, Australia, July 19.—Decision to form a "King and Empire Alliance" to counteract what were termed disloyal doctrines, was taken at a big mass meeting here to-day. Speakers denounced the utterances of Archbishop Mannix of Melbourne.

STEAMSHIP AND SCHOONER COLLIDED

Sailing Ship Damaged in Accident Off New England Coast

Boston, July 20.—The United States Shipping Board steamship Lake Suver, bound from Baltimore for Portland with coal, reported by wireless that she had collided with the British schooner Mabel E. Gunn, New York for Sherbrooke, N. S., in a dense fog off Highland Light yesterday.

BASEBALL PLAYERS GO INTO POLITICS

Organization Among American Major League Players to Help Democrats

Columbus, Ohio, July 20.—Baseball players went into politics yesterday when the Cox-Roosevelt League of Professional Baseball Players was started here to help the Democratic ticket.

The incorporators were Jack Daubert, Ivy Wingo and E. Rousch, of the Cincinnati Reds; Walter Maranville, Boston Nationalists; Charles Stengel, Philadelphia Nationals, and Ivan B. Olson, Brooklyn Nationals. Daubert was chosen president. Every major league team will have a vice-president.

TWO LOST LIVES IN MEDICINE HAT

Medicine Hat, July 20.—City Engineer R. E. Epper and City Foreman William Jackson, who were badly burned in a manhole yesterday afternoon through an explosion of gas, both died during the night.

TRIAL BY JURY MAY BE ABANDONED IN IRELAND

London, July 20.—(Canadian Associated Press)—Rt. Hon. Bonar Law, leader of the Government in the House of Commons, stated last night that the Government was "getting the Irish situation better in hand."

He said nothing would be gained by the introduction of martial law, but the Government was considering what additional powers could usefully be secured by new legislation. By this statement it is presumed he meant abolition of trial by jury.

OVER BOAT'S COURSE IN AEROPLANES

America's Cup Race Attracts Observers Into Air Off Sandy Hook

From a Seaplane over the America's Cup Course, July 20.—(Associated Press)—The thick haze partly obscured the view of aerial observers high over the international yacht race course just before noon to-day. Views from an altitude of 1,000 feet, Shamrock and Resolute, moored behind the sheltering arm of Sandy Hook, appeared like two tired butterflies, lazily flapping their soft white wings in what appeared to be a gentle northwest breeze.

The Ambrose Lightship, a yellowish blot on an emerald sea, was like a small but powerful magnet. Craft of all sizes and descriptions were moving toward it from all directions, seeking a good location to view the start of a second international race.

RAILWAY AND STREET CAR STRIKE IN ITALY HAS BEEN SETTLED

London, July 20.—The strike of railwaymen and tram men in progress in Italy for several weeks has been settled, according to a Rome dispatch to the Exchange Telegraph Company. While the circumstances among the strikers are declared to be dissatisfied with the terms agreed upon, the majority of the men will resume work.

BACK FROM SIBERIA.

Vancouver, July 20.—Colonel Johnson, of the United States Engineers, with a party of seven men from the American expeditionary forces passed through Vancouver yesterday on their way home from Siberia. They returned on the United States transport Madawaska, and report that the Japanese are now in full possession of that part and that the only vestige of American authority left is in the hands of a semi-civilian committee.

HOW "TIZ" GLADDENS TIRED, ACHING FEET

No More Sore, Puffed-up, Tender, Aching Feet—No Corns or Callouses.

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any drugist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for a few cents.

BEQUESTS OF LATE SENATOR DENNIS

Halifax, July 20.—By the will of the late Senator Dennis fifty-five per cent. of the capital stock of The Halifax Herald, Ltd., the company publishing The Halifax Herald, Evening Mail and Sunday Leader, is left to W. H. Dennis, nephew of the deceased, and vice-president of the company since its reorganization some years ago. H. Weir, editor of The Evening Mail, for forty years associated with the late Senator Dennis in the publication of his newspapers, is left \$10,000; to W. R. McCurdy, an employee of thirty years' standing, is left \$5,000; to John Trider, for forty-six years head pressman, \$1,000, and to Miss Alice Houston, an employee of twenty years' standing, \$1,000.

The public bequests include the sum of \$100,000 to endow a chair at Dalhousie University, to be known as the "Eric Dennis Chair of Government and Political Science," in memory of Capt. Eric Dennis, M.C., a son of Senator Dennis, killed in the battle of Vimy Ridge; an additional \$2,000 to be added to the endowment of the library at Dalhousie University, and \$50,000 to be distributed as coming from Mrs. Dennis, widow of the Senator, among the various charitable institutions of the city, Protestant and Roman Catholic.

SHOWS SURPLUS.

Toronto, July 20.—Despite the fact that the Toronto Hydro-Electric Commission had to pay \$135,000 in wage increases last year, \$13,000 for exchange on bonds sold in New York and \$105,000 for power delivered by the Ontario Provincial Hydro-Electric Power Commission to the Toronto Hydro-Electric Commission, but not sold, the local Hydro-Electric Commission shows a surplus of \$4,000 on the year's business.

TOLD TO TESTIFY OR GO TO JAIL

Officials of Kansas Mine Workers' Union and Industrial Court

Topeka, Kas., July 20.—Alexander M. Howat, president, and other officials of the Kansas Mine Workers' Union must testify before the new Kansas Industrial Relations Court or go to jail, the Supreme Court has ruled in upholding a decision of Judge Andrew Curran, of the Crawford County Court, sentencing the officials to jail for refusal to appear before the tribunal.

Will ignore it.

Kansas City, Mo., July 20.—The ruling of the Kansas State Supreme Court upholding the decision of Judge Andrew Curran, of the Crawford County Court, ordering President Alexander Howat and other officials of the Kansas Mine Workers' Union to testify before the Kansas Industrial Relations Court or go to jail will be ignored, President Howat announced here.

"We are not looking for trouble, but we are not running away from it," Howat said. "If Governor Allen wants trouble he will be accommodated."

SYRIAN QUESTION IN BRITISH COMMONS

London, July 20.—The Government was severely attacked in the House of Commons last night when William G. A. Ormsby-Gore, Unionist, moved adjournment to call attention to the French policy in Syria, and get a clear declaration of the British policy regarding it. Mr. Ormsby-Gore emphasized that the moral responsibility of the British Government was deeply involved in view of the specific pledges it had given in support of Arabian independence.

The supreme British interest in the Middle East, he declared, was restoration of peace, while the inevitable outcome of the French ultimatum would be a need for more British troops and money. He added, it was the British pledges alone which had brought the Arabs into the war on the side of the Allies.

Mr. Ormsby-Gore wanted to know whether Britain was committed to provide men and money to assist the French in asserting authority over the territory, including Aleppo and Damascus, whose independence we guaranteed.

Major-General J. B. Seely, Coalition Liberal, thought the French had drawn their force from Cilicia probably tens of thousands of Armenians would be massacred.

Rt. Hon. Andrew Bonar Law said it was not Great Britain's business to interfere unless the French action was so outrageous as to be in violation of the peace treaty and the principles of the League of Nations.

Lord Hugh Cecil, Unionist, and others expressed satisfaction with the French undertaking.

No action was taken on the Ormsby-Gore motion.

FARMER-LABOR COALITION.

Sarnia, Ont., July 20.—It was officially announced here yesterday that the local Independent Labor Party and the United Farmers of West Lambton will join hands in the next federal election. A convention will be held in the early part of September to select a candidate.

THOUGHT IT WAS SUICIDE

RAILWAY TRAVEL REDUCED IN ENGLAND

Practice of Economy Is Affecting Popular Resorts Round Coast

London, July 20.—Officials of English railways are deeply concerned over the fact that the "doing without" policy quite generally adopted by the people in their fight against high prices has operated to greatly curtail passenger travel.

Not only are the British people avoiding railway travel whenever possible, they also are remaining away from the seaside and other pleasure resorts in large numbers. Passenger trains running to pleasure resorts are frequently almost empty.

These facts are set forth in an official report. The report states that the fear of British railroad officials in real, and is borne out by evidence presented to the national railway wage board, which has under consideration a demand of railroad employees for increased wages. If the demand of the employees were granted, it would make obligatory an advance of 50 per cent. in railroad revenues. This must be allocated between passenger and freight traffic on a 50-50 basis.

Rates Discourage Travel.

An increase of 40 per cent. in passenger fares, it is felt, would cause a further substantial curtailment in travel. The curtailed travel now apparent, is due in large measure to increased rates, which were in turn made necessary primarily by increased wages given to employees.

Railroad officials point out to the national board, the report says, that competition between railways and other forms of transport, such as road motors and trams, is now very acute, and the breaking point will surely come when the railways will be able to sell transportation only at a loss. Already the better paying traffic of several railways is carried by road motors.

The report adds that there is a limit to what the public will pay for rail facilities, as clearly shown by recent developments. The enterprise and initiative of some other transportation companies is setting up a very effective form of competition, which railway employees are being urged to take into serious account when making continuous claims for increased wages.

LONG FLIGHT MADE IN EASTERN CANADA

Ottawa, July 20.—Word has reached the Air Board offices here of the completion of a successful flight of more than 600 miles, from Halifax to Lake Umbagog, by Lt. Col. J. S. J. Scott, M.C., and his companion, Col. Wilton. The officers each piloted a "flying boat" to deliver mail to the civil operations branch of the Air Board, and his companion, Col. Wilton, from Halifax, for exploration purposes in the region north of St. John.

Air Board officers here regard the flight as a remarkably successful one, which had not previously been attempted in Canada under similar conditions.

Applications for commercial flying certificates are reaching the Air Board in much larger numbers than was expected, according to Lt. Col. J. S. J. Scott, M.C., chief of the branch of the certificates, and who is in charge of civilian flying. The only thing necessary to ensure the success of commercial flying in Canada is for business men to give their support to the growing industry in a practical way, Col. Scott believes.

Certificates will be delivered to air engineers, forty-one; registered air craft, fifty-two; air harbors, twenty-five.

The latter are located in all parts of Canada, as follows: Vancouver has one, and two more projected; Edmonton, Winnipeg and Toronto, two; Montreal, three; and Hanna, Calgary, Saskatoon, Moose Jaw, Regina, Virden, Brandon, Barrie, Niagara Falls, Hamilton, Grand-mere, Truro and Ottawa, one each.

WARRED AGAINST BUYING AEROPLANES FROM THE GERMANS

Geneva, July 19.—Via London, July 20.—Swiss newspapers today warn Swiss firms against buying German airplanes or aeroplanes at low prices owing to the exchange rate.

It is stated by the newspapers that these aircraft are the property of the Allies, according to the Treaty of Versailles, that buyers and sellers are liable to fines aggregating 100,000 marks, and that machines are liable to confiscation.

STOPS STOMACH GAS Prevents Fermentation Aids Digestion

If fermentation of food in the stomach can be prevented, you go a long way towards stopping the most frequent ailment of the day. Doctors who have studied the formula of Dr. Hamilton's Pills say it would be difficult to find a remedy better adapted to stomach ailments. After once using Dr. Hamilton's Pills the stomach is cleared of the sour, fermenting matter that causes gas, heartburn, indigestion and headaches. You will be pleasantly surprised at the smooth, easy way in which Hamilton's Pills tone up the liver, kidneys and stomach.

It's really wonderful! The improvement in appetite, in complexion, in general well-being that results directly from the use of Dr. Hamilton's Pills! They stop dizziness, fullness of the stomach, indigestion, they correct constiveness, bad dreams and blotchy skin.

To strengthen the muscular system, to bring a keen edge to the appetite, elasticity to the step and brightness to the eyes, nothing can compare with Dr. Hamilton's Pills. Sold everywhere in 25c boxes.

HE FEELS LIKE AN ENTIRELY NEW MAN

Declares He Can Say Nothing Too Good For Tanlac After What It Did For Him

"Tanlac has made me feel like an entirely new man, and there's nothing too good to say about it," said James G. S. Rumble, bricklayer, 621 Jubilee Avenue, Winnipeg.

"Three years ago I was in the hospital with a bad case of diphtheria, and was laid up for seven weeks. It left me in such an awful condition that I couldn't lay a brick for three months, and when I did start back to work again it was all I could do to plod along. My appetite was so poor that I ate barely enough to keep going, and I was so weak I could hardly drag one foot after the other. At night I would lie awake for hours at a time, and in the mornings I didn't even feel like starting to work. My condition was simply miserable, and I didn't know which way to turn for relief.

"One day I ran across an old fellow worker whom I hadn't seen in several months, and he was looking so much better that I didn't even recognize him. When he told me it was Tanlac that had put him in such splendid condition, I made up my mind right there to try it, and I bought a bottle that very day. Well, sir, the results were simply amazing. For I began to pick up right away, and now after taking five bottles I'm feeling just fine.

"My appetite is so good that nobody gets more pleasure out of eating than I do, and I can eat just anything set before me. I have already gained eleven pounds in weight, and I'm putting on more every day. At night I sleep sound, and I get up in the morning full of strength and energy, and ready for a big day's work.

"I'm certainly thankful to Tanlac for what it has done for me, and I believe it will help anybody else suffering like I did if they will only give it a trial."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

AUSTRIAN-SOVIET PRISONER EXCHANGE

Vienna, July 19.—Via of London, July 20.—The agreement recently reached between Austria and Soviet Russia to exchange prisoners apparently entered into the diplomatic and political fields.

The text as published here shows it provides for the establishment of commissions by each country, these commissions to have plenipotentiary powers, with the provision of free wireless communication in code and unhampered travel.

It stipulates that Austria is to maintain strict neutrality in the war against the Soviet, even to the extent of a prohibition upon transport of troops and material through Austrian territory.

REFUGEES FLEEING BEFORE BOLSHEVIKI

Warsaw, July 19.—Via London, July 20.—It is estimated that 100,000 refugees who have fled from districts invaded by the Bolsheviks are being fed one meal daily by the American Relief Association. In a majority of the regions the Association is co-operating with the Polish Red Cross.

Thousands of refugees are arriving daily. They are being distributed through Poland by the Association. Most of them come from the typhus districts.

The Polish Government has appointed Colonel Harry I. Gilchrist, of the United States Medical Corps, to take charge of the points where the refugees are assembled.

PENNSYLVANIA RAILROAD TO CUT DOWN ITS STAFF

Philadelphia, July 20.—It was announced here yesterday afternoon that the Pennsylvania Railroad planned a ten per cent. reduction in its working force this week. The road's announcement said that in the eastern region between 11,000 and 12,000 workers would be laid off. J. G. Rodgers, vice-president of the northwestern region at Chicago said the reduction applied only to the eastern region, but a reduction in the northwestern territory was under consideration.

MUCH GRAIN TAKEN BY SOVIET TROOPS

Warsaw, July 19.—Via London, July 20.—The Poles are withdrawing to the south and southwest from the railway junction of Lida, which has been occupied by the Bolsheviks.

This Bolshevik sweep across Lithuania is giving the Soviet forces possession of a rich harvest, as they are occupying thousands of acres planted by the Poles. The grain and hay now standing in stacks. The Polish population is fleeing before the Bolshevik onrush.

The food in the warehouse at Bialostok for children fed by the American Relief Association is being loaded for shipment to a safer place.

It is said in Polish quarters that the retreat on the northern front is being continued in an orderly way. All the Bolshevik attacks along the south front have been repulsed. The Soviet troops have been repeatedly attempting to break through here, with Lemberg as their objective. Their attempts, however, have been unsuccessful.

Special Offerings at Mallek's

All the women in Victoria know the high standard of quality maintained throughout our entire stock. They also know that our prices are always the lowest. Read these money-saving specials:

Wool Scarfs at \$6.50
Brush Wool Scarfs, with pocket and belt, \$10.50 and \$13.50

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" stamped on tablets positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Joint Pain, and Pain generally. Handy tin boxes containing 12 tablets cost but a few cents. Drugists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer, the public is often misled by cheap imitations. Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

BRITISH AGENTS IN SMYRNA DISTRICT

Smyrna, Asia Minor, July 15.—via London, July 20.—British commissioners visiting the Smyrna district and other parts of Turkey occupied by the Greek army are trying to quiet the uneasy Moslem population and stem the exodus of Turks, which is assuming alarming proportions. British assurances that there will be no repetitions of the massacres which occurred when the Greeks originally occupied Smyrna under the Supreme Council's order have not quieted Turkish unrest.

BRITISH CONSIDER MANNIX AND IRELAND

London, July 20.—The question as to whether Most Rev. Daniel Mannix, Archbishop of Melbourne, Australia, shall be barred from Ireland in view of his recent utterances in the United States is under consideration by the British Government. This statement was made by Rt. Hon. Andrew Bonar Law, the Government spokesman, in the House of Commons yesterday afternoon in answer to a question as to whether the Government would not prevent Archbishop Mannix from visiting Ireland because his presence and speeches might be likely to increase the difficulties already existing. Mr. Bonar Law evaded answering when asked by a member of the House whether representations had been made to the Vatican regarding the speeches of Archbishop Mannix.

FISH CANNERY AT FAR NORTH POINT

Vancouver, July 20.—Ten expert cannery workers left Vancouver Saturday for Black Bay, Athabasca, where the Mackenzie Basin Fisheries Company is installing a large cannery at an initial expenditure of \$700,000. Reports from the Arctic Slope have been so good as to the quality of fish available in those waters that the Mackenzie Company decided to put a cannery at the most northerly point possible.

NOT ALLOWED TO RUN AS REPUBLICAN

St. Paul, Minn., July 20.—Rev. O. J. Kvale, of Benson, is disqualified as the Republican candidate for Congress in the Seventh Minnesota district in a decision filed here today by District Judge Albert Johnston, who heard the suit contesting Kvale's nomination. Congressman Volstead, author of the Prohibition Enforcement Act, who was defeated by Kvale in the June 21 primary, is declared in the decision to be the "fully nominated candidate of the Republican Party."

BY ACCLAMATION.

Fort William, Ont., July 20.—Hon. Harry Miller, Ontario Minister of Mines, was declared elected by acclamation to the seat in the Legislature for this constituency, the by-election having been rendered necessary by his elevation to the Cabinet. There was no opposition.

TERMINAL CITY'S CREMATION PROBLEM

Hindus Request Permission to Continue Funeral Rites in Open Air

Vancouver, July 20.—Following the recent action of the City Council in notifying the local Hindu colony that no further open-air cremation of bodies would be allowed in the plot hitherto reserved for that purpose in the Mountain View Cemetery, a petition was presented to the Health Committee from the Khalsa Diwan Society strongly protesting against this action on the part of the Council. A representative of the society also waited on the Committee in reference to the suggestion that the Hindus might use the crematorium at the cemetery for their funeral rites. He urged the Aldermen not to interfere with the Hindu religious rites, for their religion required that these rites be performed in the open-air. That was why they objected to using the crematorium. The Aldermen have passed the question back to Dr. Underhill, City Medical Health Officer, to endeavor to arrange a satisfactory solution and report to the committee again.

HER CASE SEEMED HOPELESS

But "Fruit-a-tives" Brought Health and Strength

25 St. Rose St. Montreal. "I am writing you to tell you that I owe my life to 'Fruit-a-tives.' This medicine relieved me when I had given up hope of ever being well. "I was terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-tives' and tried them. After taking a few boxes of this wonderful medicine, made from fruit juices, I am now entirely well." MADAME ROSINA FOISIZ. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

COARSE WOOL ON HARD IN ARGENTINA

Great Quantity of Coarse Grades Now Awaiting Purchasers

Buenos Ayres, July 20.—The cessation of the demand for coarse grades of wool for army uniforms and the refusal of average people, in spite of the high cost of living, to buy clothing made of the coarse grades, has left Argentina with more than 200,000,000 pounds of almost unsaleable wool in its hands, according to a local manufacturer of woollen cloth interviewed by La Nacion. This huge quantity is being increased during the shearing season. As the production of wool in this country is growing year by year, the problem of selling the coarse grades is considered very serious. One reason for the situation is that formerly the Argentine sheep breeders had thought more of the quantity of wool, with the result that their stock became mixed and the consequent wool coarse and not uniform.

HEATED SESSION OF ZIONIST CONFERENCE

London, July 20.—The Zionist conference here yesterday adopted the recommendation of the Committee of Forty on Palestine property ownership, providing that all land developed such as a hotel or factory be declared the property of the Jewish people and that the control of this property be gradually assumed by the Jewish state.

This recommendation, made in the majority report of the committee submitted yesterday morning, was approved amidst a great uproar raised by Socialists who favored the minority report. The minority recommendation was that land and property be declared immediately the property of the Jewish state, and that private ownership and speculation be forbidden.

Adolph Bohm, an Austrian delegate, presented the majority report, which developed such a heated discussion in Yiddish that Baron de Rothschild, who presided, maintained order with difficulty. The Socialists, who favored the minority report, shouted in many languages and insisted on a roll call, which the chair was forced to grant during which confusion lasting an hour, during which delegates rose and waved their hats, shook their fists and overturned chairs. The roll call was frequently interrupted by heated arguments. It resulted in the Socialists losing by 125 to 74. The announcement of the vote revived the confusion. Baron Rothschild gave up the chair to Louis Lipsky, declaring that the uproar had caused him to lose his voice. Lipsky brought the house to order by permitting B. A. Rosenblatt to explain the American vote, which, with the exception of two votes, was against the Socialists.

MARTIAL LAW WAS PROCLAIMED BY POLES

Warsaw, July 19.—Via London, July 20.—Martial law was proclaimed along the Polish-German frontier after Polish troops had stopped a detachment of their uniformed German men endeavoring to cross west of Posen. The proclamation also followed the arrest of several Communists in Posen who were accused of placarding the city with signs reading: "Poland will fall." It was said that the Communists were sympathizers with a German faction which designed to seize Posen if the advancing Bolsheviks should threaten Warsaw. Communists have been threatening at Warsaw, Lemberg and Lodz.

WINNIPEG CAR MEN WANT HIGHER PAY

Winnipeg, July 20.—By a majority of eight and with about 200 men not voting, the Winnipeg street car men voted against accepting the ten per cent. increase in wages offered them by a board of arbitration. The vote was 41 against accepting the award and 473 in favor. Another ballot is to be taken this week on the question of forming a union with a demand for a twenty per cent. wage increase. Company officials say that the ten per cent. increase would raise their operating expenses \$200,000 per annum, and claim that this could be met only by increased fares.

The ardent enthusiast had involved his Philistine friend to the rescue by an eminent pianist. The programme was severely classical and of lavish length. During a pause, to allow the virtuoso to extract his hair from his eyes before returning to the attack, the enthusiast whispered ecstatically: "Wonderful isn't it? What do you think of his 'Execution'?" "I'm for it," growled the Philistine. "But I'm afraid some idiot like you will not like a composition." —The Bites.

NEWS AND NOTES OF THE MINES

Canada's Output.

The total estimated value of the metal and mineral production of Canada in 1919 was \$173,076,913, which is less than the total value reached during each of the three preceding years. The production in 1918 valued at \$211,301,897, a decrease of \$38,225,984, or 18 per cent. is shown:

The metallic production in 1919 was valued at \$114,549,152, which fell in 1919 to \$72,461,529, a decrease of \$42,147,223 or 36.8 per cent. Gold is the only metal of which there was an increased production. The fall-off in the quantities of other metals varied from 9.5 per cent. in zinc to nearly 52 per cent. in nickel. The total value of the non-metallic production including clay and quarry products in 1919 was \$106,574,084, as compared with \$95,722,745 in 1918, showing an increase of \$10,851,339, or 4.1 per cent. The cement, clay and stone products alone were valued at \$25,754,582, as against \$18,709,799 in 1918, an increase of \$7,044,783, or 37.4 per cent. The total value of non-metallic products other than structural materials was \$74,919,382, as against \$77,012,946, a decrease of \$2,102,564, or 2.4 per cent.

Copper.

The production of copper in 1919 amounted to 75,124,653 pounds (37,562.3 tons) which at the average price in New York of 16.91 cents per pound, would be worth \$1,260,491,549, as against 118,769,434 pounds (53,984.7 tons) valued at \$23,250,536, or an average of 24.62 cents per pound in 1918; showing a decrease of 26.7 per cent. in quantity and 52.9 per cent. in total value. The 1918 production had been the highest since 1911. That of 1919 is the lowest since 1911.

Of the total production 54,320,132 pounds were contained in blister copper and in matte produced in Canada, part of which was refined at Trail, B. C., and Port Colborne, Ont. The balance being exported for refining and 20,804,471 pounds estimated as recovered from ores exported to United States smelters.

The total production of refined copper in 1919 was 2,447 tons, practically all produced at the electrolytic refinery of the Consolidated Mining & Smelting Co. at Trail, B. C. A few tons were also produced at the refinery of the International Nickel Co. of Canada, at Port Colborne, Ont. The major part of the copper production at this point is in the form of blister. The production of refined copper in 1918 was 3,869 tons and in 1917 it was 3,901 tons.

The production from British Columbia was 44,388,934 pounds valued at \$2,296,749, as against 42,955,681 pounds, valued at \$15,482,560 in 1918. The production included 26,774,800 pounds recovered as blister copper, refined copper and copper sulphate, and 17,614,134 pounds in the estimated recoveries from ores exported to American smelters.

Gold.

The total production of gold in 1919 amounted to 767,167 fine ounces valued at \$18,514,749, as against 699,681 fine ounces valued at \$14,462,689 in 1918, an increase of 9.64 per cent. Of the total 1919 production, 104,253 ounces, or 13.6 per cent. was direct from placer or alluvial mining; 532,238 ounces, or 69.4 per cent. was in the form of Bullion; 47,611 ounces raised by Socialists who favored the minority report. The minority recommendation was that land and property be declared immediately the property of the Jewish state, and that private ownership and speculation be forbidden.

The British Columbia production in 1919 amounted to 185,819 ounces, valued at \$3,417,447, as against 180,163 ounces, valued at \$3,724,300, in 1918. The production for the last four years has been much below the usual production of five and six million dollars per year.

Lead.

The production of lead in 1919 is estimated at 42,895,888 pounds, valued at \$3,057,748, or an average price of 6.96 cents per pound, as against 51,398,002 pounds, valued at \$4,554,315, or an average price of 9.250 cents, showing a decrease of 14.60 per cent. in quantity, and 35.64 per cent. in value. The values are calculated on the average price of lead in Montreal.

The lead production represents the quantity of refined lead and pig lead produced in Canada from the treatment of Canadian ores, together with the lead estimated as recovered from ores exported to the United States.

The 1919 production included 15,446 tons of refined lead produced at Trail, B. C., and 720 tons of pig lead produced at Galletta and Kingston, Ontario.

The lead ores exported amounted to 10,015 tons with a metal content of 10,437,351 pounds of lead and were derived mostly from the mines of East and West Kootenay and Columbia, supplemented by shipments from Notre Dame des Agnes, Quebec.

Nickel and Zinc.

The total mine shipments of lead ores and concentrates were about 57,813 tons, containing approximately 40,400,000 pounds of lead.

The total production of nickel in 1919 amounted to 44,452,953 pounds. The production of zinc was 58,415,053 pounds. The total production of marketable coal during 1919 (comprising sales, colliery consumption and coal used in making coke, or used otherwise by colliery operators) was 15,586,300 short tons valued at \$4,051,720, or an average of \$3.88 per ton, and was with the exception of 1916 the lowest tonnage production since 1912. The total value, however, on account of higher prices was but little less than that of the previous year, which had been the highest recorded.

Belleve, Alice Arm. C. W. Calhoun, a mining man from the Alice Arm District, has just returned from the North, having started a number of men working on the Belleve property, for the Alice Arm Consolidated Holdings, a private company composed of Vancouver business men.

A number of very high grade veins of silver-lead ore have been discovered on this property, averaging around 200 per ton, picked samples running as high as \$1,000 to the ton, and the present work is being undertaken with the view of ascertaining the available tonnage. In addition to the veins already mentioned, Mr. Calhoun reports an absolutely new discovery during the last two weeks of a thirty-foot mineralized dyke showing several veins of high grade ore, which may develop into a very important strike.

The Alice Arm Consolidated also own a large number of other promising properties in this district, including the Surprise Group immediately adjoining the famous Dolly Varden mine. A number of new discoveries of importance are reported to have been made on the Moose property, Royal Group and North Star on the Kitsuut River, as well as one on the Illance River at Copper Creek, carrying high values in silver.

Unicorn Group.

A strike of high-grade ore has been made at the Unicorn group, east of the Big Meadows, Stewart Camp, in a tunnel that is being driven to cut ore uncovered on the surface at depth. The ore-body has been met earlier than was expected, which leads to the supposition that either this is another body of ore that does not crop to the surface or that the ore-body is considerably bigger at depth.

Coking At Anxok.

The coking ovens installed at Anxok by the Granby Consolidated Mining & Smelting Company for handling Cassidy coal, have proved a big success. From 430 tons a day of this coal there are being produced 300 tons of metallurgical coke, while the by-products recovered include 4,000 gallons of coal-tar, 800 gallons of motor fuel and five tons of ammonium sulphate daily. At the present price of motor fuel the value of this daily production will be recognized.

The coal tar is shipped to a Vancouver company for the manufacture of creosote, while the ammonium sulphate is available for the production of other ammonium salts for industrial uses. The present rate of consumption of Cassidy coal, namely, 430 tons daily, is the capacity of the ovens, while the percentage of recovery of by-products is very high, and proves beyond doubt the suitability of Cassidy coal for treatment in the Anxok ovens.

Bell At Beaverdell.

An oil-driven, two-drill compressor is to be installed at the Bell mine, at Beaverdell, and a two-and-a-half-ton motor-truck, to convey ore to the railroad, is to be added to the equipment of the mine.

Trail Development.

J. J. Warren, President of the Consolidated Mining & Smelting Company, speaking to the Vancouver Board of Trade delegation last week, stated that the output of the plant was sufficient to supply twice the Canadian demand for pig lead and the entire demand for pig lead, and would in the near future be in a position to supply the demand for copper. With the completion of the power line to the West Kootenay Power & Light Company from Anacosta to the American Copper corporations at Copper Mountain in August or September, 125,000 pounds of copper concentrate would be shipped to the smelter at Trail daily. He told of the zinc plant, in which the company had invested \$3,000,000, and which had supplied 20,000 tons of zinc to the British Government during the war when zinc was imperatively needed. He also praised the efforts of the smelter's technical staff.

Cement in Japan.

This 10-Day Test

Has shown millions the way to white teeth

All statements approved by high dental authorities

This is how millions have found the way to whiter, safer teeth. You see the results on every hand—perhaps in teeth you envy. Send now for this simple ten-day test and see what your own teeth show.

Why teeth discolor

There is on your teeth a viscous film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. That film is the teeth's great enemy. It dims them and destroys them.

The tooth brush fails to end it, for the ordinary tooth paste cannot dissolve it. So for months between your dental cleanings it may do a ceaseless damage.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea—a trouble which few escape.

Dental science has for years sought a way to fight that film. Five years ago the way was found and convincing tests have proved it. Now leading dentists everywhere advise it, and millions of people have been led to employ it.

The method is embodied in a dentifrice called Pepsodent—a tooth paste considered ideal by authorities. It is believed that its use will create a new dental era.

Supplied on request

A ten-day tube of Pepsodent is now sent to all who ask—up to 10,000 people daily. This is done to let everyone know quickly what it does.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

Pepsin must be activated, and the usual agent is an acid harmful to the teeth. That is why it long seemed barred. But science has found a harmless activating method, so it can be daily applied to the film.

Two other new factors in tooth protection are also combined in Pepsodent.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears. A ten-day test will be a revelation.

Compare this new method with the old. Then let the clear results decide what is best for you and yours. Cut out the coupon now.

The New-Day Dentifrice

A scientific film combatant which, after 5 years' tests, is now advised by leading dentists everywhere

Ten-Day Tube Free

MACDONALD'S "BRITISH CONSOLS" An old friend In a new form In Tins containing 3lb.50c

ECZEMA The price of cement on the domestic market was only 1.2 per cent. less, but at present it is 1.14 per cent. less. Notwithstanding the high price, cement companies are busy filling new contracts with southern countries. Should Japan's Budget for the present fiscal year be passed in the forthcoming extraordinary session of the Diet, the Government will start various public works, and in view of this stockholders are generally firm.

Victoria Daily Times

TUESDAY, JULY 20, 1920. Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY, LIMITED.

Office: Corner Broad and Fort Streets. Business Office (Advertising) Phone 1099. Circulation Phone 2348. Editorial Office Phone 45.

SUBSCRIPTION RATES: City Delivery \$1.00 per month. By mail (exclusive of city) Canada and Great Britain \$3.00 per annum. To U. S. A. \$7.00 per annum. To France, Belgium, Greece, etc. \$1.00 per month.

FOUNDING ALONG.

Hon. Arthur Meighen, the new Premier, who in his speech on the budget painted a pathetic picture of the helpless condition to which Great Britain had been reduced because she declined to surround herself with a high tariff wall.

One of these articles points out that British total export trade for the first half of 1920 amounted to almost three and one-half billion dollars, or approximately one and one-half billion dollars more than the amount of exports for the first six months of 1919.

Continuing the New York company asks, "how has Great Britain in so short a time after the war, succeeded in making so great a recovery of her world trade?"

A week or so ago Otto Kahn, the well-known American financial authority, on his return from London rather startled New Yorkers with the statement that American industry would have to organize soon to meet a formidable invasion of its home market from Great Britain.

PLENTY OF SUGAR.

According to a statement of the Detroit and Windsor Ferry Company sugar has been leaving Windsor during the last few days for the American side in truckload quantities. That is not all; grocers in the Ontario city are able to retail any quantity to their customers at the average price of twenty-two dollars for one hundred pounds.

A COSTLY BUSINESS.

Great Britain's expenditures on naval and military operations in Russia since the signing of the armistice with Germany twenty months ago have amounted to no less a sum than \$55,973,000.

As in all cases of military or naval intervention in Russia, however, the figures point once more to the truth that the nation which sets out to invade that country with any hope of success must provide for an army of not less than five million and a treasury behind it capable of standing the strain until the last band of organ-

ized peasantry agrees to throw up the sponge. This is the basic reason why it is so desirable that peace be restored between Poland and Russia.

NEW PARTIES.

Both sides in the presidential fight across the line profess to be supremely confident of victory. Both, however, are scanning the horizon, more or less anxiously, for complications in the form of new party eruptions.

New political alignments and nomenclature may come in the United States within the next year or two, as they have developed in other countries during the last four or five years. Indeed, this is bound to happen in the natural order of things, because political development in the big republic is in a state of transition, as it is everywhere else on the globe.

NOTE AND COMMENT

Swiss newspapers are warning Swiss firms against buying German airships or aeroplanes at low prices on the ground that, as the legal property of the Allies under the provisions of the Treaty of Versailles, they are liable to confiscation with the imposition of a fine upon the purchaser.

When the Hon. J. D. Reid and Mr. D. B. Hanna visited Victoria nearly two years ago both gentlemen assured the Board of Trade delegation that this city would be converted into the gateway of business for the Canadian National system of railways at an early date.

Turner's Weekly commenting upon the result of the Oliver-Elliott libel suit, has the following to say: "Men who take public office should realize that they are going to be subjected to much abuse, and prepare to make the best of it rather than prepare to go to law over it."

OTHER NEWSPAPERS' VIEWS

A GOOD SPORTSMAN.

Without suggesting that the popularity in British courts of W. T. Tilden, the U. S. A. lawn tennis representative, will equal the late Captain Wilding's, we may be certain that the public will love him if he continues to "play the game" as he played it at Queen's Club on Saturday, when he lost the final to his fellow-countryman, W. M. Johnson.

MANY A TRUE WORD SPOKEN IN JEER.

The customer approached the grocer with all the humility in her make-up, and nervously asked when she might expect to get her delivery of the goods she had ordered.

FINDS NUGGETS IN LEACH RIVER

Wealth Hidden From Old Miners For Years Found at Leachtown

Gold excitement over the possibilities of another stampede to the old diggings of the Leach River has been revived by the discovery of hidden wealth and nuggets in the sands of the river there by James Rennie, local garage owner and automobile salesman.

Mr. Rennie a couple of weeks ago went off on a week-end holiday trip up the Leach River. On this trip he passed through the Leachtown camp, famous over half a century ago, and by accident learned of the riches that the sand is still supposed to contain.

Two elderly men were found to be working the river bed. They have been there for some time. After an examination of the river bed, Mr. Rennie returned to Victoria. Last week with proper pans he set out to test the sands. Most of the sands around Leachtown are said to have been worked out.

Mr. Rennie collected his "wash" and brought the nuggets to Victoria in a bottle. He has turned the gold over to a jeweler to be assayed, retaining for himself the secrecy of the exact location of the gold hole.

MORE PAY PROPOSED FOR RAILROAD MEN OF STATES

(Continued from page 1.)

The award of the Board says in part: "The Board assumes as the basis of this decision the continuation in full force and effect of the rules, working conditions and agreements in force under the authority of the United States Railroad Administration. The intent of this decision is that the named increases, except as otherwise stated, shall be added to the rates of compensation established by the United States Railroad Administration."

Details.

The increases follow: Passenger service—Engineers and motormen, firemen and helpers, eighty cents a day. Conductors, ticket collectors, baggage men, flagmen and brakemen, \$30 a month. Suburban service passenger employees, \$30 a month. Freight service—Engineers, firemen and helpers, \$1.94 a day. Conductors, flagmen and brakemen, \$1.04 a day. Superceding rates established by the Railroad Administration, the Board fixed the following schedules: Yard service—Engineers, firemen and helpers, 18 cents an hour. Foremen, \$6.88 a day; helpers, \$6.48; switch tenders, \$5.64. Hostler service—Outside hostlers, \$6.24 a day; inside hostlers, \$5.60 a day; helpers, \$5.04. The following increases were awarded for shop employees: Supervisory forces—Machinists, boilermakers, blacksmiths, sheet metal workers, electric workers, powdermen, moulders, cupola tenders and coremakers, including those with less than four years' experience, all crafts, thirteen cents an hour. Regular and helper apprentices and helpers, all classes, thirteen cents an hour. Car cleaners, five cents an hour. Telegraphers, telephone operators,

PASTORAL LETTER BY CARDINAL BEGIN

Quebec, July 20.—(Canadian Press).—Cardinal Begin, on the occasion of his return from Rome, has issued a pastoral letter in the form of a message in which he speaks highly of the Province of Quebec. Referring to Bolshevism and strikes of all kinds which are affecting all parts of the world, the Cardinal adds that if the Province of Quebec has been able to obviate these difficulties, it is due to the moral standard which exists here, based on the traditions which make of the Province an example of progress without revolution.

HUNTING THE HAT

Once a year Mrs. Tooodle visited her great-aunt. As Mr. Tooodle was left to look after himself, his wife pictured him wandering about the house after matches, studs, articles of clothing and such-like domestic oddments, and she gave him plentiful instructions—which he hardly ever followed—and told him to write if he found himself in difficulties. One day she received a wire: "Where's my straw hat?" She replied: "Dear George—I think I put it on the top shelf of the oak chest in the second floor front bedroom. If not, it may be under the hall table or in the small black trunk in the attic, or in the white box under the bed, or

ART EXHIBITION
FORMALLY OPENED

Fine Collection Now Hangs
For Public View at
Buildings

Examples of the water-colorist's art from the beginning of the last century down to the present time are included in a choice water color loan exhibition which opened at the Parliament Buildings yesterday afternoon. The exhibit will be open to the public from 9 to 5 o'clock during the day, and on the evenings of Monday, Wednesday and Saturday weekly, so that it is anticipated that a large number of people will view it.

Brigadier-General Ross, G.O.C., M. D. II, formally opened the exhibition, and noted, with no little satisfaction, that the homes of Victoria held so much that was beautiful in the way of water color paintings.

John Fursyth, President of the Provincial Arts and Industrial Institute, which is holding the exhibit, expressed the hope that it might be but the forerunner of a permanent art gallery in Victoria.

Following the formal opening, a number of people inspected the fine collection. Among the visitors was His Honor the Lieutenant-Governor, who was accompanied by his secretary, H. J. S. Muskett.

The exhibition is the second effort on the part of the Provincial Arts and Industrial Institute to place art within the reach of the public. In selecting the pictures to be hung members of the Institute have displayed rare discrimination and artistic judgment, for it is understood that many more pictures were offered than could be hung. A review of the exhibition appeared on Saturday.

How to Make Them Wear Longer

There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why

Sunlight Soap

purest and best of soaps, was first evolved, years ago—to wash clothes gently but thoroughly, without rubbing—the special "Sunlight" way. It's easy to do the washing yourself if you—

Insist on getting the Soap you ask for—**SUNLIGHT SOAP.**

TORONTO

Social Program

A large number of friends gathered at the home of Mrs. Alfred Marooni, 1244 Oscar Street, on Saturday night to participate in a shower given in honor of Miss Nellie Wood, whose marriage will take place on Thursday. Winnie and Madge Marooni presented the bride-elect with a basket, covered with shasta daisies, containing many useful and pretty gifts, accompanied by the good wishes of Mesdames Laine, Terry, Lively, Duncan, Wood, Ely, Frith, Ralch, Field, Marconini and McQuade, and the Misses E. Corbett, J. Duncan, M. Jones, L. Corbett, D. Laine, D. Field, N. Wood, A. Field and O. Corbett. The evening was spent very pleasantly in singing and dancing. Miss Wood is the second daughter of Mrs. Wood of Victoria, and late of Gateshead-on-Tyne, England, and is to marry Donald, second son of Mrs. Corbett of Victoria.

At the Presbyterian Church Vestry at 3:45 yesterday afternoon, the Rev. J. Gibson Inkster solemnized the marriage of Miss Nellie Wood, daughter of Mrs. Wood of Victoria, to Donald, second son of Mrs. Corbett of Victoria. The ceremony was held in the presence of a large number of guests. The bride wore her traveling suit of blue Jersey cloth with small hat en suite. Mr. and Mrs. Revercomb left on the afternoon boat en route for California, where the honeymoon will be spent, and will later make their home at the Park Apartments.

The following ladies will accompany the Imperial Press Conference party, which is expected to arrive in Victoria at the latter end of August: Lady Burnham and maid, Lady Jones, Lady Carr, Mrs. Hurd, Lady Newell, Mrs. Powell, Mrs. Morrell, Mrs. Graham, Mrs. Mitchell, Mrs. Isaacs, Mrs. Greaves, Mrs. Lovelock, Miss Lovelock, Mrs. Laneswell, Mrs. Kirwan, Mrs. Saunders, Miss Blair, Mrs. Delisser, Mrs. Pink, Mrs. Fairfax, Mrs. Denison, Mrs. Davies, Mrs. Knight, Mrs. Lays, Mrs. Jones, Mrs. Penn and Mrs. Hutchinson were among the ladies in the press party which passed through Victoria on Saturday en route to Ottawa.

Local military circles were well represented at the performance of "Dandy Dick" at the Pantages Theatre last evening, among those noticed in the audience being Brigadier-General and Mrs. Ross who were accompanied by Mrs. Bensonette, Lieut.-Col. and Mrs. Lorne Ross, Col. and Mrs. Bennett and Mrs. D'Arcy Martin, Major and Mrs. W. H. Nelson, and Miss Clara Nelson, Major and Mrs. Sisman, the Dean of Columbia and Mrs. Quainton, Mr. and Mrs. J. J. Shalleross, Mr. and Mrs. Curtis Sampson and others.

The Bishop of Columbia, who with Mrs. Schofield is in London for the Lambeth Conference, was the speaker at a drawing room meeting held at the residence of Viscountess Hambleton in Grosvenor Place last week by the members of the Columbia Diocesan committee of the British Columbia and Yukon Church Aid Society.

Mr. and Mrs. Tonkin, and their daughter, Miss Majorie Tonkin, who resided in Victoria prior to removing to Salt Lake City, Utah, have arrived in the city on an extended vacation and have taken the residence of Dr. Harold Eberhart, on Pemberton Road, for the next few months.

Mr. and Mrs. Edwin M. Brown, of

St. Ann Street have returned home after a ten day motor tour of Vancouver Island, in company with Mrs. Lola Bell of Victoria. Mr. and Mrs. H. W. Baker and family of Vancouver, and Mrs. Sterling Schroder, of Walsh, Alta.

Rev. P. E. Baisier and family, of Grace English Lutheran Church, have returned from Seattle, where they attended the annual convention of the Pacific Synod of the Lutheran Church and the Woman's Missionary Society of the Synod. Mr. Baisier reports large building plans to be carried out this year by the Pacific Lutheran Theological Seminary on the splendid ten-acre plot at Seattle. A Lutheran college is to be established on the territory of the Synod in the near future.

Recent arrivals at the Brentwood Hotel include: Charles H. Farrow, of Vancouver; Mr. and Mrs. D. K. Dickinson and Miss Helen Dickinson, of Chicago; Mr. and Mrs. M. H. Dickinson, Master Don M. Dickinson, of Seattle; Mr. and Mrs. John Devine, of Vancouver; Major and Mrs. Fowler, of Vancouver.

The patients of Craigdarroch Hospital will be entertained by the members of the Gonzales Chapter, I.O.G.E., at a tea to be given at the Royal Victoria Yacht Club, Upland, on Friday afternoon. It is hoped that as many members as possible will attend and help to entertain the men.

Mrs. Jonathan Rogers and Miss Margaret McNeill, of Vancouver, were among the women presented to the King and Queen at the recent Court held at Buckingham Palace, London. The former was presented by Lady Curzon and the latter by her mother, Mrs. Wm. McNeill.

Mr. and Mrs. Dennis Cox, of Oak Bay, have come over to Vancouver, where they will remain for the next two months. During their stay in

VICTORIA BOY IS AWARDED I.O.D.E. SCHOLARSHIP

Frederick James Brand, of High School, is Son of Late Soldier

ONE OF FAMILY OF FIVE ORPHANS

The first scholarship awarded in British Columbia under the I.O.D.E. war memorial education scheme has been granted to a Victoria boy, Frederick James Brand, of 925 North Park Street, a student of the Victoria High School.

Members of the Order as well as the general public will share in the committee of selection's gratification at the selection of this boy for the first honor under the I.O.D.E. scheme. The lad, who is now fifteen years of age, is the second of a family of five orphans, whose father, the late George Brand, died as the result of illness contracted while serving overseas with the Canadian Medical Corps, while the mother died early in 1914.

Principal's Tribute.

Of a particularly bright and studious disposition, Frederick James Brand has already distinguished himself in the school career although so young in years. He passed second in the recent Junior matriculation examinations of the High School and no greater character of student qualifications can be paid than in the following letter from ex-Principal Smith, which was sent to the I.O.D.E. committee of selection in company with the boy's application for the scholarship:

"I have known Frederick James Brand as a student of the Victoria High School for the past three years, and knowing the family circumstances have always taken rather a personal interest in him. His mother died in the winter of 1914, leaving five children, of which Fred is the second. His father joined up for overseas shortly after, and after a considerable period of service, contracted an illness which resulted in his death. The family were thus left orphans. Since that time the three youngest children have been taken by their grandparents in Scotland and Scotland and Fred have stayed in Victoria to complete their high school course. Fred is a credit boy, both as regards character and academic attainments, one that will do up to the I.O.D.E. as the holder of the scholarship. From my personal viewpoint I hope that he will be successful in securing it as I am anxious that he should have means of carrying on his studies in the University."

Term: Scholarship.

The scholarship is for four years at any Canadian University and carries a grant of \$250 for the first year, which will probably be raised to \$350 for the remaining three years. Young Brand has elected to stay at the Victoria Arts College for the first two years on account of his extreme youth, and will proceed to one of the universities for the remaining two years of the scholarship.

When interviewed by Miss A. B. Cooke, the Municipal educational secretary, the I. O. D. E. Mrs. David Miller and Mrs. Andrew Wright, of the Municipal Chapter, last week, the boy was pathetically anxious as to the success of his application. Keenly desirous of equipping himself with a good education, so that he may assume his share of the responsibility of three young sisters, who are now living with their grandparents in Scotland, he has always applied himself diligently to his studies, as his recent success in the matriculation examinations prove. Now his hopes and desires for a university training are promised fruition.

Impetus to Scheme.

The I. O. D. E. War Memorial educational scheme represents one of

the biggest undertakings ever attempted by the Order and was designed primarily to assist the children of fallen and disabled soldiers to an education worthy of the sacrifice which their fathers made in the great war. Considerable criticism, inevitable in any scheme of this magnitude, was waged before the plans finally came down to a practical basis. While the first care of the Order will be for the dependents of soldiers, it is hoped that in time the scheme will grow into a vast Empire-wide movement embracing the founding of chairs of history in the leading universities and the interchange of students from all parts of the Empire.

The excellent judgment shown by the committee of selection in its choice of this orphan for the first award in British Columbia should impart an impetus to the scheme and encourage the local members of the Order to renew their efforts for the raising of the necessary funds required to carry through a memorial of this magnitude.

GOVERNOR TALKS TO W.C.A. GIRLS

Sir Alexander Weigall Strikes a New Angle of Feminism

Sir Alexander Weigall, the new Governor of South Australia, speaking the other day at the opening of the Girls' Week Campaign in Adelaide for the W. C. A. funds, admitted that in recent years women had taken a new place in national life both in Great Britain and in the Dominions. "I am free to confess," he went on, "that two years before the war, by vote and by voice, I strenuously opposed the introduction of women into our Parliamentary and national life at home. Napoleon said that the man who never made a mistake never made anything. I made my mistake, and I rectified it (Laughter and applause). I never knew how much latent national power women had until they were put to the test. As a mere man, I can only say that we are profoundly grateful, not only for the example the women had shown, but for the real, practical efforts that the nation was compelled to make. The Y. W. C. A. propegand His Excellency opened a new avenue for the girls of this generation, a wide, useful avenue lying in the direction of efficiency, not only from the domestic point of view, but from the national point of view. In relation to the latter aspect of the question, he was perfectly certain that homes made people rather than the people made homes. Environment had an enormous effect on the outlook of the girls, and the Y. W. C. A. was doing magnificent work in creating that atmosphere. Some one, he forgot who, had said that a woman had four duties—as daughter, sister, wife and mother. "Wowserism."

"It is perfectly easy to fit yourself entirely for those duties," Sir Archibald added, smiling, "fully and freely, without becoming what I believe is called in this country a 'wowser' (Laughter.) I think one of the saddest things I have seen at home, time and again, is that the really worthy people—people immersed in what are called good works—always surround themselves in an atmosphere of what we call 'frownsiness' (Renewed laughter.) They seem to imagine that, having given their energy to enthusiasm to what they are pleased to call good works, they are absolved entirely from turning themselves outward, from making themselves attractive and from generally surrounding themselves with an air of cheerfulness. There is no reason why the Y. W. C. A. girls should not become the best of daughters, sisters, wives and mothers, and at the same time be extremely jovial, cheerful companions to go through life with. (Applause.)"

Women Haters.

"There are some, I believe, who are women haters. I have not lived very long, but I have seen a good many phases of life, and I am perfectly certain that given average physique and mentality, the man who says he has never been influenced by the opposite sex is either inhuman or a hypocrite. (Laughter and applause.) The greater portion of my life to-day is under the sway of a tyrannical influence, and the lady is six years old." There was a fresh outburst of laughter at this reference to his little daughter, Priscilla, which was increased when Lady Weigall's musical voice was heard to add, "I must say that's perfectly true." The Governor proceeded to explain that the judgment of his tyrant was based on the fact and declared that he was quite prepared to remain under that sway. He concluded by expressing the hope that the Y. W. C. A. girls would never forget that it was "up to them," not only to be efficient on the really serious side of life, but to do their duty to themselves, and to their neighbors by turning themselves out as well as possible.

Like domestic, good and pure. Like small should keep behind the door. But not like small with silver track. Place all her health upon her back.

West Saanich Institute. — The West Saanich Women's Institute held their monthly meeting at the home of Mrs. W. O. Wallace, Brentwood. After business, Mr. H. T. Ravenhill very ably addressed the meeting on the Navy League. It has been decided by the directors that there will be no card parties held during the months of July and August on account of warm weather.

St. John's Garden Party.—The St. John's Church garden party held recently was a most decided success and the ladies of St. John's Senior Guild wish to express their very great appreciation and thank to Mrs. J. H. Todd and Capt. and Mrs. J. H. Gillespie for their very great kindness in throwing open their beautiful adjoining gardens and homes for the garden party; also to all who by donations or in any way helped to make it so great a success.

A MUSICAL FEAST

Perfect peace reigned in the Browns' household. The head of the family, his day's work over, was reading, in blissful anticipation of the evening meal which Mrs. Brown was busy preparing in the kitchen. The gentle stillness was suddenly broken by eerie sounds, apparently coming from the next house—a weird moaning, developing into heartrending wails and harrowing shrieks. Mr. Brown jumped up.

"It's Mrs. Wood's confounded gramophone playing Tosti's 'Good-bye!'" he cried, "Lizzie—go to his eldest daughter—'go and implore her to stop it! Tell her I'm ill—tell her we're all ill, anything you like, only make her leave off!"

The child obediently hurried out, and two minutes later came rushing back.

"It's not Mrs. Wood's gramophone, dad," she said, "it's the Murphy's down the street, opening a tin of corned beef!"—Tit-Bits.

Seal Brand Coffee

Nothing else will do

No other can compare with Seal Brand. Made only from the finest mountain-grown beans, which have developed slowly, absorbing goodness from the air, the sun and the luxurious soil of the cool wonderful Tropic Uplands.

OBITUARY RECORD

Mrs. Margaret Hogarth Naden, wife of George R. Naden, Deputy Minister of Lands, passed away yesterday at the age of fifty-three years, at the family residence, 1254 Yates Street. The late Mrs. Naden was a native of Chatham, Ontario, and had been a resident of this city for the past three and a half years. She is survived by her husband, one son and one daughter, all of this city. The funeral will take place from the Thomson Funeral Home, 1625 Quadra Street, proceeding to the First Presbyterian Church, where service will be held at 2:30. Rev. John Gibson Inker officiating.

At the residence, 2002 Chambers Street, this morning, the death occurred of Mrs. Anna Amelia Anderson, wife of E. A. Anderson, at the age of 83 years. She was a native of Germany and had been a resident of this city for the past thirty-two years. She is survived by her husband, one daughter and two grand-children. The funeral will be held from the B. C. Funeral Chapel on Thursday at 3:45. Interment will be made at Ross Bay Cemetery.

The remains of the late Albert Tapley were laid to rest in Ross Bay Cemetery this morning. The Rev. H. Fatt officiated at the funeral service at the B. C. Funeral Chapel at

10:20. Many beautiful flowers covered the casket. The hymns sung were "O God Our Help in Ages Past" and "Nearer My God to Thee." The pallbearers were Messrs. G. W. Young, E. Waude, H. F. Young and W. Hunt.

Leslie McCoy, son of the Rev. Joseph and Mrs. McCoy, passed away at noon to-day at the Knox Presbyterian Parsonage, 1458 Begbie Street. The funeral announcements will be made later.

The funeral of John Robt. Gunn, little son of Mr. and Mrs. Donald B. Gunn, of Saanichton, took place yesterday afternoon from the Thomson Funeral Chapel at 2 o'clock. Rev. Thos. McLeod officiating, and the floral tributes were very beautiful. Interment took place in Shady Creek Cemetery, Saanichton. The following were pallbearers: J. Alton, A. P. Fryatt, J. Brown and W. Herman.

HELPED CIVILIZE CITY
Woman Has Not Been Out of Victoria For Quarter of Century.
"Have you been in B. C. for six months?" the registrar at the Central Bureau for registration of voters asked a woman at noon to-day.

"For six months?" she gasped. "For heaven's sake I haven't been out of here for twenty-five years. I have helped to civilize it, anyway."

Although the registration staff has been cut down to three and all booths except the central registry in the old St. Francis Hotel, Yates Street, closed, registrants still drop in and decide that they would like to vote.

LOOKING FOR MINERS
Coal Mines Need 300 Men; Work Held Up By Lack of Qualified Coal Getters.
Coal miners are at a premium on Vancouver Island, according to an announcement to-day by Sergt-Major Pearce, D. C. M., who is placing returned men in good jobs.

FARE QUESTION TO GO TO COMMISSION
Adopting what appears to be the only course possible under the circumstances, the B. C. Electric Railway Company has formally notified the Board of Railway Commissioners to refer the street car fare dispute to the Board of Railway Commissioners for settlement.

There were several passengers in the non-smoking compartment, one of them a fussy old lady who carried a small dog on her lap. At one station a man got in and sat opposite the lady in question. He had not been there long before he pulled out a blackened old clay pipe and began to smoke.

TRAFFIC RULES TO BE CHANGED

Council Advised to Prohibit Down-town Parking of Automobiles

A new traffic by-law, which will put Victoria traffic under regulations considerably different from those that prevail at present, will be recommended to the City Council before the end of the month, Alderman Sargent, chairman of a special committee charged with the task of drawing up a new ordinance, announced this morning.

LOOKING FOR MINERS
Coal Mines Need 300 Men; Work Held Up By Lack of Qualified Coal Getters.
Coal miners are at a premium on Vancouver Island, according to an announcement to-day by Sergt-Major Pearce, D. C. M., who is placing returned men in good jobs.

NEW SURVEY OF BRIDGE LAND IS NEARLY COMPLETE

Progress Blocked But City Confident of Start by September 1

With many matters in dispute at present blocking the progress of the whole bridge project, a new survey of the land which the city intends to expropriate for the installation of the new Johnson Street Bridge, has been ordered, and is almost complete, Mayor Porter announced to-day.

And while the Mayor announced that the expropriation proceedings were being held up on account of a number of circumstances, Alderman Sargent, who oversees the Engineering Department, expressed the assurance, that in spite of the present troubles, a start would be made on the installation of the viaduct by September 1, the date provided in the Bylaw.

More Trouble.
"The owners of the land," the Mayor observed, "will refuse to deal with us, and though the whole project is surrounded with difficulties there is no question the points will work out in the end. The land, too, by the way, that the dispute with the Marine and Fisheries Department about the site of its new building still remains unsettled."

By Day Labor.
Alderman Sargent replied that he was confident that a start would be made by the specified date. It would be possible, he said, for the City Council to authorize a commencement on the bridge approaches by day labor and not by contract. By the time this work was done the contract probably would have been let and the main work under way.

It is understood in this connection that when tenders are submitted for the construction of the bridge, the City Engineer will submit a tender along with those of private contractors. "I presume that the Engineer will submit a tender," said Alderman Sargent, "and if it is lower than any other, I, for one, am prepared to let him install the bridge himself."

SHAWNIGAN LAKE NEWS.

Shawnigan Lake—Ideal weather, an immense crowd of visitors, and a splendid programme of sports all contributed to making Saturday one of the most eventful days in the history of Shawnigan. It is estimated that there were in the neighborhood of fifteen hundred people at the Lake on Saturday. Between three and four hundred motored both from Victoria and also from Duncan District.

Great deal of praise is due the Shawnigan Lake Athletic Association for the attractive way in which the flags, boat-houses, hall and so forth were decorated. The long lines of floats and steamers of bunting lent a very festive air to the lake and did much toward making the regatta a success.

Among the guests who registered at Pen-y-wern Lodge during the week were Mr. and Mrs. W. N. Kennedy, Henry T. Ward, Miss Ward, Victoria; Miss Elva G. Leach, H. White, Vancouver; Mrs. Arthur Lee, Miss Winifred Lee, Dr. Howman, Miller and wife, Victoria; F. Hamilton, Crofton; A. W. Mable, A. A. Major, Victoria; Geo. L. Grant, Nanaimo.

There are several passengers in the non-smoking compartment, one of them a fussy old lady who carried a small dog on her lap. At one station a man got in and sat opposite the lady in question. He had not been there long before he pulled out a blackened old clay pipe and began to smoke.

LIBRARIAN WANTS FINANCING OF PUBLIC LIBRARY SERVICE

Miss Stewart Unfolds Views to Kiwanis Club; Plea For Thorough Education

Miss Helen Stewart, Librarian of the City Public Library, held the attention of the assembled Kiwanians to-day at the regular Kiwanis Club luncheon with a spirited address on the subject of "Co-operation," being a plea for closer relations between the library system of education and the business men of the country.

Miss Stewart opened her address with the comment that there were thousands of men out of work in Western Canada, chiefly, she contended, because they were not able to find positions for which they had been trained. There were also thousands of acres of idle land, teeming with the natural resources of the productive country. Co-operation with the idea of connecting the idle men with the idle land was the only solution which would bring progress, she continued.

Skimming the Cream.
"All of them are skimming the land and taking the cream of our resources for their own individual good, without the slightest benefit to the country as a whole. When these sources of wealth have been milked dry, we turned to real estate and wildcat schemes of speculation, trying to get rich quickly," said Miss Stewart.

Awakening Coming.
"But we are beginning to realize to-day that we have neglected our boys and our girls in this mad rush to get rich quick. We are beginning to realize the criminal wastefulness of these schemes. Not only have we wasted our resources, but we have neglected to teach our boys and girls the knowledge that would enable them to take advantage of the opportunities we missed."

Education System.
Miss Stewart then branched off into a resume of the work of the present system of education, in which she said she was proud of our education to-day, where we send our boys and girls through public and high school, with a year or two at our business colleges, give them \$65 a month to teach other children when a deckhand on the Princess Alice gets \$85 a month! We say that we are a civilized nation and we prosecute the parents for not educating their children to school. We are proud of our educational system to-day, when the boys and girls have gone through school, we turn them out to read what?—Mutt and Jeff—as far as I can see.

Phone 1876. Blouses, Lingerie and Corsets, 1878. First Floor 1877. Sayward Building Douglas Street

there to get in touch with the latest advances in the knowledge of the world. Co-operation is needed to bring progress to the civilization of to-day," concluded Miss Stewart.

C's Entertainment.
The entertainment was in the hands of the C's to-day, who under the leadership of Gilbert Christie, conducted the musical numbers. Two Shovaks every hamlet over a certain population must keep a collection of books, showing the knowledge of the world.

DON'T KICK!
There ain't no use in kickin' friend, When things don't come your way; There ain't no use in kickin' friend, And grumbin' night or day. The thing to do is start your feet, Cut out your little white shoes, And when they ask you how you are, Just say, "I'm feelin' fine."

A public library is not a place where books are conserved, but should be a place where the knowledge of the world is read and used by the citizens of the world. We have a mountain children not as civilized as the world, as they should be to-day. We pride ourselves on being Anglo Saxons, while even in Czechoslovakia every hamlet over a certain population must keep a collection of books, showing the knowledge of the world.

There ain't no use in kickin' friend, When things don't come your way; There ain't no use in kickin' friend, And grumbin' night or day. The thing to do is start your feet, Cut out your little white shoes, And when they ask you how you are, Just say, "I'm feelin' fine."

Submarines, Acquired to Protect Coast Are For Sale Now

Tenders Invited By Government For Submersible Craft Which Fooled German Fleet Hovering Off Straits During the Early Part of the War.

Purchased in the early days of the war to defend the British Columbia shores against an anticipated attack by the German Asiatic squadron off this coast, the two famous submarines acquired in a hurry by the Dominion Government have outlived their usefulness and are now in the market.

An advertisement is now appearing in the press inviting sealed tenders for the purchase of submarines C.C. 1 and C.C. 2, now lying at the navy yard at Halifax. The C.C. 1 is 144 feet long, 15 feet beam, with a surface displacement of 310 tons and a submerged displacement of 373 tons. The C.C. 2 is 151.6 feet long, 15 feet beam, with a surface displacement of 310 tons and a submerged displacement of 373 tons.

Tenders for the purchase of these submarines will be received by the Department of Naval Service, Ottawa, up to noon August 23.

Two submarines were built at the plant of the Seattle Construction & Drydock Company under contract with the Electric Boat Company, of New Jersey, to the order of the Canadian Government. They were known as the Iquoque and Antiofaga.

Early in 1914, when Victoria was threatened by raid by the German cruisers the Canadian authorities opened negotiations with J. V. Patterson, president of the Seattle Construction & Drydock Company, and the two vessels became the property of the Canadian Government.

For a time they remained stationed at Esquimalt, but after the destruction of the Falkland Islands it was decided that the craft would be more useful on the Atlantic coast. They were sent to Halifax via the Panama Canal, conveyed by the mother ship Shearwater, and have since remained at the Eastern station.

SHORTAGE OF FUEL OIL IN AUSTRALIA

American Shipping Interests Advised to Divert Oil-Burners From Route

Washington, July 20.—American shipping interests are warned of a fuel oil shortage in Australia in a report received by the Department of Commerce to-day from the American consul at Sydney, suggesting the advisability of diverting oil-burners from the Australian trade. The consul reported that recently two American steamships, the Lorraine and the Circinus, had been forced to lay up at Sydney to have coal-burning equipment substituted for

Real-Fruit Desserts The Rarest Sort

The only gelatine dessert which has fruit-juice flavors sealed in glass is Jiffy-Jell. No artificial flavor can take the place of fruit. For Jiffy-Jell the fruit is crushed, condensed and sealed in vials. A bottle of this liquid essence comes in ten flavors. Try loganberry and pineapple for tart salad jell. Try mint for a refreshing mint jell.

Cuticura For Skins That Itch, Burn and Scale

Bathe the affected part with Cuticura Soap and hot water. Dry gently and rub on Cuticura Ointment. This treatment is usually best on itching and redness. For every purpose of the toilet, bath and nursery the Cuticura Soap and Ointment are ideal. The Soap to cleanse and purify, the Ointment to soothe and heal.

JAPAN CONSIDERS RETALIATORY PLAN

Shipping Companies Suggest Bar Against American Vessels at Japanese Ports

Retaliation against the merchant marine policy of the United States is being considered by the Japanese Government. It is reported in Japanese advices that the memorial will recommend the steps which the shipping companies believe the Government should take against the new American policy. The principal points of these recommendations, it is believed, will be that the Government should take measures to protect the Treaty of Commerce and that retaliatory measures should be adopted. The Japanese shipping companies insist that the new shipping policy of the United States is at variance with the provisions of the Treaty of Commerce and they urge the Government to take steps to lodge a protest with the United States Government on this point. The shipping companies suggest a retaliatory law which would prohibit United States vessels from entering Japanese ports.

May Withdraw. According to the Japan Advertiser the Osaka Kaisha are seriously considering withdrawal of at least a number, and probably all, of their vessels from routes to the United States, as soon as the Jones bill becomes effective. Manager Atsumi, of the Yokohama office of the Osaka Kaisha, is credited with the intention of these companies to make a strong bid for the trade with South America, South Africa, India, Australasia and Europe, and to abandon the United States trade.

Mr. Atsumi believes that this action will be a severe blow to Japanese exporters as the withdrawal of Japanese steamers will leave the entire business in the hands of American shipping interests without competition and will have a tendency to make freight rates higher. He says that the large steamship companies of Japan will not suffer as much from the American prohibition as the smaller companies, because the steamship companies are able to seek other routes, but the exporters will be compelled to trade with the United States.

To Escape Rate. In order to escape the preferential freight across the Panama Canal, it is being planned to take freight offerings to the Eastern States direct to New York, via the Panama Canal. It is also planned to give as much as the possible via Vancouver and to coal at that port.

The Yokohama Exporters' Association held a meeting in Yokohama recently to consider ways and means of handling the problem. Representatives of the larger steamship companies were present and were invited to make a statement on the importance of the bill to give advice in regard to the proper course to take when the law becomes effective. It was decided at the meeting to appoint a special commission to work in the interests of the exporters. This commission is to be instructed to co-operate with exporters' associations in other large cities in Japan. It was also agreed to cable at once to connections in the United States and to consignees advising them of the importance of the bill and to prevent the bill from taking effect. The petition is to be presented to the Government requesting that the question be taken up at the present session of the Diet, and that the various consular officials in the United States be instructed to use their influence to assist Japanese trade.

HERO OF CHANNEL RAIDS RETURNS HOME

Among the passengers arriving on the Nippon Yusen Company's R. Bourke, of Nelson, B.C., who won the Victoria Cross, Distinguished Service Medal and Legion of Honor for bravery in the Ostend-Zeebrugge raids.

ADRIFT TEN DAYS. Halifax, July 20.—After drifting about Cabot Strait for ten days and ten nights in a leaky launch, with practically nothing to eat, Captain Sam Swaine, with his crew of two, has been landed at North Sydney by the coasting steamer Stella Maria, which ran into them off St. Paul's Island two days ago.

BRAVERY OF CREW RECOGNIZED

The British Board of Trade has recommended that the crew of the British tanker Lux Blanca, sunk by an enemy submarine off Halifax, August 5, 1918, be awarded a clasp for their encounter with the underwater pirate. The vessel carried a crew of 34 men and was commanded by Captain Thomas. The Lux Blanca was formerly operated on this coast.

CANADIAN EXPORTER FROM AUSTRALASIA

Cadets From Victoria Will Sail on Next Trip of Canadian Importer

The Canadian Exporter, second vessel of the Canadian Government Merchant Marine to complete her maiden round voyage to Australia, picked up her pilot off here at 4 o'clock this morning and proceeded to Vancouver. Both the Canadian Exporter and the Canadian Importer, which preceded her, are products of the Coughlan apparatus at Vancouver. The Canadian Importer is now at Vancouver completing cargo for her next outward voyage to Australasia. Cadets to Sail. The Canadian Importer will take out this voyage a couple of cadets from Victoria supplied to the Canadian Merchant Marine through the local organization of the Boys' Naval Brigade.

The boys in question are George R. Newell, son of G. N. Newell, 340 Craigflower Road, and William R. Nunn, son of Robert Nunn, 2336 Lee Avenue. The two youngsters will leave by to-night's boat for Vancouver to join the Canadian Importer, which is posted to sail for New Zealand and Australia July 23. The band of the Boys' Naval Brigade and their comrades will escort the two cadets to the wharf and give them a rousing send-off as they embark for the Mainland. The Navy League has supplied a number of boys to the Canadian Pacific Ocean Services, Ltd., to serve as ordinary seamen aboard the Empress liners; but Newell and Nunn are the first boys to leave to train as officers cadets in the Government steamship service. The Navy League is now open to receive a limited number of applications from boys from 14 to 18 years of age who wish to train preliminary to going to sea as cadets.

Crew Strikes for More Pay

The time used is Pacific standard, for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The Bureau for height service distinguishes high water from low water. Where blanks occur in the table the tide rises or falls continuously during two successive tidal periods without turning. The height is in feet and tenths of a foot, above the average level of lower low water. To find the depth of water on the sill of the dry dock at any tide, add 19 feet to the height of high water as above given.

Table with columns: Day, Sunrise, Sunset, Hour Min. It lists sunrise and sunset times for various days in July 1920.

SHAMROCK WINS RACE FOR CUP

little forestaysail, which hauled her by Resolute and at one time gave her a lead of more than half a mile. This triangular sail was set on a mainstay leading from the mast to the bowsprit to a block about two-thirds the distance to the crossrees. It was full all the time and proved a wonderful reaching sail, especially with the No. 1 jib topsail out forward. Favored with a little luck in picking up the breeze, Shamrock had a good lead on nearing the first mark.

Shamrock's elapsed time to the first mark was 2:12.40, and Resolute's 2:16.15. Shamrock's lead at the first mark in that time was three minutes, thirty-five seconds, without taking into consideration the time allowance of seven minutes and one second which she must give Resolute on the entire course.

More Wind. The wind breezed up more to the northwest. Resolute substituted a No. 2 jib topsail for her balloonier, while Shamrock clung to her No. 1 until a mile away from the mark, when she shifted to a smaller sail. At 2:40 p. m. Shamrock was leading and had set a baby jib topsail. After sailing half a mile, Captain Adams, on the American sloop, changed to No. 1 jib topsail and hauled down his jib. Shamrock rounded the first mark at 2:53.25, followed at 3:24.1 by Resolute.

At 3 o'clock, the yachts had sailed about three miles on the second leg, with Shamrock leading by half a mile. Yachting experts conceded that at this time Shamrock had a chance to win within the time limit. Half Time. At 3:15, with half of the time limit expired, the yachts had sailed half the course and Shamrock was leading by fully a mile. The race became exciting at 3:30, when Shamrock was shooting along picking up favorable gusts and nearing the second mark within two hours and three quarters in which to finish the race.

At 4:05 the wind shifted to southward. This put Shamrock well to weather and in a fine position to make the mark, while Resolute was to leeward and only able to reach it hard on the port tack. Shamrock shifted sails. Sandy Hook, N. J., July 20.—Interest in to-day's race for the America's Cup centred not only on whether Resolute or Shamrock IV would win, but on whether Captain William P. Burton, aboard the Lipton craft, would make a showing that would warrant Sir Thomas keeping him in command of the challenger.

Disappointment was reported to have run high among the Lipton forces after Saturday's contest. It is understood that Captain Burton asked for another chance and that this was granted him. With the score one to nothing in favor of Shamrock, because of withdrawal of the American sloop in the first race after her mainsail had fallen almost to the deck, the crew of Resolute were confident to-day that they would be able to win three out of five races. From the other side came word that Sir Thomas was sure his Irish Shamrock had the sailing qualities needed to capture two more contests.

As to-day's contest is really a re-sailing of Saturday's race, the yachts will have another triangular course with ten miles to a leg. Bigger Club Topsail. Shamrock IV will use a larger club topsail in to-day's race and as a result she will be required to give Resolute a time allowance of seven minutes and one second, or twenty-one seconds over the previous allowance. The new handicap was fixed following a re-measurement of the challenger's canvas. An eight-knot breeze from the northwest and a rolling sea were the weather and water conditions at 8 a. m. "It's hardly what we want to show

REPAIRS WANTED

A village worthy was dissatisfied with the quality of milk supplied to him, and complained about it to the farmer.

"Bad quality feeding and poor herbage," was the explanation given.

"I don't think," muttered the complainant, "doubtfully. Then he was suddenly inspired.

"Where do you milk your cows?" he asked.

"In the farmyard, of course."

"That is when it's fine. But what do you do when it rains?"

"Milk 'em in the cowshed," came the prompt reply.

The worthy paused for a moment and then looked fixedly at the farmer.

"Well, look here; I'll give you a bit of advice if you want to steer clear of the police court," he said, savagely. "I make no distinctions, mind you, but repair that cowshed roof." —Tit-Bits.

BRIEF LOCALS

New Telephone Exchanges.—Seventy-three new telephones were added in Victoria during the month of June, making 12,339 in the city on July 7. Sixteen were added in Duncan, and eleven in Nanaimo.

Prize List Out.—The prize list for the big fair, which the B. C. Agricultural Association will stage at the Willows in September, has been issued. Copies are available at the City Hall, and can be secured from Mayor Porter's secretary, Miss Kathleen O'Rourke.

"Grand Army" Meets.—At a meeting of the Grand Army of United Veterans, held last night in the Knights of Pythias Hall, with Comrade E. J. McLernan in the chair, a resolution was passed inviting Frank Gioima, M.P., to address the body at a future date. Thirty-five additional members were enrolled at the close of the meeting.

May Rebuild Offices.—Plans for the construction of a series of brick office buildings, to replace those that were destroyed by fire at Work Point Barracks some years ago, have been forwarded by the Department of Public Works to Ottawa. It was announced yesterday. Pending approval of the government, nothing definite is known, but should approval be granted the work is likely to proceed at once.

Hear of Convention.—At its weekly luncheon on Thursday, the Victoria Rotary Club will be told about the big international Rotary convention at Atlantic City, recently by F. B. Scourah, who was one of the club's delegates to the gathering. During the meeting a number of members will be asked to speak on "What I Would Do If I Were Starting Over Again."

Invents Parlor Baseball.—Captain Clark of this city, has invented a new indoor game, known as "parlor baseball," which is now on the market. The game is ingeniously worked out, and is said to afford much amusement to the baseball "fans." It is said for it that the parlor baseball will be capable of making all the plays that are seen on the field, and that the local ball players, when they saw the set, declared it to be first class, with the added advantage of the absence of umpire.

Discuss Railway Matters.—A meeting of the council of the Board of Trade has been called for Friday morning at 10.30 o'clock, to discuss what representations that body will make to the visiting railway officials and the persons of the Hon. D. R. Reid, Minister of Railways and Canals, and D. B. Hanna, chairman of the Canadian National Railway, who are due here shortly. The railway officials are coming to Victoria by way of Prince Rupert and are expected to arrive on Sunday. Matters in connection with the railways affecting local conditions are to be taken up.

Concert At Esquimalt.—The Women's Auxiliary to the G. W. V. A. have arranged to hold a concert to-night at the Esquimalt Hospital, when Canon Hinchliffe will be the chairman and the following artists will assist: Mrs. Waller, Miss Palmer, Miss McDonald, and Arthur Gore, vocal selections; Mrs. McCauley, recitations; while Mrs. A. J. Gibson will officiate as pianist. Members of the Auxiliary have been asked to meet at the corner of Admiral's and Esquimalt Road at 7.30 and bring refreshments.

Open Air Meetings.—The Young People's Society of Emmanuel Baptist Church held the first of a series of open air meetings at the Willows Beach on Monday evening. Seated around a huge campfire, the society was addressed by the Rev. Ernest Chave, who gave a very interesting and instructive talk on "Having Fun." Mr. Chave, who has spent some time overseas with the Y.M.C.A. gave several demonstrations of group games. After the meeting a vote of thanks was tendered to Mr. Chave. A very enjoyable evening was spent by all present.

His Sloop Has Won Two Victories; Sir T. Lipton

SOME NOTES ON MODERN CRITICAL AND SOCIAL BOOKS AT VICTORIA LIBRARY

By Edna Marwick.

The perpetual process of adjustment between East and West looms in the background of every effort to secure a basis for a permanent world peace. This is a statement made by Mr. Fisher in his new book "India's Silent Revolution." Shall India follow the trend of her racial ties and the influence of the Anglo-Saxon culture which has already taught her to yearn for a Magna Charta of her own? Shall she remain in spirit and influence an Aryan people? Or shall she cross the divide and throw in her three hundred millions, with all their man-power and resources, to become a true "Asian among Asians?"

Another recent volume, throwing light on the Eastern question, bears the daring title, "The Far East Unveiled," and comes from the pen of Frederic Coleman. It concerns itself chiefly with the inter-relations of Japan and China. In the days of so many pro-Japanese and anti-Japanese books, this frank and impartial criticism is refreshing and reasonable, written, as it is, in an informing, readable manner. Much of the political and commercial information is of value to business men interested in Japanese trade relations.

A Palestine that will not be simply a "glorified Ghetto," but will be recognized "on the broad platform of democracy" is the plea of Professor Jastrow in his book, "Zionism and the Future of Palestine." Zionism, he says, is part of the movement for the reassertion of nationalities, and he points to the fact that the Jews furnish a singular illustration of a people "commingling with all the nations of the world without losing their identity." The author discusses the religious, economic and political phases of the subject, and he is honest in his argument throughout and fair in the presentation and interpretation of facts.

Economic problems nearer home are discussed in Professor Leacock's new book, "The Unsolved Riddle of Social Justice." The author, says one reviewer, "seems to know how average educated people think and feel about the present state of society, and to have an unusually good idea of how to write for persons who do not know much about political economy." Professor Leacock suggests some sane and forward-looking remedies, and proposes a feasible middle course, half-way between "laissez-faire" and Socialism.

Can an air service be made safe? Can it be made reliable? Can it be made to pay? From the standpoint of the scientist, the business man and the enthusiast all these questions are answered in the affirmative in a recent book, "Our First Airways," by Claude Grahame-White and Harry Harper, two experts who have studied aeronautics from its very inception. All the latest information on this fascinating subject is here.

In the realm of poetry a recent book is "The Sacred Years," by Dora Sigerson. Her title poem is a masterpiece of the horrors of war, says a critic. The verses are full of heart-break, but always beneath them lies the mystical quality of Irish genius. The author died in January, 1918, stricken by the Irish tragedy. It was said of her that "the rebellion killed her almost as surely as if she had stood with the rebels in O'Connell Street."

TOWN IN IRELAND SCENE OF FIGHTING

Disorders Followed Killing of Two Policemen; Damage By Fire

Tuam, County Galway, Ireland, July 20.—There was promiscuous shooting and several buildings were burned, including the Town Hall, in an outbreak here early this morning, which resulted, according to townspeople from the killing of two policemen near Tuam last evening.

The firing began at five o'clock, arousing the inhabitants and driving them to shelter. Later fires were started in different parts of the town, doing £100,000 damage, according to press reports.

The military forces were called out but were soon withdrawn.

The number of casualties was unknown up to this afternoon.

REINFORCEMENTS SENT BY BRITISH TO MESOPOTAMIA

London, July 20.—Large reinforcements for the British troops have been moved from India to Mesopotamia to cope with the Arab revolt there. It was announced in the House of Commons to-day by the Rt. Hon. Winston Spencer Churchill, the Secretary of State for War.

Mr. Churchill said there was no reason for anxiety regarding the position. The British garrison at Romeika was holding out and was being supplied by air.

LUXURY TAX IS SUBJECT OF PROTEST

New Westminster, July 20.—Dissatisfaction with the luxury tax which has been the burden of every retailer's meeting since its inception, took form at the morning session of the B. C. Board convention of the Retail Merchants' Association of Canada to-day when a sweeping resolution was introduced by the subject. The resolution is under consideration this afternoon and may go on to the Dominion convention, which will open in Vancouver on Thursday, and thence to Ottawa, where it is hoped it will ring the death knell of the impost.

A SIMPLE SERMON.

There's only one method of meetin' life's test: Just keep on a-tryin' an' hope for the best.

Don't give up the game an' retire in dismay 'Cause hammers are thrown when you'd like a bouquet.

This world would be tiresome, we'd all get blues If all the folks in it held just the same views: So finish your work; show the best of your skill.

Some folks won't like it, but other folks will.

If you're leadin' an army, or buildin' a fence, Do the most that you can with your own common sense.

One small word of praise in this journey of tears Outweighs in the balance 'gainst cart-loads of sneers.

The plants that we're passin' as commonplace weeds Oft prove to be just what some sufferer needs.

So keep on a-tryin'; don't stay standin' still.

Some people won't like you, but other folks will.

—Tit-Bits.

SHAMROCK HAS TWO RACES TO CREDIT

One More Victory Would Move America's Cup to Old Country

Sandy Hook, N. J., July 20.—Shamrock IV, to-day won another race from the American defender Resolute and needs only one more victory to lift the America's cup.

It was a neck-to-neck race, with the result resting almost on seconds. Resolute had about a minute and thirty seconds to make up on the last stretch of ten miles and for a time it appeared she would be able to do so. Her chances, however, began to dwindle with the wind showing signs of flattening out when the Lipton craft was within three miles of the Ambrose Channel Lightship, the finishing mark, and going easy.

Shamrock finished at 5.37.53 p. m., and Resolute at 5.46.50, unofficial time.

Shamrock's Lead.

Shamrock finished by two minutes and 24 seconds, official corrected time, ahead of Resolute.

The official finish times were: Shamrock, 5.38.06 p. m.; Resolute, 5.48.11 p. m.

Burton's Triumph.

Steamship Victoria, July 20.—Today's race was a triumph for the sailing qualities of the Shamrock and the searcraft of Captain Burton, whose courage and skillful handling of the challenger was admired by experts aboard the Victoria. His prowess was especially admired on two specific occasions, firstly, when by a bold stroke, he succeeded simultaneously in sailing closer to the line and nearer his course, and secondly, by setting a small forestaysail below the jib topsail, a movement unexpected by experts.

This gave Shamrock a much stronger delivery in the light breeze than the Resolute, which still was using a balloon.

FRASER MAY FLOOD 10,000 ACRES; MORE DYKE GAVE WAY

Matsqui, B. C., July 20.—The flood damage along the Fraser River, already serious, was added to this afternoon when a forty-foot section was broken from the upper end of the Matsqui dyke. It is feared 10,000 acres may be submerged. Efforts are being made to divert the flow.

FINED \$500.

Vancouver, July 20.—George Bower, charged with unlawfully selling liquor, was this morning fined \$500 in the police court. The sale was made at the Homer Street warehouse of the Canadian Pacific Wine Company. Officer Mitchell, of the dry squad, securing a case of whisky for \$56. Liquor to the reputed value of \$200,000 was subsequently seized and the question of its confiscation led to much argument in court. Magistrate South reserved a decision on this point until Friday.

YOU do not require to be a connoisseur of music to select from the many music reproducers the one supreme phonograph.

Your ear will decide. The superb tone of the Sonora captivates the hearer at once.

The Sonora is an instrument of many refinements and improvements. It plays all makes of records. Its motor, superb cabinet work, tone modifier, automatic stop, are features that every prospective phonograph purchaser should know about.

Coach Dan O'Sullivan is Responsible for Success

Performance of Bays at N. P. A. A. O. Regatta Most Notable in History of Rowing; Crews Placed in Every Event; Success of 140-Pound Crews Augurs Well For Future of Rowing Here.

During the progress of the N. P. A. A. O. regatta at Shawnigan Lake last week-end the name of the man responsible for the brilliant showing of the J. B. A. A. crews was entirely lost sight of. In the excitement of the races and the showers of congratulations which swamped the victors, few people thought of the man who had made possible this great series of victories, probably the greatest showing ever made by a club in a North Pacific regatta.

But now the tumult and the shouting has died away there is time to pay tribute to the man who made victory possible. This man is none other than the veteran coach Dan O'Sullivan, who, once a fine oarsman himself, has in recent years devoted much of his time to give Victoria a club of oarsmen which would bring honor to her. Dan has developed a style of rowing in the club which has made its crews conspicuous in all races, and while there may be some who contend that there are prettier forms the fact remains that Dan's boys swept everything before them in the last regatta, which amply justifies the veteran coach's system.

Placed in All Races.

Victoria achieved something which no other club has ever done in an N. P. A. A. O. regatta. She was placed in every race. Four firsts and three seconds is a wonderful showing and one of which Coach O'Sullivan should feel extremely proud. Of course the failure of the senior fours in the classic event of the regatta was a hard blow to everyone and in particular to the coach. Because of Portland's victory Dan has almost made himself believe that he is a failure. But that is entirely wrong. It was the inexperience of Moses that caused the Bays' back, but then had

the Bays rowed true to form they may not have beaten Portland, although everyone hoped that they would. It is something to the coach's credit that he developed Moses, an eighteen-year-old boy, sufficiently in one year to give him a seat in the senior fours without having previously rowed a race.

Coach O'Sullivan achieved his most notable victory, however, in a class where he probably did not expect it. That was with the 140-pounders. He built up two crews of practically even strength and drilled them. Most of the boys were green when they started this year, but they showed form during the regatta which brands them as the most promising oarsmen. Victoria has ever turned out. Johnson's crew of youngsters outrowed three heavier junior fours in the junior race and simply romped away with the 140-pound class. In both instances the crew easily beat the Portland fours. The other 140-pound crew stroked by MacLachlan, broke an out-rigger on Saturday while rowing a dead heat with Johnson's boat.

The Time to Educate.

It is with the youngsters that a coach's work can be judged. If he can whip raw material into shape and make a winning crew inside of one year then he is a success as a coach. When it comes to coaching seniors who have probably rowed under various coaches and have adopted a style to which they adhere through thick and thin, the work becomes more difficult. The crews always want to have something to say about their own boat. With the juniors, however, his coach reigns supreme. So when people are passing their stamp of approval or disapproval upon the work of Coach O'Sullivan they should not forget what the youngsters, Billie Kennedy and Kent and MacLaren accomplished. They are out of the Bays' school.

Breaks Against Them.

All through the regatta the breaks were against the Bays. The link

Future of Amateur Lacrosse Trophy in Doubt by Victoria's Withdrawal From Competition

THE MANN CUP

made its appearance in the junior fours when Frost broke a rowlock on the third stroke. On Saturday both 140-pound crews got into trouble. Temple's seat rolled off the slides and Riddell broke an outrigger. Then Moses' hat became bothersome and in attempting to brush it aside he caught a crab.

FINE TENNIS LOOKED FOR BEFORE FINALS

Many Crack Players Gather at Vancouver For B. C. Mainland Championships

Vancouver, B.C., July 20.—Although some of the visiting players competing in the B. C. Mainland Tennis Championships that opened at the Vancouver Lawn Tennis Club courts yesterday were a little unsteady during their first matches, not being accustomed to the grass courts on which the tournament is being held, there was ample evidence that the meet will return some high-class tennis before the finals are reached.

CONGOS HAVE TWO LEADING BATSMEN

Collett and Lock Have Good Average; Wilkinson, of Five C's, Is Best Bowler

Two Congo players, J. Collett and H. Lock, are the leading batsmen in the Victoria and District Cricket League and G. Wilkinson, of Five C's, is the leading bowler, according to averages made public yesterday by F. C. Sealey, secretary of the league. Following the two leading batsmen are three Incoqs players, and below them the players of the different clubs are scattered about.

Mann Cupholders Have Withdrawn From League

Traveling Expenses Too Heavy For Local Lacrosse Team; Have Experienced Considerable Trouble In Fielding Team; Fans Have Not Been Liberal With Patronage.

Lacrosse fans in this city will no doubt be shocked when they learn that Victoria has withdrawn from the Pacific Coast Amateur Lacrosse Association. This action was taken at a meeting of the association held at Vancouver on Saturday, after Ed Christopher and Bob Melnes, the local delegates, had attempted to bring about a satisfactory settlement of their differences. This practically means that the Mann Cup, emblematic of the world's amateur lacrosse honors, will pass from the Island to the Mainland at the end of the season.

BABE SIMPLY CAN'T STOP; GOT ANOTHER CIRCUIT HIT TO-DAY

New York, July 20.—"Babe" Ruth, crack batsman of the New York Americans, added another record to-day when he knocked out his thirty-second home-run of the season. The hit, obtained off Pitcher Faber in the first game with Chicago, landed the ball over the right field stand. There was no one on bases.

BABE RUTH SMACKS OUT TWO HOMERUNS

Set New Home-run Record Yesterday; Little of Interest in Other Big Games

New York, July 20.—"Babe" Ruth made two home runs in the second game of a double header with Chicago yesterday, establishing a new record, his total being thirty-one. The Yankees by hard hitting won the first game, 3 to 2. They lost the second, 8 to 5.

First game—R. H. E. Chicago 10 17 1 Cleveland 6 11 6 Batteries—Wilkinson and Schalk; Shawkey and Ruel. R. H. E. Second game—R. H. E. Chicago 8 12 9 New York 5 10 4 Batteries—Kerr and Schalk; Thorpe and Walters.

Leaders Took One.

Boston, July 20.—Boston and Cleveland divided a double header yesterday, Cleveland winning the first, 10 to 6, and Boston the second, 5 to 4, in ten innings.

First game—R. H. E. Cleveland 10 17 1 Boston 6 11 6 Batteries—Coveleskie, Bagby and O'Neill; Bush and Schang. Second game—R. H. E. Cleveland 5 12 9 Boston 5 15 2 Batteries—Bagby, Uhl and O'Neill; Penock and Walters.

Athletics Win Game.

Philadelphia, July 20.—Welch's home run with two on bases culminating a bombardment of Weisman in the fifth won yesterday's game from St. Louis, 3 to 2.

Philadelphia Wins Game.

Philadelphia, July 20.—Welch's home run with two on bases culminating a bombardment of Weisman in the fifth won yesterday's game from St. Louis, 3 to 2.

Reds Even Up.

Cincinnati, July 20.—Cincinnati evened the series with Brooklyn by scoring a run in the ninth on Daubert's double, a safe bunt by Roush and a wild throw by Mammox.

DOMINION

In her first appearance recently before the British public as a screen star, Nazimova achieved a triumph of the first magnitude, according to a consensus of the opinion of the leading British dramatic and photographic critics...

A survey of prominent British journals, including "The London Times," "The Pall Mall Gazette," "The London Evening News," "The Sketch," "The Daily Telegraph," "The Daily Herald" and "The Daily Mail," reaching here from the other side, reveals that the English critics and public as well as well-wishers over the incomparable art of Nazimova...

A reviewer in "The Pall Mall Gazette," for instance, said that "Nazimova is the first actress who is likely to win a place analogous to that of Sarah Bernhardt or Ellen Terry," while "The Evening News" proclaimed her to be "the greatest film artist of the world."

Richard A. Rowland, president of Metro Pictures Corporation and Screen Classics, Inc., is in possession of a voluminous assortment of English and American reviews of her art, collected by Jury's Imperial Pictures Ltd., the English picture firm, headed by Sir William Jury, the "movie king" of England, which has acquired for \$2,500,000 the rights to the Nazimova productions for the next two years...

Mr. Rowland shortly after his return from his ten weeks' sojourn in England last year, taking with him five Nazimova productions. These pictures, released by Metro and representing the highest water mark of present-day production, were "Eye for Eye," "Toys of Fate," "Out of the Fog" and "The Red Lantern." Shows at a series of special reviews in the London "Daily Mail," their effect was instantaneous. The critics were united in their recognition of Nazimova's unprecedented art.

VARIETY

Mary Miles Minter, the Reart Picture Star, whose picture of the pigeons are used, conceived the idea of making friends with and gaining the confidence of the birds. Two hours daily were devoted to feeding the pigeons, permitting them to perch upon her shoulders and virtually "out of her hand." The pigeons soon became very friendly feeling, enabling the proper handling of the situation so necessary to the story and which had caused no end of annoyance. Miss Minter, when questioned by her director, William Desmond Taylor, as to her power over the birds, stated naively, "It is as easy to handle human beings as it is dumb animals or chickens."

Mary Miles Minter will be seen in "Judy of Rogues Harbor," her second Reart Picture, which is an adaptation from Grace Miller White's widely read book by the same name which is at the Variety Theatre all this week. An exceptional all-star cast, including two of the most remarkable veterans of the stage play the supporting roles.

COLUMBIA

Those who are familiar with the Willmore E. Raitt productions for Paramount Aircraft need scarcely be reminded that the photography of these photodramas is invariably excellent. But Joe August, A.S.C., the camera expert of the company, seems to have outdone himself in "The Toll Gate," the latest offering of the famous western star which is on view at the Columbia Theatre this week. Silhouettes, dawns, scenic shots of an underground river, views of sweeping valley and craggy cliffs, intimate pictures that depict expressions graphically—indeed, a series of wonderful photographs, almost any of which, framed appropriately, would be a work of art—make up the cinematographic record of a drama that is powerful and compelling and breathlessly interesting.

Corinne Griffith will appear as an actress in "The Broadway Bubble," her forthcoming production which has just been begun at Vitar's Broadway Theatre. The star achieved immense success as a vaudeville performer in "The Garter Girl."

LOVE'S FARE

From a novel—"He eagerly swallowed every word she bestowed upon him; he fed upon her every look; he lived upon the smiles she gave him." An all-consuming passion—what!

TO-DAY'S AMUSEMENTS

Pantages—"Dandy Dick." Royal Victoria—"The Woman Gives." Dominion—"The Heart of a Child." Variety—"Judy of Rogues Harbor." Columbia—"The Toll Gate."

PLEASED AUDIENCE ENJOYS "DANDY DICK"

Clever Production at Pantages in Aid of the Jubilee Hospital

Before an enthusiastic audience last night the Victoria Dramatic and Operatic Club produced the first of their plays of the season, using as their opening vehicle Sir Arthur Wing Pinero's comedy "Dandy Dick." If the success of this first production of the reorganized company be any criterion, then the theatre-going public may look forward to a series of plays worthy of rank with any professional production.

"Dandy Dick" served to introduce to Victoria playgoers two talented amateurs new to this city, Major and Mrs. Philip Prideaux. The excellence and ease of their performance betokened long acquaintance with their respective parts, for the Major, with the assistance of Mrs. Prideaux, has produced the comedy many times. They should prove an invaluable acquisition to the ranks of local amateurs.

The comedy has a distinct flavor of the turf, the plot revolving around a race-horse, "Dandy Dick," upon whose success in certain races largely depends the fortune of Sir Tristram Marston, the owner, played with much dash by Herbert Kent. Forced by promises to support a fund for the restoration of the cathedral spire, the Dean of St. Marvells (played by Major Prideaux) against his better inclinations bets £50 upon the horse and in his eagerness to see the animal win administers a "bolus." Caught in the act, the misguided divine finds himself in the clutches of the police, and only eludes the strong arm of the law after many amusing adventures.

Mrs. Prideaux played with vivacity in the role of Georgiana Tidman, typical owner of "Dandy Dick" and a typical "horsey" woman, with conversation flavored strongly with race-course terms. Miss Bobbie Stephens proved a popular favorite as Hanna Topping, ex-cook at the Deanery married to Noah Topping, the village constable, convincingly played by Lieut. R. R. Webb, who gave a clever character study of the worthy but obtuse policeman.

The ingenue parts of Salome and Shere, the two extravagant daughters of the Dean, were carried with ease by Miss Mabel Hickman and Miss Gubbie Butler, Stewart G. Clark

and Major Hendy acting with distinction in the roles of their respective suitors, Major Tarvey and Lieut. Darby. The inevitable villain of the piece was played by R. T. Ward, who, as the Deanery butler, was interested in "Dandy Dick's" chief competitor in the race and so stooped to the crime of "doctoring" the favorite with strychnine. The minor role of Hatcheson, Sir Tristram's groom, was played by Norman Dudgeon, who also carried the arduous duties of stage manager.

Particular mention must be made of the stage settings, which were far above the average of amateur productions, while the comedy was pleasingly free from those hitches which frequently mar the smoothness of similar performances. "Dandy Dick" is to be produced again this evening under the same auspices as last night, the Kiwanis Club, and the entire proceeds will be handed over to the Jubilee Hospital Building Fund.

An exceptional entertainment in Gautier's Toy Shop which will head-line the bill of Pantages vaudeville opening to-morrow afternoon in the remaining days of this week. It is a winner, both for children and their elders. The curtain rises on a beautiful scene depicting the interior of a toy store. It is a fairy dream to the youngsters and a marvelous entertainment to the older members of the audience when the "toy" rocking horses come to life and "toy" dogs jump and bark and do clever tricks. The ponies especially are a feature of the act. They are much the best entertainment of their kind. The conception, setting and training exhibited in this feature makes it a rich and rare variety novelty.

"The nightingale of vaudeville," is the way Louise Gilbert is billed. She will be a musical feature on the bill. She is said to have a voice of wonderful sweetness. A novelty in ventriloquism will be offered by Fred and Catherine Weber. They call their act, "At the Stage Door," and it is said to be one of the most humorous acts of its sort on the stage.

Dancing of a high order will be offered by Pearson, Newport and Pearson. They call their offering "A Study in Pep." The greatest acrobats in the world are Orientals and the Pantages this week is fortunate in having the famous Muziuma Japs in an acrobatic turn. Particularly acceptable will be the rollicking trench farce, "Somewhere in France." With a setting depicting the trenches, the four principals have a soldierly type of wit that proves irresistibly funny and keeps the audience in roars of laughter.

The thirteenth episode of "The Adventures of Ruth" will introduce the customary consignment of thrills that develop the plot of the serial to close proximity to the climax.

NOVELTY VARIETY

New Bill Opening To-morrow Afternoon Is one of Unusual Features

An exceptional entertainment in Gautier's Toy Shop which will head-line the bill of Pantages vaudeville opening to-morrow afternoon in the remaining days of this week. It is a winner, both for children and their elders. The curtain rises on a beautiful scene depicting the interior of a toy store. It is a fairy dream to the youngsters and a marvelous entertainment to the older members of the audience when the "toy" rocking horses come to life and "toy" dogs jump and bark and do clever tricks. The ponies especially are a feature of the act. They are much the best entertainment of their kind. The conception, setting and training exhibited in this feature makes it a rich and rare variety novelty.

"The nightingale of vaudeville," is the way Louise Gilbert is billed. She will be a musical feature on the bill. She is said to have a voice of wonderful sweetness. A novelty in ventriloquism will be offered by Fred and Catherine Weber. They call their act, "At the Stage Door," and it is said to be one of the most humorous acts of its sort on the stage.

Dancing of a high order will be offered by Pearson, Newport and Pearson. They call their offering "A Study in Pep." The greatest acrobats in the world are Orientals and the Pantages this week is fortunate in having the famous Muziuma Japs in an acrobatic turn. Particularly acceptable will be the rollicking trench farce, "Somewhere in France." With a setting depicting the trenches, the four principals have a soldierly type of wit that proves irresistibly funny and keeps the audience in roars of laughter.

The thirteenth episode of "The Adventures of Ruth" will introduce the customary consignment of thrills that develop the plot of the serial to close proximity to the climax.

LADIES! DON'T DELAY!

Our sale will help you save many dollars. Call and be convinced. Examine the garments inside and out. New Dresses of silks and serges, new suits, sweaters, skirts, coats and hats.

NOT WORTH HIS JOB. "Daddy" piped the little darling, "Is she a mile deep?" The little editor, glanced up irritably from a huge pile of manuscripts. "I don't know," he snapped. The little darling looked disappointed. A little later he asked, "Is the moon really made of cheese, daddy?" Again came the response: "I don't know."

Another look of disappointment, another silence, and another question: "Do cannibals use postage stamps?" No less savage than the cannibals themselves was the distracted manuscript-reader as he roared for the third time: "I don't know!" Well, I say, Daddy, exclaimed the youthful inquirer, very seriously, "who made you an editor?"

WHERRY & TOW, taxidermists and tanners, 629 Pandora Ave. Phone 3921.

TRANSFER
FORD'S TRANSFER—Get my broom, make anything. Phone 5441, 3121 Fifth.

WHOLE COURT GOES TO TRY ESKIMOS

Judge and Officials From Montreal Must Travel 2,000 Miles By Sled

Winnipeg, July 20.—To demonstrate to the natives of the Far North, in a spectacular manner so they shall never forget, that British laws must be obeyed even in the remotest parts of the Empire, two Eskimo murderers are to be tried for their lives at Chesterfield Inlet, one of the furthest north posts of the Royal Canadian Mounted Police on Hudson Bay.

The court—consisting of Inspector D. L. Thomas as Magistrate; two Constables and the necessary paraphernalia—is being taken from Montreal in the Government steamer Muscopie. Two months will be required to make the voyage to Chesterfield, and two or three months to make the necessary preliminary examinations and hold the trials. By that time Winter will be upon the barren lands, so the court will either have to travel about 2,000 miles by dog sled to return to civilization or to the town of Chesterfield.

Time of His Life. The Eskimo was brought to Winnipeg after two months' imprisonment in the jail at Dauphin, Manitoba, and was shown "the time of his life" while here waiting to be taken east. He has the distinction of being the only Eskimo who ever visited Winnipeg and the only one of his race who ever took a "joy ride" in an automobile. Although he marvelled at the experience, Quanguak did not enjoy it; he suffered too much from the heat. The temperature was around 85, which is about 50 degrees above comfort for him. In spite of the fact that he was sweated and perspired, he was not permitted to discard his heavy fur-trimmed native costume for white men's clothes.

Upon arriving at Chesterfield Inlet, the court will start inland in search of another Eskimo, who is said to have murdered a man in a quarrel over meat. The news of this crime reached Mounted Police headquarters in Montreal, where they met the Eskimo and set sail to-day on the Muscopie.

Native for 1,000 miles around will be rounded up to witness the working of British justice. Every detail of ceremony common to British courts of law will be carried out, with as much ostentation as possible, in order to impress the Eskimos and Indians with the solemnity of the proceedings.

If they are committed for murder (and there is no question of Quanguak's guilt because he has confessed his crime), the murder trial will follow the preliminary in a few days. What punishment will be meted out to the prisoners, in case they are convicted, the police will not say. Sergt. Douglas expressed the opinion, however, that they would not be hanged; that it was more likely they would be imprisoned in the police barracks at the Inlet for a few years.

It was the familiar story of ill-fated love for a woman that brought about the arrest of Quanguak. He shot and killed the woman's husband and the husband's brother at Lake Yatkyed, 1,000 miles north of Winnipeg. Sergt. Douglas "mashed" the 300 miles to arrest him and then walked 1,300 miles with his prisoner to the end of the steel on the Hudson's Bay railway to bring him to The Pas.

HON. CHARLES MURPHY SILENT ON POLITICS

(Continued from page 1.) document which should be studied by all Canadians, said Hon. Mr. Murphy.

The former Canadian Secretary of State has nothing to say about Canadian politics as he has been out of the country for five weeks. He is to remain in Victoria for a couple of days visiting old friends. He will sound Canadian public opinion on his way east.

One of the outstanding events in his career was in March, 1909, when he moved the resolution in the House of Commons, which brought about a definite status for the Department of External Affairs in handling Canadian foreign affairs and which this year will result in the creation of the office of Canadian Minister to the United States, to handle Canadian affairs directly instead of through British channels.

Hon. Mr. Murphy is still practicing law in Ottawa. This is his third visit to Victoria, and his first to visit to his way east.

While refusing to discuss the subject at any length, Mayor Porten, chairman of the Children's Aid Society, this morning made it pretty clear that he was not altogether satisfied with the report which David Brankin, Superintendent of Neglected Children, has recently made upon conditions prevailing in the Victoria Children's Aid Home.

His Worship summed up his opinion of Mr. Brankin's views with the assertion that they formed "a diplomatic report," which he intimated, did not leave a very definite impression in the reader's mind with regard to the home.

The Mayor was asked what attitude the Children's Aid Society intended to adopt toward the report. He replied that he did not know, and that the matter had not been discussed.

Some time ago, it will be recalled, the Aid Society asked the Attorney-General to have the home investigated. Such an investigation, it was confidently expected, would clear the management of all charges leveled at it. The Mayor asked this morning whether the society would continue to press for such an investigation. The matter had not been considered yet, he answered. Nor did he know whether it would be considered again or not.

Indeed, His Worship was very reticent on the whole subject. He remarked, however, that the Children's Aid Society has dealt directly with the Attorney-General, not Mr. Brankin. He seemed peculiar to find that Mr. Brankin appeared to assure that the society was declining to press for such an investigation. The matter had not been considered whether an investigation should be held.

COMPENSATION PAID
London, July 20.—The total amount of claims for compensation for malicious destruction of property in Ireland, lodged in the period from January 1 to May 31, 1920, was £2,718,661.

SAVED IN VAIN.
"Six years ago," said Smithson, "I made up my mind that I was smoking too much. It didn't seem to affect my health in the least, but I thought it foolish waste of money, and I decided to give it up."

"A very sensible idea," remarked Brownlow. "So I thought at the time. I reckoned up as closely as I could how much I had been spending each day on cigars and tobacco. That sum I laid aside each morning, and started a banking account with it. I wanted to be able to show exactly how much I saved by not smoking."

"At the end of six years I had a hundred and fifty pounds in the bank."

"Good! Could you let me—"

"And a few days later," interrupted Smithson, "last Tuesday, in fact—the last day of the month—there came a telegram about you, have you?"—T. H. Biss.

GERMANS MAKING ADDING MACHINES
Manufacturers Try to Block Importation of American Machines

Berlin, July 20.—German manufacturers of adding machines are appealing to the Government for assistance in their fight to prevent the importation of American made machines, which they claim now are superfluous, as the German industry is capable of supplying the home demand.

The application of a well-known American firm through its Berlin branch for permission to import 1,700 adding machines to meet the German demand was refused. The American firm has completed its local branch factory.

The German manufacturers have addressed a joint appeal to the Ministry of Economics demanding further enforcement of the existing import embargo and requesting that wholesale importation should be prohibited.

HOME REPORT DOES NOT SATISFY MAYOR

Calls Mr. Brankin's Views a "Diplomatic Report"

While refusing to discuss the subject at any length, Mayor Porten, chairman of the Children's Aid Society, this morning made it pretty clear that he was not altogether satisfied with the report which David Brankin, Superintendent of Neglected Children, has recently made upon conditions prevailing in the Victoria Children's Aid Home.

His Worship summed up his opinion of Mr. Brankin's views with the assertion that they formed "a diplomatic report," which he intimated, did not leave a very definite impression in the reader's mind with regard to the home.

The Mayor was asked what attitude the Children's Aid Society intended to adopt toward the report. He replied that he did not know, and that the matter had not been discussed.

Some time ago, it will be recalled, the Aid Society asked the Attorney-General to have the home investigated. Such an investigation, it was confidently expected, would clear the management of all charges leveled at it. Although he marvelled at the experience, Quanguak did not enjoy it; he suffered too much from the heat. The temperature was around 85, which is about 50 degrees above comfort for him. In spite of the fact that he was sweated and perspired, he was not permitted to discard his heavy fur-trimmed native costume for white men's clothes.

Upon arriving at Chesterfield Inlet, the court will start inland in search of another Eskimo, who is said to have murdered a man in a quarrel over meat. The news of this crime reached Mounted Police headquarters in Montreal, where they met the Eskimo and set sail to-day on the Muscopie.

Native for 1,000 miles around will be rounded up to witness the working of British justice. Every detail of ceremony common to British courts of law will be carried out, with as much ostentation as possible, in order to impress the Eskimos and Indians with the solemnity of the proceedings.

If they are committed for murder (and there is no question of Quanguak's guilt because he has confessed his crime), the murder trial will follow the preliminary in a few days. What punishment will be meted out to the prisoners, in case they are convicted, the police will not say. Sergt. Douglas expressed the opinion, however, that they would not be hanged; that it was more likely they would be imprisoned in the police barracks at the Inlet for a few years.

It was the familiar story of ill-fated love for a woman that brought about the arrest of Quanguak. He shot and killed the woman's husband and the husband's brother at Lake Yatkyed, 1,000 miles north of Winnipeg. Sergt. Douglas "mashed" the 300 miles to arrest him and then walked 1,300 miles with his prisoner to the end of the steel on the Hudson's Bay railway to bring him to The Pas.

HON. CHARLES MURPHY SILENT ON POLITICS

(Continued from page 1.) document which should be studied by all Canadians, said Hon. Mr. Murphy.

The former Canadian Secretary of State has nothing to say about Canadian politics as he has been out of the country for five weeks. He is to remain in Victoria for a couple of days visiting old friends. He will sound Canadian public opinion on his way east.

One of the outstanding events in his career was in March, 1909, when he moved the resolution in the House of Commons, which brought about a definite status for the Department of External Affairs in handling Canadian foreign affairs and which this year will result in the creation of the office of Canadian Minister to the United States, to handle Canadian affairs directly instead of through British channels.

Hon. Mr. Murphy is still practicing law in Ottawa. This is his third visit to Victoria, and his first to visit to his way east.

While refusing to discuss the subject at any length, Mayor Porten, chairman of the Children's Aid Society, this morning made it pretty clear that he was not altogether satisfied with the report which David Brankin, Superintendent of Neglected Children, has recently made upon conditions prevailing in the Victoria Children's Aid Home.

His Worship summed up his opinion of Mr. Brankin's views with the assertion that they formed "a diplomatic report," which he intimated, did not leave a very definite impression in the reader's mind with regard to the home.

The Mayor was asked what attitude the Children's Aid Society intended to adopt toward the report. He replied that he did not know, and that the matter had not been discussed.

Some time ago, it will be recalled, the Aid Society asked the Attorney-General to have the home investigated. Such an investigation, it was confidently expected, would clear the management of all charges leveled at it. The Mayor asked this morning whether the society would continue to press for such an investigation. The matter had not been considered whether an investigation should be held.

COMPENSATION PAID
London, July 20.—The total amount of claims for compensation for malicious destruction of property in Ireland, lodged in the period from January 1 to May 31, 1920, was £2,718,661.

SAVED IN VAIN.
"Six years ago," said Smithson, "I made up my mind that I was smoking too much. It didn't seem to affect my health in the least, but I thought it foolish waste of money, and I decided to give it up."

"A very sensible idea," remarked Brownlow. "So I thought at the time. I reckoned up as closely as I could how much I had been spending each day on cigars and tobacco. That sum I laid aside each morning, and started a banking account with it. I wanted to be able to show exactly how much I saved by not smoking."

"At the end of six years I had a hundred and fifty pounds in the bank."

"Good! Could you let me—"

"And a few days later," interrupted Smithson, "last Tuesday, in fact—the last day of the month—there came a telegram about you, have you?"—T. H. Biss.

BRITISH TRADERS WANT SECURITY

English Speaking People at Tsingtao Desire Port Returned to China

Shanghai, July 20.—The Tsingtao question has now entered on a phase where some kind of a solution must be reached. The Chinese must choose between negotiating directly with Japan or submitting the whole question to the League of Nations. In the former event, the other Powers would probably be ignored entirely; in the latter event the League would probably take into consideration the vested interests acquired by England and the other nations in the course of sixteen years trading under treaty conditions at Tsingtao; that is to say, any solution arrived at would be international in character.

The above is the opening paragraph of the resolutions recently passed by the British Chamber of Commerce at Tsingtao, and it is the general principle of all the other British Chambers of Commerce in China and Hongkong.

Continuing, the resolutions state:—

"Believing that the time is becoming ripe for such a solution, the British Chamber of Commerce at Tsingtao have deemed it advisable to place upon record what in their opinion would constitute a fair settlement of the question, namely:—

- (1) the settlement which would preserve intact the sovereign rights of China, and at the same time allow every nation to live and trade at Tsingtao on a footing of equality.
- (2) Had a Free Hand.

"The Shantung memorandum goes on to say that Japan undertook the reduction of Tsingtao, when it was in German possession, on the express promise that she would return Tsingtao to China. In consequence of that promise, China allowed free passage to the Japanese army, the Powers gave Japan a free hand, and she was assisted by British troops.

"Legally as well as morally, therefore, England and the other Powers have the right to insist that a reasonable interpretation be given to this promise; that is to say, the Powers should demand that this promise must not be merely fulfilled in practice, and completely nullified in principle.

"If Tsingtao is to be returned to the sovereignty of China, the very first step is to place the harbor and wharves, docks and wharves, and the collection of duties under the control of China. If this is done, the promise is absolutely meaningless.

On Equal Footing.

"It follows that in view of the vested trade interests already referred to, Tsingtao must be placed on the same footing as other ports in China. The organ for the control of the harbor, docks and wharves, and the collection of duties must be simply an ordinary branch of the Chinese customs service. The appointment of the customs house staff must be left to the unfettered discretion of the inspector-general in Peking, and if that discretion is exercised in a manner detrimental to the interests of any nation, diplomatic representations in Peking afford the remedy."

The memorandum asks for a municipality like Shanghai. The law to be administered in Tsingtao should

Announcements

A. O. U. W. Picnic Wednesday to "Telegraph Bay." Tally-ho! leave corner Blanchard and Johnson, 1.30; 50 cents.

RETAILERS DOUBT PUBLIC'S ABILITY KEEP ON BUYING

Unemployment Now Felt in East; Demand For Cheaper Grades Heeded

New York, July 20.—The willingness or ability of the consuming public to keep on purchasing goods at present or even slightly lower prices is beginning to be doubted by some of the leading retailers of the country. Merchants in the New England textile districts already say they are feeling the effect of the curtailment in the mills through decreased purchases by mill workers who have been thrown out of employment or who are working only on part time. Throughout the Middle West unemployment is increasing, with consequent detriment to retail sales.

Added to this is the fact that food prices are increasing, and many workers are forced to spend more of their incomes for rent. The uncertainty confronting most lines of business now also has caused persons who have their money invested in them to retrench on their personal expenditures. The example of silk men who openly boast of the fact that they are buying new clothes for themselves, and of woolen goods men who are proud of the fact that their wives and daughters are not spending money for new silk dresses is one indication of the buying temper of business people in general.

Members of the Retail Shoe Dealers' Association of New York City recently went on record, through a committee report, that the general public had balked on high priced shoes. The consensus of shoe retailers seemed to be that the vast majority of people had refused to pay more than \$15 a pair for shoes. Men's clothing manufacturers now admit that the \$100 and \$125 ready-made suit is a thing of the past, and retailers are insisting that they be given good quality merchandise that will sell around \$40 to \$50. Some retailers are inclined to think that \$75 will be the top price that men will pay for ready-to-wear clothes next fall.

LIMIT PRODUCTION

Waist Makers Would Curtail Blouse Manufacture to Eliminate Over Supply.

New York, July 20.—Limiting the production of women's waists to actual orders on hand or to an amount based on careful study of the past season's sales in order to eliminate "jobs" from the wholesale trade, is being advocated in a special bulletin to all members of the United Waist League of America by M. Mossesohn, executive director.

"There is absolutely no justifiable reason for the presence in the wholesale market of 'jobs,'" said Mr. Mossesohn. "The fact that the past season's 'jobs' have been somewhat plentiful can be attributed only to the slipshod manner in which some factories operated. This must be stopped if the blouse industry is to make progress. In other industries, similar care is taken to safeguard against over-production of merchandise, and when buying ceases the whole plant is shut down. For instance, cutters-up in the coat and suit trade have stopped buying raw materials, with the result that the woolen mills in many parts of the country have closed. The same is true in other trades, and it might be wise for manufacturers of blouses to take the same course of action. It is suggested that the United Waist League of America should do likewise when the buying season ends and all orders have been filled."

REAP RENT HARVEST

London Landlords Have Enormous Receipts; Own Big Blocks of City.

London landlords often reap several millions of dollars each year in rents. Conditions across the water were compared with those in this country in a current real estate journal.

London literally grew around farms, which were never sold nor divided, the article points out. Thus, the Duke of Westminster owns 400 acres of land in the heart of London, all covered with buildings, and this property brings him approximately \$115,000,000 a year in rents.

The Duke of Bedford owns 250 acres and the Duke of Norfolk and the Earl of Cadogan each own 200 acres. Half a dozen individuals own 150 acres each, and twice that number own 100. Rent rolls of two and three and even five million dollars are common enough in the English city, with at least six of them running as high as \$10,000,000.

A district visitor wanted to find a certain block in a London tenement building. In her search she came across a small cottage and she repeated the letters "C" and "A" to the man who lived there.

"Can you tell me which is Block I?" she asked him.

"Block 'Ay, 'idy?" he replied, "the first block."

"No, no," she said; "Block 'I' can't be the first block. Don't you know your alphabet as far as the letter 'I'?"

The small boy looked at her with lofty contempt.

"That's 'ol, 'idy," he remarked; "you said block 'Ay'."

WARN OF WHEAT PRICES

Farmers Predict Wide Suffering if They Do Not Get Fair Returns.

Washington, July 20.—If deflation of prices paid to farmers for their products is accomplished, says the Farmers' National Council, results will be "sinister for the city consumers, who must realize that within a year there is going to be wide suffering if the farmers do not produce enough to supply the food needs of our country and to help supply the food needs of the world.

The investigation by the Farmers' National Council proves that farmers with present expenses must receive a great deal more for their farm products this year than they received last year. It is idle and utterly foolish to talk of reducing prices, which the farmers receive for their products when they are not receiving as much for their skilled labor as unskilled or semi-skilled labor receives in the city. Even the most standup of American predatory interests would hardly deny the farmers must get about six per cent. return on their farm values.

RAILWAY FOR SAHARA

Road 400 Miles Long Will Cost \$150,000,000; to Bring Meat From Central Africa.

Algiers, July 20.—It is practically certain that a railway across the Sahara Desert will be built. It will be 400 miles long and its estimated cost is \$150,000,000.

While it takes at the present time three weeks to travel from France to Southern Africa, the trip can be made in five days when the Sahara railway is in operation. The transportation of meat from inner Africa to Europe will make the road a paying proposition.

News of Markets and Finance

VARIATIONS LIMITED IN NEW YORK STOCKS

(By Burdick Brothers, Ltd.)

New York, July 20.—The market here to-day showed very little activity and the close practically no change. However, calls seemed to have a flurry and a moderate amount of buying was witnessed. The decline in freight rates is expected about August first for railroads, according to T. C. C.

RETURNED SOLDIER FIRM

All Members of New Financial House Distinguished Themselves in Overseas Service.

Returned soldiers, solely, compose the new financial firm of R. P. Clark & Co., Ltd., of which the president is Brigadier-General R. P. Clark, formerly bond manager of Gillespie, Hart & Todd.

Major G. G. Morris, one of the original officers of the 5th Canadian Battalion (Western Cavalry) and latterly of the General Staff Canadian Expeditionary Force, has had considerable service overseas. In charge of the real estate, accident and sickness and life insurance branch of the firm, Major Morris, who was born in Yokohama, Japan, and in the youngest son of the late Edward Morris, manager at Yokohama of the Hongkong and Shanghai Banking Corporation, has extensive connections with China, Japan and the Far East. Before the war he was in business in Saskatchewan.

Bonds and stocks and fire insurance are under C. E. Brown, a son of R. P. Clark, who served with the 7th Canadian Battalion in 1914, and later took his commission with the Royal Berkshire Regiment, with which he served for about twelve months at the front, being eventually discharged medically unfit.

General Clark's experience on the London Stock Exchange, and as chairman of the Victoria Loan Committee, with his local knowledge of bonds and stocks particularly qualifies him for his position as president of this firm.
