Japan to Send Note to States to Remove Misunderstanding

Expectation in Tokio is That Government There Will Dispatch Communication After Mature Deliberation To Clarify Situation Created By Moves in Siberia.

Tokio, July 28.—(Associated Press)—The Japanese Government has received a communication from the United States pointing out, among other things, that the United States is unable to recognize Japan's occupation of the northern half of the island of Saghalien.

It is apparently felt here that any publication of the details of the note should emanate from Washington and not Tokio. Meanwhile it is considered likely that the Japanese Government, after mature deliberation, will forward an answer to Washington in an attempt to clarify official opinion there and remove any misunderstanding of Japan's position.

Appearances here indicate that Japan is passing through another "nervous crisis" concerning her relations with the United States. Numerous interpellations have been made in the Diet about the American attitude, and while the important newspapers are counselling their readers to keep cool, it is apparent that a certain amount of apprehension exists concerning the result of the Congressional inquiry in California. The Japanese, however, seem convinced that it is being conducted with the utmost fairness and attention is being called to statements made by a number of Americans who have come forward spontaneously to testify in favor of the Japanese.

California Incident. Among the incidents which have tended to fan anti-American feeling was the publication here of reports that the burning of Japanese stores in Marysville, California, was positively the act of anti-Japanese elements. Articles also have been printed declaring that Americans were engaged in attempts to steal Japanese maps, and these have resulted in increased surveillance of American tourists.

With regard to the Marysville affair, the Foreign Office to-day gave out a cable message from Consul-General Ohta in San Francisco stating that the fire started July 21 in an automobile garage owned by an American and that three or four Japanese houses and stores were burned. The Consul-General called attention to reports that were current classing the case as incendiary, due to under-selling of white merchandise by Japanese merchants in Marysville, and some resentment on the part of the former, but he added that the police denied that this was the fact. The Consul-General concluded by declaring: "Unbelievable."

"It is unbelievable that the case was one of incendiarism connected with anti-Japanese agitators." To the Consul-General's message the Foreign Office in its statement adds a denial that any officials had made statements to the Japanese press that they thought the fire the work of anti-Japanese agitators. (Concluded on page 4.)

NOME PLANES ARE DELAYED FOR DAY

Edmonton, July 29.—Another day's delay in the New York to Nome flight being made by the four United States army aeroplanes has been caused by a leak in the gas tank of one of the machines, and some minor defects which were discovered in the overhauling given the planes Wednesday. The hop-off, which was scheduled for Thursday morning, was postponed until nine o'clock Friday morning.

TRYING TO STOP DRUG TRAFFIC

Parsons of Essex Border Cities Say Michigan Peddlers Chief Curse

Windsor, Ont., July 29.—Opening a campaign for the extermination of the drug traffic on the Essex border, which is conducted more or less openly through extensive channels, secondary to the liquor traffic, Captain R. D. Peacock, secretary of the Windsor Great War Veterans' Association, to-day followed the example of the border cities' other fighting parson, Rev. J. C. Spracklin, of Sandwich.

Many Victims. "It is nothing short of criminal the number of unfortunate victims of the drug habit who appear in my police court," declared Captain Peacock last night. "In the course of my work in court, I am continuously coming into contact with the addicts and the stories they tell are pitiful." This "fighting parson" said he intended waging a pitiless open warfare of publicity with articles in the press exposing the situation, and the extent to which the illicit drug traffic is conducted in the hidden mansions of the underworld and the number of victims being exploited by dope peddlers, mostly from the United States side of the line, who infest the city.

NEW ZEALAND BUDGET SHOWS £2,250,000 SURPLUS

London, July 29.—(Canadian Associated Press)—The New Zealand budget shows a surplus of £2,250,000. Premier Massey urges that economy without parsimony is essential.

Britain and France Make Oil Supply Agreement

Washington, July 29.—(Associated Press)—Great Britain and France, according to information from an authoritative source, have concluded an agreement in connection with oil supplies designed to secure international co-operation and to eliminate competition which might give rise to friction between them.

The provisions of the agreement, it is understood, extend to all countries where oil interests of the two nations can be usefully united or might be in conflict.

French and British Crown colonies and provides co-operation in connection with commercial concessions to develop oil wells in Roumania, Asia Minor, Galicia and the territories of the old Russian Empire. There is a proviso permitting extension to other countries by mutual consent.

In connection with commercial concessions in Roumania, the Governments agreed not to compete, but to enter into common negotiations when their nationals desire to obtain oil rights there. They also agreed that in connection with oil concessions and shares belonging to former enemy subjects or bodies in Roumania and sequestered by the Roumanian Government, they will support their respective nationals in common negotiations entered into with the Government of that country for acquisition of such properties.

Shares and interests belonging to former enemy companies and corporations that can be secured by such joint action will be divided fifty per cent. each to British and French interests. In companies formed to undertake exploitation of these concessions, nationals of the two countries will have equal voting power as well as equal proportions of the capital subscribed and equal representation on the executive board.

AMERICANS WATCH FOR PROFITTEERING

War Department Sells Meat; Grapes Thrown Into Rivers in Spain

Washington, July 29.—United States district attorneys and other Federal agents as well as the fair price commission have been instructed by the Department of Justice to watch closely for profiteering in the re-sale by dealers of the millions of dollars' worth of canned meat now being distributed by the War Department.

In Spain. Madrid, July 28.—Thousands of persons in Spain are "increased over" the action of the wine-growers in the Valdepenas and other vineyard districts, who after a meeting three large quantities of this year's yield, which is extremely bountiful, into the rivers, in order, it is said, to maintain the high prices of wines.

NO DISCUSSION. Paris, July 29.—The Finance Committee of the Chamber of Deputies to-day voted against discussion of the Government's bill for 200,000,000 francs monthly to cover advances to be made to Germany in accordance with the Spa coal agreement.

LUENDORFF WANTS TO RAISE ARMY TO FIGHT BOLSHÉVIKI

Paris, July 29.—Gen. Ludendorff is reported in a Berlin despatch to The Journal to have made an offer to the British Charge d'Affaires at Berlin to raise an army of 1,500,000 men to fight the Bolshéviki in Russia in exchange for the annulment of certain clauses of the Treaty of Versailles, among them the ones dealing with Danzig.

Tayar, Turk Nationalist Leader, Taken by Greeks

Athens, July 29.—Colonel Jaffar Tayar, Turkish Nationalist commandant of Adrianople, has been captured in the village of Bostanli, east of Adrianople.

This is the first direct word received from Athens on the capture of Colonel Jaffar Tayar. His capture was reported in a Constantinople dispatch of July 26.

Smyrna, July 29.—(Associated Press)—The Turkish Nationalists attempted a concentration east of Brusa, beyond the Greek zone of occupation, according to an official statement from Greek army headquarters to-day.

"The commander of the Brussa troops," the statement says, "attacked and destroyed the enemy, killing seventy and taking thirty prisoners, besides capturing machine guns, munitions and a flag."

OUTLAW HAS TAKEN TO WATER; POLICE IN NIGHT CHASE

Desperado Out-maneuvres Armed Squads Hunting Him in Woods

Dr. Jekyll-Mr. Hyde Criminal Police Claim Him to Be

The desperate outlaw who held up and tried to kill S. A. Stoddard, aged jeweler, in his store in the busiest part of Douglas Street last Friday at midday and who escaped up the island with blood on his clothing and tried to shoot Constable Prowse of Nanaimo on the dark and lonely road at Wellington, has broken through the police lines closing around him in the Parkville district and taken to the water, according to the last word to reach the police this afternoon.

The desperado made his getaway just at dusk last night, according to police reports, when he made a dash from the woods where he has been concealed for the shore. He came out near Parkville, where he jumped in a boat and headed off for the open sea.

Police under Constable Stephenson of the Provincial force were right on his trail. They have been expecting him to make a dash at any moment and have been patrolling the beach with bloodhounds and armed searching parties he would be routed out of his lair in the woods sooner or later.

Got Good Start. As soon as the police could get a fast launch under way from Parkville they started out on the water chase.

The man had a good start and was out of sight before the launch, filled with police all heavily armed, got going.

All last night in the dark the police kept up the chase, not knowing at what moment the bandit might open fire on them and sink their launch. So far no word has been heard and the launch has not yet been reported as having returned.

Those in charge of the chase point out that on the water the outlaw has a great advantage over the police in their launch. In the rowboat he could go along practically noiselessly, whereas the police launch could be heard miles off.

May Have Taken Cover. It is the belief of the police that the man is headed for Lasqueti Island, a popular resort for escaped convicts in the coast for years.

READY TO FIGHT IN LOWER CALIFORNIA

Governor Cantu Raising Army to Oppose Mexican Government Troops

Mexical, Lower Cal., July 29.—Recruiting of an army of 4,000 men was continued to-day under the direction of Esteban Cantu, Governor of the northern district of Lower California, who yesterday issued a proclamation calling upon all "loyal and patriotic Mexicans to resist by force an invasion by Alvaro Obregon Provisional President de la Huerta."

The Governor declared he expected Federal troops would land at Ensenada in about seven days and others would attack from some Colorado River point in about four.

The Governor's troops will be amply equipped, according to official reports.

While military preparations were being pushed rapidly Governor Cantu was awaiting an answer to a telegram he sent President de la Huerta protesting against the "invasion" and disclaiming responsibility for the "dreadful consequences" which might result.

Many Telegrams. Mexical, Lower Cal., July 29.—(Associated Press)—Governor Esteban Cantu, Governor of the northern district of Lower California, and his staff announced to-day receipt of telegrams from all parts of the district pledging support to the Governor's plans to resist occupation by the 3,000 Mexican federal soldiers reported on the way to Ensenada on the west coast, and a point on the Colorado River below Yuma, Arizona.

These telegrams, it was announced, urged the Governor to "sit tight," and assured him the senders were "with him to the end."

Both the Governor and his staff went up and at work on their plans of defence by 5 a. m. to-day. They expressed confidence in their ability to defeat the "invaders," as they termed the Yaqui soldiers said to form the "army of occupation."

MICHIGAN THUGS CAPTURED; \$10,000 WAS RECOVERED

Jackson, Mich., July 29.—Three bandits who to-day held up and robbed the Farmers' State Bank at Grass Lake, near here, were captured at 2:30 this afternoon by a sheriff's posse, which surrounded them at Wolf Lake, seven miles east of this city. The stolen money, \$10,000, was recovered.

Allied Governments Agree on Attitude Toward the Soviet

France, Italy and Britain in Full Accord Regarding Negotiations With Bolsheviki, Lloyd George Tells Commons; Details of Message Set to Soviet.

London, July 29.—(Associated Press)—France, Italy and Great Britain are in complete agreement regarding negotiations with the Russian Soviet Government despite statements to the contrary made by sensational and inaccurate newspapers. Premier Lloyd George declared in the House of Commons to-day in replying to questions concerning the Boulogne conference.

The Prime Minister read the message dispatched to the Soviet Government by Great Britain on behalf of the Allies. The message called attention to the fact that the Soviet Government had sent two messages which conflicted concerning participation of the Allies in the proposed London peace conference. The first Russian message, the British communication pointed out, seemed to reject such participation, while the last message appeared to agree to it.

"Great Britain's message continued: 'The British Government considers that if the Allied Governments are to meet delegates of the Soviet Government with any chance of success, delegates of the Polish Government and of the other belligerent states concerned must also be present. The conference must have as its essential object re-establishment of the peace of Europe, and in the first place peace between Poland and Russia on conditions which will secure the independence of Poland and the legitimate interests of both countries.'

"Other matters. The conference should also consider questions which are still outstanding, such as the status of the border states which have not yet signed definite peace with Russia. After the settlement of these questions the conference will deal with matters in dispute between the Governments of Soviet Russia and the Allies, and the re-establishment of normal relations between them."

URGE MUNITIONS BE SENT TO POLAND

Members of Franco-British Mission Would Send Allied Officers

Paris, July 29.—The Franco-British Mission to Poland has made a report on the military situation in that country, which it declares is not so desperate but what it can be retrieved without great difficulty if the Mission's three main recommendations are followed.

The Mission reports that the Polish main-power is satisfactory, both as to quality and quantity. It recommends, first, the immediate sending of munitions to Poland; second, the immediate employment of 600 French officers and 200 British officers, and third, a re-grouping of the Polish army, notably the moving of troops from the Galician front to the northern front.

Bolshevik Statement. London, July 29.—Continued advances along virtually the whole front against the Poles are reported in Wednesday's official communication from Moscow, received by wireless to-day.

At Bialystok. Warsaw, July 29.—Via London, July 29.—(Associated Press)—At last accounts the Bolsheviki were within the outskirts of Bialystok.

The newspapers are advocating the immediate construction of trenches, fortifications and other works for the defence of Warsaw.

French Officers. Warsaw, July 27.—Via London, July 27.—(Associated Press)—Additional French officers attached to the Military Mission have arrived. All of them will be assigned to various Polish units as technical advisers.

A large school for officers, under the supervision of French officers, was opened to-day at Rembertow, a suburb of Warsaw.

The newspapers continue to express their contention that the Poles do not want peace, but desire to invade Poland. They say it is clear from what is transpiring in the northeast that the Bolsheviki are aiming directly at Warsaw, and that in the south they are marching upon Lemberg.

May Be Broken Off. The Gazeta Warszawska declares: "Poland is fully aware that the negotiations may be broken off any minute, and that while they last Soviet Russia will make all efforts to cause an outbreak of Bolshevism and revolution in Poland. Therefore, in order to safeguard an honorable peace, must gather all her patriotic spirit and energy."

Not Expecting Peace. The Russian patriot Barzew, now in Warsaw, is quoted by The Corrier Poranny as saying: "I do not believe peace will be made between Poland and Soviet Russia. If they sign peace it will mean that the Soviets hope through propaganda to establish a Soviet Government in Poland."

THREE DROWNED. Sudbury, Ont., July 29.—Eugene Cyr, nineteen years old, Austin Rehl, aged twenty, and Fred Cote, fifty-two years old, river drivers who were employed by the French River Boom Company, were drowned in a canoe accident on the French River last week.

Press Men at Unveiling of Evangeline Statue

Grand Pre, N.S., July 29.—(Canadian Press)—A monument to the gentle "Evangeline" of Longfellow's poem was unveiled at Grand Pre to-day by Lady Burnham, wife of the president of the Imperial Press Conference, in the presence of delegates to the Conference and a large number of visitors from different parts of the maritime provinces. A tour of the Annapolis Valley was included in to-day's itinerary of the visitors, on their journey across Canada.

The statue commemorating the figure of the famous classic is a copy of the small statue in clay, modelled by the late Philippe Hebert, a French-Canadian sculptor. The adventures of Hebert's ancestors form the theme of Longfellow's poem. The journey of the Imperial Press Conference delegates on their third

CITY MANAGER FOR MONTREAL IS NEW PLAN PREPARED

Montreal, July 29.—The sub-committee of the Montreal Charter Commission has decided on the principle that Montreal should have a city manager who would have supervision over all civic employees except a few officials. The sub-committee also concurred in the acceptance of the principle that Montreal should adopt proportional representation or the representation of minorities, in municipal elections.

LARGE FREIGHT RATE INCREASE

Canadian Railways Want More Than the 30 Per Cent. First Asked

Montreal, July 29.—(Canadian Press)—An additional increase in freight rates will be applied for by the Canadian Railway Association, on behalf of all the roads in the Dominion, in order to meet the cost of raising the wages of their employees to the same level as the railwaymen in the United States. The application for the freight rate increase will be filed with the Dominion Railway Commission, which already has a request from the Association for permission to increase the rates by thirty per cent. on freight.

SYRIAN SITUATION IS IN CONFUSION

Arabs Refuse to Abide by Feisal's Acceptance of French Terms

Constantinople, July 29.—(Associated Press)—The Syrian situation is again in confusion as a result of the Arabs' refusal to abide by Prince Feisal's acceptance of General Guardaud's terms and the French march on Damascus.

The French have sent several thousand Senegalese reinforcements to Adana, relieving the situation there somewhat.

Nevertheless Adana is without food and the American Commission for Relief in the Near East is endeavoring to send flour.

CRITCHLEY PLAN REPORT UNTRUE

Canadian General Not Taking Canadians and Britishers to Mexico

New York, July 29.—Brig-General Critchley, widely known in Canadian military circles, to-day denied the truth of reports from Calgary, Alberta, which stated that with the support of the British Government he was taking three battalions of British and Canadian veterans into Mexico to settle them on a 1,000,000-acre estate.

"There is not a word of truth in the report," declared the general in a telegram received here from Hot Springs, Va., where he now is staying.

GERMANS WISH TO SEND RIFLES VIA SWEDEN TO MEXICO

Stockholm, July 29.—Germany is trying to export by way of Sweden 200,000 Mauser rifles and the Swedish Government has been asked to give its consent to their importation on the understanding that they are intended for exportation to Mexico. The Stockholm newspapers declare that this looks like a suspicious transaction.

THREE START FLIGHT FROM LONG ISLAND TO SAN FRANCISCO

New York, July 29.—Three all-metal monoplane, carrying the first trans-continental aerial mail, left the flying field at Central Park, L. I., at 10:08 o'clock to-day for San Francisco.

Eleven aeroplanes escorted the trans-continental machines in a farewell flight over New York.

The monoplane carried letter from the Mayor of New York to the Mayor of San Francisco and the Mayor of other cities along the route. Cleveland is the first scheduled stop. Other stops will be made at Chicago, Omaha, Cheyenne, Salt Lake City, Reno and San Francisco.

The trip is expected to make possible the establishment in September of regular aerial service from coast to coast.

VILLA WILL LIVE IN ZACATECAS

Mexico City, July 28.—"I am surrendering unconditionally because the country needs peace for reconstruction," said Francisco Villa to-day when he met General Martinez, chief of operations of the states of Coahuila and Nuevo Leon, at the railroad station in Sabinas.

**ANOTHER CONSTABLE**

**MURDERED IN IRELAND**

London, July 29.—A dispatch from Cork last evening said Constable Murray had been shot dead in the main street of Clonakilty.  
 Masked armed men early yesterday morning held up the Belfast-Dublin train at Newry and took away the mails.  
 A dispatch from Belfast said the Unionist workers at a meeting yesterday at Banbridge, County Down, decided, as a result of an appeal from the local clergy, to modify the drastic attitude they previously had taken regarding Roman Catholic workers. Banbridge was the native town of Col. Smythe, divisional commander of the Royal Irish Constabulary in Munster, whose assassination recently in Cork gave rise to serious trouble between the Unionists and Sinn Feiners.  
 The Unionist workers yesterday passed a resolution that well known members of the Sinn Fein society should be excluded from all works, but that Roman Catholics who agreed to sign a declaration that they were not members of the society and did not support or sympathize with it, would be allowed to resume their labors. The resolution added that committees would be appointed to insure the enforcement of the resolution.

**CARTRIDGES SHIPPED**

**TO POLAND SEIZED**

Vienna, July 28.—Via London, July 29.—An alleged attempt to ship 9,000,000 rounds of small arm cartridges from the Government-owned factory to Poland is disclosed by the Communist organ, The Red Flag, which charges the Government with duplicity both in its public denial that munitions were being sent to Poland and in its recent agreement to observe neutrality.  
 The shipment is declared to have been discovered and seized by members of the Workmen's Council at a railroad station on July 12.

**POLES SENT ANOTHER**

**NOTE TO WARSAW**

Warsaw, July 28.—Via London, July 29.—The Polish Government to-day sent a wireless message acknowledging the last note of the Russian Soviet Government concerning the armistice.  
 Copenhagen, July 28.—Via London, July 29.—Maxim Litvinoff, Bolshevik Assistant Foreign Minister, in an interview to-day insisted that Poland, having in previous negotiations with Russia "shown herself crafty and unfaithful," the Soviet Government must see to it that any armistice with Poland is not used to strengthen Poland's forces for further aggression against Russia.  
 Litvinoff claimed that Russia had given terms to Estonia, Georgia and Lithuania when she stood victoriously over those states, "thereby showing ourselves the true friend of small nations."  
 "Poland," Litvinoff continued, "has nothing to fear from us as long as she is prepared to live in peaceful and neighborly relations."

**BONUS SYSTEM**  
**DECLARED WRONG**  
 Union of Canadian Municipalities—Against Municipal Aid to Industries

Quebec, July 29.—(Canadian Press)—The twentieth annual convention of the Union of Canadian Municipalities in session here yesterday placed itself on record as opposed to bonuses by municipalities as an inducement to industries to establish plants.  
 J. A. Bayne, of Saskatchewan, discussing the bonus question, remarked that if firms were not strong enough to stand on their own feet without the aid of bonuses, it did not speak well for those firms. He did not believe that there could be any arguments in favor of granting bonuses.  
 Alderman Dickson, of Montreal, expressed his opposition emphatically. He pointed to Montreal as an example, saying that the annexation of smaller municipalities had obliged Montreal to acquire their liabilities. A firm which could not do business without a bonus was not worthy of consideration, he said.

 Vancouver, July 29.—Spattered with the mud and dust of six provinces, the pathfinding automobile driven by Percy Gomersy arrived here last night. The care was in splendid condition after completing its 2,800-mile journey. It was necessary to ship the car for a few hundred miles along Lake Superior and to enter the United States twice, once near Lake Six of the Woods and again between Kingsgate and Blaine, Washington. Trouble was encountered only twice, once when a fallen tree near Pembroke, Ontario, ripped the top of the car, and the other time when the automobile collided with another car near Fernie.  
 The object of the tour was to stimulate interest in a trans-Canadian highway and in this Mr. Gomersy stated that he was highly successful.

Halifax, July 29.—Replying to the welcome extended to the Imperial Press Conference yesterday by the Lieutenant-Governor of Nova Scotia, Lord Burnham, chairman of the Conference, said:  
 "As an old parliamentarian—and although I am fast growing old, I was once the youngest member of the British House of Commons—I feel it a special honor to be here in what is for us no longer the Great Divide, but the British Empire to-day. We are here as a band of pilgrims of the press, just starting to explore what is for us no longer the Great Divide, but the great binding link between us."  
 "I apologize to Premier Murray for having come at such an inconvenient time, but we understand that he was otherwise occupied (in the provincial general election) yesterday. (Laughter). We congratulate him in his success at the polls, and without wishing to take sides in your politics, we would like to say that it gives us great pleasure to be able to congratulate him on having retained his seniority as a Premier in the British Empire."

**DR. TOLMIE BACK IN OTTAWA TO-MORROW**

Ottawa, July 29.—The last of the Cabinet Ministers to be sworn in, Dr. S. F. Tolmie, head of the Agricultural Department, will take the oath of office to-morrow on his return from the West, where he has been attending livestock exhibitions.  
 Hon. Arthur Meighen is scheduled to leave for Portage la Prairie at midnight Friday, to be the guest of honor at a public reception on that day to commemorate his elevation to the Premiership.  
 He will be back in the capital, it is expected, before the end of next week.

**GERMAN APPROVAL OF SPA AGREEMENT**

Berlin, July 28.—Via London, July 29.—The Reichstag to-day by an overwhelming majority approved the agreement made recently by the Government at Spa with representatives of the Entente.  
 The resolution approving the Spa agreement was presented jointly by the three coalition parties and the Majority Socialists. It declared "that the Reichstag duly appreciates the motives which actuated the Government in signing the agreements at Spa."  
 The resolution was opposed only by the Nationalists and Independent Socialists.  
 A resolution presented by the Independent Socialists demanding immediate nationalization of the coal fields was supported only by the two Socialist factions.  
 A Government statement read by Foreign Minister Simons urged a postponement of active socialization until the special commission now investigating the issue makes concrete proposals. His statement also set forth that an attempt to confiscate the mines at this time would create an impression among the Entente Powers that Germany was seeking to evade or delay fulfillment of the obligations assumed at Spa.

**COUNCIL DIVIDES TESCHEN DISTRICT**

Paris, July 29.—The Ambassadors' Council, before adjourning yesterday till August 29, established the frontier dividing Teschen between Poland and Cascho-Slovakia and outlined a treaty to settle the details.

**EMPLOYMENT REPORTS**

Ottawa, July 29.—Reports from more than 5,100 employers to the Dominion headquarters of the Department of Labor Employment Service indicate that, disregarding loss of time due to strikes, there was another increase in the volume of employment during the week ended June 26.  
 For the following week, however, these firms estimated that they would have a net decrease in staffs of 1,140 persons, or 2 per cent. The anticipated decline was attributed mainly to estimated curtailment of operations in the iron and steel group of industries because of a shortage of fuel.  
 In comparison with the returns for six months earlier in the year, the firms reporting stated that they had made considerable additions to the number of persons on their pay-rolls.

### HOSPITAL'S LOSSES ABOUT \$12,000

Pilferings From Vancouver General Hospital Reach a Large Total

Vancouver, July 29.—Pilferings from the Vancouver General Hospital aggregate from \$12,000 to \$15,000, Dr. Malcolm T. Maccaenren, General Superintendent, informed the Hospital

Board at a special meeting last night. The loss of linen alone reaches \$5,000 a year, he stated. The suspension of sentence and the magistrate's remarks in connection therewith in a recent police court case where an orderly pleaded guilty to stealing a quantity of sheets was under discussion and some of the members thought the court was not sufficiently severe.

#### WHEAT IN OKLAHOMA.

Oklahoma City, Okla., July 29.—Unexpected heavy yields will boost the total wheat production of Oklahoma this year to 40,000,000 bushels, John A. Whitehurst, president of the State Board of Agriculture, predicted today. Earlier estimates placed 35,000,000 bushels as a liberal figure for the crop.

### MADE AN ATTACK ON PROFITEERS

Speaker at Fire Convention in Toronto Dealt With Fire Insurance

Toronto, July 29.—An attack on profiteers was made by President Gamber, of the State Fire Marshals' Association, in an address before the fire convention here yesterday. "During the last year incendiary fires have been very few," said Mr. Gamber. "Business has been too good for incendiarism because of the high prices. "I need hardly tell you there are hundreds of thousands of firms and individuals who can not stand a sharp break in prices. Their profits are built on inflation. "Many merchants are said to be overstocked also, and we know that warehouses are stocked too, bursting with food and clothing. But information trickles out that speculators have overplayed their game. They will be victims of their own greed and obliged to disgorge at a loss. But will they? "Fire insurance for a year past has been written on inflated valuations and the insurance companies are frankly disturbed. Let us prepare to meet the emergency. Every suspicious fire should be scrutinized more closely than ever before. Conservation must be encouraged and the prison doors left open for those deserving them."

#### NOVA SCOTIA ELECTION.

Vancouver, July 29.—Discussing the Nova Scotia general election, The Sun says: "The vote is a personal triumph for Premier Murray. He has been head of the administration since 1916, and his services have evidently given satisfaction. Apart from this, the most noteworthy feature is the practical disappearance of the Conservatives. Labor and the Farmers have secured a representation, which indicates that they might have done better if they had realized their strength and got busy a little sooner."

### Mrs. McKern is Scotch

Mrs. McKern says that many people in this country overlook the small savings.

"I save at least 50c a month on my milk bill since changing from fresh milk to Pacific."

"50c a month is \$6.00 a year. This will keep the kitchen stocked with new cooking dishes."

"That is worth while, I think."

### MORE IRRIGATION SCHEMES URGED

Extension of Areas in Southern Alberta Urged at Lethbridge Convention

Lethbridge, July 29.—Need of a practical reclamation policy for Western Canada, and Southern Alberta in particular, was expressed by Lieutenant-Governor Brett in opening the fourteenth annual convention of the Western Canada Irrigation Association here today. He believed that the individual and collective action of the farmers who are pressing for this need should result in action by the responsible executive and that the action of the convention along this line would result in convincing the governments of the country of the need that something be done by way of aid.

W. A. Buchanan, M.P., dealt with the economic phases of the irrigation extension agitation. He showed that if the Lethbridge Northern project had been under the ditch last year it would have produced \$7,000,000 worth of produce, or more than enough to construct the project. This would merely be production at the same rate as other irrigation projects in Alberta had had reported last year. The convention is the largest ever held, and a number of strong resolutions calling on the Governments to aid the farmers with practical reclamation aid are expected before it closes to-morrow.

### STATUE OF LINCOLN STANDS IN LONDON

Gift of American People to British Was Unveiled Yesterday

London, July 29.—The rugged features of Abraham Lincoln, whose face Premier Lloyd George described as the one best known to the Anglo-Saxon world, are now revealed to the gaze of the multitudes that daily pass through Parliament Square, in the heart of London.

The St. Gaudens statue of Lincoln, gift of the Americans to the British people, was unveiled in a pouring rain yesterday by the Duke of Connaught, after a public meeting in Central Hall, at which tributes to the martyred President were paid by the British Prime Minister, Viscount Bryce and Elihu Root.

Thousands of persons stood for hours to witness the ceremony, but all most of them saw was a forest of umbrellas. Mr. Root had a cordial reception from the gathering in the hall, and his speech of presentation was vigorously applauded, especially his declaration that in no great world emergency could Britain and the United States be on opposite sides.

Lloyd George cheered. The audience cheered Mr. Lloyd George when he rose to accept the statue for the British people. "Resolute in war, he was moderate in victory," was the Prime Minister's tribute to Lincoln, in which the audience read present international significance.

Every other tribute that Mr. Lloyd George gave to Lincoln was applauded.

After the speeches, those on the platform marched to Cannon Square, where the unveiling took place. There Mr. Root was presented to the Duke of Connaught, and after the American Boy Scouts' Band had played the British and American national anthems, the Duke pulled the cord releasing the British and American flags covering the statue. Among the notable persons present were: Lord Chief Justice Reading and Lady Reading; the Lord Mayor of London; Admiral Earl Beatty and Countess Beatty; the Dean of Westminster; Ambassador and Mrs. Davis and the staff of the American Embassy; Robert P. Skinner, the American Consul-General, and Mrs. Skinner.

### TROOPS OF GREECE MOVED QUICKLY

Athens, July 28.—Via London, July 29.—Greek military operations have been relatively bloodless, but successful, because of the rapidity of the Greek movements.

When the Greeks debarked at Rodosto a week ago, the soldiers threw themselves into the sea the more quickly to get ashore. They were well equipped and experienced soldiers.

The Greeks operating in Thrace total 50,000, and those in the Asia Minor campaign, 30,000. Notwithstanding the intense heat now prevailing, the Greek troops in Thrace at last reports were continuing their forced marches, rounding up Turkish bands.

**DR. PAKENHAM TO SPEAK TO-MORROW**  
Distinguished Educationalist Will Talk on "Teachers, Old and New"

Dr. William Pakenham, a distinguished educationalist, who is lecturing at the University of British Columbia, will be the speaker to-morrow at the weekly public address given in connection with the Victoria Summer School course. The subject of Dr. Pakenham's address will be "Teachers, Old and New," and the chair will be taken by the Superintendent of Education. The programme will also include vocal and instrumental numbers. Dr. Pakenham is well known as dean of the faculty of education at Toronto University. He has held that appointment for the last fourteen years, having been four years principal of the Toronto Technical High School. For many years he was a public and high school teacher in Ontario, chairman of the provincial board of examiners in that province, and for some time was principal of the Collegiate Institute at Brockville. The meeting will commence at the High School auditorium at 8 o'clock.

**ARTILLERYMAN IS OUT WITH FACTS**

Says Tanlac Put Him Back in Excellent Health After Everything Else Had Failed

Still another veteran of the World War who comes forward with his unqualified endorsement of Tanlac is Herbert Cresaweller, of 1412 Laird Street, Regina, Mr. Cresaweller served with the Canadian Expeditionary Forces as a member of the 60th Canadian Field Artillery. In relating his experience with the medicine recently, he says:

"It was ever in better health I don't know when it was, and Tanlac gets the credit for putting me back in such fine shape.

"For more than a year before I got hold of Tanlac I had been bothered with a chronic case of stomach trouble. The gas on my stomach was awful, and it would press up into my chest causing my heart to palpitate at a terrific rate. I was troubled a great deal with heartburn, and had sharp pains all through my chest and stomach. What little sleep I managed to get was never sound or restful, and every few days I had a terrible sickening headache that nearly laid me out altogether. My whole system seemed to be upset, and it sapped my strength and energy until at times I felt like I would give out from sheer weakness.

"A few weeks ago I started taking Tanlac, as I had heard it recommended highly, and it just seemed to take right hold of my case at once. My appetite got a new start, the indigestion commenced to lose its grip, and in fact, all my troubles began to disappear. How, after taking four bottles of Tanlac I call myself as well and sound as I ever was. Nothing I eat ever gives me a particle of trouble, and I have picked up several pounds in weight. The headaches have left me, and I sleep like a log at night. I am full of strength and energy and simply feel fine all the time. I have tried Tanlac, and know what it will do and, with a fair trial, I don't believe it will disappoint anybody."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Fletcher's Castoria is strictly a remedy for Infants and Children. Honestly advertised as such, without a claim for more than its over 30 years of use have amply proven. A Baby's remedy for Babies. And not an adult's remedy for all the family and all the ails that human flesh is heir to.

Children Cry For

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

Novelty stalls, fortune telling, clock golf, and a variety of interest was supplied to make the function the brilliant success it was, while refreshments were in charge of a committee that catered to the needs of all.

Mrs. James Collis, McCannan, Lockwood, Haverstock, Harold Croft, E. M. Smith and Samuel Sea, assisted by the Misses Collis and Hunt, were in charge of the stalls and games, and added largely to the success of the occasion by their attention to the wants of all.

QUEEN BARS COURT DOOR TO DIVORCEES

American Women Find Difficulties in Presentation at English Court

London, July 25. — Restrictions placed upon American women who aspire to presentation at court are such that nearly all of them in London will be disappointed this year.

Only eight of the many who are reported to have applied will be presented and they must have qualifications which have surprised some of the uninformed.

If married, their husbands must previously have been presented at a levee; they must have entries to the White House and if they have been divorced it must be indisputably shown that the divorce must have been granted in her favor in a trial at which both parties were represented in court and where all money and custody of the children have been granted to the woman.

Applications of Americans for court presentations must be made to the American Ambassador and he stands sponsor for those he selects. Of course this feature of the Embassy work is almost as carefully guarded, out of respect for the feelings of the many who try and fail, as is some of the important diplomatic correspond-

This is emphasized by an Embassy circular which has come into the hands of some influential Americans here explaining what is required of successful applicants. It is longer and much more explicit than the usual circulars on the same subject and does not mince words regarding what may and what may not be expected.

BRIDE TRAVELLING WITH PRESS PARTY

Lady Jones, Wife of Reuter's Chairman, on Way to Victoria

One of the most interesting feminine figures in the coming Imperial Press conference party will be Lady Jones, who is making the trip as a bride. Lady Jones, who is a daughter of Colonel Arthur Baynold, C. B., C. M. G., and Mrs. Bagnold, of Warren Wood Shooters' Hill, was married this month at Chelsea Old Church to Sir Roderick Jones, the chairman of Reuter's. The Archbishop of Cape Town officiated and only a royal wedding could have assembled such a brilliant assembly of guests.

The bride wore a Greek gown in which she looked very lovely. Her dress was of gold and silver, with a long train of gold tissue was carried by three bridesmaids and two pages, the latter in pale yellow pet top trousers and russet brown coats with linen trills. The small bridesmaids and older one wore pale golden satin frockcoats, with white and black. Baccante gold wreaths in their hair and gold tissue waistbands. They also carried yellow roses. A week's honeymoon was spent at Puttenden Manor in Surrey, led by the Hon. Mrs. Mark Napier. They will arrive in Victoria next month.

CHURCH AUXILIARY HOLD FETE FOR ST. JAMES'S CHURCH

The Women's Auxiliary of St. James Church were hosts yesterday at a delightful garden party held at the home of Mrs. F. W. Vincent, 25 Erie Street. A select programme of music, under the direction of Mrs. Wallis added charm to the function.

The fete was opened by Mrs. Thompson, assisted by Mrs. Fatt and the Rev. H. T. Archbold. Master Seymour Archbold presented a beautiful bouquet of flowers to Mrs. Thompson and Mrs. Vincent respectively.

Attractive stalls were in charge of Mrs. Usher, Mrs. Broadbent, Miss Fowle, Mrs. Pennell, Mrs. Pearson, Miss Pennell. In the bread-making contest first prize was won by Mrs. Mute and second by Mrs. M. M. M.

POPULAR NANAIMO COUPLE WED TUESDAY

Nanaimo, July 29. — St. Paul's Church was the scene on Tuesday afternoon of a pretty and interesting marriage ceremony. The principals being Mr. Warwick Bamfylde Daniell and Miss Gertrude Elfrida Beever-Potts, daughter of Mr. and Mrs. C. H. Beever-Potts, Milton St.

The bride, attired in a traveling suit of white tricotine and wearing a black hat trimmed with ostrich feathers, was given away by her father, and was attended by her sister Gwendolyn, the groom being supported by Richard Good. The ceremony was performed by the Rev. W. Cockshott, of Maple Bay, assisted by Rev. St. Byatt, of Nanaimo.

At the close of the marriage ceremony the wedding party adjourned to the home of the bride's parents, where a reception was held attended by some fifty guests, the newly married couple being the recipients of many useful and costly presents.

DANCING ON THE GREEN NOW BEING REVIVED IN LONDON

London, July 29. — There is a suggestion of the "Merry England" of long ago in the evening dances that are now taking place in some of the parks in London and in other parts of the country. An inner circle of sward is preserved for the dancers, and a charge of 4d. is made for each person participating. On the whole, it is probably the cheapest entertainment in London to-day. The band engaged for the evening appoints its own M. C., and the proceedings generally are marked by the strictest decorum.

### STAGG MAY PLAY.

Vancouver, July 29.—From New Westminster comes the news that the Salmonbellies have signed on Fred Stagg, the famous Toronto defence player, and that he will be in the lineup against the Terminus tomorrow night. Whether Stagg will play, however, is a matter of dispute between the two teams and Manager Harry Pickering. There is an agreement not to sign on any new players after July 31.

## SYRIAN FORTUNE TELLER FINED FOR READING THE BUMPS

### Phrenologist Convicted; Practice Must Cease, Says Magistrate

The first shot in the recently reopened campaign against fortune-tellers was fired to-day in the city police court when Mary Stevenson, a native of Asia Minor, was charged with foretelling the future, contrary to Section 433 of the Criminal Code. The accused keeps the Egyptian Phrenology office at 763 Yates Street, where in her own words she "reads the bump."

Miss Wark, police officer, visited the establishment of the accused recently, and for the sum of one dollar said she had the Egyptian Phrenologist "read" her head. The accused, in response to the query whether she read palms, stated she did not, but that she "read the bumps." Miss Wark, when then asked to sit down, and her hat removed. Witness testified that the accused felt over the front part of her head, and touched her behind the ears, and that after a moment of the touching operations proceeded to announce the "reading."

**A Healthy Prospect.**  
"She told me that I was a very fine healthy lady," said the police officer, "and that I would live to be 81 years of age. That I was a kind lady, and would do nothing to hurt anyone, and because of this I would be very lucky. She told me my 'close family' was unlucky, and in answer to my query, stated that she meant by husband."

"I asked her what I must do to change this bad luck of my husband," and she said that I could do nothing, but that he must change his position. He should take to the hotel, or pool-room business, where he would be lucky, she stated. We were not to make the change right away, but to wait one month," continued Miss Wark, "for that if my husband refused to make the change I would have to make him do so, adding that with no change there would be no good luck."

"I asked her what she charged for the reading, and she said one dollar," which was paid.

Cross-examined for the accused by R. C. Lowe, Miss Wark reiterated that the accused had refused to read her palm, and had confined her explorations to touching her head, stating that she, the accused, was only a phrenologist. "But you went there with the idea of catching this woman?" asked Mr. Lowe. "I went there to get evidence," he was told by the witness.

**The Accused.**  
Mary Stevenson then took the box. She stated she had lived for some years in Odessa, later coming to Canada, and after working at the phrenologist business in Odessa, the western provinces had come to Victoria five weeks ago. She was married and had eleven children, the youngest five months of age.

Cross-examined by the city prosecutor, C. L. Harrison, the accused told her version of the incident in broken English, spelling out the words of the policeman, the accused said, "I told her I read the bump, I no read the hand. Excuse me, my dear, I no fortune teller. I read the head, I phrenologist." Then I feel her head; I tell her she lucky woman's, you lucky woman, me say, you come from good natured woman, you do business with public town, women officer, your husband unlucky, he should change business, he do well as hotel-keeper or pool-room man; I no tell her what age she live; I tell her only of the past, not of the future."

"She come into store looking unhappy—mad—look like she was looking for trouble, I think," continued the accused.

**Victoria Asleep.**  
In answer to a query from the counsel, accused stated that her husband was a carpenter, and that they had rented the store on Yates street for \$100 a month some weeks ago, and had a city license. Business was poor, though she did not know "Victoria asleep, business not good, Victoria asleep." "I come here to get out of the cold," she volunteered. "But Mr. Harrison, you stated Mr. Harrison, 'No, Victoria pretty hot,' laughed the accused, and smiled at the court.

"Are you going to give this fortune-telling up?" she was asked. "Not unless the Judge, he tell me," was the reply.

"Where did you get your knowledge of phrenology," asked Magistrate Jay of the accused. "Me get it from my mother and her mother before," she answered.

Mrs. M. Sproule, another customer of the accused was called and told of having her head read at the same establishment, and being charged for the reading. She told the court how ever that the accused had stated to her that she did not read the hand or the future, and could not be sure if she told her how long she was going to live or not.

Rosie Stevenson, daughter of the accused, then took the box, and corroborated her mother's statements to the full, but Miss Wark called on rebuttal by the prosecution stated that the girl had not been in the store at the time in question, and declared that her evidence had been false.

**Garden Party Cases.**  
Summing up for the accused, Mr. Lowe held that there had been intent on the part of the defendant to defraud. "Why there are garden parties every day in Victoria where fortune tellings goes on, and a charge is made for it," he stated, "yet there is no intention to defraud. I submit that the intention to defraud must be present for a conviction. In the garden party Mrs. Sproule and so tells fortunes in a tent, but nobody is deceived, and a charge is made there just the same."

"I submit that this woman has tried to keep within the law, and she is in fact only doing what is done every day at garden parties, and that there was absolutely no intention to defraud."

that woman, Mrs. Sproule, in the box to show what an effect this business has on the minds of some women. She did not know what had occurred, did not even know whether she had taken her hat off or not. Then again there was the statement as to Miss Wark's husband, who can be manufacturing that out of whole cloth. There is direct evidence of pretending to foretell the future, which obviously she has no power to do.

## A. B. BUCKWORTH IS NEW P.C.E. MANAGER

### Vacancy in Direction of Provincial Railway Filled This Morning

At a meeting of the Pacific Great Eastern Railway Company held in the office of Premier Oliver this morning the appointment of A. B. Buckworth as manager, to the position of general manager of the Province-owned system was decided upon.

It will be recalled that the resignation of George E. Macdonald, as the occupant of the position now to be filled by Mr. Buckworth, was tendered to the directors early in March and since that time the managerial duties have devolved upon Assistant Manager Wilson.

Mr. Buckworth is a native of Nottingham, England, and for the past twenty-six years he has been a resident of British Columbia. During half that period he has represented the interests of E. R. G. Clarkson & Sons, of Toronto, whose business of receivers and liquidators has brought them many and varied commercial and industrial interests in this Province.

## FOREIGN COUNTRIES WANT CANADIAN TRADE

### Switzerland and Mexico Anxious to Open Relations With Dominion

The Board of Trade received two inquiries this morning in relation to trade facilities from outside countries. S. Ginzburger, of the Consulat de Suisse, wrote Mr. Elworthy enclosing a booklet entitled Industrial Switzerland, and stated that the banks of that country were only too anxious to extend facilities to Canadian dealers. The booklet is attractively prepared and describes the main industries of the country.

Luis Murna Martinez, 20 Victoria Street, Toronto, wrote stating that he had been appointed official commercial agent for the Mexican Government, and that that country was anxious to work up a trade with the Canadian West. Mexico is exporting a great deal of oil, sugar, cotton, tobacco, coffee, cocoa, fibre of all kinds, tropical fruits, rubber, silver, gold and copper, and importing manufactured articles, particularly explosives, drugs and hardware.

## YOUTHFUL OFFENDERS AND FORBIDDEN FRUIT

### Seventeen-Year-Old Lads Are Overcome by Whisky

Arthur Hunter and Philip Smith, two lads about seventeen years of age, were charged in court to-day with being drunk. The charge followed on the finding of a bottle of whisky by the accused who took it into the Kingston Street School and were later picked up in the park at Beacon Hill unconscious to the world at large. Smith was held after court to receive a warning at the hands of the magistrate while Arthur Hunter did not appear to answer his charge.

Walter J. W. Ahern charged on two counts, one of circulating pictures detrimental to the public morals and the other of indecent assault, was remanded until Friday, after evidence was heard on the former charge.

Harry Williams, who is charged with assaulting James Cartwright, occasioning him grievous bodily harm, pleaded not guilty and was remanded until Monday, when it was stated the prosecutor would be out of hospital. His bail was reduced from \$500 to \$200 at his request.

Richard Stratton, of Port Angeles, testified to the fact that he saw the accused strike Cartwright a downward blow, but that he was unable to state what led up to the fight, and that he saw the other man drop immediately to the curb, in front of the Manitoba bar on Yates Street. Cartwright is still in hospital, having sustained considerable injury to his head in falling on the curb.

President Wilson is fond of telling a story about an old seaman. This old fellow said to the treasurer of the concern one day, "Me and that off-horse has been workin' for the company 17 years, sir." "Just so, Winterbottom, just so," said the treasurer, and he cleaned his throat and added, "Both treated well, I hope?" The old teamster looked dubious. "Well," he said, "we was both taken down sick last month, and they got a doctor for the horse, while they docked my pay."

## Contract for New Ship Will Be Shortly Placed

Yarrows, Ltd., of Esquimalt, in Line to Secure Order For Steel Steamship Planned by C. P. R.; Construction to Begin This Fall.

If the existing plans of the C. P. R. are adhered to, and in view of the recent statements of D. C. Coleman, vice-president and general manager of western lines, it is improbable that the company will abandon its proposals, the construction of the new steel passenger steamship to replace the ill-fated Princess Sophia, will be undertaken this fall.

Bids for the construction of such a vessel have been received by the C. P. R., and although no official announcement has been made, it is believed that the handling of the contract now rests between Yarrows, Ltd., of Esquimalt, and the Wallace Shipyards, Ltd., of North Vancouver.

The bids of these two firms are the only ones that are likely to receive consideration and it would not be at all surprising if Yarrows, Ltd., finally landed the contract.

**Prepared to Go Ahead.**  
Yarrows, Ltd., are prepared to go right ahead with construction immediately the contract is awarded. The new vessel will be somewhat larger than the Princess Sophia, and will be especially adapted to the needs of the coastwise passenger and freight business.

## CONSUL'S PASSAGE WAS CANCELLED

G. E. Anderson, Due to Sail by the Russia for Orient, Transferred to Holland

Outbound to the Orient the C.P. S. liner Empress of Russia, Captain S. Robinson, R.N.R., will sail from Vancouver this evening and will leave the Outer Docks early tomorrow morning for Yokohama and Hong Kong.

She is taking out a full list of saion passengers including a party of educationalists returning to the Canton College, China.  
George E. Anderson, United States consul-general at Hong Kong, was due to sail by the Empress of Russia for China. Prior to his departure, however, he was notified at Vancouver that he had been appointed consul-general at Rotterdam, Holland. In view of this his passage to the Orient was cancelled.

John Barlow, a prominent citizen of Bury, Lancashire, England. They are registered at the Empress Hotel, and also of the outbreak of disease in Eastern Europe.

## CRASH RENDERED VALUABLE AID WELCOME RELIEF FROM ECZEMA

Gas-boat Pierpont Assisted in Getting Presho Off Carmanah Rocks

Before being rescued by the Pierpont and the Spohomish the fishing schooner Presho, of Tacoma, was ashore for two days near Carmanah Point, Vancouver Island.

Details of the mishap were given to The Times to-day by Mrs. A. M. Freeman of this city, who has just returned from a visit to Clo-oose. Mrs. Freeman is a daughter of Constable Cox, of Clo-oose.

The Presho, Captain Anderson, was bound from the fishing banks off the west coast of Vancouver Island to Tacoma with nine tons of halibut and cod when she came to grief at midnight July 15. The Presho is said to have been several miles out of her course when she piled up on the rocks off Carmanah. The craft was feeling her way through a dense fog and a high sea was running. Owing to the peculiar topography of the coast at that point Captain Anderson was unable to hear the fog-horn at Carmanah Point, although the warning apparatus at the lighthouse was in perfect order. It was about three-quarters of a mile from the lighthouse where the vessel piled up. The Presho carried a crew of five and none of the men aboard could swim. Fortunately the craft was washed close in, or there might have been loss of life in the heavy sea.

**Indians Got Fish.**  
The gas-boat Pierpont, owned by Mr. Stone, of Clayoquot, happened along next day and took off part of the fish cargo. The rest of the fish was dumped overboard in an effort to lighten the boat, and garnered in by the Indians. It was through the owner of the Pierpont that the coastguard cutter at Port Townsend was notified. On arrival of the cutter, Spohomish, on the scene it was clear that she could not get near enough to effect a rescue. So a towline was put aboard by the Pierpont and the Presho was hauled with the tide in its favor. The Spohomish then took the Presho in tow and delivered the craft safely at Port Angeles. The only damage sustained by the Presho was the stoving in of a few planks.

## SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious ailments. People suffering from Piorrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Piorrhoea germs which breed in pockets about the teeth.  
Four out of five people over forty have Piorrhoea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Piorrhoea germs.  
Guard your health and your teeth. Keep Piorrhoea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.  
Forhan's For the Gums will prevent Piorrhoea—or check its progress—if used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.  
35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

The members and friends of the St. John's W. held their annual picnic last Wednesday at Cordova Bay. Through the kindness of Messdames Kirk and Wilson a most enjoyable day was spent at their camp, whom thanks and cheers were given upon leaving for home.

### Farmers' Institute Picnic.

The first joint picnic of the Victoria and South Saanich Farmers' Institutes will take place next Wednesday at the Experimental Farm at Baza Bay commencing at 10 a. m. In previous years the institutes have held their annual outings apart, but this year a joint picnic was arranged. The picnic is to include a comprehensive list of sports, and will continue into the evening, with a baseball game as the piece de resistance.

### S. C. R. Director Coming.

In connection with the projected change in the shoemaking and carpentering shops here, under the S. C. R. order proposing their removal to the main schools at Vancouver has been held over, it is announced by W. C. Duff, district officer pending the arrival of the Director of Vocational Training of the Soldiers' Civil Re-establishment, who is due to arrive in Victoria this week.

### Esquimalt Church Picnic.

Under the auspices of the Young People's Society of the Esquimalt Naval and Military Methodist Church, a picnic has been arranged to take place at Fleming's Beach, at the foot of Lamson Street, on Friday evening. The society will provide coffee, and visitors are requested to bring their own refreshments. A musical programme of fourteen items has been arranged, and the affair will commence at 8 o'clock.

### Presentation to Church Member.

The mid-week prayer meeting at St. Paul's Presbyterian Church, Victoria, West, last night, was one of great enjoyment. George McCandless, who led the meeting, gave a stimulating address on "David Bringing the Ark to Jerusalem." Mr. Duncan Munro sang "For I Need the Saviour With Me All the Way." Mr. Jas. Brown, of Calgary, told the story of his conversion, a religious house, Mrs. John Cotford, who leaves this week to spend the summer with friends in Saskatchewan, was presented with "The Bible in Life and Literature," by Jane T. Stoddard. Dr. H. N. Maclean, pastor, made the presentation, after which all joined in singing "Blest Be the Tie That Binds."

### S. P. C. A.—

The report for June and July of the S. P. C. A. shows the following cases: Deserted and sick cats, 2; horses, 7; cattle, 2; and various cattle under surveillance; chickens, 2. Visits to excavation works, 5, and to markets and sales. Cases in court, 1. The need of water for animals in warm weather has already been mentioned in the press. The society would be glad to furnish dog troughs to anyone who will keep them filled outside their premises. Troughs for horses are not too numerous. The needs of a thirty horse were very noticeable a few days since when an animal attached to a cart in Douglas Street essayed to drink from a bubble fountain intended for human beings and managed to get a drink after considerable difficulty. For cases of cruelty please telephone 4093X or 5861-L2.

### LEAGUE COUNCIL TO MEET TO-MORROW

(San Sebastian, Spain, July 29.—(Associated Press)—The members of the Council of the League of Nations arrived here at 11 o'clock this morning by special train from Paris. They held informal conferences in preparation for the opening of the full council meeting to-morrow.

### Nine American citizens, residents of Victoria, so far this year have appeared before Judge Lampan and applied for naturalization. During the same time three Japanese, three Greeks, one Swiss, one Serbian and one Chinese have also asked to be made Canadian citizens.

The Americans who are having their citizenship papers are: George I. Warren, Clarence A. Goodrich, Floyd C. Brown, Arthur Leslie Young, George Frederick Ulrich, Walter Lucian Walsh, Charles Watson, Frederick McVicker and Alice Thea Oliver.

The others who have come before the judge are: Toyosaku Kamada, Alfred Sobrist, Michael Moronovich, George Raptis, Antonius Karachale, Selje Kamelima, George Mar Ting and Alexander C. Agapoulos.

It is explained at the courts that the rush to take out Canadian naturalization is induced by the energy displayed by income tax collectors in other countries. For instance, as long as a man is a citizen of the United States, although he may live in Canada, he must pay income tax to the United States Government. At the same time he has to pay income tax to the Canadian Government on the same income for the privilege of living in Canada.

Peter John Johnson, of 3105 Tillikum Road, applied to Judge Lampan to-day to become a Canadian. He was born in the village of Bro, Storvik, Sweden. He came to Canada in 1912, arriving in Vancouver. For the last five years he has lived in Victoria. The application was heard by the judge on November 1. Oswald Barton, registrar, announced to-day.

There is also a long list of others to be heard during the next three months.

## Mainland Marksmen Tie Helmcken Match

### Major Blair, Lieut.-Col. Keen of Vancouver and Major Cunningham of New Westminster Made 99 Out of Possible 105; Vancouver Cadet Wins Cadet Match.

Heal Range, Saanich, July 29.—Announcement was made this morning of the result of the shoot for the Helmcken Cup at the range yesterday afternoon. On totalling the scores it was found that three marksmen were tied for first place. Major Blair, of Vancouver, winner of the Nanaimo Cup yesterday morning; Major T. Cunningham, of New Westminster, and Lieut.-Col. F. J. Keen, of Vancouver, all had a score of 99 out of a possible 105. These marksmen will shoot off for first, second and third places later.

The leading marksmen shot very steadily. The competition was at three ranges, 200, 500 and 600 yards, with seven shots at each range. Major Cunningham put on five bulls and two inners at 200 yards and made six bulls and one inner at 500 yards. At the 600 yards he made five bulls and one inner at the sixth round, which with five bulls and an inner made his total at this range 32.

Major Blair made a total of 33 at each of the three ranges, getting five bulls and two inners.

Col. Keen made the only possible among the three leaders. He put on a bull with his eighth shot and repeated with six consecutive bulls. He, however, slipped up at 600 yards, making only four bulls, two inners and a magpie for 31. At 500 yards he registered five bulls and two inners.

Extra Matches.

Three extra matches were shot off yesterday, two of which were won by Lieut. S. H. de Carret. Major Blair, of Vancouver, won the other match.

Cadet R. Davies, of King Edward High School, Vancouver, won the Cadet Match this morning. He obtained 57 out of a possible 70. P. W. Galtwood, of the V. R. A., Vancouver, was second with 57, and Cadet G. C. Duff, student, of the University School, Victoria, was third with 57. This competition called for some excellent marking. Cadet Gibson, of King Edward School, was fourth, and Cadet Alvaroff, of University School, Victoria, fifth.

### Rotary Will Bind Nations Together

#### Upon It Task Will Chiefly Rest, Says Rev. F. A. P. Chadwick

Just back from Atlantic City, where he represented Victoria at the huge international Rotary Convention, Rotarian Rev. F. A. P. Chadwick describing to the Rotary Club at its luncheon to-day the impressions he secured at the gathering, declared that upon Rotary to a great extent would devolve the task of cementing the friendship of the Anglo-Saxon races of the world.

Mr. Chadwick expressed himself as tremendously impressed by the international character of the convention. Thirteen nations, he said, were represented, showing that Rotary is becoming a great force throughout the world. It was evident to him that Rotary, in completing individual friendships among its members was bringing about a closer understanding among different races. "The condition of the world to-day," said Mr. Chadwick, "is such that everyone should preach and practice the doctrine of Rotary friendship, as nations are only so many individuals. Not only must we have a league of nations, but a brotherhood of men. The task of Rotary, as demonstrated at the convention, is to help bring this about. The closer cementing of Anglo-Saxon people will depend to a great extent upon Rotary."

Concentrate On Tasks.

Mr. Chadwick emphasized the importance of boys' work—a subject which he recalled had been discussed fully at the convention. He felt that it should be the aim of the Rotary clubs of the world to concentrate upon certain specified tasks and complete them at all costs rather than dissipating their energies on numerous endeavors. Boys' work, he felt, was one of the tasks of greatest importance, and should receive the attention it deserved from the Victoria Club.

The Rotary Club to-day entertained a dozen Rotarians and Rotariennes from Seattle who are making an automobile tour of the Northwest at present. The visitors will meet the local Rotarians again this evening at a dance at Brentwood Hotel. Rotarian Partridge, of Salt Lake City, who also was present with the party, spoke for the guests, expressing their admiration for the island and Victoria.

### INCOME TAXES BRING RUSH FOR NATURALIZATION

### FUNERAL YESTERDAY

MRS. NORTH

The late Mrs. Jennie Ann North, of the well-known local family, who passed away Sunday after residence in Victoria since 1881. The funeral took place Wednesday afternoon.

### DEMONSTRATION BY BELGIAN SOLDIERS

Brussels, July 29.—Thousands of soldiers assembled outside the Chamber of Deputies to-day to demonstrate dissatisfaction with the Government's treatment of former soldiers, who demand that a lump sum be paid to every man who served in the war.

A body of soldiers broke the police cordon and invaded the chamber, disregarding Burgomaster Max's appeals. Eventually they were persuaded to leave peacefully.

While in the chamber the soldiers broke doors and windows and hurled the ushers aside. The men then marched through the chamber with banners while the astonished Deputies sat powerless to quell the tumult.

### NO REQUEST FOR STRIKERS' RELEASE

Quebec, July 29.—The Union of Canadian Municipalities declined to-day to consider a motion requesting the Federal authorities to release the Winnipeg strike leaders now in jail, when the matter was brought up at this afternoon's session of the Union's annual convention by Mayor Clark, of Edmonton. The meeting decided the convention could not adopt such a motion or even consider it, as it dealt with a matter entirely outside of the province of the Union.

Arthur Roberts, K.C., of Bridgewater, N. S., was elected president; C. W. H. Bondara, of Westmount, was elected vice-president; J. H. Ramsden, of Toronto, second vice-president; A. A. Pearson, Point Grey, B. C., third vice-president.

**Tennis Followers Had Rare Treat Yesterday**

Brilliant Playing at Willows Courts; Young Peers Brothers Came Within Ace of Defeating Pacific International Doubles Champions; Neer and Bettens Win From B. C. Titleholders.

Lovers of tennis had a real treat yesterday in the B. C. Tennis Championships at the Willows. Several of the finest matches ever seen on the Victoria courts, or any other courts in Canada, took place, and the numerous spectators were loud in their praise of the interesting and exciting matches provided.

In the morning Mrs. Rickaby, of Victoria, defeated her formidable opponent, Mrs. Milne, of Vancouver, in two sets, the remarkable feature being the winning by Mrs. Rickaby of the first four games in each set, then losing the next four to Mrs. Milne.

Mrs. Cushing easily disposed of Mrs. Fairbairn in two sets, 6-2, 6-2.

Maddonnell, of Vancouver, defeated Rev. S. Ryall, of Nanaimo, in three long grueling sets, in which rallies were long and base line play prevailed.

**Title-Holders Lose.** Neer and Bettens, the Portland and San Francisco pair, had the honor of eliminating Milne and Mercer, the holders of the B. C. championship in two very close sets, 7-5, 8-6, the winning point of the match being a close decision on a line ball which the linesman gave in and which Mercer claimed was out.

The finest match of the entire series so far was the men's doubles between Allen and Burrill, the holders of the North Pacific International doubles championship which they won early this month at Spokane versus W. J. and G. H. Peers, the latter twenty-one boys from Vancouver. This match was a perfect treat to watch, the volleying, driving, placing—in fact in every phase of the playing was as nearly perfect as could be. Less dependence was put on services to score aces than usual by the American pair after the first set, when it became apparent they were going to have the fight of their lives to win, which they ultimately did, losing the first set and winning the second and third, the latter by 7-5 after their opponents were leading 6-4 and 30-love.

The spectators freely applauded impartially each good play of which there were many throughout the match.

**No Morning Games.** There were no games this morning the competitors having a rest after three days strenuous play, but there will be games every hour this afternoon starting at 1:30 o'clock. Competitors have been warned they must be prepared to play at the hour set or be defaulted.

**Consolation Singles.** The consolation men's singles competition will commence to-morrow and this event promises to be as good as the open singles, a number of the best men having been beaten in the first round.

The veterans singles (35 years and over), commences to-morrow evening the Rev. S. Ryall being fancied as the winner of the right to play the present holder, Major Taylor.

At every hour of the day from this on to the final on Saturday close and interesting matches will be in progress.

**The Results.** Following are the scores of yesterday's matches:

**Ladies.** Mrs. Robinson beat Mrs. Robson, 6-3, 6-1.

**Vancouver Shot Wins Nanaimo Cup at Heald**

Heald Range, Saanich, July 28.—Major R. M. Blair, of Vancouver, won the Nanaimo match yesterday afternoon with a score of 24 out of a possible 25. Two other Vancouver shots captured second and third places, Lieut.-Col. F. J. Kien, being runner up to Major Blair, and Major C. Cartwright (third, Serg. W. H. Burton, of Victoria, was fourth.

The competition in this match was very keen. Major Blair came within one of a possible, while four men put on 25, six others scored 24, and seven missed the target by 1.

Cadet G. C. Duff, who won the trophy match yesterday morning, was well down in the Nanaimo match. He was seventeenth with a score of 21, one point ahead of Major-General R. G. E. Lockie, formerly G.O.C. here.

**Presented by Nanaimo.** Major Blair becomes the possessor of the Nanaimo Cup, which was presented in 1904 by the Mayor and Council of Nanaimo. It was won in 1901 by Gunner W. Winby; 1905, by Sergt. G. S. Carr; 1912, by Sergt. J. E. Johndro; 1907, by I. Lehman; 1908, by Sergt. R. Wilson; 1909, by Capt. Corbett; 1910, by G. A. Keith; 1911, by Sergt. G. S. Carr; 1912, by Sergt. Major A. J. Pawsy; 1913, by Corp. E. J. Reade; 1914, by H. D. Hemmell.

Before becoming the possessor of any competitor the cup must be won twice in succession. The match is shot at 200 yards with 7 shots. Besides the Nanaimo Cup, Major Blair will receive the H.C.R.A. medal.

The Helmsken match was also shot yesterday afternoon, but the results will not be known until to-day.

The results in the Nanaimo match were as follows:

**ELK SWIMMERS ACT AS HOSTS TO V.A.S.C.**

Enjoyable Time at Gorge Last Evening; Visitors Won Friendly Polo Game

Nearly seventy-five members of the Victoria Amateur Swimming Club took advantage of the Elks' invitation last night to visit their club quarters at the Gorge. The whole evening was a great success and the swimming and water polo exhibitions were one of the most enjoyable swimming entertainments of this year.

A polo game between the visitors and the Elks proved exciting and some brilliant play was shown by both teams. The score at the finish was 2-2 in favor of the V. A. S. C.

After the polo game members of both clubs went in the swimming pool and the water polo exhibition was given by both the ladies and the men.

Refreshments were served immediately after the swimming had left the water, the club house being packed to overflowing with Elks and their visitors. At 9 o'clock the Elks' band, near the Gorge bridge, was thrown in and the dancing commenced the time away till midnight.

**Polo Practice.** On Friday evening the following polo players at the C. C. Club are scheduled to be at the club house at 7:30 o'clock:

First team—R. W. Hiberson, G. Westburn, D. Balnave, J. D. McNeill (centre half), Dr. Patterson, L. Plumb, Geo. Silburn.  
Second team—P. Pitt, J. Allan, W. Barrett, A. Muir (centre half), T. Westburn, E. Squire and J. Clyde.

**MANY OUTSIDE STARS COMING FOR SPORTS**

Mainland Athletes Will Be Here For Army and Navy Field Day on August 7

In connection with the athletic sports which are being staged by the Army and Navy Veterans' Amateur Athletic Association on Saturday afternoon, August 7, at the Royal Athletic Park, it is announced that the five-mile Marathon race will be started at 1:30 o'clock from the Dominion Hotel, Yates Street. Mayor Porter, Brigadier-General R. P. Clark, Dave Clark and Frank Williams, M.P.P. will be the starters. The route to be covered by the contestants will be announced later.

The prize list in connection with these sports is steadily growing, the latest addition to the list being a handsome silver cup donated by the Victoria City Police Force have entered for the tug-of-war. The Army and Navy tug-of-war team is training hard under the guidance of Comrade Charlie Kench and they hope to make a name for themselves on August 7.

**ENLARGE PURSES FOR BRIGHOUSE RACE MEET**

Vancouver, July 28.—More than \$16,000 and possibly \$20,000 will be awarded to horsemen during the Summer race meeting at Brighouse Park, which will open Saturday and will close one week later. It was unanimously agreed by those responsible for the meet that the daily average prize list will be less than \$2,300, and that all races started at Brighouse this season will be worth at least \$200. This will be the first time in the history of the sport in British Columbia that purses under this amount will not be offered.

**Indians Will Try and Root Davis to Victory**

Great Crowd Looked For At This Evening's Game; Umpire Schilling May Have to Dodge Tomahawks and Hunting Knives If He Errs; Capitals Won Yesterday's Game Easily.

Chief Cooper and his peaceful braves from the Songhees Reservations will have the seats of honor at the Stadium this evening. This is to be Indian Day, the first to be held in the history of baseball in this city. The aborigines commenced to arrive in town this morning from Esquimalt and Saanich reservations and they will show the fans something new in the art of rooting. Few will understand what the Siwashes say, but their actions and boisterousness will provide a lot of fun for the white fans.

The redskins are coming in for the express purpose of watching their fellow-countryman, Chief Gus Davis, (twice a-game of baseball, Gus is a Washington Indian and was signed to take the place of Lefty Lawson. He pitched seven innings in a game last week and showed a lot of stuff, some of which he was able to control.

**ELKS GIVE KNIGHTS AN AWFUL TRIMMING**

Both Teams Played Well For Four Innings, Then Knights Did Balloon Act

For four innings last evening the Knights of Columbus and Elks played bang-up baseball. But in the fifth the Knights presented the game to the Elks. They booted every chance and Ray Parritt, because so weary of carrying the burden himself that he let the Elks crack groove balls to all corners of the lot. Result, Elks won by 10-2.

As a result of this victory the Elks are on the upper deck of the league standing and nothing short of a miracle can rob them of the pennant. If the Elks win the remaining game they have to play they will be assured of the bunting and will be given an opportunity to play the Elks in the final game of the Amateur League for the championship of the Province.

Balcom was in good form last evening and kept the Knights hitters in the palm of his hand.

**HILLS AND WARDS WIN INTERMEDIATE GAMES**

Two games were played in the Intermediate Baseball League last evening. The Beacon Hill nine defeated the Mets at Beacon Hill by 6-2, five out of a beautiful game for the Hills, allowing the Mets only one hit in the first six innings. Curtis was in good form for the Mets, but weak support by his team-mates let him down.

At the North Ward Park the Wards romped away from the Beavers by 7-3. Saunders worked well on the mound for the Wards. Nixon, the Beavers' hurler, was given poor support by the field.

Two games in the Intermediate League will be played to-morrow night. The Wards and Hills will meet at Beacon Hill in an exciting game, and the Beavers and Civil Servants will kick up the dust at the North Ward Park.

**NOT KNOWN WHETHER OR NOT CANUCKS SHOOTING**

Ottawa, July 28.—(Canadian Press)—Whether or not Canadians are participating in the Olympic target shooting contests now in progress is not known at headquarters of the Dominion Rifle Association here. An effort to obtain the names of the Canadian contestants from headquarters was met with the explanation that the whole matter was in the hands of the commandant of the Canadian Bisley team now overseas. Whether or not he would decide to enter a Canadian team in the Olympic contest was not known at headquarters and consequently no names were available.

## ROTARIANS WIN CRICKET MATCH WITH KIWANIAN

### Patrick and Martin Turn Tide in Exciting Semi-baseball Contest

Though many members of the team played more baseball than cricket, the Victoria Rotarians defeated the Kiwanians by a margin of fifteen runs in an exciting cricket game at the Jubilee Hospital grounds yesterday afternoon. The match, which was thrilling in more than one way, finally settled the long-standing dispute as to the relative willow-wielding abilities of the two clubs.

The Rotarians went in to bat first, and though their first five batters went down for ten runs, they made things look blue for the Kiwanians. Heavy scoring started when Lester Patrick and Vincent Martin faced each other in front of the wickets. True, Lester knows more about soccer than cricket, which he has not

played for over twenty years, and he handled himself as if he were on the more familiar baseball diamond, but his methods certainly were effective. Time after time he would seize upon Dean Quanton's choicest offerings and knock them past the boundaries in all directions. After making himself the hero of the day and netting 43 runs for his side, however, he was caught by Ivel off Skuce's bowling.

Martin, though less spectacular, showed the old-time form which made him one of the pillars of the Albion's cause and, by registering 56 before being clean bowled by Dodd, he proved the high scorer of the match. As a matter of fact, save for thirteen extras, Patrick and Martin made all but five of the Rotarians' runs. Brawn got L. B. W. on his first ball, and no less than six of the Rotarians were caught. The Kiwanians looked well in the field.

When the Kiwanians came in to bat they had a score of 117 and beat, and they looked as if they could do it, too. When Shipway and Conrod Schwen-gers got in it looked as if they intended to stay at bat for good. Shipway retired with 30, while Schwen-gers, playing with remarkable caution, continued the good work. Ivel, who had done well behind the wickets, was run out when he had scored only a single. One of the prettiest plays of the game occurred when Dean Quanton, upon whom the Kiwanians had pinned all their hopes, connected with the ball and sent it flying for what appeared to be a cer-

tain boundary. It was here that Patrick's baseball hands came in handy. He managed to "spear" the ball as it was about to land outside, holding it to the surprise of everyone, most notably himself. The Dean retired, having just avoided a duck's egg.

Then Fox and Spence were retired through hard luck, while Allen, the only man on the side to suffer this fate, registered a blob. It looked for a time, though, as if the Kiwanians would have little trouble catching up and passing the 117 mark. The score was boosted past the 100 mark, but the side retired with but 122. As a matter of fact, the general average of the Kiwanian batters was far better than that of the Rotarians, and had it not been for Patrick and Martin there is no doubt how the match would have gone.

A considerable crowd of Rotarians, Kiwanians and their wives watched the match, which was played in aid of the Kiwanian Club Hospital Fund. Refreshments in aid of the fund were served by a charming corps of nurses. Following is the complete score:

## FORMER VICTORIA BALL PLAYERS IN BIG LEAGUE GLARE

New York, July 29.—New York won from St. Louis yesterday, 6 to 5, in fourteen innings. The winning run was scored by Burns, who singled, went to second on Bancroft's sacrifice and came in after Young's hit to centre. The Cardinals drove Douglas from the box in the eighth, scoring three runs. In the ninth, half, Burns and Bancroft were passed and scored on Frisch's triple. Kelly's single sent Frisch over with the tying run.

St. Louis..... R. H. E.  
New York..... 6 13 1  
Batteries—Schupp, Goodwin, Sher-wood and Clemens; Douglas, Benton, Toney and Snyder.

Philadelphia, July 29.—Ninth-inning rallies by the losing team featured both games of today's double-header, Pittsburgh winning the first 6 to 3 and Philadelphia the second 5 to 4. In the ninth of the second game, Rawlings' error and Southworth's double with the bases filled scored three runs. In the ninth of the first game Pauleto's single, Rawlings' home run and doubles by Stengel and Williams counted three runs.

First game— R. H. E.  
Pittsburgh..... 6 9 0  
Philadelphia..... 3 6 0  
Batteries—Cooper and Haefner; Smith and Wheat.

Brooklyn, July 29.—Brooklyn batted three Cincinnati pitchers for eighteen hits yesterday, winning 9 to 0. Grimes scored three runs and helped drive in two more. Roush sprained his ankle chasing a fly in the sixth.

Second game— R. H. E.  
Chicago..... 8 11 1  
Boston..... 2 10 2  
Batteries—Vaughn and Daly; Scott and O'Neill.

Cleveland, July 29.—Cleveland defeated Boston yesterday, 8 to 6. Bagby was in splendid form and was brilliantly supported. Only two Red Sox reached second. It was Bagby's twenty-first victory of the season. The Indians hit Harper and Kerr hard. Score: R. H. E.  
Cleveland..... 8 6 1  
Boston..... 6 11 2  
Batteries—Harper, Kerr and Walters; Bagby and O'Neill.

Washington..... R. H. E.

## ROYAL VICTORIA

Isn't it strange to what extremes a girl will go in order to vamp some member of the whiskered sex, for whom she has set her cap?

When Constance Talmadge goes "In Search of a Sinner," her next John Emerson Anita Loos production, distributed by First National Exhibitors' Circuit, which will be the Royal Victoria Theatre's attraction again to-night, she dons a typical "vamp" costume of the "standing room only" variety and walks into her victim's apartment, with the insane intention of at least being noticed.

## DOMINION

Few actors in motion pictures are better equipped to play in a sea story than is Tom Forman, who has one of the leading roles in "The Sea Wolf," the screen version of Jack London's famous novel, which is at the Dominion Theatre. He is an expert swimmer, enthusiastic yachtsman and all-around athlete. His service in the army as a lieutenant put him in excellent physical shape. Nevertheless, Mr. Forman spent several days in intensive work in handling boats and acquiring nautical knowledge for "The Sea Wolf."

"All this may have seemed like stonewalling a bit," said Mr. Forman recently, "but no cinch for a land-lubber screen actor to go aboard a whaling ship and act like an old salt right off the reel. Confess during the filming of 'The Sea Wolf' when I found myself a hundred feet in the air trying to furl and lash a sail in a gale, I wished I were back on the studio stage. I feel that my preliminary training was a big help and well worth the trouble."

## VARIETY

Two passenger trains rushing at breakneck speed toward each other furnish a thrill in "My Lady's Garter," a Maurice Tourneur photoplay which is at the Variety Theatre this week. A crash seems certain, but one of the trains is switched to a siding in the nick of time. The situation is brought about through the demand of a notorious crook made to a rich railroad magnate that the latter drop \$10,000 out of a car window.

Detectives plan to apprehend the criminal, but their arrangements lead to several surprises and an exciting chase. The Tourneur picture was adapted from a well-known mystery romance written by Jacques Futrelle. Its cast includes such favorites as Wyndham Standing, Sylvia Breamer, and Holmes E. Herbert.

## COLUMBIA

Steele (William Farnum), in "The Lone Star Ranger," is a Texas ranger who has sworn to avenge the death of his friend, Neil, Captain of the Rangers, shot from ambush by one of a notorious band of cattle thieves. Steele is known throughout the border county as a fearless man and "lightning quick on the draw."

While on his way to Fairfield, the supposed centre of the band of cattle thieves, Steele meets Ray Longstreth, daughter of Cyrus Longstreth, who unknown to the girl, is the leader of the gang of outlaws, while passing as a leading citizen of wealth and irreproachable integrity.

Ray has just returned from the East, and when the stage leaves her at a desolate plains settlement Steele saves her from two gunmen and earns the gratitude of both the girl and her father. Steele is not recognized as a ranger, but is told by Longstreth, out of gratitude for saving Ray, that he can have a "job" on his ranch.

The arrival of Steele in Fairfield is looked on with suspicion by the members of the band—chief among them being Jeff Lawson, a nephew of Longstreth, and Bully Brome, a bad man and also a lieutenant of Longstreth.

Steele takes the "job on Longstreth's ranch in order to be "under cover" while tracking the thieves. Some of his duties include those of riding companion to Miss Ray. The rustler Lawson, who loves Ray, looks on the stranger as an interloper whose coming bodes no good, and watches him closely.

Steele learns that his employer and Lawson are the ringleaders of the band of cattle thieves, and sets about getting them into the clutches of the law. His constant attendance on Ray has resulted in a friendship which shortly ripens into love. Steele, having learned the true character of her father, realises his resentment.

Having found enough evidence against the ringleaders, Steele discloses his identity and makes clear to Ray how her father is involved. She pleads that her father has always been in the power of Brome and Lawson and wins Steele's promise not to do the father harm.

The rustlers plan to put Steele out of the way. He hears of the threat, and in an encounter with Brome he kills the latter and leaves for Longstreth's ranch. There he confronts Longstreth and Lawson, accusing Lawson of having killed Neil, Captain of the Rangers. There follows a pistol duel in which Steele kills Lawson. He gives Longstreth his freedom. The cattle rustling band is broken up and Steele leaves Fairfield with Ray as his bride.

"The Lone Star Ranger" is the feature at the Columbia Theatre for the remainder of this week.

No task should be left uncompleted. Ability in man is rated by what he finishes, not by what they attempt.

Jan Rubini and Mlle. Diane Appear in Big Feature at Pantages

Two stellar attractions on the programme this week help to make the Pantages vaudeville show one of the best that has been sent around the circuit. It is a list of the highest excellence, and should draw crowded houses at the remaining performances.

An offering of distinctive charm is presented by Jan Rubini, the talented Swedish violinist and composer, and his charming French wife, Mlle. Diane.

Jan Rubini is a violinist whose ability has been acclaimed in many countries. His finished technique and wonderful expression stamps him as an exceptional artist. His repertoire embraces selections not only from the famous composers, but also the product of his musical genius.

Selections from such famous composers as Wieniawski, Kreisler, Sarasate, Massenet and Rubini himself are interpreted by this accomplished violinist. Rubini plays an entirely different programme at each performance.

Mlle. Diane has a charming personality and pleasing voice. Salvatore proved a sympathetic accompanist, and Mlle. Diane also capably assisted her husband on the piano.

The staging of the act and the lighting effects call for favorable comment. "A Minutaire Recital" is a delightful musical offering, and will help to swell the box receipts this week at the Pantages.

Tom McKay again presents his Scotch Revue, featuring Wee May McKay, diminutive Scotch comedienne, and the original Scotch Jazz band. The stage atmosphere is charged with Scotch songs, music and dances. Bonnie Lassie introduces the bagpipes and drums and the "Mackie" costume, the clever drummer getting a real ovation. The Highland Fling and the sword dances were greatly appreciated.

Rose Sheldon and her brother offer an opening number in the shape of an artistic balancing novelty. Some very graceful work is seen in this act, and the pair were accorded a flattering reception at the conclusion of their initial performances. Dobs, Clarke and Dare appear in "Vaudeville Remnants." It is a singing and dancing act that carries plenty of punch. The eccentric dancing is very fine, and some good tumbling is introduced. Al Prince is back again with Rita Bell in a talking and singing offering which is replete with snappy songs and effervescent banter.

The Pantages orchestra, directed by Tony Jensen, and the fourteenth episode of the film serial "The Adventures of Ruth" complete an entertaining show.

MAKE 3 CENTS ON SUGAR

Cubans Make \$3 Back on Sugar Sold at 6 1/2 Cents Pound.

New York, July 29.—That Cuban cane sugar at 6 1/2 cents gives the planter a profit of more than 3c a pound is shown in an agreement filed in the Supreme Court.

It is made part of the complaint in a suit for \$1,000,000 damages begun by John W. Heath and Max E. Starlight against the Santa Lucia Company and Frederico Sanchez.

The plaintiffs aver that by an agreement of October 27 last with a syndicate headed by Potter Brothers, of No. 5 Nassau Street, Sanchez and the company were to turn over nearly 100,000 acres in Oriente Province, Cuba, to the syndicate for \$10,000,000.

On the property is a sugar factory and a railroad with twelve locomotives.

The suit is for non-performance of contract. Mr. Sanchez was served with a summons in the suit at Pier 14, East River.

HOSEIERY HARD HIT

Production in Japan Practically at Standstill.

Tokio, July 16.—The financial depression and the depreciation of cotton yarn has placed the hosiery manufacturers of Japan in a serious position. Production in nearly all centers has either ceased or been reduced, owing to the market prices offered for the manufactured goods, and the closing of the money market, which has cut the manufacturers off from their supply of funds.

Scarcity of exchange funds and the sudden advance of exchange rates consequent upon the depreciation of silver quotations have helped to kill the export trade. Where the fall of silver prices has seriously affected Asiatic countries the export of hosiery from Japan has been seriously interfered with, the buying power of the mercantile community coming to a standstill.

According to official figures issued from Nagoya the financial depression has dealt the severest blow to the hosiery industry in that district. The latest returns from the municipal office show that 115 of the 235 factories in Nagoya have closed their doors.

GERMANS LOSE TRADE

New Italian Law Cuts Deep Into Importations.

Rome, July 10.—The importation of German goods, which had assumed rather large proportions, has now diminished, owing to the new German law regarding exportations into Italy.

Goods for export must now be bought directly from factories or firms, and therefore pay the extra tax, besides the export tax. Heretofore Italian firms dealt with a middleman, who bought the goods for himself, and therefore secured them at the price of goods sold in Germany.

The articles or goods were exported, and only the tax of export was added to the price. Consequently Italian firms, with the high exchange, managed to secure bargains, which sold in Italy at high prices. This system depleted the stock of necessities in Germany. With the new law the German government benefits doubly.

LEATHER MEN BACK

New York, July 29.—Hundreds of leather workers started work at Wilmington, Delaware, yesterday when the Amalgamated Leather started operations on a large contract.

PENSIONS BOARD TO HANDLE INSURANCE

Ottawa, July 29.—The operation of the Soldiers' Insurance Act will be administered by the Pensions Board.

The necessary Order-in-Council was passed by the Cabinet this week. It is felt that this step will make for smoother operation, as much of the Pensions Board machinery can be used.

The Soldiers' Insurance Act will come into force September 1, 1920, and applications for insurance will be received for two years. After that period the right to effect insurance will end.

WOMAN DIES IN UNITED STATES OF SLEEPING SICKNESS

Scranton, Pa., July 29.—After nearly eight months of sleeping sickness Mrs. Marie Lynott, wife of P. G. Lynott, of Dunmore, died yesterday.

M. P. RETURNED \$1,500 TO CANADA

Renfrew, Ont., July 29.—Speaking at a church picnic at Douglas, J. E. Pedlow, M. P. for South Renfrew, told his audience that when he received his cheque for the increased sessional indemnity, he had immediately sent back to the Receiver General a cheque for \$1,500, the amount of the increase. His announcement was greeted with prolonged applause.

BELGIAN WOMEN AND VOTING RIGHT

Brussels, July 29.—Woman suffrage in Belgium made an advance step yesterday when the Chamber of Deputies, avoiding a crisis over the question by its action, voted by an overwhelming majority for the passage of a bill to revise Article 47 of the constitution, which deals with the suffrage.

GET-RICH-QUICK SCHEME TOPPLES

Boston, July 29.—The three-day run on the coffers of Charles Ponzi by doubting investors in his get-rich-quick scheme of international postal exchange, continued to-day while new investors in the possibility of abnormal profit took their money to a rival a few block away.

Ponzi, having agreed with District Attorney Pellitteri to accept no further deposits until investigation of his accounts had been made, stood in his enlarged office and saw everything going out, with no new funds coming in; but although payments in the last two days are estimated to have exceeded \$1,000,000, he was honoring every demand.

Ponzi was under three fold inquiry, Attorney-General Allen having joined to-day in the investigation previously undertaken by District Attorney Pellitteri and United States Attorney Gallagher.

PRICES OF SUGAR TO COME DOWN

Trade Is Overbought in East; Heavier Receipts From Cuba

New York, July 29.—Investigation of the sugar situation in New York discloses the practical certainty, within the next few weeks, of a break in the market which will extend from the refiner to the family bowl. Just how much less the housewife will be able to buy the product for when the bottom is reached, refiners "dare not" predict, but they admit the present price level cannot be maintained.

Heavy receipts of the raw commodity from Cuba and unusually large shipments now en route for late July and early August delivery at about 16.56 cents per pound, duty paid, are largely responsible for the hope. Porto Rican handlers' strikes have been settled and the planters now are ready to enter the market on a big scale.

In view of the fact the canning season is at hand, the certainty of a lower sugar market is of particular importance and interest. And therein, the refiners say, is represented what may be a stumbling block on the sugar toboggan. They point out that, if the demand in this country is such that the Cubans may learn at once of the urgent need for sugar, they will, in all probability, jump their prices up again.

RAILS STRONGER IN WALL STREET

(By Burdick Brothers, Ltd.) New York, July 29.—Rails showed considerable strength to-day on expectations that the increase in rates will be out tomorrow. C. P. R. advanced 4 points, closing at 12 1/4. Steel stocks were much steadier and the close was higher.

The foreign exchange was disappointing, sterling being quoted here at 87 1/2. This fact is being watched with great interest by most of the traders in its relation to stocks. There was no important news to-day.

HEAVY SELLING PRESSURE CAUSES WEAK CLOSE

(By Burdick Brothers, Ltd.) Chicago, July 29.—The corn market opened strong and advanced 1 1/2 to 2 cents caused chiefly by shorts covering and buying by the bull element. However, these gains could not be held and the market began to slide again, closing with a net loss of three to five cents for the day.

It was reported that Argentine corn offered at 45 cents under American. Wheat and oats followed corn. The financial situation is being watched with great interest at this time as it is being called in this country as well as Canada, and borrowers are having great difficulty in money. This places the grain trade in the embarrassing position of having to liquidate holdings of actual grain, resulting in lower prices.

EXECUTORS AND TRUSTEES. The Royal Trust Company begs to announce that owing to the growth of its business in Victoria it will, after August 1st, 1920, be located in the ground floor premises, Belmont House, corner of Government and Humboldt Streets, formerly occupied by Messrs. Cross & Co. and The Trust Company of Victoria. These premises have been leased for a term of years and the SAFETY DEPOSIT VAULTS situated therein have been purchased outright. SAFETY DEPOSIT BOXES may be rented at current rates according to size. Prompt and courteous service will be offered to all renters of boxes, and inspection of the vaults is invited. The Company acts as Executors of Wills, Administrators of Estates, etc., and correspondence and interviews are solicited. F. E. WINSLOW, Manager.

HIGHER INCOMES NOW POSSIBLE

Living costs have advanced to over double the average of 1914. During the same period incomes obtainable from the highest grade investments have, however, increased to an extraordinary extent.

Bonds of the Dominion, prior to the war, yielded about 3.5% to 3.9%. The present yield obtainable varies from 5.41% to 6.01%.

Far-seeing investors are to-day accumulating as many investments as possible of undoubted security and high yield. The present exceptional incomes serve to counteract to some degree the present high living costs and in the future when commodity prices decline the income then receivable will have a further increased purchasing power.

The security of Victory Bonds is not only unquestionable, but is beyond all comparison greater than that afforded by any other investment in Canada.

THE ROYAL TRUST COMPANY

EXECUTORS AND TRUSTEES. The Royal Trust Company begs to announce that owing to the growth of its business in Victoria it will, after August 1st, 1920, be located in the ground floor premises, Belmont House, corner of Government and Humboldt Streets, formerly occupied by Messrs. Cross & Co. and The Trust Company of Victoria. These premises have been leased for a term of years and the SAFETY DEPOSIT VAULTS situated therein have been purchased outright. SAFETY DEPOSIT BOXES may be rented at current rates according to size. Prompt and courteous service will be offered to all renters of boxes, and inspection of the vaults is invited. The Company acts as Executors of Wills, Administrators of Estates, etc., and correspondence and interviews are solicited. F. E. WINSLOW, Manager.

HIGHER INCOMES NOW POSSIBLE

Living costs have advanced to over double the average of 1914. During the same period incomes obtainable from the highest grade investments have, however, increased to an extraordinary extent.

Bonds of the Dominion, prior to the war, yielded about 3.5% to 3.9%. The present yield obtainable varies from 5.41% to 6.01%.

Far-seeing investors are to-day accumulating as many investments as possible of undoubted security and high yield. The present exceptional incomes serve to counteract to some degree the present high living costs and in the future when commodity prices decline the income then receivable will have a further increased purchasing power.

The security of Victory Bonds is not only unquestionable, but is beyond all comparison greater than that afforded by any other investment in Canada.

TO THE WORKERS OF CANADA

As a natural consequence of the great war, there is a certain amount of unrest in this and other countries, but in CANADA conditions are fundamentally sound.

The wise Canadian worker will not listen to those who would disturb the economic system which is at the basis of our general prosperity.

If conditions are fair keep working steadily and store up some of the fruits of your labor by saving systematically and depositing regularly in a savings account.

**ONLY TABLETS MARKED "BAYER" ARE ASPIRIN**

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Rheumatism, Aching Joints, Lumbago, Sciatica, Neuritis, and for Headache, Neuralgia, Toothache, Earache, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

**EXAMINE MOUNT DOUGLAS PARK**

To Issue Booklet Showing Roads and Trails to Parks and Beaches

After a motor trip to Mount Douglas Park yesterday afternoon, the Victoria-Saanich Beaches and Parks Committee decided on a number of improvements in connection with the park itself, and determined in addition to make its beauties known to tourists by issuing a booklet on the subject. This booklet, it is suggested, will be prepared by the Victoria and Island Development Association, and will describe not only Mount Douglas Park but also other parks and beaches under control of the committee, and will contain maps of the various roads and trails leading to them.

The committee decided to defer the installation of water facilities at Mount Douglas Park until Saanich deals finally with the water extension by-law. If this by-law is passed arrangements for linking up the park with the city mains will be made, but if it is rejected water will be obtained from near-by springs.

In order to create a path running completely around Mount Douglas, the committee decided to continue the trail which runs along the sand bank and cut it through a small ravine and back around the north side of the mountain to join the Merriman trail.

The area of Mount Douglas picnic grounds will be enlarged considerably, so that parking facilities will be augmented.

The committee will put into better conditions the little-used road approaching the hill from the south from Glendenning crossroads.

Expenditure of \$400 on the park so far has been authorized.

If present plans mature the annual inter-municipal picnic, which was such a success last year, will be held on Wednesday, August 11.

**FARMERS' INSTITUTES HOLD JOINT SALE OF ISLAND STOCK**

First Auction of Live Stock Is Held at Saanich Pound

Under the auspices of the Victoria, and the North and South Saanich Farmers' Institutes, the first co-operative sale of live stock on the Island was held yesterday at the Saanich Pound on Glanford Avenue. The sale was by auction, Stewart Williams acting as auctioneer, and was widely attended by representatives from all the southern sections of the Island.

Dr. Warnick Opens Sale.

The Deputy Minister of Agriculture, Dr. Warnick, accompanied by Professor W. T. Macdonald, Live Stock Commissioner for B. C., paid a visit to the grounds and the former opened the sale in a fitting address. Dr. Warnick congratulated the Farmers' Institutes on the progressiveness they had displayed in establishing the precedent of a joint stock sale and also spoke very highly on the grade of stock exhibited. He mentioned in particular the pure bred stock and stated that it was a pleasure to him to witness the growing tendency on the part of the stockmen to carry breed stock.

H. H. Grist President of the Victoria Farmers' Institute with Secretary S. W. Raven, attended to the preliminary arrangements for the sale, capably assisted by S. Lemon, President of the North and South Saanich Farmers' Institute, with Secretary G. Spencer of that organization. The liveliest interest was displayed by all the prominent stockmen of the district and some very fine animals were exhibited.

**Registered Stock Show.**

Registered pure bred stock formed the feature of the show, and entries were received from several different classes of animals. Hon. S. F. Tolmie's "Sylvia de Kol," a registered cow now owned by Tanner & Hillis, was exhibited, occasioning great interest, while two pure bred bulls were also on the list of entries. Other registered stock was displayed to advantage, including a number of very fine sheep, Oxford ewes, three Holstein heifers by Westport Lad, and a number of swine.

**Fine Dairy Stock.**

In the main, the registered pure bred stock was exhibited without the intention to sell, and no sale was made in this class. In other classes, however, representing some sixty head of animals, selling was brisk, and a good price was realized throughout, high testimony to the quality of the stock exhibited at this first joint sale.

The animals included dairy cows, beef cows, breeding heifers, registered and grade sheep, pure bred pigs, and some rabbits. The dairy cattle were in the majority, by a considerable number, and presented a very fine appearance for the stock raised under local conditions. Rappers and other leading dairymen on the southern section of the Island, all exhibited their stock, which drew encomiums from the visiting stockmen.

**High Prices Recorded.**

The prices obtained were above the average throughout, young cattle reaching \$78, with the high mark at \$100 for first class stock, which drew encomiums from the visiting stockmen.

**VANCOUVER ISLAND NEWS**

**Shawnigan Lake News.**  
Shawnigan Lake, July 28.—The bi-monthly meeting of the Shawnigan Women's Institute was held in the S. L. A. Hall on Thursday, July 22. The president was in the chair and there was a fair attendance. Several communications were read and laid over for further consideration. In place of the regular monthly meeting in August it was decided to hold a picnic at Mill Bay on August 14. An invitation was extended to members of the Cobble Hill Women's Institute and their families to attend the picnic. Blackberrying has been one of the chief occupations of a good many during the past week. At several locations near the lake the berries are simply prolific this year and the residents of Shawnigan are losing no time in picking them.

While working at the spur loading lumber yesterday morning, Mr. Ben Lovell had the misfortune to fall off a lumber pile and fracture his right arm. He was taken to the Duncan Hospital, where his arm was set by Dr. MacPherson.

Several parties of motorists who are touring the Island have camped at the lake for two or three days during the past week. One party has been here nearly a week, and think Shawnigan Lake is an ideal place for camping.

Mr. and Mrs. G. N. Gowen, of Victoria, spent the week-end with their daughter, Mrs. R. W. MacKay.

Mrs. M. Riedel, Miss Elizabeth Riedel and Verdi Petrillo, all of Portland, who are staying at Pen-y-Wein Lodge, are spending a ten days vacation touring Vancouver Island.

Among the guests who registered at Pen-y-Wein Lodge during the week are Mr. and Mrs. Biggin, Mr. Grant, Nanaimo; Miss E. A. La Fortune, Spokane; Mrs. M. Riedel, Miss Elizabeth Riedel, Mr. Verdi Petrillo, Portland, Ore.

**Church Announcements.**  
Nanaimo—The services at St. Paul's Church for the next two Sundays will be conducted by Rev. C. W. Houghton, of Vancouver. Rev. S. Ryall having left yesterday afternoon for Victoria on a fortnight's vacation, Mrs. Ryall joining her husband in a few days.

Rev. Dr. H. N. McLean, of St. Paul's Presbyterian Church, Victoria

West, is expected to occupy St. Andrew's pulpit next Sunday, and a former minister, Rev. J. M. Millar, D.D., now principal of Robertson College, Edmonton, the two following Sundays.

Between January and April of this year, Brazil exported minerals to the value of \$262,000, including manganese valued at \$254,000.
