POLICE RAID
WELL-STOCKED CHINESE CELLAR

Lee Tim Will Be Charged With Possession of Unsealed Liquor

In pursuance of a search warrant Chief Fry and Inspector Heatley made a raid upon the premises of Lee Tim at 130 Princess Avenue shortly after four o'clock yesterday afternoon. The police found a large ten-roomed house and were met at the door by Charlie Bo.

Charlie Bo conducted the police straight to the cellar. In all 101 full cases of liquor were found, and one broken case. The liquor included much Chinese whisky, some Guinness stout and other whisky, of various makes.

While the police were searching the premises and checking up the liquor, which it will be alleged was unsealed by the necessary Government stamp, Lee Tim arrived and Charlie Bo informed the police that Lee Tim was the owner, it is stated. With Lee Tim was J. S. Brandon, his counsel, who asked the police for their warrant, and examined the same. After a brief discussion Mr. Brandon permitted the police officers to proceed with their work.

The liquor was then moved into two cars of the Pacific Transfer Company, and taken to police headquarters. A summons was served on Lee Tim to-day, demanding his presence to appear in answer to a charge of being in possession of unsealed liquor.

OBITUARY RECORD

The funeral of the late James H. Hughes took place yesterday afternoon, the cortege leaving the Sands Funeral Chapel at 1:30 o'clock, and thirty minutes later services were held at St. Mark's Church by Rev. W. V. Hitchcock. Relatives and many friends were in attendance, and the many beautiful floral designs betokened the high esteem in which deceased was held. The hymns sung were "Jesus, Lover of My Soul," and "Peace, Perfect Peace." The following acted as pallbearers: E. Braisner, P. Dempster, H. Callow, W. H. Coates, W. Graham and R. R. Watson. Interment was made at Ross Bay cemetery.

Members of many pioneer families in the city were in attendance at the funeral services over the remains of Mrs. Eliza Wilby at the Sands Funeral Chapel yesterday afternoon at 3 o'clock. The hymns sung were "Jesus, Saviour, Pilot Me," and "Jesus, Lover of My Soul." Rev. William Stevenson officiated, and the pallbearers were: W. J. Chave, J. R. Clements, George Waites, E. Rigby, J. R. Fesscott and Mayor William Chant. Interment was made at Ross Bay cemetery.

The funeral of baby Thomas Keith Currow, the nine-weeks-old son of Mr. and Mrs. Samuel P. Currow, took place yesterday morning at 11 o'clock at the Sands Funeral Chapel. Rev. Robert Connell officiated, and interment was made at Ross Bay cemetery.

The death occurred last evening at the Royal Jubilee Hospital of Edwin James Smith, age 44 years. Born in Scotland he had been a resident of this city for the past twenty-four years, residing at 834 Caledonia Avenue. He is survived by three brothers, Harry Smith, who is at present in this city from Los Angeles, Cal. A. Smith and F. G. Smith, in England, also one sister, Mrs. C. Chatfield, in England. The funeral will take place to-morrow (Saturday), at 11 o'clock at the Sands Funeral Chapel, and interment will be made at Ross Bay cemetery.

The death occurred yesterday afternoon at Jubilee Hospital of Phyllis Gertrude Mould, the eight-year-old daughter of Mr. and Mrs. Thomas Mould, of 486 Caledonia Road, Saanich. The little girl was born in this city, and is survived by her parents and two sisters, Miss Ida and Miss Edna Mould. The remains are resting at the B. C. Funeral Chapel, whence the funeral will take place on Saturday at 2:30, proceeding to St. Luke's Churchyard, Cedar Hill, where interment will be made.

Funeral service over the remains of the late Mrs. Caroline Anna Nell was held in the B. C. Funeral Chapel yesterday afternoon, Rev. Robert Connell officiating. There were many friends present and the casket hymn "Abide With Me" was rendered. Interment was made in Ross Bay Cemetery. The following acted as pallbearers: Hon. James E. Wilson, Sidney Ross, J. D. MacDonald and J. I. Babe, all of Saskatoon; L. M. Rosewar, of Moose Jaw, and Lieut.-Col. Lorne Ross, of Victoria.

PRINTERS STRUCK BUT PAPERS ISSUED

London and New York Paris Sheets Appear

Paris, Feb. 10.—The editorial staffs of the Paris editions of The New York Herald and The London Daily Mail gave a lesson in journalistic initiative and enterprise to their French contemporaries to-day. When their printers walked out last night following a rejection of their ultimatum for a fifty per cent increase in wages, the staffs of the two newspapers got together. This morning they brought out a joint edition printed from photo-engraved plates of typewritten copy, the method being similar to that adopted by several American magazines recently in similar contingencies.

Minoru Oka, Professor in Tokio University, is in the city to-day en route home. Mr. Oka has been engaged at the economic conference of the League of Nations at Geneva, at which the conference discussed a scheme of distribution of raw materials, according to the industrial needs of each country.

For Colds, Grip or Influenza and as a Preventive, take Laxative BROMO QUININE Tablets. The genuine bears the signature of E. W. Grove. (Be sure you get BROMO.) See. Made in Canada. (Adv.)

Confines of Fort Property Here Were Marked by Records on Boundary Trees

The Historic Features Committee of the Chamber of Commerce has several sub-committees hard at work trying to collect data of the incidents connected with old landmarks. This work could have been much more easily done a few years ago when the first-hand information possessed by the old-timers, now passed away, would have been available. It is, however, hoped that by great diligence much can be accomplished. A most interesting historic spot connected with the very first founding of the fort by the Hudson's Bay Company has been found to exist practically in its original condition and right in the centre of the city. It is the vacant waterfront space on Wharf Street, next to the old Customs House.

The late Sir Henry Crease tells us in "The Year Book of British Columbia, 1897-1901," R. E. Gosnell p. 28, "Mr. Douglas took possession there (Camosun) of ten square miles, being 6,400 acres of land, on behalf of the company, and paid for the prop-

BALLANTYNE, FORMER MINISTER, SPEAKS OF ICEBREAKER

Montreal, Feb. 10.—Hon. C. C. Ballantyne, ex-Minister of Marine, discussing the contract for \$1,000,000 icebreaker entered into by the late Meighen Government with the Canadian Vickers Company of this city and cancelled by the present Government, has issued a statement in which he declares that the "John D. Hazen," the icebreaker proposed to be bought in substitution for this contract, is a second-hand seven-year-old ship which will need extensive repairs. The late Meighen Government also considered the taking over of this ship, he says, but the title to her could not be proved for months and it was considered that in view of current unemployment a new icebreaker should be built.

Do not suffer another day with itching, Eczema, or Protruding Ears. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. Get a box; all dealers, or Edman, Bates & Co., Limited, Toronto. Sample Box free if you mention this paper and enclose 1c stamp to pay postage.

SPRING ASSIZE

Criminal business will be taken up at the Victoria Spring Assize, set for May 9, it was announced to-day.

SMOKING AND SILK STOCKINGED SERVANTS ARE NOW TOLERATED

London, Feb. 10.—Future historians may be interested in the following advertisement from a Somerset paper as an indication of what is expected of or tolerated in the modern domestic.

"Young lady required as second chambermaid, 16 to 18. Experience not necessary if quiet and willing to work. Good home and wages offered (reasonable outtings). Silk stockings and short skirts not objected to. Non-smoker preferred. Apply Housekeeper, George Hotel, Frome."

The proprietor of the hotel, discussing the advertisement, said: "We don't want to put any obstacle in the way of securing a good servant. I don't even make it a condition that the girl shall not smoke." "The advertisement," said the proprietor, "is a good advertisement for a modern servant." "The other morning I saw a general in silk stockings and high-heeled shoes washing down the steps of a most sedate suburban villa. Smoking is another matter. I have not yet come across a case of a domestic servant insisting on her right to smoke in the house."

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the greater the chance of its being lost. Communications must bear the name and address of the writer, but not for publication unless the writer desires it. The Editor reserves the right to edit, shorten or reject articles in a matter entirely at the discretion of the Editor. No responsibility assumed by the paper for MSS. submitted to the Editor.

"HULL" NOT "HALL"

To the Editor.—Frequently in the course of the last few days I have been told "Hull, people mistakes you for young Mr. A. E. Hall, of Ward Seven, when discussing your name and candidature for School Trustee." I reside in Ward Four, on a farm under the Soldier Settlement Board, being one of the last men to return from war service in France.

A. E. HULL,
Ex-Private 48th Batin, C.E.F.

Indian Inspector III.—William E. Ditchburn, Chief Inspector of the Indian Department for British Columbia, was taken ill at his office here to-day, and at present is confined to his home.

A GOOD DRAWER.

"I don't know what's the matter with my furnace, it doesn't heat the house at all."
"Does it draw all right?"
"I should say it does. It draws about a third of my salary every week."—Boston Transcript.

Too few car owners are particular enough in folding the top when putting it down. The folds of materials get between the top bows and often are destroyed. With some tops it is essential that all folds be kept from between the bows. This not only lengthens the life of the top, but keeps it in better condition.

What Men Admire Most in Women is Perfect Health—The Sign of Strength

Barrie, Ont.—"I was suffering from a run-down system some time ago, was unfit to perform my daily duties, and was advised to try Dr. Pierce's Favorite Prescription. I tried it, took two bottles, and was restored to my natural strength. I cannot praise Dr. Pierce's medicine too highly and will be willing to write to any one sending a stamped envelope."—Mrs. A. H. Bishop, R. R. No. 1.

Mothers, Advice for You!

London, Ont.—"I wish I could tell all the women in the world who suffer with woman's trouble, what a wonderful medicine Dr. Pierce's Favorite Prescription is. My earliest experience with it was during my first expectancy. I became dropsical and my people were quite alarmed about my condition. The doctor's medicine did not seem to reach my trouble at all so my husband urged me to try Dr. Pierce's Favorite Prescription, and to please him I did. Before I had finished the second bottle the distress and dropsy left me and I felt in absolutely perfect health. I had no further trouble from that time on. I afterwards took Favorite Prescription whenever in a nervous run-down condition and it always strengthened and built me up."—Mrs. Lily Stoddard, 438 Ontario St.

Saanich Election Saturday, Feb. 11

For Reeve GEO. F. WATSON

Cars All Day, From 638 Cormorant St. Phones 1142 and 1364

Final Efforts to Get Every Saanich Voter to Polls

The close of the Saanich election contest will be marked this evening by the only formal address to the ratepayers which Reeve Watson will have issued during the campaign. This will take place at Tillamook School, and it is understood will take the form of an appeal for a turnout of every voter who can get to the polls, to register an opinion as to whether his work has been satisfactory.

Councillor Simpson will close his campaign for the Reeveship at St. Mark's Hall, Boleskin Road, commencing at 8:30 o'clock. He will feature in his address the methods he will adopt, if elected Reeve, for the solving of the labor problems of Saanich. A special invitation has been extended to city voters.

Transportation of city voters to the polls to-morrow, is being thoroughly arranged for by both sides. Reeve Watson's supporters are assured of an adequate supply of cars, and will call for voters at their residences wherever necessary. Pull automobiles will be dispatched to the various polling stations from the central headquarters, 638 Cormorant Street, at frequent intervals throughout the day. The telephone number is 1364.

Councillor Simpson's committee has arranged a schedule for handling the expected heavy turnout of voters. A squad of cars has been allocated to city service, to bring voters from their homes to the central quarters in the Douglas Hotel. There the voters of Wards One, Two, Four and Seven will find a service of cars organized, leaving for each poll upon the hour and every fifteen minutes thereafter. Wards Five and Six polls will be served by hourly cars from headquarters. There will be no service to Gordon Head and Cadboro Bay. Special cars will leave Seven Oaks post office every hour for the Ward Four polling station at Marigold, while Cordova Bay voters will be transported to the Ward Five poll during the afternoon. The telephone number is 1036.

Polling to-morrow will take place at the following stations: Ward One, Cedar Hill School; Ward Two, Tall Cedar School; Ward Three, Gordon Head Hall; Ward Four, Marigold Hall; Ward Five, Royal Oak School; Ward Six, Keating Hall; Ward Seven, Tillamook School. Two ballots, for Reeve and one year School Trustee candidates respectively, will be offered voters at all booths save in Ward Seven, where a third will be necessary to decide the Councillorship.

ORIGIN OF FOOD NAMES.

The following is an explanation, given by "Popular Science Siftings," of the origin of the names of certain dishes. A dumpling is a good old English dish, and comes from the word dumpen, that meant to throw down suddenly, and the diminutive ending "ling." The idea was a little cake that was made by throwing raw dough into boiling water.

From Portugal comes the word marmalade, which was originally a sweet preserve made from quinces, and stuffed into an intestine, and then cooked by boiling. There are words in many earlier languages meaning pudding, but it seems originally to have come from some word meaning a short body or inflated skin.

Nobody seems to know what muffin came from, but it was probably derived from the word muf, and it can be imagined that it might have been due to some similarity between the warm cake and the hand covering.

Waffle comes from an old French word meaning to fry or a dish of fried fish, which comes directly from the Latin fritius, the past participle of the verb frigere.

Waffle comes from water, and wafer comes from the German word wabe, a honeycomb or a cake of wax. Originally wafers seem to have been flat cakes like modern waffles. The association of the word wafer with extreme thinness is of modern origin. Sandwich takes its name from John Montague, fourth Earl of Sandwich in 1792, who used to have slices of bread with ham between served him while he was at the gaming table, so that he need not play long.

STOP ADVERTISING

when your wares are gone. Don't stop until then and don't stop then if you want to sell the store and the fixtures. Dame fortune adheres to the side of the biggest advertiser. If a store's publicity drags—then the store drags.

GERMAN STRIKERS SCORED BY WIRTH

Chancellor Says Movement Was a Revolt

Berlin, Feb. 10.—Chancellor Wirth's discussion of the recent general strike before the Reichstag yesterday met with pronounced resentment among the Independent Socialists and Communists, especially when the Chancellor stigmatized it as a "revolt," and added: "The word 'strike' in this instance is a misnomer."

OUTBREAK WAS PREVENTED BY POLICE

London, Feb. 10.—(Canadian Press Cable)—Precautions taken by the West Ham Board of Poor Law Guardians yesterday prevented an outbreak by a crowd of unemployed. Policemen were concealed in a Summer house nearby and others were hidden in the ground in which was located the building where a meeting of the guardians was being held. In addition mounted constables were held in reserve. The demonstrators, however, made such a noise that they interrupted the meeting and insisted upon sending in a deputation to interview the guardians. The latter informed the deputation that they were distributing £500,000 weekly, but the balance in the bank had been overdrawn by £236,000. No free coal could be granted, but the guardians were hopeful the Government would grant a request that land be purchased so that unemployed could be given work on it.

RAILWAY MINISTER VISITS WINNIPEG

Hon. W. C. Kennedy Inspects Government Lines

Winnipeg, Feb. 10.—(Canadian Press)—Hon. W. C. Kennedy, Minister of Railways, accompanied by President Hanna and officials of the Canadian National Railways, arrived in Winnipeg last night. Interviewed by the Canadian Press, Mr. Kennedy stated he was going over the lines of the National Railways to meet the officials and at the same time secure such information with reference to the road as the time at his disposal would permit.

BRENNERS FOUND GUILTY IN TORONTO

Toronto, Feb. 10.—After a trial lasting nine days, Nathan Brenner and Meyer Brenner, father and son, were found guilty last night by a jury on charges of conspiracy to defraud creditors of N. Brenner & Company of \$700,000. The other accused, Gordon Blackford, who was employed by the Brennens, was acquitted.

POINT GREY APPEAL HEARD AT OTTAWA

Ottawa, Feb. 10.—The appeal of the Corporation of Point Grey versus Shannon, an appeal from the Court of Appeal of British Columbia, was heard yesterday in the Supreme Court of Canada. The respondents are owners of a certain number of acres of land in the municipality appellant. The land had been assessed by the appellant at \$2,700 an acre, but the respondent appealed to the court of revision, alleging that under the provisions of the Municipal Act the land should have been assessed as for agricultural purposes and not as on its actual value. The court of revision confirmed the assessment, which judgment was reserved on appeal by Mr. Justice Macdonald who reduced the assessment to \$250 an acre, holding that the land was being used for agricultural purposes.

SAVED HER FROM AN OPERATION

Knightsbridge, Ontario.—"I took Lydia E. Pinkham's Vegetable Compound for troubles that women often have at that time. I had not been well for a year and was not really able to do my work. A friend who had taken the Vegetable Compound herself recommended it to me and I think it use saved me from an operation. I highly recommend it to all women who have troubles like mine, and am willing for you to use my testimony."—Dorothy J. Tracey, Knightsbridge, Ontario.

THE COUGH WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble. How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

NEW GROUP IN BRITISH HOUSE

London, Feb. 10.—(Canadian Press Cable)—Unionist members of Parliament who have signed a pledge to stand as independent Conservatives and not as supporters of the coalition in the event of a general election are organizing a group and discussing their future line of policy. It is understood that this group, which numbers about fifty, will not take united action on the amendment in reply to the King's speech which is to be moved on Monday next, arraigning the Government for extravagance, but some of its members probably will vote with the opposition parties.

JEWELLED TIARA FOR POPE PIUS

Rome, Feb. 10.—The tiara which Pope Pius XI will be crowned next Sunday is a magnificent example of the goldsmith's and jeweler's art. It consists of a cylindrical head dress, pointed at the top and surrounded with three crowns set with jewels. The tiara is held to be symbolical of the Pope's sovereignty and is customarily placed on his head at the coronation by the second Cardinal Deacon, with the words: "Receive the tiara adorned with three crowns and know thou art father of princes and kings, ruler of the world, vicar of our Saviour Jesus Christ."

LAFONTAINE BANK IN FRANCE SUSPENDS

Paris, Feb. 10.—The suspension of Claude Lafontaine, Prevost & Co. in France, was announced yesterday. Most of the bank's business was transacted in the Ardennes and other eastern departments of France. It was capitalized at 25,000,000 francs, of which 10,000,000 was paid up. The magistrate named to examine the bank's books reported yesterday afternoon that he had found its liabilities totalled 88,000,000 francs, with assets of 110,000,000 francs.

Ottawa, Feb. 10.—P. C. Larkin, of Toronto, is the new High Commissioner of Canada in London. He will probably leave for the United Kingdom some time after the opening of Parliament. The appointment of Mr. Larkin was announced by the Prime Minister last evening. He succeeds Sir George Perley, who returned to Canada a few days ago to submit his resignation. Mr. Larkin will have jurisdiction over all activities of the Canadian Government in the United Kingdom, including departments which were run independently during the war such as the Pension Commission, Soldier Civil Re-establishment, etc. He will act as resident agent of Canada in the United Kingdom.

Subscription Rates: City Delivery \$1.00 per month. By mail (exclusive of City) Canada and Great Britain \$2.00 per annum.

NOT SO BAD AS THAT.

The Mayor is reported to have predicted at the conference with the School Board on Wednesday evening that unless the salaries of the school teachers were reduced ten per cent. next September all the public services of the community would have to close down.

All this is not to say that the most stringent economy should not be exercised in the administration of all our public services. But no important community in this new world, like Victoria, is in the slightest danger of suffering such a fate as His Worship pictured before the School Board, because the wages and salaries of its employees are not reduced ten per cent.

GENOA.

France has now made it perfectly clear that she will take no part in the Genoa Conference unless the conditions under which that gathering shall take place prohibit the discussion of peace treaties. In other words the new French Ministry appears to have made up its mind to collect its reparations account from Germany according to the terms upon which the original bill was presented.

On the other hand it is better that France should make known her definite objections at this stage if only for the reason that any co-operative action among the European nations must not be hampered by the washing of a large pile of dirty linen. Moreover as long as the United States fails to see the force of any argument in favor of a helping hand from herself it will have to be assumed that Great Britain and France will remain the dominant factors in any attempt to pull Europe out of the ugly mess which threatens to engulf her completely unless help is provided quickly.

THAT EMBARGO.

Such hopes as may have been entertained for the removal of the British embargo on Canadian cattle have been dispelled by a statement which Sir Arthur Griffith-Boscawen made in the House of Commons yesterday afternoon. Canadian stockbreeders will naturally experience a good deal of disappointment; but they and the people of this country will have the satisfaction of knowing that the decision of the Imperial Government has been influenced solely by the pressure which the agricultural interests were able to employ. It is purely a matter of British domestic policy and no shadow of a reflection upon the health of Canadian cattle. The principal finding of the Finlay Commission is a clean bill of health in respect of the stock of this country.

Although it had been supposed that the favorable complexion which the report of the Royal Commission had seemed to impart to this protracted controversy presaged a course of events satisfactory to Canada, recent indications of a concerted drive upon the British Cabinet had raised the doubt as to whether the Minister of Agriculture could be weaned away from his own decided prejudices sufficiently to recommend his colleagues to remove the embargo. Sir Arthur has been perfectly

frank in his objection to any alteration in the existing arrangement and his willingness to fight and lose the Dudley election on this particular issue was an earnest of sincerity. Not the least significant feature of the Government's decision is the evidence it furnishes that there can be no hard and fast Imperial policy that refuses to recognize the peculiar requirements of one or more sections of the Empire. We have argued on more than one occasion that if the British Government was of the opinion that it would be to Great Britain's advantage to protect her own stockbreeders she would only require to tell our own authorities in plain language. She has now done so after empowering a special Commission to deal with the old libel against the health of Canadian stock. Canada will be actuated by similar motives when circumstances dictate. In the meantime we have been provided with another argument against a written constitution for the British Empire.

THE FUNERAL OF DE WET.

Shortly after the world war broke out Christian De Wet, one of the Boer chieftains in the South African conflict two decades ago, involved himself in a revolt against the British Crown. The movement was independent in purpose of the operations against the South African Union by the Germans of Southwest Africa, but its effect nevertheless assisted the enemy. It was speedily crushed by the prompt counter measures initiated by General Botha and General Smuts, former companions-in-arms of the irreconcilable Boer leader against the British.

Yesterday Christian De Wet was buried in Bloemfontein with state honors. Premier Smuts was one of the pallbearers. The Governor-General, Prince Arthur of Connaught, was represented in the procession, while Cabinet Ministers, Judges and influential people from every part of the Union were in attendance. This remarkable tribute to De Wet was in perfect accord with the policy of toleration and conciliation which the British Government, under the leadership of Sir Henry Campbell-Bannerman, in 1905, adopted towards the former Boer republics in spite of the strenuous but shortsighted opposition of the Unionists under Mr. Balfour. The triumphant vindication of that policy in the recent great war is known to everyone; it is enough to observe that Generals Botha and Smuts were among the most trusted leaders of this Empire's cause throughout the crisis. De Wet lacked their vision and appreciation of immense advantages the new Dominion enjoyed as an autonomous part of the Empire. He remained a Boer of the days of Oom Paul. Yesterday his former foes overlooked his defects and thought only of his virtues—and there were many of them. It was another notable step in the reconciliation of Britain and Boer begun by Sir Henry Campbell-Bannerman seventeen years ago.

IRELAND.

Nothing will be gained by minimizing the seriousness of the situation which has developed in Ireland. The Provisional Government as well as the British and Ulster authorities are being called upon to exercise a rare quality of judgment and restraint in the face of circumstances that threaten to wreck some of the work that has been accomplished during the last few months. It should not be possible to attach any blame to the officials of the Irish Free State whose interests are directly at stake and whose very authority depends upon the restoration of order at the earliest possible moment. On the other hand the public will frame its opinion upon the measure of the effort that is put forth from Dublin to obtain release of the prisoners. The most hopeful view that can be taken is the assumption that those Sinn Feiners who are opposed to the Collins-Griffith faction have revolted upon the promise of a spectacular coup for which information that has recently been transferred to the new regime would probably provide. In any case the developments in themselves add to the force of the argument that the elections should be held without delay in order that constituted authority may take proper form.

NOT AND COMMENT.

Mr. Bowser has promised the Liberals of Revelstoke a "fight to a finish." He never will know enough to stop half way; he will persist in being completely squashed.

If it were not possessed of such serious possibilities it would almost look as if the Irish kidnapping had been staged as one grand and glorious finale. Peace in Ireland must strike strangely on many Irish ears.

SEND DELEGATES TO GENOA CONFERENCE

for such postponement emanates from Rome, it was authoritatively declared here to-day. The French Ambassador, it is understood, was so informed last night by Lord Curzon, the Foreign Secretary, during their discussion of the French memorandum urging postponement of the conference.

PRAIRIE WHEAT SENT TO COAST FOR SHIPMENT

Calgary, Feb. 10.—Between 7,000 and 8,000 tons of wheat have been inspected in Calgary during the past four days, all of it being shipped to the Pacific Coast. This has been a considerable surprise to many of the local grain men, who were under the impression that Pacific Coast shipments were not practically at an end. As a matter of fact they represent as large a westward movement as at any time during the season.

BONOMI CABINET TO FACE HOUSE IN ROME NEXT WEEK

Rome, Feb. 10.—King Victor Emmanuel has not accepted the resignation of the Cabinet of Premier Bonomi, presented February 2. It was semi-officially stated to-day, and the Bonomi Ministry will be in its place next Thursday when Parliament meets.

WARD ONE AND FIVE LIBERALS TO MEET. Wards One and Five Liberal Associations will meet at 8 o'clock to-morrow evening at the Liberal Club, Government Street. All the wards are endeavoring to increase their memberships, and members are asked to get as many of their friends as possible to attend these meetings. Following the business sessions of the two wards a whist drive will be held.

PRESENTS TREATIES TO U. S. SENATE

Washington, Feb. 10.—President Harding is expected to present in person to the Senate to-day the treaties resulting from the International Conference. Great Britain. London, Feb. 10.—It was announced this morning that Premier Lloyd George later in the day, in replying to a question in the House of Commons, would state that he hoped to lay before the House full information regarding the proceedings of the Washington International Conference, but that it would be necessary to await the return of the British delegates. It also might be necessary, he would explain, to obtain the consent of the other Governments concerned before the documents could be made public.

GRAND OPERA HERE

The San Carlo Grand Opera Company will appear at the Pantages Theatre on February 27 and 28.

BRITISH TROOPS PROTECT ULSTER

quarters here suspicion is attached to the Provisional Government itself in the matter of the raids, because it is declared the kidnapers used a number of cars which the British troops had handed over to the Provisional Government upon their demobilization.

IN UNFRIENDLY HANDS.

An article in the Daily Telegraph remarks that if the raids were planned with the knowledge of the Provisional Government, it is obvious that much of the material which had been passed to it by the British Government reached hands unfriendly to Mr. Collins and his colleagues. It adds that there are many signs that certain local commandants of the "Irish Republican Army" who supposedly supported Collins have now thrown their lot in with Edmond de Valera. After further intimations as to the growing power of the republican extremists, the writer says: "The gunmen are supreme and if there is an early general election in Southern Ireland competent authorities believe the gun will decide the issue in favor of the republican party."

NO DELAY.

The Dublin correspondent of the Times again strongly urges the necessity for Great Britain quickly to pass legislation giving effect to the Anglo-Irish treaty so as to enable the Provisional Government to appeal to the electorate with the least possible delay. He says it is the belief in Dublin that, according to present plans, the legislation at Westminster will not permit an election in Ireland until the end of March, or the beginning of April, and adds: "If the British Government really attaches vital importance to the Irish settlement it will use every effort to curtail the period of suspense. The extremists are marking every possible use of the interval. Their strength to-day consists of the fact that it is an unknown quantity."

OPINIONS DIFFER.

The Morning Post's political correspondent says differences of opinion, which may have unexpected consequences, are developing in the British Cabinet as a result of the raids in Ulster, and he believes urgent instructions have been sent to Ireland to stop further acquisition of British arms and ammunition by the Free State authorities.

NEW U. S. CONSUL AT CHARLOTTETOWN

Charlottetown, P. E. I., Feb. 10.—C. M. Livingston, United States consul here, has resigned and George J. Crosby, of Phillipsburg, N. J., his successor, is expected here on February 14. Mr. Crosby has been for some months assistant to the American consul-general at Halifax and previous to his appointment to Charlottetown was assistant to the consul-general at Vancouver, B.C., and consul at Prince Rupert.

SETTLEMENT PLAN NOT ACCEPTED

Montreal, Feb. 10.—The proposal made by L. A. Gareau, trading under the name "English and Scotch Woolen Company," to Gordon W. Scott, authorized trustee in bankruptcy, for a settlement in satisfaction of his liabilities by paying fifty cents on the dollar on all proved claims, was refused approval by Mr. Justice MacLennan in the Bankruptcy Court here yesterday.

\$70,000 FIRE IN SYDNEY, N. S.

Sydney, N.S., Feb. 10.—The McLeod Building on Charlotte Street which contained a candy store and several offices, was destroyed by fire last night. The loss was \$70,000.

MAN INJURED IN RAILWAY SMASH IN NOVA SCOTIA. Antigonish, N. S., Feb. 10.—J. J. Power, of Brantford, Ont., a commercial traveler, was injured, four cars going over an embankment and eight cars leaving the rails, when the Sydney Express for Halifax was wrecked at 2 a. m. to-day at Afron, on the main line of the Canadian National Railway. The accident is credited to a broken rail, one end of which drove through the floor of a first-class passenger coach, it is reported.

MONTREAL WILL OFFER \$5,000,000 BONDS FOR SALE. Montreal, Feb. 10.—Tenders were authorized by the executive committee of the City Council Wednesday for the sale of \$5,000,000 5 1/2 per cent Municipal bonds maturing in ten years. The net debt of the City as shown in a statement issued yesterday was \$118,254,278.

NEWS IN BRIEF

Tobacco Stolen.—Breaking an entrance into the Jubilee Cigar Stand last night, thieves robbed the proprietor, Joseph Roberts, of a large quantity of cigars and tobacco.

Dr. Tolmie To Speak.—Dr. S. F. Tolmie, M.P., will give an address on "Impressions of My First Visit to England" before the Royal Society of St. George on Tuesday evening next.

Alpine Club.—Col. W. W. Foster, of Vancouver, will give an address before the Alpine Club at its general meeting at the home of R. D. McCaw, 2039 Granite Street, on Saturday evening.

Equimault Parent-Teachers.—The regular monthly meeting of the Equimault Parent-Teachers Association will be held in the school at 8 o'clock this evening. A very interesting meeting is anticipated. Homework is the subject to be discussed.

Unemployed Committee.—The weekly meeting of the members of the Unemployed Committee of the Amalgamated Veterans' Association will be held in the secretary's rooms this evening at 6 o'clock. A full attendance of members is requested.

Equimault Unemployed.—The Equimault Unemployed Committee will meet in Nelson Hall at 2 o'clock tomorrow afternoon, when a delegation of the Victoria unemployed will be present. A full attendance of the unemployed in Equimault is requested.

Violin Exam Results.—At the Canadian Conservatory of Music recently pupils of Miss Dorothy Francis were presented to Miss Gladys Shrapnel for violin examination, with the following result: Preliminary, Juanita Young, pass; Charles L. Andrews, pass; first year, William Louis, passed with honors.

Urgent Appeal.—An urgent appeal is made to the Friendly Help of Saanich for clothes, food, shoes and funds. A bed for a sick family is a most pressing need. Shoes that are in need of repair will give work to some. Any of the above articles will be gratefully received at the rooms, 3508 Douglas Street, or telephone the convener, Mrs. Todd, 3248 L.R.

To Hold Whist Drive.—A whist drive has been arranged for tomorrow evening in Nelson Hall, 527 Nelson Street, Equimault, in aid of the Equimault unemployed. Tickets unused for previous occasions will be accepted at to-morrow's affair. Those wishing to donate prizes are asked to communicate with George J. Cook, secretary of the Equimault Unemployed Committee, 525 Nelson Street.

Saanich Unemployed.—Unemployed men and women of Saanich will meet this evening at St. Mark's Hall, Boleskin Road, to discuss proposals drafted by the committee for presentation to the Saanich Council at its next session. Proceedings will commence at 7:30 sharp, and will last for one hour, in order that no delay will be caused the closing rally of the Simpson citizens for the Reeveship, which is scheduled for 8:30 o'clock.

Anniversary Smoker.—Members of the Tenth Brigade Ammunition Column have arranged to hold a grand smoking concert in the Liberal Rooms, Government Street, on the evening of Saturday, February 18, which date will be the anniversary of the departure of the unit for overseas. All members in the city, the island and on the mainland will be sent invitations to attend, and if any do not receive their invitation they are cordially invited through the press, to attend. Members of the column will provide the programme and a committee has been appointed to arrange the details.

DEPARTMENT HEADS CANNOT DISMISS CITY EMPLOYEES

Council to Make All Dismissals, Suspensions, Appointments Now

No city department head may dismiss, suspend or appoint an official or employee of any kind.

This is the mandate which went out from Mayor Marchant's office to-day after the City Council had decided to settle the Zeigler case out of court, and reinstate Fire Captain Zeigler, who was dismissed by Chief Stewart last year. This case, the Mayor announced this afternoon, decided one and for all that department heads cannot dismiss, suspend or appoint employees. From now on the City Council itself will exercise this function.

"I have always held that the power of dismissing, suspending and hiring rested with the Council," the Mayor declared, and this Zeigler case emphasizes the point. "A department head must report to the Council for action on dismissals, suspensions or hires, and the Council must act on his report."

"It is true that a resolution was passed by the Council some years ago giving the City Engineer power to dismiss, suspend and hire employees, but this resolution was ultra vires and so cannot hold. The power to exercise these functions rests entirely with the Council, and so the Council on when a department head wishes to dismiss, hire or suspend an employee he must ask the Council to authorize his action."

WINE PRICES CUT; NEW RUM ORDER OUT

Certain Ports and Sherries Less Costly

Hip-pocket Rum Bottle Too Popular

It is now to be less costly to drink certain brands of sherry and port wine in British Columbia.

The Hon. J. D. MacLean, acting Premier and Attorney-General, today announced that the Government has just passed an order in council reducing the price of these brands from \$1.50 to \$1.25 a bottle.

It was explained that the Government is able to buy these liquors at a lower price, and MacLean believes it should give the public the immediate advantage of the difference.

An order has also been issued by Reginald A. Hose, Secretary of the Liquor Control Board, governing the selling of eight ounce bottles of rum, which is said to be upwards of 40 per cent. overproof.

Under the new order, it is understood that the eight-ounce bottle of rum will be issued to customers only on a doctor's prescription. This, it is expected, will stimulate the demand for the larger sized bottles of rum.

MAJORITY AGAINST HORSE RACES HERE

But Council, at Meeting Today, Finds Big Difficulties

For more than an hour this morning the City Council, in private session in Mayor Marchant's office, thrashed out the horse-racing question. And when every alderman had expressed his views loudly and emphatically the Council was no nearer a decision than when it began.

A majority of the Council, it developed at the meeting is opposed to horse racing and would favor refusing permission to the B. C. Agricultural Association to hold a race meet here this year. Serious difficulties, however, have been discovered. Most important of these is the fact that while the Council could stop racing at the Willows, it could not prevent another race track being established. Moreover racing with the pari-mutuel system has been legalized by the Federal Government and, the Council thinks, has been recognized by the Provincial Government, which proposes to tax pari-mutuel profits.

Holding a referendum on the racing question is the plan most favored by Council members. In the end this probably will be the course adopted. In addition, it is planned to hold a conference between City representatives and delegates from adjoining Municipalities so that a general policy on racing may be adopted.

Would Sell Willows.

It was suggested at this morning's Council meeting that the City should side-step the racing issue by selling the Willows Park to some private company. Mayor Marchant and other members of the Council, however, protested against this plan in no uncertain language. Such a course they said, would simply be evading the Council's responsibility. On the other hand, they admitted that, in the past analysis, the City could not hope to stop racing if a new race track were opened outside the City limits.

Before any decision on the racing question is reached the Council will hear the representations of racing enthusiasts.

MAYOR ASKS WAGE BOARD TO TAKE UP CUT IN HIS SALARY

Mayor William Marchant has asked the Wage Board to consider, which is considering reductions in City Hall salaries at present, to take into consideration the advisability of reducing the Mayor's salary of \$3,000 a year.

This leaked out at the City Hall to-day but it became known later that the conciliation committee does not intend to tangle with the Mayor's remuneration. The Mayor himself is silent on the subject. His Worship, it was learned, suggested to the conciliation committee that, if it considered his salary too high, it should reduce it, just as it is reducing other City Hall salaries and would abide by the result. His Worship thought that aldermanic salaries were so pitifully small, however, that he would not suggest that the committee consider reducing them.

FIRST CYCLE RIDE

Victoria Cycling Club Will Hold Its First Ride to-morrow Afternoon.

The Victoria Cycling Club will hold its first ride to-morrow afternoon, starting from the Plimley, Ritchie and View Street, at 3 o'clock. The secretary of the club reports that many men have joined, and that it is hoped that more ladies will become members.

"Suzanna," an original story by Mack Bennett, has been chosen as the next starting vehicle for Mabel Norman. R. Richard Jones, who made "Mickey" and "Molly-O" with the same star, will direct.

Sloan's Liniment (Pain's enemy)

FOR SCHOOL LIBRARY

Dr. Sippell to Give Interesting Lecture on Travel.

A lecture and an excellent programme of musical numbers has been arranged by the Oaklands Parent-Teachers Association in aid of the funds for the Oaklands School library.

The function will be held in the George Jay School at 8 o'clock Monday evening, and Dr. Sippell will give his illustrated lecture on a "Trip to Europe, Including the War Area."

The Victoria Philharmonic Orchestra will be in attendance under the leadership of J. F. Wilson, and among the artists who will take part in the programme will be Mesdames Rumbly and Tickner and Mr. Mitchell.

VETERANS SECURE PRINCESS THEATRE

Dominion G. W. V. A. Secretary MacNeil to Speak Here Monday

Definite arrangements have been completed by the G. W. V. A. in connection with the visit here Monday of Dominion Secretary C. G. MacNeil who has just been chosen to a similar office in the Dominion Veterans' Alliance.

At three o'clock in the afternoon a convention will be held at which representatives from all parts of Vancouver Island will attend for the purpose of meeting and discussing with Comrade MacNeil many of the important questions affecting the interests of the returned men in the various districts.

The Princess Theatre has been secured for Monday night, and Comrade MacNeil will give a talk on matters of general interest to the returned men and their dependents. The discussion will be of interest to the general public as well.

A general invitation is extended to all patriotic and other organizations to attend, but it has been decided to throw open to the public only the balcony of the theatre. The whole of the main floor has been reserved for those who hold tickets and applications for these, which are issued free, should be made at the Association offices or any member of the executive before 1 o'clock to-morrow noon. The doors of the theatre will be thrown open at 7:30 and the G. W. V. A. band will be in attendance.

There are a few vacancies which will make private appointments with the Dominion Secretary, and it has therefore been decided that applications for appointments should also be made to the Association not later than noon to-morrow, when every endeavor will be made to secure appointments for all.

Clara Butt

A glorious voice—its beauty accentuated by the tone of the great

Steinway Piano

LAST night every anticipation was realized. A great artist gave of her best—delightful numbers, a splendid concert—all critics admitted it. Did you, as Dame Butt did, realize the part played by the Steinway? Her wonderful voice at all times received the sympathetic support of this great piano, the finest in the world.

LIQUOR ACT IS ATTACKED IN APPEAL COURT HEARING

Question of Proclamation at Issue

That the Government Liquor Act has not yet been brought into force by a proclamation of the Lieutenant-Governor is the submission made to the Court of Appeal to-day by the appellant in the hearing of Rex versus Ferguson.

John Ferguson was arrested by the police months ago, and convicted by the police magistrate of selling liquor. The objection that the Liquor Act was not really in force, was then raised by R. C. Lowe, counsel for the appellant, with Frank Higgins, K.C.

Ferguson was sentenced to six months in jail, but released on bail pending an appeal. This point of appeal was made before His Honor Judge Lammpan, in the County Court, the Crown being successful in defending the conviction against the same argument raised by counsel as in the Police Court. The appeal was dismissed by His Honor.

In the Appeal Court this morning counsel for Ferguson again brought his case before the Courts, taking the same stand, namely that the Government Liquor Act was not properly in force, as no proclamation effecting this was made, it is asserted.

In opening the hearing for appellant Mr. Higgins stated that this point would be argued, and also the constitutionality of the Act would be attacked.

Mr. Lowe submitted a list of legal authorities on this point.

C. L. Harrison appears for the Crown. Mr. Harrison has followed the case for the Crown up from the Police Court, being the City prosecutor at the trial in which the original prison sentence was imposed.

CUT ASSESSMENT \$178,650 HERE

The City's land assessment has been reduced to the extent of \$178,650 as a result of decisions reached by the City Court of Revision. The Court so far has considered about half of the applications for assessment adjustment received. The remaining applications will be considered at sessions next week. Reductions in assessment of Yates Street property west of Government Street alone reduced the total assessment by some \$40,000.

NARCOTICS STILL FIGURE IN COURTS

Majority of Cases Prove to Concern Drugs in Some Form or Another

Pleading guilty to a charge of being found in an opium den at 538 Cormorant Street, Ah You and Gee Man were to-day fined \$25 and \$4.50 costs each in the city police court. The Mounted Police made the arrest. Ah Sing, arrested at the same time and charged with being in possession of opium, was remanded until Saturday for hearing. Asking for bail, the accused was told that \$1,000 would secure him partial liberty, but ruefully shook his head at the doubt of his friends raising that sum.

Jewel Quigg, charged with conduct contributory to juvenile delinquency, was remanded until Monday for hearing. Charlotte Bamfield, a grey-haired woman of advanced years, was charged with begging and remanded until Saturday. Laura Martin, charged with being in possession of cocaine and morphine, was remanded until Tuesday for hearing.

The Times Latest Sporting News

TO-MORROW'S FIXTURES.

Two sporting fixtures of importance are on. The Bays and Naval College rugby squads will provide one thrill and the Wests and Thistles the other.

WILL LEONARD LOSE HIS CROWN?

Benny must turn back Rocky Kansas to-night or the crown which Leonard won from Freddie Welsh will pass to an Italian lightweight.

Two Hundred Amateurs In East Must Answer "Pro" Charges

Halifax, N. S., Feb. 10.—Two hundred amateur athletes in the Maritime Provinces, most of them in Nova Scotia, will have to face charges of professionalism accompanied by sworn affidavits. President Covey, of the Maritime Branch of the Amateur Athletic Association told the conference of the delegates of local athletic clubs here last night. All amateur cards, he said, probably would be suspended on February 25, subject to the issue of new cards to those who swear they are amateurs.

Bays Are Ready For Tussle With Cadets

Plenty of Thrills Expected at Oak Bay Park To-morrow Afternoon in Important Game For Barnard Cup—Wanderers Will Meet Old Boys

Great interest is being taken in the rugby game which is scheduled at Oak Bay Park to-morrow afternoon between the J. B. A. and Royal Naval College fifteens. The outcome of this game has a great deal to do with the ultimate resting place of the Barnard Cup, emblematic of the city rugby honors, for the next year.

The cadets are going out to avenge the defeat which they suffered at the hands of the Bays earlier in the season. The boys got off to a bad start and could not recover themselves and the Bays ran up a big total. Since then, however, the sailors have been in constant training and have been wising themselves up to all the finer points of the game.

The Bays, however, intend to go out and rush the cadets off their feet right at the start and obtain an early lead. They may be successful but they must count on stiff opposition from that which faced them in the former game with the collegians.

If the Bays can win this game they can pretty well guarantee their championship. It will give them a two-point lead on the Wanderers, their nearest opponents. The Bays and Wanderers will meet the following Saturday and if the Bays lose to-morrow this would prove the deciding game of the series.

Canadian Pacific Railway versus Metropolitan Second, at Central Park. The kick-off in all games will be at 3 o'clock.

Webster Absent. Owing to the fact that Art Webster, the best wing three-quarter of the Bays, is going over to Vancouver with the Victoria College basketball team, he will not be available for to-morrow's game, and the club management has been forced to slightly rearrange the team.

Wanderers vs. Old Boys. There is to be another senior rugby game to-morrow afternoon. The Wanderers and Old Boys will meet at Mt. Tolmie. The Wanderers are given the call, but it is possible that the Old Boys may trot out a very classy array of players and give the Wanderers a tough game.

Duluth Hockey Club Beaten at Winnipeg. Winnipeg, Feb. 10.—The Duluth Hockey Club was eliminated from the Winter Carnival international hockey championship series here last night by the Manitoba All-Star team, 11 to 7. Cleveland meets the Winnipeg All-Stars to-morrow night and the winner of this game will play in the final contest against Manitoba on Saturday.

Aries and Mets In Lively Battle For Top Berth To-night

Eddie Oatman Thinks Boys Have Speed to Come Through With Win Over Seattle; With Morris Back In Form Mets Are Proving Tough Proposition; All Players Are Keyed Up For Fast Game.

It's either the top or the bottom of the scramble for the Aries to-night. If they can smack the Seattle Mets for a win they will hoist themselves into the upper berth in the P. C. H. A., but should they slip up they will land with a crash down at the end of the stairs.

Pete Muldoon and his tribe of zebra-striped youngsters are dead anxious to crawl out of the hole. They want to get up in the breezes and have more to say in the league. The Mets have had a strangle-hold on the cellar berth most of the season, due in a great extent to injuries, but they are at full fighting strength and are making the going hot for the other teams.

Have Noses To Ground.

Petro, as the fans across the Sound now refer to Monsieur Muldoon, has been driving his help like a rough-rider during the past two weeks. He has drawn the world's series purse across the trail and the Mets have their noses to the ground and are trying their best to close on the prize.

The whole Seattle team is in prime condition. The recovery of Bernie Morris from the right boards has given the Mets their needed kick. Bernie has been knocking them dead with awful regularity of attack. He will need a lot of watching to-night.

Happy Holmes had a great time in Seattle on Wednesday when he picked out everything that the Vancouver snipers buried at him. But it sometimes happens that after a good night a goalie goes off a bit. It may be that "Hap" will be gracious enough to excuse the way for several shots, enough, at least, to win the game.

The Aries are ready. The Mets are right on their toes and they'll need to be as Lester Patrick has his aristocrats, who are ready to take the Aries to the cleaners over every inch of the route and if Holmes doesn't do the clam-act again to-night I think we'll squeeze through. It's going to be a squeeze no matter which way the count goes, but we'd like to get through before the door closes.

All the Aries are chafing at the bit and are shooting goals like a pump-gun. He is the most dangerous shot on the Seattle team at the present time.

Manager Patrick announced this morning that he would start his regular line-up. "Slim" Halderon seems to have won the right-wing berth and Tommy Dunderdale has gone back to his old love, left-wing. Frederickson is going out to play the game to-night and to-night and says he doesn't care who gets the goals as long as the team can win the game. That's the spirit that will pull a team through.

Harry Meeking is the permanent rover and Eddie Oatman and Clem Loughlin will guard the inner defenses with Hec Fowler in the main trench.

Should Be Fast. The game should be exceedingly fast. In the last appearance of the Mets here the Aries had an off night, but thankful to say, those short cuts don't come extra often and the boys are determined to make up for the loss. The Aries have only to win their three home games and into the play-off they go. They're just as determined to annex the extra-coppers as the Mets.

The Teams. Seattle Position..... Seattle Fowler..... Goal..... Holmes Oatman..... Defence..... Rickey C. Loughlin..... Defence..... Brown Meeking..... Rover..... Walker Dunderdale..... L. Wing..... Riley Frederickson..... Centre..... Foyston Halderon..... R. Wing..... Morris W. Loughlin..... Sub..... Briden W. Loughlin..... Fraser

SILVER MUG FOR ONE WHO SWIMS CHANNEL

London, Feb. 10.—A silver trophy, designed and executed under the supervision of the president of the Channel Swimming Club, has been offered to the first swimmer to cross the Dover Straits without artificial aid. Much interest has centred in attempts to swim across the English Channel. Captain Webb, D. Dalton and F. Cavill all claim to have done it, but only the swim of Captain Webb has been accepted as genuine.

The first recorded attempt was made on August 24, 1872, by J. P. Johnson, who started from Dover, but remained in the water only 65 minutes. On August 24-25, 1875, he swam across the Channel, diving from the Admiralty pier at Dover and touching Calais sands, France, after swimming for 21 hours and 45 minutes.

SHOOTING 'EM DEAD

BERNIE MORRIS

who has come back to his old form and is shooting goals like a pump-gun. He is the most dangerous shot on the Seattle team at the present time.

HAVE A HEART, "HAP"

"HAPPY" HOLMES

the brilliant goalie of the Seattle Mets who made the Millionaires wilt on Wednesday night. "Hap" is playing in great form right now.

HAMILTON CURLERS BEST

Toronto, Feb. 10.—Hamilton Thistles yesterday, by defeating Brampton in the finals, 35 to 25, were returned winners of the Ontario Tankard, emblematic of the championship of Ontario Curling Association.

Here's Two Ace-High Sports; Bet Mines on a Hockey Game

Cobalt, Ont., Feb. 10.—Dick Elliott, well known prospector of the north country, is richer by one mining claim as a result of the Canadian Soo's victory over Sudbury Wednesday night in the senior series of the N. O. H. A. Elliott favored the Soo's chances, and chancing to say so aloud, was overheard by A. Sullivan, a prominent merchant here, who offered to wager one claim against another on Sudbury.

Elliott accepted and in consequence offered a forty-acre gold claim in Eby township against a 19-acre silver fraction in Gowganda, the latter a patented claim. To-day Elliott received the papers giving him possession of his new property.

Kansas Goes After Lightweight Crown

LADY GOLFERS PLAN TO REORGANIZE BODY

London, Feb. 10. — (Canadian Press Cable)—The annual meeting of the council of the Ladies' Golf Union will be held to-day and promises to be one of the most important in the history of that body. The chief item is a recommendation by Miss Cecil Leitch, the lady champion, to change the conditions governing the open championship.

TORONTO BOY LOST IN TERRIFIC BOUT

Harry Henning Knocked Out by Sailor Kawalski in Great Fight Seen in N. Y.

New York, Feb. 10.—(Canadian Press)—One of the most terrific ring combats, amateur or professional, ever seen in this city resulted from the meeting of Harry Henning, of Toronto, and Mike Kawalski, a United States marine stationed at the Brooklyn naval yard, in the international amateur boxing tournament at Madison Square Garden last night. The marine finally scored a clean knockout in the third round. The bout was in the 160-pounds semi-final. Following are the finals:

118-pounds—Sid Terris, New York, knocked out J. Johnson, Toronto, one round. 135-pounds—Martin Smith, New York, defeated Walter Newton, Toronto, three rounds. Judge's decision. 160-pounds—Sunny Cole, New York, defeated Mike Kawalski, Marine Corps, three rounds. Judge's decision.

FIVE C'S WILL HAVE TWO CRICKET TEAMS

A meeting of the Five C's Cricket Club was held in the Christ Church Schoolrooms last night, when it was decided to run two cricket teams in the league this season. The teams will be known as the Five C's "A" and "B" teams. The "A" team will consist of most of last season's players. The "B" team will be made up of younger players, who will no doubt give a good account of themselves.

WITH THE BOWLERS

At the City Bowling Alleys last night the Arcades defeated the Travelers by 206 pins. H. Stuart bowled high score for the Travelers with 171, and B. Vinall's 203 was best for the Arcades. The next match will be between the Wilcox Hat Co. and the City teams. Last night's full scores follow:

Table with 2 columns: Team, Score. D'rey 139 156 146-441, A. Henry 134 115 168-415, M. Hunter 122 165 143-436, H. Stuart 171 169 134-474, Low score 117 149 167-433, Totals 683 754 756-2,193.

Table with 2 columns: Team, Score. F. Parker 157 174 157-488, L. Malcolm 117 159 134-410, J. Falk 142 169 156-445, S. Willie 188 149 155-492, Totals 795 854 772-2,392.

CHECKER MARATHON PROCEEDING WELL

Glasgow, Feb. 10.—Two more drawn games played to-day in the world's checker championship match between Newell Banks, of Detroit, Mich., and Robert Stewart, the Scotch expert, brought the score to 23 drawn games, one victory for Banks and two for Stewart. Four more games are to be played.

Benny Leonard Defending His Title To-night in Fifteen-Round Bout in New York—Critics Think Benny Will Win After a Stiff Fight

New York, Feb. 10.—Rocky Kansas, Buffalo lightweight will get his second chance at the world's lightweight title to-night in a 15-round decision bout with Champion Benny Leonard.

This bout has aroused great interest around little old New York. The seating capacity at Madison Square Garden, where the bout will be held, has been sold out and the gate will amount to somewhere around \$100,000.

Leonard, of course, has a strong following, but Kansas is fancied by a great many people, who have followed his fights. Last Summer Kansas and Leonard met for the first time and Rocky lasted the route, although Leonard decided to retire. In the betting Benny is the favorite but all money offered on him is being gobbled up by Kansas's backers.

Just One Punch. Kansas is a rugged, hard-hitting battler and while not quite as clever as Leonard he will give the Jewish scrapper a merry boxing lesson. He has been waiting for a long time. He has been craving for another fight with Leonard and figures that he has solved the method of Leonard's defence and can rush through and get home one of his terrific punches.

Leonard has been the king pin among lightweights for several years and he has never been badly pushed. There has been much talk about his inability to make the weight and that he would graduate into the welterweights. But Benny has taken off his extra pounds and will be under the mark for the weighing in.

Leonard will undoubtedly retain his crown but he will have to punch hard and will have to dispose of the aggressive Italian.

TOWERS AND ELKS MEETING TO-NIGHT

Vancouver Championship Will Be Decided; Tower Favored; Elks' Goalie Sick. Vancouver, Feb. 10.—Elks will be without the services of Carl Chapman to play goal for them in the second game of the senior amateur hockey championship playoff series at the Arena this evening. The popular manager and goalkeeper of the Elks is sick in bed with a bad attack of pneumonia and it is doubtful if he will be able to play again this season.

The championship will go to the team which scores the most goals in the two games and, as Towers enter the second and final game with a three-goal lead, they are naturally favored to carry off the honors. With a three-goal lead in their favor Towers are a hard team for any club to beat. The great back-checking of their forwards, coupled with strong defensive work by Moore and De Muth and Broadfoot's brilliant and steady work in goal, will make it a mighty tough proposition for the Brother Bells to break through. Art Moore, the big defence star of the West Enders, suffered a nasty gash on his forehead in practice last Tuesday, the wound requiring several stitches to pull it together.

The management of the team has announced that Moore will be in shape for the fray to-night. If he should find it impossible to break into the lineup it would be a hard blow to the West Enders. Moore has been playing a strong game all season and he kept up his good work in last Friday's game. Play Defensive Game. Many who witnessed the first play-off game last week were of the opinion that the Towers did not put all their stuff into the fray. It was the common impression that they were playing a safe game and were taking no chances with Ralph Campbell's fast sextette. To-night, with the big lead, they are expected to play a defensive game throughout. With a goalkeeper like Broadfoot in their goal they can afford to play this style of game, for the youngster is a bear on any shot that he can get his eyes upon.

FRANK TROEH MAKES FINE RUN AT TRAPS

Kansas City, Mo., Feb. 10.—Frank Troeh, Vancouver, Wash., national trap shooting star, broke 137 targets straight, missed his 138th and then ran out for a score of 149 in the 150-target race in yesterday's shooting at the eighteenth annual midwinter trapshooting tournament. His score is the highest made so far in the tournament.

FLASHY CENTRE-ICE MAN OF SENATORS

The Senators had another workout at the Arena last night, and showed splendid form. They are ready for their clash with the Vancouver champions on Monday night, and have no doubts as to the outcome.

FARMER AND JOHNSON BOXED TO NICE DRAW

Tacoma, Feb. 10.—Floyd Johnson, San Francisco heavyweight, and Frank Farmer, veteran Tacoma boxer, boxed a draw in the six-round main event of a boxing programme here last night.

H. DEILDAL

The Senators had another workout at the Arena last night, and showed splendid form. They are ready for their clash with the Vancouver champions on Monday night, and have no doubts as to the outcome.

PRINCESS PATS WIN

The Princess Pats won the first half of the Garrison soccer league when they defeated the Departmentals yesterday by seven goals to nothing in the deciding game. The field was in a very heavy state. From the start the Pats attacked strongly, and, although the Departmental goalie played a fine game, the score at half-time was three to nothing. The Pats were easily the better team, and they more than doubled their score in the second half. Husbeltion scored three goals, Sergt. Gibson three, and Pte. Bayless one. There was a large crowd on the sidelines to witness the game. Faulkner refereed and the teams were as follows: Departmentals—Swift, Ward, Wats, Dagles, Wylie, Hooper, Hutchinson, Kennedy, T. Watt, Martin and Shantz. P. P. C. L. I.—J. Waggett, Spiers, W. Waggett, Mitchell, Capt. Carvosso, Hincks, Gibson, Husbeltion, Henry and Bayless.

CIVIL SERVANTS WIN OVER UNIVERSITY BOYS

The Civil Service made the "Old Boys" sit up and take notice by defeating them at the Arena last night. The game was witnessed by a fair crowd and there was lots of excitement.

Henderson for the "Old Boys" showed up fine, and Coleman and Walls for the Civil Service were the shining lights. Hodson and Kenny played well on the defence, they broke up a good number of rushes by Milligan, Chalmer and Holmes, of the University.

The two goalies were good. Both teams were pressing hard when the whistle blew for time. The teams lined-up as follows: University Position Civil Service A N Oth Goal Fetherston Henderson Defence Hodson Passmore Centre Kenny Holmes R. Wing Coleman Chalmers L. Wing Grant Milligan L. Wing Walls Utility Austin Lee

GOOD IDEA, CHARLIE

The Sports Editor—As a regular attendant at all local professional hockey games, may I offer a suggestion to that element of spectators that seems to take a keen delight in "razzing" the players. It appears to me to be rather unnecessary pastime to pick out a local player and demand that he be taken off the ice. As one who has personally indulged in all kinds of athletic activities, I can easily understand that one cannot be at top form in every engagement.

The inconsistency of the human has been proven in the walks of life, and while an athlete may go into a quick slump for no apparent reason, he is just as liable to regain his proper form at the same time. I fully realize that good, constructive criticism is splendid for anything, but it is rather obnoxious to the real fan to have to listen to the sound of the hammer from the element I have referred to. My suggestion, therefore, is for everybody to be on their toes for the home boys, encouraging them in every attempt and root hard. This policy will undoubtedly prove welcome to the players and will inspire them to greater effort. Then when the race is over and the "A's" are declared champions, we can all have that satisfied feeling that we helped to do it.

CHARS. A. KNIGHT. P. O. Box 1144 City.

COLUMBIA

Mario Prevost appeared last night at the Columbia Theatre in her first Universal starring feature "Moonlight Follies."

She comes as a revelation to a jaded public, surprised with sex pictures. Her vivacious personality, her roughish, entreating smile and her intelligent handling of the "flip flapper" role of Nan Rutledge, assures the success of her first dramatic offering.

The story is by Percival Wilde, a prominent writer. In its original form it was called "The Butterfly," a title which exactly pictures the Nan Rutledge type.

King Bagoth did a notable piece of work in the direction of the production. Clyde Fillmore's portrayal of Tony Griswold, the strong-armed lover, will add to his screen reputation. Lionel Belmore, as Major Rutledge, a tempestuous old sporter, is excellent. Rene, the interior decorator and croquet champion, is handled with commendable reserve by George Fisher. Marie Crisp adds distinction to a small part.

The story deals with the history of Nan Rutledge—a baby vamp—from birth till marriage. She conquers men so easily that she doesn't want them. That is, all with the exception of Tony—who—but there's no use giving away a good story.

AMUSEMENTS TO-DAY

Capitol—"The Law and the Woman."
Variety—"Live and Let Live."

ROYAL VICTORIA

Constance Talmadge in "Woman's Place," a John Emerson-Anita Loos story, directed by Victor Fleming, promises to be one of the most successful photoplays of the season. It is showing at the Royal Victoria Theatre this week to crowded houses. Kenneth Harlan is again seen as Miss Talmadge's leading man, and others in the cast are Hassard Short, Florence Short, Ina Horke, Marguerite Linden, and Jack Connolly. "Woman's Place" is a lively comedy drama, replete with humorous situations and presenting an interesting romance. It is a First National attraction.

DOMINION

"Miss Lulu Bett," Zona Gale's prize play based upon her own novel, which was produced with big success on Broadway in 1920, has been pictured for Paramount by William de Mille and it will be the feature at the Dominion Theatre, all this week. Clara Berger adapted the play and novel for the screen. The title role is played by Lois Wilson and others in the cast include Milton Sills, Theodore Roberts, Helen Ferguson, Mabel Van Buren, May Giracci and Clarence Burton. Miss Gale's dramatization of her own novel was awarded the Pulitzer prize of \$1,000 for being the best American play produced during the season 1920-21. The story is most appealing and there are many dramatic moments in its development.

Jimmy Aubrey's new picture is called "A Charmed Life."

Corns?

—just say

Blue-jay

Stops Pain Instantly

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in two forms—a colorless, clear liquid (one drop does it) and in extra thin plasters. Use whichever form you prefer, plasters or the liquid—the action is the same. Safe, gentle. Made in a world-famed laboratory. Sold by all druggists.

Free: Write Bauer & Black, Toronto, for valuable book, "Correct Care of the Feet."

CAPITOL

Penryn Stanlows, the well known illustrator who dropped his brush to enter the field of motion picture production, has done excellent work in the second starring picture of Betty Compson, whose first picture, "At the End of the World," was also made under Mr. Stanlows' direction. The new picture is "The Law and the Woman" from the play by Clyde Fitch, with scenario by Albert Shelby LeVino. It will be shown at the Capitol Theatre this week.

Miss Compson's leading man is William T. Carleton who has played leads for various Paramount stars. The supporting cast is excellent.

VARIETY

While working on "location," Director William Christy Cabanne, whose latest Robertson-Cole production, "Live and Let Live" will be seen at the Variety Theatre to-day, discovered that he was the object of quite a romantic attachment on the part of a very young miss.

Five years ago when Mr. Cabanne was serving as D. W. Griffith's chief of staff and directing Lillian Gish, he happened to use the same location used recently for scenes of "Live and Let Live."

At the time a little girl of eight became the shadow of the director, following him wherever he went. Before leaving Mr. Cabanne presented the youngster with a shiny new coin and in the stress of picture making promptly forgot all about the little girl and the coin.

But the little girl did not forget and when Mr. Cabanne came back to the same location on "Live and Let Live," he was met by a shy young school girl, who showed him the coin attached to a chain and hung around her neck. The girl explained that she had never forgotten the director and that she always wore the coin he gave her for good luck.

AT ROYAL MONDAY

"Stardust," based on Fanny Hurst's famous novel of the same name, will be the first National feature attraction with Hope Hampton in the stellar role at the Royal Victoria Theatre next week, commencing Monday.

This production, filmed under the direction of Hobart Henley, is said to be the most ambitious and entertaining vehicle yet given to the talented Miss Hampton.

A cast of unusual merit appears in support of the star. James Rennie, well known favorite of the speaking stage, is her leading man. Other prominent roles are portrayed by Thomas Maguire, Mrs. Mary Foy, Charles Musset, Vivian Ogden, Ashley Buck, Noel Tearle, George Lambert, Charles Wilson, Charles Wellsley and Edna Ross.

The story is one of a great dramatic intensity, dealing with the career of Lily Becker, a small town girl whose love for music brought only abuse at home, and who, in final desperation, flees to the great city in the hope that she may realize her greatest ambition.

It is a great story of harsh misunderstanding, an unhappy marriage, a separation, romance, tragedy and success, and Miss Hampton, in the leading role, is called upon to run the gamut of human emotions.

"THREE LIVE GHOSTS."

An exceedingly beautiful hallway was designed for the new George Fitzmaurice Paramount production, "Three Live Ghosts," which will be the feature at the Dominion Theatre next week. The walls are entirely of ivory, rough cast, with a deep moulding after a design from the Pantheon frieze. The floor is paved with black and white tiles and the classic idea

is carried out in every item of the decoration, such as the low stone seats, the bronze doorway and the candelabra and flowerstand of delicate wrought iron.

"The Three Live Ghosts" is reputed to be even funnier than "Alf's Button." The action, thrills and laughter, is well worth going to see, and also the lovely scenery of the Old Country is abundant throughout the entire picture.

NEW COMEDY

Larry Simon has completed a new Vitaphone comedy in which the collision between a locomotive and a box-car loaded with a high explosive provides a thrill and a laugh. The comedy has most of its action laid in a theatre, and has been more than three months in the making, being one of the most pretensions filmed by this comedian.

NEW FILMS

Earle Williams has nearly completed his new picture, "The Man From Downing Street." Many of the scenes are laid in India.

Mlle. Andree Peyre, a French aviatrix and cinema actress, has been cast for the leading feminine role in the fifth episode of "The Leather Pushers," which Herbert L. Messmore is producing for Universal, starring Reginald Denny.

Betty Blythe has been engaged to play the leading feminine role in the next Rex Beach picture for United Artists which has been temporarily titled "Vengeance," and is based on the famous Rex Beach story "The Net."

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

PRUNING TIME

OLD FRIENDS

GREET DAME BUTT

Famous Contralto and Husband Welcomed Here

Enthusiastic Audience Demands Many Encores

A brilliant audience assembled last evening at the Royal Victoria to greet Dame Clara Butt and her consort party. The coming of the famous diva had created for many days past no little musical flurry and anticipatory pleasure. It was, therefore, a genuine conclusion that her reception here would be a triumph. And so it proved. Those present, and the Royal was filled to its utmost capacity, in their realization of some more hearing their beloved singer, were evidently bent upon enjoying themselves, and seldom indeed has a Victoria audience given so unstintingly and unsparringly of its delight and approval.

Wonderful Reception. Time sits lightly upon the shoulders of the renowned contralto, and also has been kind to the well-known, popular and talented baritone, Kenneth Rumford, her husband. Over ten years ago both artists visited the West amid the scenes of many triumphs, but the one to gladden the hearts of the two singers, and one to be remembered for a long time to come. Bouquet after bouquet was attached to the stage, among which was a magnificent specimen from the St. George Society, and time after time were the artists recalled, while the people shouted for more and still more all representing not only the testimony of a discriminating audience but towards the splendid achievement of the two singers, the violinist and accompanist. It was an evening, too, that Victoria, in doing itself unusual justice will not soon forget.

Madame Butt.

A beautiful, tall and stately woman, Dame Clara Butt, with a still gorgeous voice, the combination is irresistibly charming. At all times the finished artist, the two songs, "Objet de Mon Amour" from Gluck's "Orpheus" and Hayden's wonderful "Spirit Song," were very lessons in perfect diction, and exclamatory expression, at the conclusion of which the contralto gave the "Homecoming of the Unknown Warrior" beautifully rendered. The group of English songs was a joy, which included "Down Here" (May Brake) given with splendid contrasting effects, the pretty and dainty "A Fairy Went A-Marketing" (Goodheart), and "Yonder" by Herbert Oliver, the latter a glorious bit of song writing.

At its conclusion the applause was deafening, and in response to an undeniable appeal the artist, after asking from those present what she should sing, elected from the requests "Abide With Me" (Liddle), sung amid a tense silence. And still clamoring for more the contralto graciously gave "Annie Laurie."

Mr. Rumford.

Kennedy Rumford has a fine baritone voice of beautiful quality, and seldom indeed, is such exquisite art in song revealed. He is a well-schooled singer, and he made an excellent impression. The noble song, "Where'er You Walk" (Handel) and "More Sweet Is That Name" an aria written in lighter vein by the same composer from the oratorio, "Semei," were delightful examples of production, clear enunciation and interpretative abilities. He also had selected a group of English songs, which met with unmistakable favor, "Britanny" (Farrar), "Go Not Happy Day" (Frank Bridge) and the folk song, "The Rejected Lover," arranged by Cecil Sharp, were all given with much skill and versatility of mood. In his recall the opening bars of "Year of Bray" met with the instant delight of his hearers manifestly highly pleased to hear the good old English song.

Melsa, The Violinist.

The assisting artist was Daniel Melsa, Polish violinist, born in Warsaw, who has appeared frequently in London, with great success. His playing last evening met with rousing and prolonged applause. His technique is clearly of a high quality,

and his tone broad and pure, which were shown in the exacting "Faust Fantasia" (Wienawski), the divinely beautiful "Ave Maria," by Schubert-Wilhelm, and in the somewhat formidable "Caprice, No. 24, Theme and Variations" (Paganini-Auer). Melsa bears the stamp of a born violinist, and he plays with a compelling virility. His success was complete. His violin is a beautiful Begonzi, and the audience insisted on his playing more than once at the conclusion of his numbers. The accompanist, Miss Grace Torrens, was perfectly delightful, so skilful, lucid and discerning was her playing, and in the support given the artists throughout a highly delightful programme. The evening was brought to a close by Dame Clara Butt and Kennedy Rumford singing the first two verses of the National Anthem, the audience singing the third verse.

A Practical Prescription For Sour, Acid Stomach

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased, but if this acid condition is allowed to continue, the acid is very likely to eat into the stomach walls and produce gastritis with stomach ulcers. This may render a radical surgical operation necessary even to prolong life. Therefore, an "acid stomach" is really a dangerous condition and should be treated seriously. The excess acid or stomach hyperacidity can easily be neutralized by Bisurated Magnesia taken in teaspoonful doses in a glass of water after each meal. Larger quantities may be used if necessary as it is absolutely harmless. Be sure to ask your druggist for the pure Bisurated Magnesia especially prepared for this purpose. (Adv.)

Louise Lorraine will appear opposite George Walsh in "With Stanley in Africa," Universal's forthcoming serial.

No use trying to warm the body when you eat foods that are lacking in heat-making, tissue-building elements. Shredded Wheat with hot milk makes a warm, nourishing, satisfying meal for all members of the family, and solves the breakfast problem for many a busy housewife who has to get the children off to school.

WILL LECTURE HERE MONDAY

SIR PHILIP GIBBS

Sir Philip Gibbs, the famous journalist and publicist, who is now on an American tour, will speak here on Monday at the Pantages Theatre, his subject being "The Chance of a World's Peace."

An Able Family.

Sir Philip Gibbs in recent years has attracted world-wide attention by his genius and versatility as a journalist, author and publicist. He is the author of several books of a serious type in which he has displayed marvelous profundity of thought and unusually keen powers of observation. He has also made a name as a novelist and playwright.

publishing house of Cassel & Co., and speedily acquired a national reputation as a writer and critic. Subsequently he filled the position of Literary Editor of the London Daily Mail, and later held a similar position on The Daily Chronicle. Upon the outbreak of the war he went to the front as a special correspondent for the British and American press, when his graphic accounts of the famous campaigns and notable battles eclipsed the work of all other newspaper writers. For his brilliant services he received the honor of knighthood.

His Famous Book.

As an author, Sir Philip Gibbs became famous through the publication of his remarkable book "Now It Can Be Told." Since the close of the war Sir Philip Gibbs has had frequent interviews with eminent statesmen and other national leaders who are directing the course of events in Europe. He was also accorded a special interview with the late Pope Benedict. He has, thus had exceptional opportunities to ascertain the views of the highest authorities on present-day conditions and the vital problems confronting the world.

PLEASANT SOCIAL EVENT IN DUNCAN

(By Times Correspondent.) Duncan.—About thirty attended the social given by the Cowichan Chapter, I.O.G.E., at the Women's Institute Rooms. Five tables of bridge were made up and two tables of "500." Mr. and Mrs. McMillan captured the first prizes for bridge and Miss Robertson and Mr. Lowwood the consolation prizes. At the "500" tables, Mrs. Dawe won first prize for gentlemen. A sumptuous supper was served, the hostesses being Mrs. Innes-Noah, Mrs. Curbery, Mrs. Whittet and Mrs. F. J. Stephenson.

Nanaimo, Feb. 8.—Between ninety and one hundred couples spent one of the most enjoyable evenings of the season at the Oddfellows' Hall last night when the local Elks held their annual ball. While the attendance was hardly what was expected there was nothing left out which might have added to the enjoyment of the evening. Jensen's orchestra of seven pieces supplied the music for the evening, and they seemed to eclipse themselves in this direction, while the supper, which was supplied by the management of the Lotus Hotel, was voted as "being magnificent."

About 10.30 o'clock all men present were given paper head-pieces representing Elk heads, the emblem of the order, and the ladies a headpiece with the clock face. At 11 o'clock the hour when all Elks stop their fun to pay tribute to their departed brethren, these were all put on and presented a splendid effect. In the centre of the hall was a huge Elk's head on a stand and at the further end the large clock was in evidence. At the hour of eleven all lights were extinguished with the exception of that one in the clock which threw its

rays on the Elk's head. Bro. Al Davis gave the usual short service. **Kennel Notes.** Mr. J. J. Cottle, of Nanaimo, has been appointed judge at the second parlor show of the Vancouver Kennel Club which will be held on Monday. A very large entry is assured. The Vancouver Kennel Club has donated a very handsome cut glass bowl, for the best dog bred on Vancouver Island for the parlor show to be held in Nanaimo on Saturday next.

Arrangements are now practically complete for the big charity dance to be given by the Novelty Five on Friday evening next. In addition to the dance, which is in aid of the unemployed of the city, there will be several things drawn for, including a Kewpie doll and a box of chocolates donated by Mrs. L. A. Marshall and the Davenport Cafe respectively. The latest gift received this morning and which will be included in the drawing is a handsome fern donated by Mr. A. C. Wilson.

Bastion Chapter Activities. Mrs. W. Woodward, Mrs. F. Cunliffe and Mrs. A. Yates were unanimously elected as members of the chapter.

The chapter is organizing a concert for the opening of the Memorial Hall at Errington, March 1. The University Players will present "Mr. Pim Passes By" in Nanaimo about the middle of March under the auspices of the chapter. Proceeds for the Public Library. "A. Mary" tea will be given at the home of Mrs. W. W. Lewis, February 28, the wedding day of H.R.H. Princess Mary. The chapter gratefully acknowledged the donation of \$5 from Mrs. J. Mallpass, Sr. The opera "The Pirates of Penz-

ance" is being prepared and will be presented under the auspices of the Bastion Chapter and St. Paul's Choir in the near future.

Last Monday evening the workers of the Cedar Methodist Church gathered to bid farewell to Mrs. Scott, one of the endeavorers in the church progress, who in the near future is leaving the district. A short address was read in which the ladies expressed their regret at losing such an honored worker, and after thanking her for her efforts presented her with a small token of esteem and appreciation. Mrs. Scott after thanking the ladies, wished them success, and trusted they would continue with the same cheerfulness which they had in the past.

A very pleasant evening was spent in games and music, after which a dainty lunch was served by the ladies.

Sidney Notes.

(By Times Correspondent.) Sidney, Feb. 10.—The S.S. Grainer, of Victoria, Capt. McCartney, brought to Sidney dock a cargo of 10 tons of hay from Ladner for Mr. S. Matson.

On Friday the S.S. Crofton, Capt. J. Hat, called at Sidney wharf and put off 15 tons of hay for Capt. Varnice and Mr. Andy Munn. The ship brought the cargo from Ladner.

The S.S. Cascade, Capt. Slater, of Victoria, called in port for 500 cases of clams consigned to Vancouver firms. The clams were shipped by the Saanich Canning Co., of Sidney.

Messrs. Jones & Rant shipped their well boring drill and equipment to James Island on Thursday morning by the S.S. Cascade, where they have a contract with the Canadian Explosives, Ltd., to bore for fresh water, as necessary on the island for their plant and residential quarters.

"The same care in spacing that is seen on the facade of Notre Dame, Paris, must be shown in wainscoting, in furniture, and in the smallest of ornaments," he went on. "Leave equality to children and their dolls' houses," wrote Ruskin. Let the designer show his mentality by arranging his spaces to give dignity and repose. The necessity of adapting the design of an object to its position and to its use is as obvious as it is absolute, but the need of conforming the design to the conditions imposed by the materials and the tools by which the design is made is not so generally understood.

Accept Limitations. "Good craftsmen always cheerfully accept these conditions of restraint laid upon them, and frankly admit the limitation of both tools and materials, thus their treatment of materials taken from nature does not go far wrong." "Technical and artistic training increases the quality and quantity of a nation's products, and this is what is urgently required at present. The national debt of the Dominion of Canada is eight times more than it was in 1914, therefore it is necessary to improve on the productive methods of that date.

Must Raise Quality. "The decision adopted by the American nation when she found herself with the problem of paying \$1,500,000 per day to clear off their first war loan is illuminating. A report from a commission of financial magistrates pointed to the fact that for

INDUSTRY NEEDS ART, SAYS KYLE

Tells of Importance of Design in Industry

Why art and the principles of design play an important part in modern commerce was explained in an interesting speech delivered by John Kyle, Director of Technical Education for British Columbia, at a meeting of the Island Arts and Crafts Club last night.

"The appearance of a commercial production usually decides its saleability," Mr. Kyle declared. "Ugly objects or beautiful things unsuitable for their purpose as a rule prove bad stock, and in every case it pays a manufacturer to see that his goods are appropriate to their use, and that they are attractive in appearance; but that they are not made beautiful at the expense of utility."

"The problem, as seen in America, is also to be found in Canada, and it is well to realize that there is no limit to the value that design and workmanship can add to the raw materials of our Province except that which is imposed by a lack of facilities for training. A school of design dealing with the real needs of in-

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant. GOODFELLOWSHIP REIGNS IN LATEST SAANICH MEETING

Ward Four Meeting Notable For Kindly Speaking

That the Saanich election had developed into a battle of wits was the opinion voiced at the McKenzie Avenue School meeting last evening held in the interests of Francis Simpson's candidature for the Reeve-ship of Saanich. Mr. Simpson was engaged at a meeting at the West Road, and during the long interval before he could arrive at McKenzie Avenue the rival merits of the two candidates for Reeve were debated. The earlier part of the meeting was signalled by a statement by Councillor McWilliam, representative of the ward in favor of Reeve Watson, as a capable chairman of the Council, and long experienced in Saanich affairs. Based on the successful plan in Ward Seven, Mr. McWilliam suggested consideration of a by-law for raising \$5,000 or \$6,000 yearly for five years for opening up new roads in Ward IV, in a local improvement area to be defined. Such a sum, he said, would mean a levy of four mills. Mr. McWilliam regretted the delay in municipal work, as a result of the second election, especially in view of the many unemployed in Saanich. "I have taken no part in this election, for or against either of the Reeve-ship candidates, but I would like to set before you my ideas," he said. Telling of a year of close study of Reeve Watson and Councillor Simp-

son at the council table, he said, "I have set a standard and have measured both by that yard stick. I have no fault to find with Mr. Simpson as a councillor; he has been careful and done his work well."

Praise For Reeve.
 "But as to Reeve Watson, I must say he has been a just man, a fair man and an able man. Look at the time he has had to give to the affairs of Saanich. I never dreamed that so much of a man's time would be required. But Reeve Watson never grudged to give all his time necessary."

"His years of experience as Reeve, his year spent on Council and long service upon the School Board, all combine to make him even more valuable to us to-day," he said.

Voices Criticism.
 "Mr. Simpson's experience for the office of Reeve is a matter for you to judge," said Mr. McWilliam, and noted, "I have this point against Mr. Simpson. He brought up a man who has given the municipality twelve years of faithful service. That man should not have been so unmercifully scored—we are none of us perfect."

"Another point I have is this: Mr. Simpson had his chance in the first contest; he was nominated; he withdrew; he should not have brought on this second contest; the voice of the people had been heard unmistakably, and this is another point where Mr. Simpson has failed to measure up to the standard I had set."

"During the fight I notice Mr. Simpson's platform has been entirely lost sight of; the contest has developed into a battle of wits. It is time, we are all agreed, that the campaign was over," he said. George Hornsey, of Ward Two, made a number of charges against Reeve Watson, ending with "he lied, lied, lied." The chief of these referred to the famous "Municipal Manager" letter, and Mr. William took the floor, and, after remarking, "Surely you would not support Mr.

Kingwell's action," adopted Reeve Watson's view of the tenor of the letter. "To my mind, there was an insinuation of bribery in that letter," he said. For almost an hour a good humored crossfire amused and enlightened the gathering, while awaiting the arrival of Mr. Simpson from the West Saanich Hall.

Candidate Arrives.
 Councillor Simpson touched upon protests made against a new election, stating "We can only be guided by the dictum that no election has yet been held." As to the expense, he took issue with those protesting. If this was to be regarded it would deprive voters from the privilege of expressing their wishes, he considered.

The Simpson-Kingwell agreement was touched upon as being for the purpose of securing the will of the people as to support of the past administration. Asked why he did not wait until next year, Mr. Simpson remarked, "Let next year take care of itself; let us not build bridges until we come to the stream."

Mr. Simpson assured the audience that no one had asked him for any favor if he should be elected as Reeve. "Time for a change is the word that is going," he said, in commenting upon affairs. "The paid officials of the municipality should confine themselves to their duties and not be butting into elections as they are doing."

"This is a thing that should not be tolerated; that ammunition should be prepared and sent broadcast by the officials," he said.

Election Pledges.
 The candidate summarized the following promises if elected: "I will not stand for favors to any individual, the greatest good to the greatest number will guide my actions. There

FORESIGHT
 always was better than hindsight. Those who take **SCOTT'S EMULSION** regularly exercise foresight that pays large dividends in robustness.

Scott & Bown, Toronto, Ont.
 ALSO MAKERS OF **KI-MOIDS** (Tablets or Granules) FOR INDIGESTION

should be less collusion between elected officials and paid officials. I demand that paid officials give their best services to the municipality, we pay them for it."

Dealing with press reports Mr. Simpson said, "If I were an outsider I should say 'here, too, is time for a change.' If we had but a few nice neighborly meetings, correctly reported, we would be better off. It should not be necessary to hold so many meetings."

"I rather from experience that a revision of the assessment roll is necessary," he said, claiming that those long dead are still on the voters' list.

Citing a number of assessment errors, Mr. Simpson declared, "these residents will be welcomed. Mr. Simpson said, 'A little new blood will be a good thing, the old timers here get into a rut.'"

Mr. Simpson said the campaign had started "pretty rough," but had grown better natured as it proceeded.

"New Blood Needed."
 Declaring his intention to make Saanich a place where ex-prairie residents will be welcomed, Mr. Simpson said, "A little new blood will be a good thing, the old timers here get into a rut."

Mr. Simpson said the campaign had started "pretty rough," but had grown better natured as it proceeded.

"If you elect me, I shall try to so conduct myself, in the municipality and elsewhere, in such a manner as to bring credit to you as your Reeve," he said, receiving generous applause.

Frank Mellor asked, "How do you reconcile your statement that you favor four meetings with the action of your committee in arranging seventeen?" Mr. Simpson retorted, "I told you, with fair press reports."

School Affairs.
 Trustee Hull was accorded strong favor as he took the floor. He thanked the ward for the support given him at the last election, and said he would not have again been in the field save for the opening of the bye-election seat.

Mr. Hull stated that he welcomed a statement from the Teachers' Federation which had accepted last year's salaries with the ordinary annual increases in vogue. He felt this made for accord and good work in the coming year. "Education will cost less this year in Saanich than it did last year," he announced, this because of lesser extraordinary expenditures, and the conversion of an adverse 1920 balance of \$3,000 into a 1921 credit of over \$1,700.

"I have changed my views somewhat as to a High School, it will probably be better to stay as we are in association with the city, though the position we should be in, if the city were unable to take our pupils, is an important factor to be remembered," he said, receiving the most hearty applause of the evening.

From the Finest Dairy Cows

St. Charles Milk comes from the finest dairy cows, milk that is selected wisely and carefully.

It is right before it goes into the can, that is why it is right afterwards in your home.

It is pure, rich, country milk from which most of the natural moisture has been removed—and nothing added.

Milk of double richness—sterilized to ensure its purity—milk in its most convenient household form for every cooking and table use.

It has been evaporated to the consistency of cream—that is why you must add an equal part of water if you desire to use it as ordinary milk.

On cereals, fruits, puddings, etc., use St. Charles as it comes to you. Use it for all milk and cream cookery.

It is the finest FRESH milk obtainable. At your grocer's in "a size for every need". Let him send you a few tins to-day.

WM. WRIGLEY JR. COMPANY LIMITED
 MANUFACTURERS OF CHEWING GUM
 WRIGLEY BUILDING TORONTO CANADA

October Twenty Sixth, 1921.

Canadian Daily Newspapers Association, 902 Excelsior Life Building, Toronto, Ont.

Gentlemen:

For over ten years we have used about two hundred million quarter-page advertisements, every year, in the newspapers of Canada, and this, doubtless, has constituted the greatest permanent newspaper campaign in the history of the country. Our advertising has appeared in approximately three hundred newspapers, farm papers, and a few magazines, with a total circulation of well over three million for each issue used.

We have built the Canadian WRIGLEY business on newspaper advertising, because, in the initial stage of our development, we felt that the Press was the great medium of general information. Long experience has not only substantiated that feeling, but we are convinced that without the newspapers of Canada it would have taken us a very much longer time to have made WRIGLEY'S Chewing Gums the greatest sellers in the land.

It is not my intention to belittle the importance of other forms of advertising — perhaps for many businesses the well recognized mediums of street-car and bill-board publicity are logically the best — but, for the development of the WRIGLEY business, there can be no question but that the daily and weekly Press of Canada has been our greatest asset in telling the people about what we had to sell.

Very truly yours,
J. J. Gibson
 Managing Director.

The finest tribute that can be paid to Daily Newspaper advertising is contained in the second paragraph of this letter. The Daily Newspaper remains supreme as the advertising basis of business development, because its appeal is universal.

Issued by The Canadian Daily Newspapers Association, Head Office, Toronto.

RADIOACTIVE ORE ARE LOCATED IN COPPER MINE

(Continued from page 1.)

Alpha Radiation.
 "About June 10, 1921, H. E. Neave, a mining engineer who had examined the company's property during January of this year, stated to P. N. D. Roshier that in his opinion some of the ore of the company's claims was radioactive. At Mr. Neave's suggestion, a specimen of ore from the company's office was selected and the experiment made of exposing the ore to a photographic plate in a box impenetrable to ordinary light. The plate was developed after an exposure of 72 hours duration with a remarkable result. This experiment was followed by many others in which ore specimens consisting of thin sheets of the workings on the company's property were employed. Positive results were obtained in the great majority of cases, noticeable effects being even produced from smaller pieces representative of considerable tonnages of ore. Some of the effects were very remarkable and clearly illustrate the emission of extremely penetrating radiations. After some delay suitable scintilloscopes were obtained from London, England, and Denver, Colorado, by means of which the presence of a radiation capable of exciting fluorescence in Sidot Biende was noted. This, presumably, is an Alpha radiation consisting of helium atoms expelled at extremely high velocities. The rate of emission of these particles varied considerably with specimens, the scintillations being observed from one to two up to 200 per minute.

"Although no visible aggregates of substances exhibiting the physical characteristics of the known radio-active minerals have yet been detected," says Mr. Roshier, "it should be borne in mind that any response to the qualitative photographic and scintillation tests is an indication of the presence of some active matter readily measurable by the more delicate electric methods. The response of the company's ore to the crude tests so far made is so remarkable as to encourage the belief that rich deposits of radio-active minerals will be encountered in the course of development. These will probably be in the form of the pitchblende, copper and uranium ores. It is noteworthy that there is a very definite association between radium and copper. At present, all the specimens with certainty is that much of the ore on our property emits spontaneously extremely penetrating radiations of such an extent as to bear comparison with the action of the uranium ores of ordinary commercial grade from Colorado," Mr. Roshier says.

Photographic Records.
 "In our investigations up to date we have principally employed photographic methods and the photographic action has been found to be extremely intense, and would seem to indicate a more than usual proportion of beta and gamma radiation. Some of the effects are altogether extraordinary and seem to present a puzzle even to distinguished radiologists.

"The usual experiment has been to place the ore on or at the side of photographic plate of average speed and some coins, medals or similar objects on the plate for the purpose of making a picture. In many cases the plates were densely fogged uniformly in spite of the obstruction of the coins, and in some cases objects representing thickness of several inches of iron. This would indicate the presence of very penetrating radiations of ordinary speed and non-penetrative light fog the unprotected portions of the plate only, so that the positions of the specimens and the coins rested are clearly defined. In the writer's opinion many of the strange effects on the plates are due to ordinary beta rays, the coins, etc., having functioned as secondary radiators. It seems to be a difficult matter to repeat the exact radiographic effects and one would imagine that the result is modified by many causes, such for example as the precise position of the specimens with regard to the plate and coins, etc., and the varying fluorescent properties of the plates themselves and the obstructing substances.

Gamma and Beta Radiations.
 "It is of course well known that the photographic action of the alpha rays

IS ALMOST NEGLIGIBLE, PRACTICALLY THE WHOLE OF THE EFFECT BEING PRODUCED BY THE GAMMA AND BETA RADIATIONS.

"All the evidence so far adduced would appear to indicate a fairly uniform dissemination of radio-active matter in a very finely divided form throughout the copper ores on this property. Individual specimens of course, vary considerably in their response to the photographic and scintillation tests, but on the other hand, the physical appearance of the ore appears to be no guide in the search for radio-active minerals.

"Perhaps the most satisfactory feature from the company's standpoint of this new discovery, is the fact that no further risk is involved in its exploration since the active matter in this case appears to be entirely to the copper-bearing areas, so that in developing the ore we automatically develop the other. It will be necessary to acquire suitable electroscopes for the accurate measuring of the activity of the ores already developed, and these encountered as development work proceeds; and a suitable laboratory should be established on the property as soon as possible so that the necessary research may be conducted on the spot; confirmation of results, of course, being obtained from higher authorities.

With Great Possibilities.
 "In conclusion one might say that we can afford to regard the discovery of the radio-active character of the ore as one of great importance and fraught with most attractive possibilities.

"There would seem to be little doubt that in an area so rich in radio-activity and so extensive, important aggregates of the primary radio-active minerals will be encountered. It is possible that these are to be found under the less altered conditions of deeper levels as in the case with the Bohemian and Cornish wall pitchblendes. The remarkable results of such simple and preliminary experiments as we have been able to make certainly justify us in undertaking a programme of systematic research and vigorous development.

Credit to Mr. Neave.
 "The credit for the discovery as far as we are concerned, is due entirely to Mr. Neave, who was the first to detect the scintillations from the ore, and at whose suggestion the first radiograph was taken," Mr. Roshier says.

"We understand that Mr. Neave has long been prospecting a search for

radio-activity, but that it was not until about a year ago that he encountered an activity sufficient to produce pronounced effects upon his scintilloscopes.

We understand that his first discovery of pronounced radio-activity was in some dyke matter on the West Coast of Vancouver Island.

"The scintillation that we possessed a radio-active ore came as a complete surprise to us. Had we made these same simple experiments seven years ago, we would of course, have obtained the same positive results, but it seems that this intensely interesting but little known science is still a sealed book to about 99.9 per cent. of the mining fraternity. This ought not to be the case, because the discovery of radio-activity has revolutionized the old theories of the Earth's origin and destiny. Furthermore, by means of calculations based on the amount of occluded helium in certain radio-active minerals it has become possible to make estimates of the ages of several geological formations.

"It is interesting to know that radium exists in all rocks and soils in minute traces, and that by extraordinarily delicate electric methods quantitative determinations of great accuracy can be made of the amounts of radium present, but it is, of course, practically impossible to find evidence of this normal activity by photographic or scintillation tests.

"Mr. Neave followed up his discovery on the company's property by further investigations on Quadra Island, where he found dyke matter almost identical with that on the West Coast of Vancouver Island, and exhibiting the same phenomena."

The Property.
 "The holdings of the Valdez Island Copper Company embrace thirty mineral claims in the vicinity of Gwiltard Harbor, Quadra Island, the largest of the Valdez Group of Islands, which forms with Vancouver Island the Seymour Narrows.

"The property is recognized by mining men as one of the most promising areas in the world for the discovery of British Columbia. The ore deposit is one of a very unusual type, radically differing from the mineralogically and structurally from the typical copper deposits of the Coast Region, and presents important geological problems.

"Extensive outcroppings of copper are found at intervals over an area of upwards of a thousand acres, but the metalization throughout is almost entirely chalcocite. One remarkable consequence of this is that when the ore weathers near the surface the carbonaceous resulting from the oxidation of the chalcocite are leached from the immediate surface, so that in the absence of sufficient iron in the mineral to cause a pronounced gossan stain, the ore-bearing rock cannot be distinguished from the barren ground adjacent. As a result of these extensive areas, which for years have never been suspected of being ore-bearing, have been revealed by a few chance shots and have developed into important ore bodies. A very large tonnage of ore of milling grade is in sight and available by quarrying methods in some areas where the metalization has been particularly intense, there exists important ore bodies of shipping grade. We feel confident that in the course of time this area will become a very important one in the production of copper in British Columbia."

change in the system of road maintenance in vogue, urging the employment of a number of special patrol men who would each be responsible for the good condition of certain roads.

An effort will be made to secure electric light in Keating district, a committee being appointed to interview the British Columbia Electric Railway Company.

The officers elected for the coming year were: President, H. E. Tanner; first vice-president, E. P. Johnston; second vice-president, W. O. Wallace; secretary-treasurer, George Stewart.

THOUGHTFUL CHILD.
 "Papa, will you buy me a drum?" asked a little lad of his father. "But, my boy," answered papa, "I am afraid you will disturb me very much with it." "Oh, no, I won't, papa," said the little chap, "I'll only play it when you're asleep."

HERMAN KURTZISCH.
 "When it comes to eating, working and sleeping, I'm like a different man from what I was a short time ago," said Herman Kurtzisch, 466 1/2 Norris Place, Milwaukee, with the Northwestern Life Insurance Co. in relating his experience with Taniac.

"My whole system was about to give way as a result of two years' constant suffering from stomach trouble and I was so run down and worn out I was hardly able to work. I actually dreaded to eat, as after every meal I suffered so terribly from heartburn, and I was so nervous I got little rest day or night.

"If it hadn't been for Taniac I'm firmly convinced I would have had to resign my place. It came to my aid in the nick of time and I am strong for it. Taniac was worth at least fifty times what it cost me."

Taniac is sold in Victoria by The Owl Drug Co. and all other drug-gists everywhere. (Adv.)

WOULD CUT ALL MUNICIPAL WAGES

Ward Six Ratepayers Hold Annual Meeting.

With President H. E. Tanner in the chair, the Ward Six Ratepayers' Association, at the annual meeting held on Wednesday evening in the Keating Hall went on record as favoring a twenty per cent. cut in the wages paid by the municipality for labor and teams, together with a reduction in all salaries paid.

Believing that membership would expand with a lower annual fee, the association reduced this to 50 cents yearly, and will initiate a drive for inclusion of all the ratepayers in the ward in the organization.

Councillor Brooks advocated a

WAS TROUBLED WITH HER LIVER FOR OVER 4 MONTHS

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow among which are, sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

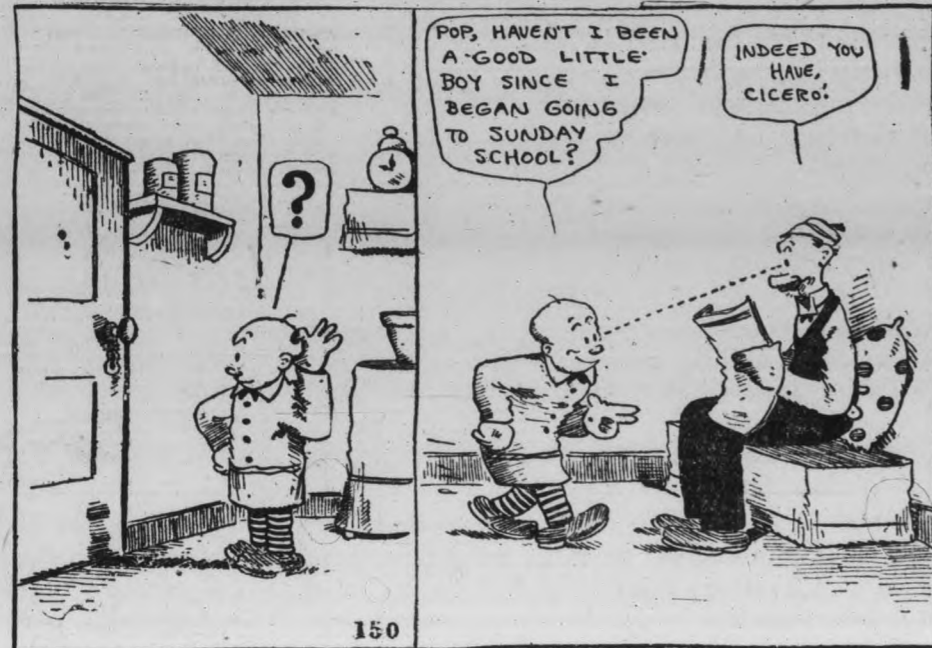

MILBURN'S LAXA-LIVER PILLS quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

Mrs. Alice Mehill, Nanaimo, Ont., writes:—"I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me a home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person to-day. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Price, 25c. a vial, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Adv.)

BIRTHS, MARRIAGES AND DEATHS

DIED.
BRATT—At Jubilee Hospital, on February 7, 1922, after a short illness, Mr. Jesse Bratt, aged 51 years, born in Westminster Township, Ontario. The deceased is survived by two sons, Alon and Will of Gray, Saskatchewan, and three daughters, Mrs. W. C. Carother, Winnipeg, and Mrs. Herb Jones and Mrs. T. C. Craigie, of Regina, South. While in Victoria he was residing with his wife, Mrs. E. J. Little, of 1510 Fort Street.
The remains are reposing at the B. C. Funeral Chapel, and will be forwarded East for burial at a date to be announced.

McDIVITT—On February 7, at St. Joseph's Hospital, 1424 Point Street, a son, James Glasgow, Scotland, and a resident of this city for the past three years and six months, residing with his daughter, Mrs. J. D. Riddell, of 115 Buxby Street. The deceased is survived by one daughter and two grand-children.
The funeral will take place on Saturday, the 11th inst., at 3.30 o'clock, at the Sands Funeral Chapel, and interment will be made at Ross Bay Cemetery.

ROWLES—On February 5, at the Royal Jubilee Hospital, Laura Annie Rowles, beloved wife of John Rowles, of 1558 Povel Bay Road, aged 59 years, born in Stourpaine, England, and a resident of this city for the past 14 years. The deceased is survived by her husband, John Rowles, of 1558 Povel Bay Road, and one daughter, Mrs. E. Daniels, of 2075 Milton Street.
The remains will repose at the Sands Funeral Chapel until Saturday, the 11th inst., at 1.30 o'clock, when the casket will be removed to the Salvation Army Citadel, where services will be conducted at 3 o'clock by A. G. Weiser, and interment will be made at Ross Bay Cemetery.

SMITH—On February 9, at the Royal Jubilee Hospital, Edwin James Smith, aged 44 years, born in England, and a resident of this city for the past 24 years. The deceased is survived by three brothers, Mr. Harry Smith, who is present in this city from Los Angeles, Calif.; Mr. A. Smith and Mr. G. Smith, and one sister, Mrs. C. C. Chatter, in England.

The funeral will take place to-morrow, Saturday, the 11th inst., at 11 o'clock, at the Sands Funeral Chapel, and interment will be made at Ross Bay Cemetery.

UTILIZE TIMES WANT ADS.

Are They Asking For YOUR Brand?

When a customer enters any retail grocery store what chance is there of his specifying YOUR trade-marked products? Does he know your goods? Has he ever heard of them? Are you neglecting the most potent selling force in Canada to-day—DAILY NEWSPAPER ADVERTISING?

To-day, when millions of dollars must follow the crop movement into circulation, there is something wrong with the firm that laments poor business and will not tell the public of the merits of its wares. Daily Newspaper advertising is a mighty sales-building force no manufacturer can afford to ignore.

Daily newspapers are read by everyone—in every class, station and condition of life. They are read by people who NEED your goods, who WANT them, who will ask for them BY NAME once they know their merits.

Consistent Advertising in Daily Newspapers of Canada is the most economical, most effective sales force you can employ. Use it. Plan your advertising campaign now.

Through consistent advertising you will find a quick market. Phone 1090, Times Advertising Department.

Issued by the Canadian Daily Newspapers Association.
