Junior All-America candidates Xavier McDaniel (left) and Aubrey Sherrod (right) will be two of the keys to Wichita State's success in 1983-84.

SHOCKER BASKETBALL THE 1983-84 OUTLOOK

The Missouri Valley Conference and beyond.

Those are the two things on the minds of the members of the Wichita State University basketball team as it enters the 1983-84 season. Last year the Shockers finished the season with a 25-3 record, 17-1 in MVC competition, to claim the conference championship. However, NCAA sanctions kept Wichita State from continuing what was already the finest season in the school's history.

This year, two seasons of NCAA sanctions are behind the Shockers and the goals of repeating an MVC championship and post-season play are in front of a young, but talented squad.

Winning the MVC championship for two consecutive years is a feat few teams have been able to accomplish in the league's past 20 years. Only four teams have been able to successfully defend their titles in the past two decades, and only one has managed the feat since 1973-74 (Louisville won back-to-back titles those years).

Wichita State has had two cracks at accomplishing the repeat champion task in recent years having won titles in 1976 and 1981. But the Shockers were stopped from the repeat bid both times, by Southern Illinois in 1976 and in 1982 by Bradley.

However, after winning the championship last season, head coach Gene Smithson again finds himself faced with the tag of "defending champion." The hopes for breaking the recent MVC repeat-champion hex rests in the hands of a team with only one senior, but three returning starters. The returning starters include senior center Zarko Durisic and two junior All-America candidates, forward Xavier McDaniel and guard Aubrey Sherrod.

"I think the Missouri Valley Conference race is going to be just as tight as it's always been," Shocker coach Smithson says. "It's a great conference and it's always a battle to win it.

"It's kind of difficult to really evaluate our team before they get into the heat of battle," he continues. "We do have some veterans back with a good mixture of young players. We're going to have to get some help from our young players in order to repeat or to have the kind of season we had a year ago."

In all, the Wichita State squad will be made up of one senior, three juniors, four sophomores and five freshmen.

THE RETURNEES

The list of Shocker returnees is highlighted by the three returning starters. McDaniel had the most impressive season of the trio last year as he led the nation in rebounding with a total of 403, an average of 14.4 per game. He also scored at an 18.8 per game clip and had a season field goal percentage of .593. McDaniel had 10 or more rebounds in 26 of Wichita State's 28 games and 20 or more in six games.

Sherrod, a left-handed sharpshooter, provided scoring consistency from the backcourt reaching double figures in 22 of the 27 games he played. He also displayed his versatility by handing out 91 assists, second on the team, and leading the team in steals with 33.

Duriscic, at 6-10 and 241 pounds, will be the key in the middle. He showed flashes of brilliance last season scoring 30 points against North Texas State and grabbing 14 rebounds against Alabama-Birmingham. He finished the season averaging 8.5 points and 6.4 rebounds per game. He and McDaniel should provide a solid frontline nucleus.

With steady improvement, 6-6 junior Karl Papke could fill the other forward slot, with reserve forward Kevin Pierce also returning to battle for playing time.

A trio of sophomores will struggle for the vacated point guard job and to spell Sherrod. Bernard Jackson, who averaged 18 minutes a game last season, and Gary Cundiff will likely fight for the point guard position, while Gilbert Wilburn, a 6-5 swingman, could fill in at the shooting guard.

Center Zarko Duriscic (left) is the only senior on the Shocker squad. Junior Karl Papke (right) will likely see plenty of playing time at forward.

Head coach Gene Smithson (center) must replace Antoine Carr and James Gibbs, while molding five new players into the Wichita State system.

THE LOSSES

The Wichita State losses were few, but one in particular could be impossible to replace. Departed is All-America forward Antoine Carr, the eighth pick in the National Basketball Association draft by the Detroit Pistons. Carr was the 1982-83 MVC Player of the Year and averaged 22.6 points and 7.6 rebounds per game as a senior, despite missing the first six games of the season with an injury. The Shockers will also miss point guard James Gibbs, who contributed a team-high 92 assists and averaged 5.2 points per game, and reserve guard Terry Atwater.

THE NEWCOMERS

Fortunately, help appears to be on the way in the form of five freshmen who are expected to see plenty of action this season. The backcourt will be aided by 5-11, Mike Arline of Newburgh, NY. Arline will likely compete for playing time at point guard.

Depth along the frontline will come from a trio of forwards and one center. Redshirt freshman Marcelles Graves (6-9, 190), Antoine's younger brother Henry Carr (6-9, 200) and Gus Santos (6-7, 225) will vie for the forward slots, while Tom Kosich (6-10, 223) will provide needed depth in the middle.

The development of the five newcomers will be a major factor in the Wichita State fortunes this season. All five could play key roles and see plenty of playing time.

SUMMARY

In all, Smithson must feel good about his team's chances at a repeat MVC championship. The Shockers have put two years of NCAA probationary sanctions behind them and will be eligible for this year's NCAA tournament. With that added motivation and the return of 73% of the scoring and 81% of the rebounding from last year's 25-3, MVC championship team, Wichita State appears primed for a successful season in 1983-84. The keys will be the continued steady play of McDaniel, Sherrod and Durisic, solid support from the five other returning players and the rapid development of five freshmen.

Wichita State University

THIS IS WICHITA STATE

More than 17,500 students, faculty and staff call 1845 Fairmount — Wichita State University — their home. They are proud of their home: its heritage, its people, its campus, and its many academic programs and activities.

Wichita State University began as an educational institution in 1895, when the Congregational Church opened the doors of Fairmount College to 16 students and three faculty members. In 1926, the City of Wichita took over the financial support of the college, which was renamed the University of Wichita, making it the first municipal university west of the Mississippi River. Then in 1964, the University added "state" to its name, becoming one of six state-supported institutions of higher education in Kansas. Since that time, WSU has expanded its services to provide educational opportunities for more than 16,500 students from every county of Kansas, nearly every state in the Union and many foreign nations.

Wichita State's education, research and public service programs serve a wide range of Kansas citizens. The faculty teaches more than 180 areas of interest in seven different degree-granting colleges: College of Education, College of Engineering, College of Fine Arts, College of Health Related Professions, Fairmount College of Liberal Arts and Sciences, and the Graduate School. University College and Continuing Education Services administers to the academic needs of students not yet admitted to the degree-granting colleges.

Wichita State offers the Doctor of Philosophy degree in communicative disorders and sciences and in engineering, as well as the master's degree in almost 40 areas. The Specialist in Education, a degree beyond the master's level, is awarded in educational administration and supervision as well as in student personnel and guidance.

The faculty at Wichita State includes 800 full-time members, all active in research and teaching. The faculty is supported by a full-time staff of about 500 workers.

Wichita State's beautiful 320-acre campus has many special features. The pride of WSU is "Personnages Oiseaux" ("Bird Characters"), the colorful 28-foot by 52-foot mosaic mural on the outside south wall of the Edwin A. Ulrich Museum of Art, located near the Fairmount Avenue entrance to campus. The mural, dedicated in 1978, was designed by the great Spanish artist Joan Miro. A founder of the Surrealist movement, Miro is recognized as one of the world's greatest living artists. Campus scenery is also highlighted by 36 outdoor sculptures, including works by Miro and Theodore Roszak. Born in Poland, Roszak studied art in the United States and Europe and his work has been exhibited and purchased by major museums throughout the world.

One of the most distinctive buildings on campus is Corbin Education Center, designed by the famous architect Frank Lloyd Wright. It is located on the corner of Yale Avenue and 21st Street.

Wichita State's Ablah Library contains more than 2 million volumes for use by faculty and students, as well as the University's Media Resources Center. Located in Neff Hall, the Digital Computing Center's IBM 370 computer provides quick turnaround for student, faculty and administrative projects.

Engineering students have the rare opportunity of using three wind tunnels. Two supersonic wind tunnels, donated by The Boeing Company, are able to produce wind velocities from two to four times the speed of sound,

and the Walter H. Beech wind tunnel, a contribution of Beech Aircraft Corporation, is a 200-mph, closed-return type tunnel. All three are incorporated into Wallace Hall, found in the southeast section of the campus.

Music performances are given by 16 major musical groups each semester, as well as by individual students and faculty members. Seven nationally and internationally known musicians are brought to campus each year through the College of Fine Arts' Guest Artist Series.

University Theatre presents five plays each year in Wilner Auditorium, and other drama performances are given by Summer Theatre, Readers Theatre and Experimental Theatre throughout the academic year.

The president of the University lives on campus in the President's Residence, located on the southwest corner of the campus. The two-story structure was completed in 1938.

The hub for student activities on campus is the Campus Activities Center. Here are found the University Bookstore, two snack shops, a cafeteria, restaurant, an art gallery, hair styling shop, lounges and a recreation area complete with bowling alleys, billiards, electronic games and pin-ball machines.

THE GREAT STATE OF KANSAS

"You've always had the power to go to Kansas. Just close your eyes . . . click your heels together three times and say to yourself, . . . 'There's no place like home . . . there's no place like home' . . ."

—from *The Wizard of Oz*

Home to a wide variety of people, businesses, attractions and natural resources, Kansas enjoys a rich history and an exciting future.

One of the state's greatest assets is the people of Kansas. The pioneers who came to Kansas and stayed were strong, hardy and persistent—necessary qualities for survival here in the 1800's. Those characteristics are continued in the present population of Kansas which exceeds 2.3 million people.

The state's largest city, Wichita, has a population of 280,000. More and more people continue to call Kansas home as the state's population has risen 5% over the past ten years.

In addition to resilient people, Kansas has long been renown as the nation's leader in agribusiness. Known as the "Wheat State" and the "Bread Basket of the Nation," Kansas produces more wheat than any other state. Farming in Kansas is part of a multi-billion dollar industry which includes related businesses such as manufacturing of farm equipment and the processing of farm products.

While farming dominates land use, Kansas skies are controlled by the state's other main industry—aviation. Kansas is the world leader in production of general aviation aircraft. Three Kansas companies—Beech Aircraft Corp., Boeing Wichita Co., and Cessna Aircraft Co.—manufacture two-thirds of all the general aviation aircraft produced in the world.

The major Kansas aircraft firms are located in Wichita, the "Air Capital of the World." Over 50,000 people are employed by Kansas Aircraft firms and firms supplying aircraft components and parts.

Since it is over 400 miles from the east to west border of the state, Kansas houses a large variation of climates and terrain although most of the state lies within a region generally called the Great Plains.

Kansas has a stimulating four season climate. The sun shines more than 65% of the year with moderate temperatures and extremes of short duration. During summer months, high temperatures are typically in the upper 80's and low 90's with average highs from December through February in the 40's. Annual rain and snow fall amounts are below the national average with Kansas receiving approximately 30 inches of rain and 15 inches of snow a year.

Persons not familiar with Kansas often inquire about tornadoes. Kansas has received notoriety in this regard due in part to the story and television production of the "Wizard of Oz" although several other states have recorded more tornadoes than Kansas.

However, the "Wizard of Oz" pointed out one fact to the country long known to Kansas, "there is no place like home," . . . and no home better than Kansas.

WICHITA — HOME OF THE SHOCKERS

The city of Wichita is the major urban, industrial and entertainment center of Kansas offering its residents many opportunities to grow and prosper. Wichita was recently rated as one of the top ten most promising metropolitan areas in the United States by a national trade magazine.

Wichita, the largest city in Kansas with a population of 280,000, was founded as a trading post in 1864. The city is named after the Wichita Indians who lived on the banks of the Arkansas River which still flows through the heart of the city today.

After a settlement was established, the town began to "boom" almost immediately as the Santa Fe Railway was extended to Wichita and the city's current standing as Kansas' major commerce center was born. Today, materials and products move in and out of Wichita on an excellent network of highway, air and rail systems.

Foremost of the Wichita industries is aviation. Known as the "Air Capital of the World," two-thirds of all the general aircraft in the world are produced in Wichita.

Four Wichita firms—Beech Aircraft Corp., Boeing Wichita Co., Cessna Aircraft Co., and Gates Learjet Corp.,—help make Wichita the world leader in production of aviation aircraft. Over 40,000 people are employed by Wichita aircraft firms and firms supplying aircraft components and parts.

Farming and livestock in Kansas are part of a multi-billion industry in which Wichita plays a major role. Wheat, milo, cattle, sheep and hogs are regularly transported to Wichita for shipment to eastern markets.

Besides aviation and agribusiness, a number of nationally respected firms, including Pizza Hut — the international restaurant chain, and the Coleman Company — manufacturer of outdoor products, were born and continue to prosper in Wichita. There are more than 30 businesses located in Wichita that employ in excess of 500 people.

In the past two years, over 30 major new businesses have moved into the Wichita area. In addition, existing Wichita firms continue to grow as hundreds of industrial, commercial, medical and office facilities are under construction, recently completed or planned.

Entertainment and recreation opportunities are also prevalent in Wichita. The Wichita River Festival in May and the National Baseball Congress Tournament in August annually attract crowds in the thousands. The River Run, featuring a variety of distance races and held during the river festival, drew over 5,000 participants in 1983.

Other annual Wichita events include: St. Patrick's Day Parade, Wichita Jazz Festival, Renaissance Faire, Oktoberfest, Wichita Arts Festival and the Fourth of July Celebration.

The Sedgwick County Zoo, featured in National Geographic and Smithsonian magazines, and Historic Wichita Cowtown, an authentic reproduction of frontier Wichita with buildings over a century old, continue to attract many visitors.

On the sporting scene, Wichita boasts the state's only two professional sports franchises—the Wichita Aeros, a AAA minor league baseball team, and the Wichita Wings, a top club in the Major Indoor Soccer League.

A pleasant climate, industrial and commercial growth, and special attractions all help make Wichita a city of tomorrow . . . today!

DR. WARREN B. ARMSTRONG **President, Wichita State University**

Dr. Warren B. Armstrong was named as the 10th president of Wichita State University on July 1, 1983.

Armstrong had been president and professor of history at Eastern New Mexico University in Portales since 1975.

Born in Tidioute, Pa., in 1933, he earned his master's and doctorate degrees in history at the University of Michigan. He was chairman of the department of history and assistant professor of history at Olivet College in Olivet, Mich., from 1961 to 1965. Armstrong then spent five years at the University of Wisconsin at Whitewater, where he was associate professor of history, and assistant dean and associate dean of the College of Liberal Arts and Sciences, and professor of history at Saint Cloud State University in Minnesota.

Armstrong and Dr. Dae H. Chang are co-editors of a book, "The Prison: Voices from the Inside," published in 1972. The essays were written by convicted felons who were incarcerated at Joliet Prison in Illinois. Armstrong also has written articles on "Union Chaplains and the Education of the Freedmen" and "The University and the Community: A Janus View."

His 14-part television series, "The Civil War: Revolution or Rebellion?" was written and produced in 1964 for the Time-Life educational series, "The Ten O'Clock Scholar," as part of the Civil War Centennial in Michigan. It originated from WOOD-TV in Grand Rapids.

Armstrong is chairman of The New Mexico Council of University Presidents, and a member of the American Association of University Professors, the Organization of American Historians, the American Association for Higher Education, and the American Association of State Colleges and Universities. He serves on the Consultant Examiner Corps and the Commission on Institutions of Higher Education of the North Central Association of Schools and Colleges.

He is listed in The Directory of American Scholars, Who's Who in America, and the Dictionary of International Biography. Armstrong is a licensed pilot with multi-engine and instrument ratings.

Armstrong and his wife, Joan, have four daughters and one son ranging in age from 15 to 26.

LEW PERKINS **WSU Director** **of Athletics**

Still in his first year as director of athletics at Wichita State University, Lew Perkins has worked hard to develop a strong organizational staff and overall department goals and objectives for the Shocker athletic program.

Perkins, 38, became director of athletics at Wichita State on March 1, 1983, and oversees the direction of the 16-sport varsity intercollegiate program under the philosophy that "winning is the most important thing in the world, but not at the expense of the student-athlete or the institution."

In the short time Perkins has been in Wichita, he has spent countless hours fostering university and community relations. Diligent effort has also been given to upgrading Shocker athletic facilities and schedules for all sports.

The native of Chelsea, Mass., brought 14 years of athletic administration experience to the job at Wichita State. From 1980-83 he served as associate athletic director at the University of Pennsylvania. At Pennsylvania, he was responsible for the day-to-day operation of the athletic program, including budgeting, personnel matters and the monitoring of NCAA and Ivy League rules and regulations for 28 varsity intercollegiate programs.

During his stay at Pennsylvania, Perkins also consolidated management operations of the Big Five, a joint effort of five major Philadelphia universities, restructured all men's and women's sports into a unified administrative department and eliminated a departmental deficit of nearly one-quarter of a million dollars.

Prior to his three years at Pennsylvania, he was the athletic director and head men's basketball coach at the University of South Carolina-Aiken for 11 years. As an athletic administrator, he took USC-Aiken from junior college to four-year status and built the foundations for programs recognized both locally and nationally. One of the highlights of his work in South Carolina was the opening of the \$2.1 million Student Activities Center in 1977, which housed the athletic department and basketball arena.

Perkins is a 1967 graduate of the University of Iowa where he played varsity basketball for former Shocker coach Ralph Miller. After his senior season, he was presented the Tony Cordaro Memorial Award in recognition of achievement on the basketball court and in the classroom. Perkins received his master's degree in 1975 from the University of South Carolina in Columbia.

Perkins was an outstanding prep basketball player in the Boston area and was heavily recruited after graduation from Chelsea High. He led the Boston area in scoring his senior year averaging over 35 points per game.

Perkins and his wife Gwen have two children, Amy and Holly.

HEAD COACH GENE SMITHSON

Gene Smithson has only been the head basketball coach at Wichita State University for five years, but in that short time he has already accomplished things other coaches have been unable to do in the 75 years the program has existed.

Smithson is already the second-winningest coach in Shocker basketball history with 105 victories and only 42 losses, a winning percentage of .714. Not only was he the first coach in Wichita State history to guide his teams to back-to-back 20-plus win seasons, he is now the first Shocker head coach to lead his teams to three consecutive seasons with 20 or more victories. Smithson is also the first WSU coach to win two Missouri Valley Conference basketball championships.

Last year the Shockers finished the season with a 25-3 record, the highest winning percentage (.893) in school history. The team also finished with a 17-1 MVC record to claim the conference championship and earn a national ranking of 14th in the final Associated Press poll.

In his initial season at Wichita State (1978-79), Smithson guided the Shockers to a 14-14 record. The following year the Shockers improved to 17-12 and received a bid to the National Invitation Tournament. It marked the third appearance for Smithson in the NIT (two of his Illinois State teams made the tournament). Then in only his third season at WSU, Smithson led the team to a Missouri Valley Conference title and a 26-7 record in 1980-81. The Shockers advanced to college basketball's final eight before losing in the championship game of the NCAA Midwest Regional in New Orleans. Wichita State finished 23-6 in 1981-82 and tied for second in MVC play with a 12-4 conference record.

Before coming to Wichita State, Smithson compiled a 66-18 record in three seasons at Illinois State. In eight years of coaching at the collegiate level, Smithson has an impressive 171-60 overall record and has never coached a team that has had a record below the .500 mark.

Smithson coaches and his teams play with a hard-nosed determination that is part of his MTXE (mental toughness xtra effort) philosophy. He is a staunch proponent of the fast break and pressure defense. His teams at Wichita State have all been aggressive defensive clubs that have usually ranked among the nation's top 20 in scoring.

Last season's team finished ranked first in rebound margin, third in won-lost percentage, sixth in scoring margin, seventh in scoring offense and 17th in field goal percentage.

Smithson-coached teams have also enjoyed tremendous success playing at home in Henry Levitt Arena. Last season the Shockers were a perfect 15-0

and carry a streak of 18 consecutive home victories into the 1983-84 season. In his five seasons at Wichita State, Smithson's teams are 73-10 in games at Henry Levitt Arena, a winning percentage of .880.

As a high school player at Paris (Ill.) High, Smithson was an all-state selection and later received Little All-America notice during his collegiate career at North Central (Ill.) College. He graduated from North Central in 1961 with a double major in biological science and physical education. In 1965, he received his master's degree in physical education from Indiana State University.

Before joining the staff at Illinois State, Smithson was noted for building winning programs in 10 years of coaching on the high school level at Argo, Oak Park and Rich East high schools in the suburban Chicago area.

During the summer of 1982, Smithson was named to the Illinois Basketball Hall of Fame for his accomplishments.

Smithson and his wife Sandy have three children, Kim, Randy (a former Wichita State star and now an assistant coach), and Raquel.

In only five years, Gene Smithson has already become the second winningest coach in Wichita State basketball history.

HIGHLIGHTS OF THE SMITHSON ERA AT WICHITA STATE

- Only head coach in Shocker history to guide teams to three consecutive 20-win seasons, (26-7 in 1980-81, 23-6 in 1981-82, 25-3 in 1982-83).
- His .714 winning percentage at Wichita State ranks fourth all-time in school history and is the best winning percentage in school history among modern-day coaches (since 1946).
- Has captured two Missouri Valley Conference championships in only five seasons (1980-81 and 1982-83).
- Directed Wichita State to only its fourth appearance in the NCAA tournament in 1981. The Shockers advanced all the way to college basketball's final eight, the finals of the Midwest Regional. Along the way, WSU scored its first-ever basketball victory over in-state rival the University of Kansas, 66-65.
- In only his second season at WSU, Smithson directed the Shockers to the National Invitation Tournament, only the fifth time in school history the Shockers had been invited to the post-season classic.
- In five seasons, Smithson's teams have never finished lower than third in the Missouri Valley Conference and have compiled an impressive 58-24 record in conference games, a .659 winning percentage.
- Has compiled a 73-10 homecourt record, a winning percentage of .880 at Wichita State's Henry Levitt Arena. Carries an 18-game home winning streak into the 1983-84 season.

RICK SHORE **Assistant Coach**

Rick Shore, a tireless worker and one of the driving forces behind Wichita State's basketball success in the past five years, begins his sixth season as a Shocker assistant coach.

Heavily involved with day-to-day coaching responsibilities and an important aide in helping to develop the Wichita State basketball schedule, Shore has been a key part of the Shocker basketball scene since joining Gene Smithson's staff after three years at Mt. Vernon (N.Y.) High.

During his tenure at Mt. Vernon, Shore's teams posted records of 20-1, 18-5 and 26-0 for an overall record of 64-6, a winning percentage of .914. In his final season at Mt. Vernon, Shore's team won the first state championship held in New York in 49 years.

A 1965 graduate of Ithaca College, the 39-year-old Shore received his bachelor's degree in physical education. He earned his master's degree in 1969 from Bridgeport (Conn.) College before entering the high school coaching ranks.

Rick and his wife Betty have three children, Brad, Daryl and Jennifer.

JEFF JONES **Assistant Coach**

Jeff Jones, who has been instrumental in bringing quality athletes to Wichita State, enters his sixth season as a Shocker assistant coach.

The 30-year-old Jones is recognized as one of the nation's top recruiters. He and Shocker head coach Gene Smithson were first associated when Jeff was a player and Gene an assistant coach at Illinois State. Jones was a 1975 graduate of Illinois State and served as a graduate assistant coach on Smithson's first Illinois State squad, the 1975-76 team that finished 20-7.

A former all-state selection and honors student at Joliet (Ill.) Central High, Jones played one season of college basketball at St. Louis University before transferring to Illinois State.

Jones was an assistant coach at Anderson (Ind.) High in 1976-77 and was also a history and sociology instructor. He earned a master's degree in history from Illinois State.

Jeff and his wife Maria have one daughter, Shanelle Monet.

RANDY SMITHSON

Part-Time Assistant Coach

Back for his second season, former Shocker basketball star and son of head coach Gene Smithson, Randy Smithson will serve as a part-time assistant coach with Wichita State this year.

The former Shocker floor leader will have on-the-floor coaching responsibilities as well as some administrative duties this season.

In two seasons at Wichita State (1979-80 and 1980-81), Smithson started and played in 61 games. He averaged 12 points a game during his Shocker career and handed out 319 assists in two seasons. He was an eighth round draft choice of the Kansas City Kings after the 1980-81 season.

Smithson was commonly regarded as the Shockers' team leader during the two seasons he played at Wichita State, and was voted the team's Most Inspirational Player by his teammates after both seasons.

Prior to coming to Wichita State, the 26-year-old Smithson was a standout player at Cowley County (Kan.) Community College and played for one year for his father at Illinois State. He was an all-state and prep All-America selection at Normal (Ill.) Community High.

Randy and his wife Shauna have three children, Reggie and twins Sandy and Misty.

JAMES GIBBS

Graduate Assistant Coach

James Gibbs is the newest member of the Shocker coaching staff and comes on board as a graduate assistant after finishing his playing career with Wichita State last season.

Gibbs, a native of Mt. Vernon, N.Y., played a key role in the Shockers' success last season from his point guard position. He directed the Shocker offense averaging 23 minutes of playing time per game, and also led the team in assists with 92. Gibbs finished his four-year career with 235 assists to rank ninth on the Wichita State career list.

An All-State selection at Mt. Vernon High, Gibbs was coached his sophomore and junior seasons in high school by Shocker assistant coach Rick Shore. His high school squad won two state championships during Shore's tenure.

Gibbs will play an active part in the day-to-day coaching responsibilities for the Shockers this season.

Why The Shockers?

It was in 1904, when Wichita State University was known as Fairmount College, that R.J. Kirk (Class of '07), a football manager, invented the name "Wheatshockers" for posters to advertise a game with the Chilocco Indians.

Kirk had put the word "Indians" under the name Chilocco and a press agent for the Wichita Fall Festival, helping to publicize the contest, demanded that Kirk should produce a nickname for Fairmount to balance the poster.

In those days, when wheat was shocked or headed, the majority of the players earned a stake for college expenses by working all summer in the harvest and threshing and came back tough enough to play 60-minute games. Although the name was never officially adopted, it caught on and survived until it was shortened to "Shockers" as Wichita State teams are known today.

Wichita State is located in Kansas, the number one wheat producing state in America.

HENRY LEVITT ARENA

Henry Levitt Arena, located in the northwest area of the Wichita State University campus, has been the home of Shocker basketball for almost three decades. Since Henry Levitt Arena opened in 1955, the Shockers have compiled a 306-95 record at home and a winning percentage of .763.

In 1982-83 the Shockers won all 15 games at Henry Levitt Arena. Head Coach Gene Smithson has compiled a 73-10 home-court record and a winning percentage of .879 over the past five seasons. In addition, the Shockers have lost only one game at Henry Levitt Arena in the last two years.

With a capacity of 10,666, Wichita State has the second largest home court in the Missouri Valley Conference. In the past 28 years, over 3.3 million fans have witnessed the Shockers at Henry Levitt Arena. And since the 1979-80 season, attendance at Shocker home games has averaged 97% of capacity.

Originally known as the Roundhouse, the arena was dedicated January 17, 1969 in honor of the late Mr. Henry Levitt—an entrepreneur, civic leader, devoted friend and supporter of Wichita State University.

The Missouri Valley Conference

Midwestern athletic history was made at the Midland Hotel in Kansas City, Mo. on January 12, 1907, when eight faculty members representing five universities gathered to form the Missouri Valley Conference, the first intercollegiate athletic organization west of the Mississippi River. Attending the first organizational meeting of the Missouri Valley Conference were:

Prof. Clark W. Hetherington and Dr. W.J. Monilaw, University of Missouri
Mark Catlin, University of Iowa

Captain John G. Workizer, University of Nebraska

Prof. C.M. Woodward, Washington University

Prof. A.T. Walker, W.C. Landson and Dr. James Naismith, University of Kansas.

Five schools formally organized the conference at a second meeting at the Coates House in Kansas City of February 16, 1907. They were Washington University of St. Louis and the state universities of Iowa, Kansas, Missouri and Nebraska.

On March 15, 1908, Drake University and Iowa State College (now Iowa State University) were voted membership and admitted on April 1, at which time the conference's official name was adopted, the Missouri Valley Intercollegiate Athletic Association.

The MVC charter members are the University of Iowa, the University of Kansas, the University of Missouri, and Washington University of St. Louis. Added by election were the University of Nebraska, Iowa State College and Drake University.

Today the Missouri Valley Conference has 9 members. They are Bradley University, Creighton University, Drake University, Illinois State University, Indiana State University, Southern Illinois University, the University of Tulsa, West Texas State University and Wichita State University.

1982-83 MVC in Review

THE SEASON — The MVC narrowly missed producing three 20-game winners for the third consecutive year as Tulsa (19 wins) and New Mexico State (18) came close to joining Wichita State and Illinois State in the 20-plus win column. It would have been the first time in conference history that such a feat was accomplished.

THE TOURNAMENTS — The season ended on a sour note as both Illinois State (NCAA) and Tulsa (NIT) lost their first round tournament games, and both were beaten at or near the gun. The Redbirds dropped a 51-49 decision at the buzzer to Ohio University in the first round of the NCAA Tournament in Tampa, Fla., while Tulsa was beaten by TCU 64-62 in the NIT when the Frogs scored with four seconds remaining in the game.

ATTENDANCE — On the plus side, the MVC set a single season attendance record as it went over the one million mark for the first time in conference history. Total attendance for MVC teams was 1,001,158 for an average of 7,361 per game. That figure is nearly 75 percent of the average capacity of all arenas.

ALL-CONFERENCE — The all-MVC teams were announced last season, but in case you missed it, here they are again.

UPI First Team

Antoine Carr, Wichita State
*Xavier McDaniel, Wichita State
Rick Lamb, Illinois State
Ernest Patterson, New Mexico State
*Steve Harris, Tulsa

Second Team

*John Williams, Indiana State
*Voise Winters, Bradley
*Ricky Ross, Tulsa
*Aubrey Sherrod, Wichita State
Steve Colter, New Mexico State
Barney Mines, Bradley
*Hank Cornley, Illinois State

*Players returning

Coach of the Year — Weldon Drew, New Mexico State

Player of the Year — Antoine Carr, Wichita State

Newcomer of the Year — John Williams, Indiana State

ABOUT NEW MEXICO STATE — The Aggies ended their association with MVC effective December 31, 1983, and joined the Pacific Coast Athletic Association. NMSU's all-time conference record was 92-75 (.551), and its only basketball title came in 1976-77 when it tied Southern Illinois. Since the conference schedule for the 1983-84 season already has been completed, the Aggies simply drop out of their scheduled games, and the MVC will have a nine-team format.

BASKETBALL ALL-ACADEMIC — Following was the 1982-83 Missouri Valley Conference all-academic team:

Terry Youngbauer	Drake	3.66	Sociology
Mark Jones	Creighton	3.21	Pre-Law
Mark Zwart	Illinois State	3.23	Communications

TOGETHER AGAIN!

Cliff Levingston and Antoine Carr, Wichita State University's famed bookend forwards, are together again this year as teammates with the Detroit Pistons of the National Basketball Association.

Both first round draft picks (Levingston the ninth pick overall in the 1982 draft and Carr the eighth pick overall in the 1983 draft), the duo are a fine example of the tradition of excellence that has developed in Shocker basketball over the years.

Levingston decided to forego his final season of eligibility with the Shockers to enter the NBA's hardship draft. However, from 1979-82 he scored 1,471 points (sixth all-time) and grabbed 965 rebounds (third all-time) while wearing the yellow and black.

Carr ended his career in fine fashion by setting a Wichita State record for most points scored in a game (47) in his final appearance at Henry Levitt Arena. He left the Shockers as the third all-time scorer (1,911 points) and finished eighth on the all-time rebound list (776).

1983	Antoine Carr, Detroit Pistons

RETIRED NUMBERS

The uniform numbers worn by two Shocker All-Americans have been retired, never again to be worn by a Wichita State basketball player.

The first was number 42, worn by Dave "The Rave" Stallworth from 1962-65. Stallworth averaged 24.2 points per game in his career and still ranks second on the Shockers' all-time scoring list with 1,936 points.

The second number retired was 35, worn by Antoine Carr from 1979-83. Carr is third on the Wichita State all-time scoring list with 1,911 points, and set a Shocker record for most points scored in a game (47) in his final appearance at Henry Levitt Arena.

18 Leagues To Experiment With Rules

Eighteen conferences have been granted permission by the NCAA to experiment with rules in four areas during the 1983-84 season. Those conferences that were granted experimentation rights are:

45-Second Shot Clock, Entire Game: Big Sky Conference, Central Intercollegiate Athletic Association (Division II), Eastern College Athletic Conference North Atlantic.

45-Second Shot Clock, Off Final Four Minutes: Atlantic Coast Conference, Atlantic 10 Conference, Big East Conference, Great Lakes Valley Conference (Division II), Ohio Valley Conference, Pacific Coast Athletic Association, Southeastern Conference, Southwest Athletic Conference, Sun Belt Conference.

Three-Point Play, 19 Feet, 9 Inches: Iowa Intercollegiate Athletic Conference (Division III), Minnesota Intercollegiate Athletic Conference (Division III), Southern Conference, Trans American Athletic Conference.

Coaching Box: Metro Atlantic Athletic Conference, Southeastern Conference, Southland Conference, Southwest Conference.

MISCELLANEOUS

Dave Stallworth is the only WSU player to record consecutive 40 point games with 45 and 40 against Loyola (Chicago) and Louisville in 1964-65. He also had 37, 43, and 30 vs. Texas Western, Arizona State, and Duquesne in consecutive games in 63-64, and consecutive games of 30, 31, and 34 against St. Louis, North Texas State, and Tulsa in 1963-64. The only other Shockers to score 30 in consecutive games were Cleo Littleton with 30 and 34 against Houston and St. Louis in 54-55, and Greg Carney with 30 and 35 against Bradley and Drake in 1969-70.

Only twice have two WSU players scored 30 or more in the same game: Nate Bowman (35) and Dave Stallworth (34) vs. Marquette on February 1, 1964, and Cliff Levingston (34) and Antoine Carr (32) at Drake on February 18, 1980.

COVERING SHOCKER BASKETBALL

PRESS CREDENTIALS — To obtain press credentials for Wichita State basketball games contact the WSU sports information office. Passes will be limited to members of the **WORKING PRESS ONLY**. Spouses of media members will not be given space on press row unless they are also a member of the **WORKING PRESS**. Please make requests at least 48 hours before each game. No requests for press credentials will be honored the day of the game.

PRESS AREA — The working press area is located on the **EAST** side of Henry Levitt Arena in Section U and entrance is most easily obtained by entering either Aisle 13 or 14.

RADIO — Visiting stations should contact the WSU sports information office for permission to broadcast and for press credentials. A courtesy line is available. Contact KAKZ Radio sports director Mike Kennedy (316/265-1240) for information about the courtesy line. Non-official stations of visiting teams will have to order their own phone line and will have to pay a minimal rights fee. Please ask the phone company to contact the WSU sports information office for the location of the phone line on press row. The phone company number in Wichita is (316) 261-1246.

PHOTOGRAPHERS — Press credentials will be issued to television and print media photographers and those photographers employed by the WSU sports information office. Upon arrival at the arena, photographers should pick up a photo armband to be worn at courtside throughout the game. An armband is needed for security clearance at courtside. All photographers are requested to stay at least three feet from the playing floor and no flash guns are permitted due to the blinding effect.

SERVICES — You will be provided with programs, game notes and statistics prior to each game. Statistics will be distributed at halftime and at the end of each game with complete box score and play-by-play information.

TELEPHONES — Any media member desiring press box phone service should make arrangements for a phone to be installed. There is one phone available after the game on a first-come, first-served basis.

PRESS ROOM — The press room is located in the tunnel area adjacent to the locker rooms on the arena's northwest side.

KAKZ RADIO

Wichita radio station KAKZ, 1240 AM, broadcasts all Shocker home and away games with Sports Director Mike Kennedy providing the play-by-play and former Shocker basketball player Dave Dahl the color commentary.

KAKZ is the flagship station for the Kansas Information Network (KIN), which includes 46 radio stations in 39 cities throughout Kansas. All Shocker broadcasts are available to KIN affiliates.

SHOCKER® SPORTS SUPERCHANNEL

The Shocker Sports Superchannel (cable channel four) carries all Wichita State regular-season home games, in addition to tape delayed play-backs of each game and special features about Shocker athletics. Wichita State University is the only collegiate basketball team in the nation whose home games are telecast via subscription cable TV. For Superchannel information call the WSU ticket office.

KAKE-TV

Again this year, KAKE-TV (Channel 10) will telecast several Shocker away games with KAKE Sports Director Mark Allan doing the play-by-play. This year's tentative schedule includes WSU games at Colorado State, Pepperdine, Oregon, Bradley, Indiana State, West Texas State, Southwestern Louisiana, Drake and Creighton. In addition, KAKE-TV is the originating station for WSU coaches shows and carries games telecast on the Missouri Valley Conference Network.

MVC NETWORK — The SNI Sports Network of St. Louis will originate the Missouri Valley Conference Network in 1984. The MVC television schedule is as follows:

Jan. 7	WICHITA STATE at ILLINOIS STATE
Jan. 14	SOUTHERN ILLINOIS at WICHITA STATE
Jan. 21	Tulsa at Bradley
Jan. 28	Indiana State at Drake
Feb. 4	Bradley at Creighton
Feb. 11	West Texas State at Indiana State
Feb. 18	WICHITA STATE at TULSA
Feb. 25	Drake at Bradley
Mar. 3	Tulsa at Illinois State

Starting time for all games on the MVC Network is 12:35 p.m. (Central)

All travel arrangements for Shocker athletic squads and staff are made by HAPPINESS PLAZA TRAVEL & TOURS, INC., the official travel agency for the Wichita State University Intercollegiate Athletic Association. HAPPINESS PLAZA TRAVEL & TOURS, INC. is located at 3555 E. Douglas.
