1. Reference:

a. Section IV, Weekly Directive 35, Eighth Army, dated 7 May 1949.

2. The above reference states that a VOCO will no longer be used as authority to cut travel orders. This arrangement places this headquarters and all teams in a disadvantageous position due to the great distances between headquarters and the time element of travel involved. There is no possible way that this headquarters can cut all necessary travel orders for all teams and have the orders arrive at the teams concerned in time to effect the necessary travel.

3. TWX, this headquarters, cite 892, dated 9 June 1949, will be used as authority to cut travel orders for Allied, Foreign National and Japanese National personnel for travel on Kyushu. For travel off of the island of Kyushu, contact this headquarters and TWX authority will be forwarded to your headquarters.

4. Due to the large overall number of Japanese and Foreign National personnel that travel within prefectures and between prefectures, 3rd TMRS forms OP84 and OP50 can be used to a good advantage.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. [redacted]

BASIC: Ltr Hq Kyushu Mil Govt Region, APO 24 Unit 5, dtd 10 June 1949, subj: "Travel Order"

a. 3rd TMRS form OP84 (See incl No. 1) may be written for Foreign National and/or Japanese National personnel. Travel may be performed on Government and/or private railroads. The OP84 form will entitle an individual to travel a distance of 60 kilometers (one way) or to travel anywhere within the prefecture the form is issued in. Actually, an OP84 is good for only 60 kilometers, however, Captain Hathaway, Kyushu Railway Division Superintendant states that the OP84 form will be good to any point and return in the prefecture it is written in. The individual for whom an OP84 has been written must take the form to the local stationmaster who will issue that person a ticket to cover the necessary travel to be performed. (See par 9b, Eighth Army Circular 7, 1947)

b. 3rd TMRS form OP50 is used for travel to places exceeding the 60 kilometer limit imposed by the OP84 ticket. Individuals requiring these forms must have travel authority in official form such as travel order. The person concerned presents the travel authority to the RTO who issues form OP50 for travel on a Japanese train to the point or points desired. This system could be used for interprefectural travel if desired.

5. The information contained in paragraphs 4a and 4b above do not preclude the prerogatives of the Teams within this Region of using standard travel orders to effect travel on C.I. coaches for Foreign National and Japanese National personnel as required and as authorized by Eighth Army Cir 7, 1947 as amended.

6. Several Teams have recently had changes in Adjutants and Sergeant Majors. As a result of a change in Administrative personnel, travel orders, letter orders and special orders of certain Teams have been published which were in error and incorrectly made out. Attached as inclosure No. 2 is a sample travel order, made up to act as a guide, in preparing orders effecting travel for Military and DAC personnel. Incl No. 3 is a sample travel order, made up to act as a guide, which will act as a guide, in preparing orders effecting travel for Japanese Nationals.
