Kawasaki Aircraft Industry Co., Ltd.
Akashi Airplane Plant.
Akashi CITY.

20th., December., 1946.

TO: Hyogo Military Government Headquarter Team.

SUBJECT; Application for the permission for the transportation of
Machine Tools.

The Kawasaki Aircraft Industry Co., Ltd., leased machine tools to Araya Kogyo K.K. which was a subcontract factory during the war.

The main plant of the Araya Kogyo K.K. was located in Osaka and dispersed plant was located in Tatsuno, near Himeji, Hyogo Prefecture.

The Araya Kogyo K.K. decided to close the dispersed plant in Tatsuno, and the machine tools installed in the plant will have insufficient maintenance.

The Kawasaki, Aircraft Industry Co., Ltd, is responsible for the maintenance of these machines and we wish to bring back these machines to our Akashi main plant for better maintenance and repair.

WE hereby present the application for the permission of transportation.

To: Hyogo Military Government Headquarter Team.

Subject: Application for the permission for the transportation
of machine tools.

The Kawasaki Aircraft Industry Co, Ltd. leased 75
machine tools to the Nitto Kosakusho K.K. Nishiwaki plant,
which was a subcontract factory during the War.

The Nishiwaki plant has been closed since the
termination of War, and the plant lacks the ability to
preserve the machine tools in good condition both by
technical and financial reason.

The Kawasaki Aircraft Industry Co, Ltd. is
responsible for the maintenance of these machines, and we
feel much difficulties to preserve machine tools in
present location, and we prepared the storage space in the
bomb damaged main plant and completed it at the end of
November.

We wish to bring back these 75 machine tools to
give better maintenance and repair and hereby present the
application for permission.

We shall be much obliged if you will kindly give
us the permission.

Place installed: 100 Otsubo Wasaka, Akashi

Name of factory: Akashi motor factory, former Kawasaki
Airplane Industry Co., Ltd.

Size of meter: One;

Reason: While the said factory was operated, we lent ours,
measuring the gas consumed. After the war, it stands
exposed to rains and winds, and there is danger of its
getting rusted. We shall be pleased to have it restored
to us as soon as possible.

Purpose of use:

Lately we were ordered to make the foot-lockers
by Okura Industry Co., Ltd., and to make the wall-

as listed our monthly report. These orders are larger
than our first plan, and so it is not satisfied with
our present equipments to produce them. Specially
capacity of the air compressor is too small to make
these lockers as we have only one compressor to-day.
We fear that we shall not be able to make these

Application for permission to centralize the reparations machines dispersed.

1. Reason for removing.
The building of dispersed plant in which the reparations machines are stored at present is old and decrepit one and so, in spite of frequent repairing of roof leaks in the roof are not ceased. Therefore it is very hard for us to keep the machines in good condition.

To keep better condition we wish to centralize them to our main plant.

repair.

1. Reason for removing

The subcontracting works where the machineries are stored at present is not satisfactory plant to keep the reparation machines. Moreover, by reason of discontinuing the operation after this war finished, well-qualified person to superintend the machine tools are absent.

And so they are not kept in good condition disregerding our advice again and again.

To keep them in good condition we wish to sheft them back to our main plant.

THRU : Hyogo Liaison Office

1. Recent inspection of twelve (12) reparations machines dispersed at the Funahara Tekkosho, Hirono, Kakogawa, and three (3) reparations machines at the Matsumoto Tekkosho, Hiratsu, Yoneda-cho, Innami-gun, revealed maintenance condition to be below standard.

2. You are hereby directed to centralize above machines with the least practicable delay. This letter will serve as a permit for transfer of machinery and a report will be submitted after completion of movement.

Subject: Transfer of Tools in Custody.
To : Messrs. Hyogo Military Government Team.

Dear Sir,

1. Our company is making efforts for Production of Radiators for Allied Forces and Forging Parts of Automobile, but having lost a great number of materials, instruments and tools necessary for mechanical work, we endeavour to supply them great difficulties.
2. The tools which had been used in Futani Plant of The Kawasaki Aircraft Ind., Co., Ltd., were prohibited to take out from that company by order of Headquarters I Corps Dated 11 April, 1946 and have been in custody since then.
3. If Headquarters gives a licence, The Kawasaki Aircraft Ind. Co., Ltd., shall transfer the above tools to us.
4. Such being the above, we hope to ask a favour of you for transfer of these tools.
5. The items of tools which we hope to receive are as the following list.

Yours truly,
Managing Director M. Matsui
of
Kawasaki Industrial Co., Ltd.
Kobe Forging & Casting Plant.
