FACTS CONCERNING NARBERTH POST OFFICE

Letter From Mr. Haws Plainly Sets Forth Real Facts Con- cerning The Conditions Under Which Improve- ments May Be Expected

The following extract appeared in Our Town several months ago, and the letter following received from Postmaster Haws yesterday, referring to the extract in question, plainly sets forth the facts concerning the Narberth post office:

"The law permits the employment of letter carriers for the delivery and collection of mail at any place, containing within its corporate limits a population of not less than 10,000, or at any post office which has produced gross revenue of not less than \$10,000 during the fiscal year preceding the date on which such service is established. Included in this gross revenue are the receipts from the rental of post office boxes.

"Receipts at Narberth post office for 1914 were over \$7,000. Three thousand dollars to go. If you want free delivery, do your part."

To the Editor Our Town.

Dear Sir:—I have your letter in which you refer to the possibility of the receipts being sufficient this year to insure having delivery services for Narberth.

I will state, as I have previously done, that the Department has authority to establish village delivery service at towns having post offices of the third class (ours is of the third class) or of the second class, that are not entitled to city delivery service, but such village delivery service will not be established at any town which is not provided with sidewalks, crosswalks, street lights, street signs, house numbers, and other civic improvements. If these improvements exist in Narberth and it can be shown by petition or otherwise that the village delivery service is generally desired by the residents, the matter will be given careful consideration by the Department.

Answering your inquiry more directly will say that should the receipts of this office maintain the present rate of increase we should be entitled to a second-class office in about a year, which would require new quarters, letter carriers, etc.

Yours truly,
Edward C. Haws.

SUGGESTIONS IN OUR WEEKLY HEALTH LETTER

By Geo. W. Braden, Physical
Director Central Branch Y. M.
C. A., Philadelphia

Some one has said, "As a man eateth, so is he." This statement, of course, may be misunderstood, but the fact remains, and is a very pertinent one, that a man's physical, mental and spiritual condition is effected to a considerable degree by what he eats and how he eats it. May the time never come as our national prosperity increases, that we shall be given so wholly to eating and drinking as have been some nations in the days of history. In the end every man after seeking wise counsel and studying his own requirements, must be his own judge as to what foods are best for him; because the amount of food and kind best adapted to any individual depends upon, temperament, occupation, age, climate and opportunity for out-of-door exercise. However, there are some general rules which should be frequently and emphatically placed before us; inasmuch as custom and appetite have so large a hold upon us, and so frequently sidetrack us, from the main road to health. How often we hear this: "I know I ought not to eat this but it looks so good," or "Yes, I am in the dumps to-day; was out to dinner last night and everything tasted so good I ate too much." Not long ago I saw a man eat four cream-puffs late in the evening, and on being reminded that he would likely have a bad night, said: "Yes, no doubt I will but cream-puffs are my favorite pastry." Not many of us are in the condition of the tramp who replied, on being told that he ate in a very ill mannered way, Yes. I am awkward, but, you see, I ain't had much practice lately." Enough good food is thrown away in the United States every year to feed an army. True enough; many mouths go unfed, but there are thousands of the middle class and the rich who not only "fare sumptuously," but who "cast from the table" an abundance of good food.

Plain Food Best.

There is a tendency to have not only a large number of courses served but many of the dishes are made of a great variety of ingredients. It is far better to have the required amount of proteids, fats, and carbohydrates from meal to meal, than to overload the table and the stomach at a single repast, in an effort to get a right proportion of each. Some of the mixtures served on the modern table are "enough to kill a horse." Why take a good piece of meat and after grinding it up so that it does not have to be chewed, mix it with a half dozen other things, some of which are very hard to digest, and then serve it under a fancy name? Fruit which is easily digested and very nourishing, is frequently combined with soggy, greasy dough. Fruit is often served with so much sugar that its value is lost. In canning fruit care should be used to see that too much sugar is not added.

Avoid Fried Food.

Fortunately the custom of frying everything is going out. Almost all fried food is hard to digest. Fat when subjected to intense heat is rendered undigestible. Then, too, in frying the food is covered with a hard crust, and the juices of the digestive tract are unable to convert it into suitable material for nourishing the body. If you are cooking meat, eggs, fish or vegetables, it is far better not to fry. Meat is best broiled or roasted. Eggs are best soft boiled. Fish is best baked or broiled. In cooking vegetables the best part is often boiled away, and thrown out. There is no better way to cook potatoes than to bake them. Some no doubt will say, "You are wandering from your text," and so I have; but just could not help it. How Often Should Meat Be Eaten? The matter of how much meat should be eaten, depends largely on the age and occupation of the indi-

vidual and on the climate and season of year. Persons who have plenty of vigorous muscular work can safely eat more meat than those of sedentary occupation. The portion of meat should be materially cut down as one advances in years. Those who are exposed to the rigors of a cold climate can with benefit consume a considerable amount not only of lean but fat meat. The Eskimos are known to use large amounts of oils and fats. During the summer and especially on hot days meat should be eaten sparingly if at all. Nature has generously provided us with an abundance of warm weather food and we have only to make our choice, from the endless variety of wholesome fruits, vegetables and cereals. What is better for a summer morning after exercise and bath, than a breakfast of shredded wheat with cream, a poached egg on toast and cold cantaloupe?

"SNOW WHITE AND THE SEVEN DWARFS."

Personal Impressions of a Little School Play.

"Snow White!" A little thing and yet a big thing for all of us who are in and out of the school, and biggest of all, of course, for the children and for Miss Wilson. In the first place "Snow White" had to be made ready outside of school work, and in addition to it. The regular routine must go on for both the children and Miss Wilson—I sometimes think that no one can realize the difficulties of the teacher of art and music. In the art work especially there is so much detail to be looked after—paper, rulers, scissors, paints, models, raffia, reed, drawing boards, instruments for mechanical drawing; planning all the work for all the grades in both drawing and music, following up the plans and finally teaching every class every week. And though "Snow White" took more hours of thought and practice than any of us can estimate, still Miss Wilson did all the regular work of her department.

I watched with eager interest a great deal of the practicing. I saw this little girl or boy, this little group or that brought on the stage and taught their little songs. Taught the songs? Yes, and drilled again and again in merely coming on and going off the stage, in gesture, expression, in the elements of acting. This purely personal work, the dealing with the children, took, of course, the greatest amount of time. But there were, too, many tedious details. The finances Miss Wilson managed herself—and managed to keep down. The material for the costumes had to be cut in proper lengths, and sent home to the mothers who so kindly helped; the greens for the stage had to be sought, and after the boys brought them to school, arranged; the scenery had to be procured from Mr. Harris, who generously said that he "considered lending the scenery not only a pleasure, but a privilege."

On Friday night I, who had had no part in preparing the play, came unconcernedly to school.

"What time is it?" I heard Miss Wilson ask.

"Seven-thirty," said Mr. Melchoir, "You have half an hour. Don't worry."

The play will begin on time, I thought, wonderful for an amateur performance! In the teachers' parlor Hilda was "making up" the children and trying to comfort one of the principal characters who had stage fright. In Miss Wilson's little supply-room, Miss Cooper was dressing up the dwarfs. I could not help so I went up stairs.

The room was already fairly well filled. For one minute I felt frightened. Would the little play succeed? Miss Wilson had worked so hard. Promptly enough the lights went out, the room was quiet, the curtains drawn back and Marie Miesen ran onto the stage. I was delighted, and I think everyone else must have been. The child was at once in the spirit of the operetta, creating an atmosphere for us and quickly conscious, I felt, of her sympathetic audience. Marie enjoyed herself, thoroughly and obviously. All the children were eager to do well, and showed us what children can accomplish—Florentina Mueller with her sweet voice; Morgan Smith, the earnest little prince; Warren Speakman, the wood cutter,

GLEE CLUB TO GIVE MINSTREL

Remember the Dates—Friday
and Saturday Evenings, De-
cember 10th and 11th, For
Benefit of Narberth Y.
M. C. A.—Big Pro-
gram To Be Given

Are you aware that the Narberth Y. M. C. A. Glee Club will give its second annual minstrel show on December 10th and 11th? If you are not, you had better insert these dates on your diary.

The show is to be given for the benefit of the Narberth Young Men's Christian Association, and promises to be the best ever given. In fact, the Glee Club is going to give its patrons something very unusual, and they feel sure that the Narberth citizens will be well pleased with their efforts.

The Glee Club realizes that the Y. M. C. A. is working for the interest of the young men of Narberth, and the club, in turn, is trying to work for the interest of the association.

The program of the evening's entertainment will be given in Our Town the week previous to the show.

Don't forget the dates, December 10th and 11th (Friday and Saturday evenings) at Elm Hall.

so unconscious of self; the chorus of older children, and the chorus of little ones from the second and third grades, all well drilled, all watching Miss Wilson, all trying to do their best and all doing wonderfully!

There was something deep and significant in the success of the little operetta. It means much to Miss Wilson, of course, but how much it meant to us all at school. We saw school spirit, of the sweetest, finest sort manifested in real interest and nice behaviour; we saw children taught to work hard for one common end; and we can enjoy the sweet fruits of a thing successfully managed.

ANNUAL MEETING.

Main Line Citizens' Association to
Meet November 29.

The Main Line Citizens' Association will hold its annual meeting on Monday, November 29, at 8 o'clock, in the Casino of the Merion Cricket Club. The subject of the evening will be, "How Lower Merion Township is Governed," and addresses are expected to be delivered by a number of the Commissioners. An interesting evening is promised. All those who are interested in the work of the association and its efforts in behalf of the community are cordially invited to attend.

INTERBOROUGH LEAGUE BAN- QUETS DREXEL HILL CHAM- PIONS.

The Interborough League paid fine tribute to their teams and especially the champions—Drexel Hill, in the fourth annual banquet held last Saturday evening at the Continental Hotel, Philadelphia. More than 200 fans, managers and potentates were seated at the festive board, including among the guests the Main Line League President, Fred. L. Rose, Manager Fred Walzer, of Narberth Champions; Fletcher W. Stites and the league secretary, C. A. McCrea; also President Hackney, of the Philadelphia Suburban League, and President J. Borton Weeks, of the Delaware County League.

The Interborough League President, Frank C. Niewig, acted as toastmaster in his usually worthy manner; also presenting the league trophies for batting and fielding. The pennant was also presented to Drexel Hill as the 1915 champs.

Our veteran of the diamond, Fletcher Stites, was on the program for "Base Ball Reminiscences" and came through with an address full of wit and humor and also gave the many there a good talk on the advantages of clean living and clean sport. His remarks were greatly appreciated and brought forth rounds of applause.

When the toastmaster called on President Weeks, of the Delaware County League, it was apparent from the very start of his remarks that he was only there in body, with his mind centered on Baker, the so-called season's "pride" of his league. Weeks has been an organizer, but the past season much has taken place to change the situation. His efforts were plainly an appeal to those present to uphold the signing of Baker to the Upland team of the Delaware County League when he was under contract with the Athletics. He made the claim that Baker may play again next season with Upland; further that Baker had stated to him he would not be traded, sold or be a chattel in any way unless he was a party to the deal and most emphatically would not play in New York City. He read off much data and letters in support of the position assumed by him in the Baker case, all of which created a slight interest among the fans, but his lengthy remarks had the effect of placing a wet blanket over a fire, the whole affair simmered down to a mere nothing.

The largest number seated at the guests table were only too familiar with the Baker case and the havoc it wrought with the Interstate Association the past season. That organization was created by President Weeks for the uplift and general welfare of amateur and semi-professional base ball in this locality, but was broke up at the meeting when decision was placed on the Baker case.

The effect on the Delaware County League was magic. Weeks claimed Baker doubled the gate receipts. That may be true, but he failed to explain the "exact" grounds for two good teams dropping out of the league during the season. These facts in their true light are known only too well by the potentates who graced the guests' table at the banquet and possibly through the old adage "Live and learn" President Weeks will come to realize the situation in the right light and appreciate that to be a true organizer you should stick to the rules and feelings of organized company.

The manner in which the work at our post office is handled is to be commended. Mr. Haws and his assistants use every possible opportunity to give the residents of Narberth unsurpassed service, considering the cramped facilities which are so evident.

Everybody enjoys reading the "Fireside." Betty Baxter's news items are interesting, and right to the point. Her work is very much appreciated by our readers. She will be pleased to have you send her a news item whenever you can.

So many good words are being said about Our Town, that, once more, sincere thanks are expressed. Such appreciation incites to better and higher aims and should help materially in efforts being made for the uplift of our borough.

At this time of the year, when the holidays approach, merchants lay in extra supplies of their wares, anticipating, of course, that an extra demand will be forthcoming.

In justice to themselves, these merchants should tell their town-folk of what they have, and the logical and practical way is by advertising.

So, in the columns of Our Town they can tell just what good things they have to offer, for everybody in Narberth reads Our Town.

Bowling Game.

The Bowling Match called for Wednesday evening, November 17, will be between the Narberth team and Wayne. This is the first season Wayne has been in the Main Line League, but the borough up the line is credited with having some crack bowlers, so our boys had better be prepared for a hard contest.

QUIZZES.

1. What has become of the ordinance abolishing those most objectionable signs on Haverford avenue?
2. Why was it that several store windows were conspicuous by their lack of decoration over Hallowe'en?
3. Is it fair that newer and smaller property holders have had to repair and in some cases re-lay pavements, when the longest and worst piece of block pavement is still allowed to remain at Windsor and Forrest avenues?
4. How much longer do we have to wait for better post office facilities? Surely things will be no better this winter, which is evident by the influx of new people.
5. Why doesn't the Pennsylvania Railroad do a little more landscape gardening around Narberth station? Surely a station carrying such large crowds deserves something more than the mud piece which adorns the circle at the Haverford avenue side.
6. And last, when are we to get a satisfactory arrangement for the smaller children from the Narberth School Board?

To the Editor of Our Town:

Many and various are the topics discussed in your enterprising paper. The school question, in its various phases, athletics, the Community Club, social functions and so on. But has any one concerned themselves about the moral cleanliness of the boys of the town? If any one, man or woman, is in doubt as to my meaning, let them come to any one of the four houses on Price avenue, facing the ball grounds, on a bright, warm afternoon, after the schools have been dismissed, and watch and listen.

Boys of all ages and sizes, from various parts of town, gather there for play. Their playing on this large, open space is the best thing for them. But the language indulged in, the profanity, the obscene talk and behavior are unspeakable. We have been driven in from our porches and compelled to close our doors for very shame.

This is a civilized community, and the citizens of Narberth might well turn their attention to this condition. Here is work for every one.

M. L. Cooper.

A "KNOCK" FROM A PESSIMIST.

To the Editor of Our Town:

Last week's issue of Our Town made announcement of Borough Council's decision to employ men to precede the ashcarts to carry out ashes from cellars, and the "Lazyites," whom the writer claims are in the minority, have cause to congratulate themselves for its action. Of course, this borough (which is now burdened with a bonded borough indebtedness of \$75,000 and a school debt of about \$28,000, with a loan of \$30,000 for highways passed over two years ago and not yet placed, and a future indebtedness, no doubt, of \$75,000 for the schools) can afford to have all the conveniences for its residents that no city or borough in the United States that the writer knows of enjoys. It apparently has so much money that Council does not know how to spend it. Could they not go farther? Why not decide to have the borough pay for whitewashing the cellars (it would be sanitary, you know), take out old bottles, cut the grass, or trim the hedges to suit the artistic tastes of landscape gardeners, so that they would be in keeping with the narrow, zigzag pavements of Narberth and the overhead wires crossing Narberth and other avenues? It would, no doubt, "beautify" the town and, besides, it would be a boon to the "Lazyites," who would then imagine they were living in Arcadia. While Council is about it why not command that the empty boxes be placed carefully in the cellar and then have the men clean and fumigate the basement? It would be a great help to the "Lazyites," who might as well have all the obnoxious tasks of home done while they are about it. The writer claims that the measure recently passed by Council is only for the accommodation of a few who are too lazy to do the work, and the chairman of the Highway Committee well knows who they are.

It has always been conceded that some of the members of Council possessed good common sense and sound

judgment, but its action in the matter shows they are woefully in the minority. The only judgment, you might call it political foresight, was in springing it on the public the week after election instead of before.

There are two things this borough absolutely needs. One is, the improvement and macadamizing of certain streets; the other, more accommodations for the school children. But the unheard-of extravagance of carrying out ashes from cellars when the borough needs the money so badly for other purposes is unwarrantable, and the writer is not the only person who strenuously objects to Council's attitude on this question.

With all the money expended or to be expended for necessary improvements in the near future, and with the unnecessary expenditure by Councils for removing the ashes, I pity the workingman buying his home! He'll have to pay the bill!

"And the worst is yet to come!"

Frank Canfel.

FOOT BALL NEWS.

The Narberth foot ball team continued its winning streak last Saturday by administering the whitewash brush to the Samson Field Club by the score of 6-0. Narberth completely carried their opponents off their feet until they got in striking distance of their goal line, when the needed punch was lacking.

Narberth's lone tally was due to the 40-yard run of Gene Davis, who skirted the right end and put the ball within two yards of the line, after which McCarter bucked the line for the only tally of the game. Captain Durbin excelled with his all around quarterback generalship and end runs.

Narberth should have had another touchdown but for the dropping of a forward pass from Captain Durbin to Humphries over the line, who dropped the ball squarely behind the posts.

The game rounded up into a kicking duel in which Captain Durbin had all the better of the argument, several of his kicks going for 60 yards. Altogether his kicks averaged 55 yards, which speaks very well.

The Narberth team is now preparing for the championship game with Charlie Kerwood's Haverford team, scheduled for Thanksgiving morning. The game will decide the championship of the Main Line. This year Narberth has to defend her title and from the reports of the Haverford team there promises to be a very good battle.

Last year Narberth defeated Haverford by the score of 13-0. Narberth has yet to be scored on this year, and will try to put one over on Haverford again this year.

Community Club.

Mrs. Tristan B. du Marias was hostess at the tea which was held at the Community Club on Tuesday afternoon, November 9th, 1915.

She was assisted by Mrs. Taylor, Mrs. Curtis Pollock, and Mrs. Roy E. Clark. There were seventeen present. The afternoon was spent in cutting and making bandages for the soldiers.

While the Queen Mary's Guild is for the benefit of the English soldiers, work may be done for the soldiers of any of the countries.

The hostess for Tuesday, November 23rd, will be Mrs. C. P. Fowler.

Do not forget the 'bus that leaves Narberth Station for All Saints' Church, Sunday morning at 10.40 o'clock. All are welcome.

NARBERTH NEEDLEWORK GUILD ANNUAL MEETING.

The annual meeting was held last Wednesday, November 10th, in the Presbyterian Church. Garments were brought in the forenoon, and at noon the luncheon for the directors was given. In the afternoon the public meeting was held, when Miss Isabel F. Pelly, from Cuthbert House, Court Aid Association, gave a very interesting account of the work done by this association. Rev. C. G. Koppel, of Narberth Methodist Church, gave a short talk on the influence of the home, and the need for social service with personal influence—especially of women working for women. Women should have a large part in the schools, and in courts for women and children. He believes they should have a vote, and opportunity to clear up conditions that men have for years failed to remedy.

The number of garments contributed was 1143, which were divided among the following charities: American Oncologic Hospital, Babies' Hospital, Bala Home for Aged Couples, Children's Aid Society, Court Aid Association, Door of Blessing, Door of Hope, Holiday House, House of Detention, Juvenile Court, Norristown; Helping Hand Rescue Mission, Hahnemann Hospital, Keswick Colony, Keswick, N. J.; Mariners' Church, Organized Charities of Philadelphia, West Jersey Orphanage, Presbyterian Hospital, Police Matrons, Third District; Presbyterian Orphanage, P. E. Missions, Private Cases, Roosevelt Hospital, Sheltering Arms, S. P. C. Children, Salvation Army Rescue Home, Tuberculosis Dispensary, Union Home for Old Ladies, University Hospital, Western Home for Poor Children, West Chester Homoeopathic Hospital.

It was decided to hold monthly meetings during the year for sewing, in the Y. M. C. A. Community Room. If, during the year, any one knows of an urgent need for garments, application may be made to the Guild, which will endeavor to supply them at these monthly meetings.

THE NARBERTH ATHLETIC CLUB.

As a rule we do not care how big they come, nor how strong, because we are never beaten until the last gong sounds. Last Saturday night's proposition was a little too much for us, however, in view of the fact that our opponents, the Northeast Boys' Club, were out in their full strength; whereas, we were seriously handicapped by the same old hoodoo, namely, injuries to our star players. Some of our best men are on the hospital list, and our line-up was largely composed of substitutes. Considering the weight and height of the opposing team, we are not at all ashamed of our showing. We were licked, but not disgraced or discouraged. The final score was 28 to 19 in favor of Northeast. The line-up was as follows:

Narberth.	Northeast.
L. Smith forward	Hardy
F. Harsh forward	Grasmick
C. Downes centre	Briley
J. Jefferies guard	Platt
P. Redifer guard	Hardy

Field goals: Smith 2, Harsh 1, Jefferies 4, Sheldon 1, Hardy 7, Briley 1, Richardson 4. Foul goals: Jefferies 3, Hardy 4. Substitutes: Sheldon for Redifer, Odell for Downes, Downes for Odell, Redifer for Harsh, Richardson for Hardy. Referee: Colwyn Humphries.

Among those present were Miss Rose Woodhouse, Miss Ella Fairweather, Miss Jennie Desmond, Miss Helen Kernan, Mr. John Casani, Mr. Frank Desmond and Mr. and Mrs. George Fairweather.

The members of the Baptist Sunday School have arranged a very interesting program for the celebration of their twenty-fourth anniversary, on Thursday evening, November 18. Mr. Edmund H. Brookmeyer, a member of the Tacket Testament League, will give a talk concerning the distribution of testaments to the European soldiers in the trenches. There will also be a musical entertainment. Everyone is invited to attend.

A number of the friends of Mr. Thomas Redfern gave him a surprise party on Thursday evening, at his home on Conway avenue, the occasion being Mr. Redfern's birthday. The guests included Miss Mary McFadden, Miss Katherine Maguire, Miss Mary Maguire, Mr. Redfern, Mr. James Paul and Mr. John Paul.

Mr. and Mrs. L. H. Williams, of Dudley and Sabine avenues, are receiving congratulations upon the birth of a daughter.

Do not make any engagements for Tuesday evening, November 30, as the Choir of All Saints' Church wants you to come up to the musicale.

Beginning with Sunday, November 21, there will be a 'bus leave the Narberth Station at 10.40 A. M., to take any one up to All Saints' Episcopal Church, free of charge.

It will go out Essex avenue and take on anyone living on or near that route. All that is necessary is to be in sight when the 'bus comes along and hail it, so that no unnecessary time will be lost in making the trip. After the service the 'bus will return to the station by the same route.

It is hoped as many as possible who can avail themselves of this opportunity will do so next Sunday, as this is an experiment, and if it proves successful the 'bus will leave the Narberth Station every Sunday for All Saints' Episcopal Church.

The presentation of infants by their parents for the solemn sacrament of Baptism last Sunday morning in the presence of the large congregation was a beautiful sight long to be remembered. There were six little ones baptized.

AFTER FIVE YEARS.

It is an amusing pastime, I am not quite sure that it is always profitable to indulge in reminiscences. Nevertheless on next Sunday morning I propose to try the experiment, and I hope every member of my church and congregation will be present, as well as those who are accustomed to going nowhere else to divine service. Just five years ago next Sunday I preached my first sermon as pastor here. The census man told us there were 1790 people living in Narberth then; 120 were present in my church, and I wondered where all the rest were—and am still wondering—and hoping. Five years ago we were all five years younger. That is not strange, but it is something to think about when you watch these children grow. For we are all growing, somehow. Our borough is growing wonderfully. We are seeing street after street opened up and developed; we are watching Narbrook grow, and a multitude of improvements everywhere. All this is capital and I am going to talk about it next Sunday, and then I shall ask if the moral and spiritual development has kept pace with the material growth. And I want to press that question upon the larger company that will read this article. I think we ministers of the gospel have a right to ask the community about these things, not in any sectarian way—not in a puritanical way, but simply because we are deeply concerned about the moral growth of Narberth. It is our business to be and it should be everybody's business.

Ours is no longer an isolated village. The historical pageant put Narberth on the map. Our splendid schools, our various organizations, our convenient train service, our delightful homes, our charming associations and, by no means the least, our excellent weekly newspaper, are causing people to look this way, and many are coming to share our advantages. We welcome them, and we welcome everything that tends to the uplift of the community. Now let us guard sacredly our precious heritage. Our honored Burgess has struck the right note in the campaign announced last week against the cigarette habit among our boys. Let us back him up in this effort. A moral movement can succeed only when public sentiment endorses it. There is much that we can all do. There is much else that should be done. We like to think that Narberth is the very best spot in all the world. Let us all do our part in making it so.

John Van Ness,
Pastor, Presbyterian Church.

Already half of the meetings are over, and if you have not attended any you may come Thursday, Friday or Saturday. The leaders are as follows: Thursday, F. W. Stites; Friday, J. C. Simpson; Saturday, H. S. Hopper.

Big Foot Ball Game Thanksgiving Day
The Narberth Y. M. C. A. foot ball team has succeeded in signing up the strong Ardmore Y. M. C. A. team for the Thanksgiving Day entertainment. This will be a big game, and the success that both teams have had this season will make it all the more exciting. Don't miss this game. Narberth young and old will turn out to see it.

This game will not conflict with the morning Thanksgiving service held in the Baptist Church. Special effort has been made this year to avoid the embarrassing situation of the past Thanksgiving days, so that all may be able to attend both these most important Thanksgiving Day features. The Union Service will be at 10 A. M., and dismissing in time to see the start of the foot ball game at 11 A. M. Then, for the Big Turkey Dinner.

Annual Y. M. C. A. Meeting.

December 6 has been the date set for the big annual Y. M. C. A. meeting. Reserve this date.

In view of the success and achievement of the past year, this meeting should be an enthusiastic one. Full details later.

BOWLING LEAGUE OPENS.

Local Y. M. C. A. Bowlers Make Bad Start.

The "booming and thundering" heard around the "Home Town" last week was not intended to alarm any one into thinking the Germans were using their "howitzers" in the vicinity of the Delaware capes. It was merely the opening of the Main Line Bowling League, and they surely got away with a "booming" start.

The great indoor sport of tenpins is fast jumping into popularity again this winter, and the prospects along the Main Line show there will be many exciting matches during the season, especially taking the closeness of the scores of the games rolled the past week.

Our local Y. M. C. A. bowlers made a poor get-away, only succeeding in taking the last game of the match from the Rosemont Men's Club, but the material is here, and it will not be long before the local quintet will show their class and bring many of the games to the proper side of the percentage ledger.

Robert Savill was again the leading "Knight of the Alleys" when he rolled in two games for an average of 176; "Big Bill" Humphries carried off the single game honors by rolling 186 in the opening game.

Hotz, of the Wayne Club, holds the individual average in three games, with a figure of 171. This was a big factor in assisting the Wayne Club to make a clean sweep of the match against the neighboring Ardmore Y. M. C. A., the winners also making the high score of the week, with 2275 pins.

This Wednesday evening, November 17, the leaders in league standing, Wayne, will visit Narberth alleys, while Ardmore journeys to the Rosemont Men's Club.

Quite a number witnessed the game with Rosemont, but as the interest in this sport continues to grow, many more will drop in to see the Narberth-Wayne game.

CHANGES OF MAIL SCHEDULES.

Since the installation of Electric Service on the Pennsylvania Railroad, the mail schedules have been changed somewhat. The most important change being that of the outgoing mail on Sunday. Formerly the Sunday evening mail closed at 5.50; it now closes at 5.35. Patrons desiring to get mail away on Sunday should therefore be sure to have their mail in the drop in the post office door not later than 5.35 P. M. A schedule of the arrival and departures of all mails is posted on the outside of the Post Office building.

School motto:

Events of Interest.

Last Wednesday afternoon Dr. George M. Phillips gave a most interesting lecture on "In and About London." After the lecture Dr. Phillips commended very highly to the faculty on the fact that we were having these free lecture courses for the students. He also said: "It is one of many evidences of a progressive and an up-to-date school."

Monday morning we had the first grade with us in assembly, and although it was raining they seemed very happy to get back to the regular assembly. They gave us a few memory gems.

In the office several pupils of the High School were discussing topics for a debate. Someone suggested the following: "Resolved, That Ivory Soap Floats."

Miss Niblo, assistant superintendent, and principal, Miss McSparran, from the Cheltenham Schools, with two of her co-workers, visited the school last week. Among some of her favorable comments were those for the lunch room. These ladies as all others are surprised at such splendid quality and quantity of food given at a very low price.

Our lunch room is well patronized, but it is a pity that other parents cannot understand the great value, and hence economy of their children getting their lunches at school.

Parents of first, second and third grade children will be glad to know that arrangements have been made whereby the children can procure warm lunches at school, either before or after their sessions. Mothers are inconvenienced because they must prepare early lunch for children who begin at 12.30, likewise others are inconvenienced by children getting home at 12.15 without lunch. Children who are dismissed at 12 o'clock may remain for their lunches. Pupils who report for work at 12.30 may come any time after 11.30 and procure their lunches. Principal Melchior is working hard on a schedule of classes and rooms whereby to evolve a plan making it possible for the third grade to meet regularly as heretofore from 8.45 to 2. Above mentioned plans are but two of the many plans (Continued on Fourth Page)

We invite your attention to one of the finest food products ever put on the market.

Goldenoyle

We have been in the business of manufacturing and selling edible Oils for upwards of 25 years—Goldenoyle is absolutely the best that has ever been manufactured.

Read what Prof. L. B. Allyn, Chemist of the famous WESTFIELD, MASS., BOARD OF HEALTH, has to say about it:

"Our examinations show that in Goldenoyle you have a product of excellent quality. On heating this oil to temperatures adapted for frying, the odor is still pleasant, and no objectionable flavor remains in the food. This, together with the low free acid content shows that the refining process has been carried to a high degree. Kitchen tests demonstrate that Goldenoyle is excellent for Salads, Mayonnaise Dressings, and for all cooking purposes where a high-grade edible oil can be used. It has practically the same food value as Olive Oil, and SURPASSES ANIMAL FATS GENERALLY."

All up-to-date housekeepers know that the approval of the Westfield Board of Health places any food product in the highest grade of excellence.

- Some of its advantages:
1. It is BETTER for cooking and salads than Lard or Butter.
 2. It is much cheaper than Butter and the Best Leaf Lard, and from 1-4 to 1-3 less Goldenoyle is required than of Lard or Butter.
 3. There is no waste whatever. It may be used over and over again, as it does not retain the odor or taste of food cooked in it.
 4. It does not smoke when heated, nor give off any disagreeable odor.
 5. It does not cause indigestion. Dyspeptics can eat food cooked in it without discomfort.
 6. It may be used for all cooking, baking, frying, mayonnaise or other salad dressings.

Ask your grocer for Goldenoyle and a handsome free book of recipes for all kinds of bread, cake, pie, biscuits, croquettes, salads, fried oysters, etc.

that are daily being considered for the welfare of the little children. Few people can realize what the Board of Directors and principal are doing. Again we strongly urge the parents to visit school and see for themselves. The principal will always be glad to give time to any visitors.

Girls' Spirit.

What about your basket ball spirit, girls? Do you call it good spirit when you do not come out for practice? When the town loses, who are the ones to grumble? Why let the Freshman excel, your other classes, in spirit? Why is it that one of the Seniors who is taking extra work, can find time to support the first team when you are too busy? How is it that some will sacrifice a little time for the support of the team, while others will not? All of you have school spirit, why not show it by helping in athletics? Think about it, girls, and come out next Thursday and support your team. Remember the 23rd!

"A ROOTER."

Ask Gus about stringing that basket ball tale?

Next Friday, November 19th, we (the boys) start our basket ball season. The game is with Jenkintown High School at Jenkintown. In next week's issue we will give our full schedule. Just watch Durbin when he gets started.

"Snow White" was a financial success, clearing over a hundred dollars.

We are indebted to Mr. W. T. Harris for the scenery used in "Snow White."

On this coming Friday the Literary Society will meet from 10.30 to 11.20. Three meetings are very interesting and we believe that they are well worth attending. Program: Song, by Society. Current events by Fred Harsch. Vocal solo by Elizabeth Southerland. Debate: Affirmative, Frank Foster and Carroll Downes; negative, Jane Laird and Margaret Eyre. Reading, Marion Trotter.

Frank Foster will be asked to recite his latest poem, entitled, "The Girls' Chorus," in Literary Society on Friday.

"Go easy on the notes, Jean."

Madeline McCoy, who accompanied at the piano for "Snow White," missed many classes last week, which she had to make up after school. This certainly shows school spirit.
