THREE KILLED IN A CLASH IN IRELAND

Allies Agree as to How Peace Treaty is to be Carried Out

Stated in Paris They Have Reached Understanding Concerning Execution of Treaty of Versailles; Germany to Hand Over Dock Tonnage.

Paris, April 15.—The Allies have reached an accord concerning the execution of the Treaty of Versailles, it was said here to-day, thus removing one of the causes of friction between France and Great Britain.

No details were given out but the agreement is understood to be based virtually on integral execution of treaty.

Paris, April 15.—The Council of Ambassadors at to-day's session received the report of the naval experts with regard to the German floating dock tonnage to be handed over in compensation for the scuttling of the German fleet at Scapa Flow. It developed that a total of 192,000 tons of this material had been discovered by the Commission. A basis for the distribution of this tonnage among the Allies was adopted by the Council.

The reply of the Hungarian peace delegation with regard to the peace terms submitted by the Allies to Hungary was taken up and further considered.

This discussion of the reply, however, was not completed at this session.

The Council has decided to ask for a report from the international commission appointed to supervise the drawing of the boundary between East Prussia and Poland by the Marienwerder district before deciding upon the date of the plebiscite to be held in that district under Articles 96 and 97 of the peace treaty.

BOYS TRIED TO BURN COMPANION

Timely Rescue Prevented Death of Lad in Lancaster, Ohio

Lancaster, Ohio, April 15.—Police to-day were searching for five older boys who last evening attacked Charles Kehler, a ten-year-old news-boy, bound him to a stake, piled kindling and newspapers about him and after starting a fire, left him to his fate.

A small girl called Mrs. A. F. Mowery, living nearby, and she rescued the boy, who was badly burned.

CABRERA FLEES FROM GUATEMALA TO HAVANA, CUBA

Havana, April 15.—Manuel Estrada Cabrera, President of Guatemala, against whose administration a revolution has been going on during the past fortnight, is believed to have fled from that country and to be on his way to Cuba.

BURIAL GROUNDS IN PUBLIC CONTROL

Local Cemetery Situation Is Subject Matter of Bill Before House

Legislative Press Gallery. Morning Sitting, April 15. Municipally owned cemeteries, crematoriums and mausoleums will be provided for if the act covering the same, and introduced by George Bell, Government member for Victoria, is passed. At this morning's sitting a division was taken as to whether or not the bill should be given second reading. The motion was passed, and the bill will be considered at the next sitting of the House.

Mr. Bell explained that the local municipalities were sadly taxed for cemetery space and that it was necessary to provide suitable burying grounds. He was supported in this by F. A. Pauline, Government member for Saanich.

F. J. A. MacKenzie, Conservative member for Delta, pointed out that there was ample time to include this question in the Municipal Act.

Charles Nelson, Government whip and member for Slocan, declares that while the bill might be a good one it was plain to everyone that such measures might have been introduced two months ago, so that the members might have had time to consider the various clauses carefully.

AMBASSADOR TO ITALY.

Paris, April 15.—Robert Underwood Johnson, the new American Ambassador to Italy, will leave Paris to-day for Rome.

OVERALL CLUBS FORMED IN STATES

Organizations in the Various Cities Combat High Prices of Clothing

Demand on Supplies of Overalls Cause Price to Increase

New York, April 15.—Dispatches received here this morning show that the overall campaign of "protest" against the high cost of clothing is spreading rapidly throughout the southern and western states.

At Roanoke, Va., four different mass meetings of citizens were held yesterday and last night and three overall clubs were organized with a total membership of 1,400.

At Greenville, S.C., many business and professional men have adopted the overall as their daily garb. Overall clubs have been organized in several nearby towns.

Students. Every student at the University of South Carolina, Columbia, has pledged himself to wear overalls "until such time as the prices of clothing reach a reasonable figure." The Glee Club will discard the conventional evening dress in favor of denim on a forthcoming concert tour.

Fifteen hundred men of Richmond, Va., are now members of the "Richmond Old Clothes and Overall Club." The chairman of the Fair Price Commission at Atlanta, Ga., has called upon citizens to organize an overall club and has purchased 3,000 pairs of overalls which will be sold to citizens at wholesale prices.

(Concluded on page 26.)

J. HARRY FLYNN SPEAKS IN OTTAWA

Argues For Gratuity For Returned Men; 500 Join His League

OF A TESTATOR

Bill Introduced To-day to Provide Against Neglect For Dependents

Legislative Press Gallery. Morning Sitting, April 15. An act to secure adequate provision for the maintenance of the wife and children of a testator was introduced this morning into the Legislature by the Hon. J. W. de B. Farris, Attorney-General and Minister of Labor.

Provision is made whereby the courts may provide for maintenance for the wife or children, or both, of the estate. This means that even if a person dies leaving a will, but without providing for the care of dependents, ample provision may be made by law. The court may further refuse to take action in the case of a person thought to be not entitled to provision being made. A lump sum or periodical payments may be arranged in the discretion of the court.

Further provision is made that no application shall be heard by the court at the instance of a party claiming the benefit of the act unless the application is made within six months from the date of the grant, or resealing in the Province of probate of the will. The estate shall not be distributed until six months after probate of the will unless all parties benefiting thereunder are agreeable.

In cases where parties consider injustice has been done under the act they may appeal to the Court of Appeal within the same time, and in the same manner as from a final judgment of the court in a civil cause.

Sonora Troops Are Moving South in Sinaloa, Mexico

Nogales, Ariz., April 15.—Sonora, Mexico, has won her first fight for freedom. General Angel Flores, of the independent forces, this morning fought his way across the Sinaloa border, taking San Blas, on the boundary line, and is proceeding with 2,500 men, 1,000 of whom are Yaqui Indians, toward Culiacan, capital of Sinaloa.

According to special advices from Hermosillo, capital of Sonora, Federal troops are deserting the command of General Ramon Turbe, chief of military operations in Sinaloa and Tepel. General Juan Carrasco, acting chief of staff of Turbe, unable to stem the tide of the rebel advance, is retreating with his men in wild disorder, according to advices.

COURTMARTIAL RULES FRENCH WOMAN IS TO BE EXECUTED

Marseilles, April 15.—Louis Boulline, who in 1914 denounced to the Germans a French soldier, her name, Michel Amel, was condemned to death yesterday by a courtmartial. Amel was executed half an hour before an order for his pardon reached the German officer to whose charge he had been remanded.

RAILROAD STRIKE LEADERS ARE ARRESTED IN CHICAGO

Chicago, April 15.—Six officials of the "outlaw" railway unions were arrested this morning by United States marshals on warrants issued by United States Commissioner Mason, charging them with violating the Lever Act.

Warrants have been issued for twenty-four other alleged leaders in the insurgent railway strike, it was said at the Federal building.

Those arrested are: Joseph Scott, a trustee of the Chicago Yardmen's Association; A. W. Casseday, secretary; Martin J. Kenney, vice-president of Lodge No. 2, Chicago, Yardmen's Association; W. Larrabell, a trustee of the Association; Fred L. Schultz, vice-president of the United Engineemen's Association; Michael Elgas, treasurer of the Engineemen's Association.

Department of Justice agents expect to arraign the men to-day before Commissioner Mason.

Among the twenty-four warrants issued but not yet served is one for John Grunau, president of the Chicago Yardmen's Association. Another is for Elmer Bidwell, who was named yesterday by Attorney-General Palmer as having replaced Grunau as leader of the strikers here. Both Bidwell and Grunau deny that the latter has been displaced or that Bidwell is taking any part in directing the strike.

ARGENTINA AIDED BY GREAT BRITAIN

Loan to Be Liquidated in New York; Food For the Allies

Buenos Ayres, April 15.—The Argentine Government has arranged directly with the British Government for funds to enable Argentina to liquidate the \$5,000,000 loan maturing May 16 and payable in New York. President Irogoyen disclosed in a message to the Senate to-day. The President mentioned this arrangement in connection with an urgent request that the Senate immediately approve the measure of the lower House by which Argentina would lend to Britain, France and Italy \$200,000,000 for the purchase of food products, which has been pending for two years.

RETALIATION BY U. S. AGAINST CANADA NOW HINTED AT

New York, April 15.—A hint that retaliatory measures might be demanded by United States pulp and paper interests against Canada for restrictions on exportation of pulpwood was contained in an address delivered by George W. Sisson, Jr., president of the American Pulp and Paper Association, delivered at the annual convention of the association here to-day.

Deploring intimations from Canada that export of pulpwood from private lands might be curtailed, Mr. Sisson said: "Canadian industry must have coal. Common fairness indicates that access to raw materials needed should not be denied on either hand."

LONGER TIME TO SELL MARGARINE

Tolmie's Resolution Provides For Sale in Canada Until March 1, 1922

Ottawa, April 15.—(Canadian Press).—Extension of the time for the manufacture and importation of oleomargarine until August 1, 1921, and for the sale of oleomargarine until March 1, 1922, is proposed in a resolution to be introduced in the House to-morrow by Hon. S. F. Tolmie, Minister of Agriculture. A further amendment is proposed to fix the minimum time for an infringement of the Act at \$5.

AMERICAN-POLISH STEAMSHIP SERVICE

Danzig, April 15.—Arrangements with American shipping interests for a fast Polish-American passenger and freight service between United States ports and the Baltic have been completed by Polish naval authorities.

NO REPRESENTATIVE.

Rome, April 15.—Reports that the Holy See would be represented at the meeting of the Allied Supreme Council at San Remo are declared to be absolutely unfounded by Papal officials.

AVALANCHE RUINS SWISS VILLAGE, BUT NO LIVES ARE LOST

Geneva, April 15.—An enormous avalanche yesterday overwhelmed the village of Fontena, in the canton of Ticino. There was no loss of life.

50,000 NECKLACE LOST IN STATES

Cleveland, Ohio, April 15.—The loss of a \$50,000 pearl necklace by Mrs. Alice Hickox, a prominent society and club woman of Cleveland, became known to-day.

FLensburg Gendarme MURDERED; GERMAN MOB WAS EXCITED

Copenhagen, April 15.—A gendarme named Beckmann, attached to the International Commission in Schleswig, was slain yesterday in Flensburg while trying to calm an angry German mob, according to advices received here. The man who killed him escaped. It is feared this is the beginning of an organized movement against Danish control of Central Schleswig.

BANK OF ENGLAND RATE IS RAISED

Increase From Six to Seven Per Cent. Put Into Effect

Country's Traders Expected to Settle Down to New Conditions

London, April 15.—The rate of discount of the Bank of England was raised from six to seven per cent. to-day.

The increase in the minimum rate from six to seven per cent. has removed the uncertainty which was hanging over the market. It was considered bound to come in view of the inflated credit position and the continental financial situation, especially regarding exchanges, and may possibly stabilize the market.

It probably will not, however, affect United States exchange. Any further unsettling of exchange rates during the present period is not expected until large bills fall due in the Autumn for the payment of food and commodities.

The reason for the present move is to bring the rate in line with other centres. The Belgian and other bank rates have recently advanced. The action of the Bank of England yesterday in raising the rate of interest on Treasury bills to 6 1/2 per cent. is to attract funds from banks to the Bank of England on the Government account against maturing short-dated indebtedness, which totals a big figure, and to check fresh borrowing.

Will Settle Down. The burden of the seven per cent. rate on the trade of the country, which is just expanding, will be great. Trade and finance, however, it is believed, will settle down to the new conditions in the hope that necessary deflation of credit will follow and so assist toward normalizing conditions in the prices of commodities and the cost of living.

Weekly Statement. London, April 15.—The weekly statement of the Bank of England shows the following changes: Total reserves increased £1,097,000, circulation decreased £782,000, bullion increased £304,077, other securities decreased £13,659,000, public deposits decreased £5,668,000, other deposits decreased £10,560,000, notes received increased £1,120,000, Government securities decreased £2,300,000.

The proportion of the bank's reserve to liabilities is 17.49 per cent., last week it was 14.98 per cent. Rate of discount seven per cent.

BOLSHEVIKI ARE STRONGLY OPPOSED

Meet Obstinate Resistance at Neck of Crimean Peninsula

London, April 15.—The Bolsheviki are meeting with strong opposition in their attempt to penetrate into the Crimean peninsula. It is indicated in an official statement on the Soviet operations received from Moscow to-day. The statement says: "In the Crimean sector our troops are advancing and are engaged at Perokop (at the neck of the peninsula, where obstinate resistance is being offered).

"On the Caucasian front our regular troops have entered Derbent, on the Caspian Sea, about midway between Petrovsk and Baku."

BIGGER PAPER OUTPUT.

Spokane, April 15.—Installation of machinery to increase the output of the Inland Empire Paper Mill here by twenty-five per cent. was decided upon at the annual meeting of stockholders here yesterday.

Another Uprising Now is Foretold in Germany

Berlin, April 15.—Speaking in the National Assembly yesterday, Premier Mueller said he could not agree that danger from the Right party had been ended by the collapse of the Kapp revolt. Danger, he said, was still threatening, especially in Pomerania and Silesia, where Baltic troops were quartered, and a new fire might therefore break out any day.

If a second revolt similar to the Kapp revolt should occur, the Premier declared, it would be certain to

BOLSHEVIKI DECIDE TO OUST SOVIETS FROM FACTORIES

Stockholm, April 15.—A dispatch to the Tidningen from Helsinki, Finland, says the Pan-Russian Communist Congress at Moscow has decided to abolish the Soviet system in the management of industrial concerns and to replace it by "fully competent managers."

Three Civilians Are Killed and Nine Are Wounded in Ireland

Shooting Affray in County Clare; Business Proceeding in Dublin But Raids Are Carried Out and About 100 Persons Put Under Arrest.

Dublin, April 15.—Three persons are reported to have been killed and nine wounded in a shooting affray at Milltown, Malbay, County Clare, this morning. It is alleged the police and military were involved. Those killed were civilians.

Dublin, April 15.—The capital is normal to-day following the release of the hunger-striking prisoners and the calling off of the general strike. Business is proceeding as usual and the tramways and trains are running, all of the employees having returned to work.

Extensive military raids were carried out in Dublin during the forenoon and a hundred persons are reported to have been arrested.

An official explanation of the raids is not available, however. At the hospitals it is reported that some of the released hunger strikers are very weak, but that the others are progressing well.

BRITISH MINERS ACCEPT OFFER

Plan of Twenty Per Cent on Gross Earnings Satisfies Them

London, April 15.—Andrew Bonar Law, Government leader in the Commons, in answer to questions in the House regarding the release of Sinn Fein hunger-striking from Mount Joy prison, stated they had been unconditionally released. This statement contravened reports received from Dublin last night.

Comments. Dublin, April 15.—Commenting on the release yesterday of sixty-six Sinn Fein hunger strikers from a hunger strike in Mount Joy prison, the Irish Times says: "Nationalist Ireland had worked itself into such a passion over the sufferings of the prisoners that a single death in Mount Joy prison might have provoked an almost uncontrollable outbreak of crime and lawlessness. This, at any rate, has been averted. This and the indignation which it gives the new authorities in Dublin Castle, may be accepted as a justification for the climb down, which in any other circumstances would have been wholly inexcusable."

Relaxed. "It is too soon to rejoice for the recovery of several of the victims is gravely doubted," says The Freeman's Journal, "but the agony of a nation is relaxed and the indignation which required strong counsel and self-control to check can now be directed into a resolute determination to break the system which could so outrage humanity and defy justice by a policy that might have betrayed the people into extremes of violence. The action of Irish laborites had ominously stirred the rank and file of British labor and a general strike began to cast its shadow beyond the Irish Sea."

NORTHAMPTON AGAIN ELECTS M'CURDY

New British Food Controller Returned to Commons in By-election

Northampton, Eng., April 15.—The by-election for member of the House of Commons, held here, necessitated by the resignation of Charles A. McCurdy, the holder of the seat, as Food Controller, resulted in the re-election of Mr. McCurdy, a Coalition Liberal, by a majority of 3,311 over Miss Margaret Bondfield, the Labor candidate. The vote was 16,650 for Mr. McCurdy and 13,339 for Miss Bondfield.

In a similar contest with a Labor candidate at the general election in December, 1919, Mr. McCurdy's majority was 7,275.

LETTSIH DELEGATION TO GO TO MOSCOW

Riga, April 15.—Foreign Minister Lamsditch has sent a wireless communication to Tchitcherin, the Polish Foreign Minister, saying that a Lettish delegation will leave next Tuesday for Moscow.

FISHERIES HEADQUARTERS.

Prince Albert, April 15.—George C. McDonald, Inspector of Fisheries for Northern Saskatchewan, has been notified that Prince Albert is to be the headquarters of the Fisheries Department in all Saskatchewan. Mr. McDonald is to be the Inspector.

VanCOUVER BANK CLEARINGS.

Vancover, April 15.—The past week's bank clearings here were \$13,238,088.

BOLSHEVIKI DECIDE TO OUST SOVIETS FROM FACTORIES

Stockholm, April 15.—A dispatch to the Tidningen from Helsinki, Finland, says the Pan-Russian Communist Congress at Moscow has decided to abolish the Soviet system in the management of industrial concerns and to replace it by "fully competent managers."

SWISS TO FLOAT LOAN IN STATES

Government of Little Republic Wants Between \$20,000,000 and \$30,000,000

Berne, April 14.—Via London, April 15.—Some light is being thrown on the question of the new Swiss loan to be floated in the United States. Switzerland wants between \$20,000,000 and \$30,000,000. The first American loan of \$15,000,000, floated in 1915, produced interest of seven and three-tenths per cent. According to rumors, American bankers in Switzerland have recently purchased extraordinary amounts of German marks, the figure reaching 30,000,000 in one day. To this in part is attributed the rise in the exchange value of the mark from eight to over ten, while the dollar fell from 585 to 550 Swiss francs.

MEXICAN FEDERAL TROOPS ARE MOVED

El Paso, Tex., April 14.—Eight hundred Mexican Federal troops in command of Colonel Fox left Juarez today over the Mexican Northwestern Railroad for Casas Grandes, Chihuahua. The Carranza troops arrived in Juarez Tuesday from Chihuahua City. More Federal troops are en route to Juarez, according to information received here today.

It was stated that the troops which left today are regulars and which are cavalrymen, will march overland from Casas Grandes into Sonora and on to Agua Prieta, opposite Douglas, Arizona.

HOUSING SCHEME IN CITY OF TORONTO

Toronto, April 15.—The Toronto Builders' Exchange, Incorporated, has submitted a housing scheme to the City Council by which the Exchange offers to build houses at actual net cost. The proposition, to some extent, is counter to one submitted last week by the Trades and Labor Council, which also suggested the construction of houses at cost, and provided for supervision of construction, co-ordinating the several trades and guaranteeing efficient execution of the work.

The Builders' Exchange proposes to build houses in accordance with plans prepared by the City Architect for the actual cost of labor and materials, plus five per cent to cover cost of supervision, the city to finance the work by paying for the materials monthly and labor weekly, and the Builders' Trades Council to cooperate by waiving any union rules which may lessen production.

DEBATE RIOTS AND CAMPAIGN FUNDS

Ottawa, M.P.'s Hear Echo of Quebec Trouble; Money and Electoneering

Ottawa, April 15.—Echoes of the Quebec riots of 1918 and charges and counter-charges of campaign frauds were heard in the House yesterday afternoon.

George Parent, of Quebec West, should the question of the riots on the point of compensation for "innocent victims" who "were either killed or wounded by the soldiers of His Majesty."

Mr. Parent claimed that newspaper reports of the resistance offered to conscription officers were greatly exaggerated, and publication of such reports had induced the Government to use military force. He read reports in which soldiers were accused of looting a cigar store and fatally injuring a proprietor, of unnecessary molestation of civilians and insults to priests who had gone out to minister to the injured and dying.

Mr. Parent had submitted a motion which was merely one for production of papers. Following the debate, Hon. C. J. Doherty, Minister of Justice, announced that there was no objection to production of the papers and the motion passed. Mr. Doherty further promised that Cabinet consideration would be given to the general question of compensation. But the specific cases cited by Mr. Parent, he added, were ex parte statements and were not evidence. Payment of public money on such statements would not be justified.

Surprising. The Minister of Justice added that it was a matter of wonderment that people who had suffered in the riots of 1918 should make no definite attempt to obtain indemnities through the courts, but should send letters at this date to a member of the House, especially as the House itself was not in a position to redress their wrongs. There was nothing in the resolution, he concluded, which gave the Government an opportunity of replying in a definite way or of taking definite action.

Captain C. G. Power, Laviguer, Quebec, also spoke in support of the motion.

Campaign Funds.

There was considerable discussion on a motion by H. Burnham, East Peterboro, dealing with campaign funds. The resolution, which finally was withdrawn, read as follows:

"That, in the opinion of this House, in view of the reported statement by the Rev. Ben Spence that another prohibition referendum in Ontario would cost the prohibitionists \$5,000,000, and in view of the fact that such immense sums tend to the corruption by patronage and otherwise of the people, and to the destruction of public liberty and public morals, and in view of the reported collection of party funds for the purpose of the said parties, and in view of the fact that a coming struggle in Canada probably will be between the owners of land and the employers of labor, and in view of the charges made against other parties in respect of party funds, it is desirable that all campaign funds be prohibited and made a criminal offence, and that an amendment of the Criminal Code be made to that effect."

Campaign funds, said Mr. Burnham, should be illegal.

Mr. Burnham was particularly critical of the Dominion Alliance, the Y. M. C. A. and the Farmers' Party. He spoke of the farmers shaking their fists in the faces of the people "after having deluded them into believing that they have given their money to rid the country of corruption."

Mr. Burnham, at the outset, had some difficulty in securing a seconder for his motion. Two members to whom he appealed, declined the honor. Thomas Hay of Selkirk, who consented, was careful to explain afterward that he did so only to have the question discussed—he did not agree with all Mr. Burnham had said.

Anti-Christian. Mr. Burnham, in finally withdrawing his motion, concluded with the remark that so far as prohibition was concerned he believed "the anti-Christian and came from the devil, to whom it would finally return."

During the discussion Mr. Burnham had a warm encounter with J. A. Maharg, of the Farmers' Party. Mr. Maharg has drawn a parallel between Mr. Burnham and a woodpecker, of which it had been said that if left alone it would beat out its brains.

There was a laugh. Mr. Burnham retorted that Mr. Maharg had given

CONSTIPATION or COSTIVENESS

Constipation although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver.

There is nothing more productive of general ill health than constipation of the bowels, and a regular action is absolutely essential to general health. One of the most common, painful and troublesome troubles caused by constipation is piles, and unless the bowels are kept open by the use of a good laxative such as Milburn's Laxa-Liver Pills the whole system will be poisoned and many different complications of diseases arise, so if you would be well, keep your bowels regular.

Mr. A. Roder, Hastings St., E., Vancouver, B.C., writes:—"I desire to express my first thanks to Milburn's Laxa-Liver Pills have done for me. I had been suffering from constipation for two years, and also had a bad cough and headaches. I tried all sorts of cures and remedies, but got no relief until I was advised to try your pills. I got great relief after three first doses. What Milburn's Laxa-Liver Pills have done for me when you ask for them or send 25c, and they will be sent by return of mail by T. T. Milburn Co., Limited, Toronto, Ont."

Eighth Anniversary Sale at Mallek's Is Now On

WE are commemorating the Eighth Anniversary of this store by offering unprecedented bargains on all lines of New and Dependable Ready-to-Wear for Women. During these three days each garment will be marked in plain figures—the original selling price—not a "marked-up" and "marked-down" price—our patrons will purchase at these original prices, deducting the discount for themselves.

20% Off Any Garment in the House

Those who keep in touch with the values and market prices of Women's High-Class Ready-to-Wear will realize what this sale means to them. They know our qualities and prices, and will instantly recognize that this is the opportunity for which they have long been waiting.

PURCHASING BOARD FOR THE DOMINION

Ottawa, April 15.—(Canadian Press)—A resolution to provide for the creation of the Purchasing Board of Canada, which shall take over the work of the War Purchasing Commission and have exclusive power over the purchasing of supplies, will be introduced in the House of Commons by Sir George Foster.

The resolution provides that the Board would take on all the duties of the latter body and would buy all the departmental and other supplies for the Dominion.

The Board would consist of three members, one of whom would be a member of the Privy Council of Canada and who would act as chairman. The salary would be \$6,000 a year for each member and the term of office ten years.

MISSION IS SAFE.

Paris, April 15.—The arrival at Feodosia, in the Crimea, of the South Russian mission of the American Red Cross was reported at headquarters here yesterday. The mission, for whose safety considerable fear was entertained, evacuated Novorossiisk before the arrival of the Red Cross armies. The personnel and supplies were transferred to Feodosia.

The members of the South Russian mission include Captain J. R. Clewell.

PILES

Do not suffer another day with itching, bleeding or protruding PILES. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 50c. a box; all dealers, or Ed. Mansons, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Do You Need New Blinds Now?

Don't forget that they make the house very attractive from the outside and protect carpets from fading.
Phone 718 for prices.

DR. CHOWN SPEAKS OF CHURCH UNION

Winnipeg, April 15.—Just as soon as the Presbyterian Church decides to proceed, church union will be in process of consummation in Canada. Rev. Dr. S. D. Chown, General Superintendent of the Methodist Church, declared yesterday when questioned as to the outlook affecting the proposed amalgamation of the denominations.
Dr. Chown, however, stated that he had been approached by representatives of the Anglican and Baptist Churches, who spoke with authority and who had discussed with him the proposal of a larger union, embracing both of these latter communions. The opinion he expressed at the time, and still held, he said,

was that the broader basis of union should not be broached until the union problem, soon to be under consideration, should be disposed of. "The Methodist Church thoroughly believes in organic union," he declared, "not only as a means of settling the Canadian problem in the most satisfactory way, but also as contributing to the larger union of religious forces as viewed from a world standpoint. It is ready to proceed when the Presbyterians make the first move, as we conceive it is their place to do. We shall not, however, push the matter in any way."
"We do not need union for any financial reason," he continued.
"When the question of union of the three bodies is re-opened, we desire that it should be closed as quickly as possible, inasmuch as prolonged discussion results in a loss of momentum which is injurious not only to our own Church, but to the interests of religion in Canada as a whole."

"So This Is Your Birthday, Grandmother"

"YES, dearie, I am seventy-five years old to-day. It doesn't seem possible, for I don't feel old."
"And you certainly do not look old."
"Were you never sick, grandmother?"
"Oh, yes, indeed, there was a time in my life when I never expected to live to be fifty, say nothing about seventy-five. When your mother and my other children were small I had my hands full and got run down in health. I got so nervous that I could not sleep and had frequent headaches. Every little thing the children would do seemed to annoy and worry me until, finally, I gave out entirely, and was in bed for months with nervous prostration."
"Did you have a doctor?"
"Yes, dearie, I had two or three doctors, but they only told me that it would take a long time for me to regain strength. One day your grandfather came in with some of Dr. Chase's Nerve Food. He said some one told him that it would cure me, and he went away to the drug store and bought half a dozen boxes."
"What did your doctor say about using it?"
"Well, what could he say? He only said that he had done all he could, and that he

had run across a great many cases in which the Nerve Food had been used with excellent results. So I began using Dr. Chase's Nerve Food, and it was not long before I was on the way to health and strength."
"And did it cure you?"
"Well, the best evidence is that I am here to-day, well and happy, after all these years. And I am more than ever enthusiastic for Dr. Chase's Nerve Food, for I have used it several times during the last few years when I felt that I needed some assistance to keep up vitality. As a person gets older I think their blood gets thinner, and they seem to need something like Dr. Chase's Nerve Food to increase their strength and vigor."
"That is something worth knowing, grandmother."
"If you will take my advice, dearie, you will not forget about Dr. Chase's Nerve Food when you get run down, tired out and nervous. This has been my advice to a great many people, and I know that it has done them good."
Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmansons, Bates & Co., Ltd., Toronto.

PEACE RESTORED IN VLADIVOSTOK

Provincial Government Signed Agreement Accepting Most of Japan's Terms

Tokio, April 7.—Delayed—The War Office announces that the Provisional Government in Vladivostok Monday evening signed an agreement, accepting most of Japan's terms.
Peace Restored.
Tokio, April 9.—Delayed—A War Office communication to-day says peace has virtually been restored in Vladivostok, and that there were no casualties among the civilian residents. It adds that several minor engagements in neighboring towns were all stubbornly contested, but that all of them resulted in the disarmament of the revolutionists.
A semi-official communication says General Semenoff's troops are sweeping out the Bolsheviks in the region directly south of China.

Khabarovsk Fighting.
Tokio, April 8.—Delayed—The Japanese casualties in the fighting between Russian and Japanese forces April 5 at Khabarovsk, in the Amur region, totalled 34 killed and 453 wounded, according to an official statement issued to-day. The Russians lost 400 killed and 1,500 men taken prisoner, the statement says.
Reports from Vladivostok say that city is quiet.
The Foreign Office to-day summoned the representatives of the press and formally denied a report that the Japanese were fortifying the South Sea Islands.

People Idle.
Vladivostok, April 5.—Delayed—(Associated Press)—The first day of the Japanese military occupation, following eight hours of severe fighting, found the population idle, with thousands of persons walking the streets in silence watching the Japanese patrols, who had been placed in the streets on which are the Government buildings.
Japanese flags have been removed from the majority of the buildings seized this morning. Japanese guards remained, however. All the Russian forces in the city have been disarmed, and many soldiers and sailors have fled to the hills. Japanese sailors have occupied Russian naval craft in the harbor.
The Japanese report their casualties as two killed and ten wounded and the Russian losses unknown.

Allies Blamed.
Vladivostok, April 6.—Delayed—(Associated Press)—All the Allied nations are held responsible for the "tragic results" of the Japanese attack which, yesterday ousted the Russian revolutionary Government from control here, says a statement made public to-day by M. Medvedieff, head of the revolutionary regime.
He asks Allied diplomats to pro-

pose to the Japanese that all Russians under arrest be released, that all Government buildings held by Japanese troops be evacuated, that the Japanese explain yesterday's attack and return an apology to the revolutionary Government, that Japanese troops cease searching buildings here, and that arms taken forcibly from Russians be returned.

NO ELECTION BEFORE AUTUMN OF 1922

Dominion General Election May Not Come Until Spring of 1923

Ottawa, April 15.—There is to be a definite pronouncement by the Union Government on the question of future policy before the close of the present session, and such a pronouncement is to be made by Sir Robert Borden, according to well informed persons. It is also learned on good authority that the pronouncement will contain more than a passing reference to the tariff.

Another matter of considerable import both to the members of the Government and the country, and upon which a definite statement is expected to be made, is the leadership of the Union Government. Gossip tremors for Sir Robert Borden, but the selection of a successor is still a wide open controversy.
Present indications, according to talk among men who have attended all the caucuses of the Government thus far, is that Sir Robert Borden will be asked to carry on as nominal leader for the remainder of the Government's term, but that a new man must be found to fill the gap immediately he gives the word that he wishes to step out of active public life altogether. There is little prospect that Sir Robert will assume the active leadership upon his return, which is now scheduled for the second week in May.
There is also little prospect that there will be any general election until the Fall of 1923, unless something unforeseen crops up.

TWO WOUNDED IN LONDONDERRY CLASH

London, April 15.—A Belfast dispatch last night said: "Soldiers fired ball cartridges over the heads of crowds gathered at the Londonderry station to-day, and two civilians were wounded by ricocheting bullets."
"The crowds at the station assembled with the expectation of greeting the arrival of Sinn Fein prisoners. Armed police were summoned to the scene, but the gathering became so threatening that the companies of soldiers, who were accompanied by an armored car, were called and ordered to make a bayonet charge."
"The military was subjected to a fierce fusillade of stones and fired volleys of blank cartridges in an endeavor to warn the people. The blanks proving ineffective, several rounds of ball cartridges were discharged over the heads of the people, and two civilians received injuries from glancing bullets."
"To-day the Sinn Fein prisoners arrived and were taken in motor-cars to Londonderry jail."
Another dispatch said: The Internal Revenue offices at Dunkalk were burned yesterday. A number of men rushed into the building, seized the money and the working staff and set the office on fire. No effort was made to subdue the flames until after the arrival of soldiers.

NEW FISH BILL UP AT OTTAWA

Ottawa, April 15.—(Canadian Press)—At a meeting of the special House committee on fisheries yesterday, E. K. Spinnery, chairman, said it was regrettable that the session should have progressed so far before the committee on fisheries was called to handle the important bill before the House.
G. J. Desbarats, Deputy Minister of Marine and Fisheries, told the committee that the object of the bill was to make inspection of pickled fish compulsory. Under the present law any quantity of fish could be packed and sold without inspection. Under this new law the standard of Canadian pickled fish would be raised. It was not contemplated to have a large force of inspectors, but fish coming to large centres for sale would be inspected.
The bill as it stood, would not affect fresh water fish, but power would be given to the Governor-in-Council to extend the provisions to any kind of fish.

KILLED BY CAR.
Winnipeg, April 15.—Phillip Wiseman, who had been stopping at the Manor Hotel, was found on the night of Friday last lying insensible by the side of the street car track. He had a number of injuries from the effects of which he died at a hospital yesterday. It is surmised he was struck by a street car.

WAR CORPORATION TO FURTHER EXPORTS

War Finance Co. Will Help Foreign Trade Organizations

Chicago, April 15.—Plans which in the next few months should bring about marked betterment in European commercial and industrial conditions are under consideration by the War Finance Corporation, Eugene Meyer, jr., managing director of the corporation, declared in a recent address on "The Foreign Trade Outlook" before the Industrial Club of Chicago.
Reviewing the work of the corporation, Mr. Meyer said:
"The actual loans granted by the War Finance Corporation thus far have not been large. The total is about \$40,000,000. It was extended to various manufacturers and bankers that sent railroad equipment to Poland, electrical and agricultural machinery to England, France, Italy, Belgium and Austria, food to Belgium, and machinery for steel plants to France. But the work of the corporation is not to be judged by the figures in the balance sheet. Most of our work during the war consisted in helping others to help themselves. It is with this idea in mind that we have been endeavoring to stimulate our bankers and our merchants. We are encouraging the formation of Edge law corporations under the federal reserve board, and we are equally ready to help wherever bankers propose to organize under state laws for the financing of foreign trade."

Important Plans Under Way

"The War Finance Corporation and other organizations have under consideration numerous and important plans which will result in a continuation of export of supplies for Europe, and I believe that they will be effective in bringing about within the next few months a great improvement of commercial and industrial conditions in Europe. More co-operation from merchants and bankers is needed, but the work is well on its way, and if Chicago and other interior points will co-operate the results will be more satisfactory than we are able to estimate. The War Finance Corporation regrets that there has been less active interest on the part of interior financial and commercial centers than was expected, and I take the liberty now to devote ourselves to the problem."

Must Carry Out Policies

"Not only do we need to develop policies, but we need to create organizations to carry them out. To talk among men who have attended all the caucuses of the Government thus far, is that Sir Robert Borden will be asked to carry on as nominal leader for the remainder of the Government's term, but that a new man must be found to fill the gap immediately he gives the word that he wishes to step out of active public life altogether. There is little prospect that Sir Robert will assume the active leadership upon his return, which is now scheduled for the second week in May.
There is also little prospect that there will be any general election until the Fall of 1923, unless something unforeseen crops up.

MUST SUSTAIN TRADE

"Our foreign trade organizations must have a continuity of policy. Like our naval, military and diplomatic policies; a trade policy must be continuously sustained in order to be effective and should not be subject to sudden changes with the advent of every new administration."
"Both political parties should further the needs of the hour by declaring their policies and defining in their platforms their plans for the organization of foreign trade. Certain fundamental ideas seem basic to these policies. From recent experience America wants an integrated industry to the extent of insisting on the maintenance of a minimum amount of key industries within its own geographical limits."
"The materials that we cannot ourselves produce must be obtained through payments of exports suited to the needs of other countries. It is because we have these great needs that can be satisfied only outside of our country that foreign trade is a

BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected. Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis the most general cause of consumption.
Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous and stimulates the weakened bronchial organs, allays irritation and subsides inflammation, soothes and heals the irritated parts, and thus prevents it becoming chronic.
Mr. R. P. Sundblad, Francis, Sask., writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and all of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."
"Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper. 3 pine trees the trade mark; price 25c. and 50c. Manufactured by The T. Milburn Co., Limited, Toronto, Ont."

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results
Wasing, Ont.
"I had an attack of Weeping Eczema so bad that my clothes would be wet through at times.
For four months, I suffered terribly, I could get no relief until I tried "Fruit-a-tives" and "Sootha-Salva."
"Altogether, I have used three boxes of "Sootha-Salva" and two of "Fruit-a-tives," and am entirely well."
G. W. HALL
Both these favorite remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.
"Fruit-a-tives" is also put up in a trial size which sells for 25c.

RAILROAD STRIKE LEADERS ARRESTED IN CHICAGO

(Continued from page 1.)
As the men left the hall, there were cries of "traitor, traitor" from the strikers. They accused newspapermen of pointing out the leaders to the Federal men.
Stand Pat.
Toledo, O., April 15.—Two thousand striking switchmen voted unanimously to stand pat and not return to work when a test vote was taken at the termination of a four-hour conference here to-day.
Gradually Subsiding.
New York, April 15.—Gradual subsidence of the unauthorized railroad strikes in New York and its vicinity was seen to-day by railroad officials although they admitted the situation still was serious.
Return of groups of strikers on several lines at nearby towns and the steady improvement in passenger service, due chiefly to the success of volunteer crews in operating commuter trains, gave the railroad officials much encouragement. Convinced that the crisis had been passed so far as the passenger service was concerned, the railway executives planned to begin operation of freight as well as passenger trains with volunteers.
Teamsters Strike.
The food situation in this city, which has caused officials anxiety, was aggravated this morning by a strike of teamsters, chauffeurs and porters, claiming a union membership of 1,400. These men hauled butter, eggs and poultry from the freight yards to the markets. They struck because their demands for more pay had been rejected. This strike led to the sending of police reserves to the West Side Market. Several trucks were attacked by strike sympathizers.
Out of the Pennsylvania Station through train service was reported eighty per cent. normal, a decided improvement over yesterday.
Peak Passed.
Los Angeles, April 15.—The peak of the "outlaw" strike of switchmen and the sympathetic walkout of other employees has been passed here, according to opinions expressed early to-day by officials of the Santa Lake, Santa Fe and Southern Pacific systems and by Brotherhood officials.
All three roads were moving passenger trains on schedule, they reported, and were handling a limited amount of freight service.
In New England.
Boston, April 15.—A serious shortage of coal for New England's railways and industries threatened to-day to necessitate early curtailment of all passenger schedules and a partial industrial shutdown. Coal stocks of the railroads were said to be sufficient for only four or five days of normal operation. Industries suffered through confiscation by the railways of commercial coal in transit, with no replenishment of their bins in sight.
Dying Out.
Chicago, April 15.—Reports from rail centres in the Central West and on the Pacific coast to-day bore out assertions of railroad Brotherhood and railroad officials that the insurgent strike was dying out, and that traffic conditions were improved materially.
In Ohio and Michigan thousands of

Women's Fine Quality Silk and Wool Union Suits, fashioned with strap shoulder and short sleeve and tight knee; sizes 36, 38 and 40. At, per suit \$4.50

men were idle as a result of industrial tie-ups caused by stoppage of transportation.
Strikers were reported to be returning to work in a number of cities, and in Chicago, where the unauthorized walkout had its origin, Brotherhood officials said the backbone of the strike was broken.
Return to Work.
Switchmen employed in the Chicago terminal of the Rock Island system, firemen and engineers on the Pennsylvania Railroad and groups of strikers on the Soo Line and other roads voted to end the strike in Chicago, and were returning to their jobs to-day. Freight conditions, the railroads announced, were being restored rapidly to normal and embargoes were lifted by several roads.
The insurgent leaders, however, continued their claims that the position of the strikers remained unshaken, and denied charges of Attorney-General Palmer that radical influences were behind the strike.
Responsibility Denied.
Vancouver, April 15.—The Vancouver branch of the One Big Union disclaims all responsibility for the strike of railwaymen in the United States, according to A. S. Wells,

editor of the "Federationist." "It is nonsense to say that Vancouver or Canada has anything whatever to do with the strike in the United States," he declared.
More Police Needed.
New York, April 15.—Police officers commanding the 100 reserves doing strike duty in the egg and butter market district this afternoon sent a call to headquarters for 200 reinforcements, as reports were received of more trucks having been attacked.

Women's Gauntlet Cape Kid Gloves

\$6.50 a Pair

CANADIAN NET TEAM MISS THE FIRST ROUND

Sydney, N.S.W., April 15.—Redrawing for opponents in the Davis tennis cup tournament preliminaries took place here and resulted in Holland and South Africa, and France and the United States meeting in the first round. Canada will play the winner of the first pair, while the British Isles will get the victor in the French-American match. Reconsideration by France of her decision to withdraw her team from the tournament made redrawing necessary.

VICTORIA COLLEGE ASSURED.

Through a long and protracted series of negotiation the advocates of a restoration of higher educational facilities to Victoria have achieved their well earned victory. Disappointments and temporary defeat did not discourage them and the announcement made at the School Board meeting last night was a fitting testimony to their tireless endeavor. All those who have championed the cause in the least particular will welcome the assurance that Victoria is no longer to be isolated from the facilities soon to be considerably extended at Point Grey.

It will be recalled that the inauguration of the University was responsible for a heavy drain upon the best of the teaching staff of the city schools. Nor was that all. Within a very short space of time the Governors of the institution terminated the long association which Victoria had enjoyed with McGill University and the concentration of higher education across the gulf created the condition from which this city now has escaped.

Firmly entrenched behind the argument of expense the University authorities succeeded in delaying final disposition of the controversy until recently. Happily, however, the merits of the case and an unmistakable demonstration of popular sentiment, have proved a combination of sufficient strength to destroy all objections.

It is fitting to mention the indefatigable efforts of Municipal Inspector Paul, whose position in the Senate was made the more difficult by reason of the fact that his fight on behalf of Victoria had to be waged with due regard for University instruction as a whole. That he did well for this city under the circumstances is a matter for congratulation.

IT PAYS TO ADVERTISE.

When the average business man discovers that his turnover has been materially increased by an intelligent advertising campaign it not infrequently follows that he doubles his annual appropriation for publicity purposes. Nor does this very ordinary commercial axiom require any further elucidation. As a process of reasoning, however, it does not seem to appeal to the soldier member for Victoria or the Leader of the Soldier Party in the local Legislature.

Because the lumber mills of the Province are running at full capacity at the present time both Mr. Gidma and Colonel McIntosh adopt the attitude that the Trade Extension branch of the Department of Lands—through whose agency British Columbia's forest products are made known to the world's markets—should "ease up" and curtail its publicity propaganda at least for the time being.

The argument is a peculiar one. Inability to deliver goods within a reasonable time, of course, constitutes a danger to the particular business involved. But the lumber industry, unlike many other enterprises in this Province, invites expansion and this fact is beginning to be made known to the commercial world by means of publicity propaganda.

The present condition of the industry has been brought about by trade extension work and if the Department's activities were to be discontinued or curtailed to any extent the foreign market very probably would begin again to direct its attention elsewhere. British Columbia cannot take the stand that her lumber industry has reached its limit, yet that is the impression the arguments to which we have referred would seek to convey.

This Province's publicity propaganda must keep British Columbia's goods "in the window." The demand must be sufficiently insistent to induce investment. Only in that manner can this Province hope to reach the position in the industrial and commercial world to which her heritage of natural resources entitles her.

PLENTY OF ACCOMMODATION.

If it is the intention of the Canada Air Board to establish an air base on Vancouver Island little difficulty should be experienced in the selection of a suitable site within a stone's throw from the city limits. The tour of inspection and investigation into the feasibility of commercial flying which is now being conducted by the Board is to extend as far as Victoria and we presume its conclusion will be followed at an early date by a more definite policy relating to commercial aviation.

The local branch of the Aerial League of Canada already has demonstrated that flying on the coast of British Columbia is feasible all the year round. And from the standpoint of flying record Victoria's airmen have no accident account against them, while the many commercial and mechanical demonstrations carried out locally undoubtedly have done much to stimulate popular belief in the future of aerial transportation.

EASY OF ADJUSTMENT.

Several of the speakers in the Legislature yesterday afternoon expressed the view that the clause in the bill to regulate the operation of motor vehicles, which places the age minimum for drivers at seventeen, should be relaxed to the point which would permit a boy or girl of sixteen to qualify on examination.

There is something to be said in favor of the argument providing the lower requirement is made to contemplate the danger to which the youthful driver would be exposed on the more congested streets of the cities where street car traffic mingles with the more elastic mode of locomotion. We can readily understand that boys and girls of not more than fourteen or fifteen years of age are just as capable of controlling the steering gear of the highest powered automobile with safety so long as he or she is not called upon to face some of the emergencies which present themselves in crowded thoroughfares.

It should be safe, however, to allow a rather more elastic rule to apply to the rural districts, as suggested by the member for North Okanagan, who pointed out that the farmer invariably depended upon the younger members of his family to drive the farm auto to town for necessary supplies rather than to lose the time to make the journey himself.

These are cases which might very properly be left to the discretion of the chief of police upon whose authority, after mechanical examination has satisfied an expert, the boy or girl of sixteen could be provided with some form of permit.

WOMEN CIVIL SERVANTS.

Great Britain's women civil servants are not permitting the grass to grow under their feet. War has taught them some of the opportunities of which they may take as much advantage as the members of the so-called sterner sex. At a mass meeting of women's societies in Westminster recently one speaker went a little beyond the trodden mile and made the point that equality of opportunity is more important than equal pay.

Nor does the argument lack logic, for it must be remembered that men are admitted to the higher branches of the Civil Service by competitive examinations; women gain entrance at the hands of impartial selection boards. And in the light of woman's advancement in the commercial and industrial field during the last six years it is not surprising that a good deal of resentment is exhibited towards a policy which appears to continue to disregard the lessons taught by the conditions imposed by war.

Very naturally the women would welcome the competitive examination if only to safeguard the Civil Service from becoming the resort of unqualified women whose "influential" relatives might succeed in piercing the impartial armor of the selection board. These are little details, however, that doubtless will be brought to the attention of Lady Astor.

MARS "GETTING THROUGH?"

Wizards of wireless magic are looking towards the day when wireless telephony will establish communication across continents and oceans. Thus, interest is still being manifested in the attempts which are being made to "pin down" the mysterious signals that are known to interrupt regular wireless communications. If the wireless operators' reports agree in determining that the mystery signals come from one direction and that they occur at one and the same time, experts tell us that the problem of origin will be a step nearer solution. Hence, it may be among the conceivable possibilities that Mars, after all, is endeavoring to "get through" to the Earth. That being the case, the conjunction between the Martian planet and ours during the present month should be especially favorable. Nevertheless, we shall not be surprised if nothing happens.

Britons very probably will have to pay two pence for the transmission of an ordinary letter through the mail instead of the war-time charge of three half-pence. Here is another example of what John Bull will do to bring his spendings in closer harmony with his earnings.

Montmartre has declared its "independence." It has elected its own Mayor who has selected the simplest platform ever adopted by an aspirant for municipal honors. "Free Beer" is the two-word symbol adopted by this Bohemian magistrate. Montmartre will acclaim him with one accord.

It is satisfactory to note that the former Ritz Hotel is to retain its identity with Victoria's returned soldier organizations. The Great War Veterans' Association will occupy the premises long known to the people of this city as the K. of C. Hut.

THE LABOR VOTE

(The Nation)

It is curious to see the way in which the leaders of old-line political parties still treat labor and the labor vote. There are compliments enough and to spare, of course. Politicians are never tired of telling labor how important it is, how edifying the spectacle of millions of men and women working with their hands, how civilization would perish were it not for the fruits of human toil. All the stock phrases about the dignity of labor, the moral virtues of industry and the vice of idleness, the necessity of a living wage, the incomparable superiority of living conditions in one country as compared with another, the perils of cheap labor and the right of labor to organize and agitate provided it does not do anything really serious, do duty to-day in political discussion as they have done duty for more than a generation. If humoring and cajoling, patting on the back and unctuous flow of fine words and well-phrased promises could make labor contented with its lot, then surely ought the wage-earners of the world to have become long since the happiest and most contented of people.

HIGHER BRITISH

SERVICE PENSIONS

Schedule of Revised Scale Has Been Received Here

The Imperial Government has accepted certain recommendations contained in the second special report of the Select Committee on Officers' Pensions, according to data received by Major A. D. Macdonald.

Officers' Pensions.
In the report of the committee an elaborate scheme was set out for the rates payable to disabled officers according to rank and percentage of disablement. Increases were proposed, ranging from a £10 increase for a second lieutenant with 100 per cent. disablement (£210 to £220) to a £250 increase for a lieutenant-colonel with a similar disability (£350 to £600). The corresponding increase for a 30 per cent. disablement was £10 to £15 and from £20 to £25. In the same way a sub-lieutenant Royal Navy with 100 per cent. disablement was to be increased from £210 to £225 and a commander aged forty-two from £430 to £570. The recommendations will be followed with one small technical exception.

Temporary Officers.
A man who would have attained to a permanent pension if he had remained in the ranks and had been pensioned as a soldier shall not forfeit that benefit because he took a temporary commission, and was disabled as an officer.

Wife's Allowances.
It has been decided to empower the Special Grants Committee to grant wife's allowances up to a maximum of £50 a year additional to the retired pay, where need is shown in respect of the degree of the disablement of the officer.

Children's Allowances.
The limit of children's allowances is raised from £50 to £80.

Widow's Pensions.
On the highest pension it will work out at £140 for a captain or subaltern's widow over 40 with children, and at £120, if under 40, and without children. Allowances for children of a deceased officer (mother still alive) shall be increased from £3 15s. to £3 2s. and the educational allowance granted to a widow from £25 to £30. Allowances will be granted to wives of naval warrant officers on the same basis of need as in the case of officers. The widow of a commissioned naval warrant officer over 40 with children, is to be paid £105 with 40 and without children, £90. The rate for a matron with maximum disability is fixed at £150, that of a staff nurse or sister-in-charge is to be provided where a nurse's relatives were dependent upon her for support.

DELAY ESTIMATES

Council Will Not Act Until Hearing Again From Government.

No action will be taken to close the civic estimates until the Provincial Legislature prorogues, Mayor Porter announced to-day.
"We have cancelled the special meeting set for Friday," His Worship stated, "as we consider it unwise to proceed further until we hear definitely just what the Government's financial policy is in regard to municipalities. We also desire to do nothing until we hear from the Government in answer to our reiterated request for half the motor tax and so forth. We shall consider estimates on Monday night and get finished in plenty of time to strike the tax rate according to law."

\$20,000 SUIT SETTLED

Private Agreement Ends Case of Capt. Robertson Against Capt. Gardner For Alienating Wife's Affections.

Capt. G. A. Robertson's \$20,000 suit against Capt. W. E. Gardner for the alienation of his wife's affections was finally settled before Chief Justice Hunter in the Supreme Court to-day by a private agreement between the parties. None of the details of the agreement were made public in the court.

The case has been dragging on in the Supreme Court since last Summer with the presentation of masses of evidence that could not be published for obvious reasons.

W. J. Taylor, K.C., and C. L. Harrison handled the case for Capt. Robertson, now of Ottawa, while H. A. MacLean, K.C., defended Capt. Gardner.

THREE CIVILIANS ARE KILLED AND NINE ARE WOUNDED IN IRELAND

(Continued from page 1.)

An Appeal.
The Irish Independent remarks: "Now that the Government has tardily given way in some measure to justice and humanity, let it, in God's name, insist in no more wringing tyranny and pettishness in regard to treatment given in prison to political prisoners."

Food Shortage.
Dublin, April 15.—Prohibition of food exports from Ireland until the market becomes normal is demanded in a manifesto issued last night by the Labor Party. It says the dislocation of traffic and the absence of transport have denuded towns of food.

No Reversal.
London, April 15.—Mr. Bonar Law denied in the Commons to-day that there had been any reversal of the Government's policy in Ireland, declaring the present situation of the hunger strikers was similar to that of William O'Brien, alderman of Dublin, who was removed from jail to a hospital March 26 owing to his condition.

MANITOBA CONSERVATIVES.

Winnipeg, April 15.—The Conservative Party of Manitoba will place candidates in the field in every constituency of the Province for July general election, it was said at the provincial convention here yesterday by R. F. Willis, leader of the party in Manitoba. Mr. Willis appealed to the delegates to call conventions this month.

LIQUOR HOUSES IN ALBERTA TO CLOSE

Edmonton, April 15.—Export liquor houses in Alberta will go out of business under the provisions of the Act just passed by the Provincial Legislature on May 19, thirty days after the passage of the Act being allowed them before the closure takes place. Sixty-seven export houses doing business within the province will be affected by the closing order. It is understood that liquor exporters propose testing out the new legislation and will possibly appeal to the courts.

According to the terms of the new Act, only Dominion bonded warehouses will be permitted in Alberta. Licenses for such establishments will be issued from Ottawa after consultation with the Alberta Attorney-General, whose sanction, it is understood, must be secured before licenses are issued. The Attorney-General has already intimated that he will not sanction such licenses.

STUTZ STOCK AT NEW HIGH LEVEL

New York, April 15.—Stock of the Stutz Motor Car Company, taken off the New York Stock Exchange at the request of the company's chairman, Allan A. Ryan, after the Exchange had suspended trading in it, went on sale on the curb to-day and brought higher prices than ever. The first sales were at 700 and 710, and as high as 730 was asked. The price when the Exchange stopped trading was 391 and auction prices since then had been 700 and 701.

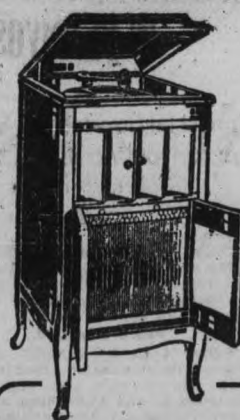

Ryan, whose resignation from the Exchange tendered with accusations that members of the board of governors were short in Stutz when trading was stopped in it, has not been accepted, to-day announced himself in favor of incorporation of the Exchange.

MOOSE JAW SCHOOLS.

Moose Jaw, April 15.—At a ratifiers' meeting held last night to consider contracts for proposed new schools, which were \$125,000 higher than the estimate, it was decided to put the contracts aside for a period of at least three years and proceed with a less elaborate programme, costing \$170,000. The original tenders were for \$450,000.

MINERS RESUME WORK.

Halifax, April 15.—The Halifax coal miners are back at work to-day, an agreement having been reached at a conference last evening of representatives of employers and employees. The men will get an increase of five cents an hour a day and night work. They struck on April 5.

"Venetian Moon"

—the Fox-Trot you've been looking for

Hear it to-day at this store—it is the greatest dance success of the season, and on this record it is played with unusual brilliancy by the Kentucky Serenaders. On the reverse side Ted Lewis' Jazz Band entertains with Bo-La-Bo—another big dance hit.

Other pieces well worth hearing are:

AMONG SPECTATORS

Portland Aspirant to Bantam-weight Crown Moves Towards Goal

Seattle, April 14.—Billy Mascott, Portland's entrant in the scuffle for the bantam crown now adorning Pete Herman's brow, moved a stride nearer his goal to-night when a crushing right hand blow to the chin sent Mike Ertle, nationally known bantamweight, through the ropes and into the laps of the spectators.

The punch, delivered in the final minute of the arena main event, caught the eye of the two judges and won Bobby Evans' boy a decision.

Eddie Jackson made such a rarin' finish that the judges gave him a draw against Frankie Malone, who proved to be an iron-framed little miller with lots of speed and an inclination to mix.

Yal Sontag won his second straight bout when he wore Red Henry out after four interesting rounds and was given the call without any dispute.

One of the night's best bouts was the one in which Danny Edwards, the popular little colored bantam, rallied his forces after two disastrous rounds and won handily. For two frames Harry Mansell, of England, gave the chocolate drop a beating. But along about the third round Charlie Swinshart whispered a few words of encouragement into Danny's ear and Edwards hustled out and won by himself.

Sailor Vincent, one of Uncle Sam's destroyers, beat Mickey Brown in an interesting preliminary.

RODGER C. SULLIVAN DIES IN CHICAGO

Chicago, April 15.—Messages of sympathy from public officials and men prominent in public and political life throughout the United States to-day poured into the home of the late Roger C. Sullivan, Democratic leader, who died here yesterday of bronchial pneumonia.

Mr. Sullivan, who was fifty-nine, led the movement at the Baltimore convention in 1912 resulting in the nomination of Woodrow Wilson for the Presidency.

Although Sullivan was "read" out of the Democratic Party several times by William J. Bryan and condemned by his political enemies at home as a "boss," he held the Democratic leadership in Illinois for some years.

EXTRA TAX MAY ELIMINATE RACING

Toronto, April 15.—Prospects for horse racing in Ontario are very indefinite, following the announcement yesterday of the imposition of an extra tax of \$10,000 a day on mile tracks, and \$5,000 a day on the half-mile tracks. Secretary George Fraser, of the Ontario Jockey Club, which operates the Woodbine, where the famous King's Plate is run in the latter part of May, unhesitatingly this morning described the new tax as prohibitive. Mr. Fraser said he could not say what the directors, who are meeting soon, would do about it.

All arrangements have been made and entries taken for the coming meeting. Regarding other tracks in Ontario, there is a similar uncertainty, which will not be cleared up till the directors have an opportunity to meet and discuss the situation.

Windsor, Ont., April 14.—"Such a tax is absolutely prohibitive," declared Lieut.-Colonel E. S. Wight, speaking in regard to the racing tax announcement. "Such a tax simply means that the race tracks will have to go out of business."

Racing has been planned for each of the local tracks, Devonshire, Kenilworth and the Windsor Jockey Club, all of which are mile tracks, but it is not known how the new tax will effect these plants.

SHINGLE MILL SOLD.

Aberdeen, Wash., April 15.—The Coats Shingle Mill at Hoquiam was sold yesterday to the Eureka Cedar Lumber Company. The coats plant is one of the largest shingle mills on Gray's Harbor, having a capacity of 500,000 shingles daily.

**MODERN VEHICLE ACT
COMMITTEE STAGE**

Would Have Company Give
Warning of Intention to
Discharge Passengers

Legislative Press Gallery.
Afternoon Sitting, April 14.
During the progress of the Motor Vehicle Act in its committee stage this afternoon Gerald G. McGeer, Government member for Richmond, urged that the street railway company be compelled to attach a device to the rear of its street cars that would indicate when they began to slow down to pick up passengers. He argued that many accidents would be avoided if motorists, following in the wake of street cars, could be warned in this manner in time to allow them to govern themselves accordingly.

The Attorney-General pointed out, however, that the bill under discussion was one covering the regulation of motor vehicles and in no way concerned with street cars.

Age Limit Discussion.
The bill provides that no person under the age of seventeen shall drive or operate a motor vehicle on any public highway. Colonel McIntosh, however, moved that the age limit be reduced to sixteen, with examination, as many youngsters of that age, or even younger, were fully competent, and even more competent, than many of the older folk.

The Attorney-General could not agree with his Vancouver colleague. Dr. K. C. Macdonald, Government member for North Okanagan, reminded the House that were the clause to remain as it stands considerable hardship would be worked in agricultural communities where the farmer usually depended upon his young sons to operate such motor vehicles as he might use in his agricultural pursuits. Invariably, said the North Okanagan member, these "strapping" young "chaps" would be sent to town for supplies in the farm auto and no apprehension would be felt for their own or other people's safety as a consequence.

Suggests Permit.
M. B. Jackson, K. C., Government member for the Islands, agreed with the previous speaker, suggesting, however, that the clause might remain with an addition to the effect that boys younger than the age stipulated should be required to obtain a permit from a police official.

J. S. Cowper, fifth Government member for Vancouver, interjected the suggestion that many of the older people drove cars about the city streets with little or no knowledge about the traffic rules in general, let alone understanding the mechanism of the car in a case of emergency.

F. A. Pauline, Government member for Saanich, said the family car as a rule was monopolized by the younger generation, the older folk getting little opportunity to become half so familiarized as their offspring. The Premier interjected with the query whether the police officials would know enough about cars and their management to issue a permit of authority to the juvenile. Mr. Jackson replied that the permit authority might be limited to a chief of police.

This section will remain in committee for the present.

Responsibility of Owner.
Mr. McGeer objected to the clause in the bill which holds the owner of an automobile responsible for accidents which occur through carelessness, or otherwise, on the part of the driver. He considered the provision a violation of every rule of common justice. His suggestion to the Attorney-General was that the clause should be made less mandatory, and that cases of that kind might be left for the trial judge or magistrate to use his discretion in the placing of responsibility. On that account the Richmond member advocated the substitution of the word "may" for "shall."

Messrs. Bowser, Hanes, M. A. Macdonald and the Attorney-General took issue with Mr. McGeer, whose subsequent motion conforming to his suggestion was defeated.

Progress was reported on the bill.

MERVILLE SETTLEMENT

Discontented Settler Writes to Imperial Veterans: Progress of Association.
A letter was read at the meeting of the Imperial Veterans in Canada last evening from a settler at Merville in which he condemned the manner in which the Land Settlement Scheme there was being carried out. In part he wrote as follows:
"Quite a number of us men have our families up here with us and we were brought up here on false pretences. We came up here for land. We have no written contract, but that was implied and understood, and has never been denied yet. We can get no satisfaction and are still living in pioneer conditions in these shacks among the stumps, with no apparent chance of anything else. If this is a genuine settlement scheme give us the land, and if it's only a land clearing scheme say so, and pay us union wages, and not skin the returned men by employing him on scab wages and false promises."

W. Crossland, President of the Provincial branch of the Imperial Veterans, and N. Aspinall, a member of the Provincial executive, attended the meeting and briefly outlined the workings of the association and how it had assisted in righting many of the grievances of the ex-Imperialists in Canada.
The meeting instructed the secretary, B. P. Piers, to open up an office in the city for the purpose of getting new members and giving assistance to any in need. Mr. Piers informed the meeting that he had full information on the new pension scale and would gladly give it out to any members if they consulted him.
Condemnation was voiced of doubtful reality schemes, promoted in the Old Country, which it was said, would fleece Imperial officers coming to Canada.

BUSINESS.
He—if I should propose to you what would be the outcome?
She—It would depend entirely upon the income.

DAVID SPENCER, LIMITED

Store Hours: 9 a.m. to 6 p.m. Wednesday, 1 p.m. Saturday, 6 p.m.

Our Stocks of Silks and Dress Goods Provide For Your Every Need in These Lines

An Assortment of Silks in Which Are Featured Most Excellent Qualities, Beautiful Colorings and the Best Values in the Silk Market To-day

Forty-Inch Brocaded Charmeuse at \$10.75 and \$15.75 a Yard

Two very choice silks, possessing a rich finish; in striking designs; in shades of pink, grey, gold, cerise and sky.

Forty-Inch All-Silk Crepe de Chine at \$3.75

A heavy crepe de Chine in a fine, soft finish, with a rich sheen; a hard wearing quality; in shades of white, flesh, sky, pink, navy, black, grey, biscuit and maize.

IN WOMAN'S DOMAIN

Exceptionally pretty in its setting and appointments was the wedding at St. Mary's Church, Oak Bay, yesterday afternoon of George Murray, son of Mrs. A. Lang, Glasgow Avenue, and Velma Glenora, second daughter of Mr. and Mrs. E. Greenwood, 1068 Bank Street. The church was beautifully decorated for the occasion, the chancel and altar being banked with masses of lovely Spring blossoms. Intermingled with ferns and ivy, while during the ceremony the bride and bridegroom stood under a pretty white bell suspended from an arch of greenery. Col. the Rev. G. H. Andrews officiated and the ceremony was witnessed by a large congregation of interested friends, including associates of the bride, who for several years has been a popular employee of David Spencer, Ltd. The bride was charmingly gowned in white duchesse satin and georgette crepe with veil of silk net caught under a coronet of orange blossoms. She carried a bouquet of bridal roses. Her three attendants included her two sisters, Miss Greta Greenwood in a beaded frock of rose tulle with black tulle picture hat; Miss Berenice Greenwood in a light green crepe-de-chine, and Miss Grace Murray, sister of the bridegroom, in a canary yellow crepe-de-chine. Each carried a bouquet of pale pink and white carnations. Alex Murray supported his brother, the bridegroom, and Messrs. Robert and James Murray and George Ford acted as ushers. During the ceremony Mr. Bert Waude sang "Because," and Kenneth Perry presided at the organ. After the ceremony a reception was held at the home of the bride's parents, Mr. and Mrs. Murray left on the afternoon boat for Portland, and will later make their home at Seattle. The many beautiful wedding gifts included a handsome set of community silver, the gift of David Spencer, Ltd.

April Birthstone, "Diamond." Its Meaning, "Innocence."
HAND BAGS AND TOILET CASES

To those who undertake more or less extensive travel, the convenience of a leather handbag or toilet case containing the needed articles appeals with particular force. The narrow confines of a stateroom or railway dressing room make constant recourse to large hand baggage a distinct inconvenience, while the handy, compact toilet case renders service out of all proportion to its small size.

We cordially invite inspection.

WILL SING AT I.O.D.E. TEA

MISS EVA HART
will be among the vocalists at the primrose tea to be given under the auspices of the Robert Burns McMicking Chapter, I.O.D.E. at the proprietors of the Monday afternoon. Other contributors to the musical programme which has been arranged by Mrs. Walter McMicking, Miss Beatrice McDonald and Miss Ada Lockie will include Mrs. Horace Hamlet, Miss Beatrice McDonald, Miss Winnifred Bell and Miss Dorothy Dorrell. At 4.30 an exhibition of fancy dancing will be given by Mr. and Mrs. Leon E. Helman of the Helman Dancing School of New York. An orchestra will be in attendance, and informal dancing will be enjoyed by patrons of the affair.

"MOUNTJOY" GARDENS OPENED TO-MORROW

To Public in Aid of Women's Canadian Club Emergency Fund

Victoria has been aptly described as "a little bit of England on the Pacific," and perhaps at no time of the year is this appellation more justly deserved than in the Spring when the flowers reminiscent of the English country-side and of lovely English gardens are "a-blowing and a-growing."
Of the many beautiful gardens with which Victoria abounds few are more delightful at this season of the year, or more old-world in their pristine beauty, than those at "Mountjoy," Foul Bay Road, the residence of Mr. and Mrs. F. B. Pemberton. To-morrow (Friday) afternoon between the hours of 3 and 6 o'clock, the public will have an opportunity to visit this beauty-spot with its wealth of Spring flowers and magnificent old trees for in accordance with a delightful custom inaugurated by them during the war, Mr. and Mrs. Pemberton will throw the grounds open in the interests of a patriotic cause.
This year the proceeds derived from the nominal admission fee, and the serving of afternoon tea will be handed over to the Women's Canadian Club, under whose auspices to-morrow's affair is being arranged, for the augmentation of their Emergency Fund, which has been an ever-present help to returned soldiers and their families in time of trouble. It is hoped that men as well as women, Victoria residents as well as out-of-town visitors, will seize this opportunity to visit a charming beauty spot.

TEETH

With Plates and Bridge Work
Crown and Bridge Work
TEETH Without Plates.

if scientifically made and applied is the greatest boon offered by the dental profession to mankind. When a few teeth are missing, lose no time in securing a bridge. As I make them they are without plates of any kind, fit perfectly, and so placed on the gums that the strain is very light on the anchor teeth. The bridge looks as well as your natural teeth, will chew your food to your entire satisfaction, and is worth a hundred times the cost. A bridge is a wise investment, and one that you will never regret.

You Are Invited
cordially and especially, whether you reside in the city or country, to call at my office at any time and have your teeth examined. It is a part of my practice to EXAMINE, ADVISE and ESTIMATE WITHOUT CHARGE OF ANY KIND.

Residents of the Cowichan district will be interested in the following marriage announced from the Vancouver Daily Province of yesterday's date:

"A pretty wedding was solemnized at the residence of Mr. and Mrs. Hugh Furness, 1055 Thirteenth Avenue East, on Thursday evening, when Miss Margaret Fleming of Galashiels, Scotland, and Mr. A. J. Castle of Duncan, V. I., were united in marriage. Rev. A. E. Hentrich officiating. The bride entered the drawing-room in the arm of Mr. William Bamber, her brother-in-law, to the strains of the Wedding March, rendered by Mrs. Robert Dallas. The bride was charmingly attired in a navy blue tailored suit with large picture hat of navy blue georgette lined with pink and trimmed with silver and wore a corsage bouquet of roses and violets. She was attended by Mrs. William Sleath, while Mr. William Sleath supported the groom. During the signing of the register solos were rendered by Mrs. H. Tierney and Miss Olive McNair. They will reside at Duncan."

The dance held under the auspices of the Victoria Business Girls' Club at the Alexandra Club last night proved one of the most popular functions of the season, several hundred devotees of the pastime attending the affair. Green and yellow, the club's colors, were the predominant feature in the very effective decorations in the ball-room. Ozard's orchestra furnished the very excellent music for dancing which commenced at nine and continued till one o'clock. Percy P. Payne was in charge of the catering arrangements for the buffet supper served in the downstairs cafe. The committee responsible for the successful arrangements included the Misses Campbell, Smart, Pratt, Gawley, Rendell, Sinclair, Hamill, McMillan and Lamp-here.

From the Vancouver Province: "Mr. and Mrs. George Herring Florence Court, entertained on Monday evening in honor of Miss Isabelle Taylor of Victoria. The rooms were tastefully decorated with carnations and daffodils, and the evening was pleasantly spent in progressive whist and music. Selections were given by Miss Isabelle Taylor, Mr. A. J. Foxall, Mr. and Mrs. A. L. D. Young and Mrs. Herring. The first prizes for the whist were won by Mrs. D. S. Clouston and Mr. Young, the consolation prizes going to Miss Taylor and Mr. Foxall. Other guests included Mrs. Bert Henry, Mrs. P. Piper, Mr. and Mrs. D. S. Clouston, Mr. Charles Stinson and Mr. A. Lewarke."

At St. Mark's Church, Boleskine Road last night, the Rev. J. W. Flinton, officiated at the marriage of Henry Frederick Jarvis, son of Mr. and Mrs. Henry Allen Jarvis, of Doddington, Kent, England, and Miss Nellie Roworth, daughter of Mr. and Mrs. Frederick Roworth, of Audrey Road, Victoria. The bride, who was given away by her father, was attended as bridesmaid by her sister, Miss Margaret Roworth, and the groom's brother, Mr. George Jarvis, was best man. The young couple left on the midnight boat for Vancouver, where the honeymoon will be spent, and on their return they will reside on Hillside Avenue.

Mrs. William Sloan, wife of the Minister of Mines, is visiting in Vancouver for a few days the guest of her mother, Mrs. McDougal, Beach Avenue. She was accompanied to the mainland by her sister, Mrs. J. H. Johnson, who came over to Victoria to recuperate from a recent serious illness.

Mrs. William J. Cave and her daughter, Dorothy, have gone over to Vancouver to attend the wedding of Miss Enid Cave and Mr. G. F. Salloway, formerly of Victoria.

Mrs. Muriel Quinn, formerly of Victoria, has returned to her home in Vancouver, after a visit to Dr. and Mrs. J. E. Montgomery at Ladysmith, B. C.

Mr. and Mrs. P. Hill of Montreal, who have been in California wintering, spent the week-end at the Empress Hotel and proceeded East.

Miss Gladys Peters returned this afternoon to her home at Esquimalt

Mrs. W. L. Gortz, of Buffalo, is staying at the Empress Hotel.

J. A. Blake, of Toronto, is registered at the Empress Hotel.

CRAIGDARROCH DANCE

Successful Function Was Held For Inmates of Institution.

A very successful dance was held in the Alexandra Club ballroom on Tuesday night by the patients of Craigdarroch Hospital, S. C. R., in aid of their Amusement Fund.
There were present some three hundred people who obviously enjoyed themselves to the strains of the excellent music provided by Heaton's Orchestra.

The thanks of the Hospital Amusement Committee and patients are due to all those who patronized the dance, to Miss McBride, the matron and her staff who helped with the arrangements, to Miss Thain who so ably played the supper extras, and most particularly do they wish to express their appreciation of the kindness of the members of the Willows Camp Chapter, I.O.D.E., who took charge of the supper arrangements, and to Miss Jackson and Miss Jean Cameron, and those members of the chapter who gave their services so ungrudgingly to make the dance a success.

GIRL GUIDES ENTERTAIN

First James Bay Company Provides Excellent Programmes in Connaught Institute.

A very enjoyable entertainment was provided last evening by the First James Bay Company (Third Victoria Girl Guides) at the Connaught Seaman's Institute. The hall was filled to its capacity with the relatives and friends of the guides and at the conclusion of the programme they expressed themselves in glowing terms of the splendid entertainment which had been provided.

During the evening Mrs. Albert F. Griffiths, Commissioner for the Girl Guides in Victoria District, gave a brief address in which she congratulated the company on its initiative and ability in presenting such an ambitious programme. She stated that it augured well for the success of the company which had only recently been organized.
An interesting play, written by Capt. D. Fowle in collaboration with Lieut. E. Fowle, entitled "The Passport Plot," was presented by the company under the able direction of the playwrights. The cast was as follows: Patrol Leader, K. Morgan; Second Patrol, D. Jones, Guide No. 3, B. Glomia; Guide No. 4, D. Hartley; Guide No. 5, H. Humbert; Guide No. 6, S. McLeod; Guide No. 7, O. Watson; Guide No. 8, K. Lindsay; Guide Peggy, E. Cullingford; Guide Doris, M. Speal; Miss Ferguson (Stenographer), M. Dixon; Madame Dupre, I. Duchesnay; Miss Simpkins, F. Hinchliffe; Annabel Carigan (munition worker), M. Hadley; Gladie Phyllis (munition worker), I. Girdwood; Captain Berrard, N. North; Nurse Woodburn, D. Jewkes, and Jane (servant), J. McLeod.
Other items on the programme included a solo and dance by the Misses M. Hadley, B. Glomia and D. Jones, while recitations were given by the Misses J. McLeod and K. Lindsay and a reading by Miss E. Fowle.

SEEKS OPEN AIR SCHOOL

School Nurse Says Time Arrived For Innovation Here, But Trustees Shy at Expense.

Open air schools should be established in Victoria now, Miss Grimmer, school nurse, informed the School Board last night. It was explained that open air education would greatly benefit the physical well-being of many children.
Superintendent E. B. Paul said that he had gathered abundant information on open air schools. He declared such institutions to be excellent, but they would involve considerable expense. Action on open air education is to be postponed until more is learned about the expense, the trustees decided.

TO CONSIDER PLAN OF AERIAL LEAGUE

Air Board Promises Consideration of Proposal to Have Air Base Here

Promising careful consideration of the suggestion of the Victoria Branch of the Aerial League of Canada that a squadron of the new air force be established close to Victoria a letter has just been received by Harry Brown, secretary of the league, from O. M. Biggar, vice-president of the Canadian Air Board.

At a recent meeting of the Aerial League a lengthy discussion was caused over the report that Vancouver Island, despite its advantageous

position, might not receive consideration when the time came to establish an air base on this coast. The meeting was also anxious to obtain information as to the disposal of the gift machines from the British Government. Accordingly the secretary was instructed to communicate with the Air Board and this morning the following reply was received.

"The question of the advisability or otherwise of establishing a Reserve Training Squadron will be considered by the Headquarters Staff of the Canadian Air Force when this is organized, and your suggestion that such a squadron should be established at Victoria will be carefully considered.

"No definite plans have yet been made with regard to the machines included in the gift from the Air Ministry, but the probability now seems to be that these will all be required for the civil duties to be undertaken and the provision of equipment for the Canadian Air Force Training Station."

Date Changed.—On account of the Empress Hotel being employed for another engagement on Saturday, the customary weekly dance has been moved to to-morrow.

WANTS REPORT TABLED

Legislative Press Gallery, Morning Sitting, April 15.

Criticism of the Attorney-General for not tabling in the House a report of the Boys' Industrial School was made this morning by the Leader of the Opposition, who declared that the statutes of the Province demanded that such a report be tabled fifteen days after the opening of the annual session of the Legislature.

Attorney-General Farris explained that the report contained the names of the boys attending the school, and that the publication of these names would not be in the best interests of the public. Mr. Bowser said that anything of this nature could be deleted, but insisted that in accordance with the law.

In dealing with the increasing of the salary of the Comptroller-General a division was taken, the House moving to increase Mr. Moutat's salary from \$5,000 to \$5,000 per year. The Opposition Leader objected to the heavy overhead expense, while Messrs. Manson and Whiteside voted with the Opposition in opposing the increase.

ELECTIONS ACT

ENDS STIRRING COURSE IN HOUSE

Proportional Representation Will Not Be Adopted Yet

Legislative Press Gallery, Morning Sitting, April 15.

With the exception of further consideration of a few clauses, the Elections Act was disposed of this morning's sitting of the Legislature, and the bill reported complete as amended. Premier Oliver argued that this step be taken, so that the bill might be re-printed, promising at the same time that there would be ample opportunity for the discussion of certain features when the bill was reported.

Mr. Bowser expressed regret that better protection was not being provided in the case of absentee voters. The Act as originally drafted provided that where original signatures were not on hand for comparison when votes were cast, the ballot might still be counted. Oliver agreed to amend this section, but this morning stood by the old provision. However, he agreed to consider an amendment from the Leader of the Opposition, who was supported in his stand by the Leader of the Soldier party. Provision will probably be made to permit of the counting of such votes by the returning officer on election day, and the holding of the ballots until the day set for the consideration of ballots of absentee voters.

Colonel McIntosh made a final plea for proportional representation, but the Premier pointed out that it was too late in the session to go fully into the merits of the system. He did not oppose the general worth of this system of voting, and hinted that better treatment might be accorded it next session.

M. B. Jackson, K.C., Government member for The Islands, assured the colonel of his support of the measure, but agreed with the Premier that it was too late to deal with the matter this year. The soldier leader admitted that the amended Elections Act was a pretty good measure and expressed pleasure over the fact that the House was evidently leaning towards proportional representation.

BRIEF LOCALS

Soccer Practice.—The Harbor Marine soccer players will hold a practice to-night at 7.45 at the Foundation Club House.

Swimming Club Card Party.—The Victoria Amateur Swimming Club will hold the last card party of the season in Carter's Hall, Courtney Street, on Friday evening, April 16, 8 o'clock. Everything has been done to make the affair a success and the members are cordially invited to attend.

To Talk on Physical Culture.—Lieut. D. P. McDonagh will address the Lamson Street School Parents' Teachers' Association to-morrow night, commencing at 7.30 o'clock, on the important topic of "Physical Culture." A musical programme has been prepared and will add to the interest of the evening.

Broke Into Clays.—Some time on Tuesday night an unknown person broke into Clays Bakery, Fort Street, and obtained \$135 in cash and \$150 in Victory Bonds from the safe. Through an oversight the manager omitted to turn the combination after closing the safe on leaving the premises and the burglar had little trouble in swinging open the door and seizing the money.

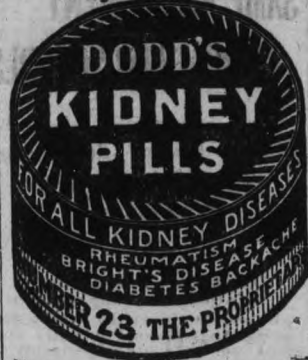

Sequel to Being Locked Up.—While D. Pallentiere was within the cold walls of the police station someone impudently broke into his house at 727 Roderick Street, Saanich, and stole a quantity of his clothing. Pallentiere was arraigned in the police court yesterday, morning, on a charge of carrying concealed weapons and was fined \$25. On returning to his home he found that someone had taken advantage of his absence.

Equipped of the Charge.—As soon as Peter Gardiner, clerk of the police court, this morning had finished reading a charge against Walter Bales of leaving his motor car standing on a street without a tail light, the young man turned and asked: "Well, what's the charge?" Magistrate Jay immediately proceeded to enlighten the young man with the fact that his motor car had been left without a tail light, whereupon Bales put a second question to the court: "I know that, but what's the fine?" His Honor again proceeded to enlighten the young man, this time to the extent of \$5.

Victoria Amateur S.C.—The V. A. S. C. held a general meeting in the Y. M. C. A. last night. It was decided to have all club dues payable at the beginning of the year, as it was considered conducive to a better business standing generally. D. Baines gave his report from the annual meeting of the Canadian Amateur Association spoke of the great get together feeling of the local clubs. Much of this spirit was duly credited to George Stott, the retiring president. A vote of congratulation was passed to G. I. Warren on being elected president of the C. A. S. C. for the ensuing year. It was with regret the club learned that Mr. and Mrs. Minnell are leaving for England as they have both been very able members. The meeting then adjourned. Application for permission to hold a gala on Dominion Day has been granted by the C. A. S. C.

TO HOLD INQUIRY.

Premier Oliver this morning instructed Acting General Manager Wilson of the Pacific Great Eastern Railway to hold an investigation into the accident which occurred when a P. G. E. train collided with an automobile crossing the Berwick Avenue intersection, near Loyal Shipyard, North Vancouver. The car was thrown 124 feet and its two passengers escaped with slight injuries. The car was completely wrecked.

FOUR MOTORISTS WIN IN SPEEDING CASES

Saanich Police Failed to Get Convictions Against Local Motorists

Four local motorists who appeared in the Saanich police court yesterday charged with speeding on various roads in that municipality submitted sufficient evidence to offset the story of the police officer, and were dismissed by Magistrate Jay.

Hugh Allan was apprehended on the East Saanich Road on Saturday last by Motorcycle Constable Rankin. He claimed that he did not exceed twenty-five miles an hour, and had watched his speedometer along the entire route. The police officer swore that Allan was going over the limit. As there was no corroboration of evidence on either side the Court dismissed the charge.

On Sunday Dr. E. J. Clarke was charged with speeding on North Quadra Street, and J. W. Hepburne and F. W. Jones faced similar charges which arose out of driving on the Saanich Road. They pleaded not guilty, and once again it was a case of the driver's evidence against that of the constable. In the Clarke case there was one witness for the defence. The magistrate dismissed the three charges.

H. Hubbard pleaded guilty to driving his motorcycle on Saanich Road on Sunday last at a greater speed than twenty-five miles an hour, and was fined \$25.

FIRE INSURANCE

ISSUE BEFORE HOUSE

Three Years' Protection Can Be Secured For Two Years' Premiums

Legislative Press Gallery, Morning Sitting, April 15.

Persons insuring buildings and effects will in future be permitted to pay two years' premiums in advance and thereby secure three years' insurance, as the result of an amendment to the Fire Insurance Act, introduced by George Bell, Government member for Victoria and keenly discussed in the House this morning. Mr. Bell charged that there had been a strong "lobby" at work recently, and that there apparently had been a change of opinion in this regard. He said the House had not objected to the bill when it was given second reading and he could not see the reason for the present opposition.

The bill as passed, after a division was taken, provides that those placing insurance may now take advantage of the opportunity provided before the Act was amended last year. Protection for three years is given for the cost of two premiums.

Attorney-General Farris said the issue seemed fairly well balanced and he did not wish to oppose the bill, but he did wish to point out that the Province had an efficient fire insurance inspector, and a board of fire underwriters, who were giving excellent service. He said one argument of the inspector was that better protection was provided where there was an annual inspection. Various members pointed out that there was no annual inspection, and that the insured bore the responsibility for misrepresentation.

MUST BE MISTAKE.

"Sugar and Oriental rugs valued at \$400 were stolen."—News item. Must be a mistake somewhere. Either the rugs weren't very Oriental, or else the sugar wasn't very genuine.—Schenectady Union-Star.

ROTARIANS HEAR

OF WORK OF HUT

Splendid Service Performed at Catholic Army Hut Recounted

The splendid work performed by the Knights of Columbus Hut in the old Fitz Hotel here was recounted to the Rotary Club, which lunched in the institution to-day. All the Rotarians had heard that the Hut had taken care of hundreds of returned men, supplied them with beds, given them meals and generally proved a God-send to them, but the facts which J. D. O'Connell, representing the State Executive, was able to impart to the Club, came as a surprise to all.

After recounting the tremendous success of the various drives for funds by the Knight of Columbus, Mr. O'Connell stated that, in the local hut, 108,829 meals had been served, of which \$1,488 had been donated, and 315 Christmas dinners and 230 New Year dinners also had been supplied free. Not only had the Hut provided for the men who returned in good health to the city but, in addition, had assisted those confined to hospitals by donating various comforts and performing other valuable services. While the Hut was about to be closed, he said, the work of ministering to soldiers in the hospitals would be continued as usual. In this connection Mr. O'Connell recalled that 425,000 packages of cigarettes, 1,193 packages of tobacco, 3,380 packages of matches, and 664 packages of chocolates had been given to hospital patients. Besides this 226 Christmas hampers had been distributed.

While quoting other interesting statistics Mr. O'Connell related that the officials of the Hut had been able to place 650 men in permanent employment and that over 1,000 returned soldiers had been found work of a permanent or temporary character.

Credit for a great part of the success of this work was placed by the speaker on the shoulders of Jack Neary and Ray Steele, Secretaries of the Hut, who were introduced to the Rotarians.

Bishop MacDonald addressed the Club briefly, declaring the spirit of Rotary, and its ideal of service were the only things that could save the world, the economic condition of which to-day, he said, was rotten.

"PORTIA" CLUB CONCERT.

A very interesting and successful concert was given under the auspices of "Portia," the girls' debating society of Victoria High School, in the school auditorium, on Wednesday afternoon. It was clear that warm enthusiasm and keen interest was shown by the students, as the attendance was excellent. The programme was as follows:

Chairman's Address . . . Miss Hamilton
Piano Duet . . . Dorothy Todd, Marjorie Watson
Recitation . . . Elia Pottinger
Vocal Solo . . . Marjorie Watson
Accompanist, Miss Moore.
Piano Duet . . . Lillian and Ellen Styan
Recitation . . . Violet Hastings
Vocal Solo . . . Beatrice Porter
Accompanist, Agnes Hopkins.
Reading . . . Kathleen Jackson
Dance . . . Bernice Ruddock
Accompanist, Miss Moore.
God Save the King.

NOW HE IS ABLE TO

RESUME HIS WORK

WHY ALPHONSE BLAIS GIVES CREDIT TO DODD'S KIDNEY PILLS.

Saskatchewan Man, With His Rheumatism and Backache Gone, is Telling His Neighbors of Dodd's Kidney Pills.

Lac Pelletier, Sask., April 14th (Special).—Stating that he has been relieved of rheumatism and backache by Dodd's Kidney Pills, Mr. Alphonse Blais, a well known and highly respected resident here, is singing the praises of the old reliable Canadian kidney remedy.

"Yes, I suffered from backache and rheumatism," Mr. Blais states in an interview: "and I spent much money on medicines before trying Dodd's Kidney Pills. After taking several boxes of them I was able to resume my work. Now I am quite well again."

"I owe my health to Dodd's Kidney Pills, and I want everybody to know that I am very thankful to Dodd's Kidney Pills."

Mr. Blais' troubles came from his kidneys. That is why Dodd's Kidney Pills gave him such prompt relief. Ask your neighbors if Dodd's Kidney Pills do not help any and all forms of kidney disease.

TEACHERS AGAIN OUT FOR MORE PAY

Trustees Appoint Committee to Discuss Demands With Federation

Victoria school teachers are out again for more pay. School Trustees last night received first official notification that a revision upwards of salaries was again

to be faced when W. H. Wilson, secretary of the Victoria Teachers' Federation asked that the School Board appoint a committee at once to meet a committee of teachers about salary increases.

Trustees said nothing, and Chairman Peter Riddell immediately named Trustees Beckwith, Dr. Raynor and Aitken as the committee.

Pay Creques Shrunk.

Miss Mona Lane, Miss Evelyn Vantreight and Miss Marjorie Gregg expressed their surprise to the School Board at finding that healthy deductions had been made from their pay cheques last month. These salary shortages were said to be due to the absence of these teachers through sickness, during the influenza epidemic.

It was pointed out in behalf of the teachers, however, that they had been noted for their regularity in attendance since being taken on the staff, that they have few or no absences

SAME ASSESSMENT TO RULE FOR SCHOOLS

Moving Picture Act Is Reported Complete With Amendments

Legislative Press Gallery, Afternoon Sitting, April 14.

An amendment to the School Act, passed this afternoon, provides that where land only in a municipality is taxed for school purposes then all adjoining territory assessed for the same schools shall be assessed for land only.

Joseph Walters, Government member for Yale, who introduced the amendment, pointed out that as a rule in most municipalities land only was assessed and taxed. This he did not consider to be fair.

Hon. Dr. MacLean, Minister of Education and sponsor to the bill, agreed with Mr. Walters and the amendment was adopted.

The following bills were given third reading and passed: The act to amend the West Vancouver Incorporation Act; the act relating to the Fraser River Tannery; the act to amend the Life Insurance Policies Act; and an act relating to the ratification of a by-law passed by the City of Prince George.

The Moving Picture Act was reported complete with amendments.

Cuticura Soap SHAVES Without Mug

Cuticura Soap is the favorite for safety razor shaving.

The Razor Lincoln used

THE razor Lincoln used was not unlike the man himself—in outward form, unassuming, and yet an instrument of exquisite balance—with a time-saving length of blade, a fresh, keen-stropped edge for the work in hand and a wondrously even temper.

One pictures Lincoln as full of affection for this honest blade despite the fact that his deep-furrowed face was not the easiest to shave. The only things that Lincoln's razor really needed to lighten the patient morning task were the safety and convenience of the guarded, double-edged blade of the

DURHAM-DUPLEX

Real Razor—made Safe

The time-tested *heft*, the splendid *temper* and *shape* of the razor Lincoln used—but it won't cut your face. Furthermore, it's the longest, strongest, keenest, best-tempered blade on earth, with more shaving mileage than any other razor. And when this two-edged blade has dulled, keep it for sharpening in a spare

moment. You can strop it—you can hone it—why throw good steel away? Seven million shavers have seen the good sense of adding all these extra advantages to the acknowledged good points of their old razor. Go to your nearest dealer and join these seven million practical men today.

EXEMPTION UNDER TAXATION ACT CUT

Amendment Makes \$1,200 Limit for Unmarried Persons, Widows and Widowers

Legislative Press Gallery, April 14.

Important amendments to the Taxation Act are embodied in a bill brought down in the Legislature by Hon. John Hart, Minister of Finance to-day.

The bill reduces the exemption limit for unmarried persons and every widow and widower to \$1,200, with \$200 for each dependent. For every other person the limit is \$1,500, with a further \$200 for each dependent where the taxpayer is a married person.

The bill makes income derived by persons not resident in the Province from interest or dividends from stocks, bonds, or debentures of the Province or of any municipality in the Province taxable. It is provided further that the land held by any person under agreement for sale from the Land Settlement Board shall not during the period of one year from the date of agreement, be assessed as wild land.

Hon. E. D. Barrow, Minister of Agriculture, introduced a bill which provides for certain changes in the organization of the Land Settlement Board, and provides additional powers for lending money to farmers.

It is proposed in an amendment to the Audit Act to increase the salary of the Comptroller-General from \$5,000 to \$6,000.

An amendment to the Revenue Act gives the Minister of Finance power to make refunds of moneys erroneously paid or collected into the revenue to persons entitled thereto.

DISCUSS WATER SCHEME

Cadboro Bay Ratepayers Held Very Enthusiastic Meeting Last Night.

Considerable discussion was heard at the meeting held last night of the Cadboro Bay ratepayers about the Gordon Head water extension scheme. The meeting, which was held in the Cadboro Bay Hotel, was presided over by Reeve Watson.

The chairman explained the stage to which the scheme had advanced. The report of the engineer was expected to be discussed next week, he said, and shortly afterwards the necessary by-law would be submitted to the residents of the district for endorsement.

Councillor Clark also spoke on the new water extension scheme after which there was a general discussion.

Several other matters were discussed during the evening. Complaints were lodged over the condition of the Cadboro Bay Road and it was urged that the repairs should be immediately effected. The matter of constructing a landing stage at Cadboro Bay was also discussed, and Reeve Watson and Councillor Clark promised to bring this before the next meeting of the Beaches and Parks Committee.

A meeting will be held in the near future to discuss the water supply of Cadboro Bay. There is a proposal to obtain water from a supply on the Giant Power Company's property at Telegraph Bay, serving a limited number of houses.

WOULD CHANGE TEACHERS

Canadians Going to England Would Get Only English Rate of Pay, While English Get More Here.

Victoria teachers who want to go over to England to teach for a while and be paid English rates of pay instead of Canadian may have the chance this year.

The League of Empire Teachers informed the School Board last night that it is proposed to interchange a few teachers for the year 1920-1921. English teachers will be sent out here to take the place and receive the pay of the Canadian teachers who may go to England.

It was explained that the pay in England will be £235 for men and £195 a year for women, paid in English money, so that the teachers would get none of the advantage of the depreciated value of English money as compared with Canadian. The English teachers who come out here, however, will be paid in the more highly valued Canadian money.

"I can see us losing half our staff," said Trustee Beckwith, smiling. The proposal will be submitted to

FREE

THIS WEEK ONLY

At the Stores Named Below
A 10-Day Tube of Pepsodent

They Don't Clean Teeth

In Your Way Now—Not the Men Who Know

All Statements Approved by High Dental Authorities

They Now Combat the Film

Dental science has found a new way to clean teeth—a way that combats the film.

Able authorities have proved it for years in clinical and laboratory tests. The facts are beyond any question. Leading dentists all over America now urge people to adopt it, and a million or more have done so.

This method, for home use, is embodied in a dentifrice called Pepsodent. And this week we offer, to every home in this city, enough for a ten-day test. For your own sake you should make that test.

Now Millions of Teeth Are Kept Whiter

Pepsodent is now applied to millions of teeth every day. The result is seen everywhere in glistening teeth. Some of your friends can show them.

Those teeth glisten because they are clean. The film is kept removed. Now we ask you to see how your own teeth look after a ten-day use.

They Keep Teeth White by keeping them free from film. The old ways failed to do that.

Why Teeth Discolor and Decay

You can feel on your teeth a slimy film. It is ever-present, ever-forming. It clings to the teeth, gets between the teeth, enters crevices and stays.

The tooth brush does not end it. The ordinary dentifrice does not dissolve it. So, night and day, that film may do ceaseless damage. And most tooth troubles are now traced to it.

Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed forbidden. It must be activated, and the usual method is an acid harmful to the teeth. What science has now found is a harmless activating method. Now pepsin can be applied twice daily—can be left between the teeth. And five years have proved that this discovery opens a new dental era.

You Must End It

Millions of people find that brushed teeth discolor and decay. Tartar forms and pyorrhea starts. Statistics show that, despite the tooth brush, tooth troubles have been constantly increasing.

The reason lies in that film. To prevent the troubles you must end the film. Let this ten-day test show you the way to do it.

Look at Your Teeth in Ten Days

The results are easily shown and we urge you to see them. Read how they come about. Then decide for yourself what is best for your teeth and for your children's teeth.

Present the coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare the results with your present methods. Remember that those whiter teeth mean cleaner teeth—teeth kept free from film. Then decide for yourself about going back to former cleaning methods.

Make the test this week, while the 10-Day Tube is free. The result will be of lifetime importance to you. Cut out the coupon so you won't forget.

They Teach Children how to really clean teeth, and how to combat the film which is the source of most tooth troubles.

NEWS IN BRIEF

Bank Clearings.—Bank clearings for the week ending to-day were \$2,228,302, as compared with \$1,890,720 in the corresponding week of 1919.

Bylaw in Effect To-day.—The civic bylaw which requires all grocery shops in the city to close at six o'clock on Saturdays came into effect to-day.

"Too Sporty."—The City School Board last evening received a letter from J. A. Shanks deprecating the behavior of pupils in their adolescent age here, the girls modelling themselves after Mary Pickford and the boys behaving as "regular guys."

To Hold Daffodil Tea.—The "Forward" class of St. Andrew's Presbyterian Sunday School, will hold a Daffodil Tea and a sale of home cooking in the lecture room, Broughton Street, on Saturday afternoon, from three to six o'clock.

MacKenzie Avenue School.—The MacKenzie Avenue Parent-Teachers' Association will hold its regular monthly meeting in the Garden City Methodist Church on Friday evening next, at 8 o'clock. An address will be given by Harold Cross of the Y.M.C.A., on organized games.

High School Teacher Resigns.—Miss Vera Adams, young graduate of McGill University, Montreal, who has been on the staff of the Victoria High School for the last few years since her graduation, handed in her resignation to the School Board last night, as she is to be married. The resignation takes effect on April 30. Mr. Stevens has put in an application to fill the vacancy on the staff.

Life Underwriters Meet.—Preparations for the annual convention of the Life Underwriters' Association of Canada, to be held in Ottawa next August, were discussed at the regular monthly meeting of the Victoria and Island Life Underwriters' Association Monday. The meeting also listened with great interest to a debate on group insurance between Messrs. Sims and Marriner, both of whom appeared well informed on the subject.

"Duties of Citizenship."—Mrs. T. L. Boyden addressed the Craigflower Parent-Teachers' Association on Tuesday afternoon in the Craigflower School on "Duties of Citizenship." The address was full of important matters dealing with the betterment of citizenship. Mrs. J. B. Plumb sang several numbers, and was accompanied by Mrs. C. Conyers. In future the meetings of the association will be held in the evenings, so that the men may be given an opportunity to attend.

Spoke on "Organized Play."—"Un-supervised play means the survival of the fittest," declared Harold Cross, Boys' Work Secretary of the Y. M. C. A., in an address before the Parent-Teachers' Association last evening at the Cloverdale School, on "Organized Play." Mr. Cross advocated the need of a thorough system of supervising all play at the public schools during the recess periods and after school hours. He explained that through the moral dangers and educational possibilities of play the playground movement commenced, and had since spread around the entire globe. Following Mr. Cross' address there was a general discussion.

Lampson Street Parents' and Teachers' Association.—The first monthly meeting of the Association will be held on Friday, April 16, at 7.30 p. m., at Lampson Street School. After routine business Lieut. D. P. McDonagh will give a lecture on "Physical Culture." An attractive musical programme has been arranged, and it is to be hoped that as many of the parents as possible will be present and become active members of the Association, which will undoubtedly become a great force for the welfare of the Lampson Street School and its present and future pupils. The visiting day for the school will be the second Thursday in each month, between the hours of 2 and 3.

To Unveil St. John's Rederos.—The unveiling of the war memorial rederos in St. John's Church will take place on Sunday morning at eleven o'clock. They honor the Lieutenant-Governor performing the ceremony, with General J. M. Ross, D.O.C., and Captain Martin, representing the Army and Navy respectively. A special memorial service will also be held at 3.30, when the G. W. V. A., the Comrades of the Great War, the Army and Navy Veterans' Association and the British Campaigners will attend in a body. The rederos will be dedicated at this service. Bishop de Pomeroy of Vancouver, the soldier bishop, will be the preacher at each of the services during the day. In the evening there will be a thanksgiving service.

Don't Neglect Your Skin

Ladies—A few days' treatment with **CARTER'S LITTLE LIVER PILLS** will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is caused by a sluggish liver.

Millions of people, old, young and middle aged, take them for Biliousness, Dizziness, Sick Headache, Upset Stomach and for Sallow, Puffy and Blochy Skin. They end the misery of Constipation.

Small Pill—Small Dose—Small Price

LITTLE HOPE FOR REINSTATEMENT

Almost Certain Council Will Decide to Let Denholm Dismissal Stand

There is scarcely a ray of hope for the re-instatement of John R. Denholm, dismissed City Garbage Superintendent, it was learned at the City Hall to-day.

The Civic Conciliation Board, which has been investigating the dismissal for some weeks, held a session yesterday afternoon when all evidence collected was considered and sifted down. The Board, Chairman Alderman Cameron states, will report to the Council Monday, setting forth the facts learned during the course of the probe, but will make no recommendations. It will leave the whole matter, in fact, in the hands of the Council. The report is being prepared at present.

There is little doubt about the Council's action on the question. As a matter of fact, it is only owing to the absence of Alderman Patrick and Alderman Johns that Mr. Denholm's supporters were able to get a resolution calling for an investigation through the Council in the first place. As both these aldermen intend to be at Monday's meeting, and as some of the aldermen who voted for an enquiry, it is understood, have changed their minds on the subject, after hearing the evidence, it is altogether probable that the Board's report will be received and filed. That would mean that no further action would be taken and the dismissal would stand. A majority of the aldermen are known to favor that course.

HYSTERIC BLOCK PROBE

Mayor Porter Made Arrangements for Children's Aid Visit Which Failed, Women Declare.

All arrangements for the inspection visit of three women to the Children's Aid Home last January, when the three women were forced to sit out in the hall and an official of the home went into hysterics charging there was a plot to ruin her reputation, were made directly with Mayor Porter, as chairman of the Children's Aid, by E. B. Paul, Inspector of City Schools, according to a statement issued to-day by the women interested.

This investigating delegation was to have included Magistrate Jay, who was then chairman of the School Board and Mr. Paul, but they were both detained at their offices on business. Their object was to find out what was really going on at the home and set at rest a lot of nasty rumors.

Miss Grimmer, school nurse, was a member of this delegation, which was

officially arranged for by Mayor Porter and Mr. Paul.

The women in their statement to-day, however, point out that in spite of these preparations when the delegation arrived they were ushered into a hall where they were left to themselves. They were taken notice of only when they became impatient of sitting looking at one another and went and knocked at one of the doors.

Then the charge was made against the visitors by one of the woman officials who responded that they were trying to ruin her reputation. In spite of the arrangements, the delegation says, they were blocked in finding out anything.

Thomas Plimley
IF YOU GET IT AT PLIMLEY'S IT'S ALRIGHT

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks.

CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

WEST COAST PROSPECTING

Geological work done by the Dominion Geological Survey, when active operations were carried on for an examination of Vancouver Island's mineral resources under the late Hon. William Templeman, when Federal Minister of Mines, did not extend, except in a very general way, to the West Coast.

Under these circumstances the geology of the northern part of the West Coast is but slightly known, and therefore the confidence of those who are now advertising for coal and petroleum prospecting licenses in Flores and Nootka Islands, cannot be checked up its has been the oil prospecting on the Lower Fraser Valley.

The lists are the largest affecting that part of the Island which have been issued for some time, and appear to indicate that this isolated part of the Province has not escaped the attention of the prospector.

PRINCE RIDES THE SURF AT HONOLULU

Duke Kahanamoku Pilots His Royal Highness in Out-rigger Canoe

Honolulu, April 14.—H. M. S. Rowan sailed at daybreak for the South Seas. The celebration tendered the Prince of Wales on Tuesday was the most enthusiastic ever seen in Hawaii.

As he returned to the ceremonial quarters, seventy former soldiers were presented to him. They were mostly British residents of these lovely Sandwich Islands who had enlisted with the Canadian army. The Prince eagerly conversed with them, delighted once again to be amongst his army comrades. One soldier was a former resident of Brisbane. "Are you looking forward to my visit to Australia?" asked the prince. "You bet," replied the soldier, with enthusiasm.

The prince appeared greatly pleased and continued down the line, asking each man where he fought, and what he is doing now.

Rode the Surf.
Late in the afternoon the prince went to Waikiki Beach, where he bathed in the Pacific rollers and rode the surf in an outrigger canoe, piloted by Duke Kahanamoku, a world's champion swimmer. For a quarter of a mile H. R. H. rode one great swell poised on its crest.

In the evening the prince attended two dances. One was given by the governor and the other by the natives, where some old native dances were revived for his special benefit.

CURTAINS ON BADMINTON

The Badminton Courts of the Fifth Regiment Badminton Club at the New Drill Hall will be closed for the season after next Saturday evening.

MAGEE SEEKS HEAVY DAMAGES FROM CHICAGO

Cincinnati, April 15.—Lee Magee, former member of the Chicago National League Baseball Club, yesterday filed suit here for \$5,500 damages against that club, and asking for an attachment against the club's share of the opening game receipts at Redland field.

LADIES ARE KEEN ON THE NET GAME

Victoria Tennis Club Forced to Have Waiting List of Applications

At a recent meeting of the Victoria Lawn Tennis Club, thirty-one new members were elected, eighteen ladies and thirteen gentlemen. The committee have decided that for the present applications from ladies for membership will have to be placed on a "waiting list" pending information as to the number of the present lady members who desire to continue their membership. Where resignations take place those on the waiting list will be dealt with in the order of their application. So far it has not been necessary to take this course in connection with the applications of gentlemen, but the indications are that it will be necessary soon.

KING GOLF CONQUERS IN UP-ISLAND CITY

Nanaimo, April 15.—Nanaimo has a golf club and soon it is expected, busy business men will take half-days off to chase the little pill from hole to hole. The Nanaimo Golf Ground, Ltd., has been formed with a capitalization of \$25,000. The company has secured acreage near the city which Mr. B. S. Walton, of Vancouver, at yesterday's meeting pronounced as very favorable for a golf course.

The provisional directors elected were: His Honor Judge Barker, E. M. Bird, John P. Doyle, Noel McFarlane, Harvey Murphy, with Mr. J. K. Simpson as secretary-treasurer and Mr. Arthur Leighton as solicitor. The proposed course is part of the old Dunsmuir Farm and will require comparatively little development to put it into fair working shape.

SCOTTISH LEAGUE GAME

London, April 15.—(By Canadian Associated Press)—In a Scottish League game yesterday Rangers defeated Ayr by 2 to 1.

FOOTBALL MEETING.

A meeting of the Comrades' Football Team will be held this evening at 8 o'clock at the Comrades' Clubrooms. All players are asked to attend this meeting.

PLEASED WITH SUCCESS KENNEL CLUB SHOW

Judging Lasted Until a Late Hour Last Night; Close Competition

The close competition in almost every class at the Victoria City Kennel Club Show made it necessary for Judge Robertson to use all his expert skill in making his awards, and he was engaged in his difficult task up to a late hour last night. The large attendance during both days was an indication of the interest taken and although the number of exhibits was not as great as it has been in some of the pre-war shows the officials are delighted with the success. Last night's awards were as follows:

Irish Setters.
Limit, dogs—1, Mrs. Kennedy's Golden Rufus; 2, C. B. Cole's Killarney Rouge; 3, J. Hagenbach's Prince. Open, dogs—1, H. W. R. Moore's Ch. Killarney King; 2, Golden Rufus; 3, Killarney Rouge. Novice, bitches—1, Mrs. Cottle's Killarney Doreen. Limit, bitches—Killarney Doreen. Open, bitches—1, F. J. Neel's Sherwood Bridget.

Gordon Setters.
Novice, dogs—1, Mrs. Cameron's Prince. Limit, dogs—1, Clifford Burnsides Spotash. Open, dogs—1, H. C. McDowell's Mac; 2, H. Pooley's Coffee. Novice, bitches—1, William Evans' Lady Nell. Limit, bitches—1, Lady Nell. Open, bitches—1, J. H. Light's Lassy; 2, R. H. Hickling's Lindum Heather Belle; 3, J. Cameron's Solar Kit. Puppy, bitches—1, Lindum Heather Belle.

Pointers.
Puppy, dogs—1, B. Genge's Burnside Sportsman. Novice, dogs—1, Burnsides Spotash. Open, dogs—1, Clifford Burnsides Spotash. Limit, dogs—1, E. E. Jenkins' Buster; 2, Rex; 3, Tenn-see Spotash. Open, dogs—1, Buster; 2, Burnsides Spotash; 3, H. A. Burnsides' Ch. Victorian Grouse. Puppy, bitches—1, J. F. Meldram's Linden Dot. Novice, bitches—1, Sgt. Major Farley's Lassy; 2, Linden Dot. Limit, bitches—1, J. H. Meldram's Linden Belle; 2, Lassy. Open, bitches—1, V. Heather's Victoria Beauty; 2, Linden Belle. Victoria Beauty won prize for best pointer in show; Buster first for opposite sex. Linden Belle won reserve winners.

Wavy-Coated Retrievers.
Open, dogs—1, E. L. Clay's Rover (also best retriever); 2, C. S. Birch's Grouse of Saanich. Open, bitches—1, C. W. E. Hillier's Billie's Lady (also winners); 2, Miss Pooley's Diana.

Labrador Retrievers.
Open, dogs—1, Pedro.

Field Spaniels.
Open, dogs—1, T. S. Edson's Sport; 2, S. R. Bowden's Digger; 3, R. A. Milne's Zip. Open, bitches—1, J. W. T. Besonette's Brownie; 2, W. E. Morgan's Ruby W.; 3, R. W. Wagland's Minnie.

Cocker Spaniels, Solid Color.
Puppy, dogs—1, Ira Falk's Billie; 2, W. Shellcock's Sport. Novice, dogs—1, F. J. McGauvran's Billie Obo Junior; 3, Archie Miller's Rex. Limit, dogs—1, Billie Obo Junior; 2, F. Archer's Príncipe; 3, A. Garesche's Jemmond Victor. Open, dogs—1, Billie Obo Junior; 2, Príncipe; 3, Jemmond Victor. Novice, bitches—1, F. McGauvran's Junette Obo; 2, F. Archer's Junette Obo; 3, Dainty Diana. Open, bitches—1, Junette Obo; 2, Archer's Dainty Diana. Limit, bitches—Dainty Diana.

Cocker Spaniels, Parti-Colored.
Puppy, dogs—1, A. W. Curtis' Rex. Limit, dogs—1, A. W. Curtis' Strath-isle Performer. Open, dogs—Strath-isle Performer. Novice, bitches—1, J. McTaggart's Lady; 2, G. L. Milne's Princess Victoria. Limit, bitches—1, A. W. Curtis' Strath-isle Queen. Open, bitches—Strath-isle Queen.

English Bull Terriers.
Open, bitches—1, R. Day's Baby Doll.

Airedale Terriers.
Puppy, dogs—1, G. Farrant's Jock; 2, J. Palmer's Mickey. Novice, dogs—1, E. D. Murphy's Roger; 2, J. McLean's Geelong Rush; 3, H. Gardner's Pal-o-Mine. Limit, dogs—1, Roger M.; 2, Geelong Rush. Open, dogs—1, Peter Gillman's Connaught Gosson; 2, Roger M.; 3, Geelong Rush. Puppy, bitches—1, F. Stevens' Blackwood Nell; 2, G. Farrant's Jean. Novice, bitches—1, Griswold Kennel's Griswold Nomination; 2, F. Stevens' Blackwood Lass. Limit, bitches—1, J. W. Forbes' Caerphilly Queen; 2, Griswold Nomination; 3, Caerphilly Queen; 3, Griswold Nomination; 3, Jean.

Irish Terriers.
Novice, dogs—1, C. H. Dunn's Mickey; 2, Mrs. Williams' Jack. Limit, dogs—1, Dr. Hogan's Peter Gillman. Open, dogs—1, Peter Gillman's Caerphilly Queen; 2, Mrs. Williams' Trickle. Open, bitches—1, Dr. Hogan's Brentmoor Borzoi; 2, C. H. Dunn's Colleen.

Fox Terriers, Smooth.
Puppy, dogs—1, Mrs. M. D. Harbord's Dandy. Novice, dogs—1, Dandy; 2, C. Walker's Splash; 3, G. I. Warren's Sandy. Limit, dogs—1, Splash. Open, dogs—1, T. Mooney's St. Julien Veteran. Open, bitches—1, W. M. Coates' Molly Ruston.

Fox Terriers, Wire-Haired.
Puppy, dogs—1, Mrs. G. L. Sharpe's Lyncoote Hun Hater; 2, A. F. Glenn's Carlingford. Novice, dogs—1, Carlingford; 2, J. W. Moore's Madrona Clincher. Limit, dogs—1, Madrona Clincher. Open, dogs—1, Carlingford; 2, Mrs. Brett's Jock. Puppy, bitches—1, Mrs. Sharpe's Lyncoote Handicap. Open, bitches—1, J. J. Keays' Oaklands Joy.

Scottish Terriers.
Limit, dogs—1, W. Rostumson's Argyllie Dirk; 2, A. Hogg's Inverary Dirk. Open, dogs—1, Argyllie Dirk.

FIRST PRESBYTERIANS WIN FROM BELMONTS

First Presbyterians, playing their fastest game this season, defeated the Belmont basketball five at the Y. M. C. A. last night, 56 points to 33. The "Pirates" led all through the game.

Forbes, McKinnon and Millard doing some remarkable shooting. Brindley put in some fine baskets for the Belmonts.

First Presbyterian—N. Forbes, A. McKinnon, G. Millard, A. McKinnon, W. Hudson. Belmonts—J. Brindley, Wilkinson, Parfitt, Jones, Knott.

Emley Yeo made a capable referee. The St. Mary's boys defeated the On-we-go's 34 points to 20, after a hard game. St. Andrew's girls won from the Presbyterian "B" team, 14 points to 4. Congo-Centennials failed to field a team against the Metropolitans.

at the Theatre

DOMINION

During the filming of "The Thirteenth Commandment," the picture which is showing at the Dominion Theatre, Ethel Clayton, the star, was forced to go over the same scene five times and nearly brought the wrath of the director on her pretty head because she played it so well! After everyone present had about exhausted their patience, they tried it once more. Miss Clayton lost utterly the charm and sparkle which usually characterizes her work. She floundered through the action like an amateur, making awkward gestures and doing exactly the right thing at the wrong moment. But when the director called "Cut!" and the camera stopped clicking, the man with the megaphone smiled and said:

"That was excellent, Miss Clayton. Just what we wanted. The pretty star had been playing the part of a girl who aspires to a stage career and whose try-out before the director is a rank failure. The scene which caused the difficulty was the try-out. For the life of her, Miss Clayton could not avoid acting with the grace and finesse of the experienced screen player, which, of course, was not at all what she was supposed to do. Only when she threw to the winds all that she has learned in her years in the

Romano—"The Man Hunter."
Royal Victoria—"Two Weeks."

movies did she satisfy the director. "The Thirteenth Commandment" is a screen version of Rupert Hughes' novel of the same name and is said to be a thoroughly enjoyable picture. It is a Paramount-Artcraft directed by Robert G. Vignola.

ROYAL VICTORIA

The newest fad in bathing costumes is one that you can put in your vanity box. This is the style that Constance Talmadge sets in "Two Weeks." But it is not the beach in broad daylight. Goodness gracious, No!

Miss Talmadge, spending a fortnight in the house of three bachelors, slips out at night to take a plunge in the lake. She doesn't hang her clothes on a hickory limb, for she hasn't any to hang. She just folds them up in her vanity box and clad in moonbeams and firefly glow she plunges into the lake.

But horrors, she isn't the only one that bathes by moonlight and she is discovered. And the three bachelors are put to rout. "Two Weeks," Miss Talmadge's latest comedy drama, taken from the play "At the Barn," by Anthony Wharton, will be shown

at the Royal Victoria for the last time to-night. It is the story of the rise of a chorus girl to stardom. She is insulted by her escort at a country place, flees on a truck and finds herself at the home of three crusty bachelors. She vamps them to a finish and all three fall in love with her. Now what could a poor girl do with three men in love with her?

VARIETY

"The ridicule of one unjust person pointing the finger of scorn at a poor unfortunate, has more power to discourage and ruin him, more power to make him a criminal, than can be offset by the kindest statements of a hundred thousand just men." Such is the theme of John W. Noble's sociological drama, "Was She Unjustly Condemned?" now being presented at the Variety Theatre. In other words, it could be said that the theme of this wonderfully entertaining dramatic production might be, "there are no illegitimate children any more; the word should be expunged forever." During the war child life grew more

COLUMBIA

Frank Mayo, featured in "Lasca," the Universal photodrama with Edith Roberts, has changed his opinion about "knock-about" clothes. There was a time when Mayo felt that clothes for roughing it were not expensive. When "Lasca" was made into a photodrama at Universal City, Mayo thought that he was going to play an inexpensive part in the matter of costume. He was sadly mistaken. The leather clothes he wears and the saddle trappings cost the star just \$376. Mayo plays with Edith Roberts in "Lasca," a girl of the screen plays the role of Lasca, the heroic Castilian beauty of the old Rio Grande country. Mayo is seen as Senor Moreland, owner of a vast cattle range. "Lasca" was written years ago by Frank Desprez, and was adapted to the screen by Percy Heath, scenario editor at Universal City. The fast dramatic action of "Lasca" and the memory of the famous old poem from which the film was made should thrill spectators at the Columbia Theatre, where the picture is being shown all this week.

ROMANO

"The Man Hunter," in which William Farnum is the star and which appears to-day at the Romano Theatre, runs from a high social plane to the lowest depths of life. The story itself is thrilling, as it relates directly to Mr. Farnum, but in addition it has some fine touches of varied phases of life. Types of all kinds are seen in it, from wealthy men and women and their debutante daughters to pickpockets and blind beggars, who can see well enough to count their "pickings" at the end of the day. These types can be found in any city, but few cities boast of such a tough-looking gang of rough-necks as are seen in the cheap underground sleeping den in the play. The picture, in fact, is an education in types. The story is a thrillingly good one, as are all of Mr. Farnum's

pictures. He is one of the men of the screen who are making pictures more popular every day with the millions who love a good, clean, thrilling story.

PRINCESS

During the past few years S. G. Clark and W. Taylor have executed many beautiful examples of scenic art and the two scenes in the present production of "The Pirates of Penzance" at the Princess Theatre are no exception, in fact, if anything, they surpass all those two artists previous efforts.

The first scene, the "Interior of the Pirates' Cave," on the coast of Cornwall, is a magnificent setting for the swarthy, beetle-browed swash-bucklers who, brawling drinking or eoque groups about the darkened stage. This scene is quickly succeeded by a glimpse of the sea-shore—a scintillatingly glowing picture for the entrance of a background which is at its best as a background for the entrance of the Victorian maidens comprising the ladies of the chorus. This scene is the work of W. Taylor and its brilliancy of handling is in excellent contrast to the second scene, painted by Mr. Clark, composed of the sombre blues and

JESSE L. LASKY presents
CECIL B. DEMILLE'S

MALE and FEMALE

PRODUCTION
Founded on J.M. BARRIE'S FAMOUS PLAY "THE ADMIRABLE CRICHTON"
Adapted for the screen by JEANIE MACPHERSON

A Woman's Play—A Man's Play

It pictures the passions of the primitive—the culture of civilization—the tempting beauty and rivalry of women—the strength and weakness of men—the terrible majesty of the jungle—the heart-throb of the city—the everlasting fragrance of sacrifice—all merged, moulded, patterned and perfected by the most glowing mind of motion pictures—Cecil B. De Mille. Cold type cannot make you realize its wonders. You can only be convinced by seeing it.

purples and blacks of a ruined chapel by moonlight, a highly successful composition. Without doubt the beautiful setting of "Pirates" has contributed in a large measure to the success of the production.

PANTAGES

Joe Jenny, with his world-famous comedy trio, is headlining at the Pantages Theatre this week in an act that is undoubtedly his greatest vaudeville success. Jenny has returned to the Pantages circuit with a new song and comedy material that is funnier and better than anything he has ever presented, if that is possible. Valand Gamble, the humorous calculator, presents one of the outstanding novelties on the stage. His rapid manipulation of figures, without error, is amazing.

The headline offering of the new bill is presented by Jimmie Casson and Hazel Kirke with an offering of musical comedy vaudeville. Besides their original and restricted song numbers they introduce a series of pleasing dance steps. There are three other outstanding entertainment turns on the programme.

MALE AND FEMALE

Cecil B. DeMille's latest production, "Male and Female," has been staged on a scale more elaborate than any of his previous successes. Critics have named it the screen's most lavish production to date. The picture is an adaptation of the famous play by Sir J. M. Barrie, "The Admirable Crichton." Thomas Meighan plays the part of Crichton, the butler, Lila Lee, Theodore Roberts, Raymond Hatton, Tully Marshall, Bebe Daniels and a dozen other favorites are in the cast, while Gloria Swanson plays the leading role. Something over ten thousand dollars were spent for the gowns worn by Miss Swanson in the picture. The directing genius of DeMille is apparent in every scene. Splendid vistas of land and sea are shown on the screen; the wild dash of waves on a desolate shore; the luxuriance of the tropics; the prowling creatures of the jungle are there, and in this magnificence of nature a handful of poor humans live and toil and lose their social caste. There's a great lesson in the picture; much of splendid photography, and in the cast interpret the Barrie-DeMille characters. "Male and Female" will be shown at the Dominion all next week.

COMING TO PRINCESS.

Percy Hutchinson, the eminent English actor who scored so heavily here in "The Luck of the Navy" last Fall is to return to the Princess for a farewell engagement of two days only commencing Monday, April 26, when he will again present "The Luck of the Navy" as well as his latest success "General Post."

It was originally intended to present "General Post" for the entire engagement, but the demand has been so great from those who were unable to obtain seats during Mr. Hutchinson's first visit here that he has consented to play "The Luck of the Navy" on the opening night of his engagement here. Of this stirring drama, little need be said, as the sensational success of its first presentation makes further comment superfluous.

MARY MILES MINTER RECEIVES NUMEROUS LETTERS FROM FRIENDS

Imagine a girl, not yet out of her teens, who for the past few years has received thousands of letters, who sometimes gets as many as a thousand letters in one day, who has a list of 40,000 persons in this and other lands! The lucky girl who presides over this little league of nations, composed of men and women, boys and girls from more than a dozen different countries, is little Miss Mary Miles Minter, that winsome child who had won the hearts of a large public before she was ten, and who now, at seventeen, with the larger public that the motion picture gives to an actor or actress, is so well known all over the land that she always gets a letter in every mail, and some times as many as a dozen,

from persons all over the world who have made her acquaintance on the screen, and write to tell her how much they like her, to ask for her advice about going into the "movies" themselves, or to ask for some little token from her.

Miss Minter is very proud of her large correspondence, and while it is of course impossible for her to answer in person all the many messages that come to her, she can and does see that every one is courteously acknowledged, for the little lady is as warm hearted and friendly as she is pretty. So a busy secretary spends hours every day answering the dozens of letters that the postman never fails to bring.

Miss Minter is only seventeen years old, and so not yet legally able to

sign her own contracts. Her mother has made her guardian, and last Summer when the word went forth that Realart Pictures Corporation had signed the girl in the biggest money contract ever entered into by one so young, even in that business of big salaries and youthful stars, friends and admirers all over the world sent letters, telegrams and cablegrams of congratulations until even the expert letter writer, the secretary, was literally swamped. It was then, for a period of a week or two, that the daily mail received by this young star swelled to a thousand letters a day. So besides being one of the foremost little actresses of the day, Miss Minter undoubtedly holds the championship as America's greatest letter receiver.

at the Theatre

DOMINION

During the filming of "The Thirteenth Commandment," the picture which is showing at the Dominion Theatre, Ethel Clayton, the star, was forced to go over the same scene five times and nearly brought the wrath of the director on her pretty head because she played it so well. After everyone present had about exhausted their patience, they tried it once more. Miss Clayton lost utterly the charm and sparkle which usually characterizes her work. She floundered through the action like an amateur, making awkward gestures and doing exactly the right thing at the wrong moment. But when the director called "Cut!" and the camera stopped clicking, the man with the megaphone smiled and said:

"That was excellent, Miss Clayton. Just what we wanted. The pretty star had been playing the part of a girl who aspires to a stage career and whose try-out before the director is a rank failure. The scene which caused the difficulty was the try-out. For the life of her, Miss Clayton could not avoid acting with the grace and finesse of the experienced screen player, which, of course, was not at all what she was supposed to do. Only when she threw to the winds all that she has learned in her years in the

Variety — "Was She Unjustly Condemned?"
Columbia — "Lasca."
Romano — "The Man Hunter."
Royal Victoria — "Two Weeks."

movies did she satisfy the director. "The Thirteenth Commandment" is a screen version of Rupert Hughes' novel of the same name and is said to be a thoroughly enjoyable picture. It is a Paramount-Artcraft directed by Robert G. Vignola.

ROYAL VICTORIA

The newest fad in bathing costumes is one that you can put in your vanity box. This is the style that Constance Talmadge sets in "Two Weeks." But it is not for the beach in broad daylight. Goodness gracious, No!

Miss Talmadge, spending a fortnight in the house of three bachelors, slips out at night to take a plunge in the lake. She doesn't hang her clothes on a hickory limb, for she hasn't any to hang. She just folds them up in her vanity box and clad in moonbeams and firefly glow she plunges into the lake.

But horrors, she isn't the only one that bathes by moonlight and she is discovered. And the three bachelors are put to rout. "Two Weeks," Miss Talmadge's latest comedy drama, taken from the play "At the Barn," by Anthony Wharton, will be shown

at the Royal Victoria for the last time to-night. It is the story of the rise of a chorus girl to stardom. She is in-duced by her escort at a country place, flees on a truck and finds herself at the home of three crusty bachelors. She vamps them to a finish and all three fall in love with her. Now what could a poor girl do with three men in love with her?

VARIETY

"The ridicule of one unjust person pointing the finger of scorn at a poor unfortunate, has more power to discourage and ruin him, more power to make him a criminal, than can be offset by the kindest statements of a hundred thousand just men." Such is the theme of John W. Noble's sociological drama, "Was She Unjustly Condemned?" now being presented at the Variety Theatre. In other words, it could be said that the theme of this wonderfully entertaining dramatic production might be, "there are no illegitimate children any more; the word should be expunged forever." During the war child life grew more

DANCE TO-NIGHT AT THE CRITERION

BELMONT HOUSE

precious as every gun expelled its deadly charge on the battlefronts. To-day practically every nation of the world is faced with the great problem of how to offset the great decrease in the national birthrate since the war. The problem of the future must be worked out with each passing day.

COLUMBIA

Frank Mayo, featured in "Lasca," the Universal photodrama with Edith Roberts, has changed his opinion about "knock-about" clothes. There was a time when Mayo felt that clothes for roughing it were not expensive. When "Lasca" was made into a photodrama at Universal City, Mayo thought that he was going to play an inexpensive part in the matter of costume. He was sadly mistaken. The leather clothes he wears and the saddle trappings cost the star just \$976. Mayo plays with Edith Roberts. The charming little girl of the screen plays the role of Lasca, the heroic Castilian beauty of the old Rio Grande country. Mayo is seen as Senor Moreland, owner of a vast cattle range. "Lasca" was written and directed by Frank Desprez, and was adapted to the screen by Percy Heath, scenario editor at Universal City. The fast dramatic action of "Lasca" and the memory of the famous old picture from which the film was sadly should thrill spectators at the Columbia Theatre, where the picture is being shown all this week.

ROMANO

"The Man Hunter," in which William Farnum is the star and which appears to-day at the Romano Theatre, runs from a high social plane to the lowest depths of life. The story itself is thrilling, as it relates directly to Mr. Farnum, but in addition it has some fine touches of varied phases of life. Types of all kinds are seen in it, from wealthy men and women and their debutante daughters to pickpockets and blind beggars, who can see well enough to count their "pickings" at the end of the day. These types can be found in any city, but few cities boast of such a tough-looking gang of rough-necks as are seen in the cheap underground sleeping den in the play. The picture, in fact, is an education in types. The story is a thrillingly dramatic one, as are all of Mr. Farnum's

picture. He is one of the men of the screen who are making pictures more popular every day with the millions who love a good, clean, thrilling story.

PRINCESS

During the past few years S. G. Clark and W. Taylor have executed many beautiful examples of Scenic Art and the two scenes in the present production of "The Pirates of Penzance" at the Princess Theatre are no exception, in fact, if anything, they surpass all those two artists previous efforts.

The first scene, the "Interior of the Pirates' cove, on the coast of Cornwall," is a magnificent setting for the swarthy, beetle-browed swash-bucklers who, brawling drinking or stogie groups about the darkened stage. This scene is quickly succeeded by a glimpse of the sea-shore—a scintillatingly glowing picture which is at its best as a background for the entrance of the Victorian maidens comprising the ladies of the chorus. This scene is the work of W. Taylor and its brilliancy of handling is in excellent contrast to the second scene, painted by Mr. Clark, composed of the sombre blues and

INVALID SOLDIER'S LITTLE SON GAGGED IN CIVIC HOME

Returned Men Join Trustees in
Charges Against Children's
Aid Officials

MAYOR IMPERTINENT; MRS. ANDREWS CHARGES

Returned soldiers are to take up the charges of the maltreatment and abuse of children in the Children's Aid Home made by Trustees Mrs. Andrews and Miss Grimmer, school nurse, against Mayor Porter and other officers of the Children's Aid.

This was announced by Mrs. Andrews at last night's meeting of the School Board. It was explained that one of the children that has been the victim of medieval inquisitorial methods, such as being bound hand and foot and thrust into a dark prison room, is the little son of a soldier now in Craigdarroch Hospital as an invalid still recovering from wounds he received in fighting for his country. There are four other children of this man in the home and their expenses are paid by the S. C. R.

Bread and Water Treatment.

Attorney-General Farris is also starting an investigation into the conduct of the home as a result of information concerning what goes on there which was placed before him by Mrs. Andrews and a number of other Victoria women.

Mrs. Andrews told the trustees of how three women went to the Children's Aid Home to find out about what has been going on there. One of these women was Miss Grimmer, who went not in the capacity of school nurse, but as a private citizen interested in humanitarian work and in response to the detestation in the hearts of women who had been alarmed by reports of how children were being treated. They were also to try to find out about the detention in dark closets in the fashion of the Middle Ages and the prison fare of bread and water.

Blocked in Inquiry.

Mrs. Andrews explained that this delegation of women just wanted to talk the matter over quietly with the committee of the home. But when they got there they were put into a room and left there. They waited and waited and then finding that their afternoon was about gone, they went and knocked at one of the doors to attract attention. When they tried to find out a few things, Mrs. Andrews said, the women in charge nearly went into hysterics.

Mayor Criticizes Nurse.

Mayor Porter wrote to the School Board last night calling the attention of the trustees to the conduct of Miss Grimmer, and stating that the committee of the Home "regret very much that Miss Grimmer seems determined to continue in the past her administration of a general nature reflecting on the administration of the affairs of the Society without being courteous enough to give the committee the information which she appears to possess."

The Mayor asked the Board "to intimate to Miss Grimmer that she is not acting in the best interests of the children in the Home by pursuing such tactics."

He asked for detailed statement of all the facts upon which Miss Grimmer bases her charges and the source of her information.

Says Mayor Impertinent.

The trustees decided that Miss Grimmer should support her charges by the statements demanded by the Mayor.

Mrs. Andrews charged Mayor Porter with impertinence and said that in the handling of the situation since the disclosures were made last month he has not been trying to make things easy to bring about a settlement or betterment of conditions. She also declared that Mayor Porter has been guilty in the past of such practices as urging teachers and other employees of the School Board to write letters on certain other matters to the Board.

Referring to the foregoing letter, Mrs. Andrews said: "I consider it a piece of impertinence for the Mayor to send such a thing to the School Board about one of their employees. The Mayor wrote a letter about Miss Grimmer and myself and he was not courteous enough to send it to the School Board or to us first, but rushes off and publishes it."

Right to Protect Children.

She also referred to statements the Mayor had been making about her in newspaper interviews.

Mrs. Andrews declared that Miss Grimmer had the right to interfere in the Children's Aid Home in her capacity of school nurse, when she had found that the health of the children was being injured by ventilation room treatment and feeding on bread and water and absence from school. But in her visit to the home she was acting as a private citizen.

Chairman Riddell ruled Mrs. Andrews out of order while she was dealing with some of the contentious points concerning the conduct of the Mayor in connection with the charge, but Mrs. Andrews refused to be silenced.

TRUSTEES WANT HATCHET BURIED

Seek to Gather Mayor and
Aldermen in Friendly Meet-
ing Over Estimates

The breach between the City Council and the School Board was further widened last night when aldermen were charged with discourtesy towards the trustees.

The trustees at the School Board meeting were officially informed that Mayor Porter and the aldermen disapproved of the extraordinary school estimates amounting to \$29,975 for new school sites, furniture and equipment.

"Why has the Council not given us the opportunity to meet a committee

"GOOD TEETH-GOOD HEALTH"

COLGATE'S RIBBON DENTAL CREAM

A COPY of these instructions, printed on good paper, will be mailed free upon request to any who desire to keep this chart where it will be a practical guide to proper care of the teeth—in bath-rooms, schools, etc. Write for Tooth-Cleaning Chart.

How to Brush Your Teeth

With Pictures especially posed for this announcement under the direction of a Dentist of long experience.

SLAP-DASH tooth-brushing allows food particles to lodge between the teeth. Decay sets in, protective enamel is destroyed, a cavity appears and finally the nerve is exposed. Proper brushing of the teeth twice a day with Colgate's Ribbon Dental Cream and seeing the dentist twice a year will prevent serious trouble. The simplest rule is the best—"Brush the teeth the way they grow"—from the gums.

Follow the pictures. Then, with a brushing of the tongue, gums and the inside of the cheeks, your mouth will be refreshed and wholesome. Everyone in your household should read this instruction sheet.

Start the Day Right— with COLGATE'S

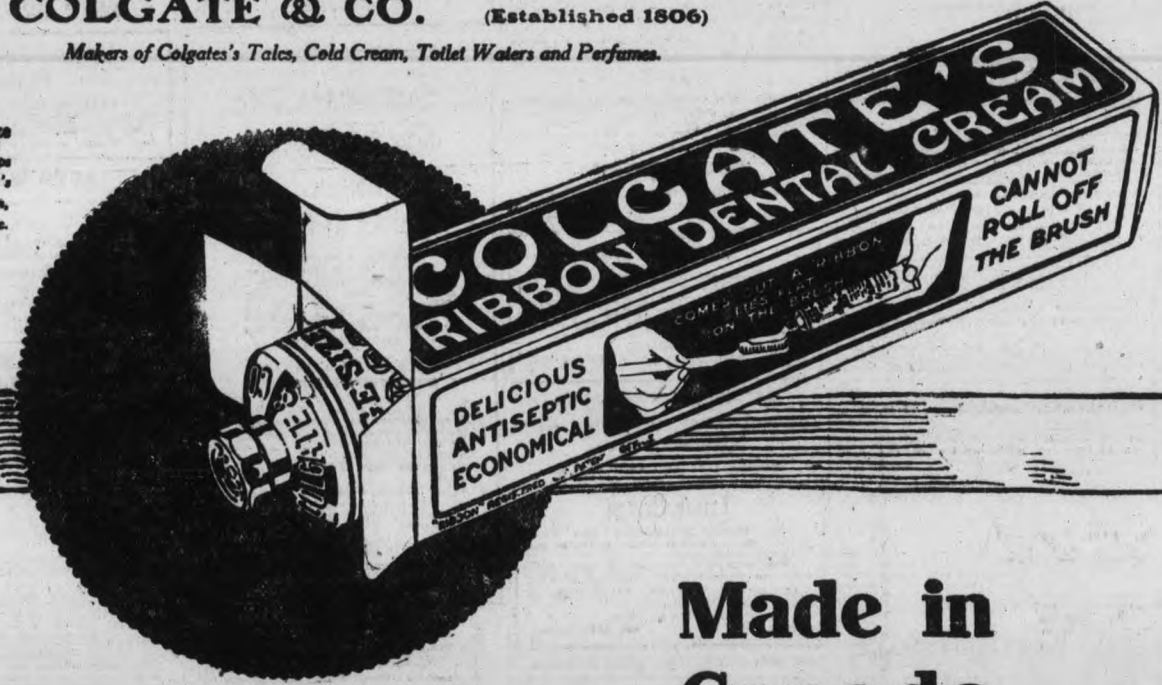

The normal condition of the clean mouth in perfect health is mildly alkaline. Colgate's Ribbon Dental Cream is mildly alkaline and is opposed to the acid condition which causes tooth decay. And it is so deliciously flavoured that its use twice a day is a treat, not a task—especially for the children. Colgate's brightens the morning smile.

... and go to Bed with a Clean Mouth

When you go to bed with teeth unbrushed, you give the germs an eight-hour start on their work of destruction. These enemies of the teeth are most active while you sleep because the mouth is at rest; they work undisturbed. Colgate's is recommended by more dentists than any other dentifrice. It is safe to use every day, because it contains no harmful drugs or harsh grits.

COLGATE & CO. (Established 1806)
Makers of Colgate's Toilets, Cold Cream, Toilet Waters and Perfumes.

ing Over Estimates

The breach between the City Council and the School Board was further widened last night when aldermen were charged with discourtesy towards the trustees.

The trustees at the School Board meeting were officially informed that Mayor Porter and the aldermen disapproved of the extraordinary school estimates amounting to \$29,975 for new school sites, furniture and equipment.

"Why has the Council not given us the opportunity to meet a committee

from their body and discuss these estimates?" asked Trustee Beckwith. "They treated us with great discourtesy."

"It was up to the City Council committee to notify the trustees when they were ready to meet, but they didn't," explained Chairman Riddell.

By-Law Proposal Absurd.

"It does seem to me that it would be within the line of possibility for two business bodies to get together and discuss matters such as these without going to the enormous expense of submitting by-laws to the electors, which is what the council's refusal means," Trustee Beckwith continued. "I felt that we would be called on to meet the council and go into the whole thing, but now they say the matter is all settled."

"The council has the right to give us that money without submitting it to by-law, and that is the advice of our solicitor," said Trustee Mrs. Andrews.

"The proposal to submit three by-laws is a most absurd proposition," said Trustee Beckwith.

The trustees decided to try to end the breach by arranging a friend-

ly joint meeting, the feature of which it is proposed will be the ceremony of burying the hatchet.

FINE HOLSTEINS TO GO TO QUEENSLAND

Herd of Twenty-seven Will Be
Shipped on Waimarino;
Some From Island

Twenty-seven blue-bloods from the purebred Holstein herds of British Columbia are going to start for Australia on the Canadian-Australian freighter Waimarino about the end of the month. Quarters have been arranged for them on the deck, aft, and a big stock of grains and hay brought down from Vernon to keep them on their long journey. The animals have been collected

by Mr. J. F. Simmonds, formerly of the Colony Farm, for Mr. Fred G. Brown of Toogoolawah, Queensland.

Second Shipment.

This is the second shipment of purebreds that Mr. Simmonds has taken to Australia, the initial herd being seven head that he took over last fall for Major E. F. Finlay of Sydney University. These seven animals made such a good impression on the dairymen and stockmen of Australia that Mr. Simmonds had no trouble in obtaining the order for the present lot, and he anticipates the development of a great industry provided the British Columbia stockmen and business interests assist the undertaking. By this he means that the demands from the Australian stockmen should be carefully met, and the mature animals supplied should be those of which registered milk and butter-fat tests have been made.

A Great Future.

There is a great future to this business," said Mr. Simmonds today. "I obtained my livestock experience during 1913-19 while employed at the Colony Farm. I am an Australian and have always felt that the animals of British Colum-

bia would meet favor in the antipodes. Last fall I made the plunge, and it was successful. To-day British Columbia Holsteins are among the most highly regarded cattle. The stockmen look to America for their new blood. They prefer trading within the Empire and consequently favor Canadian animals in every way. The United States breeders are very anxious to get a footing in the market there, but they will not let the Canadian breeders supply the demand. If Canada wants to hold this trade it must supply the requirements. Otherwise United States will get it. I have heard some people say that we wanted out cattle here in Canada, and not exported. That is a wrong attitude. The life of the purebred industry depends on the spreading of the demand. This ship-

ment which I am now taking over is composed of animals selected carefully from the representative herds of the Province, as it was my desire to show how broadly the purebred industry was established in the Province."

From Vancouver Island.

Mr. Simmonds has the distinction of being the first man to take purebred animals from America to Australia. The present shipment consists of 16 cows and yearlings and the rest calves, including four bulls. They are from the herds of J. M. Steeves, of Steveston; Captain Erskine of Lulu Island, Captain Cates of Bowen Island, the Colony Farm, the Experimental Farm at Agassiz, Mr. H. Bonnell of Chemainus, Mr. L. F. Solly of Westholme, Mr. G. T. Caulfield of Duncan. All are registered purebreds. There are two daughters of Westport Lad, one daughter of Sir Ormsby Colanthe Bonastone, one daughter of Aggie Cornucopia Neuman, one of Colony McKinlay Segis.

Before buying here Mr. Simmonds made an exhaustive tour of California, Oregon and Washington in search of choice animals, and finally decided he could obtain the best in British Columbia. He stated to-day

that the Shorthorn and Hereford breeders of Australia were becoming active with regard to Canada and that scouts were already in Kamloops district and in Alberta looking for good stock to send to Australia. The voyage will take 22 days sailing, and the animals will be in quarantine for 60 days after arrival in Australia. Mr. F. G. Brown, purchaser of the herd is a rich mine owner who is going into the purebred Holstein business on a large scale.

THE OLDEST MAN LIVING

If asked about his corns would say they didn't bother him because he always used Putnam's Corn Extractor. For fifty years "Putnam" has been the favorite because painless and sure. Try only "Putnam's," 25c. at all dealers.

THE FATE OF HEROES

Father (endeavoring to blend instruction and amusement)—"Yes children, Mr. Lloyd George saved his country just as Joan of Arc saved France."

Bright Child—"And when are they going to burn Mr. Lloyd George, daddy?"—London Passing Show.

Fairfield
\$2,500

7-Room Semi-Bungalow with Hardwood Floors and Hot Water Heat.

THIS CHARMING HOME, situated in a most desirable part of the city, was built under the owner's supervision. It is a modern, comfortable, and convenient home, with a large reception hall with paneled walls and built-in buffet, a living room, taking in the full front of the house, giving a fine large room with paneled walls and handsome open fireplace. The dining room has paneled walls, beamed ceiling, and well designed built-in buffet. A good pass pantry, with modern conveniences, leads to a bright, cheerful kitchen; also on this floor there are two bedrooms. Upstairs there are two bedrooms and large weather-proof sleeping porch. The woodwork and construction throughout are of the finest. The basement is exceptionally good with stationary tubs, first-class hot water heating plant in perfect order. The lot is a beauty, with solid concrete drive to the garage. Splendid lawn.

THIS IS THE BEST BARGAIN IN FAIRFIELD.

BEWARE OF TENDER GUMS

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth.

Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills. To avoid Pyorrhea, visit your dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.

FORHAN'S FOR THE GUMS

Open at 7.30 a.m. for Your Convenience
When you come here, we always offer you first our highest grade suitable for the work you have to do. It pays you to buy that. If you want something cheaper, ask for it. We have that also.

FORRESTER'S PAINT STORE
1304 DOUGLAS STREET, Near Yates

High School Cadet Ball Friday, April 16. Ozard orchestra. Dancing 9-1. Admission \$1.50. By permission returned officers and men may wear uniform.

ONE-THIRD FROM MEXICO

Land of Carranza is Greatest Crude Oil Producer and is Big Factor in United States Output.

New York, April 15.—Fuel oil consumption is making the largest gains in the Eastern part of the United States. This is shown by a decline of 57,700,000 gallons in stock of fuel oil in Eastern refineries during 1919 in the face of an 80 per cent. gain in production. In January, 1919, approximately 81,800,000 gallons of fuel oil were manufactured, compared with 147,500,000 gallons in December of the same year. Stocks were reduced from 129,000,000 gallons at the end of January to 71,300,000 at the end of December.

The importance of Mexican crude to the fuel oil situation can be seen by the fact that 95 per cent. of the fuel oil produced in the United States is chiefly through larger receipts of the Mexican crude product.

The fuel oil situation in other parts of the United States remained generally uniform during 1919. Production in the various refining centers showed only slight changes from the average. In the Oklahoma-Kansas division monthly total production of fuel and gas oil ranged from 95,000,000 to 113,000,000 gallons; in the Texas-Louisiana division, from 134,700,000 gallons to 139,800,000. In California, the low mark was 172,600,000 gallons and the high 213,700,000.

Recent domestic oil production figures show that the heavy oil output of the United States available for the manufacture of fuel oil amounts to less than 350,000 barrels a day, or about 35 per cent. of our total crude oil production, the chief heavy oil sources being the Gulf Coast fields of Texas and Louisiana, and the California fields. Imports of Mexican falling short of about 180,000 barrels daily, showing that of the 530,000 barrels of heavy oil available for American refineries, more than 30 per cent. comes from Mexico.

Recovery by Britain Steadily Reflected in Fiscal Barometers

By Boersman, of The New York American.

Sterling exchange around \$4.00 (a rise of 82 cents in two months) were in itself sufficient to account for the dashed stock market; for up to a certain point England's stabilization means America's fortification. Alone in economic strength, America would not feel comfortable. England's companionship must be comforting.

Beyond a point there is danger for the United States. But for the present England's reticement is eminently desirable. This is steadily reflected in fiscal barometers. Yet, whoever questions Europe's solvency as a whole is put down a misanthrope who should eliminate himself as a forcible element. History is glibly quoted against him.

There was Prussia in the Seven Years' War. The mere contributions levied by the invaders were appalling, and the value of what they exacted was probably much less than the value of what they destroyed. Farms were uncultivated. The very seed corn had been devoured in the madness of hunger. Famine and infectious diseases produced by famine had destroyed the country's animals.

The population of the kingdom had decreased by 10 per cent. A sixth of the main population had perished on the battlefields. Women had to harvest what crops there was to garner. The wayfarer passed shuddering through a succession of ruined villages, in which not a single inhabitant remained. The currency had been woefully debased; the authority of laws and magistrates had been suspended; the whole social system was on the verge of chaos. Civil functions were left unpaid; in some provinces civil government altogether ceased to exist.

Later, in France, following the Red Terror revolution, a large part of the nation was devastated. Roads had become impassable. Canals were destroyed. Hunting grounds and castles had been made the shining mark of vandals. Public and semi-public edifices were in ruins. Money (assignats) was so much paper. France was absolutely destitute of credit. A loaf of bread advanced to 150 francs. Eggs were thought cheap at 2 francs each. Potatoes might be had at 250 francs a bushel. A turkey brought 2,000 francs. Shoes were 1,300 francs a pair, and so on.

And, yet the sanguine chroniclers of to-day remind us, Prussia emerged from her dire distress triumphant. Within a decade Frederick the Great could say to his neighbors, his former enemies: "We have risen to greater strength and prosperity." France came from the blood and out of the ashes of the revolution the leading nation of Europe—or at least of the continent, for nothing was decided until Waterloo.

With these two examples in memory why be skeptical of what the continent can now do, the critical are asked.

One reason, because the sanguine chroniclers pass over important economic facts and fail to make a comparison with these. Prussia—or the Germany of Frederick—had no exterior debts and was not confronted with severe indemnities. On the contrary, she came off with a rich province, Silesia, added to her dominions. Frederick had managed so that even the interior loans were easily borne.

The terrorists, in France, had repudiated the debts of the predecessor governments after the manner of the Bolsheviks of to-day. They began with a clean slate financially. Napoleon, in turn, not only indorsed the repudiation of the terrorists, but he refused to redeem the assignments of the revolutionaries; he too began with a clean slate and wrought so well throughout his martially turbulent reign that at the end of it France owed no more than at the beginning, for the French army always paid its way in that the enemy country was made to pay it day by day. Napoleon was far more saving of France's francs than of her lives.

To-day the "fact" is so sheer that a comparison is impossible. Germany's debt has multiplied fortyfold since 1914, and the Ebert government has printed and circulated every week more than 1,500,000,000 paper marks.

An exorable investigator finds you could tie up great bundles of Austrian paper money, put them on your back and stagger away; and instead of having your fortune, as you might imagine, you would be carrying away little more than bundles of old paper which a fishmonger might buy in which to wrap his fish. Russia, Turkey and the Balkan countries do not call for a serious discussion financially. As well discuss the possible solvency of a prospective—lost moratorium.

Italy comes out with more territory, but with future budgets which a super-mathematician could not balance, however, he might strive with abstract mathematics. France also added to her dominions, but she irrevocably lost something which to her is more precious than land—her best blood. A retrograde nation physically before the war, the loss of 1,500,000 young men jeopardizes more than ever her ability to forefend race suicide. And her debt is colossal.

But Great Britain is now as detached from the continent financially as she is physically.

QUICK CHANGES IN NEW YORK MARKET

Firm Opening Followed by Sudden Break; Sharp Rally at Close

(By Burdick Bros. & Brett, Ltd.)

New York, April 15.—Higher prices were the order in to-day's early dealings in the stock market. Vanadium Steel, the oil shares and some of the equipment and independent steel issues were featured. To ward mid-session a rise in the call money rate to twelve per cent. put the bulls to flight and stocks were thrown overboard at quickly receding quotations, many of the active favorites losing three to five points. Vanadium Steel, the oil shares, American Beet Sugar and Studabaker received support on the decline and when the market turned upward toward the close these issues quickly recovered their early losses. The close was strong, comparing favorably with yesterday's final closing. Call money loaned at nine per cent. just before the close.

GRAIN-MARKETS RESUME ADVANCE

(By Burdick Bros. & Brett, Ltd.)

Chicago, April 15.—Another advance of two to three cents in corn futures and one to two cents in oats was registered to-day. At no time during the session was there any sign of weakness in the market. There were plenty of bears, but the property corn and oat will selling well above all futures. The more distant futures in both grains were the strongest to-day, the May deliveries being inclined to lead. Closing prices represented new high marks and were practically at the day's high.

Dec.	86	85	86

TO-DAY'S TRADING IN WINNIPEG MARKET

Winnipeg, April 15.—The feature of the cash markets continues to be the light offering, while to-day the demand was exceptionally keen for oats, barley and rye. Notwithstanding the big advance made in the futures, the cash spreads were practically unchanged.

Nov.	23.20	23.87	23.20	23.84

TICKER NEWS SUMMARY

New York, April 15.—Strength in the stock market now is referred to as discounting the settling of the railway strike. Realization of that development is, expected in some quarters to cause a burst of buying followed by a profit taking wave.

SUGAR UP AGAIN

San Francisco, April 15.—A basic price of 17 cents on refined sugar in carload lots was declared by the Western Sugar Refining Company here, a raise of 1 1/2 cents a pound over previous quotations. It is expected that the retail price will be 20 cents a pound. The California-Hawaiian Sugar Company is maintaining a basic price of 15 3/10 cents at the refinery.

POTATOES UNDER BAN

Seattle, April 15.—Potatoes, now soaring around \$200 a ton, or 10 cents a pound, are to disappear from the eventful most plentiful of restaurants and hotel tables in Seattle, the Seattle Caterers' Association has decided. The order effective in all Seattle restaurants and hotels will be operative on Friday. Stocks of potatoes hotelmen have on hand will be turned over to farmers to use as seed.

STEWART BRITISH COLUMBIA

For a short time we are able to offer shares in the SALMON RIVER SILVER MINES, LIMITED (Non-personal Liability) at the price of Fifteen Cents Per Share, and recommend them as one of the best mining opportunities in the Stewart District. The location of the property, which consists of three claims is ideal, being just 3,000 feet north of the Big Missouri River and is bounded by much well-known mining camps. The Silver Tip and Silver Crest. The capital of the Company is only \$50,000, and the low capitalization gives a splendid opportunity to the small investor to get in on what is practically the ground floor. Sales of other properties which they have accepted stock in payment instead of cash, and have furthermore placed their stock in escrow until July, 1920. The purpose of the Company is to rush development with a view to disposing of the property at a large profit to the shareholders. The price of the shares is almost certain to be advanced. Send in your order for a block of shares at once, or call at the office for further information. Shares can be purchased in blocks of \$15.00 and upwards. Terms, enclosed cash balance in thirty and sixty days.

THE SILVER CREST MINES LIMITED

It's no use waiting for your ship to come in unless you have sent one out.

Silver Crest Mines, Limited
(Non-personal Liability)
Authorized Capital, 2,000,000 Shares—Issued, 1,300,000 Shares
Par Value 25 Cents

OWNING AND DEVELOPING ELEVEN MINERAL CLAIMS IN THE FAMOUS SILVER DISTRICT OF SALMON RIVER, B.C.

Silver Crest Mines, Limited, was incorporated last Fall for \$500,000, divided into 2,000,000 shares of par value of 25 cents. Preliminary work was done on the Company's claims last Fall. If the development work planned for this season approaches the showings of last year Silver Crest will become a bonanza Silver mine. Arrangements are now being made to vigorously prosecute development as soon as it is possible to get in camp equipment, machinery and supplies which have been purchased. All arrangements have been made to put on an initial force of ten men. The operations will be in charge of Mr. F. W. Racey, M. E., one of British Columbia's well-known and successful engineers. This is the only Salmon River Stock as yet listed on the Vancouver Stock Exchange. It has been in good demand at steadily advancing prices. The floating supply of this stock is limited. We advise the purchase of Silver Crest now and thus secure an interest in a property in what looks to old mining men like the greatest Silver camp in the world. We believe Silver Crest offers exceptional opportunity for mining investors.

OBITUARY RECORD

The death occurred suddenly, April 14, at the St. Joseph's Hospital, Gladys Lyons, aged 16 years, daughter of Mr. and Mrs. Charles Lyons, of 1058 Pembroke Street. She is survived by her parents, three brothers and one sister. The remains are resting at the Thomson Funeral Home pending funeral arrangements, which will be announced later.

The remains of the late Foo Lung, who met his death by drowning at Shawinigan Lake, arrived in the city last night, and were laid at rest in the Chinese cemetery this afternoon at 1 o'clock. The burial arrangements were in the hands of the B. C. Funeral Chapel.

The remains of the late Mrs. Marie Young, wife of Peter Young, of Keating, were laid to rest in Ross Bay Cemetery yesterday afternoon. The service was conducted in the B. C. Chapel at 2.30 o'clock, the Rev. H. S. Osborne officiating. There was a large attendance of friends and a large floral offering covered the casket. Two hymns were sung, "Abide With Me" and "Peace, Perfect Peace." The following acted as pallbearers: A. Anderson, O. E. Cruise, D. McCall, F. Young, F. Homer and A. Lind.

Pimply Face? Drive 'Em Away This Very Night

Simple and Inexpensive Way to Clear Up Sallow Complexion YOU GET RESULTS QUICKLY

An easy way to freshen up the dulled, sallowest skin is to purify the blood, clear it of all humors, and enrich it by the regular use of Dr. Hamilton's Pills.

Not only will Dr. Hamilton's Pills put roses in your cheeks and brightness in your eyes, they will do wonders for your general health, and quickly make you feel and look like a new person.

Impossible to have headache, indigestion, or bilious fits if you tone the system with Dr. Hamilton's Pills. Neither will you have torpid liver, constipation, or bad breath. Your whole body will be cleansed, purified, strengthened.

To get back lost looks and to restore falling health to better medicine for man or woman than Dr. Hamilton's Pills could be recommended. For forty years the Catarhozone Co. have sold them under guarantee in 25c boxes.

COLUMBIAN HOSPITAL TO HAVE TWO MORE DIRECTORS OF BOARD

Legislative Press Gallery.

Morning Session, April 15.—A bill was introduced into the House this morning to enable the Board of Directors of the Royal Columbian Hospital, New Westminster, to increase the number of directors from 12 to 14 in order to provide for two representatives of the Fraser Valley Medical Association.

WHAT THE CLUBS ARE DOING

A limit on membership of 250 has been placed by the directors of the Vancouver Kiwanis Club. Members who absent themselves from attending four consecutive meetings or who fail to pay their dues for three months are not active and sufficiently interested in the work of the organization may be declared to have forfeited membership. Several classifications have already been declared forfeited.

Entertain Soldier Patients.
Through the combined efforts of the New Westminster Symphony Orchestra, the Kiwanis clubs of New Westminster and Vancouver, Mr. Marlow, O.C. of the Fairmont Hotel, and the Y. M. C. A. military service department, the soldier patients of the hospital and a number who were taken from the Military Annex at the Vancouver General, were given a musical treat Tuesday evening.

Will Have Building Material.
Cumberland—The material for the proposed memorial hall at Cumberland will be ordered almost immediately, as everything is now in order to proceed with the work, and members of the G. W. V. A. are looking forward to having a building in the near future that will be a credit to the city and all those who so kindly assisted towards its necessary expenses of the erection.

FARMING AT SAYWARD.

Sayward—Farming operations will soon be in full swing in the valley. As the weather for a considerable time has been very fine and warm, the trees are leafing out, and the stock is out on green pastures. The last boat to arrive brought three fine teams and seventeen head of cattle, also the necessary machinery for the returned soldier's shingle mill.

NANAIMO MEMORIAL.

Nanaimo—Dallas Square will be the site of the War Memorial, the exact spot to be chosen by the properties committee, the memorial committee and J. E. F. Millins, the architect of the memorial.

SECOND YEAR COURSE TO START IN FALL

Inspector Paul Wins Out in Fight For Education Extension Here

Members of the School Board learned at their meeting last night that establishment of the Victoria university course at the Victoria High School will actually be a fact next Fall, following the success that has crowned the efforts of Municipal Inspector Paul, Trustee Mrs. Spofford and Trustee Beckwith.

The re-establishment of the course here which has been resisted by the Senate of the University of B. C. was taken before the Government by local educational authorities and the fight for Victoria won.

It was explained by Trustee Beckwith last night that the college will be located in the High School, but will be entirely independent of that organization. There will be a separate college principal and staff to be chosen by the school board in conjunction with the Provincial educational authorities. The same scale of fees will be in force as at the University in Vancouver.

ENGINEERING INSTITUTE

Paper is Read by E. P. Girdwood on River Protection.

At the meeting of the Victoria Branch, Engineering Institute of Canada, at the Provincial Library last evening, E. P. Girdwood, M. E. I. C., gave a paper on River Protection, Roads, Bridges and General Engineering Construction, chiefly in British Columbia. The lecture was illustrated with about 120 photographs, showing methods of protecting river banks from the erosion of fast flowing rivers, and the construction of roads and railways alongside water courses, which necessitated difficult side-hill cuttings. Bridges of various types and sizes were shown, and described regarding construction methods and results. An illustrating the difficulties engineers experience in designing and carrying out work in country about which little is known, the speaker gave details and views along the C. T. P. Railway, where owing to the river, alongside which they were located, backing up for over four miles, it was necessary to raise the grade, and the bridges fifteen feet above the height originally intended.

The views along some provincial highways not only showed good roads of moderate grades, but also beautiful views and scenery unsurpassed anywhere.

"BE KIND" WEEK SOON

May 2 to 9 to be Observed in Schools For Better Treatment of Animals.

Plans to have all children in Victoria schools be especially kind to animals for just one week are really not needed in Victoria, as the school children here are naturally humane, and do not have to be coerced, unless they become thoughtless.

Superintendent Paul informed the School Board last night that this is the result of his observations, when the Trustees decided to have all teachers and pupils observe a "Be Kind to Animals Week" from May 2 to 9.

"Every person is asked to co-operate in this plan for the better treatment of our lesser brothers which will thereby redound to the benefit of humanity generally," Miss Dora Kitto wrote the Board. "The foundation of all such work lies with the children. Our idea is to encourage the spirit of kindness in every way for that period particularly."
