Organized Polish Forces Seize Silesian Territory

Oppeln, Upper Silesia, May 4.—Organized Polish forces, estimated at 20,000, have occupied all of Upper Silesia south of a line running from Kosel to Tarnowitz, with the exception of a few large towns, and are moving farther northward, according to information supplied by a member of the Inter-Allied Commission here to-day.

To-day, according to this source, the Poles are marching into Gross Strehlitz, north of the line mentioned, in full military order, using motor lorries and being supplied with rifles, machine guns and dynamite.

Italian troops at Rybnik, well south in the plebiscite area, comprising a regiment of infantry and two machine gun companies, are surrounded by 3,000 Poles and a pitched battle has been going on for several hours, the information stated this afternoon.

The Italian known dead are three officers, one of them of high rank, and twelve privates.

Several more were killed in riot in Jaffa.

Communication to Berlin Prepared by Allied Commission

Intention Is to Forward Statement of Liabilities to German Government At End of This Week; Reparations Commission Busy.

London, May 4.—The Allied Government's financial plan for Germany, which seemed to be a completed document yesterday, was being separated to-day by members of the Reparations Commission into two parts.

It is not possible to determine yet precisely what specifications will be presented to Germany, but according to present intentions the Reparations Commission will send to the German Government Friday a bill of liabilities, strictly in compliance with the Treaty of Versailles, while simultaneously the Allied Governments will send another part of the plan, as a modification of the treaty favorable to Germany and which she can accept or not.

It was explained to-day that which was being studied now was questions of form rather than of essentials.

Brought Staff.

London, May 4.—Fifty persons making up the staff of the Allied Reparations Commission accompanied members of that body to this city from Paris.

The Commission met financial experts of various Governments this afternoon and examined plans agreed upon by the Council regarding the payment of reparations by Germany as well as on the Reparations Commission and the issuance of bonds.

It was announced that the Commission would take part in the meeting of the Supreme Council, which was to begin at 3 o'clock.

Invitation.

Washington, May 4.—Possibility that the influence of the United States in reparations settlements with Germany had not ended with the dispatch of Monday night's communication regarding the counter-proposal to Berlin was seen to-day in the invitation of the Allied Supreme Council to have American representatives among its members as well as on the Reparations Commission and the Council of Ambassadors.

An official statement of the American position will be made when the invitation is formally received here.

WANT EXCISE TAX TO BE REMOVED

Local Photographers Organize; Say Tax Retards Business

Removal of the excise tax on photographic work is asked for in a resolution passed last night by the Victoria members of the Photographic Association of the Pacific Northwest.

"This tax has the appearance of being a luxury tax, but it is not," said one of the members. The tax applies to all photographic production and is really a serious restraint on the free circulation of scenic and other photographs which is to-day recognized as the very best class of advertising any progressive district can have.

CARE REQUIRED IN OIL INVESTMENTS

Ottawa Officials Speak of Norman Field

Ottawa, May 4.—"Present indications," says a statement issued by the Department of Mines, "are that the reported discovery of oil below Fort Norman on the Mackenzie River may prove to be one of the outstanding events of the mining industry of Canada."

Officials of the Department emphasize, however, that indiscriminate purchase of stock in many of the petroleum oil companies that are being formed with the avowed purpose of acquiring petroleum claims in the Mackenzie River basin can not be commended.

Prospecting for oil under the best conditions is extremely hazardous. Haphazard staking of claims for speculative purposes is to be discouraged, and it will probably be found later that the great majority of these claims, acquired merely in the hope that they could be turned over to companies prepared to sink wells, will be left on the hands of the speculators, with resultant heavy loss to the unfortunate stockholders.

Sir James Loughheed, Minister of Mines, announces publication of a revised edition of the departmental report of the Mackenzie River Basin. Inquiries are being received by the Department from all parts of the world.

GERMAN CABINET HAS DISCUSSION

Ministers Talk Over London Developments

Berlin, May 4.—The German Cabinet met this morning in anticipation of a discussion of developments at London. A meeting was held yesterday, but no action was taken regarding the reparations problem.

Just how long the Prehnenbach Cabinet will continue in office is believed to depend on the nature of the ultimatum being sent to Berlin by the Allies and the attitude assumed by the Reichstag. The preliminary situation had not been wholly clarified last night.

No New Offer.

London, May 4.—Reports that new German proposals regarding the reparations question had been received which were current in this city last night were denied this morning by Louis Loucheur, French Minister of Liberated Regions, and one of the principal figures in the French delegation attending the meeting of the Allied Supreme Council.

No Basis.

London, May 4.—A German official dispatch from Berlin this afternoon said there was no foundation for the report that the German Government had made a new reparations offer to the Allies.

CANADIAN SHIP TAKES CATTLE TO PORT OF CARDIFF

London, May 4.—(Canadian Associated Press)—Cardiff is the only port on Bristol Channel licensed for the admission of cattle for immediate slaughter, and a Canadian ship with a consignment of Canadian cattle is due there in May. It is nearly fifty years since Cardiff received a cargo of Canadian store cattle, and the resumption of the trade is causing much local satisfaction.

PENALTIES FOR DRUG TRAFFICKERS

Commons Did Not Adopt Flogging Proposal Ottawa, May 4.—H. H. Stevens, member for Centre Vancouver, made some drastic amendments when the House was in committee on the bill presented by Hon. J. A. Calder, Minister of Health, yesterday afternoon, to amend the Opium and Narcotic Drug Act. Mr. Stevens declared that the present penalty clause was very light. He proposed to substitute a new one. The penalties proposed by Mr. Stevens were: 1. A person guilty of an offence under the act is to be liable on an indictment to imprisonment for seven years, or, if convicted upon summary proceedings, to a fine of from \$200 to \$1,000 or imprisonment for eighteen months, or to both fine and imprisonment. 2. A person convicted of giving or distributing the drug to a minor is to be tried only on indictment, and is liable to whipping as an additional penalty. To Mr. Stevens' amendment S. W. Jacobs offered a sub-amendment striking out the flogging penalty, and after considerable discussion the Jacobs sub-amendment was carried. The flogging penalty therefore failed to pass. Mr. Stevens declared that in Vancouver, and probably in other large cities, persons in the drug traffic had been engaged in distributing drugs to school children, and that a large number of boys and girls had been ruined by this practice. He knew of no crime which was as heinous as this, and he believed a very severe penalty should be provided. Whipping might be inhuman, but it might prevent the ruin of scores of young lives. Every year numerous men and women on the Pacific were ruined by deliberately concealed illegal distribution of drugs. A ring existed on the Pacific Coast which had the police completely baffled, principally because the penalties were not commensurate with the crime.

POLITICAL BODY OF VETERANS URGED

Winnipeg, May 4.—Amalgamation of all soldier organizations on a political basis, with a view to complete re-establishment of all ex-service men and women and dependents of all who made the supreme sacrifice, was recommended at the first meeting of the committee of the Grand Army of United Veterans, representing approximately 70,000 members in Canada and 2,000 in the United States. The committee appointed a committee to submit further details as to the best method to bring amalgamation about. Resolutions dealing with amendments to the pension regulations, appointment of a re-establishment committee in each military district to grant loans to ex-service men; interest free for two years, to enable them to re-establish themselves, and concerning forfeitures under the Soldier Settlement Act were unanimously passed. The latter recommended that men purchasing improved farms under the Land Settlement Act be not required to forfeit the settlement grant at the present, and that all ex-service men who have purchased improved farms from the Board, and having returned them again to the Board, be entitled to soldier's grants and privileges of the Act relating to soldier settlement of improved lands.

WAGE REDUCTION IS ARRANGED BY U. S. STEEL

New York, May 4.—A reduction of about twenty per cent. in wages for day labor, effective May 16, and an equitable adjustment of other rates including salaries, has announced yesterday by Elbert H. Gary, chairman of the board of directors of the United States Steel Corporation. It is estimated that between 150,000 and 200,000 employees are affected. Mr. Gary also stated that the Corporation had found no practicable basis for the entire abandonment of the twelve-hour day in the immediate future. He added that the twelve-hour shift had been eliminated in certain departments, and that efforts would be continued with the expectation of eliminating this feature within the next year. He did not believe the Corporation could satisfy the employees with a shorter limit. During 1920 the average wage of employees was \$4.95, as against \$6.12 in 1919, according to Corporation figures. Total salaries and wages distributed by the Steel Corporation in 1920, when employees numbered 267,000 aggregated \$51,825,000. On the basis of the reduction, Corporation officials estimated the average cut in wages at approximately \$1.40 per day per man, which will affect a reduction in the payroll, calculated on the present number of employees, or not less than \$150,000,000 annually. Reductions of the prices of certain products averaging approximately \$7 a ton was announced by Mr. Gary on April 12. The heaviest reductions were recorded in tin plates which dropped from \$140 to \$125 a ton, while the minimum decrease affected four-by-four and heavier billets, which declined \$28.50 to \$27 a ton.

PARIS BUTCHERS SENT TO JAIL

GERMANS DUMPING THEIR CHEAP GOODS Hoover Urges American Congress to Act

Washington, May 4.—Immediate action by Congress to check the inroads of German foreign trade in the United States was urged yesterday by Secretary Hoover before the House Ways and Means Committee. A revived German commerce, he said, was driving certain American lines out of business. He declared for a protective tariff of a large order, and spoke favorably of the contemplated change in policy as to the basis of assessing import duties. The committee is considering the estimate of an American standard of valuation to supplant the system of levying tariff on the value of imports in the land of production. Such a plan, Mr. Hoover said, appeared to be the only solution to the problem of meeting sales by Germany and other foreign countries, whose currency is badly depreciated. Germany continues the policy of indirectly subsidizing her industries, Mr. Hoover said, adding that on the basis of reports by Federal agents the subsidies amounted to around fifty per cent. of the production costs. The methods pursued in subsidizing the industries of Germany, according to Mr. Hoover, include a heavy contribution to the railroads and other public utilities, expense for services, he said, which "justly should be assessed through channels not governmental."

PHOSPHATE FROM PACIFIC ISLANDS

British Farmers Will Benefit From Mandates London, May 4.—(Canadian Press).—As one of the incidentals of the war and the dividing up of the former German possessions in the Pacific, the British Empire has acquired what is perhaps the richest supply of phosphates in the world. Two tiny points in the South Pacific, the island of Nauru and Ocean Island, taken over by Great Britain under mandate after the war, have been found to be treasure troves out of all proportion to their size. Up to ten years ago the names of these islands were unknown to any but the geographers and specialists. They lie out in the lonely Pacific about sixty miles south of the Equator and some 2,000 miles west of the coast of South Africa. In 1913 the two islands, then considered of no commercial value, were formally annexed by Britain. In 1919 the phosphate deposits of Nauru and Ocean Island were discovered and later Nauru was found to have phosphate deposits. Division. When the two islands, with the remainder of the old German possessions in the Pacific, were transferred to Great Britain under mandate an agreement was made on July 2, 1919, between the Government of the United Kingdom and the Dominion of New Zealand for the allotment of British-controlled phosphates in the Pacific to the islands of 42 per cent. to the United Kingdom, 48 per cent. to Australia, and 10 per cent. to New Zealand. It is stated that the formation of these phosphate beds has been accomplished largely through the agency of fish-fed sea birds which have left vast deposits of guano on the islands. The guano, mingling with the lime of the coral rock has practically converted the whole of the islands into great reservoirs of phosphate of lime. On Nauru these phosphate deposits run to a depth of forty feet, and on Ocean Island they are fifty-seven feet deep. Neither island has any harbor facilities and in order to load the phosphate it has been necessary to construct jetties of the cantilever type, running far out over the reefs. The material is taken out on cars to the jetties and thence lightered to steamers, moored far out in deep water. Under good weather conditions, from 1,000 to 2,000 tons of phosphate can be loaded daily from the two islands. The present annual output is in the neighborhood of 350,000 tons. So far the bulk of the phosphates has gone to Australia but it is understood that arrangements have now been effected by Great Britain for taking in her own country for home production. It is expected that some 180,000 tons of high grade island phosphate will be delivered to the United Kingdom each year, and after mixture with basic slag will be distributed at farmers' stations at something under three shillings per unit of phosphate of lime. The present quotation for phosphate of lime ranges above five shillings per unit. The first consignments of island phosphate are expected to arrive in England in June of this year. That one-third of the output for the first six months has already been contracted for.

ALCOHOL SUPPLY FROM TROPICS

U. S. Expert Says Automobiles Can Be Supplied Rochester, N. Y., May 4.—H. N. INCREASE IN PAPER MONEY IN FRANCE

Paris, May 3.—The question whether France's financial crisis can be met by her own resources is being seriously discussed by French financiers and statesmen. It is argued that an increase in paper money, if it should further debase the franc, would only bring to France the benefit Germany is now enjoying from the low value of the mark—that is, an increase in foreign money, and a consequent automatic equilibrium in her foreign financial transactions. It is also asserted that an increase in the issue of bank notes, intended for the restoration of the devastated regions—that is to say, for investment rather than for the payment of expenses of administration—need not necessarily depreciate the franc. The issue would be considered merely as a provisional one that would be withdrawn in proportion as the amounts were collected from Germany on the reparations account. The French Treasury, it is argued, could take care of all other demands upon it when once relieved of the pressing burden of reconstruction. The Government has not received suggestion with much favor.

GERMANS DUMPING THEIR CHEAP GOODS

Washington, May 4.—Immediate action by Congress to check the inroads of German foreign trade in the United States was urged yesterday by Secretary Hoover before the House Ways and Means Committee. A revived German commerce, he said, was driving certain American lines out of business. He declared for a protective tariff of a large order, and spoke favorably of the contemplated change in policy as to the basis of assessing import duties. The committee is considering the estimate of an American standard of valuation to supplant the system of levying tariff on the value of imports in the land of production. Such a plan, Mr. Hoover said, appeared to be the only solution to the problem of meeting sales by Germany and other foreign countries, whose currency is badly depreciated. Germany continues the policy of indirectly subsidizing her industries, Mr. Hoover said, adding that on the basis of reports by Federal agents the subsidies amounted to around fifty per cent. of the production costs. The methods pursued in subsidizing the industries of Germany, according to Mr. Hoover, include a heavy contribution to the railroads and other public utilities, expense for services, he said, which "justly should be assessed through channels not governmental."

PHOSPHATE FROM PACIFIC ISLANDS

British Farmers Will Benefit From Mandates London, May 4.—(Canadian Press).—As one of the incidentals of the war and the dividing up of the former German possessions in the Pacific, the British Empire has acquired what is perhaps the richest supply of phosphates in the world. Two tiny points in the South Pacific, the island of Nauru and Ocean Island, taken over by Great Britain under mandate after the war, have been found to be treasure troves out of all proportion to their size. Up to ten years ago the names of these islands were unknown to any but the geographers and specialists. They lie out in the lonely Pacific about sixty miles south of the Equator and some 2,000 miles west of the coast of South Africa. In 1913 the two islands, then considered of no commercial value, were formally annexed by Britain. In 1919 the phosphate deposits of Nauru and Ocean Island were discovered and later Nauru was found to have phosphate deposits. Division. When the two islands, with the remainder of the old German possessions in the Pacific, were transferred to Great Britain under mandate an agreement was made on July 2, 1919, between the Government of the United Kingdom and the Dominion of New Zealand for the allotment of British-controlled phosphates in the Pacific to the islands of 42 per cent. to the United Kingdom, 48 per cent. to Australia, and 10 per cent. to New Zealand. It is stated that the formation of these phosphate beds has been accomplished largely through the agency of fish-fed sea birds which have left vast deposits of guano on the islands. The guano, mingling with the lime of the coral rock has practically converted the whole of the islands into great reservoirs of phosphate of lime. On Nauru these phosphate deposits run to a depth of forty feet, and on Ocean Island they are fifty-seven feet deep. Neither island has any harbor facilities and in order to load the phosphate it has been necessary to construct jetties of the cantilever type, running far out over the reefs. The material is taken out on cars to the jetties and thence lightered to steamers, moored far out in deep water. Under good weather conditions, from 1,000 to 2,000 tons of phosphate can be loaded daily from the two islands. The present annual output is in the neighborhood of 350,000 tons. So far the bulk of the phosphates has gone to Australia but it is understood that arrangements have now been effected by Great Britain for taking in her own country for home production. It is expected that some 180,000 tons of high grade island phosphate will be delivered to the United Kingdom each year, and after mixture with basic slag will be distributed at farmers' stations at something under three shillings per unit of phosphate of lime. The present quotation for phosphate of lime ranges above five shillings per unit. The first consignments of island phosphate are expected to arrive in England in June of this year. That one-third of the output for the first six months has already been contracted for.

ALCOHOL SUPPLY FROM TROPICS

U. S. Expert Says Automobiles Can Be Supplied Rochester, N. Y., May 4.—H. N. Whitford, of the Yale School of Forestry, told the American Chemical Society at its annual meeting here that alcohol manufactured from the moist vegetation of tropical forests and jungles could be utilized to avert a future scarcity of fuel for driving automobiles.

INCREASE IN PAPER MONEY IN FRANCE

Paris, May 3.—The question whether France's financial crisis can be met by her own resources is being seriously discussed by French financiers and statesmen. It is argued that an increase in paper money, if it should further debase the franc, would only bring to France the benefit Germany is now enjoying from the low value of the mark—that is, an increase in foreign money, and a consequent automatic equilibrium in her foreign financial transactions. It is also asserted that an increase in the issue of bank notes, intended for the restoration of the devastated regions—that is to say, for investment rather than for the payment of expenses of administration—need not necessarily depreciate the franc. The issue would be considered merely as a provisional one that would be withdrawn in proportion as the amounts were collected from Germany on the reparations account. The French Treasury, it is argued, could take care of all other demands upon it when once relieved of the pressing burden of reconstruction. The Government has not received suggestion with much favor.

PARIS BUTCHERS SENT TO JAIL

Paris, May 4.—Nineteen butchers who were convicted for juggling with the price of meat and selling second and third-class cuts as extra quality goods, yesterday were sentenced to fifteen days in jail and assessed fines ranging from 2,000 francs upward.

RAIN-MAKER HAS STARTED WORK ONLY ONE VOTE BY EACH CITIZEN To Bring Down Moisture in Southern Alberta Extra Votes Not Permitted in Manitoba Cities

Winnipeg, May 4.—The city of St. Boniface was deprived of the right to grant the corporation vote by the Legislature last night as the result of an attack on this principle by members of the Labor Party. Attorney-General T. H. Johnson was in favor of the city being allowed to manage its own affairs in its own way, but when it came to a vote, Clause 12 of the bill granting a man an additional vote in virtue of his position as a director or the manager of a corporation, was eliminated. The Laborites claimed that the clause provided for a return to the day of money rule, and was a violation of the one-man-one-vote principle, which would not be tolerated. By a vote of 30 to 11, the House adopted the report of a committee, stating that an increase in the telephone rate was necessary for the operation of this utility of the province at cost. London, May 4.—The British Government has sent a message to the Sinn Fein "by anybody, or authorized anybody to open negotiations in its behalf." Rt. Hon. Austen Chamberlain, the Government spokesman, announced in the House of Commons yesterday. Mr. Chamberlain made this announcement in answer to a question concerning the activities of John J. Farrell, former Lord Mayor of Dublin, who stated in that city Monday that a peace offer was to be made to the body which calls itself the "Irish Republican Parliament."

LIBERTY GIRLS IN VICTORIA THIS WEEK

Provide Feast of Melody at Pantages Theatre

The Eight Liberty Girls, making melody mingled with mirth, will supply the headline feature at Pantages Theatre, commencing with this afternoon's matinee. They will be heard in a repertoire of ensemble and solo numbers, adding to the laurels already won on the eastern end of the circuit. Being young and fond of

pretty gowns, the girls have obtained generous wardrobes, and delight just as much in showing them as the audience does in seeing them. Every member of the octette is a splendid musician, blessed with a determination to make her way in the musical world. Their selections range from the snappy to the classical.

"Frivolities" is the title of the offering by Payton and Ward, in which they specialize in dancing, both acrobatic and eccentric. To leave the last they have exclusive stage rights to some original 1921 vintage songs, and they use these to punctuate the diversions of their act.
To Alexander Pantages' love of classical music is Victoria indebted for the forthcoming visit of Miss Diana Bonnar, a member of the Chicago Grand Opera Company, who will be heard in a series of grand opera classics. Miss Bonnar is fascinating, blessed with more than a fair share of good looks and possessing rare voice.
"Jed's Vacation" is the latest humorous sketch written by Charles Grapewin, who has been responsible for some of the finest bits of humor ever presented on the vaudeville

stage. It deals with the vexations of a traveling salesman and his wife and will be presented by Tom Martin and his company.
Coleman Goetz, America's youngest song-writer, will be on next week's bill, with Harry Cantor, assisting at the piano.
"Novel Bits of Pantomime," introductions Clair and Alwood in their 1921 comedy acrobatic success. The finale is daring in the extreme and comes with a startling suddenness that is literally and figuratively described as a blot on the blue.
The programme is ushered in with moving pictures, comprising the eleventh episode of "The Double Adventure," the Pathe serial featuring Charles Hutchison.

COLUMBIA

A gripping drama presented in a novel way. What is to be done? Well, see "The Window Opposite" at the Columbia Theatre, and after you have been held in suspense that has gripped you as in a vise you will be pleasantly relieved, after having been kept wondering as you followed the tremendous action of the drama. None will ever know how many expedited the crime of others, being convicted on perjured or circumstantial evidence.

VARIETY

Although perhaps not the first time on record, but nevertheless unusual and interesting, is the statement from National Picture Theatres, Inc., that there are only two women principals in the Ralph Ince production, "Out of the Snows," which is at the Variety Theatre. These two parts are given over to Zena Keefe, who plays the part of Anita, the half-breed Indian girl, and Gladys Coburn, who is seen as Ruth Hardy, a student at San Gabriel University in Quebec. The balance of the characters in this dramatic story of the Northwest snow country are all powerful, brawny men, who in comparison with the two women characters loom up like giants.

Florence Martin, Virginia Lee, Alice Mann, Frank Badgley and T. A. Braiden.
The production was directed by Edward H. Griffith. The scenes of the picture include a fashionable girls' boarding school, the elopement and a funny episode in the house of a negro minister, an ocean voyage, the streets of New York, and the beautiful ballroom and the swimming pool of a country house.

PRINCESS

The long promised play "Johnny Get Your Gun" has been chosen as the forty-eighth play to be presented by the Mildred Page Players at the Princess Theatre this week. "Johnny Get Your Gun" has been one of the best stock successes throughout Canada and the United States. The play brokers records show that forty-two stock companies used this splendid comedy last season. It is a sure cure for the blues, clean and entertaining to the highest degree. The plot is unique and extremely interesting. The story starts in a moving picture studio in California. The whole process of taking a motion picture takes up a good share of the first act.

If you have never seen how this is done, now is your chance. The ladies of the company will be seen in very pretty gowns as well as appearing in good parts.
The male members of the company have all been carefully cast and some of the best work of the season is expected from the entire company. A number of extra people will appear also, as the play is one of the largest cast yet produced.

Order your tickets by telephone 4625, and they will be held till 7.15 p. m. before each performance.
At the opening performance to-night another enlarged framed portrait of Miss Page will be presented to the one guessing nearest to the correct amount of words spoken by Miss Page in "Rich Man Poor Man" last week.
If you miss "Johnny Get Your Gun" you are missing one of the seasons best offerings. Its full of pep, laughs

ROYAL VICTORIA

"Scrambled Wives," the latest screen production of Marguerite Clark, released by Associated First National Pictures, Inc., which is the attraction at the Royal Victoria Theatre again to-day, was one of the successes of the recent Broadway season and has a considerable run both in New York and Chicago.
The play was written by Adelaide Matthews and Martha M. Stanley and has to do with the laughable trials and tribulations of Miss Mary Lucile Smith, a girl who "just can't make her ideas behave," portrayed by Marguerite Clark. The plot hinges around the desperate efforts of Mary Lucile to keep from an ardent suitor the fact that she has an ex-husband living and the equally desperate efforts of the ex-husband to prevent his wife from learning the identity of the young woman with whom he had once eloped and from whom he had been promptly parted by an annulment of the marriage.
An excellent supporting cast is to be seen with Miss Clark, her leading man being Leon T. Gendron. Other prominent players are Ralph Bunker

SUPERANNUATION.
There is everything to commend the principle which is involved in British Columbia's superannuation law. It is good business for the state to assist the worker to thrift and preparedness for old age.

THE GOVERNMENT OF THIS PROVINCE has taken the authority to compel its employees to contribute a certain percentage of their earnings to the superannuation fund upon the understanding that a like amount shall be drawn from the public treasury.

A LOST CAUSE.
Some idea of John Bull's determination to stand his ground in spite of the continued defiance of nearly one and a half million miners was judged from the fact that he has made all the necessary arrangements to advance his clocks an additional hour if a settlement is not reached at an early date.

DRUG SEIZURES.
When the Blue Funnel steamship Tyndareus reached Seattle yesterday narcotics to the value of one hundred and thirty thousand dollars were seized by the customs officials.

NOTE AND COMMENT.
Capital and Labor are meeting at Ottawa. Neither side should be tongue-tied for the want of a topic.

THOSE LOGANBERRIES.
If there is going to be a lack of markets for Vancouver Island loganberries the proposal to manufacture a "native" wine from the surplus supplies should not be treated lightly.

the arid spell from which this Province is about to emerge report has told of the conception of truly marvellous concoctions with a "base" of much less flavor and volume than the juicy berry whose popularity as a product in demand is about to be assailed.

SATURDAY'S TAG DAY.
Many of the good works performed in Victoria are brought to public attention only when lack of money adds to the difficulty of permitting them to remain in obscurity.

ON THE WATCH.
One of the results of the split between the three members of the Triple Alliance of British workmen is reflected in a spirited communistic campaign directed by those gentlemen who look upon Hyde Park as a general headquarters for every kind of disloyal exhaust.

FOR CHILDREN THE SANDMAN STORY FOR TONIGHT

FLUFFY RUFFLES' COURTSHIP Part I. Fluffy Ruffles was a very handsome white cat. Her mother was an angora and Fluffy's white coat was something like her mother's, though not as beautiful. But Fluffy Ruffles was beautiful enough, and Tommy Black thought her the loveliest creature he had ever seen. Tommy Black lived in the next house to Fluffy, and though he often went into the yard that belonged to

He had seen her sit in the window. Fluffy Ruffles' house he had never been nearer to her than seeing her sit in the open window. Fluffy Ruffles was allowed out of the house only when her mistress was along and when she sat in the open window, she had a ribbon fastened to a hook inside.

At first Fluffy turned up her pretty nose at Tommy Black; she walked under the window, sniffed his tail, purred and even sat down in front of Fluffy, but not once did she lower her pert little head to notice him. Day after day Tommy kept up his pleading, for he had heard that his fair mistress never went to school or something like that, so he came every day to call on Fluffy.

One day she lowered her head and looked at Tommy all over, then she gave a weak little "mew," but Tommy having had experience with the lady pussies knew that the best way to hold her interest was not to notice her now that he had gained as much. "Mew," said Fluffy Ruffles again, this time very short but a little louder, and Tommy was bold now and he walked away without so much as turning his head.

He knew very well that Fluffy was looking after him, so he leaped with his best bound to the fence and walked on the very top of it the full length and then jumped down on the other side. The next day when Fluffy took her airing in the open window she looked with anxious eyes for her admirer, but Tommy did not appear though he sat on the ground in his own yard looking through a crack in the fence at her and saw her twist and turn her pretty head as if she would not be surprised if she were a little more than she did yesterday.

Tommy saw Fluffy in the garden later with her mistress, and though he jumped on the top of the fence and looked down at her, Fluffy's mistress told him to go away and shook her parasol at him. Tommy, however, did not go away; he sat on the top of the fence and looked at Fluffy and felt sure she must think him very brave not to be afraid of her mistress.

To-morrow I will tell you how he won her. (Continued to-morrow)

Graduate Nurses—The Graduate Nurses' Association last night decided to hold a silver tea on Thursday, May 12, commemorating the 101st anniversary of Florence Nightingale. The tea will be held at 3 o'clock at the Nurses' Home on Rockland Avenue. Mrs. Carter last night gave an address on "Food Values." Applications for the B. C. Nurses' Association scholarships should confer with Miss M. E. Morrison.

Give your Baby the milk doctors recommend and give to their own Babies. Medical etiquette, of course, forbids the publication of doctors' names, but the following remarkable letters speak for themselves. They need no comment. ONE DOCTOR SAYS: "I cannot speak too highly of your Glaxo as a food for infants. They invariably do well, both in health and sickness, and I prefer it to any other food, and shall always recommend it. I have seen in my practice some very fine, healthy, and well-grown children entirely reared on it." SAYS ANOTHER DOCTOR: "My own baby has been fed on Glaxo from birth to a year ago. She is in perfect health, and has never had an hour's trouble due to food. I always insist on bottle babies under my care being fed on Glaxo, as I know that it is the only food that can be relied upon to give perfect results in every case if given correctly." Glaxo, The Super-Milk. "Builds Bonnie Babies". Glaxo is sold by Druggists throughout Canada. If you have any difficulty in obtaining Glaxo, write to the Sole Agents for Canada: HAROLD F. RITCHIE & CO., Limited, 10 McCaul Street, Toronto.

WANT HEALTH CENTRE

Advocating that a tax be imposed upon the people of rural districts in the Province for the purpose of promoting health centres along the lines of that built by Saanich municipality, the Strawberry Vale Women's Institute yesterday passed a resolution covering the matter. The Institute felt that it was being called upon to contribute to the Saanich Health Centre in various ways and it did not approve of such institutions being relied upon to a certain few or on charity for support. What was for the benefit of the community should be supported by the community. It was declared that the Institute would cover the situation and ensure the maintenance of health centres throughout the various parts of the Province.

WANT HEALTH CENTRE

A demonstration of first aid was given by Miss Kelly, head nurse, Saanich Branch, Victorian Order of Nurses. Mrs. E. W. Raven spoke on the aims of the Order. Mrs. Raven also offered the use of her new home at Elk Lake for the Institute's annual picnic. It was reported that the sum of \$42.25 was raised at the sale of home cooking in the City Market last Saturday in aid of the Institute's Building Fund, and it was decided to make this a permanent feature on the first Saturday in each month. Have Raised Full Quota.—That the Chapter had paid its quota of \$350 to the War Memorial was the welcome announcement made at the meeting of the Lady Alderson Chapter, I. O. O. E., yesterday afternoon, with the request, Mrs. E. S. Hassel in the chair. It was decided to subscribe to The London Times, in addition to the Illustrated London News for the North Ward School. On May 24 the Chapter will present to the school a picture of Princess Mary in Girl Guides uniform, and on Armistice Day will present a copy of Matania's picture of the "Burial of an Unknown Soldier." One new member was proposed and three members from the disbanded Allies Chapter at Sidney, and a welcome was given to Mrs. Anderson, of Hong Kong, former secretary of the Chapter.

THE RIDDLE OF THE FROZEN FLAME

By MARY E. AND THOMAS W. HANSEW

"E'm. And may I ask how you discovered all this before going into the case of Borkins?" put in the Judge.

Cleek bowed.

"Certainly," he returned. "That is the legal right. But I can vouch for my evidence, my lord. I received it, you see, at first-hand. This man, Borkins—engaged both the lad Dollops and myself as new hands for the factory. We therefore had every opportunity of looking into the matter personally."

"Gawdamercy! I never did!" ejaculated Borkins at this juncture, his face the color of newly-baked bread.

"You're a liar—that's what you are!" a drorin' an innocent man into the bests affair. I never engaged the likes of you!" Cleek laughed soundlessly. "Look here. Remember the man Bill Jones, and his little pal Sammie Robinson, from Jamaica?"

"He writhed his theatrical conduct but slipped his hand into his pocket, and producing the black moustache that had been Dollops' envy and admiration, stuck it upon his upper lip, pulled out a check card from the other pocket, drew that upon his head, and peered at Borkins under the peak of it. "What's that?" he remarked in a harsh cockney voice.

"Merciful heavens!" gasped out that worthy, covering his eyes with his hands, one more incredulous witness of Cleek's greatest gift. "Bill Jones it is! Gawd! are you a devil?"

"No, just an ordinary man, my dear friend. But you remember now, eh? Well, that goes away with the need of the moustache, then." The clerk of the court, only too familiar with Cleek's disregard of legal formality, frowned at this violation of dignity and raised his voice to rap for order and possibly to reprimand Cleek for his theatrical conduct but at that moment the detective pulled off the cap and moustache as though well pleased with his performance. Cleek turned once more to the judge.

"My lord," he said serenely, "you have seen the man Bill Jones, and his impersonator of Sammie Robinson is there," he pointed to Dollops.

"Well, this man, Borkins—or P'nt got, as he calls himself when doing his 'private work'—engaged Dollops and me, in place of two hands in the factory who had been given to me too much tongue-wagging, and in consequence had met with prompt punishment. God alone knows what it was! We were there for some time just under a fortnight. Dollops, with his usual knack for making friends in the right direction, chummed up to one of the men whom I have already named—Jim Dobby. He finally asked him to come and help with the loading up of the boats, and gave him the chance of making a little overtime by simply keeping his mouth shut as to what went on. I managed to get on the job too, and we did it three times in that

fortnight—and a jolly difficult task we found it, I don't mind saying. But I felt that evidence was necessary, and while in the employ of the master we carried on many investigations. And still in his service made a rough map of the varied turnings of the secret passage, and the places to which they led. You can get a better idea of the ground if you glance at it." He handed it up to the high desk, and paused a moment as the judge surveyed it through his spectacles. "The passage at Withersby Hall—so conveniently placed near that particular part of the Peninsula and therefore chosen by Brelleur for his work—are both of ancient origin, dating back, I should say, to the time of the civil war."

"Whose idea it was to connect the two passages I could not say, or when Borkins got into the pay of Brelleur and played false to a family that he had served for twenty years. But the fact remains. The two passages are linked up, and then continued at great labor in another direction to that field which lies off the Saltfleet Road and just at the back of the factory. And thus was made a convenient little subway for the carrying of the various strange actions of the kind which we have discovered."

"And how did you discover that Brelleur was the 'Master' in question?" put in the judge at this juncture.

"He happened to come to the factory one day while we were at work upon our machines. Someone said 'Crickie! 'Ere's the Master! Funny for 'im to be prowlin' round at this hour of the day—night's more to 'is likin'.' I could hardly contain myself when I saw it. I knew, though I had already discovered the passage to Withersby Hall. I had not yet realized that Jonathan Brent and Brelleur were one and the same, though I discovered that the former had a perfectly legitimate office in London in Leadenhall Street. But when I saw him I knew. After that I wasted no time. Since then we've been having a pretty scramble to get safely away without giving any clues to the other men there. They're down there now, and have got every man of 'em I dare swear. You can fully understand how impossible it was to be here any earlier."

Kitty, aged four, had been naughty, and her father had had to administer vigorous correction before going to business. That an impression had been made was apparent when, on his return from business in the evening, Kitty called upstairs with bright politeness. "Mother, your husband's

BEAUTIFUL SCENERY FOR AL-FRESCO PLAY

"Danae" Will Be Staged Amid Picturesque Surroundings

The B. C. College of Education is a veritable hive of industry these days, for at all hours preparations are in progress for the Al-fresco play, "Danae" or "The Birth of Perseus." At one hour it may be a bevy of dancers in their gym clothes, strenuously working out the details of their frolicking at the King's feast, or the sinuous movements of their snake dance.

In another room brilliant colored sandals are being prepared by nimble fingered workers, while in the office, committees meet from hour to hour to arrange for the thrones, spears, helmets, fruit, flowers, garlands, ribbons and all the trappings of pageantry which will make this a spectacle to be long remembered.

Gertrude Huntley Green, who is making all arrangements for the music, has with the wisdom of an experienced organizer, allotted portions of the work to other talented musicians.

For example, the preparation of a chant for the prologue, is in the very capable hands of a well known local organist, Mr. Gordon Cameron and his staff are preparing a brazen tower. The grounds at Gonzales have been carefully measured and marked. Rope barricades will be erected to keep the crowds from pressing forward onto the flower-beds. The two promenades will hold close on a thousand people, but from present indications it seems that they will be over crowded. Nearly everybody has a friend in this show, and the promenades to which admission is free, are a most delightful spot where young couples can walk on the velvety turf and enjoy a fragrant cigarette or cigar under the trees and among the roses.

Here in the grounds of a beautiful old Victoria home, Victorians will be able to spend a summer evening as the Spaniards do in Las Palmas, strolling in an accompaniment of perfect music, amidst a scene of iridescent splendor.

AT AGE 73 FILBEY GAINED 25 POUNDS

Vancouver Man Says He Feels at Least 30 Years Younger Since Taking Tanlac

When the special Tanlac representative called on William Filbey at his home at 2300 Manitoba Street, Vancouver, the other day, to ascertain the facts regarding his remarkable recovery, he found him in his garden with a bright, cheery smile on his face, and although Mr. Filbey said he was seventy-three years of age, he was working away with such strength and energy that he hardly appeared to be more than fifty.

"I could never have been doing this if it hadn't been for Tanlac," said Mr. Filbey, "and it is undoubtedly the best medicine I ever heard of. For a number of years I suffered terribly from lumbago, and all the disagreeable symptoms that go with a bad case of stomach trouble. I had to live on the lightest kind of a diet, such as milk and porridge, and even this caused me such awful pain and distress I could hardly stand it. My heart palpitated until it seemed like it would jump out of my body. I couldn't draw a deep breath, and at times it looked like I was going to smother. The lumbago had such a hold on my back I could scarcely hold on to my shoes on, and my legs got so stiff and sore from rheumatism that it simply caused me agony to walk. I was weak and feeble, and knew at the rate I was going down hill I couldn't hold out much longer."

"Well, Tanlac has put me in such good health, it's hard for me to believe now that I was ever in such a miserable condition. Why, I can do anything I want without causing me a bit of trouble, and I never have an ache or pain. I have actually gained twenty-five pounds in weight, and have as much strength and energy as I did thirty years ago. I feel as fine as I ever did in my life, and I am more grateful to Tanlac than words can express. Duncan E. Campbell and leading druggists. (Advt.)

HENSHALL-FISH PRODUCTS PLANT

Is Now Approaching Completion on Whiffen Spit

The Henshall Fish Products Company's new plant on Whiffen Spit, at the entrance to Sooke Harbor, is nearing completion and gives every promise of becoming a staple industry in Sooke, and affording employment to a number of men. The plant is all modern, and is expected to be in full operation within the next few weeks. This business is the outcome of experiments carried on over a period of many years by G. C. Henshall, one of the managing directors, and by the special process employed every particle of taint is removed from the meal, and it is guaranteed not to in any way affect the taste of cod fish so fed, neither will it taint the flesh of pork or other meat where its use in the animal's food ration will be found to be beneficial and remunerative, giving the best results.

The company has been fortunate in securing the services of Mr. Sayer, of the Seaway Building, Victoria, as its sole agent in the city. Mr. Sayer is an expert in this class of manufacture and has returned largely in the United States upon the value of fish meal as an animal food and its fertilizer. He is a man whose judgment can be relied upon.

Besides the fish meal the company, by the process employed, is able to get every particle of oil extracted from the body of the dog fish which has not hitherto been done. The full quantity of oil is also obtained from fish offal and the bodies of sharks.

The plant consists of a large building 56 ft. x 30 ft., with dryers, presses, cookers and grinders; the oil room, 25 ft. x 12 ft.; the warehouse, 30 ft. x 15 ft., and the engine room, 30 ft. x 15 ft. Situated on the plant is an away from the village at the entrance to the outer harbor, yet at no great distance from the fine cannery, is a better location could have been found for the building of an industry of this kind, and with the newly organized company of practical business men behind the concern to carry out the experience of Mr. G. Henshall and his son, G. R. Henshall, this enterprise on Sooke Harbor should prove of benefit to the district as well as to poultry and stock breeders all over the province.

The Government telephone service throughout Sooke, which had become disarranged owing to the heavy storm

of some days ago which brought down the high power line at Otter Point, causing the current to arc from a guy line to the telephone line burning out all the fuses and in some instances the switch boards, has now been, through the efforts of Mr. E. Horwood, the lineman between Sooke and Otter Point, got into working order. The people of the district certainly realized what a boon the telephone service is to the locality when they were without it for these few days and appreciated the efforts made by Mr. William Doe, the Victoria manager, and his staff, to get the service again under way.

Empire Day Celebration.
Nanaimo: For the Empire Day celebration the Nanaimo Council has granted permission to hold a pavement dance on a portion of Front Street on the night of that date. Phil Piper, of the baseball club, was also given permission to use the cricket grounds on Sunday, May 8, for the purpose of playing a baseball game, Nanaimo vs. Granby.

General Hospital.
Cumberland: The annual report of the president of the Board of Directors of the Cumberland General Hospital during the year 1920, is as follows: The following cases were treated:
In the hospital, April 1, 1920, 22; admitted during the year, 410; discharged during the year, 400; died, 12; returned to hospital, March 31, 1921, 20; number of hospital days' treatment, 8,571; average number of patients per day, 24; major operations, 17; minor operations, 18; obstetrical cases, 51. There has been a considerable increase in the work of the hospital during the past year, there being 2,438 more days' treatment than the previous year. This is doubtless due to the arrangement with the medical board for treatment of its members for a year.

During the year the receipts from all sources were \$20,443.77 and the total expenditure was \$15,722.39, leaving a credit balance of \$4,721.38 on the year's operations. The hospital had a balance in the bank at the beginning of the fiscal year of \$231.84, and at the close of the year \$1,553.22. The hospital has been able to meet all its financial obligations when due, without recourse to any overdraft.

Cut in Miners' Wages.
Nanaimo: The Fair Wage Board, of which D. R. Bulger is chairman, Tully Boyce representing the operators, and M. Guinness representing the employees, met in Nanaimo over the weekend of the 2nd and 3rd inst. The board is to regulate the wages of the miners on the island in accordance with the ascertained cost of living. The board meets every three months, and at this meeting ordered a reduction of 27½ cents a day for the present quarter.

THE MINOR EXAMINATION FOR WHICH APPEAL IS MADE NOW
The first annual meeting of the Real Estate Board of Victoria will be held in the board room of the Belmont House to-night at 8 o'clock. The financial statement will be presented and the newly elected officers and executive committee will be installed. The Provincial Executive Committee will present to the meeting a plan, which if it should meet with the approval of the members will have a far-reaching effect on their business. A large attendance is expected.

BACKACHE OF WOMEN

The back is often called the main-spring of a woman's life. What can she do, where can she go, so long as that deadly backache snags every particle of her strength and ambition? She cannot walk, she cannot stand, her housework is a burden, or she long hours behind the counter, in the office or factory are crushing. She is miserable. The cause is many times some derangement of her system, and backache is a common symptom. Lydia E. Pinkham's Vegetable Compound is a reliable remedy for backache, as for more than forty years it has been relieving women of America from the ailments which often cause it. (Advt.)

The Niagara will make William Head Quarantine Station at 1 o'clock to-morrow afternoon, latest advices from the ship at sea state, and is expected at the ocean docks here by 2:30 o'clock. The liner is bringing an unprecedented number of passengers from Australasia for this season of the year. Among the travelers arriving by the Niagara will be Premier Massey of New Zealand, who is en route to the Imperial Conference at London.

SANTA ALICIA RUNS AGROUND

W. R. Grace Freighter Meets With Mishap off Port Townsend

Seattle, May 4.—The steamship Santa Alicia, owned by W. R. Grace & Company, bound from San Francisco to Seattle, went aground early to-day near Port Townsend.

The accident was due to a break in the steering gear, according to word received here.

The Santa Alicia went aground at high tide this morning and it was feared difficulty would be met in pulling her into deep water. Lighters started from Seattle to take off the vessel's cargo of 2,000 tons of copper ore from the west coast of South America.

The accident occurred just as the Santa Alicia was rounding Marrow-stone Point, near Port Townsend. The vessel that was one of the boats that on Monday night stood by the burning Japanese steamship Tokuyo Maru off the Oregon coast.

FLEET WILL RETURN HERE FOR HOLIDAY

H. M. C. S. Aurora and the destroyers Patriot and Patricia will return to Esquimalt from Comox May 18 and the crews will participate in the celebrations and sports on May 24. Under the present orders the fleet will leave at the end of the month for Halifax.

RUNNING TIME ON GULF NIGHT ROUTE WILL BE SHORTENED

Vancouver Boats to Arrive Here at 6.30 a.m., Standard Time

Meeting the local daylight saving measure half way in the interests of its patrons, the Canadian Pacific Railway has arranged to bring the night boats from Vancouver into Victoria at 6.30 a. m. (standard time). In view of the difference of one hour between Victoria and Vancouver time the new arrangement is expected to prove more satisfactory to passengers landing here from the Gulf night boats.

The vessels leaving Vancouver at 11.45 p. m. for Victoria have been in the habit of "loafing" on the trip in order to make this port by 7 a. m., and no difficulty will be experienced cutting thirty minutes off the running time.

The local office of the B. C. Coast Steamship Service, however, wish to be specifically understood that the new arrival time affects only the night boats arriving from Vancouver.

Rush to Alaska.

Owing to the heavy reservations being made for the next Alaska sailing, it is expected that the Princess Alice will be kept on the northern route for another trip. It had been intended to put the Princess Mary back on the run after her regular overhaul, pending the inauguration of sailings from Seattle through the United States marine strike, there has been an exceptionally heavy transfer of bookings to the Canadian Pacific Railway service.

Gulf Island Excursions.

Commencing next week the Canadian Pacific Railway will inaugurate its Summer day excursions between Victoria and Gulf Island points by the steamer Island Princess. The round trip excursion rate will be \$2 by the Island Princess sailing from this port Wednesdays and Saturdays.

NIAGARA DOCKING HERE TO-MORROW

Canadian - Australasian Boat Has Six Hundred Passengers Aboard

Terminating her voyage from Australasia, the British liner Niagara, Captain J. E. Rolis, will dock here to-morrow afternoon.

Captain Rolis reported by radio to-day that he expected to reach quarantine at 1 o'clock to-morrow afternoon. In that event the Niagara will berth at the Outer Docks here by 2:30 o'clock in the afternoon.

The Canadian-Australasian liner has over six hundred passengers aboard, including 300 in the saloon accommodation.

The Niagara's list is an unusually large one for this season of the year, the rush of travel from the Antipodes being attributable to the serious disruption of Australian steamship services by the most recent strike of ship's stewards.

The Niagara was last here in November. Since that time she has been laid up at Sydney, N. S. W.

The agents of the company hope to get the Niagara away on her return trip to Australia by the beginning of next week.

MARINE NOTES

The freighter Bessie Dollar has passed out from Vancouver, laden with 12,000,000 shingles for New York. The ship also took out copper ore, canned salmon, lumber and other B. C. products.

The Albertolle, a 12,000-ton oil tanker built for the Imperial Oil Company, which recently discharged Cuban sugar at Vancouver, is loading grain at Portland for ports in the Mediterranean.

Friday, May 13 is the date set for the arrival at Vancouver of the steamship Robert Dollar, ex-Kurland. Company officials, however, say that the day and the date are not conclusive to good faith in trade, and it is possible that the big freighter will not arrive until May 14.

Bringing a large shipment of steel from New York, the Isthmian freighter is due at Vancouver, May 16.

The Blue Funnel freighter Eury-machus will carry a cargo of flour from Tacoma to Europe via the Panama Canal.

The Admiral Line steamer Admiral Sebree, which has been operating between Ocean Falls and Puget Sound ports, carrying paper from the British Columbia mills, will be in the service between Portland and San Francisco about May 15.

OLYMPIC TAKES NOTABLE LIST

Over 2,000 Passengers Carried on Outward Voyage of White Star Liner

When the Olympic of the White Star Line, sailed from New York on her last trip for Cherbourg and Southampton, she took out more than 2,000 passengers, more than half of whom are in first and second cabins. Every seat at tables at the first cabin dining saloon is filled, and nearly 300 people were seated in the Bijou dining saloon on "B" deck.

The totals announced in the various classes of passengers sailing on the ship were 103 first, 325 second and 1,060 third. Several large parties are included in the passenger list. In the first cabin were 70 members of the National Retail Dry Goods Association, going abroad to repay a visit received last year from the drapers of Great Britain. In third cabin was a party of 200 prosperous Italian merchants and vineyard owners from California, bound for Italy on a holiday visit.

Among notable first class passengers was Mrs. William Brown Meloney, editor of an American Woman's Magazine; Madame Marie Curie, discoverer of radium; Mrs. Meloney, who has been studying radium for a number of years, represents several wealthy American women who are raising a fund of \$100,000 to purchase a gramme of radium for Madame Curie for experimental uses.

SCHOONER CASCO FIXED FOR ARCTIC

The auxiliary powered schooner Casco is shortly due at Vancouver with a cargo of salt from San Francisco.

The Casco is a steel craft, and was built for Swayne & Hoyt for operation in the Mexican Coast trade, and is therefore not to be confused with the little schooner Casco made famous by Robert Louis Stevenson, and destroyed about a year ago.

This little schooner, which perpetuates a name famous in both North and South Pacific waters, is to enter the service of the Hudson's Bay Company in far northern waters.

She is a vessel of 250 tons, and sailed from San Francisco for the British Columbia port April 30. She is expected to start north for her charterers about May 15.

MADISON CYLINDER GRINDER

We have just installed a new Madison Cylinder Grinder, which is the latest and most up-to-date grinder on the market. This machine is being used by all the leading automobile and traction engine factories in Canada and the United States. When your cylinders get worn and your engine loses its power, let us grind the cylinders and fit in new pistons and rings, which will make them as good as new, besides the saving in gas and oil in a short time will more than pay for having the work done, to say nothing about the satisfaction you will get out of your engine.

To Aid Health Centre.—Miss Kelly, of the Saanich V. O. N., gave an interesting talk before the Robert Valentine Harvey Chapter, I. O. D. E. last evening, and as a result the chapter has decided to furnish a room in the Saanich Memorial Health Centre, which is to be opened shortly. To raise funds for this purpose a guessing contest will be held on Saturday, May 14, from 2.30 to 5.30, at the home of Mrs. Bradshaw, Palo Alto, Mount Tolmie. Mrs. W. R. Sayer, the regent, presided at the meeting. The resignation of Mrs. Percy Fletcher, second vice-regent, was received with much regret. Three new members were proposed.

Concert Well Patronized.—The grand concert held last night in the main auditorium of the Centennial Methodist Church was attended by a large number of people. Rev. J. L. Batty presided, and the various artists received deserved applause. Those who assisted in the entertainment were: Mrs. E. F. Gould, Mrs. J. Nixon, Mrs. J. B. McCallum, Messrs. J. Petch, T. Kelway, R. B. MacKenzie, M. Sampson, V. Smith and G. Green. Mrs. F. Grace Desaville filled the role of accompanist, while Alfred Gurney presided at the organ.

Lectures on Aurora.—W. E. Harper, of the staff of the Dominion Astrophysical Observatory last night delivered an interesting lecture on the northern lights to the Young People of the Wesley Methodist Church, Miss Beattie, their president presiding. Mr. Harper dealt with the phenomenon of the aurora, and illustrated his remarks with some excellent views of the electro-magnetic disturbance. A hearty vote of thanks was passed to the lecturer on the conclusion of his remarks. Mrs. Buehler rendered several excellent solos.

In Aid of S. P. C. A.—Captain Harbor presided over a successful concert in aid of the S. P. C. A. fund, at the Christ Church Cathedral school-room last evening, when a number of talented artists were heard in a pleasing programme arranged by Mrs. Henry Crane. A large number assisted, including Mrs. Bick, Miss Muir, Messrs. D. C. Hughes, McCloy, Freeman, Burde, dancing by the Misses Lloyd-Young, and dialogues by the Misses Chapin, Jones and Lloyd-Young rounded out a most entertaining programme, which was delivered before a large and appreciative audience.

Emmanuel B. Y. P. U.—The B. Y. P. U. of Emmanuel Baptist Church held a very interesting and instructive literary evening on Monday with Miss Winnie Sherwood in the chair. The subject of the evening was "Longfellow's Life and Works," and songs, recitations and papers formed the programme. The following contributed: Miss Gladstone, whose recitations were much appreciated; Misses Rigby, Davies and Boyden; Messrs. Morrison and Clark. Next Monday evening the Society will entertain the inmates of the Aged Women's Home.

BRIEF LOCALS

Went Schools on New Time.—The strawberry Vale Women's Institute yesterday went on record as opposed to the schools adhering to standard time.

Two Fires Yesterday.—A roof fire at 919 Johnson Street yesterday evening, about 7.30 o'clock, with another blaze at 1222 Rockland Avenue yesterday afternoon, gave the fire department two short runs to quell slight blazes. Little damage was done in either case.

To Lecture To-night.—An illustrated lecture treat to be given to-night by J. Bryant on the subject "The Other Wise Man." The entertainment is under the auspices of the Young People's Society of the Equumalt Methodist Church, and will be held in the Sunday School at 8 o'clock.

Ascension Day.—In Christ Church Cathedral to-morrow, Ascension Day services will be held at the following hours: Holy Communion, 7 a.m., 8 a.m. and 10 a.m. Rev. Dr. Chais, Rector of Christ Church, Vancouver, will preach the sermon at choral evensong at 8 p.m. Confirmation classes will be held on Ascension Day in the schoolroom, as usual at 4.15 and 8 p.m.

Concert at St. Columba.—An enjoyable May Day concert was held on Monday evening at St. Columba school-room, Oak Bay, under the auspices of the Y. P. S. The hall was filled to its utmost capacity. The large audience enjoyed a most charming programme, consisting of a May Pole dance given by sixteen girls of the C. G. I. T., also aigger troupe by eight boys of the C. S. E. T. gave a sketch entitled "The Mothers," which amused the audience greatly. Other numbers consisting of songs, piano-forte solos and violin solos, were contributed by Mesdames Ogilvie and Grimmond, Messrs. Wright, Edmunds and Haigh and the Misses Barfoot, Skinner, Herry and Acton. The concert proved a great success, the proceeds amounting to about \$60, will go to the upkeep of the newly-formed tennis court.

Presenting S. P. C. A. Awards.—The presentation of the S. P. C. A. awards for the essay and poster competitions will take place this afternoon in the rooms of the Arts and Crafts Club in 202 Union Bank Building. Captain Harbor will make the presentation on behalf of the S. P. C. A. at 8 o'clock. Mrs. Oscar Bass is acting as convener of the tea room committee, which all this week is handling the tea room in aid of the S. P. C. A. funds, assisted by a capable committee including Mrs. W. Burton, Mrs. W. Downes, Mrs. Purser, Mrs. Chaldecott, Mrs. Gilliat and Miss Lyall. The tea rooms are open all this week, and are being well patronized between the hours of 3 to 6 o'clock in the afternoon.

Monthly Jail Report.—The monthly report of Jailer Thomas Hall, for the period of April, in all 111 cases were dealt with, convictions numbering 88 and acquittals 21. One defendant was committed for trial by higher court. The offences were classified as follows: Abominable crimes, 1; Adulteration Act, 1; assault, 3; city by-law, 24; carrying concealed weapons, 1; communicating venereal disease, 1; drunkenness, 29; found in opium den, 19; found in disorderly house, 1; keeper of opium den, 1; keeper of disorderly house, 1; Motor Act, 10; Opium Act, 3; false pretences, 4; Fraud Act, 5; in possession of stolen property, 2; stealing, 1; vagrancy, 4; safekeeping cases numbered 18; unsound mind, 2. Accidents reported totaled 24, in 20 of which first aid was rendered by the department. The patrol wagon responded to 195 calls.

James Bay Methodist Church.—The annual meeting of the Ladies' Aid Society of the James Bay Methodist Church was held yesterday afternoon at the home of Mrs. G. M. Tripp, 55 Government Street, when satisfactory reports of the year's work were given and the following officers were elected for the ensuing year: President, Mrs. A. A. F. McDowell; vice-president, Mrs. F. J. Schroeder; secretary, Mrs. W. J. McKay; treasurer, Mrs. G. M. Tripp. As the ladies have undertaken the care of the church, Mrs. J. McKay, Mrs. J. Baxter and Mrs. S. W. Edwards were appointed to have charge of the same. Mrs. Dr. Shaw was also appointed as communion stewardess.

Victoria Dramatic Society.—Members are asked to note that the meeting arranged for Wednesday, May 4 at the Oak Bay Theatre has been postponed until after the production of "Erminie." So much work still remains to be done to stage, dressing rooms, etc., in order to produce the play by May 11, that this postponement has been rendered necessary. The executive wish to emphasize the fact that the assistance of all male members of the Society will be a great help to those few enthusiastic members who have promised to be there every evening from now onwards until May 11, and it is hoped that each member will give at least one evening's work at the theatre.

GAUL'S "HOLY CITY"
PRODUCED HERE

Fine Interpretation Is Given at St. Andrew's Presbyterian Church

One of the earliest established churches of the city is the St. Andrew's Presbyterian. It is, too, one of the largest and most influential, and the choir since its early formation has been continuously active and a vital force in its history. So that when it was announced that the well known cantata "The Holy City," by Alfred Robert Gaul (1837-1913), was to be given by the augmented choir—amongst those present were many well known singers from various choirs and vocal organizations throughout the city—a large audience was present and anticipated the evening to greet the choir in their self-appointed task.

A Fine Performance.

From the very opening number, "No Shadows Yonder," it was seen that the members were on their mettle; indeed, throughout the evening did they acquit themselves in an unusual exceptional manner, and particularly were their efforts most praiseworthy from the fact that their work was not "conducted," but their organization, Mr. Jesse Longfield, was at the organ during the whole rendering of the cantata, a test of training which must have proved quite gratifying to their leaders. The choruses, "For Thee, O Dear, Dear Country"; "Thine Is the Kingdom" and "Great and Marvellous," were sung with inspiring abandon, the ladies' section, particularly the soprano, singing with delightful freshness and agreeable tonal essentials. Whilst the men's sections comprised some excellent material in point of numbers they were somewhat deficient in numerical strength.

Made Distinct Impression.

Mrs. Bertram Mayell, a new-comer to local music circles, made a distinct impression. She possesses a pure soprano voice of excellent quality, and her singing of the air "These Are They Which Came Out of Great Tribulation," showed much musical taste and style. Her delivery is delightful.

Mrs. Robert Baird's agreeable quality of voice suited admirably the contracts parts of the cantata, and she found her way through the air "Ye Hath Not Seen" and "Come, Ye Blessed of My Father," inspiringly and effectively. Both the voices of these singers blended splendidly with the tenor and baritone in the quartettes, but in all the "concerted" numbers there was a slight tendency to hurry on the part of the principals.

The tenor of J. O. Dunford and F. J. Mitchell, baritone, were in excellent voice, and seldom has Mr. Dunford been heard to better advantage. He has a robustness which he possesses with skill and resourcefulness. His aria "To the Lord Our God" was given with much fervor and spirit. Mr. Mitchell was an agreeable surprise. He is not often heard in works of a similar nature, and his appearance stamped him as one of Victoria's foremost singers. He has a pleasing baritone voice of rare quality and he sings with keen intelligence and a careful preparation highly commendable. His aria "A New Heaven and a New Earth," in which was embodied splendidly the cantata "Holy, Holy, Holy," was an outstanding feature of the evening, as was the solo "And I Heard the Voice of Harpers" and the quartette in the finale "Great and Marvellous," in which numbers the mellowness of the organ with a delightful combination of stops, combined with the beautifully played harp accompaniment by Miss Eleanor Barfoot, L. R. A. M., was captivating in the extreme.

The proceeds were in aid of the organ improvement fund. At the conclusion of the last of the church entertained the choir.

"J" Unit Chapter Dance.—"J" Unit Chapter, I. O. D. E. will hold a dance on Friday evening, commencing at 8 o'clock, in the Orange Hall, Courtenay Street. Donors of refreshments are requested to leave their contributions at the I. O. D. E. rooms, Fort Street, or at the quarter past seven Friday afternoon between the hours of 3 and 5 o'clock.

Weak, Thin Nervous Folks Gain Weight and Strength With New Phosphate Discovered by French Scientist.

The organic phosphate (discovered by Peloux, French Scientist) which is known in druggists in this country as Nitro-Phosphate, is now being highly recommended by many physicians as a real strength builder and to increase weight and to correct nervousness and general run-down conditions.

Because of its power to help revitalize the nerves, increase bodily weight and bring back energy and mental keenness, Cyrus H. Boway, and other leading druggists have a big demand for it. The Nitro-Phosphate is a pure chemical sold under a guarantee of satisfaction or money refunded.

CAUTION: Although Nitro-Phosphate is an excellent aid in relieving weak, nervous conditions, its use is not advised unless increased weight is desired.

Celebration Committee Meeting.—A meeting of the committee of the Victoria Day celebrations will be held to-night at 8 o'clock in the City Hall.

Ascension Day Services.—Ascension Day services will be held at Grace English Lutheran Church, 200 Commercial and Queen's, Thursday evening at 8 o'clock.

To Build on Main Street.—A building permit has been issued at the City Hall to allow the erection of a small two-story building for the Empress Hotel, at the corner of Main and Commercial Streets. The building will cost \$400,000. R. Hetherington is the contractor.

Two Cases.—Two divorce suits were set for hearing in the Supreme Court this afternoon, one being that of Rudd versus Rudd, and the other Ward versus Ward. J. S. Brandon is appearing for the petitioners in each case; both suits being undefended. Mr. Justice Clement heard chamber applications this morning.

Roof Fires.—The Fire Department was called out shortly before five o'clock yesterday afternoon to extinguish a roof fire at 1222 Rockland Avenue, and at a quarter past seven last night to put out another blaze of the same character at 919 Johnson Street. Little damage was done by either fire.

Burglar Successful.—Mrs. Petrie, 255 Mills Street, Howl Bay, reported to the police to-day that some time during Thursday a thief entered her residence and removed a purse worth \$22 in it in currency. The detectives are working on the case.

In Civil Courts.—Before His Honor Judge Lampman in the County Court to-day the suit of David Spencer, Ltd., versus Carey and Dunning, opened. H. Boyle is appearing for the plaintiff, F. C. Elliott for Mrs. Carey, and H. A. Manning, K.C., for Dunning, the defendants. The action is one in connection with sums alleged to be due to plaintiff.

I. O. O. F. Banquet and Concert.—Members of Colfax Rebekah Lodge will be the guests of Columbia Lodge, No. 2, at the Colfax Theatre this evening at 9.15 o'clock. The Grand Master of British Columbia, Harry Foster, will be present. The gathering will be limited to members of the order only.

To Complete Organization.—A meeting is called for Friday, May 6, at 2.30 p. m. in the Provincial Library, for the purpose of completing the organization of the Vancouver Island Child Welfare Council under the Provincial Department of Health. Delegates will attend from the various branches: Women's Institutes, Red Cross, Victorian Order of Nurses, I. O. D. E. Parent-Teachers' Associations and other interested organizations throughout the island. It is also hoped that there will be a large representation from the newly-formed Child Welfare Council of Victoria. Dr. H. E. Young, Provincial Officer of Health, will preside.

Opening Store.—Craft work is to be disposed of, including arts, crafts and photographic studies, at a new store to be inaugurated by Mrs. Arthur H. Parker. The store will be located conveniently to the View Street entrance of the Union Bank Building. The proposal for this depot is a new one. Mr. Parker will attend on Wednesday and Saturday mornings to interview students in painting and photography.

Victoria West Brotherhood.—The Victoria West Brotherhood last night listened with interest to an address by Mrs. Wicks on Esperanto, its history and the useful purposes served by the use of this language. There was a large attendance at the meeting. It was decided not to take any action on the matter of protesting the Legislative increase in salaries on the ground that the organization was non-political. The Women's Independent Political Association wrote regarding the matter. Charles F. Bannister, delegate to the Education Week demonstration. A committee was appointed to look into the matter of holding a field day in connection with the opening of the Sconeys Park.

Gonzales Chapter Meeting.—Mrs. L. B. Kent, the regent, presided at the monthly meeting of the Gonzales Chapter, I. O. D. E., yesterday morning. An excellent report was given by the educational secretary and the Chapter voted a monthly donation of \$5 to the work. A letter was read from Miss A. B. Cooke, expressing her appreciation of the Monterey School staff and meeting in the Chapter's interest in its welfare. The Chapter decided to donate a flag-pole and case for their colors to the 4th troop of Girl Guides. Announcement was made that the recent rummage sale had netted the sum of \$140. The life membership certificate was presented to Miss Wits. Plans were made for the bridge and croquet party to be held at the home of Mrs. Curtis Sampson in June.

Lawson Had Nothing and Beavers Annexed Opener

Port-Sider Lacked Control and His Offerings Were Hammered Hard By Vancouver; Capitals Were Leading When They Had a Run In With Umpire Carroll; Rego and Jones Leave Game; Easter Finished Game.

Vancouver, May 4.—Banging the offerings of the opposing pitchers when hits meant runs, and playing errorless ball throughout, the Vancouver Beavers yesterday afternoon thumped the Victoria Bees, 15 to 5, in the opening game of the Pacific International tace, at Athletic Park.

Port-Sider Lawson ascended the mound for the Victoria tribe and when he was forced to abdicate in favor of Pat Easter in the fifth the Locals had taken a five-run lead. The Beavers got nine hits, nine runs and were issued free transportation on six occasions while Lawson was in trouble.

Easter About As Bad.

Easter, who followed, fared little better in the four innings he worked, being clouted for six hits and a corresponding number of runs, but he was more steady than his predecessor, issuing but two gratuities.

Rapp Held the Bees to Four Safeties and a Pair of Runs in Seven Innings.

Rapp held the Bees to four safeties and a pair of runs in seven innings, their attempts for the most part being ineffectual scratches that were apple pie for the Beavers, only six balls getting as far as the outer garden, and they fell kerpunk in the seventh.

Caps Got Peevish.

The Bees undoubtedly have it in them, judging from the individual scores of the men, but they got off on the wrong foot yesterday when their pitcher was aroused by Umpire Carroll in the first few innings. Rego and Jones had to leave the game. Gatewood replacing the former behind the bat and Lilly going to right field.

Mayer Galle Pitched the First Ball Yesterday and President Klepper, of the Seattle Coasters, making a noble, if unsuccessful, effort to catch it.

Four-Day Competition to Be Held at Colwood Links This Month to Decide British Columbia Championships; Hundreds of Golfers Expected to Take Part; Committee Drafts Splendid Programme.

Colwood will be the mecca of golfers from all over the province between May 21 and May 24. The British Columbia golf championships are to be decided on the suburban links and large numbers of Mainland players will compete with the cracks of the local clubs for the high honors.

EXPECT GREAT CROWD AT KENTUCKY DERBY

Hotel Men Expected Biggest Attendance in History; Moor and Lynch Fight

Louisville, Ky., May 4.—Basing their estimates on reservations of past years, hotelmen are of the opinion that the 1921 renewal of the Kentucky Derby at Churchill Downs Saturday will be witnessed by the largest crowd that ever saw a horse race in Kentucky.

WITH THE BOWLERS

In the bowling contests for the League honors the Wests and Travelers met last night; each bowler was out on a high-scoring opponent for the championship. The Wests showed their old time form by running over the 800 mark in the first game, and in the second game the whole team went through each string without a sluff.

WESTS AND METS TO BATTLE ON SATURDAY

The Wests will once more meet their old rivals, the Mets, on Saturday, when they will tangle in an Island League fixture at the Royal Athletic Parlor. The kick off will be at 2 o'clock. This is the only football game scheduled for Victoria this week-end.

A Real Bicycle For a Real Boy

"WHY don't you ride your bicycle to school any more, Bill?"

"Well, Dad, everybody laughs at it. The other boys ride rings round me, and call it the old boneshaker."

"Hmm! How long have you had it?"

"Why, it's three years, now."

You got it second-hand, Dad—remember?"

"That's right! What kind of bicycles have the other boys?"

"They're nearly all C. C. M.'s. The best ones are, anyway."

"I see. What make would you like best?"

"Why, of course, a C. C. M., Dad, every time!"

Dad Offers Him One for Passing

"Well, now, look here, Bill. If you'll pitch in at school and pass your exams, I'll get you one of those C. C. M. Bicycles. How does that strike you?"

"Dad, I'd do almost anything for a C. C. M. You just watch me!"

"That's the stuff! I've heard C. C. M. Bicycles well spoken of, and one should be a prize worth winning."

"If sure is. C. C. M.'s look so snappy and ride so easy. Pewee Bowman has one of the new models and it has the C. C. M. Triplex Crank Hanger. He loaned it to me yesterday for five minutes. Gee, it was just like riding on air!"

"Why, what difference does the Triplex Hanger make?"

"Well, there's never any looseness or tightness when you're pedalling. You feel that every single bit of weight you put on the pedals counts for speed."

"And the C. C. M. doesn't tire a fellow out, either, Dad. Why young Mac Reynolds—he's only half as big as me—rides around all day on his C. C. M. It never tires him out."

THERE are over 1,000 C. C. M. Service Stations in Canada carrying genuine C. C. M. parts and giving C. C. M. service at reasonable cost. Look for the above sign.

FAMOUS ORCHESTRA COMING FRIDAY

Los Angeles Philharmonic in Initial Appearance Here

Walter Henry Rothwell, conductor of the Los Angeles Philharmonic Orchestra and one of the best known conductors of the present day, will be a Victoria visitor next Friday arriving with the Los Angeles Philharmonic Orchestra from the South. This Orchestra will be heard in concert at the Royal Victoria Theatre Friday. Conductor Rothwell has had the valuable training that makes for efficient musical leadership. Before taking his place as an orchestra conductor he achieved fame as conductor of the Royal Opera in Amsterdam, later conducting the well-known Savage Grand Opera Company on its two years' tour throughout America. His tremendous success with the Los Angeles Orchestra is verified by the fact that in this, their second season, the Los Angeles Auditorium had a seating capacity of 1,000 people—was almost entirely sold out by subscription before the opening of the season.

Under Mr. Rothwell's baton the Los Angeles Philharmonic Orchestra will play a brilliant programme for its Victoria concert on Friday. Among the numbers will be the famous Tchaikovsky "Fifth Symphony."

FIVE PROTESTS MADE BY VETERANS

Dislike Employment of Orientals and Other Phases of Government Work

The regular monthly meeting of the G. W. V. A. was held last night in the club-rooms on Fort Street, a number of matters being discussed. The Veterans decided to enter a protest against the new civil service bill now being introduced at Ottawa. The Veterans hold that the re-introduction of the patronage system did not represent the wishes of the electorate on this matter. Copies of the resolution are to be submitted to the other soldier bodies and the authorities.

Another protest was ordered to be sent to the Victoria Shipowners, Ltd., in connection with the alleged employment of aliens in the Cheong yards, the veterans asking that all labor there be employed through the Government Labor Bureau.

A still further protest has been ordered to be sent to the Canadian Pacific Railway Company, in connection with the employment of Orientals on the vessels of that company. It was noted that only whites could be sent to a recent wreck, and urged that only white people be employed.

Yet another protest was voiced for distribution to Ottawa in connection with the removal of the equipment for treatment of patients, formerly of the Esquimaux Military Hospital, and lately under the B. C. R., after-care department.

Another protest was urged in connection with the besting of hospital dental cooks on the Canadian National Railway.

FIRE PREVENTION IS PERSONAL BUSINESS

Fire Losses Can Be Reduced When Earnest Effort Is Made Individually

Reduction in Canada's fire loss must be effected through recognition by the public of personal responsibility. Unfortunately, we have too long looked to other interests to initiate and carry out laws or regulations to reduce the chances of destruction of buildings and stocks by fire.

As insurance companies are directly interested in the means much has been expected of them in the way of fire prevention effort. Fire insurance, however, is strictly business. Without fires there would be no need for insurance; the constant danger of fire is the principal and in fact the only reason for the purchase of fire insurance. Fire insurance rates are based upon experience; as the insurance companies have control of the setting of rates, it can readily be seen that they will protect themselves.

Insurance agents are paid by a commission on the amount of premiums collected, and it cannot be expected that they should wish to reduce their incomes.

The reputation of a fire insurance company for prompt payment of losses is one of its best selling points for new business. It is not in the interests of the company to contest claims for losses, even though the cause of a fire may be suspicious.

A satisfied agent is also a great asset to an insurance company, and consequently the company institutes to challenge the business he secures.

While many insurance companies and many agents are actively promoting fire prevention measures they cannot be expected to shoulder the entire responsibility for performing this service. It is the duty of every individual to assume his or her own share of this responsibility. Business interests are commencing to realize more clearly the importance of the fire waste, but greater effort must be made to interest the general public. With joint effort on the part of employer and employee to eliminate carelessness and to be increasingly watchful for fire dangers, many of our heavy fire losses would be overcome.

GRAZING COMMISSIONER MEETS CRANBROOK MEN

T. P. Mackenzie, the Provincial Grazing Commissioner has recently met at Cranbrook, representatives of the Stock Association on the various problems connected with the range in that district.

He was very fully convinced of the absolute need in that district of at least of wild crown and unenclosed private owned land being under the one control for grazing purposes. The committee has ample evidence to show that only by this means will a Stock Association be able to serve the district and its members to the best advantage and he hopes to get action taken in some way to overcome this matter in the not distant future.

In the matter of bulls on the range in the breeding season, immediate steps are to be taken to place authority in local hands who shall declare unfit animals off the range, and be able to enforce it. The unlawfully-at-large stock are to be more strictly watched.

Mr. Mackenzie expects to return to

CRANBROOK NEAR THE END OF MAY

spend some weeks in the district and get acquainted with the range and its cattle men in every section, and at that time he will bring some definite information and rulings to assist the industry and the association in its work.

**TOO MANY WIVES;
 TO WORKHOUSE**
 Akron, Ohio, May 4.—Gulseppe Sarniola, who attempted to square the triangle formed when his wife arrived from Italy Friday and found

him living with a second by keeping both, was sentenced to the workhouse for one year by Judge Spicer yesterday. Sarniola was found by officers living in a one-room shack with three children, one by his first wife, one the son of his second wife's first husband and one by his second wife.

A second son by his second wife was

born to-day. Judge Spicer ruled that Sarniola was living in a manner which would tend to contribute to the delinquency of the children.

Don't work too hard trying to avoid work.

HOMES WORTH CALLING "HOME."
WE have a large and varied selection of desirable residential properties in every part of the city. Here are two choice houses in

OAK BAY.
\$4200--A LOVELY 7-ROOMED, STUNNING HOUSE on a sea level and quite close to the sea. This attractive home consists of: Large spacious entrance hall with huge pressed brick fireplace, with ornamental overmantel; drawing room with glass conservatory leading off; easy little dining room, paneled and finished with wicker, open fireplace, etc.; very convenient kitchen with exceptionally large pantry; upstairs there are four bedrooms, one front room, and a bathroom with French windows leading out onto a small balcony; large bathroom, fully equipped; cement basement with first-class furnace and laundry tubs installed; well built workshop or garage, children's play house, chicken house, etc.; very large lot, excellent soil, well drained, and overlooking view of the sea. We know this house to be exceptionally well built, and in every respect the place to be in the very best of conditions. At the above figure this is a bargain.

A REALLY BEAUTIFUL HOME near the sea. This lovely place has every modern convenience and all in first-class condition. The living rooms are paneled and finished in fir with very costly inlaid hardwood floors; also several built-in features including a most artistic buffet which the property has ever had in the city. The electrical fixtures are of the very best and harmonize beautifully with the interior decorations throughout the house. There are two bedrooms, one with a built-in wardrobe as a first-class feature. Downstairs portion of the house consists of a large entrance hall, parlor, dining room, den or breakfast room, and kitchen. Upstairs there are four good bedrooms, one with a built-in wardrobe (en suite), also a large sleeping porch from which a view of the sea is obtained. We have no hesitation in saying that for value for money we can't be beaten on the market here. If you have photographs which we will be pleased to show to anyone interested.

Vapo-Cresolene
A Vapor Treatment for Coughs and Colds
The time for Vapo-Cresolene is at the first indication of a cold or sore throat. It is simple to use, you just light the little lamp that breathes the Cresolene and place it near the bed. The soothing, antiseptic vapor makes breathing easy, relieves the cough, eases the sore throat and prevents the cold from becoming a serious ailment. Vapo-Cresolene is the most effective and pleasant of all vapor treatments.

Absorbine J
which usually comes from strained or over-worked muscles, Absorbine, Jr. is highly recommended. Briskly rubbed in at the sore spot, Absorbine, Jr. will take out the pain and stiffness quickly, and restore the muscles to their normal, healthy condition. Absorbine, Jr. is clean and wholesome and leaves no oily residue.

FOUR CHINESE ARE FOUND GUILTY OF ILLEGAL GAME

The conclusion of the Chinese gambling case came to-day in the summing-up of the evidence by Magistrate Jay. During the last three hearings the names of several of the accused have been stricken out, until to-day what was once an imposing array of fifteen celestials, dwindled to five, facing the court. Magistrate Jay stated he would have to find that there was no case against Chung Wing, one of the five remaining accused.

These four, held the magistrate had been actually found guilty of the charge, by the corroboration of the evidence from every source, and would each be fined \$25 with costs at \$5 in each case. A large amount of equipment, relative to the game of Fan Tan, was ordered confiscated, and returned to its owners. W. C. Moresby and R. C. Lowe appeared for the accused.

As usual the court held as many Chinese as could be accommodated in the somewhat limited space for the public.

Bound Over.
Thomas R. Roskelley, charged with the theft of \$65 worth of tools from the tug Edna Grace, belonging to Captain W. E. Gardner, pleaded guilty, and was allowed a suspended sentence. H. Boyle for the accused, stated that the defendant had only wanted the tools for use on repair work that he was doing, and had no intent to steal. The prosecution did not oppose suspended sentence.

William Quagliotti, charged with being in possession of liquor kept for sale was convicted and fined \$200 or in default three months. Constable Bishop and Sergeant Florence told of a visit to the premises of the accused at the Allies Hotel, where a tussle took place between Bishop and the accused, the constable felling the accused, and securing a flask of whisky and two glasses. Constable Bishop was put to a grueling cross-examination by R. C. Lowe for the defence, but the counsel failed to shake the story of the police officer materially. The fine was paid.

Land Cultivation Case.
George W. Lawrence, accused of assaulting G. Stroud in connection with a dispute over some tax sale property which the latter had obtained in default three months. Constable Bishop and Sergeant Florence told of a visit to the premises of the accused at the Allies Hotel, where a tussle took place between Bishop and the accused, the constable felling the accused, and securing a flask of whisky and two glasses. Constable Bishop was put to a grueling cross-examination by R. C. Lowe for the defence, but the counsel failed to shake the story of the police officer materially. The fine was paid.

GRAIN MARKET HAS SHARP BREAK

(By Burdick Brothers, Ltd.)
Chicago, May 4.—The grain market opened strong, but developed weakness after the second hour of trading. In the afternoon session further liquidation took place and final prices, which practically were the lows for the day, showed a net loss of six cents in wheat and two cents in corn. General selling on the grounds that four buyers will not bid at prices on the advance, and this was the sentiment which worked in the wheat market. All cash markets were quoted out to three lower at the close.

SUGAR MARKETS

San Francisco, May 4.—Refined, cane sugar at 10¢ per lb. dropped to the price of 9¢ per lb. when \$7 a hundred was quoted.

TO-DAYS TRADING IN WINNIPEG MARKET

Winnipeg, May 4.—A sharp reaction occurred in the local wheat market to-day and prices, which for the past few days have been climbing upward, showed a marked decline with May 4th lower and July 4th down. May fell away to 12 1/2¢ and July to 1 1/2¢. The wheat market was not nearly so pronounced, while offerings appeared more liberal.

New York, May 4.—The American Railway Express Company announced here to-day that it had notified its 80,000 employees that it contemplated a revision of wages, effective June 1.

BUY NUGGET!

The Gold Mining Industry is now rapidly coming back to normal conditions. Wages and working costs have fallen, while the value of the product has not depreciated.

The Nugget Gold Mines, Limited, has now completed final arrangements for the commencement of mining operations, which start next week (May 1st). With approximately 6,000 tons of ore in the stopes already broken, and the engagement of a double crew of workmen, naturally indicates that extensive operations are about to commence. We strongly advise the purchase of Nugget around the present price of 2 1/2¢ cents per share. It will show a substantial appreciation during the current year.

We will be glad to furnish all particulars upon request.

"MAXIMUMISM"

The Toronto "Saturday Night," under the heading "The Grab-all Policy of Wage-earners Leads to the Bread Line," states that Maximumism might be the description of the idea of those deluded workers in Great Britain who were thundering against Society to obtain the possibility of shilling them can extract from the community for their services. Maximumism which might be interpreted to mean "all we can get" is dangerous because its limits are not set or defined.

Statistics show that 85% of the people do not start to accumulate wealth until they are forty years of age. They practice "maximumism" in investments and some come to the bread line.

We would like to press upon you the necessity of investing carefully. You have not given the investment in bonds the time and study it deserves.

If a Dominion Government Guaranteed Bond, that we sell, goes up five points during this year, as it has during the past four months, your investment would net a profit of 13.50%. This is "all we can get" by investments with no guarantee.

We believe Government Bonds will increase in value to approximately the value of 1914.

Bonds are sold by us on the instalment plan.

Banking Service for All

AS the majority of the first directorate of the Bank of Montreal, formed in 1817, were Scotchmen or bore Scotch names it was but natural that they should seek in Canada "to extend and to perpetuate for the farmer and the merchant the benefits and stimulus of a system the worth of which Scotland's prosperity could abundantly prove." One of the outstanding features of the system was the maintenance of numerous branches by banks of large capital.

The Bank of Montreal, in adopting this feature from the outset, laid the foundations of a service by which branches have been established throughout the entire Dominion.

At each of these branches the full service of the complete organization is available.

Through this service the Bank of Montreal offers to all classes of the community, from the smallest savings depositor to the largest commercial organization, good and adequate banking facilities. Each customer whether his account be large or small is welcome as a client of the institution.

BANK OF MONTREAL

MAKES STATEMENT ON UNEMPLOYMENT

(Continued from page 1.)
onslaughts of the enemy on the Western front. The call went forth, the nation realized the desperateness of the situation and the need was immediately met. Under the most hazardous conditions, men, munitions and food were shipped across the Atlantic, and the tide was turned.

Food.
"To-day we face a desperate need—not of shells and engines of war to destroy, but of food, clothing and shelter to sustain the life of the nation. Therefore why can not the same organization, the same energy and the same methods be put in operation to relieve the present situation?"

Would Come Back.
"Someone will say, 'We have no money to start such a movement because we are just paying for the outpouring of treasure in the last emergency.' It is true that we are paying for an outlay which was expended in destruction and not construction. If the financial power of the country were to be utilized in reviving and stimulating industry the outlay would come back a hundredfold.

"If the Government has a better idea, let it be put in operation without delay."

TO-DAYS TRADING IN WINNIPEG MARKET

Winnipeg, May 4.—A sharp reaction occurred in the local wheat market to-day and prices, which for the past few days have been climbing upward, showed a marked decline with May 4th lower and July 4th down. May fell away to 12 1/2¢ and July to 1 1/2¢. The wheat market was not nearly so pronounced, while offerings appeared more liberal.
