✓ Engineer Commissioner of the District	
requested to submit plans	5
White House-Diplomatic Reception Room	
✓ Approval of refurnishings by National Society	
of Interior Designers, Inc.	2

MEMORANDUM MINUTES OF THE
PROCEEDINGS OF THE COMMISSION OF FINE ARTS
WASHINGTON, D. C.
17 MAY 1960 *

EXECUTIVE SESSION

*Public Law 181, 61st Congress, Establishing the Commission of Fine Arts was signed by President Taft on May 17, 1910.

The Commission met pursuant to notice, at 2:00 PM, with David E. Finley, Chairman presiding.

Present were: David E. Finley, Chairman
Felix W. de Weldon
Michael Rapuano
Ralph Walker
Douglas W. Orr
Peter Murd

L.R. Wilson, Secretary
Susan E. Bennett, Admin. Asst.
Gilbert E. Halasz, Stenotypist

I. ADMINISTRATION

1. As a commemoration of the Fiftieth Anniversary of the first meeting of the Commission of Fine Arts, Mr. Felix W. de Weldon, the sculptor member of the Commission, presented the Commission with a granite plaque on which the much-admired words of the first Chairman of the Commission, Daniel H. Burnham, had been engraved. The Chairman accepted the plaque on behalf of the Commission. He described it as a most fitting gift for the occasion, and a lasting tribute to the founders of the Commission of Fine Arts and to the drafters of the McMillan Plan. It will serve, he said, as a constant guide to the present and future members of the Commission. The members of the Commission all joined in thanking Mr. de Weldon for his generous gift. (Note: The plaque is 31 1/2" wide by 22 3/4" high. The material is black Swedish granite of a type called "emerald pearl." The letters are sandblasted in the surface which has a high polish.)

2. Approval of Minutes of April Meeting

The minutes of the April meeting were approved as written.

3. Date of Next Meeting

The date of the next meeting of the Commission was confirmed for 15 June, with the Executive Session to be held on 14 June.

4. Enactment of S. 2778, "A bill to amend the Act Relating to the Commission of Fine Arts," with Respect to Lifting the Limit of Authorization for the Commission

The secretary reported that the legislation (S. 2778) to change the limit of authorization for appropriations had been enacted into law (P.L. 86-461/86th Congress) on 13 May 1960 following acceptance by the Senate of the wording of the House Bill (H.R. 7923). During the discussion on the floor of the House, the number of the Senate Bill had been affixed to the text of the House Bill, which, in effect, had removed a fixed sum as the limit of authorization and made appropriations dependent on the justification of needs by the Commission. The members considered this amendment of enabling legislation of the Commission (P.L. 181, 61st Congress) by the Congress, and by the President, an appropriate notice of the Fiftieth Anniversary of the Commission, and directed the Chairman to send letters of thanks to the Congressmen who had sponsored the Amendment in the Senate and the House of Representatives. EXHIBIT 1

5. Request for Supplementary Appropriation for Fiscal Year 1961

The Secretary reported that a request for a supplemental appropriation in the amount of \$26,700 had been forwarded to the Bureau of the Budget, in accordance with desires expressed by the members of the Commission. This sum represented the amount stricken by the Congress from the Commission's budget estimate for fiscal year 1961, because the Congress did not wish to appropriate a sum that exceeded to so great an extent the fixed limit of authorization, \$35,000, although legislation to remove this technicality was pending, at the time, in both Houses of Congress. The restoration of the \$26,700 would enable the Commission to employ two technical assistants whose services otherwise would not be available until fiscal year 1962, and to print the Fiftieth Anniversary Report. Having once been approved by the Bureau of the Budget, favorable action on the request by the Bureau of the Budget was expected.

II. SUBMISSIONS

1. National Society of Interior Designers
White House, Diplomatic Reception Room, Refurnishing

The members of the Commission, accompanied by Mr. Michael Greer, President of the National Society of Interior Designers, met with Mr. West, the Chief Usher, at the White House to discuss plans for refurnishing the Diplomatic Reception Room as a gift from the members of the Society. This visit made it possible to judge the suitability of the proposed furnishings in relation to the actual size and scale of the room and with the portraits that hang there.

It was at once evident that, because of the height of the room, a chandelier was undesirable and it was recommended that the offer of the

crystal chandelier be declined with thanks. The proposed rug was approved as to design and color. The other items in the proposed scheme, such as the furniture, were also approved, as well as the color of the walls and fabrics, in accordance with samples, which Mr. Greer left with Mr. West. A suggestion was made to replace the existing doors at the south end of the room with French doors and it was understood that such a change could be made. Some thought was also given to the replacement of the existing grandfather clock with one more suitable to the room. The members also agreed that the design for the doors of the china cupboards would be improved if changed in accordance with Mr. Greer's sketch, but Mr. West thought that it would be impossible to make such a change at the present time.

The Secretary was directed to prepare a letter for the Chairman's signature to Mr. Greer, this letter being made a part of the permanent record of the proceedings.

EXHIBIT 2

2. Department of the Interior

National Capital Parks

a. Inner Loop Freeway - Tunnel Through Lincoln Memorial Grounds

The Chairman welcomed Mr. Harry Thompson, Director, National Capital Parks, who attended the meeting to present the preliminary plans for a roadway and tunnel through the Lincoln Memorial Grounds between the watergate and the Memorial. Mr. Thompson informed the members of the Commission that the National Parks Service had recently awarded a design contract for a roadway and tunnel carrying six lanes of traffic through and beneath the Lincoln Memorial Grounds as a link in the "inner loop" freeway system. The roadway and tunnel was to loop around the Memorial on the Potomac River side. On the south it would emerge and connect with Independence Avenue; and on the north, near Constitution Avenue, it was to join up with the Inner Loop Freeway and approaches to the Theodore Roosevelt Bridge under the jurisdiction of the District Highway Department. Mr. Thompson stated that the tunnel would disturb neither the Lincoln Memorial's foundations nor the plantings on the memorial terrace. Only a portion of the 1,250 foot tunnel would pass directly beneath the memorial grounds and none of it would go under the Memorial itself.

Mr. Thompson also outlined plans for the construction of two one-way drives along the Mall on either side of the Reflecting Pool and parallel to it. These roads merged with existing roads and flowed around the Memorial grounds to connect with Arlington Memorial Bridge. Construction of these two roads would enable the Park Service to eliminate automobile traffic entirely from the eastern portion of the Lincoln Memorial circle with the area overlooking the Reflecting Pool. Authorization to complete these drives, however, would have to await the demolition of temporary building, including the Old Navy and Munitions Buildings

south of Constitution Avenue.

The members of the Commission felt that the designs for the tunnel, were, in general, satisfactory although they emphasized that they could never approve the Inner Loop itself. They agreed that elimination of motor traffic east of the Memorial seemed desirable, but felt that the plan submitted needed further study. There was also some discussion of the existing landscaping of the Lincoln Memorial grounds, which is beginning to hide the podium on which the Memorial stands. No formal action was taken, at this time, on any of these matters because of the preliminary nature of these plans. Mr. Thompson was thanked for bringing the plans at an early stage and was invited to return when developed further.

b. Central Maintenance Shop, Brentwood, Md.

The members studied the design proposed for the group of connected buildings to house the Central Maintenance Shops of the National Capital Parks at Brentwood, Maryland. They considered the design satisfactory in general. Further discussion was reserved until the following day when representatives of National Capital Parks were scheduled to attend the meeting of the Commission.

c. George Washington Memorial Parkway

(1) Glen Echo, Md. Bridge (Revised Design)

The members noted that the drawings submitted for the Glen Echo, Md. Bridge on the George Washington Memorial Parkway appeared to be the same as those submitted at the April meeting of the Commission. Mr. Haussmann of National Capital Parks, was scheduled to discuss this design with the members of the Commission at the meeting on the following day and further discussion was withheld until that time.

(2) Turkey Run and Dead Run, Va. Bridges

The Secretary presented designs submitted by National Capital Parks for bridges at Turkey Run and Dead Run, Va., which would be part of the George Washington Memorial Parkway System on the Virginia side of the Potomac River. Both bridges were almost identical in design, consisting of heavy concrete piers and beams supporting steel girders. The members considered the design of the piers and beams to be somewhat heavy. Representatives of National Capital Parks were scheduled to be present at the meeting of the Commission on the following day and final action was withheld until that time.

3. District of Columbia Government
 - a. Department of Sanitary Engineering
Sewage Pumping Station

The members studied the sketches of the proposed sewage pumping station between the eastern approaches to the Theodore Roosevelt Bridge. The Secretary reported that the distance from the approach roadways had definitely been fixed and that it would now be possible to study the design in relation to the embankments of these roadways, and to the Inner Loop, from which the pumping station would be entered. A conference being scheduled for the next day with representatives of the Department of Sanitary Engineering, further action was withheld until that time.

- b. Department of Highways and Traffic

- (1) Theodore Roosevelt Bridge Approaches

The Chairman stated that General Welling, Engineer Commissioner for the District of Columbia, had been requested in writing to submit the plans for the approach roads to the Theodore Roosevelt Bridge, but no answer had been received to the letter.

- (2) Inner Loop, Southwest Freeway, Eleventh Street Overpass

The members studied the drawings of the proposed Eleventh Street Overpass, Southwest Freeway, which was to be a part of the Inner Loop Freeway System. There were no serious objections to the design of the overpass, which follows in general the patterns of previous submissions. However, final action was deferred until the following day when discussions were scheduled with representatives of the District of Columbia Department of Highways and Traffic.

4. National Capital Planning Commission
 - a. Land Acquisition, Fort Drive - Confirmation

The members of the Commission confirmed the Chairman's prior approval of a land acquisition at Fort Drive, District of Columbia.

- b. Columbia Plaza Urban Renewal Project

Mr. William E. Finley, the Director of the National Capital Planning Commission met with the members of the Commission of Fine Arts and showed them the proposal for developing an area in Northwest Washington to be called Columbia Plaza, bounded by 23d Street, Virginia Avenue, 25th and E Streets, Northwest. He stated that a public hearing was to be held on the following day by the District Commissioners with reference to determining the advisability for establishing a renewal program for this area under the auspices of the Redevelopment Land Agency and the National Capital Planning Commission.

The members of the Commission of Fine Arts studied the plans for the development of Columbia Plaza and agreed that its location made it preferable to develop this area as a unit rather than haphazardly by real estate promoters. The Commission recommended that favorable action be taken by the Commissioners in the District of Columbia in authorizing the development of Columbia Plaza as an urban renewal project.

A letter was to be prepared, for the Chairman's signature, to the Board of Commissioners of the District of Columbia, informing them of the views of the Commission of Fine Arts, such letter to be made a part of the permanent record of the proceedings. EXHIBIT 3

c. June 16 Meeting, "2000 A.D. Planning Session"

The Secretary informed the members that an invitation had been received from the National Capital Planning Commission to attend their meeting on June 16, at which time they planned to discuss planning for the year 2000 A.D. It was suggested that since the Commission of Fine Arts would hold its meeting on June 15, at least one of the members might remain in Washington until the following day, in order to attend this meeting of the Planning Commission. The Chairman said he would attend and hoped some of the members could do so also.

5. Department of the Army
Improvements, Quarters 7, Fort Myer

The members of the Commission met with representatives of the Department of the Army and the architect to discuss proposed remodeling of Quarters 7, Fort Myer, Virginia, which was currently being occupied by the Chief of Staff of the Air Force. It was planned to increase the size of the living room, add a larger dining room, increase the size of the library, and increase bedroom and closet space on the second floor. The members considered that the proposed changes would improve the appearance of the house and approved such plans as presented. EXHIBIT 4

6. General Services Administration
Public Buildings Service

a. Oaklahoma City Courthouse - Sculpture - Status

Mr. de Weldon reported that he had inspected preliminary sketches for the sculpture for the Oklahoma City Courthouse, but they were very sketchy and it was not possible to formulate a firm opinion of them. More sketches were to be submitted at a later date.

b. Federal Deposit Insurance Corporation Building

The Secretary reported that the Federal Deposit Insurance Corporation Building was under restudy as the result of a decision to set the building back further from the street. No new drawings were ready to be submitted at this time.

7. Department of State
Statue of George Washington for Presentation to Uruguay

The Secretary displayed plans and photographs, which had been received from the State Department, and which outlined details for presenting a copy of a statue of George Washington to the people of Uruguay, in accordance with Public Law 86-345, 86th Congress.

The State Department proposed to use a bronze replica of the statue of George Washington by Houdon which stands in the United States Capitol. The only changes from the original involved reducing the height of the pedestal.

The plans were approved with the recommendation that the projecting plinth at the bottom of the pedestal be omitted, thus making the pedestal a single block of marble, of the same overall height, as shown in the sketch drawing.

The Secretary was directed to prepare a letter for the Chairman's signature, to the Secretary of State, such letter to be made a part of the permanent record of the proceedings.

EXHIBIT 5

8. U.S. Senate Committee on Aeronautical and Space Sciences
Design of Robert H. Goddard Medal

The Secretary reported that the U.S. Senate Committee on Aeronautical and Space Sciences had verbally requested the assistance of the Commission of Fine Arts in selecting a design for the proposed Robert H. Goddard Medal (H.J. Res. 19/86th Congress). Sketches were being made for the Committee by the Mint, but were not yet completed. In order to save time a conference had been scheduled for the following Friday at which time the Chairman and Mr. de Weldon, sculptor member of the Commission, intended to view these drawings. The members asked the Chairman to make any necessary decisions to advance the design, so that it could be presented at the June meeting.

Rehabilitation of Central Business Area

9. Downtown Center, Inc.

The Chairman reported that he had attended an exploratory conference called by the director of the Downtown Center project for the purpose of discussing the contributions that the various Federal agencies could make in carrying out the plans by Downtown Center, Inc. Representatives of the National Capital Planning Commission and the National Park Service, and others, also presented the views of their respective agencies. The Chairman, in explaining the role of the Commission, stressed that the area to be rehabilitated touched the Shipstead-Luce Area on Pennsylvania Avenue and 15th Street, N.W. No specific plans have yet been developed, but there was agreement that accomplishment of the aims of Downtown Center Inc. would be beneficial to the city.

Board of Trade - International Trade Fair

The Chairman reported that he had attended a luncheon at which the Board of Trade announced its interest in erecting a building from 8th Street to 11th Street and from D to E Streets, to include an underground bus terminal, an information bureau, an auditorium seating at least 10,000 persons, a hotel, and other units for business enterprises who might wish to join in promoting a trade fair. Ninth and 10th Streets were bridged by the building. Drawings that were exhibited showed a very large structure, which will be tangent on its south side to the Shipstead-Luce Area. It was expected that plans for this proposed building would be submitted at a later date. No opinion was expressed at this time, although there was some question raised about the effect such a building would have on the governmental area and the overall plan of the city.

III. SHIPSTEAD-LUCE ACT

a. Report of Actions Taken on Shipstead Luce Applications Since 19 April 1960 (Report dated 17 May 1960 - Appendix 1)

The Secretary reported the actions taken, after recommendations of the Shipstead-Luce Panel of Architects, on the Shipstead-Luce Building Applications forwarded for review by the District of Columbia Department of Licenses and Inspections since 19 April 1960. This report was dated 17 May 1960 and comprised Appendix 1 of the Order of Business. After discussions, the action as noted on Appendix 1 was confirmed by the members and action was taken on the following cases which had been disapproved by the Shipstead-Luce Panel and held for review by the Commission:

SL 2274	2260 Cathedral Ave., N.W.	Exterior Alterations
SL 2275	2230 Cathedral Ave., N.W.	Exterior Alterations
SL 2277	6200 Nebraska Ave., N.W. Army Distaff Foundation, Inc.	5-story brick Distaff Hall
SL 2279	5860 Oregon Ave., N.W.	1-story brick residence
SL 2281	535-15th Street, N.W. Washington Hotel-Delta Airlines	1 sign
SL 2280	500 North Capital Street, N.W. Hotel Pierre L'Enfant	1 sign

EXHIBIT 6

b. Preliminary Submission: Olmstead Building (revised design) 17th Street and Pennsylvania Avenue, N.W.

The Secretary reported that Mr. Koubek, the architect of the proposed building, had revised his designs, after a conference with the Shipstead-Luce Panel, and was scheduled to attend the meeting on the following day to present new drawings, which had not yet been submitted.

c. Preliminary Submission: Combine two stores at 941 and 943 Pennsylvania Ave., N.W. into one store for Penn Camera Exchange, Inc.

The members discussed the plans to combine two stores at 941 and 943 Pennsylvania Avenue, N.W., into one store. They recommended that the remodeling be approved, provided the show windows were kept within the building line.

IV. GEORGETOWN ACT

Report of Actions Taken on Old Georgetown Act Applications Since 19 April 1960 (Report dated 17 May 1960 - Appendix 2)

The Secretary reported the actions taken on the Old Georgetown Act Applications forwarded for review by the D.C. Department of Licenses and Inspections since 19 April 1960. This report was dated 17 May 1960 and comprised Appendix 2 of the Order of Business. After discussions, action as noted in Appendix 2 was taken by the members on the following cases which were not recommended by the Old Georgetown Board and which had been held for review by the Commission:

OG 2589	2621 P Street, Russ Pharmacy	1 sign
OG 2591	3043 K Street, American Dis- infectant Company	1 sign
OG 2595	3127 P Street, N.W.	Replace existing iron steps with brick steps

EXHIBIT 7

V. LEGISLATION

1. S. 3381 - Mr. Chavez - 19 April 1960 - "To amend the National Cultural Center Act as amended, to enlarge the site within which the National Cultural Center may be built."
2. H.R. 11871 - Mr. Jones - 21 April 1960 - Same as above.
3. S. 3409 - Mr. Dirkson - 25 April 1960 - Same as above.

The Secretary read to the members the report which had been written on S. 3381, stating that, in the opinion of the Commission, the success of the design of the National Cultural Center was contingent upon the acquisition of more land to the north and in order to reroute the existing Potomac Parkway to the east of the building. This report was approved by the members of the Commission.

EXHIBIT 8

4. S. 3386 - Mr. Johnston - 19 April 1960 - "To provide for the acquisition or construction of a building to be used as a residence for pages of the Senate and of the House of Representatives, for a Capital Pages Residence Board, and for other purposes."

The Secretary reported that the Commission had been requested to submit a report on this legislation. However the provisions of the bill placed the responsibility for selection of the site, and approval of the design in the hands of the architect of the Capitol and the Capitol Pages' Residence Board, with no provision for seeking the advice of the Commission of Fine Arts. A letter had been forwarded to the Senate Committee on Public Works to this effect. EXHIBIT 9

5. H.R. 8911 - Mr. Seldon - 27 August 1959 - "to provide for the presentation by the United States of a Statue of General George Washington to the people of Uruguay and for other purposes."

It was noted that in September 1959, a report was forwarded to the Bureau of the Budget stating that the Commission of Fine Arts had favored enactment of this legislation. (See paragraph II. 7.) EXHIBIT 10

6. S. 3403 - Mr. Humphrey - 21 April 1960 - "To amend the Public Buildings Act of 1959 to provide a study as to the best location for a new building for certain courts of the United States, to preserve the Dolly Madison House and other historic buildings near the White House for Cultural and Educational purposes in keeping with the national policy as enunciated in the historic sites, buildings and antiquities act, and for other purposes.

A report was written and forwarded on 18 May stating that the Commission of Fine Arts would be glad to cooperate the General Services Administration and the National Capital Planning Commission in making a study of the possibility of constructing adequate facilities to house the Court of Claims, the Court of Customs and Patent Appeals, and the Tax Court of the United States on a site or sites near the Supreme Court, Judiciary Square, or along 17th Street, N.W. AN ACT

16 311, 1952

To amend the Act relating to the Commission of Fine Arts

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of the Act entitled "An Act Establishing a Commission of Fine Arts," as amended (40 U.S.C. 106), is amended to read as follows:

30 333, 371.

"Sec. 2. There are hereby authorized to be appropriated such amounts as may be necessary to carry out the provisions of this Act."

Approved May 13, 1960.

RECEIVED
THE COMMISSION OF FINEARTS
WASHINGTON, D. C.
MAY 31 1960

NOTED

27 May 1960

Dear Mr. Greer:

The members of the Commission of Fine Arts found it very helpful to meet with you and Mr. West the Chief Usher, at the White House, on May 17 and to discuss the plans for refurnishing the Diplomatic Reception Room on the ground floor. This visit made it possible to judge the suitability of the proposed furnishings in relation to the actual size and scale of the room and with the portraits that hang there.

It was at once evident that, because of the height of the room, a chandelier was undesirable and it was recommended that the offer of the crystal chandelier be declined with many thanks for such a generous offer. The proposed rug was approved, as to design and color. The other items of furniture were also approved, as well as the color of the walls and fabrics in accordance with the samples which you left with Mr. West. A suggestion was made to replace the existing doors at the south end with French doors and I understand that such a change can be made. The members also agreed that the design for the doors of the china cupboards would be improved if changed in accordance with your sketch, but Mr. West thought that it would be impossible to make such changes at the present time.

The next meeting of the Commission will be held on June 14, when we will save time for further discussion, if you so desire and will let us know.

For the Commission of Fine Arts:

Sincerely yours,

David E. Finley
Chairman

Mr. Michael Greer
President
National Society of Interior Designers
50 East 57th Street
New York 22, N.Y.

President
J. D. Rockefeller
Chairman
J. C. McLaughlin
Secretary

17 May 1969

The Board of Commissioners
for the District of Columbia
District Building
Washington 4, D. C.

Dear Sirs:

At the meeting of the Commission of Fine Arts today, Mr. William E. Finley, the Director of the National Capital Planning Commission showed the members of the Commission of Fine Arts a proposal for developing an area in Northwest Washington to be called Columbia Plaza, bounded by 23rd Street, Virginia Avenue, 25th and C Streets. We understand that a hearing is to be held tomorrow with reference to determining the advisability for establishing a renewal program for this area under the auspices of the Redevelopment Land Agency and the National Capital Planning Commission.

The members of the Commission of Fine Arts studied the plans for the development of Columbia Plaza and agreed that it would seem advisable to develop this area as a unit. The Commission recommends that favorable action be taken by the Commissioners of the District of Columbia in authorizing the development of Columbia Plaza as an urban renewal project.

For the Commission of Fine Arts:

Sincerely yours,

David E. Finley
Chairman

27 May 1960

Dear Colonel Roper:

At their meeting on May 17, the members of the Commission of Fine Arts, conferred with representatives of the District Engineer, the Air Force, and the architect regarding changes to Quarters 7, Fort Myer, Virginia.

The members considered that the proposed changes would improve the appearance of the house and approved such plans as presented.

For the Commission of Fine Arts:

Sincerely yours,

David E. Finley

27 May 1960

Dear Mr. Secretary:

I am writing in reply to Mr. Boonstra's request for the views of the Commission of Fine Arts on plans for presenting a statue of George Washington to the people of Uruguay, as authorized in Public Law 86-345, 86th Congress.

The members of the Commission studied the material which Mr. Boonstra's office presented at their meeting on May 17. They noted that the statue was to be a bronze replica of the statue of George Washington by Houdon that stands in the United States Capitol; and that the only changes from the original involve lowering the base of the pedestal.

The plans were approved as presented, with the recommendation that the lower projecting plinth of the base be omitted, and a single block of marble of the same overall height, as shown in the sketch drawing, be used. It would not be necessary to submit further drawings of the proposed changes in the pedestal, which we understand, will be made.

For the Commission of Fine Arts:

Sincerely yours,

David E. Finley
Chairman

Honorable Christian A. Herter
Secretary of State
Department of State
Washington 25, D. C.

29 April 1960

Dear Mr. Chairman:

I am writing in reply to your letter requesting the views of the Commission of Fine Arts on S. 3381, 86th Congress, a bill "to amend the National Cultural Center Act, as amended, to enlarge the site within which the National Cultural Center may be built."

The Commission of Fine Arts has carefully studied the design of the proposed National Cultural Center and, in the members' opinion, the success of the design, with its river facade, is contingent on the acquisition of more land at the north and in order to reroute the existing Potomac Parkway to the east of the building. The important position this building will occupy in the cultural life of Washington and the Nation will justify the expenditures required. The Commission therefore urges favorable action on S. 3381 to authorize the acquisition of land required for this purpose.

The Bureau of the Budget has indicated that there is no objection to the submission of this report.

For the Commission of Fine Arts:

Sincerely yours,

David L. Finley
Chairman

Honorable Dennis Chavez
Chairman
Committee on Public Works
United States Senate
Washington, D.C.

86TH CONGRESS
2D SESSION

S. 3381

IN THE SENATE OF THE UNITED STATES

APRIL 19, 1960

Mr. CHAVEZ introduced the following bill; which was read twice and referred to the Committee on Public Works

A BILL

To amend the National Cultural Center Act, as amended, to enlarge the site within which the National Cultural Center may be built.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 That section 3 of the National Cultural Center Act (72
4 Stat. 1698), as amended, is amended by striking out section
5 3 and inserting in lieu thereof the following:

6 "SEC. 3. The Board shall construct for the Smithsonian
7 Institution, with funds raised by voluntary contributions, a
8 building to be designated as the National Cultural Center on
9 a site in the District of Columbia bounded by the Inner Loop
10 Freeway on the east, the Theodore Roosevelt Bridge ap-

1 proaches on the south, the Potomac River on the west, and
2 G Street, between the Potomac River and Twenty-sixth
3 Street, and F Street, between Twenty-sixth Street and the
4 Inner Loop Freeway, on the north, which shall be selected
5 for such purpose by the National Capital Planning Commis-
6 sion. The National Capital Planning Commission shall ac-
7 quire by purchase, condemnation, or otherwise, lands neces-
8 sary to provide for the National Cultural Center and related
9 facilities. Such building shall be in accordance with plans
10 and specifications approved by the Commission of Fine
11 Arts.”

A BILL

To amend the National Cultural Center Act, as amended, to enlarge the site within which the National Cultural Center may be built.

By Mr. CHAVEZ

THE COMMISSION OF FINEARTS
WASHINGTON, D. C.
RECEIVED

28 April 1960

Dear Mr. Chairman:

I am writing in reply to your letter of April 21, requesting the views of the Commission of Fine Arts on S. 3386, 86th Congress, a bill "to provide for the acquisition or construction of a building to be used as a residence for pages of the Senate and of the House of Representatives, for a Capitol Pages' Residence Board, and for other purposes."

The provisions of this bill place the responsibility for selection the site, and approval of the design of the proposed Capitol Pages' Residence, in the hands of the Architect of the Capitol and the Capitol Pages' Residence Board. No provision is made for seeking the advice of the Commission of Fine Arts. While the Commission of Fine Arts is, therefore, not in a position to comment on this legislation, we would, of course, be willing to render advice on the design of the building, if requested to do so.

For the Commission of Fine Arts:

Sincerely yours,

David E. Finley
Chairman

sub

Honorable Dennis Chavez

EXHIBIT 9

S. 3386

IN THE SENATE OF THE UNITED STATES

APRIL 19, 1960

Mr. JOHNSTON of South Carolina introduced the following bill; which was read twice and referred to the Committee on Public Works

A BILL

To provide for the acquisition or construction of a building to be used as a residence for pages of the Senate and of the House of Representatives, for a Capitol Pages' Residence Board, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*
3 That there is hereby created a Capitol Pages' Residence
4 Board (hereafter in this Act referred to as the "Board"),
5 which shall be composed of three Senators, to be appointed
6 by the President of the Senate, and three Members of the
7 House of Representatives, to be appointed by the Speaker of
8 the House of Representatives.

9 SEC. 2. (a) The Board shall (1) acquire real prop-

1 erty for use, or to be renovated for use, as a residence for
2 pages of the Senate and the House of Representatives, or
3 (2) select a site and have a building constructed thereon,
4 for use as such a residence, in accordance with plans prepared
5 by or under the direction of the Architect of the Capitol
6 and approved by the Board. Such residence, whether pro-
7 vided pursuant to clause (1) or (2) of the preceding sen-
8 tence, shall be in the vicinity of the United States Capitol,
9 and shall include a gymnasium, cafeteria, television and
10 recreation room, and study hall.

11 (b) (1) The Architect of the Capitol shall acquire on
12 behalf of the United States by purchase, condemnation, dona-
13 tion, or otherwise, the real property or site selected by the
14 Board pursuant to subsection (a) of this section.

15 (2) Any proceeding for condemnation brought under
16 paragraph (1) of this subsection shall be conducted in ac-
17 cordance with the Act entitled "An Act to provide for the
18 acquisition of land in the District of Columbia for the use of
19 the United States", approved March 1, 1929 (D.C. Code,
20 secs. 16-619 to 16-644, inclusive).

21 (3) There is hereby authorized to be appropriated such
22 sums as may be necessary (A) to acquire and renovate the
23 real property selected by the Board pursuant to clause (1) of

1 subsection (a) of this section, or (B) to acquire the site
2 and construct the building authorized by clause (2) of such
3 subsection.

4 SEC. 3. (a) Until the residence provided for in section
5 2 of this Act is ready for occupancy, the Board shall utilize
6 as a residence for pages of the Senate and House of Repre-
7 sentatives so much of that real property at lot 20, square 692
8 in the District of Columbia (now known as the Congressional
9 Hotel) as the Board determines is necessary for such
10 purpose.

11 (b) During the period of its use as a residence for pages
12 of the Senate and House of Representatives so much of the
13 real property referred to in subsection (a) of this section
14 as may be used for such purpose shall be known as the "Cap-
15 itol Pages' Residence", and thereafter the building acquired
16 or constructed pursuant to section 2 of this Act shall be
17 known as the "Capitol Pages' Residence".

18 (c) The Board shall appoint a headmaster who has had
19 professional training as an educator and in youth guidance
20 and two assistant headmasters to supervise pages residing in
21 the Capitol Pages' Residence during such periods as they
22 are not attending school or are not under the supervision of
23 an officer of the Senate or House of Representatives. The

1 person appointed as headmaster shall also be responsible for
2 the operation and maintenance of the Capitol Pages' Resi-
3 dence under rules made by the Board.

4 SEC. 4. (a) Each page employed by the Senate or the
5 House of Representatives shall be required to reside at the
6 Capitol Pages' Residence while the Senate or the House of
7 Representatives, as the case may be, is in session and during
8 all periods when he is entitled to receive compensation as a
9 page, unless he is residing with a parent or legal guardian or
10 a person selected for such purpose by one of his parents or
11 his legal guardian.

12 (b) Any page employed by the Senate or the House of
13 Representatives may, with the approval of the Board, reside
14 at the Capitol Pages' Residence during such times as the
15 Senate or the House of Representatives, as the case may be,
16 is in recess or adjournment, if he was entitled to reside at
17 such residence during the session of the Senate or the House
18 immediately preceding such recess or adjournment or if
19 he has been appointed as a page subsequent to the end of
20 such session.

21 SEC. 5. The Board shall establish such rates and fees
22 as it deems necessary for residing at the Capitol Pages'
23 Residence. Such rates and fees shall, insofar as practicable,
24 be sufficient to make the operation and maintenance of such
25 residence self-sustaining, but shall not exceed the average

1 of rates and fees charged for comparable accommodations
2 by college and university dormitories in the District of
3 Columbia. The obligations incurred by any page employed
4 by the Senate or the House of Representatives, for residing
5 at the Capitol Pages' Residence shall, at the request of the
6 Board, be deducted by the Secretary of the Senate or the
7 Clerk of the House of Representatives, as the case may be,
8 from any compensation to which such page is entitled. All
9 amounts charged for residing at the Capitol Pages' Resi-
10 dence, including amounts deducted from their compensation
11 under authority of this section, shall be paid to the Secretary
12 of the Senate and shall be credited to the current appropria-
13 tion for the operation and maintenance of the Capitol Pages'
14 Residence.

15 SEC. 6. There are authorized to be appropriated such
16 sums as may be necessary for the operation and maintenance
17 of the Capitol Pages' Residence, to be disbursed by the
18 Secretary of the Senate on vouchers signed by a member of
19 the Board designated by it for such purpose.

A BILL

To provide for the acquisition or construction of a building to be used as a residence for pages of the Senate and of the House of Representatives, for a Capitol Pages' Residence Board, and for other purposes.

THE COMMISSION OF FINE ARTS
WASHINGTON, D. C.
APR 22 1960

15 December 1911

Dear Mr. Stans:

I am writing in reply to the request of Mr. William H. Hughes, Assistant Director of Customs, in reference to the views of the Commission of Fine Arts on the bill H. R. 10111, an act "To provide for the construction by the United States of a statue of General Bepko de Vries for the people of Uruguay, and for other purposes."

The Commission of Fine Arts has previously favored enactment of legislation for this purpose and it was the Congress has now done so. Favorable action on the bill is recommended.

For the Commission of Fine Arts:

Respectfully,
Very truly yours,

David S. Vinney
Chairman

Honorable Maurice Stans
Director
Bureau of the Budget
Washington 25, D. C.

86TH CONGRESS
1ST SESSION

H. R. 8911

[Report No. 1118]

IN THE HOUSE OF REPRESENTATIVES

AUGUST 27, 1959

Mr. SELDEN introduced the following bill; which was referred to the Committee on Foreign Affairs

SEPTEMBER 1, 1959

Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

A BILL

To provide for the presentation by the United States of a statue of General George Washington to the people of Uruguay, and for other purposes.

- 1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*
3 That the Secretary of State is authorized and requested to
4 procure a bronze statue of General George Washington and
5 present the same, on behalf of the people of the United
6 States, to the people of Uruguay as an expression of appre-
7 ciation for the gift by the people of Uruguay of a bronze
8 statue of General José Gervasio Artigas to the United States.
9 Such statue shall be prepared only after the design, plans,

1 and specifications therefor have been submitted to and ap-
2 proved by the National Commission of Fine Arts.

3 SEC. 2. There are authorized to be appropriated such
4 sums as may be necessary to carry out the provisions of this
5 Act, including payment of the cost of such statue, the design
6 and construction of a suitable pedestal therefor, transporta-
7 tion, including insurance, and traveling expenses of persons
8 delegated by the Secretary of State to present such statue, on
9 behalf of the people of the United States, to the people of
10 Uruguay.

THE CLERK

U.S. HOUSE OF REPRESENTATIVES

SEP 9 1959

NOTED

100-106

Dear Mr. Chairman:

I am writing in reply to your request for the views of the Commission of Fine Arts on S. 3279, a bill, "To amend the Public Buildings Act of 1959 to provide a study by the National Capital Planning Commission, the General Services Administration, and the Commission of Fine Arts as to the best location for a new United States Court of Claims Building, and for other purposes." Reports have also been requested on two similar bills, S. 1280 and S. 3403, for which it is hoped that this request will suffice.

The Commission of Fine Arts would be glad to cooperate with the General Services Administration and the National Capital Planning Commission in making a study of the possibilities of constructing adequate facilities to house the Court of Claims, the Court of Customs and Patent Appeals, and the Tax Court of the United States on a site or sites near the Supreme Court, Judiciary Square, or along 17th Street, Northwest.

The Commission of Fine Arts understands that, in addition to the United States Court of Claims, and the United States Court of Customs and Patent Appeals, the Tax Court of the United States, now housed in the Internal Revenue building, is badly in need of new quarters. The Tax Court has asked that a building be provided at the same time provision is made for the two other Courts. We understand also that the requirements for the three Courts would make it impossible to place them, as proposed, on the east side of Lafayette Square without erecting a building that would be as tall as to be out of scale with other buildings in that area.

At a hearing which was held before the subcommittee of the Senate Committee on Public Works on 5 June and 2 July 1956, I gave the views of the Commission of Fine Arts as regards a building for the Court of Claims which we felt should be placed near the District Courts or near the Supreme Court, as are the other Courts in Washington. The Commission of Fine Arts is still of the same opinion, and believes the other two Courts should also be erected in these general neighborhoods.

If this is not feasible, the Commission will be glad to see a harmonious building erected for each of the Courts between New York and Pennsylvania Avenues on 17th Street, which would be in harmony with the building of the American Red Cross, the Pan American Union, and the old building. This

EXHIBIT 11

site is especially important as the building area along 17th Street from New York to Pennsylvania Avenues faces the White House Grounds and the Presidential Offices.

In the event the buildings are placed in any of these areas, we shall be glad to see the Government retain the buildings on the east side of Lafayette Square, particularly the Belmont Theater which would be useful, if it were to be rehabilitated. While the house formerly occupied by Mrs. Madison and the Cosmos Club has been greatly changed from the time Mrs. Madison lived there, the Commission would be happy to see this building, and also the Tayloe House, retained and used for local government or semi-public agencies, thus keeping the buildings around Lafayette Square in scale with St. John's Church and Parson House on the north side of the Square. The Commission regrets that Lafayette Square was not something more like, so that it would have retained its residential character with its many interesting and historic houses.

The Bureau of the Survey has advised that it has no objection to the submission of this report.

For the Commission of Fine Arts:

Sincerely yours,

David S. Taylor
Chairman

Honorable Dennis Chavez
Chairman
Committee on Public Works
United States Senate
Washington, D.C.

S. 3403

IN THE SENATE OF THE UNITED STATES

APRIL 21, 1960

Mr. HUMPHREY introduced the following bill; which was read twice and referred to the Committee on Public Works

A BILL

To amend the Public Buildings Act of 1959 to provide a study as to the best location for a new building for certain courts of the United States, to preserve the Dolly Madison House and other historic buildings near the White House for cultural and educational purposes in keeping with the national policy enunciated in the Historic Sites, Buildings, and Antiquities Act, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*
3 That the Public Buildings Act of 1959 is amended by adding
4 at the end thereof the following new sections:

5 “SEC. 18. The Administrator is authorized and directed
6 to conduct a joint study, together with the National Capital
7 Planning Commission and the Commission of Fine Arts, for

1 this section. The provisions of section 214 of the Act of
2 May 3, 1945 (59 Stat. 134; U.S.C. 691), shall be
3 applicable to any interagency committee created pursuant to
4 this section.”

A BILL

To amend the Public Buildings Act of 1959 to provide a study as to the best location for a new building for certain courts of the United States, to preserve the Dolly Madison House and other historic buildings near the White House for cultural and educational purposes in keeping with the national policy enacted in the Historic Sites, Buildings, and Antiquities Act, and for other purposes.

By Mr. HUMPHREY
