Application for authorized use of the building in the Reparation Plant.

賠償工場の建物の使用申請書

...orized Use and or Move of the Reparation Equipment

Info COPY

submitted 5 Apr 1950

To: Minister of Finance.

From: Toito Railway Car Co., Ltd.
28 Hinamicho, Shiba-Takanawa, Minato-ku, Tokyo.

Date: Jan. 20, 1950.

1. Name of Plant: (Code No.) Numazu Naval Arsenal (37-23)

2. Location of Plant: 360 7-Dori, Honaza, Numazu-City, Shizuoka Prefecture.

3. Name of Products planned:

Our Numazu Plant have done all our best to promote production as the plant to manufacture railroad rolling stock by repairing or improving the installation authorized to use by the director of the Nagoya Finance Bureau of Ministry of Finance in January in 1947.(space within blue frame) Now we want to obtain the authorized use of the following equipment in order not only to increase the producing efficiency and quantity but also to utilize them fully as the integrated equipment of producing trolly coaches, means of transportation in general, electric and loading equipment.

Building: Iron framed concrete building: 15,376 sq. meters(space within red frame.)

As some parts of the building (4 & 5 of the red space) are empty now, we wish to be allowed to use them earlier than the others.

4. History as a Maker:

Since the establisnment of the firm in 1913, we have been engaged in manufacturing railroad rolling stock, electric equipment,for automobiles ships and in general, and therefore manufacturing technic has been improved naturally as the demand increases. Since 1946, we started manufacturing railroad rolling stock and mining cars and by hign technic and improvement of producing equipment we have tried to get over the financial difficulty for completion of production. The state of production of the firm as a whole hitherto is as follows:

Classification	1946 (Unit ¥)	1947 (")	1948 (")
Railroad rolling stock:		20,820,000.	114,749,000.
Mine wagons:		4,060,000.	13,740,000.
Electric equipment for rolling stock:	30,320,000.	80,850,000.	114,722,000.
" automobiles:	12,630,000.	15,200,000.	42,945,000.
Marine apparatus:	495,000.	580,000.	1,200,000.
Electric equipment in general:	5,702,000.	7,150,000.	32,530,000.
Glass ware:	594,000.	1,250,000.	1,850,000.
Total	49,741,000.	130,180,000.	321,736,000.

5. 1939-1945 Production: None with the equipment on this application.

6. Period of desired permission:
From the day the use authorized until the removal of reparation.

Application for Authorized Use and
or Move of the Reparation Equipment

To: Minister of Finance.

From: Koito Railway Car Co., Ltd.
28 Sinsamicho, Shiba-Takanawa, Minato-ku, Tokyo.

Date: Jan. 20, 1950.

1. Name of Plant: (Code No.) Numazu Naval Arsenal (37-23)

2. Location of Plant: 360 7-Dori, Honaza, Numazu-City, Shizuoka Prefecture.

3. Name of Products planned:

Our Numazu Plant have done all our best to promote production as the plant to manufacture railroad rolling stock by repairing or improving the installation authorized to use by the director of the Nagoya Finance Bureau of Ministry of Finance in January in 1947.(space within blue frame) Now we want to obtain the authorized use of the following equipment in order not only to increase the producing efficiency and quantity but also to utilize them fully as the integrated equipment of producing trolly coaches, means of transportation in general, elsctric and loading equipment.

Building: Iron framed concrete building: 15,376 sq. meters(space within red frame.)

As some parts of the building (4 & 5 of the red space) are empty now, we wish to be allowed to use them earlier than the others.

4. History as a Maker:

Since the establisnment of the firm in 1913, we have been engaged in manufacturing railroad rolling stock, electric equipment,for automobiles ships and in general, and therefore manufacturing technic has been improved naturally as the demand increases. Since 1946, we started manufacturing railroad rolling stock and mining cars and by hign technic and improvement of producing equipment we have tried to get over the financial difficulty for completion of production. The state of production of the firm as a whole hitherto is as follows:

Classification	1946 (Unit ¥)	1947 (")	1948 (")
Railroad rolling stock:		20,820,000.	114,749,000.
Mine wagons:		4,060,000.	13,740,000.
Electric equipment for rolling stock:	30,320,000.	80,850,000.	114,722,000.
" automobiles:	12,630,000.	15,200,000.	42,945,000.
Marine apparatus:	495,000.	580,000.	1,200,000.
Electric equipment in general:	5,702,000.	7,150,000.	32,530,000.
Glass ware:	594,000.	1,250,000.	1,850,000.
Total	49,741,000.	130,180,000.	321,736,000.

5. 1939-1945 Production: None with the equipment on this application.

6. Period of desired permission:
From the day the use authorized until the removal of reparation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

7. Scale of production planned by month for period on this application:
With the permission, we rationalize producing system and put all our force into exporting goods. The scale of production planned on completion of this plan is as follows:

	Monthly amount
Railroad rolling stock & trolly conches:	¥18,000,000.
Industrial cars:	5,000,000.
Electric equipment for automobiles:	7,500,000.
" in general:	16,000,000.
Transporting & loading equipment:	6,500,000.
Total:	53,000,000.

8. Name and Location to which products are to be delivered:
a. Home consumers:
Government Railroad, State Police, Marine Peace Preservation Office, etc
Private railroad firms, Automobile firms, Mining firms, & other consumers.

b. Foreign consumers
Siam: Parts of rolling stock, Amount of order received--¥19,700,000. (1949)
Philippines: " " 800,000. (")
The estimated amount of the order received from abroad is not clear.

In March 1948, our service in producing technic was publicly recognized by the Minister of Transportation.
In January, 1949, the officer in charge in Civil Transportation Section appreciated our technic in rebuilding work of electric locomotive for the Ministry of Transportation.

9. Scale of proposed change in physical facilities:
As the Numazu Plant had formed one plant installation with the equipment on this application, being located close to it, it was planned according to the ground and building on the application. So if we could use the equipment, the whole function will be fully worked. Above all, Numazu Plant - : -
a. locates geographically in the center of Japan;
b. holds an important place in electrified Tokaido Main Line;
c. is in the best condition to procure labour;
d. works for all transportation means which are necessary for rehabilitation of Japan;
e. acts important part as manufacturing institution of not only for Japan but also for the eastern countries.

We own plants in Shinagawa (Tokyo) and Shizuoka (Shizuoka Prefecture) and they are manufacturing also the same products and in order to rationalize the producing system between them too, we want to put stress on Numazu Plant so that the productive efficiency, technic may be promoted. We are sure to use it effectively by changing the installation on application in the minimum.

10. Intended expense for authorized use:
a. Material: Steel as producing material --- 450 tons (monthly)
b. Labour: at the time the plan is completed: Total number ---1450.
c. Finance: Fund on hand and accommodated by the banks.

11. Plan & Location to continue the production after Reperation removal:
After reparation removal we want to continue the production at the same place.
If you will kindly grant us the permission for this application, we shall appliciate your favour and we are sure to do all our best for rehabilitation of Japan and therefore we pray heartily for your authorization.

Signed: T. Kaita

Incl 1[3]

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

INSTRUCTIONS FOR USE OF FORM OGA 1

1. This form will be used to release to the Japanese Government former military and naval installations acquired under Operation Instructions 5, GHQ, SCAP, 1 January 1948.

2. Locations will be given in terms of map number, map sca scale and military grid coordinates and the Chome-Cho-Ku address, if known.

3. Form will be typed or printed in ink.

4. In the installation block, detailed description of the installation will be stated, together with all pertinent data applicable to that particular installation. A detailed description of any improvements will be listed immediately under that of the installation. If no improvements, so state.

5. The value column will contain:

a. Total value of the property in yen, obtained from Ministry of Finance, Bureau of State Property.

b. Value in US Dollers of any improvements to that installation made by the Japanese, the United States or Allied Occupational Forces and considered uneconomical for removal prior to release to the Japanese. (Valued by releasing unit)

6. Detach the lower half of all except the last page, if more than one page is required.

7. This form will be filled in sextuplicate and distribution made as follows:

3 copies to Hqs Eighth Army (1 for 8th Army; 2 for General Acctg Office, GHQ, SCAP)
1 copy to Ministry of Finance, Bureau of State Property, Japanese Government
1 copy to Japanese representative
1 copy to Releasing Unit

8. This form may be reproduced locally.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

HEADQUARTERS
SHIZUOKA MILITARY GOVERNMENT TEAM
APO 1007

23 January 1948

SUBJECT : "REQUEST BY RAILWAY CAR REPAIR COMPANY TO USE ADDITIONAL SPACE IN NUMAZU NAVAL ARSENAL (# 37-23) (Koito Seisakusho K.K., 28 Minami-cho, Shiba-Takanawa, Minato-ku, Tokyo)"

THROUGH : Commanding Officer, Tokai-Hokuriku Military Government Region, APO 710.

TO : Commanding General, Eighth Army, Headquarters 8th Army, APO 343 ATTENTION: Military Government Section.

1. Reference 5th Indorsement Headquarters 8th Army AG004.04 (MG) 4 October 1946 to letter Headquarters Shizuoka Military Government Team subject: "Application for Use of Building in Area of Numazu Naval Arsenal (Operational Directive 5/2) and Temporary Use of One (1) Overhead Crane on Reparations Inventory (Koito Seisakusho K.K., 28 Minamicho, Takanawa, Shiba-ku, Tokyo-to)"dated 3 September 1946.

2. Under reference authority subject company was permitted to establish a railway car repair and equipping shop in the Numazu Naval Arsenal after being given the use of a former power plant building and a railroad siding (released to Home Ministry 4 November 1946).

3. At the present time all areas of the arsenal except two reinforced concrete buildings housing reparations machinery have been released to the Home Ministry. One of these buildings is 2-storied. The entire building, including the flooring between the first and second floor is reinforced concrete and is fire-proof. All equipment on reparation is on the first floor. The second floor on this building is connected by overhead passageway to the building presently used by subject company.

4. The amount of work (repair and installation of electrical equipment) done by the company at the present time for the Ministry of Transportation on railway and subway cars makes additional space imperative.

5. In the attached petition the company requests the use of the unused 2nd floor of the building where reparations machinery is held under custody.

6. In view of the nature of the work being done by the company this Headquarters recommends that Koito Seisakusho K.K.

INCL 2'

50

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

BASIC: Letter, Headquarters Shizuoka Military Government Team subject: "Request by Railway Car Repair Company to Use Additional Space in Numazu Naval Arsenal (# 37-23) (Koito Seisakusho K.K., 28 Minamicho, Shiba-Takanawa, Minato-ku, Tokyo-tu)" dated 23 January 1948.

be given the use of the second floor of the building of the Numazu Naval Arsenal remaining under custody for the following reasons:

a. Use of the 2nd floor will not necessitate any access to reparations equipment as entry is available directly from the building presently used by Koito (Koito is also the authorized contractor for the Financial Bureau for maintenance of the reparations equipment)

b. Use of the space requested will not present any fire hazard or take up any space that will be required for crating and removal of equipment when allocated.

FOR THE COMMANDING OFFICER:

BASIC: Ltr, Hq Shizuoka Mil Govt Team, APO 1007, dtd 23 Jan 46, subj: "REQUEST BY RAILWAY CAR REPAIR COMPANY TO USE ADDITIONAL SPACE IN NUMAZU NAVAL ARSENAL (J37-23) (Koito Seisakusho K.K., 28 Minami-cho, Shiba-Takanawa, Minato-ku, Tokyo)"

3. After release is made to the Japanese government, the land and buildings may be disposed of at the discretion of the Japanese government, providing that the provisions of Operational Directive No. 28 as amended, and Operational Directive No. 10/1 concerning agricultural lands are followed. No specific permit is required from the occupation forces for the Koito Seisakusho to use the second floor of the arsenal building after it has been released. Negotiations for use of the building should be made directly between officials of the Koito Seisakusho and the Finance Ministry.

4. The Shizuoka Military Government Team should supervise the movement and consolidation of reparations machines from second floor of the building to the first floor. After consolidation has been made, the second floor may be released under authority of this indorsement to the Kensetsu-in. The Koito Seisakusho should then be instructed to apply for use of the space to the Finance Ministry. Shizuoka Military Government Team will take precautions to insure that security of reparations equipment is not endangered by use of the building by the Koito Seisakusho.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

SHIZUOKA PREFECTURAL GUVERNMENT

19 Jan. 1948

SUBJECT : Recomendation on Application of Koito Manufacturing Co., Ltd. for Permission to Use the Second Floor of the Main Shop in Ex-Numazu Naval Arsenal.

TO : Headquarters,
Shizuoka Military Government Team.

THRU : Japanese Liaison Office, Shizuoka.

We beg hereby to submitt you our recomendation of the above application of Koito Manufacturing Co.,Ltd., which states that the Numazu Plant of the Company wishes to use the second floor of the main shop in the ex-Numazu Naval Arsenal by the reason that the places and buildings which the Company was authorized to use have become too narrow to complete the rising amounts of works ordered from the Transportation Ministry.

The Plant is now doing his best efforts for the works to manufacture the electric equipements of railroad cars and to repair the cars, electrictive locomotives and motors which are needed for the rehabilitation of post-war Japan.

The use of the second floor of the main work-shop requested this time by the Company is not considered giving any effects on the custody and maintenance of Reparations equipments of ex-Naval Arsenal which are stored in the shop, so that we wish you will give your faborable consideration to this application.

T. Kubayashi

T. KUBAYASHI
Governor,
Shizuoka Prefectural Government.

SUBJECT: "Preparation for Release of Additional Portion of Numazu Naval Arsenal (Inventory Number 37-23)"

THRU: Japanese Liaison Office, Shizuoka
and
Reparations Division, Commerce and Industry Department, Economics Section of Shizuoka Prefectural Government.

TO: Shizuoka Branch, Nagoya Financial Administration Bureau, Custodian.

1. This Headquarters proposes to release from custody and control that portion of the #1 shop building shown on the attached diagram in red color.

2. The area to be released in #1 shop building includes the entire second floor and that portion of the first floor behind (north of) the area known as the #1 shop, concrete-floored, where reparations machinery is stored, and the area in the rear of the building containing the sand-blast (#4) and two warehouses (#5 and #6).

3. The following areas are not included in the proposed release: the platform in front of #1 and #2 shops facing the rail-siding (there is no objection to the continued use of platform in front of #2 shop by Koito Seisakusho KK), the corridor between the two buildings containing #1 shop, and #2 and #3 shops, no part of the #2 shop building is to be released.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

BASIC: Letter, Headquarters Shizuoka Military Government Team, APO 1007, 27 August 1948, Subject: "Preparation for Release of Additional Portion of Numazu Naval Arsenal (Inventory Number 37-23)"

4. The following measures are to be taken at once

a. All removable evaluated equipment, other than that which is a part of the building (wiring, switches, piping, lighting, etc) is to be moved into the areas to be retained under custody.

b. All entry to the released area, first floor, is to be from doors on the north, and north-east sides. There is to be no access to areas under custody from the area released. (continued use of platform to south of #2 shop will be permitted.)

5. The measures stated above are to be carried out at once preparatory to release of area by tactical units in immediate future.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 77501/3

Date : Dec. 10, 1947.

Subject: Application for Permission to Use the Second Floor of the Main Shop in the old Numazu Naval Arsenal.

To : Headquarters, Shizuoka Military Gov't Team.

Through: Japanese Liaison Office. Shizuoka Pref. Gov't.

Dear Sirs:

We wish to have the permission to use the second floor of the main shop in which Reparation machines of Numazu Naval Arsenal (37-23) are stored, by the following reason.

Reason:

We have got the permission to use electric power plant and other small houses in order to make railway cars which are needed for the reconstruction of Japan after the war and we are doing our best efforts for the works of electric equipment of railway car and repair of railway car, electric locomotive and motor, but the places and buildings which we were permitted are too narrow to complete the works for the order from the Railway Department. Therefore, we wish to use the second floor of [illegible]

by the following reason.

Reason:

We have got the permission to use electric power plant and other small houses in order to make railway cars which are needed for the reconstruction of Japan after the war and we are doing our best efforts for the works of electric equipment of railway car and repair of railway car, electric locomotive and motor, but the places and buildings which we were permitted are too narrow to complete the works for the order from the Railway Department. Therefore, we wish to use the second floor of the main shop.

Method of Using:

We will connect with the second floor by only bridge passage not approach the first floor where reparation machines are stored.

Object of Using:

The warehouse and office affairs.

We would be much obliged if you would give this application a favorable consideration.

Yours faithfully,

Signed: G. Koito

Genrokuro Koito
President of Koito Manufacturing Co., Ltd.
28 Minamicho, Shiba-Takanawa,
