a. Every measures will be taken to meet the possible emergency throughout the prefecture concurrent with a disaster in a close concert with the local police of communities, even if no proclamation of a national emergency is proclaimed in accordance with the provisions of the Police Law.

b. Relative to the above mentioned co-ordination, the Tokushima Prefectural Federation of Public Safety Commissions decided the agreement as given below.

7. The function of each team of the Public Safety Division is as follows:

Information & Liaison Team.

Matters mentioned in 2 above.
Matters mentioned in 6. (1) a.b. above

Guard Team.

Matters mentioned in 6. (3) a; 6. (2).

Crime Prevention Team.

Crime Search Team.

Matters mentioned in 6 (2) above.

Communications Team.

Matters mentioned in 3 above.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Transport Team.

Matters mentioned in 4 above.

8. The traffic control for the general public to ensure relief activities in the concerned area in case of fire and other calamity, will be carried out based on the following program:

(1) For the purpose of ensuring rescue work to the fullest extent so that to prevent risks and looting in the affected area in the case of fire or other calamity, a police cordon with a radius of about 220 m. will be drawn, barring trafficbeyond the cordon with the exception of the persons given below;

a. The firemen and persons engaged in the rescue work.

b. The persons who are dwellers or owners of houses within the cordon and or their relatives or acquaintances wishing to engage in the rescue work.

c. The persons employed by the office, school or business concern located within the cordon.

d. A person on offical duty.

e. A person carrying a certificate identifying him as permitted to enter into the cordon by a competent figure.

(2) Traffic will be controled out side the cordon if it is necessary for the activities of firemen and rescuing forces.

(3) The above mentioned control will be enforced by the police according to the provisions of the Road Traffic Control Law and the Minor Crime Law.

Agreements of the Tokushima Prefectural Federation of Public Saftey Commissions Concerning Co-ordination

This federation reached the following agreements, based on its free will, for the purpose of a smooth execution of polic business of the prefecture, cities, towns and villages in the prefecture, and also to secure cooridination and mutual assistance among them.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

1. A public safety commission will dispatch police officials for assistance if it is requested by the public safety commission of the affected area who deems it necessary in case of riot, a disturbance, or an urgent need of vigilance in its area.

2. The expenses needed for the assistance mentioned in the preceding paragraph, will be defrayed by the public safety commission who receives the assistance. However, under a special condition such burden will be shared by the parties concerned by mutual understanding.

3. If a public safety commission is asked assistance and co-operation for arrangement regarding arrest and criminal search by any other public safety commission, every effort will be taken whole haartedly same as in a case happened in its own area.

4. If a public safety commission is asked an emergency call of the police force, exchange of information and necessary investigations concerned with handling of police affairs by any other public safety commission, sincere and fair cooperation will be extended by it.

5. Detailed rules necessary for implementing these agreements will be decided by the conference of police directors.

Tables for References

I. Names of towns and villages to be threatened by collapse of banks of major rivers of the prefecture.

North bank of the Yoshino River:

Ichijo, Takashi, Matsushima, Oyama, Matsusaka, Sakae, Banzai, Bando, Otsu, Matsushige, Kitashima, Ojin, Sumiyoshi, Aizono, Kita-inoue, Nii and Kakishima. (17)

South bank of the Yoshino River:

Kamoshima, Nishio, Moriyama, Ushishima, Takahara, Urasho, Aihata, Kita-inoue, Takagawara, Ishii, Minami-inoue, Kokufu and Nii. (13)

Akui River:

Minami-inoue, Kokufu, Kami-hachiman, Tokushima, Kita-inoue, and Nii, (6)

Katsuura River:

Tokushima, Katsuura, Takara, Yokose, Ikuhina, and Komatsushima. (6)

Kaifu River:

Kawanishi, Kawahigashi, Tomooku and Kawakami. (4)

Miyagochi River:

Gosho, Oyama, Matsushima, Ichijo, Matsusaka, Sakae and Takashi. (7)

Sonose River:

Tokushima, Kamihachiman. and Katsuura. (3)

Left bank of Naka River:

Sakano, Imazu, Tatsue, Ono, and Hirashima. (6)

South Bank of Naka River:

Nakanoshima, Takarada, Nagaike, Hirashima and Ono. (5)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

II. Estimated amount of damage of cities, towns and villages to be stricken by collapse of banks of major rivers in the prefecture.

1. Yoshino River (Left bank)

Category	Length or width.	Amount of money (¥)
Road over 2 m.	89,820 m.	¥7,796,270
Road over 3 m.	74,790 m.	15,705,470
Bank	20,500 m.	133,050,000
Paddy Field	2,600 Chobu	43,971,000
Upland Field	10000 "	34,127,500
Homestead	238.5 "	2,980,800
Houses iinundated	7,471	109,000,000
Bridges	2	500,000
Decrease in crop	3,600 Chobu	43,070,250
Total		490,201,290

Names of cities, towns and villages to be affected:

Kakishima-son, Ichijo-cho, Matsushima-son, Takashi-son, Oyama-son Matsusaka-son, Sakae-son, Banzai-cho, Kita-inoue-son, Nii-son, Aizono-son, Bando-cho, Sumiyoshi-son, Ojin-son, Kitajima-cho, Horie-son, Otsu-son, Naruto-shi and Matsushige-son.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

2. Yoshino River (right bank)

Category	Length or width	Amount of money (¥)
Road over 2 m.	59,450 m.	7,143,850
Road over 3 m.	70,650 m.	20,371,350
Bank	6,000 m.	46,600,000
Paddy Field	1,600 Chobu	74,188,400
Upland field	800 "	31,472,800
Houses inundated	9,558	64,000,000
Bridges	2	500,000
Decrease in crop	2,400 Chobu	44,486,420
Total		291,702,980

Names of cities, towns and villages to be affected:

Nishio-son, Moriyama-son, Ushishima-son,
Takahara-son, Urasho-son, Aihata-son,
Takagawara-son, Ishii-cho, Kita-inoue-son,
Minami-son, Kokufu-cho, Nii-son and Tokushima-shi.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

3. Naka River (Left bank)

Category	Length or width	Amount of money (¥)
Road over 2 m.	29,400 m.	7,764,500
Road over 3 m.	18,650 m.	8,957,000
Bank	1,000 m.	20,000,000
Paddy field	1,886 Chobu	168,024,000
Upland field	54.9 "	1,680,500
Homestead	45.0 "	1,274,400
Bridge		
Decrease in crops	1940.9 "	25,999,020
Houses inundated	609	60,9000000
Total		294,595,420

Names of cities and villages to be affected:

Hanoura-cho, Hirashima-son, Imazu-son,
Tatsue-cho, Sakano-cho and Ono-son.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

4. Naka River (Right bank)

Category	Length or width	Amount of money (¥)
Road over 2 m.	11,400 m.	3,266,100
Road over 3 m.	15,600 m.	2,754,400
Bank	8,700 m.	40,300,000
Paddy field	1,117.2 Chobu	136,461,000
Upland field	108.7 "	7,354,500
Homestead	26.4 "	2,332,300
Houses inundated	570	49,600,000
Bridges		
Decrease in crop	1,225.9 Chobu	24,275,400
Total		271,343,700

Names of cities, towns ans villages to be affected:

Ono-son, Nagaike-son, Takarada-son,
Nakanoshima-son and Hirashima-son.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

5. Akui River

Catagary	Length or width	Amount of money (¥)
Road over 2 m.	25,000 m.	6,900,000
Road over 3 m.	300,000 m.	16,800,000
Bank	24,500 m.	54,800,000
Paddy field	1,470 Chobu	3,530,000
Upland field	480 Chobu	490,000
Homestead	370 "	26,640,000
Houses inundated	10,959	101,400,000
Bridges	3	1,000,000
Damage in crop	1,950 Chobu	1,497,000
Railway	5,000 m.	5,000,000
Total		218,047,400

Names of towns and villages affected:

Tokushima-shi, Kami-hachiman-son, Kokufu-cho,

Nii-son, Miami-inoue-son and Kita-inoue-son.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

6. Katsuura River

Category	Length or width	Amount of money (¥)
Road over 2 m.	12,300 m.	3,240,000
Road over 3 m.	12,000 m.	7,920,000
Bank	23,500 m.	117,500,000
Paddy field	2,055 Chobu	5,160,000
Upland field	313 Chobu	306,500
Homestead	212 "	12,564,000
Houses inundated	5,824	46,240,000
Bridges	2	900,000
Damage in crops	2,368 Chobu	1,446,800
Railway	7,200 m.	7,200,000
Total		574,477,300

Names of towns and villages to be affected:

Ikuhina-son, Katsuura-son, Tokushima-shi,

Komatsushima-cho, Takara-son and Yokose-cho.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

7. Sonose River

Category	Length or width		Amount of money (¥)
Road over 2m.	4,500	m.	1,300,000
Road over 3m.	4,300	m.	2,550,000
Bank	5,500	m.	27,500,000
Paddy field	500	chobu	1,500,000
Upland field	30	"	40,000
Homestead	300	"	21,600,000
Houses inundated	2,400		24,000,000
Bridges	2		400,000
Decrease in crops	530	chobu	1,670,000
Total			80,560,000

Names of towns and villagex to be affected:

Tokushima-shi, Kamihachiman-son, and Katsuura-son.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

8. Miyagochi River

Category	Length or width	Amount of money (¥)
Road	77,000 m.	29,070,000
Bank	20,400 m.	40,800,000
Paddy field	650 chobu	1,950,000
Upland field	410 "	615,000
Homestead	20 "	1,440,000
Houses inundated	315	3,150,000
Bridge	3	600,000
Decrease in crops	1,060 chobu	636,000
Total		78,261,000

Names of towns and villages to be affected:

Ichijo-cho, Takahashi-son, Sakae-son,

Gosho-son, Matsushima-cho, Oyama-son,
and Matsusaka-son.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

9. Kaifu River

Category	Length or width	Amount of money (¥)
Road over 2 m.	18,526 m.	3,705,200
Road over 3 m	13,328 m.	6,664,000
Bank	10,000 chobu	30,000,000
Paddy field	447 "	900,000
Upland field		
Homestead	60 "	4,320,000
Houses inundated	1,978	19,780,000
Bridge	1	1,600,000
Decrease in crops	447 chobu	335,200
Total		66,704,400

Names of towns and villages to be affected:

Kawakami-son, Kawanishi-son, Kawahigashi-son and Tomooku-cho.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 77 5013

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Measures to be taken by Minsei-iin in case of disaster

1. In case of disaster, the relief corps. of the stricken districts will immediately call out chiefs of Divisions and teams and make them start the relief activities for sufferers on the basis of the plan for operation of the Disaster Relief Corps.

2. Disaster Relief Information Team:

   This team will successively report relief activities and later situations of the stricken district to the Military Government Team and the Prefectural Disaster Relief Policy Council and at the same time announce the same to the general public of the prefecture through the media of local newspapers and the broadcasting station.

3. The Relief Corps. will ask the cooperation of the various public and private organizations (Police Stations, Prefectural Chapter of the Japan Red Cross Society, Minsei-iin, Youngmens Associations, Fire Brigades, Womens Associations and various organizations concerned with Economics), by establishing close touch with these organizations immediately after the occurrence of the disaster.

4. Information Team members of the Relief Corps. who are working at the actual scene will appropiate an estimated expenditure needed for emergency Relief by making sure of the extent of the damage.

5. Information Collection Team members will investigate, with the cooperation of the Minsei-iin, the damage situation of each household and at the same time will make out relief application forms to be filed at the Relief Division.

   (Items to be investigated)

   a. No. of family members who lost houses.

   b. No. of dead.

   c. No. of persons injured (No. of wounded persons requiring hospital treatment)

   d. No. of houses totally destroyed.

   e. No. of houses partially destroyed.

   f. No. of households which suffered damage on household effects.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

g. Damage on barn and other buildings, cattle and fowls and farm machines and tools.

h. Extent of damage on private enterprisers.

6. The Information Collection is responsible for submitting the first information on the occurrence of the disaster to the Military Goverment Team and reporting in succession later situation of the stricken district and the relief activities at the interval of several hours by media of radio, local newspapers and other means.

7. Information Centers will be established in proper places of the stricken districtfor information regarding Welfare situations of the stricken district anf safety of victims. Information Team members will conduct this business with the cooperation of Minsei-iin and members of Youngmens Associations of the district.

8. Supply Team of the Relief Division will make sure that an adequate amount of commodities for emergency relief are kept in stock at the devastated district and if they find that the amount is insufficient, they will ask help from neighbouring towns and villages.

9. Places of temporary shelters:

Victims who have no relatives and aquaintances to go to will be sheltered at schools, Shinto Shrines, Temples and Public Halls. In case of necessity, they will be sheltered at spacious houses of private persons, but in this case we must make Minsei-iin investigate the the situation and obtainconsent of the owners of the houses beforehand.

10. Relief Materials Supplies Team:

As designated merchants handling relief goods we will select beforehand those merchants who have credit with the public of respective districts. we will make a contact with these merchants that in case of disaster they will be sure in supplying a necessary amount of relief goods at official prices.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

11. Damage Relief Measures will be divided into two catedories; Emergency relief measures and Rehabilitation relief measures.

a. Emergency Relief: Immediately after the occurrence of the disaster, the victims will be provided with such emergency relief goods as food, clothing, shelter and medical supplies.
b. Rehabilitation Relief: This relief activities will be conducted onthe basis of "Case Work" method.

12. Case work method is utilized in determining allocation of relief goods. Even if a person suffered a great damage, he will not be entitled to be relieved if he can bear the damage he suffered. He must be revived of his own energy and expense.

13. The chief objective of case work is to aid individual households. Duidance and help must be accorded to individual victims so that they will get back to normalcy as soom as possible. However, individual households, on their part, must exert their utmost along the lines set forth by the guidance.

14. When applications for relief are recieved, Minsei-iins will conduct investigation by visiting each applicant. Then the Minsei-iins will prepare reports. The investigations will cover the following items.

a. Family record of the applicants pre-disaster days.

b. Dead or injured situation of the family

c. Extent of damage as a result of the disaster.

d. Assets (including income from employment)

e. Liabilities

f. Extent of relief to be made

g. Certificate showing that the family is victim.

h. Rehabilitation program planned by the family.

15. In preparing the report, Minsei-iins should not enter the unecessary items. They will be trained for this survey in ordinary times. These reports which include family affairs must be kept confidential.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

16. The family should assume resposibility for the program it formulated.

17. Minsei-iin, in preparing the report, should make recommendations as to whether the application should be approved or rejected by clarifying reasons for it.

18. Awarding of relief goods and money will be properly adjusted on the basis of the report.

19. Supervisors of case work (headmen of cities, towns and villages) should account for the expenditure of the damage relief fund. Accordingly these supervisors are requested to make reinvestigations of the case after the case is closed.

20. Presents to victims of a catastrophe should not be distributed to families whose investigations have not been completed. These goods presented will be fairly distributed as early as possible to victims in proportion to the extent of the damage which respective victims suffered.

21. Rehabilitation relief should not be limited to a fixed form of relief. We must take measures suited to the damage situation of respective families.

22. Regarding expenditure of relief funds, especially expenditure of construction and repairing of houses, Minsei-iin must arrange reciepts from the building contractors and dealers of construction materials and must have them annexed to a file of cases.
