There are **100 times more** geotagged entries about **France** than about **Africa** continent

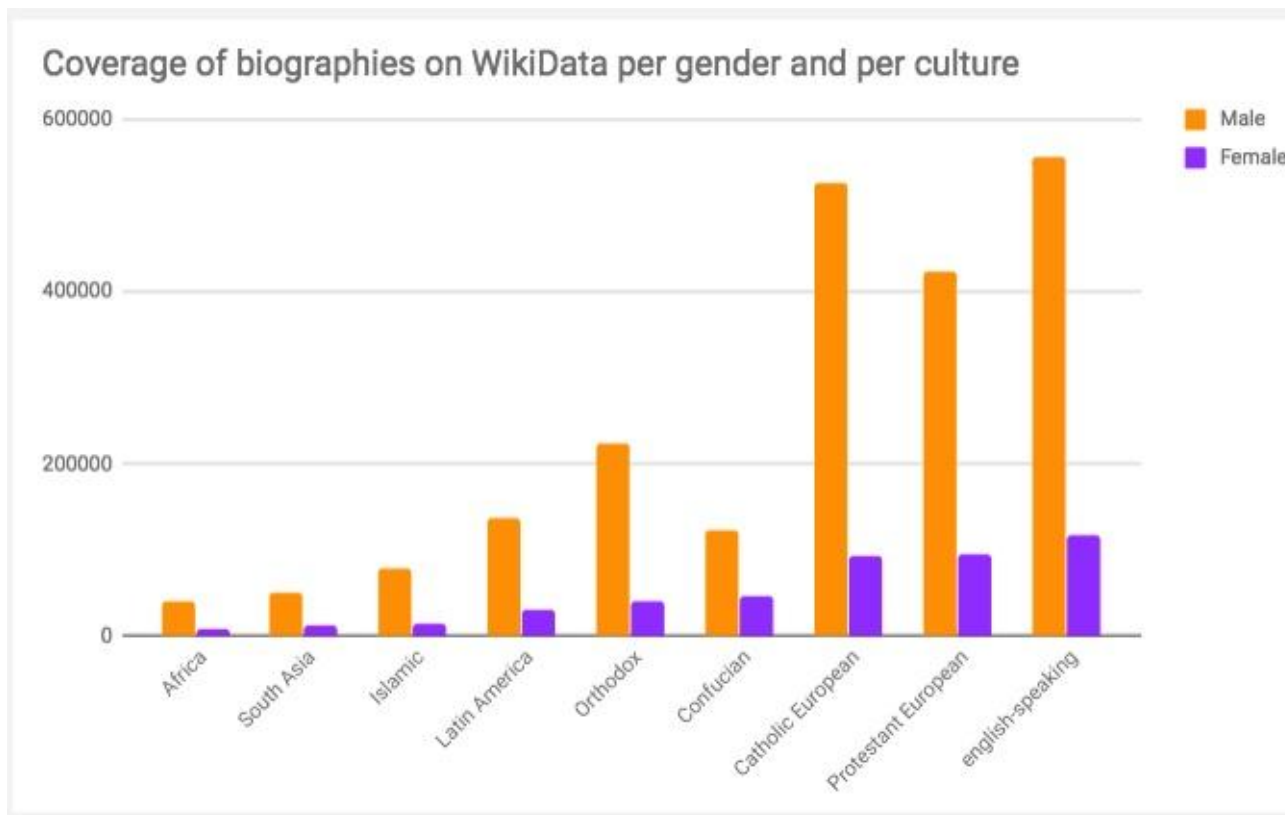

Each dot represents a geotagged article on  
WikiData

**More edits originate from Hong Kong each quarter than do from the entire continent of Africa over the same period.**

## Only 0,318% of our biographies are about african women

# 66% of world uses the internet ... less than 20% in Africa

Note: Percentages based on total sample.

## Kiwix: access free knowledge - even offline

KIWIX is an offline reader for online content like Wikipedia, Project Gutenberg, or TED Talks. It makes knowledge available to people with no or limited internet access. The software as well as the content is free to use for anyone.

# WikiProject Med: a thematic collection

Promoting development and distribution of **health care** content from Wikimedia projects

## WikiFundi : offline editing tool

The **offline editing environment** that mimics the experience of editing Wikipedia (or Vikidia) to navigate context-specific challenges, and encourages a bridging experience and space for training, creation and collaboration.

# Wikimedians for offline wikis : a wikimedia UserGroup

Consolidate and support offline snapshots of wiki knowledge, and deployments of them in schools, clinics, and rural communities.

Advocate for better distribution of and awareness of offline wikis, in all parts of the world where internet access is restricted, expensive, or unavailable: including schools, clinics, prisons, refugee camps, disaster areas.
