British Commission Declares in Favor Of Canadian Cattle

Says Live Beef Animals From This Country Ought to Be Admitted; Objections Based on Disease Said to Be Without Foundation.

London, Sept. 15.—(Canadian Press Cable)—The British Cattle Embargo Commission's report is entirely favorable to the admission of Canadian cattle. It rejects the disease theory, but admits that the removal of the embargo would have a certain prejudicial effect on Scottish and Irish farming interests.

Ottawa, Sept. 15.—(Canadian Press)—Word that the British Cattle Embargo Commission has reported in favor of the admission of Canadian cattle was received here with the keenest satisfaction. Removal of the embargo means satisfactory termination of a fight which Canada has waged for over thirty years.

In the view of the experience of the Federal Department of Agriculture it will give a stimulus to the export of Canadian livestock. At the present time Canadian cattle are not permitted in the United Kingdom unless slaughtered within ten days of arrival. If effect is given to the findings of the commission they may also enter for sale to feeders, thus opening an alternative market.

The embargo has been in force since 1892. Acting under legislative powers passed in that year, the British Department of Agriculture, exercising discretionary powers, prohibited importation of Canadian cattle except as stipulated. The main ground taken was that they were subject to disease.

In 1916 an Act was passed continuing the embargo. It will now be necessary for the Parliament of the United Kingdom to repeal the Act of 1896 before the embargo is finally removed.

Officers Fear Opponents of Government Will Be Disfranchised

Liberals here began to show fight today when they started to investigate proposals made by Ottawa for handling the voters' list for the Dominion election.

The Dominion is to accept the Provincial voters' lists in Provinces where there is an official list. But this list is to be brought up to date by Dominion officials, who will work in each district for six days adding unregistered names to the list and dropping any names put back on the list.

The Hon. J. D. MacLean, Provincial Secretary, explained today that Ottawa has been furnished with the latest edition of the Provincial list and will print the Dominion list from that.

"We have nothing to do with the Dominion list after we furnish the Government with our copies," said Dr. MacLean. "Beyond that Ottawa has a free hand to add or subtract from the list."

Patrick O'Hara, Liberal organizer said there would be trouble if Ottawa turned the B. C. list over to a number of appointees given a free hand to add or strike off names at will. He pointed out that under such a system names of opponents of the Government could be struck off and care taken to see that supporters were registered during the six days.

W. M. Ivel, President of the Victoria Liberal Association, explained that the Dominion Government is taking all Provincial lists, except in Ontario and Saskatchewan, as the basis for the Federal list. The Dominion list has recently been revised, Mr. Ivel said, but many persons who did not vote at the last election have not got their names put back on the list. This applies to a large number of women. Under the B. C. Elections Act, persons who fail to vote have their names struck off the list.

DISSOLUTION SOON, SAYS MEIGHEN

Ballantyne's Resignation Not Accepted, He Says

Political News From Several Canadian Points

Ottawa, Sept. 15.—Premier Meighen announced to a Canadian Press representative today that Cabinet reconstruction would be announced in all probability at the beginning of next week; that dissolution would take place very soon; that there would be no by-election in West York, and that the resignation of Hon. C. C. Ballantyne as Minister of Marine and Fisheries had not been accepted.

Questioned when dissolution would take place, Premier Meighen stated that it necessarily would be very soon. There would, of course, be no by-election in West York, Ontario, Cabinet.

He added that probably the first of next week he would be in a position to make a statement regarding Cabinet reconstruction. Asked as to the reported acceptance of Mr. Ballantyne's resignation, Mr. Meighen stated that there was no ground whatever for the rumor that had been placed in circulation to this effect. The present Ministers had placed their resignations in his hands that he might be free in the consummation of his present task. No resignations had been accepted as yet. Mr. Ballantyne, a man of admitted business capacity and integrity, had done excellent work for the country.

"The fact," added Mr. Meighen, "that he offered his services merely because of the extraordinary circumstances of four years ago and for a temporary period only, doubtless accounts for the reports of his retirement."

Disarmament Move By League Council Urged

Geneva, Sept. 15.—The debate in the Assembly of the League of Nations today was reopened by Delegate Lange of Norway, who severely criticized the inaction of the Council on disarmament. The Washington conference, he said, represented a most laudable initiative on the part of President Harding.

Public opinion, declared the Norwegian delegate, demanded that the League push efforts to secure disarmament on land, but instead of handling the question from the standpoint of the Assembly as that body had indicated its attitude, the Council, through the military commission of the League, was dealing with it from the viewpoint of the military attaches.

Japan. Tokyo, Sept. 15.—Belief that immigration problems will not be included in the agenda of the conference and the limitation of armaments and Far Eastern questions at Washington is held in this city. It is declared that this question will not be discussed at the conference because both Japan and the United States hope for a direct settlement.

Lethbridge, Sept. 15.—Captain E. L. Janney was much weaker today as a forty days ago in protest against his arrest on a charge of selling stock unchartered in Alberta. TO DECIDE TRIAL OF ARBUCKLE

San Francisco Officials to Choose Charge

San Francisco, Sept. 15.—A county grand jury indictment charging Roscoe C. (Fatty) Arbuckle with manslaughter in connection with the death of Miss Virginia Rappe, motion picture actress, after a party in his rooms in the St. Francis Hotel here was returned before Presiding Judge Shortall in the Superior Court today. The indictment was voted September 14.

Arbuckle was not in court. District Attorney Brady explained that Arbuckle would not be admitted to bail until two murder charges pending against him had been disposed of. He is to confer with the chief of police and other authorities later in the day as to the exact charge on which Arbuckle shall be tried.

San Francisco, Sept. 15.—Arrangements are being completed today for the funeral of Miss Virginia Rappe, motion picture actress, whose death resulted in four charges against Roscoe C. Canada's Crop Estimated At 850,862,000 Bushels

Ottawa, Sept. 15.—(Canadian Press)—That the great wheat harvest of 1915 probably will be exceeded by the harvest this year is forecast in a report issued by the agricultural branch of the Dominion Bureau of Statistics. According to the report, which covers the condition of the crops to date, the average yields in bushels per acre of the principal grain crops will be as follows.

Fall wheat, 15,473,000 bushels, as against 13,469,200 last year; Spring wheat, 278,214,000, as against 242,720,700; all wheat, 293,687,000, as against 256,189,900.

Oats, 486,303,100, as against 530,769,700. Barley, 57,607,300, as against 62,810,500. Rye, 11,847,600, as against 11,306,400. Flax seed, 716,300, as against 797,700.

These are preliminary estimates, subject to revision after completion of threshing, the prevalence of rust, both black and red, in the province of Saskatchewan occasioning difficulty in the preliminary estimates of average yields.

How a man dashed madly through the streets, in his underclothes, stopped New York traffic with a clothing dummy, started a fire unintentionally, became a murder suspect, also unintentionally, and finally invented his way to the altar, are but a few of the remarkable features of "The Nut," starring Douglas Fairbanks, which is now showing at the Variety Theatre. This picture is said to be a combination of comedy and heart interest, with a very pleasing love story dominating throughout. In addition to the star, the photoplay has in it some of the most capable and popular screen players in the picture business. The theatre management proclaims this film as one of the most unique that "Doug" has ever done. It displays some of the most original and laughable situations ever shown, and at the same time develops genu-

ine artistry in the nature of its treatment at the hands of this clever and athletic comedian.

CAPITOL

Bebe Daniels demonstrates in this picture that she is not only a clever comedienne but also an actress of decidedly varied talents. For it is a dual role that she plays; in one character, Fanny O'Donnell, a shop girl, and in the other Marie La Tour, famous screen star and high-diving expert.

It is indeed an entertaining story this of the quick-witted young salesgirl who chooses to spend her "two weeks with pay" at a fashionable summer hotel. Her employer, with an eye for business, provides her with a smart wardrobe. She resembles the famous Marie La Tour—and of course things begin to happen when resort patrons mistake her for the noted actress. The unraveling of the amusing complications is made irresistibly funny by an exceptionally clever cast including Walter Hiers, as a hotel clerk; Polly Moran, a chambermaid with screen ambitions; Jack Mulhall, leading man James Mason; and George Periolat. "Two Weeks With Pay" will be immediately recalled by thousands who read the story in the Saturday Evening Post. It is by the well-known Nina Wilcox Putnam, whose slangy modern feminine characters

Swanson, in an old ancestral home. The author, who wrote the story especially for Miss Swanson, rendered valuable assistance to the director in other angles of production, and especially in the dressing of the English settings.

In this story Miss Swanson is seen as the half Gypsy daughter of an English Lord, whose father rears her in strict seclusion, fearing that her mother's fanatic instincts will assert themselves over the subdued English culture. Later, however, on a trip to America, the girl falls in love with a young mining engineer, is bitten by a rattle-snake and taken by him to his mountain cabin. There, intoxicated from the whiskey which he had given her as an antidote, she feels the gypsy spell and brings about a situation which results in many dramatic and highly emotional episodes. Milton Sills plays the leading supporting role, Sam Wood directed and the story was picturized by Monte M. Katterjohn.

PRINCESS OFFERING PLEASES AUDIENCE

Exciting Incidents in "The Girl of the Golden West"

The Mildred Page players again cemented their popularity to the public in their new presentation, "The Girl of the Golden West," which won great admiration from a big house last night. This attractive play is set, as the title describes, in the country which holds the regular "wild and woolly" features. It makes this presentation one of the most popular plays that has held the boards at the Yates Street playhouse for some considerable time. The opening scene to the play is a bar room. This scene is more or less a prologue introducing all the characters of the play in this part, and Miss Mildred Page acts as boss of the bar in a charming manner, which wins admiration from everyone. Mr. Elton, as a bartender, produces the humorous side of the subject, with

have reached a remarkable vogue. The story was prepared for the screen by Alice Eytan and Maurice Campbell directing the filming, with Kinley Martin in charge of the photography.

ROYAL VICTORIA

Mack Sennett's six reel comedy drama will be the attraction at the Royal Victoria Theatre again to-day and is certain to give him the usual light of popular favor. He eclipses his previous achievements in the manner of assembling all the tried and true "motes of making laughter," and does not rely entirely on the farm stuff, the bathing girls, or a burlesque or an old-time favorite. Sennett has been more ambitious here than usual. He has spent money. There are some big sets that would do credit to the largest of feature productions. And he has all the players that have made his comedian famous. Ben Turpin, Marie Prevost, Charlie Murray, Phyllis Haver, and Louis Fazenda make a rich combination of stars, and they are ably supported by others equally well known. As a melodrama it is as full of thrills and romance as a novel by Dumas, and as a comedy it is one of the best that has been shown in this city for many a day. A Bruce Scenic, a Bray Pictograph, and a Christie two reel comedy make up the balance of the picture programme. The Lyric Male Quartette has also been engaged to look after the musical part of the performance, the whole making an entertainment well worth seeing.

DOMINION

"This is a most perfect English room!" exclaimed Elinor Glyn, noted British novelist, as the finishing touches were put upon a setting which had been prepared for scenes in "The Great Moment." Gloria Swanson's first Paramount starring vehicle, which is playing at the Dominion Theatre all week.

The setting represents the boudoir of an English girl played by Miss

his love-making antics to Miss Dean, who carries out her part in a capable manner. A new role is presented for Byron Alden as sheriff of the county and his makeup along this line holds a surprise for the patrons. Miss Lily Dooley is another character to produce ripples of laughter in the way she carries out her part of a Chinese laundry man. The dialect is up to perfection, while her interruption in the love match between Arthur Elton and Miss Dean holds another laugh for the audience.

Mr. Coots, the hero of the play, is selected as a road agent, and is trailed by a detective, E. Impett taking this part, while Miss Mullally's is presented as an Indian girl with Lee Jaxon, her ardent lover. Mr. Coots' singing is still growing in popularity. "Just Like a Gypsy," being sung by request. Three encores were given this song before the patrons were satisfied. Perhaps the most thrilling point in the play, and which part might be called the climax, is the poker game for life or death, which was excellently presented by Byron Alden and Mildred Page in a thrilling manner, holding the audience in suspense and giving an ending which holds a surprise for the onlookers. Mr. Thom is a notable personage in this play, taking the part of a cow-puncher and also one of the posse who went in search of the road agent. Scenery for the entire play is noteworthy for its attractiveness and veracity in representing the scenes. This week's play reminds the old patrons of the cowpuncher plays that held the boards when Mr. Sullivan appeared.

COLUMBIA

Tom Mix in "The Wilderness of the Trail," a five-reel feature of the Northern snow country, is now at the Columbia. Those who saw him in his previous pictures at this theatre will be delighted with him in his latest picture. Pictures of this type are unusually beautiful for their scenery and surroundings, also Miss Virginia Rappe in a two-reel comedy.

LITTLE THEATRE

The screaming farce "Niobe," which is to be presented at the Little Theatre by the Victoria Dramatic and Operatic Society for seven nights commencing Saturday next, promises to be one of the best entertainments offered by this popular organization. Those who have had the privileges of witnessing the rehearsals declare it to be second to none as a real mirth producer.

While most of the cast is more or less new to Victoria audiences, it has been carefully chosen, with the one object in view, that of having people play parts for which they are suited. No better choice could have been made for the present play than those included, and it is safe to say that under the able direction of R. N. Hince it will be a pronounced success. The cast is composed of John McCallum, Captain H. R. W. Allan, W. B. Bredin, W. J. Cobbett, T. Edward Clark, Misses Gladys Thorpe, M. L. Ringland, Vivien Combe, Doris Harper, J. Choate and Meadara W. McMicking and John Hudson.

The play opens in the drawing-room of Peter Amos Dana's house in London, in which the statue of Niobe, some three thousand years old, comes to life. The excitement and consternation caused is indescribable, and the efforts of Mr. Dana to explain her presence to the rest of the household are most ludicrous. "Niobe" ranks among the four funniest farces ever written, and will no doubt be long remembered by those who see it presented at the Little Theatre. The seat sale opened at Kent's Edison Store this morning at 10 o'clock. The Little Theatre has a limited accommodation and it is advisable to reserve seats well in advance. Past experience goes to show that many people have been disappointed by not securing seats soon enough.

"MADEMOISELLE OF ARMENTIERES"

At the Royal Victoria Theatre next Monday and Tuesday "Mademoiselle of Armentieres" will be presented by the P. B. I. Players, the company of Canadian ex-soldier actors who scored such a tremendous hit with the greatest of all war plays throughout Ontario the last two seasons.

The entire press and public throughout the East have been very high in their praise of the splendid merits of this wonderful show and in most cities of Ontario where "Mademoiselle of Armentieres" has been presented it played to capacity houses, which gives ample proof of the appreciation of Canadian theatre-goers for a clean, well acted, and original all Canadian production. Over two hours of bright humorous trench and billet life, acted only as soldiers can act it and brought before your eyes as though you were there makes this show a decided hit.

RE AMALGAMATION MASS MEETING.

To the Editor:—With reference to the mass meeting of ex-service men to be held in Pantages Theatre on Friday evening, September 15, there appears to be a little confusion as to who will be admitted to this meeting, and I would like to quote an extract from the resolution passed by the committee:

"It was agreed that ex-service men would be admitted on production of proof that they had served in His Majesty's forces, or if they were in possession of a service or ex-service association badge, no other proof of service would be required."

"It was also agreed that at 7:50 p.m., if there were sufficient accommodation, the doors would be thrown open to the general public."

MOTOR ACCIDENTS.

To the Editor.—Referring to your

editorial in Tuesday's issue I have carefully studied this question for some time past, and in my opinion it is not the speeder who causes the majority of accidents, but by drivers who are ignorant of the rules of the road. I would wager that not ten per cent of motor drivers are aware that the person who is coming out of a side street has the privilege of right of way. I believe Oak Bay Avenue can boast of more accidents than any street in Victoria, and practically all have been through this reason. Any day one can see cars and trucks coming down the avenue (not exceeding the speed limit), the drivers oblivious to the person who comes out on his left and who has the legal right of way. There should be no speed limit, but prosecution should follow for "any person driving to the common danger of the public."

NOTE AND COMMENT

Spain does not believe in talking chances with ex-royal exiles. She has informed the Swiss Government that Charles Hapsburg may be himself thither if he can show that his exchequer will stand the strain of one million two hundred thousand gold francs annually.

Up till the present time there have been eleven hundred and forty-one forest fires in British Columbia this season. All of which goes to show that too much care cannot be taken with the camp fire and the lighted cigar and cigarette ends.

HE SHOULD GO

It is beginning to look as if the possibility of Mr. Lloyd George attending the Washington conference is somewhat remote. It is argued that in the event of an Irish settlement he would feel compelled to remain at home in order to pilot the necessary legislation through the Commons or conduct an appeal to the people in search of the requisite endorsement for the course taken.

COLONIAL SYSTEM NOT BEING CHANGED

London Times Administration Story Not Well Founded

London, Sept. 15.—(Canadian Press Cable)—In regard to the scheme for grouping the crown colonies as outlined yesterday in The Times, inquiry at the Colonial Office revealed that nothing is known there of any scheme having been put in definite shape for a new administration for the crown colonies.

There are obvious difficulties, says the Colonial Office, in devising any homogeneous scheme for dividing the Empire into sections apart from the material diversity of its component parts.

A dispatch from London yesterday said: An important scheme, wherein the Colonial Office is now engaged, in the grouping of crown colonial and protectorate under high commissioners and giving them large autonomous powers, is outlined to-day in The Times.

SAYS MORE WOMEN PREACHERS NEEDED

Chicago, Sept. 15.—If there were more women preachers in the pulpits, there would be more men in the churches, Miss M. Madeline Southard, president of the International Association of Women Preachers, told members of that organization at their convention here to-day. Miss Southard accused men of "feminizing the church" and asserted that if there were more women preachers, more men would become interested in church work.

POLITICS Too Gloomy, Mr. Meighen. Damn Government. Still Party Man. Misfortune of Politics. Not Scorning Farmers.

Now that the fight is on, Premier Meighen should at least act and talk as if he stood a chance of winning, according to The Toronto Telegram, chief Government supporter and high protectionist organ in Toronto.

Chicago Employees Asked to Elect Representatives. Chicago, Sept. 15.—With the expiration of the six months' extension of the Alschuler arbitration agreement between the packers and their employees to-day, individual plans of representation in four of the largest packing companies, became the sole medium of negotiation on wages and working conditions between the companies and their workers.

Analysis of the opposition forces from the Government point of view is attempted by The Quebec Chronicle, the only English language Conservative and Meighen newspaper of any size in the Province outside of Montreal.

TRAIL VISITED BY HEAD OF C. P. R. Beatty and Party See Great Smelter. Nelson, B. C., Sept. 15.—A busy programme of inspection with little time for interviews has thus far featured the tour of E. W. Beatty, president of the Canadian Pacific Railway through eastern British Columbia, in the course of his tour over the western lines of the railway.

Premier Drury at the head of the Farmers' Government in Ontario, is still a believer in party government. He has been having an argument about it with J. J. Morrison, leader of the uncompromising faction of the Farmers.

At the University of Toronto Mr. Morrison declared that the two-party system of Government had broken down and the people were tired of it.

Why all our political woes? La Presse of Montreal asks and then answers its question this way: "The misfortune is that we have too much politics and not enough policy in our parliamentary assemblies. A large number of those who seek election are not influenced by a desire to work for the welfare of their fellow citizens and the development of national prosperity so much as they are guided by mean considerations of personal interests or by an ambition to make a display. This kind of politician is prepared to do anything that is proposed to him if

it can be used as a means to his own ends. "Consequently it is not surprising if politics descend to a low moral level and a political career is so little honored. When the undesirable and intriguers have been eliminated, then the prestige which ought to belong to public men will be re-established."

"What the Liberal party disapproves is the organization of classes and groups that will bring about a disastrous recoil when each class resolves to stand as sections, independent of others in Parliament or the Legislature," Le Soleil of Quebec says.

"It is wrong to pretend that the Liberal party scorns the farmers, in view of the fact that it counts twenty-two in its ranks in the Legislature at Quebec and has confided to a farmer the position of Minister of Agriculture, Eugene Godbout, a farmer, has accepted the Liberal candidature in Temiscouata, because he recognizes, like thousands of other farmers in this Province, the good that the Liberal Government has done on behalf of the agricultural interests."

According to the packers, there will be no immediate readjustment of either wages or working conditions. Any future changes, however, will be made through representatives of the employees elected under the individual company plan, and will not take into account the Meat Workers' Union. Request for a conference to renew the agreement under which Federal Judge Alschuler has been arbitrator, or to substitute a new agreement, was made to the packers by union officials last week.

Charles Hayes, president of the union said no reply had been received from any of the companies and "apparently they intend to ignore the union's request."

The union membership, according to Mr. Hayes, includes about seventy per cent. of the workers in the five big plants.

Confronting Mr. Meighen is a solid block of class consciousness in the Middle West, and a still more solid block of national consciousness in this Province, both of which are bent upon the destruction of his administration.

At the University of Toronto Mr. Morrison declared that the two-party system of Government had broken down and the people were tired of it.

Why all our political woes? La Presse of Montreal asks and then answers its question this way: "The misfortune is that we have too much politics and not enough policy in our parliamentary assemblies. FRIDAY Children's Day Athletic Sports SATURDAY Riding and Jumping Motor Gymkhana HORSES, CATTLE, PIGS, SHEEP AND GOATS FRUIT, FLOWERS, VEGETABLES AND FIELD PRODUCE—SIDE SHOWS AND OTHER ATTRACTIONS

WHEN M. P.'S FALL OUT On more than one occasion fierce discussions in the House of Commons have led to blows being struck. Once, indeed, there was something very like a free fight on the floor of the historic chamber.

CHAPTER VI. "So far, as our story approaches the end, which do you pity the most of us—three? My friend, or the mistress of my friend, or the mistress of my friend's friend?"

When Tranter had gone Miles paced the room restlessly till midnight. The whole affair had suddenly become intensely distasteful to him. He hated anything mean and underhand, and the evening had shown him his actions in a none too pleasant light.

He had been a quixotic fool ever to undertake to deal with the situation. For the moment he forgot that an iron of his own had been thrust into the fire, and remembered only that Mrs. Tranter had urged him to prevent Philip's marriage.

Once she had done her best to ruin his life. Was he again, for her sake, to lose all that he had gained? "It's not worth it," said Miles aloud as he flung a cigarette end firewards and went off to bed.

WITH THE "IZZUMISTS" When izzum meets izzum there's bound to be a fight. For no two izzums got along. And my little izzum is always right. But your little izzum is wrong!

Despite Awful Ordeal Channel Swim Popular

Many Swimmers Have Tried to Conquer Little Span of Water, But Only Two Have Succeeded - Others Are Always Trying Their Luck

New York, Sept. 15.—The recent failure of Henry Sullivan, of Lowell, Mass., to swim the English channel on his fifth attempt, recalls the efforts of swimmers from all corners of the world to accomplish the feat. Only twice in history has the restless stretch of water given way to the efforts of aquatic stars.

The second successful attempt to cross the channel was made on September 6, 1811, by William T. Burgess, an Englishman by birth, but a naturalized Frenchman. Fifteen times previously he had attempted to make the perilous mid-channel swim.

Two other men said to have accomplished the feat could not prove their claims. Capt. Davis Dalton, of New York, declared he swam the channel in August, 1890, covering sixty miles in 23 hours 30 minutes.

Jabez Wolfe, the veteran English swimmer, has made twenty-one unsuccessful attempts to cross since planning another in September, 1905. He arrived within sight of the Calais pier but became ill and was taken from the water. He had been in the water twenty-three hours.

The Pittsburgh Pirates maintained their relative position as runner-up in the National League race by winning over Boston. New York defeated Cincinnati.

New York, Sept. 15.—With just 14 more games to play, the Giants are taking to the road to defend their leadership of the National League.

Fast Strings Ready To Run on Saturday

Three Hundred Ponies Here to Compete For Rich Purse Being Offered at Final Race Meet at Willows; Eight Horses Will Figure In Each Race; Hot Finishes Are Expected; Track Is Very Fast.

With \$500 guaranteed to competing horsemen in every race, three hundred thoroughbreds on the ground and all preparations for the opening on Saturday of the final race meeting of the season, indications point to a record-breaking crowd being in attendance when the ponies go to the post at the Willows for the first race.

Not since the "sport of kings" was introduced on the Island has the outlook for a race meeting appeared more promising than the forthcoming gathering. The calibre of the thoroughbreds at present stabled at the track is superior to any yet shipped to Western Canada and it is practically assumed that two or three new speed records will be established during the week's racing.

Herb Fullerton, who has always been full in the judges' box at a race meeting in Victoria in recent years, will again be in charge of the proceedings. Mr. Fullerton requires no introduction to local sportsmen, as he has been associated with athletics from village to village right up to the end of the schedule.

The Giants suffer a disadvantage of being in four at this critical time, for the jumps between towns are wearisome after a season of travel, and discipline relaxes somewhat when a club of healthy youths "boards out" in big hotels.

Starter "Jimmy" Donovan, who sent the fields away from the post during the final two days of the previous meeting, is again at the helm at Hastings Park was practically perfect, will officiate at the "gate" at the Willows during the entire meeting.

The card for Saturday will be as follows: First race, claiming purse \$500; divided \$235, \$115, \$85, \$40, \$25, \$20; for all ages; beaten non-winners since July 15, 5 lbs. below the scale; entered price, \$200; about five furlongs.

Second race, claiming purse \$500; for three-year-olds and upward; beaten non-winners in B. C. since July 15, 1921, 5 lbs. below the scale; entered price, \$200; about five furlongs.

Third race, claiming purse \$500; for three-year-olds and upward; beaten non-winners in B. C. since July 15, 1921, 5 lbs. additional; purse \$500; maidens 5 lbs. additional; six furlongs.

Fourth race, claiming purse \$500; for three-year-olds and upward; beaten non-winners in B. C. since July 15, 1921, 5 lbs. additional; purse \$500; maidens 5 lbs. additional; six furlongs.

Fifth race, the Opening Handicap, purse \$600; for three-year-olds and upward; nominations close Friday, September 16, at 9:30 a. m.; weights announced and acceptances due 10 a. m. same day; six and one-half furlongs.

Sixth race, Canadian Breeders' purse; for three-year-olds and up; for Canadian-breds that have not won two races since May 1; weight for age; maidens allowed 5 lbs. below the scale; purse \$500; six furlongs.

Great Crowd Expected At Vets' Boxing Show

Heavy Demand for Tickets for Boats at New Drill Hall on Wednesday Next—All Contestants Report to Be in Tip-top Condition

There has been a brisk demand for tickets for the boxing show which the Veterans of France are staging under the auspices of the Fifth Regiment on Wednesday next at the new Drill Hall. So keen has been the demand, indeed, that the Veterans have found it necessary to open a special office at the club rooms to handle the work.

Latest reports from the various training camps show that everything is going satisfactorily, and the boys are all paying strict attention to the question of getting into shape.

Rough-house Charlie Burns lost a decision last night to Bud Ridley by a very narrow margin. In conversation this morning over the long distance telephone with Bob McLernan, Charlie states that this being the first engagement since he had his hand injured, he performed very carefully, not wishing to take any chances in view of his engagement in Victoria, and thereby disappointing the Victoria fans.

Joe Nestman and Billy Snedden are very quiet about their little argument, but it is well known that this is the first time they have met, both are very anxious to get the decision for supremacy.

This will be the first appearance of Kid Brady, of Vancouver, but from reports of him he should give a good account of himself.

Winding up a very successful season on the Victoria Lawn Bowling Club will on Saturday afternoon stage an international match. The All-Scots are to meet the Canadians in a keen battle for the international title of the club.

Owing to the fact that the Canadians in the club outnumbered the bowlers from the land of the heather, the Scots are to have the assistance of all new arrivals from the Old Country. The Scots, while outnumbered, boast some of the keenest bowlers of the club and Tom McCosh may be counted upon having a great strict of players behind him in this important match.

This will be the last big match of the year, and a big crowd is expected to be on hand to witness the battle for supremacy.

ROTARY ORCHESTRA MAKES BOW AFTER SUMMER VACATION. The regular weekly luncheon of the Rotary Club was held in the ballroom of the Empress Hotel to-day, a large number attending. President Lester Patrick occupied the chair. William C. Shelly, president of the Vancouver Rotary Club, and one of the first delegates of the West to come back from the International Convention at Edinburgh, addressed the club briefly on various phases of the development at the great Scottish assembly. The Vancouver president expressed himself as delighted with the orchestra of the local club, which was to-day in operation for the first time since the summer vacation. In his address Mr. Shelly also dealt with the arrangements being made by the Vancouver club in connection with the 1922 convention of the Rotary Clubs to be held in this city. Standing committees had already been struck to handle various phases of the work in connection with entertainment. The convention promised to be a huge success, stated the speaker. Under Benedict Bantly the orchestra, which is composed of Victoria Rotarians themselves, played a number of popular selections, such as "Sweet Peggy O'Neil," "I Know Where the Birds Go," and others, in the choruses of which the members of the orchestra were joined. Rotarian Norman Lee delivered an interesting address on "Boys' Work of the World Over." Mr. Lee handled his subject in a brief and capable manner, and advocated that the waste youth of the country would find a splendid open life on the farm, where his services would be of use to the present and future generations. There was too much haughtiness around street corners, held the speaker, who saw in work the deliverance from this evil. H. H. Smith, the new principal of the Victoria High School, was an interested auditor of the address on "Boys' Work." The re-appearance of the Rotary orchestra called forth great commendation from the assembly, and in their opening appearance the musicians won encore after encore from the appreciative audience. On Thursday next the Victoria Rotarians will do battle with the Vancouver Club for baseball honors, in a match to be staged at the Stadium here, commencing at 4:30 p. m. Charles F. Dawson, chairman of the entertainment committee, was tendered the thanks of the club for his efficient leadership in the past term.

MAN FOUND DYING ON BAY ROAD. Late Frank Young Died From Bullet Wound. Well known in this city, connected with various motor concerns, Frank Young, one of the partners of the Empress Taxi & Sightseeing Company, was found last night shot through the right eye, and died before he could be brought to the hospital. Discovery of Body. While cycling along Bay Road, in the Hudson's Bay Company's property, adjoining Uplands, at 9:30 last night, Frederick Salmon had to dismount to pass a car that was near the side of the road, but without any lights. In passing the car Mr. Salmon found Mr. Young, who had a bullet wound in his right eye, and was lying along side the car with a 22-calibre rifle grasped in his right hand. The rifle was held by the stock and was pointing, muzzle down, toward the feet. Mr. Salmon notified the Oak Bay police, who removed the injured man to hospital, the late Mr. Young dying before he could be placed under medical care. Nobody appears to have heard a shot, and the nature of the late Mr. Young's injuries do not disclose whether death was accidental or the work of another. The police are inclined to the theory of accident, as some \$60 and papers were found in the pockets of the injured man while he was being moved to hospital. No Cause For Act. Coroner E. C. Hart was notified. The body has been taken to the Thomson Funeral Home, where the inquest will take place this afternoon. Walter Magoon, partner of the late Mr. Young in the taxi venture, stated last night that there could have been no reason for Mr. Young to take his own life. Mr. Young was about 40 years of age, and leaves a wife and two children, he stated. "I have known Frank for four years. He did not drink, and has always been a clean-cut fellow of high character, with a fine home and family. There is absolutely no reason to believe that he should for any reason seek to take his own life. It may be that he had gone out to that section with the idea of doing some shooting." Friends who knew the late Mr. Young state that they have no doubt his death was accidental. His father, the late W. Young, was the first superintendent of the Hamilton Powder Company at Nanaimo, where the late Frank Young was born. The late Mrs. W. A. Young died ten years or so ago, leaving the victim of last night's tragedy an orphan. His friends state that he was a keen hunter, and may have been testing the rifle, when it accidentally discharged. Mr. Young was an officer of Camosun Lodge, A. F. & A. M.

Things You Would Not Do Without. There are many forms of advertising, but the world could get along without some of them. Billboards are good, but if they were to disappear nobody would worry. Circulars that come in the mail are sometimes interesting, but if your mail was free from them you wouldn't worry. Electric signs are often beautiful, but you wouldn't miss them. Street car cards serve a useful purpose, but if they weren't there you would hardly notice it. But think what chaos would reign if the world were suddenly deprived of its daily newspapers. The daily newspaper is man's only point of contact with the universe. It is this fact that makes the daily newspaper the greatest advertising medium. It is the only form of advertising that people pay to read. Use it to stimulate Fall and Winter trade. Head Office, Toronto. Issued by the Canadian Daily Newspapers Association. St. Andrew's College.
