NO. 148.

HAS CONFESSED TO THE POLICE

WEBB ADMITS HE KILLED W. A. JOHNSON

Prisoner Declares He Was Attacked and Acted in Self-Defence

(Times Leased Wire.)
Portland, Ore., June 22.—Following the confession of Jesse P. Webb that he murdered William A. Johnson, the police to-day are working to ascertain what became of the \$25,000 which Johnson secured by the sale of his farm near Renton, Wash., several months ago.
With the exception of \$100 found in the possession of Mrs. Bert W. Kersh, all the money has disappeared.
The police suspect that Johnson was lured to Portland from Spokane for the purpose of robbery, and that Webb and his female companion had deliberated on the matter before she came to Portland with Johnson.
Detectives are not satisfied with Webb's plea of self-defence. Webb said that he and Johnson fought over Mrs. Kersh, that Johnson drew a slingshot from his pocket and threw it at Webb and that Webb, being the stronger, took the shot away from him, and beat Johnson to death.
The police believe that robbery, not jealousy, was the motive. They declare that Webb and the woman planned the robbery just as they planned for the disposal of the body, as Webb stated in his confession.

In jail to-day Mrs. Kersh continued to tell conflicting stories of her actions with both Webb and Johnson. She said that Johnson spent money lavishly on her, but the police assert that he could not have possibly expended \$25,000 in six months, if her stories of the manner in which Johnson spent his money and lived are to be given any credence at all.
The detectives admit that they are baffled concerning the whereabouts of Johnson's money, although they declare that they are sure that he had more than \$2000.

Bert Kersh, husband of the woman under arrest here with Webb, is expected to arrive to-day from Seattle to claim possession of his seven-year-old son, William, who was taken from him by Mrs. Kersh at Seattle the day Webb is supposed to have left town.
Webb is a wreck. His nerve shattered by the detention under which he has labored since he thrust Johnson's body into a dark corner of his cell most of the time to-day, "I'll hang," he kept repeating to himself.

Between sobs and demands to see his mother, Willie Kersh, the six-year-old son of the woman held in connection with the murder of William Johnson, to which Jesse Webb has confessed, to-day told what little he knows of "the life of his mother and Webb, since she deserted her husband in Seattle, after taking the child from Kersh.
Bert Kersh, a Seattle electrician, the father of the boy, arrived in Portland this forenoon and immediately went to the Williams' rooming house to see the lad.
"The state will not now I am going to get him back," was the only information he volunteered as he hurried from the depot.

Questioned by detectives and newspapermen, Willie said: "I don't like that man (referring to Johnson). He came to Portland with us from Spokane, and got a room right across the hall. I don't know where he went." "Papa (Webb) cut his hair on the corner of a truck he was packing. After he packed it he helped push it down the hill. Then he and I got on the wagon that hauled it and went down to the depot, and rode back again."

TWO DEAD AS RESULT OF FAMILY QUARREL

War Veteran Shoots Son-in-Law and Sends Bullet Into His Own Head

(Times Leased Wire.)
Portland, Ore., June 22.—Two men are dead to-day as a result of a family quarrel last night during which C. A. Buch, a civil war veteran, shot his son-in-law, George W. Rauch, then turned the weapon on himself and blew out his brain.
Rauch lingered until midnight at the Good Samaritan hospital before he succumbed to his wounds.
No one witnessed the shooting, but from what can be learned of the men's actions previously, Rauch came to the home to effect a reconciliation with his wife, who is Buch's daughter. A week ago Rauch began divorce proceedings against his bride of a year.
It is believed that Buch became enraged at the sight of the young man and shot in the heat of anger.
Rauch's body was found lying on the floor of the dining room, while Buch's was discovered in a rear bedroom.
Rauch was about 35 years old and a blacksmith.

THE NEW CANADIAN NAVY.
Ottawa, June 22.—Lieut. P. C. Howe, who has been loaned to the Dominion by the Admiralty, has been appointed head of the deck staff-branch of the new Canadian navy and will rank next to Admiral Kingmill. He will arrive in Canada on the Klondike in August.

GOVERNMENT-OWNED ELEVATORS

NEGOTIATIONS MAY SOON BE OPENED

Report That Plants at Port Arthur and Fort William Will Be Acquired

(Special to the Times.)
Winnipeg, June 22.—It is announced here that it is the Canadian government's intention in September to commence negotiations for securing all terminal elevators at Port Arthur and Fort William and make them a government monopoly. The greater number are owned by United States grain firms and Canadian railways. The present capacity is 35,000,000 bushels.

KILLED BY LIGHTNING.
Sherbrooke, June 22.—Jos. Poulin, a farmer residing near Martinville, was struck by lightning and instantly killed. He was sowing buckwheat when struck. He leaves a wife and six children.

SIR C. FURNISS RE-ELECTED.
London, June 22.—In the Hartlepool bye-election, Sir Christopher Furness, Liberal, polled 6,153 votes, and the Unionist candidate 5,993. The election was caused by the unseating of Sir Christopher Furness for bribery by agents.

PROPOSED FREE COLONIAL WHEAT

PRONOUNCEMENT ON UNIONIST POLICY

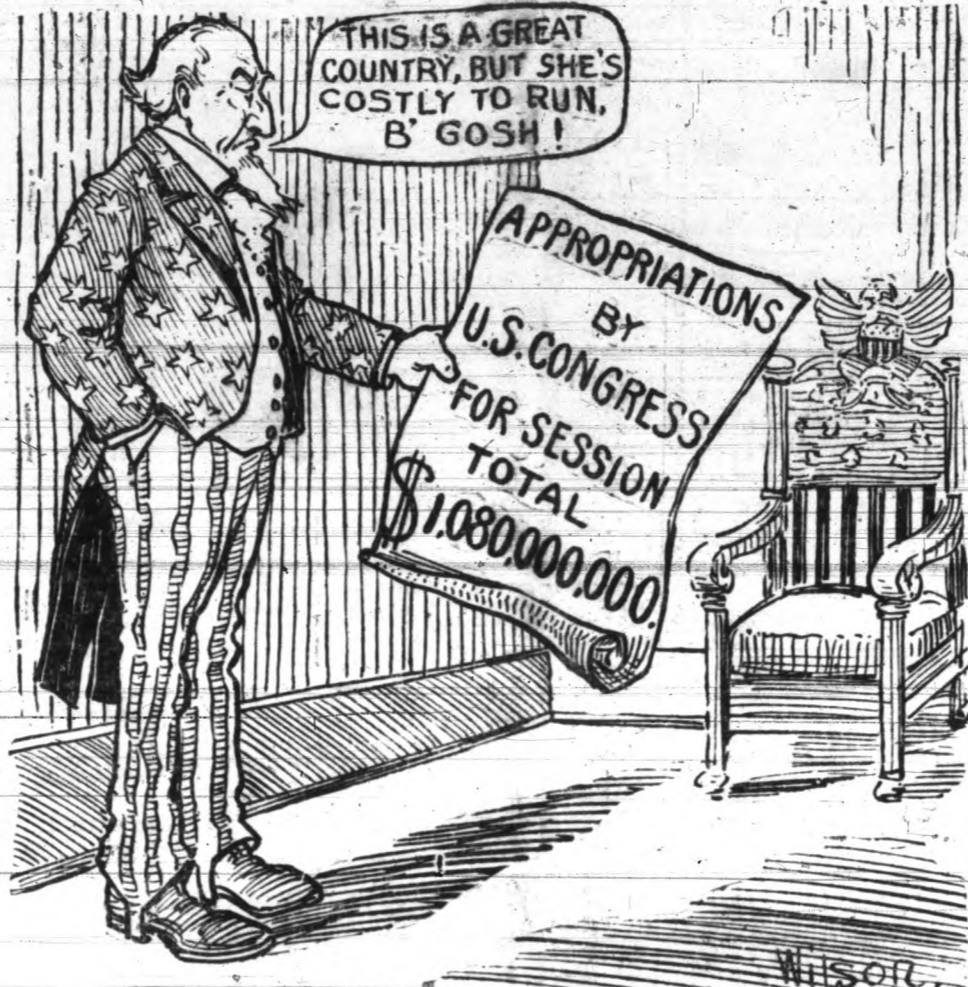

Increased Prosperity of Dominions Would Stimulate Demand for British Goods

London, June 22.—An important pronouncement on the Unionist policy, signed by Bonar Law, is in circulation among the Unionists. It seeks to explain Mr. Balfour's recent declaration in favor of the free entry of colonial wheat under tariff reform.
Mr. Law says the proposed two shilling duty would not be enough to increase British wheat production, and the advantage of colonial wheat would be more than counterbalanced the loss of revenue.
In a very short time the increase of the supply within the empire would be so great as to cause the price to be regulated entirely by the free supply and be quite independent of the duty on foreign wheat.
"Moreover," he continues, "the increased prosperity of Canada and the other Dominions means their larger purchase of British goods, but which is the only foodstuff to be imported from duty from the colonies."
The exemption applies only to wheat. It is made precisely on the same principle as that on which the colonies now give us a preference. They have a free list for us with duties on foreign products. Where they give us the advantage of a free list it applies to articles of which, in their opinion, it is not advantageous to attempt to encourage production at home.

DEMOCRATIC GOVERNOR IS RE-NOMINATED

Harman of Ohio Says Voters Have Been Imposed Upon by Tariff Taxes

(Times Leased Wire.)
Dayton, O., June 22.—Governor Judson Harman was re-nominated by acclamation to-day at the Democratic state convention following the nomination. In response to continued calls for a speech Governor Harman said:
"I shall endeavor to continue trying to make the phrase 'serving the people' a true description and not a false pretence."
"Needed reforms in the federal government are greater than can be met in the election of congressmen. A waste in public funds to the extent of \$300,000,000 is openly confessed, and this is worth investigating, especially when the people are struggling to meet the cost of living. Neither economy nor watchful regard of the public welfare is possible at Washington while the reign of the favored few continues."
"The voters have been imposed upon by tariff taxes, levied ostensibly to obtain public revenue, but really for private profit. But never before have they been imposed by the promise of substantial reductions which has been broken in their faces when their votes were secured. A power so insolent in the control of law making is a power that must be overthrown without delay."
"There cannot be relief while the interests profiting through the tariff laws are allowed to frame them; as thus far they have done. It has been shown strikingly that they control the Republican party."
The Johnson faction did not oppose the programme of the Harman supporters. The rejection of the senatorial endorsement resolution is regarded as a repudiation of the scheme of William J. Bryan.

A HEAVY BILL.

MEET GROWTH OF CITY'S BUSINESS

YATES STREET WILL BE FINE THOROUGHFARE

To Be Improved All the Way From Douglas Street to Cook Street

"In my opinion Yates street will be one of the finest business thoroughfares on the continent of America," said Angus Smith, city engineer, to the Times this morning.
"Now that the property owners on the section running from Quadra to Cook have petitioned for similar improvements, as the lower section extending down to Douglas will have, the city has an opportunity of making the street an especially attractive one. It is wide and straight, and rising to a gradual slope facing the city, permitting of improvements which ought to add greatly to its attractiveness."
Under the by-laws which have been passed there will be rows of ornamental lights on either side, a flag paved roadway, and wide cement sidewalks. The wires will also be placed underground on this section.
Mr. Smith added that the work of improving Yates street would be commenced at the earliest possible moment.

CRUSHED TO DEATH.
Toronto, June 22.—John Reimold Thorne, son of Sergeant Major Thorne, Davenport road, is dead as the result of being thrown and rolled on by his own horse at the Queen's Own pageant on Monday night. He was a private in the Queen's Own, and as such was taking part in the pageant. He was riding his horse and playing the part of Joseph Shepard, one of William Lyon Mackenzie's "rebels" when thrown.

RAIN NEEDED.
Bismarck, N. D., June 22.—A journey over the Dakotas and Montana, in which territory drought was reported, shows today that the reports of damage to crops were grossly exaggerated.
If the hot winds cease and rain comes within 72 hours it is predicted that 75 per cent of the crops will be harvested.
High temperatures are still reported in the northwestern section.

NO MORE SALOONS IN TOWN OF BLAINE

Council Has Refused to Grant Licenses for Year Beginning July 1st

(Times Leased Wire.)
Blaine, Wash., June 22.—Blaine's four saloons will close their doors for good at midnight, June 26th, and the town will be "dry."
By a vote of 4 to 3 the city council last night refused to grant licenses for the new year beginning July 1st. Since the license was raised to \$1,000 a year, three years ago, the town has had only four saloons. The council's action was influenced by a petition with 400 signatures asking that the licenses be refused.

SCHOONER HAS GONE ASHORE

INDIANS LEFT HER NEAR PRINCE RUPERT

Captain Lump Was in Charge of Eva Marie—Jacobson Coming South

(Special to the Times.)
Prince Rupert, June 22.—The sealing schooner Eva Marie, leaving here Monday night and bound for Behring Sea, went ashore near Green Island and last night ten canoes and two boats abandoned the vessel and put into this port.
Captain Jacobson, the owner, is totally ignorant of the accident, having gone south by the Princess Beatrice previous to the sailing of the schooner.
The water was smooth and there was little wind at the time of the accident. During the flood tide last night the captain of the schooner, assisted by the launch of Chief Dushward and the launch of the Thomas E. Bayard, managed to get the vessel clear of the reef near Green Island and towed her safely into this harbor. The Indian crew with twenty-one canoes left the schooner yesterday and put up at the Indian social-house here, while the mate and others registered at the hotel. It is doubtful whether the Indians can be persuaded to join the schooner again as they have brought all their kits ashore.

When the schooner left Victoria she was in command of Captain Jacobson her owner, with Captain Lump as navigating officer. The mate was Jens Blackstad, brother of Captain Blackstad, of the Thomas E. Bayard. Besides this she had a crew of six white men including Otto Jacobson, son of the owner, and Fred Smith, both of whom were mere lads. She shipped about thirty Indians with their canoes on the West Coast.
Captain Jacobson is an old sealer, having operated on this coast for many years. His navigating officer was the same Captain Lump that tried to take the little schooner Western Slope out to sea earlier in the season. He did not get beyond Sooke Harbor, where several weeks were spent, during which time the boatpullers deserted in ones and twos, and the skipper made periodical trips to town to overhaul fetch new men. Finally the schooner returned and the cruise was given up.

KAISER GOES TO REGATTA AT KIEL

His Majesty's Right Leg and Hand Bandaged When He Leaves Berlin

(Times Leased Wire.)
Berlin, June 22.—Determined to witness the regatta at Kiel, Kaiser Wilhelm started for Hamburg to-day with his right leg and hand bandaged to protect the sores which have caused him much suffering in the past fortnight. Imperial physicians pronounced the sores on the Kaiser's knee an irritation from riding boots. It was known that the sores were serious and some apprehension was caused a week ago.

INTERNATIONAL FAIR AT PARIS PROPOSED
Will Be Held in 1920 if French Government Promises to Support Scheme
(Times Leased Wire.)
Paris, June 22.—A resolution adopted by the French industrial and commercial committee asking that an international exposition be held in Paris in 1920 is ready for presentation to the government. The committee plans to work for the next few years in preparing for the fair if the government will promise support.

RAIN NEEDED.
Bismarck, N. D., June 22.—A journey over the Dakotas and Montana, in which territory drought was reported, shows today that the reports of damage to crops were grossly exaggerated.
If the hot winds cease and rain comes within 72 hours it is predicted that 75 per cent of the crops will be harvested.
High temperatures are still reported in the northwestern section.

AIRSHIP CARRIES TEN PASSENGERS

ZEPPELIN DIRIGIBLE TRAVELS 280 MILES

Regular Aerial Service From Friedrichshafen is Successfully Inaugurated

(Times Leased Wire.)
Friedrichshafen, June 22.—The first regular passenger service was successfully completed to-day when the Zeppelin dirigible Deutschland sailed from here with ten passengers and arrived safely at Dusseldorf, 280 miles away.
The trip was entirely successful, and the passengers were pleased with the experience. Those who were fortunate enough to board the craft for the journey paid as high as \$50 for a ticket. The ticket stubs were retained by them as souvenirs with the consent of the airship management.
The promoters of the dirigible line are the Hamburg Steamship Company and the German Airship Company. The Deutschland is expected to carry 20 passengers on the next trip. The cabin of the airship is fitted up luxuriously in mahogany and carpet. At one end of the compartment is a buffet.
The Deutschland did not try to make speed. Crowds cheered as the vessel flew over Stuttgart, Mannheim, Cologne and other cities. The Deutschland probably will attempt to fly to Brussels before returning to Friedrichshafen.
The companies backing to-day's trip are planning to establish several passenger aerial lines radiating from Berlin.

HUMBOLDT LOST HER TAIL SHAFT

STEAMER BERTHA IS STANDING BY HER

Tug Lorne Gone North to Tow Disabled Vessel to Port for Repairs

When bound north in the neighborhood of Lowe Inlet the steamer Humboldt last night broke her tail shaft. Fortunately the steamer Bertha was passing and she stood by to take off the passengers, continuing the trip north. The accident was reported to Triangle Island by wireless from the fishing steamer Grant, and from there relayed by the Dominion government.
Tug Lorne was sent this morning by Manager McDermott, of the Puget Sound Towing Company, to tow the steamer to a place where she can be repaired. It is not known yet whether she will come here or not. As both the Humboldt and the tug have wrecks about they can keep in communication with the owners at Seattle through the Dominion government stations, and will receive instructions later.
Five years ago the Humboldt went ashore this side of Plummer's Pass and was very seriously damaged. Recently she has been engaged in a rate war with her rivals in the Alaska trade.

DEATH OF FORMER REGISTRAR

MANY DEATHS FROM HEAT IN THE EAST

Thirty-One Persons Have Succumbed Since Hot Wave Struck Chicago

(Times Leased Wire.)
Chicago, June 22.—A total of 31 deaths is recorded to-day since the beginning of the hot wave that has carried the mercury to the top of the tube in Chicago and vicinity.
The temperature began to rise again to-day and more fatalities were predicted. The humidity is intense. The maximum registered yesterday was 99 degrees.
Five Dead in New York.
New York, June 22.—Five deaths and 40 prostrations is the record of the heat wave to-day in the last 24 hours.
Philadelphia's Record.
Philadelphia, June 22.—Sixteen deaths in two days and scores of persons prostrated in the streets is the total of the heat wave in Philadelphia to date. No relief is in sight.

CORONATION OF KING GEORGE

CANOE FATILITY

Quebec, June 22.—Alphonse Poulton, a law student, was drowned at Indian Lorette by the upsetting of his canoe. He could not swim.

BLOODSHED MAY MARK ELECTIONS

SPIRIT OF REVOLT SPREADING IN MEXICO

Government Troops Are Patrolling the Border—Revolutionists Well Armed

(Times Leased Wire.)
Monterey, Mexico, June 22.—Francisco Madero, candidate for the presidency, was to-day lodged in the penitentiary at the order of the Diaz administration. The charge of "insulting the government" which was placed against him June 8th when he was first put in jail was changed to "inciting to riot."
The new noise, which the Liberals declare is confirmation by the government that the election on Sunday will be a farce, has aroused the revolutionists throughout Mexico. The spirit of revolt which has been confined to the border cities, has spread to the interior, and to-day Mexico is boiling with political excitement. Revolutionary preparations are spreading and it is believed that the election Sunday will be the bloodiest in the history of the republic.
The Liberals are openly declaring that Madero was arrested simply because he is a candidate for the presidency. Meetings to denounce the government's action are to be broken up by the police and rurales and government troops are patrolling the border and guarding border cities.
Every Liberal leader that could be found has been banished and the authorities are searching for others connected with the party.
In Nuevo Leon, the home of Madero, excitement is most intense. General Bernardo Reyes, who was named as a candidate for the vice-presidency against Ramon Corral, administration candidate, was formerly governor of Nuevo Leon, and was a man of wonderful popularity. He was deposed and virtually exiled, though ostensibly he went to Europe to study military organizations. His exile caused great excitement throughout the state and his followers flocked to the Madero standard when he was nominated for the presidency. The people of Nuevo Leon are particularly bitter against Diaz for having exiled Reyes and jailed Madero.
Arms for Revolutionists.
Galveston, Tex., June 22.—Ten thousand rifles and plenty of ammunition have been secretly taken into Mexico and distributed among the revolutionists during the past year, according to a special dispatch received here to-day from Hermosillo, Mex. Most of the guns have been shipped into Sonora and Chihuahua. They were sent in small consignments.
The dispatch says that the new rifles smuggled in during the past year are still in the possession of the anti-Diaz men.

FOURTEEN INJURED

Two Cars on Oney Island Scenic Railway Fall Over Embankment

New York, June 22.—Five persons were fatally hurt and nine seriously injured when two cars on the Oney Island scenic railway toppled over a 50-foot embankment to-day. Henry Pacher, of Los Angeles, one of the injured, will die.
LAW DOES NOT APPLY.
Toronto, June 22.—Ten cases brought against three morning newspapers of violation of the Miller act in publishing odds in reporting races were dismissed in police court yesterday, the magistrate holding that the law did not apply. The charge against the sheet called "Daily Racing Information" was laid over for a week.

AMERICAN RUGBY TEAM AGAIN BEATEN

Lose Second Game Against the Sydney University Players by One Point

(Times Leased Wire.)
Sydney, Australia, June 22.—The American Rugby football combination was again beaten to-day in a second match against the Sydney university, but only by one bare point, 10 points to 9.
The game was very even and the Americans deserved a tie for they crossed the line three times to twice by the Australians and they only lost on the kick for goal. They played a vastly improved game and this was in part due to the changes which had been made in the fifteen and partly due to the improved condition of the men. Horton secured two of the tries of the American team and Bennett scored the other.
TWO MURDERED.
Scranton, Pa., June 22.—The sound of shots near the telegraph station in Connet Junction early to-day caused Operator John Kane to begin an investigation that resulted in his finding the bodies of two Italians, both of whom it is believed had been murdered.
The elder of the two Italians wore a false mustache. The authorities believe that he shot and instantly killed the younger man and was then shot down by a companion of his victim.

KAISER GOES TO REGATTA AT KIEL
His Majesty's Right Leg and Hand Bandaged When He Leaves Berlin

MONTELIUS Piano House, Ltd. 1104 Government Street, Corner Fort Street.

MAN AND WOMAN. FACE MURDER CHARGE. J. Webb and Mrs. Kersh Bound Over to Grand Jury at Portland. (Times Leased Wire.) Portland, Ore., June 22.—Charged with the murder of William A. Johnson, a Renton farmer, whose body was found stuffed in a trunk at the union depot Sunday night, Mrs. Kersh and Joseph Webb were arraigned in the municipal court today before Judge Bennett. They waived preliminary examination and were bound over to the grand jury. District Attorney Cameron stated that their trial would be held as soon as possible. According to Webb's confession, Mrs. Kersh assisted him in the plan for the disposal of Johnson's body, although he jammed the body in the trunk, and checked it to North Puget, Wash., and took other measures to conceal the crime. Immediately after Webb and Mrs. Kersh had been arraigned before the court, Bert Kersh, husband of the woman, appeared and asked for the custody of his son. "Mrs. Kersh stole Willie from me November 14, 1909, after she had deserted me," said Kersh to Judge Bennett. "She had previously deserted me."

POSTAL SAVINGS BANK BILL. Washington, D. C., June 22.—The house postal savings bank bill was passed by the senate this afternoon. Acquiesce in the present without repining, remember the past with thankfulness, and meet the future hopefully and cheerfully, without fear or suspicion.—Inogenes.

PRINCE GEORGE LEFT CORONEL JUNE 14. Steamer is Expected Here Early in July and Will Be Commissioned Little Later.

A belated message has been received that the Prince George, the sister steamer for this port on the 14th inst., and is due to arrive here early next month. The Prince is not making very good time, apparently, as she was expected to reach this port on or before the first of July. She may, however, make a faster run north than her sister, as the Rupert was delayed a good deal in the north Pacific. As soon as she has been overhauled she will be placed on the Prince Rupert run alternating with the other boat.

IS UNCLE SAM READY FOR WAR. Resolution Before U. S. House of Representatives Asking War Department for Statement. (Times Leased Wire.) Washington, D. C., June 22.—After pigeon-holing Representative McLaughlin's resolution demanding that the War Department be called upon to show its preparedness for war, the house committee on military affairs today decided to report in favor of the resolution. McLaughlin's resolution and his speech, made at the time of its introduction, declaring that the Japanese could capture and hold the Pacific states, has resulted in thousands of letters being sent to the military authorities demanding that the war department make a statement on the matter.

MURDERED BY COMRADE. Chehalis, Wash., June 22.—John Sullivan, accused of the murder of his pal, Alvin W. Black, by Black as he was dying, has not been captured to-day.

ILLINOIS BRIBERY CASE. Chicago, June 22.—States Attorney Wynn today concluded argument for the prosecution in the trial of Lee O'Neill Brown, charged with bribery in connection with the election of United States Senator Lorimer, and Attorney Erbstein began final argument for the defense. It is probable that the case will not go to the jury until Friday.

LANGFORD-KETCHEL FIGHT. San Francisco, June 2.—Positive announcement was made to-day that the Langford-Ketchel fight will be staged as a round go in Reno on the evening of July 4th. Sid Hester stated that in the event that Rex Rickard will not permit the use of the Jeffries-Johnson arena for the go, another arena will be built for the battle.

CHILEAN CENTENNIAL. Washington, D. C., June 22.—Orders have been issued for the first division of the Pacific fleet to sail from San Francisco August 14th for Valparaiso, Chile, to participate in the Chilean centennial which begins in September. The first division consists of the California, Colorado, Washington and Pennsylvania, commanded by Rear Admiral G. B. Harber.

LOCAL NEWS

The Fifth Regiment band will play at the navy yard this evening, where No. 3 company is in camp.

At the next meeting of the council the city solicitor will advise as to the amount on which the corporation may determine as an adequate sum for a new sewerage loan.

It is probable that a judge of the Supreme court will be appointed to act as an arbitrator to adjudicate between the city and the D. Jones Engineering Company as to the merits of pumps supplied for the salt water system of fire protection.

The annual pound party of the B. C. Protestant Orphanage will be held tomorrow afternoon between the hours of 2 and 5 o'clock. Afternoon tea will be served and a good musical programme rendered. The ladies in charge hope to welcome a large number of their friends at this affair.

An exhibit of work done by pupils of Central and South Park schools will be held in the manual training school in the Central school grounds tomorrow evening (Thursday) from 7 to 9, when the parents and public generally are cordially invited to come and view the work done since Christmas.

The final session of the civic court of revision was held to-day. There were but few alterations in Mr. Northcott's list of assessments. Ninety-six complaints in all were registered. The total assessments as compiled this year is \$28,240 on lands and \$11,513,880 on improvements, and these figures will be altered but slightly as a result of the court's sessions.

An application for a writ of certiorari, was made in chambers by J. A. Alkman this morning on behalf of John McKay, who was sentenced on June 16th for stealing. W. C. Morosby, for the Crown, raised an objection on the ground that the magistrate had not been properly served. His Lordship reserved judgment. Probate of the will of William Kermode was granted to J. P. Walls.

The death occurred yesterday afternoon at the residence of Mrs. John Ede, 1610 Blanchard street, of Mrs. Blanche Ede, after a somewhat lengthy illness. The deceased had reached the advanced age of 92 years and was one of the oldest inhabitants of this city. She had lived here for many years and was highly respected by her many friends. The late lady was born in Cornwall, Eng. The funeral will take place to-morrow afternoon at 2.30 o'clock from the above address. Rev. A. Henderson will officiate.

The Victoria Automobile Association was organized at a meeting last evening. Officers were elected as follows: President, J. A. Turner, vice-president, A. Lee; secretary, J. Glover; treasurer, A. W. Bridgman; membership committee, R. E. Clarke, James Wood, W. F. Glover, A. W. Bridgman and E. Todd. Committee to draft a constitution and by-laws, James Wood, John Arbuthnot, A. W. Bridgman, Wm. Oliphant, sr., and Luke Pither. Finance committee, Dr. Clements, James Wood and A. Lee. A deputation to wait on the police commission respecting what the association terms "unreasonable and unjust stringency with which the police are enforcing the speed regulations," was appointed, consisting of John Arbuthnot, Luke Pither, A. Lee, Dr. Holden, A. W. Bridgman and C. J. V. Spratt.

His Royal Highness the Gaekwar of Baroda, one of the most famous of the Indian native Princes, passed through the city this afternoon, arriving on the steamer Princess Victoria at 1.30 and leaving again at 2.15. He took a short drive around the city in company with his wife, the Maharani. They attracted a good deal of attention, especially the lady, who had the small red caste mark on her forehead.

Mr. and Mrs. Arthur St. George Flint announce the marriage of their eldest daughter, Eileen Dudley, to Mr. Philip Alexander Watson, youngest son of the late A. M. Watson, M. D. F. R. C. S., and Mrs. Watson, of Alberni, B. C. The wedding will take place at St. James' church on July 7th.

Charles F. Earle, formerly private secretary to W. P. Hinton, general passenger agent of the Grand Trunk Pacific Railway, with headquarters at Winnipeg, has been appointed assistant to the G. T. P. city passenger agent in this city. W. E. Dupereau.

D. McEwen, Western business representative of the Toronto Globe, is in the city on circulation matters and will be here for two or three days.

Mrs. John W. Lord and children, of Winnipeg, arrived in Victoria on Sunday, where they intend spending the summer months.

Charles M. Hayes, accompanied by Captain Nicholson, is expected to arrive in Victoria on Friday next.

CROPS IN PROVINCE OF SASKATCHEWAN

Standard Condition is Higher Than That of Last Year—Flax Acreage Increase

Regina, June 2.—The Saskatchewan department of agriculture, through its crop reporting service, has completed its estimate of the acreage sown in barley and flax in the province this year. These figures were not included in the earlier report of the estimated wheat and oat acreage. It was supposed that while the barley figures would not show a very large increase, yet there would be a slight one but the estimate shows it is little less in 1910 while as expected, flax shows a very material increase. The estimated acreage sown to barley shows a decrease of 6,900 acres, or 2.8 per cent. This compares with an increase last year of 14,700 acres, or 6.1 per cent. The estimated increase in acreage sown to flax is 74,000 acres, or 43.2 per cent. In 1909 there was an increase of 54,000 acres, or 20.4 per cent. The large increase in the acreage sown to flax this year is principally owing to the high price it commanded in 1909.

The average dates of the completion of seeding of the grain crops this year compared with last year are as follows: Wheat, May 2 in 1910, May 14 in 1909; oats, May 18 in 1910, May 30 in 1909; barley, May 27 in 1910, June 3 in 1909; flax, June 5 in 1910, June 7 in 1909. The standard condition of the crops this year for the province is higher than that of 1909 and the different crop districts range fairly even, the north central district being the lowest. The standard condition is reported as not being quite so good as the same time last year. The grain is not so strong and vigorous owing to the cool, dry weather, high winds and heavy night frosts during the month of May. Also to the damage done by the wire worm. The percentage for the province is wheat, 90 per cent.; oats, 92 per cent.; barley, 93 per cent.

Reports Favorable.
Winnipeg, June 22.—The C.N.R. crop report for the week ending June 18th is of a glowing character. The progress which has been marked within the past month has been sustained. The general comment being that expectations have been exceeded.

COURT WILL BE HELD ON REVENUE CUTTER

U. S. District Judge Leaves Seattle on the Rush for Southwestern Alaska

Juneau, Alaska, June 22.—The first floating court, it is believed, in the history of the federal bench left here yesterday, when the United States revenue cutter Rush, steamed away for southwestern Alaska.

On the Rush were United States District Judge Edward E. Cushman, with his stenographer and bailiff. At Valdez the Rush will pick up United States Marshal H. P. Sullivan, District Attorney C. D. Murane and the grand and petit jury panels.

The Rush will spend three months stopping at isolated villages along the coast, settling everything from the smallest disputes to a murder case. There are twelve cases in all to be tried and the route extends as far westward as Dutch Harbor.

Heretofore residents of this district of Alaska have been compelled to travel hundreds of miles to court, waiting months at a time for steamers to carry them back and forth.

CONVICTED OF MURDER.

Poughkeepsie, N. Y., June 22.—Frank Schermerhorn was found guilty of murder in the first degree by a jury in the Supreme court. The jury had been out five hours. Schermerhorn on the early morning of January 13th last assaulted and murdered Sarah Brimer, a governess, at the summer home of Mr. and Mrs. Barnes, Compton, at Millbrook.

POISON PLACED IN MINERAL SPRING

Three Persons Are Dead and Nearly Three Hundred Ill in Hospitals

Vienna, June 22.—The authorities today are trying to learn the identity of the originators of what they believe was a plot at wholesale murder, poisoning the waters of a mineral spring near Trau, which has resulted in the death of three persons and the serious illness of 200 others. The springs are on the route taken by a religious procession. When the procession passed the springs hundreds of persons drank the water. Three were seized with convulsions and died almost immediately. The procession disbanded and the priests in charge devoted their time to caring for the stricken. Nearly 300 men and women were taken to hospitals at Trau. Of this number it was reported to-day that 200 are battling for their lives. Physicians and nurses have been sent to Trau from nearby cities.

GEN. IAN HAMILTON GOES TO MEDITERRANEAN

Appointed Commander-in-Chief of Forces in Succession to Lord Kitchener

London, June 22.—General Sir Ian Hamilton, adjutant to the former Lord Kitchener, has been appointed to the post of inspector general of the Mediterranean forces to succeed Field-Marshal Lord Kitchener, resigned.

General Hamilton is the second military member of the privy council. He was chief of the staff to Lord Kitchener in the South African war and was one of the defenders of Ladang in the Boer war. He served as military representative of India in the Japanese army in Manchuria 1904-05.

THE MONTREAL DISASTER. Bodies of Those Reported Missing Have Been Recovered.

Montreal, June 22.—Three more bodies were recovered from the ruins of the Herald building yesterday afternoon, making the total called for by the list of the missing. The bodies taken out were identified as those of Reuben Morrison, John Wade and Gustave Linc, Morrison, who had entered the office looking for employment in the stereotyping department on the fourth floor, was found sitting in a chair with his umbrella still clasped in his hand. But one body remains unidentified. It could be that of John Cunningham, but his relatives say that it is not, and the only explanation is that some other body has been wrongly identified, or there is still a body in the ruins. This the foreman of the contractors considers probable. If this is the case it will increase the number of dead from 22, the number of names on the official list of dead, to 23.

TORONTO STOCK EXCHANGE.

Toronto, June 22.—At the annual meeting of the Toronto stock exchange President Buchanan, who has held office for two years, retired and W. H. Brouse, vice-president, was slated for election. Gordon Oakes will be vice-president and E. Freeland, of J. L. Stark & Co., will be secretary. E. L. Ogden celebrated his thirtieth annual meeting as assistant secretary yesterday. The membership is 43. Two more seats are for sale, which will reach the present limit of membership of 45. The last seat brought \$20,000.

DIES FROM HEART FAILURE.

Randsburg, Cal., June 22.—A message received here from Soda Lake confirms the report that Charles Davidson, an engineer of Berkeley, met death in the desert near Soda Springs early this week. The message stated briefly that Davidson, while touring the Soda Lake country in an automobile with a company of engineers, was stricken with heart failure, superinduced by the intense heat of the desert.

BIG OFFICE BUILDING.

Montreal, June 22.—The contract was signed yesterday for the erection of what will be the largest office building in Canada. It will stand on the southeast corner of St. James and Francis Xavier streets, extending through to Notre Dame street. It will be ten stories in height, each floor having an area of 1,400 square feet. The building is being erected by a syndicate.

The Provincial Royal Jubilee Hospital

Incorporated 1890.

The Annual Meeting of the donors and subscribers to the Institution will be held in the City Hall, Victoria, on Wednesday, 22nd June, at 4 o'clock P. M. BUSINESS.—Received the Annual Report of the Directors, the Treasurer's Statement for the year ending 31st May, 1910, and the Election of the Directors. The four following Directors retire, but are eligible for re-election: Mrs. C. W. Rhodes, Messrs. H. E. Newton, A. C. Plummer, Alexander Wilson. Donors and subscribers can vote for four or more members only. The City Council nominate five (5), the Provincial Government three (3), and the French Benevolent Society three (3), making a total of fifteen Directors. All donors of money, \$5 and upwards, and annual subscribers of \$5 and upwards are eligible to vote for the election of directors. A. W. MORTON, Secy. Victoria, 18th June, 1910.

Cowichan Lake Hotel

(Formerly Price Bros.) Entirely Re-Arranged and Re-Furnished. All modern conveniences, hot and cold baths, open fire-places, new launch. Situated on the famous Cowichan Lake. Starting point for canoe trips down the Cowichan River. STAGE FROM DUNCAN tri-weekly to May 1st; daily thereafter. RATE FROM \$2.50 UP. WARD. J. B. GIRDWOOD, Manager.

WILL RETURN TO STAGE.

New York, June 22.—Margaret Hillington announced yesterday her intention to return to the stage. She will be seen in a new play which will be rehearsed and produced in Tacoma and her husband, Edward J. Bowes, millionaire real estate man, is to act as her manager. The opening of the play is planned for a date early in September.

"Yes, I have decided to return to the stage," said Miss Hillington. "I shall have a new French play. I am to have the best support obtainable and the company will assemble in Tacoma, where rehearsals will be held and where the play will be first produced." Since the retirement of Miss Hillington from the stage more than a year ago, she has had to refuse countless offers from a new play which will be rehearsed and produced in Tacoma and her husband, Edward J. Bowes, millionaire real estate man, is to act as her manager. The opening of the play is planned for a date early in September.

WILL SHOOT PRISONERS.

New York, June 22.—That American and Nicaraguan soldiers fighting in the revolutionary army of General Estrada will be shot if captured by Madriz troops is the charge made here to-day by partisans of Estrada. They declare that General Julian Arias, controlling the operations against Estrada's forces, telegraphed President Madriz that he "had given orders that all revolutionists captured by our troops will be shot."

REPORTED PURCHASE.

It is reported that the Royal Mail Steam Packet Company has agreed to purchase the whole of the Pacific Steam Navigation Company's share capital at par, £25 per share. The Pacific Company dates from 1840 and its capital is now \$1,477,125 in fully paid shares of £25. Originally they were 50 shares, but they were reduced by repayment of capital. The fleet consists of about 47 mail steamships, which run from Liverpool to South America and the Falkland Islands. The Royal Mail Company is a few months older than the Pacific, and has a fleet of 37 vessels running to the West Indies, New York, Brazil, the Continent, and Australia. A supplemental charter of 1904 provides that the company is to remain under British control. Four years ago the company acquired the Pacific Company's interest in the Orient-Pacific Line.

Indigestion Cured

Mrs. D. H. Yowell cannot praise Duffy's Pure Malt Whiskey too highly. It completely cured her after she had suffered from indigestion for years and when nothing else did her any good. She says it is the greatest remedy in the world for all stomach troubles.

"I wish to testify to the excellent results obtained through the use of Duffy's Pure Malt Whiskey. I had suffered for year with indigestion and had tried different remedies but received very little relief, so I tried Duffy's Pure Malt Whiskey and the effect was wonderful. It is the best stomach remedy in the world. I can recommend it most highly to any one suffering from indigestion or any stomach trouble." Mrs. D. H. Yowell, 321 So. Pine St., Richmond, Va.

Is an absolutely pure distillation of malted grain. When taken at mealtime it stimulates the mucous surfaces and little glands of the stomach to a healthy action, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment. This action upon the digestive process is of great importance, as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It makes the old feel young and keeps the young strong and vigorous.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold IN SEALED BOTTLES ONLY—never in bulk. Look for the trade-mark "Old Chemist" on the label, and make sure the seal over the cork is unbroken. Price \$1.50 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for doctor's advice and an illustrated medical booklet, containing testimonials and rules for health, both sent free.

Particulars will be found in the advertisements in another column.

—Join Piercy, who has just returned from Prince Rupert, concluded one of the most profitable real estate deals yet made in the new city—the day he left, on behalf of himself and his partner, Mr. Morris, O. M. Heigerson Co., put through a deal for Piercy, Morris & Co., amounting to \$12,500. The lots transferred were 2 and 4, block 22, sec. 1, situated between 7th and 8th streets on Third avenue. This property was purchased just two years and two days before by Piercy, Morris & Co. for \$1,000 in cash. Thus their net profit is over \$11,500. The purchaser was S. Grant, of Bella Coola, B. C., who represents English capital.

WOOD YARDS FOR OAK BAY DISTRICT

J. E. Grice Has Applied to Council for Permission to Land Fuel at Turkey Head

The only handicap under which the residents of Oak Bay have been suffering is the extra cost imposed upon them by the fuel dealers of the city on account of their being outside the city. This is about to be lifted. One of the city dealers, J. E. Grice, has applied for permission to land wood at Turkey Head, Oak Bay, in order that he may supply the residents of the district with fuel at the current rates, thus putting them on a equality with the city residents.

For a long time the people of the municipality have been fretting under the extra charge, and there have been many suggestions made as to the establishment of wood and coal yards at Oak Bay. That the matter is being taken up will be cause for congratulation.

The application of Mr. Grice will be dealt with by the roads committee of the Oak Bay council.

LOCAL MANAGER RECEIVES PROMOTION

R. W. Riddell to Go to Coleman for the International Coal Company

R. W. Riddell, until recently manager of the British American Trust Company, with headquarters in this city, has been promoted to the position of managing director of the International Coal and Coke Company, Ltd. Mr. Riddell is well known locally, having for several years been manager at Saanich of the Victoria establishment and other commercial concerns here. He will now be stationed at Coleman, Alberta, the headquarters of the International Coal and Coke Company, in which concern A. C. Plimmer, of this city, is largely interested.

"THE GRASS WIDOW"

To-night laughter will rule at the Victoria theatre, for May Roberts and her company can furnish amusement and laughter equally as well as the more serious and emotional type of performance. Miss Roberts has established herself as an actress of above the average in the two performances at the Victoria theatre. To-night's play is full of sparkling comedy and laughter prevails throughout the entire performance. Mr. Gillard portrays the eccentric Englishman of the play to perfection.

—For the week ending yesterday afternoon the bank clearings in Victoria amounted to \$2,889,967.

—The diocesan board of the women's auxiliary to missions will hold its next meeting before the holidays at St. John's schoolroom at 2.30 Friday afternoon.

—The jockeys riding at the present race meet are giving a dance at Broad street hall this evening, the affair being under the auspices of the Victoria Country Club. Messrs. Campbell and David will be in charge of the arrangements; a good orchestra has been engaged and a pleasant time is expected.

WEATHER BULLETIN.

Daily Report furnished by the Victoria Meteorological Department.

Victoria, June 22—5 a. m.—The pressure continues low over British Columbia and is only comparatively high on the Vancouver Island and American coasts. Rainfall has been general from Port Simpson southward to the Columbia river, and the weather is chiefly cloudy and cool. In the greater provinces the weather is mostly fair, with high temperatures in Manitoba; showers have fallen in Alberta and Saskatchewan, and a thunderstorm with heavy rain occurred at Winnipeg.

Forecasts.
For 24 hours ending 5 p. m. Thursday. Victoria and vicinity.—Moderate to fresh southerly winds, chiefly cloudy and cool, with showers.
Lower Mainland.—Light to moderate winds, cloudy and cool, with rain.
Observations at 5 a. m.
Victoria—Barometer, 30.01; temperature, 49; minimum, 41; wind, 4 miles N. W.; rain, .65; weather, cloudy.
New Westminster—Barometer, 29.94; temperature, 46; minimum, 40; wind, calm; rain, .90; weather, clear.
Kamloops—Barometer, 29.94; temperature, 46; minimum, 40; wind, calm; rain, .61; weather, clear.
Edmonton—Barometer, 29.92; temperature, 40; minimum, 35; wind, 4 miles S.; rain, trace; weather, part cloudy.
Winnipeg—Barometer, 29.72; temperature, 70; minimum, 66; wind, 6 miles W.; rain, .75; weather, part cloudy.
Victoria Daily Weather.
Observations taken 5 a. m., noon and 5 p. m., Tuesday.
Temperature.
Highest 69.
Lowest 49.
Average 54.
Rain, .60 inch.
Bright sunshine, 15 minutes.
General state of weather, showery.

IMPROVEMENTS AT ISOLATION HOSPITAL

Medical Health Officer Submits a Further Report to Committee of Council

At a meeting of the health and morals committee of the city council, held last evening, Dr. G. A. B. Hall, medical officer, submitted a further report on the matter of improvements to the isolation hospital. If the necessary financial arrangements can be made, the better course to pursue, in the doctor's opinion, would be to erect an entirely new building, based on what is known as the pavilion system. An architect had estimated that such a building would cost in the neighborhood of \$45,000.

The committee decided to recommend to the council that a bylaw be submitted to the public to raise the necessary funds.

The medical health officer also reported that there were several cases of tuberculosis on the Indian reserve, which he had reported to the Indian agent.

The matter of the garbage tin tenders which was referred to the committee, was left in the hands of Ald. Raymond, chairman of the committee, and the purchasing agent and sanitary inspector to award the contract.

A picnic will be held by the local wholesale and retail grocers on Thursday, July 21st. This decision was reached at a largely attended meeting held last evening. It was agreed that all the grocery establishments would close their doors on that day. The picnic is not yet fixed. Officers were elected as follows: President, A. Brockhurst, vice-president, J. Jay; secretary, R. De Carver; treasurer, A. Toneri; past-president, H. O. Kirkham.

SOME INTERESTING FACTS ABOUT OVERLANDS

Our 800 Dealers now are Selling over \$200,000 worth of Overlands Daily. That's a far larger sale than was ever attained by any other car in the world.

Some of the Users

The Government is one of the Overland users. For a year and a half some of these cars have been used in carrying the mail. For 500 days they have made their regular trips, winter and summer, without a moment's delay. Each of these cars has done the work of three horse-drawn vehicles.

The J. I. Case Threshing Machine Company some time ago supplied 25 Overland cars to their country salesmen. They report that one man with one of these cars can do two salesmen's work.

The Altman & Taylor Machine Co. have also begun to supply Overlands to their salesmen. We have recently built delivery car bodies on 900 Overlands for the use of storekeepers who want them for use as light delivery cars.

All Due to Simplicity

All these new uses for Overlands are due to their utter simplicity. A novice can run one as well as an expert.

The operation of the car is by pedal control. One goes forward or backward, fast or slow, by simply pushing pedals. The hands have nothing to do but steer.

Overlands are almost trouble-proof. The usual complexities have been avoided. One of these cars has been run 7,000 miles, night and day, without stopping the engine.

A child can master the car in ten minutes. Any member of the family can run it. And a car that is relied on to carry the mail is the car which will always keep going.

\$3,000,000 Plants

Over \$3,000,000 has been invested to produce Overland cars in a perfect and economical way. The cars are made—as watches

are made—by modern automatic machinery. Thus we get exactness to the ten-thousandth part of an inch. And thus every part is made exactly like every other similar part. All parts are interchangeable.

Because of this machinery and our enormous production we are able to make cars for less than anyone else.

This year we are selling a 25-horse-power car, with 102-inch wheel base, for \$1,600. We are selling a 40-horse-power Overland with 112-inch wheel base, for \$1,250. And these prices include all lamps and magneto.

During the past year alone we have cut the cost of Overlands 20 per cent by multiplied production and this labor-saving machinery.

10,000 Tests

The various parts of each Overland car are subjected to 10,000 rigid inspections. Then every car, before it goes out, is given a long trial run on rough roads. One of our test roads includes the worst hill in Ohio.

Thus we know that each Overland is a perfect car before it leaves the shop. There are no mistakes.

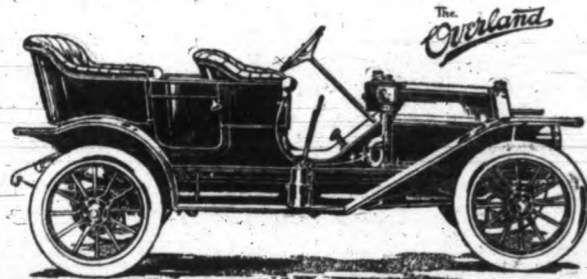

These are part of the reasons why Overlands have now come to outclass all other cars that are made. You will want the car which others want when you learn the facts. If you will send us this coupon we will mail you our catalogue. We will also tell you the nearest place where you can see the cars.

The Willys-Overland Co.

Toledo, Ohio.

Licensed Under Selden Patent.

Please send me the catalogue free.

The 25-horsepower Overland costs from \$1,000 to \$1,100, according to style of body. The wheel base is 102 inches. The 40-horsepower Overland costs from \$1,250 to \$1,500. All prices include five lamps and magneto.

Subscribe for The Times

VICTORIA WILL PLAY

TWO GAMES SATURDAY

Cricket Matches With Albions Jubilee and Beacon Hill—Season's Fixtures

On Saturday two teams, "A" and "B" will represent the Victoria Cricket Club in matches with the Albions. Alexis Martin will captain the team to play at the Jubilee hospital grounds, while L. S. V. York will captain the team at Beacon Hill.

The teams are as follows: At the Jubilee—Alexis Martin (capt.), J. C. Barnack, R. M. Hobden, J. F. Marshall, W. P. Gooch, M. Cane, A. D. R. Scott, E. R. Irving, A. V. Wheeler, W. T. Williams and H. J. R. Cullin. At Beacon Hill—L. S. V. York (capt.), J. W. D. York, T. B. Tye, R. H. Pooley, N. F. J. Rant, H. Cuthbert, J. H. Gillespie, James Lee, H. Ebert, C. Coates and H. G. Young. The Victoria Club has now arranged its fixtures for the season as follows: June 25—Albion C. C., Beacon Hill. July 1—Vancouver C. C., Vancouver. July 2—Burrard C. C., Vancouver. July 5—Albion C. C., home. July 16—Seattle C. C., home. July 22—Nanaimo C. C., away. July 30—Vancouver C. C., home. August 6—Burrard C. C., home. August 13—Seattle C. C., away. August 30—Garrison C. C., barracks. August 22-27—Tournament, home. Sept. 3—To be arranged.

LOCAL PLAYERS WILL

COMPETE AT SPOKANE

Schwengers and Cambie May Represent Victoria in International Tennis Tournament

Spokane, June 22—The announcement that May Sutton and Mabel Hotchkiss would play in the international tennis tournament in July at the Spokane Country Club has created great interest among local tennis players.

The match that will attract the most interest is the Sutton-Hotchkiss women's singles. Miss Hotchkiss and Miss Sutton have been running very close all this season. Miss Hotchkiss winning from Miss Sutton several times, though she failed to win any championship sets.

Probably the strongest teams in the mixed doubles in the international will be the team from Victoria and Portland, with the possibility of a team from Seattle. The Misses Marion and Elenore Pitts of Victoria also will come over for the Inland Empire tourney. Both are strong players and will probably put up one of the strongest teams entered.

For the international B. P. Schwengers and Jack Cambie will come from Victoria. Schwengers and Cambie from Vancouver. Wickersham and Correll; Ewing and Andrews from Portland; possibly Walter Fitz and Sam Russell from Seattle. Spokane will be represented by Tyler and Seth Richards.

The contest will undoubtedly be between the Victoria, Seattle and Portland men, for the Spokane team is weakened this year by the loss of McRae, northwest champion of 1905 and 1908. Schwengers was paired with McRae last year, while Wickersham was paired with Goss of Portland, but Goss has left the game. Everett and Tacoma will both be represented by new teams this year. It is understood that Tacoma is rather weak, unless a new man has shown up recently, while Everett will probably be able to put up a very good match.

In the singles the race will undoubtedly be between Jos. Tyler and B. P. Schwengers, with Correll a possibility. Both men are in first class shape and Tyler is working hard to beat his rival who last year was given rank No. 1.

DIAMOND GLITTERS

In the junior league last night Beacon Hill beat North West after a fast game by 12 to 11. The pitchers, Tripp and Aubrey for the Hills, and Maines and Meldrum for the Wards, were swatted all over the earth. In the sixth the Wards were ahead, 9 to 4. Ames took the attack with the bases full and put the Hills ahead with a home run. The same boy followed this up with a three-bagger in the eighth.

The T. C. ball team won from the Hawks last night by 5 to 2 after a hot game in which both sides put up good ball.

The Empress and Beacon Hill nines, who have each won a game in previous class, will play if decided to-night at the park. The rival teams and their supporters are greatly interested and some keen ball is promised.

Bob Whyte, Victoria's cool-headed short stop, made a poor showing in the game with the Seattle Spirits on Saturday, but there were mitigating circumstances. Bob underwent an operation on his throat the day before the game and with the bases full, not up to the scratch in the game. All considered he handled the grounds as well as could be expected.

Victoria is getting in shape for the match with Ballard on Saturday, when they hope to redeem themselves for Saturday's defeat at the hands of the Seattle boys.

There will be no ball game on Friday night. Manager Wattlelet not finding it convenient to bring a team over here to play on that date.

The local nine are training hard this week and are confident that they will be able to revenge the awful beatings given them last week. Wattlelet states that he will have his men trained to the minute and that they will be able to put up one of the best games of the season. He has not yet selected the men who will throw the outshoots, inshoots and other headers, but it is likely that C. Surphils will be in the box.

The skull of a human being grows rapidly up to the age of seven years, and then very slowly up to the age of twenty. After that its growth ceases entirely.

UNIVERSITY SCHOOL

HOLDS FIELD SPORTS

McGuigan is Senior Champion With 15 Points Out of 21—Woodward Heads Juniors

Obtaining 15 points out of a possible 21 and breaking the school record for the cricket throw with 119 yards, McGuigan won the senior championship of the University school at the annual athletic sports held yesterday afternoon.

A. G. Woodward carried off the honors among the juniors. The sports were not affected by the dull weather, and some excellent work on the part of both seniors and juniors was seen. Lieut-Governor Paterson and Mrs. Paterson were present, the latter presenting the prizes to the successful students. There was a large gathering, including many well-known people, and the long list of events was followed with great interest.

Following is a complete list of the results: Throwing the cricket ball (open)—1st, McGuigan, 2nd, Rice, Distance, 100 yards (which establishes a new record for the school).

Half mile, for boys under 16 (handicap)—1st, Roe; 2nd, Wyld; 3rd, Walker. Time, 23 2/5 seconds.

100 yards (open, handicap)—1st, McGuigan; 2nd, Rice; 3rd, Shaw. Time, 10 4/5 seconds.

100 yards, for boys under 12 (final heat)—1st, Kingham; 2nd, Watts; 3rd, Matson. Time, 11 4/5 seconds.

75 yards, for boys under 10—1st, Wilson; 2nd, Henderson.

1 mile (open)—1st, Perse; 2nd, Devine; 3rd, Bagshaw. Time, 5:31 2/5 seconds.

220 yards, for boys under 16 (handicap). Final heat—1st, Wyld; 2nd, O'Loon; 3rd, Poole. Time, 26 2/5 seconds.

Quarter mile, for boys under 14 (handicap)—1st, Woodward; 2nd, Hart; 3rd, Woodward. Time, 72 2/5 seconds.

220 yards (open, handicap)—1st, McGuigan; 2nd, Thorsen; 3rd, Shaw. Time, 26 2/5 seconds.

Victoria Cross race (open to members of the cadet corps)—1st, Potts; 2nd, Woodward.

Quarter mile (open, handicap)—1st, McGuigan; 2nd, Shaw; 3rd, Woodward.

100 yards, for boys under 14 (handicap). Final heat—1st, Kingham; 2nd, Westfold; 3rd, Richards. Time, 12 3/5 seconds.

100 yards, for boys under 16 (handicap). Final heat—1st, Wyld; 2nd, Thorsen. Time, 11 3/5 seconds.

Half mile (open)—1st, Perse; 2nd, Roe; 3rd, Devine. Time, 2:34 seconds.

220 yards, for boys under 14 (handicap). Final heat—1st, Woodward; 2nd, Westfold; 3rd, Hart. Time, 31 3/5 seconds.

SPORT NOTES

The first test game between the "A" and "B" teams of the Victoria Lacrosse Club played at the North Ward grounds last night, resulted in a win for the "A" team by a score of 7 to 3. The two aggregations played good lacrosse and the "B" team showed much better form than was anticipated. The management has called off the second game to-night in order to rest the teams, but they will meet to-morrow evening.

Hopgood and Monck will represent the J. E. A. A. in the official club double at the Vancouver N. P. A. A. O. regatta, next month. Stewart and Chongranes lost to the pair by a length and half in an impromptu race the other evening.

Queen Mary has been appointed honorary colonel of the 5th Pomeranian (Bluecher) Hussars, in succession to King Edward VII.

REGIMENT'S ANNUAL SPORTS ON SATURDAY

Interesting List of Events Arranged—Big Crowd is Expected to Attend

Yesterday afternoon the programme for the annual Fifth Regiment sports at Macaulay Plains was completed and the boys are hoping that the weather will be fine for the occasion. A quarter-mile track is being laid off over a level stretch on the hill at Macaulay Point within a short distance of the race line, and the band will make things lively between the events. A large crowd is expected and the officers of the corps will be "at home" to their friends during the afternoon.

The events will be conducted on strictly amateur lines under the sanction of the R. C. A. & U. and the regulations provide that entries must be made at least fifteen minutes before each race. No spiked shoes will be allowed.

At 2:15 the programme will commence. The list of events follows:

- 4:00—Tent pitching contest.
- 4:15—Obstacle race.
- 4:30—Obstacle race for boy scouts.
- 4:45—440 yards dash, open.
- 4:55—One mile race and 100-yard dash for bandsmen only. (Must play tune on instrument while running.)
- 5:05—One mile relay and throwing 56-lb. hammer.

The sports will be in charge of the following officials: Timekeepers, Lieut. Brown and C. M. S. Caven; scorer, Gr. Winsby; starter, R. S. M. Macdougall; announcer, Gr. L. Brunell; judges, Chpt. Angus, No. 1 Co., Capt. Winsby, No. 2 Co., and Capt. Harris, No. 3 Co.; referee, Lieut.-Col. Currie; track stewards, Corp. Dutoit, Flury, Serjt. Richardson, C. S. M. Lorimer, and Team-peter Kent; clerk of the course, C. S. M. H. Nesbit.

At the end of the programme a tug-of-war between three companies for the cup presented by Lt.-Col. J. B. Gregory will be pulled and a "Balacava Melee," which promises plenty of fun, has also been arranged.

 Batteries—Butler and Blankenship;

We guarantee you June weather inside when it's January outside

NO matter how cold and blustery the weather may be outside, you will enjoy the warm, balmy air of June in your home this coming winter if you have the Sunshine furnace in your cellar.
 The Sunshine furnace is so perfectly constructed it simply must heat your home to your entire satisfaction. If it fails to do so it is because of some error in installation. In such a case we will send one of our expert furnace men who will discover the error and have it corrected.
 You are absolutely certain of a comfortable home when you buy the Sunshine. It is guaranteed by us to you.
 We have a competent agent in your locality. Consult him about size of furnace and arrangement of registers.

OLD CHUM CIGARETTES

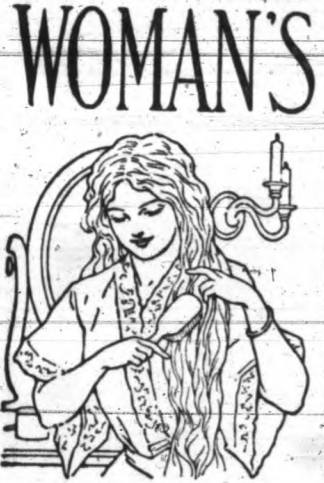

Equal in quality to the well-known pipe-tobacco and specially blended for cigarette smoking.

TEN FOR TEN CENTS.

rectory, however, as had been intended, the sale was held in the schoolroom. There was a large attendance of friends throughout the day and the ladies are greatly pleased with the results. The display of fancy work was unusually good.
 The fancy work of the senior guild was in charge of Mrs. Yates and Miss Sutton, and that of the Junior society of Miss Hick, Miss Townsley and Miss Greenhalgh. Mrs. Sutton, Mrs. Norrish and Mrs. Pearson had the plain work stall and Miss Wood and Mrs. Penketh supplied the children with a variety of useful articles. Mrs. Walker drove a brisk trade in homemade sweets and tea was served by Mrs. Townsley, assisted by Mrs. Hawkins, Mrs. Causley, Miss Wilson and Miss Smith.

THE ROPE OF OCNUS.
 Few persons who use the phrase "Like the rope of Ocnus" to denote profitless labor know the significance of the expression or its great antiquity. "The Rope of Ocnus" was the name of a picture painted by Polygnotus, a distinguished Greek, who died in the fifth century B. C. He is reputed first to have given life, character and expression to painting. According to Pliny he opened the mouth and showed the teeth of his figures, and he was the first to paint women figures with transparent draperies.
 Ocnus was a poor but industrious Greek, whose extravagant wife spent money as fast as he could earn it, and he related his troubles to his friend the painter Polygnotus thereupon painted the picture of a man weaving a rope of straw, while behind him stood a donkey eating the rope as fast as it was woven. It is pleasant to relate that the silent lesson had the desired effect upon the wife of Ocnus, and that it was through her subsequent frugality and thrift that Ocnus ultimately rose to a position of great prosperity.—London Globe.

ST. JOHN'S SALE OF WORK.
 In spite of the threatening weather of yesterday the sale of work held by the Women's Guild of St. John's church was very successful. Instead of holding it on the beautiful grounds of the

WOMAN'S CHARM OF SKIN, HANDS AND HAIR Preserved by CUTICURA

For preserving and purifying the skin, scalp, hair and hands; for allaying minor irritations of the skin and scalp and imparting a velvety softness; for sanative, antiseptic cleansing and, in short, for every use in promoting skin health and bodily purity, Cuticura Soap and Cuticura Ointment are unsurpassed.

To mere man, uncultured and unashamed, the flattery seems a thing of evil. It renders the house uninhabitable one day out of seven; it distracts woman's attention from the all-important matter of preparing food. In shameless conspiracy with starch it renders clothes uncomfortable, turns napkins into slippery boards, and banishes sleep from beds. Civilized man is a slave of the ironing board, and the boiled shirt is the emblem of his degradation.

Now, the scientists tell us that ironing has an important function as an antiseptic; that the hot iron is one of our leading germ killers. This instrument of torture may have a temperature of 286 degrees, and that, they say, is more than enough to slay the most fastidious bacillus. In places where sterilizing devices are not handy, surgical dressings may be ironed with great advantage, and in a recent experiment clothing which had been worn by diphtheria patients was completely disinfected by the use of a hot iron. Long-suffering man will note with relief that the scientists have said nothing in defence of starch. There has been no vindication of the boiled shirt—Success Magazine.

PROVINCIAL W. C. T. U. MEETS ANNUAL CONVENTION IN NEW WESTMINSTER

Mrs. Spofford Delivered Her Address as President Last Evening

New Westminster, B. C., June 22.—The annual provincial convention of the W. C. T. U. opened here last evening. There was a large attendance of delegates from Victoria, Vancouver, New Westminster and interior points. Mrs. Spofford, who has been for twenty years provincial president, delivered her annual address, reporting on the work of the past year. This was the main business of the session. In part Mrs. Spofford said:

Twenty-four years ago when the town of New Westminster for the first time entertained the convention of the Woman's Christian Temperance Union, comprising then, eight unions, with one hundred and thirty-three members. In the old Methodist church on Mary street, an unpretentious building, the meetings were held with twenty-three delegates present. As I look over the president's annual address on that occasion—my first attempt, and even at that early date, considered necessary to the dignity of a convention—I marvel at the temerity of the president, the crudity of the attempt, and the forbearance and generosity of that convention. The only consolation of the intervening years has been that the unerring Judge of the human soul understood the honesty of purpose, and knew that in all sincerity of heart, as little children, we were trying to steady ourselves on our feet, and were learning to take our first steps in the world's great work.

Since that time your town has grown into a city, beautiful, prosperous, progressive; and we meet in convention to-night, thirty-eight unions with more than one hundred delegates, in this commodious and artistic church of the same denomination. Growth has not been confined to your city alone, however, our entire province has been undergoing development at a rate characteristic of western energy and enterprise.

With this development has come the inevitable responsibility of enlarged opportunity along every line of religious and philanthropic work. As to how we have measured up to these, our work to some extent shows, but the great record of eternity alone will reveal the true balance.

We look back tonight across the space of years, and, with somewhat clearer vision, realize that around the whole world the purest thought, the noblest sacrifice and the best efforts of men and women poured into the world's great needs, are accomplishing the objective of the W. C. T. U. a quarter of a century ago, and that all along the line, slights of victory have been heard encouraging the workers to persevere until there is secured, through an enlightened public conscience, the outlawry of, at least, the legalization of vice and evil.

As to the part taken by the women of the world in this great effort, we make no claim save that they have endeavored to contribute their share of helpfulness through the enlarged and increasing avenues which continue to open before them; all of which have been tending toward the development in woman herself of a type of home-

maker for the nations, different somewhat to that of a century ago, but such as one sees in the changing conditions of the world demands.

As we look out upon the ever-increasing tide of reform which agitates the world to-day, we realize, too, how futile are the efforts of those who would attempt by unfounded claims or useless arguments, to stay the oncoming tide of enlightened public conscience, and to know that the momentum of its mighty force will soon, if it is not already doing so, move with a mighty onrush which will catch up this crude civilization of ours, lifting it beyond its present low tide to where it will rise on the bosom of a fuller and safer tide above the legalization of so-called necessary vices, above the standard of morality, above the unjust charge of the inferiority of women.

Only in the briefest possible manner dare we attempt to review the present advance movements of the great reforms of the day. In the United Kingdom and the other countries of Europe these are unmistakable and uncontrovertible. In temperance reform we find marked advance in nearly all, if not all, the nations.

After twenty years of persistent and consistent effort, New South Wales secured local option, which its people declare has come to stay. The Dominion of New Zealand enjoys the same right. China is said to rank first in the world in prohibiting the use and sale of intoxicating liquors, though she is not free from the menace of American beer. The national W. C. T. U. of Japan last year reported fifty-seven branches with more than 3,000 members, twenty "Y" branches with two hundred members and nearly one thousand children in its L. T. U. Sir George White is authorizing for the statement that of 50,000 soldiers in India 20,000 are teetotallers, and hundreds of temperance organizations are at work in that empire.

Need we speak of the sweeping advances of prohibition in the United States? On January 1st, 1909, the area covered by prohibitory law was 320 by 720 miles—two-thirds of its entire territory. Saloons closed at the rate of 200 a day. Fifty miles of saloons closed in a year. Thirty-eight millions, as against six millions of its people ten years ago living in "no license territory." Illinois last year closed the saloons in 1,000 towns. Michigan in one day closed 283 bar-rooms and ten breweries, the smallest of the latter having a capacity of 800 barrels per day. From our standpoint, does our vision take in this tremendous sweep of the progress the movement is making in the great American republic?

Of Canada, beloved Canada, we can at least say of every province that its citizens is vested the power of license, or no license, our own fair province being the last.

The failure, through the extraordinary conditions of the plebiscite last November, to secure provincial local option law notwithstanding 22,779 voters asked it of the government, as against 19,081 who opposed it, led the provincial local option league to secure from the federal government such amendment to the Canada Temperance Act as to make this act now apply to the province of British Columbia. This gives the people of the province a local option act, the operation of which in the Maritime Provinces has been most beneficial. The recent plebiscite, though failing to give the people a local option law, has been of great advantage as affording a test of the prohibition sentiment of the various districts.

From Nova Scotia, that historical land of song and story, whose recently enacted prohibition bill places the whole province except two counties, under prohibition, Prince Edward Island and under total prohibition—New Brunswick increasing its "no license" area; Quebec with 664 of its 1,008 municipalities; Ontario with about 434 "no license" areas; against 472 license municipalities; Manitoba and the prairie

provinces slowly adding to their "dry territory," covers the vast western province where, in the new drastic liquor license act, in the municipal by-laws which aim at better control, a reduction in the number of licenses, shorter hours, higher license fees, greater restriction and more rigid enforcement, may be recognized. "The handwriting on the wall" is unmistakable.

During the year four unions were organized. Those at Keremeos and Golden by Mrs. Robinson; at South Wellington by the Nanaimo W. C. T. U., and at Creston by the president. It was my privilege and pleasure, on the invitation of the officers, to attend the convention of the provincial union of Alberta and Saskatchewan, and on my return to visit the towns in the East Kootenay and on the main line.

At Fernie we hoped the time was opportune to reorganize the union. The conditions since the disastrous fire were not such, however, as to warrant this step. At Cranbrook a good meeting with the union was held, methods of work thoroughly discussed with the president, who, while familiar with those of the B. N. T. A., felt somewhat unfamiliar with the W. C. T. U. At Creston a union was organized, and at Nelson we met the union which was somewhat discouraged as absence from the city of its officers had caused the work to fall off. A fairly good gathering of splendid women gave promise of better work, however. A day was spent at Robson. Nearly every woman in this new and promising centre was visited and announcement made of a meeting for 4 o'clock in the school house. The children were addressed largely with his interest in postage stamp issues. As a collector his Majesty has chiefly interested himself in the stamps of the British Empire, of which he is now the proclaimed ruler. In his early days he shared his scientific study of philately with his uncle the late Duke of Saxe-Coburg-Gotha, better remembered among us as the Duke of Edinburgh, writes F. M. in the London Daily Mail.

Although it is well known that his Majesty is a philatelist, it is perhaps not so popularly known that he has taken a very active interest in the affairs of collecting and of collectors. He has visited most of the great exhibitions of stamps held in London. The first in 1890 he would doubtless have visited but for the fact that on the very day that exhibition opened he was setting sail in the Thrusar, the gunboat of which he was in command. In 1897, then the Duke and Duchess of York opened the London Philatelic Exhibition on July 22nd. The following day the Duke, in company with his late lamented father, then the Prince of Wales, paid a second visit to the exhibition, and yet a third one was paid by the present King before the exhibition closed. The King also visited several later exhibitions, the last being the Imperial Stamp Exhibition held by the Junior Philatelic Society in Caxton hall in March, 1908.

As president of the Royal Philatelic Society, an office held by his Majesty since 1896, when he was Duke of York and the society had not yet attained the distinction of "Royal," his Majesty has frequently evinced his deep personal interest in all matters relating to stamp issues, and has on several occasions paid surprise visits to the regular meetings of the society, on occasions when portions of his collections have been shown.

As to the contents of his important collections, these are very extensive. In the stamps of Mauritius, which place, it will be remembered, his Majesty visited in the "Opbir," the postage stamps of the island, and "Post Office" stamps of 1847. The 2d. stamp he acquired at public auction for £1,450 and 1d. stamp came from the collection of the Earl of Kintore for £500. The value of these two stamps is now considerably enhanced, a recent sale of similar stamps having produced still larger amounts. The Prince's 2d. Post Office Mauritius is the finest known copy of the stamp. All through the postage stamp issues of Mauritius his Majesty's collection is particularly complete. A recent valuable addition to this collection is a block of five of the "Post Paid" stamps, including the rare error—with the word "pence" spelt as "pence."

Interesting items in connection with the stamps of the Mother Country in his Majesty's collection are the rough sketches made by Rowland Hill to show the chancellor of the exchequer at the time of the introduction of adhesive postage stamps. His Majesty has also favored the philatelic world with an historical treatise on the stamps of the reign of King Edward VII., based on the valuable historical collection of essays (trial stamps) and printers' proofs, Canada, which has several times been visited by the King, is well represented in his albums.

The West Indies, too, have been the basis for an extensive series of specialized collections. The Barbados collection, which was shown twice during 1908, once to the public visiting the Imperial Stamp Exhibition, and once shown privately to the Fellows of the Royal Philatelic Society, contains all the varieties of this part of the world. It is difficult to convey in a concise description an idea of the thoroughness with which the various issues have been dealt without entering upon technical details. Among a great number of valuable specimens the most popularly appreciated stamps in this collection were the provisional issue of penny stamps made by bisecting 5s. stamps and overprinting each half with the new value "1d." The 1d. on half 5s. stamp was issued in March, 1878, and is rare in the used condition, but vastly more rare unused.

Yet there are no fewer than a pair and two single copies (four in all) in the unused condition and five used pairs and a number of single used copies in the royal collection. Hongkong and Grenada are both represented in the royal collections, and

legalization of the drink traffic will be abolished, the full emancipation of woman will be accomplished; the standard of "a white fire for two" will be established; and for the coming toddling feet the way will be made safe, because the civilization of the future will demand these things.

And for the accomplishment of all this, the motherhood of the world through the organization of the W. C. T. U. under its banner "For God, for Home and Native Land," have been, and are, working and praying.

KING IS MADE TO MURDER ENGLISH SOME EXAMPLES OF BAD COMPOSITION

"King's English" May Come to Mean Anything That is Turgid and Bad

Stamp collectors all over the world have long been proud to know that they share their pleasure and study with King George V. The King is said to have been a stamp collector from his midshipman days in the Bacchante, and his travels have coincided very largely with his interest in postage stamp issues. As a collector his Majesty has chiefly interested himself in the stamps of the British Empire, of which he is now the proclaimed ruler. In his early days he shared his scientific study of philately with his uncle the late Duke of Saxe-Coburg-Gotha, better remembered among us as the Duke of Edinburgh, writes F. M. in the London Daily Mail.

Although it is well known that his Majesty is a philatelist, it is perhaps not so popularly known that he has taken a very active interest in the affairs of collecting and of collectors. He has visited most of the great exhibitions of stamps held in London. The first in 1890 he would doubtless have visited but for the fact that on the very day that exhibition opened he was setting sail in the Thrusar, the gunboat of which he was in command. In 1897, then the Duke and Duchess of York opened the London Philatelic Exhibition on July 22nd. The following day the Duke, in company with his late lamented father, then the Prince of Wales, paid a second visit to the exhibition, and yet a third one was paid by the present King before the exhibition closed. The King also visited several later exhibitions, the last being the Imperial Stamp Exhibition held by the Junior Philatelic Society in Caxton hall in March, 1908.

As president of the Royal Philatelic Society, an office held by his Majesty since 1896, when he was Duke of York and the society had not yet attained the distinction of "Royal," his Majesty has frequently evinced his deep personal interest in all matters relating to stamp issues, and has on several occasions paid surprise visits to the regular meetings of the society, on occasions when portions of his collections have been shown.

As to the contents of his important collections, these are very extensive. In the stamps of Mauritius, which place, it will be remembered, his Majesty visited in the "Opbir," the postage stamps of the island, and "Post Office" stamps of 1847. The 2d. stamp he acquired at public auction for £1,450 and 1d. stamp came from the collection of the Earl of Kintore for £500. The value of these two stamps is now considerably enhanced, a recent sale of similar stamps having produced still larger amounts. The Prince's 2d. Post Office Mauritius is the finest known copy of the stamp. All through the postage stamp issues of Mauritius his Majesty's collection is particularly complete. NO SEE-SAW GAME About this lumber business. You get the squarest kind of a square deal when you come here. We don't play upon your inexperience. The next time you want lumber give us a chance to show you how much it is to your advantage to place your order here. J. LEIGH & SONS. Telephone 397. David street, foot of Turner.

Both have been shown to the Fellows of the Royal Philatelic Society. It should be explained that the gathering of data as well as the getting together of the specimens, and their arrangement as a collection on a scientific philatelic basis, is a long process, and while the majority of the British Dominions are included in the King's collection, it necessarily takes time to get them completed and arranged in such a manner that they will produce the greatest benefit to the study of philately. Four years ago at an international exhibition held in London his Majesty showed a set of stamps of the 1883-4 issue of Trinidad, overprinted in commemoration of his visit to Trinidad in 1891. The British Guiana collection is strongest in the issues of that part of the King's Dominions between 1860 and 1882. The varieties of the provisional stamps of 1882 are shown in entire or reconstructed sheets. Pewter is an alloy of tin and lead, or of tin, antimony or copper.

Annual Pound Party To be held at the PROTESTANT ORPHANAGE Hillside Avenue THURSDAY, JUNE 23 3 and 6 p. m. MUSIC—AFTERNOON TEA.

MAGIC BAKING POWDER Does not contain Alum ALUM is put into inferior baking powders because it is cheap. You cannot detect it, because all baking powders look alike. Alum is a dangerous mineral acid condemned by food experts as unfit for use in any food preparation, because it works havoc with the stomach and digestive organs and causes certain harm to the entire system. Your baking results will be the best with MAGIC and you have the certain knowledge that your bread, biscuits and pastry will be light, healthful and delicious. There is no substitute for MAGIC and it is a medium priced baking powder and the only well-known one made in Canada that does NOT contain alum. Full Pound Cans, 25c. Made in Canada. E. W. Gillett Co. Ltd. Toronto, Ont. FREE COOK BOOK If you have not received a copy of Magic Cook Book, send name and address on postal card and this valuable little book will be mailed free of charge.

To-day the women of Russia (voting by proxy), of New Zealand, Australia, the Isle of Man, Finland and four of the states of America, have full parliamentary suffrage, while England, Ireland, Scotland, twenty-four of the United States, Canada, Iceland, Sweden, Denmark, Natal, Bombay, Italy, France, several German and Austrian and Hungarian states, with lastly, Siam, have given a greater or lesser extent of franchise to their women. An imperfect or distorted vision of the Creator's plan for the race has invariably resulted in untrue standards and unwarranted conditions. In no sense is this more clearly demonstrated than in the unspeakably infamous traffic in women, known as the white slave traffic, and operated in every country of the world. This loathsome profaning of the false conception of the relationship of man and woman as designed by the Creator, and of the pernicious doctrine of a dual standard of morality, is yearly sacrificing upon the altar of lust thousands upon thousands of the youthful, winsome daughters of the nations of the world. While we realize that this traffic at the present time is more perfectly systematized, more completely organized, and more successfully operated than ever before, we claim that the case is not hopeless since the world is realizing and being moved by this infamy and shame. Thirteen governments of the world have incorporated an international movement for its suppression, through the International Council of Women the womanhood of nineteen nations are giving their most earnest thought to this serious problem, realizing that the struggle against the white slave traffic and the acceptance of an equal standard of morality for the sexes are questions of the first importance not only for emancipation of women but in the interest of the home and the good of the entire race, and calls for the most strenuous efforts and hearty co-operation of every Christian man and woman. Before the onward and triumph march of truth what terror can possibly stand, what will stay its course? The

Robin Hood Flour Is Different If, Madam, we could take you right into our Model Bakery at the Mill, where all our tests are made, you would see exactly what we mean when we say, "Robin Hood Flour is Different." You would see how favorably it compares with other flours in respect to color. Its superior quality would be plainly visible to you. You would quicker realize why you are to add more water than usual when using it. The bigger loaf made by it would lie before you. Seeing it, you would note its closer texture—no waste. Tasting it, you would admire its finer flavor. In short, you would surely decide that you ought to start using Robin Hood Flour right away. But, Madam, if you cannot come to our Bakery, we can help you to have better Baking Results of your own. Use Robin Hood Flour yourself, and prove that what we claim for it is true. We supply the flour-quality. We give the guarantee. It is up to you to get the benefit. Have you asked your grocer about our Money-back-guarantee yet? Saskatchewan Flour Mills Co. Limited, Moose Jaw, Sask.

NOTABLES ON TAMBA MARU

MANY PASSENGERS FROM ORIENTAL PORTS

Secretary of German Consulate Tells of Hard Times in Nipponese Kingdom

One hundred and sixty passengers arrived from the Orient early this morning, of whom ninety departed at this port. Among them were a number of prominent people, including the special representative of the Nippon Yusen Kaisha line of steamers on this coast, A. S. Mihara, who makes his headquarters in New York but travels back and forth between that city and Seattle, also visiting from time to time other points touched by the N. Y. K. business. He has just returned from a business visit to Japan.

To a Times representative this morning he said that there was a slight improvement in business in Japan. There was a good deal of travel in this direction and much freight was offering, but the other way there was not much being carried. In regard to the running of the steamers he said that the present fortnightly service would be maintained. It had been interfered with for a short time by the transference of the steamers from one route to the other, but from this time on there would be no interruption. Mr. Mihara is on his way through to New York by way of Seattle.

Another notable passenger was Lieutenant Colonel H. Pearson, who is on his way on a tour round the world. He is taking a good look at Victoria on his way through and will stop off at the principal points. He expects to visit all the points of interest in and around the city. Mrs. Pearson is accompanying him.

Rev. G. M. Ross is a Presbyterian missionary who is returning after a long term spent at Hwal Kingfu, in Honan province. He is accompanied by his wife and two children and is spending to-day in Victoria. Speaking of the country where he has been working, Mr. Ross said that there had never been any troubles in Honan. The people there were prosperous at the present time. They were just reaping a splendid wheat and oat crop, and a Chinaman with a full stomach was not usually a rebel. He did not credit some of the stories that were circulated in regard to possible troubles. In the Yantse valley the people raised rice chiefly and whenever this failed, as it often did, there was trouble. The recent agitation seemed to have been the result of a little pressure put on the small farmers by those higher in authority, who were probably squeezed by those higher yet.

E. Hafen, the secretary of the German Consulate at Kobe, is on his way home on a ten-months' leave, traveling by way of the United States. He said

that at the present time there was no money in Japan and so far as he could discover there was no improvement in business. Everything was very quiet. Industries were paralyzed and the result was most depressing. This he looked upon as a direct result of the war.

The following is a complete list of the saloon passengers:
For Victoria, B. C.—Lt.-Col. and Mrs. H. Pearson, Miss L. R. Lawrence, Mr. and Mrs. H. B. H. Smith, Mrs. M. Turanaka, Rev. and Mrs. G. M. Ross and two children, Mrs. C. E. Gunther, Mr. and Mrs. H. G. Gibbs, E. S. Huon. For Seattle—Lieut. J. L. McGree, G. B. Cappon, H. E. Wilson, S. Murata, D. Nakada, W. H. Braack, W. N. Sahyari, A. S. Mihara, Y. Shigematsu, John Hoole.

The Tamba Maru brought between four and five hundred tons of freight for Victoria. This consisted of rice, curries, beans, rattan furniture, sulphur. For Puget Sound the steamer had about 800 bales of silk, and a large quantity of new tea, crockery, curries, peanuts, rice, beans and gunnies. She discharged her Victoria cargo before leaving for Seattle.

VERY SMART WORK IN LAYING CABLE

Thirty-Two Miles Paid Out in Less Than Seven Hours From Restorer

The steamer Restorer, has completed the work of laying the cable for the P. E. Between Departure Bay and Point Grey. The work did not take long once they were on the ground with everything in readiness. Early Sunday morning, the actual time being 6:50 a. m., the work of paying out the cable commenced, and at 1:30 the vessel reached Point Grey. Considerable wind and thick weather interfered somewhat with the work, but Captain Combe, who is an able navigator, put her right through, and in spite of the wind and tides, brought her right to the point required. For a long time they were out of sight of land and the feat is considered a remarkable one.

It took a little time to fix up the shore end of the cable and to discharge the spare cable on to a scow at Vancouver, hence the delay in getting back to Esquimalt. The length of cable laid was 32 miles, connection with the shore on the other side being made by way of Point Grey instead of English Bay. Superintendent Wilson, of the P. E. R. telegraph service, was aboard the steamer and was well pleased with the work.

FAST ON SABLE ISLAND

(Special to the Times.)
Halifax, June 22.—The possibility of floating the Norwegian steamer Heimdal which is ashore on Sable Island, appears remote owing to the continued rough weather, and one of the tugs which went to assist the steamer has left for home.

REMOVING CARGO.

(Special to the Times.)
Montreal, June 22.—Local agents for the steamer Prince Oscar, which went aground in the straits of Belle Isle on Monday, received a wireless message from the captain of the steamer this morning, stating that the cargo is being jettisoned from the holds with a view to lightening the ship and getting her off the rocks.

Steamer St. Denis arrived from the north during last night after an uneventful run. She will leave to-morrow night. She reports rain all the way from Bella Bella to Stewart and back.

WILLIAM GRANT HAD TRIAL TRIP YESTERDAY

Developed Speed of Twelve Knots and Captain Thinks She Can Do Thirteen

The steam whaler, William Grant, the finest whaler on the coast, underwent her trials yesterday, developing a speed of twelve knots in running to Race Rocks and back. Captain William Heater was on the bridge, and everything went very smoothly. It is the captain's opinion that she will easily make thirteen knots under favorable conditions. She will leave to-morrow for Rose Harbor whaling station at the south end of Queen Charlotte Island, from which place she will operate.

The station at Rose Harbor has been rapidly assuming shape under the able management of Captain Huff, and by the time the Grant arrives everything will be in readiness for operations to commence. The work will continue throughout the summer and autumn. In a few weeks the William Grant will be joined by the fourth whaler, the Germania, which is expected to arrive here soon.

DR. A. W. CHASE'S CATARRH POWDER 25c.
In case direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 25c. blower free. Accept no substitutes. All dealers of Edmondson, Bates & Co., Toronto.

ADVERTISE IN THE TIMES

Country Home

WE HAVE TWO ACRES OF GOOD LAND, almost adjoining the City Limits, and on main artery of traffic, cleared and cultivated with a nice, six-room house, city water, etc.
THE LOCATION is in a direct line of civic improvements and the trend of the city's growth, and should enhance rapidly in value.
IT IS ALSO A NEST-EGG, as the price obtained for the fruit, berries and vegetables grown on the place would go a long way towards the upkeep of a family, and the property is only 5 minutes from the present car line. The B. C. Electric is also considering extending the line past the property.
AS A HOME it is an ideal place for the kiddies. They can romp in the fields, the woods and the sunshine, which is natural to them, and will help to bring out what is genuine.
AS A SPECULATION, we doubt if you can find another property of the same size so favorably situated for the same price. For a quick sale, price **\$6,000**

TERMS CAN BE ARRANGED.
Photos and further particulars can be had at

Fit-Reform

We Have a Right To Be Proud of These Suits

In the first place, they are distinctive. The styles are different—the cloths are different—the effects are different. Then, there's the Fit-Reform tailoring—the perfection of the master tailor's art.

Variety counts, too—and we have by far the most complete showing of fine hand-tailored Suits and Overcoats in this city. When it comes to value, you know the Fit-Reform guarantee "Money back if satisfaction be not given." And Fit-Reform satisfaction means the best value as well as the best style and best service.

The Evening Chit-Chat
BY RUTH CAMERON

"What will that child think up next?" sighed Eleanor's mother. You see, Eleanor had just been very vigorously disposed of the notion that it would be a splendid idea to get the burdy gurdy man to let her swap places with his little girl, and go on his route with him for a few days.

She had come into the room where we were, bubbling over with delight at her scheme.

"You see, mamma, the little girl could sleep in my bed and have my place at the table, and she wouldn't be any more bother for you than me, I'm sure, because you always say I'm a whole houseful, and she is just as quiet. And then I could go along with him and shake the little plate with the jingles on it, and catch the money when the people throw it out of the windows, 'cause I'm very good at catching."

About here Eleanor's mother caught her breath sufficiently to be able to interrupt.

Of course, an April shower and a hasty exit followed her vigorous denunciation of her daughter's scheme, and it was some time before she came back into the room after leading Eleanor to realms above to reason with her.

So I suppose it was no wonder that Eleanor's mother sighed as she sank into her chair and took up her sewing and began to hunt for her needle: "What will that child think up next?" But I did wonder a bit when she added:

"How lovely it must be to have quiet children, like Mrs. L.'s, who always play just what she suggests, and never cook up things like that."

It is quite true that the L.'s children do not think up things like that. Nor do they think up anything at all. Nor will they ever, as far as I can judge. They play what she suggests to them, simply because they haven't brains and energy enough to do anything else.

A thoroughly stupid child is never mischievous.

Three-quarters of all child mischief is simply an indication of brains and energy that are seeking some outlet and find an inconvenient one.

The child that never does anything, that from a grown person's standpoint is naughty and mischievous, isn't very likely to amount to much when he grows up.

I know a mother—very much wiser than Eleanor's, I think—who always says, when she is clearing up after some escapade of her active young family out of some absolutely crazy scheme: "I don't care! I am so glad they have life enough to do such mischievous things. Who ever hears of these terribly good children after they grow up?"

The better supplied with brains and energy a child is, the harder he usually is to bring up well.

But surely that isn't sufficient cause for you to wish your child had less brains and energy.

Of course, all energy needs to be guided into the right channel. And of course, the child who resists such guidance unduly needs to be corrected.

So these things to the best of your ability, and be thankful with all your heart that you have them to do.

You may not be able to see it just that way now, but I think you will some day—some day when your mischievous, bubbling-over-with-naughtiness youngsters have grown into men and women who are always thinking and doing things—some day when the L.'s nice, quiet children have become part of the herd of whom your children have become the leaders.

Don't you think so?

Ruth Cameron

HOLBROOK'S WORCESTERSHIRE SAUCE

The Sauce that makes the whole world hungry.

Made and Bottled in England

Like "The Kettle on the Hob"

of grandmother's time—the large Circle Water Pan of the "Good Cheer" Furnace supplies the moisture so necessary to the air we breathe.

The ordinary Furnace with its apology for a waterpan holding only a few quarts, is utterly unable to keep the air it heats half as humid as outdoor air. This dry air shrinks the wood work, loosens the joints of the furniture, dries and shrivels up the house plants, and worse still, affects your skin, throat and lungs in much the same way. That's why you catch cold so easily in winter.

"Good Cheer" FURNACE

with its new patented "Circle Waterpan"

supplies air like the breath of summer—air that is not only warm, but humid, like the air outdoors. You can live more comfortably in this humid, healthy "Good Cheer" atmosphere at 65° than you can at 72° or 75° in the dried-out air supplied by the average furnace. There's both health and economy in a "Good Cheer" Furnace. If you're building, arranging to build, or even thinking of building—make up your mind to install a "Good Cheer" Furnace. Write for full description.

Joinson street, for the past few weeks, left on his return trip yesterday afternoon.

The marriage of Miss Bryden, daughter of Mr. John Bryden, Head street, to Capt. A. D. Macdonald, son of Senator and Mrs. Macdonald, took place this afternoon at 2:30 o'clock at Christ Church cathedral. Rev. Bishop Perrin officiated. The wedding was a military one and was witnessed by a throng of friends.

ORCHARDS IN BLOOM

Banks of bloom on a billowy plain,
Odors of Orient in the air,
Pink-tipped petals that fall like rain—
Allah's garden, everywhere!

Roundless depths in the blue above,
Glint of gold on the hill-tops gray,
Oracles trifling songs of love,
With tireless throats, the long June day

Fields of emerald, tufted white,
Yellow and azure, far outspread—
O, the measureless soul-delight!

In the scent of the clover blossoms red!
Youth in the veins of the earth and the sky,
Brimming joy in the beams of the sun—
Never a hint that by-and-by
Fields shall be ripe and springtime done!

Never a hint that these orchards wide,
Where rapt-tints riot and perfumes burn,
To dark, unscented woods shall turn,
Sweet to the sense it is to sip
Fresh from the bowl of the blossoming
Maddening joy once more to dip
Deep in the orchard-nectars here.

Banks of bloom on a billowy plain,
Odors of Orient in the air,
Pink-tipped petals that fall like rain,
Joyance, joyance everywhere!
—Arthur Wentworth Eaton in the June Canadian Magazine.

HOME HINTS.

The fading of colored articles is due often, not to the washing, but to the ironing. The hot irons are used directly on the material, and this will more quickly fade delicate colors than any amount of washing. The effect is even worse than strong sunlight. Be sure that the article is evenly dampened, and that the iron is only hot enough to smooth the wrinkles properly by firm, even pressure and you will have no more trouble from fading. Skirts must never be ironed across the gores, but up and down; otherwise the fit of the garment is ruined.

In laundering white made of pique, cotton goods or of woollen material, it is better to pin them to the line by the waistband so that they will hang straight down, instead of by the hem. If pinned at the top they will shrink evenly all around instead of sagging as they too often do by the other method.

Babies who seem hungry and fretful all the time are sometimes merely thirsty. All people do not realize that a baby gets thirsty, and that one or two tablespoonfuls of water a day is not all the baby needs. Instead of a spoon, procure a rubber nipple and put it on any clean bottle of convenient size. If a bottle is used the child gets all the water he needs in a natural manner, and does not soil his dress. Always have the water lukewarm. A child, if accustomed to taking water in this manner, will take any kind of medicine readily if it is first diluted with a little warm water and then put in his bottle.

A woman who was remanded at the Marylebone, London, police court on a charge of stealing jewels from her mistress, said she took them in order to bribe a man to transfer his affections from another woman to her.

University School For Girls

Clive-Wolley House, Oak Bay, Victoria, B. C.

High-grade day and boarding school for young ladies of all ages. All subjects taught. Prospectus on application.

NOTICE

TRIP AROUND THE WORLD.

Seattle, Wash., June 22—Secretary of War J. M. Dickinson will arrive in Seattle Saturday on the first lap of his trip around the world. While here he will be the guest of his son, Henry Dickinson, a local lumberman. Mr. Dickinson and another son arrived here last Saturday and are now guests at the Henry Dickinson home.

GETTING READY FOR VANCOUVER'S FAIR

Buildings Will Be Up Long Before Opening Day—Prize List a Long One

Six days in which to win premiums totalling \$30,000, to become acquainted with the industrial, agricultural and mineral resources of British Columbia, to revel in the amusement of the most varied type—these are the main features offered by the holding of the Vancouver exhibition from August 15th to 20th.

At the rate present construction work is proceeding the grounds and buildings will be ready long before opening day. The industrial hall is already completed, work has been started on the mammoth machinery hall, poultry and dog-show building and pig pens, and the foundation of the grandstand, which is to seat 4,500 persons. The latter, by the way, will be unique in itself, in that it will have room on the intermediate floor for an immense cafe and shelter exhibition booths on the ground floor. The floating landing stage, which is to be built to receive freight and passengers coming by water from Chilliwack and other points, will be started shortly.

Of the sixty acres which the exhibition ground comprise, forty are cleared in fine shape for the buildings themselves, while the association will turn the remaining twenty into a natural park of great beauty. The lighting scheme, to consist of millions of incandescents, outlining buildings and grounds, is nearly completed and will be undertaken by the B. C. Electric Company.

Since applications for the machinery hall have been received in such quantity that the association is up against it to know what to do with them all. Applications for amusement concession are also so numerous and of such high quality that it is assured this feature will alone be a notable one. Combined with the regular concessions will be daily band concerts, vaudeville shows and six races under the auspices of the Local Hunt Club. Although no betting will be allowed at the races, sufficiently large purses have been hung up to ensure the best of sport.

The division of days at the exhibition will be particularly interesting, as follows: Merchants' Day, American Day, Labor Day and Canadian Day. The decision of the Trades and Labor Council to hold the regular labor celebration on one of the fair days and at the fair grounds will be a big feature, including at it will extra sports and amusements. For Merchants' Day all retail grocers in the province will assemble here to be the guests of the Vancouver Retail Grocers' Association, in convention, on American Day special excursions will be run to Vancouver from all points in Washington and Oregon. On that day a crowd of 100,000 is expected, to attend the exhibition and an equal number, if not greater, on the following day.

A glance at the prize list just issued by the association indicates the immense scope of the competition in the exhibition to be encouraged, for horses, cattle, sheep, swine, poultry, pet stock, agricultural produce, dairy products, Indian work, natural history, fine arts, women's work.

An exceedingly long list of prizes are offered in the educational exhibits class for various children's work, domestic science, manual training, public school drawings, household arts, etc. Although the exhibition will be open to the public on August 15th the formal opening will be reserved until Tuesday, when Sir Wilfrid Laurier will be on hand to deliver the chief address at the ceremonies.

A white object can be seen at a distance of 17,250 times its own diameter in strong sunlight—that is to say, a white disc a foot across can be seen 17,250 feet away!

Ready for Immediate Delivery

McLaughlin Buick Autos

We have just received, and have for immediate delivery some fine examples of what McLaughlin Buick Autos really are. 20 H. P. Runabout, with detachable back, seat for two. 20 H. P. 4-Passenger Car, and a 40 and 50 H. P. Touring Car. You cannot do better than see us about one.

New York Stocks

(Times Leased Wire.)
New York, June 22—Slight advances were recorded in the leaders of the stock market to-day following reports that the rumored destruction of crops was exaggerated. American Sugar, People's Gas, Union Pacific, Great Northern pref., Reading, Chesapeake & Ohio, American Smelting and General Electric rose 1/2 and National Biscuit 1/4. Illinois Central declined 1/2 and Southern Pacific 1/2. Bonds were firm. The market closed strong.

FORTUNE FOR CHINAMAN.
New York, June 22—Wong Hong Hoy, a Chinese protégé of Miss Aletha Mason Carter, is bequeathed \$65,000 and an equal share in the household effects in Miss Carter's will, on file for probate here. Hoy has been an inmate of the Carter home for ten years, and is referred to in the will as "my Chinese boy." Miss Carter died June 1903. Hoy is totally blind and a paralytic. He acted as interpreter in a private school conducted by Miss Carter. The residue of the estate is willed to three cousins in equal shares.

Slow rivers flow at the rate of three to seven miles an hour.

The Problem Of Better Terms

An Analysis and a Comparison

Most shrewd buyers, when seeking an investment in real estate, try to get the most favorable terms possible. They reason, and reason correctly, that the smaller the first payment they are required to make, and the longer time before the due date of the second payment, the greater their chance of re-sale at a high percentage of profit in comparison to the original sum invested.

Therefore, monthly payments of \$10 look easy, and are easy, to most people with any earning capacity at all.

Now, consider one of our

140 FOOT \$300 Lots in GORGE VIEW

Park

Here is a high, clean lot, with perfect garden soil, easily within reach of the waterfront of the Arm near the Gorge, and carrying with it part ownership of that waterfront. On this lot we offer the extremely easy terms of

\$6.25 Per Month

You will have three years in which to pay for it, and we will charge you only six per cent interest, instead of the usual seven. Come around this evening and talk it over.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price, \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

COAL.—Coal mining rights may be leased for a period of twenty-one years, renewable at the annual rental of \$1 per acre; not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior,
N. B.—Unauthorized publication of this advertisement will not be paid for.

CONDITION OF FIELD CROPS IN CANADA

Wheat Shows Improvement Over Same Time Last Year—The Growth in Acreage

The census and statistics office at Ottawa has issued a report on the estimated area and condition of the principal field crops of Canada at the end of May, based on the reports of a large staff of correspondents, a summary of which appeared a few days ago.

The area under fall wheat is put down at 70,200 acres, which is 45,100 acres more than last year, and its per cent. of a standard condition is given as 57.65, which is 5.50 higher than last year. Spring wheat is given an area of 5,587,600 acres, being 1,429,300 acres more than last year, and its condition as compared with the end of May, last year is 51.49 to 92.15. Oats, which has an area of 8,864,100 acres, is 561,500 acres more than last year, and its condition at the end of May was 93.95. A year ago its condition was 92.32. The area of barley is 1,834,000 acres, or 30,500 acres less than last year, and its condition is reported at 92.94 compared with 91.49 last year. The rice crop continues to decrease, but its condition is about the same as a year ago. Peas with 236,100 acres is less than last year by 7,200 acres, and its condition is 92.61 as compared with 90.29 last year. The area of mixed grains is 555,700 acres, or 4,400 acres less than last year, and their condition at the end of May was 94.72 compared with 91.71 last year. The area in hay and clover is given as 8,515,400 acres, which is 205,100 acres more than last year, and the condition is 92.64 or 7.28 more than in 1909.

The area of all these field crops is reported at 30,542,000 acres, which is 2,529,300 acres more than last year and 4,951,500 acres more than in 1908. The largest increase has taken place in wheat, which has now reached 9,294,800 acres. In 1909 it was 7,750,400 acres, and in 1908 it was 6,810,200 acres, which is a gain in two years of 2,484,500 acres more than 40 per cent.

The provinces of Manitoba, Saskatchewan and Alberta increased their area in wheat from 2,455,466 acres in 1900 to 5,624,000 acres in 1908 and to 8,325,400 acres in 1910. In Saskatchewan alone the increase of this year over last year is 1,163,000 acres. Ontario shows an increase in fall wheat from 581,100 to 609,200 acres, and in oats from 2,142,500 to 2,272,000 acres. Quebec from 1,574,100 to 1,649,600 acres. Manitoba from 1,390,000 to 1,431,000 acres. Saskatchewan from 1,847,000 to 1,973,000 acres, and Alberta from 820,000 to 974,600 acres.

The condition of pastures is over 100 in the Maritime Provinces and Quebec. It is 92.89 in Ontario, 89 in British Columbia and around 80 in Manitoba, Saskatchewan and Alberta.

Altalfa is growing in favor in all the provinces, but especially in Ontario, where a large number of correspondents report upon the increased areas in this crop.

The effects of late frosts have been felt in many places, and injury has been done to fruits and tender vegetables in some localities, but generally the prevailing low temperatures of April and May have strengthened the field crops and have left them better able to withstand the attacks of night frosts, and re-seeding and re-planting have been less necessary than in former years.

The same force that moves a ton on a smooth highway will move eight tons on a railway, or thirty-two on a canal.

What Other People Think

A DESERVING INSTITUTION.

To the Editor: I have received from Sir John Kirk an appeal for the Holiday Homes Fund of the Ragged School Union. Two dollars and a half will send one of London's slum children to the country or seaside for a fortnight. Before I go for my own holiday I mean to give at least one child that means the change more than I do the chance of such a health-giving time. If others would like to do the same I shall be glad to receive and forward their help. As I have a London banking account there will be no deduction for exchange—one guinea for each five dollars.

THOS. W. GLADSTONE.
SCOTTY SENDS THE NEWS.

MUCH BELGIUM CAPITAL INVESTED

Millions of Dollars Have Been Profitably Placed in Western Canada Lands.

Fernand De Jardin, of Antwerp, who during the past few years has sent millions of dollars to western Canada for investment, has arrived in the city from the Pacific coast on a trip of inspection of the securities of his companies, says the Winnipeg Free Press.

Mr. De Jardin organized three companies in Belgium for the purpose of making investments in Canada and doing business here. These were the Mortgage Company of Canada, and the Belgo-Canadian Fruit Lands Company. The first of these is now doing business all the way from Winnipeg to Vancouver, and has already made loans to the amount of \$3,000,000. The Land and Agricultural Company of Canada purchased 200,000 acres of land in Saskatchewan and 17,000 acres of fruit lands at Vernon. Irrigated works were begun on the Vernon property and have now been completed. Irrigation works are also in course of construction on the 10,000 acres of fruit land which the Belgo-Canadian Fruit Lands Company purchased at Kelowna.

Mr. De Jardin, who is the managing director of all three companies, made the trip across the continent with A. Gouze, of this city, who is in charge of the work of the mortgage company here. In an interview with a Free Press reporter he stated that he was perfectly satisfied with all the conditions which he had found in the western provinces of Canada. His companies were wholly Belgian and all the capital was from Belgium.

Mr. De Jardin was for many years the general secretary and treasurer of the chamber of commerce of Antwerp. This position he resigned several years ago owing to the large increase in his private business. He is the president of the Royal Geographical Society of Antwerp and was the host to Sir Ernest Shackleton on the occasion of his visit to that city.

ECZEMA CURED THROUGH THE BLOOD

By the Aid of Dr. Williams' Pink Pills—That Wonderful Tonic Medicine

Eczeema or salt rheum is a disease of the skin which shows itself in small, red, watery blisters—the blisters break and leave a scale which may be rubbed off by the hand. The affected parts are intensely itchy and the victim cannot bear the touch of any article of clothing over the parts.

The disease is caused by bad blood and must be cured through the blood. Dr. Williams' Pink Pills have cured many cases of eczeema simply because they are the one medicine that acts wholly on the blood—the seat of the trouble. Among those cured by these Pills is Mrs. Chas. Davidson, of Amherst, N. S., who says:—"I suffered greatly from salt rheum or eczeema and my hands were badly cracked. I tried several ointments but they did me no good whatever. I was advised to try Dr. Williams' Pink Pills and had only used them for a few weeks when the trouble disappeared and my hands were entirely healed. I am very grateful for what the Pills have done for me and would advise other sufferers from this trouble to try them."

What Dr. Williams' Pink Pills did for Mrs. Davidson they have done for many others—not only in cases of eczeema and salt rheum but for eruptions and pimples, chronic erysipelas, scrofula and all other maladies which arise from poor blood. They banish these troubles simply because they clear the blood of all impurities and leave it rich, red and health-giving. The Pills are sold by all medicine dealers or direct by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WEDS VISCOUNT ACHESON.

London, June 22.—Mildred Ridgley Carter, daughter of John Carter, American minister to the Balkans, yesterday was married to Viscount Acheson, heir to the earldom of Gosford.

Your Opportunity!

We offer you one of these lots because they are good buying and bound to increase in value shortly.

The land is well situated, being free from rock and has all been under cultivation and in market gardens.

Within the one mile circle from the City Hall, two blocks from the new "George Jay" school and car line.

Price, \$600 and Up

VICTORIA, B.C.

FORT GEORGE

The Coming Metropolis of the Last Great West

Hundreds of settlers and homeseekers are rushing to Fort George and its vicinity. All transportation into Fort George is crowded to its limit. The suggestion of freight at Soda Creek is so great that the transportation companies will not be able to handle any new shipments to Fort George until about the end of August. Do you know that in one day 75 wagon loads of freight are sent to Fort George, and the rush is increasing? Before another year is up there will be a population at Fort George of 2,000 people, and 5,000 before the railway gets there in 1912.

Our subdivision is within 2 1/2 miles of the steamboat landing where all freight and passengers are landed. Our lots are all 20x125 ft. each, and our price is only \$150 each; terms, 1 cash, balance 6, 12 and 18 months, 7 per cent.

RICKARD SAYS HE WILL QUIT THE FIGHT GAME

Is Disgusted With Set-Backs and Will Go Back to Mines—Sailor Burke Beaten

Reno, Nev., June 22.—Tex Rickard is determined to-day to have no more to do with pugilism after the Jeffries-Johnson fight.

"I am a miner and I will give all my attention to my mines after July 4th," said Rickard. "I will never mix in the fight game again."

Rickard is disgusted because of the number of setbacks he has had in an attempt to stage the big fight. He has

Bownass Block - - - - - 1112 Broad Street.

been put to unexpected expense and a great deal of trouble.

New York, June 22.—Eastern fight fans to-day are predicting that Jim Smith will make a record in the middleweight class and may some day capture the belt, following his splendid showing last night when he won from sailor Burke in a ten round bout.

Smith floored the sailor with a right swing in the fifth round and Burke took the count of nine. He stalled through the remaining five rounds.

Thinks Johnson Will Win.

Precedent, Ariz., June 22.—Joe Gans, the old master, veteran of scores of lightweight battles, thinks Jack Johnson has a royal chance to defeat Jeffries on Reno on July 4th.

"The whole matter," said Gans, "hinges on whether or not Jeffries can come back. That's not an original opinion, but nevertheless it's a true statement. I don't think he can be the same fighter he was when he retired, no matter what wonders he has accomplished in his training."

"If Jeffries were in his prime he would be a ten to one favorite over Johnson. But six or seven years without a battle makes more difference than the average man can conceive."

"Jeffries may look good on the outside, but years of inactivity are bound to put the inner workings to the bad. He may be in his old time form, but I doubt it. Berger, Burns, Cornell and the others notwithstanding."

"With Jeffries not in prime condition Johnson has a royal chance to lack his title above the reach of any living fighter."

VERNON WILL EXHIBIT FRUIT IN ENGLAND Proposal is Heartily Endorsed and Funds to Cover Expenses Subscribed

Vernon, June 21.—At the last meeting of the board of trade M. J. O'Brien reported that the committee appointed to solicit subscriptions for the exhibition of fruit in England had met with very gratifying success. About \$2,500 had already been subscribed, and more could be obtained if necessary. It would probably be decided, he thought, that the board would exhibit at the Vancouver Apple Show, as well as in the Old Country, but he expected that all necessary funds would be obtained without trouble, as the project appealed very strongly to all who had been approached, and a cheerful response had met the committee in its canvass.

Two Lumbermen Have Disappeared Are Believed to Have Lost Their Lives While Descending the Upper Adams River. Kamloops, June 21.—Several fatalities have occurred lately among those engaged in getting logs out of the timber limits from which the sawmills in this district are supplied, and the Upper Adams river has been the scene of several of these.

VANCOUVER TO CONFER WITH DISTRICTS Proposed Reorganization Under One System of Civic Government to Be Discussed

Vancouver, June 21.—In accordance with the objections of the comptroller to the proposals to give Hastings Township and D. L. 301 the tax receipts all over the fixed charges for the next five years and three years, respectively, the city council has decided to make the clause in reference to this portion of the tentative annexation agreement read "to expend for general improvements a due and proper share of the general revenue, the council to be the sole judge." The clauses relating to the sum to be spent in the districts each year as an acknowledgment of the fact that they may enter the city without any debt, stand the same, but they are mentioned to start in 1911.

China and Japan produce 12,500 tons of silk annually; but about 90 per cent. of this is retained for home use.

NANAIMO WATER SYSTEM IMPROVEMENT Ratepayers Pass By-Law Authorizing City to Borrow \$25,000 for Work

Nanaimo, June 21.—The by-law submitted to the ratepayers of Nanaimo to authorize the borrowing of \$25,000 for improvements to the city water system, was carried by the narrow majority of 15 in the exceedingly small vote of 212 less than one-fourth of the number entitled to vote on a money-by-law. The result of the vote was: For, 142; against, 69; spoiled ballots, 1.

ITALIAN SHOT. Vancouver, June 21.—Shot in the left thigh was the fate that befell Joe Jansene, an Italian, about 10 o'clock Sunday night in the lane in the rear of 230 Barnard street. To those outside the row that evidently preceded the shooting, its origin is unknown, as the victim has so far failed to disclose either the cause or the names of those taking part in the fracas.

CITIZENS PROTEST. Vancouver, June 21.—In a communication describing the civic action as "insane and wanton destruction," a large number of residents have laid a petition before the city council against the cutting down of trees on Robson street in connection with curbs along that thoroughfare.

BRIDGEMAN KILLED. Revelstoke, June 21.—J. G. Gregor, a Galician employed on a C. P. R. work gang, died on Thursday in the hospital from injuries received at Cambie, where the gang were engaged in lifting a water tank.

Uncle Walt The Poet Philosopher When I have told my drollest tale, and laughter nearly blinds me, some man whose yarns are old and stale, will say: "Now, that reminds me—" And then he'll spring an anecdote, some prehistoric story, with whiskers that would shame a goat, some chestnut weird and hoary. And though I'm gentle, meek and mild, it never fails to grind me, when some one, by my yarns beguiled, remarks: "Now, that reminds me—" Bad taste that just makes me sore; I think it rude and shocking; I always like to have the floor, and corner all the talking. It always makes my heart rejoice, and stirs my stagnant liver, to hear my own sweet silvery voice go prattling on forever. And I can't understand why folks, when I the air am pawing, should wish to spring their own cheap jokes, and interrupt my jawing. And yet, when I am at my best, some cheap John always finds me, and pokes his finger in my vest, and says: "Say, that reminds me."

THE B. C. LAND INVESTMENT AGENCY, LTD. 922 GOVERNMENT STREET. VERY DESIRABLE BUSINESS PROPERTY. 120 FEET ON GOVERNMENT ST., being a corner lot with a few old buildings on it. Price on terms.....\$20,000.

S. A. BAIRD Real Estate, Financial and Insurance Agent. 1210 DOUGLAS STREET.

\$2,650—ROCKLAND PARK, new seven roomed house on concrete foundation; good lot. SIX-ROOMED DWELLING, pipes for drainage, all other conveniences, lot 50 x 125.5, in the Caledonia Park sub-division, James Bay. Price \$4,200.

Jam was finally cleared away, the log he had jumped from never moved. These facts are attested to by T. Reilly, A. Adams, C. Dickenson, E. Shorey and H. Adams, all of whom were fellow workmen and eye-witnesses of the tragedy.

THE CITY BROKERAGE A. T. ABBEY, Manager. 3215 DOUGLAS STREET. THE BUSY MAN OR WOMAN. Begrudges the time spent and the worry and weariness entailed in seeing house after house and tramping street after street, before finding just the place they are looking for.

DOES THIS DESCRIBE YOUR CASE? THEN READ THIS LETTER ABOUT DR. CHASE'S NERVE FOOD

DR. CHASE'S NERVE FOOD. The accompanying letter describes so well the condition of a person whose nerves are weak and exhausted that little need be added. The dangers of such a state of health is sometimes overlooked by persons who do not realize that the next step is some form of paralysis which leaves one helpless in mind and body.

ITALIAN SHOT. Vancouver, June 21.—Shot in the left thigh was the fate that befell Joe Jansene, an Italian, about 10 o'clock Sunday night in the lane in the rear of 230 Barnard street.

DR. CHASE'S NERVE FOOD. The accompanying letter describes so well the condition of a person whose nerves are weak and exhausted that little need be added.

PROPOSED ASSOCIATED BOARD OF TRADE Would Include Organization in Fraser River Valley Campaign of Publicity

New Westminster, June 21.—An Associated Board of Trade for the Fraser River Valley, embracing all the municipalities between Agassiz and the mouth of the Fraser, is the scheme that C. H. Stuart Wade, secretary of the New Westminster Board of Trade, has been working on for some months. The object is the improvement of commercial and agricultural conditions and the investigation of such other matters as will be for the general advancement of the entire district.

ITALIAN SHOT. Vancouver, June 21.—Shot in the left thigh was the fate that befell Joe Jansene, an Italian, about 10 o'clock Sunday night in the lane in the rear of 230 Barnard street.

CITIZENS PROTEST. Vancouver, June 21.—In a communication describing the civic action as "insane and wanton destruction," a large number of residents have laid a petition before the city council against the cutting down of trees on Robson street in connection with curbs along that thoroughfare.

BRIDGEMAN KILLED. Revelstoke, June 21.—J. G. Gregor, a Galician employed on a C. P. R. work gang, died on Thursday in the hospital from injuries received at Cambie, where the gang were engaged in lifting a water tank.

Uncle Walt The Poet Philosopher When I have told my drollest tale, and laughter nearly blinds me, some man whose yarns are old and stale, will say: "Now, that reminds me—" And then he'll spring an anecdote, some prehistoric story, with whiskers that would shame a goat, some chestnut weird and hoary. And though I'm gentle, meek and mild, it never fails to grind me, when some one, by my yarns beguiled, remarks: "Now, that reminds me—" Bad taste that just makes me sore; I think it rude and shocking; I always like to have the floor, and corner all the talking. It always makes my heart rejoice, and stirs my stagnant liver, to hear my own sweet silvery voice go prattling on forever. And I can't understand why folks, when I the air am pawing, should wish to spring their own cheap jokes, and interrupt my jawing. And yet, when I am at my best, some cheap John always finds me, and pokes his finger in my vest, and says: "Say, that reminds me."

Bakes—Roasts—Broils—Toasts. BAKES bread, pie and cake—bakes them perfectly all through, and browns them appealingly. ROASTS beef, poultry and game with a steady heat, which preserves the rich natural flavor. BROILS steaks and chops—makes them tender and inviting. TOASTS bread, muffins, crackers and cheese. No drudgery of coal and ashes; no stooping to get at the oven; no smoke, no dust, no odor—just good cooking with greater fuel economy. Irons and water in wash-boiler always hot. The New Perfection WICK BLUE FLAME Oil Cook-stove has a Cabinet Top with shelf for keeping plates and food hot. Drop shelves for the coffee pot or saucepans, and nickle-toed towel racks. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet. CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION." Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the The Imperial Oil Company, Limited.

Particulars later.

Stewart Williams, the Auctioneer

FAVORITES' DAY AT THE WILLOWS

TRACK GOOD DESPITE UNPROFITIOUS WEATHER

Harka Furnishes Sensation in the Last Race—Every Event on Card a Good One

It was a favorites' day yesterday at the Willows, four out of the six events being pulled off by the ponies picked to win by the know-alls. Despite the unprofitous weather there was a bigger crowd at the track than on any Tuesday last year.

The first race, four and a half furlongs, was won by Abihu in 58 seconds, with Bel a length behind and Red Bill close up. Matthews, on the winner, rode a good race, coming through on the rail and saving a lot of ground.

Laura Clay, with Hulloot up, won the second race over the same distance with comparative ease. She went to the post favorite and fairly heavily backed. Taking the lead almost from the start she finished ahead of Jim Maladay without being forced. Oristolat was a good third. Le Clare made a good showing and looked like winning when she ran out at the water tank.

The best race of the day was the third, over six furlongs, which developed into a duel between Fire, with Riddell up, and Prince Brutus, ridden by J. McBride. Fire was backed up to 4-5; with the Prince second in the odds. For three-quarters of the race the two hung together and kept the spectators guessing and excited. On the last jump Fire beat the Prince by a nose.

Only five ponies started in the fourth, also a six-furlong event. Lady Elizabeth, the favorite, won in handsome style from Preen, who led at the start and looked like a winner for the better part of the race. Lady Elizabeth and Import were close with Monvina tailing a little way behind at the turn, when the former saved considerable ground and pulled level with Preen. Monvina got abreast of the pair on the back stretch and a beautiful race resulted, the three going neck and neck down the stretch until Lady Elizabeth slowly opened a gap and came in winner by a narrow margin, with Preen second and Monvina a good third.

The seven-furlong race was another favorite's race, Thurbet winning easily from Senator Warner and Cavina. The winner was strongly backed for second place, with My Bouquet favorite. The latter was badly ridden and didn't get a look-in, although the boy who was up did his best to pull her through ahead.

It was reserved to the last event, a race over one mile and seventy yards, for the day's sensation to be provided. In the first five races the "dope" was not far wrong on any of the entries, but in the mile the bookies had a big smile coming. Rene, at 2 to 5, was favorite with Dene second choice. Both were well beaten by a dark one, Harka, who started at 8 to 5 and won from Pirate Queen a quarter of a length. Rene was third after being in a pocket all the way. It was a good race from the start. Canique led with Harka close behind. The latter forged ahead after an eighth of a mile, while Rene and Pirate Queen distanced Canique before the half was reached. To the finish it was a tussle between the three placed, with Harka maintaining a narrow lead.

The full results follow:
First race, four and a half furlongs—1st, Abihu, Matthews up; 2nd, Bel, Wilson up; 3rd, Red Bill, Anderson up.
Closing odds—Abihu, 4 to 1; Bel, 12 to 1; Red Bill, 4 to 1 to 1.

Second race, four and a half furlongs—1st, Laura Clay, Hulloot up; 2nd, Jim Maladay, McBride up; 3rd, Oristolat, J. King up.
Closing odds—Laura Clay, even; Jim Maladay, 2 to 1; Oristolat, 15 to 4.

Third race, six furlongs—1st, Fire, Riddell up; 2nd, Prince Brutus, J. McBride up; 3rd, Bel, Reed, McEwen up.
Closing odds—Fire, 9 to 5; Prince Brutus, 3 to 1; Bel, Reed, 6 to 1.

Fourth race, six furlongs—1st, Lady Elizabeth, Anderson up; 2nd, Preen, McBride up; 3rd, Monvina, Kersten up.
Closing odds—Lady Elizabeth, 6 to 5; Preen, 2 1/2 to 1; Monvina, 4 to 1.

Fifth race, six furlongs—1st, McIntyre up; 2nd, Senator Warner, Kersten up; 3rd, Cavina, Merint up.
Closing odds—Thurbet, 3 to 2; Senator Warner, 16 to 5; Cavina, 15 to 1.

Sixth race, one mile and seventy yards—1st, Harka, McEwen up; 2nd, Pirate Queen, Matthews up; 3rd, Dene, R. Wilson up.
Closing odds—Harka, 8 to 1; Pirate Queen, 20 to 1; Dene, 3 to 5.

Track Topics.
Ivan H. Wheatcroft acted in the capacity of presiding judge yesterday in place of James A. Fullerton, who was unable to attend. Mr. Wheatcroft filled the post well. He will be in the box again to-day.

The crowd was good. Better than any Tuesday crowd yesterday. Also the track. It was better than the crowd expected after the moisture.

Harka was the day's surprise packet. Likewise Pirate Queen. The few fortunates who played them at 8 to 1 and 10 to 1 respectively made good money.

Half the entries in the third race were scratched. They wouldn't have won, anyway. Fire and Prince Brutus were away ahead of the field. The first-named was backed to \$405 before she left the paddock.

My Bouquet was poorly managed by her young rider in the fifth. It was simply inexperience on the jockey's part that lost the race for the favorite.

JEFFRIES AT RENO.

Reno, Nev., June 2.—James J. Jeffries and his party reached Reno at 10 a.m. to-day. The train was met at the station by a crowd that numbered hundreds. Jim Corbett was received with just cheers, and there was a send-off for every member of the big fellow's training staff. Jeffries' disappointment at not being allowed to fight in California has disappeared, his trainers declare, and they believe the work he will do in the few days that yet remain of the hard grind before the big battle will astonish even his most ardent admirers. The whole party seemed well satisfied with the new training quarters, and it is announced that the hard work will begin at once. None of the trainers believe the change in altitude will effect Jeffries. Even if the altitude has some effect, they say, it will only take a couple of days to get him completely acclimated.

See These Rich Gift Pieces Sparkling "Libbey" Cut Glass

One of Our Government Street Windows Filled To-day

We have one of our Government street windows filled with sparkling Libbey Cut Glass—beautiful pieces, suitable for wedding gifts.

By all means see this display of "the most welcome of all her gifts"—it offers you an easy solution of "what to give."

For years "Libbey" has led the cut glass world. It is recognized as the finest made anywhere. Go where you will, you'll find no glass that can equal it in quality or beauty.

The name is graven in each piece, and it is a mark of quality sought just as "sterling" is on silver.

Choose the wedding gift from our stock of "Libbey" Cut Glass, and you'll send a gift that'll be appreciated.

New Curtainings

And Materials for Draperies

These new curtain materials are ready for you to-day. Don't fail to see these choice samples of the "dainty and artistic," for they are unusually nice.

They come from the hub of the world—London—and represent the very newest ideas in materials for curtainings and for drapery work inside the home.

Many lines and a big choice in each. See what we offer in—

- | | |
|----------------|--------------|
| CRETONNES | TAFFETAS |
| SHADOW CLOTH | CREPE GLORIA |
| CASEMENT CLOTH | HOPSACK |
| SATEEN | VELVETS |

A nice range of materials suitable for your home and colorings and patterns that'll please.

INSIDE CURTAINS AND VALLANCES.

For these we show an excellent range of materials that hang in nice, soft folds—materials that drape easily and gracefully. We also stock a big range of linings, trimmings, edgings, bandings, etc.

Let us make some curtains for your home, or, if you prefer, get the materials and make them yourself.

HEADQUARTERS FOR SUMMER FURNITURE AND FURNISHINGS

WEILER BROS

Dinner Services

Almost a Hundred Patterns

A choice of almost 100 different dinner ware patterns makes the matter of choosing a dinner set a very easy work—fact is, choosing dinnerware is easier at this store than at any other Western store.

We show a larger assortment and a wider variety of patterns than any other Western establishment, and a range that isn't excelled by any retail store in Canada, and equalled by few, if any.

These are but a few of the lines of china dinner services. Many other productions are offered as well as a big variety of splendid sets in semi-porcelain. Prices range from, per set, \$7.50.

See the "Open Stock" Patterns

We have a big variety of patterns in the "open stocks." This method of purchasing dinnerware—a few pieces at a time—appeals to a great many thrifty homekeepers. No better place to start than right here. Come in and see our patterns.
