UTILIZATION OF SEARCH PERSONNEL

The following information is set forth as a guide when assigning individuals to the duties which they will perform when functioning as a Search and Investigation Team. It should be kept in mind that Intelligent, Courteous and Neat soldiers should be selected for this task.

A typical Searchand Investigation Team may consist of four men, each charged with the responsibility of a certain phase of the work as outlined below.

1. TEAM LEADER
2. RECORDER or CLERK
3. DRIVER
4. INTERPRETER and TRANSLATOR

1. The Team Leader

The Team Leader would be responsible for the entire operation w ile in the field. It must be impressed upon the Team Leader that he and the other member of his Team have been especially chosen for this work and that the first impression which the Team imparts to the townspeople may be the deciding f factor for the success or failure of their mission. The Japanese people will cooperate wholeheartedly with the Ream if they are a proached in the proper manner. Among those who can be most helpful are the Mayors of small towns, in the villages the 'village-head-man', local police, doctors, cemetery keepers, crematorium operators, priests, fisherman associations and the farmers. Often a farmer will have the remains of an Allid Soldier buried in a well kept grave and perhaps he may be the only person who knows the location of the grave. The Team Leader whould be responsible for locating and questioning these individuals with the help of his interpreter. The Team Leader must estimate the

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

food requirements, know the routes to be followed and how to secure lodging facilities when necessary. He should be familiar with the method of procuring lodging facilities in 'On Limit' Japanese hotels thru the Military Government Teams in his assigned area when it will prove impractical because of time, distance or other obstacles to utilize military establishments for this purpose.

This will be necessary at times since this operation will take us to areas, towns and villages far from the larger cities and where perhaps the inhabitants will meet for the first time representatives of the Occupation Forces. The Team Leader would be responsible for the deportment of his Team so as to insure that the Japanes would be impressed with the seriousness of our mission. The Team Leader should ascertain prior to the start of each trip the physical condition of his Team members as often times they will be operating far from Army medical installations. A basic knowledge of First Aid is an essential part of the Team Leaders duties.

2. The Recorder or Clerk

It would be the responsibility of the Recorder to keep a detailed diary or record of events covering each day, showing the routes traveled, the date, time and name of each town visited. The name, address and title of each person interrogated should be carefully noted, and thru the interpreter, a signed statement to the fact that there does or does not exist in that particular area or township, the remains of any Allied personnel. In the event th that a grave is discovered, the Recorder should carefully plot the location on his map and immediately make an overlay showing the Map Reference, grid co-ordinates, Sheet Number and any other information which would assist the Graves Registration Recovery Team in it's operations. As each trip is completed, the Recorder upon returning to his organization should complit

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

to his organization should compile all of the information in detail and present it to the Officer in charge of receiving such reports. It should be impressed upon the Recorder, that often, seemingly unimportant details are of the utmost value to the Recovery Team in its operation.

3. The Driver

The success or failure of each trip may depend upon the Driver since it is his responsibility to provide the necessary 1st, 2nd and often times 3rd echelon repairs on his vehicle. The Driver should be selected with the thought in mind that he will at times be required to travel over mountainous terrain and narrow country roads, far removed from other Occupation Forces who ordinarily would be able to assist a driver should he need help.

Maintainance of the vehicle during the trip would naturally be the Drivers responsibility. Equipment found to lend itself most favorably tothis type of work consists of a Jeep, 1/4 ton 4x4 C&R and a trailer, 1/4 ton, two wheel, cargo. A thorough knowledge of the following forms should be required of the Driver; Driver's Trip Ticket and P.X. Service Receord, Motor Vehicle Operators Pormit O.O.Form No.7360, The Driver's Manual TM 21-305 and Standard Form No.26.

4. The Interpreter

The Interpreter selected should be young and active as many times he may ne required to travel on foot into very mountainous country with the Team. This requires a great deal of physical stamina and an inactive man can become a serious detriment. The Interpreter will prove to be one of the most important members of the Team if he can impress upon the Japanese people the importance of our mission. Since the Japanese people are a synpathetic group, it would be well for the Interpreter to utilized this trait in his approach, it his been found that the Interpreter who is

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

friendly and who displays a genuine interest in his work, will accomplish more and gain the fullest cooperation from the Japanese people. As a time saving device, he should prepare in advance a list of questions such as; Do you know of any Alliod airplane crashes in this area? Who can take me to the location of the crash? Have the Occupation Forces ever recovered the remains of the crew? A cheek sheet for answers will also be helpful.

Comment Number 1

1. PSD has been informed that in the very near future they will be required to move from the Taisho Building, to the 4th floor of the NYK. The place tentatively decided upon in the NYK Building is not suitable for the activities of PSD.

2. Present location of PSD is extremely desirable from the standpoint of accessibility to all other agencies for the transaction of business and does not jeopardize security of other SCAP activities due to the continual flow of Japanese officials necessary to the conduct of PSD affairs.

3. The undersigned seriously objects to the contemplated move for the following reasons:

a. That the place and space are not well suited for PSD operation.

b. That it restricts availability to personnel with whom PSD must transact business and retards progress in the fields of police, prison, fire and maritime safety.

c. That the morale of PSD personnel will suffer through lack of consideration for the importance of their work.

d. Suffer loss of face with the Japanese Government by relegation of PSD activities to a minor role by reason of restriction, location and accessibility.

e. That PSD whose functions are civil in nature should not be grouped with highly classified G-2 intelligence activities which will impair the operation of both and jeopardize the security of intelligence.

f. That conservation of space should be considered although it would appear that concentrating strictly intelligence functions would be more logical.

g. That the undersigned was not consulted or given an opportunity to comment on this matter. I warned you myself a month ago OPSD

h. That PSD moved to its present location on 3 August 47, after two other arbitrary moves.

4. Request that this move be canceled and that PSD remain at present location.

PETITION FOR MONEY BY JAPANESE NATIONAL

On 16th February 1948, a Japanese TOSAKI Masao, aged 39, proprietor of the MIHARA Hotel, DAIMYOKOJI, West IWAKUNI came to this office and asked for ¥360, being the accommodation fee for one night for four people.

2. A Movement Order, signed by W. L. DAY, Major AGD, Asst. Adj. Gen., was handed to TOSAKI's wife with instructions to take same to the Provost Detachment of the area, which would pay the necessary amount. The Movement Order, naming the following:-

Maj. Charles E. Tremper, CMP, GHQ, FEC.
Capt. Robert J. Knight, Ord. Dept, GHQ, FEC
T/S Shingo Kinoshita, 319th Mil. Int. Co., FEC, APO 500.
NISHI Shigeru, Japanese National.

is held by this section and will be forwarded if required.

3. As this section carries no funds for inter-services representatives, it is requested that the necessary steps be taken immediately to enable TOSAKI to obtain the money. The amount stated does not include service. It is for accommodation only.

Where the Provost Branch responded to the G-2's Office idea that a responsible Inspector of theirs accompany Provost Branch trains, it was understood that he would stay at G-2 Japanese Prisons. It was to be no expense to or burden on the M.G. Trains of any area. That is the ruling. This seems to have been a mistake which is not to happen again BGL

Mrs. Lewis —

after discussing with Mr. Shijiro Nishii, it was learned that he may have signed the wrong receipt which was not intentional, and has been advised that such instance will not occur in the future.

C&S

When investigators reported in arrangements were made by the Legal Gov. Officer of Kobe M.G. Team for this letter. No arrangements were made by SCAP investigators. M.G. Team told Mr. Nishii to leave a copy of his orders and Japanese liaison office would make payment AK.

In compliance with your orders regarding Procurement Demand JPNR-163 we have investigated conditions and herewith submit results of our findings and our comments.

1. The room for quarters, already occupied, requested in the Ku office building at #43 Aikainaricho Darto Ku, Tokyo, Japan, is adjacent to a large meeting hall where the cultural and political side of Ku activities is fostered through the medium of dances, shows, entertainments, political meetings, etc. The room in question was formerly used as a dressing or preparation room by the various groups participating in these entertainments and the custodian of the building, Mr. Kakeshita Goro, Chief of the Liaison Section, Taito Ku, is opposed to its occupancy by Military Police Units, asserting that the use of both rooms is necessary to carry on the Ku activities which are manifested in some phase every night. Upon interrogation, Mr. Goro stated that he knew of no other location in the immediate district that would provide the Military Police Units with quarters for the men on reserve.

2. A trip through the building with Lieutenant R. H. Allman, acting Company Commander of Co A 720th Military Police, reveals the facts that there is no possible way in which the 18 men now occupying this room can be accommodated elsewhere in the building.

3. It is our belief that there is no means of keeping the Military Police Unit intact if this room is relinquished to the Ku for its original purpose. Therefore, we feel that any discomfort experienced by residents and officials of the Ku occasioned by the retention of this building, by the Military Personnel, will be more than compensated for by the service they receive from them.

4. In reference to the request per JPNR-163 for additional quarters, already occupied, in the Atago Police Station Annex, 9-6 Chome Anuracho Munato Ku, Tokyo, Japan

Declassified E.O. 12065 Section 3/402/ NNDG NO. 775009

we find, upon interviewing Police Chief Sahachi Teshiba, that the building in question was formerly a police dormitory, but at present is entirely allocated to The Military Police, 720th Battalion, Company C. Chief Teshiba advises that he is willing for the Military Personnel to occupy the entire building, having made provisions for the off duty policemen to reside at another location. He further states that M.P. Co. has been of inestimable assistance to him in the furtherance of police objectives and is desirous of their retention of present quarters.
