

Mouth's Good

ORRAT ON ORRAT

"Oh, how I wish I could tell you how good my mouth is. It is so good that I can eat anything I like without feeling any pain or discomfort. It is so good that I can eat anything I like without feeling any pain or discomfort. It is so good that I can eat anything I like without feeling any pain or discomfort.

THE BOY THAT LOVED HIS MOTHER

"I have seen a little boy sitting on a bench, looking so sad and lonely. I went over to him and asked him what was the matter. He told me that he had just lost his mother and was very sad. I told him that I would be his friend and that I would help him in any way I could.

WHAT CAN I DO

"What can I do for you? I am a doctor and I can help you in many ways. I can give you medicine, I can give you surgery, I can give you a cure for your ailment. I can do anything that a doctor can do. I can help you in any way I can.

THE BOY WHO WAS

"I have seen a boy who was very poor and very sad. He was sitting on a bench, looking so lonely and so sad. I went over to him and asked him what was the matter. He told me that he had no money and that he was very hungry. I told him that I would give him some money and that I would buy him some food.

AGRICULTURAL.

THE GRASSES.

The following is compiled from the Monthly Bulletin of the Agricultural Department of the United States...

The number and kinds of grasses. There are about 10,000 species of grasses...

It is the duty of the farmer to select the best grasses for his soil and climate...

Grasses are divided into several classes, such as annuals, biennials, and perennials...

The most common grasses in this country are timothy, clover, and bluegrass...

It is important to select the right grass for the soil and climate of the farm...

The best way to improve the soil is by using the right kind of grass...

But they give way to the blue grass as it grows older. It is the duty of the farmer...
