

SEATTLE GAZETTE.

SEATTLE, OCT. 4th, 1864.

AGENTS:

The following named gentlemen are authorized to act as agents for the SEATTLE WEEKLY GAZETTE.

THE GREAT CONSPIRACY.

We call the attention of the loyal people of every political persuasion, to the exposition of the "Order of American Knights" published on the first page of this paper.

"Oh, what a fall was there, my countrymen, Then you and I, and all of us fell down, While bloody treason flourished over us."

Ever since the war of rebellion commenced, it has been apparent to every man, not blinded by party prejudice, that the leaders of the Northern Democracy have been in secret league with the slaveholders of the South.

There is plainly no difference of opinion between the Copperhead Convention and the President, as to the effect of the armistice.

RESIGNATION.—We understand that Mr. L. O. Gunn, Collector of Customs, has forwarded his resignation to Washington, and will, as soon as his successor is appointed, return to his family in San Francisco.

LOOK OUT FOR THEM.—The Order of American Knights is a numerous and armed force on the Pacific Coast, and will probably show their teeth at the elections in Oregon and California.

THAT NEW COPPERHEAD PAPER.—Mr. Hicks, the spokesman for the new Copperhead paper that is to be, denies, in a card published last week, that Secretary Evans, or his Printer, has anything to do with the concern.

an excuse for being drawn into the meshes of convicted traitors. Union or Disunion is now the only question at issue; and though scoundrels of every shade will still strive to distract the people with obsolete party names and issues, with cries of compromise, peace or war, as suits the circumstances of locality, the sole question the nation has soon to decide, is whether all the blood and treasure spent in this war against rebellion, shall be counted as nothing, the great Republic lay down its arms and offer peace, upon the basis of denationalization, to an army of rebellions outlaws, whose fate it now holds in its conquering grasp—or that the war for national life and regeneration shall finish its mission, and bring Peace, Liberty and Union as its lasting reward.

PROPOSED ARMISTICE.

Among other disgraceful endorsements of treason, which McClellan makes in accepting the nomination of the Chicago Rebel Convention, is this resolution:

Resolved, That the welfare and prosperity of all States, Northern and Southern, and with a view of terminating the raging conflict and restoring the blessings of peace, we are in favor of an armistice, earnest and honorable efforts to adjust terms of settlement and union on the basis of the Constitution of the Confederate States.

An armistice to settle the Union question "on the basis of the CONSTITUTION OF THE CONFEDERATE STATES!" This is the literal reading, and is, doubtless, the real wish of the traitors, but whether they purposely so expressed it in this resolution, we shall not now inquire—merely wishing to compare the position of the Copperhead with that of the Union candidate for President, on the armistice question.

"An armistice once arranged or granted by the Government to the rebels, never would result other than in a final acknowledgement of the independence of the rebels, as the independence of Texas was eventually acknowledged by Mexico. An armistice granted to the rebels, would be an indirect agreement to acknowledge, at some future time, their independence."

There is plainly no difference of opinion between the Copperhead Convention and the President, as to the effect of the armistice. Both think it would result in peace, upon the basis of SEPARATION. How few people seem to realize this fearful truth! Would the granting of an armistice to the rebels be anything but an infamous confession, by our Government, that it is unable to conquer the rebellion, and must, therefore, suspend the war for the purpose of settling the difficulty in some other way?

RESIGNATION.—We understand that Mr. L. O. Gunn, Collector of Customs, has forwarded his resignation to Washington, and will, as soon as his successor is appointed, return to his family in San Francisco.

LOOK OUT FOR THEM.—The Order of American Knights is a numerous and armed force on the Pacific Coast, and will probably show their teeth at the elections in Oregon and California.

THAT NEW COPPERHEAD PAPER.—Mr. Hicks, the spokesman for the new Copperhead paper that is to be, denies, in a card published last week, that Secretary Evans, or his Printer, has anything to do with the concern.

WASHINGTON TERRITORY.

The question is very often asked by our friends in the East, "what are the inducements your Territory holds out to those seeking homes?"

When the great mass of humanity, which left the Mississippi Valley, and the eastern slope of America, in 1849-'50-'51 and '52, grasped the offered hand of friendship, and shed the parting tear, they cherished the fond expectation of returning to their dear old homes, and were buoyed up by the prayers breathed by feeling friends, that the wanderer's return night soon cast a gleam of joy and sunlight o'er the darkened home circle.

Washington Territory occupies all that region of country situated between the Columbia river and the forty-ninth (49°) degree of North Latitude, and the fortieth (40°) degree of West Longitude and the Pacific ocean.

Washington Territory occupies all that region of country situated between the Columbia river and the forty-ninth (49°) degree of North Latitude, and the fortieth (40°) degree of West Longitude and the Pacific ocean.

BRASS BUTTONS.—Whether it is owing to the attractions of verdigris in brass, or the principle that "birds of a feather will flock together," there is certainly an affinity between brass buttons and Copperheads, on Puget Sound, as amusing as it is remarkable.

THE great 20-inch gun, recently finished at the Fort Pitt works, has been placed upon the trucks which were built expressly, by the Pennsylvania Railroad Company, at their shops in Altoona, to convey it to its destination.

WHEN the enemy were in Maryland, a rebel officer was asked if he made no distinction between the property of Union people and that of the friends of the Confederate cause?

DEMOCRATIC.—The San Jose Mercury says that John Grant the highwayman, who now lies wounded in the county jail, says that he could name fifty "democrats" in San Jose and vicinity, who knew of and countenanced the organization of Ingraham's guerillas, believing them to be working in the interest of rebellion.

FAYORS.—We neglected, last week, to acknowledge the receipt of a package of papers and pictorials from the News Depot of White, Bauer & Co., Custom House Place, San Francisco.

THANKS to Capt. Finch, of the steamer Eliza Anderson, for Victoria papers.

National Copperhead Ticket, and Platform of Principles.

FOR PRESIDENT, G. B. McClellan, OF CHICKAMAUCHI.

FOR VICE PRESIDENT, G. H. Pendleton, OF O. A. K.

PLATFOORM, As expounded by Chief Commanders of the O. A. K. and Northern Organ-Grinders of Rebellion.

On the Armistice. "We are in favor of an armistice; earnest and honorable efforts to adjust terms of settlement and union, on the basis of the CONSTITUTION OF THE CONFEDERATE STATES."

I am a party man—this you know. I am a Democrat in full communion with all the brethren.

I favor an immediate cessation of hostilities—an armistice for a year, if you please—to stop this cruel war, and, with it the terrible waste of life and treasure going on.

On Slavery. Shall the Democratic party fear this issue to oppose the extension of Slavery? No, indeed! There is not a single democrat in the whole of the north opposed to the extension of southern society, or so-called extension of "slavery," and they only await the truth spoken out, and things called by their right names, to sweep the Abolition atmosphere from the Republic, and to bury its besotted tools in the profoundest depths—the lowest possible depth of public contempt.

On Lincoln and the Draft. The draft, is unconstitutional and must be resisted, and, though every court in the United States should decide it constitutional, we know that it is not, and will resist it to the last.

"Never, nay never go; but fight at home. Arm, drill and prepare; and when the draft comes, you come with your rifles, shot guns and revolvers—meet it at your doors and fight it to the death."

"Lincoln is a tyrant; has perverted the Government; has driven the South from the Union; has deluged the country in blood, and on the ruins of liberty and right has reared a most despicable despotism.

"And to you Abolitionists, you Union men, let me say: Keep out of the way of the machine; for if you do not, it will run straight over you.

On the War. "There is but one issue before the people, and that is, not how the war shall be conducted, but whether it shall be conducted at all. The Democracy are for peace—immediate peace."

On Gen. Grant. "Grant is the completest and dearest failure of all the blunders made by the Administration."

On Dissolution of the Union. Believing that a reconstruction of the Federal Union is now impossible—that the war for its restoration has proved an utter failure, and that its further prosecution will end in subversion of the remaining liberties of the people, we shall, therefore, advocate an immediate cessation of hostilities, and the appointment of commissioners empowered with authority to treat, subject to the approval of the people of the remaining States, with like representatives from the Confederate States of America, upon all questions incident to just and honorable terms of SEPARATION.

A COPPERHEAD oracle, with charming candor and admirable accuracy, says: "Democratic party has remained four years outside of affairs; let it remain in the same attitude for four years more, and it will be a mere memory of what 'has been and is not.'"

Let it be recorded, that on the 10th of June, 1864, the Mississippi river, at Keokuk, Ill., was waded by C. J. Simson, a man five feet eleven inches in height.

A MATTER OF PRINCIPLE.—The Alta has the following:

A Copperhead and a Union man came together at a hotel the other day, and his snarkship was soon laid out, face uppermost. The Union man was questioned as to the cause of the row, and he explained it as follows: "Why, you see, he called me a d—d miscegenator. I ain't no great hand on dictionary terms, and don't know exactly what he meant; but I don't take no lip from his kind, nohow, so I just bust-ed him on general principles."

GENUINE ELOQUENCE.—There is no people in the world with whom eloquence is so universal a gift as the Irish. When Leitch Ritchie was traveling in Ireland, he passed a man who was a painful spectacle of pallor, squalor and raggedness. His heart smote him and he turned back.

"If you are in waot," said Ritchie, with some degree of peevishness, "why don't you beg?"

"Sure, it's begging I am, yer honor." "You didn't say a word!" "Ov course not, yer honor; but see how the skin is speakin' through the holes or me trousers! and the bones cryin' out through me skin! Look at me sunken cheeks, and famine that's starin' in me eyes! Man alive! I isn't it beggin' I am with a hunderd tongues?"

A FAR old gentleman was bitten in the calf of his leg by a dog. He at once rushed to the office of the Justice of the Peace, and preferred a complaint against a joker in the neighborhood, whom he supposed to be the owner of the offending cur. The following was the defense offered on trial by the wag: 1. By testimony in favor of the general good character of my dog, I shall prove that nothing could make him so forgetful of his canine dignity as to bite a calf. 2. He is blind, and can not see to bite. 3. Even if he could see to bite it would be utterly impossible for him to go out of his way to do so on account of his severe lameness. 4. Granting his eyes to be good, he has no teeth. 5. My dog died six weeks ago. 6. I never had a dog!

Washington Wilks died while addressing a public assembly in England. The last words which he uttered were "The Great American Republic"—when death stopped his speech.

"Long John Wentworth," the Chicago ex-Mayor of that city, and ex-member of Congress, has taken the stump in Illinois, for Lincoln and Johnson.

IN ANOTHER COLUMN will be found the advertisement of LE DOYEN'S Sarapilla, Yellow Dock and Iodine Alternative, for the depressed condition of the blood. It claims to be a powerful lithontriptic as well, and if indeed it combines both properties for diseases of the blood and correcting any proclivities, it will be properly appreciated by our people after a satisfactory trial.

Notice to Tax-Payers.

ON ALL TAXES not paid to the Treasurer before the Tenth day of October next, there will be ten per cent. added. For information relative to the Delinquent Tax, I would refer Tax-Payers to sections 18 and 19, of the "Act to Provide for the Assessing and Collecting Territorial and County Revenue," passed January 29th, 1864, which is herewith appended. D. T. DENNY, Treasurer of King County, W. T.

Sec. 18. From the date of the sheriff's return, all taxes unpaid are delinquent, and shall draw interest at the rate of twenty-five per cent. per annum, and taxes on lands, city or town lots are hereby made a perpetual lien thereupon, against all persons except the United States and this Territory.

Sec. 19. The county auditor shall, within twenty days, make out two lists of such lands, city and town lots returned as delinquent, with the amount of taxes due thereon, and deliver one list to the county sheriff, who shall advertise such lists in some newspaper in the County, or if there be no such newspaper, in the County, then in some newspaper of general circulation in the Territory, for three weeks successively, before the first Monday in December, and shall also post such list in six public places in his county, for three weeks before such first Monday in December, and shall proceed to sell as public auction, to the highest bidder, on the first Monday in December, between the hours of ten o'clock A. M. and five o'clock P. M., at the county seat, all delinquent lands and city and town lots, the unpaid tax on which and accruing interest and costs shall not have been paid before such time, and shall continue such sale from day to day until all such lands and town lots shall be sold, or shall have been twice offered for sale, and the sheriff shall receive five per cent. on all such sales, as his fees therefor.

LATE EASTERN NEWS.

Dates to Sept. 30th.

DAVIS ALARMED, AND GOES TO GEORGIA.

Fight at Chapin's Farm.

REBELS OPERATING IN MISSOURI.

STEAMER CHRYSOPOLIS SUNK!

TELEGRAPH CABLE LOST.

[From Dispatches to the Pacific Tribune.]

New York, Sept. 29.—Jeff Davis has gone to Georgia to head off Stephens and Brown in their efforts to restore the State to the Union.

Headquarters, Army of the Potomac, Sept. 29.—General Ord advanced this morning and carried very strong fortifications and a long line of entrenchments below Chapin's farm, capturing 15 pieces of artillery and 300 prisoners.

Gen. Birney also advanced on the new market road and stormed the entrenchments scattering the enemy in every direction.

GRANT.

St. Louis, Sept. 27.—Reports from Pilot Knob, yesterday, say Ewing was concentrating troops in the forts there.

Col. Mills was attacked at Mineral Point last night by a large body; the enemy were repulsed. Potosi was captured by the rebels last night.

Centralia, Sept. 27.—Bill Anderson's Bushwhackers attacked 14 soldiers, mostly discharged veterans, and shot them in cold blood, and terribly mutilated them.

A passenger train on the north Missouri railroad was captured by rebels.

The following was received to-night: At daylight, the outposts at Ironton were attacked by a force, within a half mile of the Fort.

At daylight, the outposts at Ironton were attacked by a force, within a half mile of the Fort. The enemy got possession of Shepard's mountain at 3 o'clock p. m., driving a battalion of the 14th Iowa into the rifle-pits, and succeeded in getting two six-pounders on the mountain.

ANOTHER NATION.—The veracious telegraph proclaims the advent of a new republic, in the body politic of Jones county, which has lately seceded from the State of Mississippi, and issued a declaration of independence.

CHANGE IS WRITTEN ON EVERYTHING.—At a meeting of the American Geographical Society, Dr. R. P. Stevens read a paper on the elevation and subsidence of land in the United States, from which we take a few interesting particulars:

"It appears that the coast of New Brunswick and Prince Edward's Island is rising, while that of the Bay of Fundy is sinking.

Greenland is slowly sinking along a line of 600 miles. New Jersey and the coasts to the east are rising; and in the Pacific there is, in some latitudes, a subsidence of the water.

Continuance of these movements will bring about great changes; a projection of the American continent to the North Pole; Hudson's Bay will appear as a fertile valley, with one or more lakes; the Banks of Newfoundland will become dry land, and, with St. George's Bank and neighboring shoals, be added to the mainland.

Steamers will then cross the Atlantic in four days. The coast line of all the ocean States will be carried on to the inner edge of the Gulf-Stream. The Bahamas, with all their reefs and shoals, will grow into one large island; the delta of the Mississippi will extend 150 miles farther into the Gulf, and all down the coast there will be a corresponding lengthening of the rivers, producing remarkable changes of scenery and modifications of climate.

Judging from present appearances, we may infer that the more the land is exposed in the north, the wider will become the region of barrenness."

NERVOUS AFFECTIONS!

THIS MEDICINE IS OF A PURELY VEGETABLE preparation and has never been known to fail in effecting a permanent cure in the following cases:

Ague, Anxiety, Loss of Appetite, Asthma, Bronchitis, Cholera Morbus, Rheumatism, Convulsions, Cholice, Dysentery, Delirium Tremens, Mental or Physical Debility, Dyspepsia, Fits, Gout, Headache, Hysterics, Heart Disease, Palsy, Imbecility, Impotency, Suppressed Menstruation, Neuralgia, Pleurisy, Restlessness, St. Vitae Dance, Stricture, Tic Dolerens, and Whooping Cough, &c.

Columns of certificates of cures might be published sufficient to satisfy the most skeptical, that this medicine is all that its discoverer claims for it.

Persons with any of the above diseases, will do well to give it a trial before re-dosing themselves with mineral poisons; that, while they sometimes afford temporary relief, always leave behind them the seeds of some other disease, often times far worse than that which they are given to cure.

Watts' Nervous Antidote is a perfectly harmless preparation, and can be given to an infant without fear of injury.

HOWARD PRIVATE MEDICAL INSTITUTE,

No. 532, COMMERCIAL ST., SAN FRANCISCO. Consultation, by letter or otherwise, FREE!

ESTABLISHED for the cure of diseases of a private nature, such as Gonorrhoea, Syphilis, Spermatorrhea, Mercurial Complaints, Gleet, Stricture, Seminal Weakness, Impotency, Rheumatism, Fever and Ague, Skin diseases, Seminal Emission, and all diseases brought on by indulgence or by accident.

THE HOWARD INSTITUTE is under the immediate charge of Dr. P. Howard, who has become justly celebrated, by his successful treatment of diseases of the above nature, WITHOUT THE USE OF MERCURY, IN ANY FORM!

In re-opening this old and popular Institute once more to the people of the Pacific Coast, the Doctor is governed by a desire not only to afford an asylum to the afflicted, but to suppress QUACKERY, which has of late so boldly and impudently come before the people.

They claim to have certificates of remarkable cases, or some before unheard-of distinction of foreign bestowing, of European education and European remedies, thus misleading the afflicted, who are not aware of the utter uselessness of foreign remedies and practice, when applied to diseases in this variable climate.

Of such pretenders, the Doctor warns those seeking medical relief, to beware; for they but seek to deceive you, and ruin your health.

To his old patrons and the public in general, the Doctor would say, they can rely upon his known skill and integrity, as heretofore, with every assurance of a speedy and permanent cure, in all possible cases.

The Doctor's charges are moderate, and suited to the means of the patient. The HOWARD INSTITUTE is located in the center of the city, and is fitted up with every convenience for the comfort of the afflicted. The patient will here find everything to his wish, and can enter and leave the Institute without fear of observation.

Persons residing in the interior, who may prefer being cured at home, by sending a careful description of their disease, together with a statement of the length of time they have been afflicted, can have their medicines carefully put up and sent to any part of the Pacific Coast, by Express or Mail, together with full and explicit directions so as to enable them to bring about a speedy and permanent cure, without entailing upon them the necessity of visiting this city.

All letters should be addressed to DR. P. HOWARD, HOWARD INSTITUTE, No. 532, Commercial St., San Francisco, Cal. THE DOCTOR himself opens and answers all letters, and correspondents can rely upon the strictest secrecy. Consultation, by letter or otherwise, FREE!

To The Ladies! When a female is in trouble, of whatever nature, or afflicted with a disease, such as Weakness of the Back and Limbs, Pains in the Head, Dizziness of Sight, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Urinary Difficulties, Derangement of the Digestive Functions, General Debility, all diseases of the Womb, Hysteria, Sterility, and all other diseases peculiar to females, they should go at once, or write to Dr. HOWARD, at his Medical Institute. Let no false delicacy prevent you, but apply immediately, and save yourself from painful sufferings and premature death.

The Doctor's office is so arranged that he can be consulted without fear of discovery.

DR. HOWARD'S FEMALE PILLS have come to be universally acknowledged the only compound to be depended upon for the removal of all cases of Suppression, Irregularity, or Obstructions, of whatever nature, and of however long standing. Ladies having reason to believe they are pregnant, should be careful to avoid using them, as they would surely cause a miscarriage. They will be forwarded to any part of the Pacific Coast, upon the receipt of \$5 per box.

All letters must be addressed to DR. P. HOWARD, HOWARD INSTITUTE, No. 532, Commercial Street, San Francisco. no32-m3

THE SCIENTIFIC AMERICAN FOR 1864.

VOLUME X.—NEW SERIES.

The publishers of the SCIENTIFIC AMERICAN respectfully give notice that the Tenth Volume (New Series) commenced on the first of January. This Journal was established in 1845, and is undoubtedly the most widely circulated and influential publication of the kind in the world.

A JOURNAL OF POPULAR SCIENCE. In this respect it stands unrivaled. It not only finds its way to almost every workshop in the country, as the earnest friend of the mechanic and artisan, but it is found in the counting-room of the manufacturer and merchant; also in the library and the household. The publishers feel warranted in saying, that no other Journal now published contains an equal amount of useful information; while it is their aim to present all subjects in the most popular and attractive manner.

The SCIENTIFIC AMERICAN is published once a week, in a convenient form for binding, and each number contains sixteen pages of useful reading matter, illustrated with

NUMEROUS SPLENDID ENGRAVINGS of the latest and best inventions of the day. This feature of the journal is worthy of special notice. Every number contains from five to ten original engravings of mechanical inventions relating to every department of the arts. These engravings are executed by artists specially employed on the paper, and are universally acknowledged to be superior to anything of the kind produced in this country.

The publishers of the SCIENTIFIC AMERICAN promise to present, as during preceding years, all the latest improvements in Steam Engineering, War Vessels, Ordnance—military and naval—Fire-arms, Mechanical tools, Manufacturing Machinery, Farm Implements, Wood-working Machinery, Water-wheels, Pumps and other Hydraulic Apparatus, Household Utensils, Electric, Chemical and Mathematical Instruments, Flying Machines, and other Curious Inventions—besides all the various articles designed to lighten the labor of mankind, not only in the shop and warehouse, but in every place where the industries of life are pursued.

From its commencement, the SCIENTIFIC AMERICAN has been the earnest advocate of the rights of American Inventors and the REPERTORY OF AMERICAN PATENTS. In this important department, so vitally connected with all the great interests of the country, no other journal can lay any claim whatever, as in its columns there is published a weekly Official List of the "Claims" of all patents granted at the U. S. Patent Office.

THE PRACTICAL RECIPES alone are oftentimes worth more to the subscriber than the amount of a whole year's subscription.

TERMS OF SUBSCRIPTION: Two volumes of the SCIENTIFIC AMERICAN are published each year, at \$1 50 each, or \$3 00 per annum, with correspondingly low terms to Clubs; \$1 will pay for four months' subscription. The numbers for one year, when bound in a volume, constitute a work of 832 pages of useful information, which every one ought to possess. A new volume commenced on the 1st of January, 1864.

Club Rates: Five Copies, for Six Months, \$ 6 00 Ten Copies, for Six Months, " 12 00 Ten Copies, for Twelve Months, " 23 00 Fifteen Copies, for Twelve Months, " 34 00 Twenty Copies, for Twelve Months, " 40 00 For all clubs of Twenty and over, the yearly subscription is only \$2 00. Names can be sent in at different times and from different Post offices. Specimen copies will be sent gratis to any part of the country.

Canadian subscribers will please to remit 25 cents extra, on each year's subscription, to pre-pay postage. RUNN & CO., Publishers, 37 Park Row, New York.

AMERICAN AGRICULTURIST.

For the Farm, Garden and Household. A thorough going, reliable, and practical Journal, devoted to the different departments of SOIL CULTURE—such as growing Field Crops; Orchard and Garden Fruits; Garden Vegetables and Flowers; Trees, Plants and Flowers for the Lawn or Yard; care of Domestic animals, etc., and to Household Labors, with an interesting, instructive department for Children and Youth.

The Editors are all practical WORKING MEN. The Teachings of the AGRICULTURIST are confined to no State or Territory, but are adapted to all sections of the country—it is for the whole American Continent, TERMS—INVARIABLY IN ADVANCE, (For either the English or German Editions.) One copy, one year (always in Advance) \$1 00 Six Copies, one year do) 5 00 Ten or more copies one year (do) 80 cents each. ORANGE JUDD, Park Row, New York City.

U. S. 10-40 BONDS.

These Bonds are issued under the Act of Congress of March 8th, 1864, which provides that all Bonds issued under this Act, shall be EXEMPT FROM TAXATION by or under any State or municipal authority. Subscriptions to these Bonds are received in the United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten, nor more than forty years from their date, and until their redemption, FIVE PER CENT. INTEREST, WILL BE PAID IN COIN, on Bonds of not over one hundred dollars, annually, and on all other Bonds, semi-annually. The interest is payable on the first days of March and September, of each year.

Exempt from Municipal or State Taxation.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial purposes. Subscribers to this loan will have the option of having their Bonds draw interest from March first, by paying the accrued interest in coin—(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium,) or receive their drawing interest from the date of subscription and deposit. As these Bonds are

their value is increased from one to two per cent. per annum, according to the rate of tax levies in various parts of the country. At the present rate of premium on gold, they pay OVER EIGHT PER CENT INTEREST, in currency, and are of equal convenience as a permanent or temporary investment. It is believed that no securities offer so great inducements to lenders, as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only is pledged for payment, while for the debts of the United States, the whole property of the country is held to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist.—They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection, that the total Funded Debt of the United States, on which interest is payable in gold, on the 31st day of March, 1864, was \$788,965,000. The interest on this debt for the coming fiscal year, will be \$45,987,126, while the customs revenue in gold, for the current fiscal year, ending June 30th, 1864, has been, so far, at the rate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury, for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts, from customs on the same amount of importation, to \$150,000,000 per annum.

Instructions to the National Banks acting as agents, were not issued until March 26th, but the amount of Bonds reported sold at the United States Treasury, up to May 7th, was \$44,806,100.

Subscriptions will be received by the Treasurer of the United States at Washington, and by Assistant Treasurers at New York, Boston, and Philadelphia, and by

ALL NATIONAL BANKS which are deposits of public money, and all RESPECTABLE BANKS and BANKERS throughout the country, (acting as agents of the National Depository Banks,) will furnish further information on application, and afford EVERY FACILITY TO SUBSCRIBERS.
