THE ENGINEERING AND MINING JOURNAL

VOLUME LXXXIV, JULY TO DECEMBER, 1907.

Illustrated Articles are Designated by an Asterisk (*). Names of Books are indicated by a dagger (†).

Note—Beginning with 1906 indexing of general articles and of mining news, which formerly had been given separate departments, was merged. New patents, when simply mentioned in our lists, are no longer indexed in detail. During the period covered by the present index, such lists appeared at pages 175, 414, 604, 796, 1035, 1226.
