U.S. EXPORT SALES

- Outstanding Export Sales (Unshipped Balances) on JANUARY 14, 1979
 - Export Shipments in Current Marketing Year
 - Daily Sales Reported JANUARY 15 - 21, 1979
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of January 25, 1979 (based on reports from exporters for the week ending January 14, 1979).

Wheat: New sales activity continued its mid-winter slump, due in part to the aggressive price competition of other major wheat exporting countries. The USSR and Egypt were the principal buyers for marketing year (MY) 1978/79. However, the switch by the PRC of 450,000 metric tons (MT) from the current MY to MY 1979/80 nearly offset the total new sale activity for MY 1978/79. Exports remain subdued, but accumulated exports have now attained approximately 70 percent of the projected MY total.

Corn: The net increase in outstanding sales (662,100 MT) was in sharp contrast to the low rate recorded the preceding week. Numerous countries added substantial quantities to existing balances with the USSR and Portugal accounting for the majority of the total increase. Contract adjustments and destination changes resulted in minor revisions in purchases by several countries. Export volume continued moderately heavy, despite inland logistical problems and some adverse weather conditions at export locations.

Barley: The export market was dull with the cancellation of optional origin sales (60,000 MT) to East Germany the only notable event.

Sorghum: The market was relatively quiet. Sales of 50,400 MT to Portugal and substantial amounts to unknown destinations were the highlight. Optional origin sales to Japan rose, approaching 400,000 MT. Exports were the heaviest so far this MY.

Rice: The sharp pickup in commercial sales headlined this week's activity. Iraq's purchases rose by 54,700 MT of which 14,000 MT was switched from unknown. Poland, Saudi Arabia, Iran and the Ivory Coast all added to earlier purchases. Exports were modest.

Soybeans: Sales (392,100 MT) were up sharply from the preceding week with Japan (178,700 MT) and Taiwan (108,000 MT) accounting for nearly three-fourths of the business. Exports (518,800 MT) were also strong with the EC, Japan and the USSR the major recipients.

Soybean Cake and Meal: The EC accounted for over two-thirds of the net increase in sales (192,900 MT) registered during the period. Sales of 74,000 MT were reported for MY 1979/80. Exports (156,300 MT) were up over 80 percent with the EC taking over half.

Soybean Oil: A 44,800 MT purchase from foreign sellers more than offset new sales, resulting in a net decline in sales to unknown of 30,600 MT. Small sales were reported to Pakistan, the Netherlands, Poland, the Dominican Republic and Colombia. However, total sales to all destinations declined by 3,100 MT. Exports (4,200 MT) were only a tenth of the previous week and consisted of small shipments to several destinations.

Cotton: Sales activity and shipments accelerated this week. MY 1978/79 sales of 92,700 RB were principally to Japan, PRC, Korea, unknown, Italy and Thailand. MY 1979/80 sales increased by 8,000 RB. Exports increased to 135,200 RB, the third best level this MY.

Oats: Showed no significant activity.

DATA ON TRANSACTIONS REPORTED UNDER THE DAILY REPORTING SYSTEM FOR JANUARY 15-21, 1979, APPEAR ON PAGE 6.
