

Crude Carbolic Acid

We have at last succeeded in procuring the genuine crude carbolic acid. This acid has very strong antiseptic and disinfecting properties; can be mixed readily with water in any proportions.

Very useful as a deodorant and germ killer in drains, sinks, out-houses, etc.; makes one of the best sprays for chicken houses, etc.

"RED" INFLUENCE IN WINNIPEG STRIKE

Commissioner Robson, Who Held Inquiry, Says Masses Were Misled

Winnipeg, March 30.—That the great mass of the workers, intelligent and loyal to British institutions, did not acquiesce in all that was said and done during the general strike here, and that it was not clear to the latter that the motive of the radicals was not that of obtaining the right to a mode of collective bargaining for a group of workers, but that their purpose was to elevate labor into a state of dictatorship, are statements made in an official report of the Robson Royal Commission, released for publication by Premier T. C. Norris yesterday.

The report also states that "the Commissioner finds that the character of The Western Labor News from its inception in August, 1918, was toward radical Socialism rather than craft unionism, and that the circulation of the paper had a large part in stirring up discord and discontent, bringing it to a head."

It is pointed out that had the Industrial Conditions Act been in operation the strike would have been averted, and the report recommends the setting up of a joint council under the act as soon as possible.

Used the Strike.

An excerpt from the report reads: "It is found that these Socialist leaders made the utmost use of the strike to advance their own plans and to convert the general strike into a practical Socialist movement and to thrust themselves into its leadership."

In dealing with the conducting of the strike, the report says the union leaders were persistent in their drastic methods, regardless of the consequences of a complete cessation of labor in every avenue of life. That there was, in fact, loss of life other than that caused by the riots, cannot be doubted, but labor leaders frankly declared that this had to be suffered if necessary to bring the community to a realization of labor's predicament.

Loss.

"Touching on the general loss to the community," the Commissioner finds that this was practically universal. Building operations were interrupted or abandoned, and clear evidence was obtained that the building of at least 150 dwelling houses, which would have been available for occupation during the past Winter, was abandoned for the year.

The monetary loss to the farming community through the strike of railway express employees in Western Canada was particularly disturbing to this class of the community.

Huge Figure.

"It is impossible to estimate with any approach of accuracy," the report adds, "the financial loss due to want of production in and about Winnipeg during the period in question and the defection of business"

GERMAN OFFICER KILLED BY REDS

Berlin, March 29.—Via London, March 30.—Polish troops facing Russian Bolshevik forces on the Podolian front have repulsed repeated attacks by the enemy during the past few days and have recovered some territory lost last week, according to an official statement issued today.

FUND IN DOUBT.

Winnipeg, March 30.—Some doubt exists here as to whether the United Farmers of Manitoba can use the \$37,000 already raised for their political campaign fund if the franchise measure now before the Federal Parliament is passed. The bill makes it an indictable offence for any association, incorporated or not, to raise money for any political purpose whatever.

Jolly Boy Days

Many of you will never forget the good old jolly boy days. You can make this Easter just the same for the children. Visit Wiper's stores, take home a few Easter novelties, or, better still, a well-filled basket, and watch for the smile on their faces, and in years to come they, too, will remember the good old days. Wiper's baskets are well filled and the lowest price in the city.

SINN FEINERS ARE CALLED MURDERERS

Said to Have Murdered Lord Mayor MacCurtain of Cork

London, March 30.—Official inquiries in Ireland have proved beyond a doubt that Thomas MacCurtain, Lord Mayor of Cork, assassinated a week ago Saturday night, was actually a victim of Sinn Fein vengeance, says The Daily Mail.

It declares it has obtained its information on "unimpeachable authority."

Lord Mayor MacCurtain and six other prominent men who were expelled from the inner circles of the Sinn Fein and condemned as untrustworthy of the cause were doomed to death, the newspaper says. Of these seven, Lord Mayor MacCurtain was the first to be killed. Another, Professor Stockley, was shot at four times, but escaped. A third man, unidentified, was found blindfolded, bound and shot to death at Limerick. The remaining four are alive, as far as known.

Important information of the Sinn Fein organization has reached the Government, and documents on these revelations will be published soon, says The Daily Mail.

Lord Mayor MacCurtain asked to be arrested for his own protection, but the soldiers sent to arrest him arrived too late, according to a report to The Daily Mail.

Mail V. Incident.

"It appears," The Daily Mail declares, "that the Sinn Fein inner circle, organized an attack on a mail van in Dublin March 3, and the men sent to do the work secured correspondence which was being forwarded to Dublin Castle. Whether there was found anything implicating the seven expelled men is not quite clear, but apparently there is good ground for this view. Two days after the attack on the mail van, Lord Mayor MacCurtain, Lord Mayor MacCurtain, who, although a Sinn Feiner, had strongly denounced the Sinn Fein campaign, was killed. There is no doubt now in the minds of the Irish officials that his murderers were Sinn Feiners acting under orders of the inner ring of the Irish Republic."

Reported by Times.

London, March 30.—The London Times publishes a dispatch relative to events in Cork, Ireland, prior to the assassination of Lord Mayor MacCurtain. The dispatch says:

"It has been ascertained that on the night of March 17 there was a circle meeting of the Irish Republican Brotherhood, which was attended by Lord Mayor MacCurtain and other prominent persons. At this meeting seven members of the Brotherhood were expelled. One of the persons present was fired upon after leaving the meeting, and on the night of March 20 the Lord Mayor was shot dead."

"It is stated that at that meeting accusations were made of infidelity to the cause of the Irish Republican Brotherhood."

Another Murder.

London, March 30.—The almost daily toll of outrages in Ireland yesterday included the murder of Thomas Dwyer in his home at Thurles, Tipperary.

Deported.

A dispatch from Dublin last night said that William Cosgrove, Sinn Fein member of Parliament for Kilkenny, had been deported. He was arrested at his home in Dublin last Thursday.

Among four persons arrested in Tipperary yesterday was a Sinn Fein member of Parliament, P. J. Maloney.

The funeral of Alan Bell, the magistrate who was dragged from a street car in Dublin last week and shot to death yesterday, it was held yesterday, in private, at the special request of the family, "in view of the disturbed and terrible times through which the country is passing."

MINER SUFFERED FOR 20 YEARS

Indigestion Made Life Miserable; Nothing Helped Him Till He Took Tanlac

"Tanlac set me straight after everything else I tried had failed and this is saying a good deal for I have taken a lot of different treatments and medicines in the last twenty years," said George Lommel, Edmonton, Alberta, a coal miner.

"Twenty years ago I began to have trouble with my stomach. I continued getting worse, and my appetite kept falling until I got to where I never had any desire or cared to eat a thing, and whenever I did eat a little something it caused me great distress, I suffered terribly from heartburn just about all the time, which often was so bad it would take away my breath and nearly drive me distracted, and I was seldom free from the worst sort of sharp, shooting pains, which at times were almost more than I could bear. My kidneys also gave me a lot of trouble, and I had such intense pains across the small of my back I could hardly bend over, and if I did I would have to catch hold of something to straighten up again. Finally, I became so weak and run-down I was barely able to get about, and could not work more than half the time. "Do what I would I could get no better, and had become very much discouraged, but after seeing so much praise of Tanlac I decided to give it at least a trial, and it proved to be exactly what I needed. It began to help me right away, and now, after taking six bottles, my stomach is in fine condition. I have a splendid appetite and can eat anything I want without having a particle of trouble afterward. I never have the heartburn any more or a sign of pain, and have regained my strength so I can work every day without a bit of trouble, and feel as good every way as I ever remember feeling in my life. I must say Tanlac is a remarkable medicine, and I am only too glad to recommend it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

GREAT STORM IN STATES KILLED 161; LOSSES EXTENSIVE

Chicago, March 30.—Revised reports from eight states swept by Sunday's tornado place the number of dead at 161, with 106 in Northern States and 55 in Southern, as follows: Indiana, 36; Illinois, 30; Ohio, 24; Michigan, 12; Missouri, 1; Wisconsin, 1; Georgia, 38; Alabama, 17.

Property loss in Illinois was estimated at \$6,000,000; in Western Ohio at \$2,000,000; in Georgia at more than \$1,000,000, while other states visited by the tornado reported much damage.

A survey of the devastated districts was begun yesterday by Henry J. Cox, weather forecaster. The tornado was the result of the combination of two storms, he said. One developed in Alaska, traveled through British Columbia and joined a storm from the southwest, which developed in Southern Arizona and Nevada. This combination, Prof. Cox said, resulted in a rotary motion which formed eddies and caused a tornado.

RAILWAY BOARD CANCELS INCREASE

Ottawa, March 30.—The Board of Railway Commissioners of Canada has cancelled the order of the various Canadian railways that ten per cent. would be added to all fares originating in Canada to United States points. The reason for the railways imposing this extra charge was the fact that they have to make returns to the United States on the run from the Canadian side to the point to which the ticket is sold. In United States funds, and the railways have to pay an average of ten per cent to the United States railways.

The Railway Commission has cancelled the imposition of the ten per cent. pending hearing of a case on a date to be set during the present week. Mr. Richardson, Secretary of the Commission, cannot say when the hearing will be held.

An increase in the head tax from \$8 to \$9 for Canadians going to the United States also was cancelled by the Commission.

SICK HEADACHES CONSTIPATION

If you have suffered from constipation for years, tried doctors and all the remedies you ever heard of or read of, without getting relief, if you have been subject to all the miseries associated with constipation, such as sick and bilious headaches, biliousness, specks floating before the eyes, water brash, heartburn, jaundice and the painful, troublesome, internal, bleeding or protruding piles, etc., wouldn't you consider it a blessing to be able to keep the bowels in a good healthy condition and prevent disease getting a foothold on your system.

Milburn's Laxa-Liver Pills are indicated just for this purpose; they regularize the system, relieve the worst cases of constipation.

Mrs. Malcolm McDermid, Cranston Station, N.S., writes:—"I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctor's medicine, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured and would heartily recommend them to all sufferers."

Milburn's Laxa-Liver pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

NANAIMO PLANNING EMPIRE DAY EVENTS

Nanaimo, B. C., March 30.—At a public meeting here last night it was decided that Nanaimo should celebrate Empire Day again this year with a parade, water and field sports, the crowning of a May Queen, and in all probability a dance and a vaudeville entertainment at night. E. S. Martin, principal of the public schools, was elected chairman, and Adam Neen was chosen secretary of the general committee, which consists of about thirty men and women. Sub-committees were appointed and after considerable discussion it was decided that any proceeds of the day's events should be equally divided between the new hospital building fund and the fund which is being raised for the erection and equipment of a gymnasium for the children of the public schools.

2,000-MILE CHASE ENDS IN ARREST

Seattle, March 30.—Dr. Robert E. Forbes, alias Cal C. Fisher and R. C. Johnson, who have been arrested by Department of Justice operatives at Hite, Utah, after a 2,000-mile chase from Juneau, Alaska, where he is charged with the theft of \$2,000 worth of Treasury cheques, according to information received by Federal agents here. Forbes is said to be a nationally-known forger with a dozen aliases. He is charged with a dozen aliases, where he broke jail last October. He is said to have a record of indictments for forgery and theft of postal money orders in a dozen cities on both coasts.

FEARS AMENDMENTS PARTAKE OF POLITICS

F. J. A. Mackenzie Believes Public School Act Changes Cause Prejudice

Legislative Press Gallery,
Evening Sitting, March 29.
Following the Minister of Public Works in the debate on the budget this evening, F. J. A. MacKenzie, Opposition member for Delta, found it somewhat difficult to reach his subject through a complicated series of criticisms of the various speeches which had preceded his own from the treasury benches. He felt that Dr. King had exhibited undue elation over his programme of expenditures which the Government proposed to carry out. With the Dominion Government contributing a large amount and the municipalities swelling it still more, Mr. MacKenzie intimated to the House that the balance very largely would be made up by the varied additional imposts proposed by the Minister of Finance.

Education.

The member for Delta could see but little merit in the comparisons advanced in connection with educational matters as between the Province of British Columbia and those of the Prairies. He declared that Dr. MacLean had failed to tell the Legislature the difference in conditions in this Province and those to the East of the Rockies. And other clauses contained in the amendments to the Public Schools Act suggested to the mind of the speaker a transference of the whole of the school system of British Columbia from the present more or less safe condition to the realm of party politics. Mr. MacKenzie drew his inspiration for this phase of his long address from the power vested in the Minister of Education by the new measure in connection with the granting of certificates to school teachers. He pressed on, however, without a logical explanation of his conclusions.

The University.

"This is a sort of a homeless orphan," commented the member for Delta as he proceeded to urge the Minister of Education either to "take the British Columbia University and do something with it" or try and forget all about it.

In the varied selection of topics dealt with Mr. MacKenzie dived into a lengthy dissertation upon the legality, or otherwise, of the Advisory Board of the Women's Institutes.

Mr. Yorston.

J. M. Yorston, Government member for Cariboo, continued the debate and expressed himself in glowing terms as amply satisfied with the present manner in which the Minister of Finance had accounted for his stewardship. He was of the opinion that British Columbia should consider herself fortunate in the knowledge that her credit had recovered in such a remarkable fashion.

The P.G.E.

Representing that section of the Province more vitally concerned in railway development, Mr. Yorston spent a good deal of time in dealing with the construction of the Pacific Great Eastern Railway. He elaborated upon the details of the various engineering proposals and the lack of practical foresight which had marked the locating of the route northwards, now changed after investigation by the Premier and the Chief Engineer of the Department of Railways. He expressed the hope that the Government would go ahead and construct the line into the Peace River district and that the feeling that the P.G.E. was a "white elephant" would pass as it was enabled to demonstrate to the public at large its capabilities as an earning asset.

Agriculture.

Agricultural matters likewise commanded the attention of the Cariboo member and in his advocacy of aggressive rural development he referred in detail the various phases of the Government's activities in this connection. He looked for the day when there would be a large curtailment in the amount expended annually in imported foodstuffs.

Prohibition.

The debate on the second reading of the bill to amend the British Columbia Prohibition Act was called at 11:25 p.m., the Leader of the Opposition having adjourned the debate in the afternoon. Mr. Bowser had departed for home a few minutes earlier, however, and the Premier asked that the order stand until tomorrow.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a method of Sage and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can buy this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and luster of your hair.

Everybody uses "Wyeth's Sage and Sulphur" Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

GOVERNMENT TO SPEND LARGE HIGHWAY VOTE IN FIVE YEAR PERIOD

(Continued from page 1.)

Improvements Promised
In connection with the main Island Highway, the Minister stated that it was the intention of the Department to subject it to general improvement by widening, ditching and improving the curvature and re-surfacing the country portions with gravel or rock. This work, he said, would be generally carried out through each district from Alberni and Campbell River in the north to Victoria in the south. And by reason of increased motor traffic, the Minister observed, it would probably be found advisable to lay hard-surfacing on portions adjoining some of the larger centres of population. This was particularly true, he said, in and about Nanaimo.

In connection with the Colwood pavement, Dr. King announced that the improvement would probably be extended towards the Malahat. He did not say, however, how soon work on this additional section of the highway would be commenced.

Lower Mainland
In the Lower Mainland district of North and South Vancouver, Richmond, Delta, Chilliwack and Dewdney, Dr. King said there would be general improvements carried on and, in conjunction with the various municipalities where traffic demanded it, hard-surfacing would be applied. It was also the policy of the Department to continue the paving of the Pacific Highway to the international boundary, the route that had been finally settled proving to be

the most feasible one from a construction point of view, due regard having been paid to the greatest service to the general public.

Up the Fraser

Taking a mental excursion up the Fraser River as far as Hope, the Minister explained to the House, by means of a series of large scale prints, the break in the road system between the coast and interior points. From this stage he proceeded to discuss the question of the proposed transprovincial highway. He alluded to the two suggested routes, one by Silver Creek and Princeton, on which construction had been started by the late Government but had been discontinued in 1914, and the other route, which had been investigated this year, by the Fraser River.

Very careful surveys and examinations had been made of both routes, said Dr. King, and in weighing their respective merits, he declared that the Fraser route was practicable. No serious grades would be encountered, the elevation would not be over 1,100 feet, and it would be available for traffic for nine or ten months of the year, and very probably for the whole twelve months. Were it not for the railway development in the canyon and the close contact between highway and railways the Minister observed that it could well be considered as the best route selected.

Discussing Rights-of-Way

Dr. King likewise announced that consultations were being carried on at the present time with the Canadian Pacific and Canadian National Railways to ascertain if the Department's survey, which encroached on the right-of-way of the railways, would interfere to any great extent with the operations of the railway companies. Until this was settled, however, no final selection could be

made and he felt that it was a matter of considerable regret that when the late Government had guaranteed the bonds of the Canadian Northern Railway for some \$48,000,000 it had not provided for the construction of a road for ordinary traffic.

Hope-Princeton

In connection with the Hope-Princeton route, the Minister informed the House that its cost of construction would be nearly as much as that of the Fraser Canyon route. There were no unsurmountable difficulties, however, in the matter of grades and curvatures. On the other hand, the elevation at the summit would be more than 4,000 feet and the season, during which traffic would be possible, limited to not more than six months of the year. Moreover, he said, it would be subject to slides and deterioration from floods and snow water, while the resultant damages would absorb a large annual expenditure of money were the highway to be kept in proper condition. Nevertheless, said the Minister, would have to be remembered that the Hope-Princeton route, one through connection were established, would open up a new country rich in timber, mineral and agricultural land. The expenditure to complete this extension by either route would approximate \$900,000 to \$1,000,000.

In the Interior

Continuing his mental survey, the Minister reviewed road conditions in the interior of the Province, with its systems of inter-communicating roads north of P. E. B. In this group were included the Kamloops, North and South Okanagan, Similkameen, Greenwood and Grand Forks districts. Revelstoke found itself completely isolated. In the latter case, however, Dr. King declared that a careful survey of Revelstoke west route by Eagle Pass was made. Some three miles already had been constructed and it was the intention of the Government to proceed still further. The building of nineteen miles at this point in conjunction with the Mara section, continued the Minister, would give the people of Revelstoke and that vicinity an outlet to the neighboring districts.

Dr. King explained the break in the road system between the boundary and West Kootenay country, covering a distance of some thirty miles. Two routes, however, had been surveyed, and the cost of construction would be practically equal, no matter which survey were accepted; the southern route, however, by Cascade and Deep Creek, probably would remain open at least a month longer each year. The distance, moreover, would be eight and a quarter miles shorter and would pass through the Deep and Sheep Creek district. The estimated cost of this link, said the doctor, would be \$282,000.

West Kootenay

Grouping Rossland, Trail, Nelson, Slocan and Kaslo as the West Kootenay constituencies, Dr. King extended throughout this extensive locality. This winter, he intimated, the Department is constructing what is known as the Thrasher-Brilliant cut-off, the completion of which would improve communication between those points and the City of Nelson, from the latter of which the road would run east as far as Balfour. From that point the Minister proceeded in his descriptive narrative to Kuskonook, announcing that the Dominion Government would provide proper wharf accommodation, while his own Department would construct five miles of road this season between Kuskonook and the road leading to Creston. In this connection a portion of the abandoned right-of-way of the Great Northern Railway would be utilized.

To the Border

The Government, said Dr. King, as he devoted his attention for a moment to the Nelson-Ymir road, had made a survey two years ago, realizing that the construction of this stretch would open up a large mining, industrial and agricultural community to the south, leading to the American boundary and affording connection with the American highway leading into Spokane. Surveys also were being made, he said, via Queen's Bay, and it was hoped that a route would be found to connect with the main artery at Balfour, thus adding to the usefulness of the Kaslo-Balfour highway, which the Department had constructed last year.

Slocan

Work would be continued, remarked the Minister on the New Denver-Sandon road during the coming season. It was proposed also to make a careful survey and examination to see if a road could be constructed between Silverton and Slocan City. If this outlet could be obtained, said Dr. King, the people of the Slocan District, who had been somewhat isolated in the matter of communicating roads up to the present time, would obtain outlet to the main roads system.

Creston and Washburny

The Minister indicated the expenditure of a considerable sum of money in relocating and rebuilding the section of road running between Creston and Washburny. And at this point Dr. King resumed the House that when the late Government undertook construction of this portion of the Provincial system he had been a member of the House and had advised the bringing down of supply sufficient to employ a locating engineer and to have the road from Sirdar to Crow's Nest properly located. Had his policy been followed,

HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with

ROYAL YEAST CAKES

should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other. Made in Canada.

Industrial Rubber Goods for Every Purpose

No matter what you may need, or what its size or shape, if it's made of rubber, we either have it in standard stock goods, or will produce it to meet your requirements.

We carry in stock at all our branches, standard sizes of Belting, Packing, Gaskets, Fire Hose and supplies, Moulded Goods, and every rubber need for factory, mill, mine, lumber camp, shipbuilding, marine, or other industry.

We make all sizes of hose in standard weights for every purpose—steam, air, water, oil, acids, suction, and sand, with fittings and nozzles.

Dominion Rubber System Products

are carefully inspected and tested, before and after making, to insure the finished product measuring up to our high standard.

Service is built into each product, thus establishing a quality that makes Dominion Rubber System brands the recognized standard for satisfactory performance.

We maintain a Special Service Department of technical experts who will be glad to analyze your requirements, and specify the correct product to prevent waste, lower upkeep, and maintain maximum production.

No matter what rubber goods you may need, or what your problem may be, our technical experts can remove all element of doubt and probably save you many dollars in time and costly experiments.

This service is yours, without charge, and requires only a phone call or wire to our nearest service branch.

"Just Right"

We run across so many people who consistently refuse chewing gum—unless it is Adams Black Jack Gum.

Because, for them, Adams Black Jack Gum is "just right."

The flavor suits them—if you want real licorice flavor you must ask for Adams Black Jack Gum.

They like to have throat-huskiness removed on damp, raw days.

They have found that the frenzied strain of business eases considerably under the influence of Adams Black Jack Gum.

For these, and other, reasons, men and women, who have never before been suited with a chewing gum, have welcomed Adams Black Jack Gum.

You, too, should try it. Sold everywhere in the blue package, 5c.

—an Adams product, particularly prepared

Canadian Chewing Gum Co., Limited, Toronto, Winnipeg, Vancouver.

OUCH! MY BACK! RUB LUMBAGO PAIN AWAY

Rub Backache Away With Small Trial Bottle of Old "St. Jacob's Oil"

When your back is sore, and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count to the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

MANY BILLS ADVANCE IN COMMITTEE STAGE

Debate Policy of Administration of Lunatics' Estates

Legislative Press Gallery, Afternoon Sitting, March 29. When the Hon. J. W. de B. Farris, Attorney-General and Minister of Labor had completed his address on the second reading of the bill to amend the British Columbia Probation Act, W. J. Bowser, K. C., Leader of the Opposition, adjourned the debate until the next sitting of the House.

The bill to amend the Industries Act was given its second reading and its objects were explained by the Premier in his capacity as Minister of the Department. Reference already has been made in these columns to the purpose of the few changes to which the measure will give effect. The chief item is that the sum of \$2,000,000 authorized by the Legislature last year is now increased to \$3,000,000. It is also made clear that the Department is empowered to spend money in research work, the Act at present having failed to establish that power with sufficient clarity.

Public Schools Act Joseph Walters, Government member for Yale, continued the debate on the bill amending the Public Schools Act introduced by the Hon. J. D. MacLean, Minister of Education and Provincial Secretary, a few days ago. Mr. Walters had not intended to delve into the principle of the measure to any extent and contented himself with an expression of regret that the bill in question failed to contemplate an equalization of school taxation. He commended the Minister for his action in seeking to compel Doukhobor compliance with the law in the matter of school attendance. Kenneth Duncan, soldier member for Cowichan, adjourned the debate.

The Gorge Bridge The bill designed to determine the definite status of the Gorge Bridge was reported complete with amendments. On the second reading of the bill to appoint an administrator of lunatics' estates David Whiteside, Government member for New Westminster, was apprehensive lest the Attorney-General should appoint a new official under the Act to discharge duties which he considered equally as well attended to by the existing official administrators in the Province.

Mr. Farris reminded his honorable friend opposite that he had meant no reflection but as a matter of fact, agreed with his manner of treating the estates in question. The Attorney-General reminded the Leader of the Opposition, moreover, that it was one thing to inaugurate a system and another thing to continue it in the case of a Minister whose duties made it necessary for him to absent himself from his office from time to time for lengthy periods.

The Opposition Leader was of the opinion that the chief clerk of the Department might very well carry on this particular duty once he has been properly instructed. Therefore he agreed with the member for New Westminster that a new official was unnecessary.

Mr. Farris informed the House that Mr. Baird, the Inspector of Municipalities had been discharging these duties for some time past and would continue to do so under the provisions of the Act.

Apprehensive But the presence of the clause in the bill empowering the Government to appoint an administrator suggested to the mind of the Leader of the Opposition that as soon as the House prorogued the duties of the Inspector would have grown to such an extent that "one of the faithful" would get the plum.

The bill was read a second time.

Canada has the only two coal regions on the seacoasts of North America. The bituminous coal of Nova Scotia is estimated to last 700 years; that of Vancouver Island has been successfully operated since 1860.

NANAIMO ROTARIANS TO RECEIVE CHARTER

Presentation to Be Made on Thursday by Victoria-Vancouver Delegation

Vancouver and Victoria Rotarians will present the charter of the new Nanaimo Rotary Club to that body on Thursday night, when they will visit the up-Island city for the purpose.

All preliminary work in the organization of a Nanaimo Club has been completed with the aid of Victoria and Vancouver Rotarians. The charter will be delivered by Rotarian William C. Shelly, of Vancouver, who will be accompanied by a big delegation from the Terminal City and from Victoria.

SCHOOL ESTIMATES LARGELY REDUCED

Trustees' Action Paves Way to Settlement of Dispute With Council

Reduction of its estimates to the extent of \$19,462 by the School Board last night makes possible the immediate settlement of the long-drawn-out dispute between the Trustees and the City Council over the expenses of the former.

It will be recalled that the City Council recently that a large number of items in the School Board's estimates were extraordinary and hence outside of its jurisdiction by-law to the ratepayers. The School Board, however, was not inclined to agree with this ruling and asked the advice of its own solicitor. The latter's ruling was considered by the Board last night.

The Board's solicitor agreed with the City Solicitor that furniture and equipment for new school buildings was extraordinary, but he held that all salary items were ordinary.

Among the items classed as extraordinary were \$7,500 for technical equipment for the technical school, \$4,250 for desks and seats and \$5,950 for grading work in various school grounds. Some items classed as extraordinary are so urgent that the proposed expenditures will be made out of capital account.

Including the sum of \$6,000 which the Board agreed before to delete, the Trustees now have reduced their estimates approximately \$25,000 to meet the wishes of the Council.

It now remains for the Council to decide whether it will allow the Board to make the extraordinary expenditures in question or whether it will force the submission of a by-law to the ratepayers on the subject. It is presumed that the submission of a by-law will be necessary as such a measure will cost a great deal of money and lead to delay, and it is hoped that further negotiation will remove the question of such action in the case of the money set aside for the technical school it is presumed that the Council will allow the expenditure in question.

Fall urged upon the Board the necessity of establishing this institution.

MERVILLE SETTLERS WAIT ON MR. OLIVER

Discuss With Premier and Minister of Agriculture Allotment Matters

The members of the deputation are all vitally interested in the future of this pioneer community enterprise and it is their wish that the various plots of land cleared and partially cleared should be allocated as quickly as possible to those who are to get them. The question, however, is a little involved for the moment and in order that full details can be discussed intelligently a further conference is being held this afternoon.

Premier Oliver reminded the delegation that the ordinary development of the scheme would naturally give rise to minor problems, which very probably would require other than the orthodox procedure in the matter of departmental administration, than was the case with ordinary enterprises. It was a matter of agreement between the deputation and the Minister of Agriculture, when an understanding will be reached agreeable to all parties.

Premier Oliver reminded the delegation that the ordinary development of the scheme would naturally give rise to minor problems, which very probably would require other than the orthodox procedure in the matter of departmental administration, than was the case with ordinary enterprises.

"Safety First" To Be Enforced.

People Taking Matters into Their Own Hands.

Public safety does not alone concern the operation of railways, street cars and trams. It is deeper. It lies in the health of the people.

One of the greatest enemies to health is kidney trouble. If the kidneys don't filter from the blood the uric acid and other poisons, the general health declines, and all manner of ills appear—rheumatic, sciatic, and neuralgic pains, lumbago, stone in the bladder, headache, constipation, lassitude. There is certain relief for these ailments. Gin Pills help where other remedies fail. They build up the debilitated system, bring the kidneys and bladder back to normal action, and, by removing the cause, make impossible the evil results. Gin Pills do not contain any alcohol, but all the valuable diuretic properties of the Gin together with other diuretics and antiseptics which have a signal effect on the bladder and kidneys.

All druggists and dealers sell Gin Pills. Get them now. It will return your money if they do not bring relief. If you have backache, constant headaches or pain in the sides, begin treatment at once with Gin Pills. 50c a box. Free sample on request.

HEAVILY FINED IN TWO LIQUOR CASES

T. E. Tergeson Pays \$100 For Driving Auto Under Influence of Liquor

T. E. Tergeson in the police court this morning paid fines to the amount of \$160. Magistrate Jay assessed him \$100 for driving a motor car while under the influence of liquor, and on a charge of having liquor in his automobile contrary to the Prohibition Act he was fined \$60. In view of the two heavy fines, the magistrate dealt leniently with the accused on a third charge of having in his possession firearms and fined him \$10.

The circumstances of Tergeson's arrest were explained by City Prosecutor Harrison. The accused was apprehended at Combs. He was leaving the Alexander rooming house on Johnson Street at 4 o'clock Saturday morning last. The officer was unable to intercept Tergeson before he entered his motor car and drove away. Near Douglas Street the accused was taken into custody by Sgt. Bert Brown.

DANGEROUS PERSON

In delivering sentence the court pointed out that any man driving a car under the influence of liquor was a dangerous person and that it was dangerous to other persons than to himself.

MINING MEN CONVENE

International Convention to Open at Victoria on April 7; to Discuss Steel Industry on Coast.

Mining men of the whole Pacific Northwest will hold their international convention in the Arena, Seattle, from April 7 to 10. The call has been sent out to the Governments of all Provinces and States, and officers of the Pacific Coast and geological bureaus, Chambers of Commerce and Boards of Trade, Mayors of cities and companies and corporations interested in mining.

The general programme will be addressed on sources of power, coal, petroleum, water power, iron, steel, including moving pictures and a discussion of the industrial possibilities of the Pacific Coast, gold, silver, copper, electro-chemistry, fertilizers, phosphates, potash, the Orient, British Columbia, Alaska and their development, the prospector and his problem, free trade, and other subjects with open discussion.

HIGH COST OF LIVING

Jurors Will Receive \$4 Per Day Instead of \$3 For Services.

Legislative Press Gallery, Afternoon Sitting, March 29. Provision is made in the Act introduced by Premier Oliver this afternoon in respect of "Certain Moneys payable to the Canadian Northern Pacific Railway Company" for an extension of one year for the completion of certain construction work in hand.

Receipts from the sale of bonds, guaranteed by the Government, were placed in the Canadian Bank of Commerce, to be used only upon the acceptance of progress estimates.

The Act gives further time for the completion of the work outlined in the acts of 1913.

According to the provisions of a bill to amend the Jury Act, introduced by Attorney-General Farris this afternoon, jurors in the future will be paid four dollars per day for their services, instead of three as at present.

WILL HELP WIDOWS WITH LARGE FAMILIES

Amendment to Workmen's Compensation Act Will Be Retroactive in Scope

Legislative Press Gallery, Evening Session, March 29. Fuller compensation for the dependents of injured and killed workmen is provided for under the Act to amend the Workmen's Compensation Act, introduced this evening by the Hon. J. W. de B. Farris, Attorney-General and Minister of Labor.

The amended Act provides that all children of a beneficiary shall be recognized and \$7.50 per month for each paid the mother. The number was formerly limited to four.

Further provision is made for the raising of the limit which may be paid to any beneficiary. Where forty dollars is the limit stipulated under the existing Act, the sum under the amended statute will be \$65. And where \$65 is not sufficient to cover the benefits due any beneficiary the balance will be paid out of the Accident Fund.

The amendments provide that the revised statute shall be retroactive, taking effect as from January 1, 1920.

TO HELP OUTLYING PARTS OF PROVINCE

Government Secures Formal Ratification of Several Bills by House

Legislative Press Gallery, Afternoon Sitting, March 29. Amendments to the Supreme Court Act are provided for in the bill introduced by A. I. Fisher, Government member for Fernie, who explained, in moving the second reading this afternoon, that the bill had no application to the cities of Vancouver or Victoria, but merely sought to enlarge the powers of County Court judges. Mr. Fisher said it was a costly proceeding at times for those who had to resort to the use of the courts to be forced to journey long distances to attend Supreme Court sittings.

The member for Omineca added a word of commendation, hoping that a good purpose would be served by the passing of the bill. A large portion of the public would be inconvenienced, he said.

Attorney-General Farris adjourned the debate. The following bills were read a third time and passed. An act to confer certain powers upon the Municipal Council of the Corporation of the township of Esquimalt; an act respecting the Ladysmith Lumber Company Railway Act, 1908; an act to amend the Maritime Act; an act to amend the British Pacific Casualty Company Act; an act to incorporate the Association of Professional Engineers of the Province of British Columbia; an act to amend the Medical Act; an act respecting the adoption of children; an act respecting certain Railway Subsidy Lands purchased by the Crown.

C. N. R. LINE TO OPEN

Freight Service to Be Inaugurated Between Victoria and Koksilah River.

Many of them are bringing their motor cars and practically all of them their golf sticks, included in the early parties to arrive during the next three or four days are a number of delegates from Portland, Mr. Scott has been interviewing the

ASSEMBLE PLANT DURING SUMMER

Advent of High Water Shortly Will Affect Sumas Reclamation

Completed plans for the commencement of the work on the Sumas Reclamation Project were announced by Hon. E. D. Barrow, Minister of Agriculture, Monday morning, following his return from attending the meeting at Huntingdon Saturday night, where by a vote of one hundred and two against five, the hand-owners endorsed the Government's plan.

Mr. Barrow has taken the formal step of asking the successful bidders to show that they are in a position to carry out the work. Following the furnishing of the required proof the contract will be let, in amount \$1,200,000. This will cover two-thirds of the total project.

Owing to the lateness of the season—high water coming in a little more than two months—it will not be possible to commence the main excavation work for several months, said the Minister, but the gathering of equipment and operation upon the marginal lands can be commenced almost at once. Engineer F. N. Sinclair has been so instructed.

YACHTSMEN PAY VISIT TO CITY TO DISCUSS PLANS

Conference of Coast Yachtsmen Called to Plan International Events

Representatives from the Seattle Yacht Club will confer with members of the Royal Victoria Yacht Club this week in Victoria in connection with the object of creating a revival in international yachting features this season.

The Seattle club has extended invitations to prominent yachtsmen all along the Pacific coast to attend the ceremonies in connection with the opening of their new club house, and it is therefore considered an appropriate time to get the yachtsmen together in a permanent organization to officially promote and conduct inter-club and international racing events and regattas.

At the present time there are two different inter-club organizations in control of yachting on the North Pacific coast. The Pacific International Power Boat Association controls the motor boat racing end of the sport and the Northwest International Yacht Racing Association has been in control of the sailing events. The latter organization is considered a dead issue as there have been no meetings for many years, but the power boat association was active until the beginning of the war, and only ceased its activities during the war period.

The association has taken an active part in conducting coast championship and international races, two of its best known events being the Pacific coast championship speed boat races at Astoria, Or., and the international long distance cruiser race between Seattle and Vancouver.

"The greatest need on the North Pacific coast to bring about a general revival of yachting," says Daniel L. Pratt, "is an organization that will promote and conduct inter-club regattas and handle both the power boat and sailing events in conjunction. In my opinion, this can best be effected by a combination of the Pacific International Power Boat Association and the Northwest International Yacht Racing Association."

"The first event of importance that should be promoted, and this is a matter that will be fully discussed at the coming meeting, is the staging of a big international regatta either on Puget Sound or in British Columbia during the coming summer. Negotiations have been under way tentatively for such a regatta for several months, the first proposal" coming from yachtsmen in British Columbia, who suggested that the Puget Sound yachtsmen build a boat to race the "Alexandra" during the coming summer.

"In the power boat class, the chief event in connection with an international regatta would probably be the International Long Distance race. This race has been an annual event in the past and usually started from one side of the international line and ended on the other. Often it has been held in connection with the international sailing boat races, and has been so timed that it would end at the point where the sailing regatta was being held on the day of the start of the other races.

"There is also the possibility that the Pacific coast championship speed boat races may be staged in connection with the regatta. For many years past these races have been held at Astoria, Or., but as the Astoria regatta has been dropped for several years and may not be revived, it is more than likely that Seattle or Vancouver or whichever city holds the international regatta may be awarded these races as an added attraction.

ZBYSZKO THREE OLIN, LONDOS BEATS DOMITRAL

New York, March 29.—Stanislaus Zbyszko, Polish heavyweight wrestler, threw John Olin, of Finland, in a catch-as-catch-can contest to-night in 53 minutes and 27 seconds, with a combination body and toe hold. The bout preceded one between Jim Londos, Greek titleholder, and William Demitral, challenger, who lost the title to Londos recently.

MARINE PLAYER DID NOT NEED TRANSFER

Vice-President Burnip Reports Harden Had Been Granted Release

Reasons why the protest entered by the North Ward Soccer Club over their game against the Harbor Marine in which they claimed the Marines played an ineligible man was not sustained are contained in the following letter:

Mr. W. Livingstone, North Ward Football Club, 1011 Princess Avenue, City.

Dear Sir.—This body has had under consideration your protest dated March 13, 1920, against the game between the Harbor Marine and your club and herewith hand you the decision arrived at. We are in possession of a communication from Mr. Burnip of Nanaimo, vice-president of the B.C.F.A., who has made enquiries in his district at our request, in which he states that Harden was granted his release from the Ladysmith Athletic Football Club in December, 1919.

When this was done Harden became a free man and being no longer a registered player did not require to be transferred.

On the above grounds therefore this protest must be dismissed. For your benefit however we desire to state that, had this not been so, your protest would also have had to be dismissed on the grounds that your club were evidently in possession of knowledge that Harden had at one time been a player at Ladysmith and if you had any doubts as to his eligibility to play in Victoria you should have handed on the information to the local officials and thereby have obtained any grounds for protest according to Clause No. 19, B.C.F.A. Constitution. As Harden's name has appeared in the Harbor Marine line up all this year it would appear desirable for club officials not to have connected him with the Harden on the list of Ladysmith players that you had in your possession.

Harden himself appears to have done all possible to keep himself clear inasmuch as he immediately, on joining the Harbor Marine Club, handed to the secretary of that club the release that he brought with him from Ladysmith.

As this protest is in our opinion, a very trivial one the protest fee is therefore forfeited.

(Signed) W. G. BIRD, Hon. Sec. Local Board, B.C.F.A.

U. S. SEPTETTE TO JOURNEY TO ANTWERP

Pittsburg, Pa., March 29.—Roy D. Schooley, manager of the hockey team to represent the United States in the Olympic Games at Antwerp, between April 20 and April 30, announced the line-up after a meeting with officials of the International Skating Union and the American Olympic Committee to-day. The line-up: Goal, Raymond Bonney, Pittsburg; goal substitute, Cyril Widenborner, St. Paul; defence, Leon Tuck, Boston, and Frank Goheen, St. Paul; defence substitute, J. E. Fitzgerald, St. Paul; rover, Herbert J. Drury, Pittsburg; centre, Larry McCormick, Pittsburg; wing, Joseph McCormick (captain), Pittsburg; left wing, A. J. Conroy, St. Paul; substitute forward, Frank Synott, Boston.

The team will sail from New York April 1.

WANT TO STOP CONTEST

Windsor, Ont., March 29.—The Border Cities Ministerial Association announced to-day that an effort will be made to prevent the Wilder-Young Zulu fight scheduled to take place here on April 10, on the grounds that it is a prize fight and such is demoralizing.

FIVE HUNDRED PARTY.

Idaho, Falls, Ida., March 30.—Jack White, of Idaho Falls, middleweight, knocked out Jess Orem, of Salt Lake City, here last night in the eighth round.

BASKETBALL GAMES TO FOLLOW BANQUET

Fathers and Sons Gathering at First Presbyterian Church To-night

The first annual father and son banquet of the First Presbyterian Church will be held in their school room to-night at 6.30 p. m. A. Hoyle, director of Young Peoples Work will occupy the chair. Some 150 fathers and sons are expected, and some prominent speakers have been arranged to address the gathering.

The lengthy programme will include toasts, speeches, recitations, sing songs, and will be concluded by two exhibition basketball games in the large gymnasium. One of the interesting features of the banquet will be a competition for the best decorated table. The On-We-Gos Bible class has promised something of a surprise in the form of an electrically illuminated table decorated with evergreens. The participating classes are the On-We-Gos, Tillicums and Willing Workers.

Concluding the supper the following programme will be carried out: "Dad and I"—Toast Mr. S. Denholm "Son and I"—Response Mr. R. G. Howel "Our Church Homes"—Address Mr. Peter McKechnie "Our Homes"—Address Dr. Keyes "Chims"—Address Mr. Nelson, M.P.P. Sing Song. "Little Mother of Mine"—Song Angus McKinnon Basketball. Angus McKinnon's team vs. Archie McKinnon's team. On-We-Gos vs. Times Office.

TEAMS FOR HOLIDAY SOCCER FEATURE

Pick of Victoria Will Meet Team of Up-Island Players Good Friday

Soccer supporters are looking forward with pleasure to the good Friday soccer feature, a Jackson Cup semi-final and the game between a Victoria selection and an up-island team.

The comrades and the Harbor Marine are due to meet at Royal Athletic Park at 10.30 in the morning. Oakes referee.

The Victoria players will meet the Nanaimo team at 3 o'clock, E. R. Locke, referee. Tom Briggs, linesman. The Victoria team will be: Shandley; Whyte and Copas; McKinnon, Jimmy Allan and Munroe; E. Bridges, Archie Muir, Tucker James, Johnny Peden and Jim Cummins. Reserves have been appointed for each position as follows: Leeming; Shearman and Taylor; Mesher, Wright and Roe; Caskie, G. Allan, Johnny Cummins, Plump and Mulcahy.

LIPTON MAY BRING OUT AN OLDER SHAMROCK

Montreal, March 29.—A London cable to the Montreal Star says: "The famous Shamrock IV. may not, after all, be the challenger for the America's Cup in the International Yacht Races in July. The possibility of the old 23-metre Shamrock (unnumbered) being substituted for the Shamrock IV, is greatly excited. The Shamrock IV, built in 1905, which will serve as a trial boat for the IV., has been improved and insiders declare it is likely to prove superior to the Shamrock IV."

NANAIMO DOG SHOW.

Nanaimo, March 29.—The Nanaimo Kennel Club held a most successful party show Saturday evening in the Athletic Club building. The attendance was large and the entries numerous and of a high order. Mr. E. Gravel, of Vancouver, was judge of the sporting breeds, Mr. J. J. Jackson, of Edmonton, judge of all other classes. The winners of the specials were as follows: Best dog in show, Dainymore Craig, English setter, J. J. Cottle; best opposite sex, Lady Sensation, English setter, W. Wilgress; best setter puppy, Lady Sensation, W. Wilgress; best toy, Fox terrier, Dadd's Special, H. Dodds; best cocker spaniel, Vancouver Girl, F. Archer; best Alredale puppy, Nanaimo Maid, J. E. Thompson; best conditioned dog in the show, Barius, bulldog, R. W. Watson; best conditioned puppy, Stylis Major, English setter, Mrs. H. Kreen.

BROADBENT IS BETTER.

Ottawa, March 30.—The Ottawa hockey team left last night for Toronto for the next game in the Stanley Cup series to be played there tonight at Montreal last night, Harry Coulon, of Buffalo, won on a foul from Kid Lewis, a local fighter.

Upon representation made by Winnipeg hockey officials, previous to the conclusion of last night's game in Toronto, the Winnipeg City Council voted \$500 toward the expenses of the Falcons for their trip to Antwerp.

AMATEUR HOCKEY TITLE FOR FALCONS

Defeated University of Toronto by 3-2 in Allan Cup Final

Toronto, March 30.—Falcons, of Winnipeg, are winners of the Allan Cup and the champion hockey team in Canada. They defeated University of Toronto here again to-night in the wind-up contest for the Allan Cup and the right to go to Antwerp to take part in the Olympic games as Canada's hockey champions. Tonight's victory was won by 3 to 2, and the round was won by 11 to 5.

The Line-up. Falcons—Goal, Byron; defence, Johansson and Jensen; left wing, Goodman; right wing, Halderson; centre, Frederickson. Substitutes, Friedfinnon and Woodman. Varsity—Goal, Langtry; defence, Ramsey and McIntyre; left wing, Carson; right wing, Wright; centre, Gouinlock. Substitutes, Olsen and Sullivan. Referees—Hughes, of Winnipeg, and Marsh, of Toronto.

EIGHT GOOD EVENTS ON BOXING CARD

Four Seattle Fighters on Card to Be Presented April 7

Claud Scott, of Seattle, will meet the star 145-pound performer of British Columbia, Johnny Morgan, at the boxing tournament at the Crystal Theatre April 7. Roy Baker, Victoria's best bet for the Olympic games, will meet Bill Morris, of Seattle, in the 125-pound class. Claud Fortner, in the 158-pound class, will meet Ted Beales, the cowboy boxer, and Ted will at least obtain experience. Elmer Quinn, of Seattle will meet Scotty McKay in the 135-pound class. Scotty, who has just obtained his amateur card, had a victorious career until he was ruled out of the amateur ring on a technicality.

VANCOUVER MEN ELECTED HOCKEY VICE-PRESIDENT

Toronto, March 30.—The Canadian Amateur Hockey Association at its meeting yesterday approved of the Olympic trip and decided that next year the Allan Cup trustees will have to turn over a percentage to the Canadian Amateur Hockey Association. A committee, composed of Mr. Johnston, Regina; H. J. Stirling, Fort William, and A. E. Copeland, Midland, will meet the cup trustees during the Summer to decide the amount to be handed to the Canadian Amateur Hockey Association.

A change was made in the playing rules which will allow substitutes to be made in the nets. H. J. Stirling, of Fort William, was elected president; R. W. Chester, Vancouver, vice-president; Wm. Noble, of Winnipeg, representative to the Amateur Athletic Union of Canada.

SEATTLE WRESTLER MEETS JAP CHAMPION

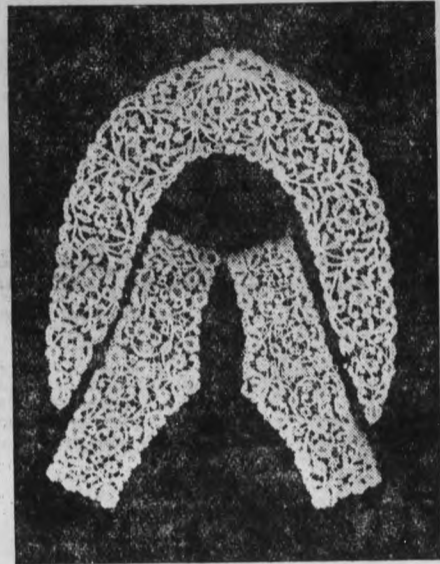

Seattle, March 30.—Frank Vance, wrestling instructor at the Seattle Y. M. C. A., and Professor I. Ito, of Seattle, will meet in a jiu jitsu contest at Dominion Hall, Vancouver, Wednesday night. Vance is former western and coast wrestling champion in the middleweight and welterweight divisions, and is confident he can beat the foreigner at his own game. Ito is champion of Japan and recently won from Williams, of California, here in a match. Lonnie Austin, Vance's manager, left last night for the north to complete arrangements for the match, and Vance and Ito left to-day.

WANT GARRISON TEAM IN CRICKET LEAGUE

Association Is Anxious to See Veteran Club in the Ring Again

No announcement having yet been received from the Garrison Cricket Club as to whether they will enter a team for the Victoria Cup competition this year, an unanimous wish was expressed at a meeting of the Victoria and District Cricket Executive Association last night that the soldiers' club would again be in the fray.

The wish was expressed that a strong Wednesday league would be formed this year to take care of the midweek holiday players.

ARMY AND NAVY VETERANS TO ENTER SPORT ARENA

At a well attended meeting of the newly appointed Sports Committee of the Army and Navy Veterans, an elaborate programme was drawn up, and it was decided that the Association would be represented in the following branches of athletics:

PLAN ACCEPTED

Mayor Porter even then could not agree with this plan, which, he said, was not fair and might mean that the city would not receive as much as \$200 a year.

Scouting Notes

The First Presbyterian Church have decided to form a Pack, and will take the necessary steps at once.

The total area of land fit for tillage is estimated at 302,200 acres. In 1918 one-sixth (51,427.190 acres) was under crop.

Prince John Beached Following Collision In Northern Waters

Damaged By Impact with S. S. Prince Albert G. T. P. Vessel Was Put Ashore Near Deadtree Point to Prevent Her Sinking; Passengers Are Safe.

Following collision with the steamship Prince Albert the steamship Prince John is lying beached in an exposed position in four and a half fathoms of water at Deadtree Point, Queen Charlotte Islands. Both vessels are owned by the Grand Trunk Pacific Steamship Company.

When the news of the accident reached Captain C. H. Nicholson, manager of the G. T. P. coast steamships at Vancouver, he instructed the Pacific Salvage Company, of Victoria, to go to the aid of the beached vessel. The salvage steamship Algerine accordingly left port this forenoon for the scene of the collision.

The Prince John, Captain Moorehouse, was southbound last night when she was struck by the northbound Prince Albert, in command of Captain H. L. Robison.

Passengers Transferred.

Both ships carried freight and passengers. The Prince John having the larger number, and immediate steps were taken to transfer the passengers from the stricken ship to the Prince Albert. This, according to telegraphic information received by Captain C. H. Nicholson, was accomplished without mishap. The Prince Albert then assisted the sinking Prince John toward the shore and she was finally beached in 27 feet.

Ship Exposed.

She is lying exposed to southeast winds, which are frequently high in that district at this season of the year. The aftpart of the vessel is flooded, and at noon water was entering No. 2 hatch through the galley and diningroom. The freight cargo consists of cannery and lumber camp supplies.

Captain W. H. Logan is bound for Vancouver from Seattle by train, and the salvage steamer Algerine left for Vancouver to pick up Captains Logan and Nicholson and proceed to the scene of the wreck. She will arrive there some time on Thursday. Meantime the Prince Albert is starting by, but it is thought she will not remain until the arrival of the Algerine as it is necessary to find accommodation for the great number of passengers.

The Prince John left Vancouver on Saturday after having undergone a thorough overhaul. The Prince Albert was on the southern run from Prince Rupert to Alaska, via the Queen Charlotte Islands. The Prince John was built in England in 1910, and launched under the name of Amethyst, for the Gem Line. She left Glasgow for Vancouver in 1911. She is a steel ship, 865 tons, 185 feet long, with accommodations for about forty passengers.

The Prince Albert was launched in England in 1912 as the steamship Bruno. She is 222 feet long and 1,015 tons.

Details Meagre.

Details of the accident have not been received, though it is snowed that it occurred in a snow-

ECZEMA IN RASH CUTICURA HEALS On Face and Head. Itched and Burned. Disfigured.

"Last year I became affected with eczema. It started on the cheeks in a rash, and the water spread and made my face swell, around the ear and partly on my head. The skin was very sore and red, and the breaking out itched and burned so that I could hardly help scratching. My face was very disfigured.

"Then I used a free sample of Cuticura. It helped so I bought three cakes of Soap and one box of Ointment, and my face was healed." (Signed) Miss Martha Berger, Spanaway, Wash., Feb. 11, 1919.

Give Cuticura Soap, Ointment and Talcum the care of your skin. Soap 25c, Ointment 25c and 50c. Sold throughout Canada by the Dominion Drug Co., Limited, 1001 Broadway, Toronto, Ont., Canada. Cuticura Soap shaves without soap.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin. The Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of Bayer Tablets of Aspirin which contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages. There is only one Aspirin—Bayer. You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing of Monocristallinester of Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Storm, as there has been considerable snowfall recently at Dead Tree.

Both Captain Moorehouse and Captain Robison are classed among the most experienced and careful skippers in service on the coast.

SOL DUC DELAYED BY HEAVY STORM

Shipped Big Sea Resulting in Partial Demolition of Companion Ladder

Running into the full force of last night's gale the American steamship Sol Duc, Captain C. Stevens, of the Puget Sound Navigation Company, experienced a rough time on the trip from Seattle to Victoria. As the little passenger steamer was laying a course for Port Angeles about 3 o'clock this morning a big sea flopped aboard, lifted the passenger gangway stowed on the fore-deck, and carried it through the base of the forward companion-ladder, completely wrecking it.

The steamer dipped her nose into the big seas with great frequency during the height of the blow, and from all accounts the passengers passed a most uncomfortable night.

Had Slight List.

Leaving Port Angeles at 9 o'clock this morning the Sol Duc arrived here shortly before 11 o'clock, and her officers reported a rough crossing. As the steamer headed into the harbor she had a slight list to port, this being accounted for aboard by uneven distribution of oil fuel.

Forty passengers crossed from Port Angeles aboard the Sol Duc. Owing to the delayed arrival the steamer was behind schedule in getting away on the return trip to Seattle.

CALDER TO SEE SIR ROBERT BORDEN

Ottawa, March 30.—It is stated in well informed circles that Hon. J. A. Calder, who has gone south, will make his journey serve a double purpose in that, while recuperating after his recent illness, he will place before Sir Robert Borden for his decision. Among these questions, it is said, are certain clauses of the Franchise Bill which the Government has intimated it would be willing to change; the question of a policy on naval development and the proposed taxation to be outlined when Sir Henry Drayton makes his maiden speech. Just when the budget speech will be delivered appears to be rather indefinite, and the expectation in some quarters is that it will not be heard until Mr. Calder has had time to place some of the matters before Sir Robert Borden, in order to obtain his viewpoint.

Members are beginning to express doubt as to an early adjournment. They say if all the members speak on the budget who threaten to do so, the adjournment will be for nearly a month, in which case it may be long after May 1 before that debate is finished.

IS ASHORE AT DEADTREE POINT

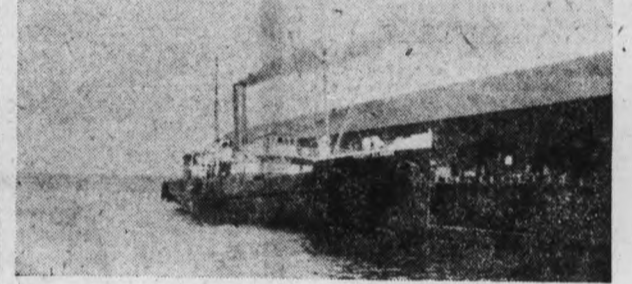

G. T. P. STEAMSHIP PRINCE JOHN

CLANSMAN DAMAGED BY GOING ASHORE

Freighter Which Struck on Mayne Island Arrives at Vancouver

Vancouver, March 30.—The Coast Steamship Company's steamer Clansman arrived in port on Monday in a considerably damaged condition, following stranding and pounding on the rocks at Mines Bay, Mayne Island, Active Pass. The accident took place early Saturday morning during a high wind.

Captain Lloyd, master of the ship, was making the landing at the wharf when tide and wind swung the ship round until her propeller was on the rocks and the ship was thus made

G. T. P. STEAMSHIP PRINCE ALBERT

In Collision With S.S. Prince John

helpless. The ship was then driven ashore. The government steamer Stadacona which was near at hand attempted to assist by passing a line to the vessel but failed.

On Saturday the company's steamer Coaster went to the rescue. Being of lighter draft she was able to push her nose alongside and take the cargo from the stranded ship. A hole was then punched in the bottom, the water run out, a temporary patch put on, and the Clansman was pulled off at high tide. During the pounding on the rocks her smokestack went by the board, but this was rectified after the vessel was afloat, by splicing the lower section and telescoping.

It is reported that the point where the Clansman went ashore is particularly dangerous, and that at least six vessels have come to grief there during the last few years.

The extent of damage to the steamer is not yet known though it is feared her keel is broken. She will be drydocked at the Vancouver Shipyard, and will be out of service for at least three weeks.

Mention of the mishap to the Clansman was made in yesterday's issue of The Times.

S. S. ALBERTA REPORTS. Bound from Genoa Bay, B. C., to the United Kingdom, the French steamship Alberta arrived at Norfolk, Va., on Saturday for coal and cleared the same day for Queens-town.

REPATRIATION OF CZECHO-SLOVAKS

Officers Are Now Heading This Way From Vladivostok

The Czecho-Slovaks are heartily glad that the Siberian campaign is over, it was intimated by Major Dr. A. Tryb, one of twelve Czecho-Slovak officers arriving here Monday aboard the liner Empress of Russia from the Far East. The entire Czech army which has been operating in Siberia is now being repatriated largely through San Francisco. The U. S. army transport Sheridan, with Czech troops aboard, is quarantined.

The whaling company has been granted a license by the Federal Government to establish a whaling station on Barkley Sound, and it is proposed to commence active whaling operations this season.

Ready for Service.

When Commander Johnson delivers these vessels out here they will be fully equipped for the hunt and will immediately be dispatched to harpoon the deep-sea mammoths. The vessels can be delivered on this coast within three months' time. In the meantime the company will go ahead with its plans for the establishment of a whaling station on Barkley Sound, as it is intended to have the plant ready by the time the whaling craft arrive on the coast. The plant will be one of the most modern of its kind in existence.

Speedy Craft.

The vessels which are being purchased by the Vancouver Island Whaling Company will be 125 feet in length and are very strongly engineered, developing a sea speed of fourteen knots.

STATESMAN FIXED BY HARRISON LINE

Newly Acquired Freighter Leaving U. K. in April For This Port

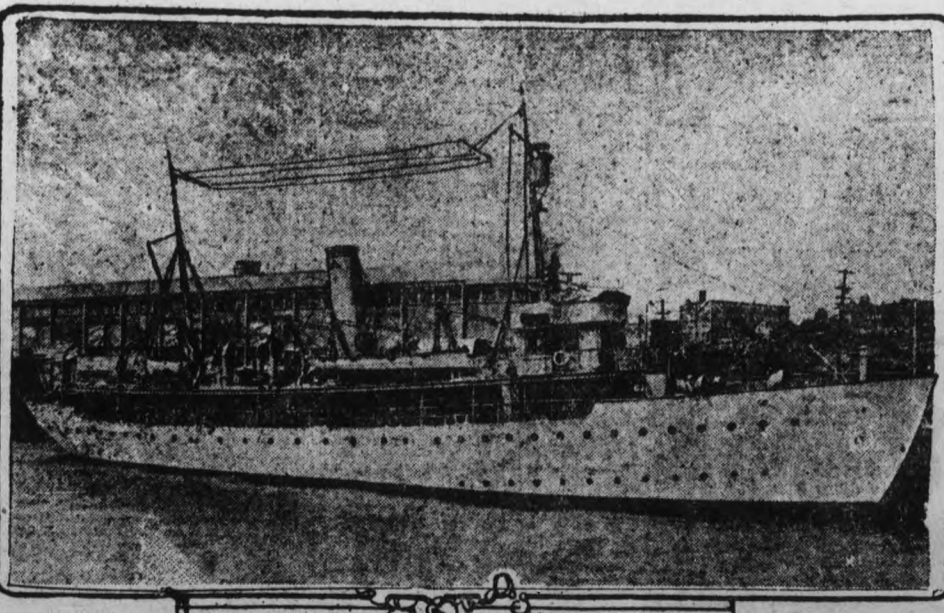

April sailing of the Harrison Direct Line from the United Kingdom for Victoria will be taken by the British freighter Statesman, according to Balfour, Guthrie & Co., agents of the line.

The Statesman was formerly the steamship St. George and was purchased in England recently by the Harrison Line. She is a carrier of 5,596 gross tons and was built at Glasgow in 1914. The vessel replaces the original steamship Statesman, of the Harrison fleet, which was torpedoed and sunk by an enemy submarine in November, 1916, off the coast of France.

The original Statesman was formerly operated by the Harrison Line in the Liverpool-Victoria trade and was withdrawn soon after the outbreak of war. She will be remembered by shipping men as the vessel which rammed and sank the cod-fishing schooner J. D. Spreckles, on March 30, 1918, off Point Arena, Cal., and brought to Victoria the crew of the ill-fated vessel.

The new Statesman will load at Antwerp, London, Liverpool and

TO SURVEY SOUTHWESTERN ALASKA WATERS

U. S. SURVEY SHIP SURVEYOR

To survey the treacherous waters of the Southwestern Alaska coast from Chignik to Kodiak Island the steamship Surveyor, of the United States Coast and Geodetic Survey, is due to sail North from Seattle to-day. Only a small section of the vast area in Southwestern Alaska has been surveyed by the United States Government, and the existing charts are antiquated and do not meet the requirements of the commerce of the territory.

Commander B. L. Johnson Joins Whaling Company

Former Superintendent of B. C. Pilotage Leaving For Europe to Complete Purchase and Delivery of New Whaling Steamers.

Commander B. L. Johnson D.S.O., who resigned the position of Superintendent of Pilotage for British Columbia to become a director of the newly-organized Vancouver Island Whaling Company, Ltd., is leaving the city to-morrow to complete purchase and delivery of new whaling steamers which the company is acquiring in Europe to engage in whaling operations on the British Columbia coast.

Commander "Barney" Johnson needs no introduction to Victorians. His long service as a shipmaster on this coast, coupled with his brilliant war record as a submarine commander, has made him a prominent figure in maritime circles.

Will Bring Boats Out. He joined the Vancouver Island Whaling Company to become actively identified with the new whaling organization. On completing the deal for the purchase of the whaling boats Commander Johnson will superintend the outfitting of the craft and then bring them out to this coast. S. C. Ruck, W. N. Kelly and C. E. Ruck, formerly associated with the Consolidated Whaling Corporation, Ltd., are the organizers of the Vancouver Island Whaling Company, Ltd., which, as previously announced, was incorporated at the beginning of March at a capitalization of \$600,000 for the purpose of engaging in whaling on the British Columbia coast.

The whaling company has been granted a license by the Federal Government to establish a whaling station on Barkley Sound, and it is proposed to commence active whaling operations this season.

Negotiations were opened some time ago for the purchase of two fast steel steamers specially adapted and easily convertible into whaling boats.

When Commander Johnson delivers these vessels out here they will be fully equipped for the hunt and will immediately be dispatched to harpoon the deep-sea mammoths. The vessels can be delivered on this coast within three months' time.

In the meantime the company will go ahead with its plans for the establishment of a whaling station on Barkley Sound, as it is intended to have the plant ready by the time the whaling craft arrive on the coast. The plant will be one of the most modern of its kind in existence.

The vessels which are being purchased by the Vancouver Island Whaling Company will be 125 feet in length and are very strongly engineered, developing a sea speed of fourteen knots.

According to reports from the Mainland on the vessels of salmon canners, British Columbia's salmon outlook this year is not promising, chiefly because 1920 will be an off season for the sockeye in the North and owing to the difficulty of marketing the cheaper grades, such as chums and pinks.

The run of sockeye on the Skeena River last year was the best in a decade and the canneries put down a record pack.

The cheaper grades of salmon will not be canned very extensively this year owing to the poor prospect of marketing them in the Old Country.

Some 200,000 cases of chums from 1919 are still unsold, and the markets in other countries, such as in South America, the Orient or South Africa have not been cultivated to the extent which would justify packing these fish in large quantities.

The time used is Pacific standard, for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height served to distinguish high water from low water. Where blanks occur in the table, water rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower low water.

Esquimaut.—To find the depth of water on the sill of the dry dock at any tide, add 19 1/2 feet to the height of high water as above given.

TRIO OF OSAKA LINERS IN APRIL

Africa, Mexico and Chicago Are Expected in Port Next Month

Three big Osaka Shosen Kaisha liners are scheduled to arrive in port during the early part of next month from the Far East. According to the present itinerary the liner Africa Maru is due to arrive from Yokohama on Friday, while the Mexico Maru is due April 4 and the Chicago Maru April 12.

Full outward cargoes are awaiting the arrival of the three O.S.K. steamships on Puget Sound and the passenger accommodation also is well booked up. The Africa Maru is passed to sail outward April 15, the Mexico Maru April 16 and the Chicago Maru April 24.

In addition to the three regular liners the Osaka Shosen Kaisha has the freighter Indo Maru on the coast in April, and the steamship Eastern Admiral, built for the United States Shipping Board in Japan, is fully due from the Orient under charter.

VESSELS MOVEMENTS

San Francisco, March 29.—Arrived: Mrs. Juneau, Boston; Royal Arrow, Balboa; Hartwood, Gray's Harbor; Mrs. Assumption; Bremerton; Rose City, Portland; West Hepburn, Manila.

Seattle, March 29.—Arrived: Mrs. Fullerton, B. C. ports; Capt. F. Lacey, Richmond; Iconium, Manila; Eastern Dawn, Kobe. Sailed: Mrs. Glenn, Osaka; Tilworth, San Pedro; Justin, Shanghai; schooner Henry Wilson, Bristol Bay.

Portland, Ore., March 29.—Arrived: Tora Maru, Otsu.

Tacoma, March 29.—Arrived: Admiral Schley, San Francisco; Eastern Admiral, Kobe; Quadra, B. C. ports. Sailed: Mrs. Alaska, Alaska ports; Admiral Watson, Alaska ports; Ocho, Astoria; Admiral Schley, San Francisco.

VANCOUVER ISLAND NEWS

Establishing Office. Owing to the pressure of business devolving on the Soldier Settlement Board in the district Capt. G. R. Bates, Royal Canadian Mounted Police, has been given a clerical assistant and has been granted a permanent office, says The Comox Argus. Courtenay. Temporary quarters have been obtained in the Courtenay Hotel. There is still a great demand for land in the district by returned men, it being far in excess of the supply. Considerable changes have been made in the method of qualification. Heretofore the power to grant loans has only been extended after a viva voce examination before a qualification committee; now if the applicant can demonstrate his ability to make a living on a farm to the Field Supervisor he can get the loan.

Ladies' Auxiliary.

The annual meeting of the Ladies' Auxiliary to St. Joseph's Hospital, Comox, was held recently at the Hotel. The portion of officers for the following year took place, the following being elected: President, Mrs. Cokely; vice-president, Mrs. Sutton; secretary, Mrs. Liddle; treasurer, Mrs. Fletcher.

Nanaimo Cribbage Club.

Nanaimo: The Nanaimo Cribbage Club was organized at a well-attended meeting last week, officers being elected as follows: Hon. president, William James; president, John Hodges; secretary, Andrew Smith; treasurer, Joe Fort. After the business of the meeting was transacted a most enjoyable time was spent.

Children's Party.

Sidney: The children's party which was to have been held on St. Valentine's day, will now be held in Bonquist's Hall, Sidney, on Easter Monday, April 5. The committee in charge have everything well in hand to give the children of the district a jolly good time.

To Farm at Tripp.

Saanich: In conjunction with Mr. Thomas, Mr. R. Clewes, of Vancouver, has taken over the Simpson farm near Tripp station. Mr. Thomas purchased half of the property and Mr. Clewes has an option on the remainder.

Ship Salmon East.

Nanaimo: The Vancouver Island Fish and Cold Storage Co. Ltd., have shipped a carload of salmon to Iowa, the refrigerator car being already in the Nanaimo yards. This is the first carload of salmon to be shipped from Nanaimo. The firm are also supplying the ice for the car, their modern ice plant being able to take care of any sized orders.

UNION STEAMSHIP COMPANY of B. C. Limited.

VARIETY AND SNAP PANTAGES THEATRE

This Week Finds Lively and Attractive Bill at Vaudeville House

There is something to suit each of a variety of tastes at Pantages Theatre this week, the fun running the range from the dolging of a whimsical oddity

Charles Althoff, the "Sheriff," calls himself "A Relic of the Farm," and with his rustic habiliments and strangely-behaved fiddle he justifies the description.

Into the time at their disposal H. Kola, Miss Keanan and A. Jackson, "The Gypsy Trio," manage to crowd five dances.

"Show Me," a sketch put on by Walter Penner and Company, has a public drinking resort of a trashy type not unknown in former days

The concluding act of the bill is "Derkin's European Novelty," a pantomime acted by dogs and a monkey. The pieces has its own scenery.

AUTHOR'S WIDOW HOME.

Mrs. Jack London, widow of the famous author who passed away a few years ago, and whose unfiled works are now being translated to the screen, will arrive in the United States

Got Rid of The Cough That Sticks

Some coughs seem hard to shake off—stick right to you in spite of all you do to get rid of them.

Those are the kind of coughs that are dangerous—that weaken the lungs so that the germs of consumption find a ready foothold.

We know of no remedy that will cure stubborn coughs—coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It allays the inflammation, soothes the irritation, and heals the diseased mucous lining of the lungs and bronchial tubes.

Mrs. Leo Allen, Petite de Grac Bridge, N. S., writes: "Last winter I had a awful cough that kept me in the house for over two months.

THE WONDERFUL FRUIT MEDICINE

Concert Party Had Huge Audience Rocking at Princess Theatre Last Night

When the Dumbls raised their helmet-clad heads above a settling of sandbags at the Princess Theatre last night they put over a heavy barrage of laughing gas, which for three hours held a large audience

The Dumbls raised their helmet-clad heads above a settling of sandbags at the Princess Theatre last night they put over a heavy barrage of laughing gas, which for three hours held a large audience

"The Duchess Entertains." The Dumbls made a tremendous hit with their little skit entitled, "The Duchess Entertains." The party succeeded admirably in presenting the noble effort of a duchess to entertain a number of eminent guests.

The show sweeps on through three hours of continuous laughter. There is nothing stale, and the boys who shared in the great adventure it will serve as a connecting link with the days of the past and to those who did not have the privilege to share in it will reveal to them the sort of amusement the fighting boys were provided with when they came out of the line on a moment's furlough.

FARRAR LEAVES GOLDWYN.

From no less an authority than the prima donna herself comes the news that Geraldine Farrar has severed her connection with the Goldwyn company and that neither Miss Farrar or her husband, Lou Tellegen, will be featured at the Goldwyn studios in the future.

ADVERTISE IN THE TIMES

ANNOUNCEMENTS

Announcements under this heading will be inserted at the rate of 50c per word per line. Dumbells Show will commence promptly at 8 o'clock this evening at the Princess Theatre.

PRACTICAL SCHOOLS ARE NEED OF WEST

Dr. George Bryce, of Winnipeg, Calls for Enthusiasm in Science. "The things you need mostly in British Columbia are schools made for practical purposes," declared Dr. George Bryce, historian and educationist.

HOLIDAY CAUSES MUCH CONFUSION

Clerks Say They Will Get No Holiday in Week of King's Birthday. Complete confusion appears to prevail in the minds of the civic authorities at present on the question of whether Victoria will be closed up on the King's birthday and if so, whether the Wednesday half-holiday will prevail.

SPORADIC MOVEMENTS IN WALL STREET

Short, Quick Turns Both Ways in Active Issues; Call Money Firmer. New York, March 30.—Fluctuations in the stock market shifted quickly from weak to strong turns today, the net changes probably favoring the constructive side of prices.

TO-DAY'S EXCHANGE

Montreal, March 30.—American funds were quoted today at 8 3/4 to 8 7/8 premium. New York, March 30.—Sterling opened at 3.85 1/2 to-day and sold up to 3.87.

TICKER NEWS SUMMARY

New York, March 30.—Banking preparations for April 1 disbursements may cause rather high money rates the balance of this week, and such prospects may deter broad bullish operations in the market for a while.

BRAND'S SEEDS The Time Has Come for preparing your garden. Sweet Peas will probably have a large place in your plot.

SWEET PEAS The blossoms that for coloring, odor, delicacy and decorative value are unsurpassed.

IGNORES ROAD RULE Hindu Motorist Must Pay For Damages to Car Which Bumped His Truck. Because Lappa Singh's sawdust motor truck was bumped at Yates and Blanchard streets on January 31 last by the touring car of Mr. Frayne, Lappa was surprised to-day when Judge Lampan ordered him to pay the damage bill for repairs to Mr. Frayne's car.

Leave Government Alone. "I am of the conviction that we have got the necessary brains in this country to do it. It is not what you need here in Western Canada, (Applause). If you want to develop this country you must show your people how to do it. You should have two technical schools in this city."

Show at Royal. President Gresham announced that the club had been successful in negotiations with the students of the B. C. University to put on a show at the Royal Victoria Theatre on the night of April 23.

LOSS ON RAILWAYS IS \$14,000,000 Minister Submits First Annual Budget of Canadian National Railways. Ottawa, March 30.—Hon. J. D. Reid, Minister of Railways, submitted in the House this afternoon the first annual budget of the Canadian National Railways.

BEWARE GERMAN MARKS If you have a cheque drawn on a German bank for 20,000 marks it would be better to cash the cheque. The bank which has drawn the cheque will not be responsible for the money after a reasonable length of time, and if the bank which the money is drawn should fail you would be in a bad way to recover it.

"PAN" HAS BIG ORDERS Although it has been very neglected of late, Pan American Petroleum exhibits signs of joining other oil stocks in their advance. One of the reasons which has been advanced for the irregularity and quietness of Pan American Petroleum is that a big block of foreign-held stock has been hanging over the market.

STEEL PRICES MOUNT Prices of iron and steel products show new signs of a reaction from the steady advance that has now been under way for many months. The average price of eight leading iron and steel products as compiled by Dow, Jones & Co. stands at \$79.70 a gross ton, compared with \$77.50 a gross ton a year ago.

EASIER MONEY SOON "We expect to see easier money for some time," says Eastman, Dillon & Co., "provided Wall Street doesn't try to stage a runaway market, in which case the brakes would probably be applied by those in control of money. The bears have been well punished, and for the moment are without ammunition to start another campaign. As long as the skies are clear the market should continue to do well, but it is already in a vulnerable position, and we recommend protecting speculative purchases by stop loss orders. We believe speculators should begin to take profits in some of the higher priced industrial and switch into the high grade railroad stocks."

CHICAGO GRAINS

(Burdick Brothers & Brett, Ltd.) Chicago, March 30.—A steady market prevailed during the early part of to-day's session in the corn and oats pits. Cash prices for corn were one cent higher in all markets and a firm inquiry was reported for oats. A very firm tone was exhibited in the late trading when corn futures advanced a cent, exchanging the day's high quotation. Oats closed half a cent higher.

TO-DAY'S TRADING IN WINNIPEG MARKET

Winnipeg, March 30.—The local market was listless today with the volume of business small and all fluctuations of a very narrow nature. The cash market was very quiet and offerings of a light nature. There was fair demand for straight grade oats, spreads were unchanged, but the market was steady. Barley, flax and rye spreads were unchanged.

PLAN TO FINANCE COPPER EXPORTS

\$50,000,000 Corporation to Seek European Business Held Up. New York, March 30.—Although no definite details of the organization have been announced, it is believed that producers and exporters of copper and allied metals are interested in the formation of a big finance corporation, which would be capitalized at approximately \$50,000,000.
