NOTE.

It was not the aim of the compilers of this book to furnish a complete guide to housekeeping, but to collect such rich, rare and racy, as well as time-honored, recipes as have never been given to the public. To these we have added some from well-known books because of their great excellence.

Fully aware that by adding the recipe to be found on the last page of the book we have laid ourselves open to the charge of inconsistency, we have done so because we believe that the prophet should not be without honor in her own country.

Our thanks are due to the friends who so cordially responded to our request for the "choicest recipe."

1 cup of milk.

Salt to taste.

Put the cocoanut to soak in the cup of milk; make a paste of the curry by mixing it with a little cold water; slice the onion thinly and put it in about half the butter into a pan on the fire; cook till well browned; add the rest of the butter and put in the curry paste. Fry from 5 to 8 minutes, stirring all the time. When quite dry put on the back of the stove, adding a cup of hot water. Now add the meat cut in small pieces; cook the whole for about an hour, preventing its getting dry by adding hot water occasionally, or, better still, broth or gravy. Twenty minutes before serving add the juice of the lemon, and before removing from the fire add the desiccated cocoanut and milk, with salt.

This dish is not good unless the rice is cooked dry and each grain separate.

HOW TO BOIL RICE WELL.

Take the largest porcelain-lined kettle you have, fill with water, and let it boil. *When it is boiling hard* throw in the washed rice. Boil fast for about 20 minutes, stirring occasionally to keep from burning. Add salt. Try the rice by biting it, and the moment it is soft, remove from fire and pour off the water. Put the rice in a colander and let it drain till quite dry. Serve in separate dishes the rice and the curry, and in helping put rice first on each plate, then the curry on top.

MRS. HORACE SCUDDER.

STEAMED BREAD-BALLS.

Moisten slices or bits of bread with milk or water, and crumble rather fine. Season with salt, pepper and butter, and any additional flavoring to the taste.

A better way is to spread the bread with butter and sprinkle with the pepper and salt before moistening. After crumbling, roll it into balls and steam till heated through. These furnish an excellent accompaniment to any dish of meat, and it is a good way of disposing of dry crusts.

Pick over and wash carefully, put the spinach in a large kettle without water, place it on the back of the stove where it will cook slowly until the juice is drawn out, then boil until tender; drain and chop fine. For one-half peck of spinach, add 1 large tablespoonful of butter, $\frac{1}{2}$ teaspoonful of salt and $\frac{1}{4}$ saltspoonful of pepper. Heat again and serve on toast.

Spinach is nearly all water, and a smaller portion of the potash salts—its most valuable constituent—is lost when it is cooked in its own juices.

MISS LILIAN WEIDE.

AMERICAN CHICKEN CHEESE.

Boil 1 chicken till tender, free it from bone, skin and grizzle, chop fine, and season with pepper and salt. Boil the liquor left in the pot till there is just enough to moisten the chicken. If too moist add cracker-crumbs. Press the mixture into a dish or mould. When cold, slice.

MISS LILIAN WEIDE.

SHRIMP SALAD.

Buy Dunbar's shrimps. Open the can and turn out the shrimps several hours before using them. Break them in small pieces (don't chop). To every cup of shrimps use two cups of crisp celery, cut in small pieces (not chopped), season to taste with salt, mustard, red pepper and vinegar.

DRESSING.

For every can of shrimps use the yolks of two eggs.

The eggs should be fresh and cold, and the oil of the best quality and cold. Put the yolks of the eggs on a dinner plate, stir them round and round a minute or so with a silver fork, then begin adding the oil, a few drops at a time, stirring steadily. As the eggs and oil begin to thicken, the oil can be added a little more at a time; but the more slowly it is put in the less likely are the eggs and oil to separate. When it becomes very stiff, a little vinegar can be added and stirred in slowly until the dressing resembles boiled custard. Much or little oil can be used, but a coffee cup of the mayonnaise is not too much for an ordinary dish of salad. Those who like oil would use 2 cups. Mix a little of the dressing with the salad; pile it lightly on a flat dish or in a salad bowl, and pour the dressing evenly over it. The salad can be trimmed with the delicate tops of the celery for a border and ornamented with olives, capers, rings of hard-boiled eggs and thin slices of red beets cut in diamonds or stars. The same mayonnaise can be used for chicken or lobster salad; but for lobster omit the celery dressing, using lettuce leaves fresh and crisp. Serve a few of these with each plate of salad.

to thicken, add the apricots and simmer 10 minutes. Drain off syrup and put aside to use as a sauce after straining carefully.

Two tablespoonfuls of cornstarch dissolved in a little cold milk, stir this into 1 quart of boiling milk, add yolks of 3 eggs, sweeten, stir 10 minutes, taking care that it does not boil, pour into a basin, whisk occasionally until nearly cold, then stir into it 1 ounce of gelatine dissolved and nearly cold; mix thoroughly together. MRS. W. H. BUSH.

ICE-CREAM.

3 eggs.	1 pint of thick cream.
1 small cup of sugar.	$\frac{1}{2}$ teaspoonful of vanilla.
1 pint of milk.	

Boil in a double kettle the yolks of the eggs well beaten, the milk and the sugar, until a custard is formed of the consistency of thick cream. Cool thoroughly to avoid curdling, add the vanilla and put in the freezer which must first be placed in the freezing-tub and the dasher put in place. Fill tub with broken ice and coarse salt, and turn freezer until it begins to turn hard. In the meantime beat the whites of the eggs until stiff and whip the cream, skimming off the froth as it forms, until all is whipped light. Carefully wipe ice and salt from freezer, remove cover and add eggs and cream. Close the freezer, add more ice and salt, if necessary, and turn until the dasher will not

move. Keep packed in ice and salt until needed, turning occasionally. The White Mountain freezer is the best, and it will take about $\frac{3}{4}$ of an hour to freeze this amount, which is ample for five persons. This recipe is infallible if properly followed, and the cream is smooth and firm.

Have ready a tin mould lined with 1 cup of burnt sugar, pour the custard in and bake slowly, setting the form in warm water. When it is cold turn out on a platter, the burnt sugar making a rich sauce; you can improve it with chopped blanched almonds. It takes some time to cool.

Freeze. The sherbet will be white and creamy.

2 tablespoonfuls of cornstarch.

Mix the cornstarch with a little cold milk, add to the boiling milk, also the sugar, and boil until it thickens ; then flavor, and carefully add to the whites of the eggs, beaten to a stiff froth. Success depends upon manipulation, the custard must be mixed with the egg in long strokes, *not stirred*, or it will not have the foamy appearance desired.

LEMON PUDDING.

MRS. S. D. LORING.

HARD SAUCE FOR PUDDINGS.

1 heaping tablespoonful of butter.

2 heaping tablespoonfuls of powdered sugar.

“I have formed a settled conviction that the world is fed too much. Pastries, cakes, hot bread, rich gravies, pickles, pepper sauces, salads, tea and coffee are discarded from my ‘bill of fare,’ and I firmly believe that they will be from the recipes of the twentieth century. Entire wheat flour bread, vegetables, fruit, fish with a little meat, and milk as the chief drink, will distill in the alembic of the digestive organs into pure, rich, feverless blood, electric but steady nerves, and brains that can ‘think God’s thoughts after Him’ as they have never yet been thought. This is my recipe: *‘Plain living and high thinking,’* and this is my warning: *‘With high living you will get exceedingly plain thinking.’* Yours for stomachic rights,

AYER'S RECAMIER CREAM

—AND—

RECAMIER BALM

FOR THE COMPLEXION.

POSITIVELY made from a recipe used for years by the beautiful
Mme. de Recamier, and purchased from her descendant,
a French Countess, by Mrs. Ayer, and NEVER
before manufactured for sale.

If used according to directions the "Recamier Cream" will positively remove
tan, sunburn, and all eruptions and irritations from the skin. The Balm is not
a vulgar whitewash or so-called enamel, but an absolutely harmless liquid, imper-
ceptible under the closest scrutiny, except in the delicate freshness and youthfulness
it imparts to the skin.

WHAT MRS. JAMES BROWN POTTER SAYS:

TUXEDO CLUB, TUXEDO PARK, NEW YORK, Oct. 29.

Dear Madam:—I am using the pot of Recamier Cream you so kindly sent me,
and find it all you claim it to be. It will be one of my articles of toilet from this
time forth. I consider it a luxury and necessity to every woman, young or old.
With renewed thanks for introducing me to your delightful Recamier Cream,

I am truly,

CORA URQUHART POTTER.

Mrs. James Brown Potter to Mrs. H. H. Ayer.

She wishes to give it to some friends.

M. LE BRETON."
